Habits of Bank Clerks Scientifically Detected

Psychological Tests Warranted to Expose Their Tendency to Drink or to Gamble.

WORCESTER, Mass., Feb. 28.—The application of Prof. Hugo Munsterberg's psychological tests to all bank employees by the bank examiners of the state was urged to-day by the Rev. Edgar W. Frost as a stay to the defalcations which recently have occurred in Massachusetts. In six months' time, he said, \$2,000,000 have been uncovered within the borders of the state. Mr. Frost produced specimen tests as follows, which he believes will result in the weeding out of possible defaulers:

"Test for gambling propensity: Let the examinee have a ticker and a photograph concealed in the room. During conversation set the ticker going and have a voice from the photograph cry out: 'Ach! look up three points, or 'Reading off' and going down,' and carefully observe the result."

"If the examinee man appears to take no notice, he may be recommended for continued office, but if his lips quiver nervously and he thrusts his hands in his pockets, and his eyes flit back and forth while his face flushes with anxiety, then the examiner should recommend that all the funds and securities be spiked down without delay."

"Test for the drink peril: Place before the man different colored pieces of paper, with the names of the various liquids conspicuously printed upon them—water, coffee, beer, wine—whiskey, highball, etc. Ask him to glance rapidly at each in succession, and repeat often. Notice particularly on which his glance rests longest and to which it returns oftener."

"Test for domestic virtue or undue female influence: Let the examinee have some woman call up the cashier suddenly on the phone with a message something like this: 'John, oh, John, the baby has out another tooth.' The examiner should note the effect of this, if his eyes brighten and his voice softens and he looks proud and happy, it indicates he is safe in the direction. But if he shows indifference or vexation, the domestic tie is not strong enough to warrant absolute security."

NEARLY ALL ARE LIBERALS THAT SIGNED ROUND ROBIN

But Martin, M.P., Didn't Like it Being Said They Are Sore on the Naval Bill.

OTTAWA, Feb. 28.—(Special.)—W. M. Martin, the Liberal member for Regina, made an effort in the commonsense manner to dispense with the round robin exclusively in the Toronto World on Friday, that two western Liberals were securing signatures to a petition calling for the complete abolition of the naval bill.

It is interesting to observe that the World's information was vouchsafed by one of the two western Liberals who were handing round the petition, that the only consideration that dominated the government was how the cabinet could be kept together and what lightning conductor could be found to dissipate the electric storm threatening from the Irish and labor benches.

BALFOUR'S CRITICISM Says Government's Only Consideration is in Keeping Together.

(Canadian Associated Press Cable). LONDON, Feb. 28.—In the commonsense to-day Arthur Balfour cuttlingly criticized the proposals. He said that the only consideration that dominated the government was how the cabinet could be kept together and what lightning conductor could be found to dissipate the electric storm threatening from the Irish and labor benches.

John Redmond expressed his anxiety that the premier should not recede from his Albert Hall speech. The Nationalists were in exactly the same position as last week. If the premier intended to ask the King for guarantees, why did he not say so? Let him also say that if he refused guarantees, he would not hold office.

Sir Henry Dalziel admitted an improvement in the government's position. The government would get his loyal support if, should the lords reject the resolutions, they would ask for guarantees.

Lloyd-George said there would be no hurry to trade if the budget were postponed a little longer, and declared emphatically: "Assure our friends we do not propose to plow the sands unless we find ourselves in a position to ensure that all our proposals will not only pass the commons but will pass into law or we shall not continue in office."

In bringing to an issue the question of the predominance of the commons, there will be no shirking, no hesitation. The government would stake their existence upon the advice which they would give the sovereign. If it became necessary, the government would not touch the budget until the resolutions dealing with the lords had been disposed of.

John Burns promised the government the support of the labor party. The premier's motion carried without division.

Opinion in the lobbies is that an election will be held not later than June.

DELAY IN BANK ACT If Session is Shortened Revision Will Be Postponed.

OTTAWA, Feb. 28.—(Special.)—It is possible that the revision of the Bank Act will be delayed until the beginning of next session.

This was indicated by Hon. W. S. Fielding, when Hon. Geo. E. Foster inquired when the measure might be expected. Mr. Fielding said that if there was any curtailment of the government program, in order to bring about an early adjournment, the act could well stand until the beginning of next session.

STREET CONTROL MENACED BY RADIALS

City Council Names Special Committee to Consider Plan by Which Companies May Come in on Proper Terms.

A special committee of the city council, to report on a system of surface and subway railways, which will improve the service as much as possible, with particular reference to the outlying districts, and will protect the city against invasion by the radial railways.

This is the proposal contained in a notice of motion given by Ald. McCarthy at yesterday's city council meeting.

The resolution sets forth that the control of the city's streets is constantly menaced by the radial railways seeking legislation to give them an independent entrance, and that it is desirable that the city should provide entrances from the west, north and east, to be available on proper terms to all radial lines desiring entrance.

The motion further declares that it is absolutely necessary that steps be taken at once to provide outlying districts with street car accommodation, and, if possible, to improve the service through the city.

The committee to be composed of Controller Ward, Ald. Baird, Maguire, Hilton and McCarthy, is to be instructed to "obtain and report to this council all possible information in regard to a system of subway and surface railways necessary to the city, and such as the city has a right to proceed with."

FOUND TWO MEN IN THE SNOW

Policeman Had a Hard Time in Locating and Reviving Them.

To the diligence of Policeman MacGregor of the Yorkville police station, Thomas Garvin, 74 Ontario-street, and Frank Bates, Weston-road, owe their lives.

Word was received in the station at 9 o'clock that two men were lying in the snow near St. Clair-avenue and Spadina-road. MacGregor finally found Garvin lying on a lawn just in front of the other, whom he found to be unconscious and in a state of collapse.

The policeman, aided by Constable Small (88), set to work to revive the man, and after working over him for 30 minutes brought him back to consciousness.

He turned him over to Small, and with a Salvation Army officer went in search of the other, whom he found near a creek in the Pellatt property, beneath a low bridge, which he had fallen from. He, too, was unconscious, and the policeman had to get him in a car. At the police station he was revived.

Both were so intoxicated that they could not tell how they came to be in so sorry a plight.

GREAT BUILDING YEAR

Average Gain Over Year Ago is 94 Per Cent.

Of the 19 cities reporting to Construction, the organ of the building trades, in January, the average gain for the month was 94 per cent., only two places showing a falling off. These were Brantford and Sydney. St. John, N.B., with 86 per cent., had the greatest gain. Toronto's increase was 79 per cent., Regina was in second place with a gain of 71. Some of the figures of the Ontario cities were: Ottawa, 141 per cent.; Peterboro, 210; London, 156; Port William, 18.

The paper predicts that the year will be the greatest in Canada's history so far as building operations are concerned.

GRAIN ELEVATOR ENQUIRY

Commission Appointed by Saskatchewan Govt. to Prepare Report.

REGINA, Sask., Feb. 28.—(Special.)—At a meeting of the Saskatchewan Cabinet a commission to enquire into the proposals of the grain growers regarding elevators was named.

It is to be composed of Prof. Robert McGill of Dalhousie University, Halifax; Geo. Langley, M.L.A., and Fred. W. Green, secretary of the Saskatchewan grain growers.

The government had hoped to secure the services of Prof. Adam Shortt, and Premier Scott's visit to the east was largely for the purpose of securing him.

NOT C. C. JAMES

Principal Peterson Denied Rumor of Appointment to Macdonald College.

MONTREAL, Feb. 28.—(Special.)—Principal Peterson of McGill, to-night denied the statement that C. C. James, deputy minister of agriculture for Ontario, is to be the successor of Dr. Jas. Robertson, recently resigned, as the principal of Macdonald College, Ste. Anne de Bellevue.

Dr. Peterson said the story was not true, but declined to go into any details.

MAGRATH AND THE NAVY

DEFINES USE TO CANADA And Calls for a Direct Contribution—Alphonse Verville Will Support Monk's Amendment.

OTTAWA, Feb. 28.—(Special.)—C. A. Magrath, the Conservative member for Medicine Hat, has been in parliament but a year and a half, yet he is already recognized as a cabinet certainty in any Conservative administration.

His speech on the navy bill to-day, therefore, commanded attention. He favored a direct contribution.

Mr. Magrath said he was an imperialist because it was "best for us and best for civilization." In the upbuilding of a young country like Canada the spirit of imperialism was necessary.

The British people were adding to their methods of raising money, and there must be an emergency or the people would not be taxed as they are.

Canada has much need for a navy as a resident of hades for a buffalo overcoat.

It was a matter of common decency that the British people should be allowed to have the best navy also.

He concluded by saying the present government was showing too little desire to go down and out for a principle and too little effort to create a strong, intelligent public opinion.

Mr. Best (Dufferin) delivered his maiden speech. He declared that he was glad to belong to a party that he felt proud to speak in mind. If necessary should ever arise, he believed the farmers of Canada would rise to the support of Great Britain.

Alphonse Verville, in a short speech in French declared his intention of supporting Mr. Monk's amendment calling for a plebiscite. As an opponent of militarism of every description, he could take no other course.

As between the government and opposition policies, as a representative of organized labor, he supported that of the government because it would mean the employment of Canadian labor.

Other speakers were: G. B. Devlin, Danilek, E. N. Lewis (West Huron) moved the adjournment.

