## CANON WILLIAMS, PAST WHOSE CHURCH SURGED FIFTY YEARS OF TORONTO'S LIFE, IS DEAD

Rector of Church of St. John the Evangelist, Portland Street, Past Eighty, Dies From a General Breakdown.

### Rev. Canon Williams

One of the best-known and most lovable ministers in Toronto. He died yesterday after having been in charge of St. John's Church, Portland street, for 50 years.

Rev. Canon Alexander Williams, M.A., for fifty years rector of the Church of St. John the Evangelist, Portland street, died yesterday at his residence, 59 Portland street, following a general breakdown. For some time past the canon had been in ill-health, but it was only quite recently that he was forced to resign his duties to the curate, Rev. Mr. McLean.

Canon Williams was one of the "men who have watched Toronto grow." Canon Williams was recognized as an authority on all matters pertaining to early times in the city's history. Straightforward in character and strong in purpose, yet one found in Canon Williams a man of jovial disposition. He looked on the sunny side of life and shed rays of optimism among those in need of sympathy.

His sermons to the different congregations of St. John's Church—for there were many during the fifty years he occupied the pulpit—were inspiring, uplifting and beautiful in their simplicity.

A Worker Among Poor. Canon Williams, however, was more than a preacher. His work among the poor classes appeared to him to be just as important as his pulpit duties, and in this line of activity he became known to hundreds in the city.

One of his many gifts was a rare sense of humor. It was this point about the canon which caused so many to seek interviews with him. Time spent in his company was always pleasant, and helpful both intellectually and morally.

Born near the City of Hamilton in the year 1832, Alexander Williams later attended the Hamilton public schools. After completing his public school course he entered Trinity College, and was one of the first students graduated by the college. In 1854 he was ready to hold a charge, but as he was under age, he could not be ordained.

For the next year he did mission work, and then Bishop Strachan ordained him in St. James' Cathedral.

Covered Field on Foot. Canon Williams was for many years minister in the Lake St. Clair district, and with another cleric covered a territory which stretched from the St. Lawrence to the western shore of Lake Ontario. During these early days he was forced to travel from one settlement to another on foot, or sometimes, when more fortunate, on horseback.

Of late years Canon Williams was fond of describing his early ministry. On one occasion he recalled Bishop Strachan, in the latter's own words, severely scolding the late Canon Baldwin for views which he had expressed from the pulpit on the preceding Sabbath. This and several other stories of a like nature were often related by the canon to friends. In connection with his work in the St. Clair district he remembered a remark which he passed resulting in a big surprise to him. While at a small village he promised to baptize a baby, also saying that it would be a pleasure to officiate similarly for the other infants around. On his next visit twenty-one babies were presented for baptism.

Recollections of early Toronto held by the canon were very vivid.

## NAZIM PASHA, TURKISH GENERAL, VICTIM OF ASSASSIN'S BULLET IN A RIOT AT CONSTANTINOPLE

His Aide-de-Camp Fired Shot During Wild Demonstration Following Fall of Cabinet and Fire Was Returned, Ending Life of Commander-in-Chief of Turkish Army—Former War Minister and a Towering Figure in Ottoman Empire.

CONSTANTINOPLE, Jan. 23.—(Can. Press)—Nazim Pasha, the former war minister and commander of the Turkish army, was shot dead during demonstrations here tonight which preceded the resignation of the cabinet. Enver Bey and Talaat Bey had given explicit orders that no blood should be shed, but Nazim Pasha's aide de-camp fired from a window of the Porte at Enver Bey and his companions, and they returned the fire. Their bullets killed Nazim Pasha himself. In spite of this tragedy there was no disturbance of order elsewhere.

### TURKEY'S GREATEST GENERAL.

Nazim Pasha, war minister and generalissimo of the Turkish armies, was a man of great physical and mental strength. He was close to 60 years of age, and was characterized as the best commander-in-chief Turkey possessed in recent times.

Nazim took supreme command of the forces after Abdullah Pasha suffered defeat around Kirk-Kiisseh and Adrianople. He was appointed minister of war in the first Kiamil cabinet, and later became commander of the First Army Corps.

Nazim Pasha became minister of war again in 1912 in the Mukhtar cabinet, and continued to hold office when the second Kiamil cabinet was formed in October of that year.

Nazim Pasha was in personal command of the troops that checked the advance of the Bulgarians at the Tchatalja lines.

## POWERS AGHAST OVER TURKISH SITUATION

Swift Changes in Cabinet, Suggesting That Young Turks Are Again in Control, Came as a Bolt From Blue—May Mean Resumption of War.

LONDON, Jan. 23.—(Can. Press).—To the ambassadors of the powers who were congratulating themselves that the concert of Europe had virtually settled the near eastern war; to the delegates of the allied Balkan states, and to all London, except the Turkish plenipotentiaries, the news of the resignation of Kiamil Pasha and the appointment of Mahmud Sherkat Pasha to the grand vizierate came as a bolt from the blue.

Whether this means war to a finish, with the "Young Turks" in the saddle, or is merely another exhibition of the resources of Turkish diplomacy, none can say; nor can anyone definitely predict whether the powers will attempt to coerce Turkey into making peace, or stand as spectators while events take their course.

The Turkish delegates have cherished the conviction that the abandonment of Adrianople by the ministry would bring a Young Turk cabinet into power. The fact that Sherkat Pasha has been appointed grand vizier, while Talaat Bey, who is a prominent member of the Young Turk committee and deputy for Adrianople, has been made minister of the interior, is significant.

Young Turks in Power. The Young Turks have labored valiantly for some time to regain power; their activity among army officers has been great, and prominent officers who recently returned from Tripoli and joined

## BOLD PROGRESSIVE POLICY FOR ALL TORONTO SCHOOLS IS FORECASTED BY NEW CHAIRMAN

Thirty New Sites Are Needed at Once and Separate Board of Education Building Is Proposed—School Age Should Be Raised to Seven Years.

Toronto educational requirements were set forth by the chairman of the board in his inaugural address last night. Chairman Hillis thanked the board for the honor conferred upon him by his election as presiding officer for the coming year. He pointed out that there were ten high schools and collegiate institutes, valued at \$1,325,000, and 75 public schools valued at \$5,000,000, besides 88 temporary rooms in various quarters. There were 1828 officials and others in the pay of the board.

The total pupils enrolled was over 68,000, including 7100 in high schools and 10,200 in the kindergartens.

During the year 1912 the board paid out \$2,280,900; salaries to teachers,

## CLAIMS OF C. P. R. STRIKERS TO BE MET

Consultation in Montreal Between Premier Borden and Railway Officials Leads to Belief That Pressure Is Being Brought to Bear to Relieve Government.

MONTREAL, Jan. 23.—(Special).—Right Hon. R. L. Borden was in the city today in connection with leading officials of the Canadian Pacific Railway Co. It is surmised that the prime minister's visit has something to do with the recent strike on the C. P. R. It will be remembered that the Canadian Brotherhood of Railway Employees applied to the minister of labor last summer for a conciliation board under the Lemieux Act. This application was turned down by Hon. Mr. Crowder, but later he granted a board to investigate the grievances of the C. P. R. employees in the Ottawa district. The board found in favor of the men, and recommended their immediate reinstatement with full pay during the time they were out. The company, however, did not renege the majority of the men, and the grievances of the same class of employees west of Port Arthur have never been passed upon by a conciliation board. The net result has been considerable irritation and dissatisfaction in the ranks of organized labor, and in yesterday's debate at Ottawa, the Liberal members of the house of commons made considerable capital out of this matter at the expense of the minister of labor.

Mr. Borden has been compelled to stand by his minister, but it is an open secret that he has regarded the incident as unfortunate. This, coupled with his presence in Montreal today, leads to the belief that pressure is being brought to bear upon the C. P. R. to relieve the government of embarrassment by settling the claims of the men upon fair terms, including their reinstatement of the strikers, who are still out of employment.

EJECTED FROM HOTEL. Wm. Gayhart Had One Leg Broken During the Disturbance.

According to the bartenders at the Gibson House, Wm. Gayhart, aged about 35, created quite a disturbance around the hotel yesterday afternoon and last night. When closing time arrived, it was found necessary to eject the young man from the bar. Gayhart was either thrown out or he someone slammed the door on his leg as he was being pushed out. At any rate his leg was broken and the employees at the hotel seem uncertain as to just what happened. The police ambulance from No. 1 station removed the injured man to St. Michael's hospital. There may be an investigation into the matter. Gayhart lives at 7 Cowan avenue.

## BISHOP O'CONNOR NOTED PRELATE PASSES AWAY

His Lordship Was Stricken With Fatal Malady Two Weeks Ago at Peterboro and Gradually Weakened—Ordained as Priest Fifty-Three Years Ago.

PETERBORO, Jan. 23.—(Special).—His Lordship Bishop O'Connor, who has been seriously ill for the past two weeks, died in St. Joseph's Hospital tonight at 8:15 o'clock. It was known several days ago that his lordship could not recover, and he had since gradually weakened. He suffered from neuralgia of the stomach and complications. The funeral will be held on Tuesday at 9:30 a.m., with services at St. Peter's Cathedral, and interment at St. Peter's Cemetery.

