MUNICIPAL REFORM

Published by The Brantford Courier Limited, every afternoon, at Dalhousie Street.

Friday, October 20th, 1916.

THE SITUATION

The news is very much more encouraging with regard to Roumania. King Ferdinand's forces have pushed back the enemy on the Eastern Transylvania front, and in the operation they took one thousand prisoners.

On the Macedonian front, the Serbians have captured two villages, and are making rapid progress towards Monastir.

It was a fortunate thing that the Cunard liner Albatross met with her catastrophe after the passengers had disembarked.

THE LATE NORMAN DUNCAN. Brantford has not only lost a famous son, but the world of modern letters one of its brightest ornaments.

NOTES AND COMMENTS.

The Berlin authorities have put the ban on Taxis. They won't be able to do the same with their taxis after the war.

It is the paramount duty of those at home to see that the needs of the men at the front are properly looked after and the British Red Cross Society affords one of the very best channels in this regard.

It is announced from Washington that the United States will not make a statement to the allies of its policy regarding belligerent submarines.

A recent statement shows that the town of Newmarket is donating one-quarter of its taxes to patriotic war purposes, and now the citizens are out hunting for the British Red Cross fund on top of that.

Counting the first half of October Canadian enlistments have now reached a total of 368,865, or 131,137 short of the 500,000 promised.

The splendid gift of \$7,000 towards the British Red Cross fund by the Brant County Council should be an added incentive to Brantfordites in the same regard.

The city council of Guelph in April last made up its mind to look into the matter of improving the municipal administration of the place. To this end, a special committee was appointed to enquire into the methods followed in other parts of the world, and at Monday night's meeting they submitted a voluminous report.

They record it as their opinion that the best results are obtained in some of the European countries, but as their systems of government are "so different from ours, it would be impossible to follow them."

"A number of the English cities have for many years owned and operated their public utilities such as waterworks, gas plants, tramways and electric light plants, and not only have they managed these successfully, but their municipal government with respect to other matters is admitted by students of municipal systems to be of a very high order, and giving better results than are obtained either in the United States or Canada.

The English city council is a large body composed of mayor, aldermen and councillors. The councillors are elected three from each ward for a three year term, one councillor retiring each year.

With regard to Guelph, the committee recommends the abolition of all commissions and boards, on the ground that it does not bring the best results to have municipal business transacted by various independent bodies, and they add:

"We would therefore recommend the abolition of the aforesaid Commissions, Boards and Council, and the substitution thereof of a council composed of twelve councillors to be elected by general vote of the electors to hold office for three years, one-third retiring each year, and of four aldermen to be elected by the members of the council to hold office for four years, one retiring each year, the said councillors and aldermen to possess the qualifications required for members of a city council under the Municipal Act, and to have equal powers, rights, authorities and privileges, and that the members of the council at their first meeting in each year elect an alderman and also elect one of their number Mayor, using in both elections what is known as the preferential ballot."

It is further recommended that all official heads of departments shall be responsible for the running thereof, and attend all committee meetings in order to give their advice and that the City Clerk be, ex-officio, a member of all committees.

The Courier has devoted this much space to the matter because it believes that the present form of municipal government in Ontario can be greatly improved.

## County Road System of One Hundred Miles

This Important Decision Reached at Meeting of County Council—The Thoroughfares Suggested in Plan.

The County Council at its present session has reached the important decision to inaugurate a County Road system to consist of about one hundred miles. The following was the report adopted in this regard:— To the Warden and Councilors of the County of Brant:

Gentlemen.—Your council in committee of the whole on the County Good Roads scheme, beg to report as follows: That after hearing Mr. George Hogarth, one of the Government engineers in connection with the highway branch of the Public Works Department, and having heard the reports of the various representatives of the local municipalities comprising the county, it was decided that it would be advisable to have a county roads system to consist of a mileage of about one hundred miles instead of seventy-five miles as originally suggested. This mileage is divided between the minor municipalities on the basis of their equalized assessment, will give each municipality approximately the following mileage: Tp. of Brantford, 36.24 miles; Tp. of Burford, 23 miles; Tp. of S. Dumfries, 21.45 miles; Tp. of Onondaga, 9.45 miles and Tp. of Oakland, 4.90 miles. Total, 100 miles.

