## 'T's Foy and Gooderham For S. Toronto Honors. Bryans Named in East

Conservatives Have a Rousing Convention--Attorney-General Receives the Unanimous Call for Class A.

EAST TORONTO LIBERALS ALLY WITH LABOR PARTY

If there is any division in the ranks of the Conservative party in South Toronto it did not manifest itself at the nomination proceedings held in Victoria Hall last night. From first to last there was not even the semblance of a breeze, and the nomination of Hon. J. J. Foy in Class A, and that of George H. Gooderham in class B was as unanimous as the most devoted friend of the Conservative party in the riding could desire.

The reception accorded Hon. Mr. Foy was especially enthusiastic. G. R. Geary was master of ceremonies, assisted by W. D. Earnsey as secretary. The hall was filled to the doors, even standing room being at a premium, and among the crowd were scores who had done yeoman service in the cause. On the platform were Hon. J. J. Foy, Hon. Dr. Pyne, Claude Macdonell, M.P.; Edmund W. K. McLaughlin, M.L.A.; John Laxton, Dr. Orr, George H. Gooderham, W. J. Owens, and Ald. McGhie.

More than an hour was consumed in an analysis of those properly qualified to vote, and when this was finally accomplished, in Class A, Mr. Foy was nominated by acclamation.

One name and only one, that of Hon. J. J. Foy, was proposed. The nominators of the attorney-general nomination were made by Henry Sheard and Thos. Hook.

"Will I wait the statutory time allowed, or close nominations?" queried Chairman Geary.

"Close them now," said the crowd, and the chairman's gavel came down on the moment.

Hon. Mr. Foy spoke briefly, contenting himself with expressing his appreciation of the trust reposed in him.

"I have always done my best," said the hon. minister, "and no public man can do more than to be accorded the confidence of his constituents."

G. R. Geary was nominated by Chas. Sheard, Thomas Hook by Alex. Patterson, William Cook by A. A. Galt, W. J. Owens by C. E. Macdonell, F. J. Roche by E. Robinson, W. D. Earnsey by W. Worrell, George H. Gooderham by W. McFarren and W. J. Warty and Stephen W. Burns by W. H. Smith.

All retired except Gooderham, Roche and Burns, also there was a demonstration to persuade Mr. Owens to run.

"If you are my friends you will allow me to withdraw from the list of candidates," he pleaded.

"It cannot be long, and you will have an opportunity to place me in the position you now desire."

The result of the balloting when Mr. Gooderham was declared the candidate was the signal for a great demonstration, which the candidate acknowledged.

In accepting the nomination Mr. Gooderham said: "If South Toronto is won for the Conservative cause, as it will be, it will be because I am your candidate, but thru the loyal support of the boys, who have honored me with their confidence to-night, a confidence which I shall try more than ever to merit."

"Had anyone suggested one week ago that I would not be a candidate, I would not have regarded the matter seriously."

Mr. Burns moved and Frank Roche seconded the nomination, making it unanimous.

LIBERALS IN EAST.

Dr. Bryans Nominated With Labor Man as Running Mate.

Dr. W. F. Bryans is the Liberal nominee in East Toronto. He was the only candidate nominated at the convention held in Broadview Hall last night. The candidate will choose whether he will run as class A or B, arranging it so that he will be a running partner of the Labor candidate.

The meeting was well attended, and not taken too seriously by those present. A. C. Ross, president of the East Toronto Liberal Association, called upon H. M. Mowat to take the chair. Upon the motion of John A. Ewan it was decided to make only one nomination.

Those nominated were Dr. Bryans, Albert Chamberlain, James O'Hara, Daniel Chisholm, J. W. Morgan, William Banks, Dr. D. J. Swenson, John Bayn, Elgin Scholte, W. L. Edmonds and A. C. Ross. Of these only Bryans, Chamberlain and O'Hara allowed their names to go to the ballot. At no stage of the game was Mr. O'Hara's candidature taken seriously, and the ballot was cast in a matter of minutes over both his competitors. When the result was announced Mr. Chamberlain moved that the nomination be made unanimous. Dr. Bryans said: "I thank you for the nomination. I hope we will win."

In his address before the vote was taken, Dr. Bryans said that the few mistakes of the thirty years of Liberal government in Ontario were small compared with the rapid progress of the present government. He had always believed that the enthusiasm of the Conservative party for R. J. Garney was sowing seeds of decay in the party's own ranks. The Liberals, he said, deserved great credit for the hearty support they had given Mr. Beck and the power policy. He could not understand why Mr. Whitney had

## AGED ANGLICAN RECTOR DIES AT PARISHIONER'S

Calling at Warden's Home After Vestry Meeting, Rev. W. E. Cooper Expires.

Death came suddenly last night to Rev. W. E. Cooper, M.A., rector of St. Martin's Church, on Macaulay-avenue.

Mr. Cooper was at Mr. Meedham's house attending a meeting of his church wardens, and after the annual report had been read, one of the people's wardens, Mr. Hollinger, left for home.

A few minutes later Rev. Mr. Cooper called at Mr. Hollinger's home, nearby, to get something and when Mr. Hollinger had left the room, Mr. Cooper complained of feeling faint, and immediately became very weak.

Mrs. Hollinger caught him and when her husband returned the rector fell into his arms unconscious. A doctor arrived in less than five minutes, but he died a few minutes later. Death was due to heart failure.

Mr. Cooper was 72 years old. Mr. Cooper's first charge was as curate of Holy Trinity Church, after which he went to Port Colborne. He afterwards located for some time at Springfield, till he became a professor in Trinity College School, Port Hope. His next places of residence were Grafton and Campbellford, he leaving the latter place in 1901 to become rector of St. Martin's Church. He leaves a widow and four children, one son and three daughters. His son resides in Petrolia, being manager of the local branch of the Bank of Toronto.

The body of Mr. Cooper was removed to his late residence in Speers' private ambulance, West Toronto.

GRAY V. HYMAN.

'Tis Said the Ex-Minister Will Re-Enter Politics.

LONDON, May 11.—(Special.)—The understanding here to-day is that Hon. Chas. S. Hyman will again contest London in the coming federal elections. His opponent will be William Gray.

The rumor is not without foundation, and Mr. Hyman's recent visits to Ottawa lend color to the rumor. Mr. Gray's strength in the past, when he fought big odds in the last general and the by-elections here, make him the logical candidate.

The story that Mr. Gray would enter the provincial field is not correct.

South Africa Not Enthusiastic Over Unification Proposals.

