

FRENCH FORCES CHECK THE ENEMY BY POURING IN TERRIFIC GUN FIRE

OFFENSIVE OF ENEMY DING DOWN SOME

For Time Being French and Allies Have Checked Hun At All Points.

SUCCESSFUL COUNTER ATTACKS BY ALLIES

Enemy Meeting With Unexpected Resistance South of Montdidier.

A FRENCH VICTORY IN MACEDONIA

Their Troops Capture Eleven Villages and Much Territory.

The offensive movements of the Germans between Montdidier and Noyon and from south of the Oise River to the eastern fringes of the forest of Villers-Cotterets apparently are on the wane. In the former region the fierce resistance of the French and the allied forces, for the time being at all points and on some sectors the allies have even turned vigorously upon the foe and forced him to cede ground he had gained.

Only one attempt apparently was made by the enemy Thursday to better his positions near Montdidier. Here he launched a violent counter-attack from Courcelles to the north of Méry—a front of about a mile and a half—but was badly cut up by the fire of the allies' guns and forced to retreat, leaving numerous dead and wounded on the field.

Unexpected Opposition.

Likewise south of the Aisne the invaders are meeting with unexpected opposition and notwithstanding the large numbers of men they have thrown into the battle their gains have been relatively small. East of Soissons they penetrated to the village of Laversine, but were unable to advance on any of the sectors, although at one time north of Courcy French trenches were entered under the force of the impact. A counter-attack resulted in the trenches being recaptured almost immediately.

The sole result of the enemy's attack on the Montdidier-Noyon line up to the present is that he has by the violence of his attacks east of Méry and the forced retreat of the French from the region west of the stream, blotted out the sandy Noyon salient and brought the battle front more into direct alignment with that beginning at the Aisne.

A Terrible Price.

He paid a terrible price for this recapture of the line. Whether the Germans are prepared again to offer huge sacrifices in bending back the other salient on the Aisne to Villers-Cotterets and bring the Pleury and Aisne battlefields into a more continuous front remains to be seen.

In addition to the large number of prisoners taken by the allied forces, ten cannon, four of them heavy weapons, and a large number of machine guns have fallen into their hands.

The German war office admits the losses of some German guns but asserts that the enemy has taken at least 150 allied guns and more than 15,000 prisoners.

BRITISH SHIP SUNK

London, June 13.—A British boarding vessel was sunk by a German submarine on June 6, according to an official statement issued tonight by the Admiralty. Seven British sailors are missing.

GERMANS PLAN TO SOW MINES UP THIS WAY

London, June 13.—The German admiralty intends to declare the eastern coast of the United States from Mexico to Canadian waters a danger zone and will warn neutral shipping, says a despatch to the Exchange Telegraph from Amsterdam quoting reports received from Berlin.

Wellington, N. Z., June 13.—Two enemy mines have been destroyed off North Cape, the northern extremity of New Zealand, according to an announcement made here.

It is most likely the mines found floating off the north coast of New Zealand were laid by a German commerce raider. They probably were sowed by the raider Sea Adler formerly the American ship Pass Of Balmaha, which, after roaming the Pacific coast for seven months, preying on American and Allied shipping, was stranded on one of the Society Islands.

THE GOVERNMENT WON'T CONSCRIPT CANADIAN LABOR

Montreal, June 13.—Senator G. D. Robertson, president of the national registration committee, has written to J. T. Gagnon, Sainte Scholastique, Que., stating that the government of Canada has no intention of conscripting labor in any manner, masculine or feminine.

Mr. Gagnon wrote the senator and put a question in reference to the possibility of labor being conscripted after the registration to him.

London, June 13.—(Via Reuters' Ottawa Agency)—The imperial conference, the following resolution of loyalty was moved by Sir Robert Borden, premier of Canada, and seconded by Lloyd A. Massey, premier of New Zealand and carried unanimously:

"The imperial conference, at the first meeting and at their first act, desire to present their humble duty to Your Majesty and assure you of the devoted loyalty of all portions of Your Majesty's Empire here represented."

HUNS LOSE U-BOATS

London, June 13.—(British Admiralty per Wireless Press).—In an interview with the London correspondent of the Petit Parisien, Sir Eric Geddes, First Lord of the Admiralty, had the following to say with regard to submarines:

"The allied navies continue to sink more German submarines than they can build. It is certainly a fact that since January we have sunk more submarines than they have built."

An example of the routine work carried out by the British Admiralty during the three and a half years of war is shown in the fact that, despite Germany's submarines, seventeen million passengers have been conveyed in military transports back wards and forwards to the various theatres of war.

VON SEYDLER QUILTS

London, June 13.—A despatch to the Exchange Telegraph from Amsterdam reports that Dr. Von Seydler, the Austrian premier, tendered his resignation to Emperor Charles on Wednesday. The Emperor has not accepted it yet.

POPE COMPLAINS OF MISJUDGMENT

World Passing Through a Sad Period and Pontiff Is Greatly Afflicted—Efforts To Bring About Peace Misunderstood.

Rome, June 13.—The Osservatore Romano, the Vatican organ, publishes a Papal autograph, sent in answer to an address received by the Pontiff from the episcopacy and clergy of the world. The Pope complains of the sad period the world is going through, and also of attacks from "the enemies of religion of the suppremit authority Jesus Christ." He adds that he is greatly afflicted, "not only by the frightful horrors of this war, which without parallel in the history of the world, threatens to drag poor Europe to the bottom of an abyss, but also by an insidious and a raffish campaign of calumny and hatred against the person of the Pontiff and his work."

The Pope's Critic. The Pope, in a recapitulation of his action since the beginning of the

THE GERMAN ARMY FAILS ONCE MORE

Concentrated Fire From French Guns Catches Powerful Enemy Attacking Forces.

ADVANCING WAVES SEVERELY RIDDLED

Important Counter Attack Withers Under Heavy French Gunfire.

THE GERMANS CAPTURE LAVERSINE VILLAGE

Practically All of the Hun Attacks in Montdidier Sector Fail.

Paris, June 13.—A concentrated fire from the French guns caught powerful German forces attempting a counter-attack between Courcelles and Méry, and not only drove back the advancing waves, but inflicted very heavy losses, according to the war office announcement tonight.

The Germans gained a footing in the village of Laversine, but other attacks in this region failed.

The statement says: "During the course of the day the Germans launched a powerful counter-attack from Courcelles to the north of Méry (Montdidier sector). Caught under the fire of our guns, the assaulting troops were not able to reach our positions, but were obliged to retreat to their line of departure after having suffered very heavy losses."

"The material captured in our attacks on June 11 included ten cannon, four of them heavy pieces, and a very large number of machine guns."

"Between the Oise and the Aisne the day was calm."

"On June 13 our bombing planes dropped in the battle zone sixteen tons of projectiles, and 25 tons on ammunition, convoys and marching troops behind the enemy front, and bombarded, as well, the villages of Hennes-Bur-Hets, Hiquembourg and the regions of Roye and Guinecourt. Several fires were observed. The same day seven enemy airplanes were brought down and nine were put out of action."

"In the first week of June thirteen enemy planes were brought down by anti-aircraft guns."

The band of the battalion was present and provided music and the occasion will long be remembered by those privileged to attend.

During the evening a number of telegrams of congratulation were received by Col. McAvity and he sent out the following:

O. C. 26th Battalion, France: On the third anniversary of our leaving Canada I am thinking of you. MEAVITY. O. C. 1st Depot Battalion, St. John: On this the third anniversary of the departure of the original 26th battalion for overseas, please convey to those in your command and to all other members of the battalion my appreciation of their devotion to the cause.

A DINNER TO COL. McAVITY

Third Anniversary of Sailing From St. John of Fighting 26th Observed.

LODENDORFF IS YET FAR FROM PARIS

Great Struggle For Capital May Be Decided in the Forest of Compeigne.

PREMATURE TO DRAW A CONCLUSION YET

French Critics Believe Foch Can Hold Enemy Behind Wooded Bastion.

GERMANS ONLY MAKE PROGRESS WESTWARD

Their Spearhead Penetrates Short Distance To Southwest of Soissons.

(By Arthur S. Draper.) Special Cable to N. Y. Tribune and St. John Standard.

London, June 13.—Ludendorff has gone no nearer to Paris during the last twenty-four hours, having abandoned temporarily at least his efforts to find a short route through Compeigne, which now is within range of his guns. The only progress the Germans have made is in a westerly direction, their spearhead having penetrated a short distance to the southwest of Soissons so that the line now runs through Couevres and St. Pierre-Aigle.

Meanwhile the French have recaptured Melocq and Croix Ricard, and consolidated the Le Fratoy-Absheim line. Ludendorff is trying to squeeze the French out of this area between the Oise and the Aisne, a rectangle which is six miles deep, six miles wide on the upper side, and fifteen miles wide at its base on the Aisne. The Laigrie forest occupies more than half that area within the rectangle.

Huns Pay High Price.

If he had accomplished this task, Compeigne would be uncovered and Villers-Cotteret embarrassed. But the evidence which accumulates shows that Ludendorff is paying a decidedly high price for his gain. Not since July, 1916, has any army in the west counted with such brilliancy and success as has the French in the last three days. Hitherto the reaction has been brief and generally unimportant. The only notable exception being the Anglo-French counter-attack at the end of April. In a smaller way the American reaction in the Chateau Thierry sections are conspicuous, but there is no real parallel, for the French counter blows were made largely by colored troops north of Amiens. The great forest in the vicinities of Laigrie, Compeigne and Villers-Cotteret were worth many divisions to the French. They furnished a screen for the movement of Foch's troops, while offering better protection even than the hills at Chemin de Dames. Ludendorff is trying to skin this wooded country, but thus far his flanking movements have yielded only meager results.

Fate of Paris.

French critics believe the fate of Paris will be decided in this wooded region; they now declare Foch will hold the enemy behind this bastion which covers the capital. It is premature to draw any conclusion from the great battle for Paris, but it is plain now that its latest phase is far from satisfactory to the enemy. However, the stakes are so high that Ludendorff is likely to persist for a considerable time, even though he has to gamble more heavily every mile he advances. Because the Germans enjoy numerical superiority, Ludendorff is trying in every way to draw as many as possible of Foch's troops into action and lengthen his line. Rupprecht sits tight north of Montdidier, but Haig also remains passive. In the north the Belgians are playing a waiting game. Soon these forces will grapple in another gigantic battle and it is possible that the centre of gravity will suddenly move northward.

The old analogy of a football team, with Ludendorff in possession of the ball still holds. If he is definitely checked on the left, he can shift his attack to the centre—Amiens—or to the right end—Ypres. His present drive is between tackle and end.

Miss Edna Speight of Woodman's Point, arrived home on Monday night, with her baby girl.

LT. COL. McAVITY

and had on his right the guest of honor. An elaborate menu had been prepared and the menu card made a most attractive souvenir of the occasion.

The menu card had the following title: "Dinner given to Lieut. Col. James Lupton McAvity, Camp Commandant, Camp Sussex, O. C., 1st New Brunswick Depot Battalion, who recruited and took overseas to France as Commanding Officer, the 26th Battalion, 2nd Division, C. E. F. This dinner is tendered to him by the Camp Sussex staff on the third anniversary of the battalion's sailing from St. John." President, Capt. J. V. Kierstead. List of Toasts.

