TRADE SCHOOLS MORAL SALVATION

Present System of Education Defective--Remedies Suggested at Chicago Meeting

Reasoning that the public trade school will attract and hold the child, and that it will keep him from the recessive stages of reluctance, truancy and delinquency and that its final product will be a working class, contented, self-confident and honestly ambitious, Dr. Emil Hirsch, addressing the convention of the National Society for the Promotion of Industrial Education in Chicago, last week, predicted that the installation of such schools nationally will mean the moral salvation of the American people.

The speaker bewailed the fact that in the present school system the idea of imparting and acquiring information is always in the foreground--that the appeal is to the head and only incidentally to the hands.

WILL ST. JOHN HAVE FREE PUBLIC PLAYGROUNDS?

What is the Outlook for Next Summer?--The Record of United States Cities---What the Women of 'Frisco Accomplished.

To the Editor of the Times: Sir--Is St. John to have free public playgrounds, supported by the city or school board this coming summer?

I feel convinced all cities would have playgrounds if all women were educated. If the mothers as well as the widows and spinners of St. John had a vote it would not take long for this city to decide what was best for its growing citizens.

The women of San Francisco have so decided. Mrs. Lowell White, president of the Out Door Art League of San Francisco, headed a band of women who worked at the polls during the recent election there, in behalf of the amendment to provide playgrounds for the children.

NEW HAVEN \$50,000 sites. Boston \$50,000 (?) or \$55,000 from city for supervision, and \$5,000 private contribution.

Chicago \$11,000,000 in last three years for purchase of sites and equipment of small parks and playgrounds, \$50,000 special parks, \$300,000 (approx) for South park, for maintenance.

Rochester, \$50,000 sites, \$5,000 maintenance. Wilkes-Barre received a gift of a tract of land for a playground this year worth \$50,000.

Kansas City, Mo., \$204,000 sites. Bridgeport, gift of a tract of land worth \$50,000.

Jersey City purchased tract for \$25,000, and turned over a tract of 69 acres, worth several hundred thousand dollars, probably, which will be improved at a cost of several hundred thousand dollars more.

Orange, \$50,000 purchase of sites; \$10,000 maintenance. San Francisco \$741,000 for purchase of the playgrounds.

A complete system of recreation centres would enable any city not only to transform a hundred dilapidated places into beautiful garden spots, but through well chosen leaders, without restricting the natural freedom of play, to train the boundless energy of its youth towards useful and loyal citizenship, at the same time rendering most effective the education maintained at vast expense within its schools.

Grand juries would not then, as now, spend most of their time indicting young men under twenty-five years of age, such a supplementary system of education would be a boon to the city.

THE EVENING TIMES, ST. JOHN, N. B. TUESDAY JANUARY 28, 1908

The Evening Times.

ST. JOHN, N. B., JANUARY 28, 1908.

The St. John Evening Times is published at 51 and 53 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's independent newspapers.

These newspapers advocate: British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion.

No graft! No deals! "The Thistle, Shamrock, Rose entwined, The Maple Leaf forever."

A STRONG CANDIDATE

The opposition ticket in St. John city is now complete. The selection of Dr. McInerney has been completed, and it is backed by the support of the majority of the electors.

Dr. McInerney personally we have nothing but praise. He is a just, popular, big man and a good citizen. This is the tribute which the Sun pays to the man selected last evening at the opposition convention.

Now that the candidates are in the field, every effort should be made to bring out the full vote of the constituency, to roll up a large majority in favor of better government.

A FOOLISH ASSERTION

Premier Robinson is reported to have said at Moncton last evening: "The Liberals are ready to make the fight of their lives, and I believe it is to all Mr. Hazen come to New Brunswick."

The formation of a St. John branch of the New Brunswick Fish, Forest and Game Protective Association is a movement that deserves support.

