## MANLY STAND

### Is Taken by Two Leading New York Papers in Connection With the Panama Canal Question—Uncle Sam Should Invite Arbitration.

(Courier Leased Wire). NEW YORK, Jan. 24.—Commenting on Secretary Knox's reply to the British protest on the Panama Canal question, The Tribune says: "The fact is, however, that this forcible presentation of the administration's side of the case fails to be convincing to the whole American nation. It is probably not convincing to more than a small minority. Unhesitatingly conceding the transparency and presentations, most Americans are agreed or at least think that this position requires confirmation by some impartial authority before it is enacted into law and put into execution. The very strength of this note following right upon the powerful arguments of Senator Root on the other side of the question, emphasizes the desirability of suspending legislation until diplomacy has done its work. If this country were a unit in support of the policy of last year's law it might still feel it wise to pause before a serious challenge. But since it is widely divided, and since its foremost diplomatic and legal authorities take diametrically opposite views, there seems to be no course compatible with reason and honor, but to recede from the ground, which more than half of our people believe we have no right to take at least until our rights in the matter are indisputably ascertained."

The World says: "Secretary Knox's reply to the British protest against the Panama Canal act under the Hay-Pauncefote treaty is no reply at all. It is merely a sharp lawyer's plea in avoidance. "It avoids the issue of indirect or canal-toll subsidies to coastwise shipping as violation of the treaty by asserting our undoubted right to sub-

## ONE MORE CRISIS

### Has Cropped up in Turkey—Hotheads of the Young Turk Party Desire to Play a Desperate Game Which is Already Lost—Severe and Outspoken Comments of the London Leading Papers.

(Courier Leased Wire). CONSTANTINOPLE, Jan. 24.—Fighting has occurred at several places in the city this morning. A dozen or more persons have been wounded and many arrests have been made. Great public excitement has followed the killing of Nazim Pasha, the former war minister and commander of the Turkish army, who was shot during a public demonstration here last night.

To Remove Government VIENNA, Jan. 24.—Despatches from Constantinople say that young Turk leaders met Tuesday under the presidency of Prince Said Harem and resolved to overthrow the government in favor of a military dictatorship if the cabinet yielded Adrianople.

It was arranged at this meeting that Sheket Pasha should be the new grand vizier. Kiamil Pasha was approached privately, but refused to accede to the committee's demands.

It was then decided that only Prince Said Harem should attend the grand council, which was composed

entirely of old Turkites, in order to report the proceedings to the revolutionary committee.

This committee met again after the grand council meeting, and resolved forcibly to remove the government.

Young Turks Condemned by London Papers (Courier Leased Wire). LONDON, Jan. 24.—The press this morning unites in condemning the folly of the young Turk hotheads. The Daily Telegraph says: "This revolution signifies that the Ottoman ship of state will be driven on the rocks."

The Daily Graphic says: "The Turk stands now with a torch in a powder magazine, and there will be wild work elsewhere than at Chataldja if prompt measures are not taken to restrain him."

The Standard says: "The war can be ended by Turkey giving up Adrianople, or by its fall, and can be prolonged at the almost certain risk of the Turks losing their capital, the possession of which is far more essential to preservation of the nation's honor."

The Daily Chronicle says: "If Europe were sufficiently united, the appearance of a few warships at Stambul would quiet the whole effervescence."

The Daily Express says: "The young Turks have brought the country to the last ditch, and now seem determined to roll her in the ditch."

The Daily News says: "If the powers show cohesion it may be possible even now to convince the Turks that further resistance would mean a criminal waste of life for no practical gain."

The Daily Mail says: "The young Turks have thrown away the one chance for peace, and, like desperate gamblers, they are eager to risk everything for a cause already lost."

The Times says: "It is manifestly upon the chance of a division among the powers that Talaat and the committee are calculating. If they intend again to go to war the business of the powers is to expose the emptiness of all calculations of this kind."

(Continued on Page Three).

## FURTHER DETAILS

### Of the Fire at a Noted School in Montreal—All of the inmates Escaped But in Very Scanty Clothing.

The following further details have been received regarding a fire in the leading school for young ladies in Montreal, at which daughters of Mr. and Mrs. Harry Cocksutt and Dr. and Mrs. Leeming were attendants.

MONTREAL, Jan. 24.—Forty scholars of Miss Edgar's school were forced to beat a hasty retreat to the street in light wearing apparel early yesterday morning to escape being burned to death in a fire which gutted the four storey building at 507 Guy street.

When the fire alarm had been given, the police patrols rushed to the scene. The result was that the majority of the scholars, on marching out of the building threatened by flames, were hurried into the patrol sleighs and these vehicles were employed to take these girls of high social families to their homes. The police patrol sleighs started on their tour of the city, leaving the scholars at the various homes of their relatives and friends en route and it was an unusual sight to see young women of high families stepping down from such conveyances.

The fire broke out on the second floor and made considerable headway before being discovered. Some of the scholars, all of whom were in their beds at the time, detected the smell of something burning and discovered that the building was ablaze. The cry of fire was immediately raised and there was a terrible scramble. The younger girls rushed about putting on whatever apparel came first to hand, while the teachers and older scholars marshalled them in order. The flames made great headway and soon reached the fourth floor, but by this time all the young ladies had made their escape. No person was seriously injured, although it will be some time before the school building can be put in a fit condition for residential purposes again.

### Fears for Girls.

It was at first feared that the lives of two of the girls were endangered. When Capt. Castell and the men of No. 10 station arrived, only having to travel from the corner of St. Catherine and Guy streets, the firemen found two of the young ladies standing on the front balcony, shouting that two of their school mates were entrapped.

Several firemen immediately rushed inside, but were forced to return without being able to ascertain the whereabouts of the missing scholars. They were, however, later discovered standing terror stricken in the rear of the building.

A second alarm brought out Chief Tremblay and the whole force of the western division. Fifteen streams were directed on the building, but it was fully an hour and a half before the firemen had the outbreak under control. The flames had gained headway under the floors, and between the walls, and these had to be chopped open before the fire was finally extinguished. It took some time for the firemen to lay their lines of hose from Guy street to the school building, which is set far back from the street.

It is stated that the blaze started in a cupboard on the second story. The whole interior of the school is destroyed, the three upper floors being badly burned, while the lower flat is badly damaged by water.

So great was the quantity of water used that it streamed down the car tracks to St. Catherine street, causing considerable trouble to the traffic at that point. The Guy and Westmount Boulevard street car line was also blocked for a period of three hours. It is estimated that the loss by fire and water will amount to about \$20,000. The house was at one time the residence of the late Samuel Carsley.

## THE VERY LATEST DESPACHES

### Much Greater Wheat Production on the Part of Three Countries—Another Case of Adulterated Barley—The Death of a Noted Composer—Two More Air Men Meet With Death—Critical Stage Reached Regarding Suffragettes.

ADULTERATED BARLEY (Courier Leased Wire). CHICAGO, Jan. 24.—Six additional carloads of barley alleged by Government authorities to be adulterated with screenings and weed seeds were seized last night by federal officials at Hawthorne, a suburb. The barley was more of the consignment sent from Minneapolis to Newport News, Va. for exportation. The government charges violation of the pure food laws.

ONE THIRD GREATER (Courier Leased Wire). WASHINGTON, Jan. 24.—Wheat production in Argentina, Australia and New Zealand this season is one third greater than in the previous season, totalling 321,000,000 bushels. This information was received by the department of agriculture today from the International Institute of Agriculture at Rome, which added that the production was 130.7 per cent of that harvested last season. In all three countries bumper crops appeared to be the rule.

day and it is understood that he and Jose L. Andara, Venezuelan Minister for Foreign Affairs, will take up the discussion of the matters at issue immediately.

COMPOSER DEAD (Courier Leased Wire). NEW YORK, Jan. 24.—Gustav Karl Ludders one of the best known composers of comic opera and musical comedy in America, died suddenly of apoplexy shortly after midnight this morning while calling on friends. His widow and a daughter survive him.

Mr. Ludders was forty years old. Among his popular successes were "The Burgomaster," "The Prince of Flsen" and "The Pair Co-Ed."

to-day while making a flight in a monoplane. Charles Nieuport and his mechanic were flying at a considerable height when their machine doubled up and fell to earth, killing both of them instantly. Chas. Nieuport received his pilot's certificate on Feb. 19, last year.

CRITICAL STAGE (Courier Leased Wire). LONDON, Jan. 24.—The critical stage was reached this afternoon in the forty-five years struggle to obtain votes for women, which was started in the House of Commons by John Stuart Mill, the great British economist in 1867.

Alfred Lyttleton, immediately after questioning time, moved the amendment standing in the name of Sir Edward Grey, the foreign secretary, to eliminate the word "male" from the franchise reform bill, and thus open the way to the extension of the Parliamentary vote to women. The mover's arguments were along familiar lines. He urged that the trend of recent legislation was to require women to be called into the councils of the nation. They had, he said, already been called to assist in numerous departments.

Lewis Harcourt, secretary of state for the Colonies, who has not forgotten the attempt made some months (Continued on Page Four).

## Members of an Exploring Party are in a Very Bad Shape

(Courier Leased Wire). CHRISTIANIA, Norway, Jan. 24.—The Norwegian expedition sent to the relief of the German scientists, is reported to be stranded and suffering terrible privations in a remote part of Spitzbergen, left Advent Bay, Spitzbergen on Monday, according to a wireless despatch from that area. The others of the party had not been heard from since August, when they had gone on a sledge journey. The provisions taken with the German expedition had been almost entirely consumed when Captain Ritzchel left his comrades.

The first news of the terrible privations undergone by the German expedition, reached Advent Bay on the arrival there last week of Captain Ritzchel, one of the German explorers who had come to seek aid for his companions, whom he had called on to leave behind exhausted with cold and hunger on Wjide Bay. Several others of the party had not been heard from since August, when they had gone on a sledge journey. The provisions taken with the German expedition had been almost entirely consumed when Captain Ritzchel left his comrades.

