BISHOP MEDLEY'S DEATH.

A shock was felt by the people of the province generally and particularly by the people of this city when the news went forth on Friday morning that Bishop Medley had breathed his last. Although well gone in years and confined to the home by illness yet hope was strong that he might be spared to his church and adherents a little longer. It was not to be and this clergyman who has guided the destinies of the Episcopal church in this province for so many years with such consummate skill has laid down the burden of life and been gathered to his fathers. He found the church of England here in a weak condition, its missions scattered, its people not taking that interest which they should, its church edifices small and badly cared for. His energy soon remedied all this; he placed his church work on a sure foundation, he planned its system of supply and gave to this city the Cathedral, a monument of himself. As a man he was beloved by all classes, while as a scholar and divine he graced the high position to which he was called, setting an example to the standard bearers of his church marked by love, kindness and strict adherence to the right. Until very recently he was a familiar figure on the streets. All classes went with each other in the reverence shown him. It will not be saying too much that the death of Bishop Medley is the greatest calamity that has for years fallen on the citizens of this city and the church of England in this province.

A PEOPLE'S POET.

The Quaker poet, John Greenleaf Whittier, has passed away at the age of eighty-seven. He was a native of Haverhill, Mass. Like many other illustrious men who have made themselves famous in all walks of life Whittier was of humble origin, he himself having up to his eighteenth year been employed on a farm, and occasionally pursuing the trade of a shoemaker. As the editor of the American Manufacturer he began his literary labors. He was twice elected to the state legislature. His first poem was given to the world in 1831. He was unmarried. He may be called the Burns of America having more than any other of the American poets sung the simple heart songs of the people. He was a man of quiet but firm resolve, one who made friends by his genial disposition rather than by commencing them by his brilliant achievements. He cannot be called a great poet but his poems breathe all of nature's milder moods with a love for the genuine and true that will forever place the deceased poet in the front rank as the people's poet of America.

The board of health for York County has been crippled by the actions of a few of the councillors who for reasons best known to themselves, but which must appear to their constituents to be wrong have resisted all efforts to make the board successful. Now that an epidemic of cholera is threatened steps should be taken to ward off the disease by well concerted measures such as the board of health could supply. Whether the board considering the treatment it has received from the hands of these councillors will take any action is a matter that is entirely under the control of its members. It is to be hoped, however, that the board will do what it can to convince the public health, and that the councillors opposed to the board will learn the lesson that it is not always in the interests of themselves or their constituents to be guided by blind obstinacy and to vote down a measure which is upheld by all civilized nations and which is absolutely necessary.

LATEST ADVICES are to the effect that premier Abbot can not, on account of ill health, hold the leadership of the conservative party of Canada any longer. The question then turns to a probable successor. Sir John Thompson, who has been the ruling spirit since the death of Sir John Macdonald, has been named, but evidently does not control sufficient members of the government to make his premiership a success. Mr. Haggart has also been named, but his chances are not to be compared with those of Sir Charles Tupper, who evidently will, in a short time, assume the reins of government. The Montreal Star says: Our impression is that the unity of the conservative party and the preservation of the loyal and patriotic principles which characterize it will be best secured under the leadership of Sir Charles Tupper. This shows pretty plainly how the wind is setting.

MANY of our contemporaries are launching out into the stormy sea of politics giving reasons pro and con as to when a local election will take place and reasons therefor. As the house has not as yet been dissolved and no good reason has been given why it should, it would remain that all this excitement is a little premature. The Reporter, with its characteristic dash and brilliancy, has already announced the personal election of Sir John Macdonald, and has read out of the ranks of those who may form the opposition ticket, the men who carried their banners to defeat in the last contest. Whether these gentlemen may be pleased or not with the idea, there appears to be an element in that party that the Reporter seeks for other leaders. We shall see what will shall see.

ALL efforts to unravel the mystery surrounding the disappearance of the Smith child at Doak settlement have been unsuccessful. Careful search has been made of the house and premises but to no purpose. It is now in order for the city council to offer a reward such as will stimulate all to help on the work of finding either the remains of the child if lost in the woods or the party or parties who may be connected with its disappearance. It will not do to let the matter rest as it is, until all the resources of the city have been taxed to the utmost.

With the defeat of John L. Sullivan prize fighting will now lose much of that interest which while he held the championship of the world centered around it. While he was thought to be invincible he received more or less honor but now that he has been defeated with him will go out much of that sympathy that led his countrymen to back him to any amount. A broken idol is worse than none and so Sullivan finds it to-day.

Reports from all sections respecting the crop show that the yield of potatoes will not exceed that of last year while grain, especially buckwheat, will be below the average.

THE CITY MOURNS.

Death of the Right Reverend John Medley, Bishop and Metropolitan.

