THIRTY-FOUR DEATHS IN FEARFUL TRAIN WRECK

Express Crashes Into Stalled Passenger Train in New York State

Day Coaches Sent Hurting Over Bank and Engine Plows Into Pullman—Fifty Injured, Some Fatally, at One Time Lay on Emergency Hospital Floor

Corning, N. Y., July 4—Lackawanna passenger train No. 9, which left New York city at 6:35 o'clock last night bound for Buffalo, was struck from behind by a train of express cars early today and at least thirty-four persons were killed and fifty injured.

Thirty-four bodies had been taken from the debris at nine o'clock. The crash occurred before daylight. Many of the injured were mortally hurt.

Most of the dead and injured were in two day coaches on the rear of the train, which were toppled into the ditch. Passengers in the five pullman cars were more fortunate in being farther away from the point of impact.

Corning, N. Y., July 4—Nearly thirty passengers were killed and fifty injured today when an express train crashed into the west bound Lackawanna passenger train No. 9, two miles east of this city.

The passenger train, which runs from New York to Buffalo, had been standing on the track for twenty minutes, when the express train, which carried no passengers, struck it in the rear, at full speed. The two day coaches attached to the rear of No. 9 were hurled down an embankment and the express ploughed half way through the rear pullman of the standing train before it came to a stop.

On Way Home For Fourth The collision occurred at 6:25 o'clock this morning. Most of the killed were passengers in the day coaches who were going home to spend July 4 in the Corning, N. Y., Drake, of Passaic, N. J., the pullman conductor, said that four passengers were killed and fifty injured.

On account of the confusion and the lack of communication, a score of the injured were still pinned under the wreckage and their groans and shrieks can be clearly heard.

At one time there were nearly fifty persons, many of them fatally injured, lying on the floor of the emergency room in the local hospital. Every undertaker in Corning was called to help care for the dead.

The train had been standing about twenty minutes, when there came an awful crash which pitched me forward as the train was rushing on.

The conductor of the passenger train, and sat in front of me while the train was being pushed back.

Chicago, July 4—The heavyweight championship fight between Jack Johnson and Jim Flynn at Las Vegas today was a matter of little interest to local sports fans.

In the black belt, where two years ago at this time there was a frenzy of excitement over the Jeffries-Johnson fight, there has been little or no betting because there is no Flynn money in sight.

A few bets have been made, the prevailing odds being three to one on the champion. Even money is being offered in some quarters that the fight will not go twenty rounds and three to five is asked against the battle going fifteen rounds.

There was considerable betting in downtown sporting places on the Wolcott-Rivers ring at Los Angeles, with the former ruling a slight favorite.

Cleveland, O., July 4—Two prize ring contests, in which champions are participants, are to be staged in Cleveland today.

East Las Vegas, N. M., July 4—Rudolph Unholz, of Denver, and Stanley Youmans, of Albuquerque fought twenty-two rounds to a draw last night in the arena where the world's heavyweights will clash this afternoon.

Moncton, N. B., July 4—At a meeting of the all-Canadian tennis championship, a dark horse whose name had scarcely been mentioned before the fourth ball, received the Republican nomination for governor on the fifth ballot.

At General Haura's Federal Headquarters, Buchinco, Mexico, July 4—The circular battle line of the government troops at daybreak today renewed the attack of the rebels for the possession of Bachinco canyon, the entrance to which is a distance of a mile, together with several high positions, was gained by the federal troops in the morning.

MRS. DARROW BREAKS DOWN UNDER STRAIN

Wife of Accused Lawyer III—Prosecution Case About Closed

Los Angeles, July 4—Mrs. Clarence S. Darrow, who has been in constant attendance at the trial of her husband for jury bribing, since it began on May 13, is confined to her home by illness.

BEING SEEMS ALL ON BLACK

Two to One on Johnson Finds No Takers In Las Vegas

Something Like Reno When Jeffries Met Him—Big Crowds and Much Interest—Other Late Sporting News

East Las Vegas, N. M.—The streets of Las Vegas presented an animated scene today, many hours before the time set for the first world's heavyweight championship since Jack Johnson defended that title against Jim Jeffries in Reno two years ago today.

Two years ago today, Jeffries was a short-cender in the betting, Johnson being the bet to be a wide interest in the fight.

Despite the one-sided look of the betting commission's board, there appeared to be a wide interest in the fight.

Chicago, July 4—The heavyweight championship fight between Jack Johnson and Jim Flynn at Las Vegas today was a matter of little interest to local sports fans.

Italy and The Balkans Close attention is now being paid by the Italian government, to the course of events in Albania.

It is positively stated, however, that the Italian government desires sincerely to see the revolt ended.

China and The Powers Peking, July 4—Lin Cheng Hsiang, the new Chinese premier, has expressed to the foreign ministers here his desire to hold and strengthen the friendly relations between China and the powers.

For Governor of Ohio Columbus, O., July 4—Judge E. E. Dill of the Franklin county common pleas court, a dark horse whose name had scarcely been mentioned before the fourth ball, received the Republican nomination for governor on the fifth ballot.

GREAT LOSSES ON BOTH SIDES IN MEXICAN BATTLE

Fighting Begun Yesterday and Continued Today—Artillery Play an Important Part

at General Haura's Federal Headquarters, Buchinco, Mexico, July 4—The circular battle line of the government troops at daybreak today renewed the attack of the rebels for the possession of Bachinco canyon, the entrance to which is a distance of a mile, together with several high positions, was gained by the federal troops in the morning.

The federal troops carried out orders with mathematical precision. Conspicuous in the fighting, besides General Huert, was the commander in chief, J. P. G. Madero, brother of President Madero.

