GERMANS BREAK THROUGH THE RUSSIAN LINE; IS REPORTED TO BE LOST

Petrograd Admits That Line is Pierced, Though Enemy Beaten at Some Points--Russian Retirement a Difficult Movement

Petrograd, July 31--While Austro-German assaults have been repulsed at several places along the battle line, an official statement from Russian headquarters admits that the Russian front has been pierced at important points. One is at Radomka on the Vistula, where pontoons were used in crossing. A passage of the Vistepz also was forced at Tronivicko. German outposts advancing from the southwest are nearing the fortress of Kovno in the province of Kovno.

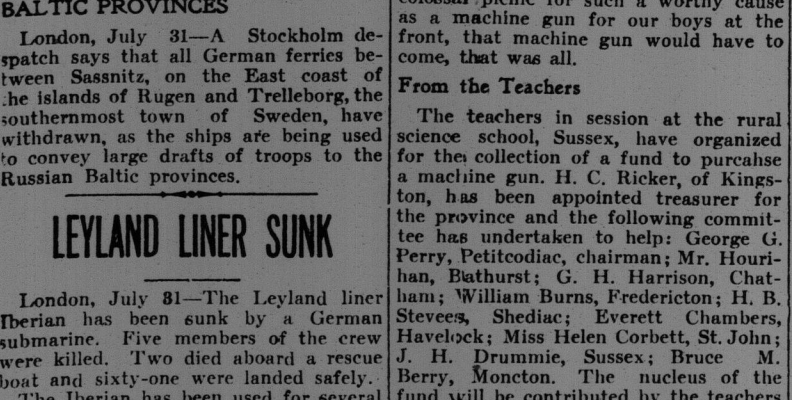

CHARLOTTE COUNTY SOLDIER KILLED; BROTHER AT GRAVE

H. R. Fisher Was With C. P. R. in Montreal Before He Went to War

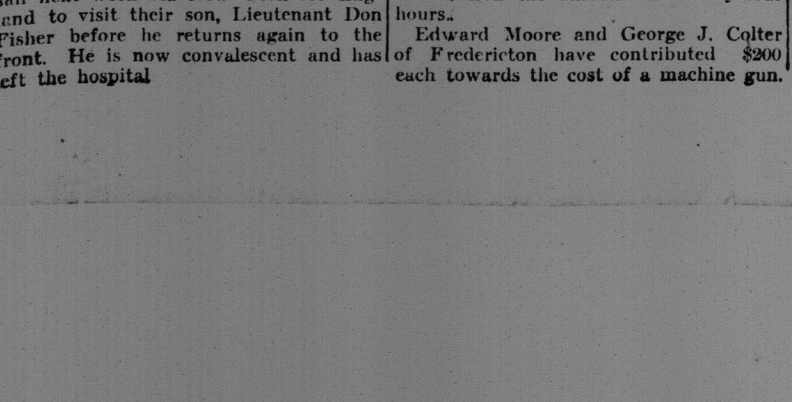

Mr. and Mrs. Charles R. Fisher, of Rolling Dam, N. B., have received the sad news that their son, Henry R. Fisher, a soldier of the 14th battalion, Royal Montreal regiment, had been killed in the reserve trenches soon after the battle of Ypres.

Proud Record of North End Family--Mrs. Wm. Gormley's Brother Also in Same Battalion

WM. GORMLEY, FATHER

WM. GORMLEY, SON

The distinction of giving her husband and son to the service of their king and country belongs to Mrs. Wm. Gormley of 28 Sheriff street. Her husband, William Gormley, and her son, William Gormley, Jr., are both with the colors serving together in the ranks of the 26th Battalion, and fine looking soldiers they are.

GOMPERS ADMITS FOREIGN ATTEMPTS TO BRIBE

Reiterates Charge That Outside Influences Are at Work in States to Corrupt Labor Unions

Washington, July 31--President Samuel Gompers of the American Federation of Labor, yesterday reiterated his charge that foreign influences had been working to make strikes in the United States, and called upon the workmen to discountenance any such attempts. He made public his correspondence with the Central Federated Union of New York, which made an inquiry regarding a statement attributed to Mr. Gompers that "officers of international unions had received money to pull off strikes in Bridgeport and elsewhere in American factories."

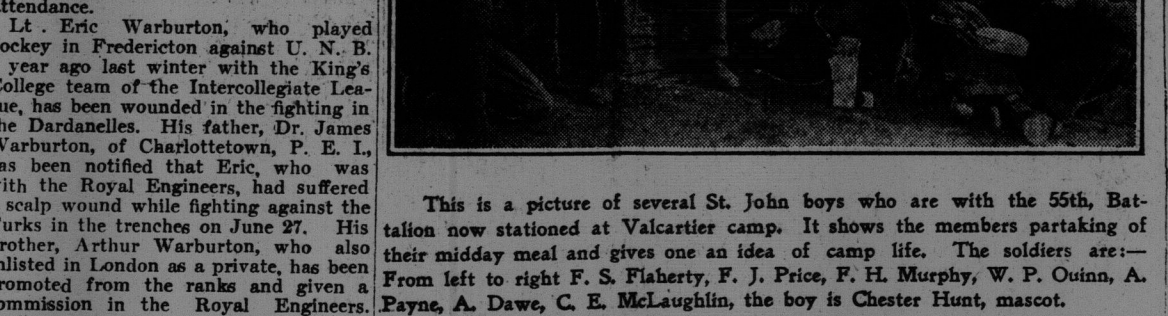

PARDON PAPERS ARE BROUGHT HIM BY SON

Thomaston, Me., July 31--Life convict Melvin Bessey, pardoned this week by the government and council, broke down completely when the pardon papers were handed to him by his son, Alfred, who came from Brighton, Me., to see his father in prison.

WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Sturp, director of meteorological service.

CROWN PRINCE SEES DEFEAT FOR GERMANS

London, July 31--(Central News despatch from Northern France)--I can vouch for the following interview as authentic. Crown Prince Rupprecht of Bavaria, while conversing with a member of the Reichstag, who was visiting the battle line in Artois, said: "I must confess I'm no longer an optimist. It will take some time before the allies will seriously affect our position in France, but the reverse subsequently will be reversed. The strength and resources of the enemy are now too well organized.

THIEF CHASE ENDS IN DEATH IN SUBWAY

New York, July 31--The tattooed fat which a burglar struck a baby in the face in his efforts to escape was cut off a few minutes later under a subway express train at 79th street, and through its finger prints the mangled body was identified as that of a notorious felon, Charles Kelly, alias "St. Louis Kelly."

GERMAN TORPEDO BOATS IN NORTH SEA

London, July 31--A Copenhagen despatch from the steamer Nordly says that the steamer was sunk in the North Sea by a German torpedo boat, and not by a submarine. The torpedo boat was one of a flotilla of eight ships of a new type 227 feet long and mounting four 8.2 centimetre guns.

WANTS TO RUN

A street report today had it that John Thornton of North End, was seeking support from his friends in the local Conservative ranks for the nomination to the vacancy caused by Hon. John E. Wilson's retirement. Mr. Thornton has been president of the North End Conservative Club and is chairman of the Liquor License Commission, but there is opposition among those "higher up" to his securing the nomination. Meanwhile Commissioner Potts is said to be neglecting no opportunities.

RETIREMENT ENDED

An eight days' retreat for the sisters of St. Vincent's Convent was brought to a close this morning. His Lordship Bishop LeBlanc was celebrant at mass and benediction, after which fourteen sisters renewed their vows. Rev. A. J. McCaffrey, S.J., conducted the service during the retreat.

FOUND DEAD IN BED

Dennis Murphy, an aged resident of Melrose, who has been visiting relatives at Napanis for some days, was found dead in bed yesterday morning at the home of Peter Gould.

WANT BAND FOR 64TH

A letter was received by Mayor Frink this morning asking his aid in the collection of \$1,000 to provide a band for the 64th Battalion to be recruited from the maritime provinces. The letter was from Capt. Grant of the new regiment.

THEFT ON LARGE SCALE

A large quantity of electric and telephone wire was stolen from poles at Rockwood Park. It is estimated that upwards of 10,000 feet was taken.

BIG PICNIC PLANNED; OBJECT TO GET FUNDS FOR MACHINE GUN

Carleton and Lancaster People to Unite in the Effort

A casual remark that a mammoth picnic ought to provide funds sufficient for a machine gun was the beginning of a movement which is rapidly becoming organized in West St. John and Lancaster. While details are not yet available, it is planned to conduct a real picnic in every sense of the word at one of the largest fields adjoining the city and patriotic organizations, lodges and societies are being canvassed for assistance in making the effort a grand success.

DOCTOR SAYS RECOVERY OF HANLEY REMARKABLE

The case against Mary Romley charged with assaulting with intent to kill William Hanley, was continued in the police court this morning. Doctor D. C. Malcolm, superintendent of the hospital, Dr. G. A. B. Addy, and County Police-man Saunders testified. Dr. Malcolm said it would be at least three or four weeks before Hanley would be able to leave the hospital.

IN HONOR OF VISITOR

F. C. MacNeill entertained several local doctors yesterday at an outing at the Cedars. The function was in honor of Dr. McCausland of Boston, the visiting physician. The party, numbering fourteen, enjoyed a sail up river in "Pleasant Breeze" in preference to taking a chance of getting lost in the bay and having to spend the night on the water.

LEVLAND LINER SUNK

London, July 31--The Levlund liner Iberian has been sunk by a German submarine. Five members of the crew were killed. Two died aboard a rescue boat and sixty-one were landed safely. The Iberian has been used for several months for the transportation of war supplies between the United States and England.

TO SEE SOLDIER SON

Mrs. and Mrs. W. S. Fisher expect to sail next week via New York for England to visit their son, Lieutenant Don Fisher before he returns again to the front. He is now convalescent and has left the hospital.

MUNITIONS AGENT HERE

D. A. Thomas, special agent of the Minister of Munitions, Lloyd George, is now in Canada. He is to be in the maritime provinces in a few days investigating the capabilities of Canadian factories to turn out munitions of war.

THE WRATH OF THE GODS, LYRIC MONDAY

Famous Feature That Created a Star When Shown at Strand, New York—Second Mutual Master Picture

Following the policy inaugurated at the Lyric Theatre last Monday the second of the Mutual Masterpictures will be presented the first three days of next week. Productions which combine a powerful fascinating story with superb spectacular effects are still among the rare jewels in filmdom.

Not the least sparkling of these gems is "The Wrath of the Gods," another big photo-play to be shown Monday, Tuesday and Wednesday which was produced by the same great director as "On the Night Stage," Mr. Theo. Ince. In "The Wrath of the Gods" the camera follows the path of destruction at close range, and one sees portrayed with equal and astonishing skill, the majesty of the angry sea, the sublime wrath of fire, and the fearful quaking of the very earth itself.

Wonderful realism characterizes the screen depiction of the floods of fire, gradual gathering of the force of the storm, the final bursting of the sky and lava descending in never ending torrents from the angry crater of the Sakura.

The scene where the earth yawns and engulfs men and women and houses in one huge grave is indeed one of the most novel and terrifying ever pictured. As for the story, it is one worthy of the direction of the play, it is told in six acts and is enacted with that force and skill that denote the real artist. Over one thousand persons are in the cast.

The vaudeville offering will be "The Gagnoux" in spectacular juggling feats. Those who witnessed last week's feature should by all means make every effort to see "The Wrath of the Gods." Same price scale. Matinee daily. First evening performance, 7.10.

"MEET ME AT THE ONONETTE PATRIOTIC FAIR"

Big Event For Next Saturday—All The Features, Including a Pike

"All aboard for Ononette!" That will be the general cry on Saturday next, August 7, when the Ononette Patriotic Fair will be in progress on the beautiful grounds of Mrs. O. H. Warwick at that popular summer resort. It will be the biggest event of the week-end.

The fair, besides being novel and attractive in suggestion and execution. The half-day, patriotic variety show will be complete without a visit to the grounds, where from three to ten acres of land, the various features are made for yachts. Three regular trains will carry people to Ononette during the afternoon, and a special is now being arranged for, while the same number will be used in returning to the city.

St. Mary's Band of thirty pieces will be on hand during the afternoon and evening and will play an elaborate programme of concert selections. A five o'clock tea will be served, and a booth will be erected for the sale of ice cream, soft drinks, peanuts, candies and other necessities, while some sixty delicious, delicious, home-made pies will be offered at auction.

The "pik" will be attractive and interesting. It will contain many bright fixtures, including games, doll racks, candy wheels, fortune teller booths, the African dodger, lamp-chimney racks, beer-bottle racks, and other features of varied and amusing nature. An especially attractive part of the day's programme will be a tug-of-war between teams from Ononette and Hillside.

