#### TORONTO CITIZENS RESPONDED MOST LIBERALLY YESTERDAY TO THE APPEALS OF THE TRAFALGAR DAY CAMPAIGNERS.

Workers in the campaign were at the headquarters, in the McConkey Building, King street, at an early hour yesterday morning, and with their plans all mapped out, launched their campaign in a most satisfactory manner. The first of the motor cars were lined up in front of the building for two blocks, appropriately decorated, and they were immediately put into commission to carry the various teams on their mission of collecting funds.

#### Numerous Clerks Busy

Inside the building numerous clerks were stationed, and all were eager to take in subscriptions of any amount. The various heads of teams used their initiative to secure the needed donations, and their efforts were well rewarded. At 12 o'clock noon the fund was swelled to an amount of \$125,000.

#### It was decided that the total amount received will be announced on the Trafalgar Day clock at noon of each day of the campaign.

#### Real Estate Notes

The real estate offices all report things improving. Building permits are increasing. The Imperial Oil Co. and its associates are interested in the big new office structure corner of Court and Church streets has started the contractors on the work of fencing in and tearing down the old historic courthouse of early Toronto. The plans when filed will show an imposing building. The sale by the Doverscourt Land Co. of their Yonge street portion of the Anderson property has stimulated things up north. The quick action on the new C.P.R. Station at the crossing has also set many persons looking for advances in values in that locality. The Bloor street viaduct's rapid construction has hardened up values to the east and northeast.

#### GERMANS GIVEN SEVERE CHECK ROUND RHEIMS

Heavy Attack Prepared by Violent Bombardment Repulsed With Loss.

#### ARTILLERY FIGHT ON

British Vigorously Attack German Positions in Sector of Loos.

#### PARIS, Oct. 19.—While British and French artillery was continuing the heavy bombardment of the German positions in the sector of Loos in Artois, in the region north of the Aisne, on the Noyvrou plateau between the Meuse and the Moselle, in Apremont forest, and south of Letrin in Lorraine, the Germans made a violent attack on a front of over six miles east of Rheims, between Laponelle and Proseme, and were completely checked. The enemy at first gained a footing in some of the French front line trenches, but he was driven out a short time afterwards and forced back to his own lines. The German losses were heavy in this attempt to reduce the pressure from the bombardment. Military observers say that this attack was similar to the attacks of the crown prince in the Argonne. MANY WOMEN SIGNED TAKES ALL BLAME OF STOPPING FILM

Hon. T. W. McGarry Gave Order Over Telephone to Officials.

AN AD WAS THE REASON Cause of Decision Appears to Lie in Publicity of Saturday.

Hon. T. W. McGarry, provincial treasurer, now assumes all the responsibility for the stopping of the film pictures. "I assume all the responsibility for the order that no pictures were to be shown this week."

Mr. McGarry at first declined to give any reasons for the action, but finally said: "Read their advertisement in Saturday's papers—that's the reason."

Mr. McGarry's assumption of responsibility was a surprise, inasmuch as the Sportsman's Association was physically declared that it was Premier Hearst the first order from the Premier.

The soldiers' club is still in existence, although the Sportsman's Patriotic Association, according to R. H. Green, is dead.

The officials have received many letters and communications urging them not to disband.

CUSTODY OF CHILD CAUSES A DISPUTE

James F. Scarth Wants Little Girl, But Wife Lays Claim.

Orphan Asylum of I. O. F. at Oakville is Charitable Institution.

The substitution of surnames for the words "husband" and "wife" by lawyers in drawing up affidavits in connection with domestic disputes, was severely criticized by Mr. Justice Lennox at Osgoode Hall yesterday.

There are mistakes in every marriage, but mistakes in every marriage should be made here and there. He maintained that the husband was still the master and should be described in all papers as such, and the same applied to the wife.

Mr. McGarry, representing the father of the little girl, who is 10 years of age, said that the turning over of his wife's property to her father had aroused his client's temper.

Mr. McGarry's assumption of responsibility was a surprise, inasmuch as the Sportsman's Association was physically declared that it was Premier Hearst the first order from the Premier.

The soldiers' club is still in existence, although the Sportsman's Patriotic Association, according to R. H. Green, is dead.

BRITISH DEPARTMENTS REPORTED IN CONFLICT

Customs Authorities Said to Have Blocked Exportations to United States.