Cameroon Trainer FOR THE WANDERERS

Advent of Speedy Runner in Halifax Means Sport Revival There

Halifax, N. S., July 4—(Special)—Fred Cameron, of Amherst, professional runner, has been appointed general trainer of the Wanderers' Amateur Athletic Club here. This means a big revival of track and field sports for Halifax.

Cameroon will enter upon his duties on Saturday. The Wanderers, with their new cricket coach and trainer, are perhaps the best fitted club in Canada in this regard.

ATTEMPT ON LIFE OF SIR HENRY FRANCIS MAY, GOVERNOR OF HONG KONG

Hong Kong, China, July 4—The attempted assassination of Sir Francis May, the newly appointed governor of Hong Kong, is regarded as possessing some political significance.

The murder was formerly a household name in the city. He said this morning that he regretted that he had missed his aim. He wanted to kill the governor because the colonial government of Hong Kong had stopped the circulation of Chinese copper coins on British territory, and he interpreted this action as directed against China.

Society Babe is Born London, July 4—The Earl and Countess of Grandhav, a daughter, and are receiving the congratulations of nobility. The Countess was formerly Miss Beatrice Mills, daughter of Oden Mills, of New York. They have figured largely in Newport society affairs.

"YOU'LL SUFFER ALL YOUR LIFE"

That's What the Doctor Told Him

"Fruit-a-tives" Cured Him

Chesterville, Ont., Jan. 25th, 1911. "For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life."

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives." I have been using this medicine nearly all the time since, and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health.

Geo. W. Barkley.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives."

This famous fruit medicine acts directly on the kidneys—beating and strengthening them—and ridding the system of the waste matter that poisons the blood.

At dealers or send receipt of price by Fruit-a-tives, Limited, Ottawa.

"PROGRESSIVE" REPUBLICANS IN STATE OF MINNESOTA WILL WORK FOR WILSON

Minneapolis, July 3.—The Minnesota Progressive Republican League will back Woodrow Wilson, Democrat, in his coming campaign, according to Geo. S. Loftus, president of the league, in a statement today.

According to Mr. Loftus, practically all of the members of the executive committee of the league have agreed to this plan and a meeting for formulation will be held here next Saturday night.

"Woodrow Wilson represents our ideal of progressivism," said Mr. Loftus. "There

Good News By RUTH CAMERON

HERE are some very good news that I found tucked away in a corner of my morning paper one day.

"A bill has been introduced into the legislature requiring applicants for marriage licenses, both men and women, to have health certificates dated within ten days.

Heavy penalties are provided for a doctor who falsifies a certificate or for a minister or official who marries a couple without one."

Why do I call that good news? For at least two reasons.

In the first place, because I believe that the passage of such a law as that all over this country would mean one of the biggest possible steps towards a single standard of morality for men and women.

Almost all men, however determined they are to sow their wild oats, in the bottom of their hearts look forward to a home of their own some day.

If these men knew that by their reckless sowing of wild oats they were running the risk of making themselves homeless forever and ever, I think they might be a little less reckless and indifferent.

And, in the second place, I believe that such a law would strike a big blow at one of the most garbled and knotty and diseased "roots" of the divorce evil.

"Make it harder for the wrong people to get married," is coming to be the universal war cry of the forces that are fighting divorce.

And if any class of persons is more thoroughly "wrecked" from a marriageable standpoint, than those who will spread a clean bill of health who would cause untold suffering in many ways, they must be hard to find.

For the women's club that wants to do something for the improvement of womanhood's status, for the stability of the home and for the prevention of divorce, I can think of no better undertaking than to see what can be done about passing a similar law in their own particular section of the country.

Can you? If legislators have decided that conditions are such that legislation of this sort is necessary, doesn't that fact point out their duty to the parents of every "marriageable daughter?"

The father asks his would-be son-in-law about the latter's business prospects, his ability to support the girl he wants to marry. Why not about his physical condition, his prospects of making the girl happy?

No good man who really loved a girl would resent such questioning. He would appreciate its wisdom. It would be only the man who could not show a clean bill of health who would object.

Some friend, I know, is shocked at my touching on this subject and is preparing to take up her pen and tell me "This is a matter we do not discuss in public."

Quite true, my friend. And Oh the tragedies of our silence.

(during the colonel's battle for the Republican presidential nomination, today's President Taft. We will work for Mr. Wilson in the state."

LA MARQUISE DE FONTENAY

"The Laird of Cockpen" Coming to Visit His Brother in Ottawa—An Old Scottish Family

(Copyright, 1914, by the Brentwood Co.)

New York is at present harboring at the Ritz-Carlton Hotel, a peer who goes throughout Scotland by the nickname of "The Laird of Cockpen."

His real title is the Earl of Dalhousie, and he is especially known in New York society, than his, for his parents spent much of their time on this side of the water, were familiar figures in Fifth Avenue.

It was on landing at Havre, after a stay of several months in the United States that both died in a Havre hotel, with such dramatic suddenness, within a few hours of another, as to give rise to an unfounded rumor of suicide.

The late Countess of Dalhousie was a remarkably beautiful woman, a sister of the present Earl of Dalhousie, and was married to the Earl of Dalhousie, a strong strain of the blood of the French ducal house of De Gramont, which is famous in history for good looks.

It was Lady Dalhousie who died first, it is now believed of poisoning, and her husband was so affected by the shock, that he succumbed on the same day, presumably of some heart trouble.

They left five small boys, the eldest about ten years of age at the time; the children were brought up with the utmost care and affection by their father's younger brother, the Hon. Charles Ramsay, and by his American wife, Estelle Graham, daughter of the late William R. Garrison.

She died about five years ago, having had no children of her own, and Charles Ramsay visits New York almost every year, in connection with his American financial interests.

He was subjected soon after his elder brother's death to a most unmerited attack. Some American belonging to the Knickerbocker Club

in New York, who had been put up for membership at the Knickerbocker Club in London, had been turned down and, although Ramsay had nothing to do with the matter as he did not belong to the club at the time, yet when proposed for election to the Knickerbocker, he was black-balled as a matter of spite, simply because he was a London clubman.

