VOL. XXXIX.—No. 14,138

TWO CENTS

VETERAN BODIES HONOR MEMORY OF HEROIC DEAD

Five Thousand March in Solemn Procession to Lay the Wreaths.

Earlscourt, perhaps more than any other suburb of the city, has suffered from the ravages of the great war, and yet again and again has sent more men to fill the breaches created by battle. This little community of the north and has known its moments of sorrow and its moments of supreme joy, and yesterday it tasted again the bitter moments, which were not unmingled with sweet memories, for the 100 or more returned soldiers who are buried in Prospect Cemetery and their thousands of comrades who lie in France and Flanders.

The occasion was the annual memorial day instituted by the Earlscourt branch of the G.W.V.A. for soldiers who died in the war and the decoration of the soldiers' graves in Prospect Cemetery. A procession was formed at the Dufferin Street School where the veterans from Earlscourt, Fairbank and Silverthorn G.W.V.A. and the local branch of the G.A.C. lined up with a vast multitude of soldiers' wives, children and friends who joined in the parade to the cemetery. The Veterans' Band, the Salvation Army Band and Naval Cadets and their brass band of the British Imperial Association were in the van, followed by automobiles with wounded men from the Dufferin and Christie street hospitals, making a procession almost half a mile in length.

From Dufferin street to the cemetery a vast crowd lined St. Clair avenue, respectfully saluting the men in khaki as they passed, and in the grounds of the cemetery about 5000 awaited the procession, which made its way to the platform, upon which were grouped beautiful wreaths and flowers, sent by the wealthy to the modest, and wreaths from the poorest citizen in Earlscourt. A large wreath borne by four members of B.I.A. was surmounted by the figure of a soldier in the British Imperial Association, "Let Us Forget." Another wreath, measuring four and one-half feet in circumference, was the centre of attraction and the inscription on this read, "In Memory of Our Brave Boys."

Earlscourt, also the most patriotic and progressive suburb of Toronto, has a soft heart when it comes to the soldier boys and their relatives in the great war, and as the crowd of 10,000 people surged forward to take their places in

BULGARIAN TREATY READY THIS WEEK

Supreme Council Fixes Boundary Between Poles and Lithuanians.

Paris, Saturday, July 27.—The supreme council has accepted Marshal Foch's report on the boundary between the Poles and the Lithuanians, whereby the Poles shall move into Suwalki and withdraw to a line running north-east from Suwalki. The request from the Karelians to be heard has been referred to the Baltic commission.

The economic clauses of the Bulgarian treaty have been referred to the economic committee, with instructions to report back on Monday. It is expected that the Bulgarian treaty will be ready to be delivered to the Bulgarian delegation by the middle of this week.

The peace conference commission on Baltic affairs considered today the situation caused in Courland and Livonia by the attitude of Gen. Von der Goltz.

General Von der Goltz was reported on July 1 to have proclaimed martial law in Riga, and to have set himself up as Governor-General of Livonia, which includes Courland and Livonia.

FRUIT PROSPECTS IN B. C. ARE GOOD

Indications for a Twenty-Five Per Cent. Apple Crop Increase.

Kelowna, B. C., July 27.—Indications are for a 25 per cent. increase in the apple crop this season. The prospects for all fruits are exceptionally good, both for yield and quality. A call is being made for three hundred girls to pick tomatoes.

Hammond, B. C., July 27.—Railway river boats and motor trucks are busy night and day moving magnificent strawberries, raspberries and cherry crops.

MONEY IN STRAWBERRIES.

Vancouver, B. C., July 27.—Large sums are being made on small fruit holdings at Mission and Hazelton. A grower with three acres sold \$6,400 worth of strawberries this season. Another with four acres has netted over \$10,000. Several holders with larger holdings have cleared over \$20,000. Raspberry picking is now in full swing.

BRITISH PLANS COMPLETE TO REPATRIATE PRISONERS

Those in England Now Number 841,600—Admiral Reuter, Son of Tirpitz and Captain of Emden Among Those Sent Home.

London, July 26.—British plans for repatriation of German prisoners of war are complete. These plans, of course, are subject to arrangements to be made by the joint prisoner commission to meet in Paris.

Up to July 23, prisoners held in Great Britain numbered 84,604. This number included 170 army airmen, 2,908 sailors, 14 naval airmen and 4,306 civilian aliens. The majority of the sick and badly wounded and those suffering from shell shock have already been sent home. Several hundred containing the last of these cases have recently been cleared. Among those on board were Captain Karl von Mueller, commander of the cruiser Emden, Admiral von Reuter, who was held prisoner to answer for the sinking of the German fleet at Scapa Flow, and a son of Admiral von Tirpitz.

The prisoners are scattered throughout the country, with the exception of those made by the joint prisoner commission to meet in Paris. Twenty-six thousand of them are now engaged in agricultural pursuits and 7,000 are employed by the military authorities filling trenches mainly on the east coast. They are paid up to two pence an hour, the same as British soldiers. The authorities are experiencing no trouble with the officers. They are described as good workers, especially along agricultural lines. All of them are more or less homesick, particularly the officers. A few escapes have been reported, but probably only half a dozen have succeeded in getting out of the country.

John Potter, aged 33, and unmarried, son of T. Potter, Montreal street, this city, is dead. R. Oldham, 22, who worked with a farmer near the cheese factory, is suffering terribly. His wife and two children are suffering from shock. Mr. Gallery was at work at one of the factories when the accident occurred, and had a miraculous escape.

The factory is a total wreck. The boiler was lifted from its position and carried a distance of one hundred yards. Dr. Mundell will hold an inquest in Kingston tomorrow night.

John Potter, who was killed, was not employed in the cheese factory; he just happened to drop in to see the men. He suffered terrible injuries about the head and body, being buried in the debris, and never regained consciousness. He died at 3:30 this morning in St. Mary's hospital.

John Potter, who was killed, was on the opposite side of the vat to Potter and Oldham, who were assisting. He was standing near the door. One side of the factory was blown away. The cheese factory was one of the oldest and best equipped in the district, and the loss will be heavy.

MUST MEET DEMANDS OF ENGINEERS' UNION

Ships Will Not Sail From Atlantic Ports, Despite Strike Settlement.

New York, July 27.—Despite settlement of the strike of the International Seamen's Union, ships will not sail from Atlantic or Gulf ports until the demands of the Ocean Engineers' Union, not considered in the settlement, are granted, according to a statement last night by E. L. Todd, business manager of the union.

One demand is that the pay of chief engineers shall be only 425 less than that received by masters of the ships. Another is that assistant engineers shall be given a 35 per cent. increase.

Mr. Todd declared that shipping would not be resumed until adjustment of the demands, and said that a committee of the union would meet with representatives of the American Steamship Association Monday.

SOVIET MAGIC FORCE SAYS BOLSHEVIK MINISTER

Vienna, July 27.—George Tchitcherine, the Russian Bolsheviki foreign minister, answering an inquiry made by a Vienna newspaper as to the present situation of the soviet is quoted as follows:

"We are stronger than ever. Our revolution has vanquished the Hohenzollerns and the entente has crumbled to the ripe fruit. The Russian rejuvenation is progressing, but breakers are still ahead. Kolchak has foreign backing; he has gathered a large army. Denikin is well equipped.

"Despite difficulties the soviets are gaining ground, discrediting imperialism. The entente is crumbling away. All the oppressed recognize the soviet as a magic force and that they must ultimately imitate it."

