TWENTY-SEVENTH YEAR

PREMIER FAVORABLE TO SENATE SELECTED BY VARIOUS LEGISLATURES BASED UPON U.S. SYSTEM

In Discussion of Reformatory Motion Introduced, Speaks of It as Perpetually Vexatious Question and Admits a Personal Sympathy in Effort to Make a Change.

Ottawa, April 30.—(Special.)—Sir Wilfrid Laurier announced in the house to-night that personally he was inclined to a reform of the senate.

Mr. Borden defended the senate, but criticized the premier for the partisanship that characterized his appointment.

Mr. Maclean (South York) suggested that the minister was about to receive the toga from his own premier, but Mr. Patterson would neither affirm nor deny the report.

When he Sleeps Wakes. Mr. McIntyre quoted from Sir Richard Cartwright and other Liberals to show the prevailing dissatisfaction with the senate.

Sir Wilfrid Laurier said that no question had given the fathers of confederation so much trouble as the senate.

In spite of the popular prejudice on this subject, it must be admitted that the United States senate was a legislative body of distinguished ability.

The premier admitted that he naturally appointed to the senate only members of his own political party.

CABINET REORGANIZATION WHAT A FORECAST SHOWS

With Taschereau's Resignation Already in, May 15 Set for Day of Changes.

Ottawa, April 30.—(Special.)—In the house this afternoon, Sir Wilfrid Laurier, in reply to a question by Mr. Monk (Jacques Cartier), admitted that the government had received and accepted the resignation of Chief Justice Taschereau.

There will be a complete re-organization of the cabinet on May 15. Mr. Fitzpatrick, the present minister of justice, will become chief justice.

LABOR LEADERS ARRESTED PARIS DEMONSTRATION LAGS "May Day" Plans Receive Setback by Arrest of Several Prominent People on Grave Charge.

Paris, April 30.—The eve of May 1 finds the authorities concluding preparations of unprecedented magnitude to guard the city against violence.

The Paris police to-day arrested M. Griffithes, secretary of the General Confederation of Labor, the responsible organizer of the proposed May Day demonstrations.

Plan of Wisconsin's Ex-Governor to Let People Benefit From Railway Earnings Hailed as Most Desirable.

Washington, April 30.—There promises to be another twist to the rate bill situation in the senate this week.

The latest addition to the ranks of the confederates is Senator La Follette. He is cited by the senator who talked for two days upon the rate question.

Some of the radical senators, Democrats and others, have urged that he draft a bill along these lines and introduce it. The proposition of Senator La Follette is really the most radical that has been suggested by anyone.

VALVE OF G. T. P. STOCK. What Will Government Do to Benefit by Inflation? Ottawa, April 30.—(Special.)—The afternoon session of the house was spent in committee upon the act respecting the Grand Trunk Pacific Railway Company.

LONGSHOREMEN'S STRIKE ON EFFECTS 50,000 MEN AND EVERY PORT

Attempt to Force Recognition of Union Mates Likely to Cause Prolonged and Bitter Struggle.

Detroit, April 30.—Daniel J. Keefe, Detroit, president of the International Longshoremen and Transport Workers' Association, has issued orders calling the longshoremen, lake pilots and fishermen out on strike at midnight to-night.

The strike is called to force the Lake Carriers' Association to recognize the union mates, who are affiliated with the longshoremen. It is claimed that 80 per cent of the mates are affiliated.

Government Not Acting Upon Insurance Revisions. Ottawa, April 30.—(Special.)—W. F. HAMILTON HAPPENINGS FIREMEN DISAPPOINTED

When the crash came. Fred Hewitt's vivid description of that awful morning.

Here is how Fred Hewitt, sporting editor of The San Francisco Chronicle, who is well known in Toronto, tells of the earthquake:

Hamilton, April 30.—(Special).—The city council had an important session to-night. W. R. Leckie was appointed treasurer at \$2000 a year and Aid. Mann was appointed assistant at \$1500. W. D. Dally was appointed on the cemetery board. On the casting vote of the mayor, the name of Herbie Barr was taken off the payroll. The council will advertise for tenders for gas lamps, as it has decided to take only \$30, the bare number of electric lights it has to under its contract from the Cataract Power Company. A bylaw calling upon the street railway to repair its roadbed was also passed. The mayor ruled the recommendation of an increase of pay for the firemen out, on the ground that there was no money to meet it.

The condition of William Hendrie, sr., at a late hour to-night was pronounced to be extremely critical. He is gradually growing weaker, and his family fears that the end is growing very near.