During the 22 years of his office in Peterboro he faithfully fulfilled the duties of the position and won the devotion and esteem of his associates and brother clergy. In August of 1870 his lordship celebrated the 50th anniversary of his ordination to the priesthood.

## "VOTES FOR WOMEN" OUTLOOK IS FAR FROM REASSURING AS ASQUITH HOLDS WHIP HAND

Bonar Law's Motion to Reject Proposed Time Limitations on Suffrage Debate Is Defeated—Opinion Is Strong That Government Will Drop Franchise Bill.

LONDON, Jan. 23.—(Can. Press).—The government won the preliminary skirmish on the franchise bill in the house of commons tonight. The amendment proposed by Andrew Bonar Law, the opposition leader, to reject the premier's time limitations in the debate, was defeated by a vote of 250 to 191.

Premier Asquith made quite clear the attitude of himself and his colleagues in the cabinet. He discussed that which women's suffrage this evening, when he moved the adoption of the time table for the debate on the franchise reform bill in the house of commons. The premier's opinion on woman suffrage was so sharply divided on both sides of the house that it was impossible for any government to propose the enactment of votes for women.

While he himself was a strong opponent of the policy, he realized that this was a great hardship on supporters of the movement. Therefore, with the full consent of the cabinet, he had decided to leave the question to the free judgment of the house.

Ominous Sign. James Lowndes, speaker of the house of commons, made an announcement in the house which possibly is ominous of the fate of woman's suffrage amendment, and may rally enough Radical and Irish votes against the women. He was asked by Andrew Bonar Law, leader of the opposition, for a ruling as to whether the proposed amendments would not so materially alter the bill that, in accordance with the practice of the house, its withdrawal would be necessitated and the bill would have to be reintroduced.

Suggests New Bill. The speaker, without committing himself as to what might happen in the present case, said the general substance of the bill were materially changed by amendments it should be changed and a new bill presented.

The speaker's statement created a profound impression and efforts were redoubled to assure the passage of the franchise reform bill amendment introduced by Sir Edward Grey. The speaker held a meeting this afternoon to consider the result of the speaker's pronouncement, but no decision was taken until tomorrow morning, but the general opinion prevails that what ever the result of the Grey amendment the government will drop the franchise bill.

The leading suffragists are greatly disheartened. They have decided, however, to take no action until it is seen exactly what course the government will adopt. The prospect is that the woman suffragists are doomed to another disappointment.

## WILL ADJUST PANAMA TOLLS TO MEET BRITAIN'S WISHES KNOX NOTE IS CONCILIATORY

If Britain Distrusts Assurance That American Coastwise Trade Is to Be Properly Restricted, United States Will Consent to Special Commission Being Appointed.

WASHINGTON, Jan. 23.—(Can. Press).—Secretary Knox's reply to the British protest against the exemption of American coastwise shipping from Panama Canal tolls assures the British government that domestic coastwise trade will not be permitted to extend operation into foreign competitive fields, and that increased tolls will not be laid on foreign shipping, to balance the remission to American ships. If Great Britain is not satisfied on these points the U.S. proposes a special commission of adjustment.

The communication is devoted to the purpose of reducing to the smallest point and number the issues upon which the two governments failed to agree, and as to these—only two—it is contended that they are entirely susceptible of adjustment by diplomatic means, and without recourse to arbitration.

Commission of Enquiry. If this course should not prove satisfactory to the British government it is suggested that the whole controversy be referred to a special commission of enquiry, provision for which was made in the unratified Knox-Bryce general arbitration treaty. That convention was approved by the senate, with an amendment which curtailed the power of the special commission of enquiry to mere investigation and report, and refused to permit the commission to bind either country to a course of arbitration in its findings. Because of this amendment President Taft has so far declined to consummate the treaty by exchange of ratifications with the British government.

General Arbitration Treaty. To meet the needs of the present issue, Secretary Knox now offers to give life to the treaty by an immediate exchange of ratifications, which would ensure the existence of a general arbitration treaty between America and Great Britain after the lapse of the existing Hay-Pauncefote treaty, June 4 next. As an alternative, the secretary is willing that a commission be created for the special purpose of ascertaining the facts in regard to the effect upon British shipping of the Panama Canal tolls Act and the presidential proclamation fixing the tolls. Much of the secretary's argument rests upon his contention that Sir Edward Grey's protest, being made in advance of the issue of the president's proclamation fixing the tolls, is entirely inapplicable to the controversy in its present state, and that, as a matter of fact, the British contention rests upon apprehension of things that may happen in the future, and not upon any injury to British shipping, which in all probability will never occur.

Secretary Knox begins his note, which was delivered to the British Foreign Office thru Mr. Lush, the American charge at London, by a flat statement that he cannot agree with the British interpretation of the canal treaties, so far as they limit the freedom of action of America or infringe British treaty rights. Pointing out that the Grey note, being made without consideration of the president's toll proclamation, the secretary states that Sir Edward deals chiefly with the possibilities of what the situation might do under the canal act, whereas the proclamation has entirely changed the situation.

Surprise to U.S. Taking up the three objections made by the British government, Secretary Knox first discussed that which applies to exemption from tolls of the government vessels of Panama. This he declares to be a great and complete surprise to U.S.

Men's Cold Weather Comforts. A considerable reduction is made on the price of men's fur and muffs and garments, neck of wool and muffs for ladies during the present sale at Dineen's. Fur-lined coats for men, caps and gaiters are included in the bargain list, and most inviting purchases are oil red for men who require the necessary comfort when driving or motoring in cold weather. It is well worth while to spend five minutes looking over the stock Dineen Company, Limited, manufacturing furs, corner Yonge and Temperance streets.

Buyers, Toronto Men, Close Transaction Today—Will Enlarge House to One Hundred Rooms.

Today the license, goodwill, lease and stock of the Woodbine Hotel at 102 to 110 West King street will be sold at strictly new interests at \$120,000. The six-year lease is on the building, which is owned by T. W. Horn, one of the shareholders of the company, selling out. The land is owned by the Baldwin estate, and Mr. Horn's lease runs for 21 years, renewable with 13 years of the present term to run.

The people buying the hotel are local men whose names were not obtainable last night, all the formalities not having been passed. They will extend the hotel thru to Pearl street, remodeling buildings at the rear, extending the dining room and make the hotel a 100-roomed one. The house has a frontage on King street of 70 feet.

FOR STATE-OWNED CABLE. OTTAWA, Jan. 23.—(Special).—Hon. Rudolph Lemieux has given notice that he will move a resolution in the house declaring that a state-owned cable between Canada and the United Kingdom is desirable.

FOUND DIAMONDS IN WASTE PAPER

Workmen in St. Lawrence Paper Mills at Mille Roches Found Mysterious Gems.

CORNWALL, Jan. 23.—(Special).—Four employees of the St. Lawrence Paper Mills, Ltd., at Mille Roches, are considerably richer today than they were yesterday, and it all came about in the easiest kind of a way.

The quartet are employed in the sorting room of the mill and while engaged at their usual work they saw something shining in a bale of waste paper. On close inspection they found quite a number of diamonds of different sizes and three diamond rings. The bales had been shipped from New York and arrived at the mills only a few days ago. How the diamonds got there is a mystery that may never be solved.

The finders brought their wealth to Cornwall to be examined, and they were pronounced to be the genuine article. Some of the uncut brilliants were rolled up in pages torn from a magazine. The findings are said to be worth several thousand dollars.

STEAMSHIP LINES TIED UP IN POOL

Rate Agreements Admitted by Vice-President of International Mercantile Marine Company.

WASHINGTON, Jan. 23.—(Canadian Press).—Armed with bulky packages containing copies of rate agreements, shipping contracts and pooling arrangements, A. S. Franklin, vice-president of the International Mercantile Marine Co., today furnished the house shipping trust committee with practically all the information it desired concerning the North Transatlantic Steamship trade. Mr. Franklin corroborated the testimony of other witnesses that the line in this trade operates under rate agreements and in some instances pooling arrangements, and put into the records a copy of the agreement entered into by most of the lines controlled by his corporation.

Declaring that it would be impossible to maintain efficient transatlantic service without agreements, Mr. Franklin said the only way congress could improve the situation would be to require copies of the agreements to be filed and held open to the public. Any attempt to prescribe fixed rates, he insisted, would be ruinous on account of "ramp" competition with the regular lines, and because such practice would give foreigners an advantage over the American merchant and producer.

GREAT ACTIVITY PRIOR TO SHOW

Several Hundred Motor Cars Will Be on View at the Exhibition.

This year's annual motor show will be one of the largest ever held on the continent. Besides the display of automobiles, features for the amusement of the public never before introduced will be furnished. One of these will be the reproduction by moving pictures of the famous 500-mile race last fall at Indianapolis, in which all the world-famous cars participated. The exclusive rights for Canada have been obtained by E. M. Wilcox, from an American moving picture company, who secured the films at a great cost, and the only place where one will be able to enjoy the excitement of the wonderful race will be at the motor show.