The following list of toasts were honored:

The King; The 26th and Our Gues, proposed by Lieut. Benson and responded to by Lieut. Col. McAvity; 1st Depot Battalion, proposed by Capt. Clegg, responded to by Capt. Logan; Chaplain Service, proposed by Lieut. Delyon, responded to by senior chaplain and Honorary Captain Hullec; Medical Service, proposed by Lieut. Evans, responded to by Capt. Clegg, senior medical officer; Dental Service, proposed by Lieut. Shields, responded to by Capt. Wilkins, senior dental officer; Engineer Service, proposed by Lieut. Reid, responded to by Lieut. Young, camp engineer; The Ladies, proposed by Capt. Kierstead, responded to by CCapt. Malenfant; Our Fallen Comrades, honored in silence.

ALLIES EXCEL IN GAS WARFARE AT PRESENT TIME

Washington, June 13.—The Allies now equal the Germans in gas warfare, Carl Laisberg, chief of the Bureau of Chemistry, told the Senate Agriculture Committee today. They not only have more gas at their disposal and are applying it more effectively than the Germans, he said, but in defensive warfare they have more improved gas masks.

London, June 13.—Field Marshal Haig's report from British headquarters in France tonight says: "In a successful minor operation carried out by us last night in the neighborhood of Merris we captured forty-eight prisoners, six machine guns and trench mortars."

"Except for normal activity on both sides in the different sectors there is nothing further to report."

NINE EMPLOYES OF C. G. R. RETIRING

Thomas McGowan of St. John and Number of Moncton Men Leaving After Long Service.

Special to The Standard. Moncton, June 13.—Nine C. G. R. employees are retiring from service this month and taking Provident Fund allowances. One of the retiring Moncton men has been in service forty-seven years. The names of those entered upon the Provident fund retirement, together with the number of years spent in the service follow: Charles B. Ferguson, machinist, Moncton, 47 years; William H. Somers, trackman, Moncton, 17 years; John Gunn, billing clerk, Moncton, 31 years; Edmund Keating, carpenter, Moncton, 14 years; Alex. P. Lutes, carpenter, Moncton, 19 years; Robert C. Maddison, car repairer, Moncton, 18 years; Thomas McGowan, freight porter, St. John, 16 years; William F. Duncan, driver, Campbellton, 39 years; Oliver L. LeBlanc, Moncton.

The eastern Canadian coast has claimed a number of victims recently, several vessels being reported ashore at various points. The latest to go ashore is the Netherlands steamer Alcor, which struck on the rocks on the southern part of the Nova Scotia coast at an early hour yesterday morning and is a total loss. The crew was saved.

The Dutchman coast has claimed a number of victims recently, several vessels being reported ashore at various points. The latest to go ashore is the Netherlands steamer Alcor, which struck on the rocks on the southern part of the Nova Scotia coast at an early hour yesterday morning and is a total loss. The crew was saved.

MANUFACTURERS END CONVENTION

W. J. Bulman of Winnipeg Elected President—Plan For After War Trade.

Montreal, June 13.—The Canadian Manufacturers' Association brought its annual convention, which has been held at the Windsor Hotel, to a close with an informal dinner tonight. Today was crowded with important business. The government was asked to prepare for the post-war trade.

A motion seeking to secure, after sections in the federal government, excise duty free alcohol for industrial and medicinal purposes and which can be made in the new idle Canadian distilleries by a process that is not concerned with edible raw material, will be, it was decided, the basis for action by the association's executive committee.

The speakers at the informal dinner tonight were W. J. Bulman of Winnipeg, the newly-elected president; Hon. Walter Mitchell, provincial treasurer of Quebec; James T. Emery of the national association of the United States and others.

LIBERATED MAN DID NOT STAY LIBERATED

Freeman Collins Was Given Good Chance By Judge, But He Fails To Make Good.

Special to The Standard. Hopewell Hill, June 13.—Freeman Collins, the young man liberated by Judge W. B. Jonah at the last session of the Albert County Court for stealing, is again under arrest on the same charge. He was taken to the county goal to await trial. He had been put on parole by the judge to work on a farm, the judge knowing the scarcity of help thought it wiser than sending him to the penitentiary.

AFTER THE W. U.

St. Paul, Minn., June 13.—A resolution asking President Wilson to take over immediate control of the Western Union and Postal Telegraph Companies, in view of the possibility of a strike of union telegraphers was adopted today at the annual convention of the American Federation of Labor.

VESSELS GO ASHORE ON THE COAST

Dutch Steamer Alcor Total Loss on Southern End of Nova Scotia.

CAPT. BECKER AND CREW ARE SAFE

The Schooner Onward Lies Stranded At a Point Up the Bay.

STMR. LAKE HOUGHTON LIKELY TOTAL LOSS

Another Vessel Missing, and Still Another High and Dry on Island.

The eastern Canadian coast has claimed a number of victims recently, several vessels being reported ashore at various points. The latest to go ashore is the Netherlands steamer Alcor, which struck on the rocks on the southern part of the Nova Scotia coast at an early hour yesterday morning and is a total loss. The crew was saved.

The Dutchman coast has claimed a number of victims recently, several vessels being reported ashore at various points. The latest to go ashore is the Netherlands steamer Alcor, which struck on the rocks on the southern part of the Nova Scotia coast at an early hour yesterday morning and is a total loss. The crew was saved.

Schooner Ground.

The British schooner Onward, well known in St. John, is ashore up the bay. She was making for a port to load a cargo of lumber for an American port and struck bottom. When the tide ebbed she fell over on her starboard side and her keel was broken. She also received other damage and filled with water. The Onward had been thoroughly repaired this spring and was in first class condition.

The lake steamer Lake Houghton is thought to be a total loss on the rocks of an island on the Cape Breton coast. She was bound from a coal port for a New England port with three thousand tons of coal when she hit in the fog, crushing her plates. The Lake Houghton was built at Detroit this year for the United States Shipping Board and was on her maiden trip. The vessel is valued at \$400,000.

Capt. Oliver and 34 men of his crew are safe and a few of them are still on the scene. The United States Shipping Board has sent a party to investigate the disaster.

Another Stranded.

The steamer Lake Como, another lake vessel which attempted to make the Atlantic this spring is piled up high and dry on an island up north and is high and dry at low tide. The crew constructed huts on the shore and as their food was ruined by the salt water they almost starved before supplies were sent to them.

Vessel Disappears.

Special to The Standard. Yarmouth, N. S., June 13.—Another large steamer has come to grief on one of the Tusket Islands, the graveyard of this part of Nova Scotia. This time it is the steamer Alcor from Boston for across with grain in bags. From the meagre information which has been received she struck on the Devil's Limb some time last night. Holding firm the crew left her a little later and have arrived safely at Seal Island. Forty men in all. Since the crew left her the vessel has evidently slipped off the rocks and disappeared. Whether she has gone down in deep water or drifted away is a mystery. The tug Hugh D. has left for the scene and will return in the morning.

AN ATTEMPT TO CALL A GENERAL STRIKE IN N. S.

UPWARDS OF THREE THOUSAND CAR WORKERS ARE ON STRIKE

Arrangements Said To Have Been Made To Tie Up Steel Plants At Sidney and Sydney Mines—Miners May Also Strike, Thus Tying Up Steel and Coal Industries of Nova Scotia.

Special to The Standard
New Glasgow, June 13.—At noon today the employees of the Nova Scotia Steel and Coal Company's Trenton plant and the employees of the Eastern Car Works walked out. About 1800 were employed at the steel works and some 800 more at the Eastern Car Works.

It is reported that arrangements have been made for tying up the steel plants at Sydney and Sydney Mines, but at present it is not known whether such is the case.

As is generally known there has been friction between management and men of the two big steel companies for some time past. The men demanded increased wages and recognition of their union. Failing to arrive at an understanding a Royal Commission was appointed which submitted a formal report a few weeks ago. The companies expressed their willingness to accept the recommendations of the Royal Commission. The employees did not and the strike is the consequence.

Miners May Strike
It is stated that there is a possibility that the miners lodges may also come out which would completely tie up the steel and coal industries of the province and the effects of which would be felt in a very short time throughout the length and breadth of Canada.

The company's statement: The following statement was made by the Nova Scotia Steel and Coal Company Limited in regard to the situation:

Matters relating to wages and working conditions in dispute between the Nova Scotia Steel and Coal Company and their employees were in compliance with the request of the men referred to a Royal Commission.

The commission went most carefully into the case, affording every opportunity for the presentation of all the data and after mature deliberation handed down their decision and recommendations which the company accepted in their entirety without modification.

Retroactive Scale
The wage adjustments according to the recommendation of the commission are to be retroactive as of April first and all back wages are now being computed in an endeavor to disburse them on the next regular pay day June 22. The commission in recommending the increases have endeavored to give proper consideration to wages receiving the lowest rates of wages.

It is stated that the possibility of a general strike in Nova Scotia is being discussed in the Maritime provinces in the interests of the steel and coal industries, among the boys in connection with the recent drive for funds, arrived in the city yesterday. When seen last night at the Royal, Mr. Atkins said the campaign among the boys had been most successful. They expected to enlist 6,000 boys who would give \$10 each for the Y. M. C. A. work among the soldiers, and up to date had received pledges from 10,136. In this campaign the Maritime provinces had done well, over 1,600 boys having signified their intention to earn and give \$10 to the Red Triangle Fund.

The number of boys enlisting in each province was: British Columbia, 540; Alberta, 704; Saskatchewan, 1,681; Manitoba, 1,901; Ontario, 3,435; Quebec, 300; New Brunswick, 520; Nova Scotia, 949; Prince Edward Island, 100.

Mr. Atkins of the Y. M. C. A. staff, who is making a tour of the Maritime provinces in the interests of the steel and coal industries, among the boys in connection with the recent drive for funds, arrived in the city yesterday. When seen last night at the Royal, Mr. Atkins said the campaign among the boys had been most successful. They expected to enlist 6,000 boys who would give \$10 each for the Y. M. C. Mr. Atkins of the Y. M. C. A. staff, who is making a tour of the Maritime provinces in the interests of the steel and coal industries, among the boys in connection with the recent drive for funds, arrived in the city yesterday. When seen last night at the Royal, Mr. Atkins said the campaign among the boys had been most successful. They expected to enlist 6,000 boys who would give \$10 each for the Y. M. C. A. work among the soldiers, and up to date had received pledges from 10,136. In this campaign the Maritime provinces had done well, over 1,600 boys having signified their intention to earn and give \$10 to the Red Triangle Fund.

The number of boys enlisting in each province was: British Columbia, 540; Alberta, 704; Saskatchewan, 1,681; Manitoba, 1,901; Ontario, 3,435; Quebec, 300; New Brunswick, 520; Nova Scotia, 949; Prince Edward Island, 100.

Presbyterians Finish Business for Year

Heated Discussion Over Home Missions Superintendents, Who Were Accused of Being Dictators—Prayer For the Germans—Next Session in Hamilton, Ont.

London, Ont., June 13.—With this afternoon's session, the 44th General Assembly of the Presbyterian church in Canada finished its labors and dissolved to meet again in June, 1919, at St. Paul's church, Hamilton.