PARIS IN DOUBT OVER RESERVATIONS

Question Whether U. S. Senate Changes Would Require Further Negotiations Debated.

Paris, July 27.—There is much speculation in conference circles as to what the exact status of the German treaty would be were the United States senate to ratify it with reservations or amendments. This discussion has been intensified by the publication in Paris of Mr. Tatt's statement indicating that he regards a modification of the treaty as likely, and suggesting changes desirable.

Many of the delegates take the position that it would be possible for the supreme council to approve the modifications made by the senate. Others believe that approval of the changes would be necessary on the part of all the signatory powers.

President Wilson, before leaving Paris, was known to have believed that any change by the senate would make impracticable a renewal of the negotiations with all the signatory powers, and result in great delay before America could be admitted to the league of nations. President Wilson's view that changes must be passed upon by individual countries is apparently not shared by many of the delegates, who are of the opinion that the senate changes be agreed upon while the conference is in session, they could be acted upon speedily by the supreme council, or possibly by the plenary session, thus avoiding the necessity of taking up negotiations thru the various capitals.

ONE KILLED, FOUR INJURED IN ONTARIO FACTORY EXPLOSION

Cheese Building Near Kings- ton Total Wreck—Boil- er Carried 100 Yards.

Kingston, July 27.—One man killed, another dying and a woman and two children injured is the toll of an accident which occurred Saturday night, four miles from Joyville, when the boiler in the central cheese factory, owned by Thos. Anglin, blew up.

John Potter, aged 33, and unmarried, son of T. Potter, Montreal street, this city, is dead. R. Oldham, 22, who worked with a farmer near the cheese factory, is suffering terribly. His wife and two children are suffering from shock. Mr. Gallery was at work at one of the factories when the accident occurred, and had a miraculous escape.

The factory is a total wreck. The boiler was lifted from its position and carried a distance of one hundred yards. Dr. Mundell will hold an inquest in Kingston tomorrow night.

John Potter, who was killed, was not employed in the cheese factory; he just happened to drop in to see the men. He suffered terrible injuries about the head and body, being buried in the debris, and never regained consciousness. He died at 3:30 this morning in St. Mary's hospital.

John Potter, who was killed, was on the opposite side of the vat to Potter and Oldham, who were assisting. He was standing near the door. One side of the factory was blown away. The cheese factory was one of the oldest and best equipped in the district, and the loss will be heavy.

THREE CAUSES OF ITALIAN DEFEAT

Propaganda, Political Meddling and Lack of Military Foresight.

Rome, July 27.—The findings of the government commission appointed to inquire into the Caporetto disaster in October, 1918, where the Italian line was broken by the great Austro-German attack, were published here yesterday.

The commission report attributes the Italian defeat to three sets of causes, which were:

1. The powerful influence of unfavorable propaganda which seriously affected the morale of the Italian troops.
2. Political meddling with military plans.
3. The military's lack of vision, necessary in another war, and recognition of the enemy forces and lack of preparation and material.

Gen. Benito Rosso, who commanded a part of the Italian line on the Isonzo river, was acquitted by a court-martial in March, 1919, of charges that grew out of the Caporetto catastrophe.

Allan Studholme's Condition Critical

Special to The Toronto World.
Hamilton, July 27.—Inquires that Sir Henry Drayton, the minister of finance, had been informed that the condition of Allan Studholme, M.L.A., is very critical, and that little hope of his recovery is entertained. It is said the veteran labor leader insists on being permitted to get up and look after the needs of the constituents in West Hamilton.

RAIN IMPROVES CROPS IN ALBERTA PROVINCE

Red Deer, Alta., July 27.—The sale of 480 acres of land at \$88 per acre gives an indication of the value of farm property in this district. Samples of wheat measuring four feet eight inches in height have been brought into town. The field from which it was taken expected a yield of forty bushels to the acre. Many fields in the district are looking in the best condition, recent rains having greatly improved the prospects.

BOLSHEVIK RETIRE IN ARCHANGEL REGION

London, July 27.—A Russian wireless message says that Bolsheviki military reports announce the retirement of the Bolsheviki forces along the railway in the Archangel region to their positions of departure, owing to enemy pressure. Retirements are also reported for the same cause along the Luga ships. A few by-elections as possible are in contemplation. There is some talk of Hon. H. H. Meighen being transferred to the department of finance, and to Dr. Toimie succeeding Hon. T. A. Crerar as minister of agriculture.

BAUER RESIGNS HIS PORTFOLIO

Vienna, Saturday, July 27.—Dr. Otto Bauer, the Austrian foreign minister, has resigned the foreign portfolio. He retained, however, the post of minister of socialization in the cabinet. The foreign ministry will be taken over by Dr. Karl Renner, the chancellor, in addition to the chancellorship.

A number of reasons are advanced for Dr. Bauer's resignation as head of the foreign office. In the first place, under his administration there was a failure to secure union between Austria and Germany, and likewise failure to secure the aid of Italy in advancing Austria's desire toward this end. The attempt to secure protection by Italy against territorial aspirations of the Jugoslavians also failed, as did an effort to obtain partial renunciation by Italy of her claims in the southern Tyrol. There is also charged against the foreign office a failure to secure French good will for the Austrian republic.

Representatives of the allied powers, as well as Austrians of the well-to-do order, are said to have been attempting for months past to secure Dr. Bauer's resignation because of his supposed Bolsheviki sympathies.

NOW IT IS ITALY WHO WON THE WAR AT RUSSIAN SITUATION

Premier Nitti Claims She Was
Alone in the Combat With
Austria-Hungary.

Rome, July 26.—Premier Nitti, speaking before the senate today, said that Italy must make a further loan of a billion lire for the purchase of raw material.

A favorable issue in the difficulties surrounding Italian policy is hoped for by Premier Nitti.

"There is no need to say that because one of our national aspirations is unattainable we have a resolution for Italy has won the war and the prestige which she has acquired in the world is worth more than any riches. We have beaten in a century-old empire. In spite of treaties which we had made, as a result of which we ought to have been supported in our struggle against the Austro-Hungarian empire, we were alone in the combat. None say we did not win the war."

The senate then passed a resolution expressing confidence in the new ministry.

ASQUITH IS ALARMED AT RUSSIAN SITUATION

London, July 27.—The former prime minister, H. H. Asquith, speaking at Edgware yesterday, said: "I regard with bewilderment and apprehension the part this country is playing in Russia. The country wants a clearer definition than has yet been given of what are our commitments, definite and prospective. I sincerely hope that the attempt to commit us further in Russia will be successfully resisted. The future government of Russia is a matter for the Russian people and for no one else."

"The people and our own country were never more menacing."

POLES HOLD GALICIA. COPENHAGEN, JULY 27.—The whole of Galicia up to the old Austro-Russian frontier along the River Dnieper is in Polish hands, according to a Warsaw despatch received by the Polish Press Bureau.

WHEAT CUTTING WITH GOOD CROPS BEGINS IN WEST

Winnipeg, Man., July 27.—Wheat cutting has commenced at various places in the province. The date is exceptionally early, but the crops are exceedingly good, hot weather and a sufficiency of moisture having brought them to maturity quickly.

Esterhazy, Sask., July 27.—A hundred-acre field of wheat now being cut promises to yield 30 bushels to the acre. The wheat is of excellent quality and will grade high. Cutting in other fields will begin early next week.

