#### WANT PENSION OF \$3 EACH DAY

Old Age Assistance for Coal Miners After Sixty

Resolutions Passed at the United Mine Workers' Convention in Truro—Government Criticized Over H. C. L.

(Special to Times.)

Truro, N. S., April 8.—At the United Mine Workers' convention yesterday afternoon a resolution censuring the organization's executive in connection with making wage agreements, including the McKinnon award, was rejected.

A resolution adopted, objected to the workmen's compensation board holding all its sittings in Halifax and asking that the board also have sessions in such industrial centres as Sydney, Glace Bay and New Waterford.

A resolution re old age pensions was approved. It stated that a miner's productive years are short and asked that old age pensions begin at not later than sixty years. The pension named was "not less than \$8 a day for every day in the month."

#### THE DOLLAR IN FRANCE AT HIGHEST

Makes Record in Light of Events in Germany.

British and Belgian Money Also Up—Brokers Criticize the Course of France.

Paris, April 8.—At the stock exchange yesterday the market indicated a belief in some quarters that French government fell into a trap cleverly laid by the German government to separate France from her Allies by asking for indemnity French authorization to enter the Ruhr district and putting it up to France alone to refuse Germany permission to take military measures.

The dollar yesterday rose to the highest point ever known—15.25, and the pound sterling to 61.10.

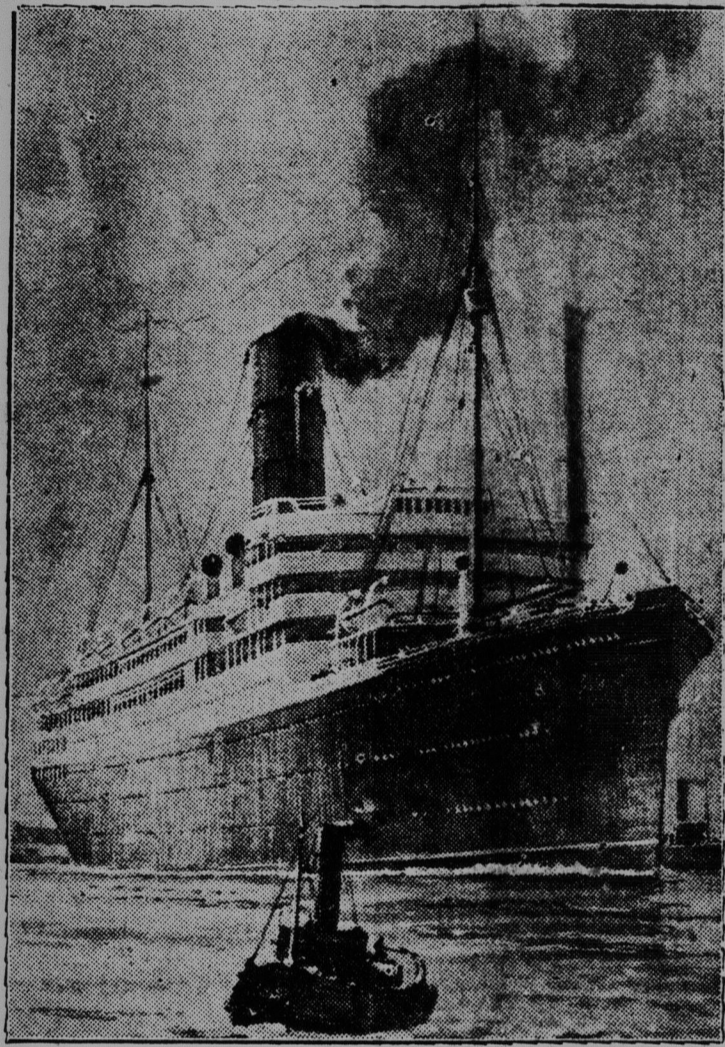

#### THE UNKNOWN SOLDIER NOW IS IN TORONTO

Toronto, April 8.—The shell-shocked soldier who thinks he is Frank Hall of Bradford, and who is now here at the Dominion Orthopedic Hospital, had not been identified late last night. It is apparent that he is striving to regain his memory, which, on some points, seems fairly fair and it is believed the mystery as to who he is may soon be solved.

#### STREET RAILWAY BURNS AND CARS IN WINNIPEG BURN

Winnipeg, April 8.—In a spectacular fire last night the main street South of the central barns of the Winnipeg Electric Railway Company were destroyed with damage estimated at about \$400,000. The principal item in the loss is the oiling stock, which included twenty cars, four sweepers and two work cars.

NEW CUNARDER "SCYTHIA"

#### Huns Surrender More Warships Under Terms of the Treaty

London, April 8.—The German battleships Nassau and Ostfriesland arrived at the mouth of Forth yesterday in compliance with the terms of the treaty of Versailles.

Ultimately the Ostfriesland will be turned over to the United States government, and the admiralty is awaiting instructions from Washington regarding the date on which the vessel will leave for the United States.

#### SHOOTING GEESE FROM AIRPLANE

Rich Chicagoan Gets Into the Hands of New Jersey Game Warden.

Atlantic, N. J., April 8.—A flock of geese pursued by a seaplane, from which shots were being fired, 1,000 feet over Abcon Inlet, held the attention yesterday of Game Warden P. K. Hilliard.

Warden Hilliard told United States Commissioner Lewis, before whom the prisoners were arraigned, that Jacquith, not knowing his identity, had related to him all the thrills of the sport, whereupon, the warden said, he informed Jacquith he was under arrest for violating a federal game law, which carries a penalty of \$300 fine and six months in prison.

