## CABINET SHUFFLE LIKELY RESULT OF LOAN TO RAILWAY

Need Has Been Recognized For  
Some Time by Various  
Interests.

BENNETT IS AMBITIOUS

Has Now Opportunity to Gain  
Public Favor, and at Same  
Time Please the C.P.R.

[Special to The Advertiser.]  
Ottawa, Feb. 20.—A big cabinet shuf-  
fle is likely to result from the applica-  
tion of Mackenzie & Mann for a Gov-  
ernment loan of \$25,000,000.

The need for reorganization of the  
Government has been recognized for  
some time by the manufacturing, the  
banking and the railway interests. In  
fact, it is declared that the cabinet  
was not made properly in the first  
place, as some interests were given  
over representation. For instance,  
Mackenzie & Mann were credited with  
having secured seven of the fifteen  
portfolios. There has been trouble  
about this ever since the Borden Ad-  
ministration took office.

The strike which Mr. Bennett is or-  
ganizing now is one of the conse-  
quences of the poor jobs of cabinet  
making after the last general election.  
Mr. Bennett is ambitious. Only two  
years ago he announced his intention  
of going to the British House to make  
a career. However, he has seen what  
looks like a better opportunity at Ot-  
tawa, and is deliberately campaigning  
to become premier of Canada.

The needs of Mackenzie & Mann  
have given him a golden opportunity  
to forward his cause. He has been a  
corporation man for years, and now  
the Canadian Northern is giving him  
the opportunity to clear himself of the  
taint which corporation association is  
supposed to carry to the people. By  
pounding one great corporation in  
need, he is not displeasing another  
greater corporation, the C. P. R. So  
while gaining popular favor, he is as-  
suring himself at the same time of  
powerful corporation support.

In the meantime every effort is being  
made to bring Mr. Bennett into line, and  
to lure his followers away from him.  
The member from Calgary counts upon  
his growing popularity, Mackenzie &  
Mann and the Prime Minister expect to  
be able to very substantially reduce his  
strength, and it may be that when the  
twenty-five million loan bill is intro-  
duced Mr. Bennett will be supported.

## DETECTIVES GUARD \$1,000,000 SHIPMENT

Accompany Valuable Consig-  
ment of Silk That Passed  
Through London.

Four special cars were attached to  
the Canadian Pacific fast midnight  
freight train from Chicago last night  
containing a \$1,000,000 consignment of  
silk. The silk was purchased in Japan,  
and was shipped from Seattle via Chi-  
cago on its way to eastern silk mer-  
chants.

Owing to the recent number of  
freight car robberies in both Canadian  
and American railway yards, the ship-  
pers of the goods sent two detectives  
with the shipment to see that the  
goods arrived at their destination in-  
tact.

The Canadian Pacific of late has  
handled a number of car lots of silk,  
but quarterly they move great quan-  
tities of the flimsy material. Last night's  
shipment is the first that carried rail-  
way detectives in a number of years.

PERPETUAL MOTION PROBLEM "SOLVED" AGAIN —  
COAL DEALER DOES IT.

"LATEST" PERPETUAL MOTION.

Special Correspondence.  
Terre Haute, Ind., Feb. 20.—George Bevins, coal dealer, is the latest claimant  
to the discovery of that dream of ages, "perpetual motion." He says he has it.  
A motor, a dynamo and his "secret" comprise the outfit. He asserts that the  
storage battery runs the dynamo, the dynamo runs the motor, the motor recharges  
the storage battery and, when this circuit is completed he has 20 per cent more  
power than first left the storage battery. He worked on the scheme for 15 years.

## CITY ENGINEER TO MAKE REPORT ON CAVING OF BANK

Ridout Street House Appears  
To Be In Danger of Slipping  
Into Thames River.

SOME ANCIENT ACCOUNTS

City Solicitor Will Collect One  
From Company Of Which He  
Happens To Be President.

The city will take active steps to  
see what can be done toward remedy-  
ing the condition existing at the rear  
of houses on Ridout street, as a result  
of the river eating away the bank. The  
earth is gradually falling away, and  
several residences are in a precarious  
condition. This matter was brought to  
light by an article in The Advertiser  
a few days ago, accompanied by a pic-  
ture showing where the damage is being  
done.

The board of control took the matter  
up this morning at the instigation of  
Controller W. G. Coles, and instructed  
the city engineer to investigate the  
condition of affairs and report at once.  
The city solicitor was instructed to col-  
lect several accounts, some of which have  
been standing for a long time. One of  
them, for \$877.91, with two years' interest  
at five per cent, bringing the amount of  
\$965.70, is against the Canada Trust  
Company, of which the city solicitor is  
the president. It represents the cost of a  
 Windsor avenue, between Wortley  
road and Ridout street. The work was  
done more than two years ago.

## RENDERED UNCONSCIOUS FROM FALL ON WALK

James McAllister, Suddenly  
Stricken With Paralysis  
Fell to Sidewalk.

James McAllister, an employee of the  
Singer Sewing Machine Company, while  
walking north on Richmond, near Hy-  
man street, early this morning, was sud-  
denly stricken with a paralytic stroke,  
and slipping on the icy pavement was  
rendered unconscious.  
Pedestrians picked McAllister up, and  
he was taken into Dan Carter's grocery  
store, from where the police motor am-  
bulance was summoned. Dr. R. W.  
Shaw was called and the injured man  
was taken to St. Joseph's Hospital.  
McAllister recovered consciousness  
about three hours later, but owing to  
the shock he received from the stroke  
he will be confined in the hospital for  
some time.

## WOULD FORCE ALL ELECTRIC WIRING INTO CONDUITS

Board of Control Move For  
Compulsory Underground  
Wiring.

MENACE, SAYS FIRE CHIEF

Existing Conditions Will Be  
Rescinded If City Fathers  
Have Their Way.

Compulsory placing of wires under-  
ground in the chief business districts  
was considered by the board of control  
this morning in a conference with  
General Manager H. J. Glaubitz, of the  
waterworks-hydro department. The  
city solicitor will be asked for an op-  
inion on a request to be presented to  
the railway commission and the On-  
tario Hydro Commission, to have an  
order issued for the work.

The water commissioners and the  
city council will co-operate in this  
matter, as it is felt that it is one that  
demands attention. Fire Chief John  
Aitken has called attention to the  
danger of having so many overhead  
wires in the business section, and it  
is considered that the wires are a  
menace to public safety, dangerous for  
traffic and unsightly.

Two orders are to be asked for, the  
first to cover streets for which conduits  
are now provided, and the second, for  
streets on which the city proposes to  
construct conduits. The companies af-  
fected are the G. N. W., Telegraph Com-  
pany, the London Street Railway Com-  
pany, the C. P. R., Telephone Company,  
the London Electric Company, the He-  
lena Costume Company, the Bell Tel-  
ephone Company, and the city of London.  
It is proposed to charge these companies  
a rental for the use of the conduits, of  
which the city undertakes the construc-  
tion.

At the present time there are con-  
duits on Richmond street, from the G.  
T. R. station to Fullerton street, and on  
Dundas street, from Ridout street to  
Wellington street. It is proposed to place  
further underground lines on Richmond  
street, from Fullerton to Grosvenor; Dun-  
das street, from Wellington to Egerton;  
Ridout street, from York to Carling; Tal-  
bot street, from York to Queen's; Mar-  
ket Lane, from the market square to  
Dundas street; Clarence street, from the  
G. T. R. tracks to Dundas; Park avenue,  
from Dundas to Dufferin; Wellington  
street, from York to Dufferin; York street,  
from Ridout to Dufferin; York street,  
from Ridout to Wellington; north side of  
the market from Talbot to the Market  
Lane, and Carling street, from Ridout to  
Richmond.

Mr. Glaubitz has blue prints showing  
all the proposed improvements, and be-  
fore the matter is sent to the two com-  
missions, other streets may be added to  
the list.

## ASSESSMENT OF CITY INCREASES OVER A MILLION

City Clerk Baker's Statement  
Shows Assessable Property  
and Exemptions.

The total assessment of the city, ac-  
cording to a statement given by the board  
of control this morning by City Clerk  
Samuel Baker, is \$31,947,912, which, to-  
gether with an error of \$1,000 in mak-  
ing additions to the assessment roll  
and a deduction of \$952,767, leaving a  
total assessment of \$32,001,347.

The following exemptions are allowed  
under bylaw:  
McClary Manufacturing Company \$276,535  
George White & Sons..... 79,000  
Globe Casket Company..... 88,000  
D. S. Perrin & Co..... 82,175  
E. Leonard & Sons..... 19,000  
London Foundry Company..... 9,400  
Wortman & Ward..... 30,480  
Total..... \$584,590

Reductions to the amount of \$368,177,  
by court of revision and on Y. M. C. A.,  
Y. W. C. A., and city property, make a  
total deduction of \$952,767, leaving a  
total assessment for the general rate  
of \$31,078,500.

The assessable property in the annexed  
districts along with an error in the roll  
and court of revision additions, amounts  
to \$1,022,554, and there are reductions in-  
cluding \$32,000 for the McClary Manu-  
facturing Company, to the extent of \$55,-  
455, leaving \$967,099 for a total assessment  
at the 15 mill rate agreed upon.

The total assessment for the city (in-  
cluding the annexed district), is \$32,001,-  
599, and for school rates this amount is  
augmented by \$616,590 from six manu-  
facturing companies, who pay school rates  
only.

The assessment for public school pur-  
poses is \$30,105,678, and for separate  
schools, \$2,556,471. The increase in the  
assessment over 1913 general rates (in-  
cluding the annexed districts), is \$1,-  
149,286, while the increase over the 1913  
school rates with the same inclusion, is  
\$1,162,656.

farming will now come to order. Stu-

school here are to study practical ag-  
riculture in connection with their other  
courses. The effort of the professor—  
the farm foreman, they call him—will  
be to turn out a generation of city folk

beds on the fire escape and to raise  
celery and beets in the window boxes.  
There are already 70 students assem-

serves as a classroom.

## W. S. BENTON EXECUTED BY VILLA'S FIRING SQUAD

Killing of British Rancher Raises Storm in Mexico—Friends  
Call It Murder—Secretary Bryan Orders  
Investigation.

[Canadian Press.]  
El Paso, Texas, Feb. 20.—William S.  
Benton, the British subject who disap-  
peared in Juarez Tuesday night, is  
dead, according to news brought to  
Mrs. Benton by Thomas D. Edwards,  
American consul at Juarez.

Benton was tried by court-martial  
and found guilty of complicity in a  
plot to take Villa's life. He was exe-  
cuted by a firing squad on Wednes-  
day night.

Villa, whose act is stigmatized by  
Benton's numerous friends as wanton  
murder, left suddenly for Chihuahua  
today. No single act of any of the re-  
cent revolution, not excepting the  
Cimarron tunnel disaster, has so stirred  
indignation. When extra editions were  
placed on the streets they were franti-  
cally seized upon and read.

Benton's ways were blunt, but his  
friends admired him for them, and  
there were moist eyes and uttered im-  
precations among them when they  
heard the news.

"No foreigner is safe in Mexico," was  
the general comment, and a suggestion  
for the matter is sent to the two com-  
missions, other streets may be added to  
the list.

[Canadian Press.]  
Washington, Feb. 20.—Secretary of  
State Bryan was advised today of the  
death of W. S. Benton, an English  
ranch owner, in Mexico, recently re-

ported in the hands of the rebels.  
Sir Cecil Spring-Rice, the British  
ambassador, who called upon Secre-  
tary Bryan to ask for information of  
Benton, also was told of the news.

Benton was arrested in Juarez last  
Tuesday, and had not been heard from  
since. His wife and friends feared he  
had been executed by General Villa.  
Villa denied knowledge of Benton's  
whereabouts, but yesterday, in conver-  
sation with inquirers, intimated that  
he knew something about the English-  
man, and added that Benton had  
threatened him with a revolver.

Villa was quoted as expressing pro-  
found indifference toward an appeal  
to the British ambassador at Washing-  
ton.

Sir Cecil Spring-Rice asked the state  
department yesterday to take steps for  
the protection of the British subject.  
Mrs. Benton had received an uncon-  
firmed report that her husband was a  
prisoner in a Juarez jail. He was  
largely interested in mining, and had  
a hundred-thousand-acre ranch in Chi-  
huahua.

Investigation Ordered.  
Washington, Feb. 20.—Secretary of  
State Bryan, after a cabinet confer-  
ence, ordered an immediate investiga-  
tion of the killing of H. S. Benton, the  
English ranch owner, at Juarez.

## SUGGEST \$10,000 GRANT

Say It Will Be Only 20 Cents a  
Head, and Will Be For  
Good Object.

"Unless the city council agrees to  
guarantee the expense for the Old  
Boys' reunion, I intend to resign," said  
a member of the reunion executive  
when chatting with several citizens  
this morning. "We are likely to incur  
heavy personal obligations unless we  
are assured of an income, as I do not  
think that the shows at Queen's Park  
will net a large amount, certainly not  
enough to defray the expenses of the  
reunion. If the citizens are willing to  
subscribe the amount necessary we  
will be ready to go on. Otherwise I  
do not think that many people will put  
their shoulders to the wheel."  
"We should ask the mayor to con-  
tribute the \$1,000 he receives from the  
board of control this year," said an-  
other Old Boys' official.  
"Might as well ask him for his life,"  
said another.  
"It would be a mighty fine thing of  
the mayor and council to put up \$10,000  
to make the reunion a success. That  
would only mean 25 cents from each  
individual in the community, and the  
city has spent its money, and will  
continue to spend it for less worthy  
objects."

## LONDON POULTRY ASSOCIATION HOLDS ITS THIRTIETH ANNUAL REUNION

200 Members Present, and Hear Address From O. A. C. Expert, Who Gives Many Practical Suggestions As To the Improvement of Breeds and Stock.

Over two hundred members were present at the thirtieth annual reunion and banquet of the London Poultry and Pet Stock Association held in the Dominion Savings Building Thursday evening. From every standpoint the affair was one of the most successful ever held by the association.

The speaker of the evening was Professor William Graham, of the Ontario Agricultural College, who in a splendid address gave the poultrymen present the benefit of his long experience as a poultry raiser in many practical suggestions as to the raising of more and better chickens and also as to getting the most profit from them after they are raised.

His remarks were listened to with a great amount of interest, and a hearty vote of thanks was accorded him at the conclusion.

Other speakers were Controller J. P. Moore, who represented the city in the absence of Mayor Graham, ex-Alderman J. H. Saunders, Past President William McNeill and others.

Idea Well Received. Controller Moore in speaking of the proposed winter fair for London stated that the idea seemed to have caught on very well in London. The city was so situated that such a show should be a success from the very start.

Ex-Alderman Saunders also expressed the hope that all the members would be present and make an exhibit at the winter fair when it comes.

The fair in his opinion would be in no way injured by the Guelph Fair, providing that the dates did not clash, and as for the Guelph show being hurt by holding the show in London, he stated that if a show were to be held in every city in Canada it would not hurt the Guelph show.

A Pleading Feature. Past President McNeill referred to the happy fact that in a membership of about 250, no death had occurred among members of the association since the last annual reunion. The affairs of the association had prospered immensely during the year, and the prospects were good for a still better year.

A splendid musical program was provided including numbers by the Barred Rock Male Quintette, composing Messrs. J. Nash, R. Hill, R. Burridge, W. Kennedy and George Lashbrook; solo by L. Westby; solo by Harry Wheatcroft; solo by Wilfred McCormick, and piano selections by A. M. Eby. A clog dance by Mr. Cribbs was also much appreciated.

A committee under Mr. James McCormick did excellent service in superintending the serving of refreshments. President J. W. Jarvis occupied the chair and ably discharged the duties of his office.

The only reference to putting aside a definite amount for depreciation, at the meeting of the water commissioners yesterday, came when General Manager H. J. Glauz took up a collection among the members to pay for the prizes distributed at the recent carnival on the public rink at Victoria Park.

There was a small surplus over the amount required, and Commissioner William Wyatt humorously suggested that it be used for a depreciation fund. Chairman Philip Pocock does not agree with the criticisms that have been made of the board in the past couple of years, aggregating about \$55,000, really constitute a depreciation fund, although new expenditures are paid out of this source.

"Naturally," said Mr. Pocock to The Advertiser, "we wouldn't put this money in the bank at three per cent., and then borrow money at five per cent., to meet new expenditures."

# Many Will Welcome Our First Showing Women's Spring Coats Tomorrow

An unusually attractive collection is presented in this early showing--- coats that appeal to both the conservative taste and the woman whose delight is in more extreme styles which vary widely from those of former seasons. Many novelty coats are shown in cloths of entirely new weaves---colors are brighter and very pretty for spring, such as coral, empire green, mahogany, banana and tango. Materials are very smart. Many novelty checks are also shown, also ratines, honey-comb, Bedford, duvetyne, jacquards and worsteds.

