GENERAL CIRCULAR.

THE MOUNT ALLISON WESLEYAN COLLEGE was organized in July, 1862, under a charter obtained from the Legislature of New Brunswick. By virtue of this charter it possesses full University powers. An Act was subsequently passed amending the charter and changing the name of the Corporation to "The University of Mount Allison College."

The College is conducted on strictly non-sectarian principles. The general denominational control under which it is placed furnishes a sufficient guarantee that sceptical license will never be allowed within its walls, but does not imply the existence of a purpose or wish to interfere with the conscientious convictions of any. The fullest recognition, however, is given to the truths and claims of the Christian Religion. The Bible is publicly honored as the Word of God, and no pains are spared that the education imparted may be suitably leavened with religious principle.

Students may enter the College either as regular Undergraduates, having passed the Matriculation Examination; or as Specialists, who do not look forward to a University Degree.

For Undergraduates two complete courses of study are provided, viz.:

1. The Regular Arts Course for the B. A. Degree.
2. The Special Course for those who prefer to substitute Modern Languages for Greek and Latin, and who may desire a greater number of elective studies than the Arts Course permits. The degree of Bachelor of Philosophy (Ph. B.) will be conferred on students who have completed this course.

There are also Honor Courses in Classics, Mathematics, Science, Philosophy, and Modern Languages and Literature.

Special Students are admitted to any class or course of Lectures for which, in the judgment of the Faculty, after due examination, they are deemed prepared; and upon leaving the College, they will be entitled to receive Certificates bearing the College Seal, and specifying the particular branches of study in which they have received instruction and passed satisfactory examinations.

Special arrangements will be made for the convenience of **Public School Teachers** who may desire to pursue a college course while continuing to teach during the summer term.

Ladies wishing to pursue an undergraduate course will find at Mount Allison facilities for thorough collegiate training under the most favorable conditions as regards health, and domestic and social advantages. Board may be had at the Ladies' College on reasonable terms. In addition to the regular undergraduate work the best instruction in Music and the Fine Arts is available.

Mount Allison was the first chartered college in Canada to admit women to all the privileges of regular collegiate courses and degrees.

NOTES.

The equivalent for the two years of Greek is either two years of French and one of German, or two years of German and one of French.

For students taking both Latin and Greek there are thus four full studies for four years; those substituting moderns have one additional study.

Students choosing French or German or Hebrew as one of their optional subjects must continue the same language the following year.

Students taking the full Honors Course in any department may omit one of the optional subjects from either the Junior or the Senior Year.

During the Freshman and Sophomore Years all students are required to prepare weekly an exercise either in English Composition or Elocution.

Every Senior is required to write, and deliver during his Senior Year, three orations at dates fixed at the beginning of the session.

has been carefully expended under the direction of a committee of the Faculty. More than seven hundred volumes of valuable works in History, Philosophy, Science, Poetry, etc., have already been placed on the library shelves, and books on local history, a department to which in the future special attention will be devoted, are being collected as opportunity offers.

The Library is kept regularly supplied with the leading Reviews, such as the *Contemporary*, *Nineteenth Century*, *Fortnightly*, *Forum*, *Nature*, *Bibliotheca Sacra*, *Hebraica*, *Old Testament Student*, etc., etc.

The attention of the friends of the College is earnestly directed to the needs of the Library, and to the importance of establishing some permanent fund to secure its study increase. There is no way in which money can be spent to better advantage in securing the sound development of the College as an institution of learning. Gifts of books or of money will be thankfully received and acknowledged.

Contributions for Library and Museum have been received from the following, among others:

- JOSIAH WOOD, D. C. L., M. P.—Canadian Hansard; Revised Statutes of the Dominion of Canada.
- H. A. POWELL, M. A., M. P. P.—Journals of the House of Assembly.
- ROYAL SOCIETY OF CANADA—Proceedings and Transactions.
- Report of the Geological Survey of Canada.
- DOMINION GOVERNMENT—Sessional Papers, 18 vols.
- Reports of the Superintendents of Education of New Brunswick, Nova Scotia, and P. E. Island.
- Calendars of Harvard, Toronto, McGill, Queen's, Victoria, Dalhousie, Acadia and New Brunswick Universities; of St. Joseph's College, Memramcook, and of the Wesleyan Theological College, Montreal.)
- MESSRS. MACMILLAN & Co., Publishers, London, England—Six volumes of Classical Authors; thirty-six volumes of Foreign Classics; nine volumes of English Classics; four volumes of Mathematical Text Books.

