## Western Crop Exceeds Expectations Of Most Optimistic

### No One Can Give a Proper Estimate of Number of Bushels, and Farmers Are Hoping That Some Means Will be Found by Which Railways Will be Able to Move the Grain.

WINNIPEG, Man., Aug. 23.—(Special).—With 15,000,000 bushels of last year's crop still waiting to be moved, and the largest crop on record expected this year, the railways in the west are up against one of the hardest propositions which they have ever called upon to face. The crop this year, at the very lowest estimate, will be 250,000,000 bushels, and it is doubtful whether half of it can be moved before winter sets in.

One of the remarkable features of this year's crop is the fact that thousands of bushels of wheat, oats and barley will be harvested from lands which four or five years ago were known as "bad lands," and if anyone suggested at that time that crops would grow on that land, he would have been laughed at. This year, however, "dry farming" has been tried, with the result that the yield in many cases will be as high as 28 and 30 bushels of wheat and 100 bushels of oats to the acre.

Reports received here show that in the district between Maple Creek and Swift Current more than 30,000 acres are under cultivation where five years ago people were laughed at for suggesting that settlers be located there. There are being produced in this district this year as fine crops of wheat, oats, flax and barley as are to be seen in the west. In the dry belt between Maple Creek and Brooks the cultivation never was better and the crops are excellent.

### Wheat High as Horse.

The World's commissioner went from Calgary to High River by motor car and reports that he never saw better crops. His companion, who was on horseback, rode into a field of oats and the grain was higher than the horse's back. In one field of 1500 acres, where the grain is being cut, the yield will be between 28 and 30 bushels to the acre, which is an enormous yield. In another field of 500 acres of oats the yield will be more than a hundred bushels to the acre.

From Moose Jaw and Regina to Winnipeg the harvesting now is general. Passing thru that district on the train, travelers can see the finest wheat to be found, and north and south of the railway tracks the crops are equally as good, if not better. Good crops are general in the whole district.

This year the west will reap the finest crop ever known, and no one can give a proper estimate of the total yield. It will exceed all of the most sanguine expectations.

The railways have a bigger contract on their hands than ever, and the crop cannot be moved by 1913 by any means. What will happen? At the present time there are 15,000,000 bushels of last year's crop unmoved, and more than 250,000,000 bushels will be piled on top of that inside of a few weeks. Hopes are being expressed all thru the west that some means will be found by which the difficulty may be overcome and the crop moved by the railways.

### Farmers Shipping Earlier.

Harvesting is being commenced earlier this year, and many of the farmers, profiting by last year's experience, are shipping as quickly as possible. The railways will have their hands full from now on.

Reports have been sent out from the west that the oat crop will be light. With this The World's commissioner cannot agree. Everything seen thruout the west indicates a heavy crop. A large amount of new land has been cultivated this year, which means an increase in acreage and number of bushels per acre. As stated, it is hard to estimate what the total yield will be. All that is required now is good weather.

## WORLD'S GREATEST ANNUAL FAIR WILL BE OPENED TO THE PUBLIC ON MONDAY

### Improvements Are Seen on Every Hand, With New Buildings, More Commodious Exhibits and Imposing Entrance—Art Exhibit Surpassed by Only One in America—Wonderful Changes on Every Hand.

From the very start at the imposing entrance and before at the massive steel and cement bridge, which crosses the now lowered railway tracks, improvement is written large over all the great space of the Canadian National Exhibition, the greatest annual fair in all the world. From the now submerged railway tracks by which a large part of the crowds will come in, four massive cement stairways of commodious width lead to the great arched entranceway. Those arriving by the street cars will enter into a convenient space to be passed along thru sixteen ticket wickets and on both sides of the great exit gate planned to allow of the rapid dispersing of the great crowds at the close of the show. Pedestrians alone will be allowed to enter or leave at these gates, while all vehicular traffic will be accommodated at the Strachan-avenue and Donnington-street entrances.

Within the grounds one is met immediately by a view of the new Dominion Government building, where both within and without the workmen are hard at it putting on the finishing touches to be ready for Monday's crowds. As at the entrance, the men are working like niggers, and hope by toiling to the last minute to get in just under the wire.

The Dominion Building. The Dominion building is one of imposing appearance, constructed of brick and stone, with a high dome behind the handsome entrance supplying abundant light to its expansive ground space, where there are to be found the exhibits of all the provinces and a number of especially interesting and important exhibits. The Saskatchewan space is well dressed and presents an attractive front, and it fronts on

## Typhoid Epidemic in Ottawa Nearly Ended

OTTAWA, Aug. 23.—(Can. Press).—Dr. W. T. Shirreff, medical health officer, to-night issued a most reassuring message to the citizens of the capital, informing them that the typhoid epidemic had run its course and that the city water was now fit for drinking. Bacteriological tests of the water supply for the past five weeks show conclusively that it is now free from all contamination and fit for consumption without boiling or otherwise treating it.

## HON. W. J. HANNA BACK FROM WEST

### Marvelous Progress During Four Successive Trips is Note by Him—Favors Single Tax System.

Hon. W. J. Hanna is back from his trip to the Pacific Coast. It was a novel one to him, as he had been as far as Vancouver four times before. The progress noted each time, however, in the development of the western states was marvelous. He was not prepared to affirm that the phenomenal progress of Vancouver was due especially to the assessment system there, which inclines towards the single tax idea to the extent of farming improvements as compared with the assessment on the actual land. The provincial secretary said: "I heard the views of men who seemingly ought to know, and there seems no agreement as to how will the system make out."

At Fort William he was much pleased by the work of the men on the prison farm, who are doing their time by clearing land. They will have cleared 200 acres by the end of the autumn. Four hundred acres has been added by the government to the prison reserve, giving it a total of 1000.

Six men held at Port Arthur jail as lunatics were taken out on the land. They are all cured. Five have been discharged.

### BUYS LONDON HOTEL.

LONDON, Aug. 23.—A deal for the Western Hotel, on Richmond-st., and the property adjoining, as the site for a new hotel, was practically completed to-day. The company, comprised of New York and Toronto capitalists, propose to build a hotel in Hamilton also.

### At the Exhibition

The postoffice at the exhibition grounds this year will be in the new government building, and Chief Superintendent Ross announces that it will be complete in every way. It will be a full accounting office, including money order and postal note business. Collections will be made from the street letter boxes and parcel receptacles erected on the grounds every hour.

The chess exhibit shows a distinct advance over previous years. Some of the entries come from as far west as Regina.

Up till last night 161 entries had been received for the exhibition baby show and they are still pouring in at such a rate that the exhibition city on Labor Day promises to look like one large nursery.

## DOCKERS' STRIKE TO BE STOPPED

### Dominion Government Will Not Countenance a Grain Blockade at Head of the Lakes.

OTTAWA, Aug. 23.—(Special).—If the strike of the dock laborers and freight handlers at Port Arthur and Fort William is not settled at once, the government is determined to interfere and bring the dispute to an end. So far, no board of conciliation has been asked for by either side, and it is realized that every day of the strike only adds to the possibility of a recurrence of last year's western grain blockade by trying up shipping and consequently traffic and removal of congestion on the lakes. A member of the labor department will likely go to Port Arthur to-morrow to investigate the trouble.

## BIG MEN BEHIND HUGHES REMAINS WIDE LAND SCHEME AS HEAD OF SCHOOLS

### Conference of Duke of Sutherland, Sir Wm. Mackenzie, Sir Wm. White and Others to Complete Colonization Company of Empire Significance.

WINNIPEG, Aug. 23.—Steps towards completing the organization of the colonization company recently launched by the Duke of Sutherland were taken at a conference in the Royal Alexandra Hotel this morning, at which the Duke, Sir Wm. Mackenzie, Sir Wm. White, A. M. Nanton and P. S. Dennis of the Canadian Pacific Railway at Calgary were present.

Sir Wm. White explained afterwards that the directorate is not yet fully made up and that the necessary capital has not all been subscribed. No specific plans for development, he stated, can be taken until the organization is complete.

It is certain, however, that the company, known as the British-Canadian Colonization Company, will undertake a colonization scheme of imperial significance. For many years the Duke of Sutherland has carried on colonization work on no mean scale in Alberta, and the larger concern will not differ greatly in its objects from the original experiment. The duke's interests in Alberta, it is said, are not to form a part of the new project, but will be retained by him as a private undertaking.

When all details are settled they will proceed on an imposing scheme that will probably rank as unique in colonization work.

From coast to coast tracts of land will be acquired by the company to be settled by tenant farmers from the British Isles. In the charter of the company, it is understood, there is provision for permitting the tenants to acquire their freedom on "equitable terms."

The duke and his party intend to visit British Columbia on their present trip, and it is also said that Sir Wm. Mackenzie will go with them. It is further rumored—but of this Sir Wm. Mackenzie would give no confirmation this morning—that in connection with the Canadian Northern Railway the company will at an early date begin extensive operations on Vancouver Island. It is said that the island is considered especially favorable for the purposes of the company, and it seems not improbable that one of its largest undertakings will be located there. Its equable climate and the many advantages it offers for mixed farming will scarcely fail to receive early attention.

As has been announced, Sir Wm. Whyte is president of the new company, and in the board of directors are several Canadians, including two Winnipeggers—Messrs. A. M. Nanton, K.C., M.P., and A. W. Nanton. Toronto men on the board are Sir Edmund Walker, Sir Wm. Mackenzie and Wm. Nesbitt.

Sir Wm. Mackenzie will later visit the duke at the latter's ranch at Brooks, Alberta.

## STOLE FROM ONE FOR ANOTHER

### Fred Gaster Took Watch and Chain From Gladys Machael and Gave Them to Best Girl.

Fred Gaster of 106 Spadina-avenue wanted a gold watch and chain to give his best girl, but he didn't have the money to pay for the articles. He knew another woman, however, so he called upon Gladys Machael of 29 Homewood-avenue, who missed the watch and chain.