Death of F. W. Gates, Sr. Frederick W. Gates, sr., died at his residence, 17 Herkimer-street, this morning in his 84th year. He had been ill for several months. For over sixty years he had been a resident of the city. Until last fall he was president of the Hamilton Gas Light Company. He was vice-president of the Canada Life and a director of the National Trust Company, Toronto. He is survived by the following family: F. W. Gates and Gordon Gates of Gates Bros., George, of the Canada Life; Harry, of the Bank of Montreal; Herbert, London, Ont., and Miss Gates.

The factory of the Hamilton & Toronto Sewer Pipe Company was destroyed by fire at an early hour this morning at a loss estimated at from \$60,000 to \$80,000. The building was insured for \$50,000.

Mrs. Filman (Dorothy Hunting) has made application on behalf of her son for the insurance by her late husband, Peter Filman, and she was very much surprised when she found that it would be necessary for her to be legally appointed guardian of her own son before she could touch any of the money.

### GRAND JURY NAMES BIG ONES MANY MAY FACE INDICTMENT

#### Recorder Pays Compliment in Reference to Spurring Jerome in Insurance Prosecutions.

New York, April 30.—The April grand jury to-day submitted a presentment to Recorder Goff covering its action upon the insurance situation.

Prominent figures in the political and financial world are mentioned in the jury's discussion of insurance problems, including Cornelius N. Bliss, treasurer of the Republican national campaign committee; George B. Cortelyou, postmaster-general, and George W. Perkins, of the firm of J. P. Morgan and Company.

The jury also refers to what it calls "the conflict between the Morgan and Harriman forces in the financial world."

Recorder Goff accepted the presentment, and the jury was discharged.

Appended to the presentment is an extract from the minutes of the grand jury, giving a colloquy between members of the jury and District Attorney Jerome after Mr. Jerome had been called upon to present to it all evidence of any criminality pertaining to any insurance company. Mr. Jerome's remarks referred to Mr. Bliss and pertained to a conflict between Messrs. Morgan & Harriman. Mr. Jerome is quoted as having said that if the contentions of some held true this grand jury would be obliged to indict the leading officers of every prominent financial corporation in the city and State of New York. He said that he had taken advice on this subject from Governors Folk of Missouri and Dineen of Illinois.

In discharging the grand jury, Recorder Goff said: "You have rendered signal service in accentuating the unequivocal responsibility which now rests upon the district attorney."

The grand jury in its presentment reported that, after hearing the statement by Mr. Jerome, it decided not to enter upon an exhaustive investigation of insurance matters, but that they go over to a special grand jury in May.

**SCHOOL CHILDREN'S EYES.** Services of Competent Specialist Are at Command of Toronto Parents.

At the recent meeting of the Ontario Educational Association, Dr. John Fleming Goodchild said: "The pernicious influence of school life upon the eyes is not sufficiently recognized by parents and teachers. Nearly all knowledge is acquired by use of the eyes. If the proper precautions are not heeded the evil effects of eye-strain will become very serious. Much eye trouble may be offset by the proper use of glasses and frequent re-examination of all children who show symptoms of eye-strain." It is of practical interest to parents in this connection that Diamond Hall's equipment for eye-testing and the expert advice of its refractologist are at the service of all. The accuracy of the advice given is in keeping with the reputation of Ryrie Bros., Limited, in matters optical.

### WANT AND NEED.

There's a big difference between what a baby wants and what he needs. Deny him the one, give him the other. Most babies need Scott's Emulsion—it's the right thing for a baby. It contains a lot of strength-building qualities that their food may not contain. After a while they get to want it. Why? Because it makes them comfortable. Those dimples and round cheeks mean health and ease. Scott's Emulsion makes children easy; keeps them so, too.

### MAGISTRATE SCORES LAWYER FOR IMPROPER PERFORMANCE

#### Says Levesconte's Alleged Action in Holland Case Should Be Laid Before Law Society.

That the part played by Lawyer R. C. Levesconte, in the proceedings against Chris Holland, the defaulting bookkeeper of the Ideal Bedding Company, should be reported to the Law Society was the observation of Magistrate Denison from the bench in the police court yesterday.

"There has been a using of the criminal process in a highly improper way, and it should not be passed over. I think the examination should be made before the Law Society or before this court in a charge against yourself," he said.

"You should not say that until you have heard all the evidence," said the attorney.

"There's the evidence will be at variance with the documents before me, and with the evident belief of the magistrate in London," was the answer.

"I will say this much," declared Levesconte. "That Mr. Holland's counsel asked me in a private room of the court in Bow-street, London, to assist in the annulling of the warrant, and I told him I would have nothing to do with any such proceeding, and that that was the crown's affair."

"You were pretty busy behind the crown's back taking money from this man," commented his worship.

