INSPECTOR HIT

Grapples With Alleged Run-
ner, Who Points Re-
volver At Him

AFTER a stiff fight, in which
revolvers were discharged, 20 bags,
containing liquor, mostly whiskey, were
seized by John Hunter, prohibition
inspector, near Mispec early this morning.

The alleged law-breakers were
seized by the inspector about 3:30
o'clock this morning on the Mispec hill,
and during an encounter, which fol-
lowed, a horse and sled, with its con-
tents, went over the bank. During
the fight the men in charge of the
liquor made their escape.

Inspector Hunter telephoned to the
city for assistance and Excise Officers
Alex Crawford and John Murphy and
Detective Patrick Biddiscombe re-
sponded. The liquor was brought to the city
and deposited in Pool's warehouse.

LAY IN AMBUSH

Inspector Hunter had been on the
look out for alleged run runners for
several nights and while patrolling the
road about 1:30 o'clock this morning
he heard a team approach from the
direction of the city. Concealing him-
self with his son Walter, who was with
him, in the bushes by the roadside, he
saw the team go by and noted that it
contained persons of whom he says he
was suspicious.

He went to a neighbor's house to
warn himself and about 8:30 o'clock
he heard the team returning and rush-
ing to the road with his son, ordered
the occupants to stop. This they re-
fused to do and the inspector's son
seizing the horse by the head, the in-
spector grabbed the two men in the
sled and told them they were under
arrest.

POINTS REVOLVER.

"I'll give you arrest," the elder of
the two men replied. Hunter said,
backing up his words by pointing a
revolver at the officer's head. Hunter
grappled with his adversary. They
fell between the horse and the sled
and while the inspector was reaching
for his handcuffs, the younger of the
two men, Hunter says, hit him sev-
eral blows on the head with the butt
end of a whip. Two or more re-
volver shots were fired at the in-
spector, but he escaped injury with the
exception of some bruises on the head.

While the inspector was trying to
place the eldest man under arrest ef-
forts were being made by the other
to drive off with the wet goods. Hunter
says. During the confusion the horse
became unmanageable and the horse,
sled, whiskey and men tumbled over
the hillside, and slid down a distance
of about 50 feet. None was injured,
but several bottles of whiskey were
broken and the horses landed on the
sled, the alleged law breakers making
their escape.

LANDED ON SHORE.

Later investigation by the inspector
showed that the liquor had evidently
been landed from a boat near Burns
shore, there being indications that it
had been dragged from a boat to the
shore where it had been landed on the
sled.

From A 'Flu Attack

ST. PAUL'S, Widen, Hertfordshire,
Eng., March 15.—The Duke of York is
suffering a mild attack of influenza,
and has been forced to cancel a num-
ber of engagements. He is visiting
here with the Duchess. They will
probably remain a week.

FRENCH INTEREST LACKING

PARIS, March 15.—The apparent in-
difference of the public toward the
Chambre of Deputies was exemplified
by the fact that more than 40 per cent
of the voters abstained from casting
their ballots in yesterday's election in
the second parliamentary division of
Paris, held to replace two deputies who
died recently. No absolute majority
was obtained by a candidate and a
second ballot will have to be held.

DUFF SILENT

OTTAWA, March 15.—Expectations
are that Wm. Duff, of Lunenburg will
be the next deputy speaker of the
House of Commons. Questioned this
morning, however, Mr. Duff intimated
that definite decision in the matter had
not yet been reached.

TRURO, N. S., March 15.—Herbert
William Griffin, a well-known resident
of Onslow, was almost instantly killed
Saturday afternoon, when the double-
boiler he was driving from Truro to
his home was struck by a Springhill-
Truro train at a crossing in Onslow.
Both Mr. Griffin's horses were also
killed. He was 50 years old.

BIG DRIVE BEGUN
FOR LOCAL OPTION

Eight Million Signatures in Peti-
tion to Be Sent to German
Reichstag

BERLIN, March 15.—The largest
drive for local option ever planned in
Europe started yesterday and will con-
tinue for six weeks. It is expected
that eight million signatures will be
gathered in a petition which will be
presented to the Reichstag.

The drive was launched by "The
National Committee for Local Option,"
the executives of which include many
members of the Reichstag. The peti-
tion is to express "the demands of mil-
lions of the best representatives of the
nation for prohibition and it points out
that the consumption of alcohol, which
markedly decreased during the war,
had been increasing in the post-war
years to such an extent that today
three billion marks are spent annually
on alcoholic beverages, which is more
than the maximum annuities stipulated
in the Dawes plan of reparations."

Representatives of Nations Meet
in London on Question of
Hours

LONDON, March 15.—An interna-
tional conference on hours of labor,
based on the Washington convention,
will begin at the ministry of labor to-
day. It has been called on the initiative
of Great Britain and will be opened by
Premier Baldwin. It will be attended
by representatives of France, Germany,
Italy, Belgium and Great Britain.

The eight-hour scheme has many op-
ponents among employers of labor in
England. They are not in favor of the
British government giving countenance
to the plan, which they regard as cer-
tain to restrict output.

NASHWAAKSIS MAN
DIES IN WORKSHOP

David Boyd, Night Watchman at
McFarlane, Neill Plant, is
Found Dead

Special to The Times-Star
FREDERICTON, March 15.—David
Boyd, a well known resident of Nash-
waaksis, employed for 18 years as
night watchman at the plant of the
McFarlane, Neill Co., Devon, was
found dead in the workshop of the
plant at an early hour this morning.
Every clock but one in the plant had
been wound, so the supposition is that
death overtook him as he was attend-
ing to his usual duties. Heart trouble
caused his death, it is believed. He
died instantly, falling forward upon
his lantern which went out. The de-
ceased was 78 years old. He was born
in Millville. He had resided in Nash-
waaksis for the last 28 years. He is
survived by a widow, three sons,
Henry and John of North Devon,
and Herman at home, and three daugh-
ters, Mrs. David Jones, of Fredericton,
and the Misses Phoebe and Lila at home.

TO ASK PUNISHMENT

Japan Takes up Case of Firing
on Destroyers By Chinese
Troops

TOKYO, March 15.—The decision
arrived at by Baron Shidehara, foreign
minister, and Admiral Takarabe, min-
ister of the navy, who held a confer-
ence yesterday to consider what steps
Japan should take in regard to the
action of Chinese national troops on
firing on two Japanese destroyers at
the entrance to the Pho River, has not
yet been published but it is understood
they will recommend that Japan act
independently of the other powers.

It is also expected that Japan will
demand the punishment of the Chinese
soldiers who did the firing, compensa-
tion for the wounded officers and
pledges that there will be no recurrence
of the incident. The press sur-
prisingly has not commented on the in-
cident beyond urging that Japan de-
mand guarantees that there will be
no repetition of the firing on Japanese
vessels.

21 BELOW ZERO AT

Temperature Near Record For
Winter—Mercury Rises 40
Degree Since

Special to The Times-Star
FREDERICTON, March 15.—The
temperature in Fredericton last night
was officially 21 degrees below zero,
which was almost as cold as the coldest
night of the winter. The low tempera-
ture followed a low reading for
Saturday night when the mercury was
15 degrees below. At this time last
year this part of the province also was
experiencing cold weather, a tempera-
ture of 11 below having been recorded.

Today the temperature moderated
rapidly the thermometer showing more
than forty degree difference from last
night.

NORFOLK, Va., March 15.—The
German steamer Adolf Leonhardt, which
has been drifting off the Virginia
coast since losing her propellers, last
Thursday, has been taken in tow by
the British freighter City of Batavia.
Wireless messages to local agents of
the German vessel gave her location as
60 miles northeast of Cape Henry. Her
captain had refused coastguard assist-
ance and asked for a wrecking tug sev-
eral days ago, but heavy weather fol-
lowed and apparently caused him to
accept the aid of the British freighter,
which had been standing by.

SPECIAL TO THE TIMES-STAR
FREDERICTON, March 15.—A rob-
bery of the boldest nature was per-
petrated at the residence of Dr. H. A.
Green, King street, Saturday night
shortly after midnight. The occupants
heard a slight noise in the front and
investigated and someone left by the
front door. Aubrey Clark, son-in-law
of Dr. Green, followed. He saw a
number of young men standing talk-
ing and asked if anyone had left the
house. They said a man had just come
out carrying a coat and was walking
up the street. Mr. Clark pursued and
the unknown threw aside the coat he
was carrying and made good his escape.
The coat was a seal garment belonging
to Mrs. Clark. Ten dollars which had
been in the pocket was gone.

COUNTER PLAN OF GERMANY TO BE HEARD TODAY

Members Enter On 2nd
Week of Bitter
Dispute

SOLUTION HOPED

Agreement Expected To Involve
Sweden's Resignation
From Council

Geneva, March 15.—Again to-
day the members of the League of
Nations separated after a secret
meeting, without reaching an
agreement concerning the reorganiza-
tion of the Council in connection
with Germany's entrance into the
League.

By HENRY WOOD
United Press Staff Correspondent.

Nations today embarks on its
second week of bitter dispute, with all
hope of settlement of the contest for
Council seats apparently centering on
Sweden.

Foreign Minister Under has begun to
recede from the pinnacle of principle
from which he opposed the election of
any new Council member except Ger-
many during most of last week.

Sweden may either renounce her op-
position to the enlargement of the
Council by the election of Poland, or she
may resign her Council seat in favor
of Poland. Either course would prob-
ably result in immediate settlement of
the international debate.

The League Council was to meet
secretly and informally today to receive
any counter proposal that the Ger-
mans might have devised since last
night. If none is forthcoming and if
Sweden fails to participate in the
definite instructions regarding Sweden's
transfer would seem to be the last
chance for the consummation of the
peaceful work of Locarno.

GERMANY'S STAND.

Germany would either submit to
election to the league then, regardless
of the situation as it related to the
council, or she would withdraw her ap-
plication for league membership.

Sweden's position was clarified fol-
lowing the return of Chancellor Luther
and Foreign Minister Stresemann early
today from a conference with Under.

The Germans learned that Under had
telegraphed Stockholm requesting de-
finite instructions regarding Sweden's
transfer to resign from the council in favor
of Poland.

AGREEMENT SEEN

Early today it was believed that the
secret council meeting would reach
agreement of some kind, and that the
agreement would involve Sweden's re-
signation from the Council.

CHURCHFIRE AS SERMON BEGINS

Outbreak Occurs As Mass In St. John Baptist Nears End

Congregation Leaves Quietly at Word of Father Kinsella—Damage About \$3,000

Coolness of action at the 8 o'clock mass in the Saint John Baptist church yesterday prevented what might have been a tragic occurrence when fire broke out in the edifice. The mass was just about over and Rev. A. W. Kinsella was beginning his sermon and the congregation quietly left the church. Miss Butler fainted near the door and was carried to the street by Thomas Killam and soon recovered. Damage is estimated at \$3,000, covered by insurance.

FIRE DISCOVERED

The usual 8 o'clock mass had been finished in the church and Rev. Father Kinsella had just started to preach a sermon on "St. Patrick's Day," when members of the congregation heard a crackling sound in the high ceiling. The sound grew louder, and within a few minutes several of those present began pointing to the ceiling and it was then plain to all that the church was on fire.

The priest discontinued preaching, and without the least sign of excitement, notified the congregation to leave the church quietly, which was soon accomplished. Detective Patrick Biddiscombe, who was present, sent a man from box 43, on the corner of Broad and Carmarthen streets, and the fire department made a quick response.

CLEARED THE ALTAR

Immediately after the fire was discovered, and the church began to fill with smoke, Father Kinsella, with the assistance of male members of the congregation, safely removed everything from the altar, as well as the carpets in front. They were thus at work when Chief Vaughan and the other firemen arrived on the scene. The fire was burning brightly, it was found, between the ceiling and the roof on the southeast corner of the church. A ladder was raised and the firemen entered through a window, and with a good stream of water, soon had the blaze confined to this section. Another long ladder was taken into the church, a section of the ceiling was torn away on either side of the altar at the top and another stream of water was played on the blaze from this direction. It was not long before the fire was well under control and finally put out.

The woodwork between the ceiling and the roof of the church was badly burned and it will be necessary to rebuild this section. The decorated ceiling was also destroyed at this part. In addition to this the church was damaged by the thick smoke and will need an entire renovating. There was also considerable water on the church floor near the altar.

