ALIENS IN MEXICO HAVE BEEN ASSURED FULL PROTECTION

No Request for Recognition by New Government Has Previously Been Made.

REBEL LEADERS AGREE

Washington, May 11.—Official reports telling of the overthrow of President Carranza of Mexico were before President Wilson and his cabinet today, but the new turn of events south of the border was understood to have been given only passing attention.

Despatches have all indicated thus far that assurances of protection to Americans and other foreigners had been given by victorious leaders of the revolutionary forces, and there was nothing of an emergency nature in the situation that called for action by the Washington government.

The question of recognition of the new government apparently in process of formation in Mexico may arise soon. It was reported today that plans for asking recognition were being pressed by revolutionary leaders.

No such request has yet been presented, however, and officials here believed there must be considerable developments in Mexico before it could be forwarded with reasonable expectation of acceptance.

The fate of Carranza still remained in doubt. Official advances threw no light on his present whereabouts. He was variously reported as a prisoner and as a fugitive after escaping from the hands of his captors.

A report tonight to revolutionary agents here, received in a roundabout way, told of the flight between a force sent out by General Carranza and Juan Merigo, commanding an escort on one of President Carranza's trains.

The report added that Merigo and Sanchez were in pursuit of a force under Federico Montes, one of the federal commanders, said to have remained loyal to Carranza.

Revolutionary agents construed the selection of Juan Sanchez Azecona as minister of foreign affairs in the preliminary organization of the revolutionary government, a post left vacant when the organization was effected, April 23, as further indication that General Obregon and Pablo Gonzalez, formerly rival candidates for the presidency, have reached an understanding.

Azecona was campaign manager for Gonzalez.

Wire communication with the Mexican capital has been restored, but the censorship apparently has been rigidly applied.

BRITISH HOUSE DEBATES THE BUDGET PROPOSALS

London, May 11.—The house of commons today debated the budget proposals, especially the excess profits duty. On a motion by Mr. Bottomley to reject the finance bill, the debate was adjourned.

The house of lords rejected the amendment to the divorce bill, protecting the clergy who refused the communion to divorced persons. The measure ultimately passed second reading.

The Scottish house letting and other minor bills were agreed to.

BRITISH OIL WELLS PRODUCTIVE

London, May 11.—Eleven oil wells drilled in Great Britain have produced a hundred thousand gallons of oil.

STAGE BILINGUAL BATTLE OVER THE FRANCHISE BILL

Commons Debate Has Novel Features—Two English-Speaking Members Have Animated Argument in French—Discussion Over Clause Regarding Language of Election Proclamations.

Ottawa, May 11.—(By Canadian Press.) Echoes of old bilingual battles rang thru the house tonight during further discussion of the franchise bill. The discussion, too, had its novel features.

At one stage of it there was the unusual spectacle of two English-speaking members—one on either side of the house—engaged in a brief but animated argument in French.

Hugely delighted, Quebec members laughed and cheered. They came another amusing incident. As A. R. McMaster of Bromo, who had been speaking in French, sat down, George Boyce of Carleton asked him to repeat his speech in English.

Mr. McMaster demurred. It would be an imposition on the committee.

Here, amid more laughter, Hon. Jacques Bureau intervened. He appealed to the deputy speaker that Mr. McMaster was not asked, under the rules of the house, to repeat his argument on the committee.

WOULD REORGANIZE SCHOOL SYSTEM AND IMPROVE TEACHING

Legislature Urged to Secure Better Training for Teachers of Province.

NEW SYSTEM NEEDED

In the legislature last night Thomas Marshall (Lincoln) urged better training for school teachers when he proposed a resolution favoring the reorganization of the present educational system of the province. On the efficiency of the school teacher, he said, depended the efficiency of the system. A high school and university education equipped a teacher merely a man. A man became a teacher by virtue of whatever special training he received in the school of professional pedagogy.

It required five years of professional training to equip a man as a doctor or lawyer. Four years of training is the minimum for a veterinary surgeon, while one year's training is considered sufficient for a teacher, whose functions are to train and direct the development of human minds.

"If it is a fact that it requires but one year to develop a teacher," continued Mr. Marshall, "and five years to develop a lawyer or a doctor, why all the ado about teachers' salaries? Are they not receiving already enough for members of a profession which requires such scant preparation? The first period of professional training now demanded is too short to shake popular belief that any man can become a teacher. If that belief is right, it is also right that."

ADMIT AUSTRIA AND HUNGARY AT FIRST MEETING OF LEAGUE

Germany, Bulgaria and Possibly Turkey Will Become Members at Second Session, Date Unfixed.

Geneva, May 11.—Austria, and probably Hungary, may be admitted to the league of nations at its first general meeting this summer. It was learned from a high source, Germany, Bulgaria, and possibly Turkey, will be made members at the second session, the date of which has not been fixed.

Germany, it is reported, will participate in the international financial conference at Brussels on the same basis as the allied nations, and it is further pointed out that this is part of the plan of the allies to re-establish as soon as possible political and commercial relations with former enemy countries, taking the league of nations as the shortest course to accomplish this end. The first general meeting of the league of nations will be held at Geneva.

BETTING AT RACES HOTLY CRITICIZED BY SOCIAL COUNCIL

Urges Governments to Act—Elects Drury Honorary President.

SCORE BOXING LAWS

Hamilton, Ont., May 11.—(Special.)—A strong resolution against the resumption of commercialized betting on the race tracks of the province, and urging that the governments both Federal and Provincial, initiate a motion, not only to restrict, but to suppress this commercialized betting, was passed by the social service council of Ontario in session here this afternoon.

In another resolution fears were expressed that the real object outside the house of the measure introduced into the legislature, to legalize and give to a committee of three the exclusive and unlimited control of professional boxing and wrestling contests and exhibition in this province, was to legalize prize fights under the name of professional boxing. The government was asked to discontinue passage of the bill concerned.

Praise Other Legislations It was also decided to ask the government to take measures to remove the disabilities under which a child born out of wedlock now labors. Congratulations were extended to Premier Drury and Hon. Walter R. Rollo. (Continued on Page 2, Column 5).

TODAY CLOSING THE SALE

Come in today bright and early if you want to take advantage of the great reduction sale of Midler's offered at less than half price. Over two hundred handsome blouses were bought recently from one of the well-known Paris makers, and the price is likely to ease still more. No 1 common fr., selling a month ago around \$63 and \$64, is selling at \$31. Other grades show a similar reduction.

GEN. FOTHERINGHAM HOME

St. John, N. B., May 11.—Major-General J. T. Fotheringham, C.M.G., director-general of medical services for Canada, and Mrs. Fotheringham, arrived here today after some months in the West Indies, on their return to Toronto.

AIM TO ESTABLISH AN INTERNATIONAL AGRICULTURE BOARD

Representatives of Canadian and U.S. Farm Organizations in Conference.

Chicago, May 11.—Representatives of farm organizations in Canada and the United States met here today to discuss the establishment of an international board of agriculture.

