ANOTHER SOUTH AMERICAN REVOLT

Honduras' Turn This Time

Americans Are Aiding Revolutionists in Uprising

United States Warship at the Scene of Expected Battle to See Fair Play—It is Thought the Government Troops Will Desert Davila.

Canadian Press. Puerto Cortez, Honduras, Dec. 28 (via New Orleans, La., Jan. 2)—The long expected revolt of the adherents of Manuel Bonilla against the Davila government in Honduras has broken out and a decisive battle is expected to be waged in the streets of this city within the next few days. The correspondent of the Associated Press is reliably informed that the revolutionary gunboat Hornet was sighted off this port late last night. That preparations are being made for an attack upon Puerto Cortez by land and sea is believed certain.

Accurate information says there are about 300 Bonilla soldiers, well armed, on the Montague bar in the disputed territory between Honduras and Guatemala. Further south along the Guatemalan border is reported that about 500 revolutionists, including many Americans, armed with modern rifles, two field pieces, and a plentiful supply of ammunition, are preparing for a march through Santa Barbara to Tegucigalpa for the capital.

Another body of revolutionists is reported in the vicinity of Las Ocuaguas, where a small engagement is said to have taken place yesterday. These soldiers, it is believed, are to be used in the attack upon Puerto Cortez. There is a good wagon road from Las Ocuaguas to Choloma, a railroad station south of this place and near San Pedro Sula. In a two days' march a rupture could be effected near here with the Bonilla troops on Montague bar.

Woods Hole, Mass., Jan. 2—Lying broadside to, on the Vineyard Sound side of Pease Island, one of the Elizabeth group, in fog so dense that life savers dare not attempt to reach her until daylight, an unknown steamer was discovered late this afternoon. Her presence was first made known when she blew distress signals, which she continued at frequent intervals.

H. M. WHITNEY OUT FOR LODGE

Thinks His Re-election for Senator Will Help Canadian Reciprocity

Governor-elect Foss Differs With Former Democratic Leader, and Says the People and Not State Street Are the Ones to Be Represented at Washington.

Canadian Press. Boston, Jan. 2—Believing that President Taft's efforts for Canadian reciprocity should be sustained, Henry M. Whitney, who five years ago nearly carried the state for lieutenant-governor on the Democratic ticket, and two years later was his party's standard-bearer for the governorship, both times making Canadian reciprocity his issue, tonight gave out a statement in support of United States Senator Henry Cabot Lodge.

Mr. Whitney in his statement says in part: "The recent action of President Taft I look upon as more favorable to the cause of Canadian reciprocity than anything that has been done in forty years. We should render him all possible support in his laudable efforts. I am convinced that Senator Lodge is conscious of the advantage to Massachusetts of freer trade with Canada, through reciprocity, and that he now knows the sentiment of the commonwealth towards this policy and will do all that he can in its support. Because I want this cause to succeed, I want Mr. Lodge in the senate to present Massachusetts' views on it, and I further hope for his success as a means of indicating to President Taft that the business men of Massachusetts are disposed to hold up their hands."

This statement tonight called forth the following reply from Governor-elect Eugene N. Foss: "My good friend, Henry M. Whitney, does not seem to realize that the next senator that this state sends to Washington must represent the people and not State Street."

"So strong has the power of the privileged financial interests become in this state and city, that they are able to deflect even Mr. Whitney's course of conduct from the political principles which he has so ably advocated for so many years."

FORMER MONTREAL MAN FOUND DEAD AT SALT LAKE CITY

Allan McGregor Thought to Have Poisoned Himself—Left His Property to Montreal Newspaper Man.

Salt Lake City, Utah, Jan. 2—A frozen body found yesterday in a gravel pit north of the city, proved today to be that of Allan McGregor, an advertising manager and piano salesman. From letters he left, it is inferred that he poisoned himself and then retired to the pit to die.

GREAT INCREASE IN REVENUE OF NEWFOUNDLAND

St. John's, Nfld., Jan. 2—Despite one of the poorest seasons in the fisheries, one of this colony's chief assets, the custom revenue for the half year just ended shows an excess of \$60,000 over the same period last year. The gain is due to the development of the pulpwood, railway and mining industries.

DEATH NEAR MANY WHEN ARC-LIGHTS WERE BROKEN

Live Wire Exposed, and Even Men in Power House Were in Danger.

