WOUNDED FOR DEATH  
BY THE RAPS AT NANSHAN

Party of Little Fellows Fought With  
Russians in the Midst  
of a River.

Tokio, June 9.—Wounded officers  
who have returned to Japan from the  
Liaotung Peninsula give interesting  
details of the battle of Nanshan Hill.  
After the first ineffectual attack on  
the hill, the Japanese scouts discovered  
that there were mines at some spots  
at the foot of the hill. It was deter-  
mined that they could only be de-  
molished by the sacrifice of some  
men.

Hundreds volunteered to go to what  
appeared to be certain death. They  
advanced and found that heavy rain  
had washed away the covering  
earth and exposed the mines. En-  
gineers cut the connecting wires, ren-  
dering the mines useless, and sustained  
no loss. The volunteers were nearly  
all killed in the subsequent ineffectual  
attack on the hill.

The Osaka men, from the right wing,  
while advancing thru water along the  
shore, encountered a body of Russians,  
also in the water. A fierce fight en-  
sued, both sides being waist-deep in  
the sea. When the Russians finally re-  
treated the water was literally crimson  
with blood. Both sides lost heavily.

During the day the Russians used  
several war balloons, well out of range.  
In the trenches, after they had been  
captured, were found many articles of  
clothing belonging to women and chil-  
dren, making it evident that the Rus-  
sians intended their defences to be  
permanent.

ARGYLE WITH 500 ABOARD  
FOGBOUND FOR 45 MINUTES

Steamship Lines Will Communicate  
With Ottawa, Suggesting Im-  
perative Changes.

The fog nuisance, also somewhat  
abated yesterday, was still sufficiently  
in evidence to make trouble. The  
steamer Argyle was the victim yester-  
day. With a crowd of 500 on board,  
the local harbor for giving warning  
being an excursion of the steamer  
removal of the fog was completed  
in less than 45 minutes within half  
a mile of the eastern pier, there being  
no sound from the bell located there  
to indicate her bearings. It is in-  
dicated that the fog is practically  
the same as that which practically  
the same as that which practically  
the same as that which practically

EXPOSED TO RUSS FIRE.

Tokio, June 9.—Admiral Togo re-  
ports that on the night of June 7 he  
sent eight small torpedo boats from  
the battleships of his squadron to make  
a reconnaissance of Port Arthur harbor.  
The boats went far inside the harbor,  
and were exposed to the Russian fire.  
One sailor among the petty officers was  
killed in the operation, but the boats  
escaped undamaged. Admiral Kata-  
oka reports that on June 8 he sent  
four torpedo boats to make a recon-  
naissance of the harbor. The boats  
were only partially destroyed. In the  
hospitals some supplies were also found.

CHINESE REPORT REPULSE.

St. Petersburg, June 9.—Special de-  
spatches from Lianyung report the  
Chinese as bringing news that the  
Chinese on June 2, attacked Port Ar-  
thur by land and sea, but were re-  
pulsed, with a loss of 3000 men and  
four vessels, which, judging from the  
descriptions given of them, were tor-  
pedo boats. Other despatches give  
a report of a naval battle between  
two fleets in the Gulf of Pechili, and  
a definite report of a bombardment  
of the Gulf, near Kapsing, which was  
the purpose of cutting the railroad  
back of the Russian troops operating  
around Wafanfan.

Position, He Says.

At midnight to-night Detective Se-  
lemin will mark himself off duty and  
go away to Brantford to resume his  
intercepted tenure as chief of police.  
He is going to make a straight fight  
for his pension allowance here, and  
has secured advice from the best legal  
counsel in the city to the effect that  
the pension should not be granted to  
him in his position.

NOTED SAFE-BLOWER ARRESTED.

John Holmes Locked Up as a Vag-  
rant, by Detective Cuddy.

"Bad men" should steer clear of  
Toronto's lynx eyed detectives.  
John Holmes is not formidable in  
appearance and attracted no attention  
on the streets when he arrived during  
Wednesday night. Last night, the  
Detective Cuddy recognized in him the  
well known safe blower on the con-  
tinent, and he was locked up as a  
vagrant, pending possible requests  
from other cities for his apprehension.  
His picture is in every gallery of  
the city in the country. He is 45 years of  
age.

THE GREAT OIL WAR.

Who took the Lead in Cutting  
Prices?

London, June 8.—The war between the  
great oil companies continues, and London-  
ers should now be able to obtain paraffin  
at three pence a gallon.  
Russian oil is being sold to London re-  
tailers at 2 1/2 pence a gallon, whereas a month  
ago the price was 4 1/2 pence. The present low  
price is the result of a struggle for trade  
between the great wholesale companies. The  
chief contending parties are the Anglo-  
American Oil Company of John D. Rockefeller,  
the Shell Transport Company of Sir  
Miles Samuel, and the Russian oil com-  
pany.

TORONTO.

Teachers of cookery must have the  
best. Their work demands perfection,  
especially in baking. They cannot  
take chances with a baking powder  
that will raise today and fail tomorrow.  
That is why they use Cleveland's in  
their work. They know that it is  
pure and sure.  
Housewives everywhere will recog-  
nize the value of such commendation.