To Raise the Maine.

WASHINGTON, Feb. 28.—A sub-committee of the house naval committee to-day took favorable action upon a bill appropriating funds for the raising of the wreck of the United States battleship Maine, and proper interment of the bones of the American sailors.

Making Penalty Heavier.

ALBANY, N.Y., Feb. 28.—A penalty of \$100,000 instead of \$50,000 as at present imposed upon a corporation for entering into an illegal combination for controlling products or regulating prices, and is in a bill introduced to-night by Assemblyman Foley.

60 LIVES CRUSHED OUT

BY TERRIBLE AVALANCHES Tragedy in Idaho Mining Camps—Railway Navvies Have Narrow Escape From Similar Fate.

SPOKANE, Wash., Feb. 28.—Sixty lives have been lost in two great snow slides which have brought dismay to the mining towns on the rich Coeur d'Alene district in northern Idaho.

Last night a snow slide swept down the mountain, striking the little town of Mace and burying twenty-five houses and their sleeping occupants in a mass of snow and ice at the bottom of the canyon.

Today another slide rushed down on Burke crushing a score of houses under thousands of tons of earth and snow.

Thirty-five Italians, sleeping in a railway outfit car, who were swept away with their car to the bottom of the canyon, used the tools in their car to dig themselves out.

BANQUET TO RUFUS POPE

Ex-M. P. Given Good Send-Off on Mission to the West.

SHERBROOKE, Que., Feb. 28.—(Special.)—The banquet tendered this evening to Rufus Pope, ex-M.P. for Compton, upon the occasion of his near departure for the west, was a grand success. The motto above the chairman's head, "One King, One Navy, One Flag," indicated the general sentiment. R. L. Borden sent a letter giving Mr. Pope a good send-off.

Mr. Pope himself believes in the German peril, and declared that Canada should stand side by side with Great Britain.

The chairman, Col. Worthington, M.P., and all the other speakers said that they hoped Mr. Pope would return to Ottawa armed with a mandate from a section of the great west.

Speaking later, Mr. Pope said the convention at Ottawa would place the stamp of the party on their leader, who ever he might be, from ocean to ocean. He declared that many shoals and shipwrecks would have been avoided had the stamp of the whole party been placed on the leader of the Conservative party.

LOCK UP FIDO

Even Muzzle Won't Save Him From Dog Catchers.

Two wagons for the collection of unmuzzled dogs were sent out by the police yesterday morning, and not only were those without muzzles being gathered in, but also those which are allowed to run uncontrolled in the streets. Your dog must wear a metal muzzle and you must also lead him on a rope or chain.

Three dogs were got by the wagon working out of the Pape-avenue station on that section of the city east of Yonge-street and four by that working out of the Esthier-street station on the west.

Laymen's Missions at Sarnia. SARNIA, Feb. 28.—(Special.)—The Laymen's Missionary Movement had a banquet in the town hall with over 250 present. J. L. Patterson, H. K. Caskey and W. C. Senior of Toronto, and A. L. Parker of Detroit gave addresses. The convention will continue to-morrow.

LIBERALS AGAIN LEAD

ATTACK ON RUTHERFORD Riley Tells Alberta Premier That He'd Rather See Figures Than Take His Word For Them.

EDMONTON, Alta., Feb. 28.—(Special.)—Continuing the debate on the Great Waterways Railroad in the legislature E. H. Riley (insurgent) made a bitter attack on the good faith of Premier Rutherford in his answers to the house. He accused the government of entering into a contract before they knew of the paid-up capital or standing of the promoters.

Premier Rutherford interpolated that he knew some months ago the paid-up capital, and Riley said he preferred to see the company's bank book to taking the premier's word for it.

The Railway Act was passed to safeguard the province, but now the act was amended and curtailed to meet the desires of the promoters of the road and certain government members.

Riley said there should be an annual financial statement, published, and quoted Hon. Frank Oliver to the effect that the railroad could be built to Perley River, which was similar territory, for \$8000 per mile, and he appealed to the government not to brand the members who took a conscientious stand as traitors.

Riley moved "that the contract is not such as will recommend itself to confidence and judgment of this house." J. M. Glendenning (Liberal) seconded the amendment.

C.N.R. PROGRAM IN B.C.

Construction of 800 Miles of Road to Be Begun This Year.

VICTORIA, B.C., Feb. 28.—(Special.)—Premier McBride this afternoon laid before the legislature the data in respect to the agreement between the government and Canadian Northern Railway Co., by which the latter will build 600 miles of railway in the province.

Construction is to be started before July 1, 1910, and completed within four years. The terms are as already known.

A BATTLE ROYAL, IF—

Ottawa Hears Mr. J. A. Macdonald Might Oppose Foster for Parliament.

OTTAWA, Feb. 28.—(Special.)—Hon. George E. Foster was in his usual place at the left hand of R. L. Borden in the commons to-day.

Asked by the World if there was any foundation for the report that he would resign his seat in North Toronto and contest the by-election for vindication, he said he had no statement to make. It is stated here that if he does resign, Rev. J. A. Macdonald will be his opponent.

High-Class Picture Collection at Auction.

There were a lot of well-known citizens and connoisseurs in the picture gallery of Henderson & Co.'s auction rooms yesterday, attracted by the J. M. Simpson (the antiquary) collection to be sold without reserve this afternoon. The gem of the collection is a Constable landscape. An interesting competition is promised for a lot of the numbers.

PRINCELY GIFT OF MASSEY ESTATE

Will Erect Three Handsome Gothic Buildings for Toronto University Y.M.C.A. and Students' Union Will Benefit.

The executors of the Massey estate have written to the board of governors of Toronto University offering to bear the cost of erecting, as a memorial to the late Hart A. Massey, three buildings, to be of stone and of Gothic architecture.

One is to provide quarters for the Y.M.C.A., and is to contain all that is necessary for their purposes. The second, probably of similar size and design, is to contain the rooms necessary for the Students' Union, the Athletic Association and other student activities. Between the rear part of these two, built so as to leave a lawn or court, possibly closed in front by a wall with a grille, will be beautiful gothic hall, also for the use of the students.

Behind these buildings the university will erect the much-needed gymnasium, swimming baths, etc., the present gym being absorbed in the group. The site selected is the land in front of the present gymnasium and as far as possible provision will be made for the tennis lawns, which will, of course, be blotted out by the new erections. No estimate is given of the cost of the new buildings, but it is certain that it will run into a very large sum indeed.

The governors of the university, in acknowledging the gift, express their belief that the people of Toronto are destined to act towards their university in the large-hearted manner that the people of Montreal have shown towards McGill.

In regard to the property recently purchased at the corner of Hooper-avenue and St. George-street, on which the University Y.M.C.A. had intended to erect a building, this is still held by the board of governors, who made the purchase as a reserve fund for other university purposes.

NAVAL BILL A HOODOO

Three Ministers in Charge of It Victims of Illness.

OTTAWA, Feb. 28.—The naval bill now before parliament is ill-fated, so far as the ministers in charge of it are concerned.

The promoter, Hon. L. P. Borden, was first stricken with a serious illness from which he has partially recovered.

Sir Wilfrid Laurier and Sir Frederick Borden then assumed responsibility for the bill. The premier shortly after fell ill, and was absent from the house, while Sir Frederick Borden slipped on Elgin-street a week ago and fell, straining the muscles of his back.

He had only recovered from an acute attack of rheumatism and for several days has been confined to his home.

# Hockey Arrests at Brantford

## Note and Comment

This is the first day of March, and with the fine weather you will feel like turning to hockey, curling and other winter sports. The best of the hockey games are over, and the curling has not far away. The Tecumseh are holding open house to-night at St West King-street to talk about it.

The harness horse men announced no mania this week, and for that matter, the ice races may be over for the year. If there is frost within a week the Dufferin Club may have some heats on Wednesday of next week. Otherwise they will wait for a crack in the ice early spring.

The members are already getting ready for the summer campaign. R. J. Patterson has secured the cream plan. May McGregor, 215-14, from Art Con Woods is working a promising young trotter by Ora Wilkes. J. T. Hutson is working a young colt by Miss Wilkes of Galt, while A. C. Hutson is working a young colt by Ora Wilkes. John Tread has also a green Ora Wilkes trotter that looks good.

A pleasant incident at the committee meeting of the Dufferin Driving Club last night was the presentation by the president, Con Woods, to the past president, J. O'Halloran, of a gold locket, suitably engraved.

Tuna F. Dean, here with "The Fighting Hope," at the Royal Alexandra, is also a reminder of spring. Mr. Dean will be remembered as the classic and reliable treasurer of the Toronto Baseball Club of last year, also a co-sponsor of the late Harry Wright, Alex. Brainard and Cal. McVey.

The nominations keep rolling merrily in at the office of Secretary W. H. Hall of the Canadian Lacrosse Association. The list closes March 15, while notices of amendments must be in three days earlier.

In the far west they are not afraid to play professional soccer. Football night is mentioned to give encouragement nearer home to those who may desire to work under the banner. The list closes March 15, while notices of amendments must be in three days earlier.