AUSTRIANS REQUEST MORE TIME BE GIVEN

Head of Delegation Asks Extension
Beyond Fifteen Days
Allowed.

St. Germain-en-Laye, July 27.—Dr. Karl Renner, the Austrian chancellor, and head of the Austrian peace delegation, accompanied by Dr. Richard Schuller, another member of the delegation, arrived here today from Feldkirch, near the Swiss border, where they had been in consultation with Austrian governmental representatives from Vienna.

Dr. Renner at once, upon his arrival, formulated a request to the peace conference for an extension of the time accorded Austria to reply to the second part of the peace terms, which were communicated to the Austrians on July 20. The Austrians were originally given 15 days within which to make reply.

DEATH OF PRESIDENT OF ROYAL ACADEMY

London, July 27.—The death is announced of Sir Edward John Poynter, president of the Royal Academy.

Born in Paris in 1836, Edward John Poynter became one of England's greatest painters and authorities on art. Among his most notable paintings were some of his earliest—"Israel in Egypt" (1870), "The Cataclysm" (1875), and "Atlantis' Race" (1875).

On the death of Sir John Millais in 1896, Poynter was elected to the presidency of the Royal Academy, a position which he held until his death in 1902.

CABINET RECONSTRUCTION TO BE ANNOUNCED AT ONCE

future plans of Sir George Foster, but it is pretty well known that he will be offered some important and desirable offices upon retirement, and that he may therefore resign in the near future as minister of trade and commerce.

Sir George's natural successor would be Hon. A. K. Maclean, who is already a minister, and whose resignation would therefore not have to seek re-election.

It will be seen that the so-called reconstruction will not be very extensive, and will be made along the lines of least resistance. Few by-elections as possible are in contemplation. There is some talk of Hon. H. H. Meighen being transferred to the department of finance, and to Dr. Toimie succeeding Hon. T. A. Crerar as minister of agriculture.

POLICE ROUND UP ALLEGED THIEVES

Italian Arrested Charged With
Altering Bills to Higher
Denominations.

Suspected of being pickpockets who have been operating on an extensive scale during the past two weeks, Harry Cohen of Cleveland, John Slavov and Nathan Cohen, both of Toronto, were arrested Saturday night on charges of vagrancy by Detective Sergeants Wickert and Mulholland.

The three young men were picked up on Queen street, when searched they were found with a large number of bank notes showing \$400 to their credit. They will be held on remand until the police locate citizens who complained of having their pockets picked, and have them identify the trio.

A number of merchants have been fined for possession of money. In the passing of \$1 notes changed to \$10's by the placing of an "0" alongside of the \$1. Detective Sergeant Murray stated last night that most of the complaints received at detective headquarters were of American bills being changed. Numbers from cigarette and cigar boxes were found to have been pasted on, and store-keepers swindled several times.

JAPANESE DIESMAN STIES IN TOKIO

Tokio, July 27.—Count Taisuke Itazaki, founder of the Japanese Liberal party, is dead.

Count Taisuke Itazaki, born in 1847, was one of the last survivors of the veteran statesmen of Japan. Up to his retirement to private life he took an active part in Japanese affairs, at one time holding the post of councillor of state. He was later appointed home minister in the Ito cabinet, and held the same portfolio in the constitutional party cabinet when it was formed in 1898.

COURT ENDS INQUIRY IN CAILLAUX CASE

Paris, July 27.—The commission of the high court in the case of Joseph Caillaux, formerly premier of France, who is charged with infraction of laws about a premature and dishonorable peace with Germany, has closed its inquiry. The final report of the accused, which was made yesterday, ended the formalities previous to the trial, the date of which has not been set.

PRE-REQUISITES FOR NEGOTIATIONS.

The former chancellor explains that the arranged with Von-Kuehlmann to make soundings, thru a suitable person, to indicate, in accordance with the crown council's decision, that pre-requisites for negotiation were war, and no indemnity. Great secrecy was necessary and it was considered inadvisable to negotiate thru the Vatican, because that might have rendered an indiscretion by Erzberger possible.

In his conclusion, Dr. Michaelis says: "I did my utmost, and if the reply failed it was due to the fact that our enemies were unwilling."

General Erich Ludendorff, former first quartermaster-general, is also out with a declaration in the Berlin Zeitung, in which he denies that he knew of the paper letter, or the reply of Dr. Michaelis, until disclosed by Herr Erzberger. He learned, he says, from other sources in August that Great Britain was willing to accept peace, and mentions the council of September 11. He adds that a decision was reached, but does not mention what it was.

The conservative papers say that the conservatives had many conferences with papal delegates, but that the negotiations were futile because the papal delegates refused peace until Germany admitted her guilt.

Before the assembly at Weimar, the Socialist deputy, Herr Weizsaeck, said he was authorized by President Ebert to say that he first learned of the British peace feeler thru the Erzberger speech.

HUNGARY MUST OUST BELA KUN REGIME

Otherwise She Need Not Expect Blockade to Be Raised, Says Allied Statement.

Paris, July 27.—A strong arraignment of the present Hungarian government is contained in the allied statement issued yesterday, in which it was made known to the Hungarian people that they could only secure a removal of the blockade and receive food supplies if they oust Bela Kun...

"The allied and associated governments are most anxious to arrange a peace with the Hungarians, but this brings to an end a condition of things which makes the economic revival of central Europe impossible, and defeats any attempt to secure supplies for its population. These tasks cannot be attempted until there is in Hungary a government which represents its people and carries out in the letter and the spirit the engagements into which it has entered with the associated governments."

"None of these conditions is fulfilled by the administration of Bela Kun, which has not only broken the armistice to which Hungary was pledged, but is at this moment actually attacking a friendly and allied power."

"With this particular aspect of the question it is for the associated governments to decide on their own responsibility, if food and supplies are to be made available, if the blockade is to be removed, if economic reconstruction is to be attempted, if peace is to be settled, if can only be done with a government which represents the Hungarian people and not with one that reverts its authority upon terrorism."

"The associated powers think it opportune to add that all foreign occupation of Hungarian territory, as defined by the peace conference, will cease as soon as the terms of the armistice have, in the opinion of the allied commander-in-chief, been satisfactorily complied with."

BELIEVES STERLING EXCHANGE WILL GO UP

Vancouver, July 27.—"In my opinion, within a very short time sterling exchange will be pegged at \$4.50, a figure which will result in a general trading and make it possible for greater exchange of commodities between the American continent and Europe," said John Kirk, general manager of the Canadian Bank of Commerce, who arrived here yesterday. He pointed out the fact that righting the sterling exchange will have a direct bearing on the money markets of the world, and would to a large extent assist in improving the balance of trade on the Pacific.

Weimar, July 27.—Speaking yesterday in the national assembly, Dr. Hermann Mueller, the foreign secretary, expressed regret for and condemnation of the murder of Sergeant Paul Mannheim, a French non-commissioned officer, recently murdered in Berlin. He voiced regret, however, that the French government had thought it advisable "to use a method which the Germans abused during the war."

FOREST FIRES REACH AN ALARMING STAGE

New Blazes in Western Montana, Idaho and Labor Supply Being Drained.

Spokane, Washington, July 26.—With new blazes springing up in western Montana and northern Idaho, and the supply of labor rapidly being drained, the forest fire situation has reached a stage where it excites alarm on the part of the federal forest service officials, according to statements tonight.