American farmers were represented by delegates from the National Board of Farm Organizations and farmers' unions affiliated with this organization.

Canadian present were: B. W. E. Burnaby, Toronto, president of the Canadian Council of Agriculture; N. P. Lambert, Winnipeg, secretary of the council; J. J. Morrison, Toronto, secretary of the United Farmers of Canada; and G. F. Chipman, Winnipeg, editor of The Grain Growers' Guide.

Mr. Lambert, who addressed the meeting, said that agriculture was completely organized in Canada and exercised immense influence on Dominion politics.

"It is his own whip and own method in the house of parliament," he said, "that the budget of commons, but is constituted along broad national lines."

Mr. Campbell, of Coldwater, Michigan, who was until recently president of the national board, made a plea for better understanding between Canadian and American citizens of the United States and between farmers' labor and capital.

"Why don't the farmers strike as labor has been striking?" Mr. Campbell asked. "Because the farmer has his piece of ground and has an interest in the general welfare of the country. It is not that he is at heart more patriotic than the industrial worker."

"The thing which will solve the question of labor unrest will be to give the laborer an interest in his work, just as the farmer has."

He declared that the people of today would have to recognize the right of collective bargaining, whether that of the worker in his union, the farmer, or the collector bargaining of business.

The question of armament will be taken up by the meeting and delegates say that they expect to pass a resolution asking legislation reducing greatly the cost of the military and naval arms of the government.

Mr. Lambert said that in Canada this question was in many respects in a fair way of solution.

The sessions will continue for three days, and, according to some of the leaders, a selection of a candidate for the presidency may be made.

Will Quit Unless Protected Against Polish Aggression

Prague, Czechoslovakia, May 11.—The Mahrisch Ostrava coal miners have formally notified the allied plenipotentiary commission in the Silesian district that unless they are guaranteed against further aggression by Polish miners they will shut down the entire coal field within 14 days. The action of the miners follows repeated reports of outrages. The residence of a high Czech local official was blown to pieces Friday, with hand grenades.

INQUIRY IS PROMISED INTO ADMINISTRATION OF O. T. A.

Hamilton Doctors Take Wednesday Off

Hamilton, May 11.—The medical men of Hamilton during the summer months, May, June, July and August will take Wednesday afternoons and evenings off. Persons desiring the attention of a medical man on Wednesday afternoon or evening must secure an appointment for that purpose. In order that emergency cases and accidents shall not be neglected, a list of medical men who will be available will be posted at the General Hospital.

FRENCH GOVERNMENT AIMS TO DISSOLVE LABOR FEDERATION

Prominent Members Ordered to Appear Before the Tribune of Correction.

Federation Defiant

Paris, May 11.—Judicial information will be issued against members of the administrative council of the General Federation of Labor, directing them to appear before the tribune of correction of alleged violation of the articles of the law of 1884. It was announced tonight, following a conference between the ministers of justice, the public prosecutor, and other prosecuting officials, if found guilty, the labor leaders will be subject to a fine.

Among those against whom proceedings will be instituted are MM. Jouhaux, Demoulin, Laurent, Lapierre, Calveira and several secretaries of the federation.

The Federation of Labor has replied to the government's decision to dissolve it in a manifesto, declaring that the government's action amounts to admission of the importance of the movement, and shows that the government is "at its wits' end" because the federation has a legal existence. Other governments it is pointed out, have tried to bring about its dissolution, but were obliged to renounce the idea.

BUDGET DOWN MONDAY

Announcement is Made in House of Commons by Sir George Foster.

Ottawa, May 11.—(By Canadian Press.)—Sir George Foster announced in the house this afternoon that the budget would be brought down on Monday. Circumstances had arisen which made it inadvisable to present the budget tomorrow, as anticipated.

One circumstance was the pleasurable fact that the prime minister was expected to take his vacation in the house of commons, but is constituted along broad national lines."

Mr. Campbell, of Coldwater, Michigan, who was until recently president of the national board, made a plea for better understanding between Canadian and American citizens of the United States and between farmers' labor and capital.

"Why don't the farmers strike as labor has been striking?" Mr. Campbell asked. "Because the farmer has his piece of ground and has an interest in the general welfare of the country. It is not that he is at heart more patriotic than the industrial worker."

Provincial Secretary Nixon Admits Great Deal of What Hartley Dewart Says About Ontario License Board and Says He Will Ask for Appointment of Committee of Legislature.

Hartley Dewart had the satisfaction in the legislature last night of securing confirmation from government sources that there is more truth than poetry in what he has been saying in season and out about the administration of the O. T. A. by the present board of license commissioners. In addition he was also assured that the appointment of a committee of the house would be sought to inquire during the recess into all the details of the work of the license commissioners. The future administration of the O. T. A. would depend upon the findings of this committee.

Act Badly Administered.

This discussion arose over an item of \$45,000 in the supplementary estimates for enforcing the act and for expenses for the commissioners and officers of the board. Mr. Dewart promptly took objection to it and observed that the O. T. A. was not being administered either in the interest of temperance or economy. (Applause.)

He demanded the publication in the public accounts of a full statement of the transactions of the board, including the business details of the vendors. Other departments of the government were required to do this.

The spectacle was presented of a government vendor, previously in the employ of Sir Joseph Flavelle, in the air force department, receiving a larger salary than a chief justice.

Mr. Dewart's proposal was that a minister—the attorney-general or provincial secretary—should head the license department; there was no need of three commissioners. (Applause.)

Hon. Mr. Nixon: The \$45,000 asked for this board is a last year.

Mr. Dewart: Yes, but what I maintain is this board is too costly, and, further, we have the right to know what it is proposed to do with the \$45,000.

Proceeding, Mr. Dewart said the province received in fines last year \$229,000 and the municipalities \$487,000 so that of a total of \$716,000 received two-thirds of it was recovered by reason of the activity of the municipal authorities and not the provincial officers.

Mr. Dewart also pointed out that it cost the province \$126,000 to get about \$229,000 in fines. He could not understand why so much money was (Continued on Page 6, Column 4).

CURRIE STILL SILENT ABOUT MCGILL OFFER

Ottawa, May 11.—General Sir Arthur Currie was not prepared this morning to make any further statement with regard to the offer of the board of governors of McGill University to confer the principality of that institution upon him. Asked if he would accept the position, General Currie was extremely reticent and would not discuss the situation.

TWO MORE CONSTABLES SHOT DEAD IN CORK

Cork, May 11.—Sergeant Garvey and Constable Harrington were shot dead and Constable Doyle was dangerously wounded tonight as they were leaving the police station in the eastern suburb of Cork. The shots were fired by a number of men who were present on an advisable day for the budget speech.

BORDEN IN OTTAWA TODAY, FACES UNCERTAIN SITUATION

There Has Been Considerable Intrigue Within Cabinet in His Absence, But Determined Efforts Will Be Made to Have Premier Retain Post.

