LITTLE HOPE OF PASSING WOMEN'S FRANCHISE BILL

Many British Members Have Turned Against Suffragettes Owing to Their Outrageous Conduct.

(Montreal Witness Cable.)

London, April 15.—The present session of parliament promises to be not less interesting than any of its predecessors. On the part of the Liberals the appetite is being whetted by the government's proposals upon certain questions.

First in importance is the coming budget in respect of which nothing has yet leaked out. There is an entire confidence, however, in the Liberal and Labor ranks in the ability of the chancellor of the exchequer to meet the necessities of the case.

It is hoped that the home rule and Welsh disestablishment bills will be reintroduced before Whitehall. The time limit for them will be considered tomorrow.

The cabinet committee, as is now well known, had hoped to introduce a women's franchise bill before Whitehall, but the wisdom of introducing any such bill with the country in its present temper over suffragette outrages is open to serious question. The women's cause, in the opinion of many, has been indefinitely set back. Should Mr. Dickenson's bill be introduced, there seems little hope of its passing, as many former supporters will vote against it as a protest against the recent outrages by the militants.

Daily Hints For the Cook

BREAD CHOCOLATE PUDDING
One cup fine bread crumbs, 1 cup hot milk, 1 square grated chocolate or 2 table-spoons cocoa, 1/3 cup sugar, 1 egg, salt, 1 teaspoon vanilla. Let crumbs soak in milk a short time. Bake about 30 minutes; serve with vanilla sauce.

Sauce—One-half cup sugar, 1 table-spoon cornstarch, 1 table-spoon butter, 1 cup boiling water, 1 teaspoon vanilla. Cook. Add butter and vanilla after cooking.

COCOA GELATINE PUDDING
Cover 1/2 oz. gelatine with 1/2 cup cold water. When dissolved stir in hot cocoa, made by heating 1 pint of milk and adding 1/2 cup sugar and 1 teaspoon cocoa. When cool flavor with vanilla to suit taste. When thoroughly cold set on ice to harden. Serve with top-milk, whipped cream or very thin boiled custard. Usually this is prepared the day before it is to be used. If a rich dessert is desired use 2 teaspoons of cocoa or grated unsweetened chocolate.

TO PREVENT THE GRIP

"IN PARLIAMENT"

Ottawa, April 15.—"There is no question in Canada which cannot be satisfactorily solved if we go about it in the right way, the fair way, the British way."

Such was the entirely spoken and telling sentence of the Hon. Charles Maclellan in the course of an effective argument against the Rogers-Borden closure proposal, when the debate was resumed in parliament tonight. Mr. Maclellan is the former esteemed speaker of the house and he dealt with the issue in the light of his own experience of nearly eight years in the deputy chair and chair. His argument was constitutional in references and quotation, apposite, and his summing up judicial.

In matters of deadlock when government and opposition differed on great or fundamental issues the safe and sound as well as the effectual solution was direct appeal to the Canadian people themselves.

Mr. Maclellan and Mr. Demers followed with brief but trenchant speeches condemning the "policy of oppression and tyranny," adopted by the government to

TO MAKE A GOOD HAIR DESTROYER

Ladies who are annoyed and humiliated by a growth of superfluous hair, will be interested to learn that a safe, satisfactory and inexpensive preparation, which may be depended on to completely destroy any undesirable hair growth and weaken the roots themselves, can be made by mixing 1/2 dram pulverized sulphur, 1/2 dram these ingredients and do the mixing for you. To use mix a little water, apply to the hair with the back of a knife, and remove at the end of two minutes with the back of the blade. Then apply a good, non-greasy cream, or if you prefer, a lotion consisting of 2 ounces of rose water, 2 ounces of glycerine and 1 dram of urea of benzoin. Repeat this process every three or four days until the removal of hair is completely destroyed. Although so simple and inexpensive, this preparation is the removal of hair is undoubtedly more effective than those articles for which high prices are asked, and you have the advantage of knowing what you are using.

Purest on the Market

The Bonnette Sanitarium, J. V. Bonnette, M. D., Alexandria, La., Sept. 28, 1912.

The Duffy Malt Whiskey Co., Gentlemen—We consider Duffy's Pure Malt Whiskey the purest on the market, and always use it where an alcoholic stimulant is indicated.

Respectfully,
J. V. Bonnette, M. D.

Duffy's Pure Malt Whiskey is of a higher standard of purity than is required by the U. S. Pharmacopoeia. It was the only whiskey taxed as a medicine by the Government during the Spanish War. Because of its known uniform purity it is depended upon by doctors. It is unequalled for coughs, colds, grip, bronchitis, pneumonia and all throat and lung troubles. For digestive and stomach troubles nothing is so good as Duffy's Pure Malt Whiskey.

THOS. E. SHEA NEXT WEEK

Prominent Character Actor in Three of His Great Plays

Another exceptional booking is announced for the Opera House for next week. It is the well known character actor, Thomas E. Shea, in three of his great plays.

Mr. Shea will offer "A Man and His Wife" on Monday and Tuesday nights and Wednesday and Saturday matinees.

This is an original story and surprisingly interesting and holds the close attention of the audience to the final curtain.

On Tuesday and Friday nights he will offer "The Bolt," a wonderful interesting and compelling portrayal of the power of the subconscious mind and enables Mr. Shea to disclose, at its very best, his ability for heavy emotional work.

The efforts are marked by tragic aspects, rendering on vivid sensationalism at the climax. Mr. Shea's portrayal of the unhappy burgomaster Mathias is a work of art.

Wednesday and Saturday nights he will offer "Dr. Jekyll and Mr. Hyde." His ability is demonstrated in his interpretation of two such difficult characters as "Dr. Jekyll and Mr. Hyde." In each he is practically perfect, and this powerful drama takes on new force and power under his skillful handling.

VITALITY SHOWS IN A MAN'S EYES

This, reader, applies to you. It means I can have vitality at a moderate power or force which you can easily avail yourself of and which might mean for you all the difference between future years of health, strength and bubbling spirits, or future years of ill-health and debility. Please use the free coupon below.

In speaking to you of this great mysterious power I care not what your years may be, whether you are young, middle-aged or elderly; I care not what in the past may have caused your loss of strength and loss of reserve energy. I say in all circumstances, if by employing this new method I can quickly resupply your blood and organism with new nerve force, I should then make you strong again, put new courage and health into the flesh of your eyes; make you feel young, capable, ambitious and keep you feeling young to a ripe, vigorous old age.

The secret of new strength is not found in medicines or drug stimulants. I have evolved a simple, drugless method for the self-treatment of lost strength which is meeting with a marvelous demand all over the world. It is a QUICK and PERMANENT restorative.

Here is the simple method operandi: Apply the method tonight while you sleep.

Awaken tomorrow "feeling fine," all pains in back gone, 60 to 80 days, complete restoration of lost strength should result.

Drop in at my office, if in or near this city, that I may give you a practical demonstration of what the method will do. You can test it yourself and see. Hours, 9 to 6. Please write today.

Thousands are taking advantage of this method today for the restoration of lost strength! Not only that, but when the method is applied in a certain way it is a specific treatment for rheumatism, kidney, liver, stomach, bladder disorders and general ill health. It gives you energy, snap and go into your whole body. Your eyes sparkle with new power.

Drop in at my office, if in or near this city, that I may give you a practical demonstration of what the method will do. You can test it yourself and see. Hours, 9 to 6. Please write today.

That is all there is to it; no drugs, no medicines, no stimulants to rob you, no rules for diet or exercise, no hardships of any kind. Absolutely nothing that is not perfectly easy for you to use and follow. One promise and one promise only I make; you must read a DIRECT life during treatment and hereafter, otherwise your strength cannot be properly or permanently restored.

I can only afford to pay for enough space in this paper to hint at what my method is, but as soon as I receive the coupon below from you I will send my 86-page illustrated book which not only contains a lot of private information for men but tells the full story of my wonderful discovery, what it is, where you get it and how it is to be used.

MAN PATTERSON MARRIED IN WEST

Washington, April 16-While Nan Patterson, twice tried for the alleged murder of Caesar Young, a New York book-maker, is leading a happy married life in the west, her god mother, Mrs. John R. Patterson, is dying in Washington.

Daily the postman brings a letter from Mrs. Sumner Prescott, of Seattle, Wash., which is now the name and address of the former Nan Patterson.

The news of Mrs. Prescott's whereabouts became known when John B. Patterson, her father, denied a report that Mrs. Prescott had been lost in the Titanic disaster and the fact kept secret.