#### CANADIAN RY. SHOPMEN ASK FOR A CONFERENCE

Montreal, April 8.—The Canadian railway shopmen, comprising 400,000 workers within No. 4 division of the federal railway shop trades, and the executive committee, will make a request to the Canadian railway board to open negotiations with the men's representatives in Montreal on April 27.

The shopmen's action is taken following recently formulated demands of the Canadian metal trades district council for a flat rate for all skilled trades of ninety cents an hour.

### St. John Sidewalks Bill Is Up Today

Senator Thorne Before the Committee

Question of Application of St. John Charge to Users of Twenty Years or More—Large Moncton Delegation in Fredericton.

(Special to Times)

Fredericton, April 8.—The municipal committee this morning took up the bill relating to public streets in the city of St. John, providing that charges for sidewalks, vaults and openings shall not be imposed for any opening or use which was in existence or was enjoyed at the time of the passing of the act.

Mr. H. Harrison, appearing for W. H. Thorne & Co., Ltd., the Bank of Montreal and others, argued for the continuation of long existing privileges.

Mr. Potts did not agree. He thought that this made the bill class legislation. The city should control its sidewalks and be entitled to rental for spaces. He had been asked by the present commissioner of public works to oppose this bill, and he did not see how Mr. Baxter could claim to be representing St. John on the stand he had taken.

Senator Thorne spoke in support of the bill. He related the history of the sidewalk vaults and said they were a benefit rather than otherwise to the city. He had given the choice of paying \$200 a year rental or closing the vaults. He considered these rights part of the property which he had paid for but had offered the city to give the sidewalk property back to the city if it did not see how right could be made wrong and wrong right.

Mr. Baxter said that in the original bill the use of twenty years was accepted. Mr. Potts agreed that this was right. The credit for the original bill was due to the legislature which amended it. He said the rate of rental was not so important as the principle of civic control.

On his motion the rate of interest authorized was increased from five to six per cent. The bill was reported with amendments.

#### TAKE EXCEPTION TO PROVISIONS IN GREAT MARSH BILL

Matter Up Before Council Today—The City May Ask for Representation.

Proposed amendments to the bill which is before the legislature with regard to the Great Marsh Commission were discussed briefly by the common council this morning and it was decided that the St. John members of the legislature be asked to discuss the matter with the commission and that the city be represented at Fredericton when the bill comes before the house.

## Crown Brand Syrup

**S**OFT without being sticky, smooth without running, icings and frostings that stick to the cake, not to the plate, cakes with a delicate glaze coating that tempts the eye and pleases the palate—CROWN BRAND Syrup has been a wonderful aid in baking.

It is only since I discovered "The Great Sweetener" that my icings spread smoothly, without granulation, and set without the cloying sweetness and hardness that come from using sugar alone.

### LOCAL NEWS

**THE 4TH SIEGE BATTERY** under Major N. P. McLeod, M. C., resumed drill last evening in the Carleton drill hall, with quite a number of recruits upon its strength.

At a mass meeting of labor men last night in the Longshoremen's hall, Water street, P. C. Sharkey, J. E. Figue, J. L. Sugrue, A. D. Colwell and others gave addresses in the interests of F. A. Campbell, Labor candidate for commissioner. He gave an address on his platform, and was pledged hearty support.

On a voyage to the south last month, the Parrsboro tern schooner Minna Prince came near losing four of her crew, three seamen and the young son of W. H. Smith, her captain. The lad had been washed overboard and a boat was put off to his rescue. He was in the water an hour and a quarter, clinging to a life buoy, before he could be rescued.

### RESISTS EFFORTS TO SAVE HER LIFE

Hamilton, April 8.—Resisting to the last every effort that was made to save her after she had jumped into the bay, a young woman, believed to be Helen Tremblay, whose home is at 458 Wilson street, sank near the revetment wall. Though efforts were made to recover the body by the police, they were not successful. They did, however, secure her hat, and this was later identified by a sister of the young woman. She had recently suffered a nervous breakdown.

The woman was seen on the revetment wall acting strangely. The police were called, and when they arrived in the patrol wagon she jumped from the wall into the water. A line was thrown to her, but she pushed it aside. A boat hook was then procured, and it caught her clothing, but she pulled the hook out and sank not to rise again.

### CLOTHING TO GO HIGHER SAYS MR. CREARY

But He Will Sell Semi-ready Clothes Below the Price in Pocket During His Big Removal Sale Which Opens Today.

Mr. Creary states that in the year 1919 the price of Botany tops on the Bradford Wool Exchange climbed from \$1.90 a pound to \$2.92. This was the closing price of the year. It was a steady climb.

In January 1919 the price was \$1.50. In June it ran up from \$2.00 to \$2.10. In July it went to \$2.22. In September the price was \$2.47. In December the price closed at \$2.92 per cent or exactly \$2.92 and 4-10 of a cent per pound. Very coarse wool such as it is used for carpets and known as Lincoln Hogg's, closed the year at a price of 83 cents a pound.

Before the war—in 1914—Botany wool tops sold at 56 cents; crossbred tops sold at 40 cents; coarse wools at 27 cents. What is the future? The increase in the finer wools, the Botany tops used in the manufacture of our best clothes, and the finer class of tweed is equal to 420 per cent. Can anyone look into the future and say what prices will be normal, or when they will again appear reasonable? An English woolen buyer came to our store for some cloth to go as high as three pounds sterling per yard. What was the cost? A ton of wool other costs have not gone as high as 500 per cent. Had they done so we would have to let \$68 for a pre-war \$15 suit. Look as we will, and wish as we would, there seems little likelihood of any price relief in 1920. Wages continue to climb. My advice to all who are in need of clothes is to take advantage of our Big Removal Sale, concluded Mr. Creary.