A COMPETITION. To the individual, man, woman, or child, who is a citizen of Brantford, and sends in the most popular name for the new vaudeville theatre on Robinson street, I will give a free seat for each performance, during months.

JAMES O'REILLY

Ward 2, Tuesday, Jan. 28.  
Ward 3—Wednesday, Jan. 29.  
Ward 4—Thursday, Jan. 30.  
Ward 5 (Hill section) — Friday, Jan. 31.  
Ward 5 (Eagle Place), Monday, Feb. 3rd.

The Conservatives of each Ward are cordially invited to attend.

GEO. H. RYERSON, President.

TO-MORROW'S WEAATHER. Lower temperature.

THE GRAND OPERA HOUSE, BRANTFORD. Grand—Tuesday, January 28.—The play "The Harris Estate" presents the humorous comedy by James Forbes, "THE TRAVELLING SALESMAN" with Shep Camp as Bob Blake. The travelling Salesman is a riot of comedy from start to finish; you will laugh until your sides ache. It will be presented here with the same great cast and production as was seen in Toronto a couple of weeks ago. Prices, 14 rows \$1, 8 rows, 75c, balcony 50c; balcony 75c and 50c. Seats Saturday.

NOTICE TO SUBSCRIBERS. The Courier Management are desirous of improving their daily delivery service and would deem it a favor if subscribers who fail to receive their paper promptly would notify this office.

AGAINST ATTACK. (Courier Leased Wire). EL PASO, Tex., Jan. 24.—The arrival of 300 Mexican infantry and 400 cavalry in Juarez last night practically assured the safety of the border post against attack by the rebels.

## Life Saving Appliances for all Those on Board

(Courier Leased Wire). NEW YORK, Jan. 24.—A cable to The Tribune from London says: Board of Trade regulations issued today become operative on March 1, provide that British seagoing ships shall carry lifeboats and life-saving appliances for all on board. Steamships carrying passengers on short

excursions between April 1 and Oct. 31 during daylight and in fine weather must be supplied with boats for 70 per cent, of the total number of persons they are certified to carry. Passenger steamers on rivers, canals, estuaries or lakes must have boats, life rafts, etc., sufficient for 40 per cent. of the number of passengers for which the ship is certified.

## This Man Saw Chicago Grow From Six Hundred People to Over Two Millions

(Courier Leased Wire). CHICAGO, Jan. 24.—Edwin O. Gale, in point of residence the oldest Chicagoan, died last night at his home in Oak Park, a suburb, at the age of 81.

From a frontier village of six hundred white inhabitants, overrun by wild animals and Indians, Mr. Gale witnessed every stage of the change that up to the time of his death has resulted in a city of more than two million people.

He was brought to Chicago in 1835 by his parents. The old brig Illinois carried the Gale family from Buffalo, New York, to their new home at Fort Dearborn. The Gale family brought with them to Chicago their organ, which completely mystified the Indians, who would gather at the Gale home in order to hear the "bird in the box" sing. Mr. Gale was engaged in the drug business during most of his lifetime.

## AN ATTACK.

Charles LaRush, musician and trapper employed in one of the local theatres, is confined to his bed as the result of an assault which was made on him Wednesday evening about 6 o'clock.

He says when standing quietly he was approached by a man who told him his word, "phone his employer."

Three or four men then jumped on Mr. LaRush and gave him a most unmerciful beating. Knocking him down one of the crowd then kicked him in the groin. LaRush however, was able to walk to his room over J. J. Kelly's cigar store. Dr. Robinson was summoned and attended his injuries which are severe enough to keep Mr. LaRush away from business for a week.

The men concerned on the other hand say there is a different story.

Ventilation in the police court is likely.

## Waiters in Gotham are Out for Recognition of Their Union

(Courier Leased Wire). NEW YORK, Jan. 24.—Intermittent for more than three months the trouble between the waiters and the proprietors of New York hotels and restaurants became acute today when efforts were made to carry out the "general strike" which was declared last night. Hardly had the order been issued when 2,000 men besieged the hotel Knickerbocker, where Proprietor James B. Regan bodily discharged all of his waiters yesterday and the Hotel Belmont. It is alleged at the hotels that some of the strikers or their sympathizers threw bricks

through the windows causing excitement among the midnight guests in the dining rooms. No one was hurt however and only one man arrested. The extent to which the so-called general strike would take effect was in doubt early to-day as the greatest hotels are not until evening. Although admitting their embarrassment, proprietors seemed confident that they were masters of the situation and determined not to recognize the union, a demand which is at the bottom of the strike. The union leaders declare that out of 6,000 votes cast at last night's mass meeting, 80 per cent were in favor of the strike.

## New York Police Opened Fire During Strike Trouble

(Courier Leased Wire). NEW YORK, Jan. 24.—Men said to be detectives in an automobile standing between a mob of garment strikers and a gang of strikebreakers last night in the Williamsburg section of Brooklyn drew revolvers when apparently they considered themselves in danger and fired a number of shots. Joseph Milstein, a bystander received a bullet wound in

the neck and was mortally injured. According to strikers' stories to the police "the detectives" after the shooting, leaped from their machine and mingled with the rioters. The shooting precipitated more furious fighting in which a dozen men were trampled on and injured. Reserves from two police stations dispersed the rioters.

## Passed Through a Period of Sixty Days of Tight Money

(Courier Leased Wire). NEW YORK, Jan. 24.—"We have just passed through sixty days of the tightest money we have had since 1907 and if anything had blown up, if anything had happened to frighten the people we would have had another panic" declared David R. Forgan, President of the National City Bank of Chicago, at the dinner of the New York Credit Men's Association last night. Mr. Forgan, who was talking on "how to avoid another panic", added:

"In the last sixty days there has been hardly a bank that has held a lawful reserve" and the controller of the currency has wisely said nothing about it; for he is a broad-minded, sensible fellow.

"A central bank," declared Mr. Forgan, "such as we have looked for for a century, would forever quiet the fears of the people for it would be backed by the government."

was talking on "how to avoid another panic", added:

"In the last sixty days there has been hardly a bank that has held a lawful reserve" and the controller of the currency has wisely said nothing about it; for he is a broad-minded, sensible fellow.

"A central bank," declared Mr. Forgan, "such as we have looked for for a century, would forever quiet the fears of the people for it would be backed by the government."

LAW SUIT. (Courier Leased Wire). VANCOUVER, B. C., Jan. 24.—Sir Charles Hibbert Tupper and his late partner, W. M. Griffin, are engaged in a law suit, the dispute arising out of difficulties in settling their accounts.

ACCIDENTALLY SHOT. WINNIPEG, Jan. 24.—Miss Vida Banks, aged 20, training as a nurse, is dead as the result of shooting herself in the abdomen accidentally with a small revolver. She heard a dog barking outside, and being alone with her sister, became alarmed and picked up a revolver from the sewing machine and started to investigate. The pistol was discharged with fatal results.

Women Well. Every one know what a complete list of ailments in "Just as good" fit. Burlington St., Delphos, Favorite Prescription, and constipation with inability to do anything are no remedied by Prescription and enjoying the best of wonderful medicines liver and bowels.

### DISAPPOINTED

(Courier Leased Wire). LONDON, Jan. 24.—The London Stock Exchange was greatly disappointed about the Turkish crisis today. A prolongation of the recent uncertainty was feared, and quotations were marked down in all directions, more principally speculative issues. American falls opened from \$1 to \$3 below parity, while Rio Tintos 2 1/2 points and Turkish bonds were 1 1/2 points down. Consols were quoted 1/4 lower on local selling, due to fears that the Continental markets may unload heavily. Later in the day the market appeared to be a shade steadier and with a hardening tendency, although it was still unsettled.

### SIGNED CONTRACT

(Courier Leased Wire). CINCINNATI, Jan. 24.—John (Larry) McLean, the erstwhile Cincinnati catcher, signed a contract here yesterday with the St. Louis National League team for next season. Manager Miller Huggins of the St. Louis Nationals, held a conference with President Charles W. Murphy of the Chicago Nationals, but announced at its conclusion that there was nothing doing in the way of trades. "I said before and reiterate that neither Konechely or Sallee are for sale. Murphy wanted these two men," said Huggins.

### HYDRO ELECTRIC

The "knockers" with regard to the above splendid and cheap power, are dying hard.

Recently in London it was asserted that under Hydro Electric, the cost of pumping had gone up at Spring bank. Here is the answer, a contained in the London Free Press—

"On account of many reports circulated to the effect that Hydro power should not have been introduced at the Springbank pumping station, Manager Glaubitz, of the water commission, prepared and presented to the water commissioners at a meeting yesterday, figures that showed that the installation saved the city an average of \$1,300 a year.

In 1911, when electrification was first proposed for the station the city was spending in the neighborhood of \$7,700 for coal, and \$600 for labor for handling it and tending the fires. The total expenses for the station that year amounted to \$12,263.74. About two thirds of that amount or \$8,000 was spent for generating steam.

The electrical power required for operating the pumps could, by the exercise of care, be supplied at off peak periods by winter and summer as these departments are operated jointly. For the same reason the corrective effect of the large synchronous pump motors on the city's power factor could be made use of to the best advantage. In addition the Springbank pumping station could serve as a distributing centre for electrical power without incurring any further expense for attendance.

After making a search at the pumping station for apparent losses in the water pumpages Mr. Glaubitz found that the pumps were not working properly, and two turbine pumps of three million gallons capacity each, and driven 250 horse power, 2,300-volt motors, were installed in the room previously occupied by a two million gallon

## HYDRO ELECTRIC

The "knockers" with regard to the splendid and cheap power, are being heard.

Recently in London it was asserted that under Hydro Electric, the cost of pumping had gone up at Springbank. Here is the answer, a contained in the London Free Press:—

"On account of many reports circulated to the effect that Hydro power should not have been introduced at the Springbank pumping station, Manager Glaubitsz, of the water commission, prepared and presented to the water commissioners at a meeting yesterday, figures that showed that the installation cost the city an average of \$1,300 per year.