SERVICES DELAYED

As soon as the firemen left the building, Father Kinsella with male members of the congregation, set to work cleaning away the debris, the floors were washed up, the carpets cleaned with sweepers and again placed in position, with the result that the church was placed in fit condition so that vesper was sung as usual last evening. It was necessary to cancel the 10 o'clock mass and the Sunday school session in the afternoon.

The fire, which is suspected to have started from a defective wire, had a good start before being discovered, and it is fortunate that the church was empty at the time it was, or it is the opinion of many, if it had not been seen until later, there was every chance that more damage would have been done.

PRaises FIREMEN

Rev. Father Kinsella and members of the church were outspoken yesterday in complimenting Fire Chief Vaughan on the able manner in which they fought the fire.

Junior Choir At East Saint John Carry Out Program

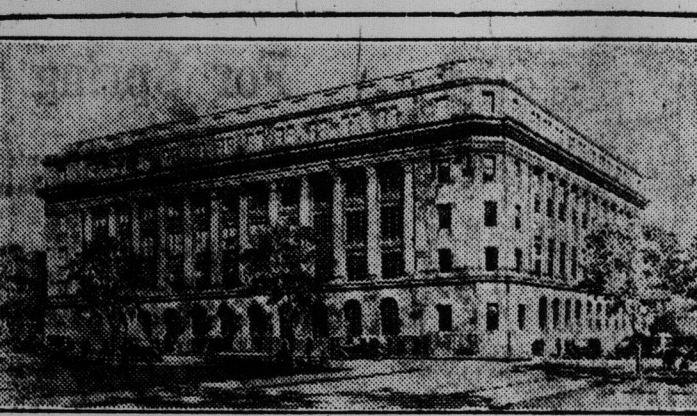

Satisfactory Sum Realized For Purchase of Dishes For Church

The Junior choir of the United Church at East Saint John, under the direction of their leader, Miss Fernie Pepper, held a very successful concert in their hall recently at which a satisfactory sum was realized to be used to purchase dishes for the church. There was a large audience present. Rev. W. J. Beris acted as chairman. The program consisted of solos, choruses, duets, recitations and games.

The program was as follows: Chorus by the Junior Choir; duet, Irene Elliott and Elsie McIntyre; recitation, D. Magee; recitation, Doris Farnham; duet, Florence Beris and Mildred Banks; duet, Ralph Black and Doris Farnham; recitation, Marion MacAfee; motion song "Chinese Cousins" by the choir; recitation, Verna Elliott; recitation, Dorothy Magee; motion song, "We Are Nodding" by the choir.

At the close of the program the Junior Choir gave three hearty cheers for Miss Pepper as a tribute to her splendid work in training the choir for the concert. Refreshments were served by the ladies of the church.

ST. PETER'S FIRST CHURCH IN LONDON

Claim of Museum Director is Doubtful by Archaeological Authority, However

LONDON, March 15.—Which was really the earliest city church? R. H. Smith, deputy keeper of the British Museum, in a recent lecture, claimed this distinction for St. Peter's, Cornhill.

George Prime, who is a recognized authority on city archaeology, throws doubt on this claim, and declares that the earliest city church to be consecrated to the Christian religion was old St. Paul's.

"The tablet declaring that the foundations of St. Peter's were laid in A. D. 179 by Regulus Lucius," said Mr. Prime, "is of doubtful authenticity. The historian Stow investigated this claim, and dismissed it."

"In those days all the old buildings which subsequently became churches were temples dedicated to pagan worship, but if Stow is correct, St. Peter's upon Cornhill was not finished until the reign of Edward IV., 'as appears,' to use Stow's own words, 'in arms of noblemen and aldermen of London then living.'"

"On the other hand, we have the authority of Dugdale that the first pagan temple in the city to be dedicated to Christianity was old St. Paul's, which had previously been the temple of the Goddess Diana. Dugdale's reference is as follows: 'In the year CLXXXV, Eleutherus

sent hither into Britain at the instance of King Lucius two eminent doctors, Paganus and Damianus, to the end that they might instruct him and his subjects in the principles of Christian religion, and consecrate such temples as had been dedicated to divers false gods unto the honor of the true God, whereupon these holy men constituted the three metropolitan sees in the three chief cities of this island, unto which they subjected divers bishoprics, the first of all London, wherewith all England from the banks of the Humber southward and Severn eastward belonged."

"Camden confirms Dugdale's conclusion that this temple of Diana stood on the site of St. Paul's, and neither he nor Stow nor Dugdale suggests that this was not the first temple to be Christianized."

Abductor Given 10 Years In Prison

STRAUSBURG, N. Y., March 14.—Convicted by a Madison County jury at Wampsville of abducting Genevieve Case, 17-year-old Onondaga high school girl, and living with her six months, before they were found, several weeks ago in a shack near Camden, N. J., Myron Failing of Vernon, married and the father of three children, was sentenced today to ten years in the Auburn Prison by Judge Joseph D. Senn.

Failing took the girl away in an automobile last August 22. They were found when a letter from the girl to her parents disclosed her whereabouts. At the trial Failing's counsel attempted to show that the girl had suggested the elopement, letters written by the girl to Failing, and letters purporting to corroborate this contention being introduced.

Failing was denounced by Judge Senn as a "menace to society."

Will Convene Here In May

THE Union of Municipalities of New Brunswick will hold a three-day session in Saint John during the week of May 13. Commissioner R. W. Wigmore, warden of the county, said that a meeting of the executive of the Union would be called for the last week in this month to draw up a program for the meeting, which is to cover a three-day period. It is hoped to have one of more representatives of every municipality in the province in attendance and the intention is to both a program of special interest to both urban and rural representatives.

Abductor Given 10 Years In Prison

STRAUSBURG, N. Y., March 14.—Convicted by a Madison County jury at Wampsville of abducting Genevieve Case, 17-year-old Onondaga high school girl, and living with her six months, before they were found, several weeks ago in a shack near Camden, N. J., Myron Failing of Vernon, married and the father of three children, was sentenced today to ten years in the Auburn Prison by Judge Joseph D. Senn.

Failing took the girl away in an automobile last August 22. They were found when a letter from the girl to her parents disclosed her whereabouts. At the trial Failing's counsel attempted to show that the girl had suggested the elopement, letters written by the girl to Failing, and letters purporting to corroborate this contention being introduced.

Failing was denounced by Judge Senn as a "menace to society."

OPPORTUNITIES OF SPECIAL EDITION

Number Will Serve Many Useful Purposes—Some of Them

It may be truthfully stated that never before have so many opportunities been placed before the readers of The Telegraph-Journal and Evening Times-Star as will be found in the "Farm, Property, Real Estate and Building" number that will be published with both editions on Monday, March 22.

This special number will serve many useful purposes and bring many buyers and sellers together. It will contain a listing of several good buys in farm—farms that are for sale on account of the present owners getting on in years and having no family to carry on. Real money makers for the right man.

There also will be found in this number offers to exchange city property for country property and country property for city property. There will be found buyers looking for farms and other properties. Several good building sites are being offered and some flourishing businesses are for sale.

Summer homes are wanted and bungalows are offered to buyers. Money is advertised to loan on properties and trust companies are prepared to look after estates.

Carpenters, plumbers, builders, painters and supply houses are placing their names before the public, stating what services they can render the property owner. There are only two or three more days left open for receiving advertising for this valuable edition.

Heavy Guard Around Plant at East Paterson, Because of Strike

PASSAIC, N. J., March 15.—A heavy guard was ordered thrown around the National Silk Dyeing Company's plant at East Paterson today in anticipation of a demonstration by striking textile workers who are seeking the silk workers' special. It is said uncompromising remarks or other disorders will result in arrest.

The centre of interest of the strike, now in its eighth week, will shift to Washington tomorrow, when a committee will ask for congressional investigation of the textile industry in New Jersey.

SAINT JOHN, N. B., MARCH 15, 1926.

THE ROUTING OF GRAIN. The routing of grain was one of the subjects discussed by the Western Canadian Development and Unity League in Vancouver recently.

Another speaker, Mr. James Robinson, a member of the grain board, made some interesting observations on the same subject. When asked why of the \$2,000,000 bushels of wheat going through Lethbridge not one was sent West, he replied that it was a case of where the owner wanted it to go.

"Continuing he explained that in the case of wheat controlled by the wheat pool the farmer had no say in the route, the pool sending it the way it thought best. He divulged some information to the gathering when he said that the pool had tried to secure control of the Prince Rupert elevator. It had thought of asking for the Halifax elevator but found that the freight rates were too high. If you think of it, that shows you the chance you have to build up the western route," remarked the speaker.

That is to say, the farmer is not thinking at all of the building up of Vancouver, or Montreal, or Halifax, or Saint John, or of American seaports. He is thinking about the price he can get for his grain. The same thought is in the mind of the wheat pool, and we are told this influenced it in the matter of turning down the port of Halifax. The solution of the problem of the ports is a national policy which will insist that to the very largest possible extent the trade of Canada shall be done through Canadian channels.

THAT \$50,000. Hon. W. E. Foster announces that about \$50,000 will be spent this year to erect the new train shed which was promised last year. There was a time when the people of Saint John were assured that a railway station would be built at a cost of about a million dollars. That was quite a number of years ago, and they have been waiting patiently for action ever since. Everybody expected the proposed train shed to be provided last year. The citizens were willing to forego for the time the erection of a new station if the Government would go ahead with a policy of harbor improvement which was even more necessary. No announcement regarding new harbor work had been made, but we have once more the assurance that something will be done to the railway station. It may be, when the estimates come down, that we shall find ample provision made for improvements at the port, and if that should happen the people will be content to wait some time longer for the new railway station, although they will not be content to go on without the expenditure of that \$50,000, or whatever sum is necessary to provide the train shed, without which all passengers are put to great discomfort, whether going or coming, during stormy weather. Much has been said during the last year of the necessity of doing justice to the Maritime Provinces and their ports. When the estimates come down it may be hoped such appropriations will be provided for as will prove that Ottawa has had its ear to the ground.

PUNISHING THE CRIMINAL. The city of Winnipeg has suffered of late from many crimes of violence. Sir Hugh John Macdonald, Police Magistrate, is not one of those who believe mild measures will meet the situation, and he recently sentenced two youthful gunmen and store bandits to five years in the penitentiary and twenty lashes, ten during the first month of their incarceration, and ten at the end of six months. A third member of the gang, less guilty, was given two years without the lash. These young men had staged three store robberies, at gunpoint. One of them was addicted to the use of drugs. On the same day, in another court, a man was given five years for robbing three stores, using a revolver to intimidate the victims. An associate had already been given three

years. During the trials counsel for the prisoners assailed the jail as a maker of criminals, and made much of the story of a man who had been hanged for murder, and who made a statement in which the jail was described as a school for criminals. The judges, however, took the ground that citizens should be able to go about their business without fear of robbery or worse, and the criminals must therefore pay the penalty. Their crimes were not committed in the heat of anger, but were deliberately planned. Winnipeg will be the safer for its citizens because its judges take a sane view of criminal responsibility.

Another One. An Aberdonian went to London to consult a heart specialist. "You're in a grave condition," said the specialist, "and may drop dead at any moment. I advise you to go straight home immediately." The Aberdonian took his advice, and got the first train. At every station where the train stopped, he got out and dined along the platform, getting back to his compartment out of breath. When this had happened several times, to the amusement of the other occupants of the compartment, one of them asked him why he was doing it. "Well, it's like this," was the reply. "I've been to London to see a heart specialist, and he says I may die at any minute, so I'm just booking from station to station."

A New Excuse. (Greenfield Reporter.) A Kansas banker who had defrauded his institution out of a couple of hundred thousand dollars explains that he didn't take the money for himself. He robbed the rich so that he could furnish money to the poor and keep them from starving. "It's a new excuse, anyhow. Defrauding bank officials have tried lots of other excuses before. This one has the merit of being original. Sad to relate, however, it didn't save the man who told it from drawing a long prison term."

Dinner Stories. IT WAS the bridegroom's third matrimonial undertaking, and the bride's second. The clergyman on whom they had called for the ceremony entered the parlor, he found the couple comfortably seated, and made no effort to rise, so, as he opened the book to begin the service, he directed them, "Please, stand up!" The bridegroom looked at the bride, and the bride stared back at him, and then both regarded the clergyman, while the minister voted their decision in a tone that was quite polite, but very firm. "We have generally sat."