LONDON, Oct. 19.—That there is a conflict between the British customs authorities and the so-called war trade department, which issues licenses for the exportation of goods to the United States, was charged in the house of commons this afternoon, the allegation being made that in many cases the customs authorities refused to allow exportation, although the trade department had issued a license for the shipment.

Lord Robert Cecil, parliamentary under secretary for foreign affairs, said in reply that if there had been any difficulties of this nature he regretted the fact, adding that if instances were specified he would be glad to investigate.

LETTERS TO JEWS FROM RABBI PRICE

Urges Loyal Hebrew Citizens to Respond to Trafalgar Day Appeal.

PRINCIPLE OF LIBERTY

Idea Ever Present When Speaking of the British Empire.

As loyal citizens of this great and blessed country, you are aware, I am sure, that a great movement, symbolical of the unity of the empire, is to be ushered in this coming Thursday in Toronto, as well as throughout the British Empire...

The rising generation of Englishmen and women, in being taught that it belongs to one empire, great and respected throughout the world, must at the same time increase in self-respect, power, and in laudable ambition...

It is to bring home to the dwellers of this land (and let other lands look on without being suspicious or jealous) these facts and ideas that from this day henceforth, the children of this country are to receive in their impressions a deeper meaning...

We must remember that this great Red Cross Day is a day which will test our merits, this day, coming as it does at the present time, would do as much for patriotism of this great empire as for the individual to whom it will bring succor and help...

But we must remember whatever ideas the term "Great Britain," or the British Empire, may connote for the ordinary citizen of this realm, there is one idea uppermost in the mind of the Jew whenever these terms are uttered...

And as we witness in admiration the unfolding of the Red Cross flag on Oct. 21, may we remember that we are taught to connect with this giving, a celebration something higher, taught and set up to the source of all greatness and power...

SECOND CYCLIST CORPS

Call Made for Men in Interesting Section of Army Work.

Another good parade and route march was held by the Governor General's Body Guards last night. Major Cameron was in command of the overseas men of the Guards, nearly a hundred strong, were with the regiment and received the place of honor during the march.

It is rumored that another cyclist corps, between 200 and 300 strong, will soon be called for by the military authorities at Ottawa. Any man wanting to go overseas with a cycle corps should apply at once at the Corps of Guides at the Armouries, Capt. F. Davis, assistant director of military intelligence, and who is the head of the Corps of Guides for Canada, has written to the Toronto unit, expressing praise for their work in making military manoeuvres maps of the Royal Flying Corps in France...

Many Canadian soldiers now overseas are for various reasons being returned to Canada, at a rate of 200 a week. This is a message sent to Toronto by C. T. Curry, a newspaper man of this city, who is now at Folkestone, England.

When two veterans of the war arrived in Toronto yesterday they were met at the Union Station by Sgt. Major Geo. Critchton, representative of the Ontario First Aid Society, before he enlisted. Owing to an attack of pneumonia he has been returned to Canada to spend the remainder of his term.

BIG BULGE DRIVEN IN GERMAN LINES

British Create Salient at Loos Seven Thousand Yards Across.

ENEMY REINFORCED

German Claims of Repulsing Attacks Not Borne Out by Facts.

LONDON, Oct. 19.—Field-Marshal Sir John French sends the following report from headquarters France: "Since my communication of October 14, the artillery on both sides has been very active on our front from the La Bassée Canal. The enemy has made a number of bombing attacks, all of which have been repulsed. The continued reports in the German communiques of the repulse of British attacks northeast of Vermelles have no foundation in fact. The positions where the fighting mentioned above has taken place would be described as follows: A salient southwest of Auchy-Les-Basses, from which it is about 1500 yards distant. It lies about 3000 yards northeast of Vermelles.

The new front now leaves our old line at a point about 1200 yards southwest of the southern edge of Auchy-Les-Basses and runs thence thru the main trench of the Hohenzollern redoubt in an easterly direction, 600 yards south of the southern bulge of the line, to the southwestern corner of the quarries, where it bends southeast to the north-west slope of Hill 70 and runs along the western slope of the hill, bending southwest to a point 1200 yards south of Loos church, whence it runs due west back to our old line.

