PENNAINT IF THEY  
WIN TWO GAMES

That's What New York Giants Have to Do.

Yankees Must Have Three Victories Out of Five Contests — Two Homers by Ruth Yesterday — Late News of Sport.

DO THEY LIKE  
BASEBALL? IT  
LOOKS LIKE IT

New York, Sept. 27.—A total of 141,000 persons in attendance record for four consecutive baseball games, passed through the gates to see the New York-Cleveland series just finished at the Polo grounds. The figures did not include 1,500 "deadheads" a day, so that the number of persons who actually saw the games was 147,000.

The best world's series attendance record was in 1912, when 136,996 fans witnessed the first four games between the New York Giants and the Boston Red Sox.

New York, Sept. 27.—New York's two major league baseball clubs, the Yankees and the Giants, breathed easier today than they have for quite a spell. They could look back at their recent rivals, the Cleveland Indians and the Pittsburgh Pirates, respectively, without seeing them so close. The Yankees were fifteen points ahead of the Cleveland Indians and the Giants had a lead of twenty-five points over Pittsburgh.

Two more wins out of four games for the Giants, and the pennant will be theirs even though the Pirates be successful in all their remaining games.

The Philadelphia National League victory over Pittsburgh came just as the New York club were defeating St. Louis, Neph holding the Cardinals to five hits. Thus the distance between the Giants and Pirates was widened.

British Football.  
London, Sept. 27.—(Canadian Press)—In a Northern Union Rugby game yesterday, Hull beat Keighley 39 to 8.

New York Boats.  
New York, Sept. 27.—Jeanne Tunney, who won the American expeditionary force light heavy weight title, was awarded the judges' decision over Herbert Crossley of England in a bout curtailed to seven rounds here last night. Frankie Jerome a New York bantamweight, won the decision over Herbert Crossley of England, featherweight, outpointed Tommy Goodwin, of New York.

MAKES PLEA THAT  
CLARK IS INSANE

New Phase of Case in Which the Murder of Phoebe Bell is Charged.

Andover, N. B., Sept. 27.—Before Mr. Justice Crockett of the King's Bench division of the Supreme Court the case of Newman Clark, charged with the murder of Miss Phoebe Bell at Grand Falls in March, 1920, came up today for a second trial.

This morning Hon. W. P. Jones, K. C., of Woodstock, counsel for the defence, put forth the plea that Clark is now insane and therefore unfit to plead or to undergo trial. A special jury of twelve members from the jury panel were then sworn to try this new feature of the case and to determine whether or not the accused is fit for trial.

Hon. J. P. Byrne, attorney-general, is representing the crown.

GIRL CONTINENT HIKERS.  
San Francisco, Sept. 27.—Walking from New York, according to their story, Misses May Fink, Mildred Karp and Ester Eisen reached San Francisco and said today they would enroll as students at the University of California. The trip, which they said was made "for adventure" occupied four months and cost them about \$100 each.

ROUMANIAN LOAN.  
Paris, Sept. 27.—The Queen of Roumania has negotiated a ten million dollar loan with Switzerland, according to a Montreux despatch to the Paris edition of the London Daily Mail. This loan is to be reimbursed in cereals. Part of it will be utilized in the purchase of agricultural and industrial machinery.

ARREST OF POPLAR'S COUNCILLORS

One of the women councillors addressing her constituents immediately before leaving for prison. They were arrested for refusing to levy a tax for unemployment insurance.

PRESBYTERY  
MEETING HERE

Number of Vacant Pulpits Referred to. Securing of Old Presbyterian Records—Sussex and Norton Matters—Ralph Clark Memorial Bursary.

The quarterly session of the Presbytery of St. John was begun this morning in St. Andrew's church, with the moderator, Rev. Dr. J. S. Sutherland, in the chair. The clerk, Rev. Frank Baird, was also in his place. The first business on the docket was the Sussex memorial plan. A committee appointed in June reported that they had held meetings in Sussex and at Lower Millstream, and had adopted the following three resolutions:—First—that the prayer of the Sussex memorial be granted.

Second—that the settlements of Lower Millstream, Co. S., English Settlement and Waterfield be constituted an ordained mission field and an ordained minister provided, and that the home mission board provide the minister with an automobile.

Third—that the prayer of the memorial be granted. The next matter was the Norton cemetery. It was decided that a committee of five be appointed by the chair to select immediately to receive the papers and hear the parties concerned.

The report of the House Mission Board was presented by Rev. William Townshend, and was adopted. Communications were read from the business office of the Presbyterian Witness, and resolutions were passed that the ministers commend the publication to their parishioners.

The following were present this morning: Rev. Messrs. J. S. Sutherland, J. A. Morrison, F. Baird, W. M. Townsend, S. R. Prince, W. J. Bevis, James Middleton, F. Sears, W. H. Spencer, D. McQuire, R. M. Lezate, J. J. Graham, A. V. Morash, J. A. Ramsay, W. M. Fraser, W. W. Malcolm, J. A. MacKeigan and F. S. Dowling.

Ediths Hon. J. G. Forbes, Colonel W. MacLaren, T. R. Speedy, James Miller, J. Jamieson, A. F. Bentley, G. B. Bolton and H. S. Campbell. Adjournment was made until 2.45 o'clock.

"COCOMOBILE" LATEST.  
Paris, Sept. 27.—Numerous arrests have been made among taxi drivers for peddling cocaine to drug addicts from their machines. Such machines have been christened "cocomobiles" by the authorities.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbush, "that your paper in the statement selected a candidate for the election?" "No, sir," said Hiram.

"Seems to me," said the reporter, "I have heard several names mentioned." "Quite a few fellows has mentioned themselves," said Hiram.

CONGRESS OF THE  
RETAIL MERCHANTS OF  
THE PROVINCE

St. John to be Well Represented at Convention of Merchants in Fredericton.

The seventh annual convention of the New Brunswick Provincial Board of the Retail Merchants' Association of Canada will open in the council chambers in Fredericton tomorrow, and will last two days. It is expected that there will be about seventy-five delegates present from all parts of the province.

The quarterly session of the Presbytery of St. John was begun this morning in St. Andrew's church, with the moderator, Rev. Dr. J. S. Sutherland, in the chair. The clerk, Rev. Frank Baird, was also in his place.

The report of the House Mission Board was presented by Rev. William Townshend, and was adopted.

Four Days Between  
Canada and the U. K.

Important Steamship Announcement in London with Comment by Financial Editor of Times.

London, Sept. 27.—(Canadian Press)—"The new service of steamships bringing Canada four days from the United Kingdom is on the way to becoming an accomplished fact," says an announcement by the recently formed Canadian Chamber of Commerce, of which Sir MacLaren Brown of the C. P. R., is president, and Grant Morden of the Canadian Steamships Lines is vice-president.

The financial editor of the Times remarks that this fast transatlantic service between Canada and Britain forms part of the plan submitted by the imperial shipping committee.

Doubts have been expressed regarding the realization of this plan unless it was launched and supported by one or more of the governments of the British dominions.

The Times adds that any state shipping schemes, in view of the prevailing depression, will be scrutinized very closely. Any and all general experience of state management, says the writer, hardly encourages the development of the principle involved in such schemes.

SAVS EX-PREACHER  
PLANNED MURDER

Arrested Man Declares Rev. H. Hughes Hired Him to Shoot Wealthy Widow.

Hot Springs, Ark., Sept. 27.—Raymond Cole, recently arrested in Kansas in connection with the murder of Mrs. Anna McKennon, a wealthy widow, last May, has confessed, according to police reports, was thoroughgoing competitor of Rev. Harding Hughes, superannuated preacher. Rev. Mr. Hughes, who was arrested soon after the crime, was said to have implicated Cole.

Valuable mineral land, owned by Mrs. McKennon, is said to have prompted the murder.

FLYING BOAT  
OVER HERE TODAY

Was on Way from Halifax to Ottawa—At Lofty Height When Seen Here.

Halifax, N. S., Sept. 27.—A Curtis flying boat piloted by Capt. C. H. Fisher, rose from the government air station at Eastern Passage early this morning and at 7.45 passed over Halifax en route to Ottawa. It is expected to make a stop at Miramichi, Tadoussac and Three Rivers for gas.

The aircraft was seen here at 12.28 and after replenishing fuel and oil supply left for Tadoussac.

His Dog Poisoned; Reward of \$1,000. Owasco, Mich., Sept. 26.—James Oliver Curwood, author of many stories of the Canadian northwest and of numerous animal stories, is mourning the loss of one of his prize English setters, which he had offered \$1,000 reward for the death of the dog.

"But I would give \$25,000 to have him back," he said.

SIDE LINES OF  
ARBuckle CASE

Grand Jury Deals With Alleged Blackmail Plan.

San Francisco, Sept. 27.—Roscoe Arbuckle charged with the murder of Virginia Rappe and who was shifted temporarily from the centre of interest yesterday, when charges of extortion were made in court against Alfred Sennacher, a prosecution witness, resumed his place in the spotlight of public curiosity as his preliminary hearing proceeded today.

The extortion charge has been disposed of, it was intimated today, by action of the San Francisco grand jury, which last night heard Sennacher's story and "placed it on record."

Sennacher denied to the grand jury that he had any knowledge of a plan to extort money from the defendant as was alleged by Frank Dominguez, chief counsel for Arbuckle.

As he left the grand jury room Sennacher told a group of newspapermen that for defamation of character would be filed against Dominguez.