The styles are very fetching, the Godet and cut-away with a tendency to the flare from the hips to allow the fullness for the new drapery effects. Collars are rolling or fastened close to neck. Buttons are a feature, too, and harmonize with the color of the garment shown. Sleeves are mostly kimono. See them on second floor Saturday.

## TEN HOTELMEN FINED FOR ILLEGAL SELLING

Work of Spotters Is Costing Waterloo County Saloonkeepers Several Thousand Dollars.

[Special to The Advertiser.] Berlin, Feb. 19.—Ten of the township and village hotelkeepers of the total of 32 charged by Inspector Ayearst of the provincial department with violating the liquor act, pleaded guilty to the charges before Magistrate Weir today and fines ranging from \$20 to \$100 were imposed. The balance of the charges will be heard tomorrow.

High Constable Huber made a raid on a blind pig conducted by Jacob Zuber in West Montrose and secured a considerable quantity of whiskey and beer. Zuber will also be heard in police court tomorrow.

## WOULD OMIT "OBEY" IN MARRIAGE SERVICE

Bishops Seem to Favor the Idea, But Postpone Action For a Time.

[Canadian Press.] London, Feb. 20.—The omission of the word "obey" from the marriage service from the Church of England appeared to find considerable support today among the bishops attending the House of Convocation of the Province of Canterbury, now in session in London.

A formal motion to omit the word, of which the Bishop of Lincoln had given notice, was withdrawn, however. The Bishops of Winchester and Hereford spoke strongly for the insertion of similar undertakings by both husband and wife. They, however, thought there should be some reference to the leadership of the man in the home.

The Archbishop of Canterbury emphasized the opinion that the Church of England had to face this proposed change and other questions of a far-reaching character arising out of it. He believed, however, a better occasion than the present would be found at an early date for handling such great social problems.

## BLACK-HANDERS' BOMB WRECKED 3 BUILDINGS

Chicago Grocer Failed to Pay Over Money Demanded, So Threat Was Carried Out.

[Canadian Press.] Chicago, Ill., Feb. 20.—Three buildings were partially wrecked, a dozen persons were injured by flying glass, when thrown from their beds and windows a block away were shattered early today, when a bomb was exploded in the doorway of Leonardo Meloni's grocery in the Italian quarter.

The grocer told the police he had received a black hand letter demanding \$2,000 three months ago. He said he did not comply with the demand and four days ago received another letter saying his store would be blown up unless he paid \$5,000.

The front of the three-story building occupied by the grocer was wrecked, a saloon next door was demolished, and a neighboring shoe store.

KINEO STILL MISSING The Revenue Cutter Failed to Find the Schooner.

[Canadian Press.] Norfolk, Va., Feb. 20.—Somewhere out in the forty-eight mile gale that was lashing the Atlantic today the five-masted schooner Kineo of Bath, Maine, now a three-day mystery, probably was fighting for the lives of her crew of eleven.

After a fruitless search the revenue cutter Onondaga, having exhausted her bunkers in day and night cruising, was putting back to Norfolk for supplies to continue the hunt. Mariners were in doubt about the schooner's fate.

SAY G. T. P. FAILED TO KEEP ITS AGREEMENT [Canadian Press.] Winnipeg, Feb. 20.—A resolution adopted by the convention of the Canadian Pacific Railway System Federation declared "that the Grand Trunk Pacific had not lived up to the spirit of the agreement made at the termination of the strike of its machinists and boiler-makers, and in view of the fact that the men were only asking for rates and conditions similar to those prevailing on competing roads, their demands were not unreasonable."

WINDSOR.—The value of public school property in Windsor is \$357,352, according to the report of Secretary Alex. Black, issued Thursday morning. The land value is placed at \$288,175, while the buildings, including the Collegiate Institute, is placed at \$69,150.

## STEFANSSON THINKS KARLUK CREW IS SAFE

In Message to Press He Is Optimistic—Vessel Himself May Be Lost.

[Canadian Press.] New York, Feb. 20.—A cable to the Tribune from London says: In a dispatch to The Daily Chronicle from Point Barrow, Alaska, V. Stefansson, the leader of the Canadian Arctic expedition, gives further details of the disappearance of the Karluk, which was announced in December. Though far from sanguine that the Karluk will be saved, he has little doubt about the ultimate safety of those on board. If the vessel could be crushed by winter ice there will be little trouble about the men getting ashore safely, but whether any of the material aboard the Karluk can be saved depends on its distance from shore and the roughness of the ice.

Stefansson has made new plans for the exploration of the delta of the Mackenzie River and the region lying west of Banks and Prince Patrick Islands. The two other ships of the expedition, the Mary Sachs and the Alaska, which are both safely in winter quarters at Collinson Point will do the work the Karluk was intended to perform.

The dispatch, of which the above is a summary, was brought to civilization by dog teams across the frozen wastes of Alaska. "It has been," writes the leader of the expedition, "a monotonous chapter of misfortunes for all who travelled by ship or boat along the Arctic coast of Alaska in the winter of 1913."

## WIDOW OF STEVENSON, THE NOVELIST, DEAD

Nursed Him Through Severe Illness Before Marriage—Was Twice Married.

Santa Barbara, Cal., Feb. 20.—Mrs. Robert Louis Stevenson, widow of the famous novelist, died of apoplexy at her home in Montecito yesterday.

The body of Mrs. Stevenson will be held here until the arrival of her son, Lloyd Osbourne from New York. All funeral arrangements will be postponed until he reaches here, but it has been suggested that her expressed wish be carried out—that she be buried beside the author of "Treasure Island" on a mountain top near Aiea, Samoa.

Efforts to get in touch with her daughter, Mrs. Isobel Strong, at Honolulu, were fruitless today. Mrs. Strong is said to have just sailed from Honolulu for Samoa, where Mrs. Stevenson had an estate.

New York, Feb. 19.—Mrs. Robert Louis Stevenson was born Fanny Van De Grift in the United States. Her first husband was Samuel A. Osbourne, from whom she obtained a divorce in 1870. Very little is known of the early years of her life. It was in 1876 she met Stevenson, while she was sojourning with her son and daughter in France. Her domestic life was not happy, even at this date, and she and Stevenson seem to have been drawn together from the start. In 1878 she was obliged to return to her home in California, and in August of the following year, alarmed at news of her health, Stevenson hurriedly crossed the Atlantic, travelling as a steeage passenger, partly because of lack of means, partly for the experience.

At San Francisco he succumbed to desperate illness from the effects of which he never fully recovered. The woman who was to be his wife nursed him through the worst of his illness, and in May they were married and went to live in a deserted mining town in the coast range of the Sierras.

Subsequently they went to Scotland, where Stevenson joined his family. In 1881, Mrs. Stevenson withdrew herself from the world to a considerable extent. Until recently she made her home in San Francisco. In 1908 she sold her home there and went to Santa Barbara.

HIGHER WAGES ON C. E. AND Q. Chicago, Feb. 19.—Increases in wages approximating \$100,000 annually were today granted 50,000 trainmen of the Chicago, Burlington and Quincy Railroad by a board of arbitration which has been sitting for three months. The decisions of the arbitration board were otherwise generally favorable to the employees.

## COLUMBUS KNIGHTS BANQUET BISHOP

Tender Complimentary Luncheon to His Lordship and Catholic Clergy of City.

AN IMPERIALISTIC ADDRESS Bishop Fallon Sets Forth His Reason For His Adherence to Imperial Policy of Empire.

London Council, No. 1410, Knights of Columbus, last evening tendered a complimentary luncheon to His Lordship Bishop Fallon, the reverend director and professors of St. Peter's Seminary, and the clergy of the city. The spacious hall of the Knights of Columbus was completely filled, not a seat being vacant. It was tastefully decorated with red, white and blue streamers. The Italian orchestra furnished choice music during the evening.

The first toast on the program was His Holiness the Pope, after which came that of the King, both of which were fittingly honored. "Why I Am an Imperialist" came next, and was replied to by His Lordship Rt. Rev. M. F. Fallon, Bishop of London.

Bishop Fallon treated the subject in an exhaustive manner, characterized by close reasoning and by an eloquence which always makes his addresses a charm to his auditors. The bishop said he was an imperialist because the permanence of the British Empire means much for the peace and welfare of the world, and for the enjoyment of civil and religious liberty.

The toast of "The Seminary" was replied to by Rev. Father O'Connor, director of that educational institution, which is making such rapid strides. The reverend gentleman was well received. His address was replete with matter which denoted the finished speaker and scholar. The toast of "The Clergy" was replied to by Rev. Father O'Reilly, C. S. B., of St. Patrick's Parish, this city, who is quite an acquisition to the ranks of the public speakers of the Forest City. He is an easy, fluent and forceful speaker.

The toast of the "Catholic Press" was replied to by Senator Coffey, who gave a short sketch of the careers of the Catholic pressmen in the United States and Canada. His reminiscences of the old days and the old pressmen were highly appreciated. To Stephen Pocock, lecturer of the council, belongs in a large part the splendid success of the banquet. At the usual hour the large assembly dispersed, all holding pleasant memories of the happy evening they had spent.

## BRITISH MUSEUM HAS MISSED NO PICTURES

Nor Has Scotland Yard Heard of Thefts Which Paris Dispatch Mentions.

[Canadian Press.] London, Feb. 20.—Officials of the British Museum said today that no pictures were missing from that institution. This announcement was made in reply to inquiries as to the authenticity of the report from Paris that canvases of great value had been stolen from the museum by a band of international art thieves. At police headquarters in Scotland Yard it was stated that the authorities had no knowledge of any such thefts.

## HON. CHARLES DEVLIN IS NEARING HIS END

[Canadian Press.] Ottawa, Feb. 20.—A bulletin issued from the residence of his father at Aylmer, Que., at noon today stated that Hon. Charles R. Devlin, who is ill of Bright's disease, was sinking fast. Shortly before noon paralysis set in, and his physicians state that the end is near. The members of the family have been summoned to the sick minister's bedside.

## UNIONISTS DISLIKE THE CURZON POLICY

Show This in Decreased Majority at S. Buckinghamshire Election.

[Canadian Press.] Montreal, Feb. 19.—A cable to the Montreal Herald-Telegraph from London today says:

The result of the South Buckinghamshire by-election, declared this afternoon, shows a reduction of 225 in the former Unionist majority at the general election of 1910.

W. E. Dugre, Unionist, the successful candidate, secured 9,044 votes, whilst Tomman Mosley, Radical, had 6,713, a Unionist majority of 2,331. The electorate numbered 18,268.

At the general election in 1910, the Unionist majority with an electorate of 16,366 was 2,556.

As admitted by all parties home rule was the paramount issue, and that decision is regarded as most significant of the growing distaste of the Unionists for Sir Edw. Carson's policy.

## WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skininess and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.—Adv.

## GIVE US MARKETS, WE'LL MAKE MONEY

Plea of Vice-President Elect at North Wellington Meeting.

LIBERALS ARE OUT TO WIN R. M. Hazelwood Scores Conservative Government and Condemns Lobbying by Dominion Millers.

[Special to The Advertiser.] Arthur, Feb. 19.—At one of the most enthusiastic meetings ever held by the North Wellington Liberal Association, R. M. Hazelwood, Liberal candidate, a miller and grain dealer, gave a plain talk on the position of the Ontario farmer and the way in which he is being handicapped by the Conservative Government.

Mr. Hazelwood took an emphatic stand on the tariff question, especially condemning the lobbying of the Dominion Millers' Association against free wheat. Their action, he said, was contemptible, in issuing circulars to the farmers, telling them that the cost of feed would be \$2 a ton more if free entry of wheat into the United States were allowed.

The compelling of farmers to sell in the open markets and buy in a protected market he characterized as inconsistent with the twentieth century idea of fair play, and as poor business, detracting from the very class on whose prosperity all must depend.

Reckless Expenditure. The speaker dealt with the Government's record of reckless expenditure and extravagance, and militarism gone mad, missing the opportunity of the age in neglecting to stand out before the nations of the world as an example of disarmament and arbitration. He instanced the great cities growing up on both sides of the lake to great commercial centres, without the protection of gun or fort. Mr. Hazelwood was accorded a warm ovation.

Others who spoke were James McEwen, ex-M. P. P. Alva Stockton, John E. McEwen, R. W. Brocklebank, R. Colwell, A. W. Wright. All were enthusiastic and loud in their praise of the candidate, and predicted a won, but would never again be in doubt, but that it would be Liberal.

Farmers Want No Gift. The vice-president-elect, who presided in the absence of the president-elect, who was absent through illness, scored a strong point in his closing remarks, that the farmers of this country regard the Government for their education, but said, "Give us free access to the markets to the south of us and we will make the money ourselves." Votes of confidence in the leaders of the Opposition in the Dominion and Provincial Parliaments were passed and the meeting closed with cheers for the King and the candidate.

The officers elected for 1914 were as follows: President, D. Brecklebank, Arthur, first vice-president, J. C. Dixon, Mariboro; second vice-president, Michael McGillicuddy, Arthur; township secretary, J. H. Hurst, Hurst; assistant secretary, J. M. Roche, Arthur; treasurer, J. J. Cook, Mount Forest. The retiring president, Mr. McArthur, was added to the executive.

Overseers were appointed as follows: Arthur Township, John Campbell, Arthur; D. T. Small, Clifford; Conrad Miller, Drayton; James McEwen, Harrison; James McAuley, West Garrafrax; W. S. Clark, Fergus West; Luther, Edward Robinson, Com; Maryboro, William Newstead, Drayton; Minto, John Pritchard, Redgrave; Mount Forest, A. W. Wright; Palmerston, W. W. Munro; Peel Township, J. J. Morrison, Arthur.

A resolution of condolence was passed to be forwarded to the family of the late vice-president, Forbes Moir, of West Garrafrax.

Toronto's wealthy wine-bibbers are a pretty example, aren't they?

That Senator Gore case is the notion some people have of playing politics.

A lot of good advice is written for the benefit of foolish people who never read it.

Chicago lady has just wedded a man named Darned. Sewed up for life as it were.

If the West has suffered this winter, it hasn't said much about it. The West is game.

Why not invite all those persecuted Russian Jews to occupy some of Canada's open spaces.

The reflections of Conservatives upon the N. T. R. are reflections upon public ownership in Canada.

Huerta is worn almost to a shadow through fear of assassination. Nervous prostration may get him before Villa.

The C. P. R. took it out in land, the C. N. R. goes after hard cash. And so betwixt the two, you see, they lick our platter clean.

Not quite clubby of Hon. J. J. Foy to skip out to New York on the one day when the lieutenant-governor has a chance to exercise his oratory.

Sir William MacKenzie bores right in on the nets. As a forward lobbyist, he does better at Ottawa than he might at Washington. The defence is weak.

Kaiser has forbidden flirtations with his daughter, says a Berlin dispatch. Oh, well, the young lady is engaged to marry anyway, so no one cares very much.

The Lost Tribes are better off than those Jews in Russia. They are at least beyond the reach of superstition and are perhaps enjoying themselves in dispersion.

Sling Ho, after 40 years in America, is returning to China with \$1,000,000 made in railway contracting. With that in his jeans, he will be enabled to also sing high.

The clearing house idea for charity work while an excellent thing, tends to do away altogether with the old time old-fashioned personal work which benefited both giver and recipient.

**THE PROVINCIAL LEGISLATURE.**  
THE Legislature of Ontario opened another session last Wednesday with the usual ceremonials and display—the booming of cannon, the music of bands, and the flashing of jewels and gold braid. The militant tendencies of the times were shown in the attendance of a martial staff of officers from captains to major-generals, in all the panoply of war. One familiar face was absent—that of the Premier, whose serious illness prevented his attendance. Friends and foes alike sympathize with the sturdy political warrior in his present condition; and while there is little expectation that he will ever be seen in his place again, his dominant will power may control the cabinet, and direct its policy to some extent, while he continues to hold his office.

The most important matter in connection with the opening of a Parliament is the speech from the throne, in which the ministers indicate their programme for the session. On the present occasion, as on most others, the bulk of the speech was made up of congratulations and eulogies of men and things. But a few lines almost lost in the verbiage of the document, suggest serious legislation which may cause prolonged debate.

The long delayed workman's compensation measure is at last to come up for action. Its author, Sir William Meredith, has given great care to its construction. That it will meet the views of both employer and employee is not to be expected; that some of its clauses will call for serious discussion is certain. In so far as it is reasonably just and fair, it will have no opposition from the Liberals.

A redistribution bill is promised. That is doubtless called for by the changing conditions of population in the province. In ten years many people move their location. Some sections of the province have increased, and others have decreased, and there should of necessity be a rearrangement of constituencies. This gives good opportunity for gerrymandering by an unscrupulous Government. How far the present ministry will resist the temptation, we will be able to judge when the bill is sub-

mitted. It has been suggested that an increase in the number of representatives will be proposed. We will wait with some interest to hear the arguments in its favor. One might be excused for thinking that there are enough legislators as it is.

