27TH YEAR 1917 SENATE P O

SIXTEEN PAGES—SATURDAY MORNING AUGUST 31 1917—SIXTEEN PAGES

JURY'S VERDICT MURDER STRONG EVIDENCE GIVEN

Bertha Pearsall, Inmate of Turner Home, Swears That She Saw Illegal Operation Performed—Girl's Sweetheart Testifies.

"We find by the evidence given that the deceased Rose Winter came to her death at 243 Poplar Plains-road in the City of Toronto, on the twenty-fifth day of August, 1917, as the result of a criminal operation performed by Mrs. Minnie Turner and that the aforesaid Mrs. Minnie Turner did thereby feloniously and wilfully kill and slay the aforesaid Rose Winter."

Bertha Pearsall swore last night that she saw Minnie Turner perform a criminal operation on Rose Winter, with whose murder Mrs. Turner is charged.

The jury spent an hour in deliberation after hearing the evidence and a short charge by Chief Coroner A. J. Johnson.

J. Seymour Corley acted for the crown by special request of the attorney-general, while A. A. Bond of Cook, Bond & Mitchell, appeared for the prisoner. She was in court but a few moments, being brought in a short time after the evidence opened, and retiring shortly afterwards.

Coroner Johnson's address to the jury was brief. "It is one of those sad cases," he said, "where a desire to evade the responsibilities of motherhood has led a woman to allow another to perform an operation on her child."

He pointed out that an abortion such as was charged was a double murder of the unborn child and of the mother. He outlined the evidence in brief.

The jury was made up as follows: W. H. Atchison, 281 College-street; Sam Egan, 223 Spadina-avenue; John Hamilton, 494 Spadina-avenue; William A. Ward, 287 College-street; T. H. Wicks, 318 College-street; Arthur Lonely, 273 Markham-street; George P. Mason, 487 College-street; John M. Cork, 458 College-street; F. R. Elliott, 128 Lippincott-street; W. Grieves, 933 College-street; John Corliss, 490 Manning-avenue; D. McCall, 95 Cameron-street; and Edward Devine, 394 West Queen-street.

Mrs. Turner's eyes were red from weeping and tears were coursing down her cheeks.

Dr. S. B. Pollard's evidence was along the lines of his statement as given in yesterday's World. Mrs. Turner, he said, had told him that the girl had come to her house to help her move from Shelley-street. She was sitting in a chair about a week before and had complained afterwards of cramps. It was at this time that Mrs. Turner asked for a response to a telegram telling of her father's death. When she returned the girl was in a serious condition.

In answer to Mr. Bond he said that both the girl and Mrs. Turner had repeatedly told the story of the fall.

Charles A. Connors, assistant of B. Humphrey, the undertaker, said a coffin, carriage, grave and hearse were ordered by Mrs. Turner. The price was about \$30, not including the grave. Mrs. Turner paid \$12 for the grave in advance.

Dr. Lohman said that he had seen a girl but did not remember her name or face as that of the "Winter" girl. He did not go to Mrs. Turner's home to see anyone, and did not know Mrs. Turner.

Dr. Jacob Zellinski said he did not know Mrs. Turner, and had not seen Mrs. Turner as far as he knew. This witness was handled by Crown Attorney Corley.

James Canty, sweetheart of the dead girl, went on the stand at this point. He was on the stand in the afternoon. He said he had known her since March of this year. He last saw her Tuesday night, Aug. 30, at the Turner home. This was in answer to a card from Mrs. Turner, asking him to call. He asked if the girl was seriously sick, and Mrs. Turner said she was.

Said No Blood Poison. He said she looked as if she had blood poisoning, but Mrs. Turner denied this, and said that Dr. Pollard was attending her. She added: "He is a very good doctor for anything like this."

Rose then said that the doctor said she had blood poisoning, but Mrs. Turner said he had just said that to frighten her.

He had seen her again, but Mrs. Turner had discouraged attempts, to notify other friends or to send the girl to the hospital, saying they could both be arrested. Mrs. Turner had told him of Miss Winter's death. Witness, at the girl's request, had burned her letters.

Dr. Silverthorne, who, with Dr. A. L. Graham, performed the post-mortem, said death was due to septic poisoning, due to miscarriage or abortion.

Dr. Graham corroborated this. Mrs. Turner had said she owned the trunk, but denied possession of the instrument when it was found.

Mr. Corley said that owing to the undermanned condition of the detective department he could not have all the officers present.

Saw Operation. Bertha Pearsall said Miss Winter had told her she was in trouble and had come to Mrs. Turner's to be relieved.

MICHIPICOTON IS A SECOND COBALT

Prospector Has Samples Which Indicate Vast Mineral Wealth in Northern Island.

JAMES CANTY.

SAULT STE. MARIE, Ont., Aug. 30.—(Special.)—A stampede to Michipicoton Island, rivaling the rush to Cobalt, is promised by the disclosures made in the Soo to-day by Gordon L. Michael, a well-known prospector.

Michael, who has been quietly prospecting in the island for some months, has returned to the Soo with a large number of samples, showing an extraordinary richness in native copper and silver. He has staked out three claims on the island, and says that he will not be long until the place is swarming with men, endeavoring to secure locations.

It has been known for some time that native copper existed on the island, but it was the general impression that the place was practically covered by the old patents and leases, which closed the country to prospectors.

While in Toronto in February Michael was surprised to learn that nearly three-fourths of the territory was vested in the crown, and open for staking under the Mines Act. Michael, who has always had great faith in the island, immediately started operations, which have exceeded his most sanguine expectations.

Prof. Wilms, one of the best mining experts in Ontario, had the following to say after examining the samples: "If the samples had come from Cobalt there would be a stampede at once. The specimens of silver are as good as any that have come from the Montreal section. Michipicoton Island is geologically like the Keweenaw Peninsula, and while very little prospecting has been done on the island, there is good reason to believe that native copper deposits, similar to those at Calumet, may be found there. Years ago nickel and cobalt minerals were reported from the island, also that the association of nickel, cobalt and silver is similar to that of the Cobalt district."

"It is generally assumed that the diabase intrusions of the Cobalt are of the same age as the similar intrusions at Michipicoton Island. The samples would make a seasoned Cobalter envious. They show native silver alloyed with copper, not float, but samples taken from mineral place and knocked out with a pick. The best native copper discoveries are of this nature, containing both iron and lime, this material forming a valuable flux for the highly silicious copper ores of Algoma."

Years ago nickel and cobalt minerals were reported from the island, also that the association of nickel, cobalt and silver is similar to that of the Cobalt district.

It is understood that Mr. Belcourt will be elevated to the senate. He has given up hope of a portfolio.

CRUSHED TO DEATH. Scarborough Man Between Lorry and Wall Succumbs to Injuries. Oscar Britton of Scarborough died in St. Michael's Hospital last night from injuries sustained by a C.P.R. lorry in the lane adjoining the Star Theatre yesterday afternoon.

Corner M. M. Crawford will hold an inquest. In company with Fred Howard, he was walking up the lane, and in attempting to pass the heavy wagon, it is alleged that the wagon backed up, pinning the unfortunate man. It was with great difficulty that he was extricated and taken to St. Michael's, where he died in a few hours.

OPIUM POISONING. William Clark Found on Street in Unconscious Condition. William Clark aged 35, a plasterer, boarding at 32 Mercer-street, was found in the street about 9 o'clock last night in an unconscious condition. He was on Weston Lane, where he discovered by the police.

He was taken to Grace Hospital, where the attending physician concluded that the man was suffering from opium poisoning. At midnight he was slowly regaining consciousness, and was pronounced out of danger. It is not known how the poison was administered.

The Sunday World. Visitors to the exhibition from all parts of the United States as well as all Canadians should get a copy of this week's Sunday World. The illustrated section offers particular value, containing twelve pages on the events and people of the day.

Here are some of the features: Pictures of the noted Canadian bands playing at the exhibition; 4 scenes at the grounds; an illustrated article on New York millionaires and their yachts; a group of the Sons of England Society; an illustrated article on Casa Bianca; a photograph of a brilliant young Chatham artist; pictures of the Western Lacrosse Club; executive committee A.O.U.W.; attractive homes in Toronto, etc.

Twenty-two pages giving the latest news from all over the world; the Saturday sports; special articles; carefully edited departments, etc.

Be sure to get a copy this week.

BRIDGE CO. IS HELD RESPONSIBLE GOVERNMENT TO SEEK FOR CAUSE

Phoenix Co. Said to Have Been Hurrying Construction at Risk of Safety—Experts to Make a Thoro Enquiry.

WARNING DAY BEFORE WHEN RIVETS CREAKED

QUEBEC, August 30.—(Special.)—The Phoenix Bridge Co. is held responsible for the collapse of the Quebec bridge disaster. There are sixty-one missing, fourteen found dead and eleven injured, many having only slight light hurts. Late this evening another body was taken from the wreck. The body was so placed in between girders that it could not be moved. Finally at low tide the body was taken out, it being found necessary to cut it in half to get it out.

OTTAWA, Aug. 30.—(Special.)—It is evident from the attitude assumed by the government that the responsibility for the Quebec bridge disaster will be laid at the door of the contractors.

S. N. Parent, chairman of the Trans-continental Railway Commission, states that the Phoenix Company of Pennsylvania had been rushing the steelwork too fast and that that company is responsible for all losses, and so will have to meet also the claims for damages by the relatives of those who have lost their lives.

He estimates the loss upon the structure at about one million dollars, and it is probable that the damages for loss of life will amount to half a million.

Mr. Parent is chairman of the Quebec Bridge Company. He left for Quebec this afternoon along with M. J. Butler, deputy minister of railways. The federal government has ordered an investigation. Henry Holgate, C. E., of Montreal, will conduct the enquiry and the other members of the board will be Prof. J. G. Perry of McGill and Prof. Galbraith, principal of the School of Practical Science of Toronto.

This action by the government has been taken on account of the public importance of the disaster, and not of any departmental responsibility. The engineers of the department of railways and canals, which alone is concerned simply certify to the amount of work put into the structure from time to time, thus enabling the contractors to receive instalments.

M. P. Davis, who was contractor for the piers and abutments, had some time ago handed over his work to the Quebec Bridge Co., and the same has been accepted by them; but if it should be that the trouble was due to any error on the part of the contractor, he is of course still fully liable and responsible for any losses and damages that have occurred.