This created for a number of years afterwards an amount of ill-feeling in England which rendered the election or admission to temporary membership of Americans to the first-class London clubs, a matter almost impossible.

Another member of the club, the late Lord Dalhousie was an ardent home ruler, having followed Gladstone when the latter took office in 1868, and he took charge, all the mortgages had been paid off by the time the present Earl came of age, and entered into possession of a clear income of \$300,000 a year.

The present Lord Dalhousie is a man of thirty-five, served through the Boer war as a subaltern of the Scots Guards, and is married to a very pretty woman, sister of the present Earl of Ancester, whose wife was Miss Elsie Breeze of New York. He has a son of eight years, who bears the title of Lord Ramsay.

Patrick Ramsay, is in the diplomatic service, and was attached for a time to the British embassy at Washington. Another brother, Alexander, is a lieutenant in the royal navy, and is attached to the staff of the Duke of Connaught, Governor-General of Canada, as A. D. C.

It is mainly for the purpose of visiting his mother at Dalhousie that he has just crossed the Atlantic. The youngest brother, Fox Ramsay, is, I believe, a stock broker in London. He was one of the winners, but the other, Ronald, a subaltern of the Scots Guards, disappeared mysteriously from aboard the Hamburg-American liner Cleveland within a day of reaching Plymouth, on his way back to England after an enjoyable visit to the United States.

No one had seen him jump overboard, but a letter found in his cabin addressed to his uncle Charles, bidding him to be well and thanking him in the most touching manner for all that he had done for "his boys," left no doubt as to it being a case of suicide. What cause there could have been for the act remains a mystery, so no monetary troubles or feminine intrigues were known. He left indeed, some \$60,000 deposited in a London bank.

I may mention, as illustrating once more in these letters the peculiar sympathy existing between twins, that Fox was the membership at the Knickerbocker Club in London, had been turned down and, although Ramsay had nothing to do with the matter as he did not belong to the club at the time, yet when proposed for election to the Knickerbocker, he was black-balled as a matter of spite, simply because he was a London clubman.

WHY ALL STOOD IN THE WATER: In a North of England town there was a shiftless man who would never accept gifts outright, although he was always depending on charity, says Al Fridly in his book, "Through the Mill."

Mr. Chas. W. Wood, Montreal, Que., writes:—"For two years I had suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed. It was all right for a time, but the old trouble returned with greater force than before. One of the boys, who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them and I got such satisfaction that I got another box, and before I finished it I could enjoy sleep from 10 p.m. until 6 a.m., and now feel good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

#### BUILT CHURCH FOR FATHER BRADY IN SINGLE DAY

(Gloucester Gazette)

Something unique in the history of Cape Breton was accomplished yesterday when a large number of carpenters gathered and built a church for Father Brady's parishoners at Houghton. The building was erected completely, including the altar, ready for services, in one day, the work being finished before six p. m.

Much credit is due to the carpenters engaged in this work, men from Morien, Glace Bay, No. 6 and elsewhere. Father Brady wishes to thank them all very heartily, especially George Phalen who acted as foreman, and the ladies who attended to the wants of the inner man during the day.

#### OLD HOME WEEK

CENTENARY AND FAIRVILLE. The situation with regard to the pastorate of Centenary and Fairville Methodist churches remains unchanged today, according to prominent members of both churches, who say that no arrangement for the settlement of the difficulty has yet been reached.

ENGINEERS HERE. A Valiquet of the Department of Public Works, Ottawa, is in the city inspecting the dredging and construction work at West St. John. T. H. Schurter, another engineer of the department, is also in the city on government business.

No water rates at Courtney Bay Heights; beautiful crystal water from artesian wells given to purchasers of lots free. This offer holds good during the month of July. See Mr. Burnham, 98 Prince William street, and secure a lot at once; only 10 per cent cash, balance easy monthly payments.

The American Band will give a concert in Rockwood Park this evening. This band is said to have established quite a reputation in American cities and is expected to attract a large crowd. The band will also play in the park during old home week.

A DRUNKEN BRUTE. A pitiful scene was witnessed on Brunswick street last evening when a young woman put her arms around a drunken brother and tried to induce him to go home. He repeatedly threw her off and the woman was compelled to let him have his own way. He staggered off in another direction.

TENTH ANNIVERSARY. Friends of Mr. and Mrs. Ernest E. Thomas last evening gathered at their home in Nauwigwauk and congratulated them upon the tenth anniversary of their wedding. During the evening they received from those assembled a handsome steel engraving as a token of good wishes and esteem.

NOTICE. Our store is closed today. We are getting the stock ready for the greatest mid-summer clothing sale ever presented to the people of this city. If you value money, be on hand at sharp 8 o'clock tomorrow morning and join the first day rush for bargains. Store closes on Friday at 8 o'clock. Open all day Saturday and Saturday evening. Henderson & Hunt, 17-19 Charlotte street.

COMPLAINT OF DUST. Dealers in Indiantown have been complaining regarding the dust which blows from the street on their windows and sticks there, and also concerning the action of street workers in leaving piles of refuse outside their doors. They say that the watering wagons would do effective work in a visit once or twice daily, and also that the street sweepers could do the work more quickly and more satisfactorily than the men.

### MORE LEAKS

The concrete pipe on the Loch Lomond water extension has produced another crop of serious leaks. Commissioner Wigmore and the engineer made a trip to the scene of the trouble last evening and made arrangements for immediate repairs. In one place the leakage was so bad that it was necessary to put a steam pump at work to clear the water out of the trench before the extent of the damage could be ascertained.