IN A RECENT election a colored man happened to be elected justice of the peace in the backwoods of Georgia. His first case was one in which the defendant asked for a trial by jury. When the testimony was all in and the argument had been concluded the justice seemed somewhat embarrassed. Finally one of the lawyers whispered to him that it was time to charge the jury. Looking at the jury with a grim, judicial air, the judge said: "Gentlemen ob de jury, sense dis case, I will charge y'all a dollar an' a ha' a-piece."

THE officer of the day, during his tour of duty, paused to question a sentry who was a new recruit. "If you should see an armed party approaching, what would you do?" asked the officer. "Turn out the guard, sir." "Very well. Suppose they parade a battleship coming across the park—what would you do?" "Report to the hospital for examination, sir," was the prompt reply.

Other Views. FRENCH-SPANISH CO-OPERATION. (Madrid Epoca.) The financial situation in France is a serious one and peace with the Riff would mean a relief from budgetary strain which could not lightly be dismissed. Yet, in spite of this, the leader of the French government has not hesitated to repel every proposal of a separate peace, and has even, in order to display every shade of distrust and every appearance of double dealing, gone so far as to refuse to receive Captain Canning.

INDEPENDENTS IN PARLIAMENT. (Winnipeg Tribune.) Real independence, red-blooded and solidly founded on conviction, would be of immense value in parliament. On many occasions the people have thought, at election times, that they have secured it. But almost invariably they have discovered, in short order, a tendency on the part of independentists to gravitate to the government of the day. It is so in connection with the so-called independentists in the present parliament. Most of them are already out-and-out supporters of the government, and for the few exceptions it is only another step.

Will Know This Week. Modern young woman: "I'm to be married, aunt!" Old-fashioned aunt: "Oh? And who is the happy man?" Modern young woman: "I don't know yet. I've thinned them down to six, and the final draw takes place on Thursday."

Poems That Live

FOR MUSIC. There be none of Beauty's daughters With a music like thee. And like music on the waters, In thy sweet voice to me. When, as if its sound were causing The charmed ocean's pausing, The waves lie still and gleaming, And the lull'd winds seem dreaming; And the midnight moon is weaving Her bright chain o'er the deep, Whose breast is gently heaving As an infant's sleep. So the spirit bows before thee To listen and adore thee; With a full but soft emotion, Like the swell of summer's ocean. —Lord Byron.

The Best of Advice

BY CLARK KINNAIRD. THE SUNSHINE PELLET. LUTHER BURBANK having learned the rules of right living directly from the Nature he knows so much about, tells friends on his seventy-seventh birthday that the secret of longevity and happiness is constant communion with Nature and the adherence only to loving thoughts. "As you hold loving thoughts toward every person and animal, and even toward plants, the stars, the ocean, the rivers and the hills, and as you are helpful and of service to the world in whatever place may be yours to fill, so you will find yourself growing more happy each day, and with happiness comes the stable health that is the ideal of all other words. "This is not maudlin sentimentalizing; it is a view supported by the Science which Mr. Burbank considers so much more reliable than the Christian Bible, where you will find the ideas expressed in other words. Be happy and you will be healthy. Or at any rate you will be more likely to enjoy good digestion, since, as all of us know, a sufferer from indigestion isn't usually a merry or happy person, and the stars, the ocean, the rivers and the hills, and as you are helpful and of service to the world in whatever place may be yours to fill, so you will find yourself growing more happy each day, and with happiness comes the stable health that is the ideal of all other words. "There can be no better advice about safeguarding the digestion than the daily fundamentals of religion as taught in the New Testament. "Among the special precepts is to take no thought for the morrow, i. e., stop worrying. "Faith and the doing of good works; the relaxation of mind and body which goes with prayer, and the exercise of disinterested philanthropy are the most effective means of restoring to normal functions a digestive system which is debilitated by dietetic errors and misused by the major emotions. "To many persons faith, prayer and good works will not appeal as a substitute for digestive pills, and it is probable that the more light-acted and the thought of disinterested philanthropy in lieu of salts or cathartics. But there can be no doubt of the close connection between the mind and the digestion. Whatever success attended the late Coue's "Every day in every way I am growing better and better" crusade can be attributed to this connection. FEAR, anger or pain end greatly to interfere with the digestive processes and may be the cause of profound digestive disturbances. The stomach, the intestines and the glands which secrete the digestive fluids are always adversely influenced by unpleasant emotions. It is often asserted that the healthy person realizes that he has a heart or stomach, and this Nature teaches us, as it should be. These organs perform their functions best when they are wholly unconscious of their existence.

persons who pass on those who sing before that organization pronounced her voice "extraordinary," the home folk looked her in three recitals, which netted \$2,500 each, enabling her to go to Europe for expert teaching. For a time she studied in Milan. Representatives of the Metropolitan heard her there and signed her for leading roles. She has appeared so far in "Rigoletto" and "Lucia." Many thousands over the country are now familiar with her voice as a result of radio appearances. GRACE: "How did your mother know you had been spooning in the park?" "Four. Who's Who IN THE DAY'S NEWS. MARION TALLEY. IT HAS been a long time since any singer, young or old, has made it necessary for police reserves to be called out to keep in check crowds endeavoring to battle their way into the Metropolitan, New York's great opera house. Yet such is the super-attraction, Marion Talley, 19-year-old Kansas City girl, is proving to New York musical audiences. Critics are divided in their opinions regarding the present greatness of her soprano voice, but all agree that with the proper training and hard work she no doubt will achieve the heights. But in the eyes of the Cinderella-story loving public Marion has "arrived." Marion was born in a small Kansas town listed in the railroad time-tables as Nevada. Her father, a telegrapher of Pennsylvania Dutch stock, and her mother, daughter of a German shoemaker, gave her Nevada as a middle name. Her first public appearance as a singer was made at four, when she sang a solo in church. At 10 she was a member of her church choir. Her mother and sister, Florence, were also sopranos in music. Together they practiced daily. A phonograph helped form the younger girl's musical bent. When Marion was 15 she sang an important role in an operatic production in Kansas City and won so much attention that a movement was started to raise a fund to have her educated by singing masters. A great newspaper took up the matter and got the general public so interested that Marion was "adopted" by Kansas City. She is the first municipally-sponsored prima donna. Marion was sent to New York, where she obtained an "audition" at the Metropolitan Opera House. When the

The Very Idea!

GRANNY. SHE was settin' by the fire, and her gaze seemed far away. It didn't quite surprise me 'cause I'd seen her off that way. I just kinda sat and watched her, but she didn't know I knew that the thoughts that she was havin' sorta turned her feelin' blue. Little tots, with cheery voices played around about her heels, an' she thought that quickly struck me was I know just how she feels. Peace of mind and restful quiet, through the bustle of the world, I could almost understand how youthful laughter hit her hard. "Was the day when she was seen? Just the brighter side of things, but when once they've traveled through it, people know what old age brings. Now a mind was trailin' backwards. How an achin' memory plays on a person's longings for the faded youthful days. There were really shades of sorrow in her wrinkled, worn-out eyes. She could see the near tomorrow that would sever all the ties. Kindsa tough to really know that there's no aid that you can lend, an' ya can't stop granny dreamin' when she's drittin' to the end. "The lightest man we know of is the fellow who wouldn't get weighed 'cause he had to tip the scales. "Bandits robbed a New York restaurant and one waiter was seen near shot for putting his hand out instead of up. "Maybe writers dwell in attic because few of them are able to live on first floors. And, if we didn't have any street

cars, a lot of us would have to do a heap of walking. That's reason enough, in itself, for being a bit considerate when passing judgment on the man who takes your fare. Maybe he DID seem a bit grouchy this morning—which proves that he is human. Perhaps you happen to be in good spirits, and his attitude looks all wrong. But, how about the people who paid fares ahead of you? Betcha some of them irritated him. Friendliness makes his job sweeter. Be fair when you pay yours. It's a good thing a barber doesn't illustrate his funny stories with cuts. The shortest bedtime story I know of is: "Mamma! I wanna drink of water." If a wife declares she'd never marry again if something happened to her husband, she might feel that way because she thinks there is not another man like him—or because she's afraid there is. Safe as the Bank of England

NEVER has a policyholder suffered loss through the failure of a regular life assurance company operating under charter from the Dominion of Canada. Can as much be said of any other class of business? The soundness of each Canadian life company is rigorously tested, and the renewal of its license each year depends upon the result of an examination into its affairs by inspectors from the Government Insurance Department. Where else are trust funds so carefully guarded? Every regular life assurance company in Canada must at all times provide security of an amount at least equal to its liabilities to policyholders. The Imperial Life provides security of more than \$120 per every \$100 of liability to its policyholders. A deposit is required to be made with the Receiver General by each regular life assurance company doing business in Canada. The Government deposit maintained by The Imperial Life is more than four times the amount required by law.

LOSES LIFE IN SO. BAY WATER

Alphonsus E. Duffy Falls In; Dies Soon After

Had Been Cutting Ice—Coroner Decides Inquest is Unnecessary

Shock and exposure, following a 20-minute immersion in the Saint John river, caused the death Saturday afternoon, of Alphonsus Edward Duffy, of South Bay. Mr. Duffy, who was alone at the time, had been cutting ice near his home opposite South Bay station and his cries for assistance were at first taken for friendly help. He died soon after being taken out of the water.

SMALL ICE HOLE

There was only a comparatively small ice hole and the water at that place was about 8 or 10 feet deep. The unfortunate man's cries for help were first heard by Michael Kelly, James Hall and T. Clark, who were in teams driving along the road. As Duffy quite frequently called out to his friends, as they passed by, no special notice of his halting was taken at the moment, but as the teams rounded the hill, Duffy could be seen struggling in the water and the three men went at once to his aid. By the time they had reached the spot, he had disappeared under the water. There were no ropes at the place and nothing with which to drag the drowning man to the surface. John Hall was with difficulty restrained from plunging in to his rescue, but his companions realized that no good could be accomplished in that way.

STILL SIGNS OF LIFE

There were still signs of life in the body and every possible means of resuscitation were tried. The helpers worked with the body for some time before giving up hope. Leo Collins had been called to Fairville and gave all assistance he could. Dr. William Warwick, coroner, was informed of the accident on Saturday night and yesterday morning he went to the home and made an examination of the body and inquired into the circumstances. He considered an inquest was not necessary and gave permission for the burial of the body.

LIVED AT HOME

Alphonsus Duffy had lived at home with his parents, Mr. and Mrs. Patrick Duffy, of South Bay, and during the summer time worked about the farm. Besides his parents he is survived by one sister, Miss Agnes Duffy, a registered nurse, who is at present at home, and five brothers, William and Frederick, of Fairville; Harold, of New York, and Roy and Gregory at home.

Weddings

Sherwood-Whiston. Miss Alice M. Whiston, daughter of Mr. and Mrs. A. J. Whiston, of Water street, West Saint John, was united in marriage to Edward Sherwood, son of Mr. and Mrs. David Sherwood, of Prince of Wales, Saint John county, on Feb. 23, 1926. The marriage took place in the parsonage of the Carleton United church, Rev. F. T. Bertram performed the ceremony. The bride was becomingly attired in a navy blue suit of poliot tulle and wore a hat to match. Mr. and Mrs. Sherwood received many lovely gifts. After the ceremony a wedding supper was served at 100 Water street, where Mr. and Mrs. Sherwood now reside.

ASSOCIATION OF ST. DAVID'S ELECTS

The annual meeting of the Men's Association of St. David's church was held on Saturday evening in the north room of the church. After an enjoyable supper encouraging reports for the last year were read and showed the association had made good progress. Addresses were given by the president, O. J. Fraser, and the minister, Rev. Hugh Miller. The election of officers for the ensuing year resulted as follows: President, O. J. Fraser; vice-president, R. E. Armstrong; secretary, E. M. Farquhar; treasurer, R. C. Holt; additional members of the executive, John McKinnon, J. R. MacFarlane, J. W. Brittain, E. H. Cameron, F. Doig, G. Poole and R. S. Ritchie.

