LEINOX SENDS HELP TO PREMIER HARDY

Aylesworth Returned After a Fierce Contest.

HIS MAJORITY PLACED AT 98

The Town of Napanee Went Liberal in Increased Numbers.

Campaign Was Fought More Vigorously on Both Sides Than Any Previous One—The Victors Retained From Demonstration After the Result Was Known—Returns as Far as Received.

Napanee, Ont., Nov. 18.—Both the Conservative and the Liberal organizers and party workers have been right on the scene during the campaign which closed to-night, and doing their level best for their respective parties. At no time has there ever been as hot a contest as to-day's election proved to be. Everything passed off quietly and no great demonstration was made when Aylesworth's election was conceded. The returns of the voting, as far as received, are as follows:

Napanee Town—	
Meacham, Aylesworth.	
West Ward—No. 1	63
West Ward—No. 2	81
Centre Ward—No. 1	74
Centre Ward—No. 2	47
East Ward	52
	254
Aylesworth's majority in town, 60.	
Meacham, Aylesworth.	
Amherst Island	93
Bath	122
Millhaven	59
	174
Majority for Aylesworth, 71.	
Only majorities are given from the balance of the polling sub-divisions, and these are:	
Meacham, Aylesworth.	
Adolphstown	13
North Fredericksburg	4
No. 1	18
No. 2	16
South Fredericksburg	42
No. 1	7
Emmetsburg	3
Millhaven—No. 1	11
Edwards—Nos. 3 and 6	25
Switzerville—No. 4	12
Wilton—No. 5	1
Selby—No. 2	22
Richmond—No. 1	42
Forest Mills—No. 3	25
	139
Majority for Aylesworth, 103.	

GERMAN PAPERS RATHER LIKE IT.

Chamberlain's Speech Gives Them Satisfaction.

AN AMICABLE SETTLEMENT

Would Be Welcome, But England Must Change Her Attitude.

French Papers See in the Policy Mapped Out by the Speech an Offset to the Franco-Russian Alliance—Britain Will Fortify Wel-Hai-Wel—Other Cable News.

Berlin, Nov. 18.—The aspirations of Mr. Joseph Chamberlain, the British Colonial Secretary, for an Anglo-German entente, to which he gave utterance in his speech at Manchester, are well received by the press here, which, however, contends that the relations between the two countries would never have been otherwise than friendly but for Great Britain's determined opposition to German colonial development. The National Zeitung says that an amicable settlement of differences would be welcome, but a change in England's attitude is necessary.

The Tagblatt says that an entente would be extremely advantageous to both countries. The Cologne Gazette declares that it sees no ground for refusing the hand that Mr. Chamberlain extends, but it adds that co-operation is only possible on the basis of equal rights.

The French papers.

Paris, Nov. 18.—The Figaro says that the English are hastening to follow the path pointed out by Mr. Chamberlain. "In their eyes," the paper says, "an American alliance is sufficient to justify everything. It is to them what the Russian alliance was to us at the beginning of the four centuries which determined its conclusion."

MRS. ONTARIO: Well, sir, now that you've had a good square meal, the next thing which you might give your attention to is this wood.

A PURE INVENTION

Is What Mr. Shaughnessy Said About the Reported Termination of the Tariff Arrangement.

Montreal, Nov. 18.—(Special.)—It is a pure invention. We have never thought of such a thing.

This was what Vice-President Shaughnessy said when shown the Toronto despatch, stating that the Canadian Pacific would terminate its tariff arrangements with the Wabash. The Grand Trunk officials also deny the story that they were about to dispose of their three Michigan branches.

Mr. Richard White, managing director of the Gazette, left this evening for Detroit and other points in Michigan.

THE NEW SHORT LINE

Paspebiac Expects to be Ready by Dec. 20 FOR THE FIRST STEAMER.

A Thousand Men Rushing the Work on the Finishing Link.

The Gaspesia is the First Steamer Expected and It is Said Enough Freight is Already on Offer to Load Her for the Return Trip.

Montreal, Nov. 18.—(Special.)—The new short line to Europe, via Paspebiac, seems to be becoming more and more an accomplished fact. The contractors, who are building the large wharf at the Paspebiac terminus of the Atlantic and Lake Superior Railway Company, promised to have the work completed by Dec. 20, in order to receive the first steamer, the Gaspesia, which sails from Milford Haven, under the auspices of the newly formed Canadian Steamship Company—a corporation brought into existence in connection with the Great Western Railway, one of the most powerful and wealthy companies of Great Britain.

Between New Carlisle and Paspebiac the distance is about two miles, and on this remaining piece of road and at terminals there are about 1000 men engaged.

An electric plant is also being put in, and the docks and port of Paspebiac will be thoroughly lighted. More than enough of freight has been offered to load the Gaspesia on her homeward trip, and she will be followed by the Alaska. These steamers, of course, are about 15 knots, but next spring 18-knot ships will be put on this new route.

The whole project embraces the construction of the railway from Sorel to Point Levis, using the Intercolonial to River du Loup, and thence by a new line to Metapedia, making the distance 60 miles shorter than by the I. C. R.

HOOLEY CASE ENDED

Mr. Brodley Denies That He Offered to Falsify His Testimony.

London, Nov. 18.—The hearing of Ernest T. Hooley, the contractor, in Bankruptcy Court was formally ended to-day. The close of the hearing was in no way sensational. The only special feature was a general disclaimer on the part of Mr. Brodley, made through counsel, against Hooley's charges that Brodley had offered him money to falsify his testimony.

Mr. Reed, representing the trustee of the Hooley estate, remarked that if Mr. Brodley appeared in the witness box and made his denial under oath there might be some interesting developments. Hooley's counsel simply declined to accept Brodley's disclaimer at the eleventh hour.

BOOLEY CASE ENDED

WHAT CAUSED HER DEATH

Inquiry Being Made Into a Peculiar Case at Monaghan—Adjourned Till Monday.

Peterboro, Nov. 18.—An inquiry to enquire into the death of the child, Stella Muncham, who died under peculiar circumstances in Monaghan on the 9th inst., was held in the County Council chamber at 2 o'clock yesterday.

The case is a very peculiar one, the testimony going to show that Mrs. Facey, who adopted the child, had whipped her on several occasions, and that the little girl had been seen several times with bad bruises on her head, face and body. Mrs. Facey states that the child died from the effects of falling from a chair. Some of the neighbors suspected violence, and refused to do anything until the doctor came. To one of the witnesses, Mrs. Facey had stated that she did not want the child, that she was tired of it, and would part with it any time.

Dr. Brown, who made a post-mortem examination, came to the conclusion that the bruises found on the dead child were caused by violence.

The inquest was adjourned until Monday afternoon.

THE HIGH COMMISSION

La Presse of Montreal Has Learned That Canada's Trade Interests Are to Be Sacrificed.

Montreal, Nov. 18.—(Special.)—The special correspondent of La Presse in Washington sounds the alarm by stating that Canada's trade interests will be sacrificed to those of Great Britain and the United States.

Even the name of the "International Commission," as it was called at Quebec, has been changed since the delegates returned to Washington, where it is known as the Anglo-American Commission.

The correspondent adds that Canada is looked upon at Washington as an annex.

CZAR'S RAILROAD ACROSS SIBERIA.

Count Thun of Austria Tells Something About It.

EASY ENOUGH TO IRKUTSK,

But After That He Found Many Hardships and Perils.

Work Which Had Been Well Advanced, But Storms Came on and Did Damage to the Extent of Millions of Rubles—Barren and Utterly Desolate Country.

Vancouver, Nov. 18.—Count John Thun, Austria, came in on the Empress of China from Yokohama. Last May he left his home at Cobitz, Bohemia, and went by way of Vienna and Berlin to St. Petersburg, thence he went to Moscow, and after necessary preparations started upon the hazardous journey over the Czar's Trans-Siberian Railroad. From Moscow he proceeded by easy stages to Irkutsk without mishap. For some two hundred versts beyond Irkutsk the journey was full of great perils and it required nine days and nights of hard traveling, sometimes mounted, but the greater part afoot, to encompass the distance. Work upon this part of the road had been well advanced a year or so ago, but an era of unprecedented storms set in and embankments and bridges to the value of about 45,000,000 rubles were washed away. The work of restoring them during the past summer was completely interfered with by swarms of insects and other pests which made it impossible for men to work. Reaching eastern division of road finally, he came on to Vladivostok and thence to Japan. Count Thun says it is intensely cold all along the line of road, and for the most part a barren and utterly desolate country. A region some two hundred versts in extent in each direction north of Manchuria, in China is undoubtedly full of almost inexhaustible gold fields, but the extreme cold will not permit them to be worked for more than three months in the year, and that length of time is very uncertain. The railway will, he thinks, be completed in two years and will be valuable chiefly for the movement of soldiers. He is going east over the C.P.R.

THE EDMONTON ROUTE

Inspector Moody Has Returned to Victoria After Traversing It—Does Not Report Favorably.

Victoria, B. C., Nov. 18.—Inspector Moody of the Northwest Mounted Police arrived from the north last night on the steamer Dirigo, having completed the toilsome task of traversing the country from Edmonton to Selkirk, on which he put out from Edmonton on Sept. 1 of last year. The Inspector does not recommend this as a route to the Yukon, the distance necessary to be traversed between the points named being 2000 miles, over a very mountainous and difficult country.

CHARGE OF MURDER HANGS OVER HIM

Finding of Coroner's Jury in Beaverton Murder Case.

YOUNG ELLIOTT ARRESTED

Terrible Crime of a Fourteen-Year-Old Boy

As Found by the Jury—Dramatic Evidence Against the Prisoner—Murray's House Key Found—Bloodstains Seen on Elliott's Hands by Witnesses—Magistrate's Court Opened Last Night.

Beaverton, Ont., Nov. 18.—"That the said William Murray was on the afternoon of Saturday, Nov. 12, 1895, murdered by one Edward Elliott at the village of Beaverton, County of Ontario," was the verdict of Coroner Grant's jury this afternoon, after an hour and a half's deliberation in the Murray murder case, at this place, which has been the all-absorbing topic for the past few days.

When the inquest closed and the verdict had been given, young Elliott was placed under arrest, charged with the murder of William Murray. A magistrate's court was opened at the Town Hall, G. F. Bruce, J. P., presiding.

The witnesses examined this morning at the inquest testified as to the finding of the key of the murdered man's house by a constable. Another swore to seeing bloodstains on Elliott's hands, which the prisoner explained was caused by falling and cutting himself.

At a late hour to-night the examination of witnesses in the magistrate's court was still in progress.

PRACTICAL TAILORS.

167 Yonge St., opp. the Spadina Building, 1380 Queen W., Cor. Spadina Avenue.

FIXING UP THE CIRCUIT.

How Wilkes-Barre and Ottawa Will Be Dropped From the Eastern League.

I. E. Sanborn of the Springfield Union, represented the Ponies at the recent Eastern League meeting in New York. Regarding the dropping of Wilkes-Barre and Ottawa, he wired his paper that a proposition was made by President Stegmeyer...

Another New International.

It looks to be all up with the Hamilton Baseball Club, so far as a franchise in the Eastern League next year is concerned, but there is not a particle of doubt that the good people of this city will have baseball, good baseball, and in plenty, says The Herald.

Hockey Points.