Notwithstanding the prosperity of the country, we are reminded that the Government cannot find enough money and that a larger revenue will be necessary. As to the source of this increased revenue we are not told; only a vague hint that the Legislature will be asked to provide it "from a number of available sources" on some equitable plan. The Liberal Government managed to get along with very much less than is now being spent; and was the subject of much criticism by its opponents for imagined extravagance. The Conservative Government requires a great deal more; but that is quite proper—or, at least, it is quite natural. Large expenditures are characteristic of Toryism and what was too much for Sir George to handle is not enough for Sir James.

But whatever legislative or financial schemes may be proposed by the Government will receive the candid consideration of the Opposition, who will endorse whatever they can honestly approve, and resist forcibly all that is bad. They might think they had enough to do in filling the place of critics. But not content with that, they will have their own measures to submit, and will be found fighting the battle of social, moral and economic reform as earnestly as ever. Enfranchisement of married women, tax reform, temperance legislation, these will be advocated as usual. And while the Opposition, being in a minority, cannot carry its own measures into effect, it will do good work in trying to educate the public, advance reform, and make the best of a bad Government.

**BENNETT, THE BULL MOOSE.**

BENNETT, the Bull Moose from the West, will gain the confidence of Liberals if he carries his revolt against giving another barrel of money to the C. N. R. to the day of voting.

The Liberal Opposition may be relied upon to stand as it stood before—solidly opposed to such a vast expenditure for a railway company whose common stock the public does not know the sight of. But Bennett, of Calgary, recently threatened to resign if Government elevators for the West were not forthcoming, as promised. So far he has not carried his threat into effect, and it would be just as well for the country to judge him by his actions, rather than his utterances. He is known to have been chagrined over his failure to get a place in the ministry. Of such stuff are insurgents made. But if Mr. Bennett stands out against the C. N. R. grab he can put the Government in an awkward position.

**REFORMING JERUSALEM.**

IT is not strange that the Jew wandering to America gravitates to the cities. He seems to belong by ancient tradition to a city. The Jews came first from Jerusalem the old home-place of the race, as the Jewish philanthropist, Nathan Straus, calls it.

Retired from active business, Mr. Straus is out with a scheme for modernizing that "old home-place." Visiting Jerusalem last year, he was horrified by the insanitary conditions, due largely to the want of any public waterworks, and by the general prevalence of disease and starvation, though the site of the city is so fair upon a hill.

Water is a scarce article in Jerusalem, what is drunk being kept in cisterns under lock and key. Pumping stations are to be provided, if Mr. Straus' plans work out, to raise the water from its plentiful sources in the region around. He has already established a board of health, and soup kitchens which feed over 300 people daily and has in view a social survey for bringing Jerusalem up to date.

What a wall should go up from medieval enthusiasts like Mr. Chesterton over the modernizing of Jerusalem. It might seem like the end of all things to clean the beggars off the streets, substitute hospitals for the pool of Sileam, vaccinate against typhoid and war against malarial mosquitoes. But the world moves on, even in the Turkish Empire.

**BRITISH COLONIZATION.**

IN the recent book by Mr. Cory on "The Rise of South Africa" (Longmans), an account is given of the early British settlers in that country. Though the English took the land from the Dutch in 1806, it was not till 1820 that anybody came from Britain outside of the official and military establishments.

The reason why 4,000 settlers suddenly went to the Cape in 1820 lay in the distress of the English masses after the Napoleonic wars. Heavy taxation, the corn laws, the general introduction of machinery and the factory system had combined to spread suffering and even starvation over England. Agitation and rioting arose in various cities as well as in rural districts. The British Parliament, accordingly, voted £50,000 to assist settlers to go to South Africa, which seemed to be a pleasant, unoccupied country, with an easy climate. Each man being promised a grant of 100 acres on easy terms, eventually a motley crowd was landed in South Africa, about one-third consisting of respectable persons, two-thirds rather otherwise, "low in morals or desperate in circumstances." Naturally, it took this crude assortment some time to settle into order and prosperity,

though they were well placed on good land.

An interesting thing about this original colonization of South Africa, is that it was simply forced on the settlers. Much has been said of the British genius for colonization, and certainly Englishmen and Scotchmen have succeeded equally with Irishmen or the Portuguese as colonists. But Britons as well as others love their home and hate to leave it. It took religious persecution to settle the American colonies, starvation set South Africa a-going, and everybody knows how New South Wales got its start. But once driven into foreign parts, the man of Britain or of Erin makes good, holds right, and on persuades his friends to come and join him in success.

**DANGEROUS.**

[Cleveland Plain-Dealer.]  
Down in the Kentucky Legislature somebody wants the minimum width of women's skirts to be 33 inches. Kentucky vendettas have been started for less cause than that.

**PROFANE.**

[New York American.]  
The rich man is further diminishing his slim chances of getting to heaven by the language he uses while he is trying to figure out how much income tax he owes.

**CATI.**

[Judge.]  
May—Do you like my new hat, dear? May—Yes, indeed! I was just thinking what a pity it is that you are a blonde! That hat would be adorable on a brunette, darling!

**AFTER THIRTY.**

[Kansas City Journal.]  
"I never saw my daughter economical but once."

"How did that happen?"

"She was buying candles for her birthday cakes."

**SHE WHISPERED "YES."**

[New York Sun.]  
She whispered "Yes" without demur—Oh, dismal word that was to me! I'd asked her if she would prefer The orchestra to balcony.

**HEADLESS CHEF.**

[Detroit Free Press.]  
The palace was in a state of bustle, turmoil and confusion.

"Double-lock all casements," roared Czar Nickle in pale terror.

He rushed hither and yon, to and fro, ever and anon, eye and nose, from basement to the pinnacle of the highest turret, giving frantic orders.

"Raise the drawbridge and turn on all the fire extinguishers!" he shrieked (in Russian). "Let every vodka remember the future of his country is at breakfast!"

For fifteen minutes the air was full of the sound of bolts sliding, windows rattling down, shutters slamming and oaths flying.

Finally all was air-tight.

"Now bring Admiral Offertz, the chef, before me!" commanded Czar Nickle.

It was done.

"Did I hear you say that there was a bomb outside the kitchen door?" quavered Nickle.

"No, your highness," trembled the chef, "I said a bum. He wanted a slice of coffee and a cup of bread—I mean—"

"Mingled with the noise of windows rattling up again and oaths flying back and forth around, came the sound of the chef being beheaded."

**"LADY BABE."**

[Chicago Record-Herald.]  
Gently the brown eyes are closing in sleep.

Fringed by night's curtains, it seems, Hiding the love lights that glimmer so deep.

As baby mine nods to her dreams, Up in my lap she has climbed to her nest.

While sleepy eyes drowsily shine, Happy to rest on my welcoming breast.

Lady Babe, Lady Babe mine.

Soft is her cheek as the breast of a dove.

Dimpled the round arms that creep, Circling my neck, trusting all to my love.

To care for her while she's asleep, Little she fears life's dim, looming alarms.

Whose terrors our pathways are twine; Safe from all harms, she has crept to my arms.

Lady Babe, Lady Babe mine.

Oh, what a love for that wee, baby form Carries my prayer up above—Love so unsullied, so happy, so warm, So grateful for one so good to love!

What'er thy errors and sorrows may be, My heart's heart shall ever be thine; Ever you'll be life's bright jewel to me, Lady Babe, Lady Babe mine.

**LITERAL.**

[Brooklyn Times.]  
In one of the Brooklyn courts a recent case required the testimony of a young German immigrant.

"Now, Britzmann," said the lawyer for the plaintiff, "what do you do?"

"Ah vos pretty vell," replied the witness.

"I am not inquiring as to your health. I want to know what you do."

"Vork!"

"Where do you work?" continued the counsel.

"In a factory."

"What kind of a factory?"

"It was pretty big factory."

"Your honor," said the lawyer, turning to the judge, "if this goes on we'll need an interpreter." Then he turned to the witness again.

"Now, Britzmann, what do you make the factory?" he asked.

"You want to know vot I make in der factory?"

"Exactly! Tell us what you make."

"Eight dollars a week."

Then the interpreter got a chance to earn his daily bread.

**PROVES HIS GRIEF.**

[Dallas News.]  
A jilted man of seventeen displays his grief and woe.

By a decision swiftly made, to let his whiskers grow.

**VILLAINY.**

[Detroit Free Press.]  
The villain, called shrilly, fashionably attired in a green afternoon modish gown, he had taken the heroine unawares and bound her to a cask of gunpowder.

"It was a master stroke."

"In fourteen minutes, much proud beauty, you will be higher than the cost of living!" he croaked, and lighting the fuse with a safety match, he slunk away.

But did Anabel Anabel's face denote perturbation? Nope! Ut-huhl!

It looked like the tightest squeeze yet but the hero would rescue her.

He will come," she said to herself a little nervously after seven minutes of waiting.

"What can be keeping him? He was always on time before!" she told her fluttering heart four minutes later. Only a foot of fuse remained.

Two blocks away under a lamp-post a modish-looking young woman in a green afternoon gown was teaching the hero new variations of the Castle Walk. He felt, dimly, that he was needed elsewhere, but each time he tried to break away, the fair stranger would captivate his attention by a new step.

There was a deafening detonation.

**MOLLY GOES TO BED.**

[Chicago News.]  
First into the mirror she stares with long, appraising look; Satisfied she seems to be.

For she yawns and scans a book. Next a peck of pins she takes. For an hour—she will not rush. This from tangles then she shakes, And tucks it on a chair!

Then she sits upon the floor, Looks beneath it for a thief, Then, disrobed, puts on her gown. With a sigh of great relief, Going to bed, she turns to see. She her mirror told good night, Puts some cold cream on her face, Says her prayers—out goes the light!

**OVER-RECOMMENDED.**

[Toledo Blade.]  
The foreman of a railway construction gang engaged on a spur near Philadelphia was approached not long since by an Irishman of the gang, who asked about a job for his brother Dennis, relates the Pittsburgh Chronicle.

"He's list as good a man as meself," said Mike. "Can't ye fix him here?"

"I guess so," responded the foreman. "Send him here tomorrow morning."

"Whole I'm about it," continued the Celt. "I'd loike to put in a wurrd for me other brother, Malachi."

"Me frind," said the Irishman impressively, "gib me as much as you can put in. Sell an Dennis put together."

"In that case," said the foreman, "tell Malachi to come and you and Dennis can look for other jobs."

**REFORESTATION.**

[Stratford Beacon.]  
In thirty years Mr. Munro Ferguson, of Navar, Scotland, made \$500,000 by reforestation of his own lands. This is a valuable testimony to the benefits of such work. How much waste land in Ontario and in the other provinces might be made to yield returns if wise policies of afforestation and reforestation were adopted.

**FORGOTTEN.**

[Brantford Expositor.]  
The Montreal Gazette, a Conservative newspaper, says "the German scare must be as dead in the minds of the admiralty authorities as long ago as it was in the minds of the people." Surely the writer of these lines must have momentarily forgotten about Mr. Borden's wonderful emergency.

**On the Spur of the Moment**

### HELP FOR THE CARVER

To help the carver to do his or her work satisfactorily before it is laid on the table, and the dish must be well shined before it is laid on the table, and the dish must be considerably larger than the joint laid thereon in order that the carving may be properly done. The dish must be placed on the carver as possible, so that full control may be obtained over the joint. A good carver will leave the joint presentable and not ragged in appearance.

**Carving Poultry.**  
The position of the meat to be carved is important. For large birds, as goose or turkey, the head is always placed to the left on the dish, and the carving done in the following order: First remove the leg, then the wing from one side, then the leg and wing from the other side, separating the joints. Then carve the breast on each side; next take off the wishbone, separate the collar bones and shoulder blades, separate the breastbone from the back, then the back from the body, and then the side bones.

**Position in Dish.**  
A leg of mutton or lamb, or a knuckle of veal, is placed with the thickest part towards the back of the platter. A sirloin roast, a shoin roast should be placed with the backbone at the right end of the dish. A sirloin beefsteak should have the tenderloin next to the carver, a roast ham, the thickest part on the farther side of the platter. The eye must be trained to know at once the best parts of the steak, and all of the best should not be served to one or two persons. First cut out the tenderloin close to the bone, and cut it into long narrow pieces; then cut the other part from the bone and cut into strips. Serve a part of each, and serve the fat to those who prefer it.

**Leg of Mutton.**  
To carve a leg of mutton or lamb, or knuckle of veal, put the fork in the top, turn it toward you and cut slices through to the bone, slip the knife under and cut them away from the bone. The under side may be sliced the same way.

A carver should try not only to serve each person acceptably, but to leave the meat on the platter in appealing form for a second helping.

### Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letters can be answered privately.]

#### ANSWER FOR TEAZER.

A.—1. I cannot give addresses of local business houses in this column.  
2. There is a shade of blue called "electric blue."

#### The Widow's Grant.

Dear Miss Grey: I am writing for my mother who wishes to know if you can tell her where she would need to apply to find out about the Penian Road grant for veterans' widows. We saw in The Advertiser where the widows were to get the grant of one hundred dollars each. If you can help us we will be very much obliged. Yours truly,

#### THE DAUGHTER.

A.—Write to the Department of Militia, Ottawa, Canada. If this is not the right place the authorities there will forward your application to the proper department.

#### Mr. Ford's Address.

Dear Miss Grey: I am a constant reader of your column. Would like you to answer this for me through your page. What is Mr. Ford's address, the founder of the Ford automobile? I want the old gentleman's address. Thanking you in advance. Hoping to see this in print soon.  
B. P. L.

A.—Simply address him, care of the Ford Motor Company, Detroit, Mich.

#### Use Her Own Name.

Dear Miss Grey: Would you kindly tell me if a lady after her husband's death use his initials? If not, what is correct for her to use? Thanking you in advance, sincerely,  
A.—A widow is often given her husband's initials to distinguish her from other members of the family, but it is really not correct. Her own given name only should be used in addressing correspondence, etc., to her.

#### Hat for Summer.

Dear Cynthia Grey: I notice a request for the missing verses of a poem which I recognize as Longfellow's "Rainy Day." I shall quote the whole poem.  
I should like to ask you a question regarding the popularity of soft Panama hats. Are they likely to be worn quite generally next summer, and the next, and so on? I should like to know before investing, as I am fond of them and regret that I have not made the purchase.

A.—1. A married woman in signing personal letters, or transacting the duties of secretary for any organization, uses her own given name—not that of her husband. But if you write to a business house and expect a reply to be directed to you in answer, it is best to use the husband's name.

### A LUNCHEON GOWN FOR THE DEBUTANTE.

A touch of ermine and a touch of gray silk stuff in the draped ash makes this little frock of blue lundowne very up-to-date. The ermine borders a jaunty, draped bolero which opens over a "papillon" waistcoat made in the form of a big bow. Above the bow is a chemise of sheerest St. Gall embroidery and a frill of the same embroidery stands up around the neck. The sash is of Persian printed silk in shades of black, blue, red and orange.

husband's initials or Christian name, as "Mrs. J. W." or "Mrs. John" Fox, rather than "Mrs. Olive Fox." It would be quite correct to refer to him in either way.

2. It is customary for the wife to give a reception, announcing it by means of a notice in the newspapers, and afterwards to have a regular day at home, once or twice a month, or identify yourself with a church society, or a woman's club of some description is another way of getting acquainted.

3. Visiting cards should be printed or engraved, preferably the latter, although more expensive. The wife's should bear the date of her at home day in the lower left hand corner.

4. A gentleman's card is smaller and more oblong in shape than a lady's card. The stationer will show you the right size, if you do not know.

5. The host usually looks after the gentlemen, instructing them to place coats and hats on the hall rack or tree; for the ladies, the hostess leads the way to a bedroom, where their wraps are left. 6. All table napery should be white. It is customary for any meal to use a linen centrepiece beneath the buffet or vase of flowers, and cloths at each end to protect the tablecloth. For a full luncheon or tea, where the table is highly polished and left bare, an elaborate linen and lace piece adorns the centre of the table, and doilies are placed beneath the plates of sandwiches, cakes, bon-bons etc. For ordinary family meals, however, doilies are not nearly so much used as they were a year or so ago.

An Easter Suit.  
Dear Miss Grey: What would be a nice Easter suit for a girl of 15, with rather fair hair, blue eyes, and light complexion? What color and how to make it?

2. What would make a nice spring coat for a little boy of two; also what color?

3. What would you advise me to get him for summer, a bonnet or a little hat; what kind and color?

4. I am rather dark, with hazel eyes and dark brown hair. What are my colors?

Thanking you for your kind help, I remain,  
Yours truly,  
A.—1. A pretty tan, blue, or mixed gray in serge, duvetyne, or ratine cloth, would be nice. Study the fashion books for a style, or else copy the design of some ready-made suit which you see and like.