It is generally assumed that the diabase intrusions of the Cobalt are of the same age as the similar intrusions at Michipicoton Island. The samples would make a seasoned Cobalter envious. They show native silver alloyed with copper, not float, but samples taken from mineral place and knocked out with a pick. The best native copper discoveries are of this nature, containing both iron and lime, this material forming a valuable flux for the highly silicious copper ores of Algoma.

The day before yesterday it was reported to Mr. Parent that one of the cables of the bridge had been twisted, which seemed to show the presence of some undue strain, but little importance was attached to this occurrence.

Cable Was Twisted. The day before yesterday it was reported to Mr. Parent that one of the cables of the bridge had been twisted, which seemed to show the presence of some undue strain, but little importance was attached to this occurrence.

As to the ability of the Phoenix Bridge Company, in the event of its being at fault, to make good any loss that has occurred, there is not the least doubt.

The company is one of the best on the continent. The plans for the structure were practically drawn by that company and were all gone over and signed sheet by sheet by Theodore Cooper of New York, who is recognized as well as the best living authorities on engineering calculations of this kind.

Not Fully Rivetted. An engineering authority in Ottawa, who has a knowledge of the bridge itself and who has received some messages on the subject, is of the opinion that the bridge was not properly rivetted, rather than to any structural weakness.

The Phoenix Bridge Company of Phoenixville, contractors for the steel work in this case, was the same concern as built the New York and Ottawa bridge across the St. Lawrence at Cornwall, which collapsed a few years ago, although it is but fair to the contractors to say that this Cornwall disaster was not due to any fault on their part, but to the shifting of the bed of the river.

Sympathy From Premier. Sir Wilfrid Laurier this morning sent the following message to Mayor Garnier of Quebec: "I pray you to express to the citizens of Quebec and to those who lost relatives and friends my profound sympathy in the awful disaster which occurred last evening. It is the duty of all not to lose courage. We must immediately apply ourselves to the preparation of the loss and to push the project with energy."

Arrested for Shoplifting. Mary Krome and Anna Koller, arrivals from Berlin, Germany, were arrested in Eaton's yesterday by Detectives Anderson and McKinney, charged with shoplifting. Under the capes of the foreigners were secreted three silk skirts and a brocade cape valued at \$80.

PHOENIX BRIDGE CO. IS HELD RESPONSIBLE GOVERNMENT TO SEEK FOR CAUSE

Phoenix Co. Said to Have Been Hurrying Construction at Risk of Safety—Experts to Make a Thoro Enquiry.

ARREST SUSPECT IN ARSON CHARGE

Ross Palmeter Taken in on Evidence Given at Inquest Held Yesterday Afternoon by Police.

Following the fire inquest held by Provincial Inspector Rogers at Dovercourt yesterday into a number of incendiary fires in the neighborhood, Ross Palmeter, aged 25 years, who with his wife lives on Dovercourt-road, was arrested last night by Constable Burns and County Constable Tomlinson, charged with arson.

Palmeter was taken on another street in the vicinity while undressing, and locked up in No. 1 police station, pending his removal to the jail.

It will be remembered that at the time of the several fires in Dovercourt the prisoner suffered the loss of a stable or large outbuilding.

The specific charge laid against Palmeter is that on Aug. 8 he set fire to an outhouse on Jameson's property.

The arrest was made on the advice of County Crown Attorney Monahan, after the evidence had been concluded yesterday.

Latterly Dovercourt Village has gained considerable prominence by reason of the numerous mysterious fires that have occurred there during the past three months.

With a view of clearing up the mystery, Provincial Detective Rogers, assisted by Acting Crown Attorney Monahan, commenced an investigation at the village schoolhouse this afternoon.

Altho 20 witnesses were examined, little light was thrown on the matter, so many startling rumors were circulated as to the cause, but these were not borne out by the evidence.

The star witness was Ross Palmeter, an expressman and carter, whose name was frequently mentioned by other witnesses and who has lost his home, stables and a valuable horse thru the fire.

The strange feature about him was the fact that he was nearly always the first man to discover an outburst. He was severely questioned as to his movements on the dates of each fire, and gave a reasonably feasible story, but when pressed on any specific point, suffered from a very defective memory.

His story was corroborated in all points save one by his wife, and she insisted she was the last to leave the house on the night of her fire, despite the fact of Palmeter asserting that she had gone some five minutes previous to his leaving the house.

Palmeter also produced his diaries to confirm his statements. In cross-examination it was discovered that both he and his wife had separate keys and could enter or leave at any time.

In addition to Palmeter and his wife evidence was given by Norman Jamieson, H. Fletcher, Isabella Hopkins, Charles Clayton, Esther McLaren, W. Potter, James McLaren, W. Robinson, F. Thompson, W. McKeel, Sarah Mallett, J. Warburton, Minnie Mathews, H. Burns, W. A. Graham, J. J. Littler, Lucy Fairbairn, Chas. Gooderham and H. J. McKeel. All of them are of opinion that incendiaries are the cause, and that Palmeter knows more about the outbreaks than he has divulged.

The enquiry was adjourned until Sept. 7, when it will be resumed at the city hall.

Mrs. Mallock, a witness in the case, is following the steps of the school at the noon hour adjournment, when she fell, striking her head, and was picked up unconscious. Her removal to her home and medical attendance.

BLEW OUT GAS. Farmer Found Dead in Riverdale Hotel With Gas On. A farmer of the name of J. Johnson, from Usbridge came in to attend the fair and registered at the Riverdale Hotel.

On going to bed he blew out the gas. In the morning he was found lying on the bed, fully dressed, dead. On his person was found \$35 and tools belonging to the painting trade. Dr. Graham will hold an inquest.

VEVUSIUS ACTIVE. Ominous Rumbles Heard and Dense Smoke Issuing. NAPLES, Aug. 30.—Ominous rumbles and smoke is issuing from the crater. As a result the inhabitants of the villages surrounding the volcano are in a state of great alarm. These are the first signs of volcanic activity since the eruption of March, 1866.

A VALUABLE REMINDER. Torontoians and visitors can do a profitable business of this day contemplating the purchase of furs for the coming season. Dimeen's, the famous furriers and hat makers, have been allowing a 25 per cent. concession on fur purchases during August.

Now bear in mind that 'tis is the last day of the month and that the furs will resume regular prices on Monday. So call in to-day and see what you can save. You will be interested in the beautiful exhibit, which cannot be surpassed anywhere. Your purchase will be carefully stored until wanted.

The palatial store at Yonge and Spadina-streets will be open to-day. Saturday is always a busy day for Dimeen's hat salesmen. The old firm have the newest ideas of the best makers in headgear, and prices are reasonable.

THE PIER, FROM A FRONT VIEW.

ELECTRIC CARS CRASH 15 DEAD, 50 INJURED

Terrible Catastrophe Follows Collision Due to Confusion or Orders Received Over Telephone.

MATON, Ill., Aug. 30.—Fifteen persons were killed and about fifty injured to-day in a head-on collision between an inter-urban express train, consisting of a motor car and a traction electric car on the Maton and Charleston road, at a sharp curve, one mile west of Charleston, Ill. A confusion of orders received over the telephone is said to have been the cause of the accident.

The cars approached each other at high speed and the impact was so terrific that the motor car and the trailer were telescoped by the traction electric car. Most of the passengers were going to the fair at Charleston.

Maton sent special cars to the wreck and the dead and injured were brought to the morgue and the hospital. Several of the injured may die. The dead: Neal Purgate, Chas. Ill.; Thea Weakly, Maton, Ill.; William Nelson, North Okawa, Ill.; Chas. Nelson, young son of William; Howard Cole, boy, Cooks Mills, Ill.; Harold Cole, boy, brother of Howard; Zach Vandevanter, Maton, Ill.; Edward Reynolds, Paradise, Ill.; Albert Smith, Maton, Ill.; W. A. Price, Maton, Ill.; Douglas Logan, Humboldt, Ill.; Edna Walslein, Cooks Mills; three unidentified bodies.

Seriously injured: C. C. Armentrout, Mrs. Armentrout and two children, Chas. Joseph, Salisbury, Ind.; Samuel Boyer, James Casstevens, Gays; G. W. Davies, aged 89 years; Alex. Miller, North Okawa, Ill.; Mrs. Sarah Phillips, A. J. Phillips, Otto Towers, Humboldt; Grace Young, legs crushed; Wm. Swies, Gays; S. F. Enos, Maton, both legs broken; Chas. Jones, ribs broken and injured internally.

Doctors and citizens hurried from Charleston to the disaster, dragged dead and injured from the broken mass of timbers and seats, and gave first aid to the injured.

The train was derailed along the track to Charleston, because the track was blocked in that direction and the rear car from Maton was derailed. The line on which the disaster happened is twelve miles long, running between Maton and Charleston, Ill., and has but a single track. Telephones are placed every two miles for orders to be transmitted to the cars passing over the road.

As he was enchanted to meet his audience within their beautiful city, and acknowledged their splendid reception, of which he felt he was not worthy. He recalled the policy of Sir Charles Tupper. Many in Quebec did not realize that his position in 1905 was precisely that of 1898.

The opposition leader was loudly cheered, as he concluded, and was evidently touched with the warmth of the tribute tendered him.

Proceeding in English, Mr. Borden expressed belief that the Conservatives would soon be recalled to office, and showed an absolute fearlessness.

On the autonomy matter, Mr. Borden said he stood by his attitude in 1906, and for the policy of Sir Charles Tupper. Many in Quebec did not realize that his position in 1905 was precisely that of 1898.

BORDEN AT THREE RIVERS GIVEN FINE RECEPTION

Audience of 5000 to Hear Him—Representative Gathering on Platform.

THREE RIVERS, Que., Aug. 30.—(Special.)—This pretty little town was the scene of considerable excitement to-day in

Hamilton Happenings

HAMILTON, Aug. 30.—Some of the Conservatives are anxious to have Hon. John S. Hendrie selected as the Conservative candidate for the house of commons in West Hamilton. Mayor Stewart is also spoken of. Both the present members, Adam Zimmerman in the west and Samuel Barker in the east, will run again. Aid. Peebles is a possible Liberal candidate in East Hamilton.