THE FACTS UNALTERED

Mr. Thomas Malcolm, in a letter to the morning papers, which the Times reproduces today, describes as "damned sound-bits" certain Englishmen who came to this province to work on the International Railway.

The Kings County branch of the Temperance Federation will ask the candidates of both parties where they stand with regard to political purity.

The address of Mr. Hazen last evening in this city was in striking contrast to the boastful utterances of the premier at Moncton.

The decision of the Toronto city council to lop off thirty-four saloon licenses will probably lead to a sharp controversy.

The government is having as much trouble to get a presentable ticket in York county as in St. John.

Mr. Malcolm protests loudly and at considerable length. Perhaps he was de-

ceived in the case of men sent out by the "special executive" of the "construction employment department." One of them was at least sufficiently intelligent to expose the method adopted to induce him to quit a job in Manchester.

GOOD FOR LABOR

Although the general business outlook in Canada is rather dull at present the Montreal Witness anticipates a very large expenditure on great enterprises to be carried out this year by public and private corporations.

PEOPLE OF NOTE Rear Admiral Charles W. Rae

Rear Admiral Charles Whitehead Rae, of the United States Navy, was born at Hartford, Ct., on June 30, 1847. He was the son of a clergyman, and graduated first from the Massachusetts Polytechnic Institute as a civil engineer in 1868, and two years later was graduated from the Naval Academy at Annapolis as an officer in the engineering department of the Navy.

Beautiful Pictorial Presentation of Famous Poem—Other Good Attractions.

Some literary people say Robert Browning wrote that might in some instances be termed "obscure" verse—difficult to understand, rather ambiguous, but there is no mistaking the charming story of The Pied Piper of Hamelin, that legendary poem with its scenes laid in a quaint little German town, its actors a mystic minstrel, chubby children and keen counsel-lors.

The next strikingly fine feature of the Nickel's new show was Mr. Beckley's masterful rendering of Ciro Pinetti's rapturous writing, The Bedouin Love Song. At every rendering Mr. Beckley was enthusiastically and upon two occasions he was forced to re-sing the whole number.

The comedy element was plentiful in a quaint thing entitled Telephoning in the Middle Ages and The French Recruit, a veritable scream. As a special picture introduction Miss Cameron, champion sword dancer, was shown executing this difficult dance, whilst the orchestra played Auld Reekie with dash and precision; the same excellent show today.

THE PROVINCIAL ELECTIONS

News and Opinions Concerning the Approaching Contest in This Province.

Government Having a Hard Time to Get Candidates—Split Among Liberals of York County—How It Stands in Charlotte.

In Restigouche Campbellton, Jan. 27.—(Special)—The politicians are showing considerable activity in preparing for the general elections. An opposition convention will be held at an early date, and it is generally understood that the nomination will be made to ex-Sheriff J. E. Stewart and Arthur Culligan, of Jaquet River, both of whom have agreed to accept.

In Kent Moncton, Jan. 27.—(Special)—In spite of all the pressure and inducements that Premier Robinson, Surveyor-General Sweeney and Commissioner LaBillica have brought to bear, it has been found impossible to induce Theobald Langais to go on the government ticket in Kent. Mr. Langais gave the government his ultimatum on Saturday and announced that he would continue to support the opposition. It is now said that the government has fallen back upon Jades Robichaud, who is unknown outside of the locality in which he lives. The failure of the government to induce Langais or Baill Johnston to go on its ticket is significant.

In New Brunswick Newcastle, Jan. 27.—(Special)—The government so far is not meeting with much success in its search for a ticket in this county. An index of public opinion is found in the fact that of the twenty-six county councillors who were elected last year, only four were opposition supporters. The attempt to rally the rank and file of the Liberal party to the support of the Robinson government has proved a failure, and it is now said that a proposal has been made to allow Mr. Murray and three opposition members to be elected by acclamation.