2. A broadcloth or serge in tan or gray would be very nice.

3. A little duck or straw hat, such as the stores sell for wee tots, would be best for summer.

4. Brown, in various shades, russet red and black and white combinations should be becoming to you.

Chorus:  
A volley was fired at sunrise  
Just after the break of day,  
And while the echoes lingered,  
A soul had passed away  
Into the arms of his Maker,  
And there to hear his fate  
A tear, a sigh, a sad good-bye,  
The pardon came too late.

Around the campfire burning bright,  
The story then was told  
Of a mother on her dying bed,  
Called for her son so bold.  
He had hastened to obey her wish,  
Was captured on the way.  
She never saw her boy so fair,  
He died at break of day.  
And when the truth at last was known,  
His innocence at once was shown,  
To save the boy from such a fate,  
A pardon, but 'twas sent too late.

### Songs We Used to Whistle and Sing

A pathetic song asked for a week or so ago, appears today, words kindly sent by "E. B. R."

The Pardon Came Too Late.  
A fair-haired boy in a foreign land,  
At sunrise was to die alone,  
In a prison cell he sat alone,  
From his heart there came a sigh,  
Deceived from the ranks, they said,  
The reason none could say,  
That they knew the orders were  
That he must die next day.  
And as the hours glided by,  
A messenger on wings did fly  
To save the boy from such a fate,  
A pardon, but 'twas sent too late.

Chorus:  
A volley was fired at sunrise  
Just after the break of day,  
And while the echoes lingered,  
A soul had passed away  
Into the arms of his Maker,  
And there to hear his fate  
A tear, a sigh, a sad good-bye,  
The pardon came too late.

A. M. C. and Westerns Ordered  
to Replay Game Saturday Night

Northern League Upheld Army Medical Corps' Protest—Teams Must Only Play One O. H. A. Player—Game in Simcoe Rink.

[Special to The Advertiser.] Listowel, Feb. 20.—The protest of the A. M. C. team against the Western University team in the London group of the Northern League was dealt with here today by a special meeting of the league, and as a result the game has been ordered played over again in London on Saturday night at the Simcoe street rink.

Three Londoners Present. The meeting was attended by President Dr. Coleman, Vice-President Whitmore, of Harrison; Secretary Burt, of Listowel, and Messrs. Marshall, Rhodes and Dr. Stevens, of London. The A. M. C. protest was explained by Mr. Marshall, and an affidavit presented by him showing that an agreement had been made between the three clubs in the London group to play only one O. H. A. man. The Westerns had violated this when they played two O. H. A. players in the game Wednesday night, which was won by them by a 7 to 6 score.

Game Ordered Replayed. Messrs. Rhodes and Stevens, of the University team, gave their side of the matter, but the league officials finally decided that the game must be played over, and that each team can only play one O. H. A. player. It was then agreed by both London teams to play Saturday night at the Simcoe street rink.

Winners Meet Seaford. The winners of the London group will meet the winners of the Seaford-Clinton series which will be decided tonight in Clinton. Edna will meet the winner of the Drayton-Mildmay series which will be decided by a tie-breaker game.

The first game of the first round will probably be played here Monday night at the Princess rink.

PERRINS GET TIGHTER  
HOLDS ON FIRST PLACE

McClarys Lost to Greene-Swifts, While Perrins Won.

LAWSON AND JONES WON

McCormick's Lost Out by 4 to 2 in Game Against Perrins—ETAOI Shy a Couple of Men.

League Standing.	Won	Lost	Against
Perrins	6	1	29
Greene-Swifts	6	3	42
McClarys	5	3	32
Lawson & Jones	4	3	44
Gasties	3	5	35
McCormicks	2	6	31

Perrins obtained a tighter hold on first place in the Manufacturers' League as a result of the games at the Westminster rink last night. The Greene-Swift team sprang a surprise by handing the McClarys a 7 to 4 beating, while Perrins trimmed McCormicks 4 to 2. The other game was a win for Lawson & Jones over Gasties.

An Exhibition Game. The first game was practically an exhibition affair, the Gasties team being shy a few men, and filling in with a couple of pick-ups. The game was a fast and close one throughout, however, Lawson & Jones winning out finally by a 12 to 10 score, the count at half-time being 7 to 6 in their favor. Bert Orr made his first appearance with the printers since he has hurt a couple of weeks ago. The teams were:

Lawson & Jones	Goal	Tracy
Orr	Defence	McPhee
Ross	Defence	Stevens
Morenz	Centre	Legg
Clark	Centre	Legg
Schumacker	Wing	Thorne

The Real Game of the Night. The second game was the real battle of the evening. Greene-Swift went to McClarys right from the start, and after a great struggle in the first period, had the score tied 2 to 2 at half-time. In the second half they played a better game and ran in four more goals to their opponents' two. The McClarys, however, Bryce and Ballantyne played good hockey, while Chantler, Buchanan and Campbell were the best for the losers.

The teams went on as follows:

Greene-Swifts	Goal	McClarys
Osborne	Right defence	Buchanan
Kennedy	Left defence	Chantler
Ballantyne	Centre	McKay
Bridson	Right wing	Campbell
Lewitt	Left wing	Wilson

The final game of the night was a sort of listless exhibition between Perrins and the McCormicks. The Perrins were the favorites, and the final score was 4 to 2 in favor of Perrins, with the half-time count 2 to 1 in their favor also. Both teams showed flashes of good hockey at times, but the checking was so close that the goalkeepers were not called upon to overexert themselves. Orr, Walker, Murray and Carmichael worked hardest for the winners, while Andrews, Armstrong and McIntosh played a good game for McCormicks. Sid Ransford handled all three games. The teams were:

Perrins	Goal	Howson
Simons	Left defence	McIntosh
Walker	Left defence	McIntosh
McKay	Centre	Andrews
Bridson	Left wing	Armstrong
Carmichael	Right wing	Scott

OUTSIDER IS WINNER  
OF THE WATERLOO CUP

Greyhounds Derby Goes to Diliwyn at 20 To 1.

[Canadian Press.] Liverpool, Feb. 20.—The Waterloo cup, the "Derby for Greyhounds," was won today by Diliwyn, a fawn bitch, owned by Mr. A. Pope. The runner-up was Leucor, a black dog puppy, nominated by Major Robert McAlmont. Both bitches were outsiders, the betting before the first rounds was 20 to 1 against Diliwyn and 50 to 1 against Leucor.

The winner takes the cup, value \$500, given by the Earl of Seaton, and a prize of \$2,500. The event is open to 64 subscribers at \$125 each, and is run off in five rounds.

The Monarchs only have to defeat the Winnipeg team to make sure of the championship and the honor of defending the Allan cup.

SWIMMERS SUSPENDED. [Canadian Press.] Baltimore, Feb. 20.—Notification has been sent to James E. Sullivan, chairman of the national registration committee of the Amateur Athletic Union, New York, of the suspension for six months of ten members of the New York Athletic Club swimming team. The team competed against the midshipmen at Annapolis last Saturday.

The men are Arthur McAfee Jun., H. T. Norich, H. E. Volmer, Bud Goodwin, George South, T. F. McCarthy, R. W. Bennett, Walter Rammie, J. C. Wheatley and J. H. Riley.

WHO HELPS THE  
OTHER FELLOW?

St. Louis, Feb. 19.—Branch Rickey, manager of the St. Louis Browns, is deeply religious and has nerve enough to stick up for his beliefs. He won't play ball on Sunday, nor do a lot of things characteristic of the national pastime.

When the city series was on last fall, Rickey was anxious to win. In the excitement of one of the close games he said to the men in the dugout: "Put your trust in the Lord. The Lord is with us."

Some wag down at the other end of the bench piped up: "Who's going to look after the Cardinals?"

ENGLISH PROFESSIONAL

George Agum's Remuneration in the Neighborhood of \$10,000.

[Canadian Press.] New York, Feb. 20.—George Agum, one of England's most famous lawn tennis professionals, has been engaged as coach for the West Side Tennis Club. Bob Wrenn has designated himself the chief instructor of the American players, who will be nominated to defend the Davis cup against the foreign challengers.

It is said that Agum's contract will cause his remuneration to be in the neighborhood of \$10,000 a year.

LONDON THISTLES BEATEN IN  
WESTERN ONTARIO TANKARD

Owen Sound Rinks Won By Big Score in Finals at St. Marys.

St. Marys, Feb. 19.—The Western Ontario tankard was won by Owen Sound here tonight. The London Thistles being beaten out in the finals 24 shots. Both London rinks were away down in the score. The Owen Sound rinks qualified for the finals by beating the two local rinks out by one shot. London beat Bright by six shots. Only eight rinks were present to the playoffs, a couple of other district winners defaulting. The scores:

Semi-Finals.	London.	St. Marys.

BIG AMATEUR BASEBALL  
LEAGUE TO BE FORMED

Chicago, Feb. 19.—At least eighteen cities will be represented at a meeting here tomorrow for the purpose of organizing the National Amateur Baseball Association of the United States. The meeting will be in response to a call issued by the Chicago Amateur Baseball League and it is planned to organize the amateur associations of the country into a body similar to those of the major leagues.

AMERICAN CURLERS TO PLAY CANADIANS. [Canadian Press.] Montreal, Feb. 20.—This afternoon eighteen rinks from Boston, Schenectady and New Jersey clubs will curl with eighteen Canadian rinks in their annual international match for the Gordon medal held in Canada.

In the evening the visiting curlers will be banqueted at the Place Viger hotel, and a record attendance is assured.

SKIP FULTON WON  
LONDON BONSPIEL

Had High Score of Plus 19 at End of Matches.

SCARF PIN FOR T. GILLEAN

Members of London Club Show Their Esteem of One of Its Best Members.

"Billy" Fulton's rink captured the prize at the London Club's weekly bonspiel in the Thistle rink last night. Skip Fulton had a plus score of 19. Dr. Wright's rink was second with a plus 10 score. The games were interesting and provided a great deal of fun for the players.

An interesting feature of the evening was the presentation of a diamond scarf pin to Mr. Tom Gillean, of the London Club. The gift was a slight token of appreciation shown by the members of the London Club toward Mr. Gillean for the splendid service he has rendered the organization since its inception. Mr. G. J. Stevenson made the presentation and Mr. Gillean replied fittingly.

The scores of the games were as follows:

Skip Fulton, plus 19.	Dr. Wright, plus 10.
J. Treblecock, plus 7.	A. J. Garry, plus 4.
T. Gillean, minus 4.	Bert Meaman, minus 10.
C. K. Bluet, minus 12.	W. Strong, minus 14.

KINGSTON FRONTENACS PUT  
OSHAWA JUNIORS OUT

Defeated Them at Belleville in Fast Game by Score of 4 to 1.

Belleville, Ont., Feb. 19.—By a score of 4 to 1 the Kingston Frontenacs Junior O. H. A. team tonight in this city defeated the Oshawa team and thus won the semi-finals series. The score at half-time was 1 to 1 and in the second half the Frontenacs scored 3 goals. Mr. Oscar Barnhardt, of Bradford, Ont., was the referee. The lineup of the teams was as follows:

Position.	Frontenacs.	Oshawa.

WHITE STARS ARE WINNERS  
OF STRATFORD CITY LEAGUE

Defeated the Grand Trunk Team by Score of 4 to 1 in Fast Game Last Night.

[Special to The Advertiser.] Stratford, Feb. 19.—By beating the Grand Trunk team here tonight, the White Stars practically clinched the City League championship for this season. The Stars were a fast and well-played one, the Stars winning out by the score of 4 to 1. They showed better team work and defence than their opponents. For the Stars, Jones, Schultz and Cornell featured, while Orford, Hombry and Armstrong were the best for the Grand Trunk team.

The teams were:

White Stars	Goal	Killer
White Stars	Left Defence	Orford
White Stars	Right Defence	McArdle
White Stars	Centre	Allen
White Stars	Left Wing	Bombay
White Stars	Right Wing	Hereford
White Stars	Goal	Russ

ARTIE HOFMAN MAKES  
JUMP TO FEDERAL RANKS

Chicago, Feb. 19.—According to an announcement tonight by James A. Gilmore, president of the Federal League, Artie Hofman, one time Chicago National League player, and Jimmie Block, former Chicago American League catcher, were signed today.

Conferees which indicated that Jake Stahl, former Boston American Club manager, might undertake the leadership of the Brooklyn Federals, had not ended in an agreement tonight. Robert B. Ward, president of the Brooklyn Club, Stahl and Gilmore spent the evening together. Afterwards Stahl said he had gone so far as to make a proposal which had not yet been accepted.

OLD HOTEL MUST GO. [Canadian Press.] New York, N. Y., Feb. 20.—The Victoria Hotel at Broadway and Twenty-seventh street, popular for many years as headquarters of Canadians visiting New York, and more recently of Labor leaders, is to be made way for a 24-story office and loft building, to cost \$2,000,000. The hotel will be closed next Thursday. It was erected in 1871.

First Day's Play Leaves Four Rinks in the Running.

TWELVE RINKS STARTED

Feature of Play Was Closeness of Scores and Narrow Margin of Winners—The Results.

[Special to The Advertiser.] Sarnia, Feb. 19.—Play started today at the local curling rink for the Vendome trophy, an annual competition held here for rinks in this district. Twelve rinks participated in today's play. Alisa Craig, Forest, Petrolia and Exeter being the outsiders present. Alisa Craig, Sarnia, Forest and Petrolia are still in the running for the cup and four large mantle clocks which go with it. The consolation event prizes consist of four cut glass berry bowls, with a second prize of four silk umbrellas. The feature of the play today was the fact that in nearly every case the scores were close and the games decidedly interesting.

It is expected the finals will be played off tomorrow afternoon.

MIDGE CRAVEN ADVERTISES  
FOR PLAYERS FOR SAINTS

Inserts Liner in St. Louis and Philadelphia Baseball Papers in Search of Men.

Midge Craven is one manager in the Canadian League who is not letting any grass grow under his feet in his efforts to secure new material for the Saints that will place this club in a position to be real contenders for the 1914 Canadian League championship.

That Midge needs infielders he admits and this week the Philadelphia and St. Louis baseball papers contain a liner ad stating that catchers and infielders who think they have ability to play with a real class B club would do well to communicate with Midge Craven of the St. Thomas Club.

TORONTO GETS SNELL  
FROM BOSTON RED SOX

Boston, Feb. 19.—Wm. Snell, formerly catcher of the Brown University nine, was released to the Toronto team of the International League, by the Boston Americans today. The Red Sox retain the right to reclaim him.

Tom McCarthy, formerly outfielder for the St. Louis Browns, and Boston Nationals, was signed by the latter today as a scout.

EXETER BEAT CREDITON  
IN SENSATIONAL GAME

Exeter, Feb. 19.—In one of the fastest and most sensational games of the season here tonight Exeter defeated Crediton 4 to 3. Three extra overtime periods were needed before Exeter secured the winning goal.

BILL LOUDEN, OF TIGERS,  
JUMPS TO FEDERALS

Bill Loudon, who covered second base for Detroit in 1912, and part of 1913, has jumped to the Federal League. The infielder, who is now the property of the Providence club, informed President Nativin that he had signed a Federal contract.

Louden's action was a surprise, as it was thought that he was contented to stay to Bill Donovan's club. In his telegram to the Detroit owner Loudon did not state with which club he would play.

HOFMAN, CRANDAL AND  
HARTLEY CONSIDER FEDS.

Chicago, Feb. 18.—Three ball players, Art Hofman, formerly with the Cubs, and now claimed by Nashville; Otis Crandal, the Giant pitcher, and Chick Hartley, who was transferred to Cincinnati in the Bescher-Herzog deal, considered Federal League contracts today.

Manager Mordecai Brown of the St. Louis Federals, talked terms with all three. Hofman is desirous of going with Brown, his former team mate, but the league authorities want him to sign with Brooklyn and he conferred with Mr. Ward.

NOMINATED FOR WELLAND COUNCIL

## HORSE AUCTION FINISHED

Two-year-old From Patchen Wilkes Farm Sells for \$1,525.