The summer cottages of James Balfour and George Petrie at the Beach were burned to the ground early this morning. The Beach commissioners have passed a bylaw prohibiting all sorts of amusements on the Beach. The bylaw is aimed specially at the Lacrosse Park, and there is considerable dissatisfaction among citizens over this action, although it is said to meet the favor of a majority of the Beach people.

Smart Topper Coats For the Boys

Boys, like men, require clothing suitable for the changeable climate. These cool nights suggest the need of a Light-Weight Top Coat, and every boy should have one. We placed in stock this week some handsome coats, cut on new lines, and very swaggar and natty. Priced very moderate, from \$5.00 to \$8.50.

"COME ON IN" with the boys for Toppers.

TWO-CENT RAILWAY FARES BOOST COMPANY RECEIPTS

New Law, Instead of Being Confiscatory, Increases the Revenue.

ST. PAUL, Minn., Aug. 30.—The junction suits now in the federal court in which the state has been made defendant are practically directed at the commodity rate law, the two-cent passenger law is also involved, and, in anticipation of a hard contest, Attorney-General Young and his assistants have just compiled figures covering the passenger law.

They show that the two-cent passenger law, instead of being confiscatory, is directly the reverse of the figures from the roads' own compilations, furnished at the request of the railway and warboard commission. The figures furnished the commission are the passenger revenues for the months of May and June, the two months that the two-cent law became effective, and compared with an average two months' business for the previous year, showed marked increase for all roads with the exception of three, the Soo, Minneapolis and St. Louis, and the Chicago and Great Western.

Figures are given for local passenger business only, and the entire Minnesota business, which includes state and interstate traffic, starting and ending in Minnesota. It is the former, that will enter into the state's argument, which will be made in refutation of that of the railways in the federal court, Sept. 30.

Royal Arcanum Tent. The Royal Arcanum has a tent on Society Row for the first time, and invites all members of the order and their friends to come in and rest, leave their bundles and register.

NEW STREET CAR LINE WILL GO BEFORE COUNCIL

Rejected by Works Committee But Endorsed Later by the Controllers.

Yesterday was a busy day at the city hall. In the forenoon the board of works struck out a number of new street car lines recommended by Chief Engineer Rust. In the afternoon the controllers reinstated them, and the entire recommendation as reported by the engineer will go before council Tuesday.

The new lines recommended are: 1. Double tracks on University-avenue from Queen to College. 2. Double tracks from King and Jarvis to Dupont and Christie-streets via Jarvis, Adelaide, Niagara, Queen, Clarence, Mansfield, Bloor, Clinton and Christie-streets. This recommendation is split up into the following sections, (a) on Clarence, from Jarvis to Adelaide; (b) on Niagara, from Adelaide to Queen; (c) on Clarence, from Queen to Mansfield; (d) on Clinton-street, from Mansfield to Bloor; (e) on Christie, from Bloor to Dupont. Controller Hooker insisted that this route should be recommended as one line. Mr. Fullerton will be instructed to redraft it accordingly.

WILL ENTER R.M.C. Only Six Candidates for Admission Failed to Qualify.

KINGSTON, Aug. 30.—(Special).—At the examinations held in different parts of the country for entrance to the Royal Military College only six failed, and the names of the successful ones now registered and who will form the incoming class of recruits are:

CONCERNING THE BRIDGE. Details of Construction Giving an Idea of its Imminency.

The following facts and figures concerning the Quebec bridge are of interest: Type of bridge, cantilever. Total length of bridge between abutments, 3220 feet. Consists of two deck truss approach spans, each 210 feet long; two anchor arms, each 500 feet long; two cantilever arms, each 562 1/2 feet long; one suspended span, 675 feet long, the longest simple truss span ever built. Central span, 1800 feet, the longest in the world.

Type of trusses, pin-connected. Width, centre to centre of trusses, 67 feet. Depth of trusses varies from 97 feet at the portals to 815 feet over main piers.

Clear headway over high tide, 150 feet, for a width of 1200 feet. Height of peaks of main posts above the bridge, 400 feet. Capacity, two railroad and two electric railway tracks, two roadways and two foot walks, all on same level. Total weight of steel in bridge, 35,500 tons.

Weight of heaviest single bridge handled, 100 tons. Longest single section shipped to bridge site, 105 feet. Eyebars, the largest yet used, with a maximum of 66 on one pin. Diameters of pins from 9 in. to 24 in., and up to 10 feet in length. Total number of field rivets to drive, about 550,000.

Type of traveler used for erecting tower, cantilever arm trusses, gantry, running outside of trusses, on tracks at about four level, and spanning highest point of bridge. Weight of gantry traveled, fully

rigged, with all accessories, 1000 tons. Steel wire cable on traveler, 7 miles of 7-8 in. 1-in. 1 1/2-in., 1 3/4-in., and 2-in. Grade of 1 per cent. on each end, connected at centre by vertical curve, 1125 feet long. Most complicated shop work was on the main pier shoes, the detailed drawing for which took one draughtsman six months to make. These shoes weigh 73 3/4 tons each. Main piers built of concrete, faced with massive, rock-faced granite, were sunk with pneumatic caissons 150 by 49 feet and 25 feet high. The tops of these piers measure 133 by 30 feet, and contain 35,000 cubic yards of masonry. Anchor piers, built of concrete, faced with granite, are 30 by 111 feet at base, 56 feet high from bottom of anchorages to top of caissons, 150 feet at the coping, and contain 14,000 cubic yards of masonry. Abutments, built of concrete, faced with granite, are 80 feet wide, 40 feet deep, and contain 4000 cubic yards of masonry. Owing to the severity of the weather it is necessary to suspend work between Dec. 1 and April 1 of each year. Up to March last, it had cost \$4,242,154.

DEATHS IN THE CITY.

Mary Forbes, 130 Carlton-street, 35, Aug. 20, tuberculosis; Dr. A. Shore, Victor T. Pallen, Aug. 28, aged 33 months; Westmoreland-avenue, cholera infantum; T. McFarrell, M.D. Mary E. Mitchell, Asylum, Queen-street, 48, enteric colitis; W. C. Ross, M.D. Albert Edgar Coates, 125 Berkeley, 6 weeks, gastric affection; R. C. Coatsworth, M.D. Wesley Allen Keane, 203 Borden-street, months, inanition; M. S. Harrison, M.D. Frances May Moore, aged 38, 28 Harcourt-avenue, carcinoma of stomach; M. A. Fish, M.D. George Friedman, Aug. 31, 78, Leavelle-street, 6 months, cholera infantum; W. T. Parry, M.D. Cecelia J. Kelly, Aug. 29, 5 years, 204 Farley-avenue, pneumonia; A. W. Canfield, M.D. Toronto General Hospital, 40, tubercular infection; Graham, M.D. Nicholas Murphy, 65, Church and R. R. Hopkins, M.D.

Students' Baggage and Other Needed Supplies

The vacation season is over, but we have still one more duty to perform before entering upon fall business. The next few days will witness the departure of a number of young people for distant colleges and schools, and they must be provided with good baggage and other needed supplies for which we are headquarters, and of which this partial list is suggested.

MARVELOUS SHORTHAND TRAINING

The following letter from the well-known firm of McKendry & Co., 232-238 Yonge-street, ought to interest all young people contemplating a shorthand course. Mr. J. C. Clarke, Clarke's Shorthand College, Church and Carlton-streets, Toronto: Dear Sir,—We are delighted with the young ladies whom you recommended as shorthand writers and typists. We consider that your system of teaching must be simply marvelous to turn out one so competent in so few months. We have had some operations, whose work was not nearly so good as that of your pupils. Thanking you for your kindness in the matter and wishing you great success, we are, yours truly, McKENDRY & CO. NOTE: Fall term commences Tuesday, Sept. 3rd.

E. PULLAN

begins TUESDAY-SEPT. 3rd. This old established and reliable school provides the very best facilities, and charges moderate rates. Tuition for three months \$25, six months \$45. None better. Write, telephone or call for particulars. Main 1135. T. M. Watson, Principal.

REAL ESTATE MARKET "EX" STARTS ACTIVITY

Every Branch of Building Industry Active - 116 Permits Issued in Week

The real estate market still maintains the healthy conditions which marked the opening of the month. Several sales have been completed of medium-sized properties, whilst the demand for small houses and lots increases and everything on sight quickly changes hands.

Building operations continue with unabated vigor, permits for 116 new houses having been issued during the past week by the city architect. The value of these and alterations to existing houses totals \$7,190,825.

Amongst the more prominent are the Ontario warehouse on Bay-street, Eaton's new addition at the corner of Yonge and Albert-streets, Andrew Lanning Co.'s new warehouse in Spadina, the Minerva company's factory on College, the handsome new physics laboratory of the Toronto University in Queen's Park, a couple of large warehouses on Bay-street, and not least, the several new banks.

If a nation's prosperity is reflected by the number of banks doing business, then Canada in general, and Toronto in particular, should be in a very flourishing state.

The Royal Bank is erecting an imposing structure on East King. The Bank of Toronto will soon open a new branch on Yonge-street, whilst the Bank of Nova Scotia is contemplating extensive additions to its premises on King-street, which will give an entrance on Melinda-street. Molsons handsome new premises on Bay-street will be ready for occupation within a very short period.

BRADSTREET'S TRADE REVIEW. Montreal trade reports to Bradstreet's show a general business in all lines here continues to move satisfactorily. On every hand there are still to be heard complaints regarding the tightness of the money market.

Authorities to Prosecute. SAULT STE. MARIE, Ont., Aug. 24. - Cyrus Gillette, the soldier who shot and killed Miss Elizabeth Cadenhead, while attempting to prevent the escape of a prisoner, and who was recently acquitted in court-martial on the charges of involuntary manslaughter, was taken into custody this morning by the civil authorities, who will prosecute him in the civil courts.

ASSERTS SOUL IS MATERIAL. IT CAN BE WEIGHED. A Boston man says the soul can be weighed. He knows this because he has tested a lot of cases before and after death.

Don't Look Old. Before you have to say you are old, you should have used Dorenwend's Patent Toupee.

Dorenwend's PATENT TOUPEE. Health Requires Them. Beauty Demands Them. Common Sense Prompts Them.

Does The Morning World reach your home before 6.30? If it does not send in a complaint to the circulation department...

A LITTLE BETTER.

With the Hon. George P. Graham the department of public works at Ottawa, there is exemplified the old saw, much debated in rural schools...

RAPID FIRE EDUCATION.