Valuing them highly she immediately laid a complaint against Gaster in an effort to have them returned. Detective Armstrong of headquarters got by her either side and it is realized from the story told by the young man when arrested he never took either article intentionally. He says that while visiting the woman children in the house were playing with the articles and that he took them for safe keeping and gave them to his girl thinking that she could look after them better than he could.

### The Princess Opens Monday.

After being closed since June 1, the Princess Theatre will open Monday night with that famous comedy, "Get Rich Quick Wallingford" which pleased big audiences at this theatre last season.

The Princess has been thoroughly renovated and re-decorated and now presents an entirely new appearance.

## C.P.R. Melon Cutting Goes to Parliament For Full Discussion

### Winston Churchill's Canadian Visit Postponed?

LONDON, Aug. 24.—(Can. Press).—It is rumored that the proposed visit of Winston Spencer Churchill, first lord of the admiralty, to Canada has been postponed, according to The Weekly Nation, pending a settlement of the naval question between the imperial government and Canada.

## ROOSEVELT HOT IN REPLY TO ARCHBOLD

### In Characteristic Language the Former President Declares He Knows Nothing of Standard Oil Contributions to Campaign Fund—Charges Assailant With Falsehood.

ROSTER BAY, N.Y., Aug. 23.—Col. Roosevelt sat on the porch at Sagamore Hill to-day for an hour and a half, and to-night dictated a statement in reply to the testimony of John D. Archbold to-day before the senate investigating committee.

He reiterated his declaration that he knew nothing of a contribution by Mr. Archbold to the Standard Oil Company to the Republican campaign of 1904, declared that he did not "for one moment believe Mr. Archbold's testimony is true."

Continued on Page 7, Column 3.

## Cabinet Will Decline To Act Directly on Application for \$60,000,000 Stock Increase and Representatives of the People Will Be Allowed To Discuss It Thoroughly.

OTTAWA, Aug. 23.—(Special).—Protests against the government acting favorably upon the application of the Canadian Pacific for an order-in-council approving the proposed \$60,000,000 stock increase, have taken such form that it is believed here in the most authoritative and best informed circles that the increase is to be indefinitely held up, and the cabinet will decline to act directly on the application, but will, instead, refer the whole question to parliament at the coming session, when it will be fully discussed.

It is felt that the representatives of the people should be allowed every opportunity to fully discuss the proposed increase. The stand is taken here, and it is understood that the majority of the members of the government take the same view, that at least nothing should be done until the western freight inquiry, which comes up in October, is heard.

### VIEW BODY AT 5.30 A.M.

### Doors Open Early for Workingmen to Pay Respects to General Booth.

LONDON, Aug. 23.—(Can. Press).—So great was the crowd which came to-day to view the body of the dead general of the Salvation Army that it has been decided to open the doors of Congress Hall as early as half-past five to-morrow morning. In this way many workmen who desire to pay their respects before going to work will be accommodated.

A constant service of song went on through the day around the Catafalque, many cadets of the army participating. Forty bands are to take part in the funeral procession.

## Ate Green Apples Stolen By Boys Two Children Dead and Another Ill

## No Action Yet Taken on Royal-Traders Merger.

OTTAWA, Ont., Aug. 23.—(Special).—That no action was taken by the treasury board to-day in regard to the application of the Royal-Traders Bank for amalgamation is regarded as extremely significant here.

It was stated after this afternoon's cabinet council meeting that the matter was still under consideration and that no decision had been reached.

The members of the government, now in the capital, are fully cognizant of the importance of the question, and no action will be taken or any decision reached until the whole thing has been fully gone into.

Another meeting will be held on Monday, and it was stated at the close of to-day's conference that a statement as to the government's policy might be forthcoming then.

### Gladys MacPherson, 4 Years, and Her Brother Wesley, 2 Years, of 11 Frizzell Avenue, Ate Fatal Fruit Given Them By Boys.

Giving stolen green apples, which they themselves did not eat, to little children playing about the street, a group of boys have caused, probably innocently, sad desolation in the home of George MacPherson of 11 Frizzell-avenue.

Two of his children are dead and another is dangerously ill.

About two weeks ago four-year-old Gladys MacPherson ate several unripe apples "swiped" by boys from trees in the rear of houses on the street. At one time the whole neighborhood around Pape-avenue was a vast orchard and these trees are the diseased remainder. The little child was taken ill with the usual pains in the stomach, but her mother at first thought the little girl's condition not serious. But in a short time the cramps were replaced by dysentery, caused by the apples, and on Thursday night she died.

The child's brother Wesley, two years old, died yesterday morning. It is thought he also ate of the fatal fruit. Dysentery was also the direct cause of death. And now the youngest of the family, a baby girl, is very low from the same ailment. Dysentery is highly contagious, and it is believed that the baby caught it from the older children, who she was not taken seriously ill until last night.

There are two other children in the family of Mr. and Mrs. MacPherson and late last night they were not reported as having caught the disease as yet.

All the mothers in the district are distraught with fear that their children will follow the sad way of the two MacPherson babies, who were great pets in the neighborhood. Green apples are plentiful and have often been eaten in the last few days by the children when playing around the streets.

## CALL MAYOR GAYNOR TO STAND CHARGED WITH SUNDAY SELLING

### Proceedings to Expose Graft in New York Begun — Police Commissioners and Inspectors Summoned.

NEW YORK, Aug. 23.—(Can. Press).—The first step towards laying a foundation for the John Doe proceedings by which it is planned to bare police graft in this city, was taken to-day, when seven police inspectors were summoned to the office of Assistant District Attorney DeFord. They were under summons authorized by Justice Goff, who is to preside at the enquiry, to bring with them all data pertaining to gambling and other illegal resorts in their respective districts. This data includes the addresses of raided resorts, the names of their reputed owners, and a record of all arrests and convictions in the several districts during the last three years, including the recent period, during which Police Lieut. Chas. Becker, the accused instigator of the murder of Herman Rosenthal, is charged by his self-confessed accomplices with having profited from blackmail.

## CHARGED WITH SUNDAY SELLING

### But No One Will Prosecute in Berlin, Where Lord's Day Alliance Has Laid Two Complaints With Police.

BERLIN, Aug. 23.—(Special).—Recently there visited Berlin a member of the Provincial Lord's Day Alliance, who paid a visit to the several restaurants, ice cream parlors and fruit stores which for some time past have been selling ice cream and other edibles with a free and open hand on Sunday, and in almost every case contrary to the Lord's Day Act.

As a result of the visit, two complaints were sworn out by the police and were to have been heard in the police court this morning.

The police have been endeavoring to secure counsel for the prosecution, but were turned down by the crown attorney and city solicitor as not being within their jurisdiction, and the case had to stand over until Tuesday, when Magistrates Weir and Schmalz will sit on the bench in an endeavor to settle the point of law.

### EXHIBITION VISITORS.

Visitors in Toronto should not overlook the special display of fur garments now being shown at Dineen's, 16 Yonge-street. This display embraces all the very latest designs made from selected skins purchased direct from the trappers in the Canadian north-west, and in the big markets of Europe. Special fashions in Ala and Persian Lamb Jackets. The show remains open to-night until ten o'clock.

MADE UP TO A STANDARD

Russell

NOT DOWN TO A PRICE

The 1913 Russell "30" is Ready

There will be a big demand for this car. We are prepared to accept orders for it now, thereby ensuring late fall or early spring delivery.

The 1913 Russell "30" surpasses in grace and elegance all previous models. Its many improvements both in design and construction enhance its outward beauty, provide greater riding comfort, give smoother running power, and add to the simplicity of its control.

You will be charmed with this model—it is so essentially a Canadian's car. There is about it a combination of dignity and power, plus that "something" which immediately denotes the owner's refinement and good taste. As a town car it is incomparably luxurious. For hard touring service, its strength is immense.

Briefly, the New Features Are:

- 1. Absence of all working parts on the body, allowing unbroken graceful lines to sweep the whole length of the car.
2. New self-starter, electrically operated. Press a button and your car is ready to go.
3. Electric lighting by current generated in car's own dynamo. Press a button and you "light up."
4. 28" wheels and 4" tires, a combination to absorb all shock and cause less wear on tires.
5. Demountable rims, so that road repairs may be avoided.
6. A spare rim with each car.
7. Motor fresh air pump, driven by the car's own power.
8. Electrically lighted speedometer and clock in each car.

\$325 worth of extra equipment and labor has been built into the 1913 Russell "30," as compared with the 1912 model. Send us your card for an advance descriptive pamphlet.

Table listing Russell '30' models and prices: Russell '30' Model 'R' 1913 Touring Model \$2,500; Russell '30' Model 'R' 1913 Torpedo Model \$2,600; Russell '30' Model 'R' 1913 Torpedo Roadster Model \$2,500.

The Russell Motor Car Company, Limited, West Toronto.

Branches: Toronto, Hamilton, Montreal, Winnipeg, Calgary, Vancouver, Melbourne, Aust.

SEA OF MUD AT HILLCREST PARK

Big Crowd See Second Choices Win—Only Two Favorites Land—Results.

The fourth day of the Toronto Driving Club meeting at Hillcrest Park saw the track in even worse shape than it has been at any time. It was of the consistency of soup, the home stretch being particularly bad.

Despite the threatening weather and the frequent showers, there was an attendance of close to 2000 enthusiasts. Only two favorites looking more like a bog than anything else.

SEVENTH RACE—Seven furlongs: 1. Faneuil Hall, 100 (Mondon), 2 to 1. 2. Rinda, 100 (Connor), 5 to 1. 3. Duke of Bridgewater, 100 (Dreyer), 2 to 1. 4. Dorothy Webb, Nils and Cuttyhunk also ran.