The death of the most Reverend John Medley, D. D., Bishop of Fredericton and Metropolitan of Canada took place at half past eight o'clock on Friday morning. Bishop John Medley was the son of the late George Medley, esq., gentleman, of Grosvenor Place, London, where the late bishop was born December 19th, 1804. He received his early training in the schools at Bristol, Bewdly, Hammersmith, Cobham, and took his degree at Wadham college, Oxford, in 1829, after a three years course. His name figured in the class list of honors at that institution. So thorough were his studies in classics that he was entitled to the distinction of being one of the foremost authorities in that branch of learning in the dominion, though, unfortunately for a proper conception of the same, his lordship's literary ventures have been very limited. In 1828 he was ordained deacon, and priest of the church of England in 1829. He entered upon his first parochial charge as incumbent of St. John's church, Truro, Cornwall, in 1831, and became vicar of St. Thomas, Exeter, in 1833. Prior to 1845 the Anglican churches in New Brunswick were within the diocese of Nova Scotia. In that year the churches of this province made a representation to the archbishop of Canterbury of the need of a bishop, and Rev. Mr. Medley was nominated to Lord Stanley, then colonial secretary, and came out to New Brunswick. The people established a station fund of £3,000, the interest of which was to be applied to his maintenance. In addition thereto the bishop received his official salary, half of which he surrendered to the present coadjutor bishop upon the latter's appointment. In 1879 he was elected to the honorary position of metropolitan of Canada by the house of bishops on the resignation, because of ill health, of the previous incumbent, most rev. bishop Oxenden. When he reached this province in 1845, there were about 30 C. of E. missions in New Brunswick, of which twelve were vacant. The clergy numbered twenty-eight under the superintendence of Dr. John Inglis. Through his endeavors the Cathedral was built and will always stand as a monument to his good taste, energy and business management.

His lordship, on the occasion of his return from England, where he was attending the Lambeth conference in 1888, was received by a special committee and heartily welcomed. Chief justice Allen read an address, the first paragraph of which was as follows: The clergy and laity of the church of England in Fredericton, with great gladness of heart at seeing you once more, and with deep thankfulness to Almighty God that he has restored you to them in undiminished health and vigor, meet to welcome you, and to offer their affectionate congratulations on your safe return, after prolonged absence to your Canadian home and diocese.

An address was also made by Sir Leonard Tilley. Finding the work of carrying on the business of the diocese beginning to tell upon his health, he applied for an assistant, defraying the salary five hundred pounds from his own pocket. The Rev. Dr. Kingdon was chosen and after being approved by the Metropolitan was appointed coadjutor. He was consecrated in the Cathedral in 1881. It was part of the arrangement that on the death of the Metropolitan, Dr. Kingdon should succeed to the bishopric.

His death came very quietly, Mrs. Medley, with Mrs. Chas. Medley, relict of deceased's son and Rev. Mr. Alexander were at the bedside. Rev. Canon Drigotke had been present but had gone to St. John by the early train. Flags were hoisted at half mast throughout the city as soon as the tidings went forth that he had passed away. The funeral will take place on Tuesday at eleven o'clock. The interment will be in the plot of ground in the Cathedral yard set apart by the Bishop himself for that purpose. The arrangements will be as follows: On Monday afternoon at half-past four a short service will be held at Bishopscote, the residence of the late bishop, after which the casket will be carried to the Cathedral where another short service will be observed. The body will then lie in state till the interment on Tuesday. The public will be admitted to view the remains from six to nine o'clock, Monday evening. There will be two celebrations of the holy communion in the Cathedral at 8 and 10 o'clock. The burial service will begin at 11 o'clock. The ordination to have been held at the Cathedral to-morrow is postponed on account of the death of the Metropolitan.

DECEASED.—Miss Estabrooks, a lady student of Carleton county who failed to pass the Normal school examination has become partially deranged. She was not at all strong prior to the examination but with rest and care it is expected that she will recover.

WOODSTOCK BRIDGE.—Alfred Haines, who has taken charge of the building of the new bridge at Woodstock has ordered one of the partially built piers to be taken down and properly rebuilt. All defects in the work will be carefully searched out and if found will be remedied so far as possible.

SHOP EXTENDED.—George Little's shop at the end of the highway bridge, St. Marys was entered at noon on Thursday, when the proprietor was absent. The till and shelves were rifed and quite an amount of small wares carried away.

KINGSLEAR. Sept. 9.—Fine weather for harvesting and the farmers are improving it. The Baptist Sabbath school picnic held on the beautiful grounds of Basch Lant, on Wednesday last, was a grand success. There was a good list of sports well carried out. Some of the prize winners were: Chas. Kilburn; ladies: archery, Miss Campbell; air gun, Gen. Frank Solomon; air gun, ladies, Miss Campbell; boat race, ladies, Messrs. Dunphy and Campbell; boat race, gen. Messrs. Burnett and Dunphy.

Three of our young men, Messrs. Burnett, Dunphy and McInchob started for the West on Thursday last. The Rev. Calvin Currie preached his farewell sermon in the Baptist church on Sunday last. He has accepted a call from the Richmond church, Carleton county, and expects to move there soon.

Mr. Flemming, who lately arrived here from England, is stopping at James Yelands.

Rumors of parish elections are afloat. John Orr has been laid up for some time with a felon on his hand.