In Albert Hopewell Cape, Jan. 27.—(Special)—A strong delegation will go from here to the meeting at which Messrs. Vlasov, Galloway and Fleming will meet in Moncton tomorrow night. The two Albert county candidates—George T. Murray, I. C. Prescott and others will attend from here.

York Liberals Divided Fredericton, Jan. 27.—There is no denying the fact that a non-partisan local government party today in the county of York is in a deplorable state. The party remains to be seen, but as matters appear on the surface at the present time, it certainly gives no encouragement to Mr. Robinson and his administration. Many of the Liberals, but these do not include those receiving local government sustenance, feel quite strongly that the contest should not be run on federal party lines, maintaining that the defeat of the local party in the county, which appears almost a certainty, will greatly injure the federal election prospects. Besides, it is quite openly stated that the many Liberals who are not biased and have strong influence in the county have remarked that they considered it would be in the best interest of the Liberal party if a change in local administration followed. It is owing to these various opinions that the government party in York has not yet succeeded in naming a ticket, though every attempt has been made to secure candidates. No doubt a ticket of some kind will be made up, but it will take up a forlorn hope and do the best they can under the circumstances. Politicians, who know, say that it will only be for the purpose of making a contest.

Victims in York Fredericton, Jan. 27.—(Special)—A meeting of the friends of the local government was held last evening at the Grand Hotel. Outside of office holders and those interested in the distribution of government patronage the attendance was not overly large and did not compare very favorably with meetings held previous to other elections. Among those in attendance were E. H. Allen, J. H. Barry, R. W. McLellan, P. Farrell, W. E. Farrell, John Moore, Thos. Feeney, Asa Vanwart, Jas. Bell, F. A. Peters, W. VanBaskirk, R. T. Mack, Wm. McGinn, John Palmer and others. It was decided to call a convention at an early date for the purpose of selecting candidates for the local house. It was rumored after the meeting that the government ticket may include four of the following: E. H. Allen, of Shediac; Elwood Burt, of Burt's Corner; Clarence Goodspeed, of J. H. Barry and Geo. F. Burden, of Pokok. The ticket is not entirely settled upon, for if possible an endeavor will be made to strengthen it. It was also reported after the meeting the idea of bringing Dr. Pugsley here to the matter met with little favor.

RHEUMATISM IT'S CAUSE AND CURE EXPLAINED. Most people believe because cold aggravates rheumatism, that cold must cause the trouble. Any doctor will tell you that rheumatism originates in the blood and is caused by Uric Acid, an irritating poison that settles in the nerves, joints, muscles and fibrous tissues. You can't permanently cure rheumatism by rubbing with a liniment—you must go deeper and reach the blood itself. Anything that will dissolve the Uric Acid poison will cure rheumatism. The success of Ferreroze, which destroys rheumatic virus with wonderful effect. When you take Ferreroze, the blood is quickly enriched—irritating materials that cause pain are destroyed, sores and twinges cease at once. The nerves are given new power by Ferreroze, appetite and digestion improve, and in consequence the general health is built up. With the body made strong, with new vigor circulating through the system, a reserve force is created that is more than sufficient to ward off future attacks. With the same certainty that you wait the rising and setting of the sun, so surely can you depend on Ferreroze in rheumatism, whether inflammatory, muscular, or chronic. Being perfectly safe—all can use it, young and old, 50c. per box or six for \$2.50 at all dealers.