GOSPEL SERVICE

The Gospel service of The King's Daughters, held yesterday afternoon at the Guild was greatly inspiring. Miss Edith Lawrenson gave the address continuing the series on the "Women of the Bible." Miss Lawrenson spoke of the Shulamite woman, Miss Edith Stevens, the president, was in the chair and the service was largely attended. Miss Aubrey Hunter was the soloist and sang "The Shulamite." A reception service was held and all one new member was welcomed.

URGE PROSECUTION OF LIQUOR PATRONS

U. S. Government Counsel Appeals Against Ruling of Lower Courts

WASHINGTON, March 15.—Customers are liable to prosecution with bootleggers, the Government argued in the Supreme Court here, if the latter fail to take proper care of their sales available for Federal inspection. The Government's contention was overruled in the lower courts, but attorneys who listened to questions from the bench got the impression that the Supreme Court might take a different view of the issue. The question arose in Philadelphia when the government sought to prosecute Jacob Katz, George Senn and Herman Fuerstein for conspiracy on charges that Katz had sold liquor to the other men without keeping a record of the sales, including their names and addresses. The Federal District Court for Eastern Pennsylvania refused to take the case, holding that the section of the Volstead act requiring the keeping of records for sales required only to permit holders.

ASKS \$25,000 FROM SUICIDE'S ESTATE

Massachusetts Girl Brings Suit, Alleging Breach of Promise

BOSTON, Mass., March 15.—Probably the most unusual breach of promise suit to be filed in this State in years is that of Sophie Stanton of River street, Hyde Park, which was entered in the Suffolk Superior Court against the estate of her fiancé John Jackman of Hyde Park. For weeks, prior to the day set for their marriage, John went about inviting his friends to be witnesses of his coming happiness. When all had arrived to take part in the expected festivities, he was found to have committed suicide by taking gas a few hours before. Now the young girl seeks to recover \$25,000 from his estate, claiming that it is as much responsible to her as her sweetheart would have been had he lived and failed to carry out their mutual promises.

CHILDREN ENTERTAINED

The members of the Silver Circle of The King's Daughters provided a treat for the children of the Children's Aid Home on Saturday when they arranged a shamrock party for the children's pleasure. The members of the circle led the children in a series of games and a hearty song and regaled them with some fascinating stories. Then the Silver Circle members served a delicious supper. They decorated the table very prettily in green and white and had placed a sucker dressed as a doll by the plate of every child. The evident delight showed the members of the circle how thoroughly the party had been enjoyed.

Disinherits Kin, \$5,000 Is Left To Two Dogs

NEW ORLEANS, March 15.—Disinheriting both his wife and his daughters, the will of Adolph J. Munch, president of the American Can Company, gives \$5,000 for the care of his "two faithful dogs," and the remainder of his estate to his sister, Hermine Munch of Hamburg, Germany.

S. S. MONTGLARE BRINGS 722 HERE

Canadian Pacific Liner Arrives 10 Hours Ahead of Time

Skilled Farmers Among Arrivals—Styles in England Are Told of

The Canadian Pacific steamer Montglare arrived in port yesterday afternoon at 2 o'clock from Liverpool, Glasgow and Belfast with 722 passengers, comprising 171 cabin and 551 third-class. In addition to 240 tons of general cargo and approximately 4,000 pieces of mail and parcel post. Her arrival came as a surprise to the C.P.R. and Government officials, she was not due until Sunday at midnight. As a result of encountering favorable weather she made up approximately ten hours. The majority of the passengers were destined to western Canada and they were sent on three special trains, the first leaving West Saint John at 5:45 o'clock, the second at 9:15 and the third at 9:15.

PROMINENT PASSENGERS

Prominent among the passengers were: Mr. and Mrs. Melville Webb, of Winnipeg; Dr. A. E. Vipond and family, of Montreal; J. C. Brampton, of London; Major C. Davin, secretary of the Y. M. C. A. in London; Captain D. E. Standen, of Folkestone; Colonel F. Moss, of Toronto; Mrs. C. P. Creswell, of Montreal, wife of Superintendent Creswell of the C. P. R. Colonization and Development Department; and W. H. Brown, of Hamilton, manager of the Comos Imperial Mills. There were five unaccompanied children on the steamer: Edna Blunt, aged 17, who was destined for Hamilton, Ont.; William Swales, aged 17, destined for Port Rowan, Ont.; William Webb, aged 15, destined for Thornhill, Man.; Ake Rorstrom, aged 17, destined for Macleod, Sask.; Vera Danow, aged 16, destined for Grandview, Man. On their arrival they were taken in charge by C. P. R. officials and arrangements made for their care until they reach their destinations.

STYLES IN ENGLAND

Mrs. Creswell had been in England, Scotland, France and Switzerland on a combined business and pleasure trip. She went to England and Europe primarily with an object of buying some of the latest styles in ladies' wear. She said the styles this year will be the straight line and pleats and are much more feminine looking than the former fashions. Speaking about conditions in England she said she found them good, but this could not be said of France, where there was another drop in the franc. In Switzerland she found business brisk and the people in general prospering.

SKILLED FARMERS

There was also a party of eight Norwegian on the steamer. These men are also skilled farmers and have positions waiting for them on farms in Manitoba. There was also a party of British men on the steamer who were nominated to come to Canada on the British and Canadian government's scheme. They are proceeding to the Prairie provinces, where they are to take up farming.

YOUTHS FOR FARMS

Among the passengers were 17 Scotch and English youths who are to be placed on farms to acquire practical agriculture knowledge, following which they will take the winter course at St. Anne de Bellevue. These boys were specially selected from families in a position to give them financial assistance if they decide to locate on Canadian farms. They were met by L. H. Hamilton, lecturer on animal husbandry in Macdonald College. Another passenger was Cyril Bacon, general secretary of the migration department of the National Council of the Y. M. C. A., London, Eng. He is en route to Ottawa, where he will endeavor to stimulate immigration activity.

Deaths

Mother and Child

William Chisholm, 197 Chesley street, suffered a tragic double bereavement yesterday when his young wife died at 9 o'clock in the morning at the General Public Hospital, where she had been under care for a few days, and their infant daughter, Marion R., aged five months, passed away at his residence at 7 o'clock in the evening. The mother had been in delicate health for some little time but the baby had appeared to be sturdy and robust. The mother was taken ill on Saturday. Mrs. Chisholm was the daughter of Maud and the late Michael McKenna and besides her husband and mother, she is survived by three brothers and one sister. The brothers are Joseph, Thomas and Fred McKenna and the sister is Miss Nellie McKenna, all of this city. The mother and child will be buried together. The funeral will take place on Wednesday morning at 8:30 to St. Peter's church.

Mrs. S. F. Galbraith

Many friends of Lottie A., wife of Samuel F. Galbraith, will learn with regret of her death, which occurred on Saturday morning after a few hours' illness. She was the daughter of the late Benjamin and Frances White, of Grand Lake, Queens county, and besides her husband, three sons, Rev. William K. of Santiago, Cal.; James K. and Arthur E. of West Saint John, also two daughters, Mrs. John Baird and Mrs. Westley Evans, of West Saint John; one brother, Berfield White, of Glace Bay, C. B., and one sister, Mrs. Clinton Mahon, Los Angeles, Cal. Fifteen grandchildren also survive.

Edward Goldie

At an early hour on Sunday morning, Edward Goldie passed away at his residence, Fairville, having been in failing health for the last two years. Mr. Goldie was formerly a resident of Weston, Kent county, but for the last 35 or 40 years he made his home in Fairville.

Henry H. Harvey

After only a few days of illness of pneumonia, Henry H. Harvey passed away at his home, 90 Coburg street, early yesterday morning. There will be many friends throughout the Maritime Provinces who will learn of his death with keen regret. For the last 30 years he was the Maritime representative of the firm of Mark Fisher Sons & Co., English clothing firm, and he traveled extensively in the three provinces, winning the high regard of all with whom he came in contact. Mr. Harvey came to Canada from England in 1874 and had made Saint John his home since that time. He was one of the oldest members of the New Brunswick Lodge, No. 22, F. & A. M., having joined the lodge in 1878. He was also a member of Union Lodge, No. 2, Knights of Pythias. For more than 20 years he was a faithful member of the choir of Trinity church in Saint John and on several occasions was elected a member of the church vestry. In the church yesterday feeling reference was made to Mr. Harvey's death. He had been taken ill on Wednesday of last week and his friends had not realized how critical his condition was. He enjoyed much popularity and among his special pleasures was angling. He was one of the keenest members of Ball's Lake Fishing Club.

Stephen E. Heales

Miss Alicia Heales received a telegram on Sunday morning from her cousin, J. Edward Heales, of Wolfville, N. S., conveying the sad news that his father, Stephen E. Heales, of that town, had passed away on Saturday evening after a few days' illness of pneumonia. Charles A. Heales, of Wright street, a brother, is the only surviving member of the family. Mr. Stephen Heales was a son of the late Stephen Heales, of Devonshire, England, at one time a well known ship builder of Saint John. He leaves five children, Frank Heales, of Vancouver; J. Edward Heales, Wolfville; Jack Heales, of Winnipeg, and two daughters, Mrs. Kelsey Denton, of Montreal, and Miss Ethel Heales, at home.

DR. BARRY GIVES ADDRESS

Dr. J. M. Barry gave a very interesting address on the use of insulin in the treatment of diabetes cases before the meeting, held in St. Patrick's Hall, under the auspices of the Holy Name Society of the Assumption parish, last evening. Edward Fitzpatrick presided and a hearty vote of thanks to Dr. Barry was moved by Fred Joyce and seconded by Harry Peters. During the evening there were very pleasing vocal solos by Miss Margaret Flood, Fred O'Brien and Fred Joyce. The meeting was largely attended.

INDICT POLICEMEN FOR TRAFFIC GRAFT

Two of Brooklyn Squad Accused of "Fixing" Cases Against Motorists

NEW YORK, March 15.—As a result of an investigation by City Magistrate at the Brooklyn Traffic Court alleged traffic graft implicating motorists and policemen, the Kings County Grand Jury indicted yesterday Policemen William H. Traendly and Thomas F. Hendricks, on charges of forgery and accepting bribes. There were eight indictments, five against Traendly, three against Hendricks and one against both. It was charged that the policemen had extorted or had accepted from motorists sums of \$10 to \$30 to "fix" complaints for traffic violations so that offenders would not have to appear before a magistrate. There were said to have been cases in which the policemen had served summonses themselves, upon the defendants and had either intercepted the holder of the summons at the court or had the cases disposed of in some manner not yet made public.

Your Husbands and Wives Who Make Your Homes a Battlefield, Did You Ever Stop to Think That the Children are the Real Victims of Your Quarrels?—Stop Fighting, for Their Sakes.

NO DISINTERESTED outsider ever observes the spats in which so many husbands and wives continually engage without realizing that the quarrel because they enjoy doing so. It is an indoor sport out of which they get a morbid thrill.

Domestic life has become dull and monotonous to them. They have nothing new and interesting to say to each other, and so one or the other starts something by making a remark that he or she knows is the fighting word that will inevitably precipitate a scuffle. And then they go to it, hammer and tongs.

It is their way of putting pep into a lifeless day, for they know the danger they are running, and the very fact that they are risking their whole life's happiness craps their nerves, as going over the top did the soldiers in the war. Besides which they get a strange and savage joy out of stabbing with cruel words and in wounding and being wounded by the ones they love and who love them.

It is because married couples love a fight for the fight's sake that so many homes are nothing but a battlefield on which a perpetual warfare goes on. Otherwise the dove of peace would roost on the roof of many a household to which the black flag is now nailed.

DOROTHY DIX

FOR it is folly to say that the average husband and wife who are forever engaged in an acrimonious debate over every trifling matter could not get along with each other if they decided to do so. They get along with other persons. They make allowance for the prejudices and the faults of others. They permit other persons to differ from them on matters of opinion and taste. They tolerate other person's peculiarities. They control their tempers and their tongues when they are dealing with others. They are tactful and diplomatic in handling other persons.

No doctor would ever have another patient, no merchant another customer, no man could hold his job if he was as irritable, as grouchy, as his temper abroad as many a man is at home and if he said the insulting things to other persons that he says to his wife. No woman would ever be invited to another bridge party or elected president of the sewing society if she was as much of a spitfire in public as many a woman is in private and if she said the nasty things to others that she says to her husband.