Chinese Residents Indignant Over Their Treatment—Thirteen Arrests Made and More to Follow—Several Leave City, it is Said—Many Witnesses to Be Cited.

Joseph Weidon, aged 22, and John Jones, aged 16, were taken into custody yesterday afternoon, by the police on a charge of being implicated in the riotous celebration of New Year's eve. This brings the list of young men arrested up to thirteen and it is believed this number will be considerably augmented before the case comes up before Magistrate Ritchie in the police court this morning.

The riot was the chief topic of conversation about the streets yesterday and it was strongly felt that the police should spare no efforts in bringing the guilty ones to justice.

King, Charlotte, Broad and Sheffield streets, the scenes of the destructive march, were visited by a large number of curious people all anxious to make a personal examination into the damage done. At any time during the day a large crowd could be seen standing outside of McRobbie's shoe store in King street viewing the demolished plate glass front. To many the report in the newspapers was the first intimation they had of the occurrence and this was partly responsible for the stir noticeable in the streets. Several young men, the police believe, who were in connection with the riot, left the city on the early trains yesterday. It is known that the efforts of the police who are doing duty in plain clothes to capture one or two who were reported to them as being participants, proved fruitless. The police are said to have in their possession about sixty names of persons who were present on the night of the riot and it is expected that many of these will be called as witnesses.

Lives in Danger.

A startling statement was made yesterday by a street railway official who declared that if the riot had not broken out might have resulted fatally. Those who were responsible for the breaking, he said, were not only in danger but the lives of the men working in the street railway power house were also in jeopardy. The breaking of the lamps in such a manner caused a live wire to be exposed and any one coming in contact with it would have been instantly killed.

The Chinese residents who suffered so much as a result of the riot felt the occurrence most keenly. After paying a head tax of \$500 on entering the city, they say that they should be accorded every protection. Hum Kee, a recognized leader among the local Chinese, characterized the acts committed on his fellow countrymen during the riot as simply outrageous. He estimated the loss to Chinatown incurred through windows being broken at \$25. The windows were broken in three shops, all of which are under the same management. The following are the Chinese stores in which the windows were broken: Chum Kee, Charlotte street, five windows broken; Hum Kee, St. James street, three large windows broken; Chum Lee, corner Duke and Charlotte streets, three large windows broken.

In the event of the guilty persons not being captured, the question is being asked who will be held responsible for all the damages incurred by the street railway, the merchants and those living in private residences. In some quarters it is felt that in the case of a riot, especially if proper protection has not been afforded, the city can be held liable. Recorder Baxter, when asked, would not give out any opinion last evening. Life insurance companies, it is also understood, will suffer quite heavily. It is expected that the proceedings in the police court this morning will be of a very interesting nature. D. Mullin, K. C., has estimated the loss to Chinatown incurred by W. J. O'Rourke and Fred Way, who were among those arrested on Monday. It is not known as yet whether any of the other prisoners will be represented by counsel. Recorder Baxter is expected to appear in the prosecution. So far bail has not been accepted for those taken into custody.

MAYOR HOPEWELL OF OTTAWA GETS A THIRD TERM

Ottawa, Jan. 2—Mayor Hopewell today was re-elected for a third term as mayor of Ottawa by a small majority over Caron. The city voted to continue the board of control.

EXPULSED SCIENTIST WHO EXPECTS MRS. EDDY'S "RETURN"

New York, Dec. 31—Mrs. Augusta Stetson, expelled leader of the Christian Science church in New York, has created a sensation by the announcement that it is her explicit belief that Mrs. Mary Baker Eddy, founder of Christian Science, will rise from the dead and remain on this earth until her work is finished. Exactly when the resurrection will take place, Mrs. Stetson did not know, but she was convinced that it would be hastened if the board of directors of the "Mother Church" in Boston revised or altered the manual of the church. It is reported that protests have been received by the board of directors of the "Mother Church" in Boston against maintaining an armed guard upon the tomb of Mrs. Eddy, but this is denied by Eugene R. Cox, chairman of the Christian Science Publication Committee for New York.

WHY AMERICAN RAILWAYS SHOULD NOT INCREASE RATES

Counsel for Shippers Declares They Could Save \$1,000,000 a Day by More Scientific Management—Mentions Many Roads That Are Doing Well Enough.