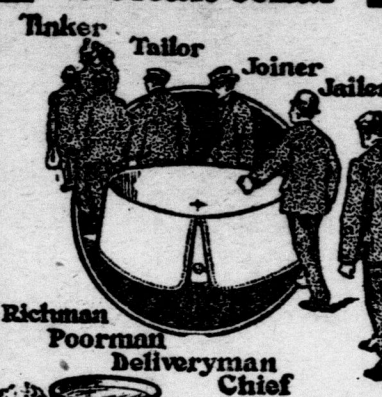

New York, Feb. 18.—At Madison Square Garden today the mid-winter horse auction was concluded. The prices averaged a little better than on the opening day.  
Guy Axworthy, a 12-year-old stallion, by Axworthy-Lilian Wilkes, and seventeen others, comprising the consignment from former Senator Joseph W. Bailey's Fairland Farm, Lexington, Ky., brought \$11,220, an average of \$660. The top price of the day was paid for Guy Axworthy by C. H. Moody, of Lexington, Ky. Gertrude Dillon, 9 years old, by Sidney Dillon-Biscart, was bought by C. H. Neck Farm, Cotman, Va., for \$1,000.  
The Patchen Wilkes Farm consignment of nineteen 2-year-olds sold for \$7,805, an average of \$411. The best price in this lot was realized when David Todd, Youngstown, Ohio, paid \$1,125 for Lady Hooker, by Peter the Great dam Tuskegee Chimes, by Liberty Chimes. W. R. Cox, Dover, N. H., bought Morine, a bay mare, 7 years old, by Mobil dam Letell, for \$1,500.  
D. Fenelon, Ripon, Wis., paid \$1,100 for the 7-year-old gelding, Dr. Pointer, a pacer, by Elastic Pointer.

JOHNNY DUNDEE LOST  
TO YOUNG JOE SHUGRUE

Waterbury, Conn., Feb. 19.—Joe Shugrue, of Jersey City, shaded Johnny Dundee, of New York, in a fast 12-round bout tonight. Shugrue's ability to punish Dundee at close quarters gave him the slight advantage. Both men are lightweight.

WHITE SOX VANGUARD

GALT CURLERS CAUSED  
COMMENT AT CHATHAM

They Went Out on Streets With Eagle Feathers in Their Hats and Caps.

Chatham, Feb. 19.—Galt curlers are in the city this afternoon for games with the local "stone" pushers. The visitors caused considerable comment when they appeared on the streets with eagle feathers in their hats and caps. The ice is keen and good games are in progress.  
Local hockey players from here visited Thamesville and Bothwell last evening and were pleasantly trimmed by the home teams. The score in Bothwell was 3 to 2 and in Thamesville 4 to 1. They all report having a pleasant time and receiving good treatment.

FAMOUS TRAINING PLACE  
IS BEING TORN DOWN

San Francisco, Feb. 19.—The old pavilion in Crofts Gardens, Alameda, Calif., across the bay from here, probably the world's best known training place, for famous pugilists, is being torn down to make way for modern business structures.  
Champions trained at Crofts as far back as 1889. Tommy Warren and Mike Conley, the Itasca giant, were among the first to condition themselves for fighting there.  
Both Fitzsimmons, James J. Corbett, Jack Dempsey, Terry McGovern and the trio of negro boxers, Joe Gans, Joe Walcott and George Dixon, also worked out there for important contests.

CENTRAL LEAGUE GETS  
TOLEDO TERRITORY

Fort Wayne, Ind., Feb. 19.—The Central League has been awarded the Toledo territory vacated by the American Association according to an announcement made here tonight by Louis Heilbruner, president of the organization.  
He said he had been notified by Secretary Farrell of the National Association that his request for the territory had been granted. A meeting of the Central League will be held within ten days, Mr. Heilbruner said, to determine whether one of the present franchises would be transferred to Toledo or the circuit increased to eight clubs.  
Sol Meyer, former owner of the American Association club at Indianapolis and owner of the Springfield Club of the Central League, said several days ago that he would transfer the Springfield franchise to Toledo.

JIM DELEHANTY SIGNS  
WITH FEDERAL LEAGUE

Cleveland, Ohio, Feb. 19.—Jim Delehanty, former Detroit second baseman, and last season with the Minneapolis American Association team, said here tonight he was signing with the Federal League. He expects to play with the Buffalo team. Delehanty lives here. He was given his unconditional release at the close of last season, and is a free agent.

## TRAINING AT HOT SPRINGS.

### ABROAD GETTING CAPITAL FOR NEW RADIAL LINES

D. C. McAllister Said To Be Meeting Success With Parisian Financiers.

[Special to The Advertiser.]  
Parkhill, Feb. 19.—Word has been received here that D. C. McAllister, of Montreal, who has office here, is in Paris financing the new radial railway it is proposed to build from London via Parkhill to Grand Bend and Stratford.

has met with much success in presenting the matter to French financiers and it is stated that the capital will be available shortly and that construction work will probably start early in the spring. The line it is stated will be built from London to Grand Bend first and then to Stratford. It is planned to utilize hydro and later to connect with the government system of hydro radials.

### PRICE OF EGGS IS DROPPING AT LAST

Retail at 33 Cents Now—  
Abundance of Hay on Market  
With Price Firm.

Hay was the feature of the market today. More than 20 loads were offered on the square, and most of them were of good quality. The demand was fairly brisk, and the price remained at \$12.50 to \$14.50 per ton. Only one load of straw was offered, and it sold for \$8.50 per ton.

Wheat has advanced, and brought \$9c to 35c per bushel yesterday. None was offered this morning. A few loads of oats sold for \$1.05 per cwt., which is a slight drop in yesterday's price of \$1.10. The expected fall in the price of eggs has come at last. They were bought late yesterday as low as 30c and 35c per dozen in crates, and retail for 30c and 35c for single dozens. Butter remains firm at the quoted prices.

No meats or poultry were offered this morning, and the market on the whole was rather slow.

Winnipeg, Feb. 19.—There was not much change in the market at the opening, though Winnipeg was fractionally lower. Cash demand was good, but the trade was materially small in view of very light receipts and lighter offerings. As the morning advanced the market firmed up.

Export bids were out of line owing to reaction yesterday, but they were numerous enough to indicate a desire for our wheat, which is certainly cheap when compared to other markets.

Winnipeg May opened at 93½c to 93¾c and closed at 93½c.

Oats opened ½c up for May and closed unchanged. May wheat opened at \$1.35½, or ½c up and closed ½c higher.

An Antwerp cable started flax buying in Dutch, which looked like a short covering and Winnipeg showed sympathy. Cash wheat prices advanced ¼c and spreads are now 3c between numbers 1 and 2, and 2c between numbers 1 and 3.

## COMPROMISE ON HOME RULE, SAYS T. F. KINGSMILL JR.

Otherwise There Will Be Bloodshed, Declares Londoner on Return From Ireland.

### TURMOIL IN OLD ENGLAND

Strikes and Home Rule to Blame—Stormy Passage Back.

"It appears to me that there will be a compromise on the home rule question, for the Government is afraid of the measure. If it passes there will be bloodshed, for the people of Ulster are determined. They have the guns, they have the money, and they have the volunteers. It would mean the disruption of the Empire."

This was the significant statement given by T. F. Kingsmill Jr., of the cabinet, who returned this week from his semi-annual buying trip throughout the British Isles and the continent.

"There is no doubt but that there is discussion in the cabinet on this matter, and also on the navy question," continued Mr. Kingsmill.

"What about the navy question?" he was asked.

"There is a difference of opinion on that," was the reply. "Mr. Churchill wishes to spend the money to keep the navy up to the standard, but Lloyd George opposes the expenditure. Canada has certainly no prestige on account of not having done anything to assist the empire in the matter of naval defence. The average Britisher believes that it is up to Canadians to say what is to be done."

"My idea," said Mr. Kingsmill, "is to put one or two of the cast-off British battleships on our great lakes to be used as training ships. I do not anticipate that we would have any difficulty in getting them. The great rivers, particularly with the St. Lawrence, would be a waterway proposition under consideration."

Mr. Kingsmill was absent eight weeks and visited the markets of England, Ireland, France, Germany and Switzerland. He found business to be good, but declares that more of it is going to China, the United States and other countries than to Canada.

"There is considerable turmoil in England at present," he said, "with the home rule question and the coal strikes. It was rather an amusing sight to see hospital students pushing carts down the street, escorted by squads of police. I saw nothing of the suffragettes. I had the opportunity of witnessing the Lord Strathcona funeral. He was a man greatly respected in England. Several of the English newspapers referred to the Hon. Adam Beck as his possible successor."

"It was very cold and damp all the time I was abroad," was Mr. Kingsmill's comment on the weather, "and I felt it greatly. When it is zero in England, one shivers owing to the dampness. Over the ice and snow weather much more than we do the cold when it is 20 below here. I returned on the Empress of Britain, and we had a very stormy passage before reaching Halifax. Morning mists surrounded the boat. The windows on the bridge were smashed, and the Marconi system was out of commission for two days on account of the rough weather."

"Off the west coast of Ireland we sighted the Campana, which was forced to put back owing to the storm, and we passed the steamship Canada, which was also encountering very rough weather. Last year he made five crossings in Halifax at 7 o'clock Monday morning, and I must not forget to mention Skipper Turnbull, of whom I cannot speak in too high terms. He is all that a skipper should be, makes regular inspections of his ship. The accommodation and the table were good, and all the officers were at their posts."

Just Missed Wreck. "Arriving at Halifax, we took a special C. P. R. train to Montreal, which was delayed twelve hours at Megantic owing to a wreck. But for this, we would have been passengers on the train that was wrecked near Smith's Falls, when one man was made five, and a dozen injured. It was very lucky for us that we missed this train."

Mr. Kingsmill was the only London passenger aboard. In the past ten years, he has crossed the ocean nearly forty times. Last year he made five trips. His father, T. F. Kingsmill, is said to have crossed oftener than any other man in London.

### MEXICO DESTITUTE

Continued from page 1.

The banks will pay only from \$50 (pesos) to 200 per week against any deposit, and it is impossible to obtain more from them. And they have the privilege of stopping this at any minute and still not go into liquidation.

No Change Given. "A person with a five-dollar bill would starve to death unless he ate up the full value of the bill or was willing to leave the change with the waiter. A man with a fifty-dollar bill is stone broke."

This particular writer expresses strong objection to the waiting policy of President Wilson. He said: "I see and hear first hand things which should give Wilson such a nightmare that he would never be able to sleep again. I cannot understand why the foreign powers are content to let the United States follow this policy, while those powers stand by idly and watch the destruction of their property and the loss of lives. If the people in the United States knew of one-half the intervention for pity's sake alone."

### AMENDMENT REJECTED.

Washington, Feb. 20.—By a vote of 40 to 13 the Senate in executive session today rejected the Chamberlain amendment to the Spanish general arbitration treaty to exempt from arbitration questions relating to Panama, immigration, admission of children to state schools, and all questions involving the Monroe doctrine.

## AMMUNITION, NOT RIFLEMEN, TO BLAME

Lieut.-Col. Helmer Explains Failure of Canadian Team in Palma Trophy.

[Canadian Press.] Ottawa, Feb. 20.—That Canada's ammunition, not her riflemen, was responsible for the poor showing of the Canadian team in the Palma trophy match at Camp Perry, Ohio, last fall, is the interesting statement of Lieut.-Col. Helmer, director of musketry and commander of the team, in an analysis of the result published in the annual report of the Dominion Rifle Association today. His statement has been eagerly awaited by Canadian riflemen. It is a condemnation of the low ballistic powers of the ammunition, as compared with that of the United States and Argentine teams, both of which beat Canada in the Palma.

Individuals Did Well. In defence of the marksmen, Lieut.-Col. Helmer cites the fact that three Canadians won the highest places in the individual Palma for the world's championship, shot in a comparatively light crosswind. On the day of the Palma team match, a strong head-wind known to marksmen as a "12 o'clock gale" was blowing.

Velocity Too Low. Explaining his point, he says that the American team used the Springfield rifle, and a cartridge with a muzzle velocity of 2,750 feet per second; and the Argentine team, the Mauser rifle, with a similar bullet. The Canadians used the long Ross rifle and a special steel-jacketed bullet made by the Ross Rifle Company, with a velocity of 2,400 feet per second. "The Canadian bullet gave splendid results in the individual match, but the poor showing in the team competition is attributed to the changed conditions. 'Our riflemen are as good as the best,' concluded the statement.

## MORE GROCERS DECIDE ON EARLY CLOSING

Abolition of Bylaw Will Not Affect Stores in North End of West London.

Finding that early closing in no way hurt their business, while it is a great convenience to them, the grocers of the north end of West London have entered into an agreement to continue early closing of their stores, after the early closing bylaw has become void.

Seven o'clock closing every night in the week has been agreed upon by A. M. Tillmann, George Finnegan, John A. Glen, R. W. Lang, W. Chatterton and W. Porter. Grocers in the southern section of East London have also agreed upon similar action.

## LT. COL. GARTSHORE MAY BE COMMISSIONER

Said To Be Slated For Head of Boy Scouts of London.

The announcement of the appointment of a new Boy Scout commissioner for London will probably be made at an important meeting of the Scoutmasters to be held in Croydon Hall Monday evening. The commission has been vacant for a number of months following the resignation of Captain G. N. Weeks, and the announcement that a new commissioner is about to be appointed will be received with a great deal of satisfaction by those interested in the movement in this city. A provincial Commissioner, Hammond, was in the city recently and in company with some of the local officers waited upon a number of prominent citizens, relative to their accepting the vacant office. While no definite information is obtainable, it is generally expected that Lieut.-Col. W. M. Gartshore is the man who has been chosen, and who has consented to act.

## CITY ENGINEER

Continued from page 1.

The other accounts include one against the Carling Brewing and Malting Company for street oil, \$67.43; G. T. R., for sidewalk repairs, \$7.14, and C. S. Hyman & Co., for \$74.48, its portion of the cost of cleaning out the Mill street sewer.

It was reported that there had been many letters sent by the city in connection with the accounts, and the controllers decided that the best way to have them collected was to put them in the hands of the city subdivisions.

Plans of two new subdivisions were submitted for approval, and the controllers will inspect the properties. One of them, Strathcona Park, in the east end, is owned by London Investments, Limited. The other is in Broughdale, and is owned by Messrs. William Bernard, T. H. Smallman and C. H. Ivey.

No decision was made on the storm sewer proposition owing to the absence of the mayor.

\$50,000 For Repairs. The city will ask for permission in the City of London bill to issue debentures to the extent of \$50,000 for its share of courthouse repairs. It was stated that the amount would not run above \$30,000.

Permission will also be asked in the City of London bill to extend the time one year for the fulfilment of the provisions of the bylaw under which a loan was made to the Dennis Wire and Iron works Company. There are certain debts made by the city which are to be met, and the controllers were advised that they would require several months.

The London Vegetable Growers' Association applied for a grant of \$100, but the request was rejected pending the preparation of the estimates.

## LONDON WOMAN ELECTED

Mrs. A. A. Campbell is Alumnae Representative on Alma College Board.

Balloting by Alma Daughters, the alumnae organization of Alma College, St. Thomas, has resulted in the election of Miss Leila Moore, St. Thomas, Mrs. (Dr.) R. L. Warner, wife of the principal, and Mrs. A. A. Campbell, of London, as representatives of the daughters on the college board. Mrs. Sperrin Chant, of St. Thomas, is also on the board, as the representative of the general conference. Mrs. Chant was elected by the city women to be named for this position by the conference.

## PRESIDENT JARVIS, OF LONDON POULTRY ASSN.

## PANAMA CANAL TO BE OPEN BY JULY FIRST

Colonel Goethals Opposed to Tolls Exemption—Fortifications Adequate.

[Canadian Press.] Washington, Feb. 20.—Col. George W. Goethals said today that barring unforeseen events, the Panama Canal will be open for merchant ships July 1. The Colonel added that he had always been opposed to the exemption of American coastwise shipping from the payment of tolls, because that would decrease the revenues of the canal, and in his opinion would not accrue to the benefit of the consumers, but merely increase profits of the shipowners.

"The canal fortifications are entirely adequate," said the canal builder, "and I do not think there is the slightest danger of the canal being captured by any enemy, for it would not be possible for such a force to get near enough."

## BRAKEMAN KILLED

Harry Dunbar Caught Between Cars at Kingston Junction.

[Canadian Press.] Kingston, Feb. 20.—Harry Dunbar, aged 26, brakeman on the Grand Trunk Railway, was caught between two cars at Kingston Junction during the night and killed. It is supposed that while making a coupling, he slipped on the ice between the rails and was run over. He was found dead on the tracks. He had been employed with the company about a year. He leaves a wife.

## COW TRAMPLED TO DEATH IN RAILWAY CAR

Was in With Thirty-Seven Others Shipboard From Springfield.

When a car containing a load of cattle was opened on Thursday at Denfield, it was found that one cow had died, having fallen and been trampled to death by the others. In the car there were no less than 31 cows and 7 calves, standing on the floor, with no straw under them. The animals had been shipped from Springfield, and were to be auctioned off among farmers around Denfield. They were unloaded by A. Bowman, who took them to the city. Today the sale is being held.

## CABINET SHUFFLE

Continued From Page One.