Testimony concerning past actions of Mrs. B. Delmont, who swore to the complaint charging Arbuckle with blackmail, will not be allowed to proceed beyond the point relevant to the case on trial, so Judge S. T. Lazarus declared. He denied permission yesterday to Arbuckle's attorneys to proceed with questions they said would show details of a friendship between Mrs. Delmont and Alice Blake, Los Angeles motion picture actor.

"I am not going to try the character of witnesses here in this court," the judge announced.

Mrs. Delmont probably will be the main witness today, the district attorney declared and if her testimony is concluded, Miss Prevost and Alice Blake will be summoned. These three, like Sennacher, were guests of Arbuckle at the St. Francis Hotel here when Miss Rappe is alleged to have been murdered.

WANTS SHERIFF  
TO ACT AT ONCE

Convicted Murderer Appeals for Hanging Before Time Set.

Jackson, Miss., Sept. 27.—Henry Martin, a negro convicted of murder, whose death sentence is pending on appeal before the supreme court, is making frantic appeals to Sheriff Williams to come on and hang him right away.

"I just can't stand it any longer," Martin told the sheriff yesterday. "The court is talking me out of my wits and I'm fast for the courts and have it over with."

ASSASSINATION

Italian Deputy is Killed and a General Strike is Called.

Rome, Sept. 27.—Giuseppe Di Vagno, a Socialist deputy who was attacked and wounded on Sunday at the conclusion of a Socialist meeting at Bersicumbuto by his injuries yesterday. Thirty shots were fired at the deputy, one of them striking him in the spine.

"The assassination is attributed to acute political enmity for the deputy, and several arrests have been made. Consideration is being given to a general strike has been called.

APPEAL GRAND  
TRUNK FINDING

Decision Reached by London Shareholders and Big Fight Promised.

London, Sept. 27.—(Canadian Press)—Grand Trunk shareholders have decided to appeal to the privy council against the finding of the board of arbitration declaring the common and preferred stocks of the Grand Trunk Railway valueless. Eminent counsel will be engaged to prosecute the appeal.

CATHOLIC LABOR  
UNION MEETING

Encourage Work on Farm; No Girls Under 16 in Stores or Factories.

Ottawa, Sept. 27.—That the Federal government be requested to adopt the necessary measure to check rural depopulation, was the effect of a resolution unanimously adopted at last night's session of the annual convention of the National Catholic Labor Union in Hull. Several speakers stressed the importance of increased production of foodstuffs and raw materials and suggested that the government might do many things not only to keep the country people on the farms, but to encourage others to take up farming.

Another resolution which was given hearty support called upon the government to pass a law forbidding the employment of girls under sixteen years in stores and factories.

The Quebec legislature was requested to enforce the existing law which prohibits the employment of women in all industries.

The federal government will also be asked to suspend all immigration, except for bona fide farmers for three years.

UNEMPLOYMENT  
IN UNITED STATES  
BEING STUDIED

Washington, Sept. 27.—With the U. S. national conference on unemployment standing adjourned until October 8, ten sub-committees appointed at the opening session of the conference yesterday got down to work today on a study of the various phases of the problem assigned to each, with a view to recommending practical relief measures to the conference when it reconvenes on that date.

The work of the specialized committees, which includes committees on employment agencies and registration, and on transportation, construction, mining, shipping and public works, will be carried on simultaneously with statistical hearings which will be conducted for a week.

PROFIT ABOUT  
200 P. C. AVERAGE  
Boston, Sept. 27.—Average gross profits of more than 200 per cent. have been made by arm-chair lunchrooms in this state, so the commission on necessities of life reported yesterday. In some instances the profits have been found to run as high as 500 per cent.

Many of the restaurant proprietors, replying to questionnaires, had said their prices were so fixed as to represent a gross profit of 100 per cent. As the average has been found to be much higher, the commission has now determined to extend the scope of its investigation.

WANDALISM

The Power Company Makes Charges—Police and Labor Men Deny Them.

The officials of the New Brunswick Power Company issued a statement this morning in which they said they were told yesterday afternoon the parade of last night would result in damage to their property, and they had notified the chief of police.

They further charged that numerous violations of the city-by-law reported by them had been winked at by city officials, while the police had failed to make reports, was thoroughgoing competitor of Rev. Harding Hughes, superannuated preacher. Rev. Mr. Hughes, who was arrested soon after the crime, was said to have implicated Cole.

Valuable mineral land, owned by Mrs. McKennon, is said to have prompted the murder.

GOING WELL

The Wise Will Get C. C. Band Prize Tickets Early.

Just a word of caution. A good many people are taking the big drawing the City Cornet Band around the world prizes, lost opportunity to win \$500, \$250 or other amounts by delaying purchases of tickets until everyone had been sold. The wise people will not put themselves in that position this year. The tickets are going well, and there is fear that the late-comers may find themselves disappointed. Two reasons are making the tickets go fast. First, the big opportunity they give to win a large sum and, second, the universal desire to show practical appreciation of the splendid service given the community. The band now needs new instruments and uniforms and it looks as if the people here have decided that they shall have them. All the bandsmen have tickets for sale and they will be eagerly sold during the fair, the grand opening of which will take place in St. Andrew's Rink tomorrow evening. Plan to be there and help to fund the band the big send of it deserves.

OFF TONIGHT IN HOUSE LEAGUE IN Y. M. C. I. ALLEYS

The Y. M. C. I. House Bowling League will open its season of 1921-22 this evening at 8 o'clock when the Robins will clash with the Hawks. His Worship Mayor Schofield will roll the first ball and declare the league officially opened. The league this year consists of the Sparrows, Robins, Gulls, Swans, Eagles, Falcons and Hawks. There has been a good deal of shifting around of players and as much interest has been already evinced, it is probable that last year's record of having twenty players with an average above ninety for the season, will be broken.

IN IRELAND

Belfast, Sept. 27.—Two men were wounded during scattered shooting affrays here last night, but in the eastern section of the city, where serious riots occurred yesterday, the night passed quietly.

Two new ministers without portfolio were also appointed. Emile Morestin of St. John, and A. Lacombe, M. L. A., of Montreal-Dorion.

Paul Tourigny, ex-member for Athabaska, takes the place of the late Hon. Savoie in the executive council. Dr. A. Beaudry of Quebec is appointed inspector of public charities.

LOOK FOR THREE CORNERED FIGHT

Carleton-Victoria Farmers Nominate T. W. Caldwell, M. P.—B. Frank Smith Refuses Nomination.

Andover, N. B., Sept. 27.—At a convention of the United Farmers of Carleton-Victoria, held here yesterday, Thomas W. Caldwell, the sitting member, was nominated. Hon. B. Frank Smith of East Florenceville, declined to allow his name to go before the convention after he had been proposed, declaring that while there were many things commendable in the United Farmers' platform, he could not subscribe to all the policies Mr. Crerar and did not think anybody could and properly protect the interests of the eastern farmers.

Mr. Caldwell criticized the present administration upon general grounds and Mr. Smith replied, defending the government.

It is believed here there will be a three-cornered fight in Carleton-Victoria. An honest, N. B., Sept. 27.—Premier Wright is to speak here on Monday, October 3, following the Liberal-Conservative convention for Cumberland County.

Victoria, B. C., Sept. 27.—The campaign in support of Hon. S. F. Tolmie, minister of agriculture in the Meighen cabinet, was launched here last night when 500 electors approved of the organization of the National Liberal and Conservative Association of Victoria. A constitution was adopted and officers elected. Dr. Tolmie was given a good reception. His speech was a brief review of the record of the federal administration.

NEW YORK WANTS MORE POLICEMEN

Commissioner Asks for \$4,000,000 More to Run Department—Carnival of Robbery Yesterday.

New York, Sept. 27.—The cry of 'crime wave' was raised today following yesterday's carnival for robbers in New York and nearby Long Island. The most daring bit of thievery attempted yesterday took place in the Grand Central station, where three bandits, armed with lead pipes and revolvers fell upon a cashier of the New York, New Haven & Hartford Railroad and tried to snatch a handbag containing thousands of dollars.

A pistol attack was made upon Michael Machacek, a theatre manager, at Second Avenue and 14th street, while he was carrying \$1,300 to the bank. Machacek dropped his money at the first shot which grazed his cheek. His assailant, scoping up \$400 and escaped.

Dermot Perdick and his bride were held up by four men at the bride's home in Ninth Avenue. Three were arrested. Four armed men held up Ralph De Mura, a taxicab driver, at Broadway and 98th street, took \$13.65, slashed his tires, and escaped.

Police headquarters volunteered no opinion as to whether another crime wave was in the making, possibly due to widespread unemployment, but Police Commissioner Enright asked the board of estimate for an additional \$4,000,000 to run his department next year. He asserted that about 1,500 more men were needed, but explained that many of them were required to handle traffic and enforce prohibition.

### USING "REGAL"

In New Brunswick today many of the noble army of bread-makers are now using a white flour that has never been surpassed in quality anywhere or at any time. This flour is named "Regal," and it can be said that this one, among the different brands of high-grade flour, stands out pre-eminent. Particular bakers and fastidious cooks are now turning to use it, as they are sure of its uniformly high quality and its ability to secure results.

### RETURN TO INDIA.

Rev. and Mrs. L. M. Glendening, Baptist missionaries in India, who have been spending a year and a half on furlough in the maritime provinces, passed through the city yesterday on their way to Montreal, from which port they sail for England en route to India. Three of their children will remain in Canada. One son will remain the guest of Mr. Eveleigh at Sussex, with whom his parents have spent the summer months, and he will attend the high school at Sussex. Two daughters are at Acadia College at Wolfville. The other children returned to India with their parents.