Working out the mileage for each municipality as above, the various representatives suggested that the County system should comprise the following roads:

**Township of Brantford.**  
The Brantford and Hamilton Stone Road leading from Brantford to the Westworth County Line.  
The Brantford, Burford and Woodstock Stone Road from Brantford West to Burford Town Line.  
The Mount Pleasant Road from Brantford to the Oakland Town Line.  
The St. George Road from St. Paul's Ave. to the South Dumfries Town Line.  
The road running from the Northernly limit of West street in the City of Brantford, to the line between the Second and Third concessions, thence easterly along the Concession Line and along the road crossing Lots 49 to 54 in the Second Concession of the Township of Brantford to the Township of Ancaster.  
The road leading Westward from

the Town of Paris to the Village of Falkland.  
The Onondaga Road from the Hamilton Road at a point East of Cainsville to the Onondaga Town Line.  
The road known as the Westbrook Side Road running from the South-easterly side of the Brantford and Hamilton Stone Road East of Fairchild's Creek South-easterly to the Township of Onondaga.

**Township of Burford.**  
The Brantford, Burford and Woodstock Stone Road from the Easterly limits of Burford to the Western limits of Burford.  
The Norwich Stone Road from the Western limits of Burford to the Brantford, Burford and Woodstock Stone Road.  
The road between the Eleventh and Twelfth Concessions running from the Western limits of Burford Easterly to the middle Town Line, thence Northernly along the middle Town Line to the Norwich Road.  
The middle Town Line road running from the Concession line between the Third and Fourth Concessions Southernly to the Brantford, Burford and Woodstock Stone Road.  
The road between Lots Six and Seven running from the Concession Line between Concessions Four and Five Southernly to the Brantford, Burford and Woodstock Stone Road.  
The road between Lots Three and Four running from the Concession Line between Concessions Eight and Nine Northernly to the Brantford, Burford and Woodstock Stone Road.  
The road leading from the Brantford Town Line at Falkland Northernly to the Governor's Road.

**South Dumfries:**  
The Sprague road leading Northernly from the Town of Paris to Galt on the West side of the River between Paris and Waterloo County.  
The road leading from Paris on the East side of the River to the Village of St. George and through the Village of St. George Easterly to the Beverly Town Line.  
The road between Lots Twelve and Thirteen from the southerly limit of Waterloo County Southernly to the Township of Brantford.  
**Tp. of Onondaga**  
The road known as the Onondaga Road, leading from the southerly

limits of the Township of Brantford Easterly and Southernly to the Village of Onondaga.  
The River Road from the Easterly limits of the Township of Onondaga to Middleport; then the road from Middleport north-easterly to the concession line between the second and third concessions, thence westerly along the concession line between the second and third concessions to the Township of Brantford.  
**Tp. of Oakland**  
The road between the first and second concessions commencing at the westerly limit of Oakland, thence Northernly along the road between lots Six and Seven to the Concession Road between concessions Three and Four, thence Easterly along said last mentioned road to the Mount Pleasant Road.  
The Government engineer having undertaken to furnish maps for each minor municipality showing the above suggested county system, it is desired that the County Clerk forward to the clerk of each of the local municipalities a copy of this report and a copy of the map to be supplied by the Government engineer, and request the minor municipalities to consider the scheme as shown by the Government map and outlined as above, and after having carefully considered such scheme, to advise the clerk of this council of any amendments or suggestions that any of the minor municipalities may desire made, such suggestions to be sent to the clerk as soon as possible to enable the entire scheme, together with such suggestions, to be considered at the next session of the council with a view of having the system further considered by the county council, as it has been pointed out by the government engineer, will require a year or so to properly work out a county roads system before any permanent and substantial construction can be done in connection with such system, and it is therefore considered by this council advisable that all necessary progress should be made towards formulating the county roads scheme as soon as possible, but without committing the county to any permanent construction until after the termination of the war.  
All of which is respectfully submitted.  
Dated Oct. 20, 1916.  
(Signed) THOS. EVANS,  
Chairman.