Ottawa, May 11.—(Special.)—Sir Robert Borden will return to Ottawa tomorrow. His supporters are anxious to await some definite statement of his intention. The premier's intimate associates state that they have no knowledge of any intention on his part to resign, but the activity of certain cabinet ministers is indicative that there is no certainty of his continuance in office. Conditions here are very unsettled, and while loyalty to the absent prime minister has held the party together, his return must be followed by immediate destination in leadership and policy or the unrest will become chaos.

Sir Robert retired from the leadership last December on the advice of his consulting physicians, Dr. Charles Martin, Montreal, and Dr. W. P. Cavendish, Toronto. He was induced to reconsider his decision by his cabinet colleagues, who were not in a position to dictate to the party his success or failure. Sir Robert then left in search of health, and returns tomorrow stronger physically, but it is not known whether he can bear the strenuous, persistent and determined leadership required for the next two years to regain the position in the country his government held two years ago.

Intriguers Busy. During his absence there has been considerable intrigue over succession. A number of ministers made every possible inducement to Sir Thomas White to accept the leadership. Failing to secure the acquiescence of the former finance minister, they are now seeking to induce Sir Robert Borden to remain in office without any consideration for his health or his political reputation. The prime minister, when duty called him to Europe two years ago, left to the care of his cabinet ministers a powerful, aggressive, triumphant party, and now on his return he may be considerably disappointed. They have sought to evade responsibility for lack of policy, propaganda and political aggressiveness by blaming it on absentee leadership.

HAMILTON BIDDING FOR POWER PLANT

In Field to Secure Hydro's Proposed Auxiliary Station — Toronto is Rival.

Hamilton, May 11.—Gordon Nelson, chairman of the local Hydro board, today discussed the announcement that Mayor Church of Toronto was bending every effort to have the Ontario Hydro Electric Power Commission erect the proposed auxiliary power plant at Ashbridge Bay, on a site given by the city of Toronto. He said he proposed to have a conference with F. St. Gaby, chief engineer of the power commission, when he would again present Hamilton's claims.

That Hamilton would be in the most favorable position of any of Ontario's cities to make a bid for the big auxiliary plant was pointed out by Chairman Nelson. Negotiations which were under way for the acquisition of the Hydro Electric Commission of the Dominion Power and Transmission Company would have a bearing upon the location of the auxiliary plant, he said. It has been generally understood that if the D. P. and T. is taken over, the steam auxiliary plant of the private company would be extended by the Hydro Electric Power Commission as an auxiliary for this section of the province.

MINEHAN CRITICIZES FRANCHISE CHANGE

Says Alien Clause Unfair, in Addressing Public Welfare Conference.

Hamilton, May 11.—Rev. Father Minehan of Toronto at the annual meeting of the conference on public welfare held at the Royal Connaught Hotel this afternoon, denounced the franchise act as unfair to citizens of foreign birth who had been induced to come to this country. He said that the act is a grossly unfair and is a violation of the rights of citizens of foreign birth who had been induced to come to this country. RIVERDALE WINS LEAGUE DEBATE

Danforth Ratepayers Give Up All Hope Concerning Pape Avenue Cars.

The Consumers' League and high cost of living, Toronto ferry fares and the Pape avenue car line, were some of the live topics discussed at the regular monthly meeting of Danforth Ratepayers' association held in a rented school house last night. K. O. Luxton, president, was in the chair. Albert Hanna, secretary, presided over the discussion on the Pape avenue car line. The speaker pointed out that the street was in a state of disrepair and that the cost of maintaining it was too high. He suggested that the association cooperate with the Consumers' League in consulting high prices and seek to have the fares in the more affluent sections, where prices are reasonable.

PLEDGED TO SUNDAY SCHOOL.

Pledge cards have been distributed to the members of Rhodes Avenue Baptist Church Sunday school in connection with the proposed new Sunday school building. The building is needed and which it is expected will be completed in an early date.

WESTON BUILDING PERMITS.

Building permits to the extent of \$18,000 were issued by Clerk S. Taylor, of Weston, today. During the past month and a half, work agreements were entered into for new buildings to be erected. The following are the Westons: Walter Bell and H. Stanfield, both from out of town; and L. N. Draper, Thos. McKissock, John Harris, O. E. Laverie, J. P. Lane, W. C. Burrage, C. H. Smiley, of Weston, as well as Frank Russell and A. E. Ramsey, who have secured permits to build on Ontario place opened up this spring, all being completed sufficiently.

ROBERT ALLAN BELL DEAD.

Robert Allan Bell, purchasing agent of the Canada Cycle Co., Weston, died in his 33 year life on Monday, May 10th, of an illness of a few weeks. The deceased was born in England and had been in the employ of the Weston firm for over ten years. It was stated by his fellow officials that he had a pleasant personality that never left him in any time of stress or trouble. The late Mr. Bell was an Anglican and survived by his wife and one little girl. The burial will be at Riverside Cemetery this afternoon.

Not for Years Has Such a Sea Been Witnessed in Conception Bay.
St. John's, Nfld., May 11.—The southwest storm of yesterday afternoon was severely felt in Conception Bay. It began with a heavy rain and was followed by a heavy snow. The sea was so high that it was impossible to land on the shore. The storm was the worst in years.

MACBRIDE OF BRANTFORD SCORES U.F.O. SECRETARY OVER SUPERNATURAL BILL.

Brantford, May 11.—(Special) — The move of J. J. Morrison, secretary of the U. F. O., calling upon the Ontario club to fight against the supernatural bill for Ontario officials brought the following telegram from Mayor MacBride, M.P.A., who has been home for the week: "I am glad that J. J. Morrison has at last so plainly shown his to be the 'hand behind the scenes.' The people of Canada will never tolerate such tactics. Influence outside the parliamentary hall has too long endeavored to influence the affairs of this country. It does not matter what matter whether it is the Bona Fide or a J. O. Flavelle, or a J. J. Morrison. Self-constituted dictators have no place in a democratic country. If Premier Drury would consult outside the men elected more, he would command the support and respect of the house and the country. I have been away for some time outside influences since October last, and the Hon. Mr. Morrison why I am taking the independent course. When Ontario gets a premier who will take his advice from those elected to advise the government, then I will give every assistance in my power to whoever the man may be."

SUPPORT CHINA'S CLAIMS.

Shanghai, May 11.—The British Chamber of Commerce of Shanghai, representing the bulk of British interests in the far east, has put itself on record as in favor of China's claims in the Shantung controversy. This is in line with action taken by American commercial organizations in China and is regarded as significant in view of the fact that a part of the English commercial enterprises in the Orient are linked with the Japanese.

Ratepayers Claim Discrimination by Private Bills Committee.

Mount Pleasant ratepayers held a well-attended meeting last night, at which a resolution of protest was made against the Mount Pleasant private railway bill recently before the private bills committee. They claimed that the bill did not receive the consideration to which it was entitled, and that the supporters were only allowed five minutes to present their argument, while the opponents were given unlimited time to present their case. A copy of the resolution was sent to Premier Drury and the attorney-general.