DEATH OF LITTLE ONE

Norah C., little daughter of Mr. and Mrs. James McMurphy, died today at her parents' home in Rock street. Many friends will sympathize with the bereaved parents.

A cure for rheumatic pains is to make an onion poultice and place it on the affected parts, leaving it on for about half an hour.

The Evening Times and Star

ST. JOHN, N. B., APRIL 16, 1913.

The St. John Evening Times is printed at 27 and 29 Cambridge Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

Subscription prices—Delivered by carrier \$1.00 per year, by mail \$2.00 per year in advance. The Times has the largest afternoon circulation in the Maritime Provinces.

Special Representatives—Frank H. Northrup, Brunswick Building, New York; Tribune Building, Chicago.

British and European representatives—The Glasgow Publishing Syndicate, Grand Trunk Building, Trafalgar Square, England, where copies of this journal may be seen and to which subscriptions belonging to Great Britain may be sent.

A NATIONAL MATTER The campaign committee of the board of trade at its fortnightly luncheon will be able to give consideration and publicity to various matters of great importance to the growth of the city, and encourage and stimulate those who desire to see the progressive programme of the board carried out.

Mr. Percy W. Thomson pointed out that this is not merely a question of handling increased business but of holding what we have. This is not a local question. It is not a political question. It concerns the whole country, for this is a national port doing in winter an enormous business in which the whole country is interested.

There is no disposition on the part of anybody to bring politics into the question. It happens that Hon. Mr. Hazen is today the representative of St. John in the government. Let it be agreed that he is anxious to do all he can for the benefit of the port. He would be a remarkable representative if that were not true. But, however able he may be, and however anxious he may be, there will be the greater certainty of attaining the desired results if Mr. Hazen is supported in a pronounced and unmistakable way by the people of his constituency.

HALLUCINATIONS The fearsome shadow of Hon. Wm. Pugsley falls darkly across the editorial aspects of the St. John Standard, and in its gloomy presence dreadful hallucinations possess the editorial mind.

Under their influence the Standard editor sees in Dr. Pugsley, not a courteous gentleman of the twentieth century, but a grim and gliding figure out of the Dark Ages, armed with a dagger, and intent upon deeds of slaughter. In the course of the editorial development of one of these hallucinations in this morning's Standard we find the following picture of the Liberals in parliament.

"Now they have been reduced to a scheming band, busily engaged, headed by Hon. William Pugsley, in formulating plots of riot and disorder. There was some excuse for Jack Cade, and Oliver Cromwell was an angel in comparison with those men who, in an age of reason and civilization, in a young and growing country, endeavor to plunge the whole fabric of constitutional machinery into chaos and cataclysm."

As if conscious of his own sad state and that of the Border party in parliament, the editor goes on: "The sunshine of spring has come and men's minds turn towards constructive legislation, healthy and inspiring. The fog and darkness of winter have disappeared and the country has a right to expect that with them will also go the evil humors and the dark vapors of a party whose conduct is rooted in unhealthy ambition."

There will be a very general feeling of sympathy for the Standard and all others who, in these budding April days, suffer from evil humors and dark vapors. The robin's song is heard of a morning in the Old Burial Ground, and buds are bursting in sheltered nooks in the Park, where winds are stilled and the sunshine sheds its grateful warmth. When all nature calls to rejoice, it is extremely sad that any man should conjure up distressful visions and see in his well-intentioned neighbors and fellow-citizens a group of blood-thirsty banditti.

But the mood will pass. DRUNKEN BOYS The Times recently referred to the fact that a mere youth had appeared in the police court charged with drunkenness. Yesterday another youth was before the court charged with the same offense. Is it not a shame and a disgrace that such conditions should exist in St. John? But what is being done to arouse the interest of these youths in healthy pastimes and in profitable employment of their leisure time? It has never occurred to the citizens until recently that a wider use might be made of the school buildings for the benefit of the working boys and girls. A demonstration is now being made two evenings each week in the high school assembly hall of what may be done to encourage working girls to spend pleasant evenings in healthy enjoyment, which also contributes to their physical well-being. Once the young people are made clearly to understand that they are not being patronized, and that no attempt is being made to coerce them, but that they are being given an opportunity for pleasure and self-improvement in buildings which are owned by the people, there will be no difficulty in making the school buildings of St. John as great an influence for good and for the welfare of the city in the evenings as during the day. This is a matter which ought to receive the thoughtful attention of the people. For one boy who is taken to the police court, sixty boys are learning to drink, with only being detected, and are not only setting

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, APRIL FIFTEEN.

Andrew Broder, M.P., one of the Conservative whips, is sixty-eight years of age today. He was born at Franklin, Que., and as a young man entered mercantile life in Montreal. He represented Dunlop in the Ontario legislature for many years and has been in the Ottawa house since 1890.

Hon. Jules Tassier, senator of the dominion, was born at Quebec on April 15, 1852. He practiced law in his native city for many years and sat in the legislature, as member for Portneuf. He was called to the senate in 1913.

Ernest J. Chambers, gentleman user of the black rod, was born at Penikese, Staffordshire, Eng., on April 16, 1862. He was for many years engaged in newspaper work in Montreal. He has written numerous books, including several regional histories.

LIGHTER VEIN PROOF POSITIVE.

Lady—"I am collecting for the suffering poor." "Man—"But are you sure they really suffer?" "Lady—"Oh, yes, indeed! I go to their homes and talk to them for hours at a time."

TOO SOON.

A certain company promoter once built a castle on a mountain peak. As he showed the most effective toilet preparation that you can use. It's the all the year round toilet cream. It saves the day in summer-time for sunburn, tan, freckles. It wards off winter ill by healing cracked lips, chaps, rough hands and wind roughened faces. It is soothing, healing and pleasing.

JUST LIKE GEORGE. The football passion is certainly an over-mastering one. A mother met her husband at the door with a telegram on autumn Saturday.

"Our son," she gasped, "wires us that in the game this afternoon he broke his left leg, his right arm, his little finger and his nose!" "Humph!" said the father. He added—"And the score—what was the score?" "The telegram doesn't say," replied the other. "Hang it all!" the father cried. "That's just like George. He never thinks of anybody but himself!"

THE LETTER OF THE LAW. Housekeeper—"How's that? You promised to save some wool if I gave you a lunch."

"Tramp—"I recall no such promise, madam." "The idea! I told you I'd give you a lunch if you'd save some wool, and you agreed."

"Pardon me, madam. Your exact words were—"I'll give you a lunch if you save that wool over there by the gate." "Exactly. That's just what I said."

"Well, madam, I saw that wool over by the gate as I came in."

Use Peerless Cooling Cream

There's a good reason for using it. It is antiseptic, healing and absolutely the most effective toilet preparation that you can use. It's the all the year round toilet cream. It saves the day in summer-time for sunburn, tan, freckles. It wards off winter ill by healing cracked lips, chaps, rough hands and wind roughened faces. It is soothing, healing and pleasing.

Tasty Fritters

Take a loaf of BUTTERNUT BREAD, cut into thin slices and spread with jam. Then dip them into a batter, made as follows: Into a cup of sifted flour break an egg, then add half a cup of milk, gradually beat and add a pinch of salt. Have your pan hot and fry to a nice brown. Drain and dust with sugar. Serve with hot milk. You'll like the nutty flavor imparted by the Butternut Bread. Ask Your Grocer For It.

KEEP THE CHILDREN'S BOWELS CLEAN NOW

If Tongue is Coated, Stomach Sour, Breath Fervid, Bowels Clogged Give "Syrup of Figs" Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly. Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad, they don't eat or rest well, they become feverish, cross, irritable and don't want to play. Listen, Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent colic or harsh irritants like Calomel pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the food, clogged-up waste and poisons, without causing cramps or griping. With Syrup of Figs you are not druging or injuring your children. Being composed entirely of luscious figs, senna and licorice, it is pleasant to take. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine, old reliable. Refuse anything else offered.

OSTRICH IS NO FOOL

Speaking at the Whitehall rooms recently at a Royal Colonial Society meeting in London, James Backland had some interesting details of bird habits. That much maligned bird, the African ostrich, was at last rescued from ignominy. The world has been mistaken all these years in thinking that it buries its head in the sand because it is a fool.

Popularity Increases

"Battle-scarred heroes." That phrase once brought unpleasant notoriety to a well-meaning man who failed to write what he meant and found through bitter experience what the omission of one letter may mean in a written word.