John Murray, jr., who had the misfortune to cut his hand with a scythe, is improving.

CLOVERDALE.

SEPTEMBER 5.—Owing to the dull weather some of our farmers are not done harvesting. Harvesting is going on nicely now of the grain in this section of the county is fit for cutting; several are about done cutting. We have had very heavy frost lately, not much harm done—only ripening the cucumbers and beans and a little late grain.

The pie social held at this place was largely attended in spite of the rain. The sum of \$10.80 was realized. A very pleasant evening was spent both by young and old.

The Rev. John Prosser held meetings here last Sabbath. There was a large turnout to hear him.

There will be a Sabbath school picnic held here on the 15th of this month and concert in the evening.

Mr. and Mrs. Miles Jones, of Keewick, are here visiting friends.

Mr. and Mrs. Calvin Knox, of Caverhill, were among the number of visitors to this place this week.

Mr. and Mrs. Samuel Hill, of Hainesville, spent last Sabbath with his mother, Mrs. John Hill.

Mrs. John Mocker, who has been spending a few weeks here, has returned to her home, Grand Falls.

Abraham Jones has returned from the Douglas boom where he has been working for a few weeks.

Mr. Slack, the fortune teller, passed through this place stirring up the past and revealing the future and taking away some of the change with him.

THE HERALD is one of our most welcome papers, being one week old when we receive it, but that is not the paper's fault, rather the way the mail is carried. We are still living in hope of better arrangements in the mail system.

BOIESTOWN.

SEPTEMBER 8.—The farmers are now taking advantage of the favorable dry weather in getting in their grain. The oat crop will scarcely be so good as expected, but the potato yield will be far better than last year.

A temperance meeting was held in the church, Monday evening, Rev. Neil McKay and Rev. Theo. Marshall of Chatham taking a prominent part. These gentlemen are sent out by the Chatham Alliance to work in the interest of sustaining the Scott act. The meeting was well attended. E. Bell, the chairman, who is a strong temperance worker, addressed the people for a short time, as likewise did John Hinch.

The temperance workers are now beginning to take an active part against the repeal of the Act which is to be decided on the 29th inst., by the coming election.

An English gentleman, accompanied by Mr. Robinson, of Metapedia arrived here on Tuesday with their baggage and two assistants for a three or four weeks cruise among the Dugarron lakes. This gentleman's chief desire is to see and have a shot at a moose. We have no doubt his wish will be realized, as H. Braithwaite (who guides the expedition) never fails where moose is concerned.

Some stir is beginning to be made for the woods. Dennis Lynch who is around hiring men, intends starting a party next week to his camps at Clowater.

HARVEY STATION.

SEPT. 8.—The weather for the past week has been fairly good for harvesting operations, and a good deal of the grain crops have been secured. Some farmers have already begun to take up their potatoes. Those who have been digging say that the crop is light. It is expected that the price of potatoes will be higher than it was last fall.

Harvey has just lost three of its oldest residents. Mrs. Margery Atheson and her daughters Margery and Hannah left yesterday for Houlton, where they intend to reside in future. Mrs. Atheson came with her husband (who is now dead) from Bowdoin, Scotland, about fifty-one years ago, and has lived here ever since. She is now in her eightieth year, and is still hale and hearty. She and her daughters were much respected and we will miss them a great deal.

Dr. Ernest Kirkpatrick, from Philadelphia, made us a visit last week. He was the guest of Mrs. W. E. Smith.

MARTIN SETTLEMENT.

SEPT. 8.—Most of the farmers here have nearly finished harvesting, and the thrashing machine is now at work.

Mr. and Mrs. Sinclair, of St. John, spent a few days last week with relatives here. Robert Irvin has finished his new barn, Ira Doug being the carpenter.

Mrs. Samuel Graham is quite ill.

Mrs. Cummings and her sister, Miss Sidney Annis, intend leaving on to-night's train for Philadelphia, Me., where they will spend the winter.

Charlie Scott has purchased a fine colt. George E. Gaskin intends returning to Gorham, N. H., the first of next week.

The school was opened most successfully on Monday, August 15th, by Miss Minnie Stewart. There is a very large attendance for the season.

Robert Scott, of Brookton, Me., has been spending a few days with his mother, Mrs. Wm. Scott, of this place.

DURHAM.

SEPTEMBER 6.—Mr. and Mrs. John Spencer, from Bloomfield Ridge, were visiting friends here last week. They are as happy and genial as ever.

Owing to the frequent rains the farmers are only just finishing haying. Elisha Haines claims to have cut the longest swath on his place, of any one in Durham. One hundred and twenty rods was the length.

John and Elisha Haines gave a party the 25th of August. Had about forty guests. A very enjoyable evening was spent. Their parties are very popular.

Mrs. Bernard Cook, who has been spending the summer with her mother, Mrs. Fred. Haines, left Tuesday morning for her home in Malden, Mass.

Messrs. Prosser and Thompson were with us again on Sunday eve. They both made stirring speeches, and were attentively listened to by an appreciative audience. We hope they will visit us often.