Now, the rules for keeping the peace are the same everywhere and both men and women are familiar with them. Every man knows that there isn't a woman living that he can't make out of of his hand by showing her a few attentions, a little tenderness and consideration and paying her a few compliments. Every woman knows that there isn't a man living that she can't get along with if she wants him to go and who does not respond to judiciously applied salve.

So when husbands and wives, who know perfectly well how to work each other without friction, deliberately and with malice forethought rub each other the wrong way, it is obviously because they enjoy their daily dose of frays and find fun in seeing the fur fly.

IF THAT were the end of it, we might well shrug our shoulders and, while wondering at their taste, leave them to take their pleasure as they saw fit in the cruel pastime of baiting each other. But, unfortunately, the family spat is not the innocent diversion that husbands and wives appear to think it is, nor does it end when the husband puts on his hat and bangs the door behind him and goes downtown, and the wife wipes away a tear or two and goes about her daily tasks.

The children are the real victims in these family fights. It is they who stumble from the domestic battleground with shattered nerves, with torn and bleeding spirits and souls, with malmed and deformed characters.

ALL of us have known children who have taken to the streets almost as soon as they could walk to escape homes that were full of bickering and discord. We have seen how little control the fathers and mothers who could not control their own tempers had over their children, and we have not wondered when transient officers tell us that nine-tenths of the wayward girls and hoodlum boys are the children of divorced-parents or else of parents who did not get along together.

Now comes a great psychiatrist who asserts that he has never known an instance of nervous breakdown in the children of happily married parents who were brought up in a peaceful home.

READ that over again. Memorize it, you fathers and mothers who begin the day by having a row at the breakfast table because the coffee isn't just as you like it or the toast is burnt or you neglected to send up the coal yesterday and forgot to leave the money for the milkman. You think it is of no consequence because your wife knows you don't mean half of what you say and she is fighting back more from force of habit than anything else.

But neither one of you give a thought to the children who are listening to it all, to the children who are learning to regard you with contempt, who are having all of their illusions shattered, whom you are teaching to be bitter and misanthropic, with no faith in anything beautiful or fine. You do not realize that you may not only be giving them a warp in character that will bar them from success in life, but that you may be actually dooming them to a breakdown that will make them wrecks in body and mind.

ISN'T that a pretty high price to pay for the pleasure of quarrelling? And isn't it a cruelly unfair thing to force your children to settle your score? For the sake of the children you brought into the world and for whom you are responsible, isn't it worth while to deny yourself the pleasure of finding fault with your husband or wife and saying all the mean, acrimonious things you can think of?

No use in saying that you can't get along together. You can, if you want to. You get along with other persons.

Bouffant Frocks Popular With Bride's Attendants

By MME. LISBETH. BOUFFANT frocks are often favored for bridesmaid's dresses, being especially picturesque and lending themselves to unusual decorative effects. Yellow is the color endorsed by English brides for early spring weddings, two of recent date, those of Lady Margaret Scott, at Cape Town, South Africa, said to be the largest and most elaborate affair South Africa has ever known, and Lady Elizabeth Harris, Lord Malmesbury's daughter, using this color. Yellow satin frocks with coats of yellow chiffon and bouquets of daffodils were Lady Elizabeth's choice.

With the cape coming in a place of great fashion importance, what could be more effective than a sporty coat, modelled after the cadet's topcoat?

The one above is developed in dark blue tweed, with dark blue velvet facing the tailored collar. A coat of this type would be smart in a colored tweed of tan and brown.

Shirley One of the 200 Exploring Far Places

By RUSSELL J. BIRDWELL. DAUNING at the Paramount studio only momentarily between trips to lonely desert locations has earned for the troupe of 200 players engaged in filming Zane Grey's "Desert Gold" the title of "the explorers." Shirley Mason, Nell Hamilton, Robert Fraser and William Powell scarcely had time to remove the travel stains from their clothes following their return from the southwestern border when they again set forth, this time for the Mojave Desert. Still another location is in store for them.

George B. Seitz, director, and Lucien Hubbard, editorial supervisor of Zane Grey productions for Paramount, who combined their efforts on "The Vanishing American," are making "Desert Gold."

Menus for the Family

MENU HINT Breakfast Oranges and Bananas Sliced Wheat Cereal with Top Milk Corn Fritters Syrup or Jelly Coffee Luncheon Creamed Codfish Mashed Potatoes Brown Bread Apple Dumplings Milk Dinner Broiled Fish Browned Mashed Potatoes Creamed Asparagus Cole Slaw Bread Pudding Coffee

TODAY'S RECIPES Corn Fritters—Take two cups of canned corn, two well beaten eggs, half a teaspoonful of flour pressed down and heaped a little, and one cupful of cold milk. Have ready a hot frying pan with grease and drop in the batter by spoonfuls. There should be enough for a dozen fritters. Do not let them touch. Cook in relays, drying on one side four minutes, then turn. These are delicious served with chicken or as a breakfast dish.

Brown Bread—Two cups sour milk, two teaspoons soda, one teaspoon salt, one-half cup brown sugar, one-half cup molasses, two cups graham flour, one cup white or whole wheat flour, one cup seeded raisins (or nuts). Stir the soda into the milk and add to the remaining ingredients. Mix together well. Pour into greased pans. Allow to stand one hour. Bake one hour. This amount makes one large loaf or three loaves of baking powder can size.

Cole Slaw—Chop cabbage fine. A little onion and green pepper may be chopped with the cabbage. Pour over it the following dressing: One-half teaspoon salt, one egg, one-half cup milk, two teaspoons butter, one-fourth cup vinegar, one-half teaspoon mustard, one teaspoon sugar, one-fourth teaspoon pepper. Heat milk, add dry ingredients to egg. Then add milk to egg mixture. Cook to a custard. Add butter and vinegar and strain over cabbage. Set away to cool.

Apple Dumplings—One quart flour, one tablespoon lard, same of butter, three teaspoons baking powder, a little salt, enough milk to make the above into a soft dough; roll out the paste to less than one-half inch thickness; cut into squares; place in the centre of each an apple pared and cored; bring the corners together; steam one and one-half hours or bake until done. Serve with liquid sauce flavored with nutmeg.

IN NEW YORK SEE-SAWING UP and DOWN BROADWAY

SCATTERED notes from an afternoon's ramble about New York: Past the Delmonico's "that was." And what, I wonder, has become of John Klages, "the veteran of veterans" in cadet? He must be 84 if he is a day, and it was said of him that there was no person worth knowing he didn't know. And there was Barney the Oysterman, whose clam chowder was to him an art. Not even the head chef was allowed to make the slightest suggestion. Have the days of "Artistic eating" indeed gone forever?

Phrenom rushing to a blouse on Fifth avenue. Two of them look most strange, as though they were false faces. People laugh? The answer is simple. The alarm caught them in the act of shaving. They ran out, lather and all. The wintry winds froze the lather to their faces. Albert Crockett, of the Waldorf-Astoria, tells me this one: A man, stepping to the desk to register, was handed a pen. "Since when did you start handing out fountain pens?" he asked, playfully putting the pen in his vest pocket. "Say, look out!" warned the clerk "Look at your pocket!"

A large black spot had appeared. It means that the hotel has installed a trick, self-filling pen. It seems, also, that a large percentage of guests who dip deep pens in the ink wells leave a blot on the register. The new trick pen makes no blot. But unless encased in a special receptacle it leaks. Anyone who attempts to "lift" the pen finds his vest pocket badly soiled.

Recruiting sergeants pacing up and down before alluring signs carefully placed at strategic points—the Pennsylvania Station, Grand Central Station, Sixth avenue at 42nd street, where a dozen and one catchpenny street merchants hold forth freely.

One sergeant told me that the railroad stations are particularly good stands.

"You see there's lots of kids here come to New York to knock the world over," he explained. "You know how it is. Lots of 'em come down to the depot kinds wishing they could go home. Some of 'em are broke and just stand there watching the trains go out—you know, going out to the town they came from. An' some of 'em are ashamed to go home and have the people think they're strangers."

"And a helluva lot of 'em are sick of the city. Hate it. They don't want to be clerks and things like that any more. They don't want to be shut up in offices and live from hand to mouth at odd jobs. There's something about a railroad station that draws the attention of even the small towns. In the small towns they used to go down to the depot and watch the trains go out and wish they could escape."

Well, they come by and read the posters, and they aren't thinking of joining the army then. If I didn't start talking to 'em they probably wouldn't think of it at all. To a lot of 'em it seems a way out. Oh, his town's full of 'em."

Don't I know it! GILBERT SWAN.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

THE END OF BLUE WHISKERS. At last the Twins and Juke, the kangaroo, and Hickycdoe, the wooden man, gave the pass-word as before, for Juke gave a bound and cleared the whole thing at one jump. Then all of them crept away, very softly through the garden and back to the kitchen. There on the table (they could see it very plainly as they peeped through the window) lay the Blue Cherry. It wasn't like other cherries, for not only was it blue, but it was as large as a good sized plum. The cook stood beside the table with a big knife, and right beside him stood Blue Whiskers himself. "Cut it! Cut it!" Blue Whiskers was saying anxiously. "I want the blue stone to set in the handle of my silver shaving-brush."

"But, your Highness!" said the cook, "surely you don't want to shave off your beard! If you do, you know yourself that your power will be broken, and Paddyfoot will become king again. Besides that, Juke, that old pesky kangaroo, will become a prince as he used to be."

"Don't I know it!" cried Blue Whiskers. "I'm not going to cut off my whiskers—don't worry! Hurry up, cook, and cut the cherry!"

Cook raised his big knife high over his head in order to give a good blow, when suddenly Juke jumped in through the window and gave Blue Whiskers a push.

Just as the knife came down, his long blue beard flew out, and lo—there it lay over the kitchen floor, every hair of it!

"Just as the knife came down, his long blue beard flew out, and lo—there it lay over the kitchen floor, every hair of it! wizard rushing out of the door. "I can't work my living!"

That was the last of him. To Be Continued.

YOUNG CANADIAN DR. HONORED

Chosen To Conduct Research Into Disease of Pernicious Anemia

Dr. B. S. Cornell of Brockville Gives up Practice For New Work

To a Canadian physician, 34 years of age, a graduate of the University of Toronto, has been granted the important task of conducting the research on pernicious anemia directed by the will of James B. Duke, American tobacco magnate, who died of that disease last October.

The physician is Dr. Beaumont S. Cornell, of Brockville, who has carried out investigations into the cause of pernicious anemia for the last three years, and who announces the closing of his practice in order that he may immediately assume work under the foundation. Where his research will be conducted, not announced. The trustees of the estate have given him complete freedom in this connection.

FIFTY MILLIONS James B. Duke left a bequest of \$50,000,000 providing for the establishment and endowment of an institution at Durham, N. C., which will be known as the Duke University. Three years must pass before this university can be opened for the reception of students, and the trustees of the estate, recognizing the great interest of Mr. Duke in the discovery of the cause of the disease which brought about his death, and realizing that valuable time would otherwise be lost, have decided to authorize the commencement of research immediately.

CHIEF EXPONENT Dr. Cornell has been the chief exponent of the bacillus Welch theory regarding the cause of the disease. His conclusions in this connection have appeared in the General Infectious Diseases Journal of Chicago and in the Canadian Medical Journal, and other investigators in Canada, the United States and Great Britain have taken up the problem have been able to confirm his results.

FAMILY OF DOCTORS Dr. Cornell belongs to the third generation of a family of doctors. His grandfather, Dr. Seth Cornell, was an early practitioner in Toledo, township of Kitley, and his father, Dr. Stanley S. Cornell, carried on practice there and in Athens, then in the village of Farmersville. In that village Dr. Beaumont S. Cornell was born in 1892, and there he received his preliminary education at the high school. After a year in the faculty of arts at Victoria University he entered the faculty of medicine of the University of Toronto and graduated in 1918.

WAS IN WARS He immediately enlisted in the Canadian Medical Corps and served with it in Canada and in England before being transferred to the Royal Army Medical Corps and attached to the 28th division. He first was an officer of casualty clearing station No. 68, later with a field ambulance, and worked the medical services of the Welsh Borderers while overseas. While in the service he obtained the degree of M.R.C.S. (England) and L.R.C.P. (London).