The Phonograph Extraordinary

FROM THE POINT OF VIEW OF PRICING

And Thereby Hangs a Tale Which I Will Endeavor to Tell."

"Picture in Your Mind's Eye

an immense plant piled sky-high with the most valuable of wood upon which much care has been expended to render it beautiful.

"It is the wood for phonograph cabinets that will eventually house motors of proven worth.

"It is the wood for phonographs that are to be produced in Canada in great numbers, and which shall vie with the best for beauty and design, purity of tone and good looks. It was with these high ideals in view that

"Experienced cabinetmakers were put to work on this valuable wood.

"and that

"Mechanics who were versed in the mechanical needs of phonographs were gathered together, for the purpose of installing the best phonograph motors that money could buy.

"These motors met the laws of mechanics and the highest demands of music.

"They were delicate in operation and yet of the 'stuff' that endures the handling of the inexpert.

"They turned the turn tables with perfect rhythm and without hesitation.

"The cabinets made—the motors installed—and I, the 'Amphion,' sang sweetly, played truly and talked distinctly without quaver or tremor.

"Moreover, if I do say it myself, I am good looking and carry quite a distinguished air.

"I also have an universal tone arm, an improved reproducer and specially designed horn, which enables me to play the various kinds of records faithfully.

"Of course, I was made to sell.

"It was not intended that I should remain in a plant all my life.

"One day my present owners bought me, along with my many brothers, for a sum, that enables them to offer me to their many customers at a price which should make history in the phonograph world.

"But come up and see me, and hear me play, talk, and sing. You are welcome to come at any time."

**NOT RECOGNIZING
LABORERS' UNION?**

Builders' Exchange Said to Be Creating Anxious Situation in the Trade.

Discrimination against builders' laborers because of their lack of sufficient numerical strength is the latest situation in the building trades movement, according to reliable information received by The World yesterday afternoon. It was stated that the builders' exchange refused to recognize the union, and that such action was causing uneasiness in the trade. The situation is this, so far as The World was able to gather information: The union in 1914 had several hundred members; during the war it sent the majority of its members to the front. As a result its ranks were much depleted, and this has not yet been made up to any appreciable extent. The union is not, therefore, strong as an economic organization. However, it has the backing of the Toronto Building Trades Council, and in the event of the union going out on strike the council would assist it by not permitting contractors to employ union men. And as a matter of fact, any union men who remained at work to the detriment of the builders' laborers would be helping the employers, a condition which could not be permitted by the council. Thus, it was pointed out yesterday afternoon, the builders' exchange stood to gain nothing by refusing to recognize the builders' laborers. As a matter of fact, such action was calculated to do harm to the trade generally. It was stated that a prominent union leader in Toronto was paying their laborers as much as 45 and 75 cents an hour, whereas the members of the builders' exchange were paying only 40 to 55 cents an hour.

David J. Davidge, secretary of the builders' exchange, was not in when called up by The World last night.

**SCHOOL YARDS FOR
CITY PLAYGROUNDS**

Nine Schools Allotted for Purpose by Education Committee.

At a special meeting of the playground committee the board of education, held yesterday afternoon, Mrs. W. E. Groves in the chair, it was decided to concede to the request of the property committee to allow the use of nine schoolyards, the "parks" to pay for room to be used as office for supervisor after school hours, and for other services. Inspector Cowley and Mr. Woodward are to choose five other yards to substitute, as this number is required for the schools. In future, ball teams will have to apply to the property committee to use the school playgrounds after 6 o'clock.

Trustee Bell presided at a meeting of the games committee to appoint judges, directors, etc., for the coming game contests. The recommendation of Mr. Woodward for a change in method, by which smaller schools will not be crowded out, was accepted by the committee. Mr. Woodward recommended that the smaller schools play in groups and choose their winners, who will play for the city finals on the university grounds. This was accepted as likely to give all schools a favorable chance in the competition.

**DRUNK WHILE DRIVING;
ONE WEEK IN JAIL**

Horace Bennett was convicted in yesterday's police court, for being intoxicated while in charge of a motor vehicle, and was sentenced to one week in jail. Character evidence, a number of witnesses, and a doctor's certificate that accused suffered from debility, proved of no avail. An appeal was entered.

**Four Years in Penitentiary
For Two Automobile Thieves**

In the sessions yesterday, sentence of four years in Kingston penitentiary was imposed on Cameron F. Rumble and George Chappell, by Judge Coatsworth, for the theft of five automobiles, the property of Charles Temple, Norman Shenstone, W. A. Price, and Dr. W. Barnes. The accused, after stealing the automobiles, took them to pieces and disposed of them separately. According to the police, no less than twenty-four stolen autos were traced to the activities of the accused, and of these sixteen were recovered.

**CHAMBERS OF COMMERCE
PLANS**

**VERDICT GIVEN
AGAINST ASHTON**

To Pay Three Thousand Dollars for Alienating Mrs. Heard's Affections.

After deliberating over an hour yesterday afternoon, the jury sitting under Justice Logie returned a verdict for the plaintiff and assessed the damages against Ernie Ashton at \$3,000 in the action brought by Henry Heard against Mr. and Mrs. Joseph Timbers, and Ernie Ashton for alleged alienation of his wife's affections. On Monday the action was dismissed as against Mr. and Mrs. Timbers, so that the verdict only affects the defendant Ashton.

Mrs. Timbers, mother of Mrs. Heard, gave evidence yesterday to the effect that plaintiff had struck her daughter several times and had made her go to work. He had also called her several names which she would not repeat. She maintained Ashton did not come to their house unless invited and he had also acted like a gentleman. There had never been improper relations between Mrs. Heard and Ashton, that while at Buffalo with Mrs. Heard and Ashton a warrant had been issued by Ashton's wife and all three were deported.

Ernie Ashton stated that he did not see Mrs. Heard alone while she was living with her husband. When he took them in his car he was paid for it.

In cross-examination he could not explain how it happened that there was found in his trouser pocket a letter from plaintiff to his wife.

The other two actions in which Harry Heard is plaintiff against the three before-mentioned defendants, in which he asks \$10,000 damages, alleging that they "falsely and fraudulently conspired to accuse plaintiff of attempted murder," and \$10,000 damages against Joseph Timbers, Jun., and Ernie Ashton for alleged wrongful arrest, have been sent over for trial at next sittings, plaintiff to pay \$50 costs without trial, and the plaintiff's principal witness had arrived from Scotland only on Monday and could not attend just now, was the reason put forward for the adjournment.

WILLS AND BEQUESTS

Under the will of the late Jeremiah Lynch, the Catholic Church Extension Society of Canada receives \$1,000 for a memorial chapel to be built in the West. The residue of the estate, valued at \$23,490, is left to the widow, Mrs. Catherine Lynch.

Rey McClelland and Mrs. Eva Pierce Armour, son and daughter of Mrs. Phoebe McClelland, succees in equal shares to the \$14,174 estate left by deceased.

Mrs. Mary E. Anderson died intestate, leaving estate valued at \$7,830. Her husband and two sons inherit in equal shares.