The Crawford Hockey Club has obtained from J. & W. Dickie, proprietors of the Queen City rink, one of the two cushions they have put in for hockey this winter.

Waterloo Won Derby Cup.

London, Nov. 18.—At the second day's racing of the Derby November meeting today Col. Page's 4-year-old bay filly Waterloo, by Gallant Fox, out of Gipsy Queen, won the Derby Cup.

FELLOWSHIP FIRST AGAIN.

Beck Entry Scores in the Ladies' Hunters' Class.

Championship Awards at Madison Square Horse Show—Summaries and Entries for the Day at Benning and Nashville.

New York, Nov. 18.—Another brilliant exhibition of four-in-hands was the feature at the Horse show this afternoon. After this came an exhibition by a dozen or more ladies of ladies' saddle horses, the blue ribbon in this event being carried off by Canadian Belle, ridden by Mrs. Richard Donnelly.

City Rugby Championship.

The trophy presented by Mr. Richard Garland, manager of the American Dunlop Tire Company, for the city championship at Rugby football, is now on exhibition in the window of the makers, Messrs. Ryrie Bros., at the corner of Yonge and Adelaide streets.

City Association Championship.

This afternoon the pick of the Inter-College and Toronto Football League played their first game at 3 o'clock on the old League grounds. It is of solid silver, in the form of a cup, standing 21 inches high, with pedestal. Excepting the gold plate of the Rugby football on the lid and the laurel wreath, in the centre of which it rests, the massive trophy is of sterling silver throughout, weighing 90 ounces, and beautifully chased, the whole of the work having been done by hand.

Whist at Atheneum.

The Atheneum Whist Club last evening held another compass game. Messrs. Cox and Verrall, North and South, and Messrs. McEachern and Martin, East and West, made the top scores and won the prizes.

Marplot at Inglefield.

San Francisco, Nov. 15.—Weather clear; track fast. The original second race was declared off and a seven-furlong selling race substituted. Summary: First race, 6 furlongs—Venturo, 115 (E. Jones), 5 to 2; 1; Los Medanos, 113 (Hutcheon), 10 to 1.

Water-Tight Built Shoes

WITH RUBBER SOLES

Stitched around heel—calf-lined—waterproof from toe to top—ought to be seven dollars—an ideal storm shoe for \$5 the pair.

JOHN GUINANE,

Gentlemen's Fine Shoes, No. 15 King St. W.

ter), 3 to 1; 2; Cascade, 113 (Billman), 50 to 1; 3; Time 1:14.4. Olinthus, Lime Water, 100 (H. J. Wood), 5 to 1; Judge Stouter, 102 (H. J. Wood), 5 to 1; 2; Manzanillo, 2 to 1; 3; Time 1:20. Hohenlohe, Babbea, Uan Colorado also ran.

Results at Nashville.

Nashville, Nov. 18.—Weather clear; track slow. First race, 6 furlongs, selling—Laurie D., 99 (Southard), 7 to 1; 1; True Light, 100 (Traylor), 5 to 1; 2; Manzanillo, 102 (Powers), 6 to 1; 3; Time 1:18. Numbler, Sissy Chance, Wanga also ran.

Passé Partout Wins at 100 to 1.

Washington, D.C., Nov. 18.—The track slow. First race, 6 furlongs, selling—Laurie D., 99 (Southard), 7 to 1; 1; True Light, 100 (Traylor), 5 to 1; 2; Manzanillo, 102 (Powers), 6 to 1; 3; Time 1:18. Numbler, Sissy Chance, Wanga also ran.

Waterloo Makes Big Preparations for the Coming Season—Notes of the Game.

Waterloo, Nov. 18.—At a meeting of the Waterloo Hockey Club, held at the Zimble House Friday evening, the following officers were elected: Joseph E. Seagram, M.P., president; J. M. Hendry, hon. vice-president; A. B. McBride, president; F. W. Thiffin, vice-president; G. A. Bruce, secretary; Arthur Jones, assistant secretary; Ed Seagram, manager and treasurer.

A League in the North.

Some months ago the Southamptonian Hockey Club organized last night under the name of "Rough Riders." It is the intention of this club, in company with the towns of Port Egan, Hespworth, Watlington, Walkerton and Kincardine, to form a county league and play a series of games for a pennant or cup.

The Vics of Hamilton.

Hamilton, Nov. 18.—A largely-attended and very interesting meeting of the members of the Victoria Hockey Club was held last night. It was decided to enter the Ontario Hockey Association and ask that body to arrange junior series. The following officers were elected: Hon. President, William Dryden; President, Ernie J. Leith; Vice-Presidents, T. W. Wyndham and J. Huggard; Secretary, Treasurer, H. W. McCurdy; Assistant Secretary, Treasurer, Norman S. Jones; Messrs. Morrison, Fisher, McKay and Hines, executive committee of management. The appointment of manager and captain was left over.

Entries at Benning.

Washington, Nov. 15.—First race, mile—Regulator, 109 (Ella Daly), Duoro 93, Charley Rose 107, Mr. Stoffer 98, Hamilton, Gitty, Adamy, Linder, 109 (Donner), 3 to 1; 2; Banquo, 105 (O'Leary), 9 to 5; 3; Time 1:49. Bardella also ran.

RUGBY GIANTS WILL BATTLE

Varsity Students to Stand or Fall Before Rough Riders.

Big Crowd Expected at To-Day's Championship Game at Rosedale—Capital Kickers Odds-on Favorites in the Betting.

Everything is in readiness for to-day's final game. The officials have been appointed, and part of the Ottawa team came in last night, while the rest will float along this morning. The match should be a battle royal, as both teams are confident of winning, and have been putting in some good practice during the past week. As Varsity's practices have been strictly private, a few surprises in strategy may be looked for. The bet on the result is at odds on the Capital.

More Hockey Clubs in Line.

Waterloo Makes Big Preparations for the Coming Season—Notes of the Game. Waterloo, Nov. 18.—At a meeting of the Waterloo Hockey Club, held at the Zimble House Friday evening, the following officers were elected: Joseph E. Seagram, M.P., president; J. M. Hendry, hon. vice-president; A. B. McBride, president; F. W. Thiffin, vice-president; G. A. Bruce, secretary; Arthur Jones, assistant secretary; Ed Seagram, manager and treasurer.

Boxers in Training.

Norway Has Excitement on the Road—Preparing for Thanksgiving Day Events. Before Walter C. Kelly writes the Credit Athletic Club that Maxey Haugh's forfeit of \$50 for appearance and weight against Jimmy Smith, the main preliminary on Thanksgiving Day, is up with the Buffalo Courier. The Brooklyn lad is in Buffalo, Ontario, and has been training in the company of Maxey Haugh. Smith is training with Maxey at Norway, where they have the best of quarters and treatment. The pair are working with Danny Smith and Denny Gallagher, and make things lively in their neighborhood. Both are down to weight, and equally confident of winning. The Detroit knock the hard game he has won, and he has trained carefully ever since the match was made. As a consequence, the referee, Maxey Haugh, has still four lbs. to make off.

Around the Ring.

George Siler has been selected to referee the contest scheduled to take place between Joe Jones and Jack Daily in Cleveland on Dec. 2. A friend of Maxey Haugh told a Courier correspondent last night that Maxey took things easy with Zimpfer owing to the small money on it. Tuesday's prize fight between Maxey Haugh and Jack Daily in Cleveland on Dec. 2. A friend of Maxey Haugh told a Courier correspondent last night that Maxey took things easy with Zimpfer owing to the small money on it.

Wrestlers at Montreal.

Montreal, Nov. 18.—The wrestling match between W. W. Quinn, the Canadian wrestler, and Jack Comstock, the American wrestler, resulted in a victory for Quinn, who was adjudged two out of three falls. The first fall was Graco-Roman, and was awarded to Quinn in four minutes. Comstock won the second fall, catch-as-catch-can, in 16 1/2 minutes, and Quinn won the third fall, collar-and-elbow, easily.

Orilla Likes Her Champions.

Orilla, Nov. 18.—The Orilla Lacrosse Club is being handsomely dealt with by the cutter Merrythought. A monster banquet is to be given them on Friday evening, Nov. 25, and the playing members are to be presented with gold watches, and a number of other gifts. Present Leannox and other C. I. A. officials and lacrosse enthusiasts will be present to assist in the presentation of the intermural and senior championship banners to the club.

Sporting Miscellany.

The postponed bowling game between the Insurance and Atheneum A teams will be played Tuesday night. The presentation of prizes which were owing to the annual sports held on Nov. 12 will be held on Monday evening, Nov. 21, at 8 o'clock, in St. Phillip's Schoolhouse, corner of Dundas and Spadina-avenue. A short program will be provided, and the close of which the parents and friends of the boys are cordially invited to be present.

Clergyman's Suit.

Made of black English Cheviot, Vicuna, Broadcloth, Venetian, Clay Diagonal, Worsted, or Serge, in nine standard Fit-reform shapes. Lined with Skinner's warranted silk, or with best Italian cloth. Makers' brand and price sewn in left breast pocket. Prices \$20.00 and \$25.00 per suit.

The Fit-Reform Wardrobe.

TALK WITH GOLDWIN SMITH

The Professor Regards That Cable Despatch About Him as Bogus—Canada's Fortifications Are a Waste of Money.

"The British authorities know that I am a good Englishman and jealous for the honor of the Empire." This was Prof. Goldwin Smith's indignant reply to a cable despatch...

COST OF RUNNING NEW YORK.

A Contemplated Increase in Assessable Values—Some Interesting Facts and Figures. New York, Nov. 18.—The law requires that the taxes in this city shall be equalized.

Now, with another \$500,000 added to the values, the increased burden placed upon the taxpayers will be about \$6,000,000, an increase in the tax in one year of \$10,000,000.

TRADE IN CANADA.

Bradstreet's Review Says We Are in Pretty Good Shape. New York, Nov. 18.—Bradstreet's weekly review says: Cooler weather helps trade in Canada, and favorable weather for shipping and shipping grain is reflected in the market.

A Whittier Banquet.

Editor World: In this fair province there is one point more than another deserving of being banqueted (if that would imply that it is not done to bolster up a lost cause and cover up misdeeds, but to be a reward for well-earned).

He Would Like to Know.

Editor World: In your paper of the 12th inst. I noticed a report of the Maritime party's trip to this district during the election.

Another Arrest Made.

Last night the police succeeded in making another arrest in the case where \$84 was stolen on Thursday from Mrs. Reynolds of 88 O'Hara-avenue.

She Wanted to Die.

Mrs. Deborah Spice became very noisy yesterday while the Police Court was in progress. The Magistrate showed this patient and then ordered that she be locked up charged with being drunk.

Akin to Religion.

Mr. F. E. Titus lectured last evening in Belleisle-street Methodist Church at a meeting over which Rev. J. P. Oakley presided.

A Woman There is.

Thomas A. Nicholson of 37 Adelaide-street was arrested by Detective Black yesterday afternoon. It is said that he wrote letters to Mr. A. G. Delamater challenging him to fight a duel.

Old Man Burned to Death.

St. John, N. B., Nov. 18.—The house of a man named Fitzpatrick, in the suburbs, was destroyed by fire this morning, and an old man named Paul Kingston burned to death.

HAPPENINGS OF A DAY.

Items of Passing Interest Gathered in and Around this Busy City.