## NEW GRAIN RATES ON N. ATLANTIC

Reduction Announced Yesterday by U. S. Shipping Board.

Washington, Sept. 27—A new schedule of grain rates for the North Atlantic service, the outcome of a joint conference of shipping companies in New York city recently was announced yesterday by the United States shipping board. Rates on wheat and corn, per hundred pounds, will be 17 cents to the United Kingdom, 16-1/2 cents to Antwerp and 15 cents to Hamburg. Wheat flour will continue at the same rates with the usual differential of five cents.

The reduction encompassed in the new schedule should assist tonnage which now competes with the tramp service, so shipping board officials said.

### ORPHANAGE FAIR DAILY NEWSLETTER

St. John, N. B., Sept. 27, 1921.

To the Protestants of N. B.:

Greetings—Doubtless there are many who, while they may see these letters from day to day, pay but little attention to them or realize fully the purpose for which they are written. This is important as it is costing us a lot of money. We crave your attention for a few moments each day while we attempt to lay before you our plan of operation, not for our own sake but in the interest of the orphan and homeless children of our province.

Members of all the Protestant fraternal societies have come together to hold a mammoth fair Oct. 17 to 27, proceeds for above. The committee invite the assistance of every sympathizer, small or large) donations of cash, manufactured articles, home-made goods, country produce or anything that can be sold or used in the homes. Bring to notice of others, speak of it in lodges, or societies of any kind.

An inexpensive way of assisting is to purchase one or more books of "season tickets" and resell to friends. They are put up in books of six which sell for \$5 and retail at \$1 each, good for admission every night to those who can attend; also entitles the purchaser to chance on winning a new Chevrolet automobile or sleigh—well worth taking a chance on. Meeting of general committee, Orange Hall Wednesday evening. All workers invited.

## The Dread Pyorrhea Begins With Bleeding Gums

Pyorrhea's infecting germs cause many ills. Medical science has proven this.

Diseased conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anaemia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection.

And watch your gums yourself. Pyorrhea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

## LACO NITRO LAMPS

For the Efficient Lighting of Stores

If you would have your store attractive—your goods displayed to greatest advantage; and your shop windows enticing, you must have good light. And to get the best light, you must equip with LACO NITRO Lamps.

Many of Canada's most successful retail stores now insist on LACO NITRO Lamps, for they find in them a pure white light of high intensity most nearly approaching daylight—a light that aids in revealing the true color values of goods on display, and imparting to the store an air of brightness and optimism, so conducive to liberal purchases.

Your customers respond to the effects of good lighting, and your sales clerks, too, are more efficient.

LACO NITRO, with its specially prepared filament, burning in argon gas, is not only a lamp of high power, but, in addition, is low in current and replacement costs.

Laco Nitro Lamps are made in Canada. Factory and Head Office—Montreal. They are sold by best Electrical and Hardware Dealers throughout the Dominion.

THE SYDNEY MEETING.

The great Liberal meeting in Sydney last night was an indication of feeling in Nova Scotia. Nearly four thousand people heard Hon. Mackenzie King, Premier Murray, Mr. Lapointe and other speakers, and hundreds vainly sought even standing room in the rink.

gives without saying that the power company has more sympathizers today than it had yesterday, because its property has been unlawfully damaged. The city council must now act. Either the law must be vindicated or St. John will not be a safe city in which to reside.

A GREAT BENEFICENCE

The western world has just made a great contribution to China. The New York Evening Post says: "On Tuesday the invading forces of western medicine established their first adequate base in China—the \$8,000,000 Peking Union Medical College, dedicated and thrown fully open under the administration of the Rockefeller Foundation and six American and British missionary bodies.

SOME FRANK CRITICISM

On the eve of the formation of the new Meighen cabinet the Financial Post said: "Provided no new elements appear, the standing at the polls of the present government will depend upon the new men the premier brings in more than upon any other factor. Personally, Mr. Meighen stands very high—higher than any of the other leaders—throughout Canada, and suffers only from the general low reputation of the mongrel cabinet which he had wished on him.

"The 'big men in the Conservative party' have not entered the cabinet. The 'weaklings' have been replaced by other weaklings. Therefore the Financial Post can hardly be expected to become enthusiastic over the outlook for Mr. Meighen. But that journal also makes some observations about the outlook. It says there is 'no radical difference' between the government and the Liberals on the tariff, and adds: "This has left the Liberals free to concentrate on the main weakness of the government—high taxation due to mismanagement, extravagance, incapacity and a refusal to cut down when they had the chance to do so.

ARE WE A LAWLESS PEOPLE?

To break the window of a street car by throwing a missile is as much a crime as breaking the window of a shop or residence. To injure an innocent passenger by such means is the crime of a coward. The damage done last night during a labor parade would not have been done but for the parade. It is therefore the more unfortunate, and the parade should not be repeated.

Hon. Mr. Wigmore says work will be begun this year in the area taken for the new railway station. This is not as good bait as it was. It is grown stale. Work is easily begun on the eve of an election—and as quickly stopped when the election is over.

At a cost of \$10 the combination truck of the Bangor, Me., fire department, which was discarded as useless unless an outlay of several thousand dollars was made upon it, has been put in first class condition and will be added to the equipment of the Central Fire Station.

THE GENTLEMEN OF OXFORD.

The sunny streets of Oxford are lying still and bare; No sound of voice or laughter Rings through the golden air, And chiming from her belfry, No longer Christchurch calls The eager, boyish fops To gather in her halls.

From France they come and Flanders, From Greece and from Gallipoli They come to her again; From the North Sea's grey waters, From many a grave unknown, The Gentlemen of Oxford Come back to claim their own.

But when the east is whitening To greet the rising sun, And slowly over Carfax The stars fade one by one; Then when the dawn-whispers of the East are heard, The Gentlemen of Oxford Must seek their graves once more.

Rome, Sept. 27.—Mr. and Mrs. Frederick Simpson, who described themselves as Americans, are being sought for an unusual and successful swindle. BIG AUDIENCE HEARS MR. KING

Liberal Platform Outlined by Leader Before Sydney Electors—Taxation and Expenditures.

Addressing four thousand people at Sydney, N. S., last evening Hon. W. L. Mackenzie King, leader of the Liberal party, told the audience that only by a return to power of the Liberal party could Canada hope for any reduction in taxation and national expenditure and a consequent reduction in the cost of living.

Mr. King charged the government with unnecessary extravagance and also with refusing to accord the people the courtesy of being consulted on policies affecting expenditures of the public monies.

Ernest Lapointe, Liberal member for Quebec east, another speaker, had some difficulty when he reached the ring a few minutes after the meeting opened.

Mr. Meighen has been driven to the country by the force of public opinion," the Liberal leader declared. "He goes to the country because he was afraid to face defeat in another session of the house. The Meighen government has not a friend in this country from the Atlantic to the Pacific.

The prime minister owes to the people to give them the date which he has chosen for the election so that contracts may be closed and steps taken to bring about a revival of trade and business in Canada.

"Mr. Meighen wants to make the tariff the sole issue and this makes the people forget the other matters for which the government has to answer. The cost of living was a more important one," Mr. King claimed, and this was bound up in the high cost of government.

Men and women must realize the bearing of the cost of the government on the cost of living and it was to women and the home that the Liberal party appealed, from the Atlantic to the Pacific in this campaign.

## DIED ON EVE OF EXPECTED RETURN

While busied with preparations to welcome her husband on his return from a trip of one month's duration to the West Indies, Mrs. Christopher Von Richter on Sunday received word that her husband had died of pneumonia that day in New York. The tragic news was all the more shocking in that Captain Von Richter was expected to have arrived in St. John yesterday. He was captain of the schooner Edgewood and was very well known in St. John. He made his home here since he was eighteen years of age, having come here from Russia.

Was French Count.  
Captain Von Richter, who was fifty-two years of age, rendered notable war service at sea and was made a count by the French government in recognition of his services. He was accompanied by his eldest son when he left St. John for Barbados and was on his way back when he took ill. He was landed at New York on Saturday suffering from a severe attack of pneumonia and died on Sunday. He is survived by his wife, five sons and three daughters. One son, William, is a student at the University of New Brunswick and arrived in St. John this morning, having been called home. Mrs. Von Richter left last night for New York to bring the body home. The other children are Edward, George, Nicolai, Boris, Norma, Dorothy and Olga, all at home. Sincerest sympathy is extended to the bereaved family.

## A FAREWELL TO REV. J. H. JENNER

The annual business meeting of the Baptist ministers of the city was held yesterday afternoon at the Y. W. C. A. and officers were elected as follows:—President, Rev. P. H. Bone, of Central Baptist church; vice-president, Rev. C. T. Clark, of Fairville, and secretary, Rev. Isaac Brindley, of Ludlow street church. The meeting was a farewell to Rev. J. H. Jenner, pastor of the Charlotte street Baptist church, who will leave St. John soon to take over his duties as pastor of the First Baptist church at Lexington (Mass.). Many of the ministers spoke appreciatively of their association with Mr. Jenner during his stay in St. John, and a suitable resolution of appreciation and regret at his departure will be presented to Mr. Jenner before he leaves.

## TRAVELER GREETED

It was known the Rev. J. A. Glendinning and his wife and family would be passing through St. John on their way from Sussex to Montreal, as the first stage in their journey back to India after a furlough of one and a half years. The whole meeting adjourned to the railway station to welcome the travelers.

His wife, who was Miss Armstrong, died in 1892, and his son Charles was killed at Paschendale.