Suggestion for a Summer Trip

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by the Northern Pacific railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibule trains of the Northern Pacific railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Yellowstone Park.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canons, and to Alaska with its endless ocean channels, snow-capped peaks, Indian villages and giant glaciers.

If you wish to investigate this suggestion, further send to Charles F. Peck, General Passenger Agent, N. P. R. Co., St. Paul, Minn., for copies of the handsome illustrated "Wonderland" book, Yellowstone Park and Alaska folders.

AROUND THE WORLD.

The Weekly Events in Brief—The Ocean of our Exchanges.

Geo. R. Parkin is on his way out from England.

The Montreal Star nominates Sir Charles Tupper as Canada's next premier.

Mayor Normand, M. L. A., Three Rivers, has resigned his seat, which was contested in the courts.

The cotton warehouses on Dutton street, Liverpool, have been destroyed by fire. Damage \$50,000.

Cunarder Campana, the largest steamer in the world, was successfully launched at Glasgow, on Thursday.

The Hamilton street car employes organized an association one night and next day the ring leaders were discharged.

According to instructions received from Ottawa, Dr. Harding, health officer at St. John, will stop all passenger steamers entering that port.

Sheriff Dibblee Woodstock, has been confined by severe illness for the past two weeks but is now reported improving. He hopes to be out again.

At the races in Moncton last week, in the two year old race, Grace Wilkes, in 2:48, broke the two year old record for the Maritime Provinces.

The will of the late Sir Daniel Wilson, president of Toronto University, has been filed for probate. The estate, valued at \$75,000, goes to his daughter.

The department of fisheries has been advised of the seizure of the American fishing schooner "Hattie Maud" by the cruiser "Onion" near St. Andrews.

Rev. Sam Small, the noted temperance evangelist, who has been in Indiana expounding the doctrine of prohibition, was shot in the thigh Tuesday, at Hales-ton.

Special despatches to the London Times from Shanghai say that a European missionary and a number of native Christians have been massacred in the province of Szechuan.

An attempt to re-open the Andover case, by instituting a new trial of the old charges against Prof. Synthe, ended in the dismissal of the case by the board of visitors.

On Tuesday the first asphalt pavement ever laid in Woodstock was put down. Sidewalks in two districts of Wellington ward and one in Kings ward are the first to be so treated.

Julien Brossier, a customs officer stationed at the Canadian Pacific depot, Montreal, has defaulted and gone to the States with the customs.

L. Keeney Hayner shot and killed Michael Adams, and dangerously wounded his own wife, in Jersey city, N. J. They were captains of canal boats. Jealousy was the cause.

The state's injunction issued against Barclay Brothers, Vermont, restraining them from carrying out the agreement with the granite cutters, has been sustained by the court.

Henry Dixon, a negro, was lynched Friday night at Kenner Station, ten miles from New Orleans. He was suspected of being the murderous assailant of Judge Long a few weeks ago.

John Greenleaf Whittier died at 4:30 o'clock Wednesday morning. The poet had been sick for about a week, but he had not been strong for a long time, owing to his advanced age.

Baptiste, the celebrated Indian pilot is dead, aged eighty-two years. He was the first Indian to run a mail boat down the Lachine rapids and was the best known pilot on the St. Lawrence.

The second phase of the Behring sea arbitration has closed with the exchange of cases between the agents of the principals. The first phase ended when the arbitrators were appointed.

The Ottawa Citizen—organ of the Dominion Government—says that owing to the illness of Sir John Caldwell Abbott, Sir John Thompson will soon be called to the premiership of Canada.

Although they are supposed to have a watchman as well as protection chains on the St. John ferry boat, somebody allowed a boy to be killed on Saturday by attempting to leave the boat too soon.

A public meeting will be held in the Temperance hall at Upper Gagetown, on Tuesday next, to consider matters relative to the St. John Valley railway, and all persons interested are invited to attend.

The Dominion government Friday received an application from the chief of the Manitoba Provincial police for the extradition of Thos. H. Jones, now under arrest at St. Paul, Minn., and wanted in Winnipeg for forgery.

Great excitement prevailed at Sydney, C. B., a couple of days since, when a report was put in circulation to the effect that a bark which had arrived from the other side had cholera on board. There was no truth in the rumor, however.

The Presbytery of St. John met Tuesday morning in St. Andrew's church. A special committee submitted a report declaring that the disciplining of an elder at Bocabec and Waweg had been irregular, and recommending that the proceedings be set aside.

An attempt was made to derail a train on the Grand Trunk Railway near Collins Bay Thursday. J. E. Jones discovered a large spike lying on the rail and as it was in a straight position it could not help but have thrown a train off alone happened along.

Capt. Seaban and one sailor, of the British schooner May Gibbon, lost at sea while bound from Portland for Demerara are the only two known to have been saved from the vessel. They were landed at St. Michaels by a vessel that picked them up. Four of the crew are known to be drowned.