Could the same thing happen to you? If so, why?

With the Webster's New Illustrated Dictionary at your elbow you can avoid such pitfalls as writing "angel" when you mean "angel." Some person might take offense at being called "a perfect angel."

Think what a difference there is between "stationary" and "stationary," "planning" and "planning," and the hundreds of other comparisons which can be culled from a dictionary.

Then clip six consecutive coupons from issues of the Telegraph or Times and prepare yourself to avoid mistakes and trouble.

Dictionary Demand Credit to Citizens

St. John has apparently gone "dictionary daffy," and the surprisingly rapid rate at which the craze to secure copies has spread is a creditable comment upon the high average intelligence of the citizens.

The intelligence of the citizens is attested by the distribution of the entire edition of the Webster's New Illustrated Dictionary seemingly a most simple task.

The other element is the sterling worth and beautiful appearance of the book itself. A restaurant cashier in one of the best patronized business men's lunch rooms in the city testified to this the other day when it was remarked that she had a Telegraph Dictionary lying beside her cash register.

"I was one of the first to get one," she said, "and I want to tell you that that book has started many persons clipping coupons. They are surprised as soon as they see it."

"Some of them, you know, think it is my Bible, and one plans through it enough to convince them that they have just got to get busy and get one, if not for themselves, for the children at home."

"I am coming around to get another one for my sister and I think I'll just let that one stay here for the present, because surely wish The Telegraph all the luck in the world."

The describer of dictionaries thanked the young woman for these few kind words and went on his way, thinking how poor his powers of description were as compared to the convincing influence of exhibition of the dictionary itself.

Read the display advertisement on another page.

If you don't believe every word of it, come to the Dictionary Department and be convinced.

You may examine the books all you want, without taking one.

We want you to start clipping coupons.

Large Audience At THE SECOND CONCERT

The concert programme of last evening, under the auspices of the St. John Choral Society, evidently was more attractive in general than the concert given on Monday for the Opera House was filled, while the audience of the previous evening was just sufficient to show that St. John has as yet but a fair proportion of people who desire the better things in music.

The variety of a concert programme makes a more widespread appeal. The concert was artistic in every number and the singers were accorded a very hearty reception and many calls for encore selections.

Mr. Hollingshead sang the popular aria from Martha as his first solo and on his second appearance substituted "If With All Your Hearts, from Elijah, and Grandfather's House on the Mountain, from the programme announced. Later he sang the aria, "Oswald, Awake Beloved, from Elvira's Wedding Feast. His encore included The Death of Nelson, Macchabai, and Believe Me.

Madame James Kennedy sang a selection from Madame Butterfly, three very pleasing songs—You Called Me, Hindu Summer Song, and The Open Sea, and as her last programme solo she sang the song Villanelle. Among her encores was "The Windy Day, from The Bohemian Girl, which she sang with great favor with the audience. They also were heard in several duets and here, too, had to respond to enthusiastic recalls. Mr.

The Most Striking of The New Styles Revealed in This Grand Exhibit of Spring and Summer Dresses

Classic lines and long graceful effects rule in this exhibit of dresses for spring and summer, which is the largest and most complete exposition of the ruling styles we have ever made. There are natty, smart appearing tailored dresses with front or side fastenings, some with neck yokes, others without yokes or with flat or rolling collars; tunic or drapery effects with girdles or belts of Bulgarian silks.

There is also a great variety of handsome dresses in silks and satins, which are remarkable for exquisite daintiness and extreme novelty in Oriental touches of color and embroidered effects in the wide range of trimmings shown. A special showing of cleverly designed Dresses in Lingerie and Lace with a refinement of style and finish unequalled in any previous collection.

DRESSES in plain and fancy Bedford Cord, plain and striped Serges and Panamas, also Batines in browns, navy, tans, greys, Copenhagen and black. Prices from \$9.25 to \$20.00.

DRESSES in Charmeuse, Messaline and Broche Satins in Copenhagen, tans, greys, navy and black. Prices from \$12.50 to \$25.00.

DRESSES in Fancy Striped Silks. Prices from \$17.00 to \$25.00.

LINGERIE AND LACE DRESSES. Prices from \$5.50 to \$25.00.

MANCHESTER ROBERTSON ALLISON, LIMITED.

For, as ever, was artistic in his accompaniments.

Under Mr. Peacock's baton the local chorus, with excellent accompaniment, sang with good effect, particularly in the chorus from Tannhauser, and the Halle-lush chorus. They are to be congratulated on the success of both evenings from a musical standpoint, and also on the evidence of the fact that what they are doing is achieving results that are more and more the people of St. John are interesting themselves in real music.

TOO MANY DUELS BY GERMAN ARMY OFFICERS

Kaiser is Endeavoring to Lessen the Number by Persuasive Means.

Berlin, April 15.—Emperor William is earnestly endeavoring to reduce the number of duels fought by German army officers, according to an announcement made by the committee of the imperial parliament today by General Von Böttger, minister of war.

His majesty, said the minister, admonished the commanding generals at his New Year's reception to give their attention to the matter chiefly in the way of improving the training of officers. The emperor followed this up with a receipt to the army calling attention to the number of duels caused by officers insulting their comrades or civilians. This was in the nature of a warning to the officers to strive against such practices. It concluded: "Self-control and restraint must be cultivated as many virtues."

WHAT THE PLAYHOUSES OFFER

WONDERFUL SHOW AT NICKEL.

The Nickel is outdoing itself today. In the first place the great society drama "Alize, or the Test of Friendship" will be put on by the Vitagraph Co. with Helen Gardner (Becky Sharp) in "Vanity Fair" in the leading role. Then the Biograph Co. will contribute two comedies and Edison a heart-rending drama: Miss Marshall, the musical novelty performer and Ruth Blaisdell, Boston soprano. On Thursday the Nickel will show the pictures of St. John city and vicinity, taken by an English concern last fall for the government. They include the exhibition in full swing, Courtenay Bay works, mills, crowded streets, etc.

TONIGHT AT THE STAR.

The Star Theatre in the North End to-night and tomorrow will have a two reel picture subject entitled "An Adventure on the Mexican Border." This is a strong military picture supported by two troops of U. S. cavalry. It is massive in every detail and a magnificent panorama of mountainous country. Romano Feilding is the leading man and is also the writer and producer. He is strongly supported by Rolyn Adair and Mary Ryan. This is one of the Lubin Company's releases of recent date and will be shown at the Star for the first time in St. John. Two picture subjects will also appear on the programme.

The largest water wheel in the world is in the city of Hama, on the banks of the River Orontes, about 120 miles north of Damascus. It is seventy feet in diameter and is built of wood with iron axle and it creaks incessantly day and night as it draws water from the Orontes for irrigation purposes and for supplying the city.

MONTREAL TO RAISE

WAGES ON CIVIC CONTRACTS 10 PER CENT.

Montreal, April 15.—The board of control today fixed the schedule of wages for the building trades, which will be inserted in all civic contracts for buildings this year.

The increase is about 10 per cent over the rate paid a year ago. Controller Ainey stated tonight the board was following current rates paid generally in Montreal. The controllers have received schedules from the builders' exchange and the building trades council and both agreed in most particulars. Controller Ainey also remarked that the city was acting in harmony with the builders' exchange for such important trades as those of the carpenters, brick layers, plasterers and some others. The increase for the bricklayers was five cents an hour for carpenters two and a half cents and plasterers an average of five cents an hour. On the whole, Controller Ainey stated the city would be thought, represent current rates to be paid in Montreal this season.

BEST NIGHT SINCE

EVERY DAY CLUB TOOK

UP THE BOYS' WORK

Last evening was the most interesting that has been spent at the Every Day Club since the executive took up boys' work last fall. Miss Murray, the instructor of playground teachers, was present and put a class of thirty-five boys through physical drill and instructed them in some games, to their great delight. Sergt. Sullivan with six boys gave a special exhibition of physical drill. During an interval while Miss Murray had them in charge, all the boys, standing at ease, and led by Walter Brindle, sang three patriotic songs. Before they went home the third team in the club's baseball league of boys was organized.

Mr. E. A. Smith, Miss McGovern, Mrs. Jas. Fairweather, Mrs. Jas. Sullivan and Miss Melick visited the club last evening.

and were greatly interested in the work.

Mrs. Smith spoke briefly to the boys, congratulating them on their drill and their singing, and spoke words of encouragement concerning the future of the club, asking the boys to do their best, every one to show that they appreciated the club and meant to be good members of it. She added that she would be very glad to come down some other evening and read to them.