Mrs. Elizabeth Fullerton, widow of James Scott Fullerton, K.C., former corporation counsel, is sole beneficiary under the will of deceased, who left estate of \$2,765.

The estate of George Harold Gladby, who was killed in an auto accident on April 6 last, left an estate valued at \$2,812, which is divisible in equal shares between two brothers and a sister.

Probate of the will of the late Mrs. Martha Leverington has been granted, under which her estate of \$2,995 is to be divided between two daughters, a son, and a grandson.

Three daughters divide between them the \$4,318 estate left by their father, Sillas Luman, a retired farmer, of Vaughan.

Robert Brown has been granted administration of the estate of his wife, Mrs. Lily Brown, valued at \$1,221.

ORDERED BACK TO CUSTODY

In the sessions held in January last, Maxwell Scott was found guilty of the theft of \$7,800 from two firms of stockbrokers, and sentenced to two years in jail, and sentenced to two months in jail. He was not yet been disposed of. In view of the delay, Judge Coatsworth yesterday ordered Scott to be taken into custody, and remanded him for a week for sentence.

SUIT OVER HOUSE ALTERATIONS

J. H. Champlin has entered action against Alexander Wolfe for \$928.99, balance alleged due for labor and material on converting a seven-roomed house into a duplex house of two five-roomed flats. The defendant pleads that he has paid the contract price.

JAIL FOR DRUNKEN AUTOIST

William Thomas was sentenced to one week in jail for being intoxicated while in charge of an auto. An appeal will be entered.

**ALL INDUSTRIES
BEHIND CAMPAIGN**

Salvation Army Make Strides in Organization of Self-Denial Week.

Rapid strides were made yesterday towards the completion of the organization of the Salvation Army self-denial week, May 18, to 23. At a meeting attended by the officials of the various departments of the campaign was reported. It has been decided to use the Salvation Army Hotel, at King and Church streets, as headquarters, and already there are signs of activity there.

In the industrial branch of the campaign the Kiwanis Club will take a prominent part. Co-operation has also been promised by the various labor organizations, the Trades and Labor Council having endorsed the campaign. It is reported also that the board of education has approved wholeheartedly, while from the Ontario Jockey Club has come permission to place forty Salvation Army lassies on the grounds on tar day.

Outstanding events in connection with the campaign have been arranged for next Sunday. There is to be a massed band concert at Queen street and University avenue, also at Yonge and Gould streets. Following this there will be two parades to Loew's Theatre. It having been loaned for a great meeting Sunday afternoon. Here, the largest number of musicians ever assembled in one band in Toronto will be heard. There will also be 300 women chorists. In addition to the presentation of character songs representative of the Salvation Army's missionary work the world over. All the nations will be represented by costumed singers.

CITY HALL NOTES

Owing to a clause in the criminal code which bars all but incorporated racing associations from holding racing meets the city will not be able to let the Veterans have the use of the course at the exhibition grounds for that purpose.

The Grand Trunk is appealing against assessment of 73 acres on the south side of Danforth avenue, east of Greenwood which has been raised from \$8,000 to \$8,000. Other pieces on Greenwood, Woodbine and the right-of-way from Greenwood to the eastern city limits has been assessed about two thousand an acre.

**PRICE OF BREAD
TO JUMP AGAIN?**

Bakers Considering Increase—May Be Fifteen Cents a Small Loaf.

Information has been received from reliable sources that the bakers in Toronto are considering a substantial increase in the price of bread, on the ground of the rise in the price of flour. The matter was thoroughly considered at a special closed meeting of the association yesterday afternoon. It is understood that the Canada Bread Company, the George Lawrence Company, the Zeph Hiltion Company, and other large companies were well represented, and that the advisability of raising the price from 24 cents and 25 cents a two-pound loaf to 30 cents a loaf was seriously considered.

These were about twelve members of the Bakers' Association present at the meeting, and another is expected within a few days, no decision having been reached in the matter.

MODERN PUBLIC HEALTH

Dr. Hastings, medical officer of health, gave an address at a meeting of the Home and School Club of the Dewson Street School last night, on the subject of "The Modern Conception of Public Health Work." Vocal solos were contributed by Miss Thelma Baird.

**GUILTY MOTORISTS
MUST PAY PENALTY**

Judge Coatsworth Uses Strong Words in Denouncing Drunken Drivers.

Addressing the grand jury in the general sessions yesterday Judge Coatsworth reminded them of the increasing number of accidents due to reckless driving by motorists, and his Honor took occasion to warn such motorists that drastic legislation in regard to motorists convicted of driving their cars while drunk, was at present before the provincial houses. A guilty motorist, therefore, he said, could look for a more vigorous enforcement of the law from the courts. Continuing his Honor said "The motor car is the greatest menace to human life, safety, and convenience on the highways of our city to-day. It seems useless to preach safety when a certain percentage of motor drivers are reckless and a certain portion of pedestrians are careless. Honest legislation has been unable to keep pace with the growth of the danger. Honest administration of justice has been unable, so far, to fully check it. It must be entirely stopped and we must have progressive legislation and progressive administration of justice in that direction. The use of liquor has added to the difficulty and I deem it essential at the present time to warn the public that anyone coming before me who had been drinking, and then driving, must suffer for the penalty."

It is to be noted that there are no less than eight appeals coming before the present sessions against convictions and sentences in the police court of one week in jail imposed on persons charged with being drunk while in charge of automobiles.

**CONSERVATORY PUPILS
AT MASSEY HALL**

Piano, Violin and Vocal Students Show Marked Talent in Respective Spheres.

Pupils of the piano, violin and vocal departments of the Toronto Conservatory of Music gave a recital at Massey Music Hall last night, when a large and appreciative audience enjoyed various numbers and enthusiastic and well deserved applause was generously bestowed. In the instrumental numbers a feature was that great deal of the work was done without notes, showing exact training as in the case of piano selections for two pianos, when the player came in after several phrases and always in exact time.

Among those who scored a success was Mr. Max Miller, a pupil of Viggo Kihl, who played "Concertstück" (Weber), "Mr. Kihl at the second instrument," Miss Gladys Newell, pupil of Miss Jean Williams, sang the Bell Song (Lakme) very pleasingly. "Arm, Ye Brave," from Samson, was sung with fine vim and enunciation by Mr. Irving Levine, a pupil of Dalton Baker. The Misses Wood and Jean McCracken, pupils of Mr. Frank E. Blatchford, had Bach's Concerto for two violins. Others in the program were Miss Gladys Westway, L.T.C.M., a talented pupil of Miss H. Ethel Shepherd; Harold West, pupil of Mr. Paul Wells; Miss Fanny Rogers, pupil of David Dick Slater; Miss Ethel Clowes, pupil of Miss Rachel Copeland; Miss Marion Copp, pupil of Arthur Bright; and Miss Myrtle Wright, L.T.C.M., pupil of Ernest Selzy.