Washington, Jan. 2—Higher standards of efficiency, not increased freight charges, are the paramount needs today of American railways.

This proposition is the essence of the brief filed today with the Interstate Commerce Commission by Louis D. Brandeis, of Boston, counsel for the traffic committee of commercial organizations of the Atlantic seaboard, in the investigation by the commission of the proposed advance in freight rates by carriers east of the Mississippi and north of the Ohio and Potomac rivers.

"If their net income is insufficient," says Brandeis, "the proper remedy is not higher rates resulting in higher costs and lessened business, but the management resulting in lower costs, in higher wages and increased business. If their credit is impaired the proper remedy is not to apply the delusive stimulant of higher rates, but to strengthen their organizations by introducing advanced methods and eliminating questionable practices. Thus they will maintain credit by deserving it."

In the event of the proposed increase of the total freight tonnage of the lines for the calendar year 1909 was \$26,321,975. Of this tonnage, less than eight per cent moved under the proposed advance. The revenue of these roads for the calendar year 1909 nearly 22 per cent (\$103,271,823) was derived from class rates. These govern in the shipment of over 4,000 articles of commerce, including most of the necessities of life, and articles of competitive commerce. The proposed increase vary from 8 per cent to 25 per cent, averaging approximately 16 per cent.

HAVE NO POWER TO MAKE TRADE TREATY

BOLD HOLD-UP BY MASKED MEN AT VANCOUVER

Bandits Entered Store on Crowded Street and Got Away With \$125

Chinese Cook Shadowed Man Whom He Suspected of Robbing Employer's House, and His Capture Was Effected at Seattle.

Canadian Press. Vancouver, B. C., Jan. 2—At 9 o'clock Saturday evening, when the streets were crowded with New Year's Eve throngs, two masked men pulled off a daring robbery at the Snow bakery, 735 Keefer street, owned by Wilson & Sugden. In spite of the knowledge that at any moment someone might enter the store to disturb them at their game, they walked into the place heavily masked, and while one stood guard at the door, the other covered the proprietors and clerks, and went through the cash register, carrying off \$125 in bills and silver.

Sing Lee, an observant Chinese cook working for Mrs. J. Y. Griffin, 1520 Harwood street, and formerly a well known resident of Winnipeg was the cause of the arrest in Seattle early Sunday of Dan McDowell and his wife, the former of whom is charged with the robbery of Mrs. Griffin's residence Saturday night, and is suspected of more than one other job of the same kind pulled off in this city lately.

ARRESTED FOR SLANDERING KING GEORGE

Man, Connected With Scurrilous Paris Sheet, in Custody at London for Attack on His Majesty.

London, Jan. 2—Edward F. Mylius, who is connected with Edward H. James' publication the Liberator, was arrested, taken before a judge of the high court and remanded last week. The proceedings were in camera. The exact charges against Mylius have not been divulged, but it is said that he was connected with the sale and distribution of the Liberator, which is a Paris publication.

The police for some time have been watching for an opportunity to lay those responsible for the issue of the Liberator by the heels, on account of scandalous and seditious attacks upon the royal family. In the November issue an article appeared reviving the scandal, long ago disproved, that King George was married at Malta in 1887 to the daughter of a British admiral. This was followed by a statement signed by Edward F. Mylius, endorsing the attack upon the king and suggesting that "the only way he can be dealt with in this country is by a revolution."

FATAL QUARREL OVER POLITICS

Quebec Farmer Struck Over the Head With a Bottle and Died Soon After.

Montreal, Jan. 2—(Special)—A political discussion between Zephir Primeau, a farmer of St. Martin, and Cyril Valle on Saturday night ended fatally. Valle's son Arthur took his father's part, and it is alleged struck Primeau on the head with a bottle and fractured his skull. The disturbance took place outside the Vines Hotel, St. Martin.

Parliament to Pass On It

Fielding and Paterson to Report to the Government

It is Likely That Recommendations Will Be Agreeable to Colleagues—Belief That Reciprocity Will Soon Be Accomplished—Judge Macabee Slated for International Commerce Commission.

Special to The Telegraph. Ottawa, Jan. 2—Finance Minister Fielding and Hon. William Paterson, minister of customs, who will go to Washington as the representatives of Canada to negotiate a trade agreement, will leave at the end of the week.