- L. ALLISON, B. A.—Life of the Rev. O. Arnold.
- S. D. SCOTT, M. A.—Lee's Church of England in New Brunswick.

Revolution, 2 vols. ; English Men of Letters Series, 8 volumes, and a number of single volumes.

During the last two years there have been added to the Library through the liberality of the Rev. Ralph Brecken, M. A., 728 vols of standard works selected by a committee of the Faculty, viz. : History, 277 vols. ; Literature, 126 vols. ; Dictionaries and Books of Reference, 24 vols. ; Philosophy, 50 vols. ; Science, 77 vols. ; Theology, 174 vols.

READING ROOM.

A Reading Room, in which are to be found most of the leading Periodicals of the Dominion of Canada, as well as some of the principal newspapers of Great Britain and the United States, is accessible to all the students upon the payment of a moderate fee.

THE EURHETORIAN SOCIETY.

This is a voluntary Literary Society, the history of which reaches back for more than twenty years. Its special objects are the acquisition of readiness and power in debate, and the cultivation of a pure literary taste. Not a few of the Alumni of the Institution who are to-day prominent in the professional and legislative circles of the several Provinces of the Dominion, have been enrolled in its membership. It has a well furnished room in the College in which its meetings are held weekly.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

A branch of this society was organized in 1887, and has now a membership of forty-five. Its object is to associate for Christian effort, the young men who from year to year attend the University and Academy. A committee of this association is appointed to meet new students at the railway station, and introduce them to college life.

W. M. RYAN, *President.*

J. K. KELLY, *Secretary.*

GYMNASIUM.

In all Science classes in which costly apparatus or materials are used, a small laboratory fee will be charged, to be paid when a student enters his name in a class. The supply of apparatus has been greatly enlarged through the munificence of Rev. Ralph Brecken, D. D., and every effort will be made to afford the students full courses of practical demonstration, and the use of as many instruments as can be entrusted to them. The list of charges will be posted on the laboratory door at the beginning of each term. Breakages and carelessness in regard to the property of the department will subject a student to extra charges, or permanent dismissal from the class.

Students who, upon examination, may be admitted to an advanced position in the Undergraduate Course, and non-residents, who may apply for examination, will be charged the usual Class Fee in each subject.

BOARD, WASHING, FURNITURE, ETC.

For Board in the Academy, and for Washing, the charge to College Students will be \$40.00 for the first term, and \$60.00 for the second term, or \$100.00 for the collegiate year.

The College dormitories will be provided with stove, bed and

bedding, table, chairs, wash-stand, and book-shelves. *All other articles needed or desired, including lamps and oil, must be provided by the students.*

The Steward will keep on hand, and supply to the students at cost, such articles of furniture as they may require. Upon the return to the Steward at the end of the year of any such articles, undamaged, he will refund seventy-five per cent. of the original charge.

Students will be charged for any damage to the rooms or furniture caused during their occupancy.

From the above table of charges it will be seen that the total expenses for Board, Washing, Fuel, and Instruction to a student who takes four classes (the average number) each term, will be \$155 for the collegiate year. For less than a term the charge will be *pro rata*.

TERMS OF PAYMENT.

An advance payment of \$20 on College Fees, etc., and of \$40 on account of board, is strictly required at the beginning of each term.

The balance of the first Term's account is payable on the 15th day of November; and of the second Term's account on the 1st day of May in each year.

A supply of the necessary Text Books, Stationery, etc., is kept on hand in the University Office, and furnished to the Students as needed by them: and the articles so supplied are charged in the Term's bill at the lowest rates.

CANDIDATES FOR THE MINISTRY.

Candidates for the Ministry of the Methodist Church of Canada, who have been appointed to attend College, will pursue the course of study prescribed on page 192 of the Discipline of the Church.