The chord of the salient we have created in the center of the line measured along our old front is 2300 yards in length. The depth of the salient at the chalk pit is 3200 yards. Since September 23 the enemy has reinforced his troops, holding the front we attacked by 40 battalions, which include a division of the Guard. After a heavy bombardment the enemy attacked our front this afternoon between the quarries and Hill 70, but was everywhere repulsed.

APPLICATION OF KELLY REJECTED BY COURT

Winnipeg Contractor Unable to Get Stay in Civil Proceedings Against Him.

WINNIPEG, Oct. 19.—The application made on behalf of Thomas Kelly for a stay of proceedings in the civil suit taken against him by the province of Manitoba was refused today by Judge Curran. Kelly sought to have further action in the civil court postponed until after the conclusion of the criminal charges brought against him, since both civil and criminal proceedings arise out of the same building contract. Edward Anderson, counsel for Kelly, has taken an appeal from Judge Curran's decision to the court of appeal, where the argument will be heard on Monday next.

Soldiers Killed Colonel and Got Wiped Out by Rest of Division.

PARIS, Oct. 19.—It is reported that a Bulgarian regiment refused to fight against the Serbs at Kadibogatz, near Knjagovatz, and killed its own officers. The regiment, it is said, was surrounded and decimated by the rest of the division.

Well Done, Toronto!

The results thus far have been magnificent, but let it be only an indication of what we will do for the

before this epoch-making campaign is finished to-morrow night. Hold this thought up before you and look it in the face:

BRITISH RED CROSS Final Mass Meeting Thursday Night

That the greatest recruiting force we have is the Red Cross which puts 60% of the wounded back into battle.

Think of it! 60 per cent. can be made fit for service. We at home—without so much as a scratch to our precious skins—can remedy over one-half the damage the enemy can do to our men.

DO NOT KNOW how long this war will last," said some one, "but this I do know, that some day our soldiers will come marching home and be met by cheers and bands of stirring music. If there is one vacant place in the ranks because the Red Cross work broke down for lack of money asked for from me—God pity me, for I will hold for myself nothing but contempt."

Let no one think that he is being begged for money

Far from it. He is having placed before him a wonderful privilege—no less than the inexpressible privilege of saving life, life now being laid down for him and his.

FIVE AMBULANCES DONATED BY S. A.

Dedicated by Commissioner Richards in Massey Hall Last Night.

FOR USE IN RUSSIA. Addresses Made by Lieut. Governor Hendrie and Mayor Church.

Some weeks ago Commissioner W. J. Richards of the Salvation Army communicated with the British headquarters to the effect that they were donating five motor ambulances to the Red Cross. They in turn cabled to the Czar of Russia asking if he would accept the ambulances from the eastern division of the Salvation Army of Canada for Red Cross work in the east and the answer was received: "I shall be delighted to accept ambulances, which we are greatly in need of."

NEW GOLD FIELD A REAL BONANZA?

Possibility That Large Mine Has Been Discovered Near Le Pas.

RETURNED FROM SITE. Toronto Party Sufficiently Interested to Go and See the Property.

Possibly one of the largest gold mines on the North American continent has been unearthed near Le Pas, a terminal of the Hudson Bay Railway. The news of the find comes as a result of the recent activity of the Nipissing Mining Company interests in making a trip to the property over two weeks ago. When Jack Hammel, a mining man of some repute in the north country, brought the news of the find east, a party consisting of E. Earle, David Fasken, D. Allen and R. B. Watson were sufficiently interested to make the two-day trip up the Saskatchewan River instead of sending their engineers.

C. P. R. MAKES RECORD LOADING GRAIN CARS

Average of Two Thousand Cars Daily Filled and Put in Transit.

WINNIPEG, Oct. 19.—Canadian Pacific Railway made a record the past week in loading on its lines in the three prairie provinces an average of 2000 cars per day, each carrying an average of 1200 bushels of wheat and up to 2000 bushels of oats. If the number of cars loaded daily on the C.P.R. in the west with grain alone were placed end to end they would cover a distance of fifteen miles.