In 1911, when electrification was proposed for the station, the water commission prepared and presented to the water commissioners at a meeting yesterday, figures that showed that the installation cost the city an average of \$1,300 per year.

The electrical power required for operating the pumps could, by the use of care, be supplied at off-peak periods both winter and summer, as these departments are operating jointly. For the same reason the protective effect of the large centrifugal pump motors on the water power factor could be made use of to the best advantage. In addition the Springbank pumping station could serve as a distributing station for electrical power without bringing any further expense for installation.

The search for a station for apparent losses of water pumpages Mr Glaubitsz pointed out that the pumps were not working properly, and two turbine sets of three million gallons each, each, and driven 250 horse-power, 2,300-volt motors, were installed in the room previously occupied by a two million gallon steam pump.

The financial results were as follows:  
"Operated with steam and hydraulics: 1909 .. . . \$12,263.74  
1910 .. . . 11,492.64  
After introducing Hydro: 1911 .. . . \$10,528.28  
1912 .. . . 10,652.39

In Brantford the "knockers" also still have their hammers out. They would display far more sense if they realized that this great scheme on behalf of the people has come to stay, and deserves the hearty support of all persons of intelligence.

Very pleasing is the attitude of Senator Root and other leading U.S. public men and U. S. papers with regard to the Panama Canal matter. That there was a solemn covenant with Great Britain as to equal treatment of ships is admitted, just as in the Suez Canal, the rates are the same to all nations.

Mr Root, by many, regarded as the biggest man intellectually in the United States, in his recent great speech, used these memorable words:  
"Our attitude toward each other in this country is subject to radical and sudden changes. We denounce our antagonists one day and fraternize with them the next. As a treaty-making nation, however, we must appear in a different character. In that capacity we are governed by party platforms or campaign speeches. We are parties to a contract. We keep faith or we break it. We are men of our word or we are false and untrustworthy. We cannot live down perfidy. We may suspect each other at home, but we must not carry our cynicism into the high courts of the earth."

And the beauty of it is that outside of the yellow press, practically all papers of any standing are behind Root in this regard.

Good citizens across the border are right in their stand that two great peoples such as those composing the Republic and Great Britain, cannot afford to be at variance or to observe any conduct towards each other except upon the most honorable basis.

ONE MORE CRISIS  
(Continued from Page One.)  
(Courier Leased Wire.)  
LONDON, Jan. 24.—The new Turkish cabinet has decided to recall the Ottoman peace delegates from London according to a news agency despatch from Constantinople. The Turkish Government is said also to have requested its ambassadors at Vienna and St. Petersburg to return to the Turkish capital.

Enver Bey, the most spirited leader of the Young Turks, was appointed today chief of the general staff of the Turkish army.

A Popular Hero.  
(Courier Leased Wire.)  
CONSTANTINOPLE, Jan. 24.—Enver Bey, who has taken such a prominent part in the overthrow of Kiamil Pasha's Cabinet, is a popular hero. Nazim Pasha's death by a shot from the revolver of Enver Bey or from that of Talaat Bey is believed to have been accidental. The two officers in order to protect themselves from the fire of Nazim Pasha's side-camp, who had shot at them from a window, drew their revolvers and emptied them at him. The bullets struck and killed Nazim Pasha, who was seated inside the room.

The scene outside the offices of the Grand Vizier, when the leaders of the Young Turk party arrived there in the afternoon was very dramatic. There was a considerable crowd present and great enthusiasm reigned when some one unfurled a flag and waved it. The excitement became tense when Enver mounted on a white charger came in view accompanied by several Turkish staff officers.

As he dismounted before the door and made his request for an audience with the Grand Vizier, the gates closed as though automatically.

The Commandant of Constantinople, Memduh Pasha, himself stepped on guard and refused to allow anyone to enter except Enver Bey and Talaat Bey, one of his companions. After a short consultation among the group outside Enver Bey and Talaat Bey returned and spoke to the commandant, who opened the door and let them in.

Accompanied by him they walked straight to the council chamber, where most of the Ministers were gathered, and without any preliminaries called upon the cabinet to resign from office.

The demand seemed to be more or less expected for Kiamil Pasha immediately sat down, wrote out his resignation and handed it to Enver Bey, who with his companion at once went outside, mounted their chargers and proceeded to the Sultan's palace amid the cheers of the crowd.

The Sultan at first was disinclined to accept the resignation as genuine, but after sending a messenger to the Grand Vizierate and obtaining confirmation, he called for Mahmoud Shekfat Pasha and appointed him Grand Vizier.

Lend Their Moral and Material Aid (Courier Leased Wire.)  
CONSTANTINOPLE, Jan. 24.—Talaat Bey, the New Minister of the Interior, informed the European embassies this morning that all measures necessary to ensure the security of the city had been taken. He also addressed circulars to the provincial governors explaining the reasons for the change in the Government and calling upon the people to lend their moral and material aid to the Government "which was determined to defend the interests of the country now faced with the prospect of a resumption of hostilities."

BERLIN, Jan. 24.—The new situation in Turkey is commented on with great reserve in official quarters here. It is doubted whether diplomatic means will suffice to prevent the resumption of hostilities, but it is declared that the European powers will again concentrate their efforts on localizing the conflict should it break out again.

Government officials do not see any indications that the unity of the powers has been shaken by the latest developments, and it is understood that the nations interested are also conferring on the situation.

NORWEGIAN CABINET OUT.  
(Courier Leased Wire.)  
CHRISTIANA, Norway, Jan. 24.—The Norwegian cabinet under the premiership of General J. K. M. Bratlieb resigned to-day owing to its defeat at the general elections last October, when the Radicals and Socialists won 54 seats from the Liberals and members of the Right, who had composed the majority supporting the Government.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subsist. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution, and as such it has no superior.

## CATARRH SUFFERERS! HERE'S A QUICK CURE! OPENS CLOGGED NOSE AND HEAD AT ONCE

In One Minute Your Stuffy Nose and Head Cleaners, Sneezing and Nose Running Cease—Dull Measles Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold in the head or catarrhal sore throat will be gone.

End such misery now. Get the small bottle of "Ely's Cream Balm" at any drug store.

This sweet fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty, disagreeable discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings in the throat, and raw dryness is distressing, but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

ence with the Grand Vizier, the gates closed as though automatically.

The Commandant of Constantinople, Memduh Pasha, himself stepped on guard and refused to allow anyone to enter except Enver Bey and Talaat Bey, one of his companions.

After a short consultation among the group outside Enver Bey and Talaat Bey returned and spoke to the commandant, who opened the door and let them in.

## When I Studied Flour

LIKE many other women, some of the things I have used most I have known least about. Flour is one of them.

When I studied flour, I was surprised to learn that only about 72% of a grain of wheat is fit to go into flour; and only about 40% goes into Rainbow Flour, which is the very best flour made.

That is why it pays to remember the name of the most carefully made flour and insist on having it.

I heartily recommend Rainbow as being all that a good flour should be.

The great difficulty of the miller is to separate perfectly the waste particles from those that belong to good flour.

If he is too zealous he takes away much of the good gluten without which flour will not raise properly. If he is careless he is not particular about leaving in some part of the five skins, the germ and the "crease dirt," and the fibre. His make of flour would be impure, bad in color and poor in keeping qualities.

It is only the expert miller who can make perfect flour.

### Congregational Church Has a Very Successful Year

The Congregational Church had a prosperous year. A large number assembled in the school room to hear the report of last year's work. The pastor, Rev. M. Kelly, in the chair, opened the evening's business with a few suitable remarks.

Mr. Sterne, the secretary, stated in his report that 17 new members had been added to the roll, five had been removed by death, leaving the present total 204.

The treasurer Mr. Robertson, reports \$2,566.94 being raised.

The Ladies Aid has raised \$401.30 and after disbursements have the splendid balance, \$36.85. The Missionary Society raised \$108.18.

From the mite boxes \$150.29 was realized.

The Sunday school report a total attendance of 641, with an average of 124; collections, \$165.35.

The first day donation to funds was \$11.35.

The girls' club report a good year. They subscribed \$49.20 to funds.

Mr. Dixon, Sunday school treasurer, reports a banner year, the best in seven; \$385.33 being raised from all sources, and a balance on hand of \$11.91.

The women's board of missions, with 59 members, report \$254.15 as a result of their work.

From the bible study club an encouraging report comes, they having made good progress under the leadership of Mr. Yeigh.

Though there was no musical report, the choir speaks for itself in no mean terms from Sunday to Sunday, and deserve a hearty vote of thanks for their splendid work.

After all reports had been received the officers for the different departments for 1913 were elected, after which refreshments were served by the ladies.

Extensive alterations in the Sunday school room and entrances to the church were decided upon, which will greatly add to the comfort of the worshippers. A happy evening was brought to a close by the pastor pronouncing the benediction.

### LATER DESPATCHES

(Continued from page one.)

ago by the suffragettes to burn down his ancestral home at Nuneham Park, Oxford, made a bitter assault on his colleagues in the Cabinet, Sir Edward and David Lloyd George, and on the whole project. He said:

"The adoption of methods of violence is an indication of the type of mental balance we may expect from women if they get the vote."

Mr. Harcourt averred that Sir Edward Grey and David Lloyd-George were attempting to use the parliament act to pass a proposal which had never been before the electors and which would gravely

imperil the stability of that admirable amendment to the British constitution, he added:

"I am against any form of parliamentary suffrage for women on the ground that it is bad for the State and bad for the women themselves."

### UNDER ARREST.

(Courier Leased Wire).  
PATerson, N. J., Jan. 24—Otto Aversi, Charles Becker's chauffeur, the night Herman Rosenthal was murdered in New York, is under arrest here with two companions pending an investigation by the police into the death of Louis Payne, a farmer of Butler, N.J. Payne was found dead on the Pompton turnpike recently after a collision between his wagon and an automobile. A New York Police whistle and a letter from Becker now in the death house at Sing Sing were found in Aversi's pockets. The letter was not read by the police as Aversi declared that it was a private communication. He explained his possession of the police whistle with the declaration that he was a friend of a deputy police commissioner in New York. The car used by Aversi and his companions was damaged in the collision.