After demobilization Dr. Cornell occupied the position of lecturer in comparative anatomy at the University of Toronto, 1918-19, and then took charge of the nephritis clinic of the department of medicine at the University of Toronto. From July, 1923, to May, 1924, he worked the medical services of the Welsh Borderers while overseas. While in the service he obtained the degree of M.R.C.S. (England) and L.R.C.P. (London).

Next Sunday night Mr. Bonnell will give the third sermon in the series the subject of which will be Herod, the fox.

Mrs. James L. McAvity entertained at a delightfully arranged luncheon at her residence, Hazen street, on Saturday in honor of Mrs. Walter S. Johnston, of Montreal, who is her guest. The table was covered with spring flowers. Covers were laid for sixteen guests.

Social Notes of Interest

A very enjoyable bridge and handkerchief shower was given at the residence of Mrs. John G. Leonard, Germain street, on Saturday evening in honor of Miss Helen Corbett, who is to be one of the principals in a happy event in the near future. The joint hostesses for the occasion were Mrs. Leonard, Mrs. Lloyd Parquet and the Misses Alward. During the evening Mrs. Farquar, on behalf of those present, presented to the honored guest a beautiful shower bouquet to which the many dainty handkerchiefs were attached. Bridge was enjoyed and prizes were won by Mrs. A. F. Blake and Miss Florence Coste. The traveling prize was awarded to Mrs. George Polley.

Mrs. John McMillan gave a very enjoyable sewing party on Thursday evening in honor of Miss Whitney. During the evening the guest of honor delighted those present with an informal talk on her work in Ceylon. Delicious refreshments were served when Mrs. Stewart Skinner presided over the coffee cups, assisted by Mrs. Heber Vroom and Miss Sara Hare. Among those present were Miss Whitney, Mrs. Gordon Lawrence, Mrs. W. D. Foster, Mrs. Alfred Morrisey, Mrs. R. T. McKim, Mrs. Stewart Skinner, Miss Sara Hare, Miss Kate Dierbow, Miss Anna Langley, Miss Helen Ramsay Jack, Miss Portia MacKenzie, Miss Bessie Seely and Miss Roberta Robinson.

Miss Elizabeth Seely, 29 Garden street, was the hostess at a delightfully arranged drawing room tea, in honor of Miss Elizabeth Whitney, on Friday afternoon. The tea table was centered with tulips, and was presided over by Mrs. Alfred Morrisey, assisted by Mrs. Henry Morrisey, Miss Alice Ketchum and Miss Georgia Patton. The guests included Miss Whitney, Mrs. R. Taylor McKim, Mrs. J. Lee Day, Mrs. G. Ernest Barbour, Mrs. Heber Vroom, Mrs. John McMillan, Mrs. Stewart Skinner, Mrs. Silas Alward, Mrs. C. E. L. Jarvis, Mrs. Percy Hall, Sydney, C. B.; Mrs. Harold Lawrence, Mrs. Lee E. R. Taylor, Miss Elsie Matthews, Miss Mary Patton, Miss Sara Hare, Miss Roberta Robinson, Miss Emma Fairweather, Miss Ada Blair, Miss Ellen Gillis, Miss Lillian Hagen, Miss Edith Hazen Jarvis, Miss Homer, Miss Louise Simonds, Miss K. Dierbow.

Mrs. Silas Alward entertained very informally at the tea hour on Wednesday afternoon at the Admiral Beatty Hotel, in honor of Miss Whitney. Mrs. H. E. Magnusson was the hostess at a delightful dinner of four tables at her residence, 51 Orange street, on Saturday afternoon. Spring flowers were effectively used in the decoration of the drawing room. At the four tables the hostess was assisted in serving delicious refreshments by Mrs. A. Rigby. The fortunate prize winners were Miss Marjorie G. Staples and Miss George Springer. The presenters were Mrs. G. A. Vandervoort, Mrs. C. Alexander Christie, Mrs. J. B. Hamm, Mrs. Gerald M. Parker, Miss Marion Brown, Miss Dorothy Hunt, Miss George Springer, Miss Alexa Rogers, Miss Edith McAllister, Miss Caroline Seeds, Miss Marjorie G. Staples, Miss Dorothy Peters, Miss Helen Miller and Miss Reta Dykeman.

A number of young people enjoyed a skating party at Rotheray on Saturday afternoon and afterwards tea at the summer home of Mr. and Mrs. T. E. G. Armstrong. Those who enjoyed the outing were Miss Jean Angus, Miss Elizabeth Armstrong, Miss

Frances Gilbert, Miss Eleanor Angus, Miss Winifred Blair, Miss Viola McAvity, Mr. Hazen Short, Mr. Thomas McAvity, Mr. Temple Lane, Mr. Chapman Schofield, Mr. Arnold McAlpin, Mr. Macgregor Grant and Dr. J. F. Edgcombe.

Mrs. W. E. O'Brien and her little son are spending March and April in Bermuda and expect to return to Toronto early in May.

Miss E. Bauld, of Halifax, is expected in the city this evening and will be the guest of Col. and Mrs. W. B. Anderson, King street east.

Miss Elizabeth Whitney, who has been the guest of Miss Roberta Robinson, Dorchester street, left on Saturday for Halifax, from which port she will sail for England on route to Ceylon. Miss Whitney was the guest of honor at several delightfully informal functions during her short visit in Saint John.

Mrs. J. Lee Day was the hostess at an informal but very enjoyable luncheon at her residence, Wellington Row, on Friday in honor of Miss Elizabeth Whitney, of Ceylon, formerly of Saint John. Pink tulips were effectively used in the decoration of the artistically arranged table. Those present were Miss Whitney, Mrs. John McMillan, Mrs. Silas Alward, Mrs. R. Taylor McKim, Mrs. Heber Vroom, Mrs. Ernest Barbour, Miss Roberta Robinson, Miss Elizabeth Seely and Miss K. Dierbow.

Mrs. N. A. Wilkie, 161 Winslow street, West Saint John, entertained several friends at an enjoyable sewing party on Friday evening. The hostess was assisted by Mrs. Hedley Bisset, Mrs. W. G. Cornfield, Mrs. Edward Sinter, Mrs. Frank Long, Mrs. C. Burrell, Mrs. R. J. Thompson, Mrs. Inez Long and Miss Emeline Smith, London, England.

LOVE OF CHRIST IS THEME OF ADDRESS

Rev. R. P. McKim Continues Series of Sermons at St. Luke's

In St. Luke's Church last night Rev. Canon R. P. McKim preached the third sermon in a series on The Love of Christ. The theme was The Winning Love of Christ.

Love, he said, wins because it wants. The shepherd went out over the mountains seeking the lost sheep because he wanted it.

Love wins because it wears down all opposition and overcomes all obstacles. The father of the wayward son had a love that could reach all the way from home to the far country, and at every turn of the road that wandering boy had some reminder of it. A touching story was told of a mother's request for her daughter who had gone astray in a large city.

The love of Jesus wins a victory in the wilderness and then gives that victory to the weak ones who obey. Here the story of Christian's combat with Apollon as John Bunyan has it, was graphically told. "He giveth us the victory through our Lord Jesus Christ."

Sometimes we don't know the love of Christ, for we don't see it on the surface. We live much on the surface and the love of God is deep, so deep that sometimes it is only reached when we get into deep things. With dramatic force the preacher told the story of William Cowper, a brilliant barrister living in the whirl of gaiety and pleasure, disappointed in his quest for happiness, reaching a despair that prompted the words: "Then the love of Christ found him and won him. He was enabled to sing 'God moves in a mysterious way His wonders to perform.'"

Sometimes we will not let God love us. The wayward wandering son knew his father loved him, but he wouldn't turn back toward home. Sin separates from happiness. Sometimes we choose sin and separation and lose the happiness that love brings us to.

Miss Emeline Smith for the most original creations, and to Mrs. W. G. Cornfield for the most fashionable model. Music was furnished by Mrs. F. Steadman, William Edwards, while the pack was in charge of Assistant Cubmaster Douglas A. MacLellan. Among the visitors were Secretary L. L. Johnston, Assistant district commissioner for CUBA. He greatly assisted both the pack and troop during the evening. Many parents were present and the church was filled to capacity.

Mrs. Berman, of Halifax, is expected in the city today to visit Mrs. George K. McLeod, Wellington Row.

CONSECRATION OF CUB PACK'S FLAGS

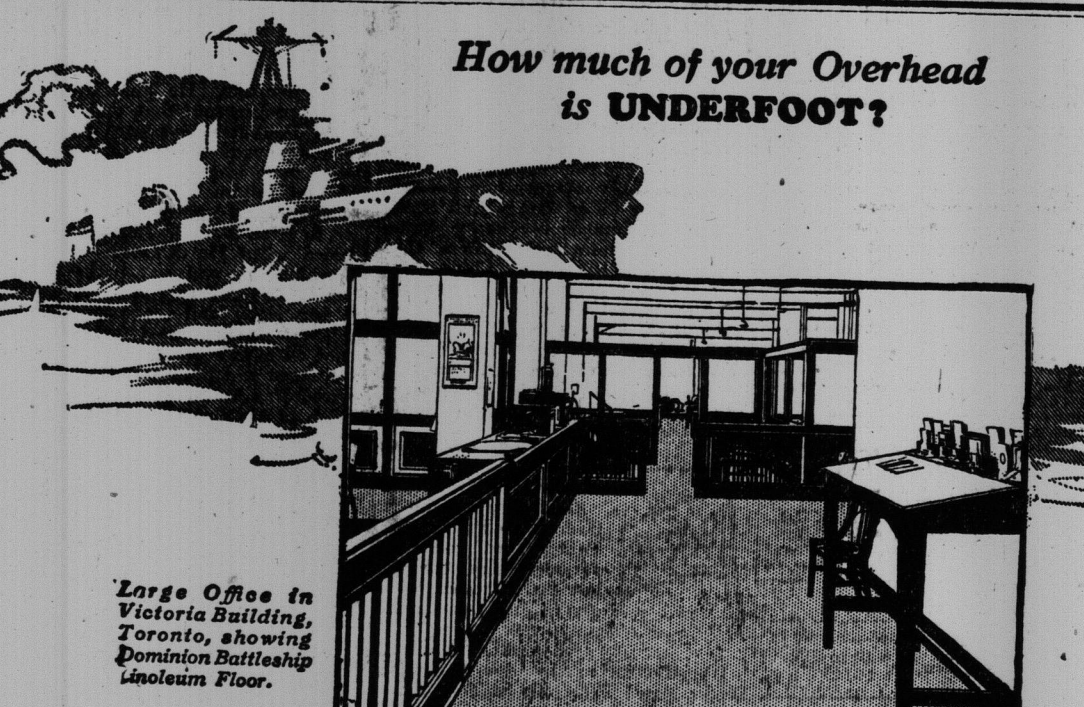

Ceremony in St. Jude's is Attended By Boys and Adults

A Wolf Cub consecration was held on Sunday evening in St. Jude's church when Rev. J. H. C. Holmes blessed the Union Jack and Wolf Cub flags which were offered to him by Douglas MacLellan, assistant cubmaster. The standard bearers were Senior Sixer Douglas Wright and Sixer Gordon Brown.

Cubmaster Rev. J. H. A. Holmes delivered a stirring address on pack loyalty to the Cub, King and the law of the Wolf in Pack. He took for his text the Bible story of David and Goliath and showed the boys that even in those days people understood what loyalty meant in its broader sense. The order of service was composed by Cubmaster Rev. J. H. A. Holmes and sanctioned by His Lordship Bishop Richardson of Fredericton. The form of service will be framed and put up beside the new pack charter in the Sunday school.

There were 28 Cubs present, the full membership enrolled. The presence of 18 Boy Scouts greatly helped. They were in charge of Scoutmaster T. A. Linton and Assistant Scoutmaster William Edwards, while the pack was in charge of Assistant Cubmaster Douglas A. MacLellan. Among the visitors were Secretary L. L. Johnston, Assistant district commissioner for CUBA. He greatly assisted both the pack and troop during the evening. Many parents were present and the church was filled to capacity.

Mrs. Berman, of Halifax, is expected in the city today to visit Mrs. George K. McLeod, Wellington Row.

Dominion Battleship Linoleum Floors for Permanence and Low Upkeep Cost

You cannot go wrong in choosing Dominion Battleship Linoleum because it is suited to every type of interior and assures the very qualities most needed in each. It is inexpensive, quick-to-lay, permanent — qualities that all demand.