VALUABLE FIND ON INTERCOLONIAL RAILWAY

While travelling on the I. C. R., Mr. Harvey W. Towers, residing at No. 7 St. Paul Street, St. John, N. B., made a valuable discovery. Some time had left a small box of Zam-Buk the great Skin Healer in the car and as Mr. Towers suffered with badly chapped hands, he applied the same. To his surprise it healed him rapidly. He says: "It is an excellent remedy, the best I have ever used for chapped hands, cuts, sores or burns, and I would not be without it." Mr. Towers is only one of many thousands who are glad they heard of Zam-Buk. There is no skin disease it will not relieve and cure. Zam-Buk is everywhere regarded as Nature's Great "First-aid." No traveler should be without it for it is a splendid preventive against Barber's Rash and other skin diseases they are so liable to contract. A little Zam-Buk rubbed regularly on the hands and face before retiring each night will keep the skin soft and free from disease. Zam-Buk as a healer of skin diseases is without equal. It cures ulcers, festering sores, ringworm, cuts, bruises, chapped hands, boils, eczema, piles, rheumatism, etc. Sold by all Druggists and stores at fifty cents a box, or post-paid from the Zam-Buk Co., Toronto.

JUDGE BARKER AND A. S. WHITE

Former Becomes Chief Justice of New Brunswick and Latter a Puisne Judge.

Ottawa, Jan. 27.—An order-in-council was passed today promoting Justice Barker, of the Supreme Court of New Brunswick, to be the chief justice of the court, in place of Justice Tuck, who has retired, and appointing Hon. A. S. White, ex-attorney-general of the province, to be one of the puisne judges of the court.

These appointments give general satisfaction to the New Brunswick parliamentary contingent.

THE INGLENOOK PHILOSOPHER OF KENNEBECASSIS BAY

"Aaron," said I, "give some more wood on our apology for a fire." Aaron obeyed with alacrity for he was abounding with cold. Wood is to the dying fire what sympathy and kindness are to a chilled and shivering body. Wood is what we need to the dried up mountain brooks and summer sunshine to the ripening grain and fruit. There is a striking analogy between us and some inanimate things. We come up like weeds and grow down like grass before the scythe of the law maker; we stretch out our arms for wealth, fame, glory, approbation, love, just as that apple tree yonder, stretches out its roots for nutriment. Mayhap we gain our heart's desire; mayhap we do not, and in either event, at last with a sigh, perhaps of content, perhaps of regret, as has been said by old Omar "We creep silently to rest." So does the apple tree when it has outlived its usefulness—when it is no longer a source of profit, or an ornament to the landscape. I roused myself from my reverie. "Aaron," I said, "put more wood on the fire." Aaron obeyed cheerfully for the evening was bitter cold. "Yes," continued to myself, "there is a kinship between all animals and inanimate things. The one can move about while the other is stationary, but both have a beginning and an end; both have life and sources of pleasure and pain. Some scientists claim that even the pebbles and road-side may be "lived" or made angry, and that by some process it may be deprived of life, though by creating the life is not destroyed in any of its particles. "Aaron, who were your parents?" "Don't know." "Correct. There is not a man or a boy on the whole round globe that can assert positively who his parents are or were. He has heard but he says it is not evidence. How old are you?" "Don't know." "Correct again. No mortal knows his own age." "Where were you born?" "Don't know." "Right again. No human being knows his birthplace or his nationality. Our opinions on these matters are based on hearsay, and as I think I said before, hearsay is not evidence. But this is certain, we are sons of the earth. It has fed and nourished us from infancy, much as it feeds and nourishes an onion, a squash, a pumpkin, kin or a turnip. At last the earth gets tired of our stuffing foot-steps and awkward ways, and she turns us on the wheel, with the remark, "Step into my workshop while I have a word with you. And presently you are on our axis and squashes and pumpkins and turnips spring up in the field." "Shakespeare once said, 'Be just and fear not.' I tell you, Aaron, the just man has nothing to fear, here or hereafter. He does not feel the pinch of adversity, severe as it may be, for after all, what are life's petty ills that they should disturb him; and he is not puffed up by prosperity for he knows that prosperity and adversity perambulate the world, arm in arm. The exit of the just man is like that of one who "Wraps the drapery of his couch about him And lies down to pleasant dreams." Whitehead, Jan. 24th.