## 333 LAWYERS IN CONGRESS.

Of the Total, 531, Two Are Capitalists and Two Dentists.

A vocational analysis of the U. S. Congress shows that the path to membership in the chief legislative branch of the country leads through the intricate maze of the law and the courts. Of the 531 members of the Senate and House of Representatives, 333, or nearly 60 per cent, are lawyers. Running as a modest second are editors, with a membership of 24.

The following lines of business have at least one representative at the Capitol: Iron molder, wholesaler, glass blowing, clipping bureau, lumber dealer, restaurant, oil well driller, merchant, chemist, dentist and printer.

At least one member let himself be known as a capitalist. Five are school teachers. Eight saw fit to have themselves classed as professional office-seekers. Twenty-two left the plow to represent agricultural districts. Of the remaining forty-eight, from whom replies were not received, the majority doubtless were men of the law.

The complete result of the analysis follows: Lawyers, 333; editors, 24; farmers, 22; manufacturers, 19; real estate-insurance, 18; bankers, 11; professional office-holders, 8; doctors, 6; teachers, 7; mining engineers, 5; contractors, 3; chemists, 3; public utilities owners, 3; merchants, 3; postal workers, 2; capitalists, 2; printers, 2; dentists, 2; commission merchants, 2; iron molder, 1; wholesaler, 1; glass blower, 1; owner clipping bureau, 1; lumber dealer, 1; miller, 1; well driller, 1; and unlisted and doubtful, 48.

That women across the line are taking much the same viewpoint of the possibilities and potentialities of the franchise, is evident from opinions expressed, not by prominent suffrage workers, but by the rank and file of women, who now see an opportunity to apply their experience in household economics to the political establishment.

"Universal suffrage will revolutionize the world," said Mrs. Florence Brown of North Dakota (and the officials of the Rebekah assemblies in Toronto who have heard the opinions of many women in her travels over the States.

"So far, women have been working almost entirely along what are called social service lines, but it won't be long till they begin in earnest on economics. They simply won't stand for the political waste that has gone on. They won't hold up on the plea of lack of funds, when vast sums of money are being expended uselessly. They will first try to influence their husbands to go in and make a political clean-up, but if the husbands won't do it the women themselves are quite ready to do the work."

"They are not saying much about it as yet," added Mrs. Brown, "but the women over the line are going to step

**POLITICAL TALK**  
**IN THE OLD LAND**

**Asquith to Resign His Leadership?**

**The Airship Disaster—Death of Canon Sheppard—A Glance Back at the Cricket Season—London Topics.**

(From Our Own Correspondent.)

London, Aug. 31. — Suggestions that Mr. Asquith may resign his leadership of the Independent Liberals before parliament reconvenes have become freely current in some political circles, but cannot find their way to a very solid foundation. Undoubtedly, his followers would not be sorry to see him go. Mr. Asquith has always been a politician at heart, and his "criticism" of the present government from the front opposition benches has generally taken the form of complete approbation of all their words, acts and deeds. His followers have grown very restless under this rather trying experience, and the knowledge of this which has probably inspired the rumors which are now current. But it is one thing to talk of Mr. Asquith resigning, and quite another matter to persuade him to do so. Mr. Asquith is a man whose political life has been a continuous one, and he is still none the less full of vigor and interest in his work. He has not only a keen eye for the future in front of him, but also a keen eye for the past, and it is idle to discuss whether Lord Grey of Faldoon, or somebody else, will succeed to a leadership which is not yet vacant.

The name of Lord Grey crops up in this connection because he happened to put in an appearance in the House of Lords on one or two days before parliament adjourned. But his friends tell us that he is as lacking in political ability as he is lacking in political energy. His eyesight is, happily, improving, but he would still sooner go than fish thumping his salmon net any fish in the political waters. There is talk, also, of Mr. McKenna coming back. They tell me he can have any seat he likes to indicate, if he will return to the parliamentary arena and has made such a reputation for himself in finance that he might even stand a chance of being returned to the City of London itself. But Mr. McKenna is coy. Why should he come back? He is reputed to be earning some thousands a year in the city, and there seems no reason why he should throw up work which is really congenial to him in order to re-enter the House of Commons and lead a party of ruffians to a rather forthright house against a rather formidable political combination on the other side of the house.

**The Airship Disaster.**  
 Everyone in London was inexpressibly shocked by the news of the disaster to the R-38. Some of those who have lost their lives were well known about town—namely Air-Commodore Maitland and Flight-Lieutenant Thomas. Air-Commodore Maitland was probably the best man we had in the airship service. He was always a shipboard man, and he was always a shipboard man. He was always a shipboard man. He was always a shipboard man. He was always a shipboard man.

**Flight-Lieutenant Thomas.**  
 If Commodore Maitland was the best man in the airship service, Flight-Lieutenant Thomas was unquestionably its finest, coolest and most intrepid pilot. The manner in which he, single-handed, battled and destroyed a submarine off the Northumberland coast is still spoken of at the Service Club as one of the finest exploits of the kind the war produced. He began his service in the East, where, if I remember right, he was acting as pilot of an airship that was on the look-out for submarines in and out of the Dardanelles. With him on the island where his airship was based was another young flying officer who had been a special artist in private life and had a special aptitude for comic drawings. I remember being shown a drawing he made of an imaginary airship of prehistoric days. It took the form of an enormous dragon with an exquisitely humorous face. Suspended from its neck and tail were pieces of rope which were attached to a piece of canvas stretched across the dragon's belly. Slitting astride of this, and holding in his hands the reins depending from the dragon's mouth, was Flight-Lieutenant Thomas, with the strained and rather anxious face which was habitual to him when he was "on the bridge." In private life he was shy and almost painfully retiring, but at the moment he was in control of an airship he seemed to become another man—a man of steel and iron.

a studied gippy negligee, with brilliant handkerchiefs knotted over the head, and bare legs in case of the ladies. Some parties look like stage pirates. But, as usual, the "simple life" are making the holiday both highly complicated and very expensive. Some of the punts are lighted with electric light at night inside their tent covers, and the whole atmosphere of an up-to-date Oxford-to-London trip by boat is vastly changed from the photographs of early pioneers shown by the Thames and its tributaries, which show an austere simplicity of outfit and Victorian sidewhiskers for the men, while all the ladies are obviously merely visitors, and wear bustles.

**The Modern Spirit.**  
 Incidentally, the Thames Conservancy, who control the river down as far as Richmond, after which the Port of London authorities take over, is displaying quite and modern spirit in some of its public notices. Posted at every lock, and at intervals along the towpaths, is a notice to the following effect: "All persons using the river Thames, and its locks, works and towpaths thereof must take them as they find them, and use them at their own risk." This somewhat law-light or not, admirably embodies the river spirit, and is quite a pleasant variation from usual official forms. Only one public notice with which I am acquainted is couched in a more jovial spirit, and that is used on the municipal trams in Birkenhead, and is "safety first—warning to wait until the tram stops and the way is clear. Briefly, it reminds the traveler that it is better to be five minutes late in the world than twenty-five years too soon in the new." If the lawyers might dispute about the Thames Conservancy notice, so might, one imagines, the theologians about the other.

**Cabinet Reconstruction is a Topic of Interest—Excitement in Finance and Talk of "Coming Great Crash."**

Berlin, Sept. 27.—Important legislation awaited action by the Reichstag when it reconvened here today, this session of the German parliament being considered as the most important held since the treaty of Versailles was signed. Legislation of the peace treaty with the United States, tax measures and laws calculated to bring order out of the chaos prevailing in Germany's finances, were on the calendar, and there threatened to be a spasm of amendments as a result of the assassination of former Vice-Chancellor Brüning.

Interest centered today in proposed reconstruction of the German cabinet, and it was expected there would be a proposal that the present coalition would be extended by the inclusion of representatives of the German People's party. The majority Socialists continued to assert their allegiance to Chancellor Brüning, despite his announced readiness to cooperate in a government in which the German People's party was represented.

Trading in the Bourse yesterday was feverish, and the Abendblatt designated the present movement of quotations on the mark as "the prelude to the coming great crash."

**The Backbone of Canada**

The story of Canada's prosperity is told in the development of her agricultural resources, for Canada has become one of the greatest agricultural countries in the world.

This has been made possible only through a struggle with problems which the life insurance companies have helped to solve by placing twenty-five to forty per cent. of their entire assets in mortgage loans.

Today this assistance is measured by one hundred and thirty millions of dollars invested in mortgages and loans by the Life Insurance Companies.

Silently and effectively these funds are at work, making conditions easier for our people and adding to the general prosperity of the country.

When you think of life insurance, remember it serves you in two ways—while it is protecting your home it is also building up the nation.

**Will Reorganize Australian Cotton Industry — Favors Anglo-Japanese Alliance.**

New York, Sept. 27.—Mr. Crawford Vaughan, a former premier of South Australia, who arrived here from England on the Cunard Berengaria, on his way home, said in an interview at the Harvard Club that the limitation of armaments conference at Washington was awakening tremendous interest in the Australian Commonwealth, because the subject of the Pacific touched Australia more closely than any other British dominion.

"Prime Minister Hughes at the recent Imperial Conference in London," Mr. Vaughan said, "expressed the Australian view that the Anglo-Japanese alliance should not be terminated, his belief being that it was better for the peace of the world that the status quo in the East should be maintained."

"With regard to the labor situation in England," Mr. Vaughan said, "the unemployed are decreasing in England, but the situation is still very serious. The dole system is breaking down. The attempt of some of the local authorities to pay unemployed higher doles than are being received by men at work was frustrated by the government refusing to sanction this extravagance."