(Canadian Associated Press Cable.) LONDON, May 11.—A Cape Town cable says the proposal of the curious conference for a national convention, meeting with a mixed reception, mainly because of the decision that the number of delegates thereto is to be proportional, and also because the resolutions do not provide for a final reference of the convention's decisions to the people.

Moderate opinion here, according to a telegraph despatch, deprecates that the first official act leading to unification should be the principle of equal rights irrespective of race.

By agreement of (omitted) the hearing of the Thaw annulment case was again adjourned.

## SUSPECTED THAT THERE WAS A GAME

Marine Dept. Chief Engineer Objected to Light Commissioner's Appointment.

OTTAWA, May 11.—(Special.)—Judge Cassels this morning resumed his investigation into the insinuations cast against the marine and fisheries department by the civil service commission.

The first witness was Col. W. P. Anderson, chief engineer of the department since 1889. His assistant, B. H. Fraser, had occupied that office since 1886. He had charge of the construction of lighthouses and maintenance of fog alarms, the removal of wrecks, etc. J. F. Fraser was commissioner of lights. He had no knowledge of any matter which was not undertaken honestly and in a businesslike way. He had no knowledge of any advantages given to contractors or any gain made by those dealing with the department.

Judge Cassels: "If any officer pays fifty per cent. more for supplies than one need, and that he has done it by the orders of a higher official, would you consider that lack of conscience?"

Witness: "Certainly would not, but I have never known of such a case."

He knew nothing against the character of J. F. Fraser. They had had differences of opinion over certain apparatus for Flower Ledge light, which meant a difference of \$10,000 in cost. He had no knowledge of gain to Mr. Fraser in such, but he considered him unduly extravagant in his purchases, and had reported so to the deputy minister. He had never spoken to Fraser since his appointment. He considered the way in which Fraser obtained it dishonest.

Col. Anderson stated that his relations with Col. Gourdeau had always been friendly, and that he had no knowledge or information which would reflect upon his integrity.

Mysterious Letters.

At the afternoon sitting the examination was resumed. He had not heard of the loss of any official documents of the department, but his assistant had told him on Saturday that several letters had been sent to the effect that files had been tampered with and that the whole staff were working overtime destroying them. He had heard such a letter had been sent to Mr. Watson and the judge.

"I can assure you I never received it," said Mr. Watson. Col. Anderson said the rumor was told him by B. H. Fraser, his assistant. This phase of the case so important that he asked Col. Anderson to stand and allow Mr. Fraser to be sworn in as a witness.

Col. Anderson stated that a letter had been sent someone to the effect that the papers were being removed from his files. He could not say who told him, but so far as he knew no papers had been removed, certainly not in his files. He had heard of \$50,000 files and such extraction might be possible, but he had no evidence nor even a suspicion of it.

Col. Gourdeau was also questioned on the subject. He said that anyone knowing the system of the department removed files. He could not say how it was utterly impossible for papers to be removed without being detected. Apart from the file there was a written record of what the file contained. He had no information or suspicion of such an act or attempt at it.

Mr. Watson remarked that if such a thing were done it would be very serious, and would at once be placed in the hands of the crown attorney.

Letters Destroyed.

"Have you destroyed any of your private papers in the last two months?" asked the judge.

"Yes, private letters, but nothing bearing on the department."

"Were they from contractors or anyone having business relations with the department?" asked Mr. Watson.

"Absolutely not. My secretary is here and can corroborate what I say. The letters were wholly private, account receipts, etc."

Mrs. Angela Thomas, the deputy minister's secretary, stated that she had heard Mr. Perron, C.A., asking Mr. McLennan, of the records branch if it would be possible to remove papers from the files without detection, and the latter had said it would not be. She knew that some private papers of the deputy had been destroyed. Witness opened the deputy's private letters as well as the official.

"Have you ever, in the private letters, seen any reference to departmental matters?"

Witness said it sometimes happened on business of a semi-official character. "Have you any knowledge of the destruction of papers?"

"Yes, when Col. Gourdeau was expecting to get his leave, we destroyed some old private papers; for instance, touching on the formation of the Princess Louise Dragoon Guards."

All of the private correspondence of the deputy in the past six years was on the files. What was destroyed were old papers of a purely personal character.

J. E. McLennan, of the records branch said that as head of the branch he had no knowledge of the disappearance of any papers.

General Rumors.

Col. Anderson's examination was then resumed. He said the air was full of rumors. Asked what they were, Col. Anderson replied: "Well, I've heard that everyone in the department is hiding myrtle leaves and a thief."

"Any reason to think it was applied properly?"

"No, I've no proof."

The witness finally protested against

## S.S. OTTAWA IN COLLISION

On the Way Back to Quebec With Severe Damages--No One Hurt.

MONTRÉAL, May 11.—(Special.)—The Dominion liner Ottawa, which sailed from Montreal on Saturday with a full list of passengers and cargo, was in collision some time Sunday night with the Norwegian coal steamer Thoroid, and is now on her way back to Quebec, considerably damaged, with her bows stove in and her forehold full of water.

Marconigram reports, however, state that the passengers and crew of the big vessel are all safe.

It was reported yesterday that the coal steamer had been sunk in the collision, but this has not been confirmed by wireless, and the report is not credited in marine circles, as, if the Ottawa had sunk the other boat, her captain would almost certainly have mentioned it in his brief despatch.

The collision is supposed to have occurred about 150 miles below Fame Point, well down towards the mouth of the Gulf of St. Lawrence, where the channel is upwards of fifty miles wide, practically open sea, and it is a mystery to shipping men here how the collision could have happened unless there was a dense fog, which, however, has not been reported by the government signal service, which covers the gulf under conditions very thorough.

IT SPELLS CONFIDENCE.

If you would gain an idea with what confidence a great store like the R. Simpson Company foresees the mighty future of this city and this Dominion, take a look at the new building this company is erecting as an addition to its present premises.

Deep, deep and down deeper the workmen have gone to lay the foundations for a superstructure of steel and concrete that will rival construction anywhere. No wind will rock, no shock will shift the massive ground-burrowed piers upon which will rest three thousand tons of steel encased in the garments of concrete. Money without stint, but solely with an eye to achieve a modern miracle, has been spent, is being spent and will be spent on this stupendous structure.

And what, for this once let us say, does it stand for? It stands for robust, vaulting, inspiring confidence in the gods of things as they are—in Canada's present and future prosperity unto manifold generations. Other evidences of confidence in this city and this country there may be, but nothing can beat the clear-cut expression represented by the R. Simpson Company.