Both the transportation and the government buildings, which have been secured for this year's show, are the scene of great activity. Scores of men are at work preparing the way for the New York artists who will look after the interior decoration, and the show promises to be one of the most elaborate ever attempted on the continent. The floor space of the two exhibition buildings will be greater than that of the Madison Square Garden, where the New York show was held, and the number of exhibitors will be greater—almost double, in fact—than that of any previous year.

RANCHMEN CLASH WITH MEXICANS.

EL PASO, Tex., Jan. 23.—(Can. Press).—Telephone reports late this afternoon stated that Mexican rebels today fired on U. S. troops of the 13th Cavalry, patrolling the border near Fabens, Texas. Raiding of ranches by rebels in the same vicinity today resulted in a fight with American ranchmen, who drove the raiders over the line, wounding one of them.

MEN OF TYRONE BUSY DRILLING

Meanwhile Election in Londonderry is Being Fought Out With Bitterness.

LONDONDERRY, Jan. 23.—(Can. Press).—Another Nationalist has died, but his death is neutralized by the arrival of one from Canada.

Intensity of feeling on both sides in the Londonderry fight is not to be measured by the speeches of Colonel Falkenham and Mr. Hogg, which in both cases are notable for absence of sectarian or personal bitterness.

Col. Falkenham has expressed his opposition to home rule in calm, reasoned argument, but the extreme attitude of Ulster to the measure found expression in the speech of Deputy Lieutenant Fieldman of Tyrone, who said: "If by any mischance home rule is forced on us, Ulster will have another alternative which we mean to use. That is, to protect ourselves we will take the law into our own hands in North Tyrone."

"We have 15 Unionist clubs, all very much alive, all going thru the drudgery of drill, being taught the use of arms, so as to be ready to obey their commanders when the time comes to defend their country to death, should the necessity arise."

"Nationalists taunt us that Ulster's resistance is all brag and bluster; we mean to show them it is stern reality."

PAPERS HELPED HYDRO BUT MISSED PLAUDITS

Galt Reporter Modestly Points Out That Deserved Bouquets Are Somehow Delayed.

GALT, Jan. 23.—(Special).—The Galt Reporter tonight contains the following editorial leading article on the subject of credits whom credit is due in connection with the watered stock of the power-for-the-people campaign:

"At the banquet given in Guelph to J. W. Lyon, to mark the city's appreciation of his public services, much was justly said of the part he played in the securing of hydro power. When this subject is up for discussion, the name of the Hon. Adam Beck always occurs to the listeners, and there are a few others who usually come in for commendation while several boards of trade are pointed out as some of the determining factors in establishing the system in this zone.

"Everybody seems to overlook the humble newspapers who escape eulogy. But how would the project have fared had The Guelph Mercury, The Guelph Herald, The Berlin News-Record, The Berlin Telegraph and The Galt Reporter opposed it? And it cost each of them something to take their stand for public ownership of Niagara power. The Reporter some thousands of dollars. The newspapers mentioned, had they been so disposed, could have killed the hydro-electric commission's project before it crossed the Hamilton mountain. For public reasons they supported it, strengthening the Hon. Adam Beck's hands whenever possible and bearing down opposition by the force of argument. Let us not know of one of them that even received a letter of thanks from either the Hon. Mr. Beck or of a prominent supporter of the chairman of the commission. 'Twas a labor of love."

GLOBE FAVORS BIG INCREASE IN DOMINION NOTE ISSUE.

Toronto Globe: A further proper, profitable and absolutely safe issue of the Dominion's credit could be made by increasing the \$30,000,000 limit on the cleared note issue privilege by 25 per cent gold reserve. It is now \$22,500,000. It might be left intact, and the next \$50,000,000 allowed on, say, a 50 per cent gold reserve. This was suggested by the Globe in May last. It would release \$25,000,000 needlessly stored and save the Dominion a million a year waste. It might be better to establish a safe proportionate reserve against the entire issue.

The new law gives the banks great relief in the obligation to hold Dominion notes. Where the two currencies are in conflict they desire that the Dominion circulation should give way, that is, is furthered, intentionally or otherwise, and the public are made apathetic by the government's insistence that Dominion note issue unprofitable to the Dominion. PROVERB CONTESTANTS SOON TO KNOW WINNERS

Examining, Checking and Filing the Many Thousands of Proverb Sets Now Completed.

The work of picking the winners in The Toronto World's great \$500 Proverb Contest is nearly completed, but it must still be some days before the successful contestants can be made known.

Practically 19,000 sets of answers were sent in in this great contest, and, naturally, the work of examination is a slow and tedious task. Great care has been exercised by the examiners to prevent errors from creeping into the work, so that at the close those who are adjudged the winners will have won fairly.

Contestants need have no fear that their answers will be penalized or marked wrong where the correct answers are included. However, thousands of competitors have been put out of the running on account of missing so many of the correct answers, and which was mainly due to the fact that these contestants submitted but one coupon or answer to a picture. These contestants seem to have failed to follow the contest closely, and consequently they should be fair now when they discover that they have missed the wording of some of the extremely easy problems.

Every contestant was duly informed from time to time through the contest stories and special announcements, and through the published rules, which appeared nearly every other day, of the privilege to use five answers to each picture. Liberal allowance was also made in allowing contestants to incorporate the slightly different wordings of proverbs of the same meaning upon one and the same coupon, and contestants who have submitted their answers in this form, and where the correct answer is given, have been given full credit. Because contestants failed to study the rules closely, which they were so often advised to do; or because they failed to avail themselves of any of the liberal privileges extended, is no fault of the Contest Department, and contestants should blame no one but themselves.

Many sets of answers have also failed on account of the trifling mistakes in spelling and punctuation. Many of these contestants seemed to think that it was only necessary to hint at the proverb rather than to be punctual and accurate in their writing. Thousands of letters commenting upon the Proverb Contest as one of the most interesting and entertaining features ever conducted were enclosed with the sets of answers. Contestants should watch The Daily World closely for announcement of the exact date upon which the winners will be published.

**ST. MIKES VICTORS IN GREATEST SENIOR BATTLE OF THE YEAR**

**Varsity Surprised the Wise Ones by Giving Saints Their Hardest Tussle to Date — Lively at All Times.**

St. Michael's scored a goal victory over Varsity in the most exciting senior fixture of the year at the Arena last night. The blue and white boys supplied something that they have never supplied in O.H.A. hockey before in the back checking game, and the "green shirts" were extended to the limit to win 6 to 4. Varsity led at the half 2 to 1.

It had every other game of the year faded for real liveliness, and the big crowd was on their feet 50 out of the 60 minutes. Varsity, under the coaching of Dr. Roy Thomas, one of the greatest net guardians that ever performed for the U. of T., stood their bodies and their sticks in such killing fashion in the first half that St. Mike's were out-clashed.

**Varsity Speed Merchants.** The Varsity forwards were regular-keepers and stuck so close to the speedy St. Michael's front line, that they couldn't get away. Wilson supplied some of the speediest rushes seen here in a long time, and was on Richardson every minute of the first half. Varsity kept pecking all the way and rushed the play right to St. Mike's end to start. With a line that had speed to burn they made it so fast that Richardson and Lafamme had the time of their lives to keep in the swim.

Diastette and Gordon broke up many a rush in the first few minutes and carried the rubber to take a try at Laird, but it was no use. Laird gave the most wonderful exhibition of net minding that the fans have been treated to this year. He was a stone wall. Varsity bobbed up again, and it was Bricker's turn to turn aside some hot ones.

**First for Blue and White.** Eight minutes after the start and with both teams going at terrific speed, Wilson and Sinclair pulled off a pretty piece of combination. Wilson carried it down the side and Sinclair, after a quick pass in front of the net, beating Bricker with a perfect shot.

The net in minutes was featured with the fastest article of hockey of the year, and both goalkeepers had several shots to clear. Bricker Gordon and Bricker were on a rush and scored it up with a wicked shot from the side, and then back again to the other. Lone rushes and combination were the order with Varsity having a share in a crazy game. St. Mike's line and Wilson batted in a perfect pass. There was no further scoring in the first half, and it ended 2 to 1 for Varsity.

After the rest St. Michael's came back stronger than ever and checked the blue and white boys until they slackened up. Rankin, after playing a walking game in the first half, was like a steam train in this session, and was all over the ice. Nothing could stop him, and he laid down a mass of shots that were dead on. Richardson got the bug and was another to be into it. Varsity could not get thru by the boards he would jump over his men.

**McCannus a Wizard With Stick.** Little Jack McCannus, who had some real stick handling and went thru the whole bunch time after time with a corrective rush, and it was his turn to go to the net with a hot shot from the side with two Varsity men clinging to him. "Time 7 minutes.

Sinclair secured from the face-off and went single-handed thru the whole crowd, skating down the right side like one possessed he crossed over to the left when he hit the defence and found the net with a perfect shot.