### RURAL DEPOPULATION

Brookville Recorder: Farming has, of course, improved since days gone by. The farmer of today has telephones, automobiles, permitting ready access to towns and cities, improved farm implements and the prospect of the early advance of electricity to the farms. These are great improvements upon the conditions the pioneers had to face not so many years ago. Farming then was indeed a great struggle and hardship, and few will begrudge the farmer the ameliorating conditions which prevail today.

The secret of rural depopulation, however, would seem to be that the urban centres have advanced a good deal faster in the way of shorter hours of work, comforts, conveniences and opportunities for amusement and monetary gain. Some of this must be transferred to the rural sections in some way in order to equalize matters.

### GIRLS AT VASSAR COLLEGE COOKING OWN BREAKFASTS

Poughkeepsie, N. Y., April 8.—"College girls are not domestic" is the statement which Vassar wishes to disprove. A cooking class has been started. In a spic and span kitchen in the basement of assembly hall the girls may be seen at work, white capped and aproned, each at her separate little stove and with her own pots, pans and dishes. The result of the first lesson was a delicious breakfast. The girls also do their marketing as part of the lesson.

### GIRLS SECRETLY DRINK

London, April 8.—Revelations of a "factory girls' secret drinking club were made by a welfare worker in opposing the granting of a license to a suburban tavern. She said the granting of these licenses would give the girls more facilities for drinking. She said many girls take liquor into the factory to drink.

New York, April 8.—A Tokyo despatch filed March 31 says Japan will not withdraw troops from Siberia at once because of her peculiar geographical position and dangers threatening her subjects. This is thought to explain the occupation of Vladivostok by Japanese soldiers on April 5.

### HAS SUNG 6,000 SOLOS

London, April 8.—Known throughout Derbyshire and Nottinghamshire as the "singing preacher," James Bettison has preached 6,000 sermons, sung at least 6,000 solos, and has traveled 10,000 miles. He is seventy-two and still at it.

### DEVELOPMENT OF THE NATURAL RESOURCES URGED

Ottawa, April 7.—Development of Canadian natural resources and the establishment of a more uniform system of experimental farms occupied practically the whole time of the house of commons at this afternoon's sitting. The first question, that of natural resources, was raised on a motion by Captain Manion, Fort William and Rainy Rivers, the second by Donald A. Sutherland of South Oxford. On natural resources the western members seized the opportunity to urge the transfer of the western provinces to the provincial governments. "The present situation was 'impossible,'" I myself heard Sir Robert Borden declare in 1911 "that he would do all in his power to see that the resources were turned over to the provinces," so Dr. Sutherland declared. He spoke of millions of tons of the best coal in Canada lying within eight miles of the government-owned railways.

In his motion, Captain Manion urged that the government should, as soon as possible "bring forward a policy having for its object the development of the natural resources of Canada."

## SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhoea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhoea. It begins with tender, swollen gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhoea germs.

Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for teeth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time, and used conscientiously. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

**RECENT WEDDINGS**

Miss Freda Elizabeth, daughter of Mr. and Mrs. John Paterson, 256 King street east, and Dr. Henry Hadden, superintendent of the General Public Hospital, were married yesterday at 4.30 o'clock. The ceremony took place at the home of the bride, Rev. H. A. Goodwin, pastor of Centenary church, officiating. The bride, who was attended by her bridesmaid, a traveling suit of navy blue, with hat to correspond, and carried a shower bouquet of bridal roses. A reception was held at the conclusion of the ceremony. Doctor and Mrs. Hadden left on the Boston train last evening on an extended trip to New York, Atlantic city and other points, returning by way of Toronto. They will take up their residence on Wright street.

In St. Mary's church last evening Rev. R. Taylor McKim united in marriage George Norman Love, of Thorne avenue, one of the city's well known business men, and Miss Sheila West Ingersoll, of Grand Manan. The ceremony was witnessed by a number of friends of the bride and groom. The bride, who looked charming in a traveling suit of navy blue with hat to match, wore a corsage bouquet of pink roses and a beautiful seal stole. The bridesmaid was Miss Mary Mildred Evans, and William Lowell Carney acted as groomsman. On their return from their wedding tour the happy couple will take up their residence in Rockland road. Many friends wish them all happiness.

Miss Margaret M., daughter of the late John Eric of Chatham, was united in marriage March 31 by Dr. Willie to P. Arthur MacKenzie, son of Colonel J. D. B. F. MacKenzie.

The marriage of Mrs. Margaret McBurney, daughter of Mr. and Mrs. John McCowan of Montreal, and Charles E. Parrie of St. John, took place in Montreal March 31. The bride was given away by her brother, George McCowan, and the ceremony was performed by Rev. W. Smith.

The marriage took place on Tuesday at the First Baptist parsonage, Moncton, of Mrs. Annie McEwen of Moncton, formerly of Sydney, and William M. Calhoun,

TENANTS BUY \$2,500,000 HOME

Multi-Family House in New York Purchased on Co-operative Plan

In Suites of Twenty Rooms—Rents, Originally Estimated at \$20,000 to \$30,000, to Be Reduced 50 Per Cent.

