

MAN AND HIS CLOTHING NEEDS

WILL ever be an everlasting problem. Since the introduction of the fig leaf in the days of Adam, man's clothing has been changing and ever changing. Time is not so far distant when the mention of Ready-to-wear garments sent a chill to the heart of the well dressed man. It was not possible for him to conceive of getting fitted just by going into a clothing store and slipping into a suit, the equal of what his tailor could make and better. This is an age of Progress. The man with the pick and shovel is all right yet on small jobs, but it's the steam shovel that takes the place of hundreds of men, when it comes to BIG WORK and saving of time and money.

Hundreds of experts work upon our garments, so that when they are completed there is nothing left to chance, every part is perfect, and no one man does it all. We are showing many new novelties in suits this season, among them the cravenetted mohair and tropical worsteds, specially designed for men of exclusive taste, \$15.00 to \$35.00.

OUTING TROUSERS AND FANCY VESTS

WE doubt if there is a house in Canada showing such a large range of Outing Trousers as we do. Almost every fabric that is suitable for summer wear is here, including white duck, linen, chantonettes, flannels and homespuns. Priced from \$1.00 to \$8.50.

The most perfect fitting Vests you can imagine in hosts of patterns and fabrics. Priced from \$1.50 to \$6.50.

The automobilist will find our showing of Dusters the best in Toronto. Priced from \$1.50 up to \$18.00 each. The last are made from silk, silk and wool, and mohair fabrics.

HAMILTON HAPPENINGS

IRON WORKERS DECIDE TO CALL OFF STRIKE

Had Been Out Since May 1—About 60 Men Involved—Prisoner Appealed to Crowd.

HAMILTON, May 31.—(Special).—The striking structural iron workers, formerly employed by the Hamilton Bridge Works Co., at their meeting this afternoon decided to call off their strike and return to work on the company's terms. The men notified Manager R. M. Roy of the bridge works of their decision to-night, and advised him that all of the strikers were ready to go to work Thursday morning. The company has agreed to take back all

the men just as soon as places can be found for them. Most of them will be put to work to-morrow morning, and in a very few days it is expected that none of the strikers will be idle. The men went on strike on May 1 for an increase in wages from 33 cents to 40 cents an hour. About 60 men were involved in the strike. The company at first was unable to proceed with some of its work, and the strikers seemed to have a good chance of winning out. Strike-breakers were soon put to work, however, and for the last ten days the company has made fair progress. The men lost confidence two weeks ago, but the leaders urged them to stick the month out. To-day, however, after having been out a month, the union concluded the struggle was hopeless and decided to give it up. The strike has been conducted very quietly and all of the men have acted in a very creditable manner throughout their fight for better wages. The company, while firmly resisting the men's demands, have also maintained an attitude of fairness, which is exemplified in its agreement to take all the strikers back.

Had Exciting Time. Constables Herkimer and Bleakley had a rather exciting time to-night when they arrested Edward Ludlow and J. Campbell on a charge of theft. The police had received complaints that oil was being stolen from the G. T. R., near the Kings-street

station. Constables Herkimer and Bleakley were detailed on the case, and to-night caught the accused with the goods on them. Ludlow resisted arrest and appealed for help to a crowd of about a hundred men and boys, which soon gathered. The constables, however, subdued the unruly Ludlow and succeeded in getting their prisoners to the police station without serious trouble. Ludlow again appealed to a crowd at the station, and refused to give the officers there any information concerning himself. Campbell gave his address at Mount Hamilton. The pair claim to be canvassers. While nothing further is known of the men at present, the police regard their capture as important.

The 25th annual meeting of the woman's auxiliary of the Diocese of Niagara was held here to-day in the schoolroom of Christ Church Cathedral. Mrs. Thomas E. Leather of this city presided. Mrs. C. S. Scott, secretary-treasurer, reported that the membership had increased 44 for the year, and that the receipts for the financial year were \$588. Of this sum \$478 was expended, leaving a balance of \$110.

The will of Ellen Forbes, who died recently, was entered for probate to-day. The estate amounts to \$317.70. Her son, George A. Forbes, who was cut off without a cent, has filed warning against probate of the will, claiming that his mother was insane when the will was made.

The city firemen at the Central and King William stations have objected to being bayed, jeering and doing other odd jobs around the stations. One man quit his job over the matter to-day.

Chickens went to roost here at 1 o'clock to-day, when it became so dark that lights had to be turned on all over the city. A storm of short duration and little severity was the cause.

Died in County Jail. CHATHAM, May 31.—Mrs. Hannah Fraser died in the county jail here this afternoon. At the inquest, held before Coroner Bray to-night, the jury brought in the verdict that she died of delirium tremens. They exonerated the jail officials and surgeon from any negligence in connection with the death.

ONE NURSE TO WATCH EIGHT HOSPITAL WARDS

Evidence at Inquiry Into Death of Patient Brought Out Some Unexpected Facts.

That in St. Michael's Hospital one night nurse was required to do the work of three to four day nurses at the time when all sickness is most dangerous, was evidence brought out at the inquest into the death of Miss Ella Hunter, who died as a result of jumping from a window in the hospital while delirious from typhoid fever.

The inquest was continued yesterday, under Coroner Geo. W. Graham, with Crown Attorney Monahan examining the witnesses, who were chiefly medical.

Dr. W. J. McCollum, who had the patient in charge, was the first witness, and he told of the arrangement of the wards in that part of the hospital. Eight of these semi-private rooms opened into one corridor, and at night only one nurse was present in charge of all the patients therein. The physician said the girl's case had grown worse until he had been forced to call in Dr. Dwyer for consultation, and that both had considered it a serious case. "She was muttering all the time," he said, "but it was not an active case. She made no effort to get out of bed before."

Asked if he thought the girl's delirium might become more active, Dr. McCollum said he did not think so, as it was a different kind from delirium tremens or that induced by pneumonia. When Mr. Monahan told him of cases in the city where such patients had jumped out of windows, the doctor declared they were very rare. "But don't you think the patients in delirium should be guarded more carefully?" asked the crown.

"There was no indication that she intended doing anything like that," answered Dr. McCollum. "I would have liked to have had a private nurse, but she told me she could not afford it. I told one of the nurses one day to watch her carefully, as she might get out of bed, and they told me they were watching her."