KING EDWARD STAKES KING EDWARD PARK, Montreal, Aug. 23.—The races here to-day resulted as follows: FIRST RACE—Purse \$400, for two-year-olds, about five furlongs: 1. W. T. Buckner, 112 (Russell), 2 1/2 to 1. 2. Ralph Lloyd, 116 (Jensen), 2 to 1. 3. Pass On, 110 (Matthews), 4 to 1. 4. Time 1:24.4. Jockeys, Sun Gulde, Decourou also ran.

SECOND RACE—Selling, purse \$300, for three-year-olds and up, about five furlongs: 1. Golden Ruby, 109 (Jensen), 1 1/2 to 1 and out. 2. Agatha, 100 (Montour), 8 to 1. 3. Bay, 108 (Russell), 24 to 1. 4. Time 1:23.5. Von Lear, Chempilo and also ran.

THIRD RACE—Selling, purse \$300, for three-year-olds and up, about five furlongs: 1. Christmas Bells, 103 (Jensen), 3 to 1 and out. 2. Bay of Pleasure, 106 (Hodge), 3 1/2 to 1. 3. Fundamental, 112 (Russell), 6 to 1. 4. Time 1:23.5. Judge Snooks and Bory also ran.

FOURTH RACE—Purse \$400, for three-year-olds and up, about five furlongs: 1. Impudent, 107 (Finley), 2 to 1. 2. Noon, 110 (Mondon), even, 2 to 1. 3. Cop Carre, 112 (McBarnett), 4 to 1. 4. Time 1:06.4. Sath Bower, Grace and Boaso also ran.

FIFTH RACE—Three-year-olds and up, five furlongs, purse \$300: 1. Lady Robbins, 109 (Kilgus), 3 to 1. 2. Johnnie Harris, 116 (Mondon), 2 to 1. 3. Field Flower, 107 (Dreyer), 4 to 1. 4. Time 1:09. Ponkatsset and Philippine also ran.

SIXTH RACE—Purse \$300, for three-year-olds and up, five furlongs: 1. Isabel Casso, 109 (Kilgus), 7 to 10. 2. Dipper, 98 (Connor), 5 to 1. 3. Argonaut, 114 (Hanover), 3 to 1. 4. Time 1:08. Smirk and Gilpin also ran.

SEVENTH RACE—Seven furlongs: 1. Faneuil Hall, 100 (Mondon), 2 to 1. 2. Rinda, 100 (Connor), 5 to 1. 3. Duke of Bridgewater, 100 (Dreyer), 2 to 1. 4. Dorothy Webb, Nils and Cuttyhunk also ran.

EIGHTH RACE—Five furlongs, selling: 1. Onico, 103 (Finley), 10 to 1. 2. Porcupine, 103 (Strite), 10 to 1. 3. Lady Emma, 109 (Finley), 10 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

NINTH RACE—Five furlongs, selling: 1. Mapleton, 104 (Greene), 10 to 1. 2. Rinda, 100 (Connor), 5 to 1. 3. Duke of Bridgewater, 100 (Dreyer), 2 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

TENTH RACE—Five furlongs, selling: 1. Minnie Bright, 109 (Domenica), 10 to 1. 2. Tackle, 111 (Faneuil Hall), 10 to 1. 3. Time 1:01.1. Fiance and Rodman also ran.

ELEVENTH RACE—Five furlongs, selling: 1. Con Carre, 112 (McBarnett), 4 to 1. 2. Inferno Queen, 107 (Finley), 10 to 1. 3. Rusticane, 107 (Smirk), 10 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

Twelfth RACE—Five furlongs, selling: 1. Camarada, 108 (Patherla), 10 to 1. 2. Gold Leaf, 104 (Lucetta), 10 to 1. 3. May Erle, 109 (Finley), 10 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

Thirteenth RACE—Five furlongs, selling: 1. Voisel, 111 (Finley), 10 to 1. 2. Time 1:01.1. Fiance and Rodman also ran.

SEVENTH RACE—Seven furlongs, selling: 1. Rose O'Neil, 98 (C. C. at Rosedale), 10 to 1. 2. Little Erpe, 98 (Radation), 10 to 1. 3. Scarlet Empress, 109 (Bil-Tor), 10 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

EIGHTH RACE—Five furlongs, selling: 1. Mother, 98 (Monkey), 10 to 1. 2. Royal Star, 109 (Finley), 10 to 1. 3. Lelaola, 103 (Jim L.), 10 to 1. 4. Time 1:01.1. Fiance and Rodman also ran.

NINTH RACE—Five furlongs, selling: 1. Kaufman, 111 (Finley), 10 to 1. 2. Time 1:01.1. Fiance and Rodman also ran.

TENTH RACE—Five furlongs, selling: 1. King Edward Park Race Track, Montreal, Aug. 23.—Official entries for Saturday are as follows: FIRST RACE—Two-year-olds, about 5 furlongs: 1. Ethel Berry, 103 (Jocke), 10 to 1. 2. Good Night, 100 (Fashion Wing), 10 to 1. 3. W. T. Buckner, 112 (Michael Rice), 11 to 1. 4. Morning Glory, 112 (Mattie T.), 11 to 1. 5. Don't Forget, 115 (Jocke), 11 to 1.

SECOND RACE—Two-year-olds and up, selling, about 5 furlongs: 1. Irishman, 103 (Bay of Pleasure), 10 to 1. 2. Western Belle, 109 (Doll Baby), 10 to 1. 3. Golden Lady, 109 (Cady), 10 to 1. 4. La Sa Ja, 100 (L. DesCouttes), 11 to 1. 5. Time 1:15.1. Mites also ran.

T. EATON CO LIMITED

The Most Popular and Up-to-date Train Service to Montreal is Via Grand Trunk.

This line offers every feature pertaining to comfortable travel, also the only line operating electric lighted Pullman sleepers between Toronto and Montreal.

Four trains leave Toronto daily at 7.15 and 9.00 a.m., 8.30 and 10.45 p.m. The 9.00 a.m. train carries first-class coaches, parlor-library-car and dining-car to Montreal, also through Pullman sleepers to Boston.

The 10.45 p.m. train carries first-class coaches and electric-lighted Pullman sleepers to Montreal. Remember the Grand Trunk is the only double track route. Secure tickets, berth reservations at City Ticket Office, northwest corner King and Yonge streets, Phone Main 1302.

CORNER SIMCOE AND NELSON STREETS TORONTO

ESTABLISHED OVER 50 YEARS THE CENTRE OF THE HORSE TRADE

THE REPOSITORY

400 HORSES AT AUCTION

TUESDAY, AUGUST 27th

250 HORSES

AND FRIDAY, AUGUST 30th

150 HORSES

The best consignments of all classes—HEAVY DRAUGHTS, LIGHTER DRAUGHTS, GENERAL PURPOSE, EXPRESS AND DELIVERY HORSES, FARM BLOODS, WAGON HORSES, DRIVERS AND CARRIAGE HORSES.

At 11 a.m. sharp on TUESDAY, THE 27TH, we will sell 15 ICELAND PONIES

These were just received and were not forwarded for our big pony sale of this week. The ponies stand 31 to 33 hands and weigh around 150 lbs. each. They will be sold on Tuesday for whatever they bring, and there is no doubt each and every pony will be worth very much more than will be paid for them.

We have received instructions from The Estate of the Late MR. WILLIAM HENDRIE OF THE VALLEY FARM, HAMILTON

to sell for them on TUESDAY, SEPTEMBER 24TH, a consignment of THOROUGHBRED YEARLINGS

Catalogues may be had on application, Dept. A, The Repository, Toronto.

EXHIBITION VISITORS

are invited to visit our premises: Our auctions are every Tuesday and Friday, beginning at 11 a.m.

The Repository was established in 1856 and each year sees a greater number of horses passing thru our hands. If you visit us and make yourself known we will endeavor to show you any courtesies that we may be able. We have a four-story building devoted to the display and sale of Carriages and Harness, and a visit here is also an education in itself and will repay the trouble.

CARRIAGE AND HARNESS DEPARTMENT. We have a very fine line of Fly Sheets and Coaters, and anyone wanting any such thing should look over our stock. We have the Toronto Agency for the famous McLAUGHLIN CARRIAGE, and have over seventy-five different styles of vehicles on our floors.

Our Farm Harness and Heavy Team Harness is worth looking over; it's made by the best workmen, out of the best material, and our price is right. We are sole Canadian Agents for REDUCINE, the great absorbent and remedy. Price \$4.00 per tin, cash with order.

CHARLES A. BURNS, Gen. Mgr. and Auctioneer. ISAAC WATSON, Asst. Mgr. and Auctioneer.

Grace Church will play at Hamilton this afternoon, and the following are requested to catch the 1.15 train, C.P.R.: Hill, Le Comble, Peal, Marsden, Neale, Bodwington, Attwood, Hill, Rawlinson, Smith, Nixon and Paris.

St. Cyprian's eleven will play the E. A. Club at Centre Island this afternoon. The team will be: Tark, Baker, Stokes, W. Davis, Allaire, Nelson, Nash, Capps, Brown, Frazer and Swan. Boat leaves Bay street wharf at two o'clock.

MAHER'S Horse Exchange

16 to 28 HAYDEN ST.

"Canada's Leading Horse Market"

AUCTION SALES NEXT WEEK

MONDAY AUG. 26th THURSDAY AUG. 29th

175 HORSES 125 HORSES

No lack of horses will be noticed around our stables next week. Though they are dear and hard to buy in the country at present, our shippers have secured several carloads of really good stock, including selections of every class, the quality of which will be right up to the mark.