The sophomore of University College had a hot time at their reception yesterday afternoon.

On Saturday evening, 20th inst., the Thirteen Club, with the honorary and ex-members, are to dine at Harry Webb's.

The choir of Oak-street Presbyterian Church are going to give their retiring concert on Monday, Nov. 28.

The Q. O. R. and 48th Highlanders have chartered two special C. P. R. trains to convey the soldiers to Kingston on the morning of the day of the sham battle.

The biological section of the Canadian Institute will meet on Monday, 21st inst., at 8 p.m. Mr. D. Mills will read a paper on "A New Species of Oocystozoa," illustrated by means of the microscope.

The service of praise to be given in the Central Presbyterian Church, Grosvenor-street, on Monday evening next, the 21st inst., will be a very interesting one.

Mr. Alex. K. Drake sails from New York to-day on the purchase trip.

Mrs. Theodora Smith is visiting Mr. and Mrs. D. McDonald at Goderich.

Miss Waldon and Mr. Hill of Newmarket are in the city, and are attending the school of the Y. W. C. A.

Mr. G. N. Moran entertained Mr. Hall Caine at luncheon at his residence on Beverley-street yesterday.

Mr. Thomas Haines, accountant at the Bank of Hamilton at Berlin, has been transferred to Lintwood.

Mrs. Frank Webb of Coburne is visiting with her father, ex-Mayor Kennedy, at 60 Madison-avenue, city.

Amongst the visitors registered at Lick Observatory, California, Nov. 18, was Mrs. Thomas Alton of Toronto.

Mr. H. E. Price, District Passenger Agent of the Intercolonial Railway at Montreal, was in town yesterday.

The President of the New York, Ontario and Western road, Mr. Fowler, was in the city yesterday, accompanied by a staff of officials.

Mr. Henry O'Brien of the Sweeney Manufacturing Company of New York is in the city, visiting his father, Mr. P. J. O'Brien, of the Parliament Buildings.

The friends of Mrs. Mina Clark will be sorry to hear that she is very ill at her mother's (Mrs. Hammett), 878 King-street west, and unable to enjoy this lovely fall weather.

Mr. George Monroe, the customs officer on the wharf, left yesterday for a trip to New York, where he will spend his holiday.

At the Arlington: Alex. Peters, Sarnia; John Reid, Berlin; Mr. Parker, St. Catharines; D. Campbell and wife, Parry Sound; R. Nichol, M. D., Lindsay; Judge Darnell, Miss Darnell, Whitby; George A. Chandler, Buffalo; W. M. Jackson, Detroit.

At the Grand Union: T. J. Wilkins, Stratford; W. Jackson and wife, Marsdale; Alex. Milne, Madoc; J. T. Doble, Mitchell; A. McKenzie and wife, Douglas; J. O. Johnson and wife, Granby; C. Millard, Vancouver; Charles Connor, Ottawa; J. Cooper, London.

In Massey Hall last night a large audience assembled to hear Mr. Caine speak his spoken novel, "Home Sweet Home."

The tale is so startling, and so simple little tale that the large audience listened to with perfect good nature all through, and then went home.

SIX OTHERS WERE INJURED.

Thick Fog Makes It Impossible to See Oncoming Train—Body of Man on Watch Hurled Ninety Feet Through the Air—Narrow Escape of the Other Men.

New York, Nov. 18.—It is now definitely known that twelve men were killed and six injured by being struck by an east-bound Pennsylvania Railroad train at the Hicksburg iron bridge just outside of Jersey this morning. The men were hit by the train during a thick fog. Two bodies have been brought here. They are either Poles or Italians. Their names are not yet known. Some of the injured have also arrived, and have been taken to the different hospitals. Frank Wagoner is in St. Francis hospital badly hurt about the side. Frank Schwabach died in the same hospital at 12 this afternoon. His back being broken. The body of one of the men who was killed. He was hurled to one side and was badly injured.

Train Was Behind Time.

The train which ran down the gang of workmen was a local from Milltown to Jersey City. It was due in Jersey City at 8:20 a. m. The fog this morning delayed the train and Engineer John Van Ostrand was endeavoring to make up time. He did not suppose that men were at work in the fog, and thought nothing would come of it. The train was behind time. The first he knew that his train had run into the men was when the engine jarred. He heard the cries of the wounded, and it is possible he brought his train to a stop. The men passengers got out and aided the trainmen in searching for the bodies of the men who had been killed and the searchers had to feel their way.

Not One Escaped Injury.

A train had passed on the westbound track a few minutes before the eastbound train ran the men down. The smoke from the engine of the westbound train went over the eastbound train. The noise of the westbound train prevented the workmen on the eastbound track from hearing the approach of the eastbound train. They were told that the train was near them until they had been run down. Altogether there were twenty men in the gang, and it is reported that only one escaped injury. They were in charge of Foreman William Cork of Jersey City.

The Gang Killed.

The dead men all lived in Jersey City. Three of the men killed were Irish, and the other victims were either Poles or Italians. Doubtless the men supposed they were on guard to look out for approaching trains, was a considerable distance up the track from the gang of laborers, and he evidently did not see the train for he gave no warning. His body was hurled ninety feet through the air. The unknown man who was killed had only been put to work this morning. He took the place of one of the men who had not reported for work. The foreman escaped unhurt. He said he did not know the name of the new haul. Those who were injured escaped because they were close to it.

An Able Lecturer.

J. W. Martin, B. Sc., who will deliver an address on the "Municipalization of Municipalities" at the public meeting to be held in the Pavilion next Saturday night, has delivered several lectures in Ottawa this week and speaks five nights next week in Kingston, at which meetings the chair will be taken by Senator Sullivan, Mayor Livingston, Mr. McIntyre, G. C., and others. Mayor Wilson of London has also called a public meeting to hear Mr. Martin, and address on the same subject. In St. Thomas, Bradford, Hamilton, St. Catharines and other places. He is a leading lecturer of the Fabian Society of Socialists, and has taken a great interest in Canada, England, County Council politics and was elected as a labor and progressive candidate at the recent election. He is a graduate of London University, and is now a lecturer in the People's Palace there. He will also speak on "Practical Socialism in the London County Council" while here.

The U.C. Old Boys' Association held a meeting yesterday and decided to hold a banquet at an early date.

Assist Nursing Mothers

and to help women generally. It should be taken at meal-time and before going to bed, about a bottle a day. It will brace you right up.

All druggists sell it. Canadian Depot: "DABST MALT EXTRACT" 6 McGill St., Montreal.

WILL SEE THE GOVERNMENT

In Order to Get Power to Pass a Certain By-law—Friday's County Council.

The Council yesterday decided to petition the Legislature to give counties the power to pass a by-law defining who shall have the power to make commitments to Industrial Homes. Considerable discussion ensued upon the fact that a contract for a steel bridge on Dundas-street at Summerville had been let to the King Bridge Company of Cleveland and the company had not lived up to its agreement. The same company was likewise a contractor for giving the bridge to the city. The council decided to compel the company to pay a forfeit. Commissioners Hall and Ross came in for criticism for giving the contract to Americans, and whilst arguing that the work was done cheaper and better than Canadian companies would do it, they were fired at them by Councillors Bull and Pugsley. The special committee appointed to report on the contract of the North Toronto from the county were empowered to determine the amount payable to the town for expenses of administration of justice, etc., and the report of the committee will be presented to the Legislature on Friday.

GAS HIT ALL THE BOARDERS.

Inmates of Mrs. Taylor's Boarding House Nearly Killed by Escaped Coal Gas—Still Sick. Toronto Junction, Nov. 18.—(Special.)—The inmates of Mrs. Taylor's boarding house at 29 Mary-street are for the most part recovering from the effects of the gas which narrowly escaped being asphyxiating during the night. The furnace door had been left open before retiring, and some of the gas which went all through the house. When Mrs. Taylor arose this morning she was overcome with the gas, and fell at the foot of the stairs. She has since been confined to her room most of the day, so have Annie McLeod and Willie Taylor, and several of the worst of the victims. Others who have felt the ill-effects of the gas are: William Oats, William Clay, Frederick O'Dell, Thomas Taylor, William Hines and W. Reynolds. Most of them, however, were able to get about their usual avocations to-day feeling very much depressed with severe headaches.

TELEGRAPHIC BRIEFS.

James Regan's house at Canifon, Ont., has been destroyed by fire. The barge H. B., which was on the rocks near Sackett's Harbor, has been floated. The Meteor, founder of the North German Lloyd Steamship Company, is dead at Bremen, at 89 years. A gang of robbers held up a street car in the suburbs of Havana on Wednesday afternoon, and robbed every passenger. Kingston papers are giving their attention to what they call the "prodigious incapacity" of their police force. "Jack the Box-Puller" has been clinging false to the alarm in Chatham. The council offers \$50 reward for his arrest. License inspector Plath of Drayton has gone to the Pasteur Institute at New York. He was bitten by a dog which died of rabies. Lord Minto was at his office at the Ottawa Parliament Buildings for the first time yesterday and received the congratulations of the Ministers. Fred Bechel, for 18 years chief auditor at Omaha for the Pacific Express Company, has returned to Germany, leaving a bequest of \$150,000 of the funds of the company. The British steamer Peonic arrived at New York yesterday, having on board 10 shipwrecked sailors, the Dutch barque Johanna, which foundered en route from New York to Honolulu. A meeting of the creditors of J. C. & G. D. Warrington, the insurance broker, who reported from Montreal, was held in that city yesterday. The assignee expressed the opinion that unsecured creditors will get nothing. Dr. William P. Senebaugh, a dentist of Port Byron, Ill., is suffering from the effects of pranks played on him while being introduced into an insurance lodge. He fell on an electric battery and fatal paralysis is threatened. Mr. E. S. Dawson, a mining engineer of Bombay, India, is in Ottawa. He will look over the Canadian system of coal.

THE TORONTO FURNITURE CO.

Amounting to Over \$12,000... Takes place on TUESDAY, 22nd November. Sale at 11 o'clock sharp. CHAS. M. HENDERSON & CO., Auctioneers. Tel. 2358.

CATARRH

NEW BOOK BY DR. SPROULE. This eminent specialist, who has demonstrated his ability to cure Catarrh after many other treatments and the local doctors have been tried in vain, has just issued a new booklet on Catarrh and Deafness. Every sufferer from either of these diseases should read it. Write and it will be mailed free by Dr. Sproule (English Catarrh Specialist) Newport, Vermont.

RUPTURE

If you are ruptured give me a trial. I will succeed when others fail. I will put you in a truss which will cure you. I will give you a certificate of my success. I will give you a certificate of my success. I will give you a certificate of my success.

HEARING RESTORED.

We guarantee every case we undertake. C. E. Green, Room "E" Confederation Life Building, Toronto. 246

INCREASE IN OUR REVENUE.

Latest Figures Show a Remarkable Growth Over Corresponding Periods of Last Year. Ottawa, Nov. 18.—The Inland Revenue returns for the month of October were \$880,000, or \$235,000 in excess of the amount collected for the corresponding month last year. The revenue for the four months shows an increase of \$1,130,000 over the corresponding four months in 1897-98.