An injunction was granted Wednesday against the officers of the Supreme Lodge of the American Protective League, a five year benefit order, at Lowell, Mass., who are charged with squandering the funds of the order. It is alleged the order owes \$200,000, but has only \$150,000 in its benefit fund.

Cornwall, Ont., on Tuesday was shocked by one of the blackest murders committed in America. James McMahon, a former resident of the town, but absent for two years, shot and killed special constable John R. Davy while undergoing arrest for shooting two other men, Antoine Lafesse and Antoine Lafesse.

Tuesday afternoon a man who had been murdered was found in the woods about three miles from Island Falls, Maine. His head was crushed. The man was about thirty-five years of age and well dressed. About a rod from him was found a gold watch. No papers were found to identify the man, who was a stranger.

The Quebec provincial government Thursday night last issued a proclamation bringing into effect the by-laws adopted on Tuesday by the Central Medical Board, and which prohibit the landing in any part of this province of passengers from infected ports, and also prohibit the landing of immigrants, no matter where heading from.

NEW ADVERTISEMENTS.

THIRD PAGE. Situation Wanted... H. D. Cook Property for Sale... D. Robinson

LOCAL NEWS.

RESIGNED.—Miss Kate Murphy has resigned her position as matron of the P. L. asylum. She formerly belonged to Frederickton.

AGRICULTURAL SHOW.—St. Mary's and Douglas Agricultural show will be held on or about the 15th of October.

S. A. FERRIVAL.—The harvest festival at the S. A. barracks on Sunday and Monday last was attended by large numbers. It was a success financially.

OBSCURE MILL.—Mr. Chase, who had his mill at Kingsclear burned some time since, has erected a mill at Orontosto and has just started sawing.

NEW MILL.—Hale and Murchie's mill has been completed and now has commenced the regular work of sawing. She is a well equipped mill and cuts fast.

STEWART.—Ald. Duffy is receiving great credit from the people of the lower mills for his activity in getting a sidewalk placed there. One is now about completed.

APPOINTED.—John Davidson, of Edinburgh has been appointed to the chair of mental and moral philosophy at the university, in place of Prof. Murray, resigned.

IMPROVED.—Phillip Cox, B. A., of Margerville, who has been at the hotel here for some weeks, is able to take a walk out on Tuesday and is rapidly getting better.

FOR SIXTY DAYS.—Rows, Jarvis and Webb mentioned in last issue as the youths who robbed J. J. Woodall's dry goods establishment, were sentenced by the police magistrate to sixty days jail.

THOS. WHEELER has lately imported a very fine team of driving horses from St. Stephen. They are well matched, fat and will make quite an addition to his livery stable. They are the nearest team in the town.

GAINING FRIENDS.—Visitors to the city from Sunbury county speak of the growing farm in which C. B. Harrison, M. P. P., is held. They say that should an election be called his name is assured there.

LETTER BOXES.—It is reported that the Marysville town council are considering the advisability of placing letter boxes in different parts of that town. It will prove a great convenience and the cost will not be great.

CONTRACTS AWARDED.—H. B. Clarke has been awarded the contract for the erection of the auxiliary engine house at the water works. W. J. Starr has the contract for the new exhibition building and is speedily getting to work.

NORMAL SCHOOL.—Only twenty-two of the large class of candidates for admission to Normal school failed. One hundred and ninety-five passed but many of them conditionally. There were two hundred and seven at examination.

FROM A CRUISE.—Gus Tweedale, with several friends, has returned from a sporting and exploring expedition to the St. John river. His camp was visited by Geo. Hanson and Mr. Likely of Maryville. They reported that in abundance and many signs of deer.

MADAM BERGLAND.—Grani and Nason who were sent up by police magistrate Marsh to stand trial at the coming session of the county court for burglary at H. Dinmore's shop, Madam, underwent speedy trial on Friday and were sentenced to three months in jail.

GONE WEST.—Jer. Harrison, of the bank of Nova Scotia, has gone to Chicago from Halifax to take a position in the new branch just being opened there. He is a son of C. B. Harrison, M. P. P., and has had quite a service in several of the branches of the Nova Scotia bank.

LOW WATER.—The schooner Geneva owned by John Gibson of Maryville has loaded with shingles at Morrison's for Cape Cod. She was aground here several times. A wood boat remained all day Wednesday aground in the Orontosto shoals. Another grounded opposite the Star line wharf on Tuesday.

RIVER STEAMER.—The David Weston, when near Hampstead on Tuesday morning on her upward trip broke one of her paddle wheels. The Hellette was called into requisition and has been on the route since. Although a very poor boat, yet the people are glad to have even that much accommodation.

TEMPERANCE PICNIC.—The Margerville S. O. T. and the Sheffield I. O. G. T. had their temperance excursion and picnic on Friday. The Florenceville, with large contingents from this city and St. Mary's, proceeded to Margerville and Sheffield taking on the different societies. The picnic was held at Upper Jessup and a grand time enjoyed.

THE CITY'S PET.—The sturgeon that has been a captive during the summer in the Phoenix square fountain was on Friday morning taken to the river and carried to the river and set at liberty. Gave away the sturgeon winked one eye as a token that he wished success to the Celestial, gave a flip of his tail to the city clerk and took a header for the St. John falls.