EXHIBITION VISITORS would do well to visit our stables during the coming week, as our offerings will provide an exceptional opportunity to intending purchasers to fill their requirements. Call and look over our stock, our equipment, our plant in general, and satisfy yourself that we are what we claim to be: "Canada's Leading Horse Market."

In addition we have received instructions from A GENTLEMAN LEAVING TOWN to sell without reserve the entire contents of his stable, including five Saddles and Bridles, three sets of Harness, Runabout Buggy, Pony Waggonette, Speed Cutter, Blankets, Halters, Brushes, Combs, etc., and many other articles indispensable for stable use. The entire outfit is in the best possible shape, and will change hands without fail on Monday next.

LOST OR STRAYED from pasture at the Allan Farm, New-Tonbrook, about six weeks ago—Brown Gelding, aged, white star in forehead, two white hind legs, weight about 1,150 lbs. Reward to the finder upon return to this office.

WEDNESDAY, SEPTEMBER 4th NEXT

will be the most important day of the year for us, for on that day we shall sell without the slightest reserve the ANNUAL CONSIGNMENT FROM MR. ISAAC WILLIAMSON, BEING TWENTY-FIVE FILLES AND COLTS.

Imported Registered Clydesdales

Mr. Williamson's consignments of past years were recognized to be of the highest order, but he is convinced that this year his lot exceeds in size, quality, and fashionable breeding anything that has been imported into Canada by any shipper in recent years. Get your name in early for a catalogue, and DO NOT MISS THIS SALE. Complete particulars will appear in our ads. next week.

ALL HORSES sold with YONGE, Dupont, Avenue warranty are returnable by noon the day following day cars pass within half a block of our stables.

P. MAHER, Proprietor. GEO. JACKSON, Auctioneer.

CRICKET GAMES ON SATURDAY

Many League Fixtures and Friendly Matches Are Down for Decision

Toronto C. C. play St. Albans a League game to-day at St. Alban's grounds at 2.15 p.m., and will be represented by E. E. Henderson, W. McCaffrey, H. F. Lowry, A. D. Cordner, A. C. Houghton, W. W. Wright, W. H. Wright, H. G. Davidson, J. L. Hynes, E. H. Lighton, R. C. Reade.

St. James' C. C. will play a friendly match with Toronto this afternoon at Varsity campus and will select its team from the following: B. Ellis (captain), M. Marsh, O. Marsh, J. Millard, E. W. McMillan, J. Cassis, W. Tomlinson, H. Blackman, J. Hall, F. Brooker, H. Kirkpatrick, L. Jacques, J. Taylor.

Leafs Get Away With Lucky One
Newark Indians Beaten 4 to 3
Toronto Scores Four Runs in First Three Innings, Before Lee Put the Lid on Rochester Beaten.

Old Jim Wyatt Lee has lost his power. The ex-leaf was sent against yesterday by McConomy and the Kelly Sports got away with a 3 to 2 verdict. It was a tight squeeze and the Leafs were lucky to turn out on top. The Indians clustered in much better fashion than the homesters, but five out of the six connections gathered in by the Kelly men were used in scoring runs. Eleven times Newark found Drucker and he was a very lucky little fellow to get away with a win.

Of the six hits that Toronto got, four were for extra bases. Jordan supplied a homer and a triple and Drucker banded out two three-corner raps himself. O'Hara supplied two singles. Lee went along in good fashion after the third, and held the lead hand down tight. The extra base hits were his undoing in the first three innings and the Leafs had the game stored away in the cellar by the time one-third of it was over.

Dillon was the first man up for the Leafs and drew a pass. Willie O'Hara supplied a single, but Dalton was out when he over-ran the second base and was tagged. Shaw sacrificed and Jordan hit for three bases to deep centre. It scored O'Hara with the first tally.

After two were down in the second Benis walked and Drucker supplied a triple and run number two was in. Lee lost his game in the third by letting O'Hara get his second single. After Shaw had sacrificed, Lee put one over for Jordan and it landed in the right field bleachers and the game was won. The Newark twirler pitched straight ball from this out and there was not another chance for the Leafs.

The Redskins broke into the run column with a single tally in the second and they should have had two. Billy Zimmerman started it with a single and Gagner sacrificed. Brother Eddie pelted a hit to centre. Billy Zimmerman hit after he had rounded third for home and was tagged out on a relay throw from the outfield before he could get back. Higgins singled and it scored Eddie.

Three singles in a row brought in another in the fourth and the sixth was another one-run inning. McConomy pitched the game in the seventh. With two on and two down the little leaguer-sacker took E. Zimmerman's pop fly each of first with one hand, a grand catch.

Graham started to catch for Toronto, but Manager Kelley sent in Benis in the second inning. A new one was pulled when a pinch hitter was sent in the ninth. The score: NEWARK: A. B. R. H. O. A. E. Vaughn, ss..... 1 0 0 1 1 0 Tooley, 1b..... 1 0 0 1 1 0 Collins, 2b..... 1 0 0 1 1 0 Seymour, cf..... 0 0 0 1 0 0 Swanson, 3b..... 0 0 0 1 0 0 W. # RAIN DELAYS HARVESTING

### Crop is Not Impaired, But Cool Weather Has Filled Out Heads — Cutting Will Be Later Than Expected.

WINNIPEG, Aug. 23. — (Special.) Rain last night and to-day stopped harvesting in Manitoba just as farmers were getting well into their work. Rain has also fallen over the northern districts of Saskatchewan and Alberta, and appears to be pretty general thru the Canadian prairie west. Few binders will be at work before Monday at the earliest. Temperatures continued low last night but well above frost levels. The cold wave seems working west and should touch Saskatchewan and Alberta. The prospects are for warmer weather in Manitoba. Reports from all over the country show that during this week good progress has been made on spring wheat cutting, but the fringe of the crop has been stooked as yet.

While the cool weather has not brought along harvest as promptly as was hoped, it has had the effect of filling out the head, and provided the crop can be safely garnered, prospects for now are that the average yield will be considerably heavier than was forecasted a few weeks ago, that is to say, it will run around twenty bushels all thru.

The setback this week will give harvest labor a chance to catch up with requirements and my do something to renew supplies of binder twine, which are about exhausted. Harvest has disappointed its early promise of being a week or so earlier than usual. It is by no means dangerous late and given good weather for the next fortnight, the crop will be practically in.

Work is simplified by the short and sturdy character of the straw.

## Twentieth Century Women

Miss Ada Van Stone Harris, recently elected vice-president of the National Educational Society, is the editor of "Fairy Tales From Fairyland," a collection of fairy tales, widely used for supplementary reading in the schools. Miss Harris is now assistant superintendent of schools in Richmond, Va. Formerly she held a similar position in Rochester.

Mrs. A. M. Ellis, who is "Mayress" of Johannesburg, South Africa, is exceedingly interested in a competitive international exhibition of handwork to be held in October in her city. Americans are urged to send samples of women's or children's handwork for the exhibition. Mrs. Ellis says that these articles will, if the exhibitors desire, be offered for sale or they will be returned free of expense at the close of the exhibition. Mrs. Ellis suggests that such articles as women's wearing apparel, cushions and pillow covers, various kinds of Indian work, hand carved and hand painted work, and hand made book covers would be acceptable. She urges that nothing bulky or fragile be submitted.

Mrs. Elmer E. Black, who is peace delegate from the United States to the Interparliamentary Union in Geneva next month, will make an address before that body. She is at work on a book, "America, the Leader in World Unity" which she hopes to have off the press before many weeks.

Miss Susannah G. Haydock was graduated from the College of Pharmacy in Philadelphia in 1883, since then she has been engaged in the drug business in that city in one of the wealthiest residential districts.

Miss Lena Cornell of London has been awarded the gold medal of the Professional Photographers' Association of Great Britain, for the present year.

Ray, Anna M. Shaw was the first woman ordained in the Methodist Protestant Church. She graduated from Boston University, and after preaching for many years, took up the study of medicine, and received her medical degree.

Germany has 173 certified women doctors of medicine, while within ten years sixty German women have taken courses in dentistry in their home country. Law is a profession little regarded by women in Germany, there being but twenty-eight women lawyers in the Kaiser's realm.

VALESKA SURATT

Who will open the regular season at the Alexandra Theatre in "The Kiss Waltz" week of Sept. 2.

# WE CAN MAKE YOUR VISIT HIGHLY PROFITABLE

WHILE we are always glad to see our friends from out of town, during the next two weeks we are making preparations more extensive than usual to receive them, and to make their visit most successful and pleasant from a business point of view.

## Sound Land Investments

You have probably heard a great deal about Toronto's increases in population, expansion in business, and of almost unbelievable profits in real estate. These profits can be duplicated to-day, but cautious choice is needed. We offer you the experience of long years in the real estate business, years recorded with many successes, both in land selling and house construction. We have tried always to make our customers satisfied, and we have always succeeded. No real estate business in Toronto has grown so fast, or on so substantial a basis, as ours.

## "OWNERS OF SUCCESSFUL SUBDIVISIONS" EASTMOUNT, GLENMOUNT AND KINGSMOUNT PARKS

SPECIALIZING always in the East End, we saw where the wonderful development of this section of the city would give most profitable returns in realty investments. We bought early enough to allow us to offer you to-day land far below surrounding prices. Our success in this regard is best shown by resales to builders, effected the last few weeks on behalf of clients, many of whom were out-of-town people relying on our judgment. These clients purchased lots just a year ago in our Eastmount Park. We have sold their properties, giving them an average profit of \$16 a foot.

## For Our Visiting Friends

We will gladly arrange to motor you down through the East End, showing you the great amount of building going on, and incidentally the best properties in the district. There is nothing obligatory in your accepting our invitation.