### NELSON IN CAPE BRETON

Gloucester Bay Gazette—Jack Nelson, the new catcher of the Dominion Baseball team, who played his first game with them yesterday, has played two seasons with the St. John Marathons. He was released by the Marathons so he could take advantage of the better terms offered by Dominion, but he is still on the Marathons reserve list and agreed to return at any time his services are required.

Subscription prices—Delivered by carrier, \$5.00 per year, by mail, \$6.00 per year in advance. The Times has a circulation of 10,000 copies.

MR. BORDEN IN LONDON The London Tory press, eagerly searching for some ray of hope in the political situation, hailed Mr. Borden's arrival with great joy.

Any attempt on the part of American merchants to prejudice the West Indies against reciprocity with Canada, while it is perfectly natural from their standpoint, will not be at all likely to influence the people of the islands.

Mr. Winston Churchill kissing the blarney stone was an interesting incident of his visit to Ireland. Perhaps the experience will somewhat sweeten what is at times a particularly bitter tongue.

The Shareholder says:—The Intercolonial Railway, not to be outdone by the three larger systems is also coming into its own.

Now that a beginning has been made in the work of decorating business houses on the principal streets for next week's festivities, it may be hoped that the good work will extend and become universal, so that the streets may present a most attractive appearance at a time when it is anticipated there will be thousands of visitors in town.

ASSESSMENT AND VALUES The Toronto Star has long since set out to show some of the inequalities in assessment on property in that city.

Another list showing the assessment value and the sale price of certain properties included one which was assessed at \$83,300, sale price \$80,000; another at \$112,275, sale price \$250,000; another at \$63, sale price \$135,000; another \$38,167, sale price \$143,000; and so on through a list of fifty city properties.

There is something radically wrong with an assessment law which produces such results as this. The poor man who has a house costing two or three thousand dollars is assessed, no doubt, to the full value.

THE CEMENT SITUATION In an article on the cement controversy the Shareholder says:—The consumption of cement has risen very rapidly in Canada.

Large crowds are attending the camp meetings at Beulah this summer and the meetings so far have been very successful. The programme yesterday included a prayer service at six a. m., sermons by Rev. C. H. Babcock in the morning and evening, and a service at the afternoon at which Rev. L. N. Fogg preached.

WEDDINGS Whipple-Gaynor. William Cole Whipple, electrical engineer at McAdam, son of R. R. Whipple of Charlottetown, was united in marriage on Monday to Miss Mabel Campbell Gaynor, formerly of Fredericton and lately of the teaching staff at McAdam. The wedding took place at McAdam Junction.

Doyle-Fraser. The wedding of Hanford Doyle of Sussex to Miss Helen Sophia, daughter of Mr. and Mrs. James E. Fraser took place on Wednesday last at the home of the bride's parents, Springhill, N. S. They will reside in Sussex.

Berry-Babkirk. In Egton on July 2 Miss Nina B. Babkirk, daughter of Mrs. James Babkirk, was united in marriage to Daniel Berry of Berwick. The wedding was officiated by Rev. James E. Fraser. The bride was attended by Mrs. Lewis Goddard. Mr. and Mrs. Berry left for Washington and Chicago. On their return they will reside at Berry's Mills.

The largest sculptured sun dial in the United States is being set up on the campus of Columbia University, the gift of the class of 1885. It consists of a solid granite sphere seven feet in diameter and weighing 32,000 pounds, on a circular base of white marble. On the sphere are placed plates, which will indicate the hour of the day as the granite sphere reflects the sun's rays. William Ordway Partridge, a sculptor, designed the inscriptions, which have allegorical titles.

HEALTH AND BEAUTY HINTS BY MRS. MAE MARTYN

Mrs. J. L.: Frequent shampoo with castor oil during the summer months will ensure a fine growth of hair.

Mrs. Harry: Impure blood is the cause of much sickness, and I would advise you to begin at once a kurdene treatment.

Mrs. Tim: Unhealthy scalps cause profuse dandruff, excess oiliness and other unctions, and these in turn cause the hair to grow lifeless, brittle and fall out.

Mrs. O. H.: Turkish baths are a severe lax on the system. Try the paracetic treatment for fat-reduction and I am sure your weight will soon be just where you want it.

Alma M.:—You need have no fear of tan or freckles if you apply daily a plain sprumax lotion, made by stirring 4 ounces sprumax into 12 pint witch hazel (or hot water) to which has been added 2 spoonfuls glycerine.

Lydia P.: Large pores and skin roughness can be overcome with the aid of an almond cream-jelly. This is made by stirring two teaspoonfuls glycerine into 12 pint cold water, to which is then added 1 ounce almond. Apply generously to the skin each day and it will clear it of all local impurities.

Mona: Your dull, expressionless eyes, when treated with a simple crysotonic, will soon regain their former brilliancy and expressiveness. To make the tonic dissolve 1 ounce crysotonic in a pint cold water, then put 2 or 3 drops in each eye daily. Nothing equals the crysotonic for removing foreign particles, reducing inflammation and for granulated lids. Its use often does away with glasses.

**WARM WEATHER SHOES**

You often hear men say "My feet bother me much during the warm weather. They burn and ache." Look for a cause and you will generally find that he is wearing a high laced boot the identical style he was wearing in the winter season. The feet need a chance to breathe and if it is necessary to change the weight of under garments surely something cooler is needed on the feet during the warm weather. Low Shoes are a necessity. **THIRTY NEW MOTOR OMNIBUSES ON THE ROAD EVERY WEEK**

There Are Now 2,000 in Operation in London Streets, Run by Five Companies

London, July 4—An extensive development of London's motor omnibus services is in process of taking place and will greatly add to the convenience of those who daily travel to the city from any of the suburbs. Very soon it will be possible to get everywhere to anywhere in the London area by motor omnibus. The London General Omnibus Company, which is carrying out this gigantic extension, is putting thirty new omnibuses on the road every week, and new routes, changes and extensions of routes, are being opened almost daily.