The increase in the fiscal year would amount to nearly three and a half millions at the present rate of revenue, but the authorities are not so sanguine as to expect this. The vast increase in the production of Canadian tobacco, which has been fostered by the import duty of 100 per cent on raw leaf, threatens to cause a falling off in the duties on tobacco. In 1896-97 the Canadian tobacco passed through the factories was 300,000 pounds. Last year it showed a great increase, and it is probable that this year the amount will be immensely larger. It should any considerable portion of the Canadian grown tobacco be converted into cigars, it will become subject to a duty of \$5 per thousand, and so become a source of revenue. At the same time, it may displace revenue from other sources.

TRUS THEY RUN AWAY.

How Election Petition Cases Disappear. The North Toronto election case was formally dropped yesterday morning before Chancellor Boyd and Mr. Justice Maclean. No costs were asked for. The North Waterloo case, set down for Monday next, has been adjourned to the end of the week.

Corticell Home Needlework.

The Corticell Silk Company, Limited, of St. John's, P. Q., has issued their quarterly magazine entitled Home Needlework for January, 1898. Home Needlework is a handsome, well-illustrated magazine, devoted to instruction in art needlework, embroidery and crocheting. It contains many of the best designs and patterns of the day, and is a most valuable and useful information, besides many handsome engravings to be used for copying. It is the intention of the publishers of the magazine to give a series of articles on college decorations from the pen of Miss Edsall. The April number will be followed by the May number, and so on. The magazine will be given colored plates, showing in exact colors and directions for working the same. Home Needlework contains such a vast amount of information as to make it really indispensable to any lady. The subscription price is but 25c per annum, in advance. Single copies, 10c. Address: The Corticell Silk Company, Limited, 92 Richelieu-street, St. John's, P. Q.

East Buffalo Cattle Market.

East Buffalo, Nov. 18.—Cattle.—The market was again bare of sale cattle, but a moderate number of liberal through shipments leave the market. The receipts are unchanged. Calves were in light demand and sold at 12 to 14c. Steers, 12 to 14c. Sheep and Lambs.—The offerings were excessive for the state of the market. The receipts are limited, and sold at 12 to 14c. Hogs.—The offerings were liberal—1000 head and 1000 pigs. The receipts are limited, and sold at 12 to 14c.

Cheese Markets.

Brantford, Nov. 18.—At the Brantford Cheese Market to-day, the prices of cheese were: Sales: 800 boxes at 9c. Market closed for the season.

The London Markets.

New York, Nov. 17.—The Evening Post's financial cable from London says: "Americans were the only active market here to-day, and even in this support was still mainly confined to the electric and professional operators who, no transactions for the public yet being recorded. The close was a fraction easier. Argentines were firm, but other markets were featureless."

To Be Again Heard From.

Argument on the appeal of the Toronto Railway Company against the City of Toronto on poles, rails and wires in Ward 2 was continued yesterday before County Judges Moran, Darnley and McCallum. The hearing was not concluded. H. L. Drayton appeared for the city and James Bicknell for the company.

T. EATON CO. 190 YONGE ST., TORONTO.

THE TORONTO WORLD ONE CENT MORNING PAPER.

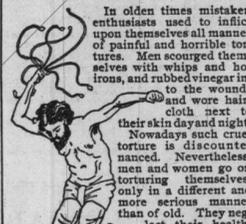

No. 83 YONGE STREET, Toronto.

TORONTO AND THE 14-FOOT SYSTEM.

Just what effect the opening of the 14-foot system will have on the transportation business is a matter of no little uncertainty. Captain Macdougall, the designer of the whaleback steamer, will be asked to organize a fleet of these vessels to run from the lake ports direct to Europe. Whether the experiment will be successful or not remains to be seen. Some believe that the grain intended for export will be conveyed in vessels of 20-foot draught to some port on Lake Erie, and there transhipped to vessels of 14-foot draught. Another theory is that the transhipment from the large 20-foot vessels will not take place in Lake Erie, but at some port on the Georgian Bay, say Collingwood, and that the transhipment will not be directly to the 14-foot vessels, but first to the railway over which the grain will be taken to Toronto, and then at this point transferred to vessels of the full capacity of the new St. Lawrence locks. It would be unsafe to prophesy which system will be finally recognized as the most economic, but one duty at least rests upon the business men of Toronto, and that is to see that the betterment of any system which works for the benefit of Toronto are not overlooked. The system which would undoubtedly benefit Toronto the most is that which involves the transhipment of the grain in this harbor. And this system, which would benefit Toronto the most, will probably be found to be the most economical. The long-proposed air line from Collingwood to Toronto will assume a new aspect on the enlargement of the St. Lawrence canals. The success this year of the new route via Parry Sound and the Ottawa and Parry Sound Railway would seem to justify us in the belief that the Collingwood-Toronto route will be the best of them all under the new conditions which will come into operation next season. The railways are apparently counting on a big business being done by the combined lake and rail route to Montreal. They have built large elevators at Owen Sound, Collingwood, Midland and Parry Sound, in the expectation that transhipment in Georgian Bay will be the order of the day. It looks very much as if the short rail haul of 75 miles from Georgian Bay to Toronto, even if it involves an extra transhipment, will be favored to the circuitous and dangerous water way via Detroit River, Lake Erie and the Welland Canal. Toronto does not only make known the advantages of this route, but it should actively exert itself to improve it and supply such facilities as are now wanting. In order to make Toronto the Buffalo of the St. Lawrence route, it will be necessary to build 14 feet of water in the harbor, build spacious elevators and perhaps construct an air line railway from Collingwood to this city. The traffic of the great lakes seems to be heading for Toronto. Will our business men have enterprise enough to scoop it up?

THE GLOBE-SIFTON WHITEWASH ACT.

The most amusing incident of the week is the Globe-Sifton whitewash act. An individual or a party that retains its respectability can often successfully whitewash an erring friend. The whitewasher must have respectability. This is the whitewash that does the work. But when both parties concerned in the act have lost their virtue or respectability the whitewashing becomes ridiculous. Especially so when the act is to be a reciprocal one, and each of the discredited individuals seeks to rehabilitate the virtue of the other. Such is the nature of The Globe-Sifton whitewash act. The Globe has no virtue of its own, consequently it cannot vouch for the honesty of Mr. Sifton. The Minister of the Interior on the other

In olden times mistaken enthusiasts used to inflict upon themselves all manner of painful and horrible tortures. Men scourged themselves with whips and hot irons, and rubbed vinegar in their hair. Nowaday such cruel torture is discountenanced. Nevertheless, some persons go on torturing themselves, only in a different and more food-poisoning manner than of old. They neglect their health, and neglected health means physical torture of the worst description. It means slow starvation. Because a man forces food into a weak and impaired stomach, it does not follow that he feeds his body. The life-giving elements of the food taken into an impaired stomach are not assimilated into the blood. Instead, the impurities of the sluggish liver and bowels are taken up and carried to all parts of the body. The consequence is that the body is not only starved but poisoned. The immediate result is physical suffering from which the old-time sialot would have drawn back in horror. Dr. Pierce's Golden Medical Discovery is a scientific remedy that acts according to natural laws. It is not a violent spur to nature or a mere artificial appetizer. It gently, but surely and permanently, promotes the natural processes of secretion and excretion. It creates appetite, makes the assimilation of the food perfect, invigorates the liver and purifies and enriches the blood. It builds up firm, muscular flesh. It cures nervous exhaustion, debility, sleeplessness and all the evils that follow in their train. Found at all medicine stores. Accept no substitute that may be represented as "just as good."

I can heartily recommend Dr. Pierce's Golden Medical Discovery and Pleasant Pellets to anyone troubled with indigestion and torpid bowels. writes M. G. Crider, Esq., of Accord, Harlan Co., Ky. "My disease was chronic. Our family physician could do nothing for me. I could not walk nor help myself. I could not eat anything but it caused horrible distress and pain in my stomach. I have taken four bottles of your 'Golden Medical Discovery' and one vial of your 'Pellets' and can work all day."

hand, has not enough virtue left to cover up his own deformity. How, then, can he cover up another as deformed as himself? But The Globe and Mr. Sifton have a strong fellow-feeling. They have been seduced by the same powerful influence and we can well understand their mutual efforts to re-establish their characters. Two fallen women would adopt exactly the same course that Mr. Sifton and The Globe have adopted. The Globe says Mr. Sifton is as straight as he is able. Mr. Sifton replies that The Globe is an organ of which the party ought to be proud. But neither of them confesses to the public that they have been seduced by the C.P.R.

THE GOVERNMENT AND THE BY-ELECTIONS.

When in opposition the Liberals used to express supreme indignation at the Government's practice of holding by-elections singly instead of simultaneously. It was charged that the Government adopted this system in order to give the Conservative leaders and organizers an opportunity of getting into each riding and working it to the best advantage. If the late Conservative Government ever adopted such tactics to retain itself in power it is certain that it never pursued the practice so unscrupulously and so thoroughly as Mr. Hardy is now doing in regard to the provincial by-elections. His policy is to hold one at a time so as to allow the whole strength and influence of the Government to be brought to play upon each particular riding. It would be a surprise if the Opposition could win an election under such adverse conditions. The vacant constituencies include North Hastings, Halton, West Huron, Nipissing and North Perth. Elections have been held in South Ontario and Lennox. There is no reason why the elections in these seven constituencies should not have been held simultaneously. If the Government were honest with the people it would arrange to have them all come off on the same day. But the Hardy Government will stop at nothing to retain its grip on the treasury. It can only remain in power by using the machinery of the Government to prevent the people from freely expressing their convictions. As The World has already pointed out, the indignation that the people of Ontario feel towards the Hardy Government will never be fairly expressed until they have an opportunity of voting as a whole. The Government is strong enough to bribe each constituency singly. The more corrupt the Government the more successful it is in this kind of work. A general election in Ontario cannot be long delayed. It is only then that the people will have an opportunity of passing judgment on the Hardy Government.

DAILY EUROPEAN HINTS.

Shoulder braces and bust supporter of white satin trimmed with valence lace. Elegant undersuit of Nile green Ottoman silk and high nature of rose-colored tulle. Novel garniture of green velvet ribbon applied in bowknot design. Model by Mme. Vin.

Prison Sunday. In Canada, Sunday, Nov. 20, has been selected as Prison Sunday. In the United States Prison Sunday is observed in October. On Prison Sunday prayer is offered for judges, magistrates, the police, prisoners and prison officials, prisoners' aid association and for prison reform. Some of the clergy are expected to preach sermons appropriate to the day, while others will doubtless defer so doing for a week or two on account of having made other arrangements for the 20th.

Pavilion Sunday. In the Rev. C. O. Johnston, Methodist, and Rev. S. A. Eaton, Baptist, Toronto, has two of her most popular speakers, who will, no doubt, attract a large audience to the opening meeting for this season of the Canadian Temperance League at the Pavilion at 3 p.m. to-morrow (Sunday). The service will be made further interesting by special singing of the Sherlock Main Quartet. The president, Mr. George B. Sweetnam, will occupy the chair.

Independent Forestry. The Supreme Court was represented at the National Forestry Congress, which held its session at Baltimore this week. Dr. Oronhyatchka, S.C.R.; John A. McGilvray, S.S.; H. A. Collins, S.P.; Thomas Milman, S.P.; E. G. Stevenson, S.C.; G. A. Harper, A.S.C.R., and Dr. C. G. Frower, D.S.C.R. On their return from the meeting of the congress, the above named officers attended a grand demonstration given by the courts of Philadelphia.