### FOUND DEAD IN BED.

(Courier Leased Wire).  
STE. PLAVIE, Que., Jan. 24. A travelling salesman named Mansil representing Leever Bros., Toronto was found dead in bed this morning at the Hotel Louise.

### SUICIDED.

(Courier Leased Wire).  
SASKATOON, Sask., Jan. 24—A fit of despondency over a love affair Reginald Humiston, 23, hanged himself in the barn of Robt. Thomas a farmer at Vanscoy near here. The young man is said to have been rejected by a lady of Hamilton, Ont. where he formerly lived. He had been in Vanscoy about a year.

### FIREMAN DROWNED

(Courier Leased Wire).  
ST. LOUIS, Mo., Jan. 24.—One fireman was drowned and ten were overcome while fighting a fire at the plant of the Condie Neil Glass Company here today. The police believe the fire was started by burglars. The firemen entered the basement, where they were overcome. The basement had been flooded by an automatic sprinkler. Charles Koester, a pipefitter, was overcome by ether fumes and falling, was drowned.

Convalescence after pneumonia, typhoid fever, and the grip, is sometimes merely apparent, not real. To make it real and rapid there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands testify. Take Hood's

### WINTER IN ALGONQUIN PARK

With Switzerland as the Winter playground of Europe, Ontario is taking its rightful place as the Winter playground of America, and one of the most popular districts where opportunity is found for healthful sport and where an invigorating at-

mosphere may be enjoyed, is the Algonquin National Park of Ontario, 200 miles north of the City of Toronto, and 7½ miles west of the City of Ottawa. The "Highland Inn," with accommodation for about 100 guests, is being operated as a winter hotel, and its popularity has been demonstrated by the fact that they have been increasing its capacity up to the present time. The rates at the hotel are \$14 to \$16 per week. A hand-

booklet telling you all about it can be sent on application to the manager, Highland Inn, Algonquin Park Station, Ontario. The sports indulged in are, tobogganing, skating, skiing, snow-shoeing, fishing through the ice, etc. The park is 200 feet above the sea level.

IONED SALE

**COME Managers' Sale All This Week COME**

The more you visit this store during the Managers' Sale, the better you will like it. True, we have had to set aside in some degree the usual orderliness of the place, but what could be expected under such busy conditions? The store is crowded with an eager throng of buyers, but it is a good natured and entirely pleasant crowd—a thoroughly satisfied crowd. **DON'T MISS THE MANAGERS' SALE—DON'T**

67 Pieces \$1.00 and \$1.25

Dress Goods at

**25c YARD**

This one item alone will crowd the store to the doors, and it ought to. The value and style of this lovely lot will impress you at first glance. Such a chance will never occur again, that's certain. Soft evening materials, fine fabrics for street wear, such as Marquisettes, Panamas, Serges, etc. Shades are navies, browns, tans, greens, greys, nile, maize, sky, rose, champagne, coral, fawns, pink, etc. There is a good big lot of this fine line, enough for the two days' selling, so be here and secure your share.

**Take Your Shoes To-morrow**

The second week of the big "Move-On" Sale promises to be even more productive of well deserved excitement than the first.

This sale is really remarkable when you consider that wholesale prices of Shoes have advanced so much that every pair of Winter Shoes now on our shelves would actually cost us from 10 to 25 per cent. more today than we paid for them a few months ago—and still we are greatly reducing prices—simply because our patrons must have brand new shoes here each season.

So, "Move-On"—everybody—to the great "Move-On" Sale—this week.

**CITY NEWS**

**Probs.**  
Fair to-day and on Saturday with a little lower temperature.

**Temperature.**  
Temperature for the last 24 hours: Highest 42; lowest 28. Same date last year: Highest 27; lowest 7.

**Ball Game.**  
The officers of the Dufferin Rifles will play a game of indoor baseball with the officers of the Army and Medical Corps of Hamilton, in the armouries to-morrow night.

**A Permit.**  
James Humble was granted a permit by the City Engineer's department yesterday for an addition to a brick dwelling on Wellington street to cost \$300.

**Present Prizes.**  
The prizes donated by the Alexandra Athletic Club will be presented to the winners on Sunday afternoon in the school room at the conclusion of the Sunday School services.

**Made Crest.**  
The Steadman's Limited, have designed and made a new Crest for the officers' base ball team of the Dufferin Rifles. The crest will be worn on the breast of their sweaters.

**A Mission.**  
A Church of England mission in connection with St. Jude's parish is to be established in Echo Place, where it is stated a large number of Church of England families at present reside.

**Rawdon St. Mission.**  
The special services being held this week by Rev. G. H. North, have been of a very uplifting character. Last night Mr. North spoke on the new birth, his text being, "Ye must be born again." Mrs. Nokes gave two fine solos, accompanied by the harp, which was appreciated by all present. Mrs. Bygraves presided at the organ.

**Re-Union.**  
A re-union of the Y. M. C. A. camp boys took place in the Sunbeam Cafe last night, when the boys gathered for the purpose of talking over past experiences and to suggest plans for the summer. A dainty luncheon was provided by the proprietors, Messrs Wicks and Brittain. Mr. Frank Nichol acted as chairman.

**Died at Hospital.**  
The death of W. J. Barnes occurred at the hospital yesterday. The deceased was 68 years of age. The funeral will take place from the residence of his daughter, Mrs. Nokes, 45 Eagle avenue, to-morrow afternoon, to the S.A. barracks, thence to Mt. Hope cemetery.

**The Local Line-up.**  
The following team will represent the Brantford Hockey Club in their intermediate O. H. A. game at London to-night: Goal, McMillan; point, Plante; cover, Tuck; rover, Knight; centre, Cassidy; right, Marlat; left, Klersey. The team will leave at 4.35 G. T. R. and a large crowd of supporters will accompany them.

**Police Court.**  
A billed man, charged with being under the influence of liquor, was fined \$10 and costs. Two men charged with being drunk, were allowed to go, while a third one for the same offence was assessed \$3 or 30 days, R. Hill, charged with attempting to shoot a girl on the Indian Reserve last Sunday, was remanded until Monday.

**Canadian Oddfellows.**  
The regular meeting of the Canadian Order of Odd Fellows was held in their lodge room last night, there being a goodly number of members in attendance. A committee was formed to make arrangements for a smoking concert to be held some time in February. Bro. J. E. Snider of Brownlee, Sask., was a visitor.

**C. O. F.**  
On Wednesday evening the crack degree team of Court Telephone City, No. 196, accompanied by High Secretary Mr. Van Sumerin, journeyed over to St. George and initiated fifteen candidates for the local lodge there. The work was put on in a very creditable manner. At the conclusion of the lodge business, a social hour was held.

**Had Supper Together.**  
The Happy Camp Club held their first annual dinner in the beautiful parlors of the Sunbeam last evening, when after ample justice had been done at the excellent menu provided by Mine Host Wicks, the balance of the time was spent in songs, speeches and the Victorrolia. The following were present: H. H. Hamilton, Leslie T. Green, Harold Banner, A. Johnston, Frank W. Nicolls, A. H. Coles, Archie T. Wallace, Vernon Coleman, Bill Johnston.

**Y. M. C. A. Notes.**  
A meeting was held in the Y.M.C.A. parlors last night for the purpose of organizing in Brantford a branch of the St. John's Ambulance Association. Dr. Barber officiated as chair-

man, Mr. G. R. V. Collins, district superintendent for Canada, was the principal speaker who addressed those present on the work of the order, and pointed out the need of a branch of the order in the city. One of the main features of the association is to render first aid and assistance to the injured, and in the course of Mr. Collins' address, he showed on canvas, with the aid of a picture machine, many instances where good work had been done by members of the corps. A committee composed of Dr. Barber and Dr. Chas. Ross, appointed to make arrangements for an organization meeting to be held in the city in the near future.

**False Report.**  
Fish Inspector Henry Johnson and High County Constable F. Kerr received word yesterday from the head of Fish and Game Department in Toronto, to proceed at once to Galt and investigate a report that was circulated in that town, and also appeared in the daily paper there, to the effect that a man recently shot a large Otter. After looking into the case, it was found that it was a false report that had been circulated by a party in Galt. A charge of giving false information will be laid by the department against the man who started the yarn.

**BADLY INJURED (Courier Leased Wire).**  
TORONTO, Jan. 24.—While walking over the foot crossing into the C. P. R. passenger coach yard this morning, Donald McCuaig, aged 70, a Canadian customs inspector in the C. P. R. freight bond room, was knocked down by some coaches that a yard engine was backing over the crossing. He is now in St. Michael's Hospital, with three broken ribs and a badly crushed foot which will have to be amputated. On account of his age, he is suffering greatly from the shock and his recovery is doubtful.

Nobody saw the accident, but as McCuaig is blind in one eye and hard of hearing, it is thought he failed to see or hear the train backing down on him.

**War May Be Resumed (Courier Leased Wire).**  
LONDON, Jan. 4.—The confirmation of the news of the complete revulsion of feeling in Constantinople against the proposed surrender to the allies has created the impression among the peace delegates that war will begin again almost immediately.

There are, however, two currents of opinion among the representatives of the Balkan League. One of these is in favor of asking Sir Edward

Grey, as honorary president of the peace conference to immediately convene a session of the delegates at which the resumption of hostilities will be declared, while the other urges that the powers should first be allowed to deal with Turkey before the allies take any action.

The European Governments are already in communication with regard to the situation arising out of yesterday's violent overturning of the Turkish Government. The view here is that the reply of Turkey to the note of the powers must be awaited before any drastic action can be inaugurated.

**BUILDING COLLAPSED.** (Courier Leased Wire)  
MCKINNEY, Tex., Jan. 24.—A few small heaps of debris remaining on the site of what yesterday was a four storey commercial building gave assurance this morning that the collapse of the store here turned into the holocaust which for hours after the walls fell, rescuers and eye witnesses declared it to be.