(New York Times.) Fifth avenue residents have joined the ranks of co-operative apartment house owners. In a transaction involving nearly \$2,500,000 a group of prospective tenants, formed by William Henry Barham & Co., purchased yesterday from the 845 Fifth Avenue Corporation the eleven-story high-grade multi-family house at the south corner of Fifth Avenue and Sixty-sixth street.

apartments remain at present available for occupancy. The original rentals placed for space ranged from \$20,000 to \$30,000 a year. According to Lawrence B. Elliman of Pease & Elliman, under the co-operative plan the cost to the tenant would be reduced more than 50 per cent. He declared that syndicate ownership of this type was steadily growing in favor because a \$27,000 a year apartment at the normal schedule of rents could be had for a little under \$13,000 a year, not taking into consideration the saving on the income tax through the ownership of an apartment.

On Site of Schley Residence. The building is expected to be ready for occupancy about Sept. 1, and will be known as 4 East Sixty-sixth street. It was designed by J. E. R. Carpenter and Cross & Cross, architects, and will occupy a site which was for many years occupied by the Grant B. Schley residence. It covers a plot with an avenue frontage of 90 feet and a street frontage of 160 feet. The new house will adjoin on the Fifth Avenue side the Vincent Astor home at the corner of Sixty-fifth street.

Several other notable co-operative ownership projects have been undertaken within recent weeks involving apartment houses of the million-dollar type. The property at 280 Park Avenue is to be co-operatively owned under an arrangement whereby \$4,400,000 worth of stock in the holding company will be taken over by tenants, in amounts ranging from \$82,000 to \$106,000.

Among the subscribers are Henry F. du Pont of the Du Pont company; Louis K. Liggett, president of the United Drug Company and head of the Liggett chain of drug stores; William A. Fairburn,

Wearing RUBBERS in Bad Weather

Keeps Your Shoes like this Instead of like this

Rubbers are a wise economy. They protect the shoes as well as the health. They prevent the shoes from becoming saturated on wet days—make shoes wear longer and hold their shape better—and enable you to wear old shoes on stormy days, thus saving the new shoes for the fine days to come.

Dominion Rubber System Rubbers

are made in styles and sizes to perfectly fit the shoes of every member of the family. And their sturdy quality assures long and comfortable wear. You can get dependable Rubbers by asking your dealer for any of the Dominion Rubber System brands.

The best dealers sell Dominion Rubber System Rubbers.

Occupants Take Over Building. The apartment house at 850 Park Avenue, southwest corner of Seventy-seventh street, has also been taken over by the occupants under a co-operative plan. This is a house which has been occupied for five years under leases from the building. The tenants found it advantageous to take the house out of a speculator's hands.

The three nine-story houses at 118 East 54th street, 115 East 53rd street and 123 East 53rd street, which were valued at more than \$1,000,000, were bought last week by a syndicate of tenants including in their number W. Kirkpatrick Brice, T. Ferdinand Wilcox, H. M. Merriman and H. S. McKee. Tenants also took over last week the \$1,000,000 apartment house at 530 West End Avenue, southeast corner of Eighty-sixth street, from Max N. Natanson, an operator.

ILLICIT DRUG CENTRE FOUND, SAY POLICE

\$82,000 Worth of Cocaine and Heroin Seized in Bronx—Two Arrested.

(New York Evening Post.) Police claimed today that the "headquarters of illicit drug distribution" in New York and surrounding territory has been discovered in the seizure of \$82,000 worth of cocaine and heroin and the arrest of two men who gave their names as Charles Berthel, forty-one, wholesale manufacturing chemist, of 1770 Grand Concourse, and James M. Rumsch, twenty-eight, of 1271 Hoe avenue, the Bronx, last night.

Detectives Joseph Hackett, Michael Judge and Michael Erb trailed the two men to the Mott Haven freight yard, 138th street. According to the police, Rumsch entered the express office, paid the agent \$1,018 and received a small box with which he started for the automobile in which Berthel was waiting. At this moment Rumsch was arrested by Detective Berthel. Berthel tried to escape in his machine, but the detectives drew their revolvers and ordered him to stop. He was then arrested.

The wooden box contained 200 ounces of drugs which could have been sold to drug addicts for \$82,000. In the automobile was also found a leather bag which contained a second large quantity of cocaine and heroin. When Rumsch was questioned at police headquarters in regard to his connection with the firm of J. M. Dustin & Co., which occupies a building at 1293 Jerome avenue, that has long been under suspicion, he admitted he was J. M. Dustin, second in command to the police.

Detectives Judge and Hackett then accompanied Berthel to the offices maintained by him at 142 Lincoln avenue, the Bronx. There they found another \$80,000 worth of narcotics. Of this \$80,000 had been reported to internal revenue officers, in accordance with the drug laws. The remainder was illegally held, the detectives said.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

POLICE COURT

Liquor and Other Cases Made Busy Session This Morning.

"That's St. John for you today," said the magistrate in the police court this morning, as he glanced over his "sundries" in the dock before him.

Sergeant Thomas Styles of the C. P. R. police force, said he was doing duty in No. 2 shed last night and he saw the accused going towards the tap where the men get drinking water.

William Lynch was charged with being drunk and having liquor in his possession other than his private dwelling.

James Elliott was charged with having liquor in his possession other than his private dwelling.

LOCATION OF PLAYGROUNDS NOT SETTLED

Choice of Sites for General Ground Discussed Before Commissioners — Three Now in View — Horticultural Association Willing to Co-operate.

The matter of a general playground and athletic field for the city was taken up at a committee meeting of the commission this morning when representatives of the St. John Horticultural Association and the Playgrounds Association attended.