The proceeds are to be devoted to the Patriotic, Red Cross and Soldiers' Comfort Association funds, and because of this, as well as because of the pleasure to be derived at an affair so projected, in so pretty a country centre as Ononette, the patronage should be large and generous. From present indications it might be said that the words on the lips of patriotic people next week will be "Meet me at the Ononette Patriotic Fair."

Another \$100 was received by Mayor Frink this morning for the machine gun fund. The donor is William Brédie.

RECALLS COBEQUID DISASTER Captain J. E. MacKinnon, formerly of the steamer Westport III, who has been incapacitated for duty for some time by reason of injuries received while assisting in the rescue of the passengers and crew of the S. S. Cobequid two winters ago, has written the board of trade from Waterville, N. S., thanking its members and other business men of St. John for their efforts in his behalf and for the practical evidence of their sympathy, which was recently forwarded him by the secretary of the board. He says "I hope his health is gaining, and he may be able to return to service, so that he may do something for the port of St. John."

RECENT DEATHS Mrs. Catherine P. Floss, who died in St. John, N. B., on July 29, at the age of 81, was a native of Brunswick.

Mrs. James McGoldrick, of Fredericton, has received word of the death of her brother, Alonzo Cameron, at the Minnesota State Sanitarium on Wednesday. He was thirty-eight years of age and went to the western states sixteen years ago. He is survived by four sisters, Mrs. McGoldrick and Mrs. Andrew Parsons, of Fredericton; Miss Eliza Cameron, of Hanwell, and Miss Helen Cameron, in the United States, and two brothers, Durwood, of Hanwell, and Hault, in the States.

Mrs. John McMurray, of Rexton, died on Tuesday. She was daughter of the late John Johnson, of West Branch, and is survived by her husband, one sister, Mrs. Alex. Reid, an adopted daughter, Mrs. W. H. Reid, Newcastle, and a niece, Miss Jane Call.

LETTER FROM CHAS. MALCOLM Dr. D. C. Malcolm, superintendent of the General Public Hospital, this morning received a letter from his brother, Charles, who is a member of McGill's Hospital staff with the Canadian troops in France. He gave a few details of his life at the front and said that he was well.

TEACHERS WED The wedding of Miss Eliza Stewes and Emmerson C. Rice, B.A., two well-known and popular teachers of the Moncton school staff, took place on Thursday at the home of the bride in Petticoat. Mr. and Mrs. Rice left for a wedding tour to upper Canadian cities.

PAID \$175 AVERAGE AND RECEIVED \$227.50

MacNeill's Evidence Continued Last Night in the Horse Purchase Inquiry

Charlottetown, P. E. I. July 31—At last night's session of the Davidson commission in Summerside, Emmerson Heustis, accountant of the Bank of Nova Scotia, produced records of checks delivered to MacNeill, livery man, to the end of the year. MacNeill again took the stand and gave names of farmers from whom he had purchased ten horses unaccounted for at the afternoon session. The prices ranged from \$170 to \$225. On an average the price he paid for the eighty-one was \$175, and the price received from the government averaged \$227.50. He corroborated evidence of Doctor Doyle to the effect that the latter came to Summerside alone the first time and that on the second visit Major Anderson accompanied him. MacNeill also produced a letter received from the department on August 14th stating that some horses were wanted at once. Doyle and Anderson were together when the first horses were bought. The former inspected them and the latter fixed the price. MacNeill was paid \$2200 for the first sixteen, including \$1425 for the first six. Each animal was charged for separately. He would not account for the fact that the second ten averaged as much as the first six. He was not assigned by anyone that he was to get a flat rate. After he had sent sixteen he wired to Moncton that he had forty-seven on hand. He shipped over what he believed to be fifty four. On arrival these turned out to be

Tan, Red or Freckled Skin Is Easily Shed

To free your summer-solled skin of its muddiness, freckles, blotches or tan, the best thing to do is to free yourself of the skin itself. This is easily accomplished by the use of ordinary mercuric wax, which can be had at any druggist.

As you use ordinary cream, washing it off in the morning, immediately the offending surface skin begins to come off in fine powder-like particles. Gradually the entire surface is absorbed, without loss of income in any way. The second layer of skin now in evidence presents a beautiful, glowing, sparkling beauty obtainable in no other way. It is even more effective and more if the heat tends to loosen and wrinkle your skin, there's an effective and more effective remedy you can readily make at home. Just mix an ounce of powdered mercuric oxide in a half-pint of water and wash your face in the morning. This at once tightens the skin and smooths out the lines, making you look years younger—Emily Clouston in Home Queen.

CARLOAD OF STUDEBAKERS HERE FOR LOCAL DEALER

Attention is directed to the announcement of the Studebaker Co. on another page of this issue in which they present the claims of two new 1916 cars—a 7-passenger, 40 h. p. four and a 7-passenger, 30 h. p. six.

The local agents, J. Clark & Son, (Dykeman & Lounsbury, prop.) report receipt of a car load of the Fours and expect a car load of the Sixes in a week or ten days.

"The new Four rides like a charm," said Mr. Lounsbury yesterday, "and is everything that is claimed for it. Its hill climbing power is beyond all expectation and it has the highest riding qualities."

The prices quoted certainly are attractive and free demonstrations will be gladly given to anyone interested.

LIFE INSURANCE TAKEN ON EMPLOYEES
 The Studebaker Corporation Generously Enlarges Scope of Workingmen's Personal Welfare Work.

Under an arrangement in effect with one of the largest and strongest risk companies the Studebaker Corporation has placed life insurance for a substantial sum upon each one of its employees. This does not include office men, but refers only to those in the work-shops of the different plants. The amount of insurance placed for each individual is sufficient to provide for sickness and funeral expenses and still leave a comfortable balance for other immediate needs of the beneficiaries.

The insuring company is the Equitable Life Assurance Society of the United States, the policy being on the new group plan recently inaugurated by this risk concern and increases in value with each additional year in effect. The Studebaker Corporation in the first automobile manufacturer to afford its employees this protection. As the insurance will eventually cover from eight to ten thousand work men, meaning an expenditure of thousands of dollars annually for the premium fee, the extent of the interest taken by the Studebaker Corporation in the welfare of its employees can be readily appreciated.

The arrangements dispense with the usual physical examination required for life insurance, through acceptance of the examination which every Studebaker workman must undergo before being given employment. This is in line with the policy of the institution to surround its men with clean, healthful and sanitary conditions.

Not only length of employment matters, the only requirement is that the insured person shall have been on the rolls of the corporation when taken with the fatal illness. No expense whatever attaches to the insured; all being borne by the Studebaker corporation.

Of recent years there has been a general tendency on the part of manufacturers, and in particular the larger ones, to bring about a closer and more intimate relationship between employer and employee. It was a movement inspired by humanitarianism and given impetus by splendid results rapidly attained. Sanitary conditions were inaugurated and factory environments made more pleasant. The effect was that the men worked in better spirit and without complaint in the same amount of time than under the old order of things.

In this system was extended so as to include the homes of the workmen. In them was inculcated a spirit of better living, with a view to getting all the enjoyment there is to be found in life.

The Studebaker corporation has been greatly interested in this principle for years, due in all probability to the fact that it is a manufacturer of automobiles.

ANOTHER ADDITION FOR FORD PLANT—\$60,000.

Ford (Ont.), July 30—Work on another new addition to the plant of the Ford Motor Company of Canada, at an estimated cost of \$60,000, has been started. It will extend for 705 feet along the Detroit river frontage.

Hardly had the concrete work on the recently completed \$300,000 factory addition become dry when it was decided to start the present work. The newest building will be one story high of concrete with a steel saw tooth roof. It will be devoted entirely to machine shop work.

Although over 150 Ford cars per day are being turned out by this plant—running at capacity—production has not started to start the present work. The new machine shop will allow a swifter output. To insure solid foundation on the river bank, 450 piles are being driven deep and concrete sunk on top of these. Two hundred machines were ordered for the new building even before the ground was broken.

While these improvements are going on, a large addition to the company's power plant, which will more than double its capacity, is also under way.

THE TRANSGRESSORS

The "plant" of the Manitoba Conservatives, designed to besmirch Premier Norris and the Liberals and distract attention from their own political ineptitude, has failed. This is a favorite story device. It was tried in New Brunswick when Messrs. Carvell and Carter were bringing to light the political crookedness revealed before the Dugal Commission. It was tried at Ottawa when the war contract scandals were coming to light. But it is a poor game and a losing one.

who did not appreciate what their policy was leading. They did a great deal of work, with a minimum of scandal of the kind that had been much exploited. They made some mistakes, however, notably in connection with the water works service; and they added to the municipal debt so great a sum that the consequences are likely to be seen soon in an increase in the heavy rate of taxation real property has to bear. The first commissioners, however, compare favorably with their successors, who are now in power. The public charges of corruption made by members against each other, the aspersion on each other's integrity that mark almost every meeting, and their open failure to respect the dignity of their positions, with the exploitation of their faults and errors in the public prints, have contributed to destroy public confidence in them as a whole and to create a feeling that nothing could well be worse than the present order. Those who always opposed the Board of Commissioners as a part of the city's administrative machinery naturally think the time is opportune for taking the views of the voters on the question of putting an end to it. A vote on the issue also may be necessary before the board is accepted as permanent. Those, therefore, who think that the system as it is today is a good one would do well to make their opinions effective in the discussions that are likely to arise and also in the vote, if a vote is held at an early date. To give the board of commissioners the chance to justify itself, however, it is necessary that the terms of the present members should be cut short. Only the legislature can do this, and it should be asked at the next session to give the people of the city an opportunity at the coming municipal elections to select new commissioners as well as new aldermen, and both for a term not exceeding two years. The four years' term for the commissioners is too long to permit of the people correcting their mistakes of choice in time to avert serious mischief, and the opportunity of the people to correct their mistakes in choosing representatives is the only one open for public wrong doing. Some action of the kind suggested is necessary to carry the experiment of the commissioners to success. Another year with a record such as has lately been presented would ensure the overwhelming overthrow of the board.

RAILWAYS AND ST. JOHN

The Standard says:—"The Valley Railway will be completed and will come to St. John in due time to play its part in the development of this port." Similar promises were made quite a number of years ago by the Fleming government. The people were assured that the Valley Railway would be completed by the time the National Transcontinental railway was ready to handle through traffic. That was the "due time" to which the Standard refers, but it is past and gone. The National Transcontinental is ready for business, but the Valley Railway only runs to Georgetown south and Centerville north, and the work of extending the line to St. John in one direction and linking it up with the National Transcontinental at the other is not being done.

PROCLAMATION

Fredericton, July 28.—His Honor the Lieut. Governor respectfully requests that Wednesday, the fourth day of August, be observed throughout the province as the first anniversary of Great Britain's declaration of war against Germany and that on that day clergy members of the several churches and others, in sermons and addresses, impress upon their hearers the determination to continue to victory the struggle for justice and liberty in which our nation and her allies are engaged.

"Well, didn't they give any encouragement? Didn't they ask you to come before the curtain?" persisted the friend. "Ask me!" answered Crane. "Man, they dared me!" "Magnificent diamond you are sporting, Jake. I didn't know you were able to afford it." "I can't buy beyond me." "Then how can you wear it? Is it yours?" "How's that?" "Well, you see, my grandfather was very fond of me during his lifetime. When he died he left \$1000 by will with instructions for me to buy a stone with it. This is the stone."

VILLAGES RUN BY WOMEN

Owing to the war, Women Conduct Almost All Business and Government Functions in Some Villages. In the village the butcher, the baker, the candlestickmaker, may all be women, and there is at least one small town in Devon in which women form the chief business element. The principal hotel is run by a woman and her daughter, a woman deftly cuts the joints and orders her son about. A bakeress bakes the nicest bread, and her daughter trudges far into the country with two baskets slung on her back a picturesque figure of the female worker. The wine merchant is a woman who works up a nice little business, while a chemist's shop is owned by a woman, to say nothing of the trades which are to be found everywhere, sweet stuff shop, fancy shops and the like.

CITY GOVERNMENT.

It is an interesting fact that Montreal is in much the same position in regard to its city government as is the city of St. John, with the difference that when Montreal discarded the wholly objectionable old system it adopted the board of control plan instead of a straight commission. There is a city council with the board of control, but because the citizens did not choose the right kind of men the system has not worked out well. The case of the two cities is so nearly parallel that there will be general interest in St. John in the following article from the Montreal Gazette:—"The retention of the Board of Commissioners as part of the municipal administration has again been discussed at the City Hall in connection with a proposal that a vote of the citizens shall be taken on the matter. Were the issue presented to the rate-payers today the judgment would probably go against the commissioners. The theory of the present organization is good. The weaknesses of the administration of the municipal affairs of a city the size of Montreal by a council acting through committees had become painfully evident. The plan of a board of commissioners which would plan and execute, working in co-operation with the city council, which would legislate and pass upon the commissioners' proposals, commended itself as likely to lead to improvement, and it does so still. The failure has been in the experiment, not in the principle involved. The first commissioners elected were all amateurs,

on land being done by the women. In Russia a community of seven villages with long names is entirely ruled by women. Each village possesses a mayress and the offices of magistrate and policeman and postmaster—in fact every administrative post are also filled by the gentler sex. Some 50 years ago a bad epidemic occurred and the men made such a muddle of affairs and behaved so badly that the women took over the government to save themselves from starvation. So successful were they that they have continued to direct affairs ever since—London Answers.