The new fires were reported in the Lolo national forest, three in the Missoula forest and twelve in the Clearwater forest. Other fires that have been burning for weeks also continue to threaten. It was expected that the Rattlesnake fire that has burned over 5,000 acres, would be extinguished before tomorrow.

Aid of soldiers has been asked by the Montana state council of defense. High winds have fanned the blazes to a strength that makes their control by present forces problematical.

The joining of the Cold Creek fire with the blaze coming down Long Gulch Creek in Lolo forest caused a fire which spread at a tremendous pace, tho it was temporarily checked when it reached the old Black Tail burn.

The Hughes Creek fire in the Bitter Root forest jumped the control lines several times. The Running Creek fire has cleared the Salmon Mountains and is jumping the line in Montana, and is burning over a large area.

ECONOMIC SLAVES OF THE ALLIES

Hungarian Austrian Foreign Minister Says the Peace is a Shameful One.

Vienna, July 27.—Dr. Otto Bauer, the Austrian foreign minister, discussing the Austrian treaty, said: "For thirty years we will be the slaves of the allies economically. Austria loses her economic independence. Austria must cover 70 per cent. of the \$68,000,000 war debt, which means 8000 crowns per person, or 40,000 crowns for a family of five persons. This shameful peace can be destroyed only thru the victory of international solidarity."

Dr. Friedrich Adler, editor of Der Kampf, said: "Economically, it is our death sentence. We are relegated to the role of a colony and forced to declare our bankruptcy immediately."

POLINAIRE MARSHALS FOR SECOND TERM

Recent Speech of Clemenceau Would Indicate That He Will Be Candidate.

Paris, July 27.—Premier Clemenceau's reference in a recent debate in the chamber of deputies to "the renewal of the powers of the president of the republic" was interpreted in some quarters as an indication that President Polinaire would be a candidate for a second term at the Elysee Palace.

Friends of M. Polinaire belonging to several political parties say that the president's determination to retire at the end of his present term remains unshaken, but that this does not mean that he intends to retire from politics.

On the contrary, according to the best informed sources, M. Polinaire will depart from the presidency furnished by the quiet, retired lives of MM. Fallieres, Loubet and other former presidents and take an active part in politics, probably returning to the senate and almost certainly to his lucrative law practice.

In the speculations regarding the presidential elections to be held in January next, the remark is frequently made that the choice of the congress and satisfaction of the people with certainty of Premier Clemenceau made known his willingness to stand as a candidate for the office of executive. Aside from the premier and the usual candidates of the president of the chamber of deputies and the senate, the only other names canvassed are those of Alexandre Ribot, former premier and minister of foreign affairs, and Jules Pams, minister of the interior in the present cabinet, both of whom were unsuccessful presidential candidates in 1913.

M. Pams who was backed by M. Clemenceau, resigned the agricultural portfolio in Polinaire's ministry to be a candidate against M. Polinaire, and he happens again to be a member of the government and stands without possible candidate who is believed to possess the best chance of election.

The hostile element of the radical party led by the Ukrainians could be of aid to the Socialists and Republican Socialists, to overthrow the cabinet before the elections, in which case M. Pams would be able to stand without appearing to be disloyal to his chief, and with the support of "the tiger," he would be a formidable opponent to Paul Deschanel, president of the chamber, whose chances appear to be better than those of M. Dubost, president of the senate.

WORKING TO UPSET INTERNATIONALS

Joseph Knight Arrives to Organize One Big Toronto Union.

Joseph Knight of Edmonton, Alta., a member of the general executive board of the "One Big Union" movement arrived in Toronto Saturday, to formulate the initial steps of a gigantic program, which it is proposed will upset the present international trades unions and bylaws of the One Big Union.

"Thousands of copies of the constitution and bylaws of the One Big Union are being distributed freely in this city. The advance agent refused to give campaign details, but admitted in an interview that a local organization has already been formed, whose presence would soon be felt.

Mr. Knight said that labor autonomy for Canada was bound to come and this, he said, could only be obtained when the entire Canadian labor forces were solidly organized under a purely international organization. "The International Trades Union movement has utterly failed to accomplish such a thing in this country," he said.

Mr. Knight said that a city of more than 500,000 population, the total strength of the international does not exceed 30,000. It is in fact a very small word, there would be at least double, or possibly more, than this number, who would be actively promoting their own and their fellow-workers' interests."

Ukrainian Commander Has Sent Mission to Poles for This Purpose.

Vienna, July 27.—Fighting between the Poles and Ukrainians has ceased. General Petura, the Ukrainian leader, has sent a mission to the Poles with the object of discussing co-operation in fighting the Bolsheviks.

The Polish-Bolshevik front near Brest is inactive, and the Poles are able to promenade outside their trenches without being fired on. Petura declares that if the allies ever arrive at a point of understanding with the Ukrainian situation and are opposed to interference from the outside or the advent of foreign soldiers, even to defeat the Bolsheviks, it is thought unlikely that Gen. Denikin, the Russian anti-Bolshevik leader, will be welcomed by them. The Ukrainians are out-spoken in their intentions to disregard the Anglo-French reconstruction plan in Russia under Admiral Kolchak.

The janitor was arrested last Wednesday and until today strenuously denied any knowledge of the girl's whereabouts.

STORMS IN PRINCE ALBERT.

Prince Albert, Sask., July 27.—Thunderstorms, accompanied by considerable winds, prevailed over the Prince Albert district since Friday evening. In some localities the rains were heavy, but the precipitation has not been general. Where these showers have fallen they have been of material benefit to the crops, among which there is at present a tendency to too rapid ripening. The late rains are producing a plentiful supply of feed.

CONVENTION OF VETERANS CLOSES

Will Ask Government to Pay Bonuses Out of Enemy's Indemnity.

Montreal, July 27.—The second annual convention of the Army and Navy Veterans Association in Canada came to a close Saturday evening after the busiest day since its opening on Wednesday last. Many of the delegates, including Dominion President W. J. Tupper, K.C., and Dominion Secretary R. Chrystal Irving of Winnipeg, are remaining in Montreal for a few days.

Many important resolutions were passed on Saturday, including one asking the government to provide special bonuses not to exceed \$500 for fighting men and dependents of fallen soldiers, to be met out of Canada's portion of the indemnity to be paid by the enemy.

A cable message was received from the King in appreciation of the message of loyalty sent to His Majesty by the convention on Thursday night. The message was read by the Dominion president and other officers and delegates express great satisfaction with the success of the convention, saying that the veterans' hopes. The third annual convention will be held next year at Victoria, B.C. A message from the King was as follows:

MAY FIX PRICE OF WHEAT CROP

Government Control Likely to Ensure Growers European Market Share.

Ottawa, July 26.—It is thought likely that after the conference between Sir George Foster and other members of the government with representatives of the wheat growers, a governmental action will be taken to fix the price of this year's wheat crop.

It is now thought probable that in addition some measure of governmental control will be taken in order to insure for Dominion wheat growers their proper share of the European market.

At present the school building at Islington is too small, is too originally a two-room place with a partition added comparatively recently, when another room became necessary. It is alleged that the average attendance is 100, and consequently conditions are hardly ideal. A new five or six-roomed school for the town has been virtually agreed upon and it is likely that construction will begin in the near future.

DEWART INTERESTED RE ENUMERATION

Question of Residence in Summer Homes Makes Complication.

In regard to the enumeration of voters on the island and other summer homes, H. H. Dewart, K.C., leader of the opposition in the local house, has sent the following letter to Hon. E. B. Lucas, provincial attorney-general.