## Single Men Win

In one of the most exciting times seen at the Parkdale rink the contest last night between the married and single members of the club resulted in a narrow victory for the latter. The margin of 14 pins. Not until the last ball was rolled was the contest over. The Cooper and his associates failed to produce the double strike needed to benefit them "stuck" for the system, which included pin 10, while the single men were much enjoyed and the slight presentations were made to the high and low men respectively. The scores were as follows:

Married Men		Single Men	
Everson	167	Edwards	182
Geo. Birrell	163	Dyson	153
W. Birdall	159	Daly	151

## PARKDALE 3, ARGOS 2 LONDON IN FINALS

## Waterloo Beat Galt—Barrie and Preston Play Off Here To-night

On the most wretched ice of this season, Parkdale defeated Argos at Mutual-street last night in the first of the home-and-home games of the senior O.H.A. semi-finals. The teams were tied at half-time, with one goal apiece, and at the finish it stood Parkdale 3, Argos 2, thanks to a lucky goal Parkdale got two minutes before the finish, when Riddpath shot from the side, the puck hitting Clewio and caroming into the net.

With the going so juicy, it made good hockey impossible, the result being that the small crowd present were treated to an old-time game of shindy, with the players hooking and jabbing at each other all the while.

Parkdale, who were favored more by the heavy going than Argos, had the better of the play, more particularly towards the close of each half when the scullers seemed to tire.

With hard ice on Wednesday night, Argos should lose about three or four rounds, but if the going is like last night it will be an even break, with the team having the most luck winning. Team: Kyle, cover, Lawson; rover, Lance; point, Rennie; right wing, Hunter; left wing, Riddpath.

## Barrie vs. Preston To-night

Torontonians will be able to get a line on the team that will enter the junior O.H.A. finals with Kingston to-night at Mutual-street, when Preston and Barrie meet in the last junior O.H.A. semi-final. That the teams are evenly balanced is shown by the fact that they were tied in home-and-home games in exhibitions that were played on hard ice. Therefore, tonight's game will show which team is the best mudder. The plan is on sale at 189 Yonge-street. The teams:

Barrie—Goal, Brown; point, Horfield; rover, Meeking; right wing, Longman; left wing, Foynton.  
Preston—Short; point, Bowman; cover, Hais; rover, Walker; centre, Beith; right wing, Shearer; left wing, Sullivan.

## Broadview Wins Championship

The Broadview hockey team won the championship of the Northern City League by defeating North Toronto 4-2 at the Newmarket rink, North Toronto having the best record in the league. The game was a fast one, in spite of the poor ice, the teams being very evenly matched. The Broadview team is the only six players were ruled off, in the last minute of the game, and the action of withdrawing their team was widely criticized.

## Markham Hockey Tournament

The Markham Hockey Tournament, which is in progress at the Markham rink, with the following teams playing:

Brookhaven, Carleton-street, and Rovers V. Matilda.

## Grimsby Ladies Win

NIAGARA FALLS, Ont., Feb. 28.—(Special).—Amid the enthusiastic applause of their partisans, Grimsby Ladies hockey team met Niagara Falls ladies on the local ice to-night, the Grimsby ladies by 2 goals to 1. Not a player was penalized on either side, the game being a very nice one, and to social amenities, the solicitude displayed toward a fallen player being particularly commendable.

## Waterloo 4, Galt 2

WATERLOO, Feb. 28.—Waterloo defeated Galt in the local hockey game to-night by 4 to 2. Galt was one man short and the game was played with six players on each side. The game was a very nice one, and to social amenities, the solicitude displayed toward a fallen player being particularly commendable.

## The League Still Lives

MONTREAL, Feb. 28.—At the special meeting of the National Hockey Association held here to-day, authority was given to the league to play for Renfrew and Small with Ottawa. At the request of the Shamrocks the fine imposed on Joe Hall for being kept open for one week longer, in Renfrew-Shamrock match was cancelled.

## Charity Curling Bouspiel

Play in the charity bouspiel resumed at the Ontario Club rink on Thursday of this week at 7:30 p.m., when the four surviving rinks will finish the contest in the evening. The curlers who could not take part in thespiel have sent in contributions to the cause, ranging from 10 cents to \$5.00. Requests have been made from many sources that the fund be kept open for one week longer, in order that every curler in the city may have a chance to swell the fund and subscriptions will therefore be received at 16 Victoria-street up to March 7.

## McGREGOR WITH INDIANS

Crack Western Lacrosse Player Will Wear Tecumseh Uniform This Year.

Manager Charlie Querre of the Tecumseh put on his gun shoes yesterday and set out for Brantford for the purpose of signing McGregor, the former Regina home lacrosse player. However, Charlie met his rival at the Union Station and, after a few minutes' conversation, the western lacrosse crack fell in line for a Tecumseh berth this season.

McGregor, who was a member of the Regina team that went to New Westminster after the Minto Cup and on which team were Spurr, Hurton and Warwick, was mentioned in the despatches as one of the best players on the challenging team, he not only afraid to take change in going in on the strong New Westminster defence.

## John White Off to Carlisle

CORNWALL, Feb. 28.—John White, the veteran player, left for Carlisle this afternoon for Carlisle, Pa., where he was engaged to coach the lacrosse team which is being organized at the Carlisle Indian Reservation.

White will be a member of the lacrosse team which has represented that institution for thirty years. White will also be a member of the lacrosse team which is being organized at the Carlisle Indian Reservation.

## ROUGH TIME AT BRANTFORD

### Berlin Leaves Ice With Score of 8 to 0 Against Them—Several Arrests.

BRANTFORD, Ont., Feb. 28.—(Special).—The expected happened here to-night in the professional league match between Berlin and Brantford, when the Dutch company, after losing 8 to 0, left the rink with several arrests.

The expected happened here to-night in the professional league match between Berlin and Brantford, when the Dutch company, after losing 8 to 0, left the rink with several arrests.

The Berlin players refused to travel, past centre ice, and contented themselves with the special ground rules of the Brantford goalkeeper. This sort of play incensed the spectators, who packed the rink with long lines of people to cause an outbreak. With 15 minutes more to play, Dusty rushed in on Lehman, and a quick work, batted the eighth goal in from Lehman's stick.

In another minute he again rushed in on Lehman, and a quick work, batted the eighth goal in from Lehman's stick. The Berlin players refused to travel, past centre ice, and contented themselves with the special ground rules of the Brantford goalkeeper.

## REVISED BASEBALL CODE CHANGES IN THE RULES

## Official Interpretation as Promulgated by the Major League Committee.

NEW YORK, Feb. 28.—The joint rules committee of the major baseball leagues, composed of C. W. Somers (chairman), Charles A. Comiskey, B. F. Shibe, T. J. Lynch, Clark Griffith and John A. Heyd (secretary), have promulgated the following changes in the rules:

Section 1—Whenever one player is substituted for another, whether as batsman, baserunner or fielder, the captain of the side making the change, or umpire, shall be entitled to all the bases they can make.

Section 2—The umpire shall assess a fine of \$5 against each offending player in the following cases: (1) If the player intentionally discolor or damage the ball. (2) If the player fails to be seated on his position at the time the ball is pitched or to do so by the umpire. (3) If the player violates the coaching rules and refuses to be seated on the bench when ordered to do so by the umpire. (4) If the captain fails to notify him when one player is substituted for another.

Section 3—In cases where there are no spectators on the playing field, and where a runner goes into a stand or onto the playing field, or into the crowd, the umpire shall assess a fine of \$5 against each offending player in the following cases: (1) If the player intentionally discolor or damage the ball. (2) If the player fails to be seated on his position at the time the ball is pitched or to do so by the umpire. (3) If the player violates the coaching rules and refuses to be seated on the bench when ordered to do so by the umpire. (4) If the captain fails to notify him when one player is substituted for another.

Section 4—The umpire shall assess a fine of \$5 against each offending player in the following cases: (1) If the player intentionally discolor or damage the ball. (2) If the player fails to be seated on his position at the time the ball is pitched or to do so by the umpire. (3) If the player violates the coaching rules and refuses to be seated on the bench when ordered to do so by the umpire. (4) If the captain fails to notify him when one player is substituted for another.

Section 5—The umpire shall assess a fine of \$5 against each offending player in the following cases: (1) If the player intentionally discolor or damage the ball. WM. A. ROGERS, LIMITED

Report of the Annual General Meeting of the Shareholders Held at the Company's Offices, in Toronto, on Thursday, February 24, 1910, at Twelve O'clock, Noon.

The Annual General Meeting of the Shareholders of Wm. A. Rogers, Limited, was held at the Head Offices of the Company, in Toronto, on Thursday, February 24, 1910, at twelve o'clock noon.

The Board of Directors presented the following report:—The Directors beg to present the Ninth Annual Report, with accompanying statement of Assets and Liabilities, as of December 31, 1909.

Table showing financial statements: Balance brought forward from 1908, Net profits for the year, Dividends on Preference Stock, etc.

The transfer of \$25,000 to Realty and Plant Reserve Account increases that account to \$150,000.

Statement of Assets and Liabilities, December 31, 1909.

Table showing assets and liabilities: Capital Stock, Reserve Account, Realty and Plant Reserve Account, etc.

Audited and found correct. CLARKSON & CROSS, Auditors.

The President, Mr. S. J. Moore, spoke as follows:—"The report of the Directors and Balance Sheet which have just been presented are in all respects the best in the Company's history."