With Varsity again on to the good St. Mike's opened up another notch and their rushes electrified the crowd. Diastette and Lafamme started down the rink and batted it from one to the other until they were within shooting distance. Caldwell skated Lafamme into the corner, but he passed it out to Diastette, who shoved it past Laird.

**Rained Shots at Laird.** Rankin, Lafamme and Richardson opened up a bombardment on Laird and a dozen shots came in fast order. The Varsity net guardian was equal to the occasion and bounced them off his legs, chest and head almost too fast to watch. Richardson at last got one past him from

the side, and St. Mike's were in front never to be caught. Diastette made their lead sure by wading thru all alone and rolling the puck along with three men checking him. It landed in the corner of the net. Sinclair and Webster got thru to tally Varsity's last counter of the night shortly after, and it was pretty done. They worked the pass game to perfection.

**Richardson and Agalin.** Not to be outdone Richardson and Rankin showed the fans some of the nice work, and Rankin made it 2 to 4 with a shot from right in front after an excellent pass from Dutchy. This ended the scoring.

Varsity played a wonderful game for the first half, but the combination work and the hard checking of St. Michael's slowed them up a little after half time. The Saints were much the better in the second half, with Varsity having the better of the first period. The teams: St. Michael's: Goal, Bricker; centre, Gordon; cover, Diastette; rover, Rankin; left, McCannus.

**Varsity (4):** Goal, Laird; point, German; cover, Caldwell; rover, McDowell; centre, Webster; right, Sinclair; left, Wilson.

**Varsity scored:** 6 goals, 3.00  
2. St. Michael's, 4 goals, 12.00  
3. Varsity, Webster, 8.00  
**Scoring:** 1. Varsity, Sinclair, 3.00  
2. St. Michael's, Gordon, 2.00  
3. Varsity, Webster, 2.00  
4. St. Michael's, Rankin, 1.00  
5. St. Michael's, Diastette, 1.00  
6. St. Michael's, Richardson, 1.00  
7. St. Michael's, Diastette, 2.00  
8. Varsity, Webster, 6.00  
9. St. Michael's, Rankin, 6.00

**ST. ANDREWS CLASH WITH U.C.C. AGAIN**

**Scotsmen Will Battle With Rivals at Arena This Afternoon—Both Teams Ready.**

The prep. school rosters will have a merry hour this afternoon when St. Andrews and Upper Canada meet for the second, and last time this year in their series of the O.H.A. Although the Scotsmen have a victory to their credit, the U.C.C. boys have beaten St. Andrews, who walked all over St. Andrews last Monday. There is a strong rivalry between the two schools, and the U.C.C. are just about due to turn the tables on their rivals, but you can never tell when you are watching a hockey game.

**St. Andrews:** Goal, Thompson; point, McQueen; cover, Richardson; rover, Munn; left wing, Hinch; right wing, Munn; left wing, Hinch; point, De Gruchy; cover, Pison; rover, Asar; centre, Heilmann; right wing, Henderson; left wing, Gray.

**Referee:** F. C. Waghorne.

**Boyer and Frachette** will likely be put on the Canadians' list of substitutes and given a trial. Boyer and Frachette are out in the cold at present.

**T.R. and A.A. look better every day** and their hopes of winning the championship look brighter when you consider the way Varsity is going.

**St. Michael's will play their postponed game** with Peterboro in Peterboro Monday night.

**Manager Billingham stated last night** that he had heard nothing regarding Harry Smith leaving the team, and stated that he would not be surprised if the "Indian" line-up was changed considerably on their return.

**MOUNTED POLICE STILL A NECESSITY IN WEST**

Sir George Ross Thought, However, That Force Might Be Dispensed With.

OTTAWA, Jan. 23.—(Can. Press)—The government has no intention of doing away with the Northwest Mounted Police. This was made clear in the senate today.

On motion for second reading of a bill to amend the Northwest Mounted Police Act, Sir George Ross asked if the government had considered the question of doing away with the force. It had done splendidly well in the past, but with the settlement of the west the demand for their services should not be that high in the early days.

Mr. Loughheed said that while the character of work for the mounted police was changing the volume was increasing. Alberta and Saskatchewan were shared in the expense of keeping up the force.

Senator Power asked as to any difficulties about getting new men. Senator Loughheed said it was more difficult now to get men than it had been formerly, and it was more difficult to keep them in the force. There was now a plan under consideration to get back into the force the men who had served their time at it.

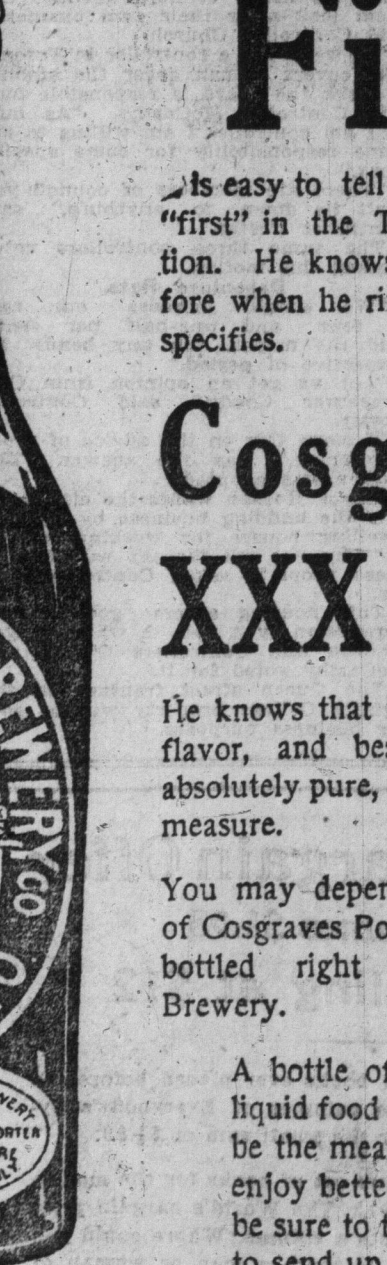

The motion for second reading was passed. It was moved that the Canada Shipping Act, in order to improve the inspection.

Because he had been a naughty little boy—a very naughty little boy—he was sent to bed without any pudding. But in the evening, when his brothers and sisters all were fast asleep, he crept downstairs, a tearful little white-robed figure, and going into the library, said to his mother:

"Mummy, you told me never to go to sleep till I'd made peace with my enemies; so I've come down to forgive you and daddy for being so rude to me at dinner tonight!"—Tit-Bits.

# DUNFIELD'S EXTRAORDINARY ANNOUNCEMENT

## CLUETT-PEABODY'S "Arrow" Collars

### 95c a dozen

(That Are Slightly Imperfect)

1100 dozen to be sold. We purchased them at a price that enables us to make this wonderful offer. The imperfections consist of misprints, slightly soiled, irregular stitching, mis-shaped buttonholes and washovers. These things, while very small, prevent the CLUETT-PEABODY CO. from selling them in the regular way, and enable us to make this offer. Here are the names of the different shapes: ARROW-NOTCH STYLES are BELMONT, BAL TIC, CHESTER, GLENROY, and regular styles are HULSTONE (2), CANTARA, LINDSAY, COLBERT, CINCO, ALTRIO, MILTON, PENHURST, MEYRICK, LAKATA, HUMBERT, BISCAY, VALDORA, ARCANUM, GIRARD, SEVERN, AVOLYN, AMOLEK, TREMONT, AURANIA.

Never before have the Cluett-Peabody "Arrow" Collars been sold in Canada at less than 20 cents each, or \$2.00 a dozen. This sale gives them to you at 95 cents a dozen. The only stipulation we make is that not less than a dozen will be sold to each customer, as they come in boxes of one dozen each. All sizes in the lot. Come and get some of these collars while they last.

## OTTAWA ICE RACES MAY BE POSTPONED

### Thin Sheet on the River Not Sufficient to Support the Grand Stand.

The Toronto contingent returned yesterday from the Montreal ice races well satisfied with the day. The horses were shipped to Ottawa, where the big winter meeting is scheduled to open on Thursday, and the Toronto sportsmen will be back on the job at the capital, provided there is no postponement. The Ottawa racing commission, which at the present is covered with a sheet of ice, is not yet ready to accept the horses over, but to carry the grand stand and the thousands of spectators is another proposition.

Unless there is a good frost within the next five days the Hull Club meeting will have to be put back.

## Referee Waghorne Explains Re Hamilton

Referee Fred C. Waghorne of Toronto returned to Hamilton with his hat and handed the following true statement to Billy Hewit, who was the mix-up over Wednesday night's game:

"I heard the timekeepers calling for me to stop the game as there was a mix-up in the time, and I learned that the timekeepers gave the teams four minutes and a half to play, and the watch held by a Hamilton man gave them still seven minutes and a half. After considerable delay while they were wrangling I decided to take the watch myself, and I, too, got confused. Instead of making the teams play six minutes longer, as decided on by mutual agreement, I chased them to the dressing rooms after a minute and forty-five seconds, and when I found out my mistake I ordered them back to finish it out. The Niagara Falls team refused to return, and the Hamilton Club finished the four and a quarter minutes of play, scoring just enough goals to win by one point. Therefore, I awarded them the game. The timekeepers were very much out of order in the game, too, and something should be done to alleviate this trouble."