Winnipeg, May 11.—(Special.)—It is reported that a serious disagreement has occurred between the Grand Trunk Pacific and the Canadian Northern Railway in regard to the division of the cost of the terminal union station planned for Winnipeg. The work involves an expenditure of \$1,500,000, and it was understood the G.T.P. would pay two-thirds. Now they want Mackenzie and Mann to contribute one-half and these gentlemen counterback by saying they may only be willing to pay one-quarter the cost, or will build a station of their own. Donald Mann has been here for nearly a week.

Another serious fact is said to be the report of such learned counsel as Hon. Hugh John Macdonald, and J. A. M. Aikins that the title to the property chosen for the site, on Broadway opposite the Red River is not clear. The site is part of the old Hudson Bay Co. reserve, and is at present held upon by a cheap class of houses.

Three thousand Chinese rebels are under arms in Run Yan Province. North and west side street car men in Chicago are on strike over the "open shop" principle.

## OWEN SOUND RIOT WINDS UP STRIKE

Men Then Agreed to Accept Company's Offer--Revolvers Used--Many Hurt.

OWEN SOUND, May 11.—(Special.) With gangs of men unloading the company's liners, at work in the holds of the grain and coal vessels to-night, there is nothing that would suggest the strenuous labor contest of the last few days, while a serious affray which occurred this morning only serves to supply a theme for conversation amongst the citizens of the town.

The trouble began when an attempt was made to begin the unloading of the grain steamer Dundee. A crowd of about a thousand made a rush and a shower of stones and lumps of coal drove back the half hundred special police, who they welded clubs vigorously. Then a constable began shooting and others followed. Chas. Clarke, a newly arrived Englishman, was shot in the hip; Edward O'Brien, a Toronto druggist, who had come here as a ship steward, got a bullet in the ankle; C.P.R. Detective Wright had his skull fractured; John McIntosh, a striker, was badly beaten, and Robert Somerville, Toronto, John Powers, Toronto, and Wm. Fernsmonth, Milton; Major Merrivweather and Frank Wright were more or less painfully hurt. During the fray, Mayor Kennedy appeared and read the Riot Act and explained the meaning of the Lameux Act as applying to such troubles. Hostilities then ceased on the company's promise to discontinue operations for two hours.

That such a stirring event could occur with the free use of guns without a fatality is the marvel of those who were in touch with the scene. That some of the constables were not killed with the flying chunks of coal is quite as miraculous.

Most of the injured were able to be taken to Toronto this afternoon, and others will follow on the morning express. Over a hundred of the men sent up from Toronto to go to work were taken back on the 110 express.

Lack of Leaders Caused the Trouble.

General Superintendent Osborne and Superintendent Nelson, Solicitor Angus MacMurchy, Provincial Registrar Rogers have all left for the city.

An after-view of the situation suggests that had the men been organized and approached the company with their demands there would have been no trouble. Supt. Osborne's attitude is said to have always been mediatory, and the fact that, devoid of the bonus feature, the men accepted the company's Saturday offer strengthens the opinion that lack of representatives had much to do with today's unfortunate affray.

For day work at the sheds the men will receive 15 cents an hour and 19 cents for overtime. For work on grain and coal they will receive 20 cents an hour. The company agreed to take back all the old hands, and to give the strike-breakers who deserted their free transportation to Toronto.

The cement handlers at the Grand Trunk also were out on strike today, but went back to work. Their rate per hour was increased from 17 1/2 to an hour for trucking and 20c for stowing in vessel's holds to 20c and 25c.

The occurrences of the day will live in the memory of Owen Sounders.

Strike Breakers Arrive.

At four o'clock this morning a special train arrived here from Toronto with seventy strike-breakers and twenty special constables. They were accompanied by Supt. Osborne, Divisional Supt. Nelson and Mr. MacMurchy. Murchy, the company's solicitor, immediately on the arrival of the specials the scouts at once notified the men, most of whom spent the night sleeping in the town hall, which had been thrown open for their use.

It was not till 7 o'clock this morning that work commenced at the grain elevators unloading the steamer Dundee. The strikers marched toward the C.P.R. property which they heard of this. First, they went to Shed No. 3, where the S.S. Athabasca is lying ready to be unloaded. Everything was quiet there and the crowd, which numbered about 300, moved towards the elevators.

Then Bullets Flew.

The strikers were met by several detectives who ordered them off the property. The men rushed towards the officers and a pitched battle at once followed. There was a terrible scene for several minutes. The detectives used clubs and revolvers, and at least 25 shots were fired. The strikers used clubs freely and won out quickly, but not before two of their number, James Lamble, and a young man from Hanover, and Ed. O'Brien, a young druggist from Toronto, who was a spectator, were shot, and Jas. McIntosh, one of the leaders of the strike, was clubbed on the head.

Detective's Skull Fractured.

One of the detectives named Wright, from Toronto, was mobbed by the crowd and his skull was fractured and he received other serious injuries. Wright was in the thick of the battle and is said to have been struck by a huge piece of coal. Another detective was injured, but not seriously.

The strikers immediately went to the elevator, where the company's officials and Mayor Kennedy were on board the steamer Dundee. The crowd threatened to attack the officials, and pieces of coal were thrown on the hull of the steamer.

Mayor Kennedy then stepped to the front of the group of officials and read the Riot Act. The elevator machinery was stopped and the officials

In connection with the mission there is a free dispensary in the building, presided over by Dr. McLennan, who gives two hours of two days a week in helping the poor Jew.

Short addresses were given by Prof. MacLaren, Rev. A. B. Winchester, Rev. W. D. Cooper, Rev. Dr. Gilray, Rev. Mr. Silcox, Henry Singer and Dr. Gaudier.

Robold spoke of the cordial welcome extended to him in Toronto during the nine weeks he has been here.

He has been active inasmuch as he visited 200 homes during the past six weeks. He spoke of one case in particular, where a Jewish father had brought his five children to that city.

The meeting was well attended and enthusiastic.

Semi-Ready is Being Misrepresented in the City of Guelph.

MONTREAL, May 11.—C. P. Creamer, general manager of the Semi-Ready Company, says that their company intends to take action to protect the public against merchants who advertise and make use of their registered trade mark "Semi-Ready" without having either the authority to do so, or without having the Semi-Ready agency.

Letters from Guelph have been received at their office calling attention to an infringement of their trade mark and trade policy.

"We have no agency in Guelph, and we have never shipped a dollar's worth of goods to that city," said Mr. Creamer.

"The public can guard against imitation by looking for the Signet of Surety and the signed certificate of guarantee which are in the pocket of every Semi-Ready garment."