HOW HUNS "RESPECT" THE SACRED

A French official photograph showing the ruins of the famous church towers at St. Etienne, shelled by the Germans.

The War News of Last Night

It may even be some days before the Teutons occupy the Polish capital, for the Russians are fighting more than a rear guard action. In fact they are still delivering very heavy blows at their opponents, and are gaining some local successes, particularly on the River and southeast of Chocin, where they are opposing the efforts of the Austrians to get across the Bug river. However, military critics say that these local successes will not affect the Russian plan of falling back to a shorter and stronger front.

Rome, July 30, via Paris, 5:45 a.m.—An attempt was made by a squadron of Austrian cruisers and a flotilla of torpedo boats yesterday to recapture the Austrian island of Pelagos, in the Adriatic, which was occupied by Italian naval forces last Monday, according to an official communication issued today by the Italian ministry of marine. The attack was repulsed, the statement adds, and some members of the Austrian landing party were forced to swim to their ships.

Geneva, July 30—A telegram to the Tribune from Lichbach, in Carniola, says: "The Austrians attacked the Italians at Gorizia with 170,000 men, including 30,000 Bavarians, on the night of July 28, with disastrous results. The Austrian losses numbered 12,000."

"On the following day a fierce Austrian attack on Carso plateau also was repulsed."

"The Italians hold all the positions they have captured in the last fifteen days, except the advanced trenches before Gorizia, which have been evacuated."

WEAK, TIRED, DEPRESSED

That is the Usual Condition of Persons Afflicted With Anemia.

Anemia is the medical term for poor watery blood. It may arise from a variety of causes, such as lack of exercise, hard study, improperly ventilated rooms or workshops, poor digestion, etc. The chief symptoms are extreme weakness, the face and gums, rapid breathing and palpitation of the heart after slight exertion, headaches, dizziness, a tendency to hysteria, swelling of the feet and limbs and a distaste for food. All these symptoms may not be present, but any of them indicate anemia which should be promptly treated with Dr. Williams' Pink Pills. These Pills have made thousands of anemic people bright, active and strong. The following is one of the many cures. Mrs. Phillips, wife of Rev. W. E. Phillips, Princeton, Ont., says: "Some years ago, while living with my parents in England, I fell a victim of anemia. The usual complications set in and soon I became but a shadow of my former self. My mother, who had been a former nurse of many years experience, tried all that her knowledge suggested; tonics of various kinds were tried, and three doctors did their best for me, but without avail, and a continued gradual decline and death was looked for."

"Later my parents decided to join my brother in Canada, and it was conditionally expected that the ocean voyage, new climate and new conditions would cure me. For a time I did experience temporary benefit, but was soon as ill again as ever. I was literally bloodless, and the extreme pallor and generally hopeless appearance of my condition called forth many expressions of sympathy from friends whom we made in our new home in Acton, Ont. Later a friend urged me to try Dr. Williams' Pink Pills, and although in a condition where life seemed to have little to hope for I decided to do so. After using three boxes I began to mend. Continuing I began to enjoy my food, slept almost normally, and began to have a fresh interest in life as I felt new blood once again running in my veins. Dr. Williams' Pink Pills brought about a complete cure and I am today in robust health. My husband is rector of this parish and I have recommended the use of the Pills to a great number of people with whom we have come into contact in the course of my husband's ministry, for we both know what Dr. Williams' Pink Pills can do."

These Pills may be had from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

AT THE HORSE MARKET.

"Going, Going—Gone!" Cries Auctioneer, and Dobbin Just From Country Has a Job.

There are approximately 150,000 work horses in the city of New York. All of them are country born and are shipped to the city green, like the country boy, to become "acclimated" and accustomed to the city's strange sights and sounds. From six to eight years they remain in the city, when they are sent back again to the country, where they are given easy work to do or put into pasture. By proper care the horse's period of service in the city is gradually being lengthened.

JAPAN'S CURRENCY.

The Japanese currency system is very simple and is based upon a gold basis. The unit of value is a yen. This equals fifty cents in gold, according to our United States value. One yen is divided into 100 sen. Each of the latter is worth just one-half of an American cent. The Japanese sen is the equivalent of ten rin, and the smallest Japanese coin consists of a five-rin piece, the equivalent of one-quarter of an American penny.

The currency medium is composed of paper notes, silver, nickel and copper. The Japs have their paper money in one, five, ten, twenty and fifty sen pieces. The smallest nickel piece is valued at five sen. Then come the copper coins. These are valued at two sen, one sen, and five rin. This is the substance of the entire currency system in Japan when you step into a money changer's to procure the coin of the realm.

What you do not always obtain the equivalent in value for your American currency. These various seaport towns swarm with Chinese money changers. These Mongolian financiers deduct a rebate of from one to two per cent for every \$10 in American money exchanged. When you travel in the interior localities of Japan, away from the beaten track of tourist traffic, you will be compelled to pay even a higher rate of exchange, as the Jap merchants refuse to accept foreign coin in exchange for their wares unless they are easily accessible to some nearby seaport town. The Jap nickel, or five sen piece, will buy five or six times as much for a Jap in his own country as the same value of currency would buy for an American home in the United States. The simplicity of the native currency system goes hand in hand with the frugality and the wise economies of these quaint, active little people.—Buffalo Times.

Getting Back

John Drew tells the following story of an actor now playing in England:

"He is quite a practical joker," observed Mr. Drew, "and his friends frequently try to get back at him, usually without success. Recently he received from a New York friend an unpaid letter containing nothing but this brief message:

"I'm quite well and in good spirits. Kindest regards. Your friend"

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

Society, during the warm weather months, welcomes any sort of entertainment that takes one into the country, hence the public popularity of the patriotic tea held at the Bungalow, Westfield Beach, Pendence and Duck Cove. Within reasonable distance of the city, these pleasure resorts are quickly reached and as the manner of conveyance, there and back, is one of choice and not of necessity, the success of these, and future entertainments of the same kind, is not to be wondered at. A sail up the picturesque St. John river, an automobile ride along its beautiful banks, or even the more commonplace railway car will convey one to points of interest on the river a delightful hour may be passed with friends, should the occasion offer, assist the ladies who are making efforts to raise funds for the benefit of the soldiers fighting in France. It was such an occasion that drew from the city and surrounding country, the many who were present at the tea given by the residents of Westfield, on Wednesday afternoon at the Chimney Corner tea house, of which the Misses Stewart and Collins are the capable proprietors, and to these young ladies much credit is due for the success of the undertaking which added a goodly sum to the funds of the Red Cross and oldiers' Comfort associations. Mrs. George McAvity and Mrs. Frank Peters presided at the large tea table, from which the smaller ones, placed on the veranda, were served. A flower booth was in charge of Mrs. Roland Skinner, Mrs. Ronald Machum and Miss Helen Church. The flower bedecked candy table had as assistants Miss Lou Robertson and Miss Rosamond McAvity. During the afternoon the brilliant sunshine illumined the grounds and the pretty summer costumes of the ladies but after sunset between the colored lanterns suspended from the trees, and the soft rays of the moon, the scene was transformed into a picture resembling fairyland and it was with regret that those present from the city, wended their way homewards. Another very successful tea was held at Pendence in Mrs. James Hamilton's spacious cottage and grounds last week, the proceeds of which were devoted to the needs of the 20th Battalion. Over \$100 was obtained, besides this there was the pleasure it gave the visitors to participate in so enjoyable an entertainment.

At Duck Cove the Red Cross Tuesday tea is becoming exceedingly popular. Mrs. Harold C. Schofield entertained at bridge yesterday afternoon for Mrs. Charles Eason, Montreal. On Wednesday at Rothesay Mrs. Harold Ellis gave a most enjoyable luncheon in honor of her sisters, the Misses Edith and Sylvia Scarff, of Montreal. Stevens and syring decorated the handsomely appointed table. Pretty place cards, made of bark, were at each cover. Those present were the Misses Scarff, Miss Kathleen Sturdee, Miss Katherine McAvity, Miss Lillie Raymond, Miss Doris Givan, Miss Edith Cudlip, Miss Hazel West, Miss Fowler, Miss Helby, Miss Annie Armstrong, Miss Daphne Crosby, Miss Katherine Bell, Mrs. Ralph Robertson and Miss Thelma L. Fairweather assisted in serving the delicious refreshments. The small tables at which were seated four guests, were placed on the veranda. Mrs. Morris Haasen and Miss Lillian Haasen are to leave on Tuesday next to spend the month of August in St. Andrews. Dr. A. R. Macauland, noted orthopedic surgeon, from Boston (Mass.), is the guest of Mr. and Mrs. F. C. Macdonald, at Woodman's Point. Yesterday Mr. Macdonald took a party of gentlemen, principally of the mercantile profession, by motor yacht, to the Cedars where dinner was served and an opportunity afforded the guests of meeting Dr. Macauland. A very enjoyable afternoon was the result. The combined chapters of the I.O.O.F. met on Wednesday to discuss plans for the proper observance of the anniversary of the declaration of war between Great Britain and Germany. A letter from the Governor to Mayor Frink was, through the courtesy of the mayor, read by the secretary, Miss Helen S. Smith. After several suggestions as to the best means of co-operating with His Majesty in regard to observing the day, it was finally decided that the members of the I.O.O.F. ask permission from the mayor to take a collection at whatever place the public meeting is held, the amount secured to be devoted to some one of the patriotic purposes of the association. Other projects were taken up at the meeting, one of which is to hold an exhibition in some large hall, in the early autumn, each chapter becoming responsible for the exhibits in one room. It is hoped that the merchants throughout the city will offer to care for two Belgian orphans, a list in making this undertaking a grand success. Dr. and Mrs. A. Pierce Crockett, King square, entertained a party on board their launch last Wednesday afternoon going as far as Westfield where tea was served at the Chimney Corner tea room. The outing, which was given in honor of Judge and Mrs. O. S. Crockett, Fredrickton, included His Honor Mayor Frink and Mrs. Frink, Mrs. John E. Moore, Mrs. J. Boyle Travers, Mrs. Percy Barnhill, Mrs. J. V. Anglin, Mrs. W. D. Foster, Miss Addy. Afternoon tea was served on the yacht and as the weather was most propitious, the trip was delightful. Mrs. Edward McSweeney, of Boston, is visiting her parents, Mr. and Mrs. Quinn, Wright street. Mrs. J. V. Anglin entertained a number of ladies at luncheon yesterday, at her cottage at MacLaren's Creek, in honor of her guest, Mrs. O. S. Crockett, Fredrickton. Mrs. George Pierce, of Boston (Mass.), is the guest of Mrs. Joseph Hornell, King square. Mrs. Cortlandt Robinson gave a very enjoyable small tea, on Wednesday, at her residence in Princess street, in honor of her guests, Miss Constance Carr, of New York. Mrs. Sherwood Skinner is visiting her mother, Mrs. Edge, in London (Ont.). Mrs. Edge had a number of friends at St. John who will be pleased to know that she is recovering from her recent illness. Miss Mignon Kerr after spending a week with Miss Lydie Kimball at Duck Cove, and Miss Frances Kerr, who has been visiting Miss Katherine Bell at Rothesay, has returned home. The tennis tea at the St. John tennis courts had as hostesses this week Miss Jeanette Bridges and Miss Marion Magee, of the Bungalow. Mr. Guy Short, son of Mr. Alfred Short, manager of the local Union Bank, is in St. John and taking the place of Mr. J. R. Robinson as manager of the Royal Trust Company, as Mr. Robinson is taking a course in military training. Mrs. McMillan and grand-daughter, Miss Mary Murray, six at Inch Arran and expect to spend some few weeks at this enjoyable pleasure resort. During their stay in St. John the Hon. Arthur Meighan and Mrs. Meighan were visited by Mrs. J. R. Robinson and Miss Thorne, Mecklenburg street. The Bungalow, last Friday afternoon, was an fête and the large number of ladies who patronized the tea and also the Bungalow ladies, congratulated themselves on being there on so pleasant an occasion. Tea tables were set in the large living room and on the veranda which gave a magnificent view of the St. John river. Baskets of fruit in the large living room and old-fashioned moneys, bought for a trifle, enhanced the delightful summer frocks of evening of Mrs. M. J. Boyle Travers, McDonald and Mrs. David McLeelan presided at the beautifully appointed tea table. The guests of the evening were Mrs. George McAvity, Mrs. John E. Moore and Mrs. McKewen. Mr. and Mrs. Percy Thomson and Mr. and Mrs. F. C. Jones have returned home after a delightful automobile trip to the White Mountains. Rev. W. W. Conrad, who is taking the place of the rector of St. John's Presbyterian church, is a guest at Mrs. Fleming's, Garden street. Mr. and Mrs. George Miller are returning to their home in the city after the start last Tuesday week, at their home in Bermuda. (A boy). Mrs. W. O. Raymond, who has been visiting her daughter, Mrs. McNeill, in Vancouver, is expected home about the first week in August. Mrs. McNeill, with her beautiful twin boys, expects to visit her parents, Ardrossan and Mrs. Raymond, some time in the autumn. Mr. Maurice Purdy, of New York, was in St. John last week visiting his father, Mr. W. H. Purdy, Prince street. Miss Tracie DeVeber, of Waltham, Mass., is in the city today on the visit of her mother, Mrs. Boies DeVeber, Dochester street. Miss Fanny Burrell was a visitor in St. John this week. Mrs. Sinclair, who has been a guest at Mrs. Campbell's, Coburg street, for several days, has gone to visit her daughter in Newcastle. Mrs. Winans, Montreal, is the guest of her aunt, Mrs. W. H. Purdy, at Purdy's Point, on the St. John river. Miss Lee Street, of Ottawa, sister of Lieutenant-Colonel L. M. Pike, was in the city on the visit of Mrs. Paulline Biederman this week. Miss Biederman will leave today for Yarmouth, where she will be the guest of her aunt, Mrs. Robert Case. Captain D. B. Pidgeon and Major F. T. McKean were among the singers at a concert in London at the Pleasure Gardens. The guests in attendance were Mrs. Guy Filander and Mrs. W. J. Biederman. Mrs. Pidgeon sang the chorus of "O Canada," the large audience joined enthusiastically. All the friends of Mr. and Mrs. Simon Jones and family, including Miss Schofield, are rejoiced that they escaped the accident in the Napier, which might have ended seriously had it not been for the presence of mind of their rescuers. At a call on Thursday last with the wedding lock plans of Miss Mabel Clarissa Murchie, daughter of Mr. William A. Murchie, to Dr. Irvin Everett Eyles, of Eastport (N.C.). Mrs. Jones, of St. John, was among the invited guests from out-of-town. The officers and men of the 8th Mounted Rifles have safely arrived in St. John and in the provinces who were delighted to hear of their safe arrival in England on Wednesday. Lieutenant Arthur N. Carter, Rhodes scholar, at Oxford, who was decorated in the field in the charge of the machine guns of the 8th battalion of the Canadian Expeditionary Force, which will soon be sent to the front. Congratulations are being extended to Mr. and Mrs. Theo. Cushing upon the birth of a young son on July 28, at their residence, 188 Queen street. Friends of Lieutenant Don Fisher are pleased to hear that he is recovering from wounds received in France and that he is with friends in England. Mrs. Thomas A. Rankine is visiting friends in Woodstock. Giving up a trip to San Francisco and position and in his place making the contribution to the nation of war, from Her Royal Highness the Duchess of Connaught. It was decided to ask for subscriptions from all members of the club with any club or not, the money to be sent to Mrs. Richard O'Brien, 114 Wentworth street, St. John, and by her to be forwarded to Mrs. Rivers Bulkeley, convalescent of the prisoners of war department of the Canadian Red Cross in England. SUSSEX FIRE. A large three-story wooden building in Sussex, owned by Dr. W. H. White of Sussex, was burned to the ground last night. The firemen saved the buildings in the vicinity of the blaze. The loss is estimated at \$4000, and is partly covered by insurance. The building was used as a warehouse, and was approximately 100 feet by 45. Machinery owned by the Massey Harris Company, refrigerators, owned by the Sussex Manufacturing Company, pool room and shooting gallery fittings were destroyed on the first floor, and furniture on the second. Memorial Hall and the Crystal Hotel suffered somewhat.