Not the least interesting incident of the evening for the visitors was an example of his handwriting shown to them by a young man who last fall could neither read nor write, but who, under the careful tuition of George Scott, two evenings each week, has learned to read and write fairly well, and is determined to continue his studies.

The display includes all the most desirable of the late models evolved by clever designers and tailored to perfection.

Is not this a pretty Scottish story? A lady was helping her gardener to tie up the sweet peas. Presently she asked him if he wanted her help any longer. "If not need your assistance, my lady," was the reply. "But I like your company. Your conversation is verily agreeable."

For Two Years SUFFERED SEVERE PAIN IN THE BACK

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. Melnick, Carleton, P.E.I., writes—"For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. Murn Co., Limited, Toronto, Ont.

AN OLD SETTLER FINDS QUICK RELIEF

CHAS. MARSHALL CURED BY DODD'S KIDNEY PILLS

Mrs. Marshall Tells How Her Husband Suffered, and of His Speedy Recovery When He Used The Great Canadian Kidney Remedy

Parkinson, Algoma, Ont., April 15.—(Special)—Living far from town and with doctors not within easy reach, many of the settlers have found Dodd's Kidney Pills an inestimable blessing. One of those is Mr. Charles Marshall, Sr., whose recovery from a severe case of kidney disease has recently been the cause of much sympathy to his family and friends.

"My husband was suffering very much with his back and legs," Mrs. Marshall says, speaking of her husband's cure. "He went to see the doctor, and he told him he had urinary trouble, but he did not seem to get any better."

"Then I sent for some Dodd's Kidney Pills. Since taking them, he has no more pain in his back and legs, and his other troubles are all gone."

"If an indeed thankful for what Dodd's Kidney Pills did for my husband, and I hope other sufferers from kidney disease will benefit by his experience, and use Dodd's Kidney Pills."

NEW BUILDING LAWS

It was said today that the revision of the building laws for which the commission of public safety has making preparations will be welcomed by the architects and all the better class of builders. The old laws have never been changed to meet modern conditions and the provision for faster class of construction work is inadequate since the great increase in building operations commenced here.

On account of the present conditions the commissioner has taken charge and all applications for building permits are now made direct to him. He has also been doing a certain amount of inspection in spite of the heavy demands made upon him by the large and important department which he controls.

In the past there had been complaints that while rough plans had been passed for many buildings the architects who submitted detailed plans and specifications were the only ones who had been passed. It has been said that while some buildings were built in a way that was open to criticism, the better class of construction work was sometimes held up on technicalities. One defect in the old laws was that no provision was made for concrete work and the rules regarding its use have been a matter of opinion on the part of the officials. In one case where a foundation wall of twenty inch concrete was put in objection was taken that it should be twenty-four inches, which is the size required for masonry foundations, in spite of the fact that the twenty inch concrete wall would be three feet thick.

The inspection of electrical installations is not adequately provided for in the old laws. The commission proposes to bring the laws up to date and make special provision for their strict enforcement.

BROTHER OF MONCTON MAN IS DEAD IN BERMUUDA

Moncton, N. B., April 16—Hedley Hallett, accountant of J. A. Humphrey & Son Ltd., has received news of the death of his brother, W. Cary Hallett, in Hamilton, Bermuda. He was a colonial surveyor, and for twenty-six years was head of the public works department of Hamilton. He was a native of Bermuda, aged 54, and is survived by his wife and two children. One son resides in Hamilton and Mrs. A. Smith of Truro is a daughter.

SIR EDMUND OPPOSED TO GOVERNMENT INSPECTION

Ottawa, Ont., April 16—Government inspection of banks was opposed this morning by Sir Edmund Walker of the Bank of Commerce. He favored a shareholder audit.

PERSONALS

P. E. Moore returned to the city today from Boston.

Mrs. A. Wilber and daughter, Miss Helen, have returned to Toronto after a visit to Professor Wilber, at his home here.

Sackville Tribune—Mrs. Herbert F. Goodwin, of Point de Bute, will leave today for Edmonton, Alberta, where she will join her husband, who has been in the west for some time. Mrs. Goodwin is accompanied by Miss Greta Jones, of Point de Bute, who will go to North Battleford, Sask.

SOME BACK, OTHERS REPLACED

About a dozen of the men who quitted the sewerage work in Adelaide street when they were refused an increase from \$1.75 to \$2 a day have returned and the places of the others have been filled. The commissioner told the men that he had no objections to their securing as much pay as they could elsewhere but he could get no more for the rate. The work was started last fall and continued all through the winter chiefly for the purpose of finding work for many of the men who would otherwise have been idle.

MANY CHINESE IN CREW

Star Hochelega arrived in port today with 600 tons of soft coal from Sydney consigned to R. P. & W. F. Starr, Ltd. Of her crew of forty, thirty-two are Chinese, including the steward, asst. steward, ship's cook, crew's cook, boatswain, four quarter-masters, night seaman, thirteen firemen.

THE RIVER STEAMERS.

The May Queen made her first trip up river this morning heading for Grand Lake. The Majestic will go up tomorrow. No further word has been received from the D. J. Purdy but she is expected to get clear of the ice by tomorrow.

On March 20 after a service of six years on the Manchester field, Pastor R. H. Bishop tendered his resignation to take effect on May 11, but he consented to withdraw agreeing to remain another six months.

MORE BUILDING GAIN IN EAST THAN WEST; ST. JOHN SHOWS WELL

Montreal, April 16—St. John showed a tremendous gain and Halifax a loss in the value of building permits issued in March compared to the same period last year, according to the Financial Post's returns published today.

St. John's building permits in March recently ended, were valued at \$400,000, a gain of 20 per cent. over the \$333,333 of 1912. Halifax fell off from \$27,480 to \$23,700. Sydney's gain was \$4,800 from \$5,474 last year. Toronto led Eastern Canada for the quarter with a gain of \$68,333, eastern permits generally advancing 23 per cent. while the western division fell off 13 per cent. The eastern total is three millions ahead of the first quarter of last year.

DENY DOCTRINE BUT ADMITTED AS MINISTERS

(New York American).

At the spring meeting of the New York Presbytery, yesterday, four Union Theological Seminary students, desiring to be come Presbyterian ministers, were found who declared upon examination that they required more evidence before they could believe in the virgin birth of Jesus Christ and the divine origin and accuracy of the Pentateuch; three that doubted for the same reason the canonical standing of St. John's Gospel, and two who were shaky on the Resurrection.

Nevertheless, all these students were admitted, the vote standing 71 to 10, but there was a protest against their admission.

CHARLES DAMERY DEAD

The death of Charles Damery, of West Somerville, formerly of St. John, is announced in a special despatch to the Times from Boston. He was forty-eight years old.

This despatch is presumed to refer to Charles Damery, who formerly resided in this city, and who was connected with the staff of the Eastern Steamship Co. He later conducted a business in Church street and still later was proprietor of the Turk Hotel. He left here some time ago and had been living in West Somerville. He had a brother on the police force here.

DOGS POISONED.

It is believed that a dog poisoner is again at work in Indian town, and already two dogs have died either from strychnine or bi-chloride of mercury. They were valuable animals owned by T. J. Durick and Alex Warren. Another dog in a house just across the street from the home of the former two, and owned by B. Vanwert, was poisoned yesterday and is not expected to live.

REGULATE WORKING HOURS FOR WOMEN AND CHILDREN

Harrisburg, Pa., April 16—Bills designed to regulate the hours and conditions of work of women and children in this state have passed the house and been sent to the senate. Fourteen years is fixed on the age limit for children, and no one between fourteen and sixteen may be employed for more than eight hours a day, while nine hours is fixed as the maximum day for those between sixteen and eighteen years and for women.

Weak Men, Brace Up!

Why will you be weak? Why will you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is a key to your future happiness. Whatever your condition today, you will not improve as you grow older. Age calls for greater vital force, and the older you get the more pronounced will be your weakness.

I have the grandest invention of the age for weak run-down men, the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of its nervous system through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by diseases or disipation, restoring energy to the brain and power to the system. No weak man will regret a fair trial of this invigorator.

DR. McLAUGHLIN'S ELECTRIC BELT

make you strong. It will set the life blood dancing through your veins. You will feel the exhilarating spark warm your frame, the bright flash will come to your eye and a firm grip to your hand, and you will be able to grasp your fellowman and feel that what others are capable of doing is not impossible to you. This grand appliance has brought strength, ambition and happiness to thousands of men in the past year.