He said that all hospitals accepted typhoid patients in any stages of the disease, and that some were brought in in delirium.

Charge of Eight Rooms. Miss Amy Christie, the night nurse in charge at the time of the accident, had been in the hospital nearly three years. "There were seven other rooms which I had charge of," she said, "two private wards, four semi-private wards and two public wards."

Miss Christie said she had to be on duty from seven to seven o'clock, and that the only assistance she received was from one of the nurses in the public ward if help were needed. "Otherwise you looked after the eight rooms yourself?" asked Mr. Monahan, to which the young woman replied in the affirmative. "I am always in one room or the other all the time," she said. "I gave Miss Hunter special attention at all times, although she never showed any signs of getting out of bed."

Asked whether she knew of any cases where the hospital had appointed a special nurse without paying, Miss Christie said, "I think there have been."

Dr. Taylor, one of the house surgeons, who picked up the woman after the fall, gave his evidence, after which Dr. Kelley, who is in charge of the emergency ward, took the stand.

Moved Nearer Window. The latter stated that Miss Hunter had expressed the desire to be moved nearer to the window.

"Would not that warrant closer watching in a delirious patient?" asked the crown attorney.

"It would," replied the doctor, "but not necessarily a special nurse for constant attention."

Dr. Kelley had spoken to the young woman after she had been brought into the hospital.

"She said that she had fallen out," he declared. "I felt hot," she told me, and I went to the window to get cool, and fell out. She asked me if any of her hair had been pulled out, and I saw that some had caught on the vines by the window."

Dr. Arthur Jukes Johnson, chief coroner, made the post-mortem, which showed that death had been caused by the tearing of the liver and spleen, causing extensive internal hemorrhage.

"Would such a fall cause these injuries?" asked the crown.

"Yes," replied Dr. Johnson, "as these organs, especially the spleen, are inflamed and liable to damage in typhoid fever." He went on to say that he thought the patient was on the road to recovery when the accident occurred; "as it is nothing more than an accident," he said.

"Then how do you account for the fact her delirium was worse that night than previously?" he was asked.

"The delirium comes from toxic poisoning," declared the witness, "which would still be present, and perhaps worse."

Asked if he thought delirium was worse at night, he said that it was supposed to increase after 12 o'clock midnight, and especially after 3 o'clock in the morning.

Shouldn't Be Left Alone. "Then do you think that any negligence was shown in having only one nurse in charge of some 16 patients, mostly surgical cases?" he was asked by Mr. Monahan.

After declaring that it was a very broad question, Dr. Johnson expressed the opinion that a typhoid patient should not be left at all, as aside from an accident like in the present case, an ordinary movement in bed in the fourth or fifth week might cause death.

Questioned further by the crown, he said that the public ward was the best for delirious patients, as nurses were always present there. "But I would not have a patient in a room of two should have a nurse," he said.

"Then you think they should have had a nurse in the room?"

"There is no question about that," was the reply; "a patient may be only stupid, and move enough to cause serious results."

"Then you think Miss Hunter should have been watched constantly?"

"Yes, I think that's what people expect when they send their friends to the hospital. There is greater safety in a public ward. A nurse should never leave the bedside of a delirious pa-

EATON'S FRIDAY BARGAIN LIST

Oriental Rugs and Carpets in Great Price Reduction

Reap the richest bargains you ever knew in high-grade rugs and carpets, and it includes selections from an entire stock. As much as one hundred dollars has been dropped from former prices that were low.

To the strong incentive of very low prices there is added the inducement of rare colorings and designs in a great variety of sizes, included also are a number of heavy printed linoleums.

1,500 Yards Axminster and Wilton Carpets, to Clear, Friday, \$1.39

Axminster and Wilton Carpets, from regular stock, are all 1911 designs and colorings, and you can find something in this lot suitable for any room in the house, including red Orientals, light green chintz for parlor or bedroom, blue Oriental, self green, soft rose and green conventional and rich blue and green conventional; borders to match. Regularly \$2.25. Friday bargain 1.39

Large Oriental Carpets, light and medium colorings, in the soft rich Oriental shades, in good variety of sizes and designs.

- Yoravan Carpet, 9 feet 2 inches x 12 feet 2 inches. Regularly \$140.00. Friday bargain 85.00
- Yoravan Carpet, 9 feet 10 inches x 13 feet 8 inches. Regularly \$170.00. Friday bargain 90.00
- Gorevan Carpet, 10 feet 5 inches x 12 feet 6 inches. Regularly \$162.50. Friday bargain 95.00

Friday Candy Bargains

- Imported English Caramels, wrapped, very sweet. Regularly 20c lb. Friday, lb. .15
 - Jap Nuggets—Made from coconut, cream and honey; delicious eating. Regularly 20c lb. Friday bargain, per lb. .15
 - Fruit Jellies—Assorted flavors, great favorites. Regularly 25c lb. Friday bargain, per lb. .15
 - Crystalized Pineapple Fruit—Delightful eating. Regularly 40c lb. Friday bargain, per lb. .25
 - Fry's Chocolate Cream Bars—High grade. Friday bargain, per dozen 10
- Main Floor—Centre.

Hair Goods

- Few girls can as jauntily take scant looks as she who called her wee top knot "Psyche"—pronouncing it s-i-c-k. For the most part, dames whom, in this regard, Nature has somewhat slighted, will rejoice that some of the week's best bargains are those pertaining to hair goods. Here's a list for Friday:
 - Hair Switches—20 and 22 inches long; full and fluffy, short stem. Special Friday bargain 98
 - Cluster Curls, of extra fine quality hair, small-sized curls, English make. Regularly \$1.08. Friday bargain 1.48
 - Hair Pads, 24 inches long, assorted browns. Regularly 15c and 20c. Friday bargain 7
- Main Floor—Centre.

Groceries

- Special Blend India and Ceylon Tea, black or mixed. Friday bargain, per lb. .25
 - Fresh-made Eatonian Brand Creamery Butter. Friday bargain, per lb. .24
 - Sweet Sorrento Oranges, good size. Friday bargain, per doz. .22
 - Fresh Pineapples. Friday bargain, each, 10; per doz. 1.15
 - Canned Golden Wax Beans, tender. Friday bargain 3 tins .25
 - London Corn Starch. Friday bargain, per package6
 - Hogarth's Orange Marmalade, 1-lb. jars. Per jar15
 - Upton's Tomato Catsup, large bottle. Friday bargain, per bottle. .14
- Fifth Floor.