"Everywhere a motor omnibus can be run at a profit, it is quite obvious that it must be run," said an official of the company. "We don't know where we shall stop. With regard to competition with the tramway services, the company has never run a single omnibus for the sake of competing unfairly with them. I think it unwise to cut fares for competitive reasons, and as far as humanly possible we try to avoid it."

The growth of London's omnibus system will be realized when it is recalled that five years ago ten companies managed some 300 omnibuses a week; today five companies manage 2,000 omnibuses, of which the London General, which absorbed several of the vanished firms, runs on an average 1,600-1,800 a week. The company pays a petrol tax alone of about \$2,000 per omnibus per annum. To cover the area contemplated by the London General, it is estimated that it will be necessary to increase its fleet from some 1,700 to 4,000 omnibuses.

### TRADES AND LABOR

**CONGRESS CALL ISSUED**  
The Trades and Labor Congress of Canada has issued the following convention Office of the Secretary-Treasurer, 112 Florence street, Ottawa, Ont., July 2nd, 1912.  
To the Officers and Members of Provincial Federations of Labor, Trades and Labor Councils, National Trades Unions, Federal Labor Unions and International Local Trades Unions in the Dominion of Canada, GREETING:  
Fellow Laborers and Brothers:  
The twenty-eighth annual session of the Trades and Labor Congress of Canada will convene in the Armour's building, Huskisson street, city of Quebec, province of Ontario, beginning at 10 o'clock, Monday morning, Sept. 9, 1912, and will continue in session from day to day until the business of the convention has been completed.  
The delegates assembled at Calgary last year chose Quebec as the next meeting place, and it will be a striking tribute to the enthusiasm and enduring ability of the organized workers of the "Rocky and progressive city and surrounding industrial centres in the heart of the province of Ontario to have a large representation of delegates from all over Canada in attendance. The bill of fare to be presented is one that will require the very best intelligence of the delegates to grapple with.  
The past year has been replete with matters of vital interest to the workers, and the opponents of organized labor very active, as will appear from the systematic and persistent endeavor being made in Canada and Great Britain to weaken regulations that were imposed for the protection of the working classes. Each year has witnessed a wonderful growth in the intricacy and difficulty of the problems to be dealt with by the congress, and the English convention will be no exception in this respect. Among other matters calling for immediate attention are the following:  
1. Dominion and provincial legislation affecting labor interests.  
2. The Alien Labor Act and its utter uselessness to protect the working classes in its present cumbersome administration.  
3. The Immigration law.  
4. The eight-hour bill.  
5. The Workmen's Compensation acts by the various provinces—administration by provincial governments and their interpretation by the courts.  
6. Amendments to the Industrial Disputes and Investigation Act.  
7. Clear definition of our position as regards the proposed Old Age Pension measure now before a special committee of the Dominion House of Commons.  
8. Proposed amendments to the Dominion Elections Act, to make election day a public holiday and to abolish the \$20 deposit now exacted.  
9. Payment of wages on railways for strike and many other features.  
Never more than now has there been greater necessity for vigilance in safeguarding the rights of labor. Organized bodies of every hand are contesting for their own protection, and in this regard labor no longer has the field to itself. If labor is to receive its portion it will have to be vigilant every hour of every day.  
Send your best, most experienced and faithful men to the convention, and elect them NOW. If you neglect to do so, don't complain that your particular interests have been overlooked or neglected. It is the time of prosperity, and labor must be prepared to do battle at every available opportunity if it is to keep up the procession.  
Fraternal yours,  
JAMES C. WATTERS, President.  
FRED BANCROFT, Vice-President.  
P. M. DRAPEL, Secretary-Treasurer.  
Executive Council, Trades and Labor Congress of Canada.

The bill of fare to be presented is one that will require the very best intelligence of the delegates to grapple with.  
The past year has been replete with matters of vital interest to the workers, and the opponents of organized labor very active, as will appear from the systematic and persistent endeavor being made in Canada and Great Britain to weaken regulations that were imposed for the protection of the working classes. Each year has witnessed a wonderful growth in the intricacy and difficulty of the problems to be dealt with by the congress, and the English convention will be no exception in this respect. Among other matters calling for immediate attention are the following:  
1. Dominion and provincial legislation affecting labor interests.  
2. The Alien Labor Act and its utter uselessness to protect the working classes in its present cumbersome administration.  
3. The Immigration law.  
4. The eight-hour bill.  
5. The Workmen's Compensation acts by the various provinces—administration by provincial governments and their interpretation by the courts.  
6. Amendments to the Industrial Disputes and Investigation Act.  
7. Clear definition of our position as regards the proposed Old Age Pension measure now before a special committee of the Dominion House of Commons.  
8. Proposed amendments to the Dominion Elections Act, to make election day a public holiday and to abolish the \$20 deposit now exacted.  
9. Payment of wages on railways for strike and many other features.  
Never more than now has there been greater necessity for vigilance in safeguarding the rights of labor. Organized bodies of every hand are contesting for their own protection, and in this regard labor no longer has the field to itself. If labor is to receive its portion it will have to be vigilant every hour of every day.  
Send your best, most experienced and faithful men to the convention, and elect them NOW. If you neglect to do so, don't complain that your particular interests have been overlooked or neglected. It is the time of prosperity, and labor must be prepared to do battle at every available opportunity if it is to keep up the procession.