AMUSEMENTS OPERA HOUSE

Joe McAuliffe and Homan Musical Revue Offer Many Novelties For Next Week. The engagement of Joe McAuliffe and the Homan Musical Revue at the Opera House has proved to be one of the big successes of the present season. There is a snap and dash to this company, as well as their put-up in a class of itself, and the crowded houses of the week show that St. John audiences appreciate and enjoy novel musical features, all staged with special scenery and beautiful costumes. Commencing Tuesday there will be a matinee every day at 2.30. The night performances are always over in plenty of time for out-of-town patrons to make the 10.15 and other suburban trains. Commencing Monday, the company will start the second week of the engagement with an entire change of programme. With such good features as "My Uncle Tom," a farce with music, in which Joe will have a splendid opportunity for comedy; a startling electric novelty, "The Firefly," Joe with some new melodies; the Girls in the Muffs; the Homan Male Quartette in their selection, and plenty of novel musical features, all staged with special scenery and beautiful costumes. Commencing Tuesday there will be a matinee every day at 2.30. The night performances are always over in plenty of time for out-of-town patrons to make the 10.15 and other suburban trains.

FEATURE PICTURES, GEM, NEXT WEEK

Broadway Players Monday. Other Features For Balance of Week. Myrtle Tannehill and a company of "Broadway Favorites" will be at the Gem Theatre on Monday and Tuesday in a three act drama, "When the Mind Speaks," a most exceptionally interesting scene. It is a story with a theme different from most feature stories, is cleverly enacted and staged, and is certain to provide pleasure. Besides this feature there will be a good comedy, "The Double Trap" in the popular serial, "The Exploits of Elaine." This chapter carries the story further along with more lively adventures by the heroine, Elaine, and with admission of her love for Kennedy, the noted detective. The second bill will have "Road O' Strife," a serial which has won many admirers. There will be course be other features announced later.

DOMESTIC WINE MAKING. The Custom is Rapidly Disappearing, But Formerly Every Farm Had Its Stillery.

Whether there will be a revival during the next few years of the domestic art of making wine is a matter of pure conjecture, but it is interesting to recall that many common things that grew around us were utilized by thrifty housewives in the preparation of "tipple" of the golden flowers of the dandelion. Elderberry wine and elderflower wine were made in most of the rural homes in the Potomac country a generation ago. Blackberries were gathered industriously by the children for conversion into beer and wine or cordial, and raspberries were especially sought after that wine could be made from them. It is probable that in the minds of elderly persons today there is preserved a better memory of raspberry vinegar than of raspberry wine, for it was popularly believed that raspberry vinegar was superior to that made from apples. In cherry time the fruit was treasured because it could be pressed or converted into a familiar tipple called cherry bounce, a drink which, at certain stages of its "aging" or development was very exhilarating and intoxicating. The flavor of gooseberry wine was known and esteemed by most of the grandmothers and grandfathers of present Washingtonians. On all the old farms there was a little stillery, though on some farms it was not so little, just as there was an ice-house and a smoke-house, where the peaches and apples and grapes could be distilled into fruit brandy. Cider making was a necessary, and in the late fall when frost had pinched and somewhat shrivelled the perennials a strange potentia called perennium beer was made. Parsnip wine was made by British housewives before emigration to America set in, and the art of making this wine was brought over by the early immigrants. There was also in Colonial times in America a drink which was called peppermint wine or peppermint liqueur - Washington Star.

RECENT DEATHS

Frederick W. Stocum, brother of Geo. W. Stocum, of this city, died yesterday at his home, Apple River (N. B.), in the 84th year of his age. He leaves his wife and thirteen children to mourn. The late Mr. Stocum was a native of Queens County and was foreman for C. T. White & Company, Apple River, for many years. The funeral will be held at Ad-vent (N. B.), tomorrow. Frederick Wetmore, St. George, July 30 - Frederick Wetmore died on Wednesday last from the effects of a shock of the Friday before. He was seventy-nine years of age, and is the last of the Wetmore family in the male line residing here. A son of the late Josiah Wetmore, he was born in Canton. He never married, making his home with his sister, Miss Mary. A genial man, a gentleman always, he was an expert carpenter, painstaking and thorough, his work was always of the best. His home being filled with evidences of his craft, many articles, carved from wood, adorning his home, having taken years to finish. How's This? A drummer for a New York grocery house took shelter from a thunder shower in a small grocery kept by a soldier in the suburbs of Nashville, and pretty soon the proprietor asked, "Was you a stranger around here, son?" "I represent this house," replied the drummer, as he handed out one of his cards. "I see. Does you 'own de business yourself?" "No, no." "Was you de senior partner?" "No." "De junior?" "No." "No." "You sent out to take orders?" "That's all. Perhaps I can take an order from you." "Well, sah, if dat house has den sent you 'dean down here to get an order from me, I ain't gwine ter be mean about it. Just put me down for 50 pounds of brown sugar an draw on me after sixty days fur de bill." Wiley was in tears and hubbly looked gloomy. "O dear! O dear!" moaned Wiley, "I wish I'd taken poor mother's advice and never married you!" Wiley nodded violently. The man swung round on her quickly. "Did your mother try to stop you marrying me?" he demanded. Wiley nodded violently. A look of deep remorse crossed hubbly's face. "Great Scott!" he cried in broken tones. "How I wronged that woman!"

MONEY FOR BAND FOR THE 55TH

The treasurer of the Royal Standard Chapter, I. O. O. F., acknowledges with thanks the following subscriptions which have been sent forward to Colonel H. McLean to provide band instruments for the 55th regiment. Almost the whole amount has been collected by the regent of the chapter, Mrs. E. Atherton Smith, and it is entirely due to her efforts that the men's desire for a band has been gratified.

WITH THE 55TH AT VALCARTIER

Valcartier Camp, July 29.—The biggest event since the coming of the 55th battalion to camp took place today, when an inspection of the troops was made by His Royal Highness the Duke of Connaught. The duke reached the camp grounds about 9:30 a. m. and found the following units drawn up for a royal salute: The 20th, 20th, 21st, and 20th batteries, Ammunition Column, 69th Battalion of Montreal, 7th Brigade including 40th, 41st, 60th, and 57th battalions. After the royal salute had been given the duke was greeted by the camp commandant, Lieutenant-Colonel John Hughes, and with the headquarters staff an inspection was made of all the lines. This was done with great care and took nearly an hour, the duke visiting every line and making minute inspection of every man. After this the troops marched past in column and returned in mass formation. Then they advanced in review order, giving the salute. At the conclusion of this, led by the camp commandant, cheers were heartily given for the king and for the Duke of Connaught. The proceedings were much enlivened by the bands of the 41st and 50th battalions. That of the 41st has been much longer organized than that of the 50th, and renders fine music, but both bands are a credit to the camp.

Little Stories from the Front "After You with the Tin."

A war always gives rise to a number of stories, good, bad and indifferent, amusing and otherwise. This one has the merit of being true. At a certain place in France, there was a battery of field artillery, who, in addition to receiving the attention of the enemy in the shape of "Black Marias," "Coal Boxes" and other missiles, were driven to desperation by a certain small unmentionable insect. One day a lucky gunner had a present from his thoughtful sister—a tin of "KEATING'S." That did it. There was a general cry of "After you with the tin," and that gunner's popularity was phenomenal.

HEADACHE?

Thousands of people who have never known a day's sickness in any other form are subject to frequent attacks of headache that almost drive them mad. Whatever the cause may be, multiple cases, the immediate condition that produces the pain is a congestion of the brain with blood, and the relief is to be found in the use of the Salt. In the normal action of the liver and stomach is restored.

of Major J. J. Bull, "B" of Major W. J. Osborne, "C" Major F. M. Rome, and "D" Major E. C. Weyman. The very least that can be said in regard to the 55th in this review is that its work was not surpassed by any regiment in the parade, and any New Brunswick present would have had reason to feel proud of the showing made by the representative regiment from his province. The duke afterwards visited the hospital and then had luncheon at headquarters. Col. McLean was in his place as brigadier of the 7th brigade with Lieutenant-Colonel Chadwick as brigade major. His royal highness returned to Quebec at night.

Officers at Play. The first contest between the officers of the battalion took place on Tuesday evening, when a baseball game was played between the officers of the 55th and 41st regiments, the former winning by a score of 18 to 8. Lieutenants F. J. Corr and D. H. Balmain were the battery for the 50th. Captain H. E. Thomas umpired the game with satisfaction to all.

Lieutenant G. A. Wallace has returned to camp after taking a course in military at Ottawa. Lieutenants D. H. Balmain, F. J. Corr and H. B. Rogers left today for Ottawa to take the course.

Subaltern for the day is Lieutenant R. L. Murdoch and riding lieutenant, R. E. Coster. One man is added to the strength, Private F. D. Hallett is transferred from the 20th to the 55th. The following men have been transferred from "D" company to the staff as stretcher bearers, Privates F. Casey, C. McCarthy, A. Sheridan, H. Lockwood, E. H. Creed.