The Educational Society of the Methodist Church makes provision for free tuition, and aids in meeting the general expenses of young men appointed by the Conference to attend College.

PRELIMINARY COURSE OF STUDY.

This Course of Study is designed to meet the wants of young men preparing to offer themselves to be received on trial for the Ministry. It embraces all the subjects prescribed for the preliminary and first year's examinations of the Methodist Conference, and may extend over one, two, or three years, according to the previous attainments and circumstances of the Student.

The Theological parts of this Course may be pursued in connection with Matriculation in Arts.

The English and Classical parts of this Course are prepared in the Academy and College.

Students presenting themselves for admission to this Course should bring with them letters of introduction from the Superintendent Ministers of the Circuits in which they reside. If they expect to offer themselves for the Ministry at the close of the year, they must be recommended from the quarterly meeting of their own circuits, and not from the Sackville quarterly meeting. Students bringing with them certificates of such recommendation will be exempted from fees for theological tuition. Licenses as exhorters or local preachers should, also, in all cases, issue from the Superintendent and quarterly meeting of the circuit in which the student resides, and where his church membership and standing should be continued.

After examination at the close of the College year, all students in the preliminary course will return home in time to be presented at their own district meetings, in case they wish to be received on trial by the Conference.

SOCIETIES.

Two Societies have been established, having a relation to this department. The one is designed for the benefit of the Theological Students in the College; and the other to serve as a connecting link between them and the Ministers laboring in the three Conferences of the Maritime Provinces, as well as to promote among the latter a spirit of Theological and Ministerial Culture.

Among the Students it is proposed, by means of Essays, Exegetical Papers, and Oral discussions, to stimulate enquiry as to the best methods of Ministerial efficiency, and so to assist in preparing each other for the great work of preaching the Gospel, and feeding the flock of Christ.

The Ministers' Theological Union will meet at the close of each Collegiate Year, and, in addition to the consideration of topics of interest belonging to their work, will have an annual Sermon preached, and a Theological Lecture delivered. The REV. B. HILLS, B. D., will preach the annual Sermon, and the REV. M. R. KNIGHT, B. A., will deliver the annual Lecture in 1894.

The object of this Society is to bring together all those who have studied at Mount Allison either in the College or the Academy, and to ensure the life-long devotion of Mount Allison's sons to their Alma Mater. All old students are cordially invited to become members. With a view of increasing the membership, the annual fee was reduced a few years ago to one dollar. The funds of the Society have been devoted in past years to paying off a subscription of \$1,000 to the Endowment of the College, to furnishing

scholarships to students of the College and Academy, and to adding to the Alumni Reference Library in the College. A series of resolutions with reference to nominating candidates to represent the Alumni Society on the Board of Regents, and to enable members who cannot be present to cast a vote for the same was adopted at the regular meeting in May 1892. Particulars may be obtained from the Secretary.

 Conservatory of Music.

PRINCIPAL:

THE REV. B. C. BORDEN, D. D.

THE attention of the friends of female education is invited to the Mount Allison Ladies' College with a confidence proportioned to the successful history it has already achieved.

Courses of study extending from the Elementary English branches to and through the whole University Curriculum to the degree of M. A. are open to all the students of this institution. Young ladies wishing to pursue a University Course can here do so while enjoying all the social advantages and safeguards of the Ladies' College, and at the same time obtain instruction in Music, Elocution, and the Fine Arts.

The CONSERVATORY OF MUSIC, recently opened, is under the charge of a gentleman of the very highest rank in his profession, aided by accomplished teachers. It is provided with an admirable suite of rooms adapted to the Conservatory system. Superior new Pianofortes, both for instruction and practice, are furnished. The Fine Arts Department has been reorganized and enriched by the acquisition of the celebrated Owen's Art Gallery paintings, and is under the charge of Prof. John Hammond, R. A. C.

A course of instruction in SHORTHAND and TYPEWRITING has been established with a design to meet the needs of those who wish fit themselves for employment in business offices.

All departments of instruction will be maintained in the very highest state of efficiency, and no pains will be spared to prove the Institution worthy of the public confidence and favor so generously and continuously expressed.

Catalogues containing full information supplied on application to the Principal. Students admitted at any time.
