The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contains the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE FIRST
ENCYCLOPÆDIA OF CANADIAN LAW

Dominion Law Reports

A real series of annotated reports—the only set of reports that gives you the whole law of the entire Dominion in one compact series. You will no longer have to look through the many provincial reports—"D. L. R." gives you the whole law.

Dominion Law Reports

include the cases decided since January 1st, 1912; give you all the case-law of all the provinces; contain the cases decided by the Supreme Court; cover the Canadian Appeals to the Privy Council; have the Exchequer Court and Railway Commission cases; forming the basis of all working libraries.

Dominion Law Reports

are the only national series of reports in Canada; have valuable annotations after the important cases (over 300 annotations already published in the 47 volumes issued); present the law in scientific head-notes; stand for co-operation between the lawyers of Canada; brief your case for you; win cases for you.

A WORKING LIBRARY

We are renewing the offer for another year, and if you are contemplating a move in this direction, it will pay you to investigate. It is unnecessary to dilate on the many advantages of this proposition. The number who have purchased during the past two years speaks volumes for its popularity.

We do not claim that this will give you a complete Law library, but we have no hesitation in saying that a judicious selection on your part will enable you to start out with a good working library, sufficient for the needs of a young practitioner. As your field widens, and your practice increases, have your library grow with you.

This library cannot be duplicated anywhere at the prices and terms we offer. The terms are easy, and you make your own selection.