At the annual fall convocation of Queen's University, a portrait of Rev. Dr. D. M. Gordon, principal, who is shortly to retire, was unveiled.

## HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat If You Feel Backachy or Have Bladder Trouble—Take a Glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## Appeal of City Dismissed

Toronto, Oct. 20.—The appellate division has dismissed the appeal of the City of Brantford from the decision of the county court, holding it liable to the extent of \$250. For a broken arm occasioned to Mrs. Elizabeth Killish, when she slipped on a sidewalk on Park avenue, in that city, she is awarded damages.

Prisoners at the Kent county jail have been fed during the past year at an average cost of ten and one-eighth cents each per day.

**CONVENTION  
OF BAPTISTS**

Large and Successful Session Now in Progress at Hamilton.

One of the most largely attended conventions of the Baptists of Ontario and Quebec, is now in progress in the James St. Baptist church, Hamilton. The president this year is Dr. J. G. Brown of Toronto. The 1st Vice-President, Rev. W. S. McAlpine, is unable to be present, as he has enlisted as a private for overseas service. The war has claimed many of the leading pastors and their absence is not forgotten. Despite the war conditions, the reports of the different societies dependent for their support on the gifts of the people, were most encouraging.

The work of the Sunday school was emphasized by the report of the secretary of this department, Rev. P. K. Dayfoot, and by D. O. C. S. Wallace of Montreal, in a masterly address. Fitting reference was made to the death of Dr. W. E. Norton, for 16 years the devoted and honored leader of the Home Mission work. His hold upon the ministers and churches was very marked, and his loss is mourned by all. Rev. C. J. Cameron, his efficient assistant, received warm praise from the convention for the extra service performed during the long and severe illness of Dr. Norton. MR. AIDEN Matthews of Montreal, following the Home Mission report, made a strong plea for the increase of the pastor's salaries. The treasurer's report showed the budget fully met, and more than three thousand dollars applied on the deficit.

One outstanding feature of the convention this year is the addresses being delivered by Rev. F. W. Patterson, D.D., of the First Baptist church, Winnipeg, one of the outstanding leaders of the West. His first message was "The Religion of the Future." Another interesting feature is a series of morning devotional subjects conducted at 9.30 by leading ministers.

**OPENING OF  
RUGBY SEASON**

Guelph Opposes Brantford Collegiate Here on Saturday Next.

**THE LINE-UP.**

Guelph Has Strong Team, and a Fast Game Promised.

The local opening of the Intercollegiate Rugby League takes place to-morrow at Agricultural Park when the Guelph team will be here to face the Brantford aggregation. The B. C. I. squad has practised faithfully since their last game and it will be in a greatly improved condition over that which met defeat by a narrow margin in Galt last Saturday.

If the weatherman is amicable enough to withhold showery weather the tendency toward a cold snap, now evident, will provide snappy rugby weather, and a speeded game.

Although some alterations may be made later by Captain Kelly, it is probable that the following line-up is fairly representative of the team that will take the field to-morrow: Inside left, Moffat; left middle, Phelps or Kitchen; left outside, Baird or Guenther; left scrum, Booth; centre scrum, Adams or Ryerson; right scrum, Baker; right inside, Littler; right middle, Truss; right outside, H. Middlemiss; quarterback, Mr. Runnings; half, Buckborough; Deagle, R. Cook and Art Kelly; flying wing, Hurley.

A referee, appointed by the executive of the league, and Mr. Brandon as umpire, will constitute the officials of the game.

As to the relative positions of the two teams in the standing, Guelph has the advantage with one win and no losses, while Brantford has one loss, but with the victory on Saturday, which is confidently anticipated by the students of the B. C. I., a three-cornered tie will exist in the league.

SCHOLARSHIPS NOT FOR HUNS

Germans Excluded from Sharing in Cecil Rhodes Trust.

London, Oct. 20.—The House of Commons last evening passed the second reading of the Rhodes estate bill, which would exclude Germans henceforth from enjoying scholarships at Oxford University under the Cecil Rhodes trust fund.