Besides the mayor and commissioners, those present included Sir Douglas Hazen, president, and His Honor Judge Armstrong, of the Horticultural Association; W. K. Haley, president, and A. M. Bedding, of the Playgrounds Association; Joseph Tebo and John Henry, employees of the Horticultural Association; H. B. D. Gandy and R. R. Patchell.

Commissioner Fisher read a report of the road engineer, in which he estimated the cost of putting the surface of the Allison grounds in shape at \$15,000.

Sir J. D. Hazen said that the Horticultural Society held the property for the use of the citizens, and said it would be only too glad to see the park handed over to be managed by the corporation of the city in the interests of the citizens.

Mr. Gandy said that he was strongly in favor of the section on top of the hill, and that the upper grounds were better drained and could be prepared by July 1, whereas the Allison grounds were better drained and could be prepared by July 1, whereas the Allison grounds were better drained and could be prepared by July 1.

Mr. Patchell said that one drawback to the Allison grounds was the fact that six tracks had to be crossed at Gilbert's lane, and the approach was through a lane.

Mr. Jones suggested that the city find out from the C. N. R. what their plans were with regard to extension of the yards at Gilbert's lane.

The matter will come up again on Tuesday morning.

WATCH OUT FOR BOAT WITH 8 SEAMEN IN IT

Some Survivors of French Trawler Reach Halifax After Fifty-Mile Row.

Halifax, N. S., April 8.—Ten survivors of the French trawler M. F. B., which sank off the Nova Scotia coast early on Tuesday morning, arrived here today, having landed at Peloponnes, fifty miles east of here.

A member of the party arriving here this morning said that when the trawler began to sink the crew put away from her in two lifeboats and a dory and commenced to row for the coast, fifty miles away.

The boat having capsized in the gale and the occupants drowned, they have strong hopes that they will be rescued by a passing steamer. The marine department here has sent out a general wireless request that all ships keep a sharp lookout.

HON. DR. SMITH  
REVIEWS WORK OF  
DEPARTMENT

Reports on Excellent Work Done—Other Business Before Legislature.

Fredericton, April 7.—The results in the administration of the department of lands and mines under the progressive policies adopted by the present government, furnished the minister of that department, Hon. E. A. Smith with plenty of material for the admirable address which he delivered in the legislature this afternoon, when he continued to the house of commons the work of his department and of the growth of efficiency which has marked its operations during the last few years. He held of progress achieved and improvements made in one phase of activity after another, and the impression he made upon the house was such that at the conclusion of his speech the applause burst forth as he extended to him by his colleagues a few of the new features introduced in the administration during recent years which he mentioned were the organization of the forest fire act, the organization of the advisory board, the work of fire prevention, the appointment of qualified rangers by examination, the complete return of all lumber cut with the collection of the full amount of stamp duty, the changes in the dimensions of logs which may be cut to conserve the supply, the increased stampage rates, the plan for the establishment of a game refuge and other similarly valuable work undertaken.

In referring with regret to the death of the late agent-general of the province, Mr. Smith expressed his admiration for the minister's ability and the fact that what the province wanted was a capable man with some capital and if a man giving his full time to the work could not secure results the office should be abolished.

An Unexpected Answer.

Lewis Smith of Albert county, followed the minister of lands and mines and congratulated him on his able address. He expressed his admiration for a permanent agent-general of the province, Mr. Smith drew an unexpected answer when he asked if the Continental Lumber Company still owned the province any money for stampage. The minister replied that there were three claims outstanding, that of the Continental Lumber Co. against the Sir Wm. Van Horne estate and another for \$1,557 against J. L. Peck (Mr. Smith's colleague) and another against the province. Mr. Smith rejoined that the minister's "financial wizard" should be forced to pay. Continuing his remarks he said that he was a member of the United Farmers party and was proud of it. In view of the position, who had been promoted to the rank of chief financial officer as a result of his frankness in criticizing his leader, Mr. Merseure said that in his opinion these days from people who could not raise a chick nor a child, much less a crop. Suggesting humorously that if criticized the government he might be rewarded as Mr. Tilley, of the opposition, who had been promoted to the rank of chief financial officer as a result of his frankness in criticizing his leader. He congratulated the minister of public works on the success he had attained in making good roads, and said that in his county they never had such good roads. The health act, he said before, had been a failure, but it might be workable in the country if they could find county officials capable of same administration. Mr. Merseure also strongly criticized some provisions of the prohibition law, particularly the provision against appeal. He told of a doctor being convicted of issuing prescriptions illegally and although the

HEALTH OFFICIALS  
WARN THE PUBLIC

Prompt Treatment of Every Case of Cold is Advised.

When the influenza epidemic swept the country last year it was generally agreed by medical men that there would be a recurrence of the attack this winter. While it has not swept with the violence of last year there is hardly any community in which it is not present to some degree.

In view of the ever present danger of the disease spreading, health authorities are everywhere advising the public to observe extraordinary precautions. One of their first advices is to treat all colds as dangerous, and all ailments in such cases being similar to those in the first stages of colds there is no preparation equal to Grip-Fix which may be secured at any drug store. It is a patent medicine but a treatment which would be approved by your family physician. It sells for 35 cents per box and is stated on every box and cover just the drugs needed in such cases. Grip-Fix is a new preparation and has been in use many years, doing wonderful work during last year's epidemic. It is a safe preparation and is not a habit-forming drug when used as directed. It is worth its price over and over when a cold appears. On sale at all druggists.

doctor could prove that the prescriptions were forgeries he could obtain no redress. Such a law, he said, was un-British and should be wiped off the books.