Sanitary Inspector Ward, who, in ur-

of harmony between himself and the  
medical health officer, which has ex-

said the M. H. O. had interfered with  
him in the discharge of his duties. The

not in any way interfering with Mr. Ward,  
and that his resignation was with-  
drawn. A long discussion took place  
upon the best means of compelling  
Mrs. Abel, whose family are afflicted  
with diphtheria, as well as herself, to  
remain in quarantine. Mrs. Abel is  
not ill and is confined to her bed,

**AT LONDON CAMP.**  
**Indian Regiment Given Great Praise by Col. Peters.**  
 London, June 9.—(Special).—The first brigade inspection was held at the camp yesterday morning by Col. Peters, D.O.C. No. 4 company of the 28th Regiment, under Capt. Colerick, and comprised entirely of Indians, received special mention as the best company on parade.  
 The new infantry drill instituted by Lord Dunsdon, was introduced this morning. The drill is new to both men and officers. It was the general opinion it was a mistake to introduce it at the opening of the camp. Several of the commanding officers, however, expressed themselves as highly pleased with the new features, which simply mean the introduction of cavalry tactics into the infantry.  
 Following are the regiments, their officers and strength:  
 27th Foot, 250 strong; Lieut.-Col. Frederick McQueen commanding; Majors Hedley, V. Knight, No. 1, Capt. J. G. Dunlop, Lieut. A. C. White, No. 2, Capt. H. B. Ross, No. 3, Capt. L. A. Laperle, Lieut.  "My wife was always complaining of a lame back, and they completely cured her.  
 "Our son was also troubled with his kidneys and as you pills had done us so much good we got him to try them and they cured him as well. They are far ahead of doctor's medicine, and I advise a trial of Doan's Kidney Pills for all sufferers from kidney trouble."

TEACHING BARS IN SCHOOLS

Anglican Synod Had Interesting Session Last Night and Discussed Live Topics.

At the synod meeting yesterday morning, Chancellor Worrell advocated the merging or re-arrangement of the communion, superannuation and rectors' funds, and moved for a committee to report next year.

The election of the board of management for the Church Missionary Society resulted: Rev. F. H. DuVernet, Rev. T. Street-Macklin, Hon. S. H. Blake, N. W. Hoyle.

The following clerical members were elected to the executive committee: Canon Cody, Dr. Langtry, Rev. A. H. Baldwin, Provost Macklin, Canon Welch.

The delegates to the provincial synod were: Dr. Langtry, Canon Welch, Dr. Clark, Canon Cody, Rev. C. L. Ingles, Rev. A. J. Brouncker, Provost Macklin, Canon Cayley, Canon Farncomb, Rev. J. P. Lewis, Rev. F. H. DuVernet, Canon Sweeney.

On the synod resuming in the afternoon, Prof. Clark moved the suspension of the standing orders that congregational address might be presented.

In formally moving the adoption of the address, Prof. Clark, on behalf of the clergy, said he had no doubt expressed the united mind of the whole diocese.

They desired to assure his lordship of their continued and hearty loyalty and attachment to him and their appreciation of the manner in which he had administered the affairs of the diocese.

The ordinary work of the synod was proceeded with by the reading of the report of the committee appointed on Wednesday to consider the stipend of the missionary clergy.

The report of the committee was adopted. It recommended that the salary of a missionary for his first year should be not less than \$500 for the second year \$600; for the next five years, \$700, with a house, or \$800 without a house, and thereafter \$900 at least.

STEEL RAIL FELL

Port Arthur, June 9. (Special)—C. O. O'Connell, of the N. E. R. steel road, was seriously injured this morning.

A steel rail was being hoisted from the hold of the steamer Beaty, and in some manner, the tongs became unloosed and the rail fell.

Outlet, seeing the rail falling, ran to the edge of the boat. The rail struck the sidewalk and bounced off, striking the man on the head, knocking him down, the rail falling across his chest.

Three ribs were broken and a large scalp wound inflicted, and it is feared he is injured internally.

GLAD HE WAS MURDERED

New York, June 9.—An astonishing exhibition of joy has been noted among the acquaintances of Hamilton Miles B. McDonnell, who was murdered in the saloons and resorts where the man was known and feared.

His death was toasted, and some of the cronies of George Price, who was killed to McDonnell in 1902, gave a dinner in celebration of the event.

The gamblers never forgave McDonnell for shooting Price, who he was acquitted on ground of self-defense.

CONGREGATIONALISTS

Montreal, June 9.—At the Congregationalists' meeting held at the Unsworth, Hamilton, Ont., was elected chairman for 1904, and Rev. D. S. Hamilton, London, Ont., was elected chairman of the membership committee.

Most of the forenoon session was taken up with the presentation of statistical statements of church work, which indicated a generally prosperous condition of affairs.

CABINET APPOINTMENTS

The Ontario cabinet yesterday made the following appointments: A. B. Spencer, to be special license commissioner for Collingwood, to assist Hugh W. H. Inspector of the West Simcoe, who, by reason of the large number of hotels in his district, is unable to devote sufficient time to Collingwood.

J. H. Burgar, to be police magistrate for Welland.

Miss Elizabeth A. Wilkins, for 34 years public school teacher at St. Catharines, was granted a superannuation allowance.

SEEK COMPENSATION CLAUSE

The board of control yesterday considered the Esplanade question in reference to the interests of the lessees from the city.

A. R. Williams and Albert Eckhardt appeared with their solicitors and urged that they should be recognized as the event of their being deprived of the privilege of renewing their leases.

Commissioners Fleming was opposed to making any provision for recognizing the lessees, as there was no assurance that the city would renew the leases. The majority considered this would be benefiting a few at the expense of the whole people.

The board agreed that the civil legal department and the lessee's solicitors should confer as to the insertion of a compensation clause.

Winnipeg, June 9.—James Sutherland, Indian agent at Crooked Lake, was nearly killed by a bull yesterday.

The animal butted him and drove a pipe down his back. Sutherland, who is a most powerful man, struck the animal behind the ear with his fist, knocking it senseless.

Fears are entertained of Mr. Sutherland's recovery should blood poisoning supervene.