The death list early to-day remained at 8, with one person, Mrs. Belle Williams probably fatally injured and fourteen slightly hurt. Mrs. Williams was severely crushed when the building collapsed and burned in the fire which immediately broke out.

Make it a point to learn about our repairing by actual experience. You may believe that we do the finest kind of repairing that can be done. You may believe that our charges are exceptionally fair. You may believe that we make it a point to have things done when we say we will. But unless you prove these things for yourself, you'll be the loser.

**FARMERS PASS RESOLUTIONS (Courier Leased Wire).**

CALGARY, Alb., Jan. 24.—The big convention of the United Farmers of Alberta, came to an end with many resolutions. What appeared to be an attempt of the Alberta Federation of Labor to capture the closing sessions. The attempt failed after a stormy scene lasting an hour. It appears tentative overtures between the officers of the two organizations which had resulted in the election of two officers of the United Farmers of Alberta to official positions in the labor organizations led the labor leaders to believe that complete

(Should there be any errors in the conditions will be gratefully received by)

To-day's Social Calendar.

Afternoon Bridge—Miss Scarfe, Lorne Crescent.  
"Tea," Miss Emily Bunnell, Duff Erin Avenue.

Mr. E. A. Hughes is in Toronto on business to-day.

Mr. J. F. Van-Lane who has been confined to his house for a few days with a sprained ankle is able to be around again.

The second in the series of recitals given by the pupils of Miss Squire at the Conservatory of Music last evening, was highly creditable in every way, and Miss McGraw's interpretation of Whitcomb Reilly, the American poet, much appreciated. A vocal solo by Miss Neil and a piano selection by Miss Schuler, were also much enjoyed. There were between two and three hundred in the audience.

Mrs. Wentworth, of Detroit, is the guest of Mrs. R. H. Reville, Church street.

Mrs. Ferguson, of Hamilton, is the guest of Miss Scarfe, Lorne Crescent.

Miss Adelaide Montizambert has returned from Toronto.

O.N.O. Progressive Euchre Club met at the home of Mr and Mrs. H. Weston, Wellington street last evening. The prize winners were Mrs. W. Lane and Mr. Walter Foy.

Miss Margaret Gordon, of Hamilton, who has been a popular visitor in the city for the past week, returned home Thursday afternoon.

Mr. W. F. Paterson is in New York.

Miss Bertha Blackmore is the guest of Mrs. Gibbons in Toronto, for a few weeks.

Mrs. Jeffrey Hale, who was the guest of Miss Good, Church street, returned to London on Wednesday.

The placing of women college graduates on the St. Louis police force, whose duty would be to watch wayward girls and keep the eye of the law on tenements and sweat shops, is advocated by a clergyman there.

Word was received in the city this morning of the death of Mr. George Hawley, Burlington, an old resident of Brantford Township. Funeral will take place at Brant on Friday afternoon.

**LAUGHTER LINES**

George Abe was showing a reporter over his apartment at the Chicago Athletic Club.

"Wonderful! Superb!" Such were the reporter's ejaculations before Mr. Ade's rugs and pictures.

At the end of the inspection, in answer to an enthusiastic compliment on his taste, Mr. Ade said with a laugh:

"Married men have better halves, but we bachelors have better quarters, eh?"

One day an inspector of a New York tenement house found four families living in one room, chalk lines being drawn across in such a manner as to mark out a quarter for each family.

"How do you get along here?" inquired the inspector.

"Very well," was the reply. "Only, the man in the farthest corner keeps boarders."—Everybody's Magazine.

Two Irishmen were working on the roof of a building one day when one made a misstep and fell to the ground. The other leaned over and called, "Are yez dead or alive, Mike?"

"O'm alive," said Mike feebly.

"Sure you're such a liar. O! don't know whether to beleave yez or not!"

"Well, then, O! must be dead," said Mike, "for yez would never dare to call me a liar if O! wor alive."—Philadelphia Record.

## Of Interest to Women-- --Social and Personal Notes and Other Items

(All communications intended for this department should be addressed  
to "Society Editor," or Phoned to 1781.)

### To-days Social Calendar

(Should there be any errors in the Calling List given below, corrections will be gratefully received by the Society Editor.--Phone 1781.)

### To-day's Social Calendar.

Afternoon Bridge — Miss Scarfe, Lorne Crescent.  
Tea, Miss Emily Bunnell, Duffin Avenue.

Frost—Where do you get your hats, old man?  
Snow — At cafes usually. But once or twice I've been lucky enough to exchange at church— Judge.

With her logic she'll attack you, knock you down and drag you out!

Man has sense, but woman senses of a kind to cause dismay, And can tell a man's chief weakness when he's half a mile away.

She can scent a winter bargain with the cunning of a fox,  
And best of all her male contenders to the shop by twenty blocks!

That is why I bow to woman, noble, pure and sweet wifal—  
Bow before her gentle wisdom, kneel and kneel, aye, and crawl—  
—The Passing Hour in the Montreal Star.

### Queer Trades in London.

The London Postoffice Directory of 1913, just issued, shows that some queer trades are followed here, says a London letter to the New York Times. For instance, there are several "mouse trap makers," and under this heading is listed Mrs. Mary Ann Easton of Homerton, probably the most picturesque personality among those engaged in unique occupations. Mary Ann, as she is familiarly known, is 86 years old. Her husband, who was the founder of the mousetrap business, died two years ago. She does not make the traps herself. This is done by her workmen.

The mousetraps from Homerton are sent to all parts of Europe, the customers being chiefly owners of warehouses.

### Need of Fresh Air.

Too much attention can not be paid to the effective ventilation of sleeping rooms; in too many cases, this important matter is entirely neglected; the sleeper retires to a room from which every effort has apparently been made to exclude the outer air and the effect is a dull headache, irritable nerves and an unrefreshed morning over. In airing a room there are two things to remember—first that the impure air must go out, and second, that the impure air in a room is always warm, rising to the top, while the cold, fresh air comes in at the bottom. Thus the top sash should be lowered to allow the impure air to escape, and the lower sash raised to admit the fresh air.

A guild of godparents to save children from incongruous names is being suggested. The late Canon Bardsley, author of a book on English names, told the story of what was probably the most idiotic name ever bestowed upon an unfortunate infant. A woman had her son baptized What, for no other reason than to cause amusement in future years, when being asked his name, he should reply "What."

### The First Use of Chloroform.

A movement is on foot with the view of celebrating the centenary of the birth of Dr. David Wylie, a native of Lunenburg, Scotland, whose name is associated with the early use of chloroform. Dr. Wylie, after numerous experiments, suggested to the late Prof. James Y. Simpson, of Edinburgh, that he should use chloroform in surgical operations as an anæsthetic and undertook to prepare some for him. Prof. Simpson made his first experiment in his own house on November 4, 1847, and in a letter to Dr. Wylie, thus describes the event: "I am sure you will be delighted to see part of the good results of our hasty conversation. I had the chloroform for several days in the house before trying it, as, after seeking it in such a heavy, unvolatilizable substance, I despaired of its use in the treatment of anæsthetics. The first night we took it, Dr. Duncan, Dr. Weith, and I all tried it simultaneously, and were all under the table in a minute or two."

There are 4,000 women ministers in the United States.

## PARIS

(From our own Correspondent.)  
PARIS, Jan. 24.—The "Ivan" Dragoons smoker, which was held in the armories on Wednesday evening, was a success from every standpoint. Each member was supposed to bring a friend, and this scheme resulted in a good turnout of young men. Various kinds of games and music kept the prospective soldiers interested, who in turn kept various kinds of pipes fairly busy. Instruction classes will be held in the armories on Monday and Wednesday evenings.

A number of elderly ladies of the town gathered at the home of Miss Ballingall, Jane street, on Tuesday afternoon. The party was held in honor of Miss Ballingall's mother, who was celebrating her 70th year. Many friends join in wishing Mrs. Ballingall many happy returns.

Mrs. Ernest Apps entertained at their pretty home on Banfield street Wednesday afternoon. Mrs. E. D. Clump and Miss N. M. Clump, young tea, Miss Bunt and Miss Wickson assisted in the tea room and Mrs. T. Overy Apps in the drawing room. The parlor concert at Mrs. John

## A Harse Becomes Wrecked

BELLEVILLE, Jan. 24.—An exciting runaway occurred between 12 and 1 o'clock yesterday afternoon, when a team of horses attached to an empty hearse belonging to Messrs Tickell and Sons became frightened on returning from a funeral in Sidney. On the way down Murray's Hill a trace came loose and then another, causing the horse to kick and bolt. When near the Windsor Hotel the animals became unmanageable and

the driver Ray Weese, jumped. The horses took across the bridge and collided with a telegraph pole in front of the Standard Bank. The tongue was splintered, and the horses ran on either side. The heavy hearse crashed into the pole and was shivered, the glass breaking into a thousand pieces, and the top being torn off. The horses were cut somewhat. The loss will amount to between \$500 and \$1,000.

## Canadian Pacific Arranges for a Tour of the World

An unusual opportunity for an around the world cruise all under the Canadian Pacific flag with its consequent standard of service is offered with the advent of the great new quadruple screw turbine engine steamships "Empress of Russia" and "Empress of Asia."

"The 'Empress of Russia' will sail from Liverpool April 1st and will call at Gibraltar April 4th, Villefranche April 8th, Port Said April 12th and will proceed via Suez, Colombo, Penang, Singapore, Hong Kong, Shanghai, Nagasaki, Kobe, Yokohama and arrive at Vancouver Saturday, May 31st. From Vancouver to Toronto, passengers may travel via Canadian Pacific main line or Crow's Nest Pass line and may also travel from Fort William or via Great Lakes route to Port McNicoll.

The most direct connection to make for the sailing from Liverpool April 1st is via "Empress of Britain" from St. John, N.B., March 21st, 1913.