Mr. Dickson Critical.

Hedley V. Dickson of Kings county, who was the first speaker in the evening, said that he was surprised at the premier's attitude regarding the deficit and assured him that there would be a deficit so long as the present government was in office. The road work performed in his county, he said, was beyond all praise and he had been very much gratified by the results. He also mentioned the expenditures. He also mentioned the expenditures. ministration in which it was frankly confessed that no vendor of school books could be appointed except by recommendation of the government supporters. They even had gone so far, he said, that when they could not find a stationer who was a political supporter they had appointed a vendor of school books and their parents had been forced to go to such places to purchase their school supplies. Regarding the roads, Mr. Leper said that the residents of Westmorland were perfectly satisfied with the work of the present minister as their roads had been improved at least 100 per cent. He also paid a tribute to the workings of the health act and particularly mentioned the value of the work done in the schools.

This followed a long discussion on the effect of the exemption on the county school taxes, several members arguing that it would result in shifting the burden from the city to the county.

The Frequent Cause of Nervous Breakdown

NOTHING so certainly breaks down the nervous system as constant straining of the eyes. You may think that seeing is light work and wonder why it tires you. It is the strain on the eyes. The controlling of the sight is the most delicate work of the nervous system and when there is strain on the eyes there is an enormous waste of nervous energy. There are times when it seems necessary to stick at this work for long hours and to see by artificial light, but you may have to pay for it by a nervous breakdown. It is then well to know about Dr. Chase's Nerve Food, as a means of restoring a worn-out nervous system. Whatever may be the cause of your nervous breakdown, it has been demonstrated in many thousands of cases that there is nothing like Dr. Chase's Nerve Food to restore the depleted nerve cells. Headaches, tired feelings, sleeplessness, indigestion, lack of energy and appetite are some of the indications of an exhausted condition of the nerves. Your digestive system is failing to supply the necessary nutrition to the blood and nerves, so it becomes necessary to employ such restorative treatment as Dr. Chase's Nerve Food. Rest will help. Eating only wholesome, nutritious food will benefit. But restoration is very greatly hastened and ensured by the use of Dr. Chase's Nerve Food. 50 cts. a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

material in Shanghai alone has brought poor children and women. This is the collection of cigarette ends. After filling a tin of about two inches in diameter and four inches deep it is brought to a native tobacco factory, which buys it for five to seven cents. The factory manufactures this tobacco into cigarettes and thus makes a good profit out of the material which it buys at such a low price.

SERVICE OF WOMEN ON JURIES IS URGED.

Women in Rhode Island should be allowed to serve on juries as part of the full franchise privilege which is given them by the constitution of that state. A bill is now before the general assembly which would prohibit women from serving on juries because of alleged incompetibility for the task. No action has been taken upon the proposed act, but women from all parts of the state are becoming interested.

Hon. Mr. Foster introduced a bill to amend the act relating to the right of soldiers to vote in municipal elections. He pointed out that the primaries for the coming elections would take place on Monday next and with the unusual consent of the house had the bill passed on Monday.

Mr. Campbell introduced a bill to incorporate the New Brunswick branch of the International Order of Kings Daughters and Sons, relating to a certain trust.

Mr. McGrath introduced a bill relating to the town of Newcastle. The debate was continued after recess by Messrs. Dickson, Leper (Westmorland) and Jones and the debate was adjourned on the motion of Hon. Mr. Robinson.

The house then went into committee on the bill in relation to the Town of Marysville, to enable the Town of Milltown to buy the valuation of Canadian Company, Limited, and to enable the City of St. John to fix the valuation of the Corona Company, Limited.

THE HOUSE ADJOURNED AT 11:25 P.M.

NOTHING THAT WILL SELL ESCAPES CHINESE POOR.

So far as the fragility of Chinese is concerned, nothing is wasted in China. Even the dirt of the streets is sold to farmers, who turn it into fertilizer. The ash of burning wood from a cooking stove of a Chinese family has a good value. It brings a good amount of money to the house boy of a big Chinese family, who sells it to gardeners for fertilizing flower plants. When a peculiarity is heard the house boy seems to understand that an ash-buyer has come. He immediately takes a quantity of kitchen dirt and stove ash, which he has stored up, is brought to the buyer. Thirty pounds of the waste material of this kind brings about ten or fifteen cents.

During the last few years the demand for waste foreign magazines, pamphlets, newspapers, etc., has been exceedingly great among the Chinese hawksters, who buy different kinds of very old foreign magazines nearly at one-third of what they cost originally. Their use probably is to make sales for the poorer classes of Chinese to wear in place of shoes in good weather.

If the waste magazines contain some war pictures they will be applied to better use than making of sandal soles. These people are too poor to get themselves educated, and since they do not know how to read and write, the best way for them to get some knowledge of the world affairs seems to be through the medium of the pictures in foreign magazines. Many scavengers buy such things from the house boy of foreign residents. Another interesting collection of waste

THIN, NERVOUS PEOPLE  
NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear. Eminent specialists state that the best nerve food is an organic phosphate of weight in a few weeks.

The City Booster

For Good Streets Good Citizenship

No. 3 "OUR CITY" April 8, 1920

BIG GUNS DIDN'T WIN THE WAR

It was the spirit of the men,—the justice of their cause,—the team work on the battle front,—the sacrifice made by the soldiers and by those at home—These were the chief factors of success in the war.

It carries with it SACRIFICE in order to get the proper result—a clean and well-paved city. The unselfish spirit is eliminated.