Letters were read sent by Levesconte to Holland's counsel, saying that the sole object was to secure restitution and not to prosecute, and to a friend of Holland's saying: "You will regret to learn that Christopher Holland is ill, and that his wife is ill. He needs \$2000. I saw him, at his request, and he asked me to write you. If you can see your way clear to help him, he is in grave trouble."

Levesconte said that the money was to enable Holland to go to South Africa. This statement Holland characterized as "an absolute lie," and said Levesconte had told him in England, while he was in the company of Ottawa, was desirous of securing restitution, and that \$10,000 would keep the matter quiet.

"That was the first basis of settlement," said Holland. "I cabled, or rather, my wife cabled for me, to secure the money, and when the time dragged on and nothing was done, Mr. Levesconte said that \$2500 would do, and asked if I could raise that in Toronto. I said I thought I could, and gave him the name of a friend. This was before the warrant was issued."

"While I was in prison at Brixton, Levesconte and Mr. Schley came to see me and told me that if I did not help Mr. Levesconte to secure the legacy and reversion left to myself and wife and son, no money would be sent to my wife, but that if I did aid them money would be sent."

"Under these threats I consented, but no money has been sent, then or since." Holland changed his plea to guilty of the theft of \$14,000 and elected trial before the magistrate.

Holland said he had turned over to the company \$22,800, as follows:

- Legacy .....
- Reversions of estate .....
- Legacy .....
- Insurance policy .....
- Furniture .....
- Jewelry (Mrs. Holland's) .....

Total .....

T. C. Robinette, K.C., counsel for Holland, also submitted the following brief agreement between the company and Holland and his wife. "And the company by their authorized agent, Robert Clough Levesconte, hereby agrees to accept such assignment with the securities and moneys already received as full restitution and satisfaction of their claims upon the said C. Holland and to offer no opposition to the dismissal or withdrawal of the warrant now pending against the said C. Holland and will do his utmost to obtain the withdrawal of the warrant in Toronto."

The case was remanded until May 7.

### REVIEWS VICTORIOUS TROOPS

#### Jap Emperor Has Displayed Before Him Trophies of the War.

Tokio, April 30.—The emperor to-day reviewed 55,000 troops of all arms, who had participated in the war with Russia.

One hundred and thirty-nine standard-bands, which belonged to Russian cavalry and infantry regiments, and a vast display of captured rifles, swords and other war material bore eloquent testimony to the magnitude of the Japanese victory.

#### Brought Home for Interment.

O. H. Gish and C. Diehl of Roanoke, Va., arrived here yesterday with the remains of J. L. McKeen, who died on April 27. Mr. McKeen was an old Toronto boy, who left here about seven years ago. He was a conductor on the Norfolk and Western, running from Braintree, Va., to Winton-Salem, N.C. The funeral will take place from his mother's residence, 805 East Queen-street, this afternoon, to St. James' Cemetery. Services will be conducted by Rev. Mr. Farncomb of St. Matthew's Church. Mr. McKeen was a member of the Order of Railway Conductors and Brotherhood of Locomotive Engineers and was buried under the auspices of both organizations.

Mr. Gish is at present a member of the lower house and is now nominated as a candidate for the upper house next term.

### BUSINESS NOT INTERRUPTED

#### Postal Officials Quickly Accommodate Themselves to New Buildings

"In four months' time at the latest all repairs will be completed and we shall be back in the Adelaide-street building. In the meantime the public will not be neglected. The service will show no change."

This reassuring announcement was made yesterday afternoon by Postmaster Patteon.

Thomas A. Hastings, the government inspector of public buildings, and Dominion Architect Ewart, of Ottawa, visited the Adelaide-street building yesterday.

Mr. Hastings, in the course of conversation, computed the damage to the Adelaide-street building as in the neighborhood of \$30,000. "The ground floor furniture and equipments may have suffered to the extent of about \$5000," he added. "In my opinion \$25,000 is an outside figure."

"I expect directions to-morrow as to what to do," said Architect S. G. Curry, who added that what would be done would be put in a concrete floor and the building back into its original trim. Mr. Curry spoke of the day—not in the near future—when there will be the new building by the Union Station for the distribution of the mails coming in for the sub-stations. It may also be the head office for administration, but the Adelaide-street place will remain as the down town office.

Mr. Curry's remarks led to the supposition that post affairs are in a transition state. It is hoped by the system that will eventually obtain to facilitate the distribution of the mails by an hour.