"The dividend rate upon the Common Shares was increased in July from 8 per cent to 10 per cent, and a bonus dividend of 1 per cent was declared for the last quarter of the year, thus making the distribution to Common Shareholders 10 per cent for the year 1909."

"A glance at the Balance Sheet will show that a very considerable amount has accumulated out of the Surplus Profits. This is indicated by the condition of the following accounts:—"

Table showing account balances: Reserve Account now stands at \$200,000.00, Realty and Plant Reserve Account at \$150,000.00, etc.

"It will also be seen by the Balance Sheet that the Company has working capital commensurate with its present needs. The Quick Assets, in excess of Liabilities to the Public, consisting of Cash, Accounts and Bills Receivable and Stock-in-trade, amount to \$973,689.53."

"The Preferred Stock is thus in an unusually strong position. By comparing the Balance Sheet for 1909 with that of 1908, it will be seen that our liabilities to the public were slightly reduced during the year, while the assets show an increase of \$172,969.31."

"As was intimated at the last Annual Meeting, the Directors are of the opinion that the excellent condition of the Company's affairs warrants a more liberal policy in respect of distribution of profits to holders of Ordinary Shares. The steady growth of the business, however, makes it apparent that additional capital can be profitably employed."

"Important extensions are just being completed at our principal factory at Niagara Falls, N.Y. These will give us facilities for an increase of at least 25 per cent on our output in 1909."

"I do not think that it is too much to say that the Company has been splendidly served during the year by its Officers, Managers and Superintendents. The organization which the Company possesses in this regard is an asset of very great value."

"After being seconded by Mr. Robert Kilgour, the motion for the adoption of the report was unanimously carried. All the Directors were re-elected for 1910, being the following:—S. J. Moore, Hon. C. H. Duell, William A. Rogers, Robert Kilgour, Hon. W. Cary Ely, Hon. H. S. Duell and James Brown."

Messrs. Clarkson & Cross were appointed Auditors. At the close of the Annual Meeting a Special General Meeting of Shareholders was held, at which a By-law authorizing the increase in Capital Stock by the addition of \$750,000 of Common Stock was unanimously confirmed.

TUESDAY MORNING, MARCH 1, 1910.

THE FORESTERS' CHIEFTAIN.

Out of the hundred columns of newspaper record of the great libel suit just concluded, whether any light has been shed to change the opinions of the ordinary politician respecting either plaintiff or defendant, one thing has certainly transpired, and that is the splendid and characteristic behavior of Mr. Elliott Stevenson, supreme chief ranger of the Independent Order of Foresters. Justice Magee in his summing up of the case referred to Mr. Stevenson as "a gentleman whose attitude throughout these transactions appears to have been strictly a proper one, both as regards fairness and business ideals."

Those who follow the evidence in the case will find that it is very far from conveying the whole of the truth, with which of course the learned judge had no occasion to deal. Mr. Stevenson's intimate familiarity with the intricate and complex affairs of the great order of which he is the head, was displayed in a masterly way throughout the long examinations to which he was subjected. His grasp of the situation, his memory for facts, carried into the strictest detail, his comprehension of the vast business ramifications whose evolution he directs, and above all, the qualities to which Justice Magee called attention, his impartiality and his high standard of honor and probity, combine to distinguish him as one of the great commercial factors in our business community.

Mr. Stevenson was comparatively an unknown figure when a few years ago many were speculating what would happen when the beloved chief of the I.O.F., Dr. Oronhyteka, passed away. Modestly and unassumingly Mr. Stevenson stepped into the vacant chair, and there has been no hitch and no halt in the steady progress of the institution since he has been its controller and guide. The opportunity discovered the man, and the man has developed the opportunity.

A BIG CONSTITUTIONAL ISSUE.

Hon. Mr. Aylesworth said something in the house the other day as to where the jurisdiction (federal or provincial) was in regard to insurance; more recently the government of Ontario in consenting to join with a private insurer against the Canada Life to argue the question of the unconstitutionality of the federal insurance act has by inference asserted that it ought to be with the provincial authorities; we therefore take it that one of the greatest struggles for many a day is now about to be launched in the courts of the country, and no doubt carried to the privy council in England.

TRUST FUNDS ARE TRUST FUNDS.

The Foster-Macdonald trial has a significance to the public far and beyond the parties directly concerned. The public believe and will insist that trust funds of public corporations, such as insurance companies and trust companies, be treated as trust funds, invested always with a single eye to the advantage of the beneficiaries or depositors, and that when lent on a big margin of the security offered, and beyond all chance of risk. Trust funds make no risk, and ask for a margin, except in the single case of an investment in bonds or debentures, and in this instance if you follow it further back there is a margin provided here in the bonds or debentures being a first call on a property worth a great deal more than the encumbrance put upon it. Nor should a trustee be a party in any way whatsoever to the use of funds of which he is trustee.

Hon. Mr. Foster may have his own views of his conduct, The Mail and Empire is convinced that he did nothing wrong and that a jury of his fellow countrymen vindicated his character, the Conservative party may think the verdict is of no concern to it—but the public will say that the right view of the administration of trust funds was upheld by the verdict of the jury. And that is the main concern of the public at large.

ASQUITH STILL DRIVES.

Premier Asquith has still the lines in his hand and is driving the government rig in his own way. The immediate downfall of his cabinet has been predicted daily for three weeks past, and it looks now as if he'd get his financial legislation (including the budget) thru and then at least present to the commons for its opinion his

proposal for curbing the veto power of the lords.

It may be a real source of strength to him to have the Irish and the advanced Liberals hustling him as they have been; there may be some kind of an understanding to this effect.

The lords are certainly as much worried as Mr. Asquith.

The real thing in English politics is the growing strength of tariff reform.

Sir Edgar Speyer assures Canada that the old country is sound. That accounts for the notes it sends round the world.

Altho Sir James Whitney is the premier public servant it does not, to his mind, follow that he should find servants for everybody else.

One hundred tons of horse flesh are sought for human consumption in the imperial metropolis every week. During the recent general election free traders insisted that this delicatessen was entirely a monopoly of the protected German.

Premier Asquith could not see the hand that wrote "The Woman With the Serpent's Tongue." So the cut follows the sting.

Higher criticism is hydro-headed. No sooner is one front of offence removed than another appears.

Mr. Asquith still says budget first. It may prove bad politics, but it is good statesmanship.

Honors easy best describes the end of the great libel suit.

THE PEACE RIVER PILOT.

A snappy little paper that is sure to do good in its chosen field is the Peace River Pilot, a colonization weekly published in the interest of Canada's last and greatest west. At present it is printed at Edmonton, Alta., which will be its home until a short route is opened into the Peace River district.

It is just a new publication, No. 2 having just come to hand, but it has all the earmarks of a sticker, and after reading its pages it is easy to understand why a westerner has so much enthusiasm about the future of his country.

Thos. D. Piche is the managing editor, and let it be said for Mr. Piche that his is a great undertaking and well worthy of the support of every Canadian, if only for the determination shown, because his slogan is: "Open the Peace in Nineteen-ten."

Haggitt Goes for Trial.

Alfred J. Haggitt was committed for trial in police court yesterday morning upon being arraigned upon two charges arising out of the shooting in which he was the prime mover in Louisiana, Feb. 4. He was charged with shooting with intent to kill Charles Turff; shooting with intent to kill Whiston Treanowick and Colin Wright, with him at the time, was charged with obstructing the police, to wit, Policeman Turner.

Haggitt was committed for trial upon the first charge, the second was adjourned and Wright was also committed.

Mason Had Salt Rheum

ON HANDS FOR YEARS—COMPLETELY CURED FIVE YEARS AGO BY

Dr. Chase's Ointment

There is nothing worse for eczema and salt rheum than cold water. For this reason many people are afflicted in cold weather only.

No class of men suffer more from such ailments than bricklayers and stonemasons, and this fact makes the accompanying letter particularly interesting:

Mr. John W. Naas, stonemason, of Lunenburg, N. S., writes: "I was a great sufferer from eczema and salt rheum for years and could get nothing which seemed to be of any real benefit. Five years ago I got a box of Dr. Chase's Ointment and three boxes of Dr. Chase's Kidney and Liver Pills and this treatment cured me so that the old trouble never returned. My skin became as soft and smooth as a child's after using Dr. Chase's Ointment and I shall always say a good word for it."

Very many people suffer from skin affections in the cold weather and try one thing after another without obtaining the marked and lasting benefit which comes with the use of Dr. Chase's Ointment.

Chilblains and frost bites are quickly relieved and cured by the wonderfully soothing, healing influence of this Ointment. Chapped and irritated skin becomes soft and smooth. Each and every form of itching skin disease is thoroughly cured.

Comment on Foster Verdict.

"Vindicated by His Peers." Mail and Empire: "Briefly put, the verdict is a vindication of Mr. Foster, coupled with an acceptance of the arguments presented in extenuation of the offence of the defendant in attacking Mr. Foster as he did."

Mr. Foster is to be congratulated upon the fact that a jury of his countrymen has branded as untrue the stories his traducer has so dilligently circulated against him. This, it is interesting to remember, is the second time the defendant has received a rebuff on this particular matter.

Meaning of the Verdict.

Toronto Star: Without discussing the personal or party aspects of the Foster-Macdonald verdict, it is a matter of public importance that a strict view should be taken of the obligations of trusteeship, and of the handling of the money of the public.