Everyone should see the national exhibition. Better than anything else we can think of at this writing, it represents the full measure of Canada's progress...

A TRAVELER COMPLAINS.

Editor World: I desire to place before you and thru the columns of the World, a few observations on the accommodations provided by the G. T. R. on the train between Jarvis and Canfield Junction.

QUEBEC.

The frightful casualty of the Quebec bridge is a national calamity, but it is a calamity that falls with crushing force upon the good people of our ancient capital.

A New Electric Light.

There seems to be no limit to the progress that can be made in electric lighting. The subject is one that has been attracting the attention and calling forth the best efforts of scientists for some years past...

THIRTY DAYS FOR SHOOTING.

For snapping a revolver at his wife, Charles Saunders, was sentenced to thirty days in the County Jail by Magistrate Denison in the police court yesterday.

UNIVERSALLY PRESCRIBED FOR HAY FEVER.

Scarcely a doctor but recommends his patients to use Catarrhazone for Hay Fever. It contains no opiates, is antiseptic, pleasant, sure, stops running of the eyes and nose, prevents sneezing, itching, and fever.

WINDSOR TABLE SALT never cakes.

The sparkling crystals keep dry and full-savored to the last. Of course you use it!

TEACHERS' PAY PROBLEM.

Harpur's Weekly: Are they mere wage-earners, entitled to no more than their market value? Are they educators, entitled to pay based on the value of their services?

Thru the smoke (or rather the dust) and confusion of the agitation emerged at this juncture the unfringed and dignified figure of the business man...

It should be built, and it cannot be finished too soon, but it must cease to be a mystery. If must be built by the Dominion Government because the people of all Canada are to pay for it.

It is several hundred feet of elevation from the north side of the bridge to the water level.

Death came to eighty workmen by the Quebec bridge collapse. That is the outstanding human fact resultant upon this disaster.

Blame for this needless waste of human lives must be assessed. This is the first duty of the Dominion Government. This will enable those who were dependent upon the slaughtered workmen to seek necessary but hopelessly inadequate compensation.

When it comes to paying higher salaries, the taxpayers' representatives can only tell the conditions they don't like to pay. But if, after a thorough deliberation, the teachers should decide that they don't like the conditions they don't need to stay.

It is a difficult problem to solve. But if we do not solve it now, we shall have to later; and the longer we wait the harder will be the task.

AT OSGOOD HALL.

J. A. Riddell of Sundridge obtained certain goods from Charles M. Home, Ltd., on which the company claim there is a balance due them of \$238.62.

Application Failed. Master in Chambers Cartwright has given judgment on the application of Brun F. Sutherland of the Ontario Life Assurance Society of the United States to produce certain books and documents for use on the examination for the license of George L. Broughall.

William Brown who is now said to be living in Weyburn, Sask., while living in Ontario, it is alleged, promised to marry Sadie McFadden, an actress, who he had seduced.

James J. McConvey has issued a writ of summons against the Cobalt Lake Mining Co., Ltd., Henry M. Pellatt, Thomas Birkett, British Officer of Toronto, and G. F. Henderson, D. C. Rochester of Cobalt, Raymond Manca and J. H. Avery of Detroit, asking for an account of the dealings of the defendants as directors of the sum of \$2,540,000, balance on certain stock.

Jennie Hude of West-avenue, Toronto, is seeking to recover \$10,000 from Philip Jamieson as damages for an alleged slander.

Taylor, Scott & Co. have begun an action against the Molsons Bank and A. Gardner & Co., claiming an injunction restraining the defendants' working of the bank's office in the west wing of the Bank of Montreal building, where its power station is located.

The Berlin Hotel Company and A. O. Boehmer are made defendants in an action brought by R. W. Horton who is claiming \$175.12 for services rendered to the defendants, and in the alternative against Boehmer, by way of damages for breach of warranty.

NEW YORK, N.Y., Aug. 30.—The application of J. A. Allen, a Broker street lawyer, to oust the curb brokers from their stand near the intersection of the Bank and Exchange place, was denied today by Supreme Court Justice Guy.

Hearing of the charges against Manager Bailey of the King Edward Hotel and a number of manufacturers for infringing the strike by-law, was adjourned by mutual consent until Sept. 4.

D. Snider of Waterford, Conservative candidate in the last provincial election for North Norfolk, called at the parliament buildings yesterday.

Political Intelligence

A vacancy in the representation of the riding of Brockville is automatically created by the acceptance of an officer of emolument under the crown by its former member, Hon. George H. Graham, who was sworn in yesterday as minister of railways and canals in the Dominion cabinet.

St. John Sun: And now again Sir Wilfrid has dared, in the public interests, to set aside the undeniably strong claims of such devoted and useful party followers as Mr. Carvell in New Brunswick and Mr. Pardee in Ontario, and to give the two most important departments in his government to men untried in Dominion politics.

Mr. Graham's elevation also creates a vacancy in the leadership of the Liberal party in the legislature. When Mr. Graham was chosen by his colleagues the next choice was A. G. Mackay, who also was a survivor of the Ross government. Mr. Mackay is undoubtedly the strongest man on the liberal side of the house.

At the next provincial general election there will be a considerable change in the personnel of the opposition. A number of those now in the house are going to retire, and a number of others are going to seek seats in the Dominion house.

 More open till 8:30 Saturday, Aug. 31.  
 Closed all day Monday—Labor Day.

**OF SPECIAL INTEREST TO VISITORS**  
 Our reputation for fine linens is well known to Toronto people, but out of town people are not so well posted. Just now we are making a large display of Fine Irish Linen Hand Embroidered Bed Spreads, which, in spite of the stiffness of the linen market, were secured by our buyer in clearing the lot at 20 per cent. below regular prices. They go to you at a proportionate reduction, selling from \$7.50 to \$25.00 each.

**FINE H. S. TOWELS**  
 Several dozens Pure Linen Huckaback Towels, with handsome hemstitched damask borders, regular \$8.50 value, clearing at \$7.00 dozen.

**DRESS FABRICS**  
 A reputation like ours for Dress Fabrics requires an effort to live up to, but we can truly state that this summer's aggregation of fashionable fabrics is well worthy of us.

**SUIT MAKING TO ORDER**  
 Our capacity for Ladies' Tailoring this season is considerably increased. Despite this, however, we are rapidly reaching the point where delayed deliveries will be inevitable. Half the pleasure in a new suit is in getting it home when promised. This we always endeavor to carry out, but you must not leave your order too late. Place it this week.

**TRAVELING RUGS AND WRAP SHAWLS**  
 Of special interest to the many visitors in our city just now is our wide-ly-known stock of Fine Wool Traveling Rugs at every price, great numbers representing the SCOTCH CLEAN AND FAMILY TARTAN PATTERNS, which are also shown in a great range of other goods: DRESS GOODS, OPERA BAGS, NECKTIES, HANDKERCHIEFS, SASHES, etc.

**JOHN GATTO & SON**

tains the weight of the structure suspended over the river. There would be another anchor pier at the other end of the river when the whole bridge was completed, and these two would, with the overhead arch, hold the bridge up, so that no pier would be necessary from one shore to the other.

M. P. Davis of Ottawa, contractor for this anchor pier, says this theory is not correct, as the pier is still in good condition. Therefore, it must be either that there was a fatal engineering miscalculation as to the weight that could be allowed to sway out over the river before completion, or that the bridge being able to sustain itself, there was too great a weight placed at one of the crucial points of its structure, or that the anchor pier, combined in letting the bridge down.

**After Drugs Fail--I'll Cure You**  
 Go try them all; drugs, dose, patent nostrums and doctor's concoctions, and after you have found by experience that none of them will help you, then come to me and I'll cure you, Nature's way.

I've quit asking people to come to me first; to do so would save them many a dollar and lots of useless suffering, but experience is the best teacher, and the only thing that will really convince a skeptical mind.

engaged in the work that such a catastrophe would occur, for they considered that the extension from the stop water pier was too weighty to be supported by that section inside the pier, and the day before yesterday several of the men heard the rivets crack.

Some of them did not return to work yesterday thru fear, but others thought this might be attributed to merely the settling down into position of the massive structure. However, a minute examination will be conducted by engineers and the truth will be learned shortly.

The removal of thousands of tons of debris will involve several months. To weigh 40,000 tons.

No less than 50,000,000 lbs. of steel are required for the bridge, and nearly half of this was in position when the collapse occurred. Some of the lower chord pieces weigh 100,000 lbs. each, the main pieces 65 tons each, and the floor beams 30 tons each. Up to the present time nearly 45,000,000 has been spent on the bridge, and the work for superstructure.

J. S. Deans and A. B. Milliken of the Phoenix Bridge Company, and M. Zelak, one of the principal civil engineers of the company, will be here to-morrow to investigate.

It is said that J. S. Butler, deputy minister of railways, and Collingwood Schreiber will investigate the circumstances connected with the accident on behalf of the Dominion Government.

Bridge Company Silent.  
 PHILADELPHIA, Aug. 30.—The Phoenix Bridge Company, which has the contract for building the bridge which collapsed yesterday near Quebec, has officers in this city. The

**After Drugs Fail--I'll Cure You**

Go try them all; drugs, dose, patent nostrums and doctor's concoctions, and after you have found by experience that none of them will help you, then come to me and I'll cure you, Nature's way.

I've quit asking people to come to me first; to do so would save them many a dollar and lots of useless suffering, but experience is the best teacher, and the only thing that will really convince a skeptical mind.

I used to prescribe drugs for my patients, just as much as any other doctor. I knew I was deceiving them when I told them I could cure with drugs. That's why I quit. The time is near when doctors who use drugs will have to abandon that system of treatment for the natural treatment—electricity.

Why, famed Professor Osler, a world-famed scientist, who said recently that most drugs are worthless. The American Humane Association says that the average length of human life would be diminished by an hour if all the drugs of Christendom were dumped into the sea-burning perhaps, half a dozen.

How does electricity cure? You ask. By helping Nature. Nature will cure you if she has the power. Electricity is that power. Understand that your machinery is run by electricity. The stomach, heart, liver, kidneys and digestive apparatus, which is created by the digestion of food in the stomach. Most sickness and chronic disorders can be traced to the failure or breaking down of one of these organs. The reason any part fails to do its work is because its supply of electricity is insufficient. Restore that force and pain and sickness will disappear.