The energy and zeal of the officials at the temporary quarters of the general postoffice in the Harvey-Van Norman building at the corner of Lorne and Front-streets, opposite the Queen's Hotel, commanded admiration yesterday. "Temporary quarters" was the placard to be seen, and there were

two red boxes on the sidewalk, one being labeled "letters" and the other "papers." Officials in the enquiry, stamp, registration and other departments were hustling along unconcernedly. Upstairs money orders and postal notes were being issued, and the savings bank machinery went on as usual. Stamping machines were in working order on the ground floor at the rear, and on the second floor delivery loads were given to the carriers.

The carriers set out in the course of the day at the usual time, and people calling at the offices were served as promptly as if no fire had occurred. The call boxes and various wickets served the purpose. Seeing that the fire did little damage to the call boxes, stamping machines and other paraphernalia, the officials found little difficulty in resuming the thread of work yesterday.

Postmaster Patteon is using a room in the small brick building on the southeast corner of Lorne and Front, opposite the new quarters.

**WILL STAY.**

Ottawa, April 30.—No course has yet been decided upon as to the re-fitting of the Toronto postoffice.

Hon. Mr. Aylesworth says that in any event the Adelaide-street building will probably be required for offices for the mail service, inspector, etc. Asked if there would be any difference in regard to arrangements for the new distributing office, Mr. Aylesworth would not express an opinion. It might be admitted, he considered it desirable to combine the stations but the whole matter must be the subject of a conference between the postoffice and public works department.

### EDUCATION BILLS PLEASE

#### South York Teachers Pat Government on the Back

Another evidence of the favor with which the Ontario government's educational measures is being received was afforded yesterday in the warm commendation given their provisions by the deputations that called on Hon. R. A. Fyne yesterday. The visitors were introduced by Mr. McCowan, representative of the entire public school inspectorate of South York. In approving the bills in their entirety, particular satisfaction was shown at the way in which minimum salaries is fixed.

The deputation was made up of J. M. Wilson (Toronto Junction) and Messrs. Thompson (Deer Park), Moore (Eg-Hinton), Umy (Davisville), Jones (Chestnut), Holmes (Bracondale), and McKinnon (Lambton Mills).

**A Question of Speed.**

A. M. Grantham was before the afternoon court yesterday at the instance of W. Ashall for having driven an automobile at an excessive speed.

Grantham declared that he could bring witnesses to refute the allegations, remarking that William Mackenzie and R. J. Fleming were in the car.

Ashall declared that on the 24th ult. he was driving a horse on Queen-street and when approaching the corner of Church the defendant came along Church at a furious speed sending the horse off its feet and breaking the harness.

"My impression was that had a fire reel come along it would have been a bad job either for you or the fire reel," said George T. Beals, a witness for the prosecution.

Defendant declared on oath that he had slowed down, and was not going more than two miles an hour, at the crossing. He had the right of way because he was at the corner first.

"If you can find any other witnesses come the day after to-morrow," said Magistrate Kingsford to defendant, after the latter's brother had testified.

**CUSTOM RECEIPTS.**

The total duty collected at port of Toronto for month of April was \$302,725.75; for April, 1905, \$277,072.21, an increase of \$25,653.54.

### THE PROFESSOR SAID

#### About Coffee

(A certain Professor in a Chicago University in a recent talk to students)

"We talk of drunkenness as a crime," he continued, "but tea and coffee drinking at meals is more injurious than liquor to some men."

Tea and coffee drinking, Prof. told his class, "is responsible for much of the restlessness of the American nation."

### THINK THEY WILL QUIT?

Yes, many of them know that with good health they can "do things" in this world, so when they find stomach trouble, weak eyes, bad blood and muddy skin, or any of the many incipient signs of disease set up by Coffee they quit.

### THEN THEY TAKE ON

Postum Food Coffee

Because it furnishes the Coffee flavor, charming color and all the pleasure of Coffee drinking and does not destroy stomach and nerves but makes for the sure rebuilding of the entire body on healthful, sturdy lines.

### HARD TO LEARN

#### Takes Hard Experience to Teach People Some Facts.

Many people jeer at the idea that coffee causes the aches and ails they suffer from, and often such people will go on for years sticking steadfastly to the coffee and suffering month in and month out but maintaining "Coffee don't hurt me."

Only an actual test will open their eyes to what they throw away when they cast aside the richness and power of health for a cup of coffee now and then. A lady says:

"I did not learn the real truth until I made the change, but I can now positively state that the headaches I had for about seventeen years were caused by drinking coffee. For when I changed and gave up coffee and used Postum in its place I experienced entire relief. I have not been troubled with headaches since I began Postum in 1906."

"This in brief has been my experience on the coffee question. Among my friends I have seen many other wonderful instances of the power of this food drink when used in place of the drug drink coffee. Among my friends there are those who tell me of relief from kidney trouble, neuralgia and eczema by leaving off coffee and using Postum, and I have even known it to relieve

rheumatic pains in limbs.