AT THE OPERA HOUSE

Picture Show Continues to Make Big Hit—Dr. Parker's Lecture. The pictures shown by the Pastime Picture Company in the Opera House yesterday afternoon and evening were excellent and the large crowds that attended both performances thoroughly enjoyed the entertainment. The singing was a big feature and the three vocalists, Messrs. Titus, Radcliffe and Macdonald, were encored. The pictures were beautiful, especially the colored spectacular film, "The Rajah's Casket," which portrays the magnificence of the Rajah's palace, the ballet, the caves of wealth, etc. The comedy picture, "Who Wanted," afforded plenty of fun and laughter. The programme will be repeated today. There will be a change of pictures Wednesday. "Bright Days Ahead," Rev. Dr. Lindsay Parker's lecture, which is booked for the Opera House Thursday, Feb. 6, will doubtless be listened to by a bumper house, judging by the large number of seats already taken. The subject, in the hands of one so able a man as the genial chaplain of the R. K. Y. C., is sufficient guarantee that an evening of rare enjoyment is in store.

CHAMBERS LODGE A. O. U. W. At the regular meeting of Chambers Lodge, No. 1, A. O. U. W., held Monday evening, the following officers were installed: R. D. Woodrow, financier; J. L. Thorne, receiver; Geo. E. Stevens, guide; H. D. Everett, inside watch; James Boyd, outside watch; E. E. Lordly, past master workman; Dr. A. F. Emery, medical examiner; A. J. Armstrong, George Stevens and C. E. Lordly, trustees. The officers were installed by Past Deputy Grand Master H. D. Everett, assisted by N. W. Brennan, acting grand guide. During the meeting the various officers presented their reports for the year, and they were handed to the committees. Short addresses were made by the newly elected officers. E. H. Allen, I. C. R. claims agent, was in the city Monday. Mrs. D. Hutchinson returned Monday from Sussex, where she attended a meeting of the Baptist missionary executive.

AT THE PRINCESS A large crowd attended the Princess last night and saw a programme that made up for the trouble of coming out in the disagreeable weather. The features were two strong dramas, the Squawman, a story of Indian life, and Go, Little Cabin Boy, a drama of heart interest. Mr. Newcombe's staging of Sweet Lily of the Valley was roundly applauded. The same programme will be repeated today.

TORONTO CUTS LICENSES OFF Toronto, Jan. 27.—The Toronto city council tonight passed a by-law to reduce the number of liquor licenses in the city from 140 to 110, by a vote of fifteen to eight. The question was fought for several hours and deputations appeared for and against the reduction. Trix, a well-groomed cat, owned by Mrs. Arden Hurbut of Pittfield, has reached her birthday and is still alert and active. Mrs. Hurbut believes that Trix is the oldest feline cat.

GREEKS TRIMMED BY CRESCENTS 8-0

Marysville Team Had Easy Thing With Weakened St. John Septette.

Marysville, N. B., Jan. 27.—(Special.)—The St. John Marathons came in for a bad beating in the league hockey match at Marysville tonight, the score at the close standing 8 to 0 in favor of the Crescents. The game was played under very unfavorable conditions as the ice was covered with water. The attendance was the smallest in a hockey match in this rink this season. The Marathons were badly hand-capped by the absence of Woodworth and the team seemed to be playing out of their class. There were few brilliant plays on either side but Captain Ingh, of the Crescents put up a strong game. He secured six goals, the others being made by Burns and Gibson. Robinson, of Marysville, was hit twice for slashing and Gibson penalized twice for slashing. Burns and Ingh, Stanley of Fredericton, officiated as referee and gave general satisfaction. The line up was as follows:

Table with 2 columns: Marathons and Crescents. Rows include Goal, Fullerton, Cover Point, Brown, Messerour, Lett Wing, Moore, Phillips, Claxson.

The game between the Marathons and Crescents was played here Thursday evening promising to have a record breaking crowd. Reserved seats on the ground floor were put on sale this evening and all were sold in less than half an hour. Accommodation for 500 people is to be provided in one end of the rink.