There was a solo by Mrs. Carter Henry, a reading by Mrs. Jean Blewett and address by Dr. Augusta Stowe-Gullen, who solo by Dr. Howard Frederick and "one minute greetings" from William Garfield and Howard Crocker, and last of

all came the exhibition of physical culture by the young ladies themselves.

The reports were satisfactory. There are 945 students attending in thirty-one classes, for which there are twenty-seven teachers. The financial statement gave total receipts \$4684.65, and expenses \$4832.27, leaving a balance of \$122. There is a fund of \$278 in the savings bank now.

The revival by E. H. Sothern of the character of Lord Dundreary has been accounted one of the notable events of the present fast-waning theatrical season. More than a quarter of a century has passed since the play "The American Cousin" was last produced, the death of E. A. Sothern in 1881 terminating his career as a continuous existence of that style and art. As with Pechinik, Mark Tapley and other brain creations, the personality of the eccentric lord has grown to be regarded in the light of an individual, who once had amiably imbecile being and whose whiskers gave distinctive designation to the wearers of that style and art. The interest in the experiment was, moreover, immensely heightened by the circumstance that the mantle of impersonation was descending from father to son.

As presented to a large audience at the Princess last night the re-embodiment was of interest to no small degree, not so much from the viewpoint of the intrinsic value of the play or the strength of the impersonation, but indicating how the trend of taste has moved. The methods employed seemed broad and the character of Dundreary an extravaganza if not impossible ination, was to be laughed at with whole souled merriment nevertheless, because of its compelling absurdity. The whole atmosphere was that of a bygone age, and unobtrusively of touch with things as they are, which, perhaps, the best tribute to the presentation as a whole.

Mr. Sothern in his characterization of Dundreary shows painstaking avoidance of anything like modernism. He has conceived the role with an evident purpose of adhering as closely as possible to the originator's manner of portrayal. If the possibilities of the stage are honestly and unflinchingly met, it must be borne in mind that the honest intent is to produce a resounding echo out of the past. With some revamping of the play and adaptation of the character drawing all the necessary "up-to-dateness" could have been obtained. As it is, Mr. Sothern invests the part of the befuddled lord whose amiable attempt at comedy is not infrequently anything of life are dismal failures, but who babbles on cheerfully, with a humor that cloys after three hours because of its unduly accentuated and too slapdash an appeal made to the risibilities, it must be borne in mind that the honest intent is to produce a resounding echo out of the past. The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE, 33 YONGE STREET, TORONTO.

TWO CENT IMPERIAL CABLEGRAMS.

Mr. John Heniker Heaton, M.P. for Canterbury, in the House of Commons, and the indefatigable advocate of cheap communication through the empire, and in fact among all nations, has a striking story in the English Financial Review of Reviews on "The World's Cables and the Cable Rings."

In the argument he offers, Mr. Heaton points out that from two to thirteen weeks is required to exchange correspondence between the motherland and an overseas state. With cheap cablegrams many manufacturers and traders would freely use them for business purposes.

CANADA'S PROGRESS.

Canada's relative percentage of commercial growth for seven years (1902-1907) was 107 per cent, as compared with 47 per cent. growth in the United States, 26 per cent. in Great Britain, 28 per cent. in Germany, and 21 per cent. in France.

PARADE ON 24th.

Humber Lodge, Sons of England, will parade to St. Olave's Anglican Church, Swansea, on Sunday, May 24, not Sunday, as announced. The brethren will meet at the Orange Hall at 2.30, and the Swansea Band will be in attendance.

Company Want a Test.

The Consumers' Gas Co. will have the government inspector test the meter in use by R. W. King of the King Construction Co., 348 West Wellington-street, which Mr. King says works too fast.

Crowded Car Left Rails.

Some forty passengers who crowded into a Broadway-avenue car were badly scared when the car southbound at Langley-avenue left the rails and dashed into the curbing on the west side of the roadway. No one was hurt, but traffic was delayed for a considerable time.

Victoria Day Rites.

The C.P.R. will sell round trip tickets at single fare for Victoria Day holidays, tickets good going Saturday, Sunday and Monday, May 23, 24 and 25, return limit Tuesday, May 26. All C.P.R. ticket offices and stations.

Woman Sent to Prison.

ROCHESTER, N.Y., May 11.—Mrs. Nellie Osborne, indicted for first degree murder in the killing of Frederick L. Kistenmaker, pleaded guilty to manslaughter in second degree, and was sentenced to Auburn Prison for not more than seven years or less than five years.

Court of Appeal. Peremptory list for 11 a.m.: 1. Rex v. Brown. 2. Rex v. Yoken. 3. Curds v. Michigan Central Railway Company.

Want Payment for the Clock. Jaynes and Scherbaum of Toronto have begun an action against The Aylmer Condensed Milk Company, Limited, to recover \$205 for a time recording clock and a portable watchman's clock.

Dispute Over Right of Way. Joseph Hugh Pickett has filed a writ against William John Smith and Edward Smith, executors and trustees of the will of John Smith, deceased, for a declaration that Pickett is entitled to access of light and right-of-way over certain lands of the defendants.

Interim Alimony. Master-in-Chambers Cartwright has decided that Robert D. Cowie, the Ficketing Township farmer who is being sued by his wife, Hannah Cowie, for alimony, must pay \$18 a month interim alimony and \$25 for interim disbursements. His wife wanted \$25 a month, and Cowie offered \$15.

Trouble With the Tenants. The rector and churchwardens of St. James' Church, Toronto, have been made defendants in an action brought by Mary Vernon against the tenancy trust Trustees Corporation to obtain an injunction to restrain the defendants from interfering with the tenants of certain houses on Parliament-street and to have certain notices served on the tenants withdrawn.

Purchased Goods. To recover \$38.75 for a quantity of merchandise sold to A. E. Coggins of Toronto, a writ has been issued by James Lambers Chief Justice.

Damages for Death of Son. Thomas J. McKeown has begun proceedings against the Toronto Railway Company to recover \$200 damages for the death of his son, Thomas Norman McKeown, killed by a car on Bathurst-street.

Chinese Marriages. The case of the King v. Rev. Robert Brown, pastor of the Chinese Church, Ficketing Township, Ontario, was decided by Judge Winchester in September last for unlawfully solemnizing marriages.

The Dominion Government's Immigration Policy. Editor World: The above important subject still keeps cropping up in parliament, the discussions showing that little improvement is looked for from the latest amendments.

Political Gossip

Alex. Ferguson of Dunkerron was nominated by the Conservatives of South Simcoe. It is said that the Liberals will not nominate a candidate.