The Canadian Pacific Atlantic Empresses are so well known and have established so enviable a reputation for safety, speed, service and accommodation that when we say the Empress of Russia and "Empress of Asia" are larger and faster than the "Empress of Britain" and "Empress

of Ireland" it means a great deal. They embody the very latest features of marine architecture and every known convenience and comfort for passengers—the service and cuisine will be maintained at high "Canadian Pacific" standard.

The "Empress of Russia" and "Empress of Asia" are sister ships—503 feet long, 68 feet beam—gross register 16,850 tons, displacement about 34,000 tons—speed 30 knots—quadruple screw—turbine engines—and the first merchant vessels built with the "cruiser" stern, a feature which is especially adapted for speed and increases the stability, besides securing more room on the various decks. When ocean liners were built so that they should float with two of their compartments filled with water, it was thought a great thing, but the new "Empresses" can have four of their compartments filled and still float.

The rate for the entire cruise is \$639.10 exclusive of maintenance between arrival time in England and departure of the "Empress of Russia."

A similar cruise will be made by the "Empress of Asia" sailing from Liverpool May 27th, 1913.

Get particulars from Canadian Pacific Agents, or write Mr. M. G. Murphy, District Passenger Agent, Toronto.

## Death of a Roman Catholic Bishop

PETERBOROUGH, Jan. 24.—His Lordship Bishop O'Connor died at St. Joseph's Hospital last evening at 8 o'clock. The news of his death came as a shock to many, for the serious nature of his illness was not generally known. For some time the Bishop has not been enjoying good health, but it was only about a week and a half ago that his illness assumed a serious turn. He was removed to St. Joseph's hospital, but in spite of the best medical skill his case became more serious and death resulted as stated above. The funeral will take place at 9.30 a.m. Tuesday.

On August 2, 1911, the golden jubilee of His Lordship was celebrated, marking the completion of the half century of his priesthood.

Lily's, under the auspices of the Ladies' Auxiliary of T. M. C. A. is postponed, owing to the illness of Mrs. Lily.

Gwenie Borne, the 15-year-old daughter of Mr and Mrs Borne, Upper Town, died Thursday morning at half past five after an illness of about two weeks. She is survived by a brother and a sister. The deceased had been employed in No. 1 Mill, and her fellow employees sent a beautiful wreath expressive of their deepest sympathy.

Two fast games were run off before a good crowd in the town hockey league Wednesday night. The Y.M.C.A. beat Fenman's Limited to the tune of 4 to 2; while the Sandersons were stick smitten by the King Edwards 9 to 2. The games were clean and interesting. Percy Gill officiated as umpire.

Mrs. Wallace Raymond spent a few days with friends in Houghton recently.

Mrs. Brooks of Collingwood is the guest of her sister, Mrs. J. Hutchinson, Hillcrest.

### IF YOUR BABY IS SICK GIVE BABY'S OWN TABLETS

The little ills of babyhood and childhood should be treated promptly, or they may prove serious. An occasional dose of Baby's Own Tablets will regulate the stomach and bowels and keep your little ones well. Or they will promptly restore health if sickness comes unexpectedly.

Mrs. Lenora M. Thompson, Oil Springs, Ont., says—"I have used Baby's Own Tablets for my little girls as occasion required, and have found them always of the greatest help. No matter, in my opinion, should be without the Tablets." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### THIS WEEK'S ADVICE

is to order soon. These chilly days are fading work for us. Before long somebody will have to do some waiting. Then there will be a rush in earnest. So those who have promised themselves an overcoat will be ahead by ordering ahead here. Skillful tailoring for careful dressers. Harwood.

Simple and Sure—Dr. Thomas Electric Oil is so simple in application that a child can understand the instructions. Used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young and old.

## WAR CHIEF

### Of the Turkish Nation is Assassinated--Young Turks are Now in Control and Don't Want to Surrender Adrianople.

CONSTANTINOPLE, Jan. 24.—Nazim Pasha, the former War Minister and commander of the Turkish army, was shot dead during the demonstration here last night.

Enver Bey and Talaat Bey had given explicit orders, that no blood should be shed. But Nazim Pasha's aide-de-camp fired from a window of the Porte on Enver Bey and his companion, and they returned the fire. Their bullets killed Nazim Pasha himself. In spite of this tragedy there was no disturbance of order elsewhere.

Nazim Pasha stated before the Grand Council yesterday that he would like to continue the war, provided he had the funds to do so. As the powers refused to provide any money in case of the war being continued, he yielded to the suggestion of the other members of the Council and advised the surrender of Adrianople.

Nazim Pasha has been criticized somewhat severely for his conduct of

the operations at Lule Burgas, especially by the Young Turks' army officers.

**Turkey's Greatest General.** Nazim Pasha, war minister and generalissimo of the Turkish armies, was a man of great physical and mental strength. He was close to 66 years of age, and was characterized as the best commander in chief Turkey possessed in recent times.

Nazim took supreme command of the forces after Abdullah Pasha suffered defeat around Kirkkilissah and Adrianople. He was appointed Minister of War in the first Kiamil Cabinet, and later became commander of the First Army Corps.

Nazim Pasha became Minister of War again in 1912 in the Mukhtar Cabinet, and continued to hold office when the second Kiamil Cabinet was formed in October of that year.

Nazim Pasha was in personal command of the troops that checked the advance of the Bulgarians at the Tchatalja lines.

## Trinity Congregation Become so Large That They Desire a Parish of Their Own

A meeting of the congregation of Trinity Church was held on Wednesday evening, the main portion of the Sunday School being filled to overflowing.

The occasion of the meeting was to enable the parishioners to meet the Bishop's Commissioner, the Ven. Archdeacon Young, to go into the question of Trinity Church being set apart as an independent parish.

The greatest enthusiasm prevailed and over \$300 per annum extra subscriptions were promised at the meeting towards the expense of the church supporting its own rectory. The largely attended meeting and the enthusiasm exhibited was striking testimony of the justification of the vestry petitioning to have its own rectory. Special mention should be made of the practical assistance given at this special time of need.

by the girls Friendly Society connected with the church, who have promised \$85 towards the expense of the church sustaining its own incumbent.

A motion was passed requesting the Ven. Archdeacon to appeal to the Bishop to permit the present curate, Rev. G. W. Latimer, to become rector of Trinity Church after his second ordination, and a largely signed petition was also presented in support of this.

Further illustration of the progress of Trinity Church is the fact that the Ladies' Aid are at the present time having new seats placed in the church, while the Trinity Church of England Men's Association has just been organized and bids fair to become one of the most successful associations of its kind in the city.

## TORTURED FOR NEARLY TWO YEARS

Mrs. Poulin Found Relief in Dodd's Kidney Pills.

Rheumatism, Backache, and Headaches Were Her Portion But Now She is a New Woman.  
McCREADY, Man., Jan. 20. (Special)—"Four boxes of Dodd's Kidney Pills made a new person of me." The speaker is Mrs. Oliver Poulin, of this place, and her numerous friends here fully verify her statement.

"For nearly two years," Mrs. Poulin continues, "rheumatism tortured me. My back and head also ached. My eyes were puffed and swollen. I am sixty-three years of age, and you can see I was a pretty sick woman. But Dodd's Kidney Pills cured me. Mrs. Poulin is only one of many who have had a similar experience. They were weak and run down, and sick all over. Dodd's Kidney Pills cured them. How? Simply by curing the kidneys. The diseased kidneys were the cause of all the trouble. They were failing to strain the impurities out of the blood, and the result was disease all over the body. Dodd's Kidney Pills cured the kidneys, the impurities were strained out of the blood. The result was pure blood and good health all over the body. The cause of the disease had been removed."

## FANTASTIC WALL PAPER.

Wild Story of the Creation of One Parisian Design.

The post impressionist wall paper has made its appearance. A member of one of the largest manufacturing concerns in England has just returned from Paris, where he has been to buy designs. He was unable to make more than a very limited selection, fearing that the British taste would never respond to the weird French patterns.  
But the craze for these post impressionist wall papers is spreading rapidly, and it is only a question of time before these astonishing productions are seen in London.

The true story related by a celebrated French designer of how he hit upon a post impressionist design goes far to explain the kind of wall paper now in vogue. This artist in decoration found he could not draw badly enough to procure that effect of rude naïveté and childish ignorance which distinguishes the new art. In despair he turned to his domestic servant and insisted that she should abandon dustpan and broom and go into the studio and design a wall paper. Protesting to tears that she did not even know how to begin, she was nevertheless provided with colors and brushes and compelled to make a pattern. That design is one of the best from a selling point of view to be seen in Parisian shops.—London Cor. New York Sun.

## DOOM OF CONSTANTINOPLE.

The City is Sinking Into the Depths of the Earth.

According to Herr Hedemeyer, the Austrian geologist who believes that Constantinople is a city doomed to destruction. There is a seething crater under the city and its environs, and the land is subsiding. This unequal sinking of the land has caused the defects recently discovered in the mosque of Santa Sophia and in other famous buildings in the region roundabout.

Earthquakes are shaking it, landslides are undermining it, and some day when the last northern invaders ascend the rose clad Rhodopes and look for the city of Justinian and Solymann the Magnificent they will find it no more. Its cloud capped towers and its gorgeous kiosks, minarets, serais and cypress shadowed tombs will have perished and left not a wrack behind. So say the geologists.

It is only a question of time. If an earthquake does not destroy the city, then a subsidence will do so. It may take a thousand years; it may take a day. But it is certain that a thousand years hence all the present lower levels of Constantinople, including the Bosphorus palaces, will have sunk beneath the sea.—New York Press.

New York City's Awful Debt.  
New York has become a billion dollar city, according to data made public by the Merchants' association. The municipal debt is now over \$1,037,000,000. This, according to the association's figures, is several millions more than the national debt.  
Father Knickerbocker owes more than five times as much as Philadelphia, Chicago and Boston combined.  
In New York city there is a new building every fifty minutes.  
There is a new business corporation every forty minutes.  
The stock brings a new New Yorker every six minutes.  
There are 26,000 manufacturers. They make \$2,000,000,000 of goods a year.  
The greater city has \$5,000 acres of vacant land.—New York World.