GRANT LAKES TRIP

The Grand Trunk lake and rail route between eastern and western Canada, embracing a wonderful cruise over those inland seas, Lakes Huron and Superior, is an ideal summer trip whether you are on business or pleasure. The finest of ships, the "Noric," "Harnois" and "Huron," are in this service, and hold the highest of reputations for the excellence of the cuisine, luxury of appointments and facilities for recreation. Sarnia is the connecting point between the Grand Trunk Railway System and the Northern Navigation fleet, special steamboat train being operated on sailing dates from Toronto, Hamilton, Brantford, Woodstock, London and other points to ship-side. Sallings from Sarnia are Tuesdays, Thursdays and Saturdays. The ports of call are Sault Ste. Marie, Port Arthur, Port William and Duluth for Winnipeg and Western Canada ports. For full information, fares, etc., apply to any Grand Trunk ticket agent.

Navy League Plan Campaign

The annual campaign of the Navy League of Canada for membership and funds will be held this year in the week of October 18 to 23, inclusive. The Dominion headquarters of the league, here, yesterday received word from Thos. Mulvaney, under secretary of state to the effect that permission had been granted under the War Charities Act for this appeal. The time of holding the campaign is most appropriate as Nelson Day, the Anniversary of the Battle of Trafalgar falls on October 21.

**Holy Name Union Arranges
For Demonstration in June**

At an executive meeting of the Toronto Holy Name Union, held last night, it was decided to revive the holy name rally which had been suspended during the period of the war. Arrangements for this year's demonstration, which, it is hoped, will take place on June 20, have been placed in the hands of the chief marshal, H. E. Cardinal, to arrange the details. It is quite likely that the parade will be held from the east end of the city and terminate at St. Joseph's Convent grounds, where benediction of the blessed sacrament will be given. Should the day be a fair one it is quite likely that one of the largest Holy Name processions in the history of this society will be held on that day.

Other activities discussed were in connection with the Catholic Big Brother movement, the Junior Baseball league, which has already thirty-two clubs, and work among the Catholic foreign parishes. President A. Dwyer was in the chair and almost all the parish societies of the city were represented.

"BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Eczema, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monheim. While it is well known that Bayer manufactures Aspirin, it is not generally known that Bayer manufactures Aspirin under its own name, the Bayer Cross.

INCREASED GRANTS FOR POOR PATIENTS WERE AUTHORIZED

Government Recommends Larger Allowance for Hospital Inmates.

SUPERANNUATION BILL

An increased per diem allowance for hospitals and charitable institutions is provided in a bill introduced in the legislature yesterday by the provin- cial secretary. The increased cost of maintenance, it was explained, rendered the step necessary. In 1915 the average cost per day for maintaining a patient in a hospital was \$1.64; in 1917, \$2.02, and in 1919, \$2.25. For some years previous to 1917, the hos- pitals received a per diem rate of 20c, and in 1917 30c. This, in turn, is now raised to 50c, which means an extra out to the province of \$75,313.50, as based upon the number of days' stay of patients in hospitals during 1919.

Sanatoria Patients. In a sanatorium, the average cost of a patient in 1915 was \$1.74; in 1918, \$2.52, and, in 1919, \$2.98. Previ- ous to 1918, the provincial grant was \$3 a week per patient, or 50c a day, and this is recommended to be in- creased to 75c, which would mean an extra expense to the province of \$50,000.

For 20 years refugees have been receiving from the government 7c per cent per inmate, and orphanages at the rate of 2c. It is recommended that these rates be increased to 10c and 5c, respectively. In the case of refugees, this means an extra \$3,001.40 to the province, and, in the case of orphan- ages, \$23,754.78, making a grand total of \$314,657.98 increase for all institu- tions.

For Children's Maintenance. Children under 12 years of age are allowed 7c a day when treated at hos- pitals, with the exception of St. Nick's Children's Hospital, which receives 80c, the same as for adult patients treated in other hospitals. It is urged that the same grant should be made for children as for adults, and if this is done the extra cost will amount to \$34,372.

The amount fixed by statute, that a hospital can charge against a munici- pality for an indigent patient, is \$1.25 a day, and it is recommended that this be increased to \$1.50.

Hon. Mr. Mills introduced a bill which provides for a more uniform rate and calls for an inquiry into the posi- tion of those depending on gas for heating purposes. The price varies from 12c to \$1 per thousand feet, and the flow is declining. These were only some of the matters which would be considered. He anticipated criti- cism of the measure—from those get- ting very cheap gas for instance. The different municipalities would be notifi- ed of the provisions of the bill, which applied to natural gas only.

Legislative Notes. Judging by what it costs other pro- vinces, it is estimated the mothers' pension allowances will cost Ontario \$500,000 a year.

The private bills committee of the legislature yesterday declined to in- troduce the decision of the Ontario Railway and Municipal Board, which disallowed the city's appeal against the Kennedy estate assess- ment.

Despite opposition from the secre- tary of the U.F.O., Premier Drury announced yesterday, after a govern- ment caucus, "The members were practically unanimous in agreeing that the superannuation bill should be passed."

However, a petition is being circu- lated in the house asking that action be deferred for a year. The petition reads: "We, the undersigned mem- bers of the legislative assembly of Ontario, do hereby petition you to have bill No. 181, respecting super- annuation of the civil service, stand over for one year to give the mem- bers of the legislature a chance to lay the matter before their constitu- ents."

The private bills committee has approved the city's bill providing for the purchase of the Toronto Street Railway, and its operation by a com- mission. The bill, as passed, provides for a commission of three, whom the council has power to pay. They will be nominated by the controllers and elected by the city council, and no appointment shall be made by such council in the absence of such nom- ination, except on the affirmative vote of at least two-thirds of the members of the council present and voting.

"I think we have reached the basis of a plan of action in the Great Lakes Pulp and Paper Mill case," said Premier Drury, after Sir Adam Beck had had a two hours' conference with the cabinet. "We will hold the com- pany to the contract they made with the late government, but we have de- cided to let them choose their own site."

PAULIST PREACHER AT COLUMBUS HALL

Rev. Bertram Conway Speaks on Conversions to Church of Rome.

Rev. Bertram Conway of New York, the widely known Paulist mis- sionary of New York, was the speak- er at the annual meeting of the Cath- olic Truth Society, held at Columbus hall last night. Out of his wide ex- perience, Father Conway spoke of con- versions to the church and the vari- ety of ways they had come about. Sometimes it was through an old let- ter, a newspaper clipping, a book or sermon. The most hopeless cases neglected and dying are converted at times by a kindly word. Work among the Chinese and Japanese was de- scribed, 300 of the former being on the roll in a single city of the United States. A plea was made for greater zeal in the work of the society, the lecturer pointing out that there are men in New York who would give from three to six hundred dollars for a single meal but would not give ten dollars to the mission.

The report of the secretary, Mr. J. D. Chertier, told of the establishment of the nucleus of a reference library and of the twenty-nine racks for books placed in the vestibules of churches. Also of eight reading circles under the auspices of the society in the shape of thousands of pamphlets and literature sent to many places in Canada. Sermons had been deliv- ered in the various city churches and collections taken up for the work. Lectures by Sir Bertram Windle and Rev. Wm. Hingston of Montreal, given on during the year, were among the things reported. The president, Mr. James P. Murray, presided.