The Conservative candidate in Temiskaming, "Bob" Shillington, holds a record which few men in Canada can equal. In 1900 he played on the lines of three Canadian championship teams, the Capitals in lacrosse, the Rough Riders in football, and the Ottawa Hockey Club on the ice.

The Liberals of West Hastings have decided to get a candidate into the field. The man will be named at a convention on Thursday at 2 p.m. in Brockville.

The Halifax Herald, in discussing a statement that the Liberals would become a Conservative organ, makes the following comment: "A paper which expresses the Conservative and yet really proves one of the worst enemies of the Conservative party. A paper may be professedly independent, but yet be partisan. A paper may be credited with a party name, and yet be as independent as human faculties and limitations render possible."

Writing this, there is no intimation of bad faith against anybody; it is simply indisputable that it is not given to all men who sit in editorial chairs to possess the judicial mind essential to real independence and absolute fairness in judgment. There have been in journalism more attempts at independence than there have been successes. Some attempts result in holding the press to the strictest opinion either for or against any party. Other attempts consist in first slashing one side and then the other, and trying to win by journalism more attempts at independence than there have been successes.

personally acquainted with a considerable number of people in different parts of the province where I have labored and those with whom I am not personally acquainted may take my statements for what they are worth. Every man has some influence, and every one should do what he can in so worthy a cause."

A St. John, N.B., despatch says: "Sufficient time has elapsed since the new provincial government assumed office to indicate in a general way the manner in which it proposes to deal with the affairs of the province. It is evidently not the policy of the government to dismiss officials without cause, and an official appointed by the various counties all but four of the old officers have been reappointed. In Restigouche Mr. Stewart, who was formerly sheriff but dismissed by the late government for purely political reasons, has been restored to that office. In Albert and Carleton the sheriffs have been dismissed for partisan conduct. In Kent, where the late government induced the sheriff to resign and run as a candidate, and made a purely political appointment as sheriff, the Hazen government has dismissed the latter appointee. In all the other counties the present incumbents retain office."

"With regard to the liquor traffic enforcement a fair trial before making any changes, but there is no doubt amendments will be asked for by the temperance party. A measure to be presented to the legislature at the coming session will provide for a modern audit act, somewhat similar to those of Ontario and Manitoba, which will serve as a check on all unfair demands upon the provincial treasury."

"An important government measure will be a new highway act, which will vest the control of highways in a board consisting of two county councillors and an official appointed by the government. It is possible that a road expert will be engaged. It is understood that a bill will be introduced providing for the appointment of a royal commission to enquire fully into all expenditures in past years in connection with the New Brunswick Coal and Railway Company. Another important measure, it is rumored, will be a bill making amendments to the Workmen's Compensation Act, to make provision for the relief of families of persons injured or killed while in the employ of others. While not going to the extent of the English or New Zealand act, this measure will be a distinct advance upon present legislation for the benefit of workmen."

A STRANGE SUICIDE. EDMONTON, May 11.—(Special).—Charles Petrick, Austrian, 23 years, was drowned in Saskatchewan River Saturday afternoon. In a fit of insanity he crawled on the log boom in the river, traversed it from end to end, then jumped into the river and swam to another boom. He sat on this and ate an apple, then dropped off into the water again.

Prize for Civilian Shots. OTTAWA, May 11.—With a view to the greater encouragement of rifle shooting among members of civilian rifle associations, it has been decided by the militia council to offer an individual prize to be known as "The Dominion of Canada Silver," to each gazetted and efficient civilian rifle association for competition during 1908.

M. PELLETIER PRESENTS AN ELABORATE POLICY

Signalizes Reappearance in Quebec Politics by Radical Suggestions.

MONTREAL, May 11.—(Special.)—The re-appearance of the Hon. L. P. Pelletier in the political arena was marked to-day by that gentleman delivering an address at St. Hedwige, Dorchester County, that is destined to cause a shaking up of the political dry bones in the Province of Quebec.

There were 1000 people present, and Mr. Pelletier began by declaring that the incoming government should give free hands to settlers and return to old settlers all they have paid in during the past ten years, thus attracting French-Canadians back from the States.

He also wants a farmer's university and the establishment at different points of schools where the sturdy sons of toil may secure a technical education.

"Let us also," he said, "place our butter and cheese on the markets of the world so we may see the effects of a stamp Quebec" will be sufficient to induce the consumer to purchase our butter above all other grades.

He also declared that the bar had convinced him that three-quarters of the crimes, one-half of the civil suits, and seven-eighths of the legal proceedings were due to alcohol; consequently he would wage an unrelenting war upon the unlicensed liquor seller.

As for public instruction, there should not be an illiterate child in the province, he said.

Then the speaker declared that the pulpwood must be manufactured in the province, as is the case in Ontario, thus transferring to this province the 800 mills in the United States which are working up Canadian wood.

"Let us alone," he added, "Put a stop to the auction sales at low prices of the national heritage. For years a disgraceful speculation has been going on with the people's timber limits."

A New Legislature. The most radical feature in Mr. Pelletier's program is his demand for a reform of the legislative council, which utility, he says, is now recognized by all. He wants the government or the day to nominate a certain number of members, and the rest to be divided up among the universities, the boards of trade, the clergy, the liberal professions, the trades unions, the agricultural interests, the commercial travelers and merchants' clerks, thus opening the legislative council to eminent men beyond the ranks of the politicians.

He would also like to have a popular branch of which the province would be proud, and not one where the clerical body made their great many of the members are for sale.

He said that commerce and industry had been the victims of a tax principle, and of late the insurance companies especially had been burdened by over-taxation, which no government should be so stupid as to allow.

He also said that the prostitution by the government of the crown before the criminal courts for political purposes ends was a disgrace to the province. A state council, whose personnel could only be changed by a joint vote of the two chambers, and for grave reasons should be created and composed of persons who have not since five years belonged to the party in power.

Speaking broadly, he said that this institution might be assimilated to what is called in France the conseil d'Etat, in co-operation with the bench.

Free roads, he said, must be established and toll gates swept from the land.

Square Elections. There must also be no more electoral surprises. When a seat becomes vacant the election should be held within a delay fixed by the law, and members elected by two constituencies should be elected for one within sixty days.

He also believed that a legislative assembly elected for five years should complete its term in any one case. A general election should never take place without a reasonable delay being accorded an effective opposition, on Tuesday, 10 a.m. In argument in Prospect Cemetery. Bedfordshire papers please copy.

McANTHY—On Monday, May 11, 1908, at 110 Collier-street, Barrie, John Leigh Goldie Murrell, M.B. in his 84th year. Funeral strictly private on Thursday, 14th inst., at 11.30 a.m. Please do not send flowers.