WARD ONE, of the City of Toronto, so the official figures just announced show, is the fastest growing district of Toronto. All our properties are in Ward One, which means that they get city water, city car service, city sewerage systems, city roads, sidewalks and illumination. And all these things are being installed, or are to be given our properties within the next three or four months. There will be no waiting years for development. The car lines now being completed by the city run across the fronts of our properties.

## In Toronto's Best Section

The quickening of the East End of Toronto into sudden, prosperous and unbounded activity is most romantic. For years, although far closer to the centre of the city than the districts populated by a hundred thousand people in the West End, the East was retarded by lack of transit facilities, and by the need of great civic improvements. But now, all that the East needed it is receiving, and hundreds of houses are going up weekly.

We want to show you it all. We want to explain how to make this development earn you great gains.

## Care of Garden Roses

In order to make the greatest success of roses from year to year attention to the needs of the plants during summer will be rewarded perhaps more liberally than the same amount of attention at any other season. If the bed has been well fertilized in the spring, especially with natural fertilizer, further applications need not be given. As enormous quantities of water evaporate from the soil during the summer, any method that will check evaporation should be practised. As the soil of the rose beds and borders cannot always be conveniently kept loose and open by hoeing or raking, the best plan is to spread mulches liberally all over the surface beneath which the roots are feeding. In applications of such mulches it is well to remember that the spread of the roots is often twice as great as that of the top. As a summer mulch perhaps nothing equals grass clippings from the lawn.

Where the old-fashioned June roses are grown, some attention as to pruning may be given during the summer. These varieties are not nearly as satisfactory as the hardy perpetual and hybrid tea varieties. Many people have, therefore, discarded them because of the trouble in growing. They are very thorny and they have a long season without any flowers at all. They may be pruned after flowering, when the old stems may be removed from the centres of the bushes. This will enable the younger growth to develop more strongly and to fill the space in a better balanced fashion. It is also a good plan to cut out the weak and spindling growth so that only the best will be left for next season.

If hybrid tea roses are in a bed in a sunny situation protected from sweeping winds and if the soil is a fatty rich, rather heavy loam, they should bloom abundantly. If the soil is not rich, weekly or semi-weekly applications of liquid manure should be given. The solution should preferably be rather weak but the quantity of water considerable.

In this matter of watering too much stress cannot be laid upon the necessity of thoroughly soaking the soil once a week in preference to half watering it twice or three times. It is a good plan to apply the liquid in the evening, and if there is no much on the bed to make the surface in the morning so as to break the crust that naturally forms after the soil is made wet. It must be borne in mind, however, that

MISS PERCY HASWELL, Who will say farewell to her many friends in Toronto next week at the Alexandra Theatre, when she will present her own vaudeville playlet, "Master Will's Players," along with "The Marriage of Kitty."

unless the soil is almost poor, it is well not to apply fertilizers in the way mentioned. The plants themselves will indicate whether they need fertilizers or not. If their leaves are more or less yellowish or pale green, the application of fertilizer may be made with comparative safety. When roses are cut for use in bouquets or vases it is always a good plan to remove a considerable amount of stem. The reason for this is that pruning can thus be lessened and the strength and character of the stems which remain can be improved. It is two or three feet, from the base of the

plant. At this distance a circle may be made around the bush, but only about half of the circumference should be cut. Preferably this cutting should be done in alternate spots, wide so that one side of the plant may not be too much cut and other side not enough. Very frequently this method will result in flowers when every other plan has failed.

Roses are enjoyed by a considerable number of species of insects. It is rare to see a rose bush with abundant foliage unless spraying has been practised from the earliest appearance of the leaves and at frequent intervals thereafter. Perhaps the most seriously affected of all varieties are those that belong to the June rose class; and these least affected are the tea varieties. These latter are fairly free—that is, for roses. Their foliage is a dark, healthy green and is in striking contrast to the warm, orange yellowish foliage of some of the other varieties. They, however, occasionally mildew. This mildew can be avoided to a very large extent by growing them in airy, sunny situations and far enough apart to foster free circulation of air. It is also a good plan not to wet their foliage late in the day so that the leaves may be dry by nightfall. Flowers of sulphur dusted upon the leaves will prevent mildew to a large extent.

All insects that chew the leaves with the exception of the rose beetle may be combated successfully by means of arsenate of lead or paris green. There may be present on the foliage from time to time. These insects that suck the juices may be destroyed by means of kerosene emulsion or whitish soap made with whale oil soap. These materials can be prepared from seed stores which will also supply directions for using. Even hot soft soap suds will be found useful in combating many of the soft-bodied and sucking insects, worms, slugs, etc.

## LARGE HUSBANDS

Two Chicago women, Mrs. Leavitt, clerk of the court of domestic relations, and Mrs. Murphy, chief police matron, have given it as their opinion that big men make the best husbands. This judgment comes from an experience from which a correct judgment could be formed. These women may say big husbands are less irritable and more generous and easier to get along with. The little man is more likely to be nervous and fidgety and say mean, sharp things.

Mrs. Leavitt of the domestic relations court says the small men greatly outnumber the big men in the cases that come before her court. Most of the

J. RUFUS WALLINGFORD (JACK WEBSTER), And the stenographer in the Cohan and Harris comedy success, "Get Rich Quick Wallingford," which opens the season at the Princess next week.

## ELECTRIC WATER HEATER.

A simple water heater which is very useful during the summer can be readily made by means of a luminous radiator lamp inserted in an enveloping tin vessel. The electric lamps used in luminous electric radiators give off considerable heat. If this lamp be held rigidly in a tin vessel with the socket end upwards, a wire and plug serves to make a connection, easy with any lamp socket. A small faucet can be soldered in the bottom to add to its convenience. Carbon lamps should be used. For that reason the radiator lamp is chosen. The larger the wattage of the lamp the greater will be the amount of water heated in a given time.

## Exhibition Tickets.

The exhibition "six-for-a-dollar" tickets are sold out as far as the city is concerned, but these tickets can only be had from A. F. Webster & Co., corner King and Yonge-streets.

CLERK WISHED TO TRY BRIBERY

Declared Detective Brennan, Who Refused on Plea That He Wanted to Handle Coin Himself.

DETROIT, Mich., Aug. 23.—(Can. Press).—Alderman Louis Prozo of the Thirteenth Ward was this afternoon bound over to stand trial in recorder's court on the charge of having accepted a bribe of \$100 in return for alleged municipal favors to be granted the Wabash Railroad.

His bond was reduced from \$5000 to \$1000, as in the case of Alderman Gilman, bound over on the same charge several days ago.

Prozo furnished bail. When the case was disposed of court adjourned until Monday when it is expected the cases against Aldermen Tosny, Ostrowski and Walsh will be taken up.

Detective Walter J. Brennan, who claims to have bribed Prozo and seven other Aldermen, was the principal witness for the prosecution against today. On his cross-examination he testified that Mayor Thompson asked him to attempt to bribe any of the Aldermen, but he added that the mayor did request him to test the integrity of various members of council.

Former Committee Clerk Edward R. Scheller, who confessed to having been implicated in a number of hoodlum deals and who in his confession accused members of the common council of grafting, again figured in the proceedings. Brennan testified that Scheller told him that he would be able to influence the council to close a street at the request of the Wabash road, but the "influence" would cost \$500 and he would have to handle the money himself.

"This did not fit in with my plans," testified Brennan, "and I insisted that I handle the coin myself."

The defence made a strenuous but unsuccessful effort to force the prosecution to introduce telephonic records of alleged conversations between Brennan and accused Aldermen. These, Prosecuting Attorney Shoppers claims, he has in his possession, but does not intend bringing them into court until the cases come to trial.

SPECIAL C.N.O. SERVICE. Tickets: Good on All Trains for the Exhibition.

Your visit to the Canadian National Exhibition at Toronto can be made a delightful holiday in more ways than one. If you travel over the lines of the Canadian Northern Ontario Railway...

Special low excursion rates will be in effect, good going or returning on any of the Canadian Northern Ontario Railway's solid vestibuled trains. You will also appreciate the convenience of the route and the courtesy of the employees.

A special train will leave Niagara at 9:30 a.m. on August 27, 28, 29 and 30 and September 2, 4, 5, 6 and 7, stopping at all stations on the line, arriving at Toronto 2:24 p.m. Returning, a special train will leave Toronto Union Station at 11 p.m., running thru to Niagara and stopping at all intermediate points on August 27, 28, 29, 30 and September 2, 3, 4, 5, 6 and 7. Ask your local agent for further information.

Where to Buy Victrola Records. Buy your Victrola Records from Ye Olde Place of Heintzman & Co., Limited, 46-105-107, Yonge-street. Their handsome Victrola demonstrating parlors and record hall are the largest and finest on the continent and you are welcome to visit them at any time. A complete assortment of all newest records will always be found on hand.

Girl of 11 Makes Great Progress Learning Piano By Free Lessons in Her Own Home

Tells in Simple Fashion Why She Applied for a Second Course of Lessons and Gave Up Her Teacher.

Piano, Organ, Violin, Banjo, Mandolin, Guitar, Cornet and Cello Taught.

Every year about 30,000 people all over the country learn to play by their own method. This is the result of the aid of the Free Music Lessons given by the famous U. S. School of Music, which has been established since 1898 as a home study school.

Each day brings letters which tell of the pleasure given the writers through knowing how to play, and describing the difficulty or ease with which they learned. The one printed below says how an 11-year-old child took a course of free lessons, after which she went to a teacher, but not wanting another course of lessons from the U. S. School of Music, her only expenses will be for music and postage, while the lessons are sent every week, according to her need. This is what she says:

U. S. School of Music, N.Y. Dear Sirs: In 1906 I took a course of music from you and was very much pleased with the outcome. After I had finished your first term I took one from a teacher, but find I progressed just as fast from you.

I will gladly recommend your music and method of teaching to anybody. If you will kindly answer by return mail, you will make an order for your second term of music at once.