Derby Hats, 95c

- High quality English black fur felt, nicely made and finished in a medium block, with silk trimmings and leather sweatband, one of this season's shapes. Regularly \$2.00. Friday bargain 95
 - Children's Duck Beach Hats, 5c
 - White Duck and Crash Outing Hats, with medium width brims and full round crowns, also tams slightly soiled, but all washable. Friday bargain, each 5
- Main Floor—Queen Street.

EARLY CLOSING

As in May, Store closes Saturday at 1 p. m. during June, July, August. No noon delivery Saturday.

Regularly \$29.75. Friday bargain 22.50

—Fifth Floor.

WILL NOT TURN OUT FOR CIVIC CELEBRATION

Dufferin Rifles Object to Way Their Band Was Treated by Brantford Civic Fathers.

BRANTFORD, May 31.—(Special.)—The statement here today that the regiment would not turn out to assist in the mayor's gala day celebration on June 25, on account of the treatment accorded the Dufferin Rifle Band. Recently the city council divided the summer park concerts among three rival bands, a citizens' organization, the Dufferin Rifles and the Dufferin Rifles. The latter being the pioneer band of the city and having always had civic patronage. Col. Ashton contends that the city owes him, as captain of the military band, the members of which receive no pay for services. The demonstration will be gone on without military features.

SAVE MILLION ON SCHOOL BOOKS

Hon. Dr. Prine has had a blue book compiled in accordance with the return called for by A. H. Musgrave, M.L.A., which shows that the public will be saved a million dollars on the cost of text-books during the life of the present contracts. Moreover, the old series contained 988 pages, the new text-books, however, contain 1,200 pages. The retail cost of the new text-books was \$115, that of the new 48 cents.

Mutt and Jeff on the Job

Measrs. Mutt and Jeff, the two well-known characters in The Toronto World's popular daily comic feature, will make their initial appearance in Toronto in statue and statuette form on Saturday next. They will be on display in the windows of the following Toronto stores: The T. Eaton Co., Ltd.; Wm. Goldstein & Co.; The King Edward Hotel newsstand. Anyone who wishes to procure a pair of statuette characters will be able to do so at any one of the above places.

BOYS STOLE MARE

And Crossed Boundary Unmolested by Immigration Officials.

CHATHAM, Ont., May 31.—(Special.)—P. M. Burger offered a reward of \$25 for the recovery of a mare which was stolen from his stables in Oakwood, Mich., on Saturday. The mare was located here Tuesday by Police Officer Jas. Dodson, and was returned to the owner this morning, but so far the local policeman has not received any reward from the party offering it. The mare was taken back by Sheriff G. T. Gorton of Oakwood. The outfit was driven here by two boys, who stole the mare and went for a long drive. The regular part of the affair is that, with all the rigid inspection of the immigration officials at Windsor, these two boys crossed to the Canadian side without having a word said to them or any inquiries made.

New Buildings for Winnipeg

WINNIPEG, May 31.—(Special.)—The Winnipeg Electric Railway is preparing plans for the erection of a ten-story building on the site, 100 feet square, recently acquired at the corner of Notre-Dame and Albert-streets. So soon as the company move out of their present building at Portage-avenue, the Quebec Bank will erect a new building there.

Exports From Kingston

KINGSTON, May 31.—(Special.)—April and May exports to the States from Kingston were \$73,182.40, an increase over other years.

SHE IS NOW TELLING HER NEIGHBORS

That Dodd's Kidney Pills Made Her Feel Young Again.

Mrs. John McRea Had Kidney Disease—She Was Nervous, Run Down and Suffering From Rheumatism—Two Boxes of Dodd's Kidney Pills Cured Her.

PREVIL QUE, May 31.—(Special.)—Nearing the three score mark, but feeling like a woman of 30, Mrs. John McRea, wife of a farmer living near here, is telling her neighbors that she owes her life to Dodd's Kidney Pills.

"For two years and seven months," says Mrs. McRea, "I was a sufferer from Kidney Disease, brought on by a strain and a cold. My eyes were puffed and swollen, my muscles cramped, and I suffered from Neuralgia and Rheumatism. My back ached and I had pains in my joints.

POINTS WARNINGLY TO THE CHINESE ARMAMENT

Military Activity in Manchuria, Says Leading Russian Newspaper, Calls For Greatest Vigilance.

ST. PETERSBURG, May 31.—In a leading article to-day the Novoye Vremya points warningly to the Chinese armament in Manchuria, which, it says, calls for the greatest vigilance on the part of Russia.

The paper declares that 6,500 European trained troops are being quartered in the towns and villages within a three-days' march of Harbin, and that auxiliary troops are being maintained in the same areas; that 9,000 so-called rural guards have been drafted along the Chinese Eastern Railroad, and that four divisions of regular troops have been stationed at the various strategic points in the province.

Russia, the Novoye Vremya says, can place in opposition to this force only the feeble ranks of the railroad police, which now are scarcely able to cope even with Chinese bandits.

CONTAGIOUS DISEASES SHOW LARGE INCREASE

But M. H. O. Says Rigid Regulations For Reporting Cases Are Mainly Responsible.

According to the statement issued yesterday by the medical health officer, there were 126 cases of diphtheria, 258 cases of scarlet fever, 22 cases of typhoid and 61 cases of measles reported during the month of May. There were no cases of smallpox.

This does not compare very favorably with the record of May, 1910, except as regards smallpox, there being 16 cases of this disease in the city a year ago. There were then just half the number of cases of the infectious diseases mentioned, reported, except measles, the city being entirely free from this disease at that time.

This will be understood when the figures for last month—April—are considered. There were then, for instance, 428 cases of scarlet fever reported, while this month the number is almost 70 less.

BERNHARDT SEAT SALE

The sale of seats for Madame Bernhardt's engagement here on Tuesday next, at the Princess, will begin at 9 a.m. on Saturday.

For your own benefit

Eat Shredded Wheat for breakfast for the next ten days and note how different you feel during the day.