## Watch Willard's Wallow

FORT WYNE, Ind., Jan. 23.—Jess Willard, the Texas mule kick, knocked out Frank Baur of St. Charles, Ont., in the fifth round of a scheduled ten-round bout here last night. A right uppercut to the point of the jaw won for Willard.

## Fine Horses at Maher's But Prices Not So High

The great many sales were made yesterday at Maher's week-end sale, the market was comparatively weaker than during the past fortnight. Consignments were right up to the mark in both quality and quantity, but bidding was rather slow, resulting in a rather drab sale. The trade was not confined to any one class of horse, but was favorable to the best of each class. Prices held steady at figures a little lower than those of the week-end, but buyers figured in the day's business, some representative purchases being:

Can. Moorhead, 109 J. Arnold, York Mills, purchased a first-class team of heavy draughts; J. Hopson, Alderhot, purchased a pair of heavy horses; H. McEain, Niagara-on-the-Lake, Ont., purchased a pair of heavy horses; R. J. B. Justason, Arthur, Hill and Cud, purchased a pair of heavy horses; C. H. Spencer, Toronto, purchased a pair of heavy horses.

## Western Canada Ball League of Eight Clubs

### Calgary is Officially Awarded the Pennant—The Salary Limit.

EDMONTON, Jan. 23.—The Calgary Baseball Club was officially awarded the Western Canada Baseball League pennant as champions for 1932. President Dewar's financial statement of the league's affairs was endorsed and adopted, and a few minor business matters were disposed of, and comprised the business of the W.C.B.L. meeting held at the Windsor Hotel, South Edmonton.

In addition to President Dewar, Tom Gault and W. A. Moore, representative of the Calgary club, and Sam Savage, Calgary; Frank Gray and George H. Hornet, Edmonton, and F. H. McPherson, league secretary, were also present. There was no representative from the Banff club, but Bill Rothwell telephoned from Calgary during the meeting stating that Banff would like to be in the make-up of the league next season.

The secretary was authorized to forward to the National Commission the sum of \$400 in payment of a fine inflicted on the Banff team for playing Pitcher Hughes or Hayes, who was under suspension. This money was deducted from the balance due to Banff from the league.

Rubie Mills submitted a claim to the league against the Banff team for the sum of \$400, being salary and board due to him. The Banff team claim that they owe the Banff team \$400 for board and salary. The meeting was adjourned to the 26th inst. for a final decision on the matter.

After the meeting was adjourned to the 26th inst. for a final decision on the matter. After the meeting was adjourned to the 26th inst. for a final decision on the matter.

## SPRING RACING DATES IN SOUTH

Laurel Track is Refused License by New York Jockey Club.

NEW YORK, Jan. 23.—There was an upheaval in racing circles yesterday when the news became known that the stewards of the Jockey Club had refused to grant dates for a race meeting to H. D. Brown, who is better known as Curly Brown, for the track at Laurel, Md., where the race meet was run last year in connection with the state fair, of which Brown is general manager.

Brown, who is in town, was much disturbed at the refusal of the sanction and denied the report of the Jockey Club to interfere in the matter. He intends to fight for what he considers his rights and intends to go ahead with plans for the meeting next October in defiance of the rules of racing in this state if necessary.

What means Brown will take to prevent his meeting being outlawed have not been determined definitely.

There also was a rumor that the Harford Agricultural and Breeders' Association, which controls club racing at Havre de Grace, would break away from the Jockey Club on account of the curtailing of the meeting to be held in the spring to twelve days. Sixteen days were asked for by the managers of the Havre de Grace meeting, but at the meeting on

## Monday the stewards granted leave

to race only from April 15 to May 1, a total of 12 racing days.

This does not agree with the plans made by the managers and it is pointed out that they have received permission from the Racing Commission of Harford County to race for the 16 days required. Outside of the Havre de Grace track only two associations received the approval of the Jockey Club—Jamestown and Maryland—each of which received 16 days. Should Havre de Grace decide to throw in its lot with Laurel the Jockey Club would be left with only two meetings to control, so that forces would be about evenly divided.

It is by no means certain that the Havre de Grace meeting will set up in opposition to the ruling power in this state and Edward Burke, who is the general manager of the meeting there, stated last night that there was no intention to break away from the Jockey Club.

## The Goat Signs.

LOS ANGELES, Jan. 23.—Fred Snodgrass, centerfielder of the New York Giants, whose muf of a fly ball in the deciding game of the world's series last fall, was a large factor in losing the pennant for his team, has again signed a contract to play with Manager McGraw. Snodgrass says his contract gives him a substantial increase over last year's salary.

According to cable messages far more public interest has been aroused over the fate of Sir Edward Grey's preliminary amendment than has been created by any of the other principal measures introduced by the government.

The compromise revision schedule proposed yesterday by Lewis W. Parsons of Greenville, C. former head of the American Cotton Manufacturers' Association, assumed more importance today as a basis for Democratic general reform plans.

It seems strange to Ontario citizens to read that the joint legislative committee appointed in 1911 to investigate New York State's water power resources should have reported adversely to public ownership and operation of the water power in the state.

There will be substantial reductions from the tentative cotton schedule basis, running down as low as five per cent on the low rates.

ST. CATHARINES, Jan. 23.—(Special.)—The city council has decided to place a surplus of \$164.93 on the December business under civic ownership, as a privately owned concern for the same period in 1912 a deficit of \$500 was shown.

IF SIR JAMES SAW CHILDREN REQUESTS WOULD BE GRANTED

Women Claim That Much Sickness Is Due to Parentage—All Suffrage Societies in Ontario to Co-Operate—Annual Meeting of Suffrage Association Held Last Night.

Enthusiasm and earnestness were the keynote at the annual meeting of the Toronto Suffrage Association, held in the Margaret Eaton Studio, last evening. Every seat was taken, a number of gentlemen occupying those in the rear. Dr. Margaret Gordon, president, sketched the history of the first local society, printed pamphlets of her address being distributed. Two years later the Toronto Suffrage Association became affiliated with the local Council of Women, and about the same time one of the largest deputations that ever invaded the provincial house, asked for the franchise. The speaker thought that if someone would take Sir James Whitney to the Sick Children's Hospital, where he would see many delicate children as the result of the parentage, he would not turn down the ladies who ask that the certificate as to fitness be made law.

PARK DRIVEWAY ON LARGE SCALE

Scheme in Preparation For More Than Forty Miles of Parks.

ACROSS THE NORTH END

Chambers said that the most difficult feature of the plan was the method to be used in joining the two park areas in the north of the city. He personally favored buying a strip of land 100 feet in width, running from one river to the other. This strip would be reserved for a boulevard driveway, and if the city wished, residential property along the boulevard could also be bought and reserved by the city, to be sold on the completion of the plans at big advances.

PARK COMMISSIONER CHAMBERS PROPOSES TO CONNECT HUMBER AND DON

At the annual meeting of the Toronto Civic Guild last night, Charles Chambers, commissioner of parks, announced that the Humber Park scheme would be completed within a year, and also said that plans were being prepared showing a driveway of forty-two miles connecting park areas along the River Don and the Humber. Mr. Chambers said that it was imperative that a sound working financial policy should be thought out very soon or park areas in the city would be lost forever. The scheme to connect the eastern and western areas by a strip spanning straight across the north of the city, he thought, could be financed if residential property was also bought as he proposed.

THE NURSERY CONDUCTED BY CLARA MURRAY

A CLIPPING

The article published in this column today is taken from a magazine section of an American paper. It may be of interest to those who are studying the causes of the falling birthrate.

In recent scientific investigations made in Germany and France to analyze the causes of the falling birthrate in those countries, a new and unlooked-for cause was found in the growing disinclination to nurse children.

Feeding an infant on cows' milk, even when combined with lime water and with carefully prepared substitutes, is only a makeshift, after all, that means that the child requires care to be human. It is not at all improbable that the inability to nurse children, which is found in so many marriages, especially among those who have dwelt in cities for generations—is largely due to this fact.

An investigation into the habits of American mothers in nursing their own children, which has been reported to the American Medical Association, shows that only 12 per cent. are fed from the breast, 27 per cent. are fed from the breast and the bottle, the first insufficiently, 33 per cent. are fed from the bottle, and the rest are bottle-fed absolutely.

# TURKISH CABINET LIBERALS BLOCK IS COMPELLED TO RESIGN

## Popular Rising Against Surrender of Adrianople Brings on Sudden Crisis—New Grand Vizier Is Loudly Acclaimed by Great Gathering at Constantinople.

CONSTANTINOPLE, Jan. 23.—(Can. Press.)—A crisis in Turkish affairs came today with dramatic suddenness. The grand vizier, Kiamil Pasha, and the Ottoman Cabinet, resigned, and Mahmoud Shekret Pasha, formerly minister of war and commander of the constitutional army which entered Constantinople in 1908, was appointed grand vizier.