### TRADES AND LABOR

**CONGRESS CALL ISSUED**  
The Trades and Labor Congress of Canada has issued the following convention Office of the Secretary-Treasurer, 112 Florence street, Ottawa, Ont., July 2nd, 1912.  
To the Officers and Members of Provincial Federations of Labor, Trades and Labor Councils, National Trades Unions, Federal Labor Unions and International Local Trades Unions in the Dominion of Canada, GREETING:  
Fellow Laborers and Brothers:  
The twenty-eighth annual session of the Trades and Labor Congress of Canada will convene in the Armour's building, Huskisson street, city of Quebec, province of Ontario, beginning at 10 o'clock, Monday morning, Sept. 9, 1912, and will continue in session from day to day until the business of the convention has been completed.  
The delegates assembled at Calgary last year chose Quebec as the next meeting place, and it will be a striking tribute to the enthusiasm and enduring ability of the organized workers of the "Rocky and progressive city and surrounding industrial centres in the heart of the province of Ontario to have a large representation of delegates from all over Canada in attendance. The bill of fare to be presented is one that will require the very best intelligence of the delegates to grapple with.

ALTERNATIVE ROUTES FOR VALLEY RAILWAY

Government Discussing Them Here—Re-planking of Suspension Bridge

The route of the St. John River Valley Railway south of Fredericton is under consideration by the provincial government, which is meeting here this afternoon. Dominion Engineer Taylor and Provincial Engineer Maxwell are in conference with the government and alternative routes are being discussed with the intention of reaching a final decision on as much of the route as is possible. One of the disputed sections is at Oranook, where three routes are offered. Of the three the central route seems to be the one favored.

The section from Fredericton to Woodstock was approved some time ago and seven sub-contractors are now engaged on this section. The route from Woodstock to Centreville has also been approved and the section which is under discussion today will be that from Fredericton to Perry's Point.

It is expected that the government, at today's meeting, will make arrangements for re-planking the Suspension Bridge in order to have it in good shape until the new structure is built. Even if the work on the new structure were started immediately, it would be several months before it would be ready to take the place of the Suspension bridge, and there seems to be no prospect of its being completed in a new bridge will not be commenced this summer.

The members of the government will also meet today as the board of education and before they leave the city it is probable that they will discuss the slotters of the provincial hospital. The session will be continued tomorrow.

Messrs. Fleming, McLeod, Grimmer and Murray arrived in the city this morning and Messrs. Morrissey and Landry arrived this afternoon.

PERSONALS

Mr. and Mrs. W. E. Stirling arrived home last evening. Mrs. Stirling is accompanied by her daughter, Miss Mabel Halse, and her son, Harold, of Providence, R. I., arrived in St. John on Tuesday night.

Mr. Frederick Koe, 98 Waterloo street, has returned home from Nova Scotia. Frederick Gleason—the engagement of Louise Elphinstone Wilbur, youngest daughter of Charles P. and Mrs. Parker, Woodstock, N. B., and Joseph Theodore Wright, M. D., a nephew of the editor of the New Brunswickist, is announced. The marriage will take place on the S. S. Megantic, at Charlottetown, P. E. I., on August 10.

Ernest Sterling and bride, St. John, spent Monday Day in Georgetown, the guests of Mr. and Mrs. C. L. Grant.

Mr. M. D. Butler and daughter, of the Steel Coa engineering staff, left on Sunday night for Fredericton. Mr. McKenzie will take charge of a ten mile section of the St. John Valley Railway as resident engineer.

Mayor Frink left last evening for Halifax. Mr. and Mrs. E. E. Wetmore, of Boston, arrived in the city yesterday for a vacation extending over a month.

Mrs. M. D. Butler, who has been visiting her parents, Mr. and Mrs. C. S. Scott, Douglas avenue, has returned home. Mr. D. Brown, post office inspector, came in on the Boston train last night.

D. J. Brown, of Massey Bros. & Co., left last evening for Montreal, from which city he will sail on the S. S. Megantic on July 6, for Europe.

Mrs. David Hutchinson and Miss Edna Hutchinson left last night for Ottawa and Blue Sea Lake, where they will spend the months of July and August.

K. J. MacRae received word from Regina yesterday to the effect that his injured brother John A. MacRae had not been injured in the recent tornado.

THE PICNIC SEASON

The members of the Waterloo street Baptist Sunday school and of the St. Mary's Sunday school conducted their annual picnic today, and each was well attended. The former went to Westfield grounds at Rothesay. The morning train carried mostly children, while the train at noon held large numbers of adults.

The Victoria Street Baptist church held their annual Sunday School picnic yesterday at Westfield Beach. There was a large attendance and the picnic was greatly enjoyed.

Nelson Boyd, retired farmer, formerly of Sherwood, died yesterday. Two Chinese named Jensen. Unidentified child supposed to be named McDonald. Eugene Roy, killed at Robert Kerr's farm south of town. Building Inspector Falls has already inspected many of the large buildings which were situated in the path of the cyclone. A shabby condition has been declared safe by the building inspector and he has authorized the repair work to proceed. In a fit condition for repairs are: Presbyterian church, Y. M. C. A. building, Baptist church, Victoria school, library, Land Titles building, the Masonic Temple and the Massey Harris building. The concentration camp, which had 3,000 inmates, is rapidly diminishing in importance as families secure temporary quarters elsewhere. Here is an accurate list bearing on the scope of the calamity: Warehouses and wholesale places destroyed, 22; value, \$700,000; seven churches and two Y. M. C. A. buildings, value \$240,000; seven schools, value \$125,000; 75 handsome residences valued at \$785,000, and 140 small residences, value \$120,000.

DEATHS IN CITY ONLY 52 IN JUNE

(Continued from page 1.) Deaths from intestinal disease over 5 years. Vaccination. Most diseases can not be provided against except by ordinary careful living and trying to keep in good health, and even when vaccinated, it is not infrequently an exception to this rule. We can, almost certainly, so fortify our system that we can avoid all diseases, and very close contact with it, need give us little concern.

A great doctor found this out in the eighteenth century, and since then, smallpox instead of being one of the most terrible of all diseases, has come to be one that causes very few deaths, and one that the great majority of people have never seen.