The Assembly accepted the resignation of Rev. Dr. Shearer from the secretaryship of Social Service and Evangelism, but deferred dealing with the question of the appointment of a successor.

Heated Argument
The discussion led to a heated argument, in which home mission superintendents were accused of being dictators, and as vehemently defended.

from the charges.
The question of throwing the moderatorship of the assembly, synods and presbyteries open to elders, as well as ministers was sent down to the presbyteries.

The reception of a communication from the secretary of state regarding the proclamation of June 30th as a day of prayer and humiliation led to the introduction of the subject of prayer for our enemies by Rev. James Taylor, of Brantford, Ont., in which the venerable clerk of the assembly, Rev. Dr. Campbell, of Montreal, assured the members that he prayed for the enemy, that they may be brought to a sane frame of mind.

ern Union Ramblers by the score of 13 to 7.
Charlottetown, June 13.—An unusual accident is reported from Hope River. A woman of that place was about to start on a trip to the United States to visit relatives and while out of doors near her home a vicious ram owned by a neighbor attacked her. The woman sustained the fracture of a leg and was otherwise injured.

In consequence of the accident she was obliged to abandon her visit. Complaint of the vicious animal has been made and a suit for damages is in prospect.

New York, June 13.—United Shoe Machinery Corporation declares dividend of \$1 a share on common stock.
No action taken on applications of local traction companies for financial assistance at meeting of wa. finance and bankers in New York Wednesday.

Garfield following conference at Washington cuts down production of passenger cars to 25 per cent. of normal during 1918 by curtailing coal supply.

THE CANADIAN BOY
An attractive magazine The Canadian Boy devoted to the interests of boys has made its appearance in the literary sphere and is a credit to the editor and manager, Percy Gibson. The magazine is the first of its kind to be published in New Brunswick and its attractiveness and the contents bespeak an extensive circulation. The cover design and the page headings have been designed by the editor, whose artistic work has made for him a high place in the ranks of designers.

A feature story contributed by H. A. Cody is of special interest, and worthy of perusal by the boys in New Brunswick. Several other writers of ability have lent their efforts in making the initial number an excellent magazine.

A JUNIOR GAME
An interesting game for the juniors was played on the "Cross Cut" Millidge Avenue last evening, when the Fort Howe Tigers trimmed the West-

GOOD WAR NEWS SENDS PRICES OF STOCKS UPWARD

New York, June 13.—Strength continued in the early afternoon among the same specialties that had advanced in the morning, but the market was comparatively dull. Butte and Superior emphasized the bullish action of the copper group by advancing noticeably. U. S. Steel acted rather better than the rest of the market.

Both Copper and Steel stocks have been favorably affected by the growing belief in the street, that although war taxes are to be increased, the burden will be eased somewhat by a more liberal price fixing policy. We believe the market became more active and developed decided strength all around, U. S. Steel increasing its lead over last night's closing price to more than two points.

There has been no special afternoon news to account for the strength of the market, except that a decidedly optimistic view of the situation at the front was reported from Paris. Premier Clemenceau's paper was quoted as saying that affairs had reached a stalemate evidently meaning that the latest drive of the Germans had been definitely stopped. If this is the case, it means that the Allies have obtained exactly what they are striving for, namely, time in which to await the arrival of American forces. We stated a week or ten days ago that the market was and would continue to be sensitive to news from the battlefield and this afternoon's upturn illustrates the point.

Ottawa, June 13.—An increase of 1,324,800 acres in the amount of land sown to grain and hay in Canada this season compared with last year, is shown in the first preliminary crop bulletin for the season issued today by the Dominion Bureau of Statistics. This is an increase of nine per cent. The returns show very satisfactory increases in the areas sown to wheat and oats, and the condition of these crops on May 31, was generally better than at the same date last year.

Nearly all the provinces have considerably increased their acreage under spring wheat, Nova Scotia by 11; New Brunswick by 44; Quebec by 24; Ontario by 45; Manitoba by 7; Saskatchewan by 114; Alberta by 19, and British Columbia by six per cent. The acreage under oats is also increased by percentages ranging from one per cent. in Saskatchewan to 13 per cent. in British Columbia.

Correct Dress for Men

GERMANS CAME TO HALT WEST OF THE OISE RIVER

THE ENEMY IN EMBARRASSING POSITION NEAR COURCELLES

French Artillery on Plateau Overlooking Centre German Position—Teutons Hurlled Back Across Matz River and Strain on Compiegne Relieved For Present.

German forces which succeeded in crossing the Matz river, to the west of the Oise, on the battle front south of Noyon, held their positions for but a brief period. French troops, counter-attacking the enemy, have hurled him back to the north bank of the river and checked his advance toward Compiegne.

The news from the scene of the tremendous struggle, as told in official statements, shows that on the field west of the Oise the Germans have come to a halt, for the present at least.

Embarrassing For Huns.

The enemy has not renewed his attacks on the line from Courcelles to Anthuill, where on Tuesday a brilliant counter-attack of the French swept the invaders back and re-established the French lines on the plateau overlooking the centre of the German position. This position is most embarrassing to the Germans, for it places many of their most important lines of communication under the direct fire of the French artillery. Further east the Germans, similarly, have not continued their advance toward the Aisne river.

The crossing of the Matz by the Germans on Tuesday night constituted a very serious threat to Compiegne. It also tended to weaken the French positions on the east side of the Oise river. The French success in driving the enemy back across the Matz, therefore, is cheering news for the Allies. The French are now strongly posted on the south bank of the Matz.

French Withdrawal.

East of the Oise the French have withdrawn their lines south of the Ourscamp and Carlepoint Forests, but are protecting the Laigue Forest along the line, which is very strong. This change in the line was expected since the Germans occupied Ribcourt, on the west bank of the Oise.

The attack on the front southwest of Soissons is making ground, but the progress is apparently too slow for the Germans to realize their plans to cut in behind Compiegne Forest and outflank the French positions further north. In the fighting so far the Germans have made less than a mile along a front about three miles long from south of Ambloy to St. Pierre-Aigle.

The Germans realize, evidently, the danger to them in the Chateau Thierry sector, near the Marne, and have made a violent attack against the line held by the American troops northwest of that city. The Americans have held their ground and have repulsed the enemy with heavy losses. In the Flanders salient the British and French have been active. The former have improved their positions near Merris, on the western angle of the battle line there, while the French have extended their lines near Ypres.

French Statement.

The text of the statement follows: "During last night the Germans did not renew their attack between Montdidier and the region of Anthuill. The French troops are consolidating their positions there. On the right wing of this battlefield, the French, by a counter-attack, hurled the enemy back to the north bank of the Matz river.

"East of the Oise the French have occupied their new positions on the heights of Croix-Ricart and Mollcooc. Hundreds of prisoners and much machine guns remain in the hands of the French.

"Violent combats continue between the Aisne river and Villers Cotterets. The Germans have made progress as far as the ravine east of Laveraine.

"After violent fighting, the enemy has obtained a foothold in Coevres and St. Pierre-Aigle.

"The Germans made a violent attack on the front between Bourches and Belleau Wood. American troops broke up the attack and inflicted serious losses upon the enemy, holding all the gains which they had made."

WILL PRESERVE SACRED SPOT AT GRAND PRE

Memorial Chapel Will Be Erected on Site of Ancient Chapel—Old Document Presented Historical Society.

Grand Pre, June 13—The site of the chapel, presbytery, graveyard and old well at the Willows here, sacred to the descendants of the Acadians, has been purchased by the Canadian Pacific Railway. It is intended to fence it, erect a memorial chapel there and make it worthy of the halo of romance that Longfellow's Evangeline has glorified the place. The Acadians have already subscribed some thousands of dollars for the object.

A descendant of General Nicholson who commanded the troops from Boston that captured Port Royal in 1710, has presented a local historical society at Annapolis Royal with a document written by the General. There is to be a meeting there the first of July of people interested in local history.

VESSEL LAUNCHED

Quebec, June 13—The "War Seneca," a 250-foot wooden vessel was successfully launched today at Quinlan and Robertson's yards this city.

PASTORAL CHANGES HARTLAND HAS NEW INDUSTRY

Starch Factory Which Will Greatly Benefit Potato Producers in Operation—Few Plants of this Kind in Canada.

Hartland, June 13—For years Maine has been manufacturing starch but in Canada it is a new industry and Hartland may now claim the honor of being among the pioneer towns of Canada to manufacture this much needed article. The Hartland factory is now in operation and after only two or three weeks' work has turned out almost 50 tons. There is an affiliated concern in Woodstock which has a similar, though much smaller plant in connection with the potato products factory there, but in addition to these there are but few other factories of this kind in Canada. One of these, in Quebec.

The Hartland plant has been constructed on a much larger scale than the ordinary factory of Aroostook county and will later, when stock is available be capable of a tremendous output. This new industry at Hartland will prove a boon to the farmers in this section of the province. A farmer may now sell his entire crop, since starch factories generally utilize the small ungraded potatoes—the culls from the fields. And should the table stock go flat he has still a loop-hole of safety at the starch factory.

H. H. Hatfield, R. W. Cameron, and A. W. Kyle, all of this town, are large stock holders and also the managers of this enterprising concern.

MILION BARRELS OF APPLES ACROSS BAY

Hatfield, June 13—"We will have a million barrels of apples in the valley this season," the speaker was W. W. Pines, of Waterville, who has one of the finest orchards in the fruit belt. Mr. Pines arrived in Halifax last evening and was discussing the report that fruit prospects had been darkened by the frosts of a week or so ago. "I never saw my orchard look more promising and other orchards I have seen are also looking good. The apples are setting well."

GERMANS PLAN END OF WAR NEXT FALL

Prisoners Taken By Americans Glad To Get Captured—Officers in Hun Ranks Scarce.

With the American Army in France, June 13—(By The Associated Press)—Among the prisoners captured by the American marines when they cleared out the Belleau Wood, northwest of Chateau Thierry, were six German of-

ficers, a major, a captain and four lieutenants. All were poorly clad and some had pieces of bread tied to their uniforms with strings. The prisoners said they were glad to be captured. All of Germany's plans, they said, called for ending the war next fall.

The scarcity of officers in the German army is shown by the fact that one of the prisoners, a first sergeant, commanded a company. He said this was a common thing now. Comparative quiet prevailed along the Marne sector today.

TORONTO CATTLE

Toronto, June 13—Cattle receipts—871; calves, 145; hogs, 1,764; sheep, 197; trade slow, prices steady.

WOMEN INDIGNANT AT ACTION OF SENATE

Brantford, Ont., June 13—The action of the Canadian Senate in throwing out the amendment to the criminal code raising the age of consent from sixteen to eighteen years of age, after the House of Commons had approved of the amendment, was denounced in no weak language at the opening session of the National Council of Women here yesterday afternoon. So heated did the discussion become that Lady Taylor of Wimborne made the comment that she feared that some of them would be arrested for treason because of the comments on Canada's upper house.

ST. JOHN, N. B., FRIDAY, JUNE 14, 1918.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

CANADIAN REGISTRATION.

The work of registering the man and woman power of Canada is already well under way. Although the official day for registration is Saturday, June 22nd, deputy registrars have been appointed in many business and manufacturing houses and much of the work is being done in advance. In the case of those who do not comply with the law before the 22nd inst., it is necessary that on that day they visit one of the registration booths provided for the purpose, a list of which will be duly advertised in each county and parish, and there fill in the forms furnished them.