Yesterday the grand council, representing the interests and wishes of the provincial, declared for war rather than peace without Adrianople. And because the crowd was backed by general public opinion, the government surrendered and relinquished office, making way for the same men whom the popular movement brought to the top after the revolution of 1908 and 1909.

Forced by Clamorous.—The resignation of the Turkish Cabinet, in which Kiamil Pasha was grand vizier, was announced in the following official statement: "The decision of Kiamil Pasha's cabinet taken in response to the note handed to the Turkish Government by the Ottoman powers, to abandon the fortress of Adrianople and part of the islands in the Aegean Sea and the evacuation of the Turkish territory, as a member of the grand council of the Ottoman Empire, to which the cabinet's decision was submitted—a course contrary to the prescriptions of the constitutional charter and violating the sacred rights of the people—was a decision of the Turkish nation, with the result that the people made a demonstration before the Sublime Porte and brought about the resignation of the cabinet."

Before the orders of the day, Mr. McNutt, Liberal member for Sault Ste. Marie, complained of the statements recently made in the Manitoba Legislature by Sir R. P. Roblin, charging Mr. McNutt with the Macdonald bribery election. Mr. McNutt said the charge, coming from the premier of Ontario, was a grave one, and he would welcome an investigation by the house. He went on to say that if Sir Roblin repeated his statements outside the legislature he would bring an action against him for libel.

United Kingdom. He desired to know what the understanding was between the government and Mr. Bonar Law. Mr. Foster replied good-humoredly that he did not propose to be drawn. He would not extend for an additional six months.

Hon. George E. Foster, in moving the second reading of his bill to bring into effect the reciprocity treaty between Canada and the British West Indies, said that he would not extend the house with his explanation of the bill had been fully explained on the first reading, and the provisions of the treaty were well known to the public.

An Unexpected Bomb.—A. E. H. Hall, Liberal member for Halifax, complained of a statement made by Mr. Foster in London last summer to the effect that no reciprocity agreement would have been made with the British West Indies had the Liberals won the last Dominion election. These remarks created a stir, as if so happened that Captain Long, A.D.C., of government house, brother of Walter Long in England, and the young son of the latter were in the speaker's gallery at the time.

Roughly speaking, there are about two hundred to select from.

\$275.00 to \$475.00 Ladies' Persian Lamb Coats SELLING FRIDAY AND SATURDAY ONLY at One Price \$199.00

### Words Fail to Express the Magnificence of this Offer

Toronto never saw the like of such a sacrifice. We are confronted with a stock of 200 beautiful model Persian Lamb Coats in the third week of January. Last year, at this time, we had not one. The first week of last January sale cleared the last of them. We anticipated a record season this year, and specially prepared for it. We never had a finer or larger stock of garments fit this beautiful and sturdy Winter Fur—Persian Lamb. We went to extraordinary expense to have an exceptionally fine stock, as the advance fashions decreed that Persian Lamb would be more popular than ever this season. And here we are with 200 choice models on our hands. How to get rid of them? Positively, we will NOT carry one over the season. It is against the policy of the house to do so. Rather will we suffer heavy financial loss and clear them ALL at this unheard-of price.

EVERY PERSIAN LAMB COAT in the HOUSE to be SOLD BELOW FACTORY COST SELLERS-GOUGH Persian Lamb garments are a known, dependable fur, and will give a lifetime's wear and service. Our GUARANTEE protects every purchaser. We GUARANTEE you a perfect garment—flawless fur, perfect fit, workmanship and finish. The altered price makes no difference. We never have sold Persian Lamb Coats at so low a figure before, and possibly never will again. The weather conditions are unique and probably a lapse of many years will pass before we experience another mild Winter like this one. However, if the weather conditions are unique, so is this offer. It is no longer a question of buying—it is a wonderful opportunity, the opportunity of a Lifetime, to invest in a Persian Lamb Coat when prices are down to zero because the mercury isn't.

in regard to a second British objection, that the Panama Canal Act might be thought to confer upon the president the power to discriminate in the use of the canal in favor of all ships belonging to the U.S. and its citizens.

As no question has yet arisen on this point which in the words of the existing arbitration treaty, "it may not have been possible to settle by diplomacy," the note holds that the suggestion of arbitration is premature.

# YORK COUNTY ...AND... WESTON TO HAVE A FINE LIBRARY

## Ratepayers' Association Asks Funds Appropriated For Maintenance of Carnegie Institute There.

Weston is to have a Carnegie free library. A bylaw to appropriate \$1000 for the maintenance was passed at a special meeting of the council last night. Reeve, J. J. Bull presided. Delegates to the amount of \$15,000 to maintain a 20 years were ordered issued for the completion of the new high school, on which \$90,000 has been expended.

A bylaw was passed to borrow \$10,000 to meet current expenses pending the collection of taxes.

The grade separation question was postponed until the next meeting.

The following were elected chairman of committees: Roads and sidewalks and painting, J. M. Gardhouse; finance, Oliver Masten; property, G. Stansbury; sewers, E. Dawson; representative to board of health, J. M. Gardhouse; representative for three years to high school board, Wallace Brubank and S. M. Lyons responded.

### WARD SEVEN.

Shortly before noon yesterday morning collision occurred between two electric cars of the Toronto Suburban Railway Co. at the entrance to their barns on St. Clair avenue, near Keele street. A Lambton car coming out of the barns struck a Weston car which was about to enter, and succeeded in demolishing the fender and breaking some of the windows. Conductor Weeks of the Weston car was thrown against a window at the rear and sustained several cuts about the face from broken glass.

The following are the new officers in Victoria Presbyterian Church, elected at the annual meeting: Managers, Messrs. A. B. Rice, E. J. Smith, R. C. Smith, Dr. Melner, Joseph Grant, R. S. H. Sheppard and W. E. Sheppard; trustees, A. J. Gilbert, James H. Beattie, T. J. Sheppard, Dr. Perfect and A. C. Rice; auditors, Messrs. Thomas H. Law and H. Hall. A total income for the year of \$18,644 was reported and the church has now a total membership of 1108.

The annual at home of the Humberdale Collegiate Institute Literary Society will be held in the school assembly hall tonight.

### RECORD AUDIENCE GREETED YSAYE

Massey Hall Filled to Hear Imperial Violinist and Toronto Symphony Orchestra.

Ysaie, who holds the imperial place among violinists, played last night in Massey Hall at the Toronto Symphony Orchestra's concert, to what must have been the largest audience ever gathered in that hall. The program included, in part, but not in full, the following: "The Beatrice Concerto," dates from 1806, but dropped out of sight until Joachim revived it. It took about an hour to perform and was in every bar. The allegro is melodious and full of technical difficulties, which are of no consequence as Ysaie might say if he felt like Mr. Toots. Great applause followed this movement. The Larghetto is a beautiful, a beautiful, a beautiful, harmonious, trills and all the stock in trade of archangel violinists, and presently it glided off into a still more ardent lover, and Allen Hensley, who plays in a playful, almost humorous, manner in a delightful fashion. After three movements Ysaie responded with St. Saens' "Havranek," the beautiful, the beautiful, which he rendered with marvelous precision and definition. The orchestra followed in the most familiar score like old friends and they shared the applause at the close. A special word might be given to the performance of the flute passages in the first concerto, but the dust effects throughout with wood or strings were most admirable. The program included Berlioz' "Dance of the Will-o'-the-Wisp," and this was delightfully accomplished. About the concert is about the most striking thing with which Frank Weisman and his players have yet to be crowned.

### ROBERT MANTELL

Shakespeare and Mantell drew two crowd of houses to the Alexandra yesterday. The matinee presentation, "The Merchant of Venice," was particularly successful. The audience was much pleased to receive Miss Rockwell as Portia was a very figure of justice and further won way into the admiration of Toronto playgoers. Mantell, as Shylock, who is a dignified and patriarchal Jew, who curiously restrained from assuming a sentimental attitude in his monetary affairs. Fritz Leber as Bassanio made a most ardent lover, and Allen Hensley as Shylock's helper, was sufficiently humorous and availing.

The evening's entertainment was of much heavier order. "Othello" is a play that is one of the most popular of Shakespeare's commonly given. Robert Mantell as the Moor torn with jealousy and love, fraught with doubts and fears, was convincing indeed. He was restrained enough to give a faithful depiction of strong Othello's character, but not so strong that he finds himself betrayed. This was a tense bit of acting.

Fritz Leber as Iago was splendid. It is so long while since this part has been given with such a picture of quiet, scheming, ruthless purpose and witty repartee. He was very convincing and his power for an instant, and in spite of the loose and awkward bow, the heart of the strings were touched, and the clear singing tone of the master. He was very convincing indeed. He was that comes neither from humor nor from pathos, but some weird harmonic in wood or gut that none but magicians can evoke. Wonderful runs, delicate staccatos came like flicker, and when the

RESIGNS OFFICE

E. J. Chamberlin Succeeds to Presidency of Central Vermont Railway.

ST. ALBANS, Vt., Jan. 23.—(Can. Press.)—E. H. Fitzhugh, who was active in promoting the Southern New England road project, resigned the presidency of the Central Vermont Railway today.