Wheat is the most perfect food given to man—rich in every strengthening, muscle-building element, so essential for the healthy, robust body.

Shredded Wheat

Biscuit is just the plain, wholesome whole wheat, steam-cooked, shredded and baked a crisp golden brown—a delight to eat and to serve.

Its very crispness assists digestion—compels the necessary chewing and mixing with saliva.

Shredded Wheat is better than mushy porridges because you have to chew it, thereby getting from it its rich muscle and bone-building nutriment.

Two Shredded Wheat Biscuits with milk or cream and a little fruit make a complete nourishing breakfast, supplying all the strength needed for a half-day's work. Delicious with fruit for lunch.

Your grocer sells them.

The only cereal made in biscuit form

Made by Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also inclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person.

This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. The size is 8 1/2 x 6 1/2 x 2. It is substantially, bound in piled muslin and is designed for utility.

Caution—Not more than one coupon-bearing the same date will be accepted.

Address

THE TORONTO WORLD COOK BOOK. JUNE 1 1911. Void if presented after July 11 1911.

Be sure to write your name and address plainly in the lines below on at least one of the certificates, if you wish the Cook Book sent by mail.

Name

Joke Was on Alderman.

Alfred Phelan was accused by Motor Constable Anderson, before Magistrate Ellis yesterday, of going so fast in his automobile that he was unable to see warnings that have been placed by parks commission in High Park.

The alderman, who had voted for the new regulation limiting the speed to 10 miles per hour, had evidently forgotten all about it.

European Tourists.

Intending tourists in England, Ireland, Scotland or the continent should supply themselves with "travelers' cheques" before leaving Toronto. These cheques can be had at the office of Messrs. A. F. Webster & Co., North-east corner of King and Yonge-sts.

G. E. GOAD LEFT \$700,000

Mother Will Receive Income of Children Till 25 Years Old.

Charles Edward Goad, C.E., of Toronto, who died on June 10, 1910, left a wife, eight children and an estate in Great Britain and Canada worth \$700,000.

The Toronto General Trusts, acting as executors, applied for an order constraining his will, which was made in 1899.

The question submitted to Mr. Justice Middleton was whether the mother should be paid the entire income bequeathed each child until they reached the age of 25 years, or a smaller sum, which was to be paid to a tutor or guardian in case of the mother's death. This sum was \$400 in case of children under 18 years, and \$600 for children between 18 and 25 years.

The judge decided that the mother is entitled to the entire income of each child until it becomes 25 years old, or marries. The judge suggested that the mother will so control the children, that in the event of her death, they will be able to live within the smaller sum which would be allowed a guardian.

Buying Real Estate Extensively.

PORT ARTHUR, May 31.—James Playfair of Midland, H. M. Richardson of Kingston and H. H. Gilder-scheque, who among them control a very large part of the great lakes shipping, have invested \$50,000 in business and residential real estate at Port Arthur.

RACING IN NEW YORK STATE

Horsemen Are Endeavoring to Secure New and Favorable Legislation. ALBANY, N.Y., May 31.—If there is any great interest entertained in the two amendments to the penal law proposed in the bills introduced by Senator Gittins, and which, their opponents declare, would let down the bars erected by Gov. Hughes against gambling at race tracks, it was not evinced by the attendance at the code committee hearing.

Where hundreds of persons formerly provided over the meetings, there were not more than thirty present, and if among them there were representatives of the "Millionaire Jockey Club Directors," they managed to keep themselves discreetly in the background, except Francis R. T. Wilson, president of the Saratoga Racing Association.

The English Derby, value 5000 sovereigns, 3-year-olds, colts, 128 lbs; fillies, 121 lbs, 1 1/4 miles, run at Epsom, England, 1896-Perinimon, 2-47. 1897-Galtee More, 2-47. 1898-Jedidiah, 2-47. 1899-Diamond Jubilee, 2-47 3/4. 1900-Plying Fox, 2-47 3/4. 1901-Perinimon, 2-47 3/4. 1902-Ard Patrick, 2-47 3/4. 1903-Sheridan, 2-47 3/4. 1904-St. Amant, 2-47 3/4. 1905-Orby, 2-47 3/4. 1906-Sheridan, 2-47 3/4. 1907-Orby, 2-47 3/4. 1908-Sheridan, 2-47 3/4. 1909-Lemberg, 2-47 3/4. 1910-Lemberg, 2-47 3/4. 1911-Lemberg, 2-47 3/4.

The other hand, Canon W. M. Chase of Brooklyn, the Rev. Dr. George W. Peck of Buffalo, the Rev. O. R. Miller of New York and others in opposition expressed their fears rather than the race track owners a chance to sweep simply a trick on the part of race track owners to provide loopholes so that the racing Hughes law might be set at naught.

SUNSTAR BY 2 LENGTHS WIN THE ENGLISH DERBY

Lord Derby's Steadfast is Second and Captain Forester's Royal Tender Third.

LONDON, May 31.—Sunstar won the English Derby to-day at Epsom Downs. The world's blue ribbon turf fixture, of \$2,500, for three-year-olds, distance about 1 1/4 miles, went to J. B. Joel's sunstar, the favorite, Lord Derby's Steadfast was second, and Royal Tender third. Twenty-six horses started.

Thirteen horses started, but only two were unplaced. The two ten-year-olds, the Canadian entry, Kol Dor, and Sunstar, were the only two to finish. Sunstar, thru on the rail, and drawing away, won in the easiest fashion by two lengths, the favorite, Steadfast, second, and Royal Tender, third. Sunstar carried the public's money, so the victory was much cheered.

The final betting was: Sunstar, 13 to 1; Steadfast, 10 to 1; Royal Tender, 25 to 1. The Joel colt, Sunstar, ruled as a strong favorite throughout the early betting, at about 10 to 1 with King William at 15 to 1, and Pearly Collier, Steadfast and others at varying odds, the Canadian entry, Kol Dor, being up the bar at very large odds.

The arrival of the royal party was the signal for a great ovation, which swept over the paddock and course. The club and public stands at this time were filled with a dense mass of people, including many members of the house of lords and the common lords and ladies of the Epsom races for years.

The betting ring was packed with people eager to lay down money at the final odds. Everybody agreed that the crowd was a record one, and the betting on the Derby and other races this day was on an unprecedented scale.