Lt. R. G. Hamilton, referred to below, is an old Brantford boy, whose father for many years occupied the pulpit of First Baptist Church here.

"Lieut. R. Gordon Hamilton was one of the bravest, cleanest and most generous of gentlemen it has ever been my honor to call friend." In this way Captain C. H. Mortimer of the 77th Brigade, Royal Field Artillery, speaks of the son of Rev. R. M. Hamilton of Brockville, and formerly of Toronto, who was recently killed in action. The letter says: "By a great coincidence, his great friend, another just like him, Captain R. E. Hawkins of the Royal Army Medical Corps, was killed by the same shell. A brother of Lieut. Gordon Hamilton, who is with the Guards Divisional Artillery, was present at the burial of the two brave officers." Captain Mortimer writes that he will personally see that his grave is carefully marked.

Giants Were Very Erratic

The title for erratic play during the season of 1915 must be awarded to the New York Giants. Observe four sections of their present year's campaign:

April 21 to May 8, won 2, lost 13, percentage .143.

May 8 to June 2, won 19, lost 3, percentage .907.

June 2 to July 6, won 9 and lost 19, percentage .421.

July 6 to August 24, won 23, lost 22, percentage .511.

Here are the shifts, from .143 to .905, back again to .321 and then up to .495. If that isn't the acme of inconsistency then there is no such animal.

McGraw Signs New Pitcher

Sterling Stryker, the star pitcher of the Atlantic Highlands team and one of the leading semi-pro pitchers in North Jersey, has been signed by John McGraw, and will be taken to Marlin when the Giants start to lumber up in the Texan resort next Spring.

Stryker has been striking them out in Jersey, that McGraw figured another Stryker would do his pitching staff a lot of good. Atlantic Highlands is already worked up 'over what Sterling will do to the National League batters.

CUBS TO TRAIN WEST

Chicago, Oct. 20.—The Chicago National League Club has virtually decided to establish its 1917 spring training quarters at Pasadena, Cal. President Weegman has announced Tampa, Fla., will be abandoned in favor of the Indianapolis club of the American Association.

Player's List to be Increased

Chicago, Oct. 20.—National League club owners have had their fill of the 21 player limit, and it has been learned that at the next meeting of the organization in December the limit will revert to 25, as it stood before a few economical presidents decided their teams could do as well in the race with the roster diminished to 21.

Managers are loudest in their protests against the smaller limit. Their contention is they cannot retain a sufficient number of utility players with which to direct manoeuvres as they desire. In addition, they find it impossible to develop young players for the future. They are handicapped in more ways than one and will urge their presidents to vote for a return of the 25 limit.

Baseball, in the eyes of most managers, has reached a stage where it is believed that it is necessary to carry eight or more pitchers. Carrying this number of pitchers does not leave room for sufficient utility in and outfielders. As every club in the National League carries eight or more pitchers, it was handicapped for other material.

Mr. Thomas Darwin left for Toronto this morning to attend the piano recital in Massey Hall to-night given by Paderewski.

"MAKING IT QUITE PLAIN"

Sgt. Instructor (to rather dull recruit) "In this movement, Pte. Smith, you bring the rifle smartly to the left shoulder. In case you don't know which is your left shoulder, I'll tell you for your identification, as 'right' is, that it's the opposite one to which you shake hands with."—London Opinion.

Eddie Plank is Through

St. Louis, Oct. 20.—Eddie Plank, veteran southpaw of the St. Louis Browns, yesterday threatened to retire from the game. Superannuation is not the cause of Plank's decision, for Eddie is only 42. The ex-Athletic objects to St. Louis, and, although he likes Fielder Jones and his team-mates, Plank asserts that he will never play another game of professional baseball unless he is traded to some Eastern club.

Plank spent most of his professional career in Philadelphia, and did not relish the geographical shift. The veteran is well liked in this section, but took his reputation into his hands yesterday by making an unforgettable slur against the West. It is not known what action Fielder Jones will take.