"I readily believe these statements, for since I cut out coffee and used Postum I never seem to have an ache or pain, and I would not dare go back to the old coffee again. Not only myself, but my family, use Postum exclusively, and we know there is no hot beverage that can take its place. Nearly seven years' steady use of Postum convinces me I know what I am talking about when I say it is food as well as drink and most valuable to build up the system." Name given by Postum Co., Battle Creek, Mich.

"There's a reason."

### WHITNEY WILL BE SORRY TO POSTPONE POWER BILL

#### Says Council is Instructed to Take Steps to Further Insurance Inquiry.

Owing to the absence of Col. Mather in New York for the purpose of renewing the \$500,000 guarantee, on a portion thereof, the premier gave the legislators a short session yesterday, the house adjourning about 2.40.

The Speaker read a telegram from Mayor Schmitt of San Francisco, expressing gratitude for the resolution of the legislature concerning the disaster that overtook the city a couple of weeks ago.

Mr. Whitney hopes to conclude the business of the session this week. Replying to The World, he said he would be sorry to have to say that there would be no action on the power question this session. The matter would be discussed by the cabinet, but he was unable to say what would be done.

The insurance investigation now in progress at the city hall was brought up by Col. Clark of Bruce, who asked the following questions: "What steps has the attention of the government been directed to the announcement that the insurance commission will not sit in Ottawa to consider the investigation of the insurance department, and that counsel, appointed by the province, has not been afforded an opportunity to examine the superintendent of insurance and his assistants? Is it the intention of the government to make such representations as will secure for counsel for the policyholders an opportunity to carry out the work for which he was retained?"

The premier replied that the attention of the government had been drawn to the matter, and the counsel of the province had been instructed to take such steps as he might deem advisable to carry on the work for which he was retained.

Hon. Mr. Hanna introduced a bill to amend the Consolidated Municipal Act. It includes all the amendments drawn out of various bills by the municipal committee.

Second readings were given the following bills: Respecting the Western University and College (Hodgins); respecting Trinity Church, Toronto (Crawford); to incorporate the Town of Blind River (Smith), and two other bills were discussed in committee of the whole house.

### CHILDREN SEE MAN MURDERED

#### Winnipeg Italian Stabbed During Fight With Two Others.

Winnipeg, April 30.—Set upon by several fellow countrymen as the outcome of a dispute following a drinking bout, Giovanni Romanelli, aged 26, was stabbed shortly after midnight last night, and died a few minutes after being removed to the hospital.

Six Italians were arrested. Romanelli was found lying on the sidewalk near the fence, covered in blood, which flowed from a deep wound on the right side of the neck below the ear. Muttering that he had been murdered, the wounded man was too weak to give particulars.

An Italian girl, ten years of age, said: "I saw the fight from the front window. There were three men fighting—two against Romanelli; one of the men was a little man and he fell down. After that Romanelli was stabbed. Then a few minutes later he was taken into our kitchen and wiped of blood with a red rag that they hid in the backyard. After that they washed the knife and were as frightened as anything."

Her brother corroborated her story in the main, and both stated that they would be able to identify Romanelli's assailants.

### LUMBER TRAIN WRECKED.

#### Several Persons Either Killed or Burned to Death.

Missoula, Mont., April 30.—Several persons were killed or burned to death yesterday by the wrecking of a train of 41 cars of lumber near Reid. The lumber caught fire and was burned.

Engineer D. D. Steine and Fireman Edward Juliette are thought to have been incinerated. Bracondale's A. Murphy was probably fatally hurt. Conductor Garber said there were 12 tramps on board the train, but only three of them have been accounted for alive. Three dead bodies were recovered.

#### Production of Hard Coal.

Washington, April 30.—According to a preliminary report on the production of anthracite coal in 1905, made public by the U. S. Geological Survey to-day, the tonnage during that year was the largest in the history of the industry. In 1905 the production of anthracite amounted to 69,330,152 long tons, value \$141,879,000. The average price of anthracite per ton was \$2.25, the average number of men employed in the mines was 165,406 and average days worked 215.

LORD STRATHCONA SAYS THAT "SPLITTING" MAY BE POSSIBLE

Hudson Bay Circular Was Issued Merely to Deny a Statement That The Matter Was Settled.

London Financial News: Those who are interested in the scheme to convert the Hudson Bay stock from £10 (nominal) to £1 shares will be pleased to learn that the information published on the subject by The Financial News, and maintained in spite of the opinion so freely set forth in print, that the movement had received its quietus, has now obtained the strongest possible confirmation.