## Who Shall Lead to Victory?

While no serious view of Premier Asquith's illness has been taken in the despatches announcing it, one cannot forget that he is 63 years of age and has been longer in office than any other modern British premier. It is not too much to suppose that he has been overburdened with work, and that he may have had a strong constitution brought to the limit of a breakdown by his exertions. His illness, as diagnosed, may not be dangerous, and, on the other hand, it is one of those things that might take a turn with serious, or even fatal, consequences. The greatest care will unquestionably be taken, and his temporary retirement may be prolonged so much that a reconstruction of the cabinet might be necessary.

It is on such possibilities that we may expect all kinds of rumors and speculations to be founded. Short of a speedy return of Mr. Asquith to work, there must follow either reconstruction or a general election, or perhaps both. Reconstruction would involve nothing more than the shifting up of the political machine, which as a makeshift coalition is perhaps none too firmly bolted together. The two outstanding men in case of reconstruction are Messrs. Lloyd George and Arthur Balfour. The Conservatives trust Lloyd George and the Liberals trust Balfour. The difficulty would be the nucleus of any new coalition that might be formed. Either it is safe to say, would be willing to serve under the other if national exigencies required. Neither would permit party to interfere with the national safety.

They might not, however, feel justified in continuing in office without an appeal to the country, and this for a coalition government would be almost unprecedented. An agreement might be made to appeal to the country on war issues alone. It would be practically asking for a vote of confidence, and the rank and file of both parties might be expected to stand joyfully by such an agreement, on the understanding that a general election would follow immediately on the signing of a treaty of peace, and that no party issues would be dealt with in the meantime. The good faith of the leaders of such a coalition in England might be depended upon, even the recollections of the khaki election of the Boer war might be stirred.

The other possibility is of an ordinary party election at the present time, and this must be regarded as a calamity by all who know Great Britain and the impression that such an election campaign would make upon the enemy, the neutrals, and our allies. There is no doubt about the temper of the people of Great Britain regarding the prosecution of the war. They want to fight to win. But in many quarters there is a doubt if the best and fullest means are being taken to ensure victory. This is the only point on which there is any difference of opinion. The leader or leaders who can dissipate that doubt will have the whole-hearted support of the nation.

## The Aldermen and the Facts

Ald. Wickett has been confirmed in his statements about the finances of the city, and that there is an excess of \$407,000 in the debentures authorized over the legal limit set for the city's debt. It is pleaded that the debentures, although authorized, have not been issued, but this does not affect Ald. Wickett's main argument.

As Ald. Wickett was exceedingly careful to get his facts before the treasury department before making his statement it is a matter for surprise that so much wonder should be felt that he is now proven correct. It is also a matter for surprise that anyone should try to explain away the force of this accurate account of a situation. A business man wishes to know exactly where he stands. The aldermen are supposed to be business men, but some of the criticisms that are heard in the council chamber are certainly not the result of a devotion to business principles.

No harm can possibly come from knowing the facts. All the harm from which the city has suffered or is likely to suffer has been the result of ignorance of the facts. The efficiency of

an alderman largely depends on his devotion to facts.

## Taking the Responsibility

Hon. Mr. McGarry has very magnanimously assumed all the responsibility and the honor or odium, as it may variously be regarded, of having suppressed the Sportsmen's Association by refusing to continue to acquiesce in the display of the Willard-Johnson fight pictures. Ven. Archbishop Cudry has also assumed the responsibility of having telephoned to Premier Hearst and got that gentleman to inform Mr. R. H. Greer, president of the association, that the pictures were banned. If the archdeacon intervened as a private citizen that is his business, and it was the business of the premier to decide whether a private citizen should exercise such influence or not. If the archdeacon intervened in his clerical capacity then he did what he has denounced on the part of other clerics, and he exceeded his authority.

## Taking a New Hold

It will not be disclosed for some time to come under the censorship system which it is stated Sir Edward Carson's resignation is intended to be a protest against, whether the Dardanelles campaign is to be abandoned for one on the mainland, indicated as a possibility by the landing of allied troops at Enos, according to last night's despatches.

Lord Milner's view that the Dardanelles fight should be given up does not appeal to the British mind, and especially is it distasteful to the brave and dauntless Australians and New Zealanders, who have shed so much of their coarsened blood upon these barren hills. The advice or reflection of the Japanese general some days ago is more in accord with British traditions. It is the army which can hold out fifteen minutes longer that wins. The Turks must be feeling quite as badly as we, and it seems hard to ask the British Empire to believe that we cannot hold on fifteen minutes longer than the Turks.