Photographic Power of Wood.  
Experimenters recently made at Washington have shown that a section of a tree trunk or of a branch cut across the grain possesses the power to impress upon a photographic plate in the dark the shaded image of itself, plainly showing the rings of growth. There is a great difference in the intensity of this power among different kinds of wood. The conifers (pines and firs) possess it in high degree. The wood is placed either in contact with the plate or at a short distance from it, and the exposure varies from half an hour to eighteen hours. Boards long exposed to the air, an oak box a hundred years old, rotten wood from a stump and even bogwood have been found still photographically active.—Washington Star.

The Viking's Bread.  
A fellow of the University of Stockholm (Schiltzen) has discovered a loaf of bread dating from the time of the Vikings. Microscopic examination shows that the bread was made of the bark of the pine tree and the flour of peas. This discovery shows that peas were cultivated in Sweden 900 years after Christ. Few archaeological discoveries of bread have been made and very little bread dating from antiquity has been found. In 1028 a cooked loaf of wheaten flour (and dating from the fourth century after Christ) was dug out of the ruins of an ancient castle in Boberg.—Harper's.

## "Pop" Signaling.

The possibility that in wartime one side will interrupt the wireless signals of the other side has led Mr. James Means of Boston to call attention to the advantages of signals that can be seen. Mr. Means designs that for aerial signaling the "pop" signal would be useful. His plan is to let coloring matter into the exhaust pipe of the fly machine motor in such a manner that the burned gases will come from the pipe in large and small puffs of black smoke. To represent the color and dashes of the Morse telegraphic code.—North's Compa-nion.

### Lady Marjorie's Love

Lilacs glow and jasmines climb,  
Larks are loud the livelong day.  
Oh, the golden summer prime!  
June takes up the sceptre of May,  
And the land beneath her sway  
Glowa a dream of flowerful closes  
And the very wind's at play  
With Sir Love among the roses.

Lights and shadows in the lime  
Meet in exquisite disarray.  
Hark, the rich recitative rhyme  
Of the blackbird's rosy throat  
Where he carols, frank and gay!  
Fancy no more glooms or frowns,  
Joyously she fits away  
With Sir Love among the roses.

They were appropriate words to sing for the day was the first of June, and a glowing, sunny, glorious right royal day too, and the voice that filtered them rippled as easily and musically as the words themselves. A whole chorus seemed to respond to them. The noisy, little, bubbling spring, which gurgled from the moss-covered rocks below the footbridge and fell sparkling into the gleaming stream, seemed to carry the melody in its ripple; the breeze whispered, the trees rustled, the very waving of the long thick grass seemed to murmur it, as though the voice of the singer had set the whole world chiming in one. Even the blackbird's piping in the tree above her head looked sideways down with his glittering jewel of an eye, and swelled his little throat, and sang louder than ever in joyous rivalry. She knew the shrill, sweet notes, and glanced upward, laughing, although the leafy greenery was so thick that it hid the little black sonneteer.

She looked not unlike an embodiment of Queen June as she sat bareheaded on the huge old trunk of a fallen tree which some storm of the past winter had brought down. All sorts of carefully plucked flowers and grasses overtopped her hands and lay upon her white gown. Perhaps, though, a presentment of mid-summer's month should have possessed a little more fulness and force a little more vigor and color, for she was but a slender slip of a girlish creature. She was pretty—prettier at a second or even at a third glance than at first—although her face no more promised to make her a handsome woman some time or other than her slim, willowy figure promised to make her a fine one. She had big, soft, bright-brown eyes; cloudy, soft, brown hair; a nondescript little nose, which might have been larger; a rosy little mouth; a round chin, which was sufficiently resolute, though with a dimple in it; a complexion which would have driven many a fashionable beauty crazy, and black eyelashes. To complete the description, there were times when she looked quite distractingly pretty, and other times when she looked very nearly plain.

This June morning was not one of the other times, for she was looking charming, and the man who stood beside her and watched her as she pulled at her lapful of flowers and lifted her song, looked as if he had done. But he also looked a little tired and bored, which he as certainly should not have done, for he was her lover.

He was handsomer than she was. He was tall and straight and slim and dark, and had a well-drilled, well-set-up, and thoroughbred air which made him seem handsomer still. How much of this he owed to himself in his own proper person and how much to the perfection of tailoring may be a question, for there was no better dressed man in London than the Honorable Loftus Bligh, whereas his cousin and betrothed, Lady Marjorie Waine was not to call her gown 'frock,' and to wear whatever her stepmother chose to provide for her quite as resignedly at twenty-two as she had done when she was sixteen, at which age she had been when the Earl of Marlingford had chosen to provide Castle Marling with a second mistress and himself with a second wife.

"It's lovely here, isn't it?" Lady Marjorie said, contentedly. She was still striving to catch a glimpse of the blackbird. "I'm so glad that it is summer at last, Loftus. It is so much nicer here than in the winter."

"Is it?" Poor little girl, you must read it comprehensively slow here at all times in the year, I should think."

It could scarcely be said that she spoke warmly; his clear, cold, slow voice seldom varied much, but still he said it with a genuine compassion, for he adored London, as became one of the best dressed and best looking of the fashionable men about town who knew everyone and was received everywhere, and detested rural life of any kind with as much energy as he ever brought to bear upon anything. His cousin laughed and shook her brown head.

"Oh, no! I don't—not in the summer. I wouldn't be cooped up in town then."

"Mr. Chas. Beauvais. Doctors say that about one person in every four suffers more or less from piles, and who can imagine more annoying, torturing, disagreeable ailment?"

After trying a few treatments without success, and as the ailment grows worse, the medical doctor is consulted. An operation he says is necessary. You think of the suffering, expense and risk to life itself, and hesitate before taking such a step. Read this letter for the proof.

Dr. Chase's Ointment has made through and lasting cures. Read this letter for the proof.

Mr. Charles Beauvais, a well-known citizen of St. Jean, Quebec, has suffered for years from chronic piles, and considered his case very serious. I was treated by a celebrated doctor who could not help me and ordered a surgical operation as the only means of relief.

"I received your ointment, and obtained great relief from the first box. By the use of three boxes I was completely cured. This is why it gives me great pleasure to recommend Dr. Chase's Ointment to all who suffer from piles as a treatment of the most valuable value."

Dr. Chase's Ointment, 50 cents a box, all dealers or Edmanston, Bates & Co., Limited, Toronto.

How He Escaped An Operation And Was Completely Cured of Piles of 14 Years' Standing by Dr. Chase's Ointment.

Mr. Chas. Beauvais.

After trying a few treatments without success, and as the ailment grows worse, the medical doctor is consulted. An operation he says is necessary. You think of the suffering, expense and risk to life itself, and hesitate before taking such a step. Read this letter for the proof.

Dr. Chase's Ointment has made through and lasting cures. Read this letter for the proof.

Mr. Charles Beauvais, a well-known citizen of St. Jean, Quebec, has suffered for years from chronic piles, and considered his case very serious. I was treated by a celebrated doctor who could not help me and ordered a surgical operation as the only means of relief.

"I received your ointment, and obtained great relief from the first box. By the use of three boxes I was completely cured. This is why it gives me great pleasure to recommend Dr. Chase's Ointment to all who suffer from piles as a treatment of the most valuable value."

Dr. Chase's Ointment, 50 cents a box, all dealers or Edmanston, Bates & Co., Limited, Toronto.

How He Escaped An Operation And Was Completely Cured of Piles of 14 Years' Standing by Dr. Chase's Ointment.

Mr. Chas. Beauvais.

Doctors say that about one person in every four suffers more or less from piles, and who can imagine more annoying, torturing, disagreeable ailment?

After trying a few treatments without success, and as the ailment grows worse, the medical doctor is consulted. An operation he says is necessary. You think of the suffering, expense and risk to life itself, and hesitate before taking such a step. Read this letter for the proof.

### PALE ANAEMIC GIRLS

Fine New Health Through Dr. Williams' Pink Pills for Pale People.

There must be no guesswork in the treatment of pale, anaemic girls. If your daughter is languid, has a pale, sallow complexion, is short of breath, especially on going upstairs; if she has palpitation of the heart, a poor appetite, or a tendency to faint, she has anaemia—which means poverty of the blood. Any delay in treatment may leave her weak and sickly for the rest of her life—delay may even result in consumption, that most hopeless of diseases. When the blood is poor and watery, there is only one certain cure—that is Dr. Williams' Pink Pills, coupled with nourishing food and gentle out-of-door exercise. Dr. Williams' Pink Pills actually make new blood, which flowing through the veins stimulates the nerves, increases the appetite, gives brightness to the eye, a glow of health to the cheek, and makes weak, dependent girls full of healthy activity. The case of Miss J. H. Lassalle, Sorel, Que., is typical of the cures made by Dr. Williams' Pink Pills. She says: "I was weak and all run down. My face was pale and covered with pimples. My lips were pale. I suffered from pains in all my limbs, which would at times be swollen. I was hardly ever free from headaches, and I found work about the house a burden, as the least effort left me fatigued and breathless. I had no appetite, and notwithstanding that I was constantly doctoring I seemed to be growing worse all the time. One day mother said that she thought I ought to try Dr. Williams' Pink Pills, and I decided to do so. I soon discovered that I had found the right medicine, and after using nine boxes I was once more enjoying the best of health, and I have not been unwell a day since."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## SURLEY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

### Sweetens your stomach, clears your head and thoroughly cleanses your liver and 30 feet of bowels of sour bile, foul gases and clogged-up waste

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs to-night sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested

fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no gripping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it cannot injure.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna." Refuse with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine old reliable bears the name, California Fig Syrup Company.

Puckering.

Thos. J. Turpin, who weighs 300 pounds, has been signed by the Cobourg intermediate O. H. A. team.

Nipissing are leading in the Cobalt District League, with three wins and one loss, McKinley-Darragh is second.

The Sydney team defeated the Halifax Crescents 4 to 2 last night. This makes the sixth defeat of the Crescents this season without a win.