King George and Queen Mary, accompanied by other members of the royal family, arrived on an early train, at London, at 11 o'clock, and were met at the house of the Earl of Devonport, who had the honor to be the first to see the first race, preceding the Derby.

Derby Record.

The English Derby, value 5000 sovereigns, 3-year-olds, colts, 128 lbs; fillies, 121 lbs, 1 1/4 miles, run at Epsom, England, 1896-Perinimon, 2-47. 1907-Galtee More, 2-47. 1908-Jedidiah, 2-47. 1909-Diamond Jubilee, 2-47 3/4. 1910-Plying Fox, 2-47 3/4. 1911-Perinimon, 2-47 3/4. 1912-Ard Patrick, 2-47 3/4. 1913-Sheridan, 2-47 3/4. 1914-St. Amant, 2-47 3/4. 1915-Orby, 2-47 3/4. 1916-Sheridan, 2-47 3/4. 1917-Orby, 2-47 3/4. 1918-Sheridan, 2-47 3/4. 1919-Lemberg, 2-47 3/4. 1920-Lemberg, 2-47 3/4. 1921-Lemberg, 2-47 3/4.

This was the third time a colt owned by the late King Edward won, His Majesty owning the full brothers, Perinimon (1896), and Diamond Jubilee (1899), and also Minoru (1906). In 1909 the winning owner was Mr. Faire, Lord Villiers' Greenback, was second and Mr. Cumfrie's Charles W. Malley third. Fifteen ran. The time is a record.

LACROSSE GOSSIP.

Dr. Cousineau, president of the National Lacrosse Association, has received a letter from Teddy Groulx, who is now living in Ottawa, asking for his release from the National Lacrosse Association contract, so that he may play with the Canadiens, but no official request has been received from the National Lacrosse Association. It is known that the Caps are also anxious to secure Beauchamp, but no official request for the release of this player has been received either.

Shamrock players who are out practicing for next Saturday's game with the Toucoules are: Ytur, Dillon, Kavanagh, Barry, Rochford, McIlwaine, Tobin, McCarthy, Powers, O'Reilly, Quinn, Burke, George, Mundy, Collins and Malone.

Chicago Golfer Goes Down to Defeat Before Australian

PRESTWICK, Scotland, May 31.—Chas. Evans, Jr., of the Edgewater Golf Club, Chicago, who was looked upon as one of the most likely candidates for the British amateur golf championship, went down to defeat to-day in the fifth round before Bruce Pearce of Australia. Pearce won out on the nineteenth hole.

Evans won a bye in the first round and had a walkover in the second. To the third, which was played yesterday, he defeated Captain E. A. Stephens of the West Dorset Golf Club, and former runner-up for the championship, by four up and three to play.

The victory ended Evans into the group of sixteen, who were to contest the fifth round. He played at the top of his form, displaying perfect golf, and was three up at the seventh hole. The Chicago player at that time looked an easy winner.

Pearce, who is a left-handed player, showed rare nerve. He won the ninth, but was again three down on the thirteenth. Evans missed a short putt on the fourteenth green, and Pearce broke down badly in a long game, losing the sixteenth and eighteenth. The round ended all square.

The victors had been shown by a gallery in this match, and considerable nervousness was evinced when Pearce laid his approach to the nineteenth ten feet from the pin. Evans had luck, the ball trickling over the green into a bunker below. He took two shots to recover. The Australian, laying his putt dead, won the hole and the match. The American was the first to congratulate the victor, and both received a tremendous ovation.

National League Scores. At St. Louis—St. Louis won two games from Cincinnati yesterday. The locals won the first game, 4 to 2. In the second game the locals scored ten in the seventh, and the Browns scored ten in the eighth. Cincinnati won the game, 10 to 7. Cincinnati, 0 0 0 0 2 0 0 2 5 1. St. Louis, 2 0 0 0 0 0 2 0 4 7. Cincinnati and Breanahan. R.H.E. Cincinnati, 0 0 4 3 1 0 0 0 8 9 1. St. Louis, 0 0 0 0 0 2 0 2 5 15 8 1.

At New York—Brooklyn-New York game postponed. At Boston—Philadelphia-Boston game postponed. At Philadelphia—Pittsburg game postponed. HARNES RACES TO-DAY AT DUFFERIN PARK TRACK.

AMATEUR BASEBALL.

Quaker Cricketers To Play 13 Matches in the Old Country

PHILADELPHIA, May 31.—Thirteen matches, extending over a period of four weeks, and including contests with the M.C.C. at Lords and matches at Dublin and Cork, is the schedule mapped out for the eleven of the Germantown Cricket Club, which will visit the British Isles this summer. The team will leave Philadelphia on July 18, and the first match will be played ten days later at Woolwich, against the Royal Artillery.

Two matches will be played at the famous grounds in London, the Philadelphia's opponents being the Marlborough Cricket Club and the Free Foresters. At the Oval, the other well-known London field, also will be the scene of a contest, when the Gentlemen Surrey will oppose the visitors. Two matches will be played in Ireland, against the Phoenix Club, at Dublin, and the Phoenix Club, at Cork, as complete schedule follows:

July 28-29, Friday and Saturday—Royal Artillery, at Woolwich. Aug. 1, Wednesday and Thursday—Gentlemen of Surrey, at Oval, London. Aug. 2-3, Monday and Tuesday—Woodbrook, at Woodbrook. Aug. 4-5, Friday and Saturday—The Phoenix, at Dublin. Aug. 6-7, Monday and Tuesday—Royal Engineers, at Chesham. Aug. 8-9, Wednesday and Thursday—M.C.C., at Lords. Aug. 12, Saturday—Mitcham at Mitcham. Aug. 14, Monday—Blackheath, at Blackheath. Aug. 15-16, Tuesday and Wednesday—Gentlemen of Surrey, at Oval, London. Aug. 17-18, Thursday and Friday—Gentlemen of Liverpool, at Aiglhwaith. Aug. 21-22, Monday and Tuesday—Woodbrook, at Woodbrook. Aug. 23-24, Wednesday and Thursday—Phoenix, at Dublin. Aug. 25, Friday—Cork, at Cork.

