The copy filmed here has been reproduced thanks to the generosity of:

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont le couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

North American Colonial Association.

Third Report of the Committee for managing the Affairs of the Association.

Your Committee have again to notice the absence of any subjects of interest or importance since the last General Meeting; the Government and the Legislature having been too much occupied with pressing questions of a domestic nature, to allow of attention being paid to the various matters touching the Colonies which are likely to come under discussion.

The progress of Emigration has been anxiously watched by your Committee, and they have remarked as its distinguishing feature during the last year, that the proportion of Emigrants with Capital has been much greater than at former periods: which is the more gratifying, since Settlers of this description not only encrease the wealth of the Colonies, but at the same time afford the means of employment to the more numerous classes whose Labour is their sole dependence. Notwithstanding the visitation of the dreadful disease which was so fatally prevalent in Canada during the Summer, the Committee are warranted both by the public and private accounts which have reached them, in stating that the Emigration of the past Season has been eminently successful in every point of view in which it is to be desired, viz. in its tendency to relieve the Mother Country from the burthen of a surplus population,—in bettering the situation and the prospects of the Emigrants,—and in adding to the prosperity of the Colonies.

Your Committee have much pleasure in acknowledging the receipt of several interesting Works relating to the Colonies, especially those presented by ANDREW STUART, Esq. as President of the Literary and Historical Society at Quebec, and by A. H. ARMOUR, Esq. of Montreal; and they beg to add that the objects of the Association would be materially advanced by more general Contributions of the same nature, than they have yet been favored with.

As there has not been, hitherto, any extraordinary call upon the Funds of the Association, your Committee are enabled to refer with much gratification to their present state, the par-

ticulars of which will be detailed in the Annual Statement to be laid before this Meeting. From this it will be perceived that the expenditure has fallen short of the income during the two past years, and the balances of income saved being added to the Fund raised for the permanent support of the Association, have encreased it to the sum of £477. 4s. 3d. which is now deposited, in Exchequer Bills and Cash, in the Bank of England. It is to the augmentation of this reserved Fund that the Committee look for the continued usefulness of the Institution, and they confidently rely on the support of the present Members, together with such other persons as, being interested in the prosperity of the North American Colonies, have not yet become Subscribers.

The period having arrived at which four members of the Committee go out of office in rotation, your Committee have to report that, in conformity with the rule in that case provided, Messrs. G. B. BROWN, E. H. CHAPMAN, A. GILLESPIE, jun. and W. H. TILSTONE, cease on this day to form part of the Committee, and are not eligible for re-election until the expiration of one year; and the usual invitation having been given to all the Subscribers, to nominate Gentlemen to be ballotted for, to fill those vacancies, the following Candidates have been proposed, viz. MESSRS. ROBERT BROWN, E. R. DANSON, ROBERT GILLESPIE, and CHRISTOPHER STAINBANK.

Your Committee beg to state that the day fixed, on the formation of the Society, for their Meetings, viz. the first Tuesday in the month, having been found inconvenient, they have agreed to substitute for that day the first Thursday in each Month, and to this alteration they request the sanction of the present meeting.

By order of the Committee,

R. CARTER,

Honorary Secretary.

9th January 1833.