All persons, male or female, over the age of sixteen years, must register and it is also important to remember that registration by proxy will not be permitted, but provision is made whereby persons away from home may register in the booth most convenient for them. Provision will also be made to receive declarations from persons prevented by illness from presenting themselves at the registration booth. But there will be no registration by mail or through an agent. Heavy penalties are provided for non-registration as well as for incorrect statements willfully made in answering the questions contained in the registration form. Persons not registering, or providing false information can be subjected to much inconvenience and in addition are liable to fine and imprisonment.

The purpose of the Government in thus registering Canadians is to provide a complete and reliable inventory of the man and woman resources of the Dominion. Such a registration has no connection with the Military Service Act, although there is no doubt that if the war continues long enough the data secured by the Government will be utilized in the industrial organization of the country, and to provide that, so far as possible, essential industries shall be carried on with the least possible interference with the demands of military service. To register is a duty imposed on every Canadian and it is important to remember that disobedience will carry heavy punishment.

"THE FIGHTING 26TH."

Three years ago yesterday, the 26th N. B. Battalion, under command of Lieut.-Col. James L. McAVITY, sailed from St. John for England and after a brief period of training landed in France and went to the front line of battle. Since then the boys of that splendid unit have been "carrying on." New officers, and men have, in most cases, replaced those who left this port three years ago, but though there have been many changes in the muster roll the same spirit, possessed by the original O. C., his officers, non-coms, and men, is present today. "Fighting 26th" is doing signal service for the cause of Canada and the Empire. No battalion that left these shores has a better record than that which Lieut.-Col. McAVITY took to France and into action, and when the war is over and the boys return with the consciousness of duty well done, membership in the 26th will be a mark of distinction in which every man owning it can take much pardonable pride.

It is probable that after the war the militia system of Canada will be reorganized on a new basis. If so it is to be hoped that the battalions which have distinguished themselves in the Empire service will be permitted to retain their original numbers and thus form the nucleus of the new force. That this would be a distinct advantage in popularizing the militia is readily apparent for the name and number, "26th New Brunswick Battalion of Infantry" would in itself prove a powerful magnet in attracting young men of the future to join its ranks.

To the first Officer Commanding, now in charge of the New Brunswick Depot Battalion and Commandant of Camp Bussac, to the officers who succeeded him after his duty was done, and up to the present day, and to every officer and man who saw service with that battalion and assisted in forming its great record the people of New Brunswick owe a debt of gratitude.

AN UNFAIR PROVISION.

It is to be hoped that the Board of Education will reconsider its determination that students entering the Provincial Normal School to study for the teaching profession shall give a bond of \$100 that for three years after graduation they shall teach in the schools of this province before offering their services elsewhere. Such a decision is not only unfair to the prospective teachers, inasmuch as it tends

and my home is "bust up" for the "du. red."

My life in the ranks has been a strenuous one, for he it understood I had to compete with boys thirty years my junior, but I won through, sharing all their duties and shirking some, and I am proud to say that my relations with them were of the happiest. My C. O. also was good enough to say that the longest route I nearly failed to do, but I did it, and after one of twenty-five miles I came in smiling, feeling that I could have done another five miles, but I was not.

Cleaning boots, belts, and buttons came easy to me for I have always taken a pride in doing such things, and when I gave up the job of butcher's man (which was not much to my liking) I took on as officer's "batman," and, to my eyes at any rate, he was the best turned out on parade. As time wore on, however, it became evident to me that in spite of the goodwill of my superiors the medical board would not allow me to go to France, though I nearly got there, and at last I had to admit that men of fifty-eight, as I was then, had their limitations.

After that, to my great regret, I left my battalion and worked for some months in an arms repair factory, where I cleaned many thousand machine-guns, rifles, and pistols, and two blue chevrons and a G. C. badge, I work nine hours a day at clerical work in an office, doing night duty fairly often in addition and taking my share of extra work on Saturdays and Sundays.

Do I regret the past two and a half years? Not a little bit. On the contrary, I am glad that I had the chance and took it voluntarily. After a long service in India I was taking life too easily, and mark my words, such a mistake is scattered and I shall never do it again. As things are I feel as if I were in the forties, and I look with contempt on the hundreds of young men whom I see daily marching. When the war is over I shall wear no decorations, but the blue chevrons and G. C. badge will be treasured by my boy when I have "gone west." My "pal" are scattered and I regret to hear of France under a wooden cross, but their memories are with me always, and I hope yet to meet some of those who have been spared.

St. John has lost two worthy residents by death during the past twenty-four hours. Dr. R. F. Quigley, barrister, scholar and courteous, kindly gentleman, passed away in the infirmary early yesterday afternoon, while Mr. John Keefe, prominent business man and charitable big-hearted citizen, died in the same institution almost exactly twelve hours later. In both cases death followed illness of but a few hours. Dr. Quigley being attacked Tuesday evening and Mr. Keefe late yesterday afternoon.

Few men in St. John were better known than the late Dr. Quigley. A prominent member of the legal profession, but even more distinguished as a scholar and writer, he was a familiar figure on the streets and his smile and cheery greeting will be missed by a large circle of friends.

Mr. Keefe was best known as a solid substantial business man who for years had been identified with one of the large Canadian industries. He was an earnest worker in all patriotic causes and as a member of one of the local exemption tribunals did excellent service until pressure of business compelled his retirement. Both gentlemen were citizens of the best type, such as St. John can ill afford to lose, for their surviving relatives and very many friends there will be deep sympathy.

The German blow has spent its force. Not only did the enemy make no new gains yesterday but the French troops, by counter-attacks, succeeded in regaining positions lost in the first two days of the engagement. And the Allied reserves are yet to be heard from.

The German Admiralty announces that the Atlantic coast of the United States is to be classified as a danger zone, thereby forecasting activities in the mine sowing line. The North Sea has been a "danger zone" for the German fleet practically since the outbreak of war.

There is still some misunderstanding regarding the ticket tax exacted from patrons of amusement houses in this province. That tax was levied by the Foster government and is in no way to be regarded as a war measure. Its purpose is to provide revenue for the Foster government alone.

Substitute tobacco, provided for German soldiers, by the German government, has been found to be poisonous. But the author of the Hymn of Hate was an ardent devotee of that particular brand.

"DAD" IN THE TRENCHES
"Fifty-Nine" in London Express.
I was born in 1859. In 1915, having confidence in Lord Kitchener's opinion, it seemed to me that even an old bird like myself might be of use to the nation, and so I joined up, trusting to a good constitution and an active life to see me through my coming trials. For I had no illusions at all on this head. I knew I was "in for it" good and hard, and that in the days to come my back and my legs would get all and more than they wanted. I was fifty-six then, so, to be on the safe side, I called myself forty-two! And I may say here that for more than a year I got away with this yarn.

Little Benny's Note Book

BY LEE PAPE.
NOAH AND THE NAYBERS.
A PLAY.
Scene, Noah's front yard.
Noah, (holding the ark). I don't see any sign of rain yet, but that don't prove anything. I hope I got enough nails. G, look at all the naybers rubbering.
First nayber. G, look whose bidding a boat in his front yard! Wata you doing, Noah, going in the boat himself?
2nd nayber. Will you bid one in my yard wen you get yours done, Noah? I never had a boat in my yard.
3rd nayber. Why you bid one for me on my roof, Noah? I think a house more fun on the roof than wat it is in the yard. Wata you going to call it wen you get it done, Noah?
Noah, (keeping on bidding it). Im going to call it the Ark.
First nayber. Thats no good of a name, Noah. Why dont you call it the Three Feet. Theres always 3 feet in every yard.
2nd nayber. Why dont you call it the Yard Stick, on account of the way its sticking up in your yard?
3rd nayber. Why dont you call it the Heck of A Looking, Noah? Thats wat kind of a boat it is.
All the naybers. (laughing). Ha ha ha. Joaks.
Noah, (keeping on bidding it). Some people are funny and some are the opposite.
First nayber. G, maybe it didnt get dark all of a sudden. Gosh, look how hard its raining. Its funny we didnt notice it before.
2nd nayber. It looks to me like the beginning of a flood.
3rd nayber. G, its up to my ankles already, and I got high ankles, too.
ACK 3.
Scene, the flood.
The naybers. Hay, Noah, we ipologize. Take us with you?
Noah. Its too late. The Arks full of 2 kinds of every animal.

for both individual and national reasons, any slack ought to be taken up. Every consumer who can manage it should get in this summer at least part of his winter's supply.

RESPONDING TO CALL.
Jos. Muldoon passed through the city yesterday en route to Halifax, and is soon proceeding overseas. Mr. Muldoon came from the middle West, heard the call, and was en route to answer it. When a mere lad he left his home in Antrim, Ireland, and came to Canada, finally settling in Saskatoon.
INVITATIONS ISSUED.
Invitations have been issued by Mr. and Mrs. Charles Hendricks, of Hampton, for the marriage of their daughter Dorothy, to Fenwick E. Hoyt, of Lower Norton, the wedding to take place at the residence of the bride's parents in Hampton, on Saturday, June 15th, at 2.30 o'clock.
LEFT FOR PICTOU.
Geo. Swanton of this city left on the Halifax train last night en route to Pictou, N. S., where he will oversee the loading of ships.

LITTLE GIRL HAD JAUNDICE
And All Treatments Failed to Arouse the Action of the Liver Until Dr. Chase's Kidney-Liver Pills Were Used.
Plympton, N. S., Mar. 11—This is a case in which the liver became sluggish and torpid and failed to filter the bile from the blood. As a result the complexion became yellow and muddy, the white of the eyes discolored and the whole system poisoned by the accumulation of impurities.
Doctors were trying various medicines, but did not succeed in finding any effective treatment. Fortunately a friend advised the use of Dr. Chase's Kidney-Liver Pills, and cure was effected.
Mrs. Chas. E. Melancon, Plympton, N. S., writes: "My little girl was taken ill with jaundice in November, 1915, and we tried all kinds of medicines for her—doctors' medicines and others—but everything failed. I was advised by a friend to try Dr. Chase's Kidney-Liver Pills. I did so, and a few doses relieved her, while one box made a complete cure. I myself have used two boxes of Dr. Chase's Kidney-Liver Pills, and they have cured me of headache and nervous trouble. I would not do without them in my house now. I hope that this letter may be of benefit to other poor sufferers."
Here is another interesting letter from Plympton:
Mrs. Wm. H. Comeau, Plympton, N. S., writes: "I had been ailing for some time, suffering from a lame back. I had taken medicine for this trouble, but nothing helped until I started using Dr. Chase's Kidney-Liver Pills. In three months these pills completely cured me, and I have never been bothered with lame back since. I think Dr. Chase's Kidney-Liver Pills are the best medicine, and my husband is enthusiastic over them, too."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmanson, Bess & Co., Limited, Toronto. Look for the portrait and signature of A. W. Chase, M. D., on the box you buy.