A large shareholder in Hudson Bay has had a lengthy interview with Lord Strathcona (the president of the company), in which, among other matters, this very point came up for consideration.

The note, the president of the company now explains, leaves the matter precisely where it was before, himself, he states, is neither for nor against the share-splitting scheme, and such he believes to be the attitude of the board of directors.

The object of the share-splitting, it is well for the public to bear in mind, is the repatriation of the stock and involves an appeal to British sentiment as well as to the British pocket.

It is not surprising that the promoters of the scheme should be so anxious to secure the support of the British public.

### MITCHELL MAKES STATEMENT WAGES HAVE NOT ADVANCED

Overtures Have Been Treated by Operators as Weakness—Convention to Be Held To-Day.

Wilkes-Barre, Pa., April 30.—President Mitchell gave out the following statement to-day: "I have received, read and formally acknowledged President Baer's answer to the last demands made upon the operators by the miners. It appears perfectly evident that the operators have not changed their attitude in any particular during the past six years and that the strikes of 1900 and 1902 were no lesson to them. There is no instance on record during the quarter of a century which the anthracite industry that an advance in wages has been granted to their employees. Every concession has been wrung from them by strikes and the pressure of public sentiment. The railroad combination not only fixed arbitrarily the price at which coal is sold to consumers, but seeks to fix arbitrarily the price at which labor shall be bought. It seems that every conciliatory overture we have made for a peaceful settlement has been interpreted by the operators as signs of weakness, and our conservatism an evidence of cowardice. The question is asked by the operators where is the advance to come from if it is not charged up to the consumer of domestic coal? It occurs to me that the small advance proposed by the miners might have been taken off the exorbitant freight rates charged by them. What the outcome will be cannot be predicted until the convention is held."

### "CHRIST NEEDS MANKIND."

Dr. Rapsey of Rochester, Charged With Heresy, Preaches 2 Sermons  
Ithaca, N.Y., April 30.—Rev. Dr. Algernon S. Rapsey of Rochester, whose trial on charges of heresy and violation of ordination vows, ended at Batavia Saturday, preached two sermons Sunday in Sage Chapel of Cornell University. In his morning sermon Dr. Rapsey said: "If we wait for some far off savior, if we wait for a curtain of blue to open and for some mighty being to come and achieve our salvation we shall wait forever. The day will never come. It is not necessary. It is a degrading idea that perfection exists the like of which we cannot attain, albeit it be predicted of one hanging on a cross. Jesus, mighty man of old, call Him what you please, divine, yet He was one of us, and needs us almost as much as we need Him. We help saints and prophets to achieve perfection by our kind words, our noble deeds, and our tender thoughts."

### ST. MICHAEL'S TO ENLARGE

Down Town Hospital Will Shortly Be Modernized—Property Bought.

Regarding a rumor that the trustees of St. Michael's Hospital were considering erecting an extensive addition to the main building, a trustee stated that the board of management had been buying up all the available property adjacent to the hospital. He also stated that the board had secured all the land needed. This land has on it eight or nine houses. Within a few years, he said, the hospital would be sufficiently enlarged to give adequate accommodation. The trustees had not decided when to start building, as finances had to be considered. Hogan and MacDonald, who are building the Midland, Victoria Beach & Inverness Railway in Nova Scotia, and lately took a contract to construct the Great Northern short line to Quebec City.

### O'Brien Replaces Hogan.

Montreal, April 30.—(Special.)—It now transpires that Mr. M. J. O'Brien replaces Mr. Hogan, who with Mr. A. R. MacDonald, had secured the contract to build the Quebec section of the Grand Trunk Pacific. The contract, it will be remembered, was given to Hogan and MacDonald, and report has it that Mr. Hogan retires on account of ill-health. Mr. M. J. O'Brien, who is Ontario government commissioner for building the Temiskaming Railway, built the Midland, Victoria Beach & Inverness Railway in Nova Scotia, and lately took a contract to construct the Great Northern short line to Quebec City.

### Government Buys Land.

Moncton, N.B., April 30.—(Special.)—The Intercolonial virtually closed the purchase yesterday of a tract of land about one and one-quarter miles long, and one-third mile broad, on the border of the city's most populated district. The land includes 130 acres, and the price paid was \$75 per acre.

The people who held on to Winnipeg real estate in Fort Rouge, Armstrong's Point, and across in Noxwood are the men and women in the west to-day. You cannot get Winnipeg lots for less than a fortune now, but you can bank on those North Cobalt lands that are to be sold by auction at Henderson's rooms on May 7th and 8th. There is a hanger map of the town, which can be had by applying to Mr. Henderson, 87 East King-street, Toronto.