Mr. Foster's Position. Toronto News: It is something to have the opinion that Mr. Foster acted in good faith. This surely would have been the sounder defence for Mr. Foster from the beginning. He was not alone in the financial enterprises for which he has been condemned.

Evening Telegram: "The Conservative jurors took the plain path of duty. They were Liberal partisans, were not called upon to judge The Globe's notorious tendency to 'swallow' the financial punishment, but in the conduct of Hon. Geo. E. Foster. The jurors were called upon to vindicate the liberty of the press and to keep the columns of a hostile press free from criticism they must keep their own conduct free from material for criticism. The worst fault charged against Geo. E. Foster has been duplicated over and over again in the annals of Canadian finance."

Foster Verdict Was Just. Montreal Gazette: "In this (the verdict) Mr. Foster's good faith is justified. The twelve good men and true, after listening to all that was brought forward by the defence in what was really an attempt to destroy the honor and reputation of a leading public man, condemned only Mr. Foster for his judgment, and will give joy to his enemies, some of whom are the most evil influences in Canadian political life. It will not give joy to many others."

Foster Again Vindicated.

LONDON FREE PRESS: "The verdict in the Foster-Macdonald libel action is a distinct vindication of the honor and integrity of Hon. Geo. E. Foster, the plaintiff. The defendant escapes financial punishment, but the verdict makes it clear that he has been engaged in the unholy work of bludgeoning an opponent whose whole course has been that of a man acting in good faith."

Montreal Gazette: "In this (the verdict) Mr. Foster's good faith is justified. The twelve good men and true, after listening to all that was brought forward by the defence in what was really an attempt to destroy the honor and reputation of a leading public man, condemned only Mr. Foster for his judgment, and will give joy to his enemies, some of whom are the most evil influences in Canadian political life. It will not give joy to many others."

WM. A. ROGERS LIMITED.

If the prosperity of a country is to be judged from the success attending its business enterprises, then Canada must be in a highly prosperous condition. The latest of these to offer its financial statement to the public is the well-known firm of Wm. A. Rogers & Co., whose annual report will be found elsewhere in this issue of The World. For 1909 its net profits were \$301,467.22, no less than \$118,747.07 greater than those of the previous year, and are equal to 21 per cent. upon the common stock of the company. That, too, after providing for the seven per cent dividend on the preference stock.

In addition to the dividends of 10 per cent. paid during the year on the common stock, the directors, in view of the unexampled increase in business, have felt themselves justified in declaring a stock bonus dividend of 25 per cent. This will be paid to the common stockholders out of the surplus at credit of profit and loss of \$1,260,821.37, less \$235,890.84. The balance sheet shows that reserve accounts to the extent of \$450,000 have also been created out of surplus profits, and it is to be noted that above all the company's liabilities to the public is \$773,889.53, an amount equal to \$109 for each share of preference stock. The shareholders have felt themselves justified in the management by re-electing Mr. S. J. Moore as president, the Hon. Charles H. Duell as vice-president, and these gentlemen along with Messrs. Robert Kilgour, Hon. W. Carl Eby, Hon. S. H. Duell, Wm. A. Rogers and James Brown as directors.

AT OSGOODE HALL

ANNOUNCEMENTS.

Judges' chambers will be held on Tuesday, 1st March, at 11 a.m.: Peremptory list for divisional court for Tuesday, 1st March, at 11 a.m.: 1. Field v. Prendergast. 2. Richards v. Joynt (and cross-appeal). 3. Thelton v. Wickett. 4. Silverman v. Marsh. 5. Gilboe v. Gilboe. 6. Reynolds v. Gordon.

Non-Jury Assize Courts. Peremptory list for non-jury assize court, before Justice Clute, Tuesday, March 1, at city hall, at 10.30 a.m.: 121. McCurdy v. Warren. 122. Dods v. Levack. Peremptory list for non-jury assize court, before Justice Clute, Tuesday, March 1, at city hall, at 10.30 a.m.: 123. Averbach v. Hamilton. 124. Averbach v. Greig. 125. Averbach v. Hamilton. 126. Rand-Jencks v. Evans.

Master's Chambers. Before Cartwright, K.C., Master. Dunsmore v. National Portland Cement Co. and C.P. Railway.—S. White, for Cement Company. A. D. Armour, for C.P. Railway. W. E. Raney, K.C., for defendants to change venue from Orangeville to Owen Sound. Judgment: Under C.R. 523 (b), the venue is changed to Owen Sound. The motion must, therefore, be considered now as one made by plaintiff to have the trial at Orangeville.

If defendants are willing to run the risk of storms disorganizing the railway service to Owen Sound, there seems no ground for interfering with the venue of C.R. 523 (b). If any unavoidable delay prevents trial at Owen Sound, plaintiff may renew the motion. Without prejudice to any such motion, this motion is dismissed, with costs to defendants in any event.

Jackson v. Hughes.—J. T. White, for defendants, the Hughes Co., Williams (Montgomery & Co.), for Percy Hughes, H. B. Wilson, for defendants, F. Arnold, K.C., for plaintiff. Motion by defendants, the Hughes Co., to set aside ex parte orders, C. E. Martin for garnishees. Motion by judgment creditors to make attaching order absolute for judgment creditors. Order made, returnable on 4th March, prox.

Milton Pressed Brick Co. v. Rosenbees.—W. J. Tremear for plaintiff. Ex parte motion by plaintiffs for an order nisi unenforced judgment creditors, by motion subject to being brought on by either party on a week's notice.

McGuffey v. Lundy.—L. Jones for defendant Lundy. A. MacGregor for plaintiff Link. R. Greenwood, for plaintiff contra. Motion by defendants to strike out Paragraph 8 of statement of claim. Reserved.

Manning v. Watson.—Hart (McD., McM., G.), for judgment creditors, C. E. Martin for garnishees. Motion by judgment creditors to make attaching order absolute for garnishees, until affidavits filed by garnishees. To be brought up again when necessary.

Judges' Chambers. Before Britton, J. Leslie v. Rogers.—W. Davidson, K.C., for beneficiaries. An application for an order amending order of 16th February, and directing cancellation of cheque for \$23 in favor of T. J. Rogers, and for distribution of the same among the other heirs. Order made.

Single Court. Before Britton, J. American Street Lamp Co. v. Ontario Pipe Line.—H. E. Rose, K.C., for defendant. Motion by defendant to set aside the local master at Hamilton. At request of defendant, consent, motion enlarged until 3rd March, prox.

Duryea v. Kaufman.—E. W. Wright for plaintiff. P. McCarthy for defendant. Motion for injunction by plaintiff enlarged for two weeks to cross-examine defendant.

West v. Kenny.—F. Aylesworth, for defendant. No one contra. Plaintiff on 11th November, 1908, obtained an ex parte injunction of the usual undertaking as to damages. The injunction was dissolved by the court, and on 10th January, 1909, the plaintiff failing to prosecute a defendant obtained an order referring to local master at Stratford to ascertain and report as to the amount of damages sustained by defendant by reason of the injunction. The local master reported that defendant had sustained \$61 damages, and defendant now moves for judgment on the report. Judgment for defendant for \$61 damages and costs.

Kuniz v. Silver Spring.—M. Macdonald for plaintiff. No one contra. At request of parties, enlarged for one week.

McIntosh v. Longmore.—M. Macdonald for plaintiff. S. J. Arnott for defendant. Motion by plaintiff for leave to set down motion to continue injunction, and to have injunction continued meantime. Defendant asked enlargement. Leave to set down and motion enlarged for one week. Injunction continued meantime.

Re Raycraft.—E. Bayly, K.C., for the crown. R. L. Macpherson for petitioner. This was an appeal from the decision of the local master at Stratford in a quieting title matter, and from the certificate of the inspector of mines in pursuance thereof, and arose out of an application by the vendee of the mortgage, who has not paid off his mortgage, the mortgage having been made over thirty years ago, to obtain a certificate under the Q. T. Act. The crown claims the land by escheat, and the question now is upon whom the onus of proof rests to prove the death of the mortgagee without heirs. The master held that the onus rests on the crown, and the crown appeals from that decision, on the ground that it is not to be called upon to make such proof until the expiry of the fifty-nine years' time given to the crown so to do by statute. Matters were further complicated by the subsequent issue of a patent of this land to the petitioner by the crown. Reserved.

Tierney v. Scott.—R. L. McKinnon (Guelph) for plaintiff. F. Aylesworth for defendant.

An action by plaintiff to have a partnership declared between him and defendant in a book and stationary business in Toronto, and a motion by defendant that he be appointed receiver of said business. Judgment by consent, declaring that no partnership exists, but that relations between defendant and plaintiff are those of a partnership.

Before Meredith, C.J., Teetzel, J., Sutherland, J. Re Sing and City of Chatham.—H. L. Grayson, K.C., for the city. S. Denison for Ernest Fremlin. An appeal by the City of Chatham from the order of Latchford, J., of 7th December, 1909. The original motion was for an order to commit Ernest Fremlin, manager of the Dominion Express Company at Chatham, for refusal to answer questions and produce books of his company, showing any accounts or transactions with the Chinese laundrymen, carrying on business in or employed in Chinese laundries in said city. This evidence was sought to be obtained as an answer to the application of Fung Sing and others to quash a certain bylaw of the city imposing a license fee on Chinese laundries, on the ground that the fee imposed was excessive, more than they could pay, and therefore prohibitive and beyond the power of the corporation. The city refused to answer questions, and the application to commit was refused and the city appealed. Appeal argued and judgment reserved.