A BIT OF VERSE
THE HUMBLE ACCOUNTANT.
"We can all do our share toward winning this war—every one of us, from the president of the largest shipbuilding company clear down to the humblest accountant."—Commissioner Colby, addressing Liberty Loan rally, New York.
EMERGENCY FLEET NEWS.
The accountant, he is humble—he admits it; Not boastfully, but in a humble way. For, if anything goes wrong, he always "gits it."
So, of course, he hasn't very much to say.
There is ink upon his fingers and his eyebrows.
So he doesn't grade so very high on looks; all puffed up with pride. He is not among the doers or the highbrows— He is just the bloke that keeps the blooming books.
The accountant he is humble—he concedes it; Being humble comes quite natural to him.
If there's sympathy to spare, he surely need it.
Those chances of getting anywhere is slim.
He is zero multiplied by minus zero— He's the fabricator of the straw.
If he ever should aspire to be a hero, It is certain that the fates would answer "Nix!"
The accountant he is HUMBLE—yes, he's HU-M-BLE— And compared with him the office boy's gent.
While the janitor would curse and swear and grumble, If he had to balance ledgers to a cent.
Oh, he makes a punk impression on the ladies— People wonder what they have accomplished for! But today he's all puffed up and proud as Hades, For they tell him he can help to win the war.

A BIT OF FUN
A Good Speech.
"Did you make any Liberty bond speeches?"
"Only one," replied Mr. Dustin Stax "But flatter myself it was a pretty good one."
"What was it?"
"I said, 'Give me five million dollars' worth.'"—Washington Star.
His Reason.
"Why are you in favor of Government ownership?"
"I'm not exactly clear," replied the candid man. "But I've a vague idea that I'd like to see some lines of business in the hands of elected officers who might try to make a hit by lowering prices instead of raising them."—Washington Star.
Always Right.
"What's the dispute about?" he storekeeper asked his clerk, and added: "Remember, in this store the customer is always right."
"He says you're an old shark," explained the clerk briefly.—Louisville Courier-Journal.

GET READY FOR WINTER
(Mail and Empire.)
As is usual in the warm months, little public urging to consumers to get in their coal is being heard, yet a shortage next winter seems inevitable. The production at the mines is much under requirements, and a deficit being made good. The mines lost much labor last winter, when the men could work only two, three or four days a week because of shortage of cars and blockade of traffic. The straggle men and men with small families decided to move to work in war industries at higher wages. Now the mining output is paying the penalty; or rather those consumers who fail to get in their coal before winter will pay it. It is said that Canada's allotment of anthracite has been fixed at 3,602,000 tons for 1918-19, compared with 3,456,000 tons in 1917-18. The difference is to represent the annual importation of Pennsylvania or Virginia anthracite into the Canadian West, which may not receive any, having to rely on Alberta production. The point is that in 1917, Canada imported 4,570,000 tons of anthracite, and an allowance of 3,602,000 tons would mean a considerably decreased supply. We narrowly escaped a coal famine of the most distressing nature. Most dealers seem to be loaded with orders to the limit, but

THOMAS HOWE DEAD IN HALIFAX
Thomas Howe, who for many years was a popular baseball player in New Brunswick, passed away yesterday afternoon at Halifax. Word to this telegram was received last night in a telegram from W. Rawley, 146 Granville street, to D. W. Simpson, chief of police in St. John. The telegram reported that relatives of the deceased be located in St. John and notified. His stepmother, Mrs. Howe, widow of Henry Howe, resides at 155 Leinster street.
The deceased played baseball in St. John as a member of the Rosses, and later with the Fredericton Tartars, and

REGAL FLOUR

DEATH OCCURRED YESTERDAY OF DR. R. F. QUIGLEY
 Took Suddenly Ill With Acute Indigestion Tuesday Evening—An Eminent Lawyer, Great Scholar and Model Citizen.
 A great scholar, an eminent lawyer and a model citizen is lost to New Brunswick in the death of Dr. R. F. Quigley, K. C., D. Ph., who at 12.30 o'clock yesterday passed away at the St. John Infirmary after an illness lasting but a short time. On Tuesday evening Dr. Quigley was overtaken by an acute pain in the abdomen, while at the Knights of Columbus Hall and was immediately rushed to the infirmary in an automobile. His condition grew worse, and Wednesday evening the doctors in attendance held but slight hopes for his recovery. Toward midnight a noticeable change came over him and he sank rapidly, finally dying from an attack of acute indigestion.
 Possessing a charitable mind, a lovable disposition and a desire to assist all who required his services, he made countless friends and no enemies. It has often been stated that his right hand never knew what his left did, and those who have known of his many deeds, are but few. Dr. Quigley was a practical Catholic and lived up to the beliefs and doctrines of his church in a manner commendable in the extreme. He was an ardent worker in the different societies of which he was a member, and took a very active part in the efforts of the Knights of Columbus and C. M. B. A. His presence in the rooms of the society was a source of pleasure to the members, as his liberal and polite education, always added to the discussions of the evening. In this sphere he will be greatly missed.
 The deceased was born in Newcastle, N. B., and with the exception of a short time spent in travelling, and a short period in practising law in Montreal, his entire life was spent in the province. From Montreal Dr. Quigley came to St. John and until the time of his death enjoyed a large clientele. He was proficient in the art of interpreting and placing the proper construction upon statutory law, and his services were continually sought after by the younger members of the legal profession. His educational life was not confined to Canada and the United States alone. At Paris he attended a university to perfect his study of French, preparatory to opening a law office in Montreal. While in Paris he took up the study of the Code of Napoleon and so intense was the interest in this desire that in a comparatively short time he had gained a remarkable knowledge of this comprehensive work. Dr. Quigley was a wonderful Latin student and was considered an authority on the correct pronunciation of Latin words. Whenever there was a discussion upon the correct pronunciation of a Latin word, it invariably ended "we'll refer it to Dr. Quigley."
 His vast knowledge of church history and the clear and unequivocal manner in which he pronounced his views made him a most welcome visitor among the clergymen, not only among those of the Catholic faith, but among all other denominations. He has been known to sit up for hours at night, and one instance is stated, where he spent practically the entire night in his library, making his way on one Greek conjunction, which arose during the perusal of a Biblical passage. Dr. Quigley never married, but occupied a suite of rooms in the Ritchie building on Princess street. His library is considered one of the most valuable in Canada. Many of the books contained therein have ceased to be published, and date back as far as a hundred years. He was an omnivorous reader and a deep student, and delighted in ascertaining the true meaning and the underlying facts of all he read. His was a student's life from the early years of his boyhood up until his death, and many have expressed grief that he omitted to write these on the many facts he stored in memory.
 His early education took place at the college at Chatham, and it was here that he displayed the power of absorbing and retaining knowledge. He studied law at Harvard and during his vacation was articled with Justice Duff in St. John.
 Dr. Quigley was brought more prominently before the public in the theological discussions, which took place between him and Rev. John Davenport in the columns of the Globe some years ago. His work entitled "Ipsa, Ipsam," won for him distinction from the late Pope Leo, and he visited Rome to receive the degree of Doctor of Philosophy. The church work of the deceased was entitled "Mary the Mother of Christ in Prophecy and its Fulfillment."
 The deceased was nearing his sixty-seventh year when he died and leaves two sisters Misses Kate C. and Mary of Newcastle, and three brothers—Lawrence, in Cordelia, Mo., and John and Michael, in Atchison, Kansas.
 The body will be taken by this morning's express to Newcastle for interment.

PLEAD GUILTY TO STEALING CLOTHES
 Ethel Chapman in Court For Stealing from Miss Gaudet of Union Street.
 Yesterday in the police court Ethel Chapman appeared to answer a charge of stealing a shirt, a slip-waist, and a hat pin from Miss Gaudet, who resides on Union street.
 The value of the stolen property was fixed at \$8.50. The defendant pleaded guilty to taking the shirt and hat pin, but denied having taken the waist. Afterwards she consented to be tried before Magistrate Ritchie, and was then remanded until more can be ascertained regarding the waist. No evidence was taken in the case.
 Magistrate Ritchie gave notice that young girls of the city would receive particular attention from the police, regarding street walking. He alluded to the first band concert when four young girls vainly endeavored to "pick-up" young men. He drew the attention of parents to this fact, and in future any girls acting in a like manner would find lodgings in the cells of the police station. He also notified the police to watch all of fenders promading on the grass lots in the squares, and arrest those who destroyed any property.

CHILDREN'S AID SOCIETY MEETING LAST EVENING
 Approve Movement To Provide Playgrounds For Children—Alleged Cruelty To Little Girl Investigated.
 At the monthly meeting of the Children's Aid Society last night a resolution approving of the movement to provide neighborhood playgrounds for the children of the city was passed. The matter was discussed at some length and the need of conserving the vacant grounds about the city for the purpose named was emphasized as well as that for providing additional spaces for athletic fields.
 The meeting was well attended. The president, A. M. Belding, was in the chair. Another matter discussed was the present conditions in the Boys' Industrial Home. A number of boys have been sent there at the instigation of the agent of the society. It was felt that the present arrangement in the Home were inadequate for the work to be done. It was also said that the provincial government ought to take action in the matter.
 The report of the agent, Rev. George Scott, was submitted and was in part as follows:
 During the past month I have found it necessary to place one little girl in the shelter. One case of alleged cruelty to a little girl was investigated. This it was found, was well founded, there being bruises on the little one's body. The father was warned of the heavy penalty which a repetition of the complaint would render him liable to. Reports received since are more satisfactory. Conditions in some of the cases under supervision of the society have improved somewhat but in others it seems to be a hard up hill fight to overcome the effects of poverty or shiftlessness. Indeed the longer my experience of conditions grows the more firmly I am coming to the conclusion that it is necessary in order to make any improvement to take the children away from the old surroundings.
 Since last meeting I have been applied to provide temporary accommodation in the shelter for a number of children who were mothers for one reason or another and themselves unable to attend to them as they would like. Owing to our limited space at present all such applications have to be refused.
 I had to bring to Chief Simpson's notice during the month a violation of the Beer License law. Promises of having such license are supposed to close

BANGOR HIGH SHERIFF LOSES HIS POSITION
 Bangor, Me., June 13—Sheriff T. Herbert White of Bangor has been removed from office for not enforcing the prohibition law in Penobscot Co. Gov. Milliken has named Arthur L. Thayer of Bangor as his successor.

FINED FOR SMUGGLING LIQUOR FROM N. B.
 Brakeman Rolled Several Barrels Across Maine Border—Woman Jailed For Smuggling.
 Leonard J. Parent, a railroad brakeman has been fined \$100 for rolling several barrels of liquor. The liquor was rolled from the New Brunswick end of the store to the Maine end and Parent was arrested by the United States officers on a charge of smuggling. The liquor was rolled into Maine just as New Brunswick prohibition officers were about to visit the place and make a search. Parent lives in Fort Fairfield and is said to have assisted in several liquor escapades along the boundary line.
 Bertha Sibley of Eastport was sentenced to thirty days in the Bangor jail for smuggling drugs from New Brunswick. Charles Mitchell of Presque Isle was fined \$25 for smuggling liquor from New Brunswick to Maine.
 Peter Mercier for importing liquor into Houlton was fined the same amount.