### BUILD CHURCH IN 36 HOURS SERVICES HELD ON SUNDAY

Something Unique in Baptist Circles Consummated at Reid Avenue Mission.  
Reid-avenue on Saturday afternoon was the scene of a record event in the history of church building in the city. Within 36 hours from the time the first sod was broken a Baptist church 15x24 ft. was erected some 200 feet north of Queen-street, and on each of the three occasions when service was yesterday held was thronged to the doors. The growth of Reid-avenue has been phenomenally rapid within the past six months, and to cope with the situation the members of the Baptist extension committee, under the efforts of the indefatigable secretary, Dr. S. S. Bates, undertook the erection of a small church building. The lot was purchased last fall, but through legal difficulties the extension committee only secured possession within the last few days. Lumber was purchased, and Dr. Bates inaugurated an old-fashioned "bee," when some 30 friends of the mission assisted in the work. The foundations were laid on Friday afternoon, and by 3 o'clock on Saturday evening the walls were up, shingles and floor laid, windows placed in position and everything in readiness for the holding of church services. Luncheon was served by the ladies of First-avenue Baptist Church to the workers on its completion. Exc. Deputy Police Chief Stuart was among one of the most active engaged in the work. During the summer a larger building, 24x50 feet, will be erected, when the present structure will be utilized as a vestry. On Sunday morning Dr. S. S. Bates occupied the pulpit, and in the afternoon a Sabbath school was organized, and in the evening the Rev. J. G. Brown and Dr. Bates addressed a gathering which filled every nook. At each of the services J. M. White sang, assisted in the evening by the First-avenue Baptist Quartet. For the present the Reid-avenue mission will be largely under the pastorate of the Rev. Mr. White, pastor of First-avenue Church.

### GEORGE DRUMMOND DIES.

Superannuated Bank Manager Dies at Ottawa.  
Ottawa, April 30.—The death occurred here Sunday night of George Drummond, late manager of the Bank of Montreal at Pictou, and at one time manager at Goderich, but now superannuated. He was in his 68th year, and succumbed after a lengthy illness. Interment will take place at Toronto.

### LAURIER PLEASES CARNEGIE.

The Ottawa Canadian Club entertained Andrew Carnegie at dinner at Russell House Saturday night. At table of honor were seated Mr. Carnegie, Sir Wilfrid Laurier, Sir Sandford Fleming, Sir James Grant, R. W. Fildes, Col. McCook, Dr. Butler, president Columbia University, New York; Hon. Mr. Sutherland, Hon. Mr. Belcourt, Hon. Mr. Templeman, Consul-General Foster, General Foster, Col. A. P. Sherwood and others. Dr. Courtenay, the retiring president of the club, presided. Mr. Carnegie complimented Sir Wilfrid Laurier. "I love and admire that man, I always did. I remember when he landed at Liverpool in 1897. He declared that never with his consent should Canada be drawn into the vortex of militarism. I place him among the five great men of the world." He spoke of Booker T. Washington as one of the five, having regard to his wretched origin and ultimate achievement. Then Mr. Carnegie chuckled. "My Scotch modesty forbids mentioning a third," and the audience laughed and applauded heartily.

### Secretary Bonaparte Ill.

Baltimore, April 30.—Secretary of the Navy Bonaparte is confined to his room with an acute attack of indigestion, which his physician says is not serious.

### MOUNT HECLA ERUPTS.

Edinburgh, April 30.—Steamers which arrived at Leith to-day from Iceland report that Mount Hecla has been in eruption, ashes being scattered over a wide area. The disturbance, however, was not serious. Mount Hecla is a volcano on the southwest coast of Iceland.

### TROOPS AND MINERS CLASH BULLETS DISPERSE THE MOBS

Tragedy Follows Refusal of Dining-room Girls to Serve Pennsylvania State Police.  
Mount Carmel, Pa., April 30.—After the dining-room girls at three local hotels refused to serve Lieut. Smith's command of state constabulary here to-day, the troopers in front of the Commercial Hotel were charged upon by a large crowd of foreign miners. The troopers beat them back, injuring several of them. One trooper was badly injured by a blow from a club. The crowd retreated and prepared for another charge. Lieut. Smith drew up his men and threatened to shoot, while the chief Burgess addressed the mob and advised them to go home. He is a member of the union, and his speech had the effect of dispersing the men, whereupon Smith's command moved on to the Lehigh Company's Sayre colliery in the suburbs where non-union men had been stoned by foreigners. A second collision between the constabulary and the mob occurred shortly after noon when a man threw a stone at the soldiers. More stones followed, and then Lieut. Smith ordered his men to shoot. As the carbines began to crack the crowd scattered in great terror. A man named Wilson fell with three bullets in his body. He will likely die. A number of other men were wounded, but managed to get to their homes. After several volleys had been fired Lieut. Smith ordered his men to fall back to the Sayre Colliery, from where he reported to headquarters at Pottsville the news of the fight. He was ordered to hold his ground, and was notified that reinforcements would be sent to him. Later he was told to take his command to Pottsville. Before leaving he was placed under \$500 bail, charged with assault and battery with intent to kill. Three foreigners, also in the fight, were held in jail. The home of Sol Goldsmith was struck by bullets, one of which seriously wounded his wife.