Trinity Wins at Grimsby. Trinity College was again victorious, defeating Grimsby on Tuesday by 27 runs. Martin, for Trinity, took three wickets for one run. Scores: Trinity, 111; Grimsby, 84.

Meggs, c Griffiths, b Wiseman, 11. Wolfenden, bowled Storms, 11. D. Drope, c Bishop, b Wiseman, 12. Thehrne, bowled Martin, 23. Loddie, c Griffiths, b Storms, 1. Lund, c Campbell, b Storms, 21. Kirlew, bowled Storms, 31. Wiseman, c Whitlaw, b Stone, 27. Griffiths, c Bratford, b Treherne, 27. Beasley, not out, 20. Spencer, bowled Drope, 3. Berwickshire, bowled Treherne, 15. Extras, 15. Total, 139.

The Capital Juniors, Juvenile B. and Juvenile A. lacrosse teams are urgently requested to be out to practice to-night in Ramsden Park at 6:30 sharp. The Junior team to play Mattlands on Saturday at Ramsden Park at four o'clock will be picked after practice. The Juvenile A. team play Mattlands at Cottingham square Monday night at 8:30. The Juvenile B. team play North Riverside at North Riverside grounds Tuesday night at 8:45. This will be the last practice before these games, and it is necessary that every player should be out to-night.

O'Keefe's PILSENER LAGER. "The Light Beer in the Light Bottle". The strongest argument in favor of O'Keefe's "Pilsener" is its popularity. Practically everybody—who prefers lager—orders O'Keefe's. "The Beer with a Reputation". At leading Hotels, Cafes and Dealers generally. THE O'KEEFE BREWERY CO., LIMITED, TORONTO.

Mutt and Jeff Land at Fishguard; Should Be in London Sunday - By "Bud" Fisher. A cartoon depicting a fisherman named Mutt and a man named Jeff. Mutt is caught by a fisherman and is being taken to a fish market. Jeff is standing nearby, looking on. The cartoon is signed "Bud Fisher" and includes the text "PUBLISHED BY THE STAR COMPANY." The cartoon is a classic example of Bud Fisher's "Mutt and Jeff" series, which often depicted humorous situations involving a fisherman and a man.

The Toronto World

FOUNDED 1880. A Morning Newspaper published Every Day in the Year. WORLD BUILDING, TORONTO. Center James and Richmond Streets. TELEPHONE CALLS: Main 3365—Private Exchange Connecting All Departments.

THURSDAY MORNING, JUNE 1, 1911. DRIVING PROTESTANTS INTO UNION.

One thing that will consolidate the Protestant denominations of Canada into one church will be any effort...

The Globe has evaded the whole issue, which is that if a provincial law authorizes Protestant clergy to marry those who wish to be married...

If the Roman Catholic authorities do not abandon this position, then there is only one thing for Protestants to do, and that is to consolidate into one body and demand that the constitution be amended so as to make marriage an absolutely civil contract...

Birmingham has now become the second city in the empire with a population of nearly a million. On May 29, its extension bill was passed by parliament...

Regarding the other five they were not bid up to one-third their original cost. Referring to "Sir Rufus," sold for \$75, the credit for his grand appearance in the sale ring was not acquired on the day of the sale...

Editor World: Your Lord's Day Alliance tyranny in to-day's issue is about just what the masses feel toward this body. I am pleased to see the Toronto World lead again for people's rights.

Editor World: I would like to tell you how heartily I am in accordance with your sentiment, so ably expressed, in your article to "Lord's Day Alliance Tyranny," in this morning's World...

unit community. If the Toronto City Council acts with ordinary foresight, it will take advantage of the present desire of North Toronto to become an integral part of the city.

THE NEW APPOINTMENTS. Everyone is pleased over the appointment of Mr. Arthur F. Wallis to the registrarship of the surrogate court.

Improved service the Grand Trunk is giving in the Wellington, Grey and Bruce country, is not time that at least a train service in and out of the city on Sunday?

A PLEA FOR THE BABES. Editor World: It is absolutely necessary that some organization undertake to educate the mothers in the central district as to the great benefit from properly feeding their infants.

SUNDAY SELLING. If the published reports of Mr. Justice Middleton's judgment in the Sunday selling cases were correct, there appears to be no doubt that restaurant keepers are perfectly entitled to sell either food or drinks or both for consumption on the premises.

CITY EXTENSION. Birmingham has now become the second city in the empire with a population of nearly a million. On May 29, its extension bill was passed by parliament...

LORD'S DAY ALLIANCE. Editor World: Your Lord's Day Alliance tyranny in to-day's issue is about just what the masses feel toward this body. I am pleased to see the Toronto World lead again for people's rights.

Editor World: I would like to tell you how heartily I am in accordance with your sentiment, so ably expressed, in your article to "Lord's Day Alliance Tyranny," in this morning's World...

INDOOR COMFORT

There will shortly be completed in this city a building, convenient in all respects, and outstanding even among the large department stores which have been designed to house the expanding business of Messrs. Mason & Risch.

On the fifth floor, rendered equally available by the ground floor by the use of an elevator, has been made the office of the general manager and his staff, together with accommodation for the salesmen, in the top store.

Editor World: It is absolutely necessary that some organization undertake to educate the mothers in the central district as to the great benefit from properly feeding their infants.

Mining Market in Hands of Bears—Prices Generally Easier

Porcupine Gold Camp Heavy Selling of Gold Stocks Gives Depressed Tone to Market

Big Porcupines Under Special Pressure Which Market Finds it Hard to Combat—Cobalts Quiet and Firm.

World Office. Wednesday Evening, May 31. Trading was again of a dull nature on the mining exchange to-day, and there was still a disposition to realize somewhat difficult to combat. At the opening a better tone was in evidence, and in certain of the big Porcupine issues prices ruled higher than during the preceding session. This was soon lost, however, and during the rest of the day the big gold stocks were on the down grade.

The net result of to-day's dealings in the larger Porcupines was a decline, which carried values of these securities well below yesterday's prices in the majority of cases. Whatever the reason for the selling, it could not be denied that it was of a responsible character, and the way in which quotations were lowered was nothing if not indicative of the fact that supporting interests were more inclined to withhold their hands, rather than to take on stocks at the ruling levels.