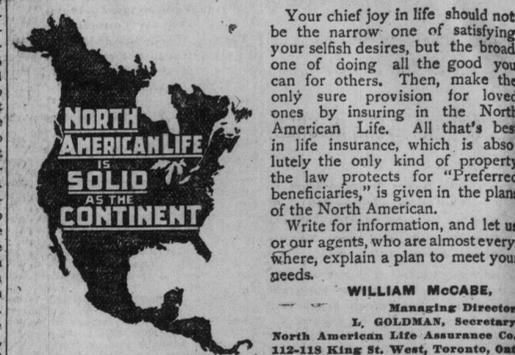

Liability for Unpaid Stock. The Master-in-Ordinary yesterday decided that the holders of unpaid shares in the Farmers' Loan Company are liable for the amounts due on their shares. Mrs. Worthington, Mrs. Proctor and Mrs. Ellwood brought the three trial cases, and the sums involved are respectively \$500, \$1040 and \$4080, as only about 20 per cent. had been paid on the shares in question. Mrs. Worthington also wanted a deposit she had made set off against her liability, but this also was refused.

L. E. EMBREE'S SCHOOL Held its Annual Commencement Exercises Last Night—Successful Affair.

The Jameson-avenue Collegiate Institute held its annual commencement exercises for the term of 1898-9 last evening in the school building, Parkdale. There was a splendid turnout and everything passed off as smoothly as such events usually do.

IT IS USELESS

To try to cure disease without removing the cause. For this purpose an anti-septic drink must be used—the only one ever discovered is Radam's Microbe Killer. Best Office for sale, 94 Adelaide-street east, THE RADAM MICROBE KILLER CO., 249 LONDON, ONT.

Harbord-Street Again.

The alumnae of the Harbord-street Collegiate Institute gave a very successful concert last evening in the school building. The occasion being something in the way of a finishing touch to the commencement exercises of Thursday. The program was divided into two parts, first the program proper and secondly a promenade while refreshments were being served.

CATARRH THAT KILLS

Japanese Catarrh Cure. Guarantees a Cure. A thousand times a year in a climate like this the incipient and neglected cold develops into Catarrh—spreads to the bronchial tubes, then to the lungs and almost before one is aware of it the white plague—consumption—has the patient within its grasp—and it's no respecter of persons, budding manhood or womanhood are its favorite haunts, and the brightest flowers are plucked by the grim reaper's hand—all because—a cold in the head—then Catarrh were let run riot—neglected—Japanese Catarrh Cure prevents the seed sowing of disease, the head-cold stage—and when the seed is sown and Catarrh tortures come, this wonderful remedy makes a speedy, certain and permanent cure—and in every package there's a printed guarantee that if taken according to directions it will cure or there's no pay.

Dear Sirs—I feel it a duty we owe you and suffering humanity to write you what Japanese Catarrh Cure has done for my husband. He was troubled very badly with Catarrh for many years. He tried many advertised remedies, and ago he began using Japanese Catarrh Cure. He took the full treatment of six boxes and since finishing the treatment with this remedy has had no sign of a return of the Catarrh. My nephew, Mr. Bentley, was also so bad with Catarrh that his breath was so offensive it was unpleasant to go near him. Japanese Catarrh Cure cured him, too. We keep it for sale in our store and know of many others who have been helped and cured by this, what we consider, the greatest of Catarrh remedies. I am, yours truly, EMILY A. FAIR, 1311 Whack, B.C. Price 50c—All Druggists—or by mail, Griffiths & Macpherson Co., Toronto.

CANADIAN STOCKS STEADY

Considerable Profit Taking on Wall Street

With Recessions in Many Stocks, as a Result—C. P. R. Rather Strong, as Are Also Electric and Assurance Issues—Quotations, Notes and Gossip.

Friday Evening, Nov. 18. Canadian stocks did not show much activity to-day. The tone of the market was good. C.P.R. was stronger, the Electric were firm and Assurance issues held their own.

Wall-street saw much realization to-day and there were net recessions in many stocks at the close. Some losses were strong for special reasons.

American rallies in London closed 1/2 to 3/4 higher than yesterday. Consols closed unchanged in London.

French exchange on London 25 3/4. Bullion gone into Bank of England on balance to-day 60,000.

The net gold balance in the United States Treasury this morning was \$241,088,000, a decrease of \$267,070.

C.P.R. earnings for second week in November decreased 576,000, as compared with the same week of 1897. G.T. earnings increased \$12,000.

Wabash earnings for the second week of November increased \$30,000. Missouri Pacific earnings for the same week show an increase of \$16,000.

Messrs. A. E. Ames & Co.'s London advice, quoting C.P.R. at 77 1/2; G.T.R. first preferred at 87 1/2 and second preferred at 45, closing at 44 1/2.

At New York U.S. bonds closed: U.S. 7 1/2, 107 1/2; U.S. 4 1/2, 113 1/2; do, coupon, 122; do, second, 108 1/2; U.S. 6, 113 1/2; do, coupon, 122.

A director of B.R.T. says: Earnings for month of September showed gratifying augmentation of the Toronto General Trust Co. and the Trusts Corporation of Ontario is still persistent.

The rumor of a pending amalgamation of the Toronto General Trust Co. and the Trusts Corporation of Ontario is still persistent. It is reported that the capitalization of the amalgamated concern may be placed at \$1,000,000, with a joint paid-up capital of \$750,000, and that the balance of the stock may be offered to the public at a premium of 25 per cent. Such a move would result in a strong combination.

Aggregate Bank Clearings. R. G. Dunn Co. report the aggregate bank clearings in the Dominion for the past week, with the usual comparison, as follows:

Table with columns for Toronto, Winnipeg, Halifax, Hamilton, St. John, and Total. Values range from \$10,000 to \$10,000,000.

Money Market. On the local market call loans are at 4 1/2 to 5 per cent. New York call loans to-day were at 3 1/2 to 4 per cent. Closing loan being at 3 1/2 per cent. The Bank of England discount rate is 4 per cent. and the open market rate 3 1/2 to 3 3/4 per cent.

Foreign Exchange. Aemilius Jarvis & Co., 23 King-street

west, Toronto, stock and exchange brokers, report local rates to-day as follows:—

HOW TO CURE CONSTIPATION.

There is Only One Remedy That Can Do This.

That Remedy is DODD'S DYSPEPSIA TABLETS, the Only Medicine Known That Does Not Aggravate the Troubles-But That Cures Positively and Permanently.

Constipation claims as its victims very nearly the entire population of this continent. It is, in fact, so common that it is underrated in its power to cause suffering.

MINES AND MINING STOCKS

News About Some British Columbia Properties.

Work of the British American Corporation in Rossland Camp - Tests Made of Minnehaha Ore - Deer Park Ore at 300-Foot Level - Budget From Vancouver - Notes.

On Nov. 1 the British American Corporation finished its first half-year of development on its Rossland properties. Some little surface work was done in the latter part of April, but actual underground mining was not undertaken until May 1.

During the month of October the corporation employed altogether 13 machines, in the various work which it has under way in its properties. With 13 machines, 1270 feet of work of all sorts was accomplished, which is equal to an average of four feet per day.

The principal striking that has been undertaken is on the No. 1, where a two-compartment shaft is under way. John L. Long is in charge of the task, and with one machine, assisted by hand labor, the shaft was driven 85 feet in the 30 days.

Minnehaha of Camp McKinney. In addition to the assays of ore from the Minnehaha mine made at various times by O. S. James, B. A., Esq., late of the School of Practical Science, and by Prof. H. Montgomery and others, most of which have given high results, ranging from \$14 to \$300 to the ton, chiefly in gold values, numerous tests have recently been made with the view of determining to what extent the ore is free-milling.

By a simple panning of the ore, without mercury or sodium amalgam, colors are nearly always secured. Of the many experiments carefully made, the following is said to represent the average: Treated with mercury in a silver-copper amalgamation pan, one test yielded gold to the value of \$28 to the ton, chiefly in the residue, the residue yielding \$9 in gold, making a total gold value of \$37 to the ton.

Deer Park. The strike on the Deer Park during the past week comes as welcome news to the large proportion of mining men in the camp who have steadily held to the belief that the Deer Park will make a great mine. At the bottom of the shaft, where it now down 305 feet, there is two feet of good quartz, carrying gold and silver, while the

no wonder, then, that people tire of using medicines that do no good, or that increase the evil. It is in these points that Dodd's Dyspepsia Tablets differ from any other medicine. Dodd's Dyspepsia Tablets cure Constipation, do not relieve it only. They cure it, and cure it permanently. It is not necessary to continue indefinitely the use of Dodd's Dyspepsia Tablets. They do their work thoroughly, and having done it they need not be used longer. Take your course, after you have quit using the Tablets.

entire bottom of the workings outside of the pay streak is heavily mineralized. The strike was quite unexpected, as the management had not supposed that any ore would be found at the 300-foot level without cross-cutting in the neighborhood of 50 feet. The cross-cut, it was believed, would expose the pay streak met at the 150-foot level, which afterwards dipped out of the line of the shaft. In view of the find just made, it is uncertain whether the pay streak has widened out until it has come in line with the working again, or whether another vein has been discovered. The management expects to drift along the ore, and at the same time to put another machine cross-cutting for the pay streak which was met in the upper levels - Rossland Miner, Nov. 10.

B. C. COAST MINES.

Van Anda, Golden Cache, Fern and Other Properties of the West. Vancouver, B. C., Nov. 12. (Special.)-The Van Anda mine is shipping ore regularly and is more than paying the working expenses of the mine. So far it is the only mine on the coast contiguous to Vancouver that has been developed. The ore is sought for by the Swansons, and the Van Anda shareholders, and it is unfortunate that the smelter scheme for Vancouver was voted down by the Vancouver citizens. However, six carloads of smelter machinery is now stored at Vancouver, and a smelter will be erected at the Van Anda mine, in the vicinity of Vancouver somewhere. Some fifteen Van Anda properties are being developed at present, and the stock is being developed at present and the Golden Cache stock is very weak at present, but the Golden Cache, as it has been called by some disappointed shareholders here, may yet be a rich buy at 9c. Since its phenomenal rise to \$2.10 from 10c and its less phenomenal drop back again to 9c, many unfair criticisms have been made against the directors, at least some of them being uncalled for. Some of the heaviest shareholders here sold a dollar's worth of stock throughout the memorable career of this famous company. They stood to make a fortune by the twist of their hands, but their faith surpassed all understanding, and they still have their stock and are still hopeful. It must be remembered that the Golden Cache struck a fabulously rich pocket, and, in the course of development, may strike many more of them, which, owing to the heavy capitalization of the company, would enable them to pay good dividends. The stock is not selling freely at present prices, however. Mr. J. M. McKinnon, the promoter of the company, has resigned the presidency.

Marvelous specimens continue to come in from free-milling properties, but the people are wary, and discount all good news, even discrediting what they can see and feel in the shape of rich ore. The Best of the people have specimens from their Bridge River properties that are more like nuggets than rock. The Winchester people have a very large gold brick on exhibition, and all the free-milling properties are showing up, as far as appearances go, better than they ever did, but the public have lost faith in free-milling properties, and the stock sells slowly. The Fern, in North Kootenay, and the Carbo, in Camp McKinney, are the only companies that remain prime favorites.