Electricity is nerve-food—nerve-life. It makes vigorous men out of weaklings.

I have the most successful method of applying electricity. It has taken me twenty-years to perfect my appliance, and I know what I can do.

My Electric Belt is worn while you sleep. Just put it on and turn on the current. There is no shock or burn.

**Pay When Cured.**

THE FAIR FOR FIRST FOUR DAYS SHOWS INCREASE OF 30,000

CROWDS AT THE FAIR AHEAD OF LAST YEAR

Management Has Glowing Comparisons to Announce—Pressmen Had a Good Time—Odd Items of Interest.

The newspaper men of the country were exalted among their fellows by the exhibition management yesterday. The exhibition management yesterday. The exhibition management yesterday.

The prospects for a tremendous influx of visitors to the fair next week are the brightest, and it looks as though the three-quarter million mark in the attendance is to be passed with ease.

During the morning the escape of one of the cats on exhibit provided some lively moments, and resulted in first aid to the injured being necessary.

There will be a great foregathering to-day of the men who knew Toronto in the days when this city of 300,000 was in its infancy.

Kittens Have Gone. The cat show closed last night, and about ten scores of tales are once again in the possession of their owners.

Cook's Cotton Root Compound. The great Uterine Tonic, and only Regulator which women can depend on.

COMMERCIAL TRAVELERS' AND PIONEERS' DAY

- 8.00 a.m.—Gates Open. 9.00 a.m.—Art Gallery and All Other Buildings Open. 9.00 a.m.—Last Day of Cat Show. 9.00 a.m.—Judging Poultry and Pet Stock.

- 1. Overture, "Tannhauser" Wagner 2. Idyl, "Passing Fancies" Hause 3. Characteristic Dance, "Frolic of the Brownies" Duss

- 1.00 p.m.—Pioneers' Luncheon. 1.00 p.m.—Galt Kilies' Band. 1.00 p.m.—Judging in Front of Grand Stand, Standard-Bred Stallions, 4 years old and upwards.

- 1.45 p.m. to 4.20 p.m.—Judging Pair of Matched Roadsters, Single Carriage Horses, Pair of Horses (15 hands and over), Pair of Horses (Geldings or Mares), Saddle Horse (not under 14.2, driven by lady), and Hunters (open to Horses owned and ridden by members of the Toronto Hunt Club).

- 2.00 p.m.—Butter-Making Competition. 2.00 p.m.—Free-for-All Trot and Pace, First Heat. 2.20 p.m.—Free-for-All Trot and Pace, Second Heat. 2.45 p.m.—Competition of Runabout Class for King Edward Hotel Cup.

- 2.50 p.m.—Free-for-All Trot and Pace, Third Heat. 2.30 p.m.—Grand Stand Performance. 3.00 p.m. to 5.00 p.m.—57th Regt. Band (Peterboro) on Grounds. 5.00 p.m. to 6.30 p.m.—Galt Kilies' Band (on Grounds). 6.15 p.m. to 7.15 p.m.—Duss' Band in Front of Grand Stand.

- 1. Overture, "Hungarian Lustspiel" Keler Bela 2. Mazurka, "Blue Violets" Eilenberg 3. Fantasy, "The Rose, the Shamrock and the Thistle" Baetens

DEAD PLACED AT 63 AFTER NIGHT OF HORROR

Rescuers Unable to Do Much for the Injured, and Means Die Away.

QUEBEC, Aug. 30.—(Special.)—After a night of horror, a pall seemed spread to-day over the city.

It is definitely known now that the number of dead is sixty-three. Of these eighteen are Americans, twenty-seven Indians and eighteen French-Canadians.

John Adams, one of the few who escaped from the wreckage, told the following story this morning while he lay on a couch, with one of his arms completely severed from his body.

"I remember distinctly descending and hearing a fearful crash, but I lost consciousness at that moment and recollect nothing further until I found myself pinned down by a depth of iron.

At daybreak this morning the gruesome spectacle was revealed. Part of the water line, but the great mass of it had disappeared below. Soundings were taken at 9 o'clock showing that the bottom extended beyond the deep water pier resting in a depth of 39 feet of water.

Boats and tugs carried a heavy quota of human freight to the scene of the disaster to-day. Charitable merchants despatched coats and clothing, but unfortunately they were not in demand, for but few survived, ten in all escaped.

Gratifying to Canadians. Good Canadians will be gratified to hear that the celebrated Canadian Mineral Water radior is growing steadily in popularity, both here and abroad.

Letters on the Exhibition.

—By DR. QUILL—

Editor of The Illuminator: My Dear Sir,—With your indulgence, my good friend, I shall occupy a short space of your valuable paper.

I regret as much as they do that other duties have prevented my venerable neighbors from attending the Exhibition. Some are seated to-day "watching the gap" as the last load of another harvest is being secured.

Let me hasten to describe a spot where Neighbor Jones would enjoy a first-class smoke. It is a genuine log house, situated beside the bay, in a rather shameful situation of obscurity.

But should Neighbor Jones sit long, and pull his whiskers in a reminiscent mood, while he talked of the why and wherefore of a shanty he himself built, we must not forget that only Granny Smith could set about such housekeeping as would tidy up that queer old cupboard, light the fireside with the old candlestick and ply the spinning wheel with her foot.

Then I hope Squire McDougall will sit this letter, for I want him to know that it is possible to sit in Wm. Lyon Mackenzie's chair. It is the truth, because we risked it ourselves.

I am afraid, by this time, that the "cows will be in the corn," with our old friends neglecting the gaps. However, there is still another thing which has caused, I am sure, many arguments about our rural postoffices while awaiting mail.

Now, Mr. Editor, in conclusion, it is only fair to refer to Press Day at the Exhibition. I was really disappointed to know that you were not coming. In the first place, because you should have seen the little cattle-pen, with its dozen stalls, devoted to this peculiar exhibit of humanity.

Well, thanks for this space, and best wishes.

### C. A. BURNS, General Manager and Auctioneer.

### MAGNIFICENT BUILDINGS.

In looking over the exhibition grounds this year, a vast improvement over previous years is very noticeable, especially in the different buildings which have been erected here for years, and which are not only a credit to the directors of the fair but to the city as well.

The architect and the contractors who were associated with them are to be complimented upon the work, and many visitors at the fair this year have been coming here for years, and marveled at the amount of money which must have been expended by the management to make the improvements.

The horizontal building, especially at night, when it is illuminated, is considered by many as the main feature of the exhibition, while the grand stand, which is the largest covered stand in the country, is also a marvel.

Undertakings of this kind are naturally very expensive, and it is only natural that the management would give the contractors to reliable firms. In this instance it goes to the credit of the Exhibition Company, manufacturers of and contractors for architectural sheet metal work for buildings, were the men who do the sheet metal work on both these buildings, and they have been complimented from various sources. The work around the glass dome on the

Occupying a spacious corner in the new railway building is the glass-blowers' performance. The tent is situated just a few steps east of the grand stand.

G. H. Johns, already well-known to the exhibitors, is the main feature of the performance, but his troupe all show very much skill. There is no fakery about this performance, and everything is done on a board in plain view of the spectators.

Exhibition in Billiards. Samuel May & Co. have an exhibit of high-class English and American billiard tables in the manufacturers' building.

The exhibition in the glass-blowers' performance is a new sensation every minute and one does not want for excitement while being assured of perfect safety at all times.

Excitement and as the cars travel thru the scenic houses one gets the impression of traveling on a rapid train thru magnificent scenery of the lake and forest.

For Bakers and Butchers. Scales of all sizes and appearances, but all of the best quality, can be seen at the exhibit of the E. Wilson Co. in the machinery hall at the exhibition grounds.

The Doberty Manufacturing Co. is making a specialty of the World's Favorite Stove at this year's exhibition.

One of the features in the Midway at the exhibition grounds is the glass-blowers' performance. The tent is situated just a few steps east of the grand stand, and has already attracted a large number of people.

## Suckling & Co.

ENORMOUS SALE OF MEN'S Ready-to-Wear Clothing

A LARGE CLOTHING MANUFACTURER who has had his deliveries cancelled on account of the "STRIKE," has decided to take advantage of the large attendance of buyers at the

Canadian National Exhibition to offer for sale, by auction, their entire manufactured stock of

**CLOTHING** at our Warerooms on WEDNESDAY and THURSDAY

September 4th and 5th, commencing each day at 10 o'clock a.m., consisting of

**MEN'S, YOUTH', BOYS' AND CHILDREN'S SUITS.**

In Worsteds, Tweeds, in great variety of styles, all regular sizes.

**THOUSANDS OF PAIRS OF Men's Suits, Overcoats, Raincoats, Full Coats, Ties, Hats, Caps, etc.**

**Men's Working Shirts, Men's and Boys' Sweaters.**

**Men's Heavy All-wool Shirts and Drawers.**

**Men's Heavy All-wool and Cashmere Half Hose.**

**Men's Split Bal. Collars, Grangers, Dong. Balis, Patent Balis, Chrome Coll. E.C. Balis, etc.**

**New regular goods.** Liberal terms.

**Choice Butter Scotch.** Old-fashioned Scotch has been the rage at the exhibition grounds ever since the start of the fair.

There is also a good exhibit of choice candies at the Patterson exhibit, all of which are of the highest quality, and specially made for the showing at the fair.

The Christie-Brown Co. A centre of attraction in the manufacturers' building at the exhibition grounds is the exhibit of the Christie-Brown Company.

Five hundred different varieties of biscuits are displayed in good style near the centre of the building, and every lover of a dainty bit stops to examine the display and make enquiries as to the manufacture, etc., of the famous biscuits.

In the factory where the biscuits are made there are 500 employees. Every one is in uniform and is furnished with a white apron.

ADD EXHIBITION. One of the features in the midway at the exhibition grounds is the glass-blowers' performance.

G. H. Johns, already well-known to the exhibitors, is the main feature of the performance, but his troupe all show very much skill.

Excitement and as the cars travel thru the scenic houses one gets the impression of traveling on a rapid train thru magnificent scenery of the lake and forest.