A special meeting of the executive of the New Brunswick Hockey League is to be held here Thursday to deal with the protest entered by the Crescents against the game played with the Marathons at St. John last week.

Just why the Marathons went to Marysville in the weak condition they found themselves in is a puzzle to many. The team were beginning to pull themselves together so that they stood a good chance of making a respectable finish in the league race, when all of a sudden they drop back in the rut for which St. John teams of late, unfortunately, are noted of going away with any old team at all. Where it was found that a postponement was impossible then the forfeit was the proper move, as it was a perfect farce to take away the team that was so soundly trounced at Marysville last night. As for the Crescents' refusal to postpone the game, on the surface, and without some better reasons than those furnished the Marathons, it looked like a petty spirit of spite on account of the Greeks' protest, together with the fact that they had the maroon and grey in a corner. It is the playing of hockey as it was played in Marysville last night that more than anything else injures the game.

"Ticker" Team Won. Fredericton, N. B., Jan. 27.—At the Arctic rink this evening the local C. F. R. hockey team clashed with the local drug clerks team in a snappy game, resulting in a score of 1 to 1 in favor of the C. F. R.

ELECTION IN MARYSVILLE

Alex. Gibson Jr. is Elected Mayor and Reform Ticket Carries the Council.

Fredericton, Jan. 27.—After a sharp contest, Alexander Gibson, jr., ex-M.P., was re-elected mayor of the town of Marysville today by a majority of twelve over his brother-in-law, Chas. H. East. It was the first contested election in the history of the town and was brought on by a large section of the population who called themselves the reform party. Although they lost the mayoralty the reformers succeeded in electing four of the six members of the town council. Only two members of the old board, McConnell and Gamble, were re-elected. Following are the returns:

SMALLPOX SPREADING IN ALBERT COUNTY

Hopewell Hill, Albert Co., Jan. 27.—While the smallpox situation is pretty well in hand yet new cases are being heard of. In the village of Albert, Riverside and Hopewell Hill fourteen houses were quarantined on Saturday but after investigation five of them were released. There were three houses in Riverside quarantined. In one family at Hopewell Hill seven members of the household are down with the disease. None of the smallpox patients in the county is in dangerous condition. Those very ill Friday are better today.

STANSTEAD ELECTION

In All Probability It Will Be Declared Illegal as Electoral Lists Were Not Properly Initialed.

Magog, Que., Jan. 27.—It transpires that the electoral lists used in Stanstead county on polling day were not properly initialed by the returning officer. In fact, it is stated that the lists were not initialed at all, and, as this is one of the provisions of the law, the point will be taken advantage of to lodge a protest against the election of Charles Lovell. Proceedings to this end have already been initiated.

DR. McINERNEY COMPLETES THE OPPOSITION TICKET

He is the Unanimous Choice of His Party for the Fourth Place --- Executive Authorized to Propose to Government a No-Bribery Election.

At an enthusiastic convention held last evening in the Keith assembly rooms Dr. J. P. McInerney was unanimously chosen to fill the place on the opposition ticket for the city of St. John, left vacant by the death of his brother, Geo. V. McInerney, K. C. Every ward in the city was well represented at the convention and the proceedings were harmonious and enthusiastic throughout. Speeches were made by the four city standard bearers and J. P. McInerney, Dr. Thomson, Wallace and J. P. Moher, one of the county candidates.

A resolution favoring purity in the election was adopted unanimously and the executive committee of the opposition party was given power to arrange an agreement with the government party executive for the carrying on of the present campaign without the use of money for corrupting or bribing electors.

J. P. McInerney, leader of the party, was chosen chairman of the convention and W. H. Harrison, secretary. Mr. McInerney spoke of the loss the party had sustained in the death of Mr. McInerney and John E. Wilson moved, seconded by W. F. Hatheway, the following resolutions:

Resolved, that this convention for the selection of candidates for the city of St. John, in opposition to the local government hereby resolved their terms of office, legislative and parliamentary. His urbanity of mind, his gift of speech, his untiring efforts for the party, and his ability to be chosen candidate and representative of the party.