A surprise is promised in the Nelson Postman. The stock is now quoted at 25c, but shareholders are in many instances holding for an anticipated rise, owing to the secret whispered around that the new company men business, and are working industriously blocking out big chunks of pay ore, that is known by actual experiment to be pay ore. They are not at all

Ponton to Serve Subpoena. Belleville, Nov. 18.-Mr. E. Gus Porter and Col. N. Ponton, counsel for W. H. Ponton, are busily engaged in preparing for the trial, which opens Monday. Ponton himself has gone to Nanapanee, and will personally serve a number of subpoenas in the vicinity of that town.

The Dyke Cure for Alcoholism is a beautiful, safe, inexpensive home treatment for alcoholic patients; no publicity, no loss of time from business and no loss of honor. It is a complete cure, and is free and confidential. For particulars, apply to Dr. J. M. McKinnon, 428 Park Avenue, London. References as to Dr. McKinnon's professional standing, and personal integrity, permitted by W. H. Ponton, are as follows: Hon. G. W. Ross, Minister of Education; Hon. G. W. Yarker, Banker; H. S. Strachan, Manager Traders Bank.

O'KEEFE'S Liquid Extract of Malt. Is not a Patent Medicine, nor is it Beer as some imagine, but it is a strong extract of Malt and Hops, recommended by leading medical men all over Canada, for the weak and convalescent. If you are run down a few bottles will do you good. Price 25c. per bottle. Refuse all substitutes said to be just as good.

W. LLOYD WOOD, Wholesale Druggist, - TORONTO General Agent

MEETINGS. NOTICE IS HEREBY GIVEN THAT the Annual Meeting of the Shareholders of the British Canadian Gold Fields, Exploration, Development, and Investment Company, Limited (non-personal liability), will be held at the office of the Company, No. 12, Yonge Street, in the City of Toronto, on Tuesday, the 29th day of November, at 2 o'clock in the afternoon, to receive the Directors' Report and Statement, concerning the year ending 31st October, 1898, and for the election of Directors for the ensuing year. The Transfer Books of the Company will be closed from the 14th to the 28th November, both days inclusive. F. ASA HALL, Secretary.

Mortal Combat

Consumption during every hour of the night and day kills fourteen persons in the United States alone. It is a constant mortal combat between the forces of life and death. Increased vitality will throw off the deadly germs and debility fosters their multiplication and triumph. Shiloh's Consumption Cure has a double influence. It strengthens the system and at the same time kills the germs. In many cases serious affections of the lungs have been healed like ordinary wounds.

Mrs. JEAN HAMILTON, Brooklyn, N. Y., says: "I was much prejudiced against so-called patent medicines until I realized in person the value of one which had cured a friend after suffering three years from distressing chills and colds. I took but four doses when my chills ceased. This experience made me believe Shiloh's Cure efficacious for coughs and colds, so I tried it and wish to recommend it to every one who needs a good cough medicine. For people living in the country, it will save lots of worry about croup, coughs and la grippe, for it will stop these very quickly."

If you have taken a cold and are suffering from throat trouble or a cough, send to your druggist for a bottle of Shiloh's Consumption Cure, take a hot foot-bath, with plenty of mustard in it, put plenty of blankets over you, and begin a faithful course of the cure. If you are not relieved by the time you have taken two-thirds of the bottle return it to the druggist and he will refund your money. 25c, 50c, and \$1 a bottle throughout the United States and Canada. In England 1s. 2d., 2s. 3d. and 4s. 6d.

DUNDEE SMELTER RETURNS.

A smelter test has been made of two carloads of Dundee ore. FIEST CAR went 18.4 ounces in silver, 2,858 ounces in gold, 19.9 per cent lead, or a total of \$77.15 per ton. SECOND CAR went 7.65 ounces in silver, 1,095 ounces in gold, 4.3 per cent lead, or a total of \$28.40. This made the average of the two car loads \$52.77 per ton.

Now is the time to buy before prices rise to \$1 per share. We can quote lower figures than any other broker in Canada, having sold over 100,000 Dundee shares at as low as 10c per share. Also furnish you with a very special figure on FAIRMONT. Write or wire before ordering elsewhere.

The Commissioner Roasted by a Disappointed Easterner

Before the Board of Works, But Let's the Cat out of the Bag—A Little Scene—Humber Bridge Not This Year—New West End Belt Line Goes on to Council—Amalgamation of School Board Talked at Conference—E. F. Clarke's Admission—The City Hall.

As winter approaches and the ground stiffens up the business of the Board of Works correspondingly declines. The meeting of yesterday afternoon was called at 1:30, so soon after luncheon that the members were prone to listen to after-dinner speeches on small and even irrelevant subjects. But unfortunately the speakers were persons whose names were not mentioned by their ward representatives almost to the value of election issues.

Among the onslaughts was one made on Street Commissioner Jones, by an aggressive gentleman named Wetherby, produced a small load of gravel and an isolated boulder, which he adduced was a sample of what Mr. Jones was doing in the street. The committee voted its good regards to the Commissioner, and the speaker, who had changed his tactics, accusing the Commissioner of deranging the local people by counting 100 loads by counting two cubic yards to the load. He had measured seven wagons and had found all of them to measure much less.

The Commissioner was called and determined Mr. Wetherby again by pointing out that his foreman had been instructed to go by yards not by loads. "That statement is manufactured," came the scowling retort, "and I can prove it, because the foreman didn't know the meter because of a single wagon."

The committee was wearied, but buoyed with the hope that the complainant would be Wetherby, but it was not Mr. Wetherby who was the complainant. "What time should the foreman get to work in the morning?" he asked. "At 7," the Commissioner replied. "Well, he never gets there before 8."

Then the Commissioner let the card out of his sleeve. He told the committee that "this gentleman wanted to be inspector, but the people along the street wouldn't pay for one."

This settled it, and with threats of police interference following upon him, Mr. Wetherby was forced to retire, with the matter going into the courts.

Keating's Limited 12-Minute Service. Messrs. McCurrah and Tew were given an attentive hearing in the meeting of a better street car service on Queen east. At that juncture the chairman presented a report of an interview held with the manager of Keating's Limited, who had promised to put on a 12-minute service between 5:35 a.m. and 10:02 a.m., and between 4:50 p.m. and 7:14 p.m.

Let Next Council Pledge It. The committee, getting down to the Engineer's report, did not see fit to spend \$10,000 in rebuilding Humber Bridge since \$600 was being spent in temporary repairs by committing the duty was shelled next year's Council.

Does a Halt Exist There? Mr. Havelock Cumberland proposed against a recommendation to renew a sidewalk on the east side of Dufferin street to 600 feet south of Floor. The Engineer's report was that the sidewalk should be moved to the west side. This would fairly distribute the improvement rates between the two sides of the street. Mr. Cumberland's property having paid to accommodate the west side people in getting to Floor-street. The laying out of the work was delayed until a dispute was settled as to whether there was a lodge hall on the east side. Mr. Cumberland said there was not. Ald. Denison, Bowman and Woods said there was.

West End "Belt Line" Passes. The recommendation of the sub-committee for the extension of the Davenport car service east on Queen to Mississauga, Dufferin, back to Queen and up to Davenport, was concurred in. This is pending a decision involving the city's power to order the extension of the street railway westerly on Moor-street, and the formation of a Belt Line over Home-avenue, Queen, and Dundas-street.

Amalgamation Not Yet in Sight. The conference between the City Council and the two School Board representatives yesterday afternoon respecting amalgamation, elicited very little, and resulted in less. Chairman Davies had about him, Ald. Sheppard and Messrs. R. H. McPherson and Harold representing the Public School Board, and Messrs. E. F. Clarke, M.P., and Dr. Ferguson of the Collegiate Institute Board. The usual routine of sending were indulged in. The High School trustees wanted to have it shown how amalgamation would be beneficial. The usual arguments followed. Trustee Baird on the

other hand wanted it shown how what he termed the natural situation of amalgamation could be prejudicial either to the public pockets or to the children's intelligence. Both Boards professed to be unprejudiced and desirous of being convinced. Both wanted information, and both wanted of the relaxed death of amalgamation. The Board of Education was led up by the chairman. Driven to a corner, Mr. Clarke was forced to admit that if properly and conveniently situated, two Collegiate Institutes would be ample for Toronto. But then he said there was a large question of cost of removal and rebuilding to consider.

The Pertinent Questions. Finally Ald. Sheppard boiled it down to four questions which had to be answered before any intelligent conclusion could be arrived at. They were: 1. Are there too many High Schools? 2. Should the curriculum be changed? 3. Will amalgamation away with some or all of the present sites? 4. Are the High Schools costing too

More Extra Appropriation Wanted. The City Engineer had another complaint most exhaustively expounded yesterday in a supplementary report, but it was refused introduction to the Board of Works by Chairman Saunders. He asked \$1500 for the west by the G.T.R. on the Lake Erie counties, where the bulk of the crop is grown. Buckwheat—The crop is a comparatively poor one. The yield is 15 bushels per acre. Potatoes—The crop is light throughout the province. Early potatoes a complete failure. The quality is poor. The yield is 100 bushels per acre. Mangel Wurzel—This has probably been the most successful of any of the root crops. Very little of the crop remains to be taken up.

The Appeal of the Bell Telephone Company against assessment will be heard before the three County Judges on the 23rd inst. at 10:30 a.m. For the judgment in the case of the C.P.R. appeal each of the outside judges got \$35 from the G.P.R. for services and mileage, while the other \$70 was paid by the city for hotel expenses.

Why This Unusual Move? Chairman Dunn of the Property Committee, very judiciously gave out the price submitted by the Land Security Company, through Pearson Bros., for the cattle market bounded on the north by the C.P.R., on the west by the G.T.R., on the south by Wallace-avenue, and on the east by a lane. They ask for 50 acres, \$1500 an acre, or \$75,000 in all. This, it will be seen, is a very high price for a reduction in the price of \$100,000.

Died Before Going. Assessment Commissioner Fleming died the Montreal Board of Assessors at McCon's Hotel, 103 St. James street, yesterday. He was 68 years of age. He was a native of Scotland, and had resided in Toronto for many years. He was a member of the City Council, and had served as Mayor of the city for several years.

John Sheridan Agrees to the Fore as Exporter. John Sheridan, the well-known exporter of horses and cattle, yesterday made another shipment of 50 of the horses as ever left the city of Toronto.

For several weeks Mr. Sheridan has been driving through the Counties of York, Peel, Simcoe and Ontario, selecting and purchasing the best horses he could find, for this is his last shipment this season. The shipment consisted of heavy draughts, coach, cart, team and gray horses, which were delivered by the farmers at the Clyde Hotel during the past two days.

B. agents for tickets and information, or address H. Parry, General Agent, N. Y. C. & H. R. E. L., Buffalo, N. Y.

Muskoka Cottage Sanatorium. Editor World: Some months ago we made an appeal through the press on behalf of a deserving woman who required treatment in the Muskoka Cottage Sanatorium, to which a very generous response was made, the whole amount asked for having been contributed. The woman referred to has been in attendance and has been greatly benefited by the treatment of the institution. She has gained greatly in weight, and is completely recovered her former strength and feels now quite able to undertake again the duties of life.