FOR THE WOODS.—John Kilburn sent a crew to the lumber woods via the C. E. R. on Wednesday. One of our local lumbermen was at Orontosto during the week hiring men. He reports good men here scarce. When boom work is completed there will be men to hire, but there will not be enough to supply the demand. Many young men have gone to New Hampshire and Maine and prefer to work there rather than here.

FOR STRAHLING.—A Woodstock youth, Geo. Buck, was arrested by detective Roberts on the arrival of the train on Monday and was placed in the lock-up. He said that all the reason he could give for his arrest was: "On Saturday night previous he gave his father nine dollars, his wages for the week, and that afterwards he took \$10 from his father's desk without his knowledge. He was accompanied by a chum, named McCrea. The latter was also arrested but was let go.

FREEDOMER HOUSES.—The Kearsarge appear to meet the requirements of the Americans as instanced by the contingent from this city carrying off several prizes at the recent Bangor fair as follows: John E. Reid, first prize, six year old stallion Kearsarge Chief; first prize on four year old stallion Kearsarge, Jr., and first prize on two year old stallion Lady, Isaac Peabody; three first prizes on Lady Blackton, Kitty B and Percheron Zephyr; second on matching pair, second on four year old gelding Morris and first and second on yearling fillies. Dr. F. M. Brown third on three year old filly Lola.

LAYING A CURVE.—Engineer Ruel has been at work locating a curve to enable trains from Woodstock to cross the railway bridge without having to use the Y at the bridge approach. It appears to be the object of the C. P. R. to make this city the terminus instead of Gibson as at present, doing away with an operator at the Gibson station. The change may have some good features but will not be at all pleasing to the people across the river. The curve leaves the present track at the school house and crosses the Marysville road between E. Hanson's and the Methodist church, clearing the village altogether.

NEW RIVER STEAMER.

She Will Cost \$50,000 and do the Trip in Five Hours.

All through the summer the necessity of putting a fast boat on the river between the city and St. John has been discussed. It has been pointed out to everyone that this city has lost some thousands of dollars that might have been spent here were there a good steamer on the route. It has been hoped that the Star line would try to meet the wishes of the people, but if they tried they have failed. Now, however, there is a prospect that next year will see the fastest boat that ever has ploughed the waters of the St. John. A new boat is to be built at a cost of about \$50,000, that will be guaranteed to make the trip in five hours. About twelve thousand dollars of this stock will be subscribed by Fredericton citizens at fifty dollars per share. Farmers and residents on each side of the river will be asked to take stock so that they will have an interest in the running of the boat. The remaining stock will be placed at St. John, where Troop, Brennan and others have agreed to invest largely. It is therefore but a question of filling up the stock list and building the boat which will benefit St. John and this city to a large extent. Then the beauties of the river may be seen without the passengers being tired out as has been the case this year. It is hoped that in carrying the work pushed. Enough stock has been taken here now to assure the success of the undertaking and all will be pleased to see the new steamer.

FARMERS DAY.

The Grand Parade in Connection with the Exhibitions.

Mr. Starr has the new exhibition building well started and will have it ready for the reception of exhibits on the 28th inst. Supt. Stewart of Woodstock, was in the city during the week and will have an excursion run from that city in connection with the exhibition. Such men as J. S. Neill, D. F. George and F. B. Edgecombe taking an active part in the exhibition will guarantee that the exhibition will be worthy the patronage of all. A. D. Thomas, who has always taken an active part in all shows held here, is fully awake to the necessity of calling the sympathy of the farmers. He will be presenting to the farmers parade and will introduce many new features. The order of this parade will be as follows: Wagon drawn by four or six horses and containing... Barouche containing president, vice president and members of the executive committee. Silky plough drawn by a pair of horses with a blue flag with white letters "God Speed the Plough". Combination seeder and harrow drawn by two horses and decorated. Mower and reaper decorated. Cultivator or goose harrow, decorated. Mowing machine, decorated. Hay rake, gaily decorated, drawn by two horses with flag inscribed "New Brunswick Yeomanry". Hay rack decorated with natural flowers and flags, with twenty-five girls dressed in white, to sing. Toronto reaper and self binder, drawn by two horses.

FREE FROM CARE.

The Sick of Death has been Busy during the Week.

William Pollard, an employe at the Queen hotel, died on Friday morning after about a week's illness. For many years he had worked as a carpenter here and was well known to all.

Word has reached us of the death at Kingsclear on the night of Thursday, the 8th inst. of Joseph Eubank, one of the old residents of that parish. He was in his sixty-third year, and esteemed by all.

Sister Ligeria, a sister of Simon Neill of this city, died at St. Vincent's convent, St. John, on Saturday last. She had been a sister of charity for thirty-five years, and had taught school here as also at St. John, Shelburne and Buickville. Paralysis of brain was the cause of her death.