## Suckling & Co.

ENORMOUS SALE OF MEN'S Ready-to-Wear Clothing

A LARGE CLOTHING MANUFACTURER who has had his deliveries cancelled on account of the "STRIKE," has decided to take advantage of the large attendance of buyers at the

Canadian National Exhibition to offer for sale, by auction, their entire manufactured stock of

**CLOTHING** at our Warerooms on WEDNESDAY and THURSDAY

September 4th and 5th, commencing each day at 10 o'clock a.m., consisting of

**MEN'S, YOUTH', BOYS' AND CHILDREN'S SUITS.**

In Worsteds, Tweeds, in great variety of styles, all regular sizes.

**THOUSANDS OF PAIRS OF Men's Suits, Overcoats, Raincoats, Full Coats, Ties, Hats, Caps, etc.**

**Men's Working Shirts, Men's and Boys' Sweaters.**

**Men's Heavy All-wool Shirts and Drawers.**

**Men's Heavy All-wool and Cashmere Half Hose.**

**Men's Split Bal. Collars, Grangers, Dong. Balis, Patent Balis, Chrome Coll. E.C. Balis, etc.**

**New regular goods.** Liberal terms.

**Choice Butter Scotch.** Old-fashioned Scotch has been the rage at the exhibition grounds ever since the start of the fair.

There is also a good exhibit of choice candies at the Patterson exhibit, all of which are of the highest quality, and specially made for the showing at the fair.

The Christie-Brown Co. A centre of attraction in the manufacturers' building at the exhibition grounds is the exhibit of the Christie-Brown Company.

Five hundred different varieties of biscuits are displayed in good style near the centre of the building, and every lover of a dainty bit stops to examine the display and make enquiries as to the manufacture, etc., of the famous biscuits.

In the factory where the biscuits are made there are 500 employees. Every one is in uniform and is furnished with a white apron.

ADD EXHIBITION. One of the features in the midway at the exhibition grounds is the glass-blowers' performance.

G. H. Johns, already well-known to the exhibitors, is the main feature of the performance, but his troupe all show very much skill.

Excitement and as the cars travel thru the scenic houses one gets the impression of traveling on a rapid train thru magnificent scenery of the lake and forest.

For Bakers and Butchers. Scales of all sizes and appearances, but all of the best quality, can be seen at the exhibit of the E. Wilson Co. in the machinery hall at the exhibition grounds.

The Doberty Manufacturing Co. is making a specialty of the World's Favorite Stove at this year's exhibition.

CAN YOU PLAY?

If nine out of ten persons were asked if they could play the piano, they would answer "No." Yet ten out of ten persons can play, and play effectively, the BELL AUTONOLA.

With this wonderful instrument, through the aid of music-roll and treadles, everyone can play—and play with feeling and expression. Just think what this can mean for your home.

We can take your present piano in part payment. We can arrange very easy terms for the difference.

We gladly mail illustrated booklet to any address on request.

See these instruments at Toronto Exhibition and also at BELL PIANO WAREHOUSES 146 YONGE STREET.

LAST CURTAIN HAS FALLEN ON THE LIFE OF MANSFIELD

Famous Actor Passes Away From Disease of the Liver and Complications.

NEW LONDON, Conn., Aug. 30.—Richard Mansfield, one of the best known actors on the American stage, died this morning at his summer residence. Death was directly due to disease of the liver, aggravated by complications.

A few weeks ago he reached Montreal from England, and after a few days' rest was sent by his physicians to the Adirondacks, where it was at first stated that complete rest would bring return to health. However, a report indicated the fatal character of his affliction.

During the great actor's last moments he was lying in a position of coma and did not recognize the loved ones at his bedside. There were present at the time of his death, his wife, Mrs. Mansfield, his daughter, Mrs. Mansfield, his young son, Gibbs Mansfield, and the physicians and nurses.

Richard Mansfield was born in Holliston on May 24, 1857. His mother was Mrs. Mansfield Ruderford, a famous prima donna, and it was from her that Mansfield inherited his love for the art. The actor studied at several schools on the continent, and at South Kensington, London.

He was an accomplished singer and musician and played in comic opera. Despite these facts he was unsuccessful for years, and it was not until he came to America that he made a real success.

In 1883 J. H. Stoddart was rehearsing a play in "The Barlowes" and he found the role of the baron so difficult and unfit for him that one day at rehearsal he walked out and refused to play it. Mansfield was cast for a smaller role, but asked permission to try the baron. He got his chance, and after his first performance he found himself famous.

Besides his triumphs in Shakespeare, he has built up a reputation by playing such plays as "Cyrano de Bergerac," "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew," "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew," "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew."

He has collaborated with famous playwrights, and has painted many excellent pictures. He was always a free thinker, and ascended from time to time his dramatic contemporaries by producing plays that other actors would shrink from.

His last play, "Peer Gynt," contained such difficult passages that Mansfield's conscientious efforts in it had much to do with breaking his health.

Frohman's Estimate. NEW YORK, Aug. 30.—"A man possessed of Mansfield's gifts, but without his intellect, would be a mere actor and successful plays in the last few years," said Dan Frohman.

"This quality, this penetrating intellect, this life, this sense of humor, this classic roles, but it made him peerless as a character actor. I think that the peculiar quality of Mansfield's art made him a great actor, and the institution of the present age than any actor who had dominated the age. He will disappear from the stage, but his personality, those who were not his friends were apt to find him harsh, impatient, and quick to arouse his personal temper. In his personal relations he was a charming man, cordial, affable, kindly. But when his personal relations assumed anything of a business nature, then the geniality faded and storms gathered."

Clyde Fitch's Tribute. NEW YORK, Aug. 30.—Clyde Fitch, the playwright, said the news of Mansfield's death was a real and a personal grief. "Mansfield did not have a lovable or affectionate personality," said the playwright. "He was intellectual and aloof, and never showed any magnetism which made the few who did love him, love him first and last. But he would be loved to have been loved. He was too big a man to be little to little saccharine tricks to win affection."

"He was a real actor, a real artist, and big in both. We cannot compare him with anybody. There was no emotion that he could not express. He had a tremendous force which shot through everything he did."

"The Land of Nod," a musical extravaganza, which has achieved a degree of success which is the amazement of the stage world, will be presented at the Princess Theatre next week, beginning with a matinee Monday (Labor Day).

In the history of the theatre in this country there has not been a production which has achieved a record of success anything like that which is unanimously accorded to "The Land of Nod." It has been performing for two years in the leading cities of the States and has drawn capacity audiences everywhere, even upon its third and fourth repetitions.

The production combines all the elements which are calculated to amuse, entertain and delight all who witness it, from the beginning of the performance to its conclusion. Its comedy is of the brilliant, wholesome sort, which keeps the audience constantly convulsed with laughter. Its music is of the popular, swinging, melodious sort which finds instant favor and which is so captivating that it is quickly remembered. The work is presented by a company of comedians, singers and dancers which is generally regarded as the most competent that has been brought together upon the stage at one time. Prominent among those are: Knox Wilson, Bessie Clifford, William Friend, Helen Dearing, Lawrence Conroy, Ursula March and Anna McNab. There is a chorus of sixty, who sing and dance well and turn to good account frequent changes of stunning costume.

Enmett Corrigan, after an absence from the Yaudiville field for several seasons, will be the headliner at Shea's Theatre next week in a new one-act comedy, "His Wife's Piece." Corrigan has not been seen by his Toronto admirers since his appearance here in the leading role in "The Prince of Wales." His cleverness, versatility and is equally charming in the light comedy role he is presenting. Mr. Corrigan is ably supported by a first-class company.

The Ellis-Nowlin Troupe are the extra attraction on the bill and are appearing for the first time at Shea's Theatre. They are seen in a long European tour, where they created a sensation by their acrobatic eccentricities. Two men and a clever woman are seen in this act and they do splendid work.

The Dixie Serenaders bill themselves as presenting "Giddy Glimpses of the Sunny South." They are seen in an old-fashioned minstrel first part with the funny men and the dignified interlude and their southern songs are sung in an appropriate setting.

Katherine Nugent has already won for herself the name of "The American Girl." She is a member of "The College Widow" Company, where she played Flora Wingfield, the waitress. Miss Nugent is presenting a clever and original act, "Held, Alice Lloyd, Eva Tanquary and other stage favorites of the season."

Hale and Corbin are scientific banjoists and the music is of the highest order. They are assisted by Nelly, who has a troupe of five marvelous trained fox terriers. This act lately arrived from Europe.

The bill closes with new pictures in the kinetograph.

A new rural melodrama, entitled "Jessie Left the Village," will be the offering at the Majestic all next week, with matinee every day. Langdon McCormick has written a new and successful play in the last few years, but his latest creation, "Jessie Left the Village," has eclipsed all the record-breakers of the season. The story is set in a rural village, and deals with the careers of a peculiar rural class of people who are living in a rural village, and who are living in a rural village, and who are living in a rural village.

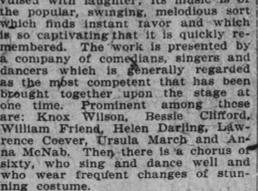

The editorials and reportorial forces of the Courier-Journal struck the building in the hope that the blaze would be subdued, and that they could napping with fire at all exits, and had to be taken out on ladders.

Editors Caught Napping. Had to Be Taken From Burning Building by Means of Ladders. LOUISVILLE, Ky., Aug. 30.—The Courier-Journal building, in which are located the plants of The Courier-Journal and Evening Times, was destroyed by fire early today. The structure was five stories high and occupied half a block.

The editorial and reportorial forces of the Courier-Journal struck the building in the hope that the blaze would be subdued, and that they could napping with fire at all exits, and had to be taken out on ladders.

COME AND SEE US MAKE...

SUREDD WHEAT BISCUIT AND TRISCUIT

IN THE PROCES BUILDING. A TWENTIETH CENTURY WONDER.

If you like Shredded Wheat Biscuit and Triscuit you will like it better after seeing how it is made; if you never tasted Shredded Wheat you will eat no other cereal food after seeing us make the cleanest, purest, most nutritious cereal in the world.

All Visitors Welcome. All Questions Answered. All Points Explained. CANADIAN SHREDDED WHEAT CO., LIMITED, NIAGARA FALLS, ONT.

Send for the "Vital Question Cook Book," post paid. Toronto Office: 32 Church St. 62

is one of the many startling features presented. The company numbers forty people, including "The Green Corners Symphony Band."