E. J. Chamberlin, president of the Grand Trunk Railway, was chosen to succeed him.

Mr. Fitzhugh was the personal representative in New England of the late Charles M. Hayes, president of the Grand Trunk Railway, and had been named for the directorate at today's meeting of the board.

After service with Western United States railways, Mr. Fitzhugh joined the Grand Trunk in 1896, and served as superintendent of the middle division, with headquarters in Toronto, until 1909, when he became vice-president and general manager of the Central Vermont, which is owned by the G.T.R. In 1904 he became assistant to the president of Southern Railway, and resigned in a few months, and in February, 1907, returned to his former post on the G.T.R. The resignation is undoubtedly due to the action of the G.T.R. in stopping work on the New York grand trunks investigating the alleged illegal agreement entered into between the Grand Trunk and the New York road to avoid the competition the new road would mean.

### RECEPTION HELD AT CATHEDRAL

Bishop Sweeney Announced That Building Fund Has Substantially Increased.

About two hundred people were present at the St. Albans Cathedral at home, which was held in the crypt last night. It took the form of a reception by the bishop and clergy of the cathedral, to the members of the congregation and chapter. The crypt was very handsomely decorated with flags and flowers and during the evening refreshments were served by the ladies of the congregation.

Mr. Hall, chairman of the aidmen, gave the financial report of the year's receipts, showing how well the congregation had contributed to the current expenses as well as the mission fund. Bishop Sweeney, in a brief address, congratulated the congregation upon their good work during the past year, and also gave encouraging account of the splendid increase to the building fund of the cathedral. Before another week he expected the fund to reach \$120,000. Another portion of the work will be begun in the spring.

The evening some excellent music, vocal and instrumental, was contributed.

Attempted Suicide. John Williams, aged about 32, attempted to commit suicide about midnight. He entered his room at 400 Parliament street and barred the door. Other occupants detected the smell of gas. After some delay the door was broken down and Williams found in an unconscious condition.

Dr. Bray attended the man, after

# CANADA IS TAKING TO GERMAN PRODUCTS

MONTREAL, Jan. 23.—(Can. Press.)—The trade reports for the year 1912, from January to November inclusive, have been completed by the German consulate here and show an increase in imports to Germany from Canada from \$3,500,000 in 1911 to \$10,500,000 last year.

These figures, it is pointed out, will not agree with the statistics compiled by the Canadian authorities, as the German tables show all imports from the country direct, but through other countries. The Canadian figures will only show the direct trade to Germany, and in this way there will be a marked discrepancy between records of the two countries.

**BRAZILIAN SAGGED AFTER EARLY BULGE**

Shares Reached a New High Record, But Closed Unchanged For the Day.

**MARKET IRREGULAR**

But Some Issues Made Further Gains—General Electric and Twin City Up.

After having scored a remarkable advance on the news that peace in the Balkans was now assured, the Toronto Stock Exchange developed some irregularity yesterday, and at the close a reactionary trend was observable in certain sections of the list. This action was in accord with that of other markets, both London and New York displaying weakness throughout the day. It was felt that the upward movement had been somewhat overdone, and as speculators had big profits in sight, many of them took advantage of the opportunity to cash in, whereupon quotations soon yielded.

Brazilian stock as high as 100 3/4, a new high record in its history, early in the session here, but the shares were freely liquidated by those who had set a limit of par on their holdings, and the price gradually sagged, reaching 100 again by noon, and dropping three points during the afternoon, the last hour. The last sale at 100 left the stock unchanged for the day. London

“id considerable of the shares, the liquidation representing profit-taking by old country speculators.

The general list showed remarkable buoyancy at times and made some progress. General Electric came to the front with a sharp advance of nearly three points during the afternoon, the incoming of a fair-sized buying order boosting the price up to 116 3/4, a new high level for the month. The shares were 117 bid at the close. Twin City improved to 108, up a full point, and the highest level since October. MacKay was unchanged, and C. P. R. lower in accord with the movement in New York.

The specialties showed strength, with a new high record on Tokeo, which sold up to 80. B. C. Packers was marked up again, the common gaining over 2 points to 158, gain of some 25 points in the last month. Spanish River sold up to 70, Maple Leaf to 63, its best price since November, and Toronto Real Estate firm around 144 1/4. Canners lost over a point at 76 7/8, and Steel Co. of Canada was down at 27.

**BANK CLEARINGS MADE GOOD GAINS**

Toronto's Record Was Five Millions Over Same Week of Last Year—Other Cities.

Bank clearings in Toronto for the week ended yesterday, while over a million dollars under the record of the previous week, made a very satisfactory showing compared with last year, the gain being about \$5,000,000. Compared with two years ago an improvement of nearly 10 millions was evidenced. The details follow:

This week ..... \$42,344,708  
Last week ..... 43,736,902  
Two years ago ..... 37,007,967  
Three years ago ..... 32,555,753  
Four years ago ..... 28,856,955

OTTAWA, Jan. 23.—Bank clearings for week ended Jan. 23, \$4,021,878, as compared with \$3,919,371 for the corresponding week last year.

WINNIPEG, Jan. 23.—Bank clearings for the week: \$29,373,999, in comparison with \$22,354,176 for the same week last year.

**LONDON MARKET IN HESITANT MOOD**

Capel Court Inclined to Await Conclusion of Peace—Money Is Working Easier.

LONDON, Jan. 23.—Money was dearer today but discount rates were easy on the belief that the peace outlook will relieve the continental money situation and hasten a reduction in the bank rate.

The stock market after early strength hesitated pending a further process in the peace negotiations and closed quiet. The special sections were easy, the some stocks finished from one to two points higher. Home rails, foreign rails and Peruvian stocks were steady.

American securities opened quiet and a fraction higher. Later in the forenoon part of the list receded, realizing, and in the afternoon local and New York selling caused a general decline. The closing was weak.

**BANK OF ENGLAND RESERVE INCREASED**

**TOOKE COMMON ROSE TO A NEW RECORD**

The movement in Tooke common carried the shares up to a new high record on the Toronto stock exchange yesterday. The street had a rumor that there would be "something doing" for the stockholders for some days now, and the upturn is due to anticipations inspired thereby. Since their listing in May last the shares have undergone an appreciation of over 40 per cent. The record follows:

May, 1912	45 1/2	42 1/2
June	44 1/2	42 1/2
July	39 1/2	39
August	52 1/2	39

**STEEL LEADER IN MARKET DECLINE**

Hopes That Upward Swing of Wednesday Would Be Continued Were Disappointed.

**RALLY TOWARD CLOSE**

Day Showed Material Net Losses in Which Standard Issues Were Included.

NEW YORK, Jan. 23.—Weakness of steel was the conspicuous feature of today's stock market. Pressure was directed steadily against this stock, and its loss of more than two points was perhaps the principal factor in the unsettlement of the whole list. The strength exhibited on the previous two days vanished, and material inroads were made on the recently established gains. The selling converged on Steel, Reading and investment issues and specialties sold down with the speculative leaders. A spirited rally late in the day lifted prices considerably above the low point.

The sharp upturn just before the close yesterday, following announcement of Turkey's acceptance of the peace proposals, aroused hopes of bull leaders that the upward movement would receive further impetus today, but the course of the market indicated that the announcement had been discounted. Wall street has clung persistently to the view that hostilities would not be renewed.

Pressure against Steel was associated with the revelations made in the government's dissolution suit, particularly the admission of a former president concerning an international rail pool. Harriman shares were depressed by intimations of serious obstacles in the way of carrying out the dissolution decree. The weakness of the general market seemed to radiate from these issues, the technical position of the market having been weakened by extensive short covering on the previous two days.

Offerings of \$15,000,000 convertible 4 1/2 per cent. Paul bonds caused a break in both the stock and bonds. The stock broke 1/4, and the outstanding 4 1/2's two points.

**TEN DAYS' RECORD OF BRAZILIAN SHARES**

When the stock exchange history of the present month is written, much will have to be said of the movement in Brazilian, which rivals any market campaign seen in a long time. The shares opened the month at 83 1/2, and yesterday's high price, was just 7 1/2 points above that quotation. The record of the following:

Monday, Jan. 13	85 1/2
Tuesday, Jan. 14	86 1/2
Wednesday, Jan. 15	86 1/2
Thursday, Jan. 16	87 1/2
Friday, Jan. 17	87 1/2
Saturday, Jan. 18	88 1/2
Sunday, Jan. 19	87 1/2
Monday, Jan. 20	87 1/2
Tuesday, Jan. 21	87 1/2
Wednesday, Jan. 22	100 1/2
Thursday, Jan. 23	100 1/2

**RIO AND SAO PAULO EQUIVALENT RECORDS**

At its top price yesterday, 100 1/2, Brazilian was equivalent to Rio de Janeiro Tramway at 109 1/2, and to Sao Paulo at 100 1/2. The high record of Rio last year was 160, and on Sao Paulo 270, so that the equivalents were higher than 80 per cent. of the equivalent by the stocks in the market. It is interesting to note in this connection that at 35, the low point for Brazilian, Rio was at 48, and Sao Paulo at 50. The remarkable high of 137 for Rio, and 235 for Sao Paulo. A year ago Rio was quoted at 113 1/2, and Sao Paulo at 192. The remarkable high of 137 for Rio, and 235 for Sao Paulo. A year ago Rio was quoted at 113 1/2, and Sao Paulo at 192.