One of the most important timber deals which has taken place in Vancouver for some time is the sale by Frank King, a prominent lumber and logging operator, to the Vedder River Shingle Company of Chilliwack, of his extensive cedar limits, in West Vancouver. These claims are said to comprise one of the most valuable cedar limits on the coast. There are over 100,000,000 feet of timber on the limits, and it has never had an axe in it. The great bulk of it is cedar of exceptional size and quality.

Rawdon Church Social Evening

Rawdon St. Mission was the scene of a happy gathering Tuesday evening when the boys and girls of the Seaman Band, with their parents and friends assembled to hear Rev. Mr. Thompson of the Congregational church, who so kindly consented to give them an evening.

The program opened with Mr. Symonds in the chair, and was in part as follows: Reading, Miss Ella Welsh, "The Face Upon the Floor"; solo, Miss Rigby, "Heaven is my Home"; recitation, Miss Hillis, "The Old Violinist"; encore, "When Father Shaves"; solo, Miss Campion, "There is a Hill Lone and Gray"; address, Rev. Mr. Thompson, subject, "The Face of a Man"; discourse which was very instructive and much enjoyed by all present. Recitation, Miss McCreary, "My fare is Paid"; solo, Miss Campion, "When Jesus Hung on Calvary"; solo, Miss Rigby, "I shall see Him face to face"; song, Alice Gillinwater, "Soldier Song."

Miss Symonds kindly acted as accompanist. A vote of thanks was tendered Rev. Mr. Thompson, and the young ladies who by their talent so kindly contributed to make the evening a profit and pleasure to all. An enjoyable evening was brought to a close by singing God Save the King, after which grapes were passed around.

FRESH FORTIFICATIONS.

Associated Press Despatch. Roosendaal, Netherlands, Oct. 20.

According to reports received from Antwerp, the Germans have erected fresh heavy fortifications on the west side of the River Scheldt. The fortifications extend from Fort St. Marie over Meleze, Haasdonk, Basel, and Ruppelmonde to Niel and Boom. Thousands of troops were working on this line, which is intersected by concrete cement trenches and barricades of the latest type. The old ring of forts around Antwerp have now been entirely restored, and armed with the heaviest ordnance. The public are strictly forbidden to approach or to view these fortifications.

In the police court at Welland, Meier Mangen, who lives in a foreign boarding-house, was fined \$300 and costs for having liquor on the premises. The liquor was imported in the usual way from Montreal, but is not allowed in a boarding-house. Four other inmates of the house were fined \$17.75 each on the charge of gambling.

LIQUOR SCARCE IN SWEDEN

High Prices Are Prevalent There for the Cup that Cheers.

(Associated Press)

Stockholm, Oct. 20.—Great Britain's export prohibition on whiskey has moved Swedish dealers to take account of their stocks, with the result that they have found that six months more will about see the end of the available supply.

In no first-class restaurant in Stockholm can whiskey and soda be had for less than one crown, or about 28½ cents, at the present exchange rate. Some places charge as much as 1.30 crowns or 36 cents. High grade liquors—particularly certain brands manufactured by monks—are scarce and dear. The same is true of French cognac and French wines, which have increased wholesale from 25 to 40 per cent. This is due in part to a scarcity of bottles, not only in the countries of origin, but also in the diminished capacity of Swedish glassmakers, since a great part of the liquors and wines imported is brought in in Swedish bottles.

No shortage of Swedish punch, the so-called national drink, threatens. It may become necessary, however, to drink in November and December some punch not properly aged, on account of the difficulty the manufacturers experience in getting suit-

WAR RELIEF.

Paris, Oct. 20.—A new war relief organization, the "Brothers and Sisters of the War," has grown out of the participation of American children in the work of the "Orphanage of the Armies."

Little French boys and girls, having learned how American children have temporarily adopted and are helping to bare for little victims of the war, wanted to know why they should be left out. So many requests were made by children to be permitted to adopt a war orphan after the manner of the American children that it was decided to organize this auxiliary association; it is attached to the organization called the "Union of French and Allied Families" that was founded under the patronage of the president of the republic to contribute to the relief of war-stricken families.

The organizers of this movement find that the rest is not only most appreciable aid to the orphans, but has a remarkably beneficial effect upon the development of the minds of the children, who assume the responsibilities and begin to learn, at a tender age, the practical side of charity.