It is one sure remedy for the cure of Rheumatism, Weak Back, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy when you see so many cures by it.

Dear Sir,—I wish to say that your Belt has given me good satisfaction. I might say further that I think mine was a hard case to help, being troubled with sick headache and very bad pains in my head and not able to sleep more than half the night. I am pleased to say after wearing your Belt for awhile, I slept better and my sick spells grew longer between. The current generated by the battery was fine and soothing and gave me good satisfaction in a great many ways. I remain, as ever, Newton, Kings Co., N. B.

SEVENTY-SEVENTH ANNUAL REPORT AND BALANCE SHEET

Report of the Directors of the Bank of British North America, Presented to the Proprietors at Their Seventy-Seventh Yearly General Meeting, on Tuesday, March 4th, 1913.

The Court of Directors submit the accompanying Balance Sheet to the 30th November last. It will be seen that the profits for the half-year, including the directors' proposals to forward from last account, amount to \$263,514.92, which the directors propose to distribute as follows:

Payable Income Tax, on the 4th April next... \$194,008.67
Transferring to the Reserve Fund... 146,000.00
Transferring to Bank Premises Account... 70,000.00
And in the payment of a Bonus of 5 per cent. on the staff... 34,006.25
Leaving a balance to be carried forward of... \$64,446.70

The above dividend will make a distribution of 8 per cent. on the 3rd April next. The dividend warrants will be sent to the proprietors on the 3rd April next. Since the last report a sub-branch has been opened at the Union Stock Yard, West Toronto, and a branch has been closed at St. Martins, New Brunswick.

The following appropriations from the profit and loss account have been made for the benefit of the staff, viz: To the Officers' Widows' and Orphans' Fund... \$3,821.08 To the Officers' Pension Fund... 17,740.28 To the Officers' Life Insurance Fund... 973.33 London 18th February, 1913.

The seventy-seventh yearly general meeting of the Bank of British North America was held on Tuesday, March 4th at the office of the Corporation, 5, Gracechurch Street, E. C. C. W. Tomkinson presiding. The secretary (A. G. Wallis), having read the notice convening the meeting, the chairman said:—The next business is the report of the directors and statement of accounts to which your attention is invited. I have the honor to read the report of the directors and statement of accounts, which I think, requires little comment. I think, however, that, as in previous years of satisfactory trading you have been pleased to sanction the bonus recommended by the court, you will be pleased on this occasion to signify your approval of a bonus at the rate of 5 per cent. amounting, as stated in the report, to about \$34,006.25. As regards Bank premises, you will note that we appropriate \$70,000 out of the year's profits to the opening of fresh branches and demand continued expenditure on this account, and you will clearly understand that our provision is not required to meet any depreciation—rather the reverse, as our property tends to increase in value, but simply to meet the growing need of the Bank's business. It will, perhaps, be of interest to you to hear that the foundation of our new building at Montreal are now in, and good progress, we hope, will be made with its erection during the coming summer. Some of you may have noticed statements in the press with regard to our intentions in connection with the building at Edmonton, to the effect that we had decided to put up a ten-story building. This information is quite incorrect. Our building at Edmonton will be a handsome building, consisting of four stories, i. e., a basement, a floor for the Bank's business entirely, and two floors of offices above; but we have no idea of embarking upon a more ambitious building programme, as has been suggested in some quarters. A new branch has been opened since the last report at the Union Stock Yard, West Toronto, and a branch has been closed at St. Martins, New Brunswick. We hope shortly to hear that our branch at Regina has been opened. During the past year, as you are aware, Mr. Stikeman has resigned the position he has held for so many years of general manager of the Bank. The reasons which led Mr. Stikeman to retire in connection with his health, which he fell no longer equal to the strain of the work and responsibilities which fall to the lot of a general manager of the Bank, extended over a period of forty years, including three years as first agent in New York, and eighteen years as general manager in Montreal. After so many years of devoted service to the Bank's interest, I think you will be less than less regretted by you than it was by the court. I cannot, however, let this occasion pass without saying how much the Bank is indebted to him for building up his business on safe and conservative lines. Good as was the credit of the Bank of British North America in 1864, when Mr. Stikeman took over the general management, we believe it stands even higher today, and were the cause of this result to be sought, it might fairly be explained that

Mayne Campbell have both visited Canada, and have done much valuable work in the bank's interests, for which we are extremely indebted. I now beg to move that the report and accounts be adopted. Mr. E. A. Hoare—beg to second the adoption of the report.

The Chairman:—If any shareholder has any questions to ask on the subject of the bank's business I shall be very pleased to do so any time or another. Mr. Theodore Ellis Williams—Mr. chairman, your speech has been so complete that I have little to say in connection with the report before us; in fact, you have already referred to certain points on which would have a question for an explanation. First let me say, however, that it is generally considered an ominous sign when many shareholders attend a public meeting, on the other hand, it is a sign that the shareholders are absolutely satisfied with the conduct of the business of a company, and that the directors when but attend. No such idea has weighed with me in coming here today. I know that during the past year the general conditions of the country during the past year, the prevailing in Canada during the past year, and on the subject of the present position, the harvest on their hands, the complete returns showing a total acreage under grain crops of over 625 million bushels. The total area sown would certainly have been considerably greater but for the unfavorable weather conditions which prevailed last spring. Agriculture in every country of the world is, and always will be, subject from time to time to the weather conditions, so there is nothing at all peculiar in Canada's experience last year. General trade conditions have been very satisfactory; all business has been active, and a strong demand for money exists, and seems likely to continue. The general prosperity of the country is no doubt due in the main to the basic conditions which have caused the great progress of the country during the past few years, i. e., a rapidly growing population and ample supplies of fresh capital. It would not be wise, however, to overlook the fact that the activity of trade has been stimulated to some extent by the spreading of profits arising out of real estate transactions, and that it is expected that the same on the same scale from this source, as well as the expenditure they give rise to, will continue indefinitely. A word on the issue of new capital creations, may, perhaps, not be out of place. Canada has been a very large borrower on the London market during the past few years, and it is a good and healthy sign of the country's growth, so long as the capital obtained is wisely and economically spent; but at the same time the appetite of the English investing public is not unlimited, and the months of foreign investments which have been met by the London market, in addition to the usual demands of railways, municipalities, etc., in the new and developing countries of the world. We have a fairly wide acquaintance among those who have taken an interest in the new and developing countries of the world. We have a fairly wide acquaintance among those who have taken an interest in the new and developing countries of the world. We have a fairly wide acquaintance among those who have taken an interest in the new and developing countries of the world.

ing of one account in previous years, and the profits earned, therefore, are for a period of eleven months as compared with complete periods of twelve months previously. Bearing in mind this fact, a comparison of the profits for the past three years is interesting, and shows the result for the eleven months just closed in a particularly favorable light. For 1910 the profits were \$554,800, for 1911, \$627,800, and for 1912, (eleven months), \$775,865.57. The result, I think, is satisfactory, and reflects the greatest credit on the staff, to whom, I think, is due the success of the Bank's co-operation and unflinching energy in every branch of its business. It will, perhaps, be of interest to you to hear that the foundation of our new building at Montreal are now in, and good progress, we hope, will be made with its erection during the coming summer. JOHNSON'S WOOD FINISHES

We carry a very complete stock of these widely advertised and most artistic way. By the use of Johnson's Wood Dye and other Johnson's Wood Finishes you can make old furniture look like new, rejuvenate shabby floors, and refinish the woodwork to suit your individual taste. It requires no experience whatever to use any of these wood finishing preparations. Anyone can apply them and produce satisfactory results.

In every home there is something continually getting scratched or worn and that needs attention. Suppose you take an inventory of the things Johnson's Wood Finishes could restore to new life and usefulness—and at slight expense—the marred table and ancient looking chair, desk or bookcase, picture frames, moulding, the old refrigerator, the sideboard and what not.

JOHNSON'S WOOD DYE

For the artistic coloring of all woodwork, furniture and floors, giving the popular shades and effects so much in vogue.

Johnson's Wood Dyes are not a mere stain, but a deep seated dye that penetrates the wood and brings out the beauty of the grain.

Put up in wide mouth jars and supplied in the following shades—Light Oak, Dark Oak, Brown Weathered Oak, Green Weathered Oak, Moss Green, Flemish Oak and Brown Flemish Oak. All shades of Johnson's Wood Dye may be lightened by adding alcohol and darkened by adding Flemish Oak Dye, and two or three shades may be mixed together; in this way any desired effect may be produced.