The two women were prevented from further dis- figuring each other by Detectives Clarkson and Mulholland, who claimed that it required their combined efforts to accomplish this purpose.

The quarrel, so the police state, was staged shortly after the Wilmskie woman had complained. Mrs. Finkel- stein had cast aspersions at her mor- tality and took place on Dundas street, where quite a cosmopolitan audience was gathered to witness its progress. The two will appear in police court this morning.

LABOR NEWS

WILL NOT STRIKE AT PRESENT SALARY

If the Government Decreases Their Salaries, Railway Mail Clerks May Strike.

Railway mail clerks at a special meeting held last night at S.O.E. Temple, Bert street, decided to for- ward on to the headquarters of the association certain recommendations respecting necessary action should the government accept the recommenda- tions of the civil service commission to reduce the maximum salary from \$1,680 to \$1,560.

Much dissatisfaction with the com- mission has arisen in connection with this matter, the railway mail clerks desiring to know if the govern- ment intends to keep faith with the department. "The fact is that the commission has recommended a de- crease in salaries for us men, despite the fact that we have raised previous occasions recommended the increase which was finally the basis of recom- mendations sent on to the govern- ment not long since."

Delegates were present from North Bay, Ottawa, Hamilton and Toronto. The association has branches in Van- couver, Calgary, Edmonton, Regina, Saskatoon, Moose Jaw, Brandon, Winnipeg, Port Arthur, Ottawa, Ham- ilton, Toronto and practically every important centre in the Dominion. The meeting was really held to take a census of opinion as to what action should be taken in the matter. No action will be taken at all unless the government accepts the recommended decrease. If the government carries out these recommendations the men will stand to lose ten dollars a month, or two fifty a week.

MONTREAL RAISES PAY OF JEWISH BAKERS

Montreal, May 11.—The strike of Jewish bakers, which lasted one week, has ended on terms mutually satisfac- tory to masters and men. The condi- tions of the settlement provide for a 10 per cent increase in pay of 87 per cent of the graning of the lunch hour, a working day of eight hours net, and a working week of 48 hours, the retention of the old overtime rate of 45 cents an hour and non-payment for Jewish holiday unless 40 hours or more have been worked. Under the new agreement the men's wages are raised from \$21, \$24 and \$28 per week to \$33, \$41 and \$45 per week, and in addition the bakers receive the usual allowance of bread, value of \$2 per week, for each man.

The first meeting of the board will probably be held early next week.

EMPLOYMENT IN ONTARIO

The employment service of the de- partment of labor for the province of Ontario reports a slight decrease in placements for the week ending May 1. Placements within zone numbered 2107, those transferred from one pro- vincial zone to another, 241, and those transferred to other provinces, 46, making a total of 2394. During the preceding week, the numbers were, respectively, 2133, 219 and 55, making a total of 2407. Activity was again strong in general laboring, with 872 placements, in lumbering with 317, and in agriculture with 153. Place- ments in the building trades fell from 170 to 116.

In the women's department there was a marked increase. Applications and reappointments rose from 282 to 300; vacancies notified by employers from 548 to 854, and placements from 139 to 167. The number of casual workers applying increased from 273 to 299, and the casual jobs from 405 to 416.

Rev. George Barton Cutten, D.D., LL.D., preached the baccalaureate ser- mon at the McMaster University com- mencement exercises held at the Wal- mer Road Baptist Church last night.

His text was taken from the 26th verse of the 6th chapter of Luke: "Wee unto you when all men speak well of you." The significance of the text, said Dr. Cutten, lay in the fact that the voice of the people was never the voice of God. We should not be elated or downcast by other people's opinions of ourselves. We must think for our- selves and live our own lives, for nobody else can live our lives for us nor can we live anybody else's life. In short, we must maintain a unique centre of volitions, desires, memories and aspirations.

Prophets, continued the preacher, always stood alone. They were sepa- rated from the masses by their indi- viduality and were widely discussed and criticized, but were none the less good men for all that. Dr. Cutten assured the students that he believes

Why Should Parliament Know? True to form, the indeterminacy of the Canadian parliament operates when a matter of first-class historical importance is commensated in its name.

Another aspect of this which needs to be elucidated is the extent to which Canada is finding a force to place under the control of Downing street.

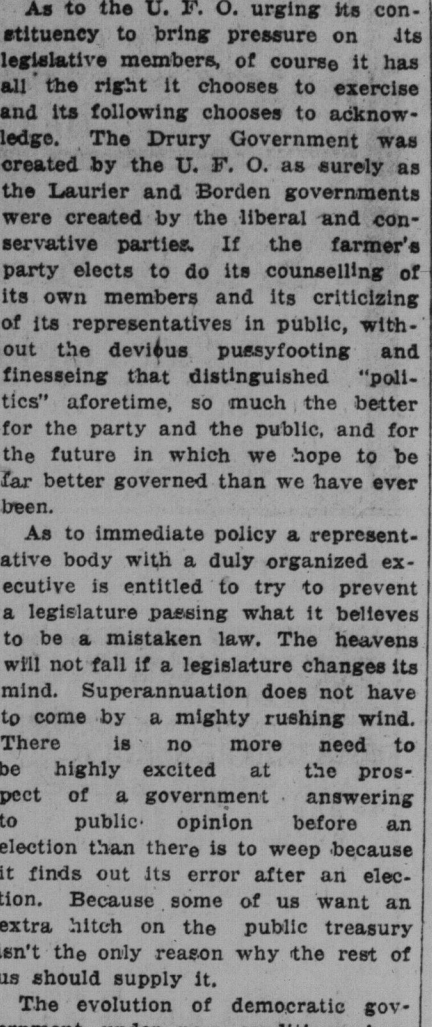

Nothing seems plainer than that without the advice or knowledge of parliament there is being set up at Washington a sort of diplomatic entity that is neither fish, flesh, fowl, nor good red herring.

SPEECH BROKEN OFF

Crawford Charged That England Dictated Canada's Railway Policy.

Winnipeg, May 11.—Reference to an Englishman as a "foreigner" set off the fireworks that resulted in Lindsay Crawford, of Toronto, breaking off his speech to the Winnipeg Kiwanis Club at the Fort Garry Hotel today.

Referring to the establishment of the shipbuilding industry in Belfast, Mr. Crawford said that it had been founded by an English engineer, Harland, and a German financier, Wolff. Referring to the subject a few minutes later, the speaker alluded to the establishment of the shipbuilding industry by "foreigners."

Mr. Crawford claimed that one reason why there had not been important industrial development in the south of Ireland was because England had made a practice of throttling the industries that would compete with her own. Likewise, the English had forced the Irish to use British shipping and had kept her trade out of Irish channels.

Irish trade was conducted by England, said the speaker, "in the same way as she has controlled the trade of all her colonies. We have an instance of this in Canada, where England made us build our railways east and west instead of north and south."