Indeed, so scarce has it become that in some countries of Europe—Germany, for instance—it is almost wholly unknown. Yet Germany contains about nine times as many people as the whole of Canada, and her people are vaccinated, and have very close contact with it, need give us little concern.

Two questions of surpassing importance are being constantly asked about vaccination, and (2) how often does it require to be repeated in order to protect against smallpox during life?

The answer to the first question is that every child should be vaccinated within six months after birth. The second question is not quite so easy to answer. Some say that it is not necessary to repeat the operation in childhood and again somewhere about the age of fifteen, that is to say, well vaccinated the chance of afterward contracting smallpox is very small, and that even should it be contracted, it will be of little or no danger to life.

Of course, in case of an epidemic of smallpox, it is the duty of every one to be re-vaccinated. Where one has undergone the operation already twice successfully, in the vast majority of cases a third operation will have no effect.

Too much cannot be said of the necessity of good vaccination. Often the child goes through the operation and either the arm does not become sore at all, or else only slightly so. Such an operation, if nothing more is done, is worse than none, for it often gives a false security and leads to outbreaks of the disease.

When the city provided for a free operation to all who wish to take advantage of it. Each year, generally during July and August, certain days of the week are set apart for this purpose by the Board of Health. These dates are always announced in the newspapers before hand.

COMMERCIAL USE OF NITROGEN OF THE AIR

The Supply Unlimited, But The Problem is to Utilize It

The Bureau of Manufactures of the Department of Commerce has issued a monograph on the subject of the utilization of atmospheric nitrogen, in which it points out that the (so to speak) raw material, the air itself, is unlimited. For instance, the atmosphere above one square mile of land, amounting to about \$2,000,000,000 tons, is equivalent to what the world would require in the next fifty years at the present rate of consumption.

ARGENTINE MEAT SUPPLY

(Bradstreet's)

"Even Argentina, with her immense natural resources and limited home demand, is beginning to worry over her beef problem. The government authorities have expressed concern in two directions, both as to the decreased prices secured for Argentine meat in England, and for the future of the cattle supply at home," says the National Provisioner.

PEOPLE OF AUSTRALIA AND RELIGIOUS AFFILIATIONS

Melbourne, July 4.—The Victorian cabinet is considering the matter of the Krupp importations, the committee having found that the material produced by British firms, which was refused by the Victorian railways commissioners, is used on British colonial railways throughout the empire; also that the commissioners were not justified in granting to Krupp so large a proportion of the annual orders for tires, wheel centres, axles and steel blooms.

Local Notes.
In the West End league last evening, the Wildcats defeated the Courtneys by the score of 13 to 5, in a very fast and interesting five inning game. The batteries were: For the winners, Magee and Spens; and for the losers, Fitzgerald and Joyce.
In the Paddington diamond last evening the Greenias defeated the Spring street Stars by the score of 9 to 1. The batteries were: For the winners, Magee and Crowl, and for the losers, McKay and Ross.
Halifax, July 3.—(Special)—The league baseball games today resulted in wins for the Socials and the Westville teams. The Socials defeated the Standard 8 to 4, and Westville got away with Stellarton, 6 to 4.
The Fredericton Team.
Fredericton Mail.—There is a meeting of the baseball management this afternoon from which it is thought more sensational developments will be the issue.
Three Fredericton players received their release yesterday in the persons of Cream, Pay and Brennan. The latter two left by the train last evening for Boston, Cream remaining over. He will no doubt be picked up by either of the N. B. and Maine League teams or may be seen in Cape Breton uniform.
The question of filling second base and left field now occupied by "Red" Wilson and Larry Conley is coming under discussion late afternoon, and it may be that these berths will be vacant after tomorrow.
An effort has been made to land Bert White, formerly of the Lowell Club, and who played here last season.
Wildcat playing yesterday was the subject of much unfavorable comment, five errors being chalked against him. While Larry Conley has not shown the form he displayed last season, there is no doubt that Conley will "come back" but the showed signs of weariness from his long journey. He was replaced by Delano who, as usual, had the goods. Rovers, of Woodstock, and Corrie, of St. John, umpired and came in for considerable praise for their efficient work, and except on one occasion there was never a murmur against their decisions.

It is greatly to be hoped that Houlton does not take the action which it is suggested would be taken, as the game in the N. B. & Maine League will, no doubt, depend upon it.
Martini out of few remarks on Dominion Day, which should not have escaped the attention of the gentlemanly Ump. Such remarks should be meted their proper punishment. Martini is a good ball player but he "talks too much."

Will They Do It?
Fredericton Gleaser.—Last year the Galus team with Biddo Iott as leader and the majority of the Houlton team as members started off like a house a fire in the N. B. & Maine League. They hit the tohogan and liked it so well that they kept on sliding. The followers of the game would not be surprised to see the same thing happen to the Reds.

Notes of Yesterday's Game.
We had more hits than the Woodstock Kikkers had, but still we did not win. When the Woodstock team came to town again the league executive ought to supply them with footballs so that they can kick to their heart's content.
Pinkerton got into the error column yesterday with two errors marked against him. That is not usual. He had two runs to his credit, however.
Although the odds are against us we look for at least one win at Houlton today.
Umpire O'Brien Resigns.
Umpire O'Brien who was secured a few weeks ago by the executive of the N. B. & Maine League and who has been giving good satisfaction to the fans and his employers right along, has resigned. In a statement to a newspaper reporter he said that he would not remain among players who refused to abide by his decisions. Mr. O'Brien seemed to be a good square officer. His leaving is practically the result of the acts of the Woodstock team on Monday when they left the field without finishing the game. By their actions the league has lost a good square umpire.