# VON KLUCK HAS RETIRED

### Hun General, Prominent in Early Days of the War Now Quits.

Berlin, Oct. 20.—Field Marshal Alexander von Kluck who commanded the right wing of the German army in its sweep towards Paris in the fall of 1914, has been placed on the retired list at his own request. He had never returned to the front since he was wounded by shrapnel fire in March, 1915, while inspecting advanced positions. The Field Marshal was 70 years of age last May.

Field Marshal von Kluck and his army took an important part in the German advance toward Paris in September, 1914. His advance halted about thirty miles from the French capital and his force with the rest of the German army, was checked and driven back in the battle of the Marne.

Field Marshal von Kluck was born in Muenster, Germany, May 20, 1846, and entered the German army as a Second Lieutenant in 1865. At the outbreak of the war he was in command of the army corps at Koelnberg. He fought in the war with Austria in 1866 and in the Franco-Prussian war in 1870.

He is said to have received his wound in March, 1915, by recklessly exposing himself after a stormy interview with Emperor William. Last August it was reported he was soon to take a command on the eastern front. His son, Lieut. Erwin von Kluck, was reported killed at Middelkerke early in 1915.

## NEWS NOTES OF ST. GEORGE

From our own Correspondence Miss Carter spent Thursday and Friday at the school convention at Brantford, and the week-end with relatives in Barford.

Mr. and Mrs. Wallace Waite, Mr. and Mrs. Linton attended the anniversary services of the Methodist church at Copetown on Sunday.

Miss Brandon of Paris spent the week-end with her parents, Rev. and Mrs. W. J. Brandon. Gordon McKenzie, Will McKenzie, Mr. Smith, Mr. Fields and Mr. Lane attended Caledonia fair last week.

The young people of German's Sunday school are planning a Halloween entertainment.

Mr. and Mrs. E. A. Nylin of Hamilton are the guests of Dr. and Mrs. S. G. Robinson.

Mr. and Mrs. Fraser Morris of Paris were the week-end guests of Mrs. R. Morris.

Mrs. McNeilly and Mrs. Jamieson of Port Dover are the guests of Mr. and Mrs. James McNeilly.

Friday evening of last week a large number of the members of the A. F. and A. M. paid a fraternal visit to Reba Lodge, Brantford, and all report an excellent time, notwithstanding the muddy roads.

The General Baptist Convention of Ontario and Quebec was held in the James St. Baptist church at Hamilton this week. Rev. L. S. Haverstock, Mr. W. G. Rosebrugh and Mr. T. S. Atmore attended.

Opening meeting of the B. Y. P. U. was held in the school room of the Baptist church on Tuesday evening with an attendance of about 90. The program took the form of a mock trial. A German spy was convicted and found guilty of setting fire to B. Bell's munition factory on March 16th. Mr. Dave McIntyre, president of the society, was afterward judge of the trial. The lawyer for the Crown was Mr. Frank Paten and for the defense Mr. Osborne Rosebrugh. The witnesses for either side were, for the Crown Mr. Percy Papple and Mr. Stanley Rosebrugh. For the defense, Mr. Harold Armstrong and Mr. Cuthbert Howell.

Mr. Merton Singer was the German spy. Owing to the large number of men that have left St. George for active service overseas, the jury consisted of twelve young ladies. While the jurors were making their decision there were two instrumental solos rendered by Miss G. Rosebrugh and Mr. Lee Herbert, and were much appreciated by the audience.

The death of the late Ursula Sa-

ger, wife of Mr. William Robb, occurred at the residence of her daughter, Mrs. H. L. Howell on Friday, October 13th. Mrs. Robb was one of the oldest residents of South Dufferin, having lived here all her life and was in her eightieth year. The funeral took place from Mrs. H. L. Howell on Monday afternoon to the Methodist cemetery. Rev. W. J. Brandon conducted the services. The deceased leaves to mourn her loss, besides her husband, three sons and four daughters, George, James and Frank Robb are the sons. The daughters are Mrs. H. L. Howell, Mrs. George Wood, Ruth and Lizzie Robb at home. The pall bearers were her six grandsons, Roy, Orton and Glenford Robb, Ernie, Robert, and Phillip Howell. The floral tributes were very beautiful. Mr. Wallace and Oscar Waite rendered two duets very suitable for the occasion. The bereaved ones have the deepest sympathy of the village and community.