Wright v. Coleman.—W. M. Douglas, K.C., for defendants.—J. Shilton for plaintiff.

EATON'S DAILY STORE NEWS

New Spring Overcoats Are Ready For Men

IT WILL, we know, be a matter of gratification to all men to learn that present indications point to an assortment of lightweight coats for spring, such as never was before realized here. The new fabric effects are most diversified.

AT \$8.39—42-inch-length Chesterfield, of black vicuna cloth, good quality Italian body lining, coat fronts silk lined, lapels silk faced.

AT \$10.00—A dressy Chesterfield coat, in a dark Oxford grey diagonal woven cheviot (very smart), and another in a light fawn cheviot with colored pin stripes of green, broad lapels, twilled body lining.

AT \$12.39—A plain black vicuna cloth, lined with fine quality silk, a well-tailored Chesterfield coat, with fairly broad lapels and snug-fitting collar.

AT \$13.50—A plainly-tailored Chesterfield, reaching just below the knees, two handsome and serviceable English cloths, a stone drab diagonal worsted (which is certainly a very handsome fabric), and a smart herringbone diagonal fancy cheviot in mid-grey shade with dark narrow stripes an inch-and-a-half or so apart, well lined.

AT \$15.00—Extra quality soft black vicuna cloth, richly silk lined, plain Chesterfield model, 42 inches long and finely tailored.

AND THAT'S JUST THE BRIEFEST HINT OF WHAT'S THUS EARLY TO BE SEEN. —Main Floor—Queen St.

Word of Boys' Spring Clothing

SPRING REEFERS—In a dressy fawn covert cloth, nicely tailored in the double-breasted style, serviceable body linings, emblem on sleeve, a smart and dressy coat for early spring wear, sizes 21 to 25. Price \$4.50.

The Favored Bloomer Suits AT \$3.50—A nicely-tailored suit, in new patterns of worsted materials, pretty shade of grey, narrow pin stripe effects, coat double-breasted, strap and buckle bloomers with side and hip pocket and belt loops, sizes 25 to 33. Price \$3.50. —Main Floor—Queen St.

Men's Fur-lined Coats of High Quality Priced Moderately

Emphatically this is the season when fur-lined-coat buying is most remunerative to the purchaser. Here are coats of a very high character closely priced to the actual cost of making. We are not holding them till next season just because there's a probability of greatly increased prices on muskrat furs. The goods "go" with the season. Black beaver cloth shell, fashionably designed, Canadian muskrat lining of pelts evenly furled, Persian lamb storm collar, cut deep and with notch, allowing coat to button close up to throat without turning up the collar, the skins are of a medium glossy curl; throughout the tailoring is of the very best. Price \$52.00. —Main Floor—Queen St.

employer and employee. Reference to Guelph to ascertain amount due plaintiff for salary, and to take an account of his dealings with the assets, ordering payment by the party found indebted, and handing over assets by plaintiff. Costs reserved until after report.

Kneen v. Johnston.—J. G. O'Donoghue for plaintiffs. Motion by plaintiffs on consent for judgment dismissing action, without costs. Judgment as asked.

Before Falconbridge, C.J. Casler v. Grace Manufacturing Co.—C. S. Smoke and Grayson Smith, for plaintiff. R. McKay, for defendants, except W. J. Casler. The action was upon mortgages, and to recover possession of the premises, and to recover possession of the same. Judgment for plaintiff, with interest from 25th February, 1908. But plaintiff, while acting as manager of the company, and in the employ of the company, obtained large sums of money from the company for the purpose of being applied in operation upon the company's property, and improperly converted to his own use large amounts of said money, and failed properly to supervise and direct the inspector of mines in pursuance thereof, and misrepresented to the company the nature of the work being carried on, etc., and while a director of the company, and improperly converted to his own use, under guise of salary, etc., a large sum of money, the taking of which was wrongful and unauthorized. I find that the plaintiff wrongfully and allowed improper payments and allotments of stock to himself and others, as set up in the counter-claim.

As to all these matters, there will be a reference, proceedings in the nature of foreclosure or recovery of possession being, of course, stayed in the meantime. All questions of costs and further directions will be reserved until after the master shall have made his report. Thirty days' stay.

# Is Your Money Working For You?

The men who are getting rich to-day, are the men who are turning their money over—making it work.

Real Estate forms the basis of nearly all the great fortunes of to-day. By watching the direction of a city's growth—buying a lot here—a lot there—selling that and buying further out—is the way in which the foundation of wealth is laid.

All that is necessary is a little capital plus foresight. Therefore we say—Buy Real Estate. Buy Winnipeg Real Estate. Buy Real Estate in

## Westward Place Addition

Winnipeg is not only a growing city. It has already grown to such proportions as to be the dominating city of the west.

In Westward Place Addition we offer you the best proposition for investment in Winnipeg real estate to-day, as this property is within easy reach of the centre of the city, with all the attendant advantages. Winnipeg is peculiarly situated, in that it can only spread in two directions—north and west. The Assiniboia River and St. Boniface (a separate town) prevent it from growing to the south and east. Westward Place Addition is on the west side, just north of the C.P.R. shops and yards, and J. J. Hill's railway shop site, and is bound to increase in value as the city grows.

Now, as to the price. The lots are selling to-day at from \$100 to \$125 per lot (25 feet wide by 116 feet deep) according to location. In order to make the payments easy, we offer you any of the following three plans:

**First Plan--\$10 down and \$5 per month—Second Plan--1-4 down, balance in 10 and 30 mos.—Third Plan--1-3 down and balance in 1 and 2 yrs.** (interest at 6 per cent. on upward balance.)

And we go further. We will refund all monies paid us if these lots are not as represented. This allotment will be open for a few days more, but take advantage to-day to secure your lot. Write us for Booklet on complete information.

**AS GOOD AS THE WEST BUT NOT SO FAR AWAY IS NEW LISKEARD**

In a letter written a few days ago Mr. Englehart, Chairman of the Timiskaming & Northern Ontario Railway Commission, says:

"Timiskaming will be within less than two years the true route to the West and Northwest, and with one additional year, perhaps less, it will be a close second, if not more, to the Atlantic, and thus have within limits the Atlantic and the Pacific. It starts with the fresh water of the south as its back door, and it will not be long before the front door will be the salt waters of Hudson's Bay."

With a prospect like this Northern Ontario real estate is bound to advance in price.

 Offered by Militia Council to Civilian Shots.

OTTAWA, Feb. 28.—(Special).—With a view to the greater encouragement of rifle shooting among members of civilian rifle associations, it has been decided by the militia council to offer an individual prize to be known as the "Dominion of Canada prize" to each association, for competition during 1910.

The prize is a nickel silver ornamented silver, 10 inches in diameter, bearing the Dominion coat of arms with an inscription.

To be eligible, it will be necessary for an association to hold four competitions during the season, in which at least forty per cent. of the members must take part. The dates of these competitions will be fixed in advance and communicated to the district officer commanding. The ranges will be at 200, 500 and 600 yards, seven scoring shots at each range.

**U. S. TARIFF INVESTIGATORS**

Will Proceed to Ottawa This Week to Arrange Terms.

WASHINGTON, D.C., Feb. 28.—The secretary of state has designated Henry C. Emery, chairman of the committee on the tariff board, and Charles M. Pepper of the bureau of trade relations in the state department, as a commission to determine whether or not the Dominion of Canada, under its treaties and laws, is entitled to the minimum tariff rates of the United States. Emery and Pepper will proceed to Ottawa this week to confer with the Canadian officials.

The state department has no doubt that all questions involved will be settled before March 31, when the maximum rates go into operation.

**NATIONALISTS AND NAVY**

Continue Their Antagonistic Campaign With Large Rally.

MONTREAL, Feb. 27.—(Special.)—The Nationalists held their meeting at Rigaud yesterday and were met by G. Boyer, M.P., for the County of Vaudeville, who delivered a spirited address in favor of the government naval policy.

The Nationalists speakers were Armand Laverne, M.L.A., and Joe Rainville, who opposed everything in the shape of a navy.

Mr. Cousineau, M.L.A., for Jacques Cartier, who is a straitlaced and conservative, said if England wanted help of any kind he would prefer a direct contribution.

The meeting had evidently been worked up very well as the Nationalists were in a majority. Rigaud is a Conservative stronghold.

**TELEGRAPH LETTER SERVICE**

Canadian Companies May Emulate the Western Union

MONTREAL, Feb. 28.—James Kent and L. R. Humes of the C.P.R. and G. W. Telegraph Companies said today that in view of the telegraph letter service proposed in the United States, the companies were discussing it here, and if the service proved satisfactory there it would be introduced here. The scheme would be to send 50 words for a quarter at night and have it mailed at the other end, so as to be delivered by the early mail in the morning.

**GOLD WATCH FOR REYNOLDS**

Also a Cheque From the C. P. R. as Reward for Bravery.

MONTREAL, Feb. 28.—Conductor Reynolds, who saved 16 lives at Spanish River wreck on the C.P.R., was called to Montreal to-day and presented by Sir Thomas Shaughnessy with a gold watch and a handsome cheque.