OR to China. Yesterday afternoon the platform of the Union Station was crowded with clerics, men and church people, who were giving a happy send-off to three missionaries. They were Miss J. E. Desmond of Olivet Congregational Church and formerly of Massachusetts, Miss C. A. Pike of New York, and Miss Minnie Watson of Olivet Congregational Church. They are the representatives of the China Inland Mission, and will be going to Peking, where they will take passage on the steamship Northern Pacific. When out west they will be joined by the Misses Katherine and Gertrude Albertson of St. Paul, Minn. The local missionaries left by the C.P.R. train at 4 o'clock.

A GREAT FRUIT CROP.

The Final Crop Bulletin Issued by the Agriculture Department—Tobacco Also Good.

The following facts were gleaned from a careful perusal of the latest report issued by the Minister of Agriculture, Ontario: Fall Wheat—Poor yields exceptional; large yields common. Grain plump; weight as high as 64 pounds to the bushel. The yield is 24 bushels per acre. The new fall wheat area doubled. An encouraging outlook.

Spring Wheat—The acreage is only a little over one-third of that of fall wheat; average yield; the quality good. A large amount of good wheat has been grown. The yield is 17.7 bushels per acre. Barley—The yield per acre has been large and a better sample of grain as to weight and color than in seasons past. The yield is 28.9 bushels per acre. Oats—The crop has turned out two bushels per acre better than was estimated before harvest, bringing the yield up to an extraordinary total of 84,558,293 bushels.

Wheat—What little rye was grown for grain turned out well. The yield is 10 bushels per acre. This appears to have been the most unfortunate of the grain crops. The crop continued to drop in yield, so that the final statement gives 13,222,222 bushels, some what under the previous year, and 15.6 bushels per acre, as compared with 10.9 bushels per acre, the average for the period. Corn—Drought and an early start in July wrought considerable injury. The crop, however, turned out better than was expected earlier in the season. The yield is 10 bushels per acre. Tobacco—This crop has turned out well. The season for setting out plants was rather dry, but the general growth was good, and a large quantity was caught by frost, but the bulk of the crop escaped.

Beans turned out well in the Lake Erie counties, where the bulk of the crop is grown. Buckwheat—The crop is a comparatively poor one. The yield is 15 bushels per acre. Potatoes—The crop is light throughout the province. Early potatoes a complete failure. The quality is poor. The yield is 100 bushels per acre. Mangel Wurzel—This has probably been the most successful of any of the root crops. Very little of the crop remains to be taken up.

Carrots—Carrots have done well, especially in the West. The yield has been good under cover in good condition. Fruit and Fruit Trees—Fruit trees and vines are in a general way well, but the drought and frost inflicted considerable injury during the earlier stages of its development, and much loss has also been caused by insect pests. The apple crop in particular, suffered much from worms, much of the fruit being affected in unappreciated orchards. The tent caterpillar also did injury. Notwithstanding all disadvantages, the returns from all over the province show that the supply of fruit, more especially of apples, was considerably more than sufficient for home consumption, very large shipments having been made to England and the United States from the western fruit-growing section. Pears, peaches, plums and cherries were also shipped from many localities.

Yields of Crops—Fall wheat, 25,158,313 bushels, or 24 bushels per acre, spring wheat, 6,878,783 bushels, or 17.7 bushels per acre; barley, 84,558,293 bushels, or 28.9 bushels per acre; oats, 80,858,293 bushels, or 15.6 bushels per acre; rye, 2,073,234 bushels, or 10.9 bushels per acre; corn, 13,222,222 bushels, or 10 bushels per acre; beans, 15,977,645 bushels, or 15.8 bushels per acre; mangel wurzel, 21,507,004 bushels, or 4.33 bushels per acre; potatoes, 61,727,882 bushels, or 427 bushels per acre; mangel wurzel, 23,442,503 bushels, or 70.9 bushels per acre; mangel wurzel, 128,071 bushels per acre; hay and clover, 4,303,087 tons, or 1.70.

A PESSIMISTIC VIEW. Of Parliamentary Government Held by Prof. Dicey. Professor Dicey of Oxford University is at present in the city as the guest of Mr. G. W. Smith, of the Ontario Bar. He delivered a lecture to the Political Science Club of University College on Parliamentarism yesterday. The learned professor it to be of very recent origin. The starting point of it was the pessimistic view of the speaker on the subject of the prospects of popular government. Room 9 of University College was well filled with students and outsiders. President Redder presided, and most of the faculty of the University were present.

William White and James Brady, two members of the Ontario Bar, who have been robbing country stores lately, were convicted in the Police Court yesterday of burglary at Redder's general store, on the corner of Dundas and Bay streets, a week ago on suspicion of having held up and robbed John Verall of 81 Argyle-street. The two men were wearing their clothes, and in court yesterday Mr. Henry Redder identified the articles as having been stolen from his store. White and Brady were committed to the same place for three years.

John Martin, a Buffalo youth, was sent to the Central Prison for 5 months for breaking into Clegg's Restaurant on the Exhibition grounds. The man who had young men who had beaten his father and mother, was committed to the same institution for 6 months. Thomas Wood, a 16-year-old boy, was fined \$10 and costs for assaulting his sister-in-law. The complainant had her husband sent down for a week on Thursday.

A sentence of a month in jail was imposed on Cornelius Lynch of 4 Draper-street for assaulting a boarder, Carrol, who was fined \$12. Laura Martin a woman who worries citizens around hotels by wanting to sell lace was sent to the Mercer Reformatory for 6 months for imbibing too much beer.

When the Insured Were Alive. The case against the Toronto Railway Company on a charge of neglecting to provide proper vestibules on the cars was enlarged for a week. Mrs. Mary Kavanagh, 94 Rose-avenue, was committed for trial on a charge of obtaining goods by false pretences. George Morrison, 127 Dundas-street, was solemnly interred yesterday afternoon in the family plot in Prospect Cemetery. Several hundred intimate friends of the deceased and family attended the funeral, among whom were members of the Toronto Poultry Association and a large representation of the Drovers and Butchers' Association. From early morn till the time for the funeral had arrived, it was a continual stream of sorrowing friends that went in and out the residence at 615 Manning-avenue to take a last look at the devoted husband and father. Rev. Elmore Harris, late of Walmer-road Baptist Church, conducted the services at the residence and at the grave. Numerous flowers and wreaths were placed upon the coffin, including a wreath from the Toronto Drovers' Association, with the words, "Our loss, a friend; his gain, a crown."

Three Rivers, where the relatives of the supposed deceased claimed that he was drowned off a steamer between Three Rivers and Montreal. But it was ascertained shortly afterwards that the corpse of a farmer, who insured at a Chatham, Ont. life insurance company, was particularly hale and hearty for one who had been dead several months. Another case was that of a farmer, who insured at a Chatham, Ont. life insurance company, was particularly hale and hearty for one who had been dead several months. Another case was that of a farmer, who insured at a Chatham, Ont. life insurance company, was particularly hale and hearty for one who had been dead several months.

Did From Heart Disease. Smithville, Ont., Nov. 18.—William Kennedy, an old bachelor of South Gresham Township, 75 years of age, was found dead in the edge of a woods between Smithville village and his home on Thursday and was on his way home by a foot path through the woods, when he fell apparently dead. Dr. Henning was called and pronounced death due to heart disease.

For Europe. A. F. Webster, general steamship agent, books the following passengers to sail on the steamship Umbria and Scotsman today for Liverpool: Mr. W. L. Allcroft, Mr. G. Richard, Mr. A. K. Drake, Mr. William Thomas, and three children; E. A. Smith, Samuel Miles, John Vallender, Samuel Thomas, J. Roper, Mrs. Amisall and two children, Thomas Davis, James Smittle, Mrs. Anderson and Miss Anderson.

As a Guest. Mr. and Mrs. Dan A. Rose entertained Mr. Hall Caine at their residence, 20 St. Joseph-street, after his lecture, Mrs. Wright at supper. The others present were: Mr. and Mrs. A. S. Irving, Mrs. A. W. Croil, Mr. and Mrs. G. N. Moran, Dr. and Mrs. C. Murray, Dr. George Bingham and Charles Farley.

Steamship Lunatics. This day week the Cunard Line will despatch the steamship Lunatics from New York. There is still accommodation vacant in all classes, but, being a great favorite, it is quickly taken up. Intending passengers should book without delay. All information can be had from A. F. Webster.

To Cure Toothache in a Minute. Use NERVOL. One application cures if not, two more. Equally good for Neuralgia and Headache. 25c. at All Drugists.

GENERAL DEBILITY CURED.

From the Advertiser, Hartland, N.B. Ralph Gibson, postmaster of Monquart, Charlton County, N.B., is also known as a prosperous agriculturist and enthusiast in his line. Now staid and rugged, weighing 250 pounds, he scarce would be recognized as the man who six months ago was the picture of one suffering the terrible symptoms of general debility. He was unable to get up, suffered from general dizziness, almost blindness, general dulness and depression of spirits. He had a poor appetite and such food as he ate gave him great distress. He was incapacitated for great distress. He was unable to get up, suffered from general dizziness, almost blindness, general dulness and depression of spirits.

When the Insured Were Alive. The case against the Toronto Railway Company on a charge of neglecting to provide proper vestibules on the cars was enlarged for a week. Mrs. Mary Kavanagh, 94 Rose-avenue, was committed for trial on a charge of obtaining goods by false pretences. Many Go Insane. Women's Burdens Are Heavy and Hard to Bear. Unless Dodd's Kidney Pills are Used, Then Diseases of Women are Cured, and Suffering Ceases.—Mrs. Ellen Dowson's Case.

Toronto, Nov. 18.—The daily papers from day to day contain reports of the wrecking of once happy homes, through the insanity of mothers whose reason has been destroyed by illness. Women's burdens are many and heavy, and hard to bear. They are, as a rule, borne in silence, for women don't want to incur the expense of calling in the doctor; they don't want to worry their husbands. They continue suffering in silence, while their ailments are sapping their strength, undermining their health and reason, and hurrying them to the grave.

It is needless to call in a doctor in most cases of such kind. The suffering woman can cure herself at very small expense. Dodd's Kidney Pills are the remedy she needs. In a number of every hundred cases of "female complaints," the trouble has its origin in diseased kidneys. Very soon the urinary and reproductive organs are affected, and the sufferer becomes a frail and wasted shadow of her former self.

By restoring the kidneys to sound health, and so ensuring their prompt and proper action, "Female Complaints" can be quickly, thoroughly and permanently cured. Mrs. Ellen Dowson, 640 Gerrard-street, writes: "For over six years I suffered intensely with Palpitation of the Heart, and Female Weakness. One of Toronto's best doctors attended me, and I used many different kinds of medicine, but got no relief. I used Dodd's Kidney Pills. I have taken eight boxes, and am completely cured."

Dodd's Kidney Pills will do for all suffering women what Mrs. Dowson's experience proves. Test them. They'll convince you by curing you.

Bombardier Gray Sentenced. Kingston, Ont., Nov. 18.—After long delay, the case of Bombardier Gray was brought out to-day at a Battery. He was reduced to the ranks and sentenced to imprisonment for a period of 42 days.

RHEUMATISM CURED.

Mr. M. Carroll of Roland, Man., writes: "While living at Sidney, Man., I wrote you informing you that your Dr. Williams' Pink Pills had cured me of rheumatism of twenty-five years' standing, after many other medicines had failed. I am pleased to again write you and say that the cure has been permanent, as after a lapse of several years there has been no return of the trouble. I sincerely hope my experience will be the means of helping some other poor sufferer."