N. B. YOUNG LADIES GRADUATE NURSES
 Large Number Successful This Season in New England States.
 More New Brunswick young ladies have been graduates of the United States hospitals. In all it is probable that half a hundred or more have completed their undergraduate work this year.
 In addition to a large number previously announced, Miss Maud Robson, daughter of Mr. and Mrs. W. H. Robson of Sackville, was graduated from Union Hospital, Fall River, yesterday.
 Miss Frances McLatchey, daughter of Mr. and Mrs. John P. McLatchey, Hillsboro, is a graduate of the Hartford, Conn., hospital.
 Reports were submitted of the progress being made on the work in the new shelter. It is hoped that the building will be ready for occupancy about the middle of next month. The lady visitor in the shelter for the month also reported the work very satisfactory.

TROUBLED With CONSTIPATION
 From 16 to 20
 Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after until some serious complication sets in.
 If the bowels are properly looked after there will be no constipation, jaundice, sick or bilious headaches, heartburn, coated tongue, sour stomach, floating specks before the eyes, etc.
 Milburn's Laxa-Liver Pills will keep your bowels so regulated that in no time the constipation will disappear entirely.
 Miss Emma E. Melanson, Halifax, N. S., writes: "I am now 20 years of age, and since I was 16 I have been greatly troubled with constipation, so much so that at times I would be in bed 3 or 4 days a month. I tried all the old-fashioned remedies, castor oil, cascara, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Laxa-Liver Pills. From the first they seemed beneficial and I gave them a fair trial. This was two years ago and with an occasional dose I have kept entirely free from constipation for the period mentioned."
 Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Register Ahead of Time Where You Can

16 17 18 19 20 21 22

THERE is good sound advice in the old saying—"Come early and avoid the rush." Come early to the registration booth on Registration Day—but better still—register before Registration Day, if you can.

It is going to tax the powers of deputy registrars to the utmost to handle the crowds on June 22nd. Realizing that to be so, many of these deputies are arranging to take beforehand the registration of any persons who care to present themselves. The Board urges you to read the papers carefully for news items in regard to prior registration in your locality, and to take advantage of any facilities offered in that connection. Enquire of your employer as to the arrangements in effect for advance registration at the place where you work. He can readily make such arrangements, if he has not already done so.

REMEMBER

That registration ahead of time is valid registration—it is complying fully with the law.
 That by so registering you will almost certainly be saving yourself great inconvenience on Registration Day.
 That every registration taken beforehand is so much of the job done—so much of the load lifted from the overburdened registrar—so much congestion avoided.

Study your own convenience, aid the Volunteer Deputy, obey the law, and serve Canada, by registering early in the week if you can, or, in any event, early on The Day.

Issued by authority of
Canada Registration Board

METHODIST CONFERENCE OPENS AT SACKVILLE

FAVORS THE RECOGNITION OF WOMEN IN CHURCH COURTS

New Brunswick and Prince Edward Island Methodist Conference Votes To So Recommend To General Conference — Prohibitory Act and Chief Inspector Endorsed—Rev. Thomas Hicks Praised—Rev. George M. Young Succeeds Him.

Special to The Standard.

Sackville, June 12.—The general session of the Methodist Annual Conference of New Brunswick and Prince Edward Island convened this morning at nine o'clock in the Methodist church here, Rev. Thomas Hicks, president of the conference, in the chair. Appropriate devotional exercises marked the opening of the session in which the Revs. A. D. McCully, H. A. Goodwin and Messrs. J. D. Seaman and J. M. Lemont took part. Among the prominent laymen present your correspondent noticed Hon. Harrison A. McKewen, J. Hunter White, J. Willard Smith, Alfred Rowley, Alfred Burley and B. R. Machum of St. John, J. J. Weddell, G. M. Lemont, Chas. Sampson and Howard Rogers of Fredericton; W. B. Snowball of Chatham; Hon. Josiah Wood, Prof. S. Hinton and D. J. M. Palmer of Sackville, J. A. Bruce, Summerside, and E. T. Seaman, G. P. Hutchinson, E. T. Higgs, Henry Smith, Dr. J. H. Ayers and B. H. Bear of Charlottetown. Messrs. Geo. J. Oulton and L. W. McAnn of Moncton are expected tomorrow. The roll being called sixty-four ministers and twenty-five of the laity responded. It is expected that a large number of other laymen will arrive later.

The order of conference was suspended to welcome as a visitor the Rev. Geo. W. Fisher of Montreal who for a number of years was an honored member of the conference. After listening to a brief and humorous address by Mr. Fisher the conference proceeded to elect its officers. The Rev. Geo. M. Young of Fredericton was elected president on the second ballot and the Rev. Ernest E. Styles was re-elected secretary. The Rev. S. Hugh Miller and H. A. Brown were appointed assistant secretaries, the Rev. H. S. B. Stothard, journal secretary, and the Rev. P. A. Fitzpatrick, statistical secretary.

By resolution the conference placed on record its appreciation of the efficient and faithful services of the retiring president, Rev. Thomas Hicks, during his term of office. By resolution the conference ordered that its greetings be conveyed to all the members

of the conference serving in His Majesty's forces overseas.

Prohibitory Act.

The minutes of the ministerial session were read for the information of the conference. When the resolution of the ministerial session expressing its appreciation of the satisfactory administration of the provincial prohibitory act and of the efficient services of Chief Inspector W. D. Wilson was read the lay members of conference desired to confirm the opinion of the ministerial members, which was unanimously done. Rev. E. E. Styles, Rev. Thos. Marshall and Mr. W. B. Snowball were appointed a business committee.

Evening Session.

The conference resumed business at 7:30 p. m. The committee on general conference legislation reported having organized with Hon. Chief Justice McKewen as chairman and Rev. H. E. Thomas, secretary. The committee recommended that the general conference be memorialized to so amend the discipline as to provide that wherever the word laymen occurs it shall include women in all the courts of the church. The recommendation received the unanimous approval of the conference. The conference adopted the recommendation to increase the disciplinary allowance for ministers' salary to \$1,200. Tomorrow it is expected that the Nova Scotia Conference will meet with their brethren of New Brunswick and P. E. I. in joint session. The chief business to be discussed is the superannuated ministers' fund.

Useful Inventions.

A tooth brush so shaped as to reach both surfaces of the teeth at once has been patented.

Rubber covers to protect straw hats from rain have been patented.

An electrically driven machine has been invented for splitting kindling wood.

A fire place grate made of tubing, through which water can be circulated to distribute heat about a room, has been patented by an inventor.

Twizzlers with chamods covered tips have been invented for cleaning eye glasses.

A Nebraska inventor's counterbalanced gate swings vertically instead of horizontally.

A process has been patented in Great Britain for the distillation of coal, toluol, ammonia, paraffin and acetone.

Airplanes suspended from overhead tracks that make them intimate almost all the motion of free machines form an amusement park device recently patented.

To facilitate the handling of large articles while being knit, a woman has patented a tubular holder on which they can be rolled and held with a flexible strip of metal.

Much secrecy surrounds a new high speed telegraph apparatus which, in actual tests, has transmitted 6,000 words a minute over a single ground-wire.

A helmet of English invention for motorcyclists has two large celluloid panels that form a wedge in front, while the remainder is formed of loosely woven wire mesh.

For open air sleepers a bed has been invented that is mounted on a truck built into a window, its occupants dressing for sleep indoors and then being rolled outside.

Danish oil mills are experimenting with raising sunflowers with a view to making an oil useful in margarin from their seeds and cattle feed from the residue after pressing.

An Iowa woman is the patentee of a new form of horseshoe with renewable calks.

Patents have been granted for a machine to make imitation stitching on leather that is to be made into shoes.

A body has been designed for physicians' light automobiles by which they can be quickly converted into an ambulance.

For mines using electric haulage a door opening motor and safety signal, operated by the drivers of mine loco-

motives, has been invented.

An electrically operated vacuum cleaner for the teeth has been patented.

Rubber covers to protect straw hats from rain have been patented.

An electrically driven machine has been invented for splitting kindling wood.

A fire place grate made of tubing, through which water can be circulated to distribute heat about a room, has been patented by an inventor.

Twizzlers with chamods covered tips have been invented for cleaning eye glasses.

A Nebraska inventor's counterbalanced gate swings vertically instead of horizontally.

SUCCESSFUL YEAR FOR THE UNIVERSITY OF ST. JOSEPH

Commencement Exercises Held At Acadian Institution — Degrees, Diplomas and Premiums Awarded—St. John Men Get Degrees.

St. Joseph's, June 20.—The commencement exercises at the University of St. Joseph were held today. The past year was one of the most successful in the history of the college. The college year started with a record attendance of 340 students. Of these 234 were from this province; 28 from St. John city and county, and 72 from Quebec. Each year sees a larger number of students in the higher courses. About 60 of this year's students are registered in military service and there is now not a boy over 19 years of age at the college who is liable for military duty.

His Lordship Bishop LeBlanc presided at the exercises.

Elocution (\$5.00 in Gold) presented by Hon. Judge Chandler, to Eugene P. Reynolds, Sussex.

Pennmanship Premium (\$5.00 in Gold) presented by A. F. Hache, Meteghan, N. S., to Joseph Bugin Sayabec, Que.

Shorthand Premium (\$5.00 in Gold) presented by Hon. Judge Chandler, to Raymond Boudreau, Memramook.

In his address at the closing exercises Rev. Fr. LeCavaller said that many of the students had voluntarily enlisted to serve in the war while others had been called to the colors by the law which it was their duty to obey, knowing that those who fight in the Allied cause are fighting for what is just, noble and holy and for the preservation of the liberty and democracy of the world.

Sorry He Spoke.
Mr. Flanly—I don't like to criticize, but this pudding is not the kind that mother used to make—not by a long shot!
Mrs. Flanly—It's too bad, Henry, I don't know what to do, but you'd better tell her. She sent it over this afternoon.

TEETHING TROUBLES

Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. Concerning them Mrs. Henry Bernard, St. Emile, Que., says—"Baby's Own Tablets cured my baby of constipation and made his teething painless." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Here are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

WORKERS NEEDED FOR SPHAGNUM MOSS PICKING AND SORTING

Five Hundred May Be Required to Sort 3,000 Bags—Hoped This Amount Will Be Gathered This Summer—Committee Meeting Held Yesterday.

Anywhere from one hundred to five hundred workers will be needed in the work of gathering and sorting the sphagnum moss.

At present five circles meet every day for sorting with eight members of the Junior N. B. S. members.

In St. John the Y. W. P. A. have a list of helpers ready to form a working circle and a number of ladies waiting upon Mr. McIntosh.

At present there is only room for forty working at one time, but during the winter months other places will be available and many volunteers.

A merchant on King street has offered the use of his window for an exhibition of the valuable moss.

Four ballers were made for the Red Cross headquarters at Toronto, one of which is being sent to St. John.

The largest submarine cable in the world has just been completed across Raritan Bay between Elizabethtown, Staten Island and Kearnsburg, N. J.

Members of the committee are Lady Tilley, Mrs. J. A. McAvity, Wm. McIntosh, Miss Dorothy Jones, Miss Hazel Dunlop, Mrs. Lawrence, Miss E. Clements.

Use Coconut Oil For Washing Hair. If you want to keep your hair in good condition, be careful what you wash it with.

Simple Herbs Cure Serious Troubles. Many of the diseases of womanhood may be prevented with care.

Dr. Wilson's HERBINE BITTERS. Regulate kidneys and bowels—overcome headaches, indigestion, stomach trouble—purifies the blood—tones up and invigorates mind and body.