The president said that a conductor's duty in a wreck was to do all he could in aid of the survivors, and that Reynolds had been so conspicuous that it deserved special mention.

**ENGINEER ANGRY, RESIGNED WHEN TENDER WAS REJECTED.**

LONDON, Ont., Feb. 28.—A sensation was sprung here at a meeting of city water commissioners this morning, when Edgar T. Sifton, electrical engineer in charge of the Niagara power construction line, resigned. Sifton alleged that the commissioners had not accepted the lowest tenders when they took those of the Canadian General Electric Co. for supplies, instead of those of the Westinghouse Co. of Hamilton.

**Enforcing the Indian List.**

CHATHAM, Feb. 28.—The keepers of three hotels—the Idlewild, the Courthouse House and the Montreal House—were all fined in the police court this morning \$12.75 each for selling liquor to two Indian-listers.

George Wilder goes to jail for three weeks for drinking liquor while on the list, and George Jackson goes for a month for supplying him with the liquor.

**3 Years for Thieving Mail Clerk.**

WINNIPEG, Feb. 28.—Charles McIntosh, mail clerk, was sentenced this morning to three years for stealing a packet containing three thousand dollars from the Glenboro local on Sept. 29. He paid one thousand dollars on a farm near Moose Jaw and squandered the balance.

**Rally in New York Securities After a Rather Weak Opening**

Wall Street Rallyes, But Does Not Evince Any Special Snap—Local Market Holds on Light Dealings.

World Office, Monday Evening, Feb. 28.

Larger transactions to-day were scarcely represented by adequate advances in most of the securities dealt in. As a whole the prices of stocks held well, but the demand was not all that was expected of the market, and in certain cases securities were hard to sell at current quotations. The coal and steel issues received some support by way of Montreal this morning and especially so in the case of Nova Scotia Steel, which made another new high on account of the eastern buying.

Dominion Coal was also in some demand from traders, who thought that the drop in the price of these shares since a few weeks ago was scarcely warranted by the present condition of the market.

There was no special influence at work outside of the pool demand for some of the listed speculative issues.

The best side of the market was the buying of investment stocks at higher prices, two of the prominent features in this respect being Bank of Commerce and Imperial.

Speculation is still extremely light even in the apparently active securities, and most of that witnessed here is not entirely responsible to a local demand.

**STEEL OUTLOOK GOOD**

Vice-Pres. King Says Record Year May Be Witnessed.

NEW YORK, Feb. 28.—Vice-president Willis King of the Jones & Laughlin Works of Pittsburgh to-day said as saying that "there is every reason to believe that 1910 will be a year of large consumption in steel products; in fact, there is a strong probability of a record production."

He says there has been more or less reduction in the amount of new business for a past month or two which can be accounted for by the fact that there are large contracts due and not shipped on old contracts because of the severe winter and because of the fear on the part of some that Washington legislation may injure railroads and other corporations and make it impossible to do business. We regard the third as sentimental and without foundation, in fact.

**LISTED IN PARIS**

Entire Jap Loan of 1905 Listed on Bourse.

NEW YORK, Feb. 28.—The Yokohama Specie Bank has received official advice that the portion of the Japanese Government four per cent. sterling loan of 1905 which had been listed in London, Berlin and Paris, but which was not listed in Paris, has been admitted to the Paris Bourse.

This places the entire issue on the Paris Bourse and the market there had been issued in Paris having previously been officially quoted.

**On Wall Street.**

Ericksen Perkins & Co. had the following: With the tobacco decision out of the way for another week, stocks were strong to-day, closing near top. We think they will work higher, perhaps reaching a new high level since the break.

As we are convinced that hostile legislation against corporations will be much less than anticipated a month or two ago, public confidence should return and idle funds be invested in high-grade securities.

Good stocks should be bought on all small setbacks, but it would be well to take moderate profits.

Ericksen Perkins & Co. had the following: Traders sold the market this morning in the usual Monday expectation of the supreme court decision on the tobacco case. When the decision failed to come, a covering movement began that resulted in advances averaging two points from the low prices. We believe that the stock market will continue to make a creeping advance, and that investors suggest purchases on every little reaction.

**Gold Bullion Receipts.**

LONDON, Feb. 28.—Of the \$4,750,000 South African gold offered in the open market to-day, India and Paris each received \$1,000,000 and the Bank of England obtained the balance.

**G. N. O. Certificates Not Taxable.**

NEW YORK, Feb. 28.—Notice has been received by the New York Stock Exchange that Great Northern one certificates are not taxable under the stock transfer law.

**U. E. Bank Increases Dividend.**

United Empire Bank directors have increased the dividend basis from 4 to 5 per cent. per annum by declaration of a quarterly dividend of 1.24 per cent. The dividend is for the current quarter and is payable April 1.

**Hill Roads Will Spend Largely.**

NEW YORK, Feb. 28.—A despatch from St. Paul says that the Hill roads are to spend \$13,500,000 for equipment.

**FOREIGN EXCHANGES HIGH**

Higher Prices Looked for Owing to Heavy Obligations.

NEW YORK, Feb. 28.—The advance in foreign exchange Saturday to the highest level since the first week in January indicates still higher prices for sterling exchange this week, with gold exports. In the month beginning to-morrow \$100,000,000 of notes fall due to be paid by our corporations, and it is figured that 25 per cent. is in the hands of foreigners. It is also stated that some of our large individuals' borrowers are not renewing loans abroad.

**Easy Money a Factor.**

Henry Clews says: Easy money will prove an important aid toward recuperation, especially as the foreign political uncertainties, so much dreaded in the earlier part of the winter, have largely disappeared. The present inclination to give the market a rest will not be harmful; but underlying conditions are sound, and the market is unquestionably ready to respond to any favorable developments. In the long run the tendency of values is in the direction of improvement, especially with the approach of spring, accompanied by occasional but not serious setbacks.

**COTTON GOSIP**

Bullish Excitement on New York Market and Prices Go Higher.

NEW YORK, Feb. 28.—There was a revival of bullish excitement in the cotton market to-day and May deliveries sold up to 14.82 or 25 points above the closing price on Saturday.

The advance was encouraged by reports of better spot demand in the south and rumors that large engagements for March shipments were still unfulfilled with the market as a whole more active and firmer than at any time since January break.

**SENTIMENT IS MUCH MIXED.**

World Office Monday Evening, Feb. 28.

Speculative sentiment is decidedly mixed in local financial circles. It is admitted on all sides that stocks are firm, but there is an undercurrent at work, which is an obstacle to active speculative operations. Many traders are looking beyond the domestic position, and regard New York and London as a menace to Canadian securities. This sentiment is certainly restraining speculation, and in the meantime is beneficial to current holders. Montreal interests appear confident of their position on the bull side, and were again buyers of their specialties in this market to-day. With a few issues excepted, the demand for stocks at quoted prices was scarcely equal to the supply.

**ROOSEVELT PARTY'S BAG**

Colonel and His Son Got 500 Fine Specimens.

GONDOKERE, Soudan, in the Upper Nile, Feb. 28.—Colonel Roosevelt and the others of his immediate party sailed to-day for Khartoum, where they will arrive March 15.

Col. Roosevelt and his son, Kermit, have killed some 500 specimens of large mammals, including 17 lions, 11 elephants, 10 buffaloes, 10 black rhinos, 9 white rhinos, 9 hippopotami, 9 giraffes, 3 leopards, 7 cheetahs, 3 giant eagles, 3 eagles, 1 situnga and 2 bongos.

All these were killed in the interest of science. Roosevelt will retain not more than six trophies for himself.

The naturalists with the party secured a remarkable collection comprising many thousands of birds and mammals.

BIG QUESTION NOW IS ABOUT DOUBLE TRACKS

Sunday Car Service Appears to Drag—Council Will Meet Tonight—County Matters.

NORTH TORONTO, Feb. 28.—(Special).—What action will the Town of North Toronto and the city take with respect to the double tracking of Yonge-street, recently asked for by the Metropolitan Railway?

The railway matter is the one big outstanding question before the town to-day, and the action of the council from now on will be watched with interest in their dealing with this question.

Townspeople, too, are wondering what plan, if any, the council intend to follow out the wishes of the ratepayers as expressed by such an overwhelming vote along the line of Sunday car service.

A number of important matters will come up for consideration at Tuesday night's meeting of the town council.

BLOOR STREET VIADUCT. A mass meeting will be held in Danforth Hall, Danforth-avenue, on Wednesday evening, March 2, at 8 o'clock.

DOVERCOURT. Victory Temperance Lodge will continue to hold its meetings at Davenport-road Church Hall, notwithstanding the misadvised attempt to break it up by moving to other quarters.

EAST TORONTO. Ladies' Auxiliary of Y. M. C. A. Meet This Afternoon.

EAST TORONTO, Feb. 28.—(Special).—The Ladies' Auxiliary of the Young Men's Christian Association will meet in the hall to-morrow (Tuesday) afternoon at 3 o'clock, for the transaction of important business.

The Willing Workers of St. Saviour's Church will meet on Thursday afternoon at 3 o'clock sharp, at the home of Mrs. Seeds, Ben Avenue.

It is now practically assured that the East Toronto Y.M.C.A. will be retained here, and this fact is giving great satisfaction.

Ald. Phelan is said to have received assurances from Postmaster George Ross that letter boxes will be installed throughout the newly-annexed district not later than June 1.