They will not have powers as plenipotentiaries to sign and ratify a treaty. Any agreement they may succeed in making will have to be reported to the Canadian government for ratification, and such agreement will afterward have to have the sanction of parliament to make it legal.

It is expected that there will be no difficulty as a result of this arrangement, for both Mr. Paterson and Mr. Fielding are thoroughly conversant with the views of the Canadian government, and there is little doubt but that anything they will do will receive the necessary approval of the Ottawa authorities without delay.

There is much satisfaction at Ottawa over the understanding which has been arrived at in Washington between Chairman Knapp, of the Interstate Commerce Commission, and Chairman Macabee, of the Canadian Railway Commission, for the regulation of the great and ever growing volume of international rail traffic passing between the United States and Canada.

OTTAWA PRINTING BUREAU TO BE UP TO DATE

If Japan were to take the Philippines some morning before breakfast—and it is not easy, so far are they from the United States—many Americans would be elated.

The children were also very generous in serving the older children (as he called them). Mrs. G. R. Willett and George Crawford, who have been faithful workers in the Sunday school, were the recipients of a small token as to the esteem in which they are held by the school. PORT MORIEN COAL MINES MAY BE IDLE

Men Refuse a Reduction in Pay and Decide to Quit—Company Unable to Ship Output in Winter Time.

Sydney, N. S., Dec. 30—As a result of a proposed reduction of wages at the collieries of the North Atlantic Collieries Company, Port Morien (C. B.), during the winter, the workmen will remain idle, this, of course, being decided upon at a meeting of the mine workers' union.

Under the proposed reduction during the winter, stone work will be reduced from one and a half cents per ton, the present rate to one-half cent, a cut of one cent per ton, and all machine cut coal will be reduced five cents per ton.

It is explained that the company, having no means of shipping their output during the winter season, it is necessary to make the proposed reduction. There is one local of the mine workers at Morien, the majority of the workmen are members of the union.

It is stated that the men would not work unless the men would refrain from working should the reduction go into effect.

Wm. McKinley Stricken While Talking to Friend Early Sunday Evening HAD NOT COMPLAINED

While talking with a friend about 9 o'clock last night William McKinley, of Brussels street, fell dead. The deceased, who was well known about the city as a teamster, was in his usual good health yesterday, and after supper took a walk up town. About 8:30 o'clock he was walking down Brussels street, and when in front of Doherty's saloon met the proprietor, with whom he stopped to talk. The two chatted for about half an hour, and McKinley was buttoning up his coat to go home when he was suddenly stricken. Without any warning, or without making a sound, he fell back into the alleyway dead. Mr. Doherty thought that he had taken a fit, and called to a few men who were passing, for assistance. On examining the body, however, it was found that life was extinct. The body was taken into the alley and Dr. Berryman was summoned. The coroner ordered the body removed to the deceased's home at 87 St. Patrick street.

DIED SUDDENLY IN ROYAL HOTEL

W. H. Archibald, of Sydney Mines, Passed Away Early Yesterday Morning FROM HEART TROUBLE

His Wife and Son Also in the City—Was on Way to South to Spend the Winter for the Benefit of Mrs. Archibald's Health.

Monday, Jan. 2. A very sudden death, surrounded by most painful circumstances, occurred in the Royal Hotel at 7 o'clock yesterday morning, when W. H. Archibald, of Sydney Mines, passed away from heart trouble. He had been in the office of the hotel talking to different people, and when he retired he seemed to be in his usual health. He rose about 6 o'clock yesterday morning apparently as well as ever. He was seized with his fatal illness about three-quarters of an hour later and in fifteen minutes was dead. Dr. Walker was hurriedly summoned but death had already taken place.

Was Son of Senator.

Halifax, Jan. 1.—W. H. Archibald, of Sydney Mines, who died in St. John today, was the eldest son of the late Senator T. D. Archibald, of North Sydney, Halifax, on account of the death of his father for St. John by tonight's express. He was on his way to South Carolina, accompanying his wife who was in poor health and who proposed spending the winter there. He was not robust but was considered to be in fairly good health. It is supposed here that the excitement of the trip with Mrs. Archibald was the cause of death. Four sons and a daughter were the survivors; George H. and W. H., of Winnipeg; Dr. David, of Sydney Mines; and Arthur, of Sydney Mines. Their daughter is the wife of George E. Keith, of Brookton (Mass.).