Mr. Bennett is playing his game boldly and skillfully. Like many other close observers, he thinks that Premier Borden will accept the Canadian high commission. There will be a lively scramble for the premiership, in which Hon. Robert Rogers and Sir Richard McBride will take part. Mr. Bennett is determined to be in the thick of the fight, and is now organizing his force. He has secured the pledges of six Conservative members to resign their seats when the Government bill through. He has secured the pledges of fifteen live members to vote against the Government when the bill is moving in the House. If he can get more the Government will be defeated, and Mr. Bennett may obtain the chance of being called upon to form a Government this year.

Mr. Bennett's willingness to join his forces with the Liberals to defeat the Mackenzie & Mann loan is giving the Government great anxiety. It will be difficult to swing the twenty-five-million loan should the whole Conservative membership of the Commons stand behind the bill. With Mr. Bennett leading a substantial opposition to the measure, its passage will be doubly difficult.

## BLOCKS G. T. R. LINE

Broken Wheel Ties Up Traffic Last Night at Paris.

A broken wheel on a freight car on the Grand Trunk freight No. 488, east-bound, London to Buffalo, tied up traffic on the main line of the company at Paris, at midnight. The car left the rails, and a call was sent in for the Hamilton auxiliary which cleared the line after a short interval. Little inconvenience was occasioned by the accident.

## FALL HAS FATAL RESULTS

Mrs. R. B. Ferguson, of Galt, Never Recovered From Her Injuries.

[Special to The Advertiser.] Galt, Feb. 19.—Mrs. R. B. Ferguson, a life long resident of Galt and very prominent in church work and social circles, is dead at her home here from the effects of a fall she had last November. The funeral will be held on Friday.

The funeral of Mrs. John Gravelle, who died in Hamilton Hospital yesterday, was held here today. She was a daughter of J. J. McPherson of Francis street, and resided in Galt for many years.

## QUASHES CONVICTION OF BRUCE COUNTY TEACHER

Harold McMaster Freed by Mr. Justice Middleton on Serious Charges.

[Canadian Press.] Toronto, Feb. 20.—"The prisoner ought to be immediately discharged," declared Mr. Justice Middleton at Osgoode Hall this morning after declaring the conviction of Harold McMaster, an 18-year-old school teacher of Lion's Head, Bruce County, to have been set aside.

Three charges of indecency towards three little girls had been tried together, and in view of this fact Deputy Attorney-General Cartwright did not oppose the motion by Mr. Ferguson for the release of his client.

It is alleged that the offence complained of took place in the open class room. The young teacher, who has been in Walkerton since Jan. 22, declares that what he did was in a spirit of play, and without evil intent. Mr. Justice Middleton declared he would have hesitated to convict on the evidence. The order discharging the prisoner and quashing the conviction gives protection to the magistrate.

## CHURCH AND CONVENT ON FIRE IN MONTREAL

Blaze Started in Basement of Grey Nunnery Church, and Spread Rapidly.

[Canadian Press.] Quebec, Feb. 20.—Fire broke out in the Grey Nunnery church here at 12:30 today, and the interior of the building is now in flames.

This is practically a new church in connection with the Mother House of the Sisters of Charity, where several hundred nuns are taken care of, besides over a hundred old people.

The fire originated in the basement of the church and spread up the ventilator to the roof, setting the whole of the upper part of the church on fire.

The flames have since spread to the main building of the convent. There is good water pressure, but the flames have gained such headway that both the church and the main convent building are expected to be seriously damaged or altogether destroyed.

## APPLE PACKING CLASS FOR LAMBTON GROWERS

Govt. Expert to Give Demonstration at Mandaum.

Will Last Three Days

Greatest Interest is Being Taken and a Big Attendance is Expected.

[Special to The Advertiser.] Wyoming, Feb. 19.—As a result of the efforts of a number of district fruit growers, G. G. Bramhill, of Petrolia, the government agricultural expert, will conduct special classes in apple packing at Mandaum on Thursday, Friday and Saturday of next week.

The demonstration will be most complete, the experts bringing their own fruit, boxes, barrels and other requisites. It is expected that a stated number of growers will be present, and that a large number of growers will be present, and that a large number of growers will be present.

Fruit growing in this locality having advanced rapidly in favor of the late variety, the orchards are being swept down by advice of more experienced and scientific fruitmen.

Only one obstacle appears in view. Many farmers are stockmen as well as fruit growers and at this season of the year have their fields full of cattle requiring almost constant attention.

Consequently with the scarcity of help, however anxious to benefit, a three days' session of packing classes will be a difficult proposition, possibly deterring many who would otherwise gladly avail themselves of this much-needed course in connection with orcharding.

## MADE OVER \$1,200 FROM 20 COWS IN TEN MONTHS

Splendid Showing of Two Dairymen at Lakeside Annual Meeting.

[Special to The Advertiser.] Lakeside, Feb. 19.—Reports presented at the annual meeting of the members of Kintore cheese and butter factory showed a most prosperous year.

The factory has 97 patrons and handled 3,758,425 pounds of milk out of which \$1,200,000 of cheese was made. For this \$45,019.97 was received. The cost of manufacturing was \$2,367.52 and the patrons were paid \$29,600.

During the ten months the factory was running four patrons realized over \$1,000 each. Two of these only have 100 acres and less than twenty cows. They made \$1,276.81 to \$1,224.26 respectively, which is considered a fine showing.

A discussion took place in regard to pasteurizing the milk, but as the patrons were much divided it was decided to take no action.

Officers for the year were chosen as follows: President, John Henderson; secretary, W. E. Wrighton; John Nutkins, Thos. Shaw, F. W. Robins, and Jos. Gwalchmai.

## NEW ELECTRIC LINE TO BE STARTED IN SPRING

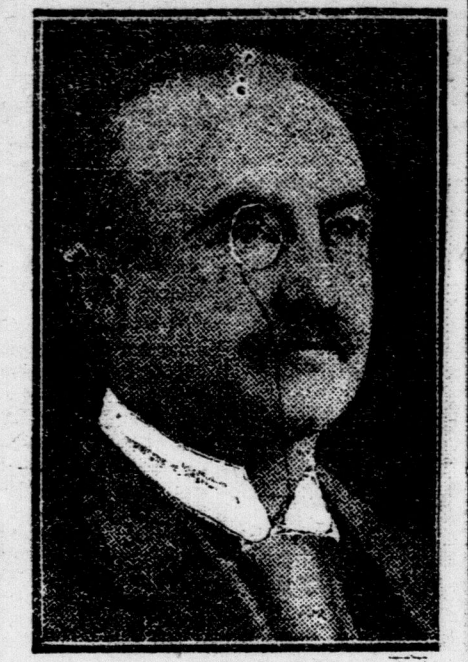

Road Will Be Extended to Sarnia Later Says Promoter.

[Special to The Advertiser.] Chatham, Feb. 19.—According to statements made here today by T. M. Little, the promoter of the new electric line from Thamesville to Sarnia, it is planned to turn the first sod early in the spring.

Mr. Little is most enthusiastic about the project and says that he has received the most encouraging support in all the places he visited.

It is planned to eventually extend the line from Thamesville to Erie, and from Sarnia to Sarnia, Cleveland and the Lake Erie line.

## LAKE POLLUTION TO BE DISCUSSED AT DETROIT

Biggest Sanitary Problem in the World To Be Solved.

LAW IS BEING VIOLATED

Conditions Along the St. Clair River Are Among the Worst in the Province.

[Special to The Advertiser.] Sarnia, Feb. 19.—The work of improving the Detroit and St. Clair Rivers has in no manner lowered the level of the lakes to any great extent, according to testimony given Wednesday by C. Y. Dixon and Hamlet Kent, United States assistant engineers, of Detroit, when cross-examined by the Chicago sanitary district attorneys in the federal court in this city.

Thousands of cubic yards of material have been taken from the bottoms of these two rivers in the work of improvement, especially near the lower end of the Detroit River. This material, however, has all been replaced in the river or lake at points exceedingly deep or outside of the channel.

This system of compensation has been the policy carried out for many years, and despite the fact that large quantities of material have been taken from the rivers and lakes in this section, at no time has any work been done that would in any way tend to lower the level of the lakes.

The examination of the two witnesses in regard to the effect the removal of such material would have on the lake level is the result of testimony taken by the United States Government to be used in its suit against the Chicago sanitary district.

## SKATING IS NOW FINE ON LONG SAULT RAPIDS

Rough Stretches of River Frozen From Bank to Bank.

[Canadian Press.] Ogdensburg, N. Y., Feb. 19.—Long Sault Rapids present an unusual appearance as the result of the entire section of the river being frozen from bank to bank. Normally forming one of the roughest stretches of the St. Lawrence River, they are today wholly tranquil from the rough bank to bank.

At almost any point persons can cross on the ice, where ordinarily the current is so swift that a boat cannot traverse it. The ice fields that have been swept down upper parts of the river have completely blocked the south channel. At spots along the banks, cakes are piled more than fifty feet above the mean level of the water. Some of the highways bordering the river are inundated to a depth of four feet.

## DEATHS AND FUNERALS

Will Be Buried Tomorrow.

The funeral of Rev. Geo. L. Johnston, pastor of St. Andrew's Presbyterian Church, Pickering, who died suddenly at Brougham, Ont., while on his way to a funeral service, will be held from the residence of his brother, Lyle Johnston, 23 Railway street, tomorrow afternoon at 8 o'clock. Services will be conducted at the house by Rev. J. G. Stuart, pastor of Knox Presbyterian Church. Interment will be made in Woodland Cemetery.

Mrs. McKay Buried. The funeral of Mrs. Sarah A. McKay, of 23 Bathurst street, was held from the residence of her sister, Mrs. Taylor, 230 Talbot street, this morning at 9 o'clock. Father Quigley sang a Requiem High Mass at St. Peter's Cathedral at 8:30, and interment was made in St. Peter's Cemetery. The pall-bearers were Wm. Holden, A. McKay, Joseph Zlor, Peter Randall, Philip Randall and Harry Scott.

Was Old Church Member. Robert Moule, who died at his residence 512 Dufferin avenue, on Tuesday, was buried this afternoon in Mount Pleasant Cemetery. Mr. Moule was the oldest member and deacon of the First Congregational Church, and was widely known from London and the vicinity. Services were conducted at the house at 1:30, and at the First Congregational Church by Rev. H. D. Whitmore, of the First Congregational, and Rev. H. A. Claris, of the Southern Congregational Church.

The pallbearers were Messrs. George Anderson, W. E. Wrighton, John Nutkins, Thos. Shaw, F. W. Robins, and Jos. Gwalchmai.

Dies Unexpectedly. Mrs. Susie L. Miller, wife of Hugh K. Miller, died unexpectedly at the family home, 550 Grosvenor street, early this morning. Mrs. Miller is the second daughter of Amelia, and the late Peter Taylor, of 7 Thornton avenue. She is survived by her husband, and two small sons and an infant daughter, and two sisters and a brother, Mrs. Walter McConnell, of Roche Percy, Sask., Leola and Chester, both of Thornton avenue. The funeral will be held Sunday at 3 o'clock to Mount Pleasant Cemetery. Services will be conducted at the house by Rev. J. E. Hawkins, of Maitland Street Baptist Church.

Mrs. Chivas' Death. Mrs. Edwin Chivas died at her home, 82 Bruce street, at 8 o'clock this morning, after a two weeks' illness. Besides her husband Mr. Chivas is survived by her father and mother, Mr. and Mrs. G. Chivas, of Detroit. Funeral arrangements have not yet been completed.

## BAKER BADLY HURT BY LADDER SLIPPING

Petrolia Man Fell From Roof to the Ground.

BRAIN CONCUSSION FEARED

Little Schoolgirl Broke Her Shoulder by Slipping on Slide.

[Special to The Advertiser.] Petrolia, Feb. 19.—James Pitman, a local baker, is in a very serious condition at his home as a result of a ladder slipping late this afternoon as he was climbing to the roof of his premises to shovel the snow from the roof.

He had almost reached the top of the building when the ladder slipped and he was hurled to the ground. John Smith, who was nearby, witnessed the accident and rushing over found Mr. Pitman unconscious and at once picked him up and carried him into his store.

It is feared that he has concussion of the brain, but the attending physician holds out every hope for his recovery. Sarah Jennings, aged 7, daughter of Thomas Jennings, of Poynton street, had her shoulder broken this afternoon when at recess she slipped while sliding on the slide in the school yard.

The funeral of Mrs. William Oliver, who died on Tuesday, was held at 4 p.m. to Wyoming Cemetery, and the services were conducted by Rev. H. D. Meyer. Prior to her marriage, Mrs. Oliver was Miss Ida Russell, of Plympton township. She was 49 years old and her husband had two sons and two daughters, Jennie, in the West, and Annie, at home.

## REBELLIOUS SENATOR WOULD LIMIT TREATIES

Proposes to Exclude Questions Arising From the Monroe Doctrine.

[Canadian Press.] Washington, Feb. 19.—Extension of general arbitration treaties with foreign nations as the first move in the general policy of the administration to the relations of the United States seemed assured tonight after the Senate had taken up consideration of expired treaties, and had closely defined the issues involved in the situation confronting the nation.

Before the debate in the Senate began on treaties with Great Britain, Japan, Italy, Spain, Norway, Sweden, Portugal and Switzerland President Wilson had conferred with senators on the subject of the treaties as well as the paramount issue of Panama canal tolls. He was assured by leaders of both houses that they would vote to repeal the toll exemption for American ships after the treaties had been ratified.

In the Senate the lines of demarcation as to the foreign policy were sharply defined when Senator Chamberlain (Oregon) submitted a general amendment to all pending treaties which would exempt from arbitration by The Hague tribunal the following subjects:

Admission of aliens into the United States. Admission of alien children into the schools of the various states (involving the Japanese question on the Pacific coast).

All questions arising from the Monroe doctrine. Provision of the Panama Canal act exempting American coastwise shipping from the payment of tolls.

Senator O'Gorman assailed the Carnegie Endowment for international peace, which Senator Root is the president, declaring that its prime motive was "a corrupt one; that it did not exist to promote international peace, but to create an international alliance between Great Britain and the United States."

He declared that the Carnegie Endowment was a "corrupt one; that it did not exist to promote international peace, but to create an international alliance between Great Britain and the United States."

## CITY BREVITIES

Liberal Euchre.—The weekly euchre of the South London Liberal Club will be held as usual this evening.

Another Robin.—Another robin has been seen in the city. The bird was seen this morning by Miss Crowder, of 28 Elmwood avenue.

Earnings Increase.—Grand Trunk Railway system traffic earnings from February 8 to 14, 1914: 1914, \$368,432; 1913, \$368,432. Increase, \$8,000.

Controlled Rose Improving.—Controlled Rose, who has been confined to his home through illness for the past couple of weeks, is improving, but will not be able to venture out for a week or so.

Weekly Whist Drive.—The British Social Union held its weekly whist drive and social evening last night in Hyman Hall. The members spent a pleasant evening in dancing, singing and games. The prizes were won by G. A. Worth and Mrs. Morton.

Helena Dance.—Seventy-five couples were present at the Helena dance held by the young lady employees of the Helena Costume Company on Thursday evening. The hall was attractively decorated with flowers and other valentine decorations. The girls have recently organized a basketball team, and are arranging a series of games with other local teams.

Girl's Narrow Escape.—The presence of mind of Layton Pidd, carpenter, of 223 Wellington street, prevented a serious injury yesterday afternoon. Mr. Pidd was driving a sleigh on King street near the bridge, and a schoolgirl who was riding on another sleigh, fell from it in front of Pidd's horse. Mr. Pidd at risk to himself, swerved his horse suddenly to one side, and the girl ran away unharmed.

## WOULD CUT OFF LICENSE

Walkerton, Feb. 19.—Walkerton has a population of about 3,100 and had up to May, 1913, six hotel licenses and a liquor store. A year ago the license commissioners cut off the liquor store license and the hotel license. An agitation is now being made to cut off another hotel license and reduce the number to four.

Petitions were circulated in a number of the churches last Sunday after the service and the same through the week have been presented to the citizens. They were largely signed.

## LONDONER TELLS OF MISSIONARY PROBLEM

Exeter Laymen Hear a Fine Address at Big Banquet.

[Special to The Advertiser.] Exeter, Feb. 19.—A most successful banquet was held this evening in the Main Street Methodist Church under the auspices of the Laymen's Missionary movement. The church was beautifully decorated, and after a splendid supper had been provided by the young ladies of the church, Rev. E. G. Powell, the pastor, introduced the speakers.

In doing so, he pointed out that Exeter has a record that is unique in the London conference in that although the church has not many young men to choose from, it has sent one for the ministry every year for the past five years. One of these, Rev. A. E. Johns is now stationed in China.