Dr. George P. Griffing, late of South Jamesport, L. I., created a trust fund of \$8,000 in his will, with the income from which his faithful old horse Frank is to be maintained in comfort for the rest of his life.

The late John Bigelow, the patriarch of diplomats and authors, and a no less eminent physician and author, Dr. S. Weir Mitchell, were together several years ago at West Point. Dr. Bigelow was then 92 and Dr. Mitchell 80. The conversation turned to the subject of age. "I attribute my many years" said Dr. Bigelow, "to the fact that I have been most abstemious. I have eaten sparingly and I have not used tobacco and have taken little exercise."

RICHEST APARTMENT

New York Flat Which Comprises 20 Rooms and Rents For \$25,000

Many of our readers have heard of the fabulous sums which are yearly paid as rental for some of the apartments in New York city, but it is doubtful if there be more than a comparatively few who realize of what one of these costly apartments consists. The one which has set the high-water mark in rental occupies an entire floor in a twelve-story building at the corner of 5th avenue and 51st street, and there is no other apartment in the building having the same space.

Some may ask what should make an apartment worth a rental of \$25,000 a year, and in reply it can be said that for one thing the building in question is located on the most costly land available for such houses and the other is that it contains every known device to render life safe and comfortable. The site of this building contains 12,800 square feet and the land is worth something like \$100 a square foot, the property representing an investment of about \$8,000,000, which, divided among the twelve floors, means \$250,000 a floor.

There is a labyrinth of rooms and an array of servants necessary to look after the needs of a private household occupying a single floor. There are two passenger elevators to serve the tenants and these are a solid case of metal lined with French walnut exquisite in grain and finish. Stepping from the elevator one finds himself in an outer corridor or hall from which he enters a vestibule with floor of marble, but walls painted to the ceiling with English oak, treated in such a way as to give a subtle blending of green and gray and brown. Beyond the vestibule is a conservatory, 12x8 feet in size, windows along one side admitting light from the central court, which is thirty-two feet square and faced entirely with mat-glazed tiles to increase the reflection of light. At the front of the house are living room, dining room, billiard room, with fireplaces in the last, and last named.

Attention of detail is one of the big items in boosting the rent of this apartment. For instance, every bit of hardware was gold plated before it was put into place, and this was done for a double purpose. Gold does not tarnish and the fixtures will not, therefore, need to be polished, but simply to be wiped with a dry soft cloth. This prevents the marring or discoloring of the wood in which the fixture is set. For the side lights in many of the rooms the brackets are of solid brass, gold plated. In the dining room they are silver plated on white metal. All radiators are concealed inside the panelled sections below the windows, the heat escaping through grated openings. On the paneling there is a little button at the end of a tiny brass handle not more than an inch long. This turns in a circle from one to another of four diminutive brass knobs no larger than shoe buttons. This little brass handle makes it possible to regulate the valve which admits steam to the radiator so that on can have four different amounts of heat.

The casement window above the radiator is another feature. In the wooden frame next to the casing there is a gold-plated lever. When the lever is turned upward, the entire window moves up an inch, which brings it clear of the window sill. The usual knobs, also gold plated, are then turned and the casement opens quite according to the poetic tradition. In the dining room, measuring about twenty by twenty-eight feet, the walls are solid paneled with fine-ply veneer wood to prevent warping or splitting, the walls are painted with nine coats of paint as carefully as the work of finishing an automobile body is done. There are three tones used to differentiate the various moldings and panels. The broad surfaces are in the palest of French grays, some of the moldings are white and the rest are just off the white. The mantel is of white marble, clouded with gray, and the lighting fixtures are silver plated.

From a private hall, leading from the vestibule one enters the sleeping rooms on the 51st street side. Most of these have private baths; all of them have closets, and in the wall of each closet is built a jewel safe with the usual combination lock for safeguarding the family jewels.—Building Age.

To show that bees are perfectly harmless, C. G. Wilford of Raymond, Wash., stripped of the waist and allowed the bees to swarm over him. The bees couldn't take a joke, and began to sting, and Wilford had to bear the pain in silence until he slipped out of his cage, for fear of exciting the whole swarm.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. ORPITT, 7805 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILZ, 196 Stock St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Studebaker announces

a 7-passenger 40 h. p. FOUR at \$1195

Other Models and Prices

- on FOUR Chassis:
 - Roadster, 3-passenger \$1165
 - Landau-Roadster, 3-passenger 1495
 - on SIX Chassis:
 - Roadster, 3-passenger \$1350
 - Landau-Roadster, 3-passenger 1695
- F. O. B. Walkerville

—the FIRST 7-passenger car at less than \$1,500 and the best 4-cylinder car, without exception, that Studebaker ever built.

Never before have you been able to buy so large or so powerful a car as this at such a LOW price. And never before has Studebaker produced a car that so completely represented its unequalled resources and manufacturing facilities.

It is the MOST POWERFUL car ever priced at less than \$1,500 and in performance it far exceeds last season's cars. For this year's motor has been enlarged to 3 3/4 inches bore, and improved so that now the car has FULL 40 h. p. (41 1/2 on the brake test)—POWER for any speeds and any roads and the steepest hills. Yet it is more economical than ever.

It is the BIGGEST car ever priced at less than \$1,500. For the car now carries 7 passengers—COMFORT. And following the newest European design, this year's bodies have been made deeper, the seats lower.

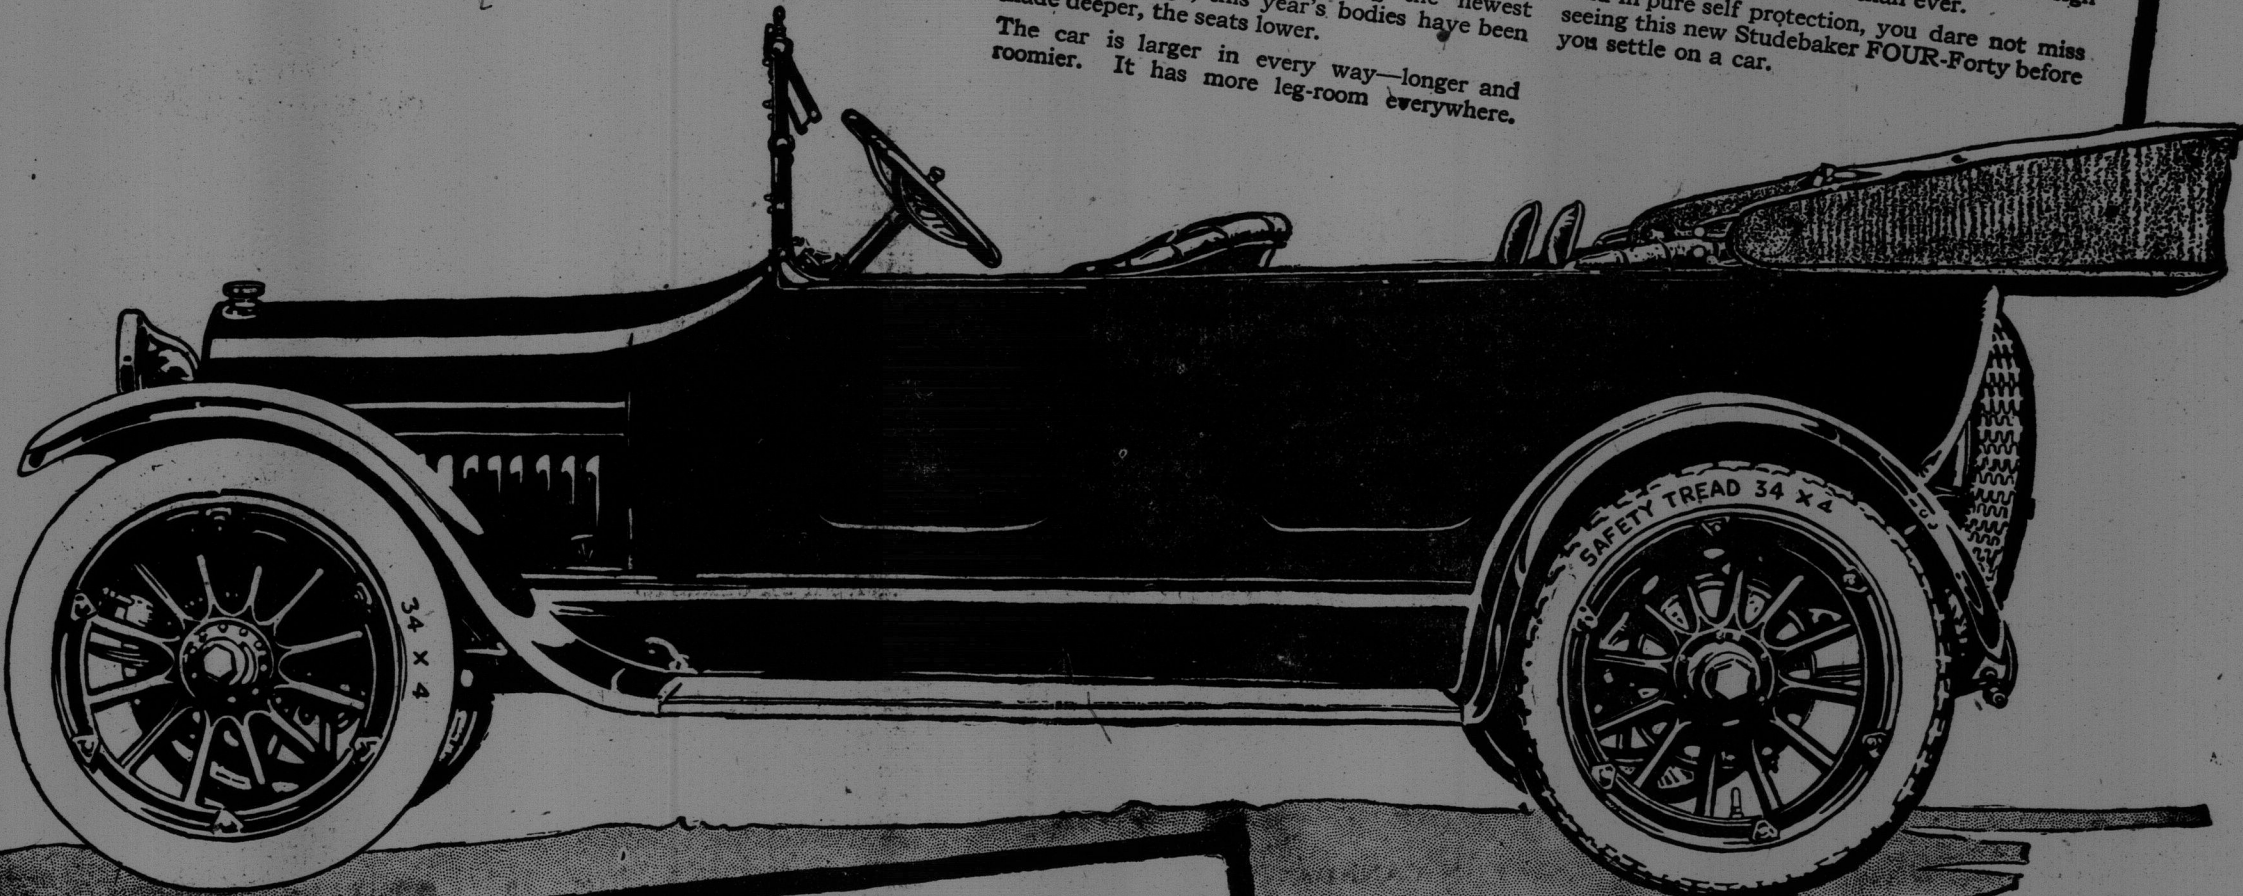

The car is larger in every way—longer and roomier. It has more leg-room everywhere.

The doors are wider. The cushions are deeper. The tires are larger—now Dominion 34 x 4's with safety treads on rear wheels.

It is handsome—more luxurious—more richly finished. It has greatly improved riding qualities. And in quality, it is one of the highest-grade cars ever produced at ANY price. For the quality has been improved in almost every detail. But this new FOUR-Forty sets a new quality mark even for Studebakers. For a new quality have used the finest leather the market affords. We couldn't buy a finer grade for a \$5,000 car.

In every detail, the car stands up to Studebaker ideals of quality. It gives MORE room, MORE power, MORE luxury, MORE grace of design—and yet you pay LESS than ever.

And in pure self protection, you dare not miss seeing this new Studebaker FOUR-Forty before you settle on a car.

—and a 7-passenger, 50 h. p. SIX at \$1395

And here again, Studebaker resources and manufacturing experience have produced a car that is a sensation at the price.

A big, stylish, handsome, 7-passenger SIX, with a FULL 50 h. p. motor at \$1,395.