Mr. Crawford said that it was a slip and wished to apologize. However, he said, the industry had been established by foreign capital, and therefore, in a technical sense, he was correct. He then proceeded with his speech.

"What a gift for making brilliant speeches you are developing!" Christine said by way of answer. "Don't be sarcastic," Alice told her crossly.

"I'm sorry," Christine was all contrition. "I didn't mean that sarcasm at all, dear. I rejoice every day when I see the improvement this new life of yours is making. It simply makes me furious to have you talk of giving it up to retire to a little town before your education is finished."

She thought about this for a long time. Christine, having delivered her scolding, found herself some chocolate creams and began to study. The room was quiet for a long time, but Alice was still only staring at her book.

Discussed the bill was again renewed. The clause taken up was the one referring to proclamations by the returning officer. Hon. J. A. Calder, answering a question by Hon. J. A. STARTLING MOVE MADE BY PRIMO

And Now the Chances of the Giddings' Stable for the Plate Look Rosier.

Public opinion rose several points yesterday morning in favor of the Giddings' chances of annexing the pending King's Plate by the startling move of the handsome colt, Primo, who, in company with the five-year-old gelding, Boncher, set the season's training record for the plate distance at 2:11 4-5.

The Gorman pater, Rave On, was brought out for a work in company with Mandarini, but after breaking leave on displayed an extremely mean disposition by pulling out to the fence. After starting up again he ran around to the stand where he threw his boy, a light lad, in the employ of the Gidding Stable. Trainer Bird then sent the horse up to the barrier, where Strain McInchey sent him a mile in 1:45 1-5.

OUTLET FOR POLAND TO THE BLACK SEA

Convention Signed With Ukraina Satisfies Polish Ambition for Centuries.

Warsaw, May 11.—The military, economic and political convention signed by Poland and Ukraina just before the opening of the drive toward Kiev is understood to have provided for a Polish outlet to the Black Sea.

Such a southern outlet has been a Polish ambition dating back in the national history, just as was a seaport on the Baltic.

In assisting in the reorganization of Ukraina under the leadership of General Petlura, Poland, according to the reported agreement, will have a vice-minister in the Ukrainian ministry which will be composed principally of experts in order to help the new state obtain a footing in its fight for existence.

Poland, the understanding is, will have virtual control of the railroads thru the vast stretches of wheat country which the Bolsheviks have been deriving benefit during their occupation and which the Soviet forces are still fighting to hold in the south.

It is understood that the military support that Poland agrees to give Ukraina is promised for a ten-year period.

In a recent proclamation, General Plaszewski, the head of the Polish state, announced that the Poles would withdraw as soon as the Ukrainian state was safely established, and an invasion from the east is prevented.

There are few bridges across the Dnieper, particularly in the north, and it is understood that she agrees to withdraw all the Polish forces at the first request of the Ukrainian government.

HIS NINTH VICTIM WAS CALGARY WOMAN

Los Angeles, May 11.—Eleanor Brown reported last night to be the ninth murder victim of the notorious Watson, the bigamist-murderer, belonged to Calgary, Alta., according to a statement given out by Thomas Lee Woolwine, who is assisting in the prosecution of the murderer.

Besides the alleged murder of Miss Frazier, the convicted man is reported to have confessed yesterday to murdering two other Canadian women.

The alleged murder of Mrs. M. Morgan here for some time, fell into the Matilda river in some way last evening and was drowned.

A searching party was at work all night and located the body at 1 o'clock this morning. Rev. Mr. Phillips leaves a widow, one sister Mrs. Morgan, and one brother Tom Phillips, of Toronto. He was in his 59th year.

A FORWARD STEP IN IMPERIAL UNITY

New York Paper Comments on Appointment of Canadian Diplomat.

New York, May 11.—The Evening Post says today, editorially: "A long, forward step in the development of the idea of imperial unity within the British Empire was taken when a Canadian minister plenipotentiary, appointed by King George, on the advice of the Canadian cabinet, takes his place at Washington."

To the extent that he will be the channel of communication with our government on matters of "purely Canadian concern" is true for the present that the diplomatic unity of the British Empire remains formally intact.

But for no one so much as for Englishmen to precedents and beginnings have a separate diplomatic representation for the dominions carries with it profound implications.

Mr. De Solà was a director of Swift-Holmes, a Canadian, among which in this capacity means a great number of ships for the Canadian upper lakes, introducing the first two-ton motor launch.

But those who can rise above the partisan questions of the moment and discern in Canada's movement towards the status of full sovereignty an evolution which we can regard with more than equanimity.

OILS AN EXCEPTION

New York, May 11.—The stock market today continued to express by its further reactionary trend an accession of bearish sentiment among traders and the almost complete disappearance of public interest or support.

Dealing again were largely restricted to selected speculative shares and it required no great degree of selling pressure to effect additional impairment of quoted values, except among "pooled" issues.

Some substantial rallies occurred in the later dealings, particularly in oils, equipment and shipping, but these were suited more from short covering than actual demand.

The oil industry almost alone seemed exempt from disturbing conditions, although Mexican issues were subjected to wide fluctuations by advices from across the Rio Grande.

Steel and equipment made little headway despite further circumstantial reports of mergers and prospective contracts for railroad supplies.

Liberty bonds were steady, but the general tenor elsewhere was one of inactivity with the movement of stocks.

Herrick Gold Mines

Every foot the shaft goes down, adds to the value of shares in the Herrick Gold Mines.

Shaft sinking in \$50 ore is about ready to begin on the Herrick property. A contract has been let to sink this shaft to 300 feet.

Every foot the shaft goes down adds to the value of the stock. The main vein has been tested out to a depth of 800 feet by diamond drills.

The results of developments to date indicate the existence of 600,000 tons of ore. The assays show this ore will run at least \$15 to the ton.

Figure the possibilities of the property for yourself. We regard the stock as a bargain at 45 cents a share. Orders should be placed with us before another advance in price takes place.

This property is not to be confused with others in the prospect stage. In fact, it may be regarded as a proved mine. This is a good time to acquire a holding in this fine company.

Bridesmaid's Hats

And hats the bride will wear on her honeymoon or on Summer days at home. In a picturesque array of happy Junetime modes, broadly-brimmed, demurely-drooping, radiant with color—newest of the new.

Finest hair-braids— all shimmering and light, glorified by ribbons and realistic roses.

Italian leghorns— banked with flowers, topped with taffeta, faced with colorful georgette.

Delicate porcelain and pastel-toned organdies and malines of transparent sheerness—enriched by shaded ostrich, exquisite French flowers, rare Chantilly and Val laces.

All boasting tintings, shadings, and combinations of colorings such as fall from the brush of an artist—mystic, wonderful!

Let us suggest the arrangements for your wedding hat. We have an expert staff who are specialists in the art. Color schemes will be carried out to harmonize with the whole cortege—we can supply you with groups of hats for your bridesmaids, all alike or all different, as you desire. We would advise ordering early.