The guest of honor of the evening was Mr. Israel Taylor, of London, who took as his theme "The Missionary Problem," discussing it from the point of view of "our privileges and responsibilities."

He urged that all men should realize the importance of giving their time, money and prayers to the work of evangelizing the world.

Not a Boy's Proposition. "This is not a boy's proposition," he declared, "but one that means real work. We should make it the great business of our lives."

Fine addresses were also given by Rev. W. G. H. McAllister, president of the conference; Samuel Tufts, of Kirkton; and two Exeter laymen, B. F. Beaver and B. S. Phillips.

Main Street Church this year aims to give \$700 toward mission work.

A splendid musical programme was provided by the young ladies.

KINCARDINE.—The ice harvest is just beginning here and the supply varies with the wind, which recently carried the best ice out into the lake. Teamsters and laborers in this line are being engaged and ice houses put into shape.

## OFFERS FREE SITE FOR Y. M. C. A. IN LISTOWEL

Bachelor Farmer Wants To Help Keep Young Men Off Streets.

[Special to The Advertiser.] Listowel, Feb. 19.—In an effort to provide a proper place for young men and keep them off the streets and out of pool rooms and hotels, E. D. Smith, a wealthy bachelor farmer residing alone on the third concession of Wallace Township today made an offer of a valuable site in the centre of the town, on which to erect a Y. M. C. A. and also agreed to give 100 loads of sand and 100 loads of gravel to help the building.

The offer has aroused much enthusiasm in town and Mayor Clinie has called a public meeting of citizens and young men in particular for Monday evening to discuss the project. In the past, several citizens have offered to make donations toward erecting a Y. M. C. A., but the cost of a site and building was always too great.

It is expected now that, as a result of Mr. Smith's generosity, the movement will be given an impetus that will result in Listowel having a handsome Y. M. C. A. before long.

MAY BE SENT TO ASYLUM.

[Special to The Advertiser.] Samia, Feb. 19.—Jail officials here are greatly concerned over the condition of Mrs. William Lucas, of Wyoming. It is apparent that the woman is insane. She refuses to eat her food and has taken very little in the past few days.

Monday, having been brought here from the Petrolia Hospital. She appeared before the magistrate and was given a hearing on a charge of concealment of birth.

It is thought that she cannot be tried on Monday and will very likely be sent to the London Asylum.

GALT.—Walter Renwick, aged 66, for many years a farmer of North Dumfries, is dead at his home after a long illness. The funeral will be held here on Saturday.

Jas. Bowley, of Strathroy, One of Oldest Councillors in Province of Ontario.

Mr. Bowley has been a resident of Strathroy and vicinity for 57 years. During this time he has taken an active interest in everything that pertained to the public welfare.

He was school trustee for 15 years and has been a member of the town council for 22 years.

He is in his 87th year, yet in spite of his age is hale and hearty. He was elected to the council by acclamation last month and is considered to be one of its most valued members.

## MRS. DANIEL McNEIL STRICKEN SUDDENLY

Dropped Dead, Chatting With Her Family at Camlachie of Heart Failure.

[Special to The Advertiser.] Camlachie, Feb. 19.—Mrs. Daniel McNeil, aged 56, dropped dead in her kitchen here this evening as she was chatting with members of her family.

She had complained of not feeling well early in the afternoon and had been resting. After getting up, she walked out to the kitchen and had just entered when she fell to the floor. Her husband and daughter at once went to her assistance, but nothing could be done.

Death was due to an attack of heart failure. Besides her husband, she leaves two daughters and three sons, Louise and Mack, in Sarnia; Neil, in Innisfallen; Laura, at home; and Archie, in Wyoming. The funeral arrangements have not yet been completed.

## LONDON MAN TO IMPROVE BEACH AT KINCARDINE

Bathing Houses and Boathouse To Be Built By Mr. Mason.

[Special to The Advertiser.] Kincardine, Feb. 19.—From present indications a great deal of building work has commenced here as soon as the weather permits.

Mr. Mason, of London, is arranging to build several bathing houses, having obtained a lease of land from the town for that purpose, and also for boat houses and boating privileges.

Alexander Brown has taken a contract for drawing boulders to be placed near the pier, where they can be conveniently loaded onto scows. They will be used to fill in between the walls of the new break water, which will be started as soon as navigation will permit.

Mr. Brown has secured all the boulders lying on hundreds of acres to the north of the town will be required for filling in, and make that land, which is now unfit for cultivation, available for fruit and vegetable growing.

If the stones are got rid of, it is as splendid a tract of garden and orchard land as is to be found in the Lake Huron district. This would be really killing two birds with one stone.

## LIBERALS AT WARWICK HELD ROUSING RALLY

The first two names in each division to be chairman and secretary respectively.

HONORED BY NEIGHBORS. [Special to The Advertiser.] Blyth, Feb. 19.—Adam Elliott, who has disposed of his farm in Hullett to Edmund Lear, will hold an auction sale of his stock and implements on Thursday next, after which he will move to Blyth and live retired.

Before leaving the farm a number of the neighbors met and presented Mr. and Mrs. Elliott and daughter with a nicely worded address and two pictures, to show in a slight manner the high esteem in which they are held.

PORT ELGIN.—Rev. Mr. Mahaffy, now of Calgary, formerly pastor of the local Presbyterian Church, was made the recipient of a purse of \$120, Mrs. Mahaffy a solid silver tea service, and Miss Mahaffy a gold ring at the annual meeting recently.

## NO DEBENTURES FOR PARK DEPT. DEFICIT

Water Commission Declines to Issue Them at Board's Request.

## TO PRACTICE ECONOMY

High Tax Rate Holds Up Added Appropriation—Out Down Expenses.

By a rigid system of cutting down expenses, the park commission will endeavor to overcome its deficit of \$3,314.48, the figure shown at the close of 1913. The park board made a requisition to the water commissioners at a meeting of the latter body yesterday afternoon to have debentures issued to care for this overdraft and also to provide for permanent improvements in the park. Chairman Philip Pocock pointed out that a number of heavy expenses which had confronted the park commissioners last year would not be met with in 1914, and thought that the board would be able to squeeze through on its revenues and the one-half mill allowed from the tax rate. He declared that the time was not opportune to ask for an increased allowance owing to the probability of a heavy expenditure and a correspondingly high rate in the city this year.

General Manager H. J. Glaubitz contended that the amount allowed for park purposes in London was not high enough and cited Toronto, where the appropriation for park purposes this year is \$687,000. Toronto has but four times as much park acreage as London.

Commissioner Dr. H. A. Stevenson suggested that the commissioners should seize the opportunity to secure another park in the east end before property became any higher.

The commissioners agreed to furnish water for a Queen Victoria memorial fountain to be erected by Lord Rossmore, Chapter, Imperial Daughters of the Empire, on Graydon Park, corner of Richmond street and Central avenue. The general manager was instructed to look after the necessary arrangements in connection with the building of the park and supplying it with aqua pura.

On recommendation of General Manager Glaubitz, Thos. McCormick has been placed in full charge of the Springbank Pumping Station and grounds.

## SON RESIDENT OF LONDON

Aaron Demaray Dies at Strathroy Following Stroke of Paralysis.

[Special to The Advertiser.] Strathroy, Feb. 19.—Aaron Demaray, aged 73, who some time ago had his leg amputated in Victoria Hospital, died at his home here today from the effects of a paralytic stroke he sustained on Sunday.

He was a native of Skugog Island, but came to Canada with his wife and settled first near Dorchester. Half a century ago, he moved to Adelaide and had resided there until he came to Strathroy to live.

Besides his wife, he leaves three sons and one daughter, Samuel, of London; William J., of Avon; E. R., of Saskatoon, and Mrs. Hansford, of Brooke.

The following are brothers and sisters: Dennis, of Adelaide; Samuel and William, of Dorchester; Mrs. Kirby, of Detroit; Mrs. Mahon, of Adelaide. Mr. Demaray had been a reader of The Advertiser for over 50 years. The funeral will be held on Saturday afternoon at Brooke Cemetery.

## WHEN THE STOMACH GOES BACK TO WORK

Then is the Whole System Glad—Stuart's Dyspepsia Tablets Will Quickly Put the Stomach In Shape.

When the stomach fails to do its work properly the whole machine of man is unstrung and wholly incapable of work. This condition obtains from the thinnest nerve to the big, strong, pumping heart and lungs.

It is a wise law of nature that has made the stomach man's strongest organ, but when it stops work man ought to realize that. It does so because it can continue no longer.

"Hoar! Stuart's Dyspepsia Tablets Are the Real Appetite Bringers."

Stuart's Dyspepsia Tablets will certainly give the stomach the repair it needs and is always crying aloud for. A tablet taken after each meal will in the course of several hours become a portion of the digestive fluids. It will build up these fluids. First in the stomach, then in the intestines.

The liver is the storehouse of the body. Here are assembled all the reserve fluids of the system and here the various ingredients of Stuart's Dyspepsia Tablets mingle with the faulty natural juices and strengthen them or if they are too strong then they will be reduced to their proper strength and proportion.

Stuart's Dyspepsia Tablets contain a single ingredient, one grain of which is sufficient to digest 3,000 grains of food. Just think how gratefully such an element is received into a body that cannot digest at all without a new weakening of the already depleted juices.

Go to your druggist this very day and obtain a box of Stuart's Dyspepsia Tablets, price 50 cents. A week's trial will make you a new man and your stomach will go back to work.

## SUNDAY SCHOOL INSTITUTE OPENS

Annual Gathering of Workers Addressed by Preston Orwig and Rev. W. J. Knox.

## FATHER-AND-SON BANQUET

Unique Get-Together Function Held in First Congregational Church.

Preston G. Orwig and Rev. W. J. Knox, M. A., of the First Presbyterian Church, were the principal speakers last evening at the session and banquet of the local Sunday School Workers' annual institute held in the First Congregational Church. Preceded by a "father and son" banquet in the basement of the church, two concurrent sessions were held. Mr. Orwig addressed the boys on the essentials of a successful Sunday School class and Rev. Knox addressed the men on the importance of character-making training for young people.

In the afternoon Mr. Orwig, at the College Institute, addressed the older boys in the assembly room of the institute. R. I. Watson presided at the evening session in the First Congregational Church.

No Other Work as Important. Rev. Mr. Knox said that no other work was so important as the education of young people. Failure to grasp this was the cause of much of the weakness of the work of the church. "Our country," said Mr. Knox, "has great rewards for those engaged in material production in the making of things, but it has only indifferent rewards for those engaged in the shaping of character."

As a nation we have not commenced to grasp the importance of the shaping of character. But Scotland and Gomerah perished because there were not ten righteous men in these cities. It is our duty to stand by the great army and her great navy, only her men of character can save her from destruction. If they do not, Carlyle's prophecy of the naked fisherman bathing himself in the waters of the Thames where London stands, may be fulfilled.

If we educate a man with perverted instincts, he is only the better prepared to get ahead of his fellows in business, better able to corrupt our politics, and our national and social life. Merely intellectual training is not enough.

Cannot Replace Here. "The home is fundamentally important in the training of the boys of our nation. The Sunday School, the day school, the church cannot take the place of the home. It is older than the church or state, and ordained of God. The home is the prime factor in the shaping of the life of the nation."

Rev. Mr. Knox declared that according to the reports of competent authorities a very large proportion of boys go astray, polluting their soul's life and undermining their physical life through ignorance of the truths of life.

"Playing a good, clean game of hockey," said Mr. Knox, "is important for the boy than to attend an adult prayer meeting where the discussion of the Bible is the only thing that has not been known. We have been trying to force on the boy a religion that has not been known. We have been trying to force on the boy a religion that has not been known. We have been trying to force on the boy a religion that has not been known."

Sunday Schools, said Mr. Knox, should use methods suited to the boy. The Bible stories of Moses, Samuel and Jesus appealed to the child of six, but the Bible stories of the apostles appealed to the boy of ten. The Bible stories of the apostles appealed to the boy of ten. The Bible stories of the apostles appealed to the boy of ten.

The home, the community, the day school, the Sunday School, all have to do with the training of the boy. The trainers of boys had to consider the locker game, the rink, the ball field, the street, the relation to the influences over the boy. Supervised playgrounds were one step in the right direction.

Value of Co-operation. A. J. Omond spoke on the value of co-operation between different Sunday Schools. Mr. Orwig, addressing the movement of the modern "efficiency movement" in business spheres. The modern Sunday School class, he said, was a business proposition. He spoke strongly in favor of organized Sunday School classes, election of teachers and officers by the class, and the co-operation of Sunday Schools through an inter-Sunday School council.

The session closed with a union meeting of the boys and men when the addresses delivered at either meeting were summed up in an open discussion. The points for a successful class were: Leadership, a definite interest on the part of teacher and pupil, organization, lesson preparation during the week, regular attendance, punctuality, mid-week class activities, and inter-class competition.

Things that would wreck a class were: Cigarettes, irregular attendance, lack of organization, poor teachers, including poor talkers, teachers lacking preparation, those easily discouraged, those who did not try to do what they teach, and teachers who hang around poolrooms.

Tonight in Talbot Street Baptist Church addresses will be given by W. C. Pearce, of Chicago, and Rev. E. W. Halpenny, of Toronto. Alvin W. Roper, pianist, will give instrumental selections.

## PRETTY ICE CARNIVAL PUT ON AT WINGHAM

Wingham, Feb. 19.—A very pretty fancy dress carnival was held at Wingham last night at Stephenson's Rink. It was very hard for the judges to decide to whom the different prizes should be awarded. The band in attendance rendered excellent selections for the occasion.

Only one accident happened, when a lady named Miss Ivan Smith, had a nasty fall, striking her right elbow. After being picked up, she was escorted to the home of her friend, Miss Ruby Hart. On examination it was found no bones were broken.

Out of the many contestants who tried for the prizes the lucky ones were as follows:

Best dressed gent, representing the Canadian soldier, Mr. Noble Hastings, of Wingham; best dressed lady, representing the Indian maid, Miss Frankie Moffatt, of Wroxeter; comic gent, representing the devil, Mr. Leonard Brock, of Teeswater; comic lady, representing Mother Hubbard, Miss Margaret Anderson, of Wingham; best dressed girl, under 12 years of age, Miss Minto Reid, representing cow girl; winners of the race, Mr. M. Teifer and Miss L. Beemer.

Judges for the occasion were: H. Jobb, of Bluevale; J. McKee, of Teeswater; Mr. Scully, formerly of Berlin, and now manager of Bank of Hamilton here.

The Scarlet Chapter of Loyal Orange Lodge, No. 744, met at headquarters last night. Worshipful Master Bro. J. F. Groves presiding. After the routine business the following brothers took the scarlet degree: Bro. S. Mitchell, Bro. E. Quest, Bro. J. Wilkinson, Bro. H. Collier.

## DIED AT HARRIETSVILLE

Albert E. Kingwell Was Young Man of Great Promise.

The death of Albert E. Kingwell, late of Harrietsville, occurred on Sunday, February 15, at the home of his parents, Mr. and Mrs. Philip Kingwell. He passed peacefully away after a lingering illness of nearly three years' duration.

He contracted his illness in Saskatchewan, and after his return home repeated operations were performed in an effort to save the young man's life, but to no avail. His former splendid health and robust constitution did much to prolong his life. He was a young man of splendid habits and of bright prospects.

Besides his father and mother he is survived by four brothers and four sisters, William H., of Pittsburgh, Pa.; John and Arnold, of Saskatchewan; James, of South Dorchester; Mrs. R. A. Craik, of Cranston; Misses Emily, Alma and Stella, at home.

The funeral took place from the family residence on Tuesday, February 17, and was largely attended. An impressive service was conducted by his pastor, Rev. Mr. Sutcliffe, while Miss Maude Law and Mrs. Thelma Dwyer, of Harrietsville, acted as soloists. "Saved by Grace."

Being a member of Hope Lodge, No. 691, I. O. O. F., his brethren extended the courtesies of the order. The pallbearers were Oddfellows and young friends of the deceased, Ross Secord, Benson Barr, Milton Morris, Harold Frost, William Elwins, and Carleton Jackson. The floral tributes were very beautiful.

Mr. Kingwell and family have the deepest sympathy of the whole community in their sad bereavement.

Funeral of Rev. Archibald Stewart. The funeral of Rev. Archibald Stewart, who died Tuesday morning, was held from his home, 761 Wellington street, at 3:00 o'clock, yesterday at Mount Pleasant Cemetery. Services were held.

LONDON GIRL SAYS SHE WILL STAND BY PRISONER

Couple Taken Off Train at the Tunnel To Be Tried on March 14.

Sarnia, Feb. 19.—The examination of Sam Sigel and Anna Rappaport, who are being held in Port Huron jail by the American officers, has been postponed until March 14.

The girl and the girl claim that they were to be married in Chicago. He states that they got a license in Montreal, but could not get married until certain matters in a divorce case had been settled at Chicago.