Size 1 pt. 1 qt. 1 gal.
Each 30c. 50c. 85c.
One half gallon of dye covers 350 square feet upon hardwood and 200 square feet on soft wood.

JOHNSON'S PREPARED WAX

In paste form, for polishing all woodwork, floors and furniture, including pianos. May also be used for polishing leather surfaces such as hand bags, leather cushions, fan shoes etc.

It will not show scratches and heel marks and produces a beautiful artistic polish to which dust and dirt will not adhere.

One pound is sufficient to polish 250 square feet.

In Cans, price per pound 50c.

JOHNSON'S PASTE WOOD FILLER

For filling the grain and pores of all wood, soft or hard. Where a grain filled effect is desired, the dye is applied directly upon the wood and then the Paste Wood Filler over the dye, after which the finish.

This Filler while sent out in paste form should be thinned with benzine or turpentine before being used and applied with a varnish brush.

Furnished in Natural, Golden Oak, Dark Oak and Antwerp Green. One pound fills 40 square feet.

Size Cans 1 lb. 2 lb.
Each 18c. 36c.

JOHNSON'S CRACK FILLER

In paste form, for filling cracks and crevices in floors. It is much superior to putty for the purpose, as it will not shrink, crack or come out of place.

A pound is ordinarily sufficient for 30 square feet of flooring.

Size Cans 1 lb. 2 lb.
Each 25c. 50c.

JOHNSON'S UNDER-LAC

This is a liquid preparation to be applied over Paste Wood Filler or Dye when a higher gloss than a waxed finish is desired. It brightens up old furniture and is particularly good for linoleum and oilcloth, bringing out the pattern to the best advantage and giving a finish as glossy as new.

One gallon is sufficient to cover 500 square feet.

Size 1 pt. 1 qt. 1 gal.
Each 25c. 40c. 70c. \$1.35 \$2.50

JOHNSON'S FLOOR FINISH, NO. 1

For floors which receive hard treatment and must be frequently scrubbed with soap and water—such as kitchen, pantry, bathroom, store, office and school-room floors.

It penetrates the wood, preserving it and preventing it from becoming soft and grey under constant action of soap and water. It also prevents dirt and grease from being absorbed by the wood.

One gallon covers 600 square feet.

Quart Cans Each 60c.

SHERWIN-WILLIAMS CELEBRATED COLORS IN OIL

First Quality. Finely Ground in Pure Linseed Oil.
These First Quality Colors represent the best efforts of the makers; being mainly for the production of tints and shades for painters use. It is important that the colors should be of uniform strength, shade, purity and fineness. For over 40 years the makers have maintained as nearly an absolute standard as possible in these respects. On account of the character of the grinding, etc. these colors will be found to assimilate more quickly with other pigments than the usual run of colors in oil sold.

Our line includes all the standard tinting colors and we shall be pleased to send Color Cards and Price Lists on request.

SHERWIN-WILLIAMS CELEBRATED COLORS IN JAPAN
This line of Japan Colors is recognized the world over as the standard of excellence in the finishing of coaches, automobiles, carriages and other fine vehicles and railway equipment. They are brilliant in tone, possess best working, drying and flattening qualities, are uniform in color and grade and thoroughly reliable.

These colors should be applied over suitable undercoatings and varnished over, or may be combined with varnish for making color and varnish color. Price List and Color Cards on request.

MASURY'S PAINTS
In Oil, Japan and Distemper.
These celebrated paints are the recognized standard and unexcelled for their different uses. PROSPEROUS YEAR FOR BRITISH BANK

Statement Shows Marked Growth in Business—Forced to Enlarge Premises at Various Points

The balance sheet of the Bank of British North America published elsewhere in these columns, bears testimony to the progress and stability of that venerable institution. An examination of the figures will reveal several interesting features, prominent amongst which stand out the substantial appropriations for the Reserve fund and the Bank premises account while additions to the various funds for their benefit, and a grant of 5 per cent bonus for the fourth year in succession show that, in the general prosperity, the staff have not been forgotten.

The profits for the year constitute a record in the history of the bank, which is all the more creditable, when it is borne in mind that they represent earnings for eleven months only, consequent on the change in the end of the bank's financial year from December to November.

To bring about this good showing, a large and general increase in the business was necessary, and in every department a healthy growth is apparent. To keep pace with this growth, it has become necessary to provide larger premises at a number of important points, and at the present moment, several splendid buildings, in keeping with the solidity of the institution and the dignity of Canadian banking, are in course of erection at Montreal, St. John and Edmonton.

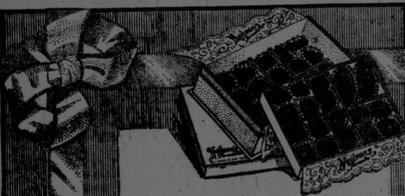

The end of the bank's year was marked by the retirement of H. Stikeman, and the appointment in his place of H. B. Macdonald. In the course of his address to the shareholders of the bank at the annual general meeting, held recently in London, the chairman referred at some length, to the wonderful development of the bank during Mr. Stikeman's regime, and the confidence reposed in the ability of his successor to fill the position to the advantage of all connected with the institution.

NEW BRUNSWICK ELECTIONS

Emile Patruel was elected mayor of Shediac yesterday by acclamation, and the aldermen were also returned by acclamation. The aldermanic vote in Newcastle yesterday was only 245, and only two changes were made in the council, ex-Mayor Belandier Miller retired, and Alderman Doyle, defeated. Mayor Morneau was elected by acclamation.

The aldermen elected yesterday in Chatham were:—H. B. McDonald, C. P. Hickey, J. L. Stewart, Charles Dickson, H. H. Trench, C. Delabarron, J. Y. Messereau, and J. A. Hay. Ald. F. M. Tweedie was elected mayor by acclamation.

William R. Lee, of West St. John, who has been a member of the police force for the last sixteen years, has resigned. He has taken a large contract for supplying gravel for the construction of the Atlantic Sugar Refinery plant, and this will take up his time. He has been a very efficient policeman.

W. J. Egan, who was recently appointed Canadian trade commissioner to South Africa, in the person of Mr. Cheesley of this city, who held the office for several years, arrived in the city yesterday and left for Halifax, where he will sail for England to visit the Canadian High Commissioner's office before sailing for South Africa.

LITTLE GIRL ON WAY TO GROCERY IS ROBBED BY TWO OTHERS

Boston, April 16—Phoebe M. Andrews, thirteen year old daughter of Mr. and Mrs. Walter Andrews of Cambridge, and Minnie V. Duncan, twelve years old, colored daughter of Mrs. Charlotte Duncan of Cambridge, were taken into custody by the police in connection with the robbing of Frances Koniar, aged twelve, in Somerville.

BOARD OF HEALTH.

At the meeting of the Board of Health yesterday afternoon Theodore Sears, Andrew Brist, John G. Giff, J. H. Bairley, George E. Lavers, John Kelly, James McKinney and H. J. McElroy were appointed temporary inspectors to make a spring inspection. The board decided to place an aseptic tank in the grounds of the isolation hospital. A report will be made to the provincial government for the appointment of an official to inspect the premises and equipment of farmers supplying milk to the city.

GRAPE-NUTS

There's a Reason. A healthy brain is important, if one would "do things" in this world. Mind asks for a healthy brain upon which to set, and Nature has defined a way to make a healthy brain and renew it day by day as it is used up from work of the previous day.

Nature's way to rebuild is by the use of food which supplies the things required. Brain rebuilding material is certainly found in a very natural and perfect form in Grape-Nuts.

At the meeting of the Board of Health yesterday afternoon Theodore Sears, Andrew Brist, John G. Giff, J. H. Bairley, George E. Lavers, John Kelly, James McKinney and H. J. McElroy were appointed temporary inspectors to make a spring inspection.

Paralysis and Locomotor Ataxia

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—DR. CHASE'S NERVE FOOD will cure you.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of nerve force. As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wire-like nerve fibres to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of power of movement.

Dr. Chase's Nerve Food

Paralysis, then, is the natural result of all neglected nervous diseases. If you find yourself nervous and irritable, over-sensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the muscles, sudden startings and jerking of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel downhearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented, and partial paralysis actually cured, by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a derangement of the nerve cells, and when nerve forces become exhausted paralysis is bound to follow.