It is not a 'Little Six' built to fit a low price, but the best car that Studebaker knows how to manufacture—and a SIX car with all the luxury, all the excess of power and flexibility that a SIX implies.

For its weight it is one of the MOST POWERFUL cars ever built. The new motor is larger than last year's—3 3/4 x 5 inches—and embodies many new ideas adapted from the leading European motors. Developing FULL 50 h. p. (54.5 on the brake test), it takes hills on high gear on tires, electrical equipment and other raw materials.

And other savings have been effected that make it possible to give you a 7-passenger, 50 h. p. SIX—one of the highest-grade cars on the market—at \$1,395.

See it before you decide on any car.

to walking speed on high and picks up like a flash. And it marks the highest development of the 6-cylinder motor with its smooth, flexible, uniform flow of power and lack of mechanical complications.

In design, this new Studebaker SIX-Fifty is one of the handsomest cars that 1915 will see. Long and graceful in line, but in marked good taste in its every detail. It is more luxurious than ever. The seats are lower and wider and the deeper cushions are upholstered with the finest hand-buffed leather.

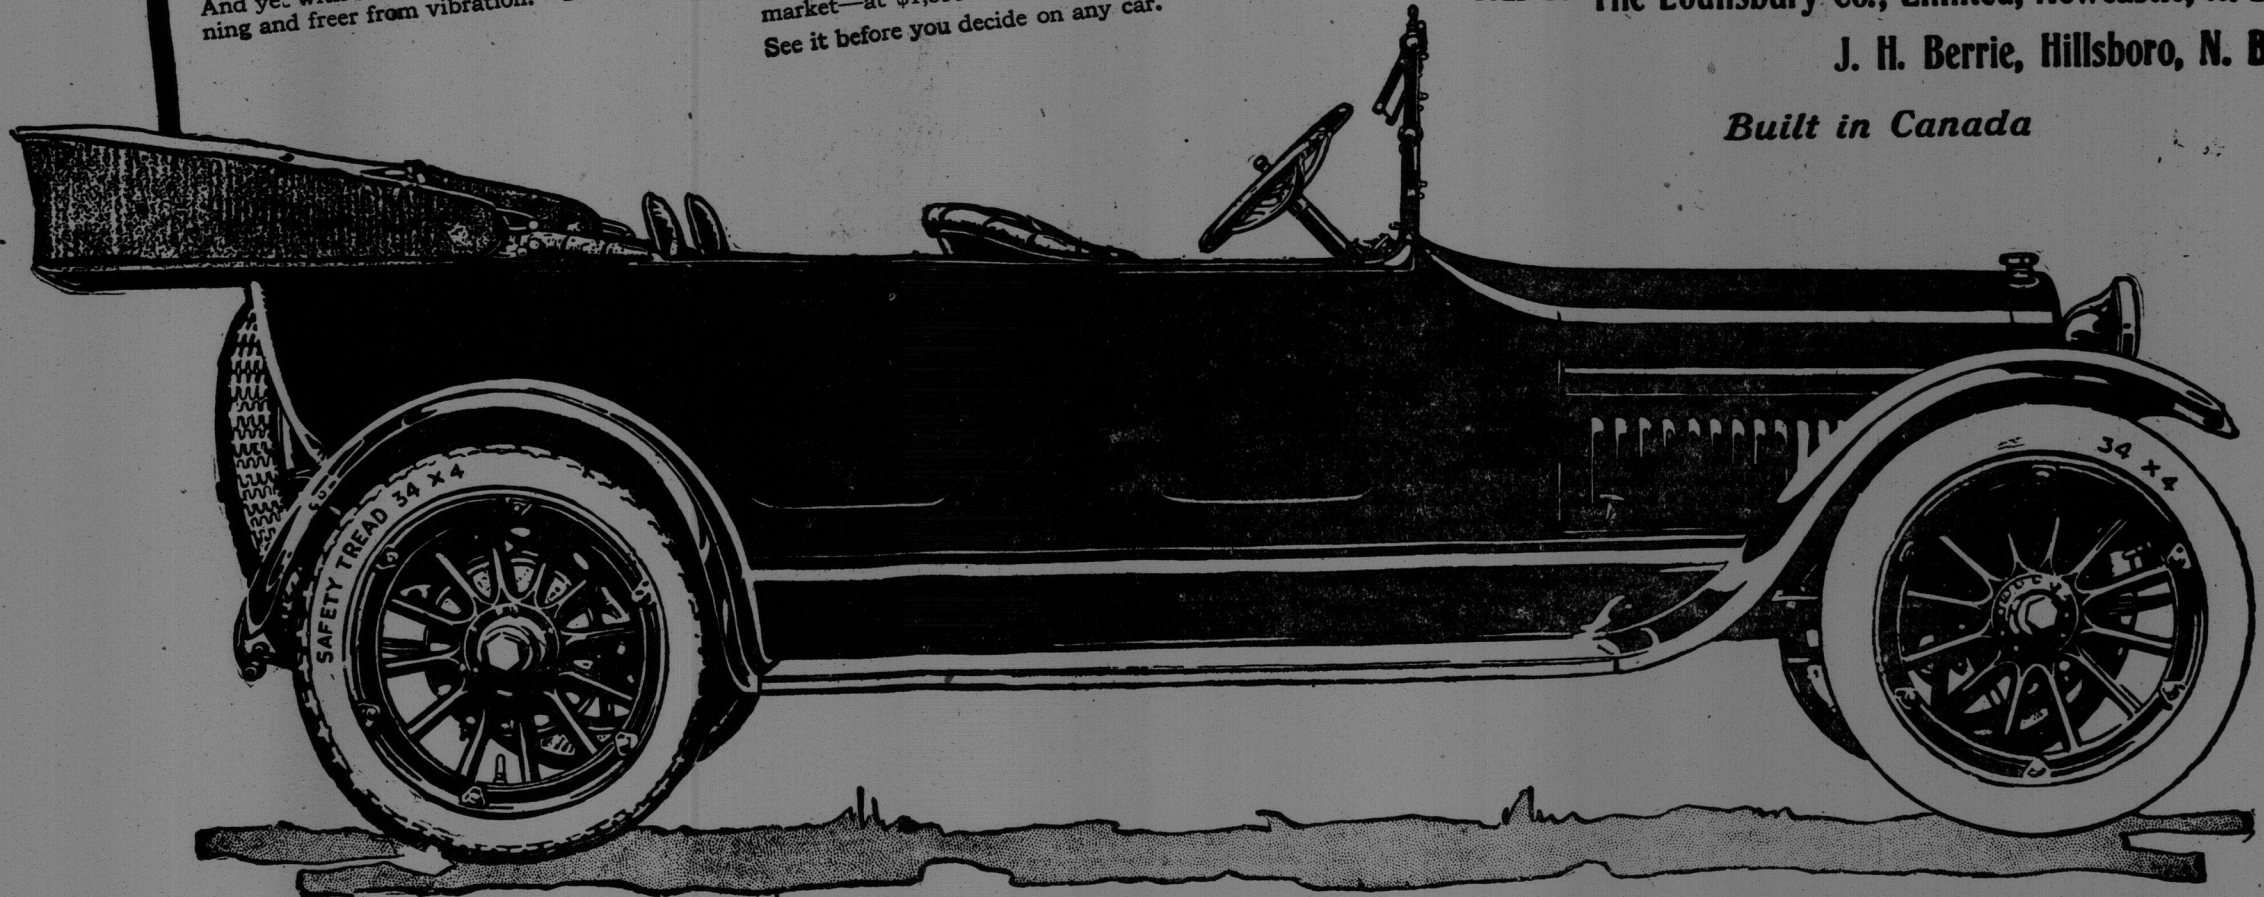

Yet the price for this bigger, more powerful SIX is lower than ever.

For improved manufacturing methods and new automatic machinery have sharply reduced our overhead expenses. Lower prices have been gotten on tires, electrical equipment and other raw materials.

THE BATTLE OF MARATHON

And the Mound Under Which the Old Grecian Heroes Rest

A great Grecian landmark is the mound of 192 Athenians who fell in the battle of Marathon, Aug. 9, 490 B. C. The

mound is about 40 feet high and 300 yards in circumference. Underneath the mound lie the heroes who died in this most decisive victory which prevented the Persians from invading Europe. The battle had hardly begun when the Persians in immensely superior force doubtless ten to one, pulled themselves together and by sheer mass broke

through the Greek center. But this had been calculated upon beforehand, Miltiades employed strategy, making his line weak at the center and allowed the Persians to break in. Then with his heavy masses at the ends he ground the Persians wings to pieces and fell upon their center. The most stubborn fighting apart from the

battle of the ships was probably at this spot, half a mile from the shore. Six thousand four hundred Persians lay on this plain and along the shore while 102 men of Marathon lay wrapped in glory on the field.

It was long suspected that the bones of the heroes of Marathon were buried under the mound, but Mr. Stais, one of the Greek

ephoroi of antiquities, studying the plain came to the conclusion that the surface of the soil had been raised by alluvial deposits eight to ten feet above the level of 490 B. C. In 1880 he drove a trench with a downward slant into the center of the mound and found the bones of the heroes with their weapons beside them.—Strand Magazine.

During recent repairs on the Beacon street church in Bath, Me., the weather vane was taken down and examined. It was found that in spite of forty years' service the vane was still in good condition, and after being regilded and equipped with a heavier supporting rod, the vane was replaced.

NOW WRITER OF SCENARIOS

Son of Jere McAuliffe, so Badly Hurt Here

JERE'S WARM WELCOME

Lila Hughes in St. Louis; Bernstein, Playright, French Gunner; Twin Beds Anniversary—General Stage Notes

To those whose hearts went out in sympathy to Jere McAuliffe when trouble afflicted him and his wife, Louise Sage, several years ago when his son, Eugene suffered the loss of one of his legs in an accident here, it will be pleasing to learn that the boy is doing well in the states. In fact he is no longer a boy—he stands an inch or more over six feet, though because of the amputation has to use crutches, Eugene is making a name for himself in the motion picture world, and is acquiring success as a writer of scenarios, in which his own, and his parents' friends will wish him continued prosperity.

It was a real old-fashioned welcome that Jere McAuliffe received this week upon his return to the city, appearing at the Opera House with the Homans' Musical Revue. He has always been popular in St. John and that his standing as a favorite is undiminished was warmly demonstrated by the generosity of the reception accorded him. During the last few seasons Jere has been playing on the bigger American stage, doing well in support of Ben Bernard, and in fact being the only member of his company aside from one or two of those ranking almost as co-stars to be taken to London for a lengthy engagement. With the present company Jere has been making audiences laugh in Providence, R. I., for several weeks, and has also done well elsewhere.

Lila Hughes, an actress who scored in St. John as Nadina in the first company to play "The Chocolate Soldier" here, has joined the Park Opera Company in St. Louis, Mo., as prima donna this week. Miss Hughes succeeds Venita Fitzhugh.

Broadway theatrical circles have a new topic of conversation this week in the announcement of the marriage of Miss Louise Gunning a light opera star, and Oscar Seling, a Los Angeles star violinist. Miss Gunning was the star of "The Balkan Princess" the romance began when they met while on their adjoining ranches at Sierra Madre. Last Saturday they slipped quietly away from their friends and were married in San Diego. The news leaked out some days later. The present is Miss Gunning's second marriage.

Charmey May attended the five hundredth performance of "Polish and Perimeter" given in the Queen's Theatre recently in London.

Selwyn and Company have added Saxon Kling, Emmet Shackelford, and A. B. Tibbitts to the company which is to appear in "The Show Shop," next season.

Soldier Playwright A report from Paris says that Henri Bernstein, a French dramatist who is now serving at the front as a gunner, was recently married to Mile. Antoinette Martin. The ceremony took place in a little town in Flanders, back of the firing line, with four officers as witnesses. M. Bernstein is the author of "The Thief," "The Attack," "The Secret," and other plays.

Rose Coghlan, has been granted a discharge from bankruptcy by Judge Leonard Hand of the United States District Court. Miss Coghlan filed a petition recently, showing liabilities of \$8,538 and assets \$100.

Ernest Glendinning has been engaged to play Youth in "Experiences," next season.

Miss Florence Bittenhouse has been engaged as the leading lady of the Portland Players, Portland, Me.

The Revue Players The Homans' Revue now playing at the Opera House became favorites after their first presentation this week. They are a refined, talented company of players who give a pleasing and tenuous entertainment of a pretty varied nature. There are several good voices with which the company, besides some clever dancers, are well supplied.

The policy is to continue for about three weeks in bi-weekly changes of programs. Good-sized houses enjoyed the productions this week. The company has a particularly good quartette from whom more should be heard, and since it possesses some attractive voices why not have them heard now and again in some medleys which too often seem to be the ambition of visiting players?

The four hundredth performance of "Twin Beds" in New York, was celebrated recently at the Harris Theatre. With this farce by Salisbury Field and Margaret Mayo, Selwyn and Company have achieved the longest run of any play of the present season.