Dear Mr. Lucas: This morning's World calls attention to a matter in connection with the new enumeration of voters, which seems important. Apparently those who are now living on Toronto Island are being enumerated there.

My military duty in the United States has prevented me from attending to this matter, but I am now in Toronto and I am glad to see that you are taking an interest in it.

It is my belief that the voters who are now living on Toronto Island are being enumerated there, and that this is a mistake. I believe that the voters who are now living on Toronto Island should be enumerated in their own homes.

I am, Sir, your obedient servant, H. H. Dewart.

CHURCH OF HOLY TRINITY

The Rev. A. J. Arthur, rector of the Church of the Good Shepherd, Mount Dennis, preached at Holy Trinity Church yesterday morning, emphasizing the fact that the spirit of power, love and a sound mind spoken of by St. Paul in his Second Epistle to Timothy, would give a three-fold power with which to meet the spirit of uncertainty and dread now prevalent.

In the evening, the Rev. A. Haire Foster preached on the last recorded words of Christ spoken on earth: "Ye shall be endowed with power from on high and ye shall be my witnesses." He asked some pointed questions as to whether Christian employers, employees and dealers could be confidently pointed out to say heathen Chinese as worthy witnesses of the Saviour and His teaching.

PLAYS, PICTURES AND MUSIC

"Officer 666" The much heralded comedy, "Officer 666," is the offering of Edward H. Robbins and his players at the Royal Alexandra Theatre all this week commencing tonight. This comedy enjoys the unique distinction of having created long and successful runs in several cities in the United States, where it enjoys a popularity seldom accorded a comedy. Later, when it was sent on tour, it was pronounced one of the best laughing comedies of the period. That its popularity has not waned is evidenced from the interest that is being displayed in the production that will be given all this week. The casting of the different characters with the Robbins players is almost an ideal one, so that the humorous difficulties "Officer 666" becomes involved in while in the pursuit of his duty should be one of the best entertainments furnished this season by the local players. The matinee will be as usual on Wednesday and Saturday.

"Call the Doctor." The theatrical event of the Robbins players' season will occur next week commencing Monday evening, when they will present for the first time on any stage in the world, David Belasco's latest comedy, "Call the Doctor." This play is from the pen of Jean Archibald and is being presented by the local company by special arrangement with Mr. Belasco.

"Mickey" closed the eighth week at the Grand Opera House to capacity, a record that it would seem impossible to attain in Canada, and equaled in only a few of the larger cities of the United States. It is the wonder film of 1919 and its engagement at the Grand Opera House is the talk of filmdom. It has many attractive qualities, among them being its vein of wholesome comedy, its intense heart interest story and its emotional and exciting climaxes.

To say that you have not seen "Mickey" is to acknowledge missing the most notable film production of the year. During the stay of "Mickey" at the Grand a matinee will be given every day.

At Loew's This Week. In her latest film success, "The Lady of Red Butte," at Loew's Theatre and Winter Garden this week, Dorothy Dalton makes one of the greatest hits of her career. The main line of action centres around an evangelist, who goes mad from over study at a theological seminary. Minnie Burke, "the skyrocket of vaudeville," and her famous one kings of syncopation and jazz band, headline the vaudeville, which also introduces such well-known vaudeville performers as Joe Lane and Pearl Harper, in "The Man and the Musician"; Clarence Wilbur, offering an amusing idea in "Trampology"; Lipton's troupe of performing monkeys, introducing "A Performance in a Monkey Music Hall"; Cooper and Lacey, in melodies and dances; and Frank Hartley, the high explosive of jugglery. Loew's British-Canadian Weekly and the "Motz and Jeff" animated cartoons will also be shown.

The Hippodrome Bill. "The Love That Dares," the new William Fox production starring Madeline Travers, will be the feature attraction at the Hippodrome this week. It is an interesting story of the sacrifice that a woman will make for the one she loves. Jerome and Newell are comedy gymnasts with a lot of new material. Bobby Remm and the Cunningham Twins present a pot-pourri of songs and dances, introducing the season's newest successes. Weber, Beck and Fraser are known as vaudeville's premier comedy singing trio, and they have a repertoire that embraces both classical and popular numbers. An unusual sketch is presented by Thomas Jackson and company, who offer a playlet that is brimful of crisp, clever comedy. Dolson has been the dancing sensation of two continents. He uses modern, classical and eccentric dances, and presents them in his own inimitable style. Four Bandguards are novelty singers, dancers and instrumentalists, and with a Harold Lloyd comedy and the "Lucky

"Thirteen" Sunshine comedy, complete a most attractive bill.

At the Allen Theatre. Marguerite Clark's latest offering, "Let's Hope," a picturization of Fred Jackson's famous farce, "The Naughty Wife," which was the hit of the legitimate stage in 1917, is filled with action from start to finish, and provides Miss Clark with one of the best roles in which she has been seen, since she became a screen star. If you have seen Bryant Washburn in "Door Boob," "Something To Do," and other of his now famous photoplays, you'll look forward with great pleasure to his forthcoming appearance in this week in "Putting It Over," his latest picture, and without doubt the most amusing comedy in which he has been seen this season. The balance of the program consists of Allen's Pictorial Life, British Weekly, Outing Chester, and overture, "King Midas," by the incomparable Allen Orchestra, Luigi Romanelli directing.

Jack Pickford at Regent. It's Jack Pickford who stars at the Regent this week in the First National production, "Bill Apperson's Boy" and it's Jack Pickford who will thrill everybody who gets within seeing distance of this splendid story. Of course, he is supported by a splendid cast and this enables him to portray his character with the proper balance and bring it up to the standard of excellence that has been set for his pictures. The story is deeply human and will be sure to please large audiences all week. The famous Regent orchestra is continuing its policy of rendering light comedy selections during the summer months and this is an attractive feature of every Regent program. "Topics of the Day" and "The Regentette" with the latest world news are also strong features.

Harold Lockwood at Strand. The great army of Toronto admirers of Harold Lockwood, the male star with the unique distinction of being virile and dynamic and yet of being honestly and deservedly described as charming, will be glad to hear that the Strand will show today and all this week the best of all Lockwood pictures, "A Man of Honor." It is an unusual photodrama of

the highest type and pictorially it is a rare treat.

Chaplin at Madison. There should be big houses at the Madison all this week when the headliner will be "Sunbyside." Chaplin's new big picture, "The Other Fellow," will be "A Grain of Dust," by David Graham Phillips, starring Lillian Walker.

"WAR VIXEN" LAUNCHED AT MILLER'S BAY Will Shortly Accompany Allis-Chalmers' War Maggie to Sea. The War Vixen, the second of the standard ships to be built at the Canadian Allis-Chalmers shipyard plant at Miller's Bay, Bridgeburg, was successfully launched on Saturday, and will be ready to accompany the War Maggie, launched a short time since, on her voyage down to the sea.

Senator Frederic Nicholls, president of the company, was present, accompanied by Capt. and Mrs. Walter Nicholls, Mrs. Leslie Ferguson, James Porter of the British ministry of shipping; P. Duncan, Lloyd's registrar of shipping; Mr. Scott, Lloyd's registrar of shipping; E. G. Rankin, managing owner's chief engineer; Edward Ramsay, imperial munitions board; and Geo. Chase, general foreman ship carpenter, the latter having had charge of the immediate preparations.