CURED OF SCIATICA. Mr. C. Thornton, Bluevale, Ont., says: "About seven years ago I rented my farm, and moved into this village, where I have since carried on business as a pumpmaker. In the fall of 1885 I was attacked with sciatica, and for more than a month suffered intensely. I took medical treatment, but it did not help. Then a druggist advised me to try Dr. Williams' Pink Pills; under this treatment the sciatica was banished, and I have not since felt any return of it."

GAINED TWENTY-THREE POUNDS. Mr. Arthur Piper, Dixville, Que., says: "Last autumn I became very weak, my whole constitution seemed to be undermined, and I lost flesh rapidly. I had no appetite, the least exertion tired me, and the words 'felt miserable' will best describe my feelings. Having read so much concerning Dr. Williams' Pink Pills I determined to try them, and the results were most beneficial. Astonishing as it may seem, I gained twenty-three pounds in three weeks, and I am now feeling as well as ever I did in my life. To those who feel as I did, I would say that Dr. Williams' Pink Pills will speedily cure them."

WASTING AWAY. Mrs. J. N. Gordon, Cataragui, Ont., says: "If I could not have got Dr. Williams' Pink Pills I believe I would not now be living. I was wasted away to a shadow, and my hands were literally transparent. I had a hacking cough, could not sleep and could scarcely eat. Doctors having failed to help me, I determined to try Dr. Williams' Pink Pills, and was soon gratified to find that they were helping me. I continued their use for several months, and He had threatened me that they have fully restored my health. I consider Dr. Williams' Pink Pills a blessing to humanity."

It is proved that Dr. Williams' Pink Pills Cure Rheumatism, Sciatica, Locomotor Ataxia, Anaemia (lack of Blood), Heart Troubles, Indigestion and Dyspepsia, St. Vitus' Dance, Paralysis, Incipient Consumption, All Female Weakness, Dizziness and Headache, And all Troubles arising From Poor and Watery Blood.

November Ills. November is a dangerous month. The cold, the damp, the sudden changes that foretell the coming winter attack those unprepared for their assault.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE. In package like this—Always printed RED. will prepare you if you are not ill yet; and will cure you if you are beginning to feel the effects of November ills. But you must get the genuine—substitutes are worse than useless—much worse.

If your dealer has not got them, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed post paid at 50 cts. a box, or six boxes for \$2.50.

CHAS. GOODCHILD BURIED. The Second Toronto Victim of the G. T. R. Accident—Laid to Rest in Prospect Cemetery. Under threatening clouds and a darkening sky the remains of the late Charles Goodchild, the second Toronto victim of the awful accident on the Grand Trunk Railway last Tuesday at Murray Hill, were solemnly interred yesterday afternoon in the family plot in Prospect Cemetery. Several hundred intimate friends of the deceased and family attended the funeral, among whom were members of the Toronto Poultry Association and a large representation of the Drovers and Butchers' Association.

Did From Heart Disease. Smithville, Ont., Nov. 18.—William Kennedy, an old bachelor of South Gresham Township, 75 years of age, was found dead in the edge of a woods between Smithville village and his home on Thursday and was on his way home by a foot path through the woods, when he fell apparently dead. BURNED THE ORANGE LODGES

Archibald Foster of Ardenia Believed to Be the Man—Said to Be Insane. Owen Sound, Nov. 18.—High-Constable Noble of Markdale has brought to jail Archibald Foster of Ardenia, who was committed by Justices of the Peace last week, on a charge of being dangerously insane and threatening to shoot. When arrested Monday last he was carrying a loaded revolver, and was about going to Mr. Lucas' office, evidently for the purpose of shooting him. He had threatened Mr. Marsh, Dr. Sproule and others about the village. The evidence taken before the magistrates showed that one of his illusions was that he was being persecuted by the Orange men. Owing to his belief that the Orangemen were against him in some way, it is thought by some that he fired the Orange lodge recently burned; also Dr. Sproule's buildings. He has been mentally weak at times for about five years.

Shot While Defending Their Mother. Philadelphia, Pa., Nov. 18.—In an heroic effort to save his mother from his step-father's brutality, William Lindemeyer, aged 14 years, was today shot. He was committed by Justices of the Peace last week, on a charge of being dangerously insane and threatening to shoot. When arrested Monday last he was carrying a loaded revolver, and was about going to Mr. Lucas' office, evidently for the purpose of shooting him. He had threatened Mr. Marsh, Dr. Sproule and others about the village. The evidence taken before the magistrates showed that one of his illusions was that he was being persecuted by the Orange men. Owing to his belief that the Orangemen were against him in some way, it is thought by some that he fired the Orange lodge recently burned; also Dr. Sproule's buildings. He has been mentally weak at times for about five years.

WHEAT CABLES WERE EASY,
 But Chicago Futures Firmed Up Late in the Day

On Good Export Business Reported From the Seaboard—Little Change in Prices at the Close—Local Grain, Produce and Live Stock Markets—Notes, Quotations and Gossip.
 Friday Evening, Nov. 18.
 Liverpool wheat eased off to-day, futures closing 1/4 to 1/2 cent lower than yesterday. Paris wheat closed unchanged to 1 cent higher for the day, with four to six centimes lower to 10 centimes higher.
 Chicago's market opened weak in sympathy with the cables and firmed up later on reports of good clearances and 80 loads taken at the seaboard for export. The close was at about yesterday's closing figures.
 Liverpool maize futures closed steady to 1/2 cent lower than yesterday. Chicago corn showed strength on good shipping demand.
 Lard is up 1/2 at Liverpool.
 Beans declined 1/2 at Liverpool.
 Bacon declined 1/2 at Liverpool.
 Clearances of wheat and flour for the week from Atlantic seaboard and Gulf ports 7,700,000 bushels, against 4,700,000 last week.
 Total clearances to-day: Wheat and flour equal to 7,400,000 bushels, corn 315,000 bushels.
 Exports at New York to-day: Flour 4,478 barrels and 8678 sacks, wheat 314,229 bushels.
 Wheat receipts at Liverpool past three days 315,000 bushels, all American. Corn same time 25,800 bushels, all American.
 Primary wheat receipts to-day 4,400,000 bushels, against 1,154,000 bushels the same day a year ago. Corn 407,000 bushels, against 40,000 bushels.
 Our receipts of grain on the Chicago market to-day: Wheat 416, contract 29; corn 252, contract 10; oats 227, contract 22.
 Wheat receipts to-day at Minneapolis and Duluth 4,350 cars, against 1216 same day a year ago.
 Argentine shipments of wheat this week 21,000 bushels, as against 16,000 bushels last week and none the corresponding week of last year. Corn shipments this week 80,000 bushels. Crop prospects excellent.
 December wheat puts at Chicago to-day 60¢, calls 60¢.
 A large part of the steamer space for grain in New York has been recently taken for grain to Liverpool.
 The rate of ocean freight, New York to Liverpool, is stronger at 5d bid and 5 1/2d asked.
 Minneapolis reported sales of 50,000 barrels flour in one day this week.
 The Minneapolis Market Record invites attention to the fact that a large portion of the receipts of wheat in this market is due to decreased shipments from the interior to Duluth, the arrivals at latter port are partly made up of shipments from Minnesota, as the Minneapolis elevator companies recently sold considerable quantities of corn eastward via Duluth. To this extent there has been a duplication of receipts at primary markets.
 Some of the vessels recently reported as having been chartered to load corn at Chicago are now loading wheat. Lake freight is rather easier at 2¢ on corn, Chicago to Buffalo.
 The Chicago Bulletin estimates the acreage in the United States under wheat this season 25,000,000 acres, which at 14 1/2 bushels per acre would yield 362,500,000 bushels. The Government estimate for crop of 1898 was 26,572,000 acres, yield 360,620,000 bushels.
 A Topeka, Kan., dispatch says: "Kansas railroads announce that they will be able to supply cars for the wheat harvest and to move 10,000,000 bushels of wheat out of the State. In the great wheat belt elevators are full and buyers have no place to store wheat. A car freight has been raised for ten days. The farmers of the wheat belt have brought in wheat Saturday for the eastern market, but have been unable to get back home and wait until the railroads could get cars there. One-third of the wheat is going to destination and from there by ship to Liverpool."

The Visible Supply.
 The Chicago report of visible supply of wheat showed an increase for last week of 2,200,000 bushels. Dr. Bristow's report, which covers a large number of points not included in the Chicago list of visible supply, showed an increase for same week of 6,223,000 bushels. It has been a matter of surprise that with large increase over last season in the deliveries of wheat since Aug. 1 there has not been a corresponding increase in the visible supply or exports, but on the contrary a decrease as compared with last year. The explanation of this, as The World has frequently shown, is that owing to the complete exhaustion of stocks in mills of last harvest, and to the unprecedentedly large quantity of wheat taken for milling this season, a vast proportion of this season's crop deliveries has disappeared in the available supply in the hands of private elevators, and the innumerable number of mills scattered all over the country. The movement shows that the quantity of visible reserves have during the past 14 or 15 weeks been reconstituted to the extent of about 25 million bushels.

Russian and Danubian Wheat.
 Notwithstanding the unfavorable reports of the wheat crop of Russia and the Danubian principalities, the exports from these countries during the six weeks ending Oct. 12 have amounted to 37,576,000 bushels, or at the rate of 150 million bushels per annum, or nearly equal to the quantity generally estimated. Recently the weekly shipments have increased considerably above the average for the 12 weeks. On the one hand, it may be urged that the exports from these countries during the first four or five months of the season have been always in much larger proportion than later in the season. On the other hand, it may be urged, that on account of wet harvest, the water in the rivers emptying into the Black Sea, has impeded on the quantity of crops going prices and withdrawal of considerable water to sections where the crop failed, the exports so far have not been in the usual proportion to the surplus available for the season's export.
 It is pretty well established now that Roumania, Bulgaria and Roumelia will not

be able to export the quantities with which they were credited by some authorities early in the season.

Official Exports of Breadstuffs.
 O. P. Austin, Chief of the Bureau of Statistics of the United States Treasury Department, furnishes the following report of the exports of breadstuffs for the past ten months, compared with the corresponding time in 1897:

ESTAB. 1843. SCORES' ESTAB. 1843.
 77 King W. TORONTO'S GREATEST TAILORING STORE. 77 King W.

The Conventional Dress Suit
 For evening dress the only suit permissible in social life is composed of the dress or swallow tail coat, a waistcoat with a long opening and trousers of the same material as the coat.

The Coat
 is made from fine elastic twills, uncut worsted and vicunas, with peaked lapels, silk or satin faced to the button holes, or a shawl roll faced to the edge.

The Waistcoat
 may be either single or double breasted, with a V shaped, a U shaped or a circular shaped opening, may be made from the same material as coat or from an embossed, embroidered or figured silk either white or black.

The Trousers
 which are made from the same material as the coat, may have plain, cord welted or braided cut, as fashion smirks, for evening wear.

This is the Conventional Dress Suit.
 We have all the above materials in stock for evening dress purchased personally by Mr. Score in England. There is a profusion of excellence in our special Dress Suit at \$35.00, lined all through with silk, cut, fitted and tailored in the correct style.

SCORES' HIGH-CLASS CASH TAILORS