Melvern-avenue High School will hold a reunion on Friday evening, March 4, at the MacPherson Sunday School.

Putz Cream Liquid Metal Polish, for brass, copper, nickel plate. See window display, Alkenhead Hardware Limited.

The late James Paterson took an especial interest in this school, and was very largely instrumental in its inception. It is in affiliation with East Toronto Presbyterian Church on Swanwick-avenue.

WEST TORONTO. WEST TORONTO, Feb. 28.—The Canadian Boy Scouts are making good progress, and in addition to the three troops already organized, the boys of St. John's Church will have a meeting for the purpose of forming a troop to-morrow (Tuesday) evening.

Mrs. Herman Heintzman of 294 Park-avenue, gave a dance to-night in the Masonic Hall in honor of Miss Eleanor Gies of Berlin, who is visiting her former home. About forty couples were present, and a very enjoyable evening was spent.

The Women's Guild of St. John's Church will be addressed to-morrow afternoon (Tuesday) at 2.30 by Miss Knox, principal of Haverall Ladies' College.

CREDIT SALE. Auction sale of registered horses, stock and implements, on Wednesday, March 2, 1910, at lot 15, concession 2, East York, owned by James and A. H. Webster. Auctioneer, J. H. Prentice.

NEW DEFENCE LEAGUE. Canadian Organization Modeled After Australian Body.

R. E. Kingsford presided at the meeting of the nominating and organizing committee of the Canadian Defence League, which met at the Military Institute yesterday, for the purpose of framing a constitution for the newly created league.

Adopting many of the principles of the Australian and English sister organizations, the league will be modeled along their lines, with certain modifications to suit local requirements. The constitution as finally approved demands that the league shall be kept entirely independent of party politics.

In each province of the Dominion a provincial division of the league will be formed, and the direction of the entire body will be under the management of a president and three vice-presidents.

Active members' fees are \$2.50 yearly, and life members \$10. Amongst those present were: Colonel W. Hamilton Merritt, Capt. J. K. Keefler, Commander Law, Major W. J. Brown and Prof. Baker.

PAYS \$20,000 FOR SEAT. Ollie Herron Becomes Member of the Toronto Stock Exchange.

Ollie Herron has purchased a seat on the Toronto Stock Exchange for \$20,000. The exchange has only two more seats to dispose of. Mr. Herron was formerly of the Standard Stock and Mining Exchange, and was one of the promoters of the first mining exchange in Toronto about 20 years ago.

EMPIRE DAY BY DAY. The Macmillan Co. of Canada, Limited, Toronto, have just issued from the press a calendar record of British valor and achievement on five continents, and on the seven seas, entitled "The Empire—Day by Day," compiled and arranged by Frank Wise of this city.

The Canada Foundry's tender was \$12,478, while that of D. Y. Stewart & Co., Glasgow, was \$270 less. The question was whether for the sake of the small difference, the city should deprive a local industry and local workmen of the work. It was an important question of policy which was fought out, and the outcome, reached only after a night session, showed a powerful sentiment for local preference.

The advocates of favoring the Canada Foundry urged that a local company employing 1400 hands deserved consideration, that the company, through having to pay union wages, was handicapped as compared with outside competitors, that to purchase from the Scottish firm meant having to

pay for inspection on both sides of the Atlantic, and that the margin between the tenders would almost be made up by the cost of cartage, which would have to be added to the price of the Glasgow contract.

Controlled Spence accused those favorable to the Canada Foundry of being swayed by sympathy to depart from what they knew to be the plain path of duty, an insinuation warmly resented by several.

The vote on Controller Church's motion to give the work to the Canada Foundry carried as follows: For—Controllers Church and Ward, Ald. O'Neill, Maguire, Baird, Anderson, McCausland, Graham, Phelan, Hamby, May, Welch, McBride, Hill-ton, Weston, McCarthy, D. Spence and Rowland—18.

Against—Controllers Spence and Foster, Ald. McMurrich, Heyd, Chisholm, and the mayor—6.

Vice-President and Manager Nicholas would like to repeat the arguments advanced by him before the board of control last week.

Would Abolish Department. Controller Foster introduced a by-law to abolish the department of industries. It was given two readings as a simple formality, its merits to be threshed out later by the legislation committee.

Ald. Dunn who wants to have the city council meetings held on alternate Mondays, succeeded in getting referred back to the legislation committee his bill along this line, which was reported against by the board of control. The present practice of holding meetings on second and fourth Mondays of each month results in intervals of three weeks four times a year.

A Sale of 400 Sample Suits for Men 8 o'Clock Wednesday Morning

EVERY year about this time we secure the Spring samples of one of Canada's foremost clothing manufacturers after they have come in "off the road" and closed their career as samples.

As a suit suits to clothe the human frame, however, their duty has yet to begin, and they stand now ready at attention in this store, just as spick and span as though they had never seen active service of any kind. Of course, samples always come to us very much under the regular stock prices, and that's the way we pass them on to you.

To-morrow morning if you are here early enough you may have a \$24.00 Suit for \$9.85. Perhaps you'll prefer a \$22.00—one's tastes in pattern and cloth differ, and there are only five of a kind.

In any event you secure a suit worth several fat round dollars more than the sample sale price.

Men's Sample Suits, Which Represented Lines to Sell at \$13.50, \$15, \$16, \$18, \$20, \$22 and \$24, To Clear Wednesday at \$9.85

Four hundred of them. High-class ready-to-wear clothing. Imported English and Scotch tweeds and fancy worsteds, also some navy blue and black worsteds and vicunas.

All this season's newest goods, in the most fashionable design and colorings, tailored in the very best manner. See display Yonge Street window. Only five suits of a pattern. Sizes 35 to 42 in the lot. On sale Wednesday, 8 a.m., at Nine Dollars and Eighty-five Cents.

THREW OUT LOW TENDER CANADA FOUNDRY WINS

City Council By 18 to 6 Declares For Preference to Home Industries.

In voting by 18 to 6 to give a contract for cast iron pipe to the Canada Foundry Co., the city council last night violated the more or less elastic principle of accepting the lowest tender, but pleaded strong extenuating circumstances.

The Canada Foundry's tender was \$12,478, while that of D. Y. Stewart & Co., Glasgow, was \$270 less. The question was whether for the sake of the small difference, the city should deprive a local industry and local workmen of the work. It was an important question of policy which was fought out, and the outcome, reached only after a night session, showed a powerful sentiment for local preference.

The advocates of favoring the Canada Foundry urged that a local company employing 1400 hands deserved consideration, that the company, through having to pay union wages, was handicapped as compared with outside competitors, that to purchase from the Scottish firm meant having to

pay for inspection on both sides of the Atlantic, and that the margin between the tenders would almost be made up by the cost of cartage, which would have to be added to the price of the Glasgow contract.

Controlled Spence accused those favorable to the Canada Foundry of being swayed by sympathy to depart from what they knew to be the plain path of duty, an insinuation warmly resented by several.

The vote on Controller Church's motion to give the work to the Canada Foundry carried as follows: For—Controllers Church and Ward, Ald. O'Neill, Maguire, Baird, Anderson, McCausland, Graham, Phelan, Hamby, May, Welch, McBride, Hill-ton, Weston, McCarthy, D. Spence and Rowland—18.

Against—Controllers Spence and Foster, Ald. McMurrich, Heyd, Chisholm, and the mayor—6.

Vice-President and Manager Nicholas would like to repeat the arguments advanced by him before the board of control last week.

Would Abolish Department. Controller Foster introduced a by-law to abolish the department of industries. It was given two readings as a simple formality, its merits to be threshed out later by the legislation committee.

Ald. The present practice of holding meetings on second and fourth Mondays of each month results in intervals of three weeks four times a year.

After "Joy Riders" "Joy riding" is still the vogue among city officials, despite the fact that several months ago, aiming to compel the lettering of civic autos in plain characters, so Controller Foster told the council.

The controller moved an amendment to the bylaw, the change prescribing letters at least four inches high, in white paint, and making officials who continue to offend open to prosecution. The bylaw got two readings.

Set Back for Industry. Ault and Wiborg must look for a site for their proposed varnish factory other than that on Eastern-avenue, east of Knox-avenue, Ald. Welch's motion to instruct the board of control to grant the permit being lost on a tie vote of 12-12.

ESTATE NOTICES.

EXECUTORS' NOTICE TO CREDITORS. In the Matter of the Estate of David Herring, Late of the City of Toronto, in the County of York, Taxidermist, Deceased.

NOTICE is hereby given, pursuant to R.S.O. 186, Chapter 123, and Amending Acts, that all persons having claims against the estate of David Herring, above mentioned, who died on or about the 8th day of January, A.D. 1910, are required to send by post prepaid, or to deliver to the undersigned, executrix of the said estate, on or before the 28th day of March, 1910, their names, addresses and descriptions, and a full statement of particulars of their claims and the nature of the security, if any, held by them, duly certified.

And that after the said date the said executrix will proceed to distribute the assets of the estate among the persons entitled thereto, having regard only to the claims of which she shall then have notice, and the said executrix will not be liable for the said assets or for any part thereof to any person or persons of whose claim or claims notice shall not have been received at the time of such distribution.

After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nerve, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.

The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nerve should be taken for some time to thoroughly restore nerve strength.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we will forward prepaid.