PRESIDENT WILSON'S ATTITUDE TOWARDS WOMAN SUFFRAGE

Expresses Hope That Senate Will Pass Suffrage Amendment Before End of Session.

Washington, D. C. June 13—President Wilson today expressed the hope that the Senate would pass the Woman Suffrage amendment at the present session of Congress.

"It is my earnest hope," the President said, "that the Senate of the United States will give an unmistakable answer to this question by passing the suffrage amendment to the Federations Union before the end of the session."

The Question. Father—Tell me, child, has that young man who wants to marry you got any money?

Daughter—Money, father? Why he has just given me a cluster diamond ring studded with pearls.

Father—Yes, I know. Has he any money left?

Soft White Hands. Follow use of Cuticura Soap and Ointment. A night bath with Cuticura Soap and hot water. Dry and rub in the Ointment. Wear old gloves during night.

WAR WORK FEATURES AMONG THE WOMEN MOST COMMENDABLE

Two Ladies of the Volunteer Aid Department in Quarantine For Weeks in Hospital—A Noble Body Performing a Noble Work.

One of the features of war work among women has been the variety of duties to which they have been called.

There are those who seem to have found in some of the forms of patriotic activities just the niche which they were intended to fill.

The failures have been few and the successes many and wonderful. Few people realize the number of voluntary workers who are daily and hourly doing their duty in many ways.

While those holding office in societies have responsibilities and cares as well as taking their part in the work of the association, there are many silent workers who are hardly known and who are content with a word of thanks from the soldier.

When this department was first organized in a manner of fun, made of the girls' desire to help, and they were supposed to be playing at nursing.

There are many other avenues of patriotic endeavor, and honor should be given where it is due, especially to the girl who busy all day in office or store still knits or sews, ushers at a theatre, writes or makes use of any talent she has stinging or reciting to assist, amuse or earn funds for the soldier men overseas.

Simple Home Treatment to Remove Hairy Growths. Two or three minutes' use of a delicate paste will banish every bit of hair from your face, neck or arms.

Simple Herbs Cure Serious Troubles. Many of the diseases of womanhood may be prevented with care.

Dr. Wilson's HERBINE BITTERS. Regulate kidneys and bowels—overcome headaches, indigestion, stomach trouble—purifies the blood—tones up and invigorates mind and body.

WHY BEAUTY FADES

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown.

When the blood becomes thin and impure the patient becomes thin, pale haggard and angrier.

Dr. Williams' Pink Pills. It gives a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

TELLS DYSEPTICS WHAT TO EAT. Avoid indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative.

Simple Home Treatment to Remove Hairy Growths. Two or three minutes' use of a delicate paste will banish every bit of hair from your face, neck or arms.

CHANGERY SALE

NOTICE IS HEREBY GIVEN, that there will be sold by Public Auction at Chubb's Corner, corner of Princess and Prince William Street, in the City of Saint John in the Province of New Brunswick, on SATURDAY the FIFTEENTH DAY OF JUNE A. D. 1918, at the hour of twelve o'clock noon, pursuant to the directions of a certain Decree for Possession and Sale made in the Supreme Court, Chancery Division, on the nineteenth day of March A. D. 1918, in an action wherein Edward J. Broderick, Sherwood A. M. Skinner and Thomas Nudge, Executors under the last will of David O'Connell, deceased are plaintiffs and Joseph L. McKenna is defendant, with the approval of the undersigned Master of the Supreme Court and pursuant to the provisions of the Judicature Act, 1909, all the right, title and interest of the said defendant in and to the lands and premises described in a certain Indenture of Lease and in Said Decree for Foreclosure and Sale, as follows:—Beginning at the southern side line of Metcalfe Street at a point thereon distant forty five (45) feet measured westerly along the said line of the said street from the line last described, there is a lot of land at present under lease to one Anthony A. Pirie, the said point or place of beginning being also distant two hundred and thirty six (236) feet from the western line of a lot of land at present under lease to one Anthony A. Pirie, the said point or place of beginning being also distant two hundred and thirty six (236) feet measured westerly along the said line of Metcalfe Street from the western line of Durham Street, going thence southwardly in a direction at right angles to Metcalfe Street, aforesaid, eighty four (84) feet, ten (10) inches to the rear line of lots fronting on Main Street, thence westwardly along the said rear line being parallel with the said Main Street thirty five (35) feet six (6) inches more or less to a point distant thirty five feet measured at right angles from the line last described, thence northwardly parallel with the said line and in a direction at right angles to Metcalfe Street aforesaid, eighty (80) feet more or less to the said street and thence eastwardly along the same thirty five (35) feet to the place of beginning, saving and excepting therefrom a strip of five (5) feet in width eastwardly from the western line of said lot of land hereby demised and extending southwardly preserving the said width of five (5) feet in width, the remaining five feet being measured westerly from the aforesaid western line of the said lot of land so demised, and in and to the Indenture of lease of the said lands and premises and in and to the benefit of the covenants in the said Indenture of Lease contained. At which sale all parties have leave to bid. For further particulars apply to the undersigned Master or to Plaintiff's Solicitor. Dated the fifth day of April A.D. 1918. S. A. M. SKINNER ESQ. Plaintiff's Solicitor. GEO. H. V. BELYEA, Master of the Supreme Court for the City and County of Saint John. T. T. Lantlam, Auctioneer.

Around the City

GENERALLY FAIR NOTICE TO THE PUBLIC

It is deemed advisable to request that the public make such provisions as may be necessary in case the order may be given to extinguish the electric lights on streets and in houses. If it is found necessary to issue such an order there will be no time for lengthy preparations. Ten blows of the fire alarm will be the signal and immediately following the signal all electric lights will be extinguished. This will apply to all who generate their electricity and who are expected to immediately extinguish their lights if the signal is given. Such a supply of candles or oil lamps as will afford means of progress in buildings after signal is given should be secured and then only the minimum of light used. It may not be necessary to signal, but it is necessary for you to be prepared in case the signal is given.

H. R. McLELLAN,
Commissioner of Public Safety

RECRUITS FROM BOSTON.
Five men reached the city last evening on the Boston train, all were reporting for duty here.

DISLOCATED SHOULDER.
John Hardy, an employe at the Grand and Horse shipyard fell yesterday morning and dislocated his shoulder. He was taken to the hospital and treated and later taken to his home on Union street.

ON BUSINESS TRIP.
Fletcher Peacock, director of Technical Education, arrived in the city last evening, having been in Nova Scotia and southern New Brunswick on a business trip connected with the department of Education.

TAKEN TO FREDERICTON.
Miss C. Ross, police matron, left last evening for Fredericton, taking with her a woman whose home is in the capital and whose presence about St. John is not wanted by the officials, she being an undesirable visitor.

IN CATEGORY "C."
Wm. Arkeon, of Upper Blackville, who was in the city under the M. S. A. left for his home last evening after having undergone a medical examination. The young man was placed in "C" category, and returns home on leave without pay to await the call.

CONSULTS WITH COMMISSIONERS.
Mr. A. A. Carmichael of Gravesend, Ont., is expected to arrive in New Brunswick next week to consult with the commissioners of the Jordan Sanatorium in reference to taking over the duties of superintendent, which has been offered to him, in succession to Dr. Townshend.

ANOTHER DRAFT ARRIVES.
Fifteen Hebrew recruits reached the city yesterday from Syracuse, N. Y., en route to Windsor, Nova Scotia. Upon their arrival at the King Edward School for the purpose of holding a meeting of the citizens of the South End to consider the matter of a playground for that part of the city. It is proposed to hold the meeting the first of next week.

THE CUBAN CONSUL.
Caesar Barranco, former Cuban consul in the city, was a passenger on the outgoing Boston express last evening en route to Toronto, where he has lately been transferred. Lately he has enjoyed a few weeks' vacation and was just returning to his new field of labor. St. John people in general wish him success.

LIEUT. DEVER WOUNDED.
The many friends of Lieut. James Dever will be sorry to learn that he has been wounded but glad that according to a cable received from him that the wounds are not serious. Lieut. Dever went over with the 115th but for over a year has been doing good work with the New Brunswick regiment.

SOUTH END PLAYGROUND.
The Board of School Trustees will be asked to allow the use of the assembly hall of the King Edward School for the purpose of holding a meeting of the citizens of the South End to consider the matter of a playground for that part of the city. It is proposed to hold the meeting the first of next week.

MAKING OUT TAX BILLS.
The chamberlain's staff are now engaged in making out the tax bills and as a number of extra clerks have been engaged it will not be long before the citizens will receive the invitation to call and part with some of their loose change. As the rate is not as high as last year the majority will not have to contribute as much to the city revenues this year as last.

SECOND KEEL LAID.
Work was begun on Wednesday on the laying of the keel of the second vessel at the yard of the Marine Construction Company, Strait Shore. This second schooner will be considerably larger than the first, being 340 feet long and having a carrying capacity of 2,200 tons. It is hoped to have the keel completed and to begin framing by the middle of next week.

JOHN KEEFE DIED IN THE INFIRMARY LATE LAST NIGHT

Victim of Paralytic Stroke in Union Club About 5.30 Yesterday Afternoon—Was Prominent in City Business and Social Life.

The citizens of St. John will be shocked to learn of the sudden death of John Keefe, a highly respected citizen, who passed away at the St. John infirmary shortly after last midnight. Mr. Keefe, who was about his business as usual yesterday was a victim of a paralytic stroke at the Union Club last evening. He was conveyed to the infirmary and although everything was done to sustain life, the end came most unexpectedly.

His loss to the community will be deeply felt, as he took an active part in the business and social life of St. John. By energy and enterprise he won for himself a high place in the commercial life of the province and his efforts resulted in his promotion to the office of manager and director of the firm of the James Robertson Company Limited. This position he has held for many years. He was a practical Catholic, and the Cathedral parish, of which he was a member, will feel deeply the loss of a good member. The deceased was a member of Branch 134 C. M. B. A. and also the St. John Council Knights of Columbus 137. He held the presidency of the Y. M. C. I. and during his tenure of office the institution made rapid progress. Owing to the interest he took in the Great War Veterans Association he was made an honorary officer.

As a member of the Union Club he was very popular. Besides his wife, who is a daughter of Henry Maher of this city, the deceased leaves two sons and two daughters to mourn. The daughters are Eileen and Kathleen, and the sons are Major George Keefe and John M. Keefe, all residing at home. Major Keefe saw service at the front with the 26th Battalion, and is now attached to the 1st Depot Battalion. The other son, John, is employed in the passenger department of the C. P. R. in St. John.

STUDENTS FROM ST. JOSEPH'S HERE
Home on Summer Vacation—Speaks of Very Successful Closing and Grand Addresses.

Among the students from St. Joseph's College arriving in the city last evening from the college were: J. Donovan, A. A. Cross, P. C. Quinn, J. Butler, Wm. Crowley, M. Nichol, W. Osborne, J. Brown, J. Whalley, J. Dalton, W. Bridge, J. Murphy, Wm. O'Donnell, A. Moran, V. Moran, all of the city; Evan Leger, Arlington, Mass.; Henry Bourque and Anastase Bourque, of Hagarville, Conn., U. S. A.; G. Cormier, East Long Meadow, Mass.; W. Commins, Francis Green, St. Stephen; Roy Allison, Woodstock, N. B.; and Adolphe LeBlanc, of Yarmouth, N. S.