Hoping to hear from you soon, I remain as ever,

(Signed) VERNIE SHIVELY.

Don't pass this offer, but let us tell you how and why you can do as much. If you send to-day for booklet and first mailing offer. Address: U. S. School of Music, Box 316, 225 Fifth Ave., New York. A10.24

**MORE HARVESTERS**  
 Fifteen Coaches Needed on C.P.R. Trains Yesterday.  
 Harvesters' excursions are proving a strong inducement this year to the young men of Ontario. It took fifteen coaches to handle the crowd that assembled yesterday morning at Union Station to board the C.P.R. excursion train for the west. The reports of bumper crops are arousing great interest in the minds of Ontario youths, so much so that it is harder this year than ever to obtain farm laborers in the local farming communities. Farmers complain that their sons are departing for the west and leaving the home crops uncared for.

**EARLY CLOSING GOOD FOR THE BARBERS**  
 Journeymen Reported That New Bylaw Has Met With Much Favor, and Decided to Compel Every Master Barber in Toronto to Comply With the Regulations.

Not only has the early closing bylaw, compelling barber shops to close at 8 o'clock at night, except Saturdays and nights preceding holidays, proved a success in the barber shops complying with it, but steps are to be taken to compel the few city barbers that still keep open after 8 p.m. to shut up their shops at the time called for.

At the first meeting of the journeymen barbers, held after the passing of the bylaw, held at the Labor Temple Thursday night, much satisfaction was expressed at the way it was working out. The master-barbers pay these men a salary of \$12 a week and half of what they take in each week over \$18. With this the men, as well as the proprietors would be the losers if the early closing were down the amount of business. At the meeting last night, which was crowded with enthusiastic journeymen barbers, it was unanimously declared that every bit as much business was being done by them now as was the case before the early closing came into effect.

**Only One Open.**  
 The way the barber shop proprietors have responded to the bylaw is remarkable. One of the men last night declared that he had come in from Balmby Beach and from there to the centre of the city he had only found one barber shop that was open after 8 o'clock. Men from the other outer sections of the city had the same story to tell.

There are, however, about 16 or 20 barbers in the city which, it is stated, are not complying with the early closing

**GLEN GROVE PARK ANNEX**  
 A Good District A Good Property A Good Home A Good Purchase

**DRAW YOUR OWN CONCLUSIONS**  
 The "Northward" movement has been a promise fulfilled.  
 Few of us, after an absence of five years, would recognize Rosedale—a transformation—and many, with keen insight made thousands.  
 Toronto is growing rapidly—capital is pouring in—manufacturers are broadening out—new ones arriving every month, and in the wake of capital—factories, warehouses, retail and wholesale establishments must come—People.  
 And when our population is swelled by 30,000 to 40,000 prosperous citizens EVERY year—well, those who hold property in the north—in such an ideal suburb as Glen Grove Park Annex—in the centre of Toronto's finest residential section—will promote a healthy increase in bank balances.  
 The wise investor is the man prepared to meet the demand for building sites (from the increased army of home-seekers), which keeps increasing as rapidly as our city grows. Study it out carefully—see for yourself—see the property—study locations—direction of growth—then, decide—but be sure you investigate.  
 We offer you every assistance, but you're not to be troubled.  
 Prices range from \$12 per foot upwards, according to location—and terms. Remember the Rosedale section—other outlying sections—and of the wasted opportunity, and phone us NOW.

**TANNER & GATES, - - - Realty Brokers**  
 46 Victoria St., Toronto. Telephones Main 5893-5894.  
 Branch Office, South-west Corner of Glen Grove and Yonge St. Telephone North 7140

**VISIT THE PROPERTY**  
 Our automobiles will meet the Glen Grove cars at the corner of Glen Grove avenue. Come out on Saturday afternoon and look it over.

**CASES FOR SESSIONS**  
 More Than Eighty Already Are on the Calendar.  
 When the machinery of the law gets into operation again next month, there will be no lack of work for the several courts. Already over eighty cases have been slated to be dealt with at the September sessions, and the day of opening is three weeks away. A session of the county judge's court will be held in the first week of September, in which those who wish to be tried without a jury will be separated from the others and much time will be saved the later court in this way.  
 It is expected that Judge Denton will preside over the sessions, tho the appointment has not as yet been made.

**TIRED OUT.**  
 One great secret of nervous exhaustion is that women expend a great deal more energy than is necessary in doing nearly everything, whether it be simple or complicated. Often after having entertained a roomful of company they feel utterly exhausted and the same effect is to be noted after having passed an evening at a party or other social affair.  
 The reason of this is having talked with every muscle and having been in a constant state of high tension when there is absolutely no necessity for it, and thus utterly neglecting the true quality of the repose which does not by any means mean inertia.

**LIQUOR SOLD ON STEAMERS**  
 Provincial License Inspector Morrison Reported Two Convictions, and Will Keep Sharp Lookout.  
 Provincial License Inspector George E. Morrison is getting after the steamboats for selling liquor in Ontario waters. He was at the parliament buildings yesterday and reported two convictions of captains of boats running out of Prescott. He has instructions to give similar attention to boats complained of from other Ontario points.  
 A petition has been received at the parliament buildings for cancellation of the fine of a local preacher in a local option municipality, who was convicted for selling native port wine, containing a greater percentage of alcohol than is allowed in dry districts. It is claimed that he supposed he was handling a purely temperance beverage.

**HAMPSTEAD PARK**

**Every Working Man Should Own His Own Home And He Can --- Too**

*This Is the Way* Prices for city lots have gone so high the workingman has to pay rent, and high rent, too, because he cannot afford to buy and build for himself. That same condition was true several years ago, when we opened the Nairn Estate, at a low price, and sold every lot to workingmen, who now own their own homes; then we opened the Parsons Estate, and in two years these lots were all sold, and built upon by thrifty workmen. This spring we opened

**HAMPSTEAD PARK**  
 and out of 849 lots only 210 are left. That means the last chance for workingmen to buy lots within their means, on EASY TERMS, and where they can build in a neighborhood that is healthful, beautiful and congenial. Those who want to get a lot in Hampstead Park must not wait, but act at once, for 210 lots will not last long.

**Lots are 25 x 125; Prices \$10 Down, \$5 Monthly**  
 This is the easiest, best and last chance. Make an appointment by letter, by telephone, or by call, and we will take you out and show you the property.

**STEELE'S BOAT REFRIGERATORS "FRANCE"**

**A Good Purchase**

Reconstruction of French Line's New Mammoth Steamship Has Resulted in the Disappearance of Every Indication of Rolling—Passengers Presented Testimonial.

NEW YORK, Aug. 23.—(Special).—With her huge keels and ballast tanks so reconstructed as to do away with every indication of rolling, the French Line's new mammoth steamship, the "France," is again in port for the first time since last May, when labor troubles tied up everything in the French port of Havre. The period of inactivity at Havre was taken advantage of to send the "France" to the shipyards at Saint-Nazaire, where her huge keels and ballast tanks were rearranged in such a manner that the great vessel is now the steadiest thing afloat. That the reconstruction had the desired effect was evidenced in a testimonial tendered to Captain Eugene Poncet by the saloon passengers on the "France" on the voyage just completed, signed by every passenger and declaring that never had any of them made a more comfortable crossing, even though there were several days of bad weather on the westward trip. The passengers sat at dinner in the France's magnificent Pa-isan saloon during the squally weather with as much comfort as they would have enjoyed in one of the modern palatial dining rooms ashore. William Ellis Coey, one-time head of the United States Steel Corporation, was enthusiastic over the France's performance, and was one of the first to suggest the testimonial to Captain Poncet, which was presented to the famous commander the evening before the France came thru the Narrows to her anchorage off Quarantine.

**STAGG FIELD CROP WINNERS**

Leaders in This Competition Will Be Eligible For Entry in Sheaf and Grain Exhibits at National Exhibition.

The following is a list of prize winners in the stagg field competition conducted by the Richmond Hill Agricultural Society in connection with the Ontario Department of Agriculture. The first five of these will be eligible to enter the sheaf and grain exhibits at the Canadian National and Central Canadian exhibitions:

1. W. P. Noas, Dollar, variety Banner, 91 1-2 points.  
 2. Fred A. Clark, Headford, variety, 81 1-2 points.  
 3. W. H. Cluine, Langstaff, variety, 78 1-2 points.  
 4. F. A. Leags, Jefferson, variety, Prince Royal, 77 1-2 points.  
 5. M. Boyle, Richmond Hill, variety, Banner, 76 1-2 points.  
 6. William Palmer, Richmond Hill, variety, Banner, 75 1-2 points.  
 7. Walter Connors, Headford, variety, Prince Royal, 74 points.

**Valueless Goid Lost.**  
 James F. Gleason, Mount Joy, has lost a valuable three-year-old gelding. The horse had been turned out in the pasture and during the night jumped a fence, which was protected at the top with a barbed wire. Catching his hind leg in this wire, the horse, in his struggles to get free, almost severed the leg. Mr. Gleason was aroused from his sleep by the screams of the horse and hastily got up and went out with a lantern and found the horse breathing its last. It had bled to death.

**Delayed Freight Train.**  
 Two Vaughan Township laborers, named Barlow and Taggart, were fined \$5 and costs each by Magistrate Sanderson of Richmond Hill on the charge of being intoxicated and obstructing a G.T.R. freight train. It appears that they boarded a freight train near Maple, where they lived, and as the train crew thought that Barlow was drunk, they stopped the train and a doctor summoned. Neither was injured, but both were drunk.

**Mr. Fawcett Coming**

Allan Fawcett, who was with Miss Percy at the Royal Alexandra Theatre during her first two seasons, is the author of the vaudeville skit, "Master Will's Progress," which Miss Haswell is presenting at the Alexandra next week at the conclusion of "The Marriage of Kitty." Mr. Fawcett is general stage director for Maud Adams. He wired Miss Haswell last evening that he would arrive in Toronto this morning to put the finishing touches on the vaudeville sketch before it is presented on Monday.