Dr. Chase's Nerve Food acts on the system in an entirely different way to ordinary medicines. It is neither a stimulant, which tired nerves to renewed activity, nor a narcotic, or opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new, red corpuscles in the blood and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Why not get started on the way to health at once by using this great food cure? Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. At all dealers, or EDMANSON, BATES & CO., LIMITED, Toronto.

Can't Get Away From It

Is it possible to nourish, strengthen and Rebuild the Brain by Food?

Every man who thinks uses up part of the brain each day. Why doesn't it all disappear and leave an empty skull in say a month of brain work? Because the man rebuilds each day.

If he builds a little less than he destroys, brain fog and nervous prostration result. If he builds back a little more each day, the brain grows stronger and more capable. That also is sure. Where does man get the material to rebuild his brain? Is it from air, sky or the ice of the Arctic sea? When you come to think about it, the rebuilding material must be in the food and drink.

That is sure. Are the brain rebuilding materials found in all food? In a good variety but not in suitable proportion in all.

To illustrate: we know bones are made largely of lime and magnesia taken from food; therefore to make healthy bone structure we must have food containing these things. We would hardly feed only sugar and fat to make healthy bone structure in a growing child.

If we desired to keep brain strong and healthy we would use food known to contain the things Nature uses for the purpose.

True, Nature provides these elements in a variety of edible things. We submit the following facts for those who care to know something definite on the subject: Analysis of brain by an unquestionable authority, Geoghegan, shows of Mineral Salts, Phosphoric Acid and Potash combined (Phosphate of Potash) 2.91 per cent. of the total, 5.33 of all mineral Salts.

This is over one-half. Beausis, another authority, shows "Phosphoric Acid combined" and Potash 73.44 per cent. from a total of 101.07.

Considerable more than one-half of Phosphate of Potash. Analysis of Grape-Nuts shows Potassium and Phosphorus (which join and make

Phosphate of Potash) is considerable more than one-half of all the mineral salts in the food.

Dr. Geo. W. Carey, an authority on the constituent elements of the body, says: "The gray matter of the brain is controlled entirely by the inorganic cell-salt, Potassium Phosphate (Phosphate of Potash). This salt unites with albumen and by the addition of oxygen creates nerve fluid or the gray matter of the brain. Of course, there is a trace of other salts and other organic matter in nerve fluid, but Potassium Phosphate is the chief factor and has the power within itself to attract, by its own law of affinity, all things needed to manufacture the elixir of life."

Further on he says: "The beginning and end of the matter is to supply the lacking principle, and in molecular form, exactly as Nature furnishes it in vegetables, fruits and grain. To supply deficiencies—this is the only law of cure."

The natural conclusion is that if Phosphate of Potash is the needed mineral element in brain and you use food which does not contain it, you have brain fog because its daily loss is not supplied.

On the contrary, if you eat food known to be rich in this element, you place before the life forces that which nature demands for brain-building.

Mind does not work well on a brain that is broken down by lack of nourishment.

A peaceful and evenly poised mind is necessary to good digestion.

Worry, anxiety, fear, hate, etc., etc., directly interfere with or stop the flow of Pepsin, the digestive juice of the mouth, and also interfere with the flow of the digestive juices of stomach and pancreas.

Therefore, the mental state of the individual has much to do (more than suspected) with digestion.

Brain is made of Phosphate of Potash as the principal Mineral Salt, added to albumen and water.

Grape-Nuts contain that element as

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING

On Black's Alleys. In the city league on Black's alleys last night the Nationals took four points from the Insurance team 119 to 126. E. Johnson was high man for the losers with 92 and Wilson, for the winners made 71.

In the two-men team tournament, Norris and Logan took four points and Brown and Stubbs, two. Norris had the best average, 82.4.

Tonight's Games. City League—Rahblers vs. Insurance. Two-men tournament—Foster and Hurry vs. Kelly and Slouman.

In Fredericton. Fred P. Hatt won the weekly roll-off at the Queen Hotel alleys with an average of 88.

On the Arctic alleys eighteen qualified, fifteen with 100 or more. Louis Monahan leads with 125.

THE RIFLE

Colonel McAvity's Score High. The Pictou Gun Club opened their first tournament yesterday. The high amateur average was made by Mr. Davidson of Amherst, 120 out of 190. Col. McAvity of St. John made 148; Fred Magee, of Port Elgin, 145; W. A. Wallace of Pictou 136. The high professional average was made by Lieut. Morris, 133 out of 190.

THE TURF

New Brunswick Circuit. Harry Wheeler, of Houlton, Me., is a bidder for a lease of the Fredericton track for a July meeting. He would like to secure the track at a reasonable rate, and, if successful, would have a circuit composed of Fredericton, St. John, Moncton and St. Stephen for July, opening about July 1.

To be Raced at Kalamazoo. Chicago, April 15—Stewards of the Grand Circuit have decided that the \$15,000 Horseman Futurity, one of the richest stakes in harness racing, shall be decided during the meeting at Kalamazoo, Mich., August 4 to 9, inclusive. Word of the decision was received by the guarantors of the stakes here.

Among the horses eligible to the main division of the race this year are Hagowan, 2:10.34, Peter the Gay, 2:10.34; and Lord Allen, 2:11, the three fastest two-year-old trotters of 1912.

In the two-year-old trotting division the record yearlings eligible for the stake include, Airdale, 2:15.34, generally considered the world's champion yearling trotter; Peter Volo, 2:19, and Healer C., 2:21.34, the best yearling trotting filly of last year.

The stake closed in 1910 and first money in the main division was \$7,200.

WRESTLING

A Challenge. Charles Allen has issued a challenge to wrestler Norman Taylor, for a suitable purse, the best out of three falls.

KENNEL

Big Race in June. Boston, April 16—Members of the Eastern Dog Club are scouring England, Canada and the United States for whippets to enter in a big handicap race to be held by the club on or about June 10.

BASEBALL

May Have Martins. The Cleaner says—Charles Martins is likely to play ball here this year, after all. Friends of Martins say that the Fredericton club accomplished a lot towards getting the premier twirler of last year's Houlton Reds in line for this year when they drew Catcher Jack Watt in the shuffle of players of last week's league meeting. Martins and Watt both live in Greater New York and they are almost inseparable.

How Would You Like to Swing Indian Clubs 120 Straight Hours?

By TOM ANDREWS

Considerable doubt has existed for some time as to who is the real holder of the world's record for continuous club swinging. Various claims have been advanced by athletes in various parts of the world, but few are supported by authentic guarantees of their accuracy. All doubts appear to be settled now by the receipt of a cable from Wairo, New Zealand, where it is said that Captain T. W. Bax established a new world's record by swinging the clubs for 120 hours, 18 1/2 minutes, without a rest of any description. Tom Burrows, a British athlete, some years ago set a record for twenty-four hours, which at the time was considered wonderful. Since that time the record has been attacked in all directions. Burrows himself besting 100 hours at Tamworth, Australia. This performance did not long stand on the books, as in 1911 Jack Beamish at Maitland, West Australia, kept going for 104 hours. Last July at Broken Hill, South Australia, another British swinger raised the record to 110 hours, which was beaten in October by Harry Lawson at Ipswich, Queensland with a record of 112 hours, 15 minutes. The latest performance and certainly the best on record, set up by Captain Bax, ought to spell finality in this branch of athletics, to say the least it serves not a good purpose.

It was proposed recently to institute a tournament of this kind in some city on the Pacific coast, and another in London, but it is doubtful whether either one will materialize, as the public does not take enough interest in that kind of sport if it can be called—the States, and the same feeling seems to exist in England regarding it.

Manager Ganley recalled the fact that last fall Jack Watt told him he would like to do the backstepping for Fredericton this year. Martins has a good job with the Edison Electric Company in New York.

Offers Ty Cobb \$15,000. Chicago, April 15—Ty Cobb, champion batsman of the American League, may become a resident of Chicago if he fails to come to terms with the management of the "Detroit Club," according to a telegram sent by him from Augusta, Ga.

Cobb, replying to an offer of \$15,000 a year and an automobile to act as Chicago agent for an automobile supply company of Loganport, Ind., said that he was still negotiating with President Navis of Detroit, but would give a definite answer to the business proposition within ten days.

The concern which seeks Cobb's services recently weaned Vincent Campbell, a Boston outfielder, from baseball and placed him in charge of its St. Louis branch.

Diamond Sparkles. Joseph O'Neill has been appointed manager of the Philadelphia base ball team in the United States Baseball league. The Reds won from the Blue Birds in St. John last evening by a score of 4 to 1. The batters were Brown and Lacy; Donovan and Latham.