"What are the prospects of Europe recovering its trade?" he was asked. "It all depends upon the rapidity of the recovery of Russia," Mr. Vaughan said. "The 150,000,000 who were customers and producers before the war now have to be supported by the rest of the world. I firmly believe that we should feed Russia first and leave the people to solve their own problem regarding Bolshevism."

Mr. Vaughan said that, after investigating cotton developments here, he is going back to reorganize the cotton industry in Australia, for which purpose he is buying ginning plants and other machinery. Australia promises to be a substantial producer of long-staple cotton, as the climate and the soil are admirably adapted for that purpose, he said.

**NEW POLICE METHOD.**  
**Shoes Fitted to Corpse to Prove Identification.**

Paris, September 27.—An interesting and successful experiment in connection with criminal investigation has been made by the Paris police, who have identified the headless body of a woman found in the Seine some time ago, by fitting an old pair of the presumed victim's boots on to the feet. The police, a girl who disappeared shortly before the crime was discovered. Despite the peculiar conformation of the girl's feet, the boots fitted the feet of the corpse perfectly. In order, however, to make the experiment more certain, a plaster mold of the feet was taken subsequently, which also entirely coincides with the shape of the boots. The authorities are now certain they have solved the mystery of the victim's identity and also believe they are on the track of the murderer.

**CRIPPLE MAKES FORTUNE.**  
 St. John, N.B., Sept. 27.—St. John, who broke his spine several years ago, opened a betting office and took the bets as he lay on his bed at the open window. He accumulated a fortune before the police interfered. He has promised to retire.

**Englishman in Ontario Admits Charge — Desperate Because of No Work.**

St. Catharines, Ont., Sept. 27.—When arraigned in the police court, yesterday, charged with forging three checks for amounts of from \$60 to \$80, John Lloyd of Welland admitted the offence and said he had done it to prevent his wife from starving. He said he had been out from England fourteen years and had not been able to get work more than half the time. Not being able to get work, he had forged the checks in desperation. Magistrate Campbell remanded Lloyd in custody until further notice so that enquiries can be made about him.

STREET CARS ARE STONED DURING LABOR PARADE

Two Motormen are Struck—Windows in Fourteen Cars Smashed—Cars in West St. John Withdrawn—Disgraceful Scenes.

Windows in fourteen street cars were broken and many passengers narrowly escaped injury in a bombardment of stones during the course of a labor parade which was held in the city last evening.

The labor parade formed up in King street east at eight o'clock. The march took the men down around Haymarket Square and nothing unforeseen happened in this vicinity as the street cars did not at the time come in direct contact with the crowd.

In one street car the motorman was struck in the neck with flying glass and another was hit in the chest with a rock. An aged woman in one of the cars here narrowly escaped being hit by a flying missile.

The cars were ordered to the barn by James K. McLean in order to be swept clean. They resumed their regular run. In one motorman reported that his car had been hit by a stone at North street.

STAGE AUTO ROLLS INTO AUDIENCE

Unadvertised Thrill at "Six-Cylinder Love" Startles Theatre-goers—No One Hurt

A capacity matinee audience in the Sam H. Harris Theatre in West Forty-second street, New York, got an unexpected thrill in the comedy "Six-Cylinder Love," when an automobile used in the first act to crash down a flimsy fence rolled over the footlights and dropped its front end in the first row of seats.

The managers of the theatre said that no one was injured, although one woman who was in a seat in the path of the erratic car became hysterical and was taken to the back stage dressing rooms by members of the chorus.

This picture was excellently produced by Albert Spelmann, and the players of the various roles are far above the average in point of intelligence and artistry.

When Winston Churchill's famous novel of the same name was published in 1913, it was bitterly criticized by clergymen as being an unwarranted attack upon the faith.

How To Revitalize Wornout Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, vitalize wornout, exhausted nerves and give you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists in tablets only—never in liquid form.

PROTOVIM

GREED OF THE TRADE FIGHT A TRADE FRAUD WAVE

Appropriate \$100,000 Extra to Combat Greatest Dishonesty in the History of the U. S.—List \$37,000,000 as Stolen. Atlantic City, N. J., Sept. 27.—The Directors of the National Association of Credit Men at their closing session at the Marlborough-Blenheim appropriated for the investigation and prosecution of commercial crooks and announced that the entire resources of the association would be pledged to the suppression of what is declared to be the greatest wave of commercial dishonesty ever known in the country.

It was declared that the association had just brought to the arrest of the first of its kind in the Southwest, outside of El Paso. The recipe for this rapid growth is a mixture of live-wire tactics and advertising of the capital "A" type.

BETTER TRADE OUTLOOK

(Toronto Globe) Conditions as seen by careful observers here were pithily described by Lloyd George in his speech at Dingwall, on Thursday, when he interrupted the delivery of a critical home and foreign issues at a time intended for recreation.

LOWER PRODUCE PRICES

(Toronto Globe) Butter and cheese have weakened, while eggs have been firmer. The position of butter statistically appears strong, as stocks in both Canada and the United States on September 1 showed a substantial reduction, compared with a year ago.

WIFE AND MOTHER FAIL TO RESCUE DROWNING MAN

Port Jervis, N. Y., Sept. 27.—Against the wishes of his wife and mother, Theodore A. Townsend went bathing in the Delaware river. When they saw him seized by cramps, both women plunged bravely into the water to rescue him, but were unable to reach Townsend before he sank for the last time.

THE BUSINESS COLUMN

"If You Can't Sell 'Em—Move 'Em!" A table—just an ordinary table—most satisfactory in its results, but it was the strategic location of the table that did the trick.

The grocer's department, up on the mezzanine floor of the O. A. Hale store, had gradually accumulated a number of old records that simply refused to move at any price.

WHOLESALE ACTIVE

(Toronto Globe) Reports on trade conditions still are conflicting. Wholesale trade in Toronto is brighter and the general tone is good. Dry goods and groceries both report a satisfactory volume of business and the general trend seems to be towards improvement.

Figures of Coal Production in the Dominion. Canada's Imports from the States Greater in First Six Months of This Year Than in the Corresponding Period in 1920.

Ottawa, Sept. 26.—(Canadian Press)—The output of coal from Canadian mines during the first six months of this year declined to 86 per cent of the amount produced in the similar months of last year, but was 5 per cent in excess of the output for the same six months of 1919.

MANY SEEKING JOB OF LONDON JAILER

London, Oct. 27.—Notwithstanding the fact that the job of governor of the country jail here is seemingly an uncomfortable berth, with a salary of only \$1,200 a year, numerous applications are coming in since the announcement of Governor James Carter's resignation. It is reported that William Cason, of this city, a returned soldier, has applied for the post, and that he will seek the support of the soldier organizations.

JEWELRY WORTH \$10,000 STOLEN

Burglars Entered Apartments Bound Woman and Ransacked Place.

New York, Sept. 22.—Two well-dressed young men bound and gagged Mrs. Charles A. Levy in her home, 370 Manhattan avenue, and robbed her of jewels valued at \$10,000.

The doorbell of the apartment rang at one o'clock and when Mrs. Levy opened the door she was told by one of the pair outside that they had been sent by her husband, who is the head of the Broadway Theatre Ticket Company, 218 West Forty-second street, to show her some dress goods.

One of them carried a board about the size of an ordinary suitcase. Mrs. Levy was suspicious and tried to close the door. The bandits quickly seized her, rushed her into a bedroom and bound and gagged her. Then they compelled her to be silent by a threat to kill her and compelled her to disclose the location of her jewelry.

Fearing the robbers would carry out their threats to kill her, Mrs. Levy directed them to a bureau drawer. One of the men walked to the window which overlooks 155th street and pulled down the shade. Then the pair carefully ransacked the apartment, taking only gems and vanishing with a parting threat. When the bandits left, Mrs. Levy rolled over and over on the floor and finally freed her wrists by rubbing the then bindings against the sharp edge of one of the legs of the bed. As soon as she was free, she telephoned her husband, who notified the police.

Mrs. Levy told the police the bandits took a diamond and platinum ring valued at \$3,200, a diamond and platinum bracelet watch worth \$650, several bar pins set with emeralds and diamonds, and \$15 in cash. The jewelry is insured, the police say.

STEAMER ASHORE

Kingston, Ja., Sept. 26.—The British steamship Princess May, which left Halifax Saturday for New York via Cuba, is ashore near Baracoa, on the northeast coast of Cuba. The passengers are reported safe, and the stranded vessel is said to be in no danger. A wrecking steamer has gone to her assistance.

FIVE ARE HELD AS AUTO BANDITS

Men Attempted to Block Another Car, But Were Foiled.

Windsor, Ont., Sept. 27.—Five men who are reported to have attempted, unsuccessfully, to block another automobile with their machine in Main street, a lonely road running through Sandwich West Township to Sandwich, were arrested on a charge of attempted robbery, after a two-mile chase by Constables Joseph LaFerty and Harvey Chiner. They are Oscar Drouillard, Thomas Westlake, E. Benette, N. Brophy and Clarence Lauson, all of Windsor.

Remilla St. Pierre, 1323 Eric street east, his wife and child, and Mr. and Mrs. William Renaud, 926 Marion avenue, were riding in St. Pierre's car when they noticed another automobile with five men following them. Ordered to halt in Main street, St. Pierre refused, only to have the supposed bandit car block the road by speeding ahead and swerving crosswise, then stopping.

St. Pierre put on a burst of speed, swerved around the other machine, and sped for Sandwich. There he picked up two constables and aided in pursuit of the suspects.