They were on the way here when taken at the tunnel. The girl says that she will stand by the man, and that if he goes to jail she will go too.

She contends that their intentions are all right and that they would have been married in Montreal but for legal technicalities. The girl comes from near London.

Would You Gain a Pound A Week for Three Months? Then taking regularly three-grain hypo-nutrient tablets, which are made from a health-germ of ordinary yeast and combined with hypophosphates and an absorbent phosphorus.

Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most physicians and apothecaries supply them in sealed packages.

NO FUN IN THAT. [Louisville Courier-Journal.] "Then you object to being bald?" "It has some hardships." "For instance?"

"Every girl who can be persuaded to kiss you at all wants to kiss you on the top of your head."

## FLIES UPSIDE DOWN FOR HALF A MILE

Hitherto almost unknown among the American airmen, Charles F. Niles took rank among the world's most daring flyers in feats he performed at the Garden City aviation field, near New York, a few days ago.

Wearing a leather harness to keep him from spilling out of his machine, Niles flew half a mile upside down, his engine stopped, dependent on the air pressure from below to throw up the tail of his descending monoplane till it became vertical, and the gasoline, flowing into the mechanism, made the motor hum again.

## WOULD AMEND THE ARBITRATION TREATIES

### Senator Chamberlain Wants to Exempt Present Issues Involved in Foreign Relations

[Canadian Press.] Washington, Feb. 20.—Extension of general arbitration treaties with eight foreign nations still was before the Senate today. Discussion centred upon an amendment by Senator Chamberlain, to exempt from arbitration the paramount issues involved in foreign relations of the Government at this time.

Discussion applied directly to the treaty with Spain, which expired last year, that having been selected by the foreign relations committee as the first in the series to be taken up for ratification. Other treaties pending are with Great Britain, Japan, Italy, Norway, Sweden, Portugal and Switzerland. The Chamberlain amendment questions of immigration, the admission of aliens into public schools of the states, the Monroe Doctrine and all that it might imply in relations with other American nations and the provision of the Panama Canal act exempting American coastwise shipping from tolls.

Kerr, J. Reid, A. Cuny, G. Mason. At Looesboro, delegates were also appointed and left for Clinton. They are: Rev. J. Osterhout, W. Volden, T. Sampson, W. Lyon, C. Watson, M. Adams and W. Britton, of Constance.

## FISH DESTROYED BY DUMPING OF SEWAGE

Official Says Catching of Fish in Interstate Waters Needs Regulating.

[Canadian Press.] Washington, D. C., Feb. 20.—Uniform regulations governing the catching of food fish in interstate waters are necessary to save the inland fish supply of the country, in the opinion of Dr. Hugh M. Smith, federal commissioner of fisheries.

He says that the dumping of sewage and oil and coal tars, particularly in the Hudson River and Delaware Bay, is destroying the fish.

## PLEADS NOT GUILTY.

[Canadian Press.] Chicago, Ill., Feb. 20.—"Not guilty" was the plea of William Cheney Ellis, former Cincinnati merchant, at the opening of his trial today on the charge that he murdered his wife in a hotel here last October.

## BAD BLOOD

### IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all of its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Paquette, Navan Centre, Ont., writes:—"One month ago my face was covered with pimples and a rash. I had tried a number of these so called blood purifiers with no avail. Seeing an almanac of yours in which you strongly recommend Burdock Blood Bitters, I decided to try a bottle, and after I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

#### MARGARET FLYNN STARS

#### All Members of Cast Show Good Training and Ability in Presentation of Their Lives.

The farce comedy "What Happened to Jones," produced at St. Peter's Hall last night by the St. Peter's Dramatic Club, was well worth seeing. The comedy is an original farce in three acts, by George H. Broadhurst, and the plot of the play tangles thus: Ebenezer Goodly, professor of anatomy, is persuaded by his prospective son-in-law, Richard Heatherly, to go to a sparring match in a livery stable, "in the interests of science." The police break up the affair, the professor leaves by the water-pipe, and reaches home with a black eye and outraged feelings. Then Jones happens along. Chased by the police, from whom he escapes with the loss of a piece of coat-tail, Jones seeks refuge in the professor's house. The Bishop of Ballarat, Australia, a brother of the professor sends ahead a suit of clerical clothes prior to his visit. Jones appropriates the clothes, and the entanglements in which he involves himself, playing the part of the bishop, and hiding his identity from Mrs. Goodly, form the humor for the play.

"Card-playing" Bishop. Jones knew more about playing cards than he did of Australia or theology, and the professor's pretty ward Cissy finds him out. However, Jones falls in love and stays, and the real bishop, who has arrived, is "pinched" instead. Jones, the ubiquitous book agent, is well played by Chas. E. Carruthers, and Hugh Overend makes a most convincing professor. The young ladies acted naturally, in a way which bespoke the thorough study of the parts. Miss Irene McLellan, as Mrs. Goodly, made a sufficiently thoughtful, trusting wife of the erring professor, and was really natural.

Miss Margaret Flynn, as Cissy, the young maid from Frisco, was the shining star of the play. Miss Flynn is realistic, and unstudied. Miss Irene Kenny, as Minea, and Miss Josie Flannery as Marjorie, daughters of the professor, were also exceptionally good. Roy Nopper, as Richard Heatherly, acted convincingly and with vigor, and Misses Pearl Waud and May Dibb caused much laughter by their clever impersonations.

The action of the play was the present time, which gave the ladies the opportunity to display some modish gowns. The scenery was excellent, and the play was a success, and will be repeated this evening.

## MANY PROMOTIONS FOR HURON AND ERIE STAFF

### Expansion of Company and the Canada Trust Company Brings Changes in Office.

The rapid expansion of the Huron and Erie Loan and Savings Company and the Canada Trust Company during the last few years has caused the board of directors at a recent meeting to make a number of promotions of senior officials. Morley Aylsworth, who has held the position of secretary of the Huron and Erie for the past two years, has received additional appointments as secretary of the Canada Trust Company and superintendent of branches for both companies.

Charles J. Clarke, formerly accountant of the Canada Trust Company, is now manager of the main office of that company, and assumes charge next week in the new offices adjoining those of the Huron and Erie.

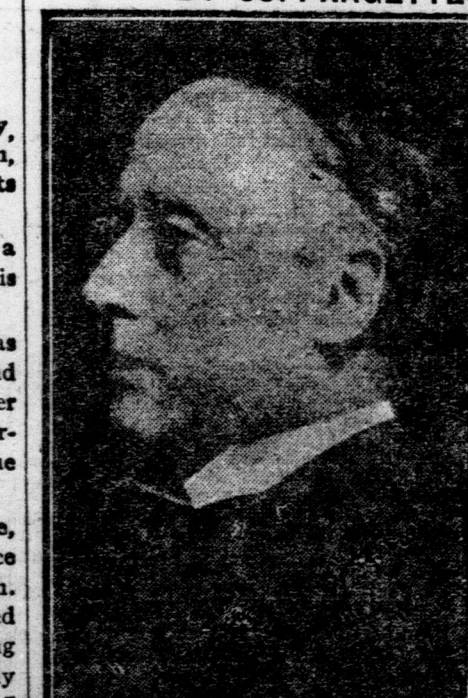

D. McEachern, accountant of the Huron and Erie since May, 1912, has been appointed manager of the main office of the Huron and Erie.

All of these officers have nearly twelve years of service to their credit, having entered the employ of the Huron and Erie in 1902 as junior clerks.

Austin McLeish, accountant at the Regina branch, is being transferred to the main office as assistant accountant, and George S. Jewell, mortgage clerk at the Huron and Erie main office, has been promoted to the position of accountant of the Canada Trust Company, the vacancy being filled by Robert P. Baker.

The general manager, Hume Cronyn, sailed yesterday for Great Britain, where he will look after the interests of the Huron and Erie and Canada Trust Company. He is expected to return about the 15th of April.

## ANOTHER VICTIM OF "MISTAKEN IDENTITY" BY SUFFRAGETTES

BARON WEARDALE, an officer of the Anti-Suffragist Society, who was beaten with a whip in the hands of an enraged suffragette on a London station platform. The baron's likeness to Premier Asquith is remarkable, and is believed to have been the cause of the assault.

## THREE-CHOIR FESTIVAL GIVEN LAST EVENING

### Combined Choirs of St. John's, St. Matthew's and All Saints' Render Choral Evensong.

A three-choir festival service was held last night in the Church of St. John the Evangelist, when the united choirs of St. John's, All Saints' and St. Matthew's Churches, rendered the full Choral Evensong, under the direction of Clarence Gilmour, organist and choirmaster of St. John's. Additional numbers, including an anthem, "Oh, Saviour of the World," by Sir John Goss, were given in a most finished manner.

Interspersed with the musical numbers on the program were brief addresses by Rev. Canon Craig, Rev. E. Appleyard, rector of St. Matthew's, Clarence Gilmour and W. Brew, organist of St. Matthew's Church. The speakers were optimistic for the future progress of the church and choirs, and complimented the singers on their splendid rendition of the difficult selections.

Rev. Canon Craig dwelt at some length on the assistance of the choir in a church, declaring that singers have a great influence over the congregation. At the close of the evening's entertainment the members of the Women's Guild of St. John's Church, provided tasty refreshments for the members of the choirs.

## POLISH NOBLEMAN ON MANSLAUGHTER TRIAL

### Charged With Killing His Wife and Nephew in December.

[Canadian Press.]

Meseritz, Germany, Feb. 20.—Count Matthias Brudzewo-Mielzynski, a Polish nobleman and a member of the German Imperial Parliament, was placed on trial here today for killing his wife and her nephew, Count Alfred Mielzynski in December last at the country seat of the Countess at Dakowy Mokrz, near Graetz, where he discovered them in an apparently compromising situation. The count is charged only with manslaughter, the state's attorney, Dr. Boellfahr, holding that the accused acted without premeditation and almost without being aware of what he was doing. The count voluntarily waived his parliamentary immunity in order to permit the trial to take place.

The proceedings were ordered by the judge to be held behind closed doors except during the pronouncement of the verdict, which must be made in public, according to the provisions of the law.

The crime attracted widespread attention owing to the social prominence of the parties involved.

## FISHING BOAT SANK WITH ALL HER CREW

### Thirteen Men Supposed to Have Perished on the Forelle.

[Canadian Press.] Bremen, Germany, Feb. 20.—The large fishing steamer Forelle, which left Goestemünde in the middle of December for Iceland, sank with its entire crew of thirteen men in these waters, according to dispatches received here today. The Forelle had been reported missing and a search for her was instituted in January.

## SPANIARDS KILLED OR BURIED ALIVE

### Passengers on Steamer From Mexico Tell Terrible Stories of Torreon.

[Canadian Press.] Madrid, Feb. 20.—Stories of the shooting to death of 75 Spaniards and the burial alive of a number of others by Mexican rebels at Torreon, are published at length in most of the newspapers of Madrid and the provinces today. The incidents were narrated by passengers on board the Spanish steamer Antonio Lopez, which sailed from Vera Cruz on January 27, and has arrived at Cadix.

## Backache Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but, back of the backache, and the cause of it all are the disordered kidneys crying out in warning through the back.

Backache is kidney ache, and there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springhill, N.B., writes:—"I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac, and saw your advertisement for Doan's Kidney Pills, so I got 5 boxes, and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

**AFTER REDUCED INSPECTION FEE**

**Water Commission Will Ask Co-operation To Have the Govt. Charge Lessened.**

**CLAIM IT IS EXCESSIVE**

**Meter Testing Is More Costly Than Board Wants to Pay.**

The water commissioners object to the charges imposed by the Government for inspection of meters. At a meeting of the board yesterday afternoon, Chairman Philip Pocock brought the question up, and after some discussion, was authorized to confer with the hydro-electric commission, the union of hydro-using municipalities and the Government, representatives, in an endeavor to have what is considered an unnecessary expense, done away with.

"The Government charges us all the way from 60 cents to \$2.00 for meter inspection," said Chairman Pocock, and as we have 7,000 meters in commission and are forced to have them inspected every five years, it may be easily seen that the expense is very heavy. We should take this matter up with the hydro commission and memorialize the Government to have the regulation done away with. When it was made, there were few electric meters in use. We have our own complete equipment for testing purposes."

Commissioner J. H. Chapman thought that all the municipalities should take the matter up, as all were interested.

**Imposition and Serious Burden.**  
"It is an imposition and a serious burden," said the chairman, "to know if a tenant who moved out of a house, was under any obligation to look after the meter for a full year's time. He believed that such a condition in the electric lighting contracts had the effect of keeping a number of persons from using hydro."

The chairman advised that the rule was one made by the engineer of the city of London, and that it was more for a safeguard than anything else.

The general manager advised that the department would be in a position by March 1, to furnish the street railway company completely with hydro power.

**To Change Name.**  
The commissioners agreed to the chairman's suggestion to ask for power in the city of London bill, shortly to be presented to the legislature, to change the name of the board to "board of utility commissioners." The cost is not expected to exceed \$50.

In response to a question from Commissioner Stevenson, the chairman stated that all new users would have to take power on the floor space basis.

Certain parts of the new wiring regulations were objected to by the commissioners, but it was stated that they were only tentative, and that changes would be made as it was seen they were not working out satisfactorily.

**Big Crowds Flock to "Dutch Village" On Its Second Day.**

Crowds continued to throng to the Dutch Fair held under the auspices of the ladies of St. Paul's Cathedral during yesterday afternoon and evening, making it an assured success and netting sufficient remuneration for alterations and repairs to the "Dutch Village" Thursday afternoon, there was a large attendance, which grew steadily, until by noon the spaces around the booths, as well as the aisles, were crowded. The tasteful arrangement of the entire system added considerably to the attractiveness of the display and was largely responsible for the liberal patronage.

Those in charge of the arrangements are more than pleased with the success of the enterprise and are of the opinion that the revenue from the sale of the "Dutch things" will exceed their anticipations by a handsome sum.

**SLEIGH OVERTURNED; MOLDER INJURED**

**Vulcan Foundry Employee Is Thrown Under Box of Iron Castings.**

Albert H. Gillett, living at 595 Grey street, a molder at the Vulcan Foundry, was seriously injured yesterday afternoon when the customs house sleigh, on which he was riding, slewed at the corner of Wellington and King streets, throwing him off under a box of iron castings. Several other molders riding on the sleigh with Gillett, were also thrown off but escaped injuries.

The men were taking the castings and several other bonded goods from the foundry to the C. T. R. station and were turning into Wellington from King when the sleigh slewed and overturned. Some delay ensued in getting a doctor, all those with nearby offices being out, and Gillett was taken, on the way, to his home where he received medical attention. His back and legs were found to be injured.

**BANQUET TERMINATES SCOTTISH RITE SESSION**

**Ceremonial Session Brought to Close by Dinner—53 Candidates Initiated.**

The ceremonial session of Scottish Rite Masons in the Masonic Hall on Queen's avenue came to a close last night with a grand banquet. In the afternoon the fifteenth degree was exemplified by Messrs. H. A. Keys, Thomas Rowe and Rev. F. C. Harper, the sixteenth degree by Messrs. James Ladell and Messier, while the seventeenth degree by commun'cated. The eighteenth degree was given at night by Messrs. Bert McBride and Dr. A. E. Santo.

Dr. F. L. Burdon, Most Wise Sovereign of Rose Croix Chapter, presided at the banquet in the evening. The usual toasts were responded to including "The Supreme Council" by Most Puissant Sovereign Grand Commander Illustrious Brother Benjamin Allen, of Toronto; P. W. D. Brodriek, of Toronto, and Judge MacWatt, of Sarnia, and "The Candidates," by W. A. Reid, of Sarnia; Thomas Coleridge, of London, and Frank Copus, of Brantford. Solos were sung by Messrs. James Ladell and Ed. Webster.

"The banquet concluded one of the most successful ceremonial sessions we have had in years," said Dr. Burdon. "Thirty-three candidates were initiated into the lodge of perfection and twenty into the Rose Croix Chapter."

There were about two hundred members of the craft in attendance at the banquet. Sir John Gibson was expected to have been here but wired his regrets.

**Thomas J. Brook, Former London Railwayman, Passes Away.**

Word was received in this city yesterday of the sudden death at Portland, Ore., of Thomas J. Brook, land, Oregon, who for many years was a resident of this city and will be remembered by many of the older citizens. Before his removal to Portland he was employed in the district office of the Grand Trunk here, but for the past few years had been on the staff of the Oregon, Rock Island, and New York Railway at Portland.

He is survived by his wife, a daughter, Mrs. Chas. Gjedsted, of Portland, and a son, Norman, of Walla Walla, Washington.

**ORGANIZING PANAMA FORCE.**  
Washington, Feb. 19.—Permanent organization of the Panama Canal operating force will be developed from the present organization.