The four hundredth consecutive performance of "Two Beds" in New York followed a run of 100 performances in Chicago and elsewhere. In addition there were two companies on tour last year, which beginning their season in early winter, brought the total number of "Twin Beds" performances up to a thousand.

There is a persistent report in theatrical circles in Toronto that Klav & Edinger are negotiating for the Grand Opera House, as the Toronto home of their stars and productions for the coming season.

Daniel Frohman president of the Actors' Fund of America, has received a check for \$20,000 being the net proceeds of the Lamba Gambols held the early part of June for the benefit of the Actors' Fund of America.

Among the new productions of the Henry R. Harris estate is "Tried on the Dog" which will open the season at the Fulton Theatre. It is said to be a revised version of "The Elair of Life" which was tried out about a year ago.

The only reward for saving a man's life asked by a Troy, N. Y., suffragist, is that he promise to vote for the suffrage amendment this fall.

The Story of Mennen's

The STORY of how, several generations ago, the proprietor of a small drug store in Newark, N. J., began his initial experiments to produce a powder that was destined to be known all over the world as "talcum powder"—how from a tiny store his business grew to a concern selling its product in every part of the world—is surrounded by romance and inspiration.

Abandoning as useless the crude and unsatisfactory powders of vegetable composition then existing, the original Mennen spent days and nights of patient effort to find a powder which would cool, soothe and heal the tender skin of a baby and which he could conscientiously recommend to mothers.

He found that a few hospitals were using a powdered talc, combined with carbolic acid, or as we would say now, "carbolicized," so he analyzed talc—the softest of minerals, satiny in texture, unaffected by moisture. Part of his problem was solved, and he coined the word "talcum" powder.

Then, from every available source he got samples of talcum and analyzed them until he secured a

certain deposit in Italy which most nearly met his requirements.

Next, to soothe and heal rash, chafing, etc., some form of medication was needed, and so the most careful tests were made to determine the correct agent for proper medication. Succeeding in this, Mennen invented another name, and "borated" talcum, as we know it to-day, was born.

Finally there was ready a product which has formed the basis of a tremendous industry, developed a world-wide market, and brought comfort and relief to millions of babies and to the "grown-ups" of their families.

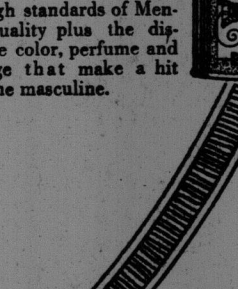

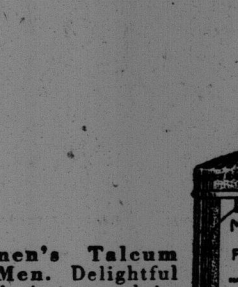

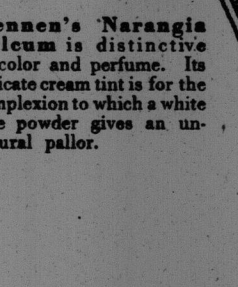

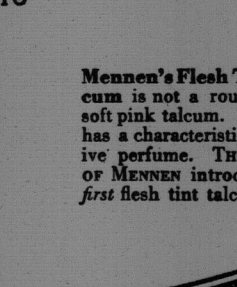

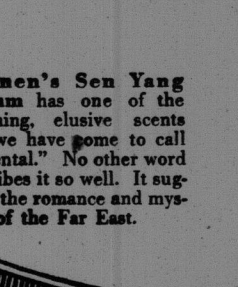

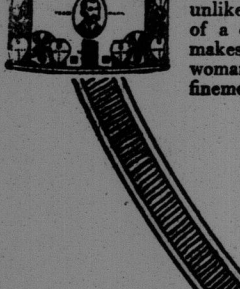

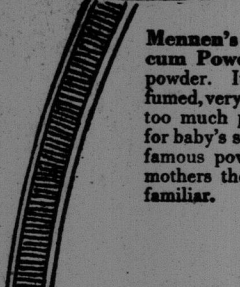

Before you buy another tin of talcum—

Just consider that there's a difference in talcs, and that it is worth while to discriminate when you go to buy "some talcum powder." There's a difference in grade of talc, a difference in quality of the talc itself (the Mennen is produced from the finest mines of Italy)—a difference in the fineness of texture of the milled powder—a difference of skill and experience in the laboratory, in the efficiency of the medicinal properties. Because of the superior knowledge and experience of the Mennen chemists in selecting and combining the ingredients so skillfully, Mennen's stands apart from all others as the world's finest talcum powder.

MENNEN'S BORATED TALCUM

was the first of all borated talcum powders. It has the largest sale of all—a world-wide reputation and overwhelming endorsement of doctors and nurses. The Mennen formula has never been duplicated.

ELSIE FERGUSON IS TO BE MARRIED AGAIN

Actress to Wed Vice-President of Harriman National Bank

New York, July 31.—The engagement of Elsie Ferguson to Thomas Benedict Clarke Jr. is announced by Mrs. Amelia Ferguson, mother of the actress. Miss Ferguson has just returned from Los Angeles and after a vacation in the Adirondacks will re-open in September in "Outcast," her success of last season.

Thomas B. Clarke, Jr., is a son of an art connoisseur. He is a vice president of the Harriman National Bank and until recently was adjutant of Squadron A. He was graduated from Yale.

Miss Ferguson was born in New Orleans and comes of an old French family. She spent many years studying in Europe and saw the beginnings of her later success in "Such a Little Queen," in 1909.

Miss Ferguson obtained a divorce from her first husband, Frederick Chamberlain Hoy, in New Jersey last year. They were married in 1908 and he deserted her three years later. It was shown, turning up only at long intervals and generally short of money.

EUROPE'S NOTED RIVERS.

The "Beautiful Blue Danube" Does Not Impress Mr. Cobb.

Take Europe's rivers now—historic rivers, if you please. You are traveling—Heaven help you—on a continental train. Between spells of having your ticket punched or torn apart, or otherwise mutilated, and between spells of getting out at the border to see your trunk ceremoniously and solemnly unladen and unlocked, and then as ceremoniously reloaded and reloaded after you have conferred largely on everybody connected with the train, their customs regulations being mainly derived from the

WATER WAS BAD. GOT DIARRHOEA.

Change of water, change of diet, catching cold, eating unripe fruit, etc., are all causes of diarrhoea.

The safest and quickest cure for diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry.

Mr. W. J. Quinn, Shelburne, Ont., writes: "About two years ago I was out in the West for harvest. The water out there was so bad that I took diarrhoea, and became so bad I was not able to work. I procured a bottle of Dr. Fowler's Extract of Wild Strawberry, and when I had taken half of the bottle the diarrhoea stopped, and by the time I had taken the entire bottle I was able to resume work. I sincerely recommend it to all those troubled as I was."

There are a great many imitations of "Dr. Fowler's" on the market, so see you get "Dr. Fowler's" when you ask for it.

regular name, and in the east it would be of so little importance that the local congressman would not ask an annual appropriation of more than half a million dollars for the purpose of dredging, deepening and diking it. But even so, such is the force of precedent and example, you immediately get all excited and worked up over it.

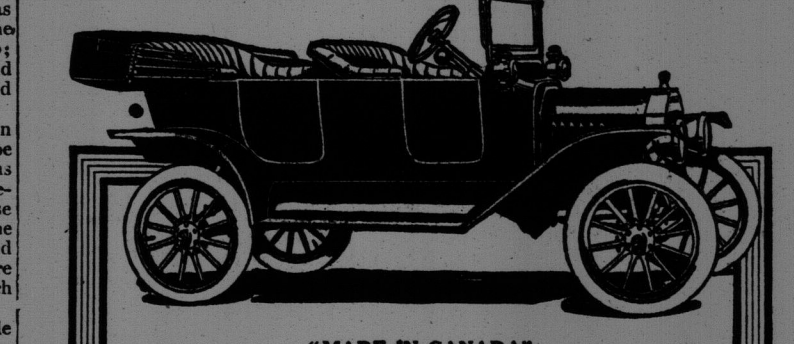

English rivers are beautiful enough in a restrained, well managed, landscape garden sort of way; but we Americans do not enthuse over an English river because of what it is in itself, but because it happens to be the Thames or the Avon—because of the distinguished characters in history whose names are associated with it. Hades gets much of its reputation the same way.

I think of one experience I had while touring through what we had learned to call the Daschund District. Our route led us alongside a most inconsequential looking little river. Its contents seemed a trifle too liquid for mud and a trifle too solid for water. On the nearer bank was a small village, populated by short people and long dogs. Out in mid-stream, making poor headway against the seagull current, was a little fluted steamboat putting and puffing violently and kicking up a lather of lacy spray with its wheelbuckets in a manner to remind you of a very warm small lady fanning herself with a very large gauze fan and only getting hotter at the job.

In America that stream would have been known as Mink Creek or Cassidy's Run, or by some equally poetic title; but when I found out it was the Danube—no less—I had a distinct thrill. On closer examination I discovered it to be a counterfeit thrill; but, nevertheless, I had it.

By the same token I also found out that day why they call the Danube the Blue Danube; for yellow is one of the component pigments of blue and this stream had enough yellow in it to turn a whole ocean blue if properly mixed with enough green. And the Americans abroad that train could have supplied the greenness, too, and never missed it; they would have had plenty left—Irvn S. Cobb, in Saturday Evening Post.

"You really must impress upon John least attention to me; he'll only listen to fools now." (After a short pause.) "What's the use? He won't pay the You speak to him."

REAL BULL FIGHT FOR LASKY STORY

To Be Shown in "Carmen," Ph lo 'ay For Farrar

WALLINGFORD IN PICTURES

Charles Chaplin's Shoes Wornout; Filming Canadian West; Hal Ford on Screen; Notes of the Studio

Southern California has a public bull fight this week when Mayor Sebastian, of Los Angeles, gave permission for one to be held in order that the Lasky Company could get the real article for the production of "Carmen," to feature Geraldine Farrar. Ten thousand persons attended the free spectacle, and the director-general, Cecil De Mille, pronounced the scenes secured a thrilling success. This is the first bull fight permitted in Los Angeles in several years.

Manuelo Garcia, a professional torador, was unhorsed and slightly wounded by a bull. The sensation of the day, however, was the appearance of Pedro de Cordoba, actor, in the ring. He insisted upon carrying his role of Escamillio, the torador, into the ring and during the bull in person before the grinding camera.

Kathryn Williams and Thomas Santachi will soon be seen together once more. It is in a two-reel feature, "The Sultan of the Desert," written by Miss Williams, and using many of the animals of the Selig Zoo. Mr. Santachi also directed.

Joe Smiley has started work on a Lubin picture based on Paul Armstrong's play "The Renegade." This picture will be filled with many scenes bringing in three and four hundred people. A story which blends the east and west, and will be filled with contrast and action. Alice Brady appears as an Irish girl, who has a mind of her own and who has caught the spirit of the plains.

Melville Stewart has been engaged to appear in Richard Harding Davis' "The Gallopers," to be produced by Donald Mackenzie for Pathé. Mr. Stewart has been well known on the musical comedy stage. At present he is with the Folies, and for the past two years has been leading man with Trentini in "The Firey."

Alan Campbell, son of Mrs. Patrick Campbell, and author of one of Vitagraph's biggest pictures, "The Dust of Egypt," is now in the Dardanelles as first lieutenant, fighting with "The Ansons," a crack London regiment. "The Dust of Egypt" has been made into a seven part comedy, based on the English farce of the same name. Edith Storey is seen in the lead, supported by Antonio Moreno and a strong Vitagraph cast. George D. Baker staged the production. By the time "The Dust of Egypt" is released, Vitagraph will have started another of Lieut. Campbell's stories, entitled "Black Prince Carl."

Hal Ford, whose popularity as an actor has been tested in almost all the quarters of the globe since he made his first stage appearance in England at the age of eight, has been engaged to appear in "The Maker of Dreams," a forthcoming Kalena "Broadway Favorite" production.

The record for distance covered in taking 400 feet of film is claimed by Rollin S. Sturgeon, director of Western Vitagraph Company, in taking "The Chalice of Courage," the production of Cyrus Townsend Brundage, story of the same name. In a fall from a cliff it was necessary to take the place where the actress landed in the water 400 miles from the cliff from which she jumped and the actual rescue was made in still another stream 100 miles distant. This was necessary because it was impossible in the whole State of California to locate the right kind of a cliff on a running stream of sufficient depth.

Wallingford on Screen. Get-Rich-Quick Wallingford, who almost made his screen debut with the ill-fated Colonial Corporation, has fallen into the capable hands of the Whartons, and will soon be seen in picture houses under the Pathé banner. The pictures will be made from the stories appearing in the Cosmopolitan Magazine, and the rights have been secured through the publishers.