Resolved, that this convention convey to the family of Mr. McInerney, their sympathy with the party and that a copy of these resolutions be forwarded to Mrs. McInerney this evening.

Miles E. Agar moved a resolution to the effect that the executive committee composed of J. P. McInerney, Dr. Thomson, W. H. Harrison, H. Colby Smith, R. B. Emerson and the chairman of the wards. The motion was adopted.

Dr. Thomson Walker, moved and Col. Armstrong seconded a resolution favoring purity in elections, in the following terms: Resolved, that the executive committee of the opposition party be authorized to propose a no-bribery election without the use of money for the purpose of corrupting or bribing the electors on either side and that an agreement be entered into to that effect similar to the agreement entered into at the last by-election in this constituency.

Resolved, that the members of this constituency be requested to abstain from carrying out any such agreement in good faith.

Mr. Hazen spoke on the resolution and heartily endorsed it. He referred to the election of 1902 when Mr. Maxwell was elected when such an agreement had been made and spoke of the satisfactory results which followed.

W. H. Thorne nominated Dr. J. P. McInerney as the candidate for the vacant place on the ticket. Dr. McInerney, in reply, said, "I am honored to be nominated by the party and I have the confidence of all in the party and represents a large section of the town. I believe the party drew great support from the North End."

G. A. Blair asked if there was any truth in the rumor that Dr. McInerney had called upon Dr. Thomson and Maxwell had called upon Dr. McInerney and assured him that if he would consent to run they would support the convention nominated him. The three candidates in turn arose and denied that they had ever made such a proposition to Dr. McInerney. Mr. Maxwell stating that he hoped the candidates were men of sense and such men would not follow the course mentioned by Mr. Blair.

W. F. Hatheway was called upon and spoke briefly. He thanked the party for his nomination. He condemned the party for unauthorized use of public moneys. He thought the opposition was in much better fighting trim than in the last election when the ticket in St. John had come near winning, and he predicted a great victory this time.

Robert Maxwell, M. P. P., spoke at some length and very much to the point. He said he always held himself to be the standard bearer of the people and in his interest had always done his best to expose the corruption and reckless financing which went on in the city. He felt that the selection of Dr. McInerney was a wise one. It was not only a tribute to the man but to the North End and would be appreciated.

With this magnificent convention and with the zeal and enthusiasm displayed here there was little doubt if the cause spirit would be victorious. The party looked upon Mr. Hazen as an upholder of honesty and integrity in public life. It was he who brought forward the idea of purity in elections and he believed the agreement made would be faithfully carried out.

Mr. Maxwell then made a telling arraignment of the government, declaring that the voters put no confidence in their statements and that their reckless methods were bringing the province rapidly into a state of bankruptcy. When the dominion subsidy to New Brunswick was increased by \$20,000, it was enacted that \$20,000 of this amount should annually be placed towards reducing the provincial debt of the province. The government supported this but the fact was that the first half yearly grant of \$20,000 had been received and that instead of \$10,000 being set aside as was provided for, the entire amount had been credited to current expenditure.

PUBLIC WORKS ESTIMATES ARE NOT YET READY

Consequently They Will Not be Considered Until Next Month's Meeting.

The monthly meeting of the board of public works will be held this evening. The chairman will report on the cost of having a plan and by-laws made at Court Bay, and the board will decide whether the work shall be carried on.

There will also be considered a request from the Eastern S. S. Company for extensive repairs to the floats at their wharf at Reid's Point, under lease from the city. It is understood that the floats are in very bad shape, and will probably have to be rebuilt, as they are leaking badly.

The estimates for the year are not yet made up, and will probably not be considered until next month.