William Bell, who removed with his family from St. John to the Ketchum residence below town, died on Monday night at eleven o'clock from hemorrhage of the lungs. He has been ill for some time. His funeral which took place on Thursday was largely attended. The interment was at Forest Hill.

Mrs. William Moe died at her residence, New Maryland, on Saturday morning last after a protracted illness. She was a daughter of coun. David Fisher and leaves a husband, three children and a large circle of intimate friends. All speak with esteem of the one passed away. The funeral on Tuesday afternoon was largely attended.

William Cochran, one of the old Nashwaak residents, passed away on Saturday night, after a short illness. He was the father of James McConaghy, Jr. Diarrhea was the cause of death. He was in his eighty-second year. For fifty years he resided on a farm near the F. C. Baptist church at Margville. He left a large family and a great many sincere friends.

WEDDING BELLS.

Still Ring Out the Old, Old Story.

Miss Viva L. Bubar, of Maryville, daughter of Dudley Bubar, whom they were married at the residence of the bride's father on Wednesday in the presence of about seventy guests. The Rev. Mr. Parsons officiated. The bride was beautifully attired and looked handsome. Geo. Turner and Miss Clara Bubar, sister of the bride, attended on the happy couple. They have the best wishes of all for future success.

Arthur G. Thomas, of the firm of G. O. Thomas & Co., was married at St. James church, St. John, on Wednesday evening to Miss Emma M., daughter of A. McMacdon. The bride was Misses Fanning and Ruby McMacdon, sisters of the bride, and Miss McMacdon of Boston. Geo. Adams acted as best man. Among the many beautiful presents which attested the esteem felt for the happy couple were a silver service from the Social White club and a cherry side board from the Star Socials. The Rev. C. J. James officiated.

Gibson and St. Mary's.

John Wilson is very ill. Bruce Dayton is painting the Baptist church.

Winstow Tilley and sister have returned from their Nova Scotia trip. Wm. Lewis has changed his location. He can now be found in Dr. Bridges shop.

Mrs. Sherwood Yerxa and Mrs. Cowper, who were left on Friday morning for the north, were met by Mrs. Malcolm Brown who has been called to Nashwaak village by the illness of her brother and sister.

Calvin Estabrooks and B. Webb are the delegates appointed to represent the F. C. Baptist church at the district meeting at Stanley, on the 17th inst.

Geo. P. Hatchell, B. Dayton, J. Hall, Albert Boone and two others have been doing Grand Lake and Orontosto in the yacht Melbourne. They got quite a number of ducks.

Maryville Budget.

Joseph Allen is putting up three double tenement brick dwelling houses and a large livery stable.

Thos. Morrison has purchased a bus at St. John and will run regularly between this town and Fredericton.

Hesekiah Estabrooks, one of the oldest millmen here, has resigned his position. He went to Boston on Tuesday morning. Miss Dunphy and Mrs. Richards have opened up a dressmaking establishment in place of the Misses Randall who have gone out of the business.

Eliza and Michael White have been appointed delegates by the F. C. Baptist church, to represent that church at the district meeting at Cross Creek on Saturday, the 17th inst. Jas. Collings and Moses Peterson, substitutes.

COUNCILLORS ELECTION.—Matters in connection with councillor elections are very quiet at present. The old men do not say much, waiting to see the first move to opposition. It is certain that there will be changes in several of the parishes, while over half will have no contests. Some of the canvassing is being done, but in a quiet way. Bright, Kingsclear, Queensbury, Manners-Sutton and possibly Dumfries will be contested, and other parishes will retain their present representatives.

AMONG THE FLYERS.

What is Being Done on the Track by Local Horses.

The coming exhibition has set the local horse world all a-gog and the best footed steeds are being brushed out on the park all favorable evenings.

Among the horses handled by D. J. Stockford may be mentioned the four year old, Nellie, by Kearsarge, owned by A. Gibson, Jr. She has lately shown her ability to put up a mile in 3:45 or better.

Tan O'Shanter, owned by J. A. Edwards, an All Right, has gone miles here in 4:0 lately. He has gone to Halifax to compete in the races there.

A yearling, by Sporter, the property of Dr. F. J. Geary, is a beauty. It is said this youngling will be sent against the maritime record of 1:24 for half mile this fall.

Nancy Hanks, a two-year-old, the property of R. McConnell, recently moved at St. John, is coming along finely and in her class this fall will beat three minutes quite a little.

The four-year-old gelding, Oak Hall, by Kearsarge, owned by C. H. Thomas, is very speedy and has hung together eight in twenty seconds. He can, without doubt, trot in 2:50 or better.

The two-year-old filly by Elston, the property of G. H. East, Maryville, is probably the best two-year-old in the county. She is large and sound as a bottle, good disposition and has a perfect way of moving.

May, the four-year-old black mare owned by J. H. Fleeming, was come to her speed very fast and has shown her ability to trot in 2:40, putting up a mile the other day with two losing breaks in 2:45.

The grey gelding, Helena B., owned by Charles Boyle, carried a third place in the last races at Moospath. Since returning has shown miles in 4:0. On Thursday afternoon she trotted a full half in 1:17 and three-quarters in 3:5. She can, without doubt trot in 3:5.