MACKAY'S CONFIDENT OF WINNING ALL BACK

Says Ottawa Valley Ridings Will Go Liberal—Big Rally at Stouffville.

STOUFFVILLE, May 11.—(Special.)—This sea of upturned faces reminding me of the audiences I have addressed all over Ontario," declared Hon. A. G. MacKay, in the auditorium here to-night. The hall was packed full and nearly 700 people were crowded in. Great enthusiasm prevailed, and Mr. MacKay stated that he expected to regain all the Liberal constituencies that were lost three years ago in the Ottawa Valley. One riding lost by 1400 votes would be won back, he said.

Stouffville is a Liberal centre, and the local managers state that J. W. Curry will win the majority of 130 in the town. A special train from Sutton, arriving at 9, brought a contingent from the north with the candidate for the riding.

Mr. MacKay found the statement of the government with regard to the La Rose payment a humiliating one, and he did not mince words in describing it. When the government issued "this lying document with these lying statements," he said, "the facts and figures they knew they were doing mean injustice and a wrong."

J. Walter Curry declared himself at twenty-eight in the hall. On the three-fifths clause he joined in the prayer of one of his correspondents that God should overrule events so that ballots cast for God and home should return the man who would best serve the purpose intended.

Mr. Johnson, Liberal candidate in North York, dwelt on the farmer's grievance of city motor cars on country roads, and described how Premier Mitchell's "killed" legislation proposed to enable the farmers to have two or three days a week free from motor cars.

W. J. Keeler, Liberal nominee in North Ontario, was assured that this riding would no longer be run by the railroad, and Premier Mitchell, M.P. North Ontario, also spoke on the general topics. C. Russell Fitch presided, and besides the speakers were Scott, R. Underhill, Dr. Sangster, George Herron, J. Nigh and Jas. O'Brien were invited to the platform.

TORNADO IN WEST. Seven Towns in Oklahoma More or Less Damaged by Fierce Wind.

WOODWARD, Okla., May 11.—A succession of tornadoes swept over the district lying 25 miles southwest, south and southeast of Woodward last night. Several small isolated towns, all away from the railroad, were completely cut off by graphic communication, are reported destroyed. Many persons have been injured and several killed.

Seven towns are reported to have suffered damage more or less severe. They are Grand, Arnett, Vic, Mutual, Estelle and Richmond. At each place casualties have resulted.

Losses May Reach a Million—Indicated for "Bucketshopping."

CINCINNATI, May 11.—Geo. Stapley & Co., brokers, made an assignment to-day to Wm. Bodener. The recent legal investigation of the brokers, together with general business losses, caused the failure.

Reports placed the firm's losses all the way from \$200,000 to \$1,000,000. Stapley is the third of the eight who were indicted two weeks ago for alleged "bucketshopping."

LA PORTE, Ind., May 11.—Lemuel Darrow, mayor of La Porte, after a conference with prominent citizens last night, declared that the investigation into the Guinness murder mystery will be pushed with great vigor.

"Up to the present time," said the mayor, "there has been only a limited enquiry into the amazing case."

"By this time all the lakes in the vicinity of the Guinness murder mystery have been investigated. The pond back of the graveyard has not been investigated. It will be. Clear Lake and Fish Lake, both west of the farm, will be dragged."

OBITUARY. The funeral of the late Edward C. Marter, son of the late G. F. Marter, at 4 Withrow-avenue, yesterday afternoon, to Mount Pleasant. Rev. S. W. Follis of Woodgreen Methodist Church officiated. Rev. C. E. Manning and Rev. Dr. Chambers assisted. There were many beautiful floral tributes.

One of the oldest residents of Pittsburg Township is dead in the person of Mrs. Jeanette McNab, aged 96. At Belleville—W. A. Robin of the G.T.R., aged 84.

At Walkerton—Dr. Price, dentist, suddenly.

Donlands Maple Syrup at Michie's today.

ELECTION BILL DEBATE. OTTAWA, May 11.—(Special.)—Duncan Ross (Liberal, Yale-Cariboo) resumed the debate on Mr. Aylesworth's bill to-day. It was the government's intention to interfere in those provinces where injustice was being done. He described the British Columbia lists as being "rotten" and "rotten."

Dr. Schaffner (Conservative, Souris) replied that it was only politicians who were interested in securing federal interference, in the hope of capturing some seats by this desperate means. At their head was Clifford Sifton.

Trinity Methodist S. S. Anniversary. The twenty-fifth anniversary of Trinity Methodist Sabbath School was held on Sunday, May 10, and Monday, May 11, 1908. On Sunday addresses were given by Rev. Dr. Scur, Rev. Dr. Redditt and the pastor, Dr. W. F. Wilson. For many years Trinity Methodist Sunday School have been noted for their successful entertainments and the present one was no exception to the rule, unless that it surpassed all others, as every session on Sunday, as well as on Monday evening, was crowded with appreciative audiences. Credit is due to all the officers and teachers, especially Dr. Wilson, Ambrose Kent, superintendent, and Geo. H. D. Lee, the musical director. The school did credit to themselves in the many choruses, drills and songs. The Japanese Cherry Blossoms pleased the audience immensely, as well as the drill "Looking Backward." As usual the Goulet sisters, Mabel and Miriam distinguished themselves as child singers, receiving well deserved encores.

Liquor and Tobacco Habits. A. McTAGGART, M.D., C.M., 75 Yonge St., Toronto, Canada. Professional standing and personal integrity permitted by Meredith, Chief Justice. Hon. G.W. Ross, ex-Premier of Ontario, Rev. N. Burwash, D.D., President of the College. Rev. Father Teery, President of St. Basil's College, Toronto. Rev. A. Sweetman, Bishop of Toronto. Rev. Wm. MacLaren, D. D., Principal Knox College, Toronto.

The liquor and tobacco habits are healthful, safe, inexpensive, some treatments. No hypodermic injections, no publicity. No loss of time from business, and a certainty of cure. Consultation or correspondence invited.

That's what you get—a dollar.

You've sold a dollar's worth of goods for cash. You have received this dollar in exchange for something you paid good money for. What becomes of it?

This much is not yours. These two coins (75 cents) must go to the wholesaler to replace the goods you've sold. They are really not yours.

Nor is this yours. No, this fifteen cents is not yours either, for it has to be used for rent, light, heat, salaries, insurance and sundry business expenses.

But this is yours—Ten cents. Has it ever occurred to you that just ten cents of that dollar you have taken in belongs to you? That's net profit. From this you must stand all mistakes, money lost, goods not charged, pay your home expenses, clothe, feed and educate your children, and lay what you can off it by for a rainy day.