It is unlikely that the Dardanelles will be deserted. That would be poor tactics, and worse strategy. Whatever is done on the mainland the Turkish troops on the Dardanelles must be held where they are. There should be sufficient men among the allied reserves to carry the war into Bulgaria. This is probably what will be done, else there would be little sense in making the landing which has been reported.

The point is near Dejazirah, which is an important port to the Bulgarians. The Russians are coming up against Constantinople from the east, their campaign against the Turks in the Caucasus having proved very successful under the great stroke, and if the allies can hold their opponents in the Bulgarian and Serbian valleys, events may prove less unsatisfactory than the disclosures of the past week or two have suggested as possible. It is clear, however, that a prolonged campaign is before the allies, and Lord Kitchener's first estimate of the duration of the war a year ago has not been impugned.

## The Out-of-Works

It has been stated that there are no unemployed in London the morning of the fight by hitting him on the chest with a soda water bottle and that he did not retaliate. After breakfast the real trouble started, the complainant attacking him again with the bottle and in self defence he broke the bottle over his head.

It ought to be the same in Toronto, and we are glad to see the police taking a hand in settling the problem of some of the out-of-works. At the employment bureau there has been a small body of men for some time past looking for work and praying they may not find it. They have been offered many jobs, but they always have excuses. Two of these were taken in by the police yesterday, and when they refused to work they were arrested for vagrancy. Perhaps it is not the best thing to do with them, but on the prison farm there is a fine inducement to acquire the taste for work with ample opportunity for indulging the inclination.

The man who does not want to work at something is really diseased, bodily or mentally, and should be examined. Every normally healthy and sane person craves occupation. The aspiration to loaf on a corner indicates disease quite as much as an irregular pulse and weak respiration. There appears to be plenty of work in Toronto just now for those who wish to be occupied at winter labors, and who cannot enlist.

The man who is acceptable to the army and who declines to join the ranks at this crisis must not expect much sympathy from any section of the public. That is the one paramount occupation for a year or two, and the eligible out-of-works in that line are barred from any sympathy whatever.

## CANADA TO TAKE IT.

C. F. Just, formerly Canadian Trade Commissioner to Germany and now Trade Commissioner to Russia, stated yesterday that 50 to 60 per cent. of Russia's imports before the war came from Germany and now Canada would lay her plans to secure a portion of this trade.

## CHARGE OF WOUNDING FELLOW COUNTRYMAN

Lozo Yanoff, Macedonian, Accused by Vasil Todoroff, Gives Evidence at Criminal Assizes.

Lozo Yanoff, a Macedonian, appeared before Chancellor Sir John Boyd and jury in the criminal assize yesterday, charged with having wounded a fellow countryman, Vasil Todoroff, on a boarding house at Hanover Place on July 30 last.

The complainant stated thru an interpreter that the trouble arose when he attempted to set the clock back to the right time. He alleged that the accused picked up a bottle and broke it over his head. This was followed by a steel poker which was also applied on his head, rendering him unconscious. The accused alleges that the complainant awoke him on the morning of the fight by hitting him on the chest with a soda water bottle and that he did not retaliate. After breakfast the real trouble started, the complainant attacking him again with the bottle and in self defence he broke the bottle over his head.

## GREATER PUBLICITY FOR HOTELKEEPERS

President of Association, George Wright, Says Meetings Have Been Held in Private.

In discussing the hotel situation yesterday, George Wright, president of the Hotelkeepers' Association, said that the liquor question in Ontario is too much of a one-sided issue. Mr. Wright explained that the temperance workers used the press as a means to put forward their views, but that mostly all of the meetings of the hotelkeepers and liquor interests were held in private. He was of the opinion that the liquor men should let the public know they were doing. Colonel Logic has not yet given his decision as to whether soldiers will be able to purchase liquor from shops. The license board have stated that they intend to leave the matter in the hands of Colonel Logic to take such action as he deems advisable.

## FULL CONFIDENCE FELT IN MAJ.-GEN. MONRO

Renewed Vigor in Campaign in Gallipoli Now Looked For.