## EASTBOURNE

### Beautifully Situated HIGH, DRY AND HEALTHY

### TURKS HURRY TO RELIEF

Montenegrins Again Successful in Stopping Butchery of Christians.

SALONIKI, European Turkey, Aug. 23.—(Can. Press).—The Turkish commander, Djavid Paasha, with a force of troops left Petch, a town in the village of Kosovo, and is hurrying to the relief of Berana, an Albanian district on the Montenegrin border, where for several days a massacre of Christians by Mohammedan Armata has been in progress.

Montenegrins, who invaded the territory to stop the butchery and who were driven back across the frontier by the Turks, are reported to have again occupied the district and are said to be besieging the Turkish garrison and the fort there.

## WELLAND READ THIS Houses Scarce

Extract from The People's Press, Welland, August 20th, 1912.

"The demand for dwelling houses in Welland is again greater than the supply. We do not know of a single empty house in town and enquiries for houses are being made every day. The new factories being erected and the largely increased pay rolls of those already located here are responsible for the ever-increasing population of the town."

"We own the choicest building lots at Welland, located within a quarter of a mile of the largest factories and the Union Station—on the beautiful estate of WELLAND SOUTH, the only high-class restricted workmen's residential district at Welland. We will sell lots to a builder for building upon within a year—at from \$5.00 per foot up—upon easy builders' terms, and we will take your second mortgages or Toronto property in part payment if you desire."

**MAKE NO MISTAKE**

Welland is the fastest growing town in Eastern Canada to-day. It has secured 50 new factories during the past 30 days—beating all Canadian records.

**WHY NOT BUILD WHERE THE DEMAND IS GREATER THAN THE SUPPLY?**

We furnish you the land—cheap. We help secure your loans free. We help sell your houses free.

**WHY NOT INVESTIGATE TO-DAY?**

### DETROIT PROPERTY FOR SALE

Four hundred feet opposite Palmer Park, \$15.00 per foot. No interest or taxes until 1914.

APPLY BOX 63, WORLD

### REDMOND & BEGGS

Architects and Structural Engineers (Late of City Architects' Dept.) ROOMS 511 KENT BUILDING, TORONTO Phone A. 176. ed

### SECURITIES, LIMITED

202 Kent Building Main 6571

Will buy, sell and exchange business properties, city lots and farm lands. ed

### SUCCESSION DUTIES

This Year's Receipts Will Fall Short of Last Year.

This year's receipts from succession duties will fall short of those of last year. The executors of the Nordheim estate, in accordance with the statute, have eighteen months in which to make the payment from it to the province. When it is received, which will probably be during 1912, the amount will be very substantial. What it will aggregate is not yet conjectured by the officials of the department, as the duties are conditioned with respect to the total amount bequeathed and how the legacies are divided.

# Mining Market Lacks Leader--McKinley-Darragh at Record

## TYPICAL EXHIBITION OF MARKET DULNESS

### Price Variations Held to Narrow Limits in the Mining Exchanges--Porcupine-Shade Easier--McKinley-Darragh Continues Its Advance.

World Office, Friday Evening, Aug. 23. To-day's mining exchanges were a typical exhibition of stock market dulness during the dog days of August. Trading was on a remarkably narrow range, with only a few scattered exceptions. A cursory glance at the tickers from time to time was sufficient to evidence the lack of speculative interest, and the fact that the list lacked a leader or a group of leaders. The attitude of the market was one of indifference to the opening of the close values in every instance held within easy distance of the recent records. In fact, at no time did the market display any sign which might be accepted as indicating a decided price trend. The consequence was that quotations were regulated by the exigencies of the moment, and that no changes for the season were confined to such narrow limits as to attract nothing more than passing interest.

### Only Limited Transactions.

In the Porcupine stocks transactions were limited to one or two board lots of the favorite issues. Hollinger was the only stock which showed a slight advance, a little weaker, the other transactions, a sale of 50 shares, being put thru at \$11.15, five points under yesterday's closing price. Vipond was sold selling pressure, dropping nearly a point at 26 3/4, but no material amount of stock came out at the lower figure. In the Cobalt the only feature was provided by McKinley-Darragh, which advanced 1/2 point, reaching \$11.50, a net gain of five points and a new high record in several years. Beaver recovered a portion of its recent loss, recovering a half point advance to 4 1/2. Bailey was up a fraction to 4 7/8, and closed bid there, a new high for the movement. City of Cobalt sold off to 25 under profit-taking.

### INTERESTING CIRCULAR.

Messrs. Ussher & Co. have issued an interesting circular on Cobalt stocks, making a comparison of the market values of the different properties, which gives purchasers of stocks a clear idea of chance of speculative profit. As a rule, the prices of stocks are selling at the same market price, representing the same market value for the different properties. This error is a common one, and the circular is a valuable one in the market.

### WORK IS RESUMED AT APEX PROPERTY

SOUTH PORCUPINE, Ont., Aug. 22.—The Apex, which has been closed down since last February, was reopened this week and a force of men is now employed on the property. Only one of the two shafts that were originally started is being worked. The main shaft was down 69 feet and this has been pumped out, and operations started to-day for putting it down to 100 feet, when drifting on the vein will be started. The Apex, when closed down, had a small cash balance in hand, and this is evidently to be the hope of attaching some market value to the treasury stock.

### DISCOVERIES OF APATITE NEAR OTTAWA

Swedish Professor of Mining Will Investigate New Finds—Used as Fertilizer.

OTTAWA, Aug. 22.—Discoveries of apatite around Ottawa, Hull and the Ottawa Valley are being investigated by Prof. Wilhelm Palmær of the Royal Institute of Technology, Stockholm, Sweden, and these may lead to the establishment of a new industry. Apatite hitherto apatite has been regarded as of no value, but Prof. Palmær has developed a new process by which it may be turned into a useful fertilizer.

### Standard Stock Exchange.

Cobalt	Open	High	Low	Cl.	Sales
Beaver	4 1/2	4 3/4	4 1/2	4 1/2	500
City	25	25	25	25	100
McKinley	11 1/2	11 5/8	11 1/2	11 1/2	100
Porcupine	4 1/2	4 3/4	4 1/2	4 1/2	500
Vipond	26 3/4	26 3/4	26 3/4	26 3/4	100

### \$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excessive, unnatural indulgence in the use of wine, that has cured in so many men and nervous men. I think I can help you, and I think every man who wishes to regain his health and vigor should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

## C.N.O. RAILWAY'S UP-TO-DATE POLICY

### Solid Vestibuled Excursion Trains With First-Class, Superbly-Appointed Coaches to Be Operated During the Canadian National Exhibition.

Traveling in comfort in an excursion train is a luxury seldom enjoyed by the average visitor who visits the Canadian National Exhibition. A study of the Exhibition visitors' way has resulted in an order going forth to the effect that only first-class coaches are to be used on all excursion trains and, in fact, all trains to the Exhibition.

### Another distinct advantage offered by this railway is the acceptance of any excursion ticket on any of the regular trains—a convenience that will appeal to every visitor who knows that the Canadian Northern Ontario operates superbly equipped solid vestibuled trains only.

A special train will leave Napanee 2:50 a.m. on August 27, 28, 29 and 30, and September 3, 4, 5 and 7, stopping at all stations on the line, arriving at Toronto at 2:24 p.m. Returning, a special train will leave Toronto Union Station at 11:00 p.m., running thru to Napanee, stopping at intermediate points, on August 1, 2, 3, 28 and September 2, 3, 4, 5, 6 and 7. Ask your local ticket agent. He will gladly supply you with all information.

## FRANCE EIGHTS HOSTILE MOORS

### Army Marches to Raise Siege of Headquarters Occupied by Friendly Natives—Countrymen in Danger

TANGIER, Morocco, Aug. 22.—A French army has been ordered to march to raise the siege of the headquarters of El Glaoui, which is now besieged by the Moors. The troops will march under the command of Col. Mangin. It is expected that it will take four days to reach the neighborhood of Marrakech, which is now in the hands of El Glaoui, who has proclaimed himself sultan.

### Two Men Will Toil Thru Narrow Intake at Ottawa for Third of Mile—No Turning Back.

OTTAWA, Aug. 22.—To crawl thru 1600 feet of the narrow, dark interior of the intake pipe at the bottom of the new aqueduct will be the work which Messrs. Haycock and Stuart will undertake as soon as the aqueduct is dried out sufficiently to permit it. The interior is only three feet six inches in diameter and the task will be an exhausting one. They are acting for the city solicitor, who is conducting an investigation into the waterworks department.

## YOU CAN BE STRONGER THAN YOU ARE. DR. McLAUGHLIN'S ELECTRIC BELT

### MUST WRIGGLE THRU LONG PIPE

Men and women who suffer from chronic ailments, pain of any kind, weakness in any form, rheumatism, lame back, sciatica, weak nerves or nervous disorders, stomach or bowel troubles, or kidney or liver complaints, can be cured at home without the use of drugs. Dr. McLaughlin's Electric Belt is curing such people every day, after doctors and their worthless medicines fail. If it will cure you it is worth at least a trial. If it won't cure you, I don't want your money, and I'll tell you so at the start.

### LET IT SEED

Hay Crop Not Being Cut by Northern Farmers.

Chairman Englehart of the T. & N. O. Commission stated yesterday that his agents in the agricultural districts along the line of the T. & N. O. reported that owing to the backward nature of the season many farmers will not cut their hay, but will let it go to seed.