One of the students referred to the closing exercises on Wednesday evening, and also mentioned the great address given yesterday by Dr. J. B. M. Baxter of this city. He also mentioned the English valedictory given by F. Cunningham, Moncton, which was excellent. Mr. Cunningham is a particularly clever student, as during his junior year he missed near four months, came in at Christmas and with little difficulty passed his final exams in June.

The college reopens again on September 17th, 1918.

ATTENDED THE CONFERENCE.
A. S. McAllister, Maritime Secretary of the Y. M. C. A. passed through the city yesterday en route to his home in Halifax. He returned from Springfield, Mass., where he attended the international Y. M. C. A. conference at that place. Yesterday afternoon he was in consultation with the local branch, regarding the conference, and left on the midnight train for his home.

IS INTERESTED IN SHIPBUILDING

Dr. T. H. Macdonald of Meteghan in the City — Says Twenty-Four Sailing Vessels Under Construction in Nova Scotia.

Dr. T. H. Macdonald, of Meteghan, who is interested in shipbuilding at that place, arrived in the city yesterday and registered at the Victoria. When seen last night by a Standard representative, Dr. Macdonald said the revival of wooden shipbuilding had meant a great deal to the people along the St. Mary's Bay, and at the present time no less than twenty-four sailing ships ranging in size from 300 to 1,100 tons were under construction within a radius of twenty miles. As an instance of just what this meant Dr. Macdonald pointed out that these twenty-four vessels called for an expenditure of nearly one million dollars for labor and materials alone, and this money would practically all go into the pockets of those residing in that section of the country.

Dr. Macdonald, who has associated with him his brother, W. S. Macdonald, is now building his fourth vessel in his yard at Meteghan. He expects to launch her some time this fall. She is 221 feet over all; 40 foot beam, and 19 foot hold, and will register about 1,100 tons.

The last vessel launched from their yard was the Rebecca L. Macdonald which was launched at this port and sailed just a few days ago.

PHARMACEUTICAL EXAMINATIONS

Two More Lady Druggists Added To New Brunswick Roll — Those Who Passed Successfully.

Two more lady druggists were added to the roll for New Brunswick as a result of the pharmaceutical examinations completed last night, making a total of six ladies now fully registered in this province.

The results of the examinations were as follows: Passed in general subjects, James Munro, Harvey; Harry R. Hersey, Miss O. M. Scott, Ralph Webster, St. John; E. Leo LeBlanc, Moncton.

Passed in materia medica: Miss Cassie Craig, Aroostook Junction; Everett E. Irving, Hillsboro; Frank Hanson, Woodstock; J. E. Surett, E. Leo LeBlanc, Moncton; J. E. Surett, E. Leo LeBlanc, Moncton.

Passed in chemistry: Miss Emma A. Moore, Miss Agnes Short, St. John; J. E. Surett, E. Leo LeBlanc, Moncton; Leo Durick, St. John; Miss Charlotte Hill, Toronto; Miss Cassie Craig, Aroostook Junction.

Passed in pharmacy: Miss Cassie Craig, Aroostook Junction; W. H. Bryden, Charles E. Taylor, St. John; A. J. Cassidy, Shediac; Frank Hanson, Woodstock; J. E. Surett, E. Leo LeBlanc, Moncton; J. E. Surett, E. Leo LeBlanc, Moncton.

Passed in dispensing: Miss Cassie Craig, Aroostook Junction; Frank Hanson, Woodstock; J. E. Surett, E. Leo LeBlanc, Moncton; J. E. Surett, E. Leo LeBlanc, Moncton.

Passed in all subjects: Miss Cassie Craig, Aroostook Junction; Miss Charlotte Hill, Toronto; J. E. Surett, E. Leo LeBlanc, Moncton; J. E. Surett, E. Leo LeBlanc, Moncton.

TEN DOLLARS INCREASE FOR FERRY EMPLOYES
Was Recommended At Council Committee Meeting Yesterday — Will Amount To \$3,300 Per Year — Other Business Deal With.

The ferry employes were voted an increase of ten dollars per month and but for Friday and Saturday were given forty cents per day more, at yesterday's meeting of the common council in committee. The increases will amount to \$3,300 per year.

The request of the C. P. R. for an extension of the time for removing their tracks from German street west, was left over until the next council meeting.

J. A. Gregory applied for a lease of some lots on the west side, stating that he might possibly build a rotary mill there. The request was referred to the commissioner of harbors for a report.

Scovill Brothers were given permits to erect an electric sign in front of their building on King street.

An application from George Clark, janitor asking for an increase in salary was referred to the commissioner of public safety.

The city engineer reported that it would cost \$9,600 for temporary repairs to Quinn's wharf, \$20,000 for rebuilding with wood and \$30,000 for a concrete structure. No action was taken.

Commissioner Bullock's recommendations that a new boiler be installed at No. 6 shed at a cost of \$1,100, and that two four inch pipes be laid to No. 5 shed for fire protection at a cost of \$2,600, were adopted.

On motion of Commissioner Bullock the city solicitor was instructed to obtain a report on the "squatters" on the fishery lots on Carleton flats.

He reported that the city solicitor advised that the city had no jurisdiction at Regent Point.

Commissioner McLellan was given authority to have necessary repairs made to the market building.

EFFORT TO SECURE SOUTH END GROUNDS
King Edward School Secured For Meeting of Citizens Next Week — Clergymen Assist in the Effort.

The King Edward school building is to be the rallying point for an effort to secure a playground for the boys of the south end of the city, which the whole matter will be fully discussed.

Rev. H. A. Cody has interviewed other pastors in that section of the city and the meeting will, it is expected, be announced in the churches on Sunday. The aim is to get all the people united in an agitation that will produce results, and the school building is a natural place for such a meeting.

The president of the Playgrounds Association will preside. Rev. Mr. Cody is making a survey of the south end of the city, and a suitable site for a ball field and parents generally are expected to take a deep interest in the movement.

CARLETON CROP MOST FAVORABLE
W. S. Sutton, M. L. A., Expects a Bumper Harvest — Many Boys Are Assisting in the Production.

Notwithstanding the call of the farmers to the color W. S. Sutton, M. L. A., of Woodstock, stated last evening that the crop outlook in Carleton county was most favorable. He said that quite a large number of boys have volunteered their services to assist in the production and this would, to some extent, help the situation. Mr. Sutton arrived in the city yesterday and registered at the Victoria Hotel.

As to the hay crop in Carleton county, he said that the recent rains would assist to some degree in making it a bumper harvest. In some parts of the province, Mr. Sutton said, that the ground was decidedly dry and the dropping of rain was most welcome. A number of the men called to service have been granted seeding passes and where they have been placed in categories less than "A" the furrows have been extended.

Mr. Sutton left last evening for Woodstock.

CLARENCE JAMESON OF CIVIL SERVICE COMMISSION HERE

Will Take Up Matters in Connection, With Reorganization of Civil Service—Commission Has Jurisdiction Throughout Canada.

Clarence Jameson, a member of the Civil Service Commission, arrived in the city last night and while here he will take up several matters in connection with the reorganization of the civil service. Mr. Jameson stated that it was the intention of the government that from now on all promotions, retirements, superannuations and transfers will be dealt with solely by the Civil Service Commission. This commission consists of Hon. Dr. W. J. Roche, chairman; Clarence Jameson and M. J. Rochelle, who have the honor of being the only two thoroughly acquainted with the many details of this branch of government service.

Up until recently the commission considered only administrative matters which pertained to the inside service, but the new plan gives them jurisdiction throughout the Dominion. This was the government's plan to provide the most efficient and best service positions will be left to the commission. Mr. Jameson stated that it was the government's plan to promote the most efficient and best service positions will be left to the commission. Mr. Jameson stated that it was the government's plan to promote the most efficient and best service positions will be left to the commission.

Referring to the returned soldiers, Mr. Jameson said that providing they passed the civil service examination they will be given preference. As a concrete example he instanced that where ninety civilians passed the examination, and ten returned men, notwithstanding the marks made by the civilians, the returned men would be placed at the top of the list, providing they made the pass mark, and would be the first in line for any vacancies that might occur, or where additional help was required.

He is advocating a feature in connection with the civil service, which will meet with the approval of the public. In order that persons desiring to ascertain any information concerning the service, he expects to mill there, as the necessity of having in the large centres, an information wicket at the post office, and the duty of the clerk there, would consist of giving any information asked regarding the date of examination, etc.

All examinations to be held for the civil service are hereafter to be competitive and this will insure that the most qualified will be admitted to the service. Mr. Jameson will remain in the city today and is registered at the Royal Hotel.

CITIZENS ENJOY BAND CONCERT
Excellent Programme by Temple Band on King Square—Police Stop Sounding of Auto Horns.

A large number of citizens gathered in the King square last night to listen to the music supplied by the Temple Band under the leadership of Wm. Jones, and many appreciative remarks on the excellence of the music provided were heard.

One feature which added much to the enjoyment of the concert was the action of Commissioner McLellan in stationing at each corner of the square a policeman who regulated traffic and stopped the automobiles from tooting their horns while the band was playing.

Following is the programme rendered:

O Canada
March—Felicitas (Hall)
Patrol—Bluejackets (Rimmer)
Waltz—Dumbago (Hayes)
Goodbye Broadway (Cobb)
Selection—Sounds from the Deep (Hayes)
Overture—Feast of Lanterns (Bennett)
Over There (Cohan)
Selection from Jack o' Lantern (Chappell)
Waltz—Mikado (Boettger)
March—Col. Bogey (Alford)
God Save the King.

Motto at this time for everyone: "Eat to live and let live, not live to eat."—Canada Food Board.

Manchester Robertson Allison, Limited

CAFE PARLOR CAR SERVICE ST. JOHN, MONCTON AND CAPE TORMENTINE.
For the convenience of passengers between St. John and Prince Edward Island a cafe parlor car service is now being operated on the two through trains Nos. 13 and 14 between St. John and Cape Tormentine.

ARRIVED WITH BRIDE.
A. M. McLeod, the general manager of the Red Triangle Club, reached the city from Sydney yesterday, accompanied by his bride. He was married while in Sydney and is receiving many congratulations.

REPORTED FOR SERVICE.
A. McMahon, C. McLaughlin, C. McKay, H. McNair, W. McNeil, A. Miller and J. McDougall, all from upper New Brunswick, reported for service yesterday.

NOTES OF FASHION.
Smart Frocks for Summer Outings. Half the charm of a Summer Frock lies in its crispness and freshness—each dress in a group, shown at Dykeman's—representing all that is dainty and charming.
Flowered, striped, and plaids, in Voiles—Roses, Greys, Copenhagen, Maize, and Black—exquisitely dainty, with their Bolero effects, or Veste, collars and cuffs trimmed with lace, etc.
Prices \$5.50 to \$10.50.
Mercerized Foulards—in Navy, Black, Copenhagen, Rose with white coin spots, and most unusual collars of Pique. Price \$6.50.
Several displayed in our Show Window.
—Dykeman's—
Biscuits of all kinds advanced half cent per pound on June 14th. T. Rankine & Sons, Limited.