Mr. Dunbar occupies the sheds at the entrance to the park and has a string of good ones in his care, a number of which he will probably start in the fall races. Mr. Dunbar has been very successful this season, having fitted, mated and sold the chestnut team, belonging to Isaac Peabody, at Bangor at the late fair for \$500 clear of expenses.

Sir Wilkie, four-year-old stallion, is rumored to win in his class in the fall races. A half in 2:15 is his latest performance. He will probably start in the fall races. Mr. Dunbar, two half miles in 1:17 and an eighth in 1:17 seconds, a 2:16 gait.

It was thought by many that Mr. George would allow his black gelding, George Allwright, to be fitted in the fall races, but this gentleman does not seem inclined to trot this same gelding in public anymore.

The probable local horses to start in the fall races are Helena B., Nancy Hanks, Helena B., Tam O'Shanter, Nellie and Sir Wilkie.

CLEVELAND'S MINISTERS.

Cleveland's famous minstrel in conjunction with "Cyrene" the Spanish dancer, are to appear at the City Hall on Tuesday evening next. The Washington Post says: "Washington society was very largely and enthusiastically represented last evening on the occasion of the entire of Cleveland's minstrel show. The event of the evening was the appearance, after the close of the highly satisfactory first part, of Cyrene, the truly phenomenal little Spanish dancer, who literally came and saw and conquered. Cyrene is a little short of a marvel, and must be seen to be appreciated. She is a veritable little Calisthenia, cyclone from the head waters of the Guadalquivir, and when she swings off small foot at least in a half whirl of black and orange drapery on one small, but shapely limb, the audience goes wild. She danced the cachucha, the polka, and a tornado of dances that badly demoralized a generally contributed festivity."

Miss B. Thompson is teaching at Magny. Prof. Duff is home again. Mrs. E. Varasour has returned from Sussex. Miss from St. Stephen, being ill. Mr. and Mrs. J. L. Haines have gone home to New York. A. G. Blair, Jr., has gone to take a law course at the University of Virginia. J. P. Wedgwood, who has been visiting for some time, has returned to his home in Boston. Mrs. T. C. Allen and children have returned from Bay Shore. Mrs. F. B. and Mrs. A. W. Edgecombe with their families have returned from Springbrook, where they have spent the summer. Mrs. John R. Costigan, of Calgary N. W. T., who will be remembered as Miss Dowling by hosts of our citizens, has been spending a month with her friends in the city. She is a lady of high social position, N. S. where she will visit friends for a few weeks before returning to her home in the North-west.

No tidings of the Smith child, lost at Doak Settlement have been got up to the present. There can now be no doubt that the child is dead. There was a report that a bear was seen in the vicinity previous to the child's disappearance. This was denied but is now confirmed as Geo. Gamble, conqueror of Cyrene, caught a bear in a field on Thursday morning. The city council have taken up the matter and have decided to sit it to the bottom. There does not appear to be as much excitement in the settlement as the loss of the child should naturally call for.

A SREEDY ONE.—A city rider had a very sensational ride through the city behind blacksmith Sam Cook's mare. Mr. Cook took the father to hold the horse till he had got in, then he could jump in himself. The alderman did so. "Can you get in to get my mare?" "Yes, yes," said Sam. "Oh yes!" was the reply. The mare gave him almost half an hour to get in but when she started it was in a hurry, she scalded the street corners like a bird, and so on until she secured the service of Dr. Agnew as an assistant and that all branches in their profession will receive careful attention. Nitrous oxide gas administered for painless extraction of teeth. Gold filling and extracting teeth specialities.—31.

OUT OF POCKET.—About one thousand dollars changed hands in this city on the result of the Sullivan-Corbett fight. A certain horse man of west end is out about two hundred dollars and several others dropped lesser amounts.

RECENTLY.—While on his trip to Boston recently, A. Lottimer picked up a number of lines of American boots and shoes of excellent value, which he has just received and placed in stock.

GUNS! GUNS!

JUST RECEIVED, DIRECT IMPORTATION, THREE CASES' GUNS. Powder, Shot, Cartridges Loaded, Cartridge Shells, Gun Bags, Belts, Pouches, etc. All of which will be sold at ROCK BOTTOM PRICES.

JAMES S. NEILL.

Royal Arcanum Outing. The Royal Arcanum picnic and excursion to Gagetown and return on Wednesday, 7th inst., was an unequalled success. About 300 excursionists, by invitation, left Fredericton under control when near the county jail. Ald. Moore and Jas. McGrath caught the team bringing them to a standstill.

ROYAL BAKING POWDER. It Does Its Work Effectively. THE TAILOR. Guarantees good fit, and first-class materials in his MAKE UP.

NEW ADVERTISEMENTS. WANTED. A situation as bookkeeper. For the present am prepared to post up books, or to make out and account for. -Lester T. S. Government Road Station. Word may be left at the office of J. Clark & Co. P.O. Box 102. -H. DEAN CREED.