## Ontario Crop Bulletin

The following statement regarding crop conditions in the province, based on returns of correspondents under date of Aug. 12, has been issued by the Ontario department of agriculture:

### Fall Wheat.

This crop received a serious setback in April from alternate thawing and freezing, which killed out an area estimated to be about one-third of the crop, leaving many fields very patchy. This handicapped, fall wheat has not come up to the standard of recent years in the matter of general yield. The crop, also, has been very uneven in ripening, which has delayed harvesting, making it about two weeks later than the very early cut of last year. Some were caught by showers, which later at the time of cutting, and several reports were made of some of the crop sprouting in the shock, but the bulk of the grain is said to be of good quality. The straw is of medium length, and there are more complaints of rust than usual. Yields range from 10 to 45 bushels per acre. The Lake Erie counties are the poorest of the fall wheat districts so far as yield and general conditions are concerned.

### Barley.

There will be a fair yield of pump barley in nearly every county of the province, although individual reports show considerable variance. Notwithstanding much wet weather at harvesting, there are not many complaints of discoloration of the grain. The straw, however, is short, owing to drought in the period of mid-growth. As in the case of the other cereals, harvesting is comparatively late, running from July 25 to Aug. 15.

### Oats.

Notwithstanding what was considered as a poor start from too much rain in the spring, oats developed into a first-class crop, for, although the straw is hardly up to the standard in length, it is usually clean and presentable, while the heads are well filled and give a good yield. There are some "lodging" from heavy rains, but so far cutting has not been unduly difficult. Harvesting began in some places on Aug. 5, but the bulk of it was under way until a week later, and owing to late ripening some will not be thru cutting until the end of the month.

### Rye.

Winter rye has now only a very limited area. It suffered somewhat from the trying weather in the spring, but the yield and quality will be good, taking the province as a whole.

### Peas.

Peas are doing better this year on the average than for several seasons. Although the yields reported vary from 5 to 30 bushels an acre, some of the crop having been affected by the wet spring weather, the growing period was early, and a portion of the crop is yet green, and pulling is expected to continue from Aug. 12 into the first week of September. The crop, while there has been an increase in the acreage raised for canning purposes, there has been a considerable falling off in the grain class, owing to the same but some correspondents claim that this year's improvement in the crop will likely encourage the raising of a larger area. The newer districts of

ADDRESS.....  
Office Hours: 9 a.m. to 6 p.m. Wednesday and Saturday until 3.30 p.m. Write plainly.

### DR. McLAUGHLIN'S ELECTRIC BELT

Dear Sir,—I have given your Belt a fair trial with satisfactory results. It has done for me what everything else has failed to do. I have not worn your Belt for the last two months, for I feel convinced that I am cured, thanks to you and your Belt. I highly recommend it to anyone that is in need of treatment. Thanking you for the interest you have taken in my case, I am, yours truly, T. MAUND.

Dull Speculation In All Exchanges--Money Market Is Firmer

STOCK MARKET IN DORMANTS

Growing Tightness of Money a Factor in Curbing Speculation—Prices in Toronto Merely Steady.

The influence of the holiday season and the growing tightness of the money situation have combined to work against speculation in the Toronto Stock Market, and have precluded any material activity in the day-to-day trading.

The market yesterday was in the dullness witnessed in some time. Only in one or two special instances was anything like a show of even comparative activity displayed.

As usual Rio and Sao Paulo did not enter into the day's business to any extent in fact the former Bate was traded in only to the extent of one share.

In the specialties F. N. Burt preferred sold up a point to 118 1/2, within half a point of the high record for the year reached last May.

Montreal advices are to the effect that the block of 13,000 shares of Dominion Steel Corporation, which was taken off the market by the Chicago syndicate headed by Speyer & Co., the well-known banking firm, who have taken a big interest in Canadian affairs of recent years.

Speyer & Co. it will be remembered handled the recent \$7,000,000 issue of preferred stock of the Steel Corporation, and endeavored to make a market for the securities of the company in London.

Banking Changes Mr. John Stewart Skeaff of the head office of the Bank of Toronto, has been appointed manager of the main Toronto branch, succeeding Mr. W. R. Wadsworth, who is retiring after forty years of service.

RECOVERY IN CONSOLS IS GOOD OMEN

LONDON, Aug. 23.—The black hopelessness which hung like an immense cloud over the gilt-edged market has been dispelled.

With the clearing of the labor outlook there is a distinct widening of the investment enquiry, the confidence of the half-yearly dividend, which of course runs into many millions, and have in many instances been directed back to the market on the advice of brokers, who consider that the probabilities are that most of the representative securities in this section will be standing at higher levels than those now current before the end of the year.

At today's prices consols stood at 75 3/16 about two points above the low level recorded on July 25 last, thus plainly evidencing the more cheerful feeling.

STANDARD OIL PREPARES TO CUT "MELON" NEW YORK, Aug. 23.—The Standard Oil Co. of New York is said to be earning at the rate of between \$12,000,000 and \$15,000,000 on its capital stock.

Individual members of the speculative following of the Toronto stock market who are at all superstitious may find food for thought in the fact that the clock on the exchange stopped suddenly yesterday.

TRUST PROCEEDINGS AGAINST AM. TEL. CO. Chas. Head & Co. to J. E. Osborn, James Apollon, Sturff, for instance, jumped upward, this one in particular being the most active.

NEW YORK, Aug. 23.—The known share movements of money for the week ended with the close of business Thursday indicate a loss on all accounts by the banks of \$5,318,403.

WE ACT FOR YOU As Executor and Trustee under Wills, Administrator and Guardian, Liquidator, Assignee, Receiver and Curator, Committee of Estates of Lunatics, We also act as Trustee, Agent and Registrar, Trustee under Mortgages and Trust Deeds, Agent for Investment of money, Depository and management of property for the sale of real estate, collection of rents and Principal and interest guaranteed on mortgage investments. Interest allowed on trust deposits.

STAGNANT TRADE IN GENERAL STREET

Copper Stocks Led an Exceedingly Dull Session—General List Maintained an Even Balance.

NEW YORK, Aug. 23.—With the volume of trading much under that of the preceding session to-day's stock market gave another exhibition of irregular and unprofessionalism. Copper continued the prominent feature, with recurrent pressure against the railway divisions. The Panama Canal bill was again regarded as a contributing factor, but this was offset in a measure by hopes of an early adjournment of Congress.

U. S. Steel was under less restraint than recently, but failed to preserve more than an even balance, despite flattering forecasts of the current quarter's earnings and an advance in the price of pig-iron. Miscellaneous specialties had brief periods of activity at higher prices, the Tobacco issues, Consolidated Gas, Agricultural Chemical and Westinghouse, all pointing from 1 to 3 points, with 3 points for American Spinn.

TAXES PAID BY RAILWAYS INCREASING NEW YORK, Aug. 23.—When the census commission makes up its figures for the year ended last year, it will find that the railroads paid approximately \$20,000,000 in taxes. This figure compares with a little more than \$10,000,000 the year before, an increase of about 100 per cent.

QUIET TRADE IN EVIDENCE IN MONTREAL MONTREAL, Aug. 23.—The local share market was dull to-day and the volume of business transacted was the smallest of any day during the week.

MARKET IRREGULAR Erickson Perkins & Co. (J. G. Beatty) wired: "Today's stock market was highly irregular. There were some firm operations. There was a general tendency to recover some of the losses incurred yesterday. But each rally brought selling. The adjournment of Congress is very likely to go over until next week, according to to-day's advices, but it is apt to occur at least Monday. This will be construed favorably. The New York banks have lost some \$6,000,000 on currency movements, due to sub-treasury operations. They gained on the interior movements several million dollars. Continue a trading position in stocks but only on drives. Sell out on bulges."

BANKING CHANGES Mr. John Stewart Skeaff of the head office of the Bank of Toronto, has been appointed manager of the main Toronto branch, succeeding Mr. W. R. Wadsworth, who is retiring after forty years of service.

THE DOMINION BANK SIR EDMUND B. OSLER, M.P., President. W. D. MATTHEWS, Vice-President. C. A. BOGERT, General Manager. Capital Paid Up, \$4,000,000. Reserve Fund, \$5,000,000. Total Assets, \$74,000,000. SAFE AND CONVENIENT. Letters of Credit and Travellers' Checks, issued by the Dominion Bank are a safe and convenient means of carrying funds when travelling either in Canada or abroad.

THE STOCK MARKETS TORONTO STOCKS Aug. 22, 23, 24. Table listing various stocks such as Ana. Asbestos, B. C. Packers, Can. Bread, etc., with their respective prices and changes.

NEW YORK STOCKS Erickson Perkins & Co. (J. G. Beatty), 14 West King Street, report the following quotations on the New York Stock Exchange. Table listing various stocks such as Atchafalpa, B. C. Packers, etc., with their respective prices and changes.

TORONTO MARKET SALES Table listing various market sales such as Burt F. N., etc., with their respective prices and quantities.

As the guests of Toronto arrive for the great National Exposition, the Simpson Store is in a unique position to welcome them and give them downtown headquarters during the day. Comfortable rest rooms and restaurant give excellent meeting places for you and your friends. Information Bureau, Parcel Check Room, etc., are provided for your convenience. These are quite aside from the great interest of the huge displays of new goods and wonderful values that make Simpson's the ideal shopping place in Toronto. The specials listed on this page are for Monday particularly, but every day will bring new lists as well as superb values all over the store.

## MANUFACTURERS

QUEBEC O ONTARIO O MANITOBA

## The Openings That Take Place Monday

Are not confined to the great Exposition. At the Simpson Store the Fall Displays will begin in **Millinery, Cloaks and Suits, Dress Goods and Silks**

The Store has long been as famous for excellence of styles and materials in these sections as for prices everywhere; but never in previous years has so remarkable a showing been made, nor so many new things come up for your attention. Make an early visit to the Store.