In a five inning game on the Cuba grounds last night, the Royal Georges defeated the Cubs, 3 to 2. Batteries: Campbell and Osborne; Cummings and Johnson.

National League. In Cincinnati, the home team lost to St. Louis 6 to 3. Batteries: Burk, Salles and McLean; Packard, Works and Clark. Chicago defeated Pittsburgh, 6 to 4 in a ten inning game in Chicago. The score was 4 to 4 at the end of the ninth and a double steal by Cymer and Miller won for Chicago. Batteries: Cooper, Chamnitz and Gibson; Smith, Lavender, Cheney and Brennan.

American League. In Boston New York defeated Boston 3 to 2. Chase starred on second. The batters were: Keating and Sweaney; Hall and Numanaker. Cleveland blanked Detroit, 9 to 0 in Cleveland, Blankenship, Cleveland's new pitcher, was on the job all the time and

only one Detroit player reached third. Batteries: Falkenburg and Carisch, O'Neil; Bohler and Stange. In St. Louis, Chicago took yesterday's game from the home team, 5 to 3. Walsh pitched good ball for winners. Batteries: Walsh and Schalk; Mitchell, Alexander and Agnew.

A New League. New York, April 15—Launching of the New York and New Jersey league was assured today with the filing of bonds of \$1,000 each by the league's six clubs. Paterson and Long Branch N. J., and Middletown, Kingston, Poughkeepsie and Newburgh, N. Y., Danbury, Conn., and Peekskill, New York, will probably be admitted to the league.

In Boston Jack Britton, of Chicago, outpointed Matty Baldwin, of Boston, in a ten round bout in Boston last night.

LOCAL NEWS

DEATH OF A CHILD. Mr. and Mrs. Herbert Morrell, of 76 Sherbrooke street were called upon yesterday to mourn the death of their two year old boy Vernon Garfield. Many friends sympathize with them.

LINEN SHOWER. An enjoyable surprise was given Miss Helen Law last evening at the home of Mr. and Mrs. Harry Heads when friends gathered and tendered her a linen shower in honor of an approaching nuptial event of popular interest. Miss Law received a valuable assortment of remembrance articles. A pleasant time was spent in games, dancing and music.

THE LATE J. LEO HAYES. The many friends of J. Leo Hayes, son of Mr. and Mrs. John Hayes, formerly of this city, but now of Roxbury, Mass., were sorry to learn of his death which occurred on the 10th instant at his home in Roxbury. Besides his parents who were formerly in the hotel business here, having conducted the Cumberland Hotel for some years, he is survived by three brothers, John, of Boston, Harold, who is studying for the priesthood in New York; and Gerard, at home; and six sisters, Mrs. F. E. Brit, of this city; Mrs. James Rose, and the Misses Mary, Teresa, Mildred and Althea, at home.

BURIED TODAY. The funeral of Arthur F. DeForest was held this afternoon at 2:30 o'clock from Trinity church, and the deep sorrow caused by his death was shown by the large attendance. Services were conducted by Rev. R. A. Armstrong, and interment was in Fernhill. A large number of members of the Maritime Commercial Travellers Association attended the funeral in a body.

The funeral of John McCann, which took place this morning from his late residence, corner of Main and Bridge streets, was attended by many friends. The body was taken to St. Peter's church, where Rev. John O'Hagan, C.S.R., celebrated a solemn requiem mass, assisted by Rev. S. Grogan, C.S.R., as deacon, and Rev. J. H. Borgmann, C.S.R., as sub-deacon. Nephews acted as pall bearers. Interment was in the new Catholic cemetery.

The funeral of Miss Ellen Bullock took place this afternoon at 2:30 o'clock from her parents' residence, 32 Rock street. Rev. M. P. McCutcheon conducted the services at the house, and interment was in Cedar Hill. Members of Thorne Lodge attended in a body and conducted the ritual at the grave. Among the many floral tributes were an anchor of carnations with the letters I. O. G. T. in pink, from the members of Thorne Lodge, and cut flowers from the girl members.

EXAMINATION OF METHODIST MINISTRY PROBATIONERS

The annual spring examinations for probationers for the Methodist ministry in the New Brunswick and Prince Edward Island conference commenced yesterday and are being continued today. They are being written in St. John, Fredericton, Sackville and Charlottetown. The only candidate writing the examinations in St. John is Robert Smart, student assistant at Exmouth street church, who is taking the examinations under the supervision of his superintendent, Rev. W. W. Brewer. The other candidates are: Fred T. Brennan, Roy C. Dalzell, Walter J. Donohue, Christopher Graham, Stanley G. Help, F. H. Holmes, F. H. Littlejohn, Tenyson A. McDonald, Ovid H. Peters, Hubert C. Smith, George N. Summers and R. W. Turner.

Million For City's Public Works. Calgary, Alberta, April 15.—By-laws calling for a total expenditure of close on a million dollars have been presented to the Calgary city council. Practically all this money is to be spent on the city's public works and operations will be started almost at once. The largest item is one of more than half a million dollars for trunk sewers. The city has gradually been adding to its sewer system during the last two years. Another large item is a quarter of a million for street railway sub-base.

APRIL WEDDINGS

Several of Interest in St. John Last Evening and Today

Dykeman-White.

An interesting nuptial ceremony will be solemnized this afternoon at five o'clock at the residence of Mr. and Mrs. W. H. White, 180 Douglas avenue, when their only daughter, Miss Louise Harding White, will be married by her father to Ralph Gordon Dykeman. Rev. Dr. Hitchcock will officiate, and at the ceremony will take place in the presence of the relatives and immediate friends of the young people. The bride will be attired in white charmeuse silk and will be unattended. After the wedding, luncheon will be served, and later Mrs. and Mr. Dykeman will leave on the Boston train for a honeymoon trip to Boston, New York, and other cities. Miss White's traveling gown is of navy blue with hat to correspond.

On their return they will reside in Douglas avenue. They received many handsome and valuable remembrances from their friends, including a beautiful fern contained in a cut glass jardiniere and a brass pedestal from the choir of Main street Baptist church of which the bride has been a popular member. Both she and the groom are well known throughout North End. Mr. Dykeman is a member of the firm of Dykeman Bros., grocers of Adelaide street. Their many friends will wish them all happiness.

Christie-Linton.

There will be a wedding of much popular interest this evening at the residence of Edward Linton, brother of the bride, in Kennedy street, when Miss Sadie Pearl Linton will be given by him in marriage to Joseph Trueman Christie, formerly of Fredericton. Rev. B. H. Noble will officiate. The bride will be attended by Miss Beattie A. Christie, sister of the groom, while her brother, Wallace H. Linton, will be best man. The wedding march will be played by Miss Maud Lowery of Westwood, cousin of the bride. Miss Linton will be dressed in a becoming costume of white duchesse satin with crystal trimmings and will carry a bouquet of roses. Miss Christie will wear a pretty blue silk gown with lace trimmings. After the wedding, luncheon will be served, and the bride and groom will leave tomorrow morning on a short honeymoon trip through the upper provinces. On their return they will reside in Victoria street. They were the recipients of many handsome gifts from numerous friends, including a valuable remembrance from the employees of the St. John Railway Co., of which staff the groom is a popular member. His present to his bride was a handsome gold watch.

Perry-Kennett.

A quiet wedding took place last night at the home of J. H. McLeod in West St. John, when Rev. A. J. Archibald united in marriage Arthur Lloyd Perry and Mary Kennett, both of Montreal. The bride was becomingly attired in a traveling suit of grey with hat to match. She was supported by Miss Mary Shannon. The groom was assisted by Harry Stone. After the ceremony luncheon was served. Mr. and Mrs. Perry reside at 109 St. James street, West St. John.

MERCHANTS' BANK CONTRACT AWARDED

New Company Will Begin The Work on May 1 and Hope to Finish by November 15

The contract for the reconstruction of the building on the corner of Prince William and Church streets, which was purchased by the Merchants' Bank of Canada, has been awarded to the British American Construction Company. This is a new company recently organized by H. H. Smith which is planning to enter the contracting and construction business on a large scale. They have already arranged for several contracts but this will be the first on which they will make a start.

The bank will take possession of the building on May 1 and will immediately turn it over to the contractors to allow them to commence work. The company promises to complete the job by November 15 and, if successful, will establish an enviable record for prompt work. They are taking the whole contract, masonry, carpentry, plumbing, heating, lighting and everything else.