Are you sure you get it? Are you taking enough care of that tenth part of a dollar? Are you sure that you get every cent of it?

We have a method that will make it absolutely certain. We would like to mail you a booklet that tells all about it.

SUSPECTED A GAME. Continued From Page 1.

This line of query, and after a few more questions and similar answers, Col. Anderson was asked about his previous statement that J. F. Fraser, commissioner of lights, had received his appointment in a dishonest manner.

"He was an assistant of mine," answered the witness, "and without consulting me in any way secured an appointment and was given a part of my work, so that it had been maligned ever since. We were both engineers, and it was not in violation of the ethics of the profession. What is more, I felt that he was put in his position for a purpose."

"There was nothing to be gained by me as was interested in the sale of carbide."

"Whose influence?" "T. L. Wilson. Perhaps, however, the man who appointed him did not appreciate the influence at work."

Mr. Fraser, who made the appointment in the autumn of 1903, witness had told him the plan would never be carried out, and that he believed it was in violation of the ethics of the profession. What is more, I felt that he was put in his position for a purpose."

REGISTRATION BOARD IS NAMED FOR WEST TORONTO

Railway Commission Will Take Up Local Case To-Day—General County News.

WEST TORONTO, May 11.—The new board of registration for the City of West Toronto has for its officers Judge Morgan (chairman) and Judges Morson, Winchester and Police Magistrate Ellis.

The five wards of the city are divided into four districts: District No. 1 includes wards one and two.

District No. 2 includes ward three. District No. 3 consists of wards four and five.

District No. 4 includes ward five. Judge Morgan is registrar, and R. G. Agnew is assessor.

The registration board will sit on May 20, 21, 22 and 23, and the board of appeal on June 1.

Commission Will Sit. To-morrow is the date arranged for the final hearing before the Ontario railway and municipal board of the dispute between the Toronto Railway Company and this municipality with regard to the rental of the cars to Keele-street.

City Clerk Conroy addressed local option meetings in the East York and Wingham, on Sunday morning, and in the town hall, Wingham, on Sunday evening.

Matters Educational. "Have we got any further rights to raise money now that we are a city, so that we may go ahead with the gym?" asked the members of the meeting of the collegiate institute board to-night.

Trustee Bull. "Under an agreement with the bondholders, our time for borrowing can be extended after the present year."

The motion was carried to substitute basketball in place of the class in physical culture during the summer months.

The property of the property committee purchase, the necessary outfit, the cost of which is not to exceed \$10.

The property committee will be up to fix up the old hockey court, and have a lawn made there either for tennis or basketball.

A horse lawn-mower will be purchased immediately, the price of which is not to exceed \$45.

Expenses Increase. The total estimates for the maintenance of the Collegiate Institute for the year 1908 is \$8800, including salaries, fuel, light, etc.

The school board held an informal meeting to-night and decided to pay the \$150 to the trustees of Victoria Presbyterian Church, as rent for the basement, which was used for school purposes during the fall of 1907.

The council at a meeting to-night settled down to what seemed to be a general municipal investigation, and none of the departments escaped the spotlight.

The chief officer of the call seems to be that expenses may be cut down wherever possible, and more efficiency introduced where weak spots are found.

When the rearrangement of works of the various departments came up for discussion, the council decided to have the duties of the fire department as they are at present, except that Chief Robinson be relieved of his duties as inspector of sewers, a work that does not properly come under his domain.

This work will now be assumed by Mr. Matthews, the works superintendent. It was arranged that the chief officer of the fire department should continue to be Mr. Matthews, shall continue to turn on the off and water services.

The police department received a lot of severe criticisms to-night. Mayor Baird said that boxes were allowed to litter the streets and the police seemed to have their eyes shut.

Councillor Veal criticized the way in which the last stretch of the Dundas-street paving is being laid. He stated that no cement was being used in the substratum.

Councillor Whetter contended that the paving operations were being carried on in a capable manner. The duties of Street Commissioner Moon were the subject of discussion.

Mr. Moon was instructed to include in his work the sweeping clean of the streets, taking charge of garbage.

DEER PARK. DEER PARK, May 11.—Rev. D. C. Hossack, pastor of the Presbyterian Church, has purchased the house in Moore Park, known as "North Villa," formerly owned by W. A. Southgate of Berlin.

Great preparations are being made by the pupils of the Deer Park Public Table Pepper Mills WAINLESS & CO. 168 Yonge Street

School for an entertainment to be held on Empire Day, Friday, May 22. There is considerable complaint about the trustees of the public school not providing sufficient accommodation for the ever-increasing number of pupils at this school.

The Women's Foreign Mission Society of the Presbyterian Church will meet to-morrow (Tuesday) afternoon at the church, instead of on Wednesday.

Thomas W. Gibson, deputy minister of mines, has moved into his new house on DeLisle-street.

POLICE MAGISTRATE HAS A BUSY MORNING. NORTH TORONTO, May 11.—Police Magistrate Ellis had a busy day this morning.

Joseph McCollough charged Richard Whitaker, both of the second court, with assault on a neighbor. The defendant was bound over to pay the costs, amounting to \$100.

William T. Atkinson of Chastelield-avenue and Charles Blume of Yonge-street were charged with stealing a bundle of whips from the front of Phillip Brown's harness shop on Yonge-street.

Mr. Kemp on the brow of the hill at the children's shelter, was remained on the bench. The case was adjourned to June 23.

Mrs. Emma Howe of Swansea charged her husband with assault. Defendant did not turn up in court.

Andrew Murray and Wm. Woods of Etobicoke were charged by Mary E. Henry with obtaining \$300 under false pretences on Oct. 23 last. The case was adjourned for a week and \$3000 bail accepted.

A special meeting of the different churches of the town will be held in St. Clement's on Tuesday evening. The meeting will be under the auspices of the United Church of Canada Bible Society.

# MILITARY TOURNAMENT

We believe that next to the Spring Race Meet the Military Tournament will be the largest social event of the season.

Silk Hats will be in order, of course, but the question of any hat should not be decided without first referring to what we have to offer.

Dunlap of New York, and Heath of London, England, are our exclusive lines for Canada. Dunlap is to the well-groomed New Yorker what Heath is to the aristocracy of London, England.

Heath and Dunlap Silks \$8 each.  
Dineen's Special at \$5.  
Christy \$6. Tress \$6.

## DOESN'T RECOMMEND IT.

Governor Hughes Silent on Race Track Legislation.