JOHNSON BETS ON 15 ROUNDS

East Las Vegas, N. M., July 4.—Johnson added another chapter to his declaration of confidence yesterday according to his own statement by telegraphing \$5,000 to San Francisco to be placed on himself to win in fifteen rounds. The fighters devoted the day to the usual relaxation in preparation for the time when they will enter the ring at two o'clock today.

A widower belonging to a country village lately led to the altar a fourth bride. After the honeymoon the happy couple settled down in his home, and as the surrounding country was new to the lady, she was anxious to visit all the places of interest in the locality. Among the spots visited was the village churchyard, and there the husband and wife paused before a very elaborate tombstone, the property of the bridegroom's father. The bride being a little short-sighted, asked him to read the inscription. In solemn tones he read: "Sacred to the memory of Ann, beloved wife of John—; also Jane, beloved wife of John—; also Mary, beloved wife of John—."
He stopped abruptly.
"What are the words beneath?" innocently asked the lady, and her horror can be imagined when he read—
"Be ye also ready!"
More than 100 years ago a sailor died, leaving an apple orchard comprising twenty-one acres of land, then in the suburbs of the city of New York. He left it for the purpose of establishing a home for aged, indigent and infirm sailors. This was the foundation of the Sailors' Snug Harbor, on Staten Island, where nearly 900 worn-out sailors are enjoying all the comforts of home in their declining years. The little apple orchard of more than 100 years ago is now in the heart of New York city, with a value estimated at \$20,000,000.

**SUMMER HOMES NEAR CITY WERE IN DANGER FROM FOREST FIRE**

Blaze on One House at Ketepec Yesterday — Fire Near Norton Under Control

The lingering hot and dry spell of the last few days has as usual brought with it a few forest fires. Reports from some sections of the country are that, while so far the damage done has not been very much, unless rain soon comes it is not known how great it may be. The heat of the last week has dried the underbrush in all districts and the flames soon find ready fuel to devour and spread over an extensive area in a remarkably short time. A fire which destroyed a considerable stretch of forest land and threatened a valuable timber area near Norton has been put under control, and will probably go no farther. Yesterday quite a fire was burning at a point along the Kennebec in near where it enters the main river. Since Saturday last a dangerous fire has been in progress at Ketepec on the C. P. R. and until last evening some of the summer cottages there were threatened. Last evening it had not been extinguished, and it had burned over a wide stretch of the woodland.

On Monday the fire burned so fiercely that some of those living nearby in suburban cottages removed their household goods for safety. Sparks caught the houses occupied by Mrs. Jones yesterday, but the blaze was discovered before it had gained much headway. The course of the fire was turned by men summing at Ketepec, and it is thought that the most damage has now been done and that the fire will burn itself out.

**FORMER ST. JOHN BOY DROWNED IN NASHWAAK**

Garnet Dryden's Brother Left For Marysville This Morning Because of Fatality

Receiving the sad news that his younger brother, Garnet, had been drowned while swimming in the Nashwaak River last evening, Charles Dryden of 11 Fine street, left this morning on the early train for his home in Marysville, where his parents, Mr. and Mrs. Abraham Dryden, are grief-stricken over the sad occurrence.

Garnet, who was about thirteen years of age, had been in swimming with a brother about three years older, and it is thought that he got beyond his depth in a "swimming hole." The older lad returned to his home and told his mother what had happened, then he collapsed. He was unconscious late last night. The family resided in St. John about three years ago.

**DORCHESTER MAN IS KILLED IN BOSTON**

A telegram received yesterday from Boston by Mrs. Henry Tower, of Upper Dorchester, announced the death of her brother, LeBaron Buck, the result of a shocking accident. He fell from a staging while he was at work with other carpenters. He lived only a few moments. The interment will take place in the family lot at Dorchester Cape. He was 23 years of age, and unmarried. He is survived by his widowed mother and several brothers. His wife, Alma R. Buck, of Dorchester, is the eldest daughter.

**MARRIED IN BROCKTON**

A wedding of interest to St. John friends was solemnized on Sunday, June 23, in Brockton, Mass., at the parsonage of Rev. A. M. Hildreth, pastor of the First Congregational church, when he united in marriage, Miss Gertrude Elizabeth Desautels, a former St. John girl, and Sidney Harold Chillingworth of Brockton. The bride was Miss Margaret R. McCarthy, a cousin of the bride, and the matron of honor was the bride's sister, Mrs. Bertrand L. Moore. Wm. Chillingworth, brother of the groom, was best man. The bride wore a handsome gown of white crepe de chine and carried a bouquet of white flowers. Miss McCarthy wore white embroidered tulle over yellow silk. Mrs. Chillingworth is well known in ladies circles in Brockton, and is a member of Ellen Lee Rebekah lodge. The bride, bridesmaid and matron of honor are nieces of Hugh McCarthy, of Britain street. There are many friends in this city who wish her happiness in her wedded life.

**REPORT OF SAFE ROBBERY CONFIRMED**

Was in J. D. P. Lewin's Office and About \$600 Stolen

The report in the Times last evening regarding the robbery in the office of a prominent young lawyer on the Market Square, was confirmed this morning. The lawyer is J. D. P. Lewin and the amount stolen was in the vicinity of \$600. The robbery was supposed to have taken place on Tuesday night. The safe was picked and was not blown open as first reported. The police believe that it was the work of a professional crook, for there was no trace whatever that would give them a clue to work on.

One theory advanced is that the guilty culprit must have been well acquainted with the premises, for entrance to the office was made through the office door, it having evidently opened with a key.

Some time ago there was a robbery committed in the same building, in the office of the Confederation Insurance Company. At that time some valuable papers were stolen.

It was learned today that the safe in at least one of the offices in the same building has been picked several times within the last few months, but no money was stolen. The combination was changed, but this did not stop the culprit. Fortunately, each time the safe was tampered with there was no money in it.

Store Closes 6 p. m., Saturday 11 p. m.