An all-star cast has been chosen to appear in the series. Max Fagan will be seen as "Blackie Daw," the genial contractor of the shady financier, Lolita Robertson will have the feminine lead, and Frederick de Belleville will be seen as the crafty Wallingford.

Charles Chaplin has been forced to buy a new pair of comedy shoes. He has tramped about in his old ones until they literally fell to pieces, and he is now busy trying to mould a characteristic pair to his new ones, which it is said he purchased in a second-hand shop in San Francisco.

A New York exchange says The Chaplin imitations are fast becoming passe. You can see them on every corner, advertising everything from the latest to laundry soap. We can imagine that the market price in old trousers has jumped decidedly.

The newly formed "Vitagraph Big Comedy Four" confesses to a combined weight of 884 pounds, according to the press sheet, which then goes on to enumerate weights totalling 844. The "Big Four" includes in its personnel Hughie Mack, who tips the scales at 341 pounds, Kate Price, who acknowledged 227 pounds of the amount, William Shea, who says 168 pounds is his limit, and Flora Finch, the lightweight of the quartette, who refuses to weigh more than 110 pounds. The "Big Comedy Four" was formed by Director George D. Baker, under whose exclusive direction, as a double team, they will appear in Vitagraph comedies that range in length from one-part subjects to feature pictures. At present this quartette of merrymakers is working in "A Night Out" in which May Robson is making her initial bow as a Vitagraph screen star.

The Essanay Company has sent a corps of photographers through the northwest to get scenic pictures. The photographers went first to Toronto. From there they left on the Canadian Pacific for Vancouver. Many stops are being made en route to get the very best scenic pictures of this district. Their itinerary carries them through the Rocky Mountains, where there is some of the most picturesque scenery in the country. Already some wonderful pictures have been taken and shipped back to the Essanay studios at Chicago.

A Great Horse Meet in Halifax In 1887

ENORMOUS CROWD

Between 5,000 and 6,000 People at Track—P. Clinch Rides Yorktown to Victory, Defeating Strabismus and His Horse Also Captures Another Event

The following is an account of a great racing meet which took place in Halifax on June 22, 1887, at which several St. John horsemen had entries.

The races at the riding grounds were the attraction of the afternoon. The crowd in attendance was enormous, and must have numbered between 5,000 and 6,000 people.

The races were the best ever held, and afforded the keenest enjoyment. In each of the events, the winning animal conquered only after a hard struggle.

The riding ground club cup—a silver cup, value \$100, for ponies 141 lbs. and under, and a sweepstake of \$3 each, p. p. with \$40 added, of which \$20 to second; 141 to carry 110 lbs.; 7 lbs. allowed for each inch under.

Terms as in cups for horses; 8 sub-enters quarter mile. Mr. Judwin's b. in Stella, 10 lbs. (Mr. Knox) 2 Mr. Terry's b. g. Hottentot, 10 lbs. (Mr. Clinch) 2

LETTER SENT HIM IN JANUARY JUST ARRIVES

Harold Duplisa of Princess Pats Heard From By Brother

Word has been received from Harold Duplisa of the Princess Pats by his brother, Wm. Duplisa of Fairville, stating that one letter sent by his brother in January reached him only the other day, while several parcels containing tobacco, gum, candy, etc., have gone astray.

Duplisa is an excellent shot and mentions that he is taking his toll with considerable frequency. Having been in hospital on three successive occasions he naturally has no love for the German foe and is doing his utmost to loosen their numbers so far as one rifle will permit.

Believing that mail from the front is also likely delayed he mentions Rudolf McKiel's death.

PYTHIANS WILL DECORATE GRAVES

Thursday afternoon, Aug. 26, New Brunswick Lodge, No. 1, Union Lodge No. 2 and St. John Lodge No. 80 as well as Victoria and Cygnus Companies Uniform Ranks of Knights of Pythias will hold their annual decoration day and place flowers and Pythian emblems upon the graves of their brothers in Fernhill, Church of England Burying Ground, Cedar Hill, Methodist Burying Ground and other cemeteries in the province.

The occasion will be marked with the usual splendid display of flowers and regalia and music will be furnished by military bands. In Fernhill at the conclusion of the decorating, memorial services will be gone through with, consisting of hymns, oration, prayer, etc. The Knights are bending every effort to assure themselves of a sufficient supply of garden flowers as there will be need of close upon 1,200 bouquets.

LOCAL NEWS

BIRTHS AND MARRIAGES

Registrar Jones reports fifteen births, eight boys and seven girls, and fourteen marriages during the last week.

HE WINS \$25.

The shoe-manufacturing firm of Getty & Scott, Ltd., of Galt, Ontario, some time ago advertised for suggestions for the name of a new line of women's shoes. Among the responses sent in was one from R. J. Walsh, of Waterbury & Rising, Ltd., proposing the name "Bernice." This morning he was pleased to receive a reply informing him that all the names suggested his met with most favor. A check for \$25 was enclosed.

The Man In The Street

One swallow doesn't make a summer. Neither does one band concert.

But of course if starting late in the summer saves part of the \$1,000 appropriated for concerts, it would mean so much more for street work.

And though the summer's going fast the end-seal hog still lingers in the open cars.

Isn't there satisfaction, though, in tramping on his newest shine?

In Our Letter Box

To the Man in the Street,

Dear Sir:

"Do you know if there are a few spare boards loose in some of the departments at City Hall? If there are they could be used to excellent advantage in Indiantown in a little repair work upon the public steps. What repairs have been made are too much of a patch-work nature, with a stumbling board at the very top of the stairs conveniently elevated so that too great an effort will not be necessary if one wants to take a tumble. Tell visitors, tourists and strangers to the stairs not to get "flipped" but to "watch your step." The best way to run no one on the steps is to go by another street.

"Yours faithfully,"

"TUMBLER."

Warsaw Has Seen

Because of the prohibition of "Volks," the Russians have been losing their grip in treating, but apparently they are still very skilled in re-treating.

"Tanny rate Warsaw is a place that's not hard to talk about."

With an assassination and a riot, Haiti shows Mexico from front page recognition this week. Meanwhile will there be more "watchful waiting?"

Don't Pull-et Again, Though

Two men arrested by local police yesterday had four fowl in their possession. Hoping for the best motives, it is possible they may have been intending to drill for pick-et duty.

Had they had chickens in their possession, they would probably have been more afraid of their wives than of the police.

The city yesterday voted \$500 for work which apparently belongs to the Dominion Department of Police. Let it not be said again that our civic treasury is getting low.

Part of it might be used to station a traffic cop at some corner where automobilists seem to think they're on a speedway.

Should Do the "Dip" Well

Vernon Castle, famous dancer, has obtained a commission in the British Aviation Corps, being at least one instance of the realization of a "castle in the air."

If he ever gets over the German capital it should be easy for him to give a Bert-in!

Messages may now be sent from Canada to Germany by wireless, but it's a seemingly safe wager that the operators at either end will come to regard every day as a workless holiday.

The scene of the injunction war seems to be shifting towards the North End as a projected battleground.

Been Firing Since

While observing August 4, there is cause of reflect on the development of modern weapons. The fellow who shot Francis Ferdinand a year ago had only a small gun, but it had mighty long range.

RUN OVER BY CAR; CLUNG TO HER CENT

Little Margaret Jeffrey Still in Hospital—Was Injured Last April

Little Margaret Jeffrey, aged three years, daughter of James Jeffrey of Brunsels street, is still in the hospital and likely to remain there for a considerable time, although she is improving. She was run over by a street car near Paradise row and Wall street in last April. Her limbs were badly mangled, and a skin-grafting process has been found necessary.

When run over she had a cent clutched tightly in her hand, and it was removed only after she had been taken to the hospital. When she recovered consciousness the little tot said to her father, "Oh, daddy, the man took my cent."

There is universal sympathy for her in her sore affliction at so young an age.

SOPE TO HAVE ONE FROM NEW BRUNSWICK

General Buildings, Aldwyck, London, W. C., 19th July, 1915

Sir,—I am desired by my central committee to thank you most cordially for the very kind reference you make to our work in connection with the formation of the Over-Club Aircraft Flotilla, to which ten aeroplanes, so far, have been presented by various sections of His Majesty's overseas dominions. We have several more promised, including one from Nova Scotia, and trust that we shall be able to add New Brunswick to the list.

Yours faithfully,

E. WYENCH,
Hon. Secretary and Organizer.

NEW PLAN TO SWELL THE FUND

Make Souvenirs From Pieces Of Suspension Bridge

SUGGESTION WORTH WHILE

Money Could Thus be Secured For the Patriotic Fund, Which is Becoming Depleted—Sentimental Feature as Well

The Times has been furnished with a suggestion along patriotic lines which contains the additional merit of appealing to local sentiment and a still further quality which brings into mind more than two generations of St. John history.

The suggestion is this—That instead of having the wood and metal materials of the old Suspension Bridge burned up as kindling and converted into junk, that the best portions of it be divided into small pieces suitable as souvenirs and sold throughout the city in aid of the Patriotic Fund.

It is not difficult for any citizen of St. John to see the merit of this idea. In the first place, the Suspension Bridge is the city's most notable landmark. The younger generation opening to other passenger bridge across the falls, and few older residents remain who can recall to mind the bridge that preceded it. It has therefore been wrapped up in the life of this city and its people, roughly speaking as long as St. John can remember.

This faithful old structure—a memento of the safe and honest building of old-time workmen, and a monument to the methods of construction—has been a connecting link for many millions of foot passengers, horse travelers, and of late years automobilists. There is really no way in which its usefulness as a bridge can be computed in numbers of people or tons of freight. Man a plank flooring has been worn out and scores of times has the structure been overhauled and repaired, while its capital supports of masonry and cables have stood the test of decades.

What takes the old Suspension Bridge could tell would fill a large book. Beginning with its troublesome construction, it has weathered the fiercest storms that have ravaged this territory. It has looked down upon numerous river tragedies, has welcomed the sight-seeing visitors, transported big caravans, notably the Barnum & Bailey's circus with its wonderful "Jumbo" elephant; stood the rush of refugees at the time of the great fire in 1877, and in every phase of St. John's existence for a Bible lifetime has the old white bridge been a participating factor.

Should not this kind of sentiment, mixed as it is with history, be sufficient appeal to the people of St. John to make the sale of souvenirs a generous source of reimbursement to the Patriotic Fund, so rapidly dwindling as the war progresses? The Think-thinks well of this suggestion, that the historic Suspension Bridge, which has served this country and its people for so many years, should pass out in a burst of glory in further serving its country and its flag in being cut up into cherished mementoes which an appreciative public would doubtless gladly purchase.

This paper handles out this idea as it received it from a citizen. No doubt there are plenty of energetic bodies of young people in town who could prevail upon the proper authorities to have a section of the bridge sufficiently large to carry out this project. It seems impossible that any business concern would refuse to handle these properly labeled mementoes over their heads, and if the scheme is handled in the proper way, it looks like at least \$1,000 for the wives and children of our heroic boys who are risking their lives to keep Canada British.

SOLDIER BOYS WANT TO HEAR FROM HOME LAND

Three Canadians Use Magazine in Request—Fairville Man Reads and Complies

A gentleman in Fairville was surprised this week on opening an English magazine recently to hand to find the names and addresses of three soldier lads now in England, and underneath a written request that if the person who read the magazine wished to do a kindness he had only to drop a post card to the undersigned, who were not receiving mail regularly and would like to hear from a Canadian. One of the lads was a corporal in an infantry regiment; another belonged to a cycle corps and the third a wireless operator. This three branches of the service were represented. Needless to say the owner of the magazine at once sent postcards in response to the request.

FOR RED CROSS

A garden party and sale is being held today at the summer residence of F. S. Thomas, Morna, in aid of the Red Cross fund.

Advertising to Save Life

An eastern railroad is using newspaper advertising to cut down accidents.

Its lines have many grade crossings over roads much frequented by automobilists.

In years past these crossings have been the scene of some serious disasters.

The newspaper advertising is especially directed to automobilists and it impresses on them the need of care.

It shows that this railroad believes automobilists read newspapers.

It also believes it will cut down its item of damages to a figure that will make the advertising profitable.

If you have a message the newspaper's advertising columns is the place to put it.

AUGUST FURNITURE SALE!

ON MONDAY NEXT our usual August clear-up will commence, and we will offer the largest and most varied lot of bargains ever shown in this store.

This is not a sale of damaged or old fashioned goods, but the articles marked down are all up-to-date and in first-class condition. Our stock is too large to show properly in the space at our disposal, and so we have marked down prices on hundreds of articles, regardless of cost, to a point where it will pay anyone to select his requirements, even though the goods may not be needed until some later date. In such cases, we will store them free of charge and deliver when advised.

There are bargains in every department, and every article is plainly marked with a red tag, so that you need only walk through the store to be convinced that this is the money-saving event of the year.