There were several hundred spectators present from Buffalo, Niagara Falls, Bridgeburg and Bertie township, and the launching was a perfect one in every respect. Mrs. Walter Nicholls acted as sponsor, and named the War Vixen at the right moment, breaking the bottle on the ship's bow just as she commenced her stately movement from the land to the water, which will be her future element. Mrs. Nicholls, after the ceremony, was presented with a beautiful bouquet of American beauty roses.

BOY KILLED BY CAR; DRIVER HELD

Police Prefer Charge of Manslaughter Against Fred Sheeley.

Louis Kalcheckin, aged 12 years, of 1111 Elizabeth street, was killed at 12.50 Saturday afternoon when he was run over by a motor car at the corner of University avenue and Queen street. Fred Sheeley, aged 40 years of Thornhill, Ont., was arrested on a charge of manslaughter and held in West Dundas street station, bail being refused by the crown attorney.

The police story of the accident was that Sheeley was driving an automobile belonging to J. Watson of Thornhill, west on Queen street. Watson was in the car with Sheeley and when the driver turned off Queen to go north on University avenue he struck Kalcheckin. The boy was dragged beneath the car for some distance. He was rushed to the General Hospital and was pronounced dead by doctors.

The police returned to the scene of the accident with Sheeley and after measuring the length of the skid marks of the motor car placed Sheeley under arrest.

CHINESE ARRESTED ON GAMING CHARGE

Seventy-Four Alleged Gamblers Pay Heavy Bail Bonds.

Breaking down heavily barricaded doors over 81 Elizabeth street, Saturday night, Inspector McKinney and plainclothesmen Ward and Clarkson raided an alleged Chinese gaming house and made 74 arrests. Lee Bing is charged with being the keeper and was held on bail of \$1,000. Bail bonds to the extent of over \$15,000 were made out at West Dundas street station when all of the men arrested in the game were released on bail.

The police were informed that a "big game" was to come off Saturday evening, and at 10.30 they sent their men to rush the game. Guards were found to be on the doors, and the plainclothesmen from hallway were other doors heavily reinforced for fear the police might come in.

The police sent their "look-outs" in and after they had given the pass word, they blocked the door and the plainclothesmen who were eagerly waiting crouched on the stairs spring upon the doorman and made an entrance to the premises. Several tables of fan tan and cow poker were in progress and the police after removing the prisoners to the station carted a wagon load of tables, chairs and gambling paraphernalia away. They claim to have seized some from the game before the players turned them over.

MONTENEGRINS RISE AGAINST OCCUPATION

Government Wants Representation at Versailles Peace Conference.

EVACUATION URGED

Separate Envoys From Jugoslavs at Paris Are Sought.

Paris, July 27. — The Montenegrin government, in an official statement, replying to demands made upon it by Serbians, maintains that the Montenegrin people are engaged in an uprising against the Serbian troops of occupation and declares that the Serbian government was interpolated recently on this subject in the parliament at Belgrade.

In the statement the Montenegrin government reiterates its demand that it be given representation at the peace conference, and that the Serbians evacuate Montenegro in order to put an end to the struggle.

Alleged excesses by Serbian troops in Montenegro were complained of early in this month by the Montenegrin government, which is that of King Nicholas, the headquarters of which are in a suburb of Paris. King Nicholas never having recognized the action of the national assembly of Montenegro last December in depositing him and voting to unite their country with the Serbo-Croat-Slovene state. Montenegro is not represented separately at the peace conference, the representatives of Jugoslavia looking after her interests.

GENERAL BICKFORD DENIES RUMOR

Knows Nothing About Succeding Chief Grasset Police Dept.

Brig.-General Harold C. Bickford, yesterday denied the rumor current in police circles that his name was mentioned to succeed Chief H. J. Grasset, as head of the Toronto police department. Col. Grasset leaves today on month's vacation and will return to duty according to a statement given out by himself. When asked if he was going to resign, the chief replied, "Not for some time yet."

General Bickford returned recently from Siberia, where he was in charge of the Canadian forces. During the August riot in Toronto in 1918, he was in command of this military district. For the past week, it has been whispered around police quarters that Gen. Bickford would head the force in the event of Col. Grasset's return.

Officers on the force refused to discuss the rumor, but remarked that the Toronto police force was never known to have as its chief a man who had risen from the ranks.

Mention of a military officer being selected to fill the vacant position of a military man being brought in, it would not be approved by the majority of the police officers. They are very particular about the man who succeeds the chief, and when Chief Grasset, a non-commissioned officer, was appointed, the men were unanimous in their opinion that the deputy, having walked the beat as a constable, was most fitted for the department until the chief returns towards the end of August.

POLISH JEWS PROTEST AUTONOMY IN SCHOOLS

Warsaw, July 27. — The Polish Catholic Israelite Patriotic party today published an open letter addressed to the Allies, protesting against Jewish autonomy in Poland and particularly against the schools, which it says, "raise a Chinese wall between citizens of the same country."

"We are deeply grieved at this," the letter continues, "both as Poles, (for it is an insult to our country), and as Israelites, since the hopes we had formed concerning our relations at home have become vain. We appeal to your conscience to remove this restrictive clause."

AUGUST FURNITURE SALE MURRAY-KAY COMPANY LIMITED

Our First August Furniture Sale is a History-making Event

With an exquisite, harmonious setting, the most beautiful Furniture Floor in all the Dominion is a rare treat just now for everyone who loves the new—the beautiful—the distinctive—the ornate.

It has strikingly portrayed the inspirational art of different periods, and one can fairly trace the tasteful and refining influence of the time, indelibly woven into its very lines—expressing that which is perfect in refinement and adornment. Furniture owes its intrinsic value to the pride of its designers—a precious heritage they have given to posterity. Take, for instance, the Chippendale influence—what a prestige it still holds

through its graceful, artful lines—becoming richer through the years.

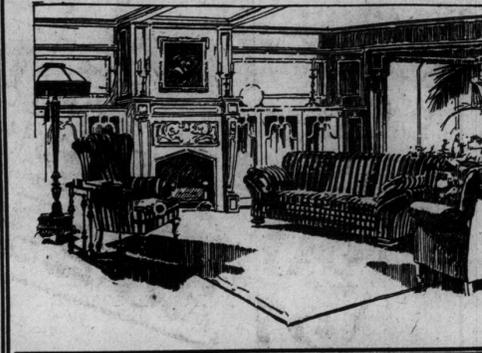

Chippendale received his inspiration from the Chinese, and his art will live, no doubt, throughout all ages.

Good furniture was never so plentiful in this store, no matter how scarce it may be elsewhere. There is no gaining saying that our first August Sale exhibit is a history-making one for this store.

The backbone of our entire stock reflects quality. It is a sale of economy as well—a sale in which economy is going to mean more than ever before. Nearly all the furniture comprised in this sale was bought in a much lower market than the present one. This means conclusively that practically all the furniture in it has advanced very materially in price since we placed our orders.

According to the best authorities in the furniture business prices are going to rule higher for some years. It points to the wisdom of buying now all the furniture you are likely to need for a good while. Remember, the Murray-Kay store is the home of good furniture, and its 70 years of service, linked with the public's confidence, means everything to the prospective purchaser of furniture.

From time immemorial furniture has been the symbol of the craftsman's art, and history has been immeasurably enriched by the prestige of its period designs.