LONDON, Oct. 18.—Removal of General Sir Ian Hamilton from command of the Dardanelles force was received in England with mixed feelings, coming on the heels of rumors of a possible withdrawal from Gallipoli Peninsula. In the best informed circles, however, the appointment as commander-in-chief of Major-General Sir Charles Monro is interpreted as an indication that the campaign will be prosecuted with renewed energy, as the country has great confidence in the new leader's ability.

## ZEPPEL STRUCK CHIMNEY AND WAS DESTROYED

All Occupants of the Aircraft Lost Their Lives.

LONDON, Oct. 19.—Pilkington Bros., a London firm of glass manufacturers, which has a plant at Maubeuge, France, received the following cable message today: "The chimney of our Maubeuge works has been destroyed by a Zeppelin being fired at. All the occupants of the Zeppelin were killed. Maubeuge is a town on the French side of the Franco-Belgian frontier, captured early in the war by the Germans."

## REVENUE WILL TOTAL MORE THAN YEAR AGO

Slight Increase in Department of Lands, Forests and Mines, Says Hon. G. H. Ferguson.

Hon. G. Howard Ferguson, minister of lands, forests and mines, expects a revenue of over \$2,000,000 from the department this year, which is just a little better than last year's returns. The minister pointed out yesterday that although the war had caused a decided slump in some branches of the department the steady bettering of the lumber business has practically held up the yearly returns of the department.

Mr. Ferguson pointed out that this was a good criterion of a return to almost normal conditions. "It means that the Canadian and American builder is beginning to get on his feet again," he said.

Hon. Mr. Ferguson had just returned from Ottawa where, with Premier Hearst, he has been attending the premier's conference. "They had not finished when I left, and the premier will no doubt tell you of the business transacted when he returns," he said. Sir Henry Pellatt, who returned yesterday from Ottawa, said the commission was in deep thought over the problem of the returned soldiers.

## DENIES STATEMENTS GIVEN IN DESPATCH

Senator Landry Says He Would Not Talk About Judges Before Judgment Was Given.

Senator Landry, who was in Toronto yesterday, denied the statements concerning him in a despatch from Tilbury recently, in which he was alleged to have remarked at a French meeting on the bilingual question that "the judges could be bribed, and that he made the trip at the request of the cardinal."

"To say that I accused the judges of wrong doing is absurd. I would not prejudice our own case and talk about the judges before judgment was given, as the judgment might be in our favor," he said.

The senator said that the report put words in his mouth which he had never used at all.

## WILSON LINER SUNK BUT NO LIVES LOST

LONDON, Oct. 18.—(Delayed in Transmission.) The steamer *Aleppo*, of the Wilson Line, has been sunk. Reports reaching here today say that the crew was saved.

The *Aleppo* was a vessel of 3870 tons, owned by T. Wilson & Sons, Ltd., of Hull. She was 540 feet long and 47 feet beam, built in 1900. The *Aleppo* is last reported in shipping records as sailing from Alexandria, Egypt, on September 15, for Hull.

PARIS, Oct. 18.—The Italians have repulsed an Austrian attempt to recapture Pregazina, in the Lake Garda region, and strengthened positions they recently gained in the Monte San Michele section of the Carso front, today's Rome despatches reported. Fighting was said to be increasing all along the Austro-Italian Tirolo front, no material changes were mentioned.

## NEW REGULATIONS FOR JITNEY CARS

Police Commissioners Decide Card Must Tell Capacity of Vehicle.

## TRAINS AND SOLDIERS

G. T. R. Gives Assurance Shunting Will Not Interfere With Troops.

On and after Jan. 1, next, all jitney drivers will be compelled by civic authority to place on the windshield of their cars a plate supplied by the police department, showing the number of the car and the passengers it is by law entitled to carry. This decision was made at a conference of the police commissioners at their meeting yesterday. Also, glaring headlights on motor cars will not be allowed.

Chief Grasset stated that the owners of the cars must regulate their nuisance or the commissioners will see that it is abated.

Shunting of Trains. Assurance was given the commissioners by the Grand Trunk Railway officials that the shunting of trains on the Esplanade will not be allowed to interfere with the entraining of the troops. It is likely that the C. P. R. will give a similar undertaking.

The Excelsior Club, which was investigated by the provincial secretary's department, the department has power to cancel the license of the club if it is considered necessary. Officers 518 (division 8), 247 (division 9), 481 (division 7), 18 (division 4), and 532 (division 9), handed in their resignations as they intend going to the front.