MANY SAMPLES WERE FAR BELOW THE STANDARD

Inspection Shows That a Great Deal of Ice Cream of Poor Quality Was Offered for Sale

A bulletin on ice cream from the laboratory of the inland revenue department at Ottawa has been issued. One hundred and thirty samples of ice cream were collected in Canada during September and October last. Though the report does not describe any of the samples of ice cream as adulterated, an inspection of the report shows that several samples were of very poor quality. Out of 125 samples analyzed, only 58 samples reached the standard of 14 per cent. milk fat, which is the minimum amount of milk fat required by law to be present in ice cream. Six samples were collected in St. John by J. C. Ferguson, inspector for New Brunswick. The report of A. McGill, chief analyst at Ottawa, has this to say of the St. John vendors of ice cream: "R. H. Cother, 22.90 per cent. milk fat up to standard in fat. J. Phillips, 7.91 per cent. fat, below standard in fat. Maritime Dairy Co., 19.12 per cent. fat up to standard in fat. White Catering Co., no report as sample fermented and spoiled in transit or in storage. G. D. Wannamaker, 9.54 per cent. milk fat, below standard in fat. A. J. Tutis, 15.65 per cent. milk fat up to standard in fat. The government report says that the better grades of ice cream contain above 20 per cent. milk fat. The standard for ice cream is now made legal in consonance with section 29 of the Adulteration Act, and came into force on Dec. 12. The standard for ice cream having a lower content of milk fat is not illegal, provided that the article is sold with a true statement, by label or otherwise, of its actual fat content.

A MAN'S DUTY.

(The Argonaut). When Chief Justice Chase chose to unblind himself he could be as witty as well as wise. At a social gathering in his home when he was secretary of war, the subject of taxation having been mooted, a distinguished naval officer present said he had paid all his taxes except the income tax. "I have a little property," said he, "which brings me in a yearly rental, but the tax-gatherers have not spotted it. I do not know whether I ought to let the thing go on that way or not. What would you do if you were in my place, Mr. Chase?" There was a merry twinkle in the eyes of Mr. Chase as he answered: "I think it is the duty of every man to live unspotted as long as he can."

R. S. LOW PLACED UNDER ARREST

Said to Be in Serious Financial Difficulties AMOUNT LARGE

Dr. L. A. Currey, K. C., Acting for Parties in St. John and Boston—Arrest Took Place in Sewell Street—Bail Surrendered—Prisoner Agent for Hassam Paving Company. Saturday, Dec. 31. Robert S. Low, local agent for the Hassam Paving Company, was arrested yesterday in a house in Sewell street, ostensibly for debts aggregating, it is understood, about \$3,000. Dr. L. A. Currey, K. C., who is acting for parties in Boston and St. John, said last night that he did not feel at liberty to say just what would come out of it, but he intimated that more serious charges might be brought against the prisoner. It is understood that when Mr. Low came to this city first to begin work on a contract for the Hassam people, he owed money in Fredericton and that A. R. Clark, his local partner, went to his aid in the surrender of this bail by Mr. Clark is said to be one of the causes of the arrest. It is known that on Thursday night Dr. Currey accompanied by a number of the board of aldermen, who is said to be a creditor, was watching the late train to the supposition that Mr. Low might try to get out of the city. They were disappointed, however, as he did not put in an appearance and during the day yesterday various constables were looking for him about the town. He is said to be a well known man in the city and he was not arrested till about 12 o'clock yesterday in the matter relating to his partnership with people in Boston and St. John. He is estimated, however, that more serious charges might be brought later. When Mr. Clark was asked about the matter last night he expressed surprise to hear of the arrest. He stated there had been no personal loans between himself and Mr. Low. He declared that all the money in Sewell street was his own and he was satisfied that the first of the month when he and Mr. Low had gone to the head office of the company together. Since coming to the city about a year ago, Mr. Low has been known as the agent of the Hassam Company. He brought his wife and child here from Sydney last summer and since then he has been boarding at the Clifton House. It is known that he had a property at Sydney but this was advertised for sale some months ago in the papers there. It is said he also had some property in Gloucester, but it is not known whether this has been disposed of or not. It is understood that Recorder Baxter is acting for Mr. Clark. Dr. L. A. Currey is for the other parties in this city and Boston.