Therefore, it should have the VOTES of all who desire to see St. John prosper.

WELDING THE BIG STICK The Club of "Increased Rents" is being held over the tenant to persuade him to vote against the Paving Act.

"A DELUSION AND A SNORE" Extract from a divorce report:—"She claims that marriage is nothing but a delusion and a snore."

THE WHOLE CITY WILL SUFFER? Very true! Under the plan adopted by other progressive cities (and which is embodied in the new paving law), the whole city in a few years will "suffer" from improved streets and all will pay in full proportion to benefits received.

ARE YOU A PADDLER? The trouble with the anti-paddler is that he is only willing to have his street paved at other people's expense.

TORONTO—A FINE EXAMPLE (Were you ever in Toronto? Weren't you struck with the number of finely paved streets they have?)

CONCEALMENT AT AN END Myrtle—"The professor just raved over my singing." Bobby—"How ruder! Why couldn't he conceal his feelings like the rest of us?"

YOU'LL NEVER GET IT You people who live on the less frequented streets, do you imagine that after you pay for paving the more important streets your turn will come to have your street paved under general assessment?

FOUR KILLED IN AN EXPLOSION

Hundred Injured by Glass as Every Window in Payville Is Broken.

Cairo, Ill., April 6.—Four persons were killed and approximately 100 more injured, three probably fatally, in an explosion yesterday at the plant of the Aetna Explosives Company at Payville, near here. The explosion occurred in outbuildings.

The dead were laborers. The majority of those injured were hit by falling glass, every window in Payville being shattered.

ENGLISH PAPERS FIND GOING HARD

High Price of Paper and Shortage — Many Have Raised Price.

London, April 6.—(By Canadian Associated Press)—Newspaper circles here are largely interested in the Canadian newspaper shortage and it is said that the price here is five pence three farthings a pound and is still rising. The trouble is not merely in the considerable price, but in the actual shortage. It is asserted that not a single English paper is making a profit on present prices. Many have raised their price more than once.

TO CHATSWORTH WHEN TERM AT OTTAWA ENDS

Duke of Devonshire Has Year and Half More as Governor-General.

London, April 6.—(Canadian Press)—The Duke of Devonshire, speaking to a gathering of his tenants at Chatsworth, who had made a wedding gift to Lady Dorothy Cavendish, said he had another eighteen months to serve as governor-general in Canada and intended on his return to settle down in Chatsworth.

Bishop Edwards Chosen

London, April 6.—(Canadian Associated Press)—Bishop Edwards of St. Asaph's was yesterday elected first archbishop of the recently disestablished Church of England in Wales. Bishop Edwards has been head of the diocese for thirty years and made a vigorous and reasoned defence of the Canadian soldiers at the time of the disturbances at Kinnel Camp, which was in his diocese.

REPORT ON THE 'PHONE MATTER

Suggestions of Mr. Mildram Included in Report to Utilities Commission.

The report of S. H. Mildram in connection with the application of the N. B. Telephone Co. to the Public Utilities Commission for an increase in rates, was presented and read yesterday. After ordering the report printed, the hearing was adjourned until 2:30 p. m. next Thursday.

AN ENDLESS CHAIN

Here is the endless chain of recommendations for Lydia E. Pinkham's Vegetable Compound. There is hardly a town or village in the United States from which women have not written letters telling of health restored by Lydia E. Pinkham's Vegetable Compound. If you are suffering from some female trouble, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. In many cases you will find that she has regained health by its use and will recommend it to you.

ORGANIZE TEACHERS TO BRING SALARY INCREASE

Toronto, April 6.—The formation of a teachers' federation or union to secure better salaries was strongly urged by several delegates to the Ontario Educational Association convention yesterday.

Principal C. G. Fraser of this city urged the public school principals to organize and not wait for the other members of the association to join in. This met with the approval of the delegates present, and it was understood that the organization would affiliate with the Ontario Educational Association.

"MACHINERY" PROVED TO BE WAR MUNITIONS.

Vienna, April 6.—Twenty-nine cars supposed to contain machinery, bound from Vienna to Cracow, which were being conveyed by military police, were stopped by Czechs at Mahlsch-Ostrau, Moravia. They were found to contain hand grenades and other munitions. Italian officers claimed the contents as Italian property, but the train is being held pending instructions from Prague.

Big Clearing Sale of Fine Voile Blouses \$2.98

Hundreds of fine new Voile Blouses—Dozens of styles to choose from, to be sold tomorrow at \$2.98

A backward season is the cause of this remarkable clearing sale. Every one of these Blouses is a late spring style—(there is not one old Blouse in the lot), but our Montreal office orders them to be sold out at once to make room for new stock on the way.

A great variety of styles is offered. Expensive laces adorn them. Tucking has been lavishly used on many models and only the finest of pearl buttons trim them all. The most of these Blouses would be splendid values at \$5.00. All sizes, 34 to 48.

Tomorrow Only \$2.98

SIR T. MACKENZIE TO RETIRE.

London, April 6.—Sir Thomas Mackenzie, high commissioner for New Zealand, will retire on July 31. It is rumored he will be succeeded by Sir James Allan, minister of defence.

Start right with paving? Sure, Mr. City Booster.

But how about the eight miles of paving already laid by general assessment? Why should the abutters on other streets be treated differently?

### BASEBALL.

**A Sensational Pitcher.**  
Chicago, April 8.—"Kid" Gleason, the fighting manager of the White Sox, believes he has obtained a remarkable pitcher in Spencer Heath, who was a member of the Winnipeg team in the Western Canada League last season.