MACROQUODALE-CULL

A wedding took place at the house of Mrs. D. S. Macroquodale, 199 Davenport road, when their daughter, Maud, was married to John Letroy Cull, Marston, Ontario. The ceremony was performed by Rev. M. Scott Fulton. The bride, who was given away by her father, looked charming in a gown of white georgette crepe and crepe de chine, and wore an unbridled veil, caught with orange blossoms and white heather, her only ornament being a bar pin of pearls and diamonds, the gift of the groom. Mr. and Mrs. Cull left for Algonquin Park, the bride traveling in a tweed Norfolk tailor-made, and Panama hat. On their return they will live in Toronto.

At Trinity Church, Aylmer, West, Frances Hazel, youngest daughter of Mr. and Mrs. Frank Wilmington-Ingman, Aylmer, and niece of the Rt. Rev. The church was decorated with roses and sweet peas, banks of palms and ferns. The bride wore a gown of white georgette crepe with lace veil, bordered with seed pearls. She carried a bouquet of bride roses. The bridesmaid, Miss Olive Tilman Toronto, was in a smart frock of French, embroidered voile, with mauve hat, and carried a bouquet of mauve sweet peas. Mr. Gordon Raymond was best man, and a

This great burial ground many an eye was moist with tears, and many a soldier's widow dressed in mourning received the silent sympathy of her neighbor. So that when the great ceremony was held at the house of the bride's parents, George street, for the near relations and friends of the bride and groom, Mrs. Ball was crepe with head design in white. Immediately following the ceremony a reception was held at the house of the bride's parents, George street, for the near relations and friends of the bride and groom. The groom's gift to the bride was a Hudson seal scarf, and the bride's gift to the groom was a pair of gloves with a mauve silk and chiffon with a corsage of gold sleeve link. The bride's traveling gown was of navy blue serge, with hat of taffeta and georgette crepe trimmed with ostrich tips at the back. After a motor trip thru the Georgian Bay District, Mr. and Mrs. Ball will live in Toronto.

CHINESE QUESTION NOT CASE FOR WAR

Tokio, July 27.—Newspaper reports of an address delivered to the Tokio Press League by Viscount Kikukiro Ishii, ambassador to the United States, who recently returned to Japan, quote the ambassador as saying that some Japanese seemed to fear that war might break out between Japan and the United States over the Chinese question, but that to him such a thing was inconceivable. All that war would do would be to entail great losses upon both countries, Viscount Ishii added.

The ambassador is further quoted as telling the newspaper organizations that he believed the Americans desired to develop China in co-operation with Japan. In concluding his speech, the reports add, he urged the Japanese to stick to the last to their proposal for racial equality.

THE HEROIC DEAD

The opening hymn was "The Saints of God," followed by prayer by Rev. C. R. Mustard. The chairman was Comrade P. J. Richardson, president of the Earlscourt branch of the G.W.V.A., whose remarks were brief and to the point, and who said that this great meeting was proof that Earlscourt knew how to honor and reverence the noble dead and an object lesson to the whole of Canada.

City of Future.

Rev. A. J. Reid, rector of St. Chad's, gave an address on the blessed future of a hereafter and reminded the hearers that the day was coming when a blessed fellowship would be consummated and when all the nations of the earth, including Germany, would take part. He asked the people to remember the benediction contained in the last chapter of the Bible, and to honor the brave men who had given up their lives, by living themselves henceforth to the honor and glory of God.

After the singing of the hymn, "The Strife is Over," Rev. Corp. Ward of the Christie street hospital, and who was wounded in the war, gave an impassioned address, basing his remarks on the words, "A message from the dead." There is nothing that I honor more than to be here today as a substitute for Rev. Sidney Lambert," said the speaker. "because I have fought with your husbands, brothers and friends at the front, and I know the kind of men I had to deal with from Earlscourt. Mr. Ward scored the selfish wealthy people whose lives, he said, were useless, for they lived for themselves only, and characterized them as dead lives in contradistinction to the men who had fought and fallen, but who were not dead in the proper sense of the word, for their deeds were living deeds, deeds that would live forever. The professor also came in for denunciation by this speaker. They gloried, he said, in the fact that criminal profits were justified, losing sight of the fact that the relatives of the men who were gathered here today had borne the brunt of the fighting, had given up their lives willingly to save the world from such methods as practiced by these very profiteers. "I only received a scratch compared to some of the men in this great war," said Mr. Ward. "The message I leave with you today," concluded the speaker, "is—enlist under the banner of Jesus Christ."

Decorate Father's Graves.

After the speaking, the impressive ceremony followed of placing the flowers and decorating the graves of

the soldiers by pretty little children all dressed in white, many of whom were daughters of those brave men sleeping beneath the mound. The crowd formed a semi-circle, and with bare heads they watched the little ones performing this sacred duty amid a profound silence. Quietly and seriously the children performed their work, their white dresses forming a pleasing contrast to the beautiful carpet of well-trimmed grass, which is so carefully kept in this cemetery.

The closing hymn was Abide With Me, to the tune of Eventide, which was heartily sung by the crowd accompanied by the Salvation Army band and the massed choirs grouped behind the platform. Thus ended another memorial service, the Toronto earnestness, solemnity and patriotic fellowship, has never yet been surpassed in any such ceremony in Earlscourt.

A Pathetic Sight.

A sight that will not easily fade from the memory was a group of hospital patients from the Toronto military hospitals who were near the platform. Some of these men were armless and legless, some with but one eye, others with hands cut off at the wrists, yet with cheerful and smiling faces. Some of the men wore medals and other decorations and they all appeared to appreciate the kindly words of the speakers and the touch of sympathy extended to them, that sympathy that makes the world kinder.

J. H. Harper, state chairman of St. Chad's Church, had the singing. Members of the ladies' auxiliary of the Earlscourt branch of the G.W.V.A. were in the front row. They were accompanied and those who brought pressed soldiers in their motor cars were Mrs. Matthey, Aid. Brook Sykes, Controller Robinson, and W. H. Scott. Nearly all members of the Earlscourt branch of G. W. V. A., the Grand Army of Canada, Silverthorn and Fairbank, and with their respective officers all in khaki, attended, and these working in conjunction with the British Imperial Association, who have worked hard for many days in arranging details, the whole affair passed off without a hitch, considering the enormous crowd of people who came to do honor to the memory of the men who have "passed on." Mayor Church, who was announced speaker, did not put in an appearance. John T. Robinson, honorary president of the B. I. A., was present.

Baseball Toronto 5 Binghamton 1 Big Four Open Rowing Finals at C.A.A.O.

BUGS HERCHE HAD THE LUCK SUNDAY

Bingos Watch Pop Fly Drop and Leafs Score Two in Sixth.

Binghamton, N.Y., July 27.—Toronto viewed up the series with Binghamton by taking today's game. Herche pitched fair ball, but he had plenty of luck and timely hitting back of him gave him a 6-1 decision over the Cobblers. Harper was hit hard in spots, and his support was none of the best when it should have been. Shortstop, second baseman, right and centre fielders stood still and watched a high fly drop safe in among the four of them, while two men scored in the sixth inning. Herche was out, and Herche and Purcell were on base, when Whitehead lifted a high one in back of second, and the four men started after it. Owing to the fact that two were down, the baserunners all started at full speed. When the fielders realized that others were after the ball, they all stopped and did the Alphonse-Danston. Onslow's single brought home Whitehead. In the ninth inning, Herche pitched Harper, and also fielding by Costello gave them two more runs. Whitehead was the first man up in the ninth. He fanned for the second time during the game. Onslow scratched an infield single, and Holden got into direct communication with one of Harper's slants, and the ball went for a triple when it bounded past Costello. Onslow scored on the play. McInnis came thru with a single, and Holden scored. That put the game on ice for the Toronto team, for Binghamton never had a smaller after the first inning. In the initial inning, O'Rourke opened it by flying to Gonzales. Ellerbe stepped into one for two bases, and Riley's hot single scored him. That was all for Binghamton, as Herche, backed up by his support, was invincible, all the hits were registered in nearly every inning.