The big spectacular extravaganza which has been doing such an immense business during the week at the Royal Alexandra will be kept over as the attraction for next week, with a special matinee on Labor Day. The regular matinees will be given on Wednesday and Saturday. The production now bears the stamp of success in every way, and the company presenting it has become very popular. There is not much plot to the piece; it is a combination of jingling music, catchy airs, pretty dances, gorgeous scenery and beautiful costumes. The company numbers nearly 100 people, amongst whom are Anna Caldwell, a dainty soprano; John D. Gilbert, the eccentric comedian; Blanche Wayne, the prima donna; Harry Fairleigh, the sweet-voiced tenor; Kathleen Clifford, the graceful dancer; William Brock and John McVeigh, singers and dancers.

EDITORS CAUGHT NAPPING. Had to Be Taken From Burning Building by Means of Ladders. LOUISVILLE, Ky., Aug. 30.—The Courier-Journal building, in which are located the plants of The Courier-Journal and Evening Times, was destroyed by fire early today. The structure was five stories high and occupied half a block.

The editorial and reportorial forces of the Courier-Journal struck the building in the hope that the blaze would be subdued, and that they could napping with fire at all exits, and had to be taken out on ladders.

OFFICER GOES TO TRIAL

CHINESE RAID AFTERMATH

Cases Against Police in Regina Foreigners Scrape Go Over.

REGINA, Aug. 30.—(Special.)—Corp. Hogge of the R.N.W.M. was today committed for trial on a charge of having assaulted and unlawfully arrested four Chinamen in the police raid last Friday night. Bail was accepted.

Three other cases against Chief Harwood, Constable Gladwin and Constable Hogarth, all of a similar nature, were adjourned until Wednesday.

J. F. Frame, who appeared for the policemen, objected to the magistrate sitting on the case, as his son had the case for the Chinamen, and he thought the magistrate was biased.

Mr. McCausland, however, declined to ask another magistrate to take the case, and Mr. Frame said he would take steps to have him deposed.

SELL BABES IN MARKET.

Parents Dispose of Four Months Twins for \$40 Each.

LONDON, Aug. 30.—A Rome despatch brings a story of an attempt to sell children in the market at Avalluno. A peasant and his wife brought two of their children, twins, 4 months old, and in open market offered to sell them for \$40 each.

The babies were plump and healthy and were bought by a man who offered the price required. He was taking the children away when the police stepped in and arrested both buyers and sellers.

A Woman's Suffering

Consultations With Doctors and Specialists Gave But Little Relief.

Halifax, N. S., Aug. 30.—Mrs. R. J. Rawlings of 12 Argyle St. gives the following statement which should be of interest to every reader. "No one could know what I have suffered from torturing headaches, faint feeling and lassitude. In the mornings I was scarcely able to do my work and when night came I felt too miserable to sleep. The doctors did me little good, so I decided to buy Dr. Hamilton's Pills about which I have heard so much good. In a week I improved. My headaches were less severe, my appetite increased, and faintness passed away. Day by day I gained strength, and increased in weight. The trouble I am sure, was in my stomach, and Dr. Hamilton's Pills did what was necessary. I used twenty boxes and in consequence will live twenty years longer."

Just the prescription for every third, illing woman—try Dr. Hamilton's Pills and see if this isn't so. Sold by all dealers, 25c per box.

STRIKE BOTTOMLESS PIT.

Catskill Drillers Find Liquid Like Blood 350 Feet Down.

OSHSING, N. Y., Aug. 30.—Workmen making soundings for the Catskill aqueduct at Varian's Mills, near Peekskill, have gone to a depth of 350 feet without striking a solid foundation. At the depth of about 350 feet the drill went through a stratum, which gave forth a dark red liquid, almost the color of blood, and quite thick.

The men on the machines say they have never seen anything like it and they were curious to know the nature and character of the substance. After the red liquid had been pumped out the drill passed thru a very fine quality of molding sand.

ANAEMIA CURED

Dr. Williams' Pink Pills Bring Back the Glow of Health by Making New Blood.

To bud into perfect womanhood the growing girl must carefully guard her health. Unless the blood is kept rich and pure, headaches, backaches and frequent dizzy spells will trouble her. She will always be ailing and may slip into a deadly decline. Dr. Williams' Pink Pills are a never failing remedy in building up the blood. Just a short time ago the reporter of L'Avener du Nord had the following cases brought to his notice. In the Town of St. Jerome, Que., there is an orphan asylum under the care of those zealous workers—the Grey Nuns. In this home Dr. Williams' Pink Pills are constantly used. For some months two of the young girls in the home were afflicted with anemia. The symptoms in both cases were very much alike. They were both pale, lost all energy and were subjected to headaches and dizziness. Dr. Williams' Pink Pills were given, and soon there was an improvement in their condition. The color returned to their cheeks, their appetite improved; their heads ached no longer, and they took the place of dependence. What Dr. Williams' Pink Pills have done for these two orphans, they will do for others. The secret of Dr. Williams' Pink Pills in curing anemia lies in their power to make new, rich red blood. That is why they strike straight at the root of all common ailments, like headaches, sickness and backaches, rheumatism, neuralgia, indigestion, anaemia, St. Vitus' dance, partial paralysis and the special ailments that afflict almost every woman and growing girl. Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

One of the popular shows that come to the Star Theatre is undervalued for next week for this popular place of amusement. The company is on a larger and grander scale than ever, and is headed by Larry McCall, who is justly termed the man behind the comedy curtain. He is assisted by Ben Cook, Harry Bentley and Bert Higgins. Two new farces have been written especially for this show, entitled "A Night in Paris" and "The Front of the House." The purpose of creating laughter, and according to all reports, they do this to these two farces. Besides all this there are twenty charming girls who will sing and dance themselves into the favor of the audience.

"Jessie Left the Village," Langdon McCormick's new rural play, which is the attraction at the Majestic next week, is said to abound in heart interest, good comedy laughter, and tears, combined in an easy way that is best adapted to amusement-loving people. The piece is written in four acts and seven scenes, each and every one a marvel of beauty and realism. The third act, showing the tremendous explosion of the steamer Night Hawk,

is one of the many startling features presented. The company numbers forty people, including "The Green Corners Symphony Band."

The big spectacular extravaganza which has been doing such an immense business during the week at the Royal Alexandra will be kept over as the attraction for next week, with a special matinee on Labor Day. The regular matinees will be given on Wednesday and Saturday. The production now bears the stamp of success in every way, and the company presenting it has become very popular. There is not much plot to the piece; it is a combination of jingling music, catchy airs, pretty dances, gorgeous scenery and beautiful costumes. The company numbers nearly 100 people, amongst whom are Anna Caldwell, a dainty soprano; John D. Gilbert, the eccentric comedian; Blanche Wayne, the prima donna; Harry Fairleigh, the sweet-voiced tenor; Kathleen Clifford, the graceful dancer; William Brock and John McVeigh, singers and dancers.

EDITORS CAUGHT NAPPING. Had to Be Taken From Burning Building by Means of Ladders. LOUISVILLE, Ky., Aug. 30.—The Courier-Journal building, in which are located the plants of The Courier-Journal and Evening Times, was destroyed by fire early today. The structure was five stories high and occupied half a block.

The editorial and reportorial forces of the Courier-Journal struck the building in the hope that the blaze would be subdued, and that they could napping with fire at all exits, and had to be taken out on ladders.

GENERAL STRIKE USELESS UNLESS AIDED BY BOMBS

Anarchist Congress Urges Force, But is More Careful in Use of Words.

AMSTERDAM, Aug. 30.—The members of the anarchist congress which is at present in session here are now exercising great care in the selection of the phrases they use in their speeches.

For instance, Emrico Malatesta, one of the Italian delegates, delivered a speech yesterday in which he condemned the proposal for a general strike because the resources of the workmen are inadequate compared with those of the government, "unless," Signor Malatesta continued, "they be aided by such scientific power as chemistry affords."

This was undoubtedly a reference to the use of bombs.

The congress has succeeded quietly in effecting the inter-federation of anarchists.

The difficulty of securing the establishment of a central office with controlling power has been overcome by the adoption of a resolution that five comrades shall establish archives accessible to all the members, and keep in touch with three comrades designated by each country for this purpose.

WILL OPPOSE FUND. Authority States Directors of G.T.R. Won't Get a Pension Fund.

LONDON, Aug. 30.—(C.A.P. Cable.)—Referring to the disappointing July traffic returns, The Financial News states that the extraordinary proposal of the G. T. R. directors to provide \$200,000 for a nucleus for the pension fund will assuredly be vigorously opposed at the forthcoming meeting.

The Financial News also criticizes the extreme conservatism of the board, which seems determined to pour cold water on the legitimate hopes of the junior stockholders.

Automobiles Barred. President Roosevelt Renews Hostility to Horseless Wagon.

NEW YORK, Aug. 30.—President Roosevelt has renewed his open hostility to automobiles. Last year the president would have nothing to do with the horseless wagons, but this summer he relented, and most of the traffic to and from his house has been in autos.

The heavy work done by the president was the superintending of the mauling of a tree at the entrance to his grounds of a sign about four feet square. In letters seven inches high visitors to Sagamore Hill now may read the following injunction: "Private road; automobiles not allowed."

Suppressed with America in Toronto. The Chicago way will class itself to Oct. 1 to Oct. 31. Rates: To Los Angeles, Victoria, Seattle, Winnipeg, etc. \$1.00. To Toronto, \$0.75. To Montreal, \$0.50. SAVE SAFELY

Having decided to spend less than you earn and to save the surplus, the next step is to deposit the surplus in a strong, safe financial institution, where it will be absolutely safe and earn a fair rate of interest.

Canada Permanent Mortgage Corporation TORONTO ST., TORONTO.

NEARNESS OF HOLIDAYS WITHOUT INFLUENCE

Wall Street Trading Quiet But Prices Hold Strong—Canadian Issues Generally Steady.

World Office, Friday Evening, Aug. 30. Considering the pending holiday, the Toronto market evinced more than the average amount of activity to-day.

There will be no session of the Toronto, Montreal or New York Stock Exchanges on Saturday, Aug. 31, or Monday, Sept. 2 (Labor Day).

Dividends payable Sept. 1, 2, 3: Richeleu & Ontario Navigation Co. 1 1/4 per cent, Lake of the Woods Milling Co. prof. 1 Canadian Bank of Commerce, 2 per cent, Bank of Hamilton, 2 1/2 per cent, Merchants Bank of Canada, 2 per cent, Bank of Montreal, 1 1/2 per cent, Bank of Ottawa, 2 1/2 per cent, Standard Bank of Canada, 3 per cent, Bank of Toronto, 2 1/2 per cent, Union Bank of Canada, 1 1/2 per cent.