Hollinger was particularly strong at the opening, the first sale being made at \$12.50, or 25 points above last night's close. The stock dropped back to \$12.35 in the later business, however, and closed at that figure, or absolutely unchanged from Tuesday.

Rea and West Dome were seemingly under special pressure and both were allowed to drop when it was seen that the selling was pronounced. The attempt at support was forthcoming, and the closing bids were around the very bottom levels. Rea lost 45 points from the opening sale, the share declining to \$2.50. West Dome touched the two-dollar mark for the first time this month, this representing a decline of 20 points from the previous sale.

The cheaper Porcupines were quieter than usual, and in the main depressed. Vipond lost a point at 60, and at the close the shares were on offer at that price, with the bid at 58. Swastika was off three cents to 52, but regained a point at the close.

The Cobalts were moderately firm, and in the majority of instances tough to call for comment. Rochester showed a better undertone, these shares moving up above seven cents on a more sustained buying movement.

EXTENDING THE T. AND N. O. Hollinger Interests Will Provide Loan for Western End of Road.

The Porcupine branch of the T. and N. O. Railway will, it is announced, be extended on past the Dome as far as the Pearl Lake district, and presumably as far west as the Mattawa. This follows directly in line with the action of the big interests in the Hollinger, who have to a greater or less extent been instrumental in securing the decision to carry the road right thru, past their mine.

The financing of the new extension will be done by the Hollinger, and the syndicate, who are back of the Hollinger, and it is understood that an arrangement has already been made whereby these interests will provide a loan to the commission somewhat in the neighborhood of \$150,000, upon which they will receive interest at the rate of 5 per cent. per annum.

The building of the road to Hollinger will aid materially in keeping down the costs of mining the big Porcupine property, and the syndicate evidently hopes the extension as a good stroke of business, which will aid in no small measure the economical working of the mine.

WILL SINK TO 400 FEET LEVEL Rochester Preparing to Get the Values Found at Adjoining Mines.

There has been some good buying in Rochester the last few days, and the price of the shares is beginning to reflect this. Yesterday the price advanced to 40 cents, and the demand was keen on the other two markets.

The incentive for present purchases is that the Rochester Company is asking for tenders to sink the main shaft to 400 feet, and that arrangements are being made to work from the Lumsden at the 200-foot level, the rich vein at the latter mine carrying into the Rochester.

The Timiskaming-Beaver district is attracting more attention than any other part of Cobalt. The Badger, Lumsden and Shamrock have all run into ore at depth within the last few months, and the Rochester management are confident of getting similar values at depth.

Much of the recent buying of Rochester stock has come from Cobalt, and with the scarcity of the shares now noted, further buying is expected to send the price up rather quickly.

GRANBY SMELTER TO RESUME SPOKANE, May 31.—(Special).—

Graves of Spokane, vice-president and general manager of the Granby Consolidated Mining, Smelting and Power Company, big work officially to-day that the smelter at Grand Forks, B.C., which was closed on account of the lack of coke, will resume operation the middle of June.

LIFE-SAVING STATIONS. The board of control are considering the question of establishing life-saving stations on the island, and have requested Property Commissioner Harris to report on a feasible scheme.

An effort will be made to get the various aquatic clubs to co-operate with the city in the prevention of drowning accidents.

SINKING THRU SCHIST ON GOLD REEF CLAIM

Test Pits Sunk in Endeavor to Catch Extension of Big Vein.

PORCUPINE CITY, May 28.—(From Our Man Up North.)—Work on the Gold Reef Mining Company's claims in northern Whitney, under the charge of Manager George Turnbull, is progressing rapidly, and this week sinking started with eight men on the job.

The Gold Reef Company own two claims, lying side by side, east and west of the west boundary touching the east boundary of the north Mulholland lot.

Rock outcroppings appear plentifully along the ridge that runs northeast and southwest near the center line of the two claims. It is in this ridge that quartz stringers showing free gold in places have been opened. A capping of schist comes in under the stringers again to the depth of a couple of feet, and then more quartz appears.

The sinking just started is in the nature of test pits cut thru the layers of schist. When this barrier of schist is taken out, an opportunity will then be given to determine something of the run of the quartz underneath.

With the test pits on the side of the ridge, a cross cut will be driven to pick up the deposits as indicated in stringers on the rock surface along the ridge.

Work on the Gold Reef property is being carried on under a systematic plan, on the idea that the ridge, which carries the vein in the Scotts-Op-Rea area, is a continuation of the vein in the Mattawa and the Hughes, also crosses the Gold Reef.

Prospecting work is under way on both the Mulholland and the Scotts-Op-Rea, while the Hughes is not being worked, and the ridges crossing thru this property are hard to determine.

There is every reason to believe from the work now done in that section, that the Gold Reef is sure to pick up the vein in the Scotts-Op-Rea area, and this is the work that Manager Turnbull is determined to accomplish for a big demand for gold can be found thru the rock.

Chas. Fox.

Porcupine Gets Its Hydro-Electric Power

Juice Turned On at Porcupine Power Company's Plant at Mattawa.

The "juice" at the Porcupine Power Company's plant at the Mattawa was turned on for the first time yesterday, this marking the inception of the hydro-electric power in the new gold camp.

This was the statement made by The World last night by H. D. Symmes, who is interested with the Timiskaming interests in the power company, and who is the manager of the power plant.

"We turned on the power at 10 o'clock this morning," said Mr. Symmes, "and according to my report, everything went along in perfect order. The right of way has been cut right thru from the Mattawa to the McDougall townsite at South Porcupine, and we will push it right thru to Golden City just as fast as we can do the work. Then, if the occasion warrants a further extension immediately, we can continue the line into eastern Whitney.

"The power delivery just now does not go east of the Hollinger, but we are rushing the completion of the line, and it will not be long until we will be in a position to supply energy to all the mines in the district. The wires are not strung beyond the Vipond as yet."

The inception of hydro-electric power for the Porcupine cannot but mark the beginning of a new epoch for the camp.

MORE VACANCIES THAN APPLICANTS.

MONTREAL, May 31.—"No person need be without a job and any able-bodied man who complains that he is without work, can be put down as an idle loafer, too lazy to work." This is the emphatic statement of Mr. Francis Payette, superintendent of the provincial employment bureau.

"Yes," he said, "you can state without fear of contradiction that, notwithstanding the constant arrival of immigrants from the old country, we have here in Montreal more vacancies than applicants."