THEY DID NOT WANT WORK

All These Men Wanted Was the Price of a Beer and They Got It.

While there may be quite a number of men about the city who would be glad of a job of any kind to earn an honest penny, there are many others who are simply "beats" whose only object seems to be to raise a dime or a quarter to enable them to invest it in liquid refreshment at the nearest barroom.

It is such characters who make it hard for the honest man to get work as people who have been bitten by the "beats" are inclined to view all applicants for work or help, with suspicion.

A case that was brought to the attention of a Times man illustrates the phase of the situation. On Friday morning last it will be remembered there was some of that material so rare this winter, known as snow, on the ground. It was not very much, but it was enough to start some of the out-of-work men looking for a job shoveling.

A lady residing in the south end answered a summons to the door and was asked by a big lanky man if she wanted the snow shoveled from her sidewalk. She replied that there was not enough of it to warrant hiring a man to do it, but on listening to the man's story to the effect that he was in hard luck and wanted to earn enough to get a meal and a bed at the travellers' shelter, she told him to go ahead and shovel and then split a few sticks of wood and she would give him a quarter.

This was agreed to and the man, with the help of a pal who had been waiting outside, soon made the snow disappear and then they reported for duty at the woodshed.

Two axes were procured and it was arranged that they should split what they could in ten minutes. The lady retired inside the house and after a few minutes she heard a man make the acquaintance of a stick of wood. Then all was quiet for a bit and finally there was a knock at the door.

"Say, mam," said the man who had made the dicker, "me and me chum here has been talkin' it over an' we think as how it's foolish for us to both work at the job with the snow melting so fast, so we thought as how you might give me 10 cents for shovin' the snow and me friend here will cut the wood while I go and get another job shovin'." You see the snow won't last long an' you can pay me friend the other 15 cents for cuttin' the wood."

This argument looked reasonable to the lady and she complied by paying over the ten cents and telling the other man she would pay him the fifteen cents as soon as the wood was split.

She had scarcely returned to the house before she was called to a window by her maid in time to see the men scurrying away leaving the snow untouched. She raised the window and called to them to come back and finish their job, but the wind whistled back this reply: "Shovin' snow is easier than splittin' wood, mam."

These men simply wanted to get money enough to buy a drink, and when it came to doing some real work they were not there.

Probably as a result of their action if a man came along wanting work he would be turned down for a drunken loafer.

FLED FROM ST. JOHN TO BE CAUGHT IN BOSTON

Mrs. Maude Clarke Arrested in Boston on Kidnapping Charge ---Was in St. John Some Weeks Ago.

NEW YORK, Jan. 28.—Word has been received here that Mrs. Maude Clark, charged with kidnaping her four year old son, who has been adopted by Dr. G. Kremer of 877 Lexington Avenue, this city, will be no change from the home of her mother at 7 Mountain Avenue, Dorchester district, Boston. The alleged kidnaping took place last October, when Mrs. Clark and the child went to Boston and later to St. John, N. B. According to information received here, the Boston police two days ago learned that Mrs. Clark and the child were returning to Boston and have kept a watch on all incoming trains and at the home of Mrs. Clark's mother.

George Jamieson

SUSSEX, N. B., Jan. 28.—(Special)—George Jamieson, who has been ill with pneumonia since Christmas day, passed peacefully to rest at six o'clock this morning at his late home, Lower Cove. The deceased was 29 years of age, and was married to Miss Margaret Gray, daughter of the late Rev. Jas. Gray, on December 3rd last. Mr. Jamieson was widely known and held in high esteem by all who knew him, he was also very industrious and had a promising future. His death will be learned with deep regret by his many friends. A young wife, father, mother and two brothers—Herbert, of Calgary, and Henry, at home here. The funeral will take place from his father's residence, John Jamieson, Clover Hill, on Thursday afternoon at two o'clock, Rev. Frank Baird officiating.
