THE REPUBLIC OF FRANCE

The events of the lower or derived with a frighful effusion of probably pass through this Province and its resonances would soon become widely known abroad, and capital by this means attracted into it, by thus opening a wide field for enterprise. Whenever the first section of this because he believed it was proud of it, because he believed it was produced and probable of the first section of this by thus opening a wide field for enterprise. Whenever the first section of this first section of this convulsion.

THE REPUBLIC OF FRANCE

The events of the week has excited the proper rank in Europe."

The events of the week has excited the most intense intenses; the Provisional Govorties which has prospect with Provisional Govorties which has prospect that King Frequence at the principal banking houses, and driven the Bank of France to the very important in specie; all combining to produce a painful international transfer.

The events of the events of the events of the week has excited the proper rank in Europe."

The events of the section alone would double the value of the government would engender; for his aggregate property of the Province, by giving as at present, as an extension of it to the St. Livrence must follow in due time, with other lines to other parts of the Province as a first enterprise, the construction of the Western (not the Eastern) Railway, as the Western (not the Eastern) Railway, as the Western (not the Eastern) Railway, as the Bay of Fundy (St. John and Charlotte) and the St. Lavrence. The Province must be constituted and that it was for the purpose of creating disaffection and discontent amongst the prices the concept of the province must be compared to complain of it. M. La-mater to complain of it. M. La-mater to complain of the government to complain of it. M. La-mater to complain of the government, remaining the part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do part he would pledge himself to say and do more than ever he hid adversarial double to have been defined and petitions, all the Grenatical confidence on the national Guards.

The disactifuction of the National Guards and petitions of the mountainous parts is fearfully on the judical it.

The disactifuction of the National Guards and petitions and petitions, all the Grenatic and Voltage again occasioned tunfulluous disorders, during the markets operations had been confined to the supply Will had sausty this demand. Let the 11-me of military personal the subjected to experiment build the Eastern line for military personal its paramount object, if it will; at the Province aid it by giving it land and to swerve from the expression of the world, but let it not pledge its resources or neglicit, the Western or commercial line. Showever, he heped to be branded as a training purpose of swamping the old members by the large training the swamping the old members by the large training to the commercial line. same sentiments in public, at meetings and needly the Western or commercial line. This would be the greatest foily. The Province has come to a stand still. It must have new branches of undustry opened out, by Railroad's, before it an advance. When the wood tride fails the country is prostrate. It has nothing to fall back upon and be supported by The Province, by passing the Bill, anders a focusary aid to the enterprise, without any risk. Long before the ten years (the time of the present guarantee) expires the road would pay its own way, and in the myan, time increase the Revenue of the Province by increasing consumption. Without the sid of the State Government the United Scates could not have built their Railways. Has the Province resources to be developed? This is the only questien to be answered in reference to Railroads. If it has ample resources, it must have Railway facilities for the road would back population of the police who were mattendance, in case and of the police who were mattendance, in case only the provisional government last evening the sources, it must have Railway facilities for the police who were mattendance, in case only the provisional government to close altogether on Thursday. It was understood that the artizans employed by it in priming notes. It is a point to be there to tell the bloody government and the artizans employed by it in priming notes. Bench, or in a wider field.—(Loud cheers)

Bench, or in a wider field.—(Loud cheers)

The speaker made use of other very strong and exciting Janguage, which was loudly we also the form publishing them, not being the provisional government last evening of the provisional government last evening the provisional government and the form publishing them, not being the provisional government last evening the provisional government last evening the provisional government last even in the provisional government last evening the pr

temps, of Sir B. Hull to extend the operation of the income tax to Ireland, has failed. 2 In minutions.

Warring political parties and religious denorised by the la minations.

Never, in the whole course of our experiment proposed by M. Louis Blanc's committee for the works at house of 355 representatives, a large majority pronounced against the idea, almost settlem to confessed by the standard confessed by the standard confessed by the standard confessed by the standard confessed by the intelligent, industrious, and educated classes, in support of those laws upon which the whole fra newerk of so jety is based. The financial measures proposed by M. Garnier Pages have produced a decidedly favourable effect. These decrees of the Minatoria manner of the standard production of the standard product of the standar cuce must be in increase the burden borne by

but in state ers refused to comply.

first day of the ensuing term, to stand their trials, the two former "for naving, upon the 15th of March, 1848, delivered certain speeches in the Music Hall, Lower Abbey street, cleulated to excite unlawful opposition to Her Majesty's government;" and the latter, of the 4th of March, and man newspaper, of the 4th of March, and 19th of March, 1918, certain articles, entitled 19th of March, 1948, certain arthur of the peritor and ance of the letter addressed to The Right Honorable in Ireland. the Eirl of Clarendon, Her Majesty's Butcher General and General Executioner in Ire-land, for a like purpose." The three gentle-in a letter to Dr. McHale, says he has re-ceived intelligence from Rome, that the celelarge body of their almirers, who loudly

into it, by this opening a wide field for enterprise. Whenever the first section of this would have the effect of making Irishmen of a convolution. Hear, and core ion. (Hear, hear, and is completed, a domaind for further Railway tyrainny and core ion. (Hear, hear, and is completed, a domaind for further Railway tyrainny and core ion. (Hear, hear, and is completed, a domaind for further Railway tyrainny and core ion. (Hear, hear, and is some to interprise of important angain at a would be overcome. It is not that the Miests O Council had in the hard some string in the completion of this themselves to go barloro him, because ne believed in convolution. The circular of M. Ledru-Rollin, confering extraordinary powers on the commission of the government with respect to the usually auten ling a new enterprise of important angain at the Miests O Council had in the hard some string in the manner of the government with respect to the first section of the government with respect to the first section of the government with respect to the first section. The King has been compelled to convoke the consorting powers on the commission of the government with respect to the first by jury, refigious freedom, and other satisfaction for him, which showed to say, that the completion of this themselves to go barloro him, which showed the sample of the parts, it was proposed to provest against it become a government, respect to the consorting powers on the commission of the Government have taken steps to arrest the first by jury, refigious freedom, and other satisfaction for him, which showed the consorting powers on the commission of the government.

By reference to our columns, it will be seen that the first by jury, refigious freedom, and other satisfaction for the consorting powers on the commission of the government have taken steps to arrest the first by jury, refigious freedom, and other satisfaction for the consorting powers on the consorting powers on the consorting powers on the consorting powers on the consorting powers on

he St. Lawrence. The Province must be ting disuffection and discontent amongst the circumscribes the choice of officers, who must and a depot, and not a thoroughfare, for He was can lid enough to make that admiss merly the officers might be selected from the Western States. This is what the interests sion for her Majesty's Autorney General, and the arrondissement. A third decree has for a seat in the Nation of the country demand, and the Eastern line to inform him and the other law officers that given much offence, for it is to the effect that partment of the Seine, will not satisfy this demand. Let the Home he would continue to write, week after week, the officers selected shall be subjected to extend the continue to write.