Winnipeg won the pennant with a record of thirty-three victories and fourteen defeats. Heath worked in twenty-six full games, winning eighteen and losing eight. He also played twenty-six games in the outfield and had a batting average of .318. Heath is six feet two inches tall and weighs 200 pounds. Gleason says that the youngster already has shown major league quality and he will be retained all season.

### His Jaw Broken.

Shreveport, La., April 8.—Walter Barbare, also-tops of the Pittsburg National League club, was severely injured yesterday when he was struck on the jaw by a pitched ball. The jaw was fractured in two places and several teeth were knocked out.

### HOCKEY.

**Players are Suspended.**  
The following hockey players have been suspended by President A. W. Covey for playing against a professional player and blacklisted men in Gloucester and Sydney: Gee, Allen, Hugh, McKinnon, Peter McDonald, F. Vassallo, John Grant, Arthur Lilly, Montford, Italian of Halifax, Hector, Grinley of Amherst, Robert Guthrie of Sydney.

### BASKETBALL.

**City League.**  
St. Andrew's seniors defeated the Atlantic Sugar Refinery team in the Y. M. C. A. gymnasium last evening by a score of 33 to 25 and thus clinched second honors in the city basketball league.

### THE KENNEL.

**Doncella Wins Championship.**  
Doncella, a French bull bitch, owned by George V. Parker, of Mill street, arrived home yesterday from Toronto, where she won her championship crown in a big field of contestants. This makes another St. John dog that has won championship honors in fast company.

### WRESTLING.

**Victory for Caddock.**  
Sioux City, Ia., April 8.—Earl Caddock, former world heavyweight wrestling champion, won in straight falls from Yusuf Hussain here last night.

### THE RING.

**Gunboat Knocked Out.**  
Portland, Ore., April 8.—Fred Fulton knocked out Gunboat Smith of New York in the second round of a scheduled ten-round fight here last night.

### Ten-Round Draw.

Detroit, Mich., April 8.—Ritchie Mitchell of Milwaukee and Mel Coogan of Brooklyn fought a ten-round draw here last night, according to the newspaper verdict.

### Britton Had Shade.

Kenosha, Wis., April 8.—Jack Britton, welterweight champion, last night outpointed Dennis O'Keefe of Chicago in a ten-round bout.

### BOLSHEVISM IS DYING IN THE MOTHERLAND

**Tom Moore Brings Home Word of Labor and Living Conditions in England.**  
Ottawa, April 8.—Bolshevism is slowly but surely dying in England. Free speech is killing it. The old country labor man is learning the unsoundness of the doctrine not from those who seek to discredit the movement but from the radicals themselves. Labor is becoming disgusted with the Reds and is showing that disgust by repudiating the movement.

So says Tom Moore, president of the Trades and Labor Congress, Canada's labor representative on the international labor congress held in England under the auspices of the League of Nations during the last two months, who returned to Ottawa last night.

He said the whole standard of living among the labor classes of Britain has changed. Wages are on a par with those of Canada and the cost of living is about the same. He said that British workers are not Bolsheviks but are undoubtedly rapidly moving toward state capital and control, especially in the key industries.

### STYLE HEADQUARTERS

Society Brand Clothes

## Spring Clothes for Young and Older Men.

There would be no distinction for the clothes we sell if their only virtue was in the materials from which they are made. Style is a matter of creative designing and careful, costly workmanship.

We are showing many new Suit and Top Coat models that have the dignity of middle age as well as styles with plenty of snap and vigor for the young men.

One of the new season's favorite suit models is a semi-form-fitting style with soft roll peak lapel. In Topcoats, Slip-ons are in demand for younger men, but you will also find a very generous showing of Chesterfield models in greys and blacks, if you prefer them.

There are many new patterns for spring — new touches of smartness in cut and other features you should see to know what is correct.

**Manchester Robertson Allison Ltd.**

### THE GLARING HEADLIGHT.

Stratford Beacon: The Hon. F. C. BISS is not only going to build highways, but to protect those who use them. In a bill at present before the legislature, the deathknell is sounded for certain kinds of glaring automobile headlights, action which should have been taken long ago for what autoist, driver or pedestrian who frequents the roads around Stratford is there that has not been troubled by the glare of passing cars? There is at present a rule among motorists that dimmers be used, and some car owners go to considerable expense to procure headlights which concentrate the glare downward on the road, but this is not generally observed,

and the sooner provision is made for the scrapping of bright headlights, the better it will be for the safety and comfort of all who use the public roads.

## THE NEW MOVING PICTURE STAR WILL ROGERS

of Zeigfeld's "Follies" Fame, in the Saturday Evening Post Comedy

### Romance of "JUBILO" Happy, Hearty Laughter

"He's THERE with the real, down to the ground, human interest stuff," says Mac Tiney, in the Chicago Tribune, while the Chicago Herald and Examiner opines that he has "one of the best faces for screen work we know of" and predicts that "he is going to be a big card." "A real find," says the Charlotte Observer of the famous humorist, while Wire's characterizes him as a "sure-fire hit." "Jubilo" fits the Will Rogers' personality like the proverbial glove.

A wealth of simple, homely humor and genuine pathos radiates through it and gives it the rare quality of universal appeal. The story of "Jubilo" is simple and at once humanly appealing and dramatic. Set in a background of rustic simplicity, it tells a direct story of plain folks, revealing in a rapid succession of events both dramatic and humorous, the elemental emotions that govern the lives of provincial characters.