Drouillard and Westlake were identified by St. Pierre as members of the party, so Sandwich police say.

A TERRIBLE DROP TO INSTANT DEATH

Milbrook, Me., Sept. 26.—Arthur Wray, a riveter's assistant, came to a horrible death yesterday. He was working high on the skeleton frame of the boiler room extension under construction at the Great Northern Paper Company's mill, when by what appears to be the breaking of a plank on which he was standing, he was precipitated nearly seventy feet striking first on the concrete of the first floor and then on the foundation beneath. His skull was terribly crushed, death being instantaneous. He was about thirty years old.

The Jewish Feast of the Tabernacles commenced last evening and will continue for eight days. This festival occurs once a year and it is in this manner that Israel renews its love of the soil and makes public avowal of the fact that civilization, such as ours, depends largely upon Mother Earth for its existence.

STRANGE VARIETIES OF FISH REVEALED

Eruption of Volcano Causes Some Remarkable Discoveries.

Honolulu, Sept. 27.—Varieties of fish hitherto unknown were discovered as a result of the eruption of the volcano of Mauna Loa two years ago. This fact has just been announced by Dr. David Starr Jordan, Chancellor Emeritus of Leland Stanford Junior University, California, noted ichthyologist.

The columns of lava burrowed deeper into the ocean than men had been able to penetrate, and thousands of fish of strange and fantastic shape and color were killed and washed up on the beach by the tidal wave caused by the lava flow.

Among them were found six varieties hitherto unknown to science because their habitat was presumably lower in the water than science had been able to observe.

Amateur ichthyologists in Hilo, Hawaii, selected species which were known to them and sent them to Dr. Jordan for examination. The result was that the six new species were classified.

Dr. Jordan said when he made public the classifications here, while he was attending the sessions of the Pan-Pacific Educational Conference.

The designations given to the six species by Dr. Jordan are: Loo Exeela, a species of kikihi or butterfly fish, strikingly banded in yellow and black.

Vesposus Eregyros, so designated because of its resemblance to a wasp's nest.

Rhyacanthias Carlsmithi, named for Carl A. Carlsmith of Hilo, who sent many of the species to Dr. Jordan. It is a deep rose red in color.

Rhechias Arniegue, a conger eel with hooks on its snout resembling black-wedge thorns and is solid dull black in color.

Nyelmetian Reinhardt, named for the Hilo resident who discovered it. It is a small black lantern fish, so designated because of the many luminous glands behind the eye and along its sides, which give the impression of phosphorescence. It is a solid dull black in color.

Peristation Engyceros, or alligator fish, of a brilliant scarlet hue, which is characterized by large bony plates of armor.

Each of the six is a deep-water fish. All live in water of more than 150 feet in depth and some as deep as 600 feet.

Nothing except a cataclysm of nature such as the Alka flow could have brought them to the surface, Dr. Jordan said. Rhyacanthias Carlsmithi ranged at least 1,000 feet below the ocean's surface, he added.

Dr. Jordan has sent to the Smithsonian Institute in Washington, D. C., a paper detailing the results of the investigation and the new classifications.

GREAT SHAKE-UP OF POLICE BY CHICAGO CHIEF

Chicago, Sept. 26.—Dismissal of Chicago policemen in wholesale lots was presaged in official circles today by Chief of Police Fitzmorris.

Following announcement Saturday by Chief of Police Fitzmorris that more than 6,000 may be involved in liquor law violations, Chas. F. Clyne, United States district attorney, promised his cooperation to Fitzmorris and today is to furnish a list of all officers who have fallen under federal investigation in connection with whiskey running and bootlegging.

Chief Fitzmorris has announced his intention of dismissing every man implicated in liquor deals and claims he has a list of men that can replace hundreds of policemen if it becomes necessary to dismiss that many. In a statement issued last night, the chief termed prohibition a failure until the liquor was cut off at its source of supply.

Hundreds of policemen have been transferred and many resigned.

CANON WILSON OF SPRINGHILL DEAD

Springhill, N. S., Sept. 26.—Rev. William Charles Wilson, of Springhill, noted recently, honorary canon of All Saints' cathedral, Halifax, died here early this (Tuesday) morning at Springhill Cottage Hospital, which he founded.

Rev. William Charles Wilson, the miners' friend, was born in London. He was ordained priest in 1885. He was widely known in Canada and the United States and had declined twice the appointment of archdeacon by the Episcopal church of the United States.

MEIGHEN OPENS CAMPAIGN TODAY

(Canadian Press Despatch.)

Winnipeg, Sept. 27.—Accompanied by Senator Sharpe and Hon. H. H. Stevens, minister of trade and commerce, Rt. Hon. Arthur Meighen, prime minister, arrived in Winnipeg this evening. He remains here till tomorrow afternoon, when he leaves for Portage La Prairie to make his opening speech of the campaign. Prior to the meeting at which Mr. Meighen is scheduled to speak, a reception will be held in his honor. The speech is awaited with the keenest interest. It is expected that Mr. Meighen will pay particular attention to the National Progressive movement, the inquiry into the grain trade and the injunction proceedings in connection therewith.

Among those at the station to welcome the prime minister was Major Andrews, member for Winnipeg Centre, who left the government ranks last session to join the independents of the cross benches, but who recently returned to his former allegiance.

THE MOORS MAKE STRONG RESISTANCE

(Canadian Press Despatch.)

Madrid, Sept. 26.—Spanish troops encountered spirited resistance from Moroccan tribesmen when they made their advance south of Melilla on Friday, says an official statement issued here.

Careful preparations had been made for the offensive and the maneuvers were elaborately planned by the officers in charge of the operation. Six hours after the advance began General Sanjurjo's column attained its objectives, including Talmna, on the western shore of Marseha.

Hostilities have not been resumed by the Moroccans since the light on Friday.

COUNTY TO PAY ADDITIONAL SUM

A short session of the finance committee of the municipal council was held yesterday afternoon in the office of the county secretary. Mayor Schofield was in the chair, and others present were: Warden Bullock, Councillors O'Brien, Bentley and Donovan, Alexander Wilson, L. W. Simms, Harold Mayes and J. A. Barry, of the county housing board, as well as the county secretary, J. King Kelly. A small amount of routine business was discussed and the secretary was authorized to finance the sum of \$2,006.06, interest due the provincial government on the housing loan, in the event of the board not being able to provide this amount.

A 10-Day Tube of Pepsodent to show you how to end film. See below.

This new way of tooth brushing brings five desired effects. Some are immediate, all are quick. A ten-day test, which costs you nothing, will clearly show you what they mean to you.

Leading dentists everywhere advise this new-day method. Millions now employ it. You see the results in glistening teeth wherever people gather. Now let your own teeth show them.

You must fight film

Brushing does not save the teeth if you leave the film. That's why well-brushed teeth so often discolor and decay.

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The ordinary tooth paste does not end it, so very few people have escaped its damage.

It is the film-cost that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So dental science has in late years sought ways to fight that film.

Scientific methods Efficient methods have been found. Able authorities

TO FORM LEADERS TRAINING CORPS. A meeting of the C. G. I. T. leaders was held in the Y. W. C. A. recreational centre last night and was addressed by Miss Mary Allison, maritime girls work secretary for the religious education council, who pointed out the need of establishing a leaders training corps in St. John. The matter was discussed thoroughly and it was felt that the C. G. I. T. work could not be carried on with real success unless such a corps were formed. Miss Helen Sims put the motion which Mrs. C. Christie seconded and which carried unanimously, that steps should be taken to form the leaders training corps as soon as possible. Miss Katherine Sims presided and Miss Allison led the opening devotional exercises.

Proper care will save your complexion. You need have no fear of exposure to sun or wind if your toilet includes the daily use of DAGGETT-RAMSDELL'S PERFECT COLD CREAM. Women in all walks of life have discovered this, and are daily users of this cold cream. **Matty Is Greatly Improved.**  
Saracac Lake, N. Y., Sept. 27.—Matty Matheson motored into the lake to have his shoes shined, appearing to those who talked with him in a better spirit than at any time since he came here more than year ago to begin his fight against death. The veteran baseball player said that he had just completed a 100 baseballs, which will be sold in connection with the testimonial game to be played for him in New York next week. Although he is unable to attend the game, he expressed the belief that he soon would be able to travel. Matheson expressed a desire to do some hunting, having seen raccoon and several partridges from a automobile today.

**U. N. B. Suggests a Series of Preparatory Exhibition Games—Get English Balls and Rule Book.**  
(Special to The Times)  
Fredericton, N. B., Sept. 27.—The U. N. B. is in communication with St. John's, Moncton, St. Dunstan's College of Charlottetown, Halifax, Wanders and King's College with a view to having exhibition games played here, preparatory to the intercollegiate games with Acadia and Mt. Allison.  
Coach Jack Axtell has a good-sized squad of players working out, and it is probable that the vacancies in the team of 1920 will be filled satisfactorily. A meeting of representatives of the three colleges in the league will be held in Truro during the first week of October. It is probable that U. N. B. will make a change in the usual arrangement and ask to have Mt. Allison play here after the game between U. N. B. and Acadia at Wolfville.  
The referee question also will have to be threshed out. Mr. Allan of Halifax is likely to be suggested by U. N. B. He is a registered Rugby referee in this country, and his work at Halifax last season was of the best. It is also likely that some definite rule with regard to official referees will be asked for to prevent a situation such as that which arose here last season.  
Proper English footballs and rule books have been imported. Both have been missing in this section recently. The English ball is different from the Canadian or American, which are quite generally used. It is the official intercollegiate league ball and must be used. For some years it has been extremely difficult to get rule books. A close study of them would go far toward eliminating foreign features which have crept into the game as played in this province. Acadia and Mt. Allison both have been working with their football squads, although lecturers did not start until some time later than those at U. N. B. A week's extra football practice has been put in at both Sackville and Wolfville, and both are reported to be strong.