ALBANY, N.Y., May 11.—Both houses of the legislature met in extraordinary session to-night under the proclamation of the governor, heard his special message recommending the several subjects to which he would call their attention and adjourned until 11 a.m. to-morrow. Thirty-nine out of 50 senators and 81 out of 150 assemblymen were present—a quorum in each house.

The abolition of the protection of public gambling at race tracks is not among the subjects recommended by Governor Hughes for the consideration of the extra session.

Among the recommendations are: Amendment of the labor law so as to provide a bureau of mercantile inspection in the labor department, and to transfer enforcement of the law relating to mercantile establishments from the local health boards to the commissioner of labor, and the appointment of special commissions to investigate stock speculation and the condition of the unemployed.

In recommending the bringing of telegraph and telephone companies under the public service commissions, the governor holds that the policy of the state with regard to public service corporations should be uniform. He declares that the plan of the commissions, enacted last year, has worked admirably.

Renewing his recommendation of an investigation of the unemployed "and the means best adapted to secure a resumption of productive activity," the governor says: "That the situation with regard to the unemployed is exceedingly grave, cannot be gainsaid and I deem it important that there should be an intelligent and thorough enquiry and due consideration of the facts as ascertained."

## "TAKE IT FROM ME"

Says the man about town:

"I see more tan Oxfords on the men this season than I've ever seen."

And he was making no guess when he said so.

Because they're so popular the "Boston" shows the way in good styles and immense assortments.

Sir Frederick Borden Enlightens the House—Million Dollars' Worth Bought.

OTTAWA, May 11.—(Special.)—The Ross rifle was somewhat in evidence in the house to-day.

At the opening of the sitting, Sir Frederick Borden, rising to a question of privilege, complained of a newspaper item which he said charged him with keeping back for years the report of the imperial tests of the Ross rifle at Woolwich, England. The minister stated that the report had been brought down in 1907, and had also been mentioned by him in a speech in the house as he showed from the Hansard. He also stated that the defects mentioned in the report had been noticed and corrected by the militia department before the imperial report was received.

Col. Wainwright learned that the contract price of the rifles is \$25 each, and in addition they cost \$1.90 each for inspection. The following payments have been made, and charged to capital, having been expended on replacing tools, etc., which became obsolete in consequence of: (a) Mark I, site being changed to mark II, \$11,381; (b) mark II, sight being changed to mark III, \$15,000; (c) modifications in mark III rifle, \$25,448; (d) change in pattern of cooking piece, \$390; expended for permanent gauges, \$24,227.

The minister explained that these payments were charged to capital, as they entered into the cost of all future rifles, consequently the proportion to be borne by each rifle cannot now be ascertained. For Ross rifles, to the number of 40,000 delivered to the government, the company has been paid \$1,005,000. Sir Frederick Borden said a contract had been entered into with the Ross Rifle Company for 32,000 bayonets and scabbards at \$5.25 each complete.

Testing Big Guns. Mr. Foster was informed that tests and proofs of guns and artillery for department of militia were made by the war office and paid for after the work is completed and the guns delivered. Major-General O'Grady Haley is employed in connection with such inspection and is paid \$500 per annum for his services. Lieut.-Col. Robert Brown inspects all artillery, and is paid 2 per cent. of the value thereof. Clothing is inspected by Jas. W. Caldwell and James Robertson, who are paid at the rate of \$2200 each per annum.

Mr. MacLean was informed by Mr. Oliver that 1,022,853 bushels of oats; 48,924 bushels barley, and 576,538 bushels wheat were purchased by the government for distribution as seed grain in the northwest.

The request of the Quebec Board of Trade for an experimental farm in that district will receive the most sympathetic and careful consideration of the government, was Mr. Fisher's reply to Mr. Robitaille, who wanted to know if the request would be granted "before the election."

Will Raise the Ship. Mr. Foster brought up the matter of the sinking of the government ice-breaker Montcalm by the Milwaukee. Mr. Brodeur said the Montcalm had been run into in the basin at Quebec and was now under water. A formal enquiry, to fix responsibility for the collision was now being conducted by Commander Spain assisted by two assessors. It is expected she will be raised by the end of the week.

Have any precautions been taken to save the silverware on board? enquired Mr. Borden with assumed gravity. The minister replied that of course the silverware would be saved.

A Socialist's Kind Wishes. VANCOUVER, May 11.—In an address at the city hall last night, J. H. Hawthornthwaite, the Socialist leader in the legislature, said it would be a good thing if the new court house in Vancouver, when completed, would fall down, provided all judges and lawyers were inside when the collapse took place.

Called for Troops. 100 Regulars from Stanley Barracks Were Ordered Out.

Acting on the request of the Mayor of Owen Sound for troops to take a hand in the labor troubles there, Brig.-Gen. Cotton at 11.30 yesterday morning sent word to Stanley Barracks, and preparations were made to send a company of 100 men, made up of fifty infantry and twenty-five each from the cavalry and artillery. They were served with 100 rounds each of miniature ball ammunition and entrained shortly after noon on a special train at Strachan-avenue.

At the last moment the expedition was cancelled on receipt of reassuring news from "the front," that the trouble was over.

Samuel Wright, who had his skull fractured in the rioting, resides at 82 West Lodge-avenue. He is married and has two small children. For years he was a detective on the C.P.R. and left last summer to join the Canadian Detective Bureau. He only stayed with them a few months, and latterly has been doing independent work. He was commissioned to take charge of twenty men to go to Owen Sound Sunday night. He is about 48 years of age.

BUY SITE FOR SMELTERS.

WELLAND, May 11.—(Special.)—The Village of Chipewah to-day carried a bylaw to provide for the purchase of a site for the British Canadian Smelters, Limited, of Toronto. One hundred votes were cast, and of these ninety-nine were for the bylaw and one spoiled. The company already has part of its plant on the ground, the site being located at the junction of the Niagara and Welland rivers.

## Room For Confidence

At a time like this, when Canada is at the beginning of really big things, it ought to be worth everybody's while to give confidence the right of way and sidetrack all ideas of poor times or poor business. The country has made giant strides of late years, and trade has expanded beyond the expectations of the most exuberant optimist. Any temporary monetary contraction is the result of too much business—not too little. The great uplift that Canada is experiencing has put a tremendous strain on capital, and if it seems a little slow in adjusting itself to the new conditions it is none the less certain to find a way and prove itself equal to the test.

We're showing our faith in the future of things generally by putting more money into a new store than has ever been done before in Canada. Everything done is being extra well done. From the double strength of the foundations to the extra width of steel columns and beams, we're stopping at no expense to have everything exactly right. We mention it now as forecasting the big city Toronto is going to be, and as outlining in a measure our plans for decidedly bigger business.