Frechette and Mohan, the Hamilton "amateurs" who failed to make good with the Tecumsehs, have been sold to the Canadians.

Nicholson of Tecumsehs and Paddy Moran of Quebec are tied for the goal tending honors. Both have been scored on 30 times.

Ottawa Citizen—Well, there's at least one consolation for local sportsmen. The baseball season is only three months away. That's one game at which Ottawa can show the way.

Cleveland Press—"Dutch" Poland refused to play the second half of the game. "That guy, Riley Hern, knows me, and he won't let me get away with anything," lamented Poland. There's no use leaving the bench. I'll be right back if I do." Trimble relieved him.

Winnipeg Telegram—Win or lose the Allan Cup in the championship race no win progress in this city, the champion Victorias, holders of the Canadian amateur hockey title, will make a trip across the Rocky Mountains at the close of the season to play against the amateur teams of Vancouver and Victoria.

Toronto R. and A. A. senior O. H. A. team play what they consider the hardest game of the schedule to-night when they meet Preston on the latter ice. Last year's intermediate champions have a fast aggregation, and it would not be a surprise if the locals were handed a beating.

### THE OAR.

Argonauts Order Boats

The Argonauts Rowing Club has given Sims, the famous English boat builder, an order for an eight, a four and a double for racing purposes. The shells will be ready for use in the Spring. The club will also have another gig, which will be built by Ackroyd. It will carry fifteen to twenty persons.

When these boats are placed in the club-house the Argonauts will be as well equipped for racing shells as any club on this side of the Atlantic.

## BASEBALL

LOS ANGELES, Jan. 24.—Fred Snodgrass, centrefielder of the New York Nationals whose muff of a fly ball in the deciding game of the world's series last Fall was a large factor in losing the world's series for his team, has again signed a contract to play with Manager McGraw.

## GRATEFUL MOTHERS

What Zam-Buk Did For Their Little Ones.

Thousands of mothers in Canada owe a debt of gratitude to Zam-Buk for its cure of their children and hundreds of them are not slow to recognize the claim.

Mrs. J. Quiding of Ninette, Man., says: "My little boy was suffering very badly from a form of skin disease over his eye. I applied Zam-Buk to the affected part, and in a very short time the sores were completely healed."

Mrs. F. Miners, of 311 Suffolk St., Guelph, Ont., says: "My little daughter Lorinda (6), contracted a skin disease. This first broke out like tiny water blisters, afterwards taking the form of dry scabs. These would disappear for a short time, and then reappear worse than ever."

"We tried Zam-Buk and with each application the irritation and soreness were greatly relieved and the child rested easier. Persistence with Zam-Buk worked a complete cure."

All druggists and stores sell Zam-Buk at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

### Catarh is an excessive secretion accompanied with chronic inflammation from the mucous membrane.

Hood's Sarsaparilla acts on the mucous membrane through the blood reduces inflammation, establishes healthy action, and radically cures all cases of catarh.

## LEGENDS OF ST. SOPHIA.

Quaint Tale of the Beautiful Mosque in Constantinople.

"Famed throughout the world for its beautiful architecture, the mosque of St. Sophia has a legend that acquires sudden interest now," writes a European correspondent of the Chicago News.

"Originally the mosque was a Christian church. The priest was in the act of celebrating mass on that memorable 20th day of May, 1453, when Sultan Mohammed rode his horse into the sacred edifice, followed by his victorious turks, and began slaughtering the Christians. The priest fled from the altar, passing through a small door behind him, but when the pursuing turks reached the spot, intending to follow the priest, they found but a blank wall. The door had disappeared, and all traces of the fugitive were gone."

"But the story goes that when once again the mosque of St. Sophia became a Christian place of worship the wall will open of its own accord and reveal the secret door, out of which the aged priest will step forth to conclude the celebration of the mass at the altar."

"Another legend, recounted even by the Turks themselves, tells of two monumental candles built into the apex of the mosque. On every high Christian festival these candles are super-naturally set alight. When these candles are quite burned down into their sockets the Turkish domination will be over and the mosque of holy wisdom will be a Christian church once more."

## ALUMINIUM GARMENTS.

Their Wearers Look as Though They Had Been Dipped in Silver.

Aluminium, as is well known, is extracted from clay. It was Napoleon who styled it "the silver of clay." Formerly it was the practice to extract it from the clay by means of retorts. More recently the electrical current has been employed for this purpose and with marked success, the cost of production of this valuable and by no means fully utilized metal thus having been very much reduced. In 1850 a pound of aluminium cost about \$40; nowadays it costs only about 20 cents.

Above all other metals, aluminium has the greatest specific lightness with the greatest durability and toughness. It can be rolled out and drawn exceedingly fine. This has made aluminium valuable and useful in the textile industries.

The fabrics made from aluminium do not require combination with other textile yarns. Of late the most beautiful effects have been obtained by employing aluminium in smooth as well as in twisted threads for the warp and for the weft silk yarn of any desired color. These fabrics are used in the making of evening cloaks and of theatrical costumes. Of late the most beautiful effects have been obtained by employing aluminium in smooth as well as in twisted threads for the warp and for the weft silk yarn of any desired color. These fabrics are used in the making of evening cloaks and of theatrical costumes.

## The Great Libraries.

Forty-six miles of books, which represent nearly 4,000,000 volumes, form the largest library in the world, that of the British Museum. Oddly enough, although the largest and admittedly the most valuable library in existence, that at the British Museum is also the "youngest" of the great libraries of the world. The other most famous ones, such as the Vatican library, the Bibliotheca Nationale in Paris and the Royal library at Munich, had whole centuries the start of it, yet now the only one of them that approaches it in size is the Paris library, which is next biggest, with 3,500,000 volumes. Third place is occupied by the Imperial Library at St. Petersburg, which contains 1,831,623 books, while the United States claims fourth for the Congressional library in Washington, with 1,798,158.

## Old Time Delicacies.

Swans are coming back into favor as a dish for the table. This reversion to the tastes of our forefathers may lead to a demand for other delicacies once held in high esteem. In the thirteenth century the heron, the crane, the crow, the porcupine and the bittern were considered excellent food. But for some undisclosed reason the same and the porcupine were despised, and in the houses of the nobles neither was ever seen. Another dish favored by our ancestors was dill-groust. This must have been a special delicacy, for the lord of the manor of Addington held his tenure on the condition of his presenting the king every year with a dish "called dill-groust, and if fat be added then it is called malpigerum."—London Chronicle.

## Culture Pearls.

The British commercial attaché at Yokohama reports that considerable export business is done with Europe and America in Japanese "culture" pearls, which, although in appearance and nature the same as the natural oyster pearl, are obtained from oysters by a special process at the Mikimoto pearl culture farm in the bay of Ago, a small bay inside the gulf of Ise. The "culture" pearl has to be cut out of the shell, whereas the natural pearl is found free in the oyster. Consequently in the case of the former one part of the pearl is inferior in appearance, and this accounts for the large difference in value between natural and "cultured" pearls.

## A Popular Map.

Belgium has issued a military map, which is on sale. Her general staff were among the 88,000 copies who bought for the German army. Belgium's neutrality is "guaranteed" by the powers, but as a good route to Paris lies that way the maps might come handy.

## Children Cry FOR FLETCHER'S CASTORIA

## A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol lowers the germicidal power of the body and that alcohol paralyzes the white corpuscles of the blood and renders them unable to take up and destroy disease germs. Disease germs cause the death of over one-half of the human race.

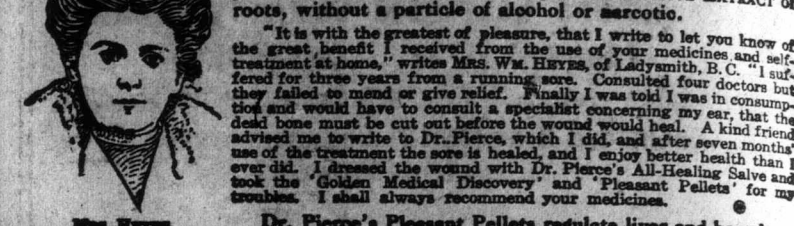

A blood medicine, made entirely without alcohol, which is a pure glyceric extract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and Stone root, has been extensively sold by druggists for the past forty years as Dr. Pierce's Golden Medical Discovery. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

Dr. B. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an ALTERNATIVE EXTRACT of roots, without a particle of alcohol or opium.

"It is with the greatest of pleasure, that I write to let you know of the great benefit I received from the use of your medicine and self-treatment in the case of my wife, Mrs. H. W. Pierce, of Littleton, Colo., who for three years from a running sore. Consulted four doctors but they failed to cure or give relief. Finally I was told I was in consumption and would have to consult a specialist concerning my ear, that the deaf bone must be cut out before the wound would heal. A kind friend advised me to write to Dr. Pierce, which I did and after seven months' use of the treatment the sore is healed, and I enjoy better health than I ever did. I assured the wound with Dr. Pierce's All-Healing Salve and soothed it. I shall always recommend your medicine."

I shall always recommend your medicine.

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Mrs. H. W. Pierce. Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Public Building, Brantford, Ont.," will be received at this office until 4:00 p.m. on Monday, February 5, 1913, for the work mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained at the office of Mr. Thomas Hastings, Clerk of Works, Postal Station "E," Yonge St., Toronto, at the Post Office, Brantford, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10%) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
R. C. DESROCHERS,  
Secretary.  
Department of Public Works,  
Ottawa, January 3, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department—31129.

NEW YORK, Jan. 23.—The Herald from Paris reports a burglary of works of art in Paris. In the course of a week residences of four wealthy Paris noted art collectors, have broken into and objects of great value, selected with a discretion that betrays a cultivated taste, carried off.

The burglaries apparently the work of a band, well known under a leader apparently with the contents of the private collections, restricting operations to those containing of extreme rarity.

The first of the series of residence of Comte de Reille, 37 Rue de Basano. The objects tried off were rare gems and engravings. Next the apart of the Marquis Henri de Douet ville, at No. 39 Rue France mier was entered. Here ag