**AMERICANS WILL CHALLENGE EUROPEAN FASHION SHOWS**

New York, Sept. 27.—An organization of American clothiers has decided to invade Europe and compete with European fashions right on their own ground. **QUICK WIT SAVES LIFE.**  
New York, Sept. 27.—H. F. Scabrook saw fifteen-year-old Henry Mills pushed off the subway platform between two coaches just as the train was starting. Knowing the boy would be crushed between platform and train if he rose, Scabrook knelt and held the boy down until the train passed.

**CAIUS FIRE.**

The plant of the Calais Cabinet and Veneer Company was destroyed by fire yesterday morning. The loss is \$30,000 and a half building. The fire started from some unknown cause. Rain falling in torrents helped the efforts of the fire department for the establishment and maintenance of a great system of chain stores.  
The contents of the adjoining warehouse owned by Todd Brothers was damaged by smoke and water. The family of Samuel Wilson, who occupied the top flat, escaped in their night clothes.

**ST. PETER'S TEAM KNIGHTS' GUESTS**

**Delightful Evening in Coburg Street Rooms—The Relationship Between Sport and Citizenship.**

St. Peter's baseball team, champions of the City League, were guests of the Knights of Columbus at a banquet held in their home in Coburg street last evening. J. J. Henneberry, grand knight, presided and Dr. J. B. Gosnell, deputy grand knight, was toastmaster. A number of addresses were given in which the knights lauded the achievements of the team during the season and expressed the wish that they would win more laurels in the future. The tables were tastefully decorated. On the guests seated by the champions reposed under open pyramids of hats held together with colors of the team and those of the Knights of Columbus. The championship pennant won in 1920 reposed over the guests table.  
E. J. Henneberry, grand knight of the council, then extended a hearty welcome to the members of the team and assured them the banquet tendered them was but the expression of appreciation of the efforts of St. Peter's by their friends and admirers. The other teams playing baseball in the city this year likewise came in for a share of praise in the grand knight's address. He said that St. Peter's had played a part in developing the qualities of manliness, honor, uprightness and truth, which were characteristics of the team's citizenship and good citizenship. The Knights of Columbus, he said, stood for the creation of good fellowship for the good of the community and consequently they appreciated the efforts of St. Peter's baseball team in this direction and he hoped that they would infuse the same into the line of true citizenship which developed and helped to round out the qualities of good citizenship.  
Rev. George P. Coffin, C. S. S. R., spiritual director of St. Peter's, M. A., expressed his gratitude to the knights on behalf of the Y. M. A. and also conveyed the regrets of Father Hogan, who was unable to be present on account of illness. St. Peter's, Y. M. A., stood for the intellectual, spiritual, moral and physical development of its members. The Knights of Columbus stood for clean sport and he thought that the team had demonstrated that on the diamond. This appealed to him more than the championship because it gave him greater pleasure to see the team live up to the principles taught in the Y. M. A. He said he would like to see a spirit of good fellowship existing between all the athletic clubs of the city and he thought that St. Peter's could do a lot in promoting that spirit. He complimented the Knights of Columbus on the splendid work they were doing both in Canada and in the United States and he wished the local council increasing growth.  
Thomas McGovern, manager of the team, referred to the support which the team had received from Father Hogan and Father Coffin throughout the city. He said that no friction had existed in the past season between St. Peter's and the other teams in the City League and spoke in highly complimentary terms of the faithful adherence of both the Pirates and Commercial to the rules of the game. He said that the summer programme of baseball to be carried out according to schedule. He said that the season had been a successful one financially. He wished to thank the followers of the team for their support.

All the speakers of the evening were accorded generous applause but a veritable ovation was tendered "Joe" Devere, captain of St. Peter's team, who rose in response to a request for a few words. When the end of the cheering, singing and other unfeignedly enthusiastic expressions of the followers of baseball had finally terminated, Captain Devere made a brief speech thanking the Knights for the banquet tendered his team and hoped some time in the near future that they would be able to return the compliment.  
Ray Hansen said that it was good to win a championship but to know that friends appreciated the victory was better still. He referred to the role of engagement and said that the emotions expressed by the crowd in the stands made them virtual players also. E. Gibbons, secretary of the Knights, said that "Bernie" Mooney announced that next year it was the intention of the management to have a thousand cubic yards of rock removed from the left field line so that "Doherty can run into the rocks without hitting himself." Barney said he won great honors this year and complimented them on the efficient baseball machine they had developed. He said the team had a good deal to be thankful for in the co-operation given them by the Relempointer Fathers.  
A lesson of value in daily life could be learned from the St. Peter's team, Dr. Broderick said. Their organization stood for a full education—mental, moral and physical. In the playing of the game one learned how to accept defeat and to come back again with renewed determination to win. He dwelt briefly on the philosophy of baseball pointing out how it taught the players the necessity of being prepared for any work they might undertake and also how it taught the value of co-operation or team work.  
M. Morris sang and Robert McDade gave a reading during the course of the programme.

**FILMS TO TEACH FARMING**

**PROVE MOST SUCCESSFUL.**  
Ottawa, Sept. 27.—The employment of motion picture films in connection with agricultural instruction is proving a notable success, according to the September-October number of The Agricultural Gazette of Canada. Attendance at short courses and institute meetings in Manitoba have been increased fifty per cent by their use. In the Department of Agriculture in Saskatchewan a motion picture bureau is being organized from Quebec the report is that this method of teaching has been introduced and it looks as though it will soon supersede all others. Nova Scotia is following along the same lines and already has the nucleus of a modern picture bureau.

**AMATEUR SPORT WINS SUPPORT OF U. S. PAPERS**

"Sports have been emphasized on the theory that they contribute to the up-building of a vigorous, sturdy people," announces the Baltimore Sun, aroused by the decision of the Chicago Tribune "to use the compressor on professional baseball stories." "That can scarcely be accomplished by vicarious exercise, as it were. After all, the thousands of spectators who crowd the bleachers and stands while the handful of employes of a close corporation improve their health by doing something of the nature of a sedentary habit. As the Tribune points out, it reduces no waist-lines and develops no chests. The Sun goes on to say that whether professional baseball may be considered a sport, in the best sense. The answer to the American need for sport seems to be amateur sports, concludes the editor, which same conclusion is reached by numerous athletic authorities, all stirred to comment by the unprecedented action of the Tribune in cutting down its reports of professional baseball. The baseball reporters write their stories well, admits the Tribune's editor, but he deplores in the course of his editorial declaration of independence.  
"We are getting a little tired of the subject. We are beginning to have a very active doubt as to the value of professional baseball in American life.  
The Black Sox gave it a black eye which has not yet healed. It is not whether morally it is hipodromes like a bull-fight. Two or three hours in a ball park do not take anything of the waist-line of the spectators or add anything to the chest measurement. A soft citizen can go to a ball game and be merely a bit sore as well as soft after it.  
The majority of spectators get only eye and mouth exercise. We have known that the professional game itself matter than now is printed, but that they played with more earnestness on the lots because they admired Babe Ruth. We will admit that professional baseball is a stimulus to boys, but journalism has overtaken it with space. The Tribune is down to about a half column now for his inability to play at home teams play which is justified by parochialism and to a bare statement of vital statistics regarding the other clubs. That is enough. Ten years ago professional baseball was given four, five and six columns a day. Its daily record took virtually a page of much more compact reading matter than now is printed.  
By reducing the space given to professional baseball the amount which can be given to other sports, particularly to amateur sports, and on the bleachers sports seldom produce the ability of professional sports, but they produce the social citizenry. That is not produced in the grand stand and on the bleachers of a baseball park, but on the prairie field, on the tennis-court, and in the water and on the track.  
They do not seem to have the patience or the collective habits which permit Germans, Bohemians, Swedes, etc., to improve national physique by organized exercises which are not games.  
The Englishman who has any leisure keeps himself fit by playing games. The Americans do not play as much as the English do and they do not exercise as the Swedes and Germans do. They will not accept military training which would develop the body. They produce enough champions, but championships, if developed from a non-exercising people by special treatment of special abilities do not correct general physical tendencies.  
Possibly by paying more attention to the sports generally available to people a newspaper can do something to increase the use of sports as recreation and exercise. Tennis is one of the best games in the world. It is so adjustable to the abilities of people that almost any one can play it by merely finding an opponent on about the same level or skill or awkwardness. Golf has other claims and has gained adherents steadily. It will not do any harm if professional baseball is played down in the newspapers and general sports are played up.