A big Sunday crowd attended and saw a well-played exhibition, except in one instance when the fielders all stood still and let the ball drop between them. McInnis and Onslow furnished the feisty features for the Leafs, while O'Rourke starred for the Cobblers. A double-header will be played tomorrow, owing to the fact that Saturday's game was postponed because of rain.

On Saturday Binghamton had the better of a grand pitching argument against Peterson, and Binghamton defeated Toronto in the opening game of the series, 3 to 2. A double-header was scheduled, but rain stopped the second game in the last half of the fourth inning with Toronto leading by one run.

The sky was beginning to darken and the Leafs had scored one run in the first inning. Chis Hartman got into direct communication with one of Harper's slants, and the ball broke up the game. While the Binghamton batter was on the return, in the fourth inning, Smith pegged the ball to centre field and Gillespie threw it to the grand stand, and everything possible was done to stall off the game until rain could stop it. Wilson warned Binghamton to stop it or he would forfeit the game to Toronto.

Manager Gibson thought he would stick his case in and he told the Leafs to go out in one for one in the fourth when they were out, and when they got a hit to catch him off first, he stood dead about a foot from the bag and allowed McLarry to tag him out, completing the inning and putting the Cobblers at bat, but rain came down then.

Interprovincial Rugby Union Starts Again With Same Big Four

College Rules Adopted, and Now Legal to Make Hole in Line for Man With the Ball—Schedule Opens Early in October.

Montreal, Que., July 27.—To resume rugby football on a pre-war basis was the decision of the reorganization meeting of the executive of the Interprovincial Rugby Union, which was held at the house of the Montreal Amateur Athletic Association on Saturday. Hamilton, Toronto, Ottawa and Argonavis of Toronto, all of the original members of the union, were represented, and most optimistic over the outlook for the end of the season. It was pointed out that this will enable players to hold in break a hole to get thru. The other rule changed was the three-yard rule for making a hole in the line. The old rule made it necessary for a player to stand away from a player willing to make a hole at a distance of three yards. This has never been carried out, and the rule will now provide that a player shall be given a fair chance to make a hole. Since McEvoy and Percy Roberts were appointed as a committee to revise and amend the rules and submit the proposed changes to the union, previous to the annual meeting next autumn at the M.A.A.A. club house.

Secretary McEvoy was instructed to write to the clubs and inform them that their bond of \$1000 must be placed with the union prior to Sept. 1. The clubs will also be asked to name their representatives for the board of referees before Aug. 15.

Those in attendance: Argonavis, A. F. Thomas; Ottawa, G. A. Church; Hamilton, R. R. Isbister; M.A.A.A., R. E. McEvoy, Percy Roberts and E. S. Hamilton; President William Ewing.

The season will open a week before the interclubs, on Oct. 4, at Ottawa, and Toronto.

Oct. 11—Tigers at M.A.A.A., Argos at Ottawa.

Oct. 18—Argos at M.A.A.A., Ottawa at Toronto.

Hans Shut Out London; Club Bag For D. Stewart

Hamilton, July 26.—Morrisette and London's crack southpaw Okrie, were opposed to each other in Saturday's game, but the latter was yanked in the fourth, and Harry Alexander made the mound for London, after the Shagmen had accumulated seven runs. The support Okrie was miserable and he delivered a much better fate. When Dad Stewart stepped to the plate in the third inning, the game was halted while the Hamilton Club and supporters presented him with a club bag in view of his clean sportsmanship and his action in being yanked.

GOVERNMENT GIVES MEAGRE ENCOURAGEMENT TO MINING

Many Criticisms of Attitude of Officialdom Are Heard Among Mining Men in North—Misleading Official Reports Have Given Camps a Setback.

The ancient sage who searched diligently for an honest man had a comrade who had traveled the various mining camps of northern Ontario looking for approval of the attitude of the government of the bureau of mines in reference to the mining industry. "Dead-end," "fossilized," "less than 25 per cent efficient," "faded withered and unappreciative," are the characteristics of the miners that he has seen. MOTORS AND OILS NEW YORK LEADERS

Railway Stocks Are Only Laggards—Heavy Absorption of U. S. Steel. New York, July 26.—Moderate activity and general strength were the striking features of the week-end session of the stock market. All classes of issues traded in the advance except rails, in which trading was largely restricted to low-priced stocks.

Get in now on Davidson for substantial profits

HAVE you noticed the steady rise of Davidson? Substantial as it has been the upward swing has only begun. The stock is bound to reach much higher levels shortly. Our predictions this week have been more than realized. We look for a continued big buying movement. Shrewd investors will buy now while shares are to be had. Orders received by phone, wire or letter will be filled promptly.

MOVE IN CEMENT MARKET'S FEATURE

Advance of One and One-Half Points in Lively Trading. Canada Cement fairly overshadowed other stocks in the Toronto market on Saturday, this issue accounting for two-thirds of the trading in all stocks. Cement opened up half a point at 70 and advanced to 71, the full gain being obtained at the close with 71 bid and 71 1/2 asked. The turnover amounted to 623 shares. There was no explanation of the sudden upsurge of the demand for cement, and the movement appeared to be the result of the activities of Montreal on Albatross machinery crews bulging out from walk. Trading again served to draw attention to the fact that speculators have temporarily withdrawn from the local market and are attempting fortune in steel, motors or oils on the New York Exchange. The incident of the diamond drilling process, the discovery of this seam is said to mark the beginning of a new era in the development of the district. Peter Leach of Nipigon has a diamond drill working on the Nipigon range, and important discoveries are expected shortly.

FARAH IS TAKEN OVER BY STRONG SYNDICATE

An exceptionally strong American financial syndicate has taken over the Farah property in Cobalt. The claim consists of 38 claims and 1,800 ft. of Nipigon. Only a small amount of development work has been done on the property, although some highly promising surface veins have been traced on the surface. The owner, Pete Farah, had permitted the claim to lie almost dormant since the early days of Cobalt, and only recently started on an ore body of this kind. A company has been formed known as the Nipigon Extension, and this company will take over the Farah holdings and carry on development. Ample funds to make the Farah property a big proposition are already arranged for.

FIND OF HEMATITE ORE NEAR STEEP ROCK LAKE

Port Arthur, July 26.—One of the most important discoveries of hematite ore ever made in the northern Ontario district was reported today by the Mackenzie and Mackenzie interests at Steep Rock Lake, near Atikokan. A seam of ore-bearing quartz forty feet in thickness had been discovered by diamond drilling process. The discovery of this seam is said to mark the beginning of a new era in the development of the district. Peter Leach of Nipigon has a diamond drill working on the Nipigon range, and important discoveries are expected shortly.

KEORA SHAREHOLDERS

are requested by the company to send their certificates to the Union Trust Company, Toronto, to be registered in their own names so that information of importance, about to be issued, will be sure to reach them. WILLIAM B. GUNTON, Secretary.