### A Heavy Load to Carry.

Along with dyspepsia, comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products act as a poison upon the system. The blood is charged with poisons which in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs. A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

### ESTATE OF JAMES CRANE LEAVES MONEY TO CHARITY

Ex-Ald. Crane left an estate valued at \$62,363.31, including: Mortgage, \$3024; stock, \$12,330; cash, \$3296.01, and realty, \$49,900. To Knox College is left \$2000 to found a bursary; to the Toronto Home for Incurables, \$1000; to the House of Industry, \$1000; and to the Irish Protestant Benevolent Society, \$500. Arthur and Harry Oliver Crane, nephews, and Ethel, Marion, Margaret, Clara, Edith and Ella Crane, nieces, receive legacies of \$1500 each. The late John Herbert of 22 Robinson-street, Toronto, liquor dealer, left an estate worth \$38,237.52. Dr. Moorhouse applies for letters of administration of the estate of his son, Ashleigh, consisting of \$5000 insurance.

### To Be Chief Justice.

Montreal, April 29.—(Special.)—The Opinion publishes a rumor from Quebec that Sir Louis Jetté will succeed Sir Alex. LaSalle as chief justice of the court of appeals, and that Hon. S. N. Parent will go to Spencerwood. Sir Louis, however, is over 70 years of age, and such an appointment would appear highly improbable.

### MISS ROSSELLE KNOTT MADE AN HONORARY MEMBER OF THE "DAUGHTERS OF THE EMPIRE."

Miss Roselle Knott, the Canadian actress, who has won such distinction for her wonderful portrayal of "Mary Tudor" in Charles Major's beautiful romance of chivalry, "When Knighthood Was in Flower," was last week made an honorary member of "The Daughters of the Empire."

### BISHOP URGED RESIGNATION

Says Rev. Mr. Nevitt Has Used "Disingenuous Words."  
St. Catharines, April 30.—In connection with the recent troubles at St. Barnabas' Church between the majority of its adherents and Rev. R. Barrington Nevitt, the incumbent, a letter from Bishop DuMoulin, dated April 20, is published, referring to a statement by Mr. Nevitt, and the bishop says: "If Mr. Nevitt uttered the words in the second paragraph, referring to my advice to him to resign, they are disingenuous words. Mr. Nevitt knows very well that on the 6th or 6th April I wrote a private letter to him, urging him more strongly than before to resign his charge at St. Barnabas."

### ANGILENA W. A.

The opening service in connection with the annual meeting of the Church of England Women's Auxiliary to missions will be held in St. James' Cathedral on Wednesday, May 2, at 10 a.m., with sermon by Rev. Canon Welch, D.D. The same evening at 8 o'clock in the Guild Hall, there will be a public missionary meeting with addresses by Rev. Canon Dixon, Rev. Arthur Lea of Japan, and Rev. Cyril Brown of Melanesia.

### BISHOP URGED RESIGNATION

Says Rev. Mr. Nevitt Has Used "Disingenuous Words."  
St. Catharines, April 30.—In connection with the recent troubles at St. Barnabas' Church between the majority of its adherents and Rev. R. Barrington Nevitt, the incumbent, a letter from Bishop DuMoulin, dated April 20, is published, referring to a statement by Mr. Nevitt, and the bishop says: "If Mr. Nevitt uttered the words in the second paragraph, referring to my advice to him to resign, they are disingenuous words. Mr. Nevitt knows very well that on the 6th or 6th April I wrote a private letter to him, urging him more strongly than before to resign his charge at St. Barnabas."

### ANGILENA W. A.

The opening service in connection with the annual meeting of the Church of England Women's Auxiliary to missions will be held in St. James' Cathedral on Wednesday, May 2, at 10 a.m., with sermon by Rev. Canon Welch, D.D. The same evening at 8 o'clock in the Guild Hall, there will be a public missionary meeting with addresses by Rev. Canon Dixon, Rev. Arthur Lea of Japan, and Rev. Cyril Brown of Melanesia.