**THE TOLL OF CANCER**

(From the American Society for the Control of Cancer, 25 West 45th St., New York.)  
New York, Sept. 27.—Nine thousand three hundred residents of New York State will die of cancer during the present year, 1921, according to an estimate made by Dr. Francis Carter Wood, director of the Institute of Cancer Research, Columbia University. Dr. Wood, one of those working in the interest of "National Cancer Week" to be held from October 30 to November 5 by the American Society for the Control of Cancer, makes his estimate in the current issue of the "Health News," the official organ of the New York State Department of Health. His figures are based on mortality records, running from 1916, when 9,400 cases proved fatal, and including 1920, when deaths numbered 10,200.  
In a substantial majority of these cases the patients could have been saved, Dr. Wood declares, if they had sought competent medical advice at the inception of the disease and the growth had been promptly removed. It is to bring home to the public the importance of early diagnosis and treatment that the foremost physicians and surgeons of the country are to inaugurate a nation-wide campaign next month.  
"Of the 10,300 people who will die of cancer during 1921," says this noted authority, "approximately 400 will die from cancer of the mouth or tongue, 3,800 will die from cancer of the stomach or liver, 1,500 from cancer of the female organs, 300 from cancer of the skin, and 1,900 from cancer of various other organs."  
"Every case of cancer of the skin could be cured if all physicians were sufficiently well informed and all patients consulted them promptly on the appearance of any slight irritation of the skin," Dr. Wood continues. "Of 100,000 women who will die of cancer of the breast, the majority could be cured if seen and operated upon by a competent surgeon within a few weeks after the first ap-

Happy Time in Milford Hall—Prospect of Good Field Next Year.

The members of St. Rose's baseball team, champions of the West End Intermediate League, were the guests of St. Rose's Dramatic Club, at a social held in their hall in Milford last evening. Patrick Murray presided and on the platform with him were Joseph Fitzgerald, general manager of the team, and Councilor John T. O'Brien. After an address of welcome to the assemblage and some complimentary remarks regarding the success attending the efforts of the baseball team the chairman called on Mr. Fitzgerald, who voiced his appreciation and that of the members of his team for the mark of appreciation tendered them by the club.

### SEPTEMBER BRIDES

#### Killora-Ring.

A wedding of interest in St. John and along the Miramichi River was solemnized on Thursday of last week when Miss Margaret Bernetta Ring, only daughter of the late Mr. and Mrs. John Ring, formerly of St. John, was united in marriage to James Leo Killora, son of Rev. F. C. Ryan with nuptial mass in St. Thomas' church, Redbank. The bride, who was given in marriage by her brother, Murdoch Ring of Moncton, looked charming in a traveling suit of navy velvet embroidered with silk and sequin. She wore a large picture hat with ostrich trimmings and carried a bouquet of American Beauty roses. Miss Stella Power acted as bridesmaid and wore a becoming suit of taupe velvet with hat to match and carried a bouquet of Ophelia roses and fern. Patrick Power was best man. M. Fitzgerald played the wedding march. Following the ceremony a wedding breakfast was served at the home of Mr. and Mrs. William M. Sullivan. Mr. and Mrs. Killora left on a honeymoon trip which will be spent along the Miramichi. On their return they will reside in St. John where the groom is a member of the staff of the Canadian customs. He is a returned soldier and a former member of the original 26th battalion. The bride has been a bookkeeper and stenographer for several years with Mr. Sullivan at Redbank. Many friends here and elsewhere will join in extending best wishes.

#### Graham-Harrington.

St. Peter's church was the scene of a very brilliant wedding at 5.15 this morning, when, with nuptial high mass, Rev. G. Coffin, C.S.S.R., united in marriage Francis A. Graham, son of Bart Graham of Fairville, and Mary Beatrice Harrington, daughter of Daniel Harrington, 149 Adelaide street. The bride, who was given away by her father, looked very lovely in a navy blue tricotine tailored suit, with picture hat of black panne velvet, and carried a bouquet of Ophelia roses. Miss Geraldine O'Neill, niece of the bride, was attendant, and wore a suit of coupon broadcloth with hat to match, and mink throw. She wore a corsage bouquet of Ophelia roses. Miss Geraldine O'Neill, niece of the bride, was attendant, and wore a suit of coupon broadcloth with hat to match, and mink throw. She wore a corsage bouquet of sweet peas. John Graham supported the groom. The bride entered the church to the strains of the wedding march, and at the offertory of the mass, Patrick Graham, cousin of the groom, sang Ave Maria, very effectively. After the wedding the bridal party motored to the home of the bride, where a dainty wedding breakfast was served, after which Mr. and Mrs. Graham left on the train for a visit to Charlottetown, P. E. I. The popularity of the bride and groom was testified to by the numerous gifts of silver, cut glass, china, etc., received. The bride is a graduate of the Provincial Normal School, and also a graduate of Hartford Hospital training school class 1919, and has been nursing in Hartford until recently. The groom is a popular lumber contractor of the province. A host of friends in Hartford and St. John extend their best wishes to Mr. and Mrs. Graham, who, upon their return will reside at 32 Manawagonish road.

### PARIS CASE TO THE GRAND JURY

#### Other Serious Criminal Matters to Consider.

Judge Barry Presiding at Circuit—Docket Includes Two Cases With Deaths Involved and Alleged Serious Attack on Girl.

Indictments in two cases of murder, one of rape and one of breaking and entering were placed before the grand jury at this morning's session of the circuit court here with Mr. Justice Barry presiding. There were also several civil cases filed.

Evidence was taken by the grand jury in the case of John Paris, charged with the murder of Sadie McAuley and the court adjourned at 1 o'clock without completing the case.

The docket was as follows:

#### Criminal Cases.

King vs. John Paris, murder.  
King vs. Edward O'Brien and James Thomas Spellman, murder.  
King vs. William O'Brien and Frank O'Brien, breaking and entering.  
King vs. Albert Sullivan, rape, and, second, carnal knowledge of a girl under sixteen and over fourteen years of age.

#### Civil Jury Cases.

Hayes vs. Cairns, administrator of Wm. A. Cairns—J. A. Barry.  
Oxford Manufacturing Co. vs. Fishman and others—J. H. A. L. Fairweather.

Porter Manzer, Ltd. vs. Canadian Government Merchant Marine, Ltd.—Dr. F. R. Taylor, K. C.

#### Civil Non-jury.

Walsh vs. Walsh—D. Mullin, K. C.  
Canadian Bank of Commerce vs. Paterson, Inches, Weyman & Hazen.  
Wood vs. Porter—J. D. P. Lewin.  
The grand jury was as follows:—M. P. Grass (foreman), Chas. H. Lawson, George R. Andrews, John H. Marr, Thos. McFarlane, Allan J. Barbour, Wm. D. Hatfield, Herbert J. Brown, George W. Carleton, John V. Holland, Bernard J. McGovern, M. T. Colohan.  
Pettit jury:—Stanley C. Webb, George A. Slackhouse, Marshall D. Austin, G. W. Hatheway, John A. Driscoll, George P. Kelly, Horace G. Black, George Bishop, Charles A. Clayton, William W. Hawker, John S. March, R. G. Dyer, Beverly T. Vincent, A. Chip Ritchie, T. Carleton Olive, Daniel J. Hamilton, C. B. Allan, A. G. Gregory, F. C. Wesley, J. J. Irvine and Herbert Nice.

#### Judge's Address.

Before charging the grand jury, Judge Barry referred to the absence of Jurymen Brown and said that he would have to impose a fine unless the absent members could account for his non-appearance. Mr. Brown, however, arrived after the jury had been charged.

His honor referred to the two cases which had already been laid before him—that of the King against John Paris, and the King against Albert Sullivan. He first reviewed the evidence in the Sullivan case.

The charge against John Paris, he said, was that he did kill and murder Sarah Elizabeth McAuley on August 2. Going over the depositions of witnesses at the previous examination he said that the dead child was nine years of age and was slightly deformed through hip disease. She and her father, Hattie Levine, aged 11, went with the Levine girl's father's dinner to Douglas avenue and afterwards went picking berries. The little girl told of meeting a man who offered to show them where to get larger berries. The little McAuley girl went with him and this was the last time she had been seen alive. A week later her body was found buried near the place where she was last seen. It was contended by the judge that she did not die a natural death—there was no doubt of murder.

He said that scores of men had been held, but the Levine girl could not identify them. Then Paris was arrested and Hattie Levine in her testimony said that the man was about the same size; Paris looks like him but the mustache makes him look different.

"Walter Humphrey," Judge Barry said, "tells a story which is very interesting, in fact almost conclusive." On August 2, he said that he rowed Paris across the river and on August 3 he saw Paris again and Paris asked him to row him across the river again. While in the boat, Humphrey testified, Paris told what had happened in the park the previous day and asked him to go to the park and help him "cover up that kid." If this is true, the judge remarked, it is conclusive.

Humphrey said that some days later he saw Paris trying to keep out of the way of the police. There was lots of evidence, his honor said, corroborative of the evidence given by Humphrey with the exception of that covering the conversation in the boat. Dr. Ambranson, in his evidence, said that death was instantaneous and there was evidence of rape.

Addressing the foreman, Judge Barry instructed him to swear all the witnesses himself or delegate somebody to do it in the case of his absence. The practice before this he said had been to swear the witnesses in court and then send them in to the grand jury, but he found in a recent case in Westmorland that some of the witnesses had not been sworn at all.

He said that he expected another indictment of murder would be brought in later, as well as one of breaking and entering.

The grand jury then withdrew and started to hear evidence in the case against John Paris. After hearing the testimony of Walter Humphrey, Sergeant-Detective John T. Power, Dr. H. L. Ambranson, provincial pathologist, and Hattie Levine, the grand jury adjourned until 2.30 o'clock. Further evidence will be taken on this case this afternoon.

The gravity of the cases on the criminal docket attracted great crowds to the hearing and an hour before the court was due to sit, there were hundreds gathered about the doors. Very few, however, with the exception of jurymen, witnesses and members of the legal profession and press were allowed to gain admittance.

#### TUG FOR ST. JOHN.

Capt. Frank D. Stevens will leave this evening with a crew for Halifax to bring the tug "Togo" to this port.