## NO DECISION IS MADE ABOUT CONTRIBUTION

Ontario Cabinet Will Have Meeting Before Trafalgar Day, Says Provincial Treasurer.

"What is the province going to do for the British Red Cross Fund?" Provincial Treasurer McGarry was asked yesterday.

The world pointed out that the fund closed on October 21, which was but a few days ahead, and that the City of Toronto had already announced their gift of \$50,000.

"Oh, we'll have a cabinet meeting before the 21st," the minister said smilingly.

## ARE YOU GOING HUNTING THIS FALL?

This is the slogan of thousands of sportsmen the world over, and at this season the question "where to go" has also been asked. To the initiated this is comparatively easy, as it is well known that the "Highlands" of Ontario, reached via Grand Trunk Railway, is the sportsman's paradise, as a consequence only a question of deciding which of the various districts of "The Highlands" offers the greatest inducements. Here is the answer: Timagami for moose and other large game; Muskoka Lakes, Lake of Bays, Magnetawan River and Georgian Bay districts for deer, etc. Small game and wild fowl are also plentiful in these districts. Write for copy of Playgrounds of Canada and Haunts of Fish and Game folders, containing the laws and all information to C. E. Horning, district passenger agent, Union Station, Toronto, Ont.

## FOR MEN AT FRONT.

Salary allowance and leave of absence of the school holidays department now at the front is under consideration by the board of education.

For over half a century the O'Keefe Brewery Company has brewed Canada's Best Beers.

Only the best Canadian barley malt, choicest hops and filtered water. Put up in Canadian bottles by Canadian workmen. Canadian labels and Crown stoppers.

At all Hotels and Dealers.

You can look just as fine---and for only \$15.00

WE'VE smashed another precedent—proved again that when this store attempts anything it carries it to a successful conclusion. Everybody used to believe that \$15.00 was too low a price to pay for a suit. That's the precedent we've smashed. And we're anxious to prove it.

ACTIVITY VARIES IN CATTLE MARKET

Butchers' Trade Fair—Prices Steady—Flurry in Feeding Stocks.

NO WEAKER TENDENCY

Small Quantity of Hogs Arrive and Quotations Were Firm.

The receipts at the Union Stock Yards on Tuesday numbered 77 cars, including 1000 cattle, 106 calves, 1250 hogs and 1810 sheep and lambs.

Butchers' cattle: The bulk of the fresh arrivals for yesterday's market consisted of common to medium steers and heifers and cows, with Monday's leftovers, mostly of the same kind; the showing was not helpful to an active trade.

Stocks and Feeders: The lowering of the prices in the feeder class that has continued for a month, bringing the values of top feeders from \$7.50 to \$6.50 and even less for very few bring \$6.50, the bulk going at \$5.75 to \$6.25, has impressed the farmer buyer, and many were on hand yesterday. There was a noticeable flurry among the feeding cattle and a fair activity developed at easy prices.

Milkers and Springers: A goodly number of fair to good cows on sale, trade active for an order business and prices steady to strong.

Lamb, sheep and calves: Lambs had a comparatively light run and advanced rapidly in a strong, active trade 10 per cent, \$8.50 being paid for tops. Sheep steady to strong and calves steady with Monday's, the showing being the same in quality.

Hogs: Only about 400 hogs were in the open market and prices were steady. There is at present no sign of a weaker tendency to this market, the heavy shipment might give a chance.

A group of prominent mining men from Porcupine have been prospecting in the district and have taken back to the Gold Camp assay running as high as \$60 to the ton in gold.

TODAY'S LONDON MARKET.

LONDON, Oct. 19.—Cheap money today further eased discount rates and increased the sale of treasury bills at the Bank of England. The political controversy had little effect on the stock market which maintained a cheerful tone. The war loan was a particularly active feature, with interest at 300 to 400 per cent. American securities were firm in sympathy with Wall Street. Canadian stocks and bonds were generally active, but most of the other issues shared in the improvement.

THE PARIS BOURSE.