**PEACE NEWS HAS BEEN DISCOUNTED**

The importance of the secretary by Turkey is recognized by financial interests. They expect more progress, as for instance, in connection with the indemnity which the allies demand. Hence, the news probably will be discounted for the moment. We have political factors of an annoying character, but they have largely lost their market effect—Erickson's Perkins and Company.

**BEARS TOOK WHACK AT NEW YORK MARKET**

Erickson Perkins & Co. had the following: A bear attack on stocks today was followed by an hour or more of a point or more, reflecting prices being a bit steady and reflecting absence of liquidation. The short interest is increased and when it becomes unwieldy again, we look for another spurt. Wait for sharp drives before buying.

**SETBACK IN COTTON AFTER EARLY BULGE**

Erickson Perkins & Co. (J. G. Beatty) wired: Cotton covered freely on the opening report, which showed 13,091,000 bales ginned to Jan. 16. Prices worked off to some ten points during the early session, but turned weak on a renewal of bear pressure, which carried the market down over 30 points from the high figure, when the market was likely tomorrow in anticipation of bullish week-end figures.

**RALLY FOLLOWED AN EARLY DECLINE**

Cobalt Stocks Showed Remarkable Resiliency Under Spirited Public Demand.

The sharp advance in the Cobalt shares during the last month has put the mining market in a position where it is proving vulnerable to liquidation, and the present action of prices is being determined largely by the disposition of speculators to take profits. There must be considerably weakly-held stock, overhanging the exchange, and while this is being changed, and while this is being changed, and while this is being changed, it is not yet apparent that the realizing has been completed.

During the last few days several big liquidating orders have come into play, and the lower prices which have been realized in some of the favorites are due to this fact. Yesterday such issues as Peterson Lake, Chambers-Perland, and some of the Chamber securities were depressed thereby, it was significant that the shares were resilient on the decline, and that smart recovery was made before the close.

**LITTLE NIP PROPERTY HAS NOT BEEN LEASED**

Mortgage and Interest Overdue—Report Denied by Secretary of Company.

The report from Cobalt, published in the papers yesterday afternoon, that the Little Nipissing property, south of Cobalt Lake, and adjoining the Nipissing, had been leased, was characterized as absolutely unfounded by officials of the company in Toronto. "Any such ridiculous notion on the face of it," said Mr. W. S. Milne, secretary of the company. The Little Nipissing property is mortgaged, the mortgage is overdue, and there is a matter of \$8000 interest also overdue. It is plain that the holding cannot be leased as long as such conditions are in effect.

**THIS WILL CLEAR UP PORCUPINE STRIKE**

Strikers Were Fined Heavily For Violation of Contract Under Lemieux Act.

A judicial decision of much importance to the striking miners bearing on labor question was rendered on Tuesday by Magistrate Torrance of Porcupine, sustaining the company's position.

For violation of the Lemieux Act in breaking contracts by striking, three men were fined in the company's favor. Two defendants were fined \$500 and costs or three months' imprisonment, and another \$50 or 60 days.

This somewhat clears the labor atmosphere in the mining camp.

**GOWGANDA PROPERTY MAKES BIG STRIKE**

High-Grade Ore at Depth on the Powerful Claims—Down Two Hundred Feet.

A Gowganda correspondent sends news of a strike on the Powerful property, which was made on the 150-foot level of the mine and consists of high-grade ore, a shot of which 30 feet in length has been opened up. The vein averages six inches in width. As is usual in diabase, the wall rock is soft with silver for a foot or more each side of the vein and will yield good milling ore. The efforts of the management are being concentrated on this level and the vein is being opened up with all possible speed. This vein was also cut on the 200-foot level and showed ore.

**FREE GOLD SHOWING ON SWASTIKA CLAIM**

SWASTIKA, Jan. 23.—Dave Elliott reports that he has struck the vein from the Hughes-Chaput property on his own claim to the southwest, and that it shows considerable free gold. He has now increased his gang of men and intends to spend a large sum of money in development. He has built a comfortable camp and is arranging to have the property surveyed at once.

**CONIAGAS A REAL RECORD BREAKER**

There was another sharp spurt in Coniagas shares yesterday, the stock a fine up 5 1/2 points to \$5.55, a new high record in its history. The street has a report that a big strike has been made on the property, but this lacks official confirmation. It is probable that the buying represents nothing more than accumulation. The stock carries dividends of 36 per cent. per annum, and at \$5.55 yields nearly 20 per cent. The par value of the shares is five dollars.

At the meeting of the Ontario Associated Boards of Trade Wednesday afternoon, it was decided to hold the next annual meeting on February 27 and 28. The time for receiving resolutions was extended to January 28. Those in attendance were: Col. Fontenay, Belleville; G. B. Ryan, Guelph; A. J. Young, and Cyril T. Young, North Bay; W. J. Gage, G. T. Somers and P. G. Morley, Toronto. Dr. Reason, London, president of the association, occupied the chair.

**LAURENTIDE MADE FURTHER ADVANCE**

Gain of Two Points Established New Level at Montreal—C. P. R. Weak.

MONTREAL, Jan. 23.—(Can. Press).—A generally firm tone and business in fair volume were the chief characteristics of the local stock market today. C. P. R., which receded 1 1/2 after its advance of Wednesday, was practically the only active stock among the market leaders to close at a decline. For the most part prices showed but little higher levels.

The largest gains were shown by Laurentide, which rose 3 to a new high for the movement of 223. Lake of the Woods, which made a 2-point recovery to 144. Montreal Power at 223. Steel at 54 1/2, closed unchanged. Dominion Textile was up 1-2 to 82 1/2. Detroit was firm between 79 1/2 and 79 3/4, and closed 1-8 higher for the day. Spanish River common equalled its high record of 70 and sold firm at that price throughout the day. Brazilian continued strong and active in the unlisted department, holding fractionally over par throughout the day and closing at 100 1-8. Brick rose to a new high record of 66. Total business 5162 shares, 439 mining shares, 1822 rights and 213,000 bonds and debentures.

**EIGHT-FOOT VEIN AT DANE COPPER MINE**

Lead Is Located at First Level on Swastika District Property—Assays Are Favorable.

MONTREAL, Jan. 23.—News has been received at the head office of the Dane Mining Co. in Montreal from the manager of the property, A. D. McPhoe, of the striking of an eight-foot lead at the 100-foot level in shaft No. 4. The ore assays from 7 to 15 per cent. copper, with some gold and silver. Mr. McPhoe says that the lead is continuous, having been traced on the surface for 2600 feet.

In shaft No. 1, which is 110 feet deep, operations are being conducted on a lead 10 feet wide, which was traced on the surface for 2000 feet. The ore in this lead is 8 to 12 per cent. copper with good silver values.

**BIDS FOR BIG BLOCKS OF PETERSON LAKE**

What looked like a manipulative attempt to depress Peterson Lake was under way in the mining market yesterday, but the parties behind the movement evidently burnt their fingers, for the price was moved up rapidly as soon as the liquidation was discontinued. Early in the day shares were offered down to 23 1/2, and on the subsequent recovery the quotation rallied to 24 1/2. At the close bid of 27 were made for blocks of 50,000 shares.

**DEVELOPING CLAIM AT GOODFISH LAKE**

SWASTIKA, Jan. 23.—William Muir, who holds a claim with J. Green, at Goodfish Lake, is taking a gang of men out in a few days and intends to start staking on a promising vein. He is also having the property surveyed.

**DIVIDEND NOTICES**

**BANK OF MONTREAL**

Break in Grain Market

Weakness in Corn Due to Rains in Argentina Affecting Wheat Prices.

CHICAGO, Jan. 23.—Wheat, corn and other grains declined on the board of trade today and provisions followed.

General rains reported in Argentina and the local corn market down 5-8c for the day on May. The trade attached more importance to this than to the domestic rainfall, which probably will retard the movement from the farms.

Northwest Receipts. Receipts of wheat at northwest points, with usual comparisons, follow:

Wheat—Wheat—No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

WINNIPEG, Jan. 23.—There has been a break in the grain market here, which was expected at Winnipeg to date.

ST. LAWRENCE MARKET. On account of the rain there were no receipts of farm produce and prices given are for the market.

NEW MARKET. The market for grain and provisions was quiet today and prices were steady.

ANOTHER GREAT YEAR IN BUILDING. Says The Contract Record—Stimulus of Construction Still in All Our Cities.

From every quarter comes news of great undertakings for which arrangements have been definitely completed.

To crown all this, comes astonishing proof that the stimulus is still there; that as our towns and cities approach what, at one time, we should have considered maturity, the growth in the more advanced state is even more vigorous than at the beginning.