School and Hospital authorities appreciate its sanitary and germicidal features. Its resilience appeals to the business man who is anxious to increase the efficiency of his staff by ending unnecessary noise and foot-fag.

Dominion Battleship Linoleum is firm, smooth and non-absorbent, easily cleaned and kept clean. It is therefore popular with merchants who know the value of bright, inviting floors.

Let Dominion Battleship Linoleum end your flooring worries. With it the first expense is practically the last, upkeep being limited to the occasional use of a reliable floor wax.

Dominion Battleship Linoleum, AAA quality, is made in eight standard shades — brown, green, terra cotta, grey, buff, blue, black and white (used extensively for tiled floors). AA and A qualities are made in four standard shades only. Special colors for large contracts.

Dominion Battleship Linoleum is made in Canada to suit Canadian climatic conditions and is installed by all large house-furnishing and departmental stores. Write us for free samples and literature.

PILATE SUBJECT OF SUNDAY SERMON

Rev. J. S. Bonnell Gives Second of Series on Men Who Crucified Christ

A deeply appreciative congregation that faced the caption of St. Andrew's church heard a scholarly lecture last evening delivered by Rev. J. S. Bonnell on "Pilate, the Vacillator." The sermon was the second in a series on the men who crucified Christ. Rev. Mr. Bonnell gave a vivid description of the magnificent palace of Tiberius Caesar, on an island in the Bay of Naples. Pilate ruled the Jews with an iron hand, he said, and forced on them the hated emblem of the Caesars. His spies had reported the activity of Christ and he expected a general uprising in Jerusalem during the Passover week. Mr. Bonnell in graphic language described the swiftly moving events that brought Pilate and Christ face to face. Pilate became convinced that the Nazarene was the leader of a harmless religious movement, not of a political uprising as he had at first feared. Knowing that Christ had been delivered up for envy Pilate thought to release Him but when faced with an impeachment before the tribunal of Tiberius, Pilate surrendered Jesus, not daring to face an investigation of his corrupt administration.

Mr. Bonnell related how soon afterwards Pilate had been recalled to Rome and banished in disgrace, losing all his ill-gotten gains. Like Judas, Mr. Bonnell said, Pilate had wrecked his earthly life. The speaker in conclusion said that every man must face a decision on the inevitable Christ.

Next Sunday night Mr. Bonnell will give the third sermon in the series the subject of which will be Herod, the fox.

EMERSON BROS., LTD. 25 Germain Street "The Kitchen Store." Phone Main 1910 Store Hours—8.30 to 6—Close at 1 Saturdays

THERE are men and women who are undernourished, lacking energy, low in vitality—yet sitting down every day to three meals at which the table is literally loaded with food!

Just for this reason, an expert in food values originated Grape-Nuts. He designed it expressly to supply the body with the following essential elements of nutrition: Dextrins, maltose and other carbohydrates for energy; iron for the blood; phosphorus for the development of the teeth and bones; protein for muscle and body-building; and the essential vitamin-B.

It is because they do not eat the right kind of foods. There are certain food elements which our bodies must receive every day for perfect health and strength. Too often the foods we eat are lacking in one or more of these vital elements, or do not give them to us in sufficient quantities and in correct proportions. Have Grape-Nuts to-morrow just as it comes from the wax-wrapped package, with milk or cream. Four teaspoonfuls to a serving—costs less than one cent. Grape-Nuts is sold by grocers everywhere.

Form for requesting a free trial package of Grape-Nuts, including fields for Name, Address, and City.

Anniversary of Wedding Observed

At the celebration of the 15th wedding anniversary of Mr. and Mrs. W. D. Huggard on Friday evening at the home of Mr. and Mrs. Frank Denton, 89 Adelaide street, Mrs. Gordon Henderson and Mrs. Frank Denton were joint hostesses for about 26 friends of the guests of honor. The gifts were presented in a basket daintily trimmed in pink and white by little Beatrice Henderson who wore a bridal veil and carried a bridal bouquet. A very enjoyable evening was spent in games and music. The guests of honor were taken completely by surprise. They received many beautiful gifts of china and cut glass.

Prodigal Son is Given in Two Services For Week Are Announced

In several of the city churches last night were special musical services in which the choirs gave very fine renderings of beautiful selections. At the Main Street Baptist Church the "Prodigal Son" was the subject of the evening and Rev. A. K. Herman, the acting pastor read the Bible story while the choir rendered familiar hymns specially appropriate. The soloists were Miss Ethel Parier, Mrs. G. M. McKel, Mrs. Edward Sill, Bayard Stillew and Ford Dykeman. Duets were sung by Bernard Stillew and F. C. Wray and Mr. Stillew and Miss Parier. A quartet selection was given by Mrs. W. Edin, Miss Currie and Beatrice Henderson and Messrs. Hinton, Dean Henderson and L. Jones. The prize winners of the evening were Miss Mabel Currie, consolation Mrs. Wilfrid Currie, gentlemen, L. C. White; consolation, L. C. Jones.

HORSE TAKES ILL

Detectives Biddiscombe and Kilpatrick responded to a call to Haymarket square at 8 o'clock Saturday night and found a horse owned by Edward Evans of 296 Wentworth street, lying on the street and unable to get up. The animal had taken ill and was in much pain. The owner procured a horse and sled and the sick horse was loaded on the sled and hauled to a stable for treatment.

COAL AND WOOD

Here's the Point - Now Get It

While several kinds of coal can properly be called original Miller's Creek Coal, only ONE holds right to the title—

CONSOLIDATION MILLER'S CREEK COAL

In CONSOLIDATION Miller's Creek Coal—there are qualities you won't find in any of the others; it lights quickly, burns free, and clean, all but no ash, makes a hot solid, lasting fire like anthracite, cheaper than hard coal and spreads further.

Look for the word CONSOLIDATION—as well as Miller's Creek, on your coal bill, to be sure of the genuine.

Initial Declines of One To Three Points Recorded By Several Issues

PRICES EASIER IN MONTREAL MARKET

Trading Quiet At Opening—Smelters Drops, Then Becomes Firmer

Canadian Press NEW YORK, March 15.—Selling attacks were resumed in the stock market as trading opened today, with speculative offerings based partly on the probability of lighter money conditions in connection with the day's huge turnover of tax and interest payments. Initial declines of 1 to 3 points were recorded by American Smelting, Savage Arms, Jordan Motors and Chesapeake and Ohio. Fractional regressions were general among the motors and other industrials.

MONTREAL QUIET

MONTREAL, March 15.—The opening of trading on the Montreal Stock Exchange this morning was quiet and prices were easier. Consolidated Smelters opened down 1.34 points at 209 and then dropped another four points at 205 1/2. On the next sale it firming back to 206 1/8. Brazilian Traction was steady at 92. Montreal Power closed a point at 215 3/4, and Brompton Paper was off 1/8 at 84 1/2.

Morning Stock Letter

NEW YORK, March 15.—The stock market had a very strong rally that lasted over a week and the reaction on Saturday was not unexpected. The rather uncertain news from Europe probably increased the selling. After such an advance Saturday's reaction may not in itself have been enough to balance the market, and there may be considerable more irregularity in the next few days. There is no domestic news to cause the selling. In fact, trade news continues rather optimistic and if there is no change in the next several weeks, business will be good enough to warrant very good earnings for the best companies.

Celebrate As They Are 60 Years Wed

NEW YORK, March 15.—Daniel Blake, 85 years old, and his wife, Peninah, celebrated their sixtieth wedding anniversary on Saturday at the home of their son, Alfred Blake, Port Richmond, Staten Island. Blake was a policeman for thirty-one years, rising to the rank of captain. He was born in the old town of Westfield, Staten Island, and met his wife in the same class at school.

FISHING VESSEL SINKS AFTER CRASH

NEW BEDFORD, Mass., March 14.—The two-masted fishing schooner Rusalka, New York, sank a few miles off Nantucket this morning as she was being towed to that port by the Clinton, New Bedford fisherman, after a collision on the fishing grounds just before dawn yesterday. The crew was taken off and brought here by the Clinton.

Fox Terrier Placed on Trial For "Murder" of Tiny Kitten

PHILADELPHIA, March 15.—Teddy, a Belmont fox terrier, went on trial in police court charged with wilfully chasing and shaking to death a six-months old kitten. If convicted, the law will exact its severest penalty, Police Magistrate Glenn declared. The trial involved all the formality of a murder case, and its outcome is expected to hinge on the findings of a post mortem examination of the kitten which was ordered disinterred today for that purpose. The case, prosecuted by James G. Spear, owner of the kitten, at the instance of the Society for the Prevention of Cruelty to Animals, produced opposing "character witnesses" and the legal gestures typical of court proceedings.

To Hold Two Races For Ladies Tonight

Two ladies' skating races will be staged between bands at the Victoria rink this evening under sanction of the Saint John Amateur Association. These races are being held with primary idea of developing girl speed skaters in the city so that they may maintain the enviable records already achieved by the local speed kings on the circuit. Charlie Gorman, world's skating champion, will act as starter, while officials of the Saint John Skating Association will act as timers and judges. One event will be a pair race between Miss Sybil Beatty and Miss Ruth Carmichael. The 220 event has six entrants: Misses Rita Kirkpatrick, Bessie Hurley, Ruth Sweet, Viola Gieggey, Irene Walsh, Mary Seaton and Bessie Logan.

WOMAN IS STABBED IN BOSTON STREET

BOSTON, March 15.—Boston's Sunday "slasher" has claimed another victim. Mrs. Elizabeth Framley, who was attacked in the Roxbury district last night, was the third woman to be stabbed in two weeks and the sixth to be accosted on three successive Sundays. Mrs. Framley was entering the hallway of her home on Sunday night when she felt a stinging sensation in the right arm. At the same time a man grasped her, but she managed to free herself and flee to her flat upstairs from where she telephoned the police. Her description of her assailant tallied in a way with those given by Mrs. L. Tuckerman, society woman and Mrs. F. McCaehern, a man who stabbed her in the Back Bay district on the previous Sunday and two other women who have been accosted in the same vicinity.

Rushing Trade Done In "Live" Mousetraps

NEW YORK, March 15.—Those who are lathered by the common household variety of mice might take a hint from the inhabitants of Cushing, Me., who have found in the ordinary clam mousetrap superior to either cats or traps, says "The Detroit News." The discovery was made by Mrs. O. W. Creamer. She kept a basket of clams in her cellar one night, and the next morning she found three dead mice held firm and fast between the shells of as many clams. She relayed the news to a neighbor, who obtained the same results. "Now all the Cushingites, who have been troubled with mice, are putting clams on their trails, and the mousetrap business is experiencing the worst slump in years."

Brokers' Opinions

NEW YORK, March 15.—Hornblower and Weeks—"The life of the present rally will be prolonged further than anticipated if a technical reaction of trading promotions occurs at about this juncture." "York children"—Action of rail list is not encouraging. "Fuchs & Co."—"The option market is a good sized short interest remains in the market, and most securities are not all one way so that it will be well to trade carefully for a while."

LUMBER PRICES

Alfred Doherty & Company, in their March report on the British timber market, says—"New Brunswick and Nova Scotia spruce and fir consignments kept on the low side. There was rather more enquiry, and prices were slightly firmer."

SIR R. L. BORDEN MENTIONED FOR GOVERNOR-GEN.

Amery Says Consent of All Dominions Required For Change in Appointment

CITES RULING IN AUSTRALIA'S CASE

Matter Likely To Come Up At Next Session of Imperial Conference

BY HERBERT BAILEY British United Press.

LONDON, March 15.—Colonel Amery's declaration to the Australian states, excepting Canada, which has never asked that a change be made in the appointment of Governors without the consent of all the Dominions, has much significance for Canada. Canadian representatives recently, in suggesting names for a Governor-General to succeed Lord Bury, have favored the appointment of a Canadian to the post, and the name of Sir Robert Borden has been seriously suggested.

MENTIONED IN HERALD

It is obvious that the idea has some backing in Ottawa. The matter has gone so far as to be actually mentioned in the Daily Herald, but it is known that Col. Amery has taken the same stand on this question that he has in dealing with the Australian states, that no precedent can be created without the unanimous consent of all the dominions, although Britain is now and always been willing to discuss the question fully, and it is likely that it will come up at the next Imperial Conference.