ADVISORY COMMITTEE ON CITY FINANCING

Suggestion Made in Pamphlet Issued by Bureau of Municipal Research. A pamphlet has been issued by the Bureau of Municipal Research entitled "Is Toronto about to order municipal mobilization?" It suggests, as what might be done, the appointment of a temporary advisory committee on finance; an honorarium for the members; a committee of adoption and enforcement of the report on uniform accounting. The city's financial condition is also set out in detail. In referring to the statement issued yesterday showing the financial position of the city in regard to its borrowing power, City Treasurer Patterson stated that that statement had been prepared and was accumulated in the sinking fund approximately \$15,000,000.

BETHLEHEM'S STEEL AT FIVE HUNDRED

New York Stock Exchange Reports Gain of Seven Points in This.

ROCK ISLAND LOWER

European Selling of Stocks Largely in Evidence Again Yesterday.

NEW YORK, Oct. 19.—Various industrial and special stocks rose

to higher levels today under the lead of United States Steel, which made a most gain of 1 1/2 at \$71-4, or within 15-8 of its record price made in 1909. Steel's advance occurred in the face of persistent opposition from the professional element, which sold the stock on the theory that its rise was being used as a cloak for selling of other representative issues.

New records were made by Bethlehem Steel, which rose 7 to 500, Studebaker 3 to 170, American Steel Foundries 4 1/2 to 74 1/2, Willy-Overland 2 1/2 to 259, Virginia Iron, Coal and Coke 2 to 70, and U. S. Industrial Alcohol 5 1/2 to 112.

Only cars were received, and the record-breaking arrivals at the spring crop terminals, no signs of any piling up of stores had yet developed, and that the world's breadbasket situation was still acute. In consequence, the market, after the initial hour, showed decided power to rally.

Sentiment regarding wheat appeared to be almost evenly divided. At first the selling side of the market was in favor on account of a continuance of heavy arrivals at Winnipeg, Minneapolis and Duluth, with prospects that the big movement in that section would help out for an indefinite time.

Later the view was popularly held that the plethora of supplies in the northwest had been already discounted. Bull leaders pointed out that in spite of the record-breaking arrivals at the spring crop terminals, no signs of any piling up of stores had yet developed, and that the world's breadbasket situation was still acute.

Scarcity of arrivals at Chicago had a tendency to check the wheat bearers. The fact was given a good deal of notice in connection with the firmness at Winnipeg, where the receipts amounted to 2271 carloads, as against 471 cars a year ago. Political and military changes abroad appeared to have no influence except to make some traders rather nervous, especially toward the close of the day.

Fine weather weakened the corn market. The price of wheat was responded to, but only in a moderate degree.

Foreign government chiefly by the action of corn. An upturn at Winnipeg was influential at one time in stopping persistent sales here by speculators.

Provisions declined sharply with hogs. Packers were buyers, but not large. The break had become unusually wide.

Increased foreign offerings of American bonds made but slight impression on prices. Total sales, par value, \$5,990,000.

HIGH SILVER VALUES STRUCK AT OLD ROCHESTER MINE

Mr. Hay, president of the Threthewey Mining Company, returned from Cobalt yesterday, somewhat excited, and a just made on the Rochester. The discovery of silver was made on the Rochester. The company's first work was the Lunden shaft, the started adjoining the Rochester. Drifting took place at the 300-foot level, and a vein of silver and small quantities of copper were discovered.

The strike on the Rochester has again emphasized the richness of the Timiskaming-Beaver end of the camp, and an early strike on the Shamrock, which has been reopened will necessarily stimulate the whole district.

WHEAT PRICE WENT JUST SHADE LOWER

Chicago Market Closed Nervous, But With Bears Pretty Well Checked.

N. W. DELIVERIES HEAVY

Arrivals at Chicago Reported Scarce—Winnipeg Rally Helped Trade.

CHICAGO, Oct. 19.—Bearish effects of the immense receipts of wheat in the northwest were nearly offset here today by the absence of great accumulation of stocks there or elsewhere.

The market closed nervous, a shade to 1/8 lower, with December at \$1.05, and May at \$1.07 3/8. Corn finished at 56 to 58-cents down, oats off 3-8 to 1/2, and provisions showing losses of 10c to 55c.

Sentiment regarding wheat appeared to be almost evenly divided. At first the selling side of the market was in favor on account of a continuance of heavy arrivals at Winnipeg, Minneapolis and Duluth, with prospects that the big movement in that section would help out for an indefinite time.

Later the view was popularly held that the plethora of supplies in the northwest had been already discounted.