Big borrowing demand for stocks in loan crowd. New York Times says Thomas F. Ryan will return very soon, the traction crisis having cut short his stay abroad.

It is persistently rumored that Attorney-General Bonaparte will leave the cabinet.

Public service Commissioner issues some sweeping orders, calling for rapid transit reform, which it is expected will be made the basis of an action to test the constitutionality of the law creating the commission.

It is stated, on what is alleged to be the highest authority, that New York Central dividend will remain unchanged at 6 per cent.

President Harrison of Illinois Central says his friendship with Mr. Fish terminated long before his own promotion to the presidency.

Baltimore & Ohio has given tentative order for 75,000 tons of steel rails.

Total September interest and dividend disbursements estimated at upward of \$75,000,000.

Banks have lost \$2,478,000 thru subsidiary operations since Friday.

Sale of 1000 tons of Bessemer iron has been made in Pittsburgh district at \$22.

The known movements of money for the week ending with the close of business on Thursday indicate a loss in cash by the local banks of \$2,093,000.

It is understood that some 10,000 shares Union Pacific sent abroad in last few days came to the buyers in a name of a prominent banking house associated with Union Pacific property, which, however, would not be conclusive evidence that the house had been selling the stock on this level.

Recovery in prices since Monday has been insufficient to tentatively raise the price of stocks bought on scale down; indeed, on last five or ten points of the decline there was more than the usual amount of concentrated buying thru banking interests to support the market. A good many stocks having found levels on which they were more or less self-supporting, therefore there would probably be less re-selling of stocks on first good recovery by people who had bought only to arrest a decline—Dow Jones.

Joseph says: J. P. Morgan purposes bending his energies to bringing about something more substantial than a partial restoration of general confidence. Support will be given to the securities market, and with the return of the summer vacationists, during the next three weeks, increased activity and correspondingly higher prices for the

—Burlap Values Firmer. The market was very dull and narrow during the first three hours with a majority of stocks showing fractional declines.

The demand was brought about by the low prices that prevailed a week or ten days ago, which encouraged buyers to make contracts. The anxiety of consumers to get in at near bottom prices caused a reaction in favor of sellers, and this to some extent anticipated. Reports from California state that many orders were placed as early as March, 1907, which leads local factors to believe that buyers are not particularly well placed for forward shipments, and a considerable amount of additional business is expected to be placed for the balance of the year.

The market during the rise recovered about 20 points above the lowest figures touched during the recent slump. The state of mind of burliap traders in California was affected by the fact that several orders for large quantities were refused late in the week at figures that would have been eagerly accepted a short while ago.

There was a good deal more enquiry in evidence during the past week in the local market, and the tone is much stronger. Quotations for spot goods are nominal at \$4.75 for 8 oz. and \$6.15 for 10 1/2 oz. goods. There is little doubt that either of these cloths can be had at a slightly lower price, but the extremely low prices at which no longer prevail. Most of the offerings alluded to were taken by far-seeing buyers. Heavy weight goods are stronger in comparison with the light weight goods, and less weight is also being done on goods of this character.

Through the Jute growing districts of India the rivers are reported to be low. If the condition continues it will interfere with the steeping of the jute, and will set back the output of the crop. This lack of water may become acute. If it does, what seemed at first glance a tremendous harvest may be reduced very materially.

On Wall Street. Charles Head & Co. to R. R. Bonaparte. Although the volume of dealings was restricted to a considerable extent by the pending three days' suspension of business, the tone of the stock market to-day was strong and a few specialties scored good advances. Sentiment was somewhat depressed at the start because of the weakness in the London market and the traders took the selling side, but were unable to induce any liquidation of consequence. After hesitating for the first fifteen minutes the shorts became uneasy over the scarcity of offerings, and started to cover simultaneously with a sharp advance in Brooklyn Rapid Transit, which had sympathetic effect on the active list, good gains being scored by Union Pacific, Reading, Amalgamated Copper and American Smelters and a few of the minor issues. Talk of probable unfavorable developments to occur at the Standard Oil hearing, which will be held in New York next week, had little or no effect upon prices, but a report that the deadlock in the copper metal trade

had been broken, and a price of 18 cents agreed upon, had a good effect upon the metal issues generally. A further rise in the money market, however, was ignored, the reason therefor being generally understood as due to the preparations for Sept. 1 payments. The strength continued throughout the afternoon, broadening tendencies, and the closing was strong at slight recessions from best prices. Marshall, Spader & Co. to J. G. Beaton.

Some optimistic statements by leading financiers, particularly those relating to the iron and steel trade, with a more secure feeling regarding the monetary situation, form the basis for the present partial return of confidence. It is admitted that much will depend for the continuance of this feeling, on nearby developments, such as the negotiation price of the New York Central directors on the dividend question. While the present condition of the money market gives promise of moderate gains in the immediate future, it must be noted that the late development and movement of the cotton crop will delay the volume of the English money gains, based on exports of the staple until a later period of the year, and that the volume of these transactions has yet to fall on the Exchange market. Meantime such forecasts of the market as we care to make at this time can only suggest a fair degree of steadiness in the present evidence of a speculative advance.

Ennis & Stoppani to J. L. Mitchell: The market during the past week has recorded substantial gains in all leading departments with London buyers of some 50,000 shares on balance, and a notable exception by odd lot investors, supplemented by quiet buying for special account by interests who have long maintained a high attitude on iron and steel, and have been actively bearish. During the week some prominent men as Comptroller Ridgely, J. J. Hill, C. M. Schwab, President Stoddard of Chicago, Western, Jefferson Levy, and Mr. Samuel Newhouse, have expressed their views regarding the situation, and general impression is that the market is sound, that general business conditions are good and that current railroad problems will be solved.

With the exception of such specialties as Sao Paulo, which have undergone a sharp and concerted advance, the Toronto stock list showed a firm, if not a strong, undertone to-day. In some issues, the demand for stock was considerably in excess of the available offerings, but the temper of purchasers was against paying one or two points above recent market transactions. With a three days' holiday ahead, the position exhibited by the market should certainly be satisfactory to holders, and was so construed by those in possession of trading stock. It is now believed that the money squeeze has passed, for a month or two, and the impression of not a few market critics is that the compression in credit has been carried a little too far, and that not nearly as much money will be needed for the crop moving as is anticipated, owing to the decided stand taken by the farming community. Agriculturists are firmly convinced that a period of high prices is at hand, and crop liquidation will therefore be slow.

**ANOTHER SHARP RALLY AT THE CHICAGO PIT**

Rapid Change in Wheat Options During the Day's Trading - Cables Steady.

World Office, Aug. 30, Friday Evening.

Liverpool wheat futures closed to-day 1/4 higher than yesterday, and corn futures 1/4 higher.

At Chicago Sept. wheat closed 1/4 higher than yesterday; Sept. corn 1/4 higher and Sept. oats 1/4 higher.

Winnipeg car lots wheat to-day 40, 30 and 20c higher.

Chicago car lots to-day: Wheat 18c, contract 2; corn, 5c, contract 3; oats 4c, contract 3.

Northwest cases to-day 2c, week ago 24, year ago 18c.

Estimated cars for Chicago to-morrow: Wheat 172, corn 142, oats 282.

Argentine shipments to Europe this week: Wheat 400,000 bushels, last year 1,048,000; corn to United Kingdom 1,420,000, last week 1,674,000, last year 2,823,000 bushels.

Visible supply: Wheat, increase this week, 728,000 bushels; week ago, 704,000; month ago, 830,000; year ago, 1,104,000. Corn, increase this week, 1,456,000; week ago, increased 1,714,000; month ago, increased 1,288,000; year ago, increased 3,462,000 bushels.

LONDON, Aug. 30.—Mark Lane Miller Market.—Wheat: Foreign, poorer demand at previous rates; English, firm. Corn, American firm; Danubian, quiet. Flour: American firm, with a fair business; English firm.

**ST. LAWRENCE MARKET.**

Receipts of farm produce were 35 loads of hay, a few dressed hogs, several loads of potatoes, and a few lots of butter, eggs and poultry.

Hay—Twenty-five loads sold at \$16 to \$17 per ton for new.

Hogs—Prices ranged from \$9 to \$25 per cwt.

Poultry—Prices unchanged from those given in table.

Butter—Prices unchanged.

Eggs—Prices easier.

Straw—Prices unchanged.

Alfalfa—Clover seed prices firmer at \$7.50 to \$7.50, and \$6 to \$7 per bushel for No. 2.

**Market Notes.**

Isaac Renouard, one of the leading farmers from the northeast portion of Markham Township, reports alfalfa clover generally to be a good crop. Mr. Renouard stated that Geo. Judd, a Markham farmer near Monrovia P.O., had yielded 20 bushels, which he sold at \$7.75 per bushel to Todd & Cook, of Stouffville. Mr. Renouard also informed that the World Arthur Spofford of Alnora had threshed alfalfa clover that yielded 9 bushels per acre.

The William Renne & Sons Seed Co. report some excellent samples of alfalfa clover seed, and prices for such seed being higher: No. 1, alfalfa sold at \$7.50 to \$7.50; No. 2, alfalfa sold at \$7.50 to \$7.50.

**Melons.**

The Dawson Commission Co. are receiving daily consignments of the finest Rockwood melons, and are offering them to the public at 10c per dozen, which they are selling at 12c per dozen. These melons are of fine flavor, not being surpassed on the section market.

**Grain.**

Wheat, spring, bush, \$0.85 to \$0.90; winter, \$0.85 to \$0.90; extra, \$0.90 to \$0.95; No. 1, \$0.90 to \$0.95; No. 2, \$0.85 to \$0.90; No. 3, \$0.80 to \$0.85; No. 4, \$0.75 to \$0.80; No. 5, \$0.70 to \$0.75; No. 6, \$0.65 to \$0.70; No. 7, \$0.60 to \$0.65; No. 8, \$0.55 to \$0.60; No. 9, \$0.50 to \$0.55; No. 10, \$0.45 to \$0.50; No. 11, \$0.40 to \$0.45; No. 12, \$0.35 to \$0.40; No. 13, \$0.30 to \$0.35;