Mr. and Mrs. Frank Coultous received a telegram on Wednesday morning that their son, Lawrence, had been wounded, a gunshot wound in the face.

Miss Irma Horning returned to Toronto on Wednesday after visiting her parents, Mr. and Mrs. M. W. Horning.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly recommended as Hood's Sarsaparilla. Thousands testify. Take Hood's.

CANADIAN BANDS "IN ACTION" IN THE OLD COUNTRY. When the band of the French Republican Guards arrived in England recently they marched through the streets headed by Canadian bands, amid scenes of the greatest enthusiasm. ## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or eat naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Treatations for babies, children, old men and grown-ups are plainly on the bottle. Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

## An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill-health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

## HATGHLEY

From our own Correspondence Last Sunday the pastor gave a very interesting discourse from St. John's Gospel, 14th chapter, 12:13 verses. The service next Sabbath will be conducted by the Baracca class of Norwich Baptist Sunday school.

Those who had the privilege and pleasure of listening to those young men on a previous occasion should gladly welcome their back.

Mr. and Mrs. W. A. Coon of New Durham visited their daughter, Mrs. H. Singer last week.

Master John Beckham is very ill with typhoid fever. We hope for a speedy recovery.

Mr. and Mrs. Carr of Tavistock, were guests of Mr. and Mrs. J. Ballard recently.

What might have been a serious runaway occurred at the station last week. A horse, tied in a shed, gained its liberty and started off for parts unknown. When captured no other damage was done than a badly broken harness.

Mr. and Mrs. H. Scott of Norwich spent Sunday with relatives here.

Mr. B. Powell will hold his 4th annual sale of horses and cattle on Oct. 24.

WILL CONTINUE D. S. Associated Press Despatch. Berlin, Oct. 20.—"Summer time" first tried this year in Germany, should not only be retained in future years, but should begin early in April with the putting back of the clock's hands one hour, in the opinion of the Berlin Chamber of Commerce, which investigated the working of the new scheme at the request of the Prussian Government, and find that it effected a great saving in illumination and probably a betterment of the health of the general working public. It is recommended that hereafter the change be made on the first Sunday in April, as calculated to bring about the least disturbance in the business and industrial world. The return to normal time would also be best made on the last Sunday in September.

The first instalment of the taxes at Newmarket, collected up to Oct. 14, on which date the 2 per cent. rebate ceased, amounted to \$25,000; the total amount is \$41,000.

## CONSTANTINE HAS NO POWER

### Greek Monarch Admits that Venizelos Rules the Country.

By Courier Leased Wire. London, Oct. 20.—King Constantine of Greece in an interview with the British minister to Athens, complained bitterly of the action of the Allies in recognizing the provisional government at Saloniki, according to an Athens' despatch to the Daily Mail. According to the despatch, the king told the minister that as the Allies had deprived him of all power, they had better address their proposals to Venizelos. The monarch made certain proposals which the British diplomat considered of no importance, and here recommended Constantine to change his entire policy.

## GAMBLING HOUSES RAIDED

(Associated Press.) Panama, Oct. 20.—Raids on gambling places which have been flourishing in Colon are being conducted by Governor Ruben Arcia, who is the governor of the province and has powers superior to the alcalde of the city. Two places have been raided, and their property confiscated. Similar raids were made in Panama City about a month ago. Governor Arcia has declared that he will not stop till gambling has been driven from the city.

Arcia is one of the characters of the Isthmus. A comparatively young man, he has made a fair fortune out of cattle and lands, and his wealth has placed him beyond the reach of the ordinary corruption. He is a little farther to the peons all over the province, and has an extraordinary reputation for honesty. He is on very good terms with most of the prominent Americans. The Americans have told him that he has ideals like an American or European statesman, and he seems to work hard to live up to the ideal.