Suffered for Years From Consumption and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meadows, Clarksburg, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine and now feel like a new person. I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has during the last 25 years built up an unrivaled reputation as a cure for all troubles arising from a constipated condition of the bowels.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SUMMARY OF RESULTS AT THE BEAVER MINE

Extensive Development Program Has Placed Property on Substantial Earning Basis.

In an effort to place before the public a plain statement of the exact condition of the Beaver mine at Cobalt, Charles A. Stoneham & Co., 23 Melinda-street, have prepared an exhaustive report, which doubtless will, in measure, explain the recent activities in Beaver stock.

"The property of the Beaver Consolidated adjoins Timiskaming on the north, and the report of the development has been the big success of the district and it took a great amount of working before the rich silver values were struck. No. 1 vein, the main vein of the mine, was sunk toward the west side of the property, was put down 97 feet. A fissure vein was encountered at some ten inches wider, showing calcite and nicotite and low silver values. This vein looks very promising."

From No. 2 shaft, at a depth of 53 feet, a crosscut was driven east and west a total length of 85 feet. A small amount of drifting was done. In this long crosscut six veins were struck, the width of them from 6 to 18 inches of calcite and quartz. Five stringers were also located which looked very good.

On the 200 foot level a vein 10 inches in width was encountered assaying around 300 ounces of silver to the ton. This vein shows values with regularity, and the mine went on a producing and earning basis.

Developments at the 350 foot level indicated that the ore shoot discovered at the 200 foot level increased materially in length, as it went down. Development in this vicinity indicated that the ore bodies extended to a considerable depth.

On June 21, with a shoot of bonanza ore in the north drift of 200 feet was opened. In one day two and a half tons of high-grade ore was taken out, showing the vein to be at least 18 inches in width, and the ore carried values as high as 7000 ounces of silver to the ton.

The company started working to open this ore shoot on the 20th level. The management of the Beaver had the good fortune thru curiosity rather than intention to run into another ore shoot at the 200 foot level. The level, which was supposed to be worked out and about to be abandoned. A drill which was temporarily laid off in the 200 foot level was set up and an upraise was driven on the vein, which showed a width of 12 inches of 8000 ounce ore, and looked good to go east of the Hollinger.

Another new and important development was reported at the 300-foot level. The vein reached by the cross-cut showed a width of three inches of high-grade ore, of about equal to the other ore shoot described.

Two new ore bodies were cut which ran about 6000 ounces. The first discovery was in the 200 foot level, and immediately to 14 inches of high-grade ore running about 6000 ounces.

The second discovery was made on the 200 foot level, which had just been opened by a crosscut which ran into the first ore shoot on the same vein at this depth on No. 305. The two shoots were 200 feet apart, and the ore was of about the same grade. A drift was started on the vein to cut the second shoot on this level.

President Frank L. Culver in his report on the Beaver mine development, approximately 3,000,000 ounces of ore in sight, which, valued at 52c an ounce, is the equivalent of \$1,560,000, equal to 10 per cent of the whole capitalization of the company.

No. three vein, splendidly developed on the 200 and 250 foot levels, was opened by a crosscut on the 200 foot level. This crosscut was driven down from the 200 to the 300 foot level, and with the main vein proved to be 18 inches wide, and crosscutting started from the 400 foot level to pick it up, it is believed that an extension of the crosscut of both the 250 and 300 foot levels will result in proving the No. three vein to be of great value. This would mean an enormous addition to the proved ore reserves, which are already estimated at 3,000,000 ounces.

Early in May the extensive program of development was resumed. Seven drills were started on the three levels and two more lowered when the sinking of No. 1 vein below the 400-foot level was resumed.

JUDGE'S PROBE GOES INTO INTAKE TROUBLES

No Alarm Felt Till Last December—City Paid Heavily For Coal.

Sandy water and big coal bills were the subjects of discussion at the continuation of the investigation of the civic works department yesterday morning before Judge Winchester. Several witnesses were called in connection with the intake pipe troubles, but nothing of importance was elicited, with the exception of the statement that no troubles of any kind had affected the intake of water since its construction in 1896 until a few months before Dec. 13 last.

Thomas McCarty, accountant in the city engineer's department, was called by Corporation Counsel Drayton and examined regarding the laying of the intake pipe, which had not worried any and trouble to civic officials. Nowhere in his books, said the witness, was there any item showing work done on the pipe since the completion of the work as it would have been charged up to maintenance anyway.

Sand Didn't Alarm. Alexander McEwan, engineer of the main pumping station, told of the increase in the consumption of water since he came on in some 15 years ago. "When did you notice the sand in the pipe?" he was asked.

"We always had a little, more or less," he replied. He continued that he had not noticed any increase in the quantity until last winter, and that his first serious trouble occurred on Dec. 13. Questioned further by Mr. Drayton, he did not know of any troubles which were serious, either. A week or so before the stoppage on the 13th, the supply of water in the pipe had lessened materially, but he had not thought the matter of sufficient importance to report it to Mr. Rust.

City Paid Demurrage. While on the stand Mr. McCarty made admissions concerning the receiving of coal at the pumping station, which looked suspicious at first, but which were later explained by demurrage. Corporation Counsel Drayton showed some accounts from the Grand Trunk, showing that they had received \$200 last month from the city for demurrage charges.

James Baylis, weighmaster at the main pumping station, explained the system of weighing, and was also asked about the expensive system of demurrage. He was also asked if the railway rates were always correct.

"We check them up, and they vary somewhat from the actual," but they always come out the same."

MINES AND PROMOTIONS

The public will require to be discreet in making investments in Porcupine stocks, as in any other mining issues. There are legitimate mining companies in Porcupine, but there are also others.

Any company started with the laudable idea of developing a promising prospect—one that has received the endorsement of responsible engineers, is entitled to support.

EDMONDADO, with three claims in Whitney, has already been endorsed by two engineers, and Mr. Seymour, a mining expert of wide experience, will shortly give his idea of the company's three properties.

We are still offering a small part of the original allotment of EDMONDADO at 10 cents a share, and, in our opinion, this stock offers the best speculative chance in the whole Porcupine Camp.

Orders should be sent at once to insure filling at this price.