Col. Amery points out to the Australians that the governor might be selected by one party and prove wholly unacceptable to the other party, which might succeed to power during his tenure of office, and he thinks it would be most unwise to throw the appointment of a state governor to nomination by a political party. It is understood that he holds the same view with regard to Canada.

Disabled Yacht Is Being Towed To Port

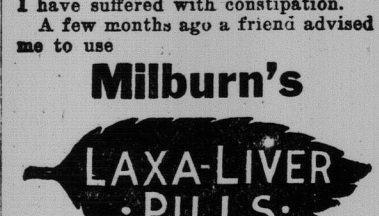

CANADIAN PRESS NORFOLK, Va., March 13.—The coastguard cutter Mascoutin took yesterday off Currituck, N. C. and is bringing her to Hampton Roads. Fourteen persons, including the wife and child of the owner, Alexander Smith, of New York, are said to be aboard the yacht which was reported helpless several days ago 60 miles off Currituck.

THE Goodyear Selected Dealer plan of selling tires helps to keep Goodyear prices low, helps to increase the quality of Goodyear Tires, and improves the service you receive.

In two ways. First, it reduces selling costs. Goodyear sells to only 2500 of the 10,000 tire dealers in Canada. Goodyear needs only salesmen enough to call on 2500 dealers instead of 10,000. Goodyear needs only billing clerks and stenographers and shippers enough to handle the business of 2500 dealers instead of 10,000. So Goodyear saves immense sums of money which help to keep Goodyear prices low or go into tire improvements.

Second, it enables us to select the best dealer out of every four. Because Goodyears are the largest selling tires in Canada, most dealers would like a Goodyear franchise. But there are strict standards to be met. Every Goodyear Selected Dealer must be a good business man, running his business efficiently so that he does not need an exorbitant margin of profit. He must appreciate the savings to be made by concentrating on Goodyear Tires and so reducing his investment. He must pass these savings on to his customers in the form of service—advice on the care of their tires, help in getting the most mileage from those tires.

This service is available to you from your nearest Goodyear Selected Dealer.

Veterans Play Important Part On White Sox Team

By BILLY EVANS SHREVEPORT, La., March 15.—To most managers the possibilities of the rookies are the most important features of spring training.

Just how good his veteran spitball pitcher, Red Faber, will be one of his problems. He is starting his thirteenth season with the White Sox.

I know any number of players who would view their thirteenth season in the majors with considerable apprehension, not to say superstition.

Faber isn't a bit busy about the hoodoo number.

SEEEKS 20 VICTORIES. "I am going to win 15 games for Eddie this year and, with the breaks I might get 20."

That was the way Faber summed up his chances of having a good year. He looks in fine shape and if trying to win from 15 to 20 battles, Red will farm the trick.

However, the two chief worries of Collins is Catcher Ray Schalk and Shortstop Everett Scott.

PLANS INCLUDE SECOND TEAM IN NEW YORK

Chicago To Purchase Championships of Western Hockey League

OTTAWA, Ont., March 15.—Before the Stanley Cup is packed in moth balls and the players' equipment placed in trunks, Chicago will broadcast the tidings that the Windy City has been admitted to the amplified N. H. L. The foregoing is not a forecast, nor is it a guess, but it is based on reliable information. The Edmonton Journal sent out a dispatch recently announcing that either Edmonton or Saskatoon would play in Detroit next season. Probably Detroit will have a professional hockey league.

TRY TO CHANGE PLAY-OFF DATES

Wish to Play Semi-finals For Canadian Title Day Earlier

Efforts are being made to have the dates for the Dominion basketball semi-finals between the Trojans and the Quebec-Ontario champions set for ward one day.

As now scheduled, the games will fall on Friday and Saturday, April 9 and 10. It is not thought desirable to have the last game come on Saturday evening when many of the business houses are open and their staffs on duty.

The Trojans management are accordingly trying to have the games staged on April 8 and 9. St. Vincent's gymnasium has been secured for the big games. This makes possible the accommodation of a big crowd without cutting down the playing floor space sufficiently to interfere with good basketball.

Last year's games were played on the same floor. It is probable that the Trojans will not play any outside teams before the big series. A test of Saint John players will be secured for daily practices and the local boys will go through a stiff training in order to be right on their toes for the important test.

The question of referees will be taken up this week and an early decision reached so that there will be no recurrence of the trouble of last year's final game when the big crowd was kept waiting while the referee question was argued in the dressing room.

It has been decided to continue the services of Coach H. A. Nevers which contract expires this week. Mr. Nevers will be retained until after April 10 and if either the Trojans or the girls' team, the Trojan Hovers, are still in the running at that date, he will remain until the end of the season.

A bloodless operation with the aid of an electrically charged lancet has been successfully performed in Germany.

NOBILITY COLONY

WINNIPEG, Man., March 15.—As a result of the efforts of the Canada Colonization Association, Manitoba is developing a colony of Hungarian nobility. But your roll down on Chicago buying the western champions.

From this distance it appears that Canadian owners will find the going very costly and there is reason to expect that the N. H. L. will adopt the baseball method of splitting the gate, thereby giving the visiting team a share of the receipts. There are some who would jump at the proposition and the fans would undoubtedly give moral approval. But put your roll down on Chicago buying the western champions.

ROCK REMOVAL HERE HELD UP AT C. N. R. REQUEST

Commissioner Bullock Makes Statement On Pettingill And McLeod Work

WANTED USE OF BERTH AT ONCE Replies To Announcement Brought From Ottawa By Hon. Mr. Foster

In connection with a report by Hon. W. E. Foster, referred to elsewhere, that Hon. J. H. King, Federal Minister of Public Works, deeply regretted the interference with the completion of the work of removing the rock at Pettingill and McLeod wharves, Commissioner Bullock said this morning that this work had been stopped on the express request of the Canadian National Railways, another department of the government.

WANTED TO USE BERTH. The commissioner said that he had been approached by the local freight agents of the C. N. R., who pointed out that the new pier berth was needed at once by the railway in order to use the new piers as they had steamers waiting for cargo.

He had taken the matter up with the resident engineer of the public works department, who could give no assurance of the time when the work would be completed and then a request had been made that the work be discontinued for the winter months in order that these berths might be used full time.

Later a conference had been held at which representatives of the C. N. R., the resident federal engineer, the city engineer and commissioner of harbors were present and after the matter had been fully discussed all present had agreed that under the circumstances there was nothing to do but stop the work for the time being.

CITY NOT RESPONSIBLE. The city was not responsible, the commissioner said, for the fact that the work was not completed and he felt it was started entirely too late in the season.

MISSION OF SINGLE MEN IS BEING HELD

Married Men Brought to Successful Close at Cathedral on Sunday

The married men's mission, conducted in the Cathedral by Redemptorist Fathers from Toronto, was ended yesterday afternoon with a very interesting gathering of the men. The closing followed the lines of the last services of the mission, which was a very interesting mission and the final sermon was preached by Rev. John Keogh, C. S. R., who gave a powerful address on the means of perseverance. His Lordship Bishop LeBlanc officiated at Benediction of the Most Blessed Sacrament. Well up to 200 men were not already members, joined the Holy Name Society.

At the 7 o'clock mass, at which the married men who made the mission who had been asked to attend there were upwards of 800 who received Holy Communion, making a very inspiring sight.

The mission for the single men, the last of the four weeks of the exercises, was begun last evening with another large gathering. The opening sermon was preached by Rev. John Barry, C. S. R.

Keen appreciation of the manner in which the mission has been made so far was expressed by the missionaries yesterday and the hope expressed that the same would be said of the young men's mission at the end of the week.

SETTLEMENT TALK IN CASE OVER WILL

Dr. G. O. Baxter Matter Goes Over For Week in Probate Court

It was rumored in legal circles this morning that a settlement was being negotiated in the Dr. G. O. Baxter will case, although counsel interested refused to comment on the subject. The case was to be continued before Judge H. O. McInterny in the Probate Court here this morning, but by agreement of counsel postponement was made until next Monday. Counsel appearing here this morning were Dr. W. B. Wallace, K. C., for the executor; W. H. Harrison, K. C., for Ray Baxter; A. N. Carter, for Mrs. Baxter; and J. M. Trueman, for Miss Parker.

Walter Pidgeon Is Chosen For Lead

Recent despatches from New York state that both Norma and Constance Talmadge, film stars, are planning to retire from screen life with the completion of their present contracts. Both are married, Norma is Mrs. Joseph Schenk, wife of a millionaire film magnate and Constance recently became the bride of Capt. Alastair William Mackintosh, a wealthy Londoner on whose English estate she will live after starting in three more pictures for First National. The advice further states that Walter Pidgeon of Saint John will be Miss Talmadge's leading man in these final trio of features—two of which are to be "Silky Anne" and "The Duchess of Buffalo."

GIFTS TO NEW TEMPLE

When Martello Temple, No. 25, Pringle street, was dedicated on Friday, in the "Prentice Boys' Hall," West Saint John, C. Harvey Willis presented to the new temple an altar-kneeling bench and steps, which he designed and made, and also presented a Bible. A vote of thanks was tendered Mr. Willis for his generous gifts, and to Loyalist No. 13 and Moulton No. 14 for the exemplification of degree work and other assistance.

HOLY NAME MEETING

The monthly meeting of the Holy Name Society of St. John the Baptist parish was held on Sunday evening, with the president, J. M. Elmore, in the chair. The meeting was held in the parish hall and was well attended. The president took occasion to congratulate the members on their large attendance at the monthly Communion. This evening the society will hold an "Irish night" in the basement of the church, with the members and their lady friends attending. The men of the society assisted in clearing away the debris after the morning fire in the church.

As Hiram Sees It

"I see, said Mr. Hiram Hornbeam to The Times-Star reporter, 'if a fellow in Italy kisses his gal good-night on the door step, an' a p'liceman sees him, he goes to jail.' 'We are told that is the law,' said the reporter. 'I guess,' said Hiram, 'that there Mussolini must be agin' what they call pettin' parties.' 'So it would seem,' said the reporter. 'Well, sir,' said Hiram, 'that minds me o' the night when I was a young feller I went home with a gal, an' after we stood at the gate for a spell I tried to git a kiss afore I left. Say, mister, that gal had no more use fer pettin' parties than you hev fer alligator soup. She give me one bump on the nose that made me see a lot more stars than there was in the sky—an' run fer the house. Well, sir, I didn't get no chance to apologize that night—but we was better friends fur that—fer I hed to admit she was a good sensible gal—yes, sir, jist the same I call late Primer Mussolini, he's got his hands full to enforce that law—By Hen!'"

EARLY SIGNS OF TOURIST VISITS

Letters To Auto Association Secretary Indicate Stay In N. B.

Some Who Passed Through Last Year Returning For Lengthened Stay

Early indication of influx of summer visitors to New Brunswick from the United States for the tourist season is given in letters received by Secretary J. Charlton Berrie of the N. B. Automobile Association. Eight such came last week and an interesting feature of them was that those writing planned to spend a week or fortnight in this province in the time when it is scorching hot in their cities and refreshingly cool here.

HERE LAST YEAR

The writers in more than one case were here last year on automobile trips, but their plans did not permit of their staying. They were so much impressed with the delights of climate and scenery in New Brunswick, however, that they are now planning to come this summer and stay a while. They want to know about hotels, camping sites, etc.

The writers live in New York and vicinity and two are in Chicago. One of them, who was here with his wife last year, writes that they are coming again this summer and are enlarging their party to five. Mr. Berrie thought the outlook was good, judging from these and other inquiries that have come to his office.

CAMP SITE

It was said this morning that the project of a camp site for visiting out-of-province motorists, near the outlet at the Falls, was progressing towards completion of arrangements for work in preparation as soon as the snow leaves.

ALSO CHERISHING

According to present indications the tourist business of the coming spring and summer should prove very remunerative to the merchants of Saint John, according to H. A. Peters, manager of the Admiral Beatty Hotel. Practically all reservations for the month of June were sold out at this hotel and the bookings were very heavy right up to October. Only yesterday had reservations been requested for parties of 25 each, from Philadelphia. Several tourists who were here last season were apparently pleased with their reception and have announced their intention of returning this summer. The hotel, he said, enjoyed a good winter business, in fact, much better than the expectation of the management. The outlook was bright, he said, and the merchants should feel the benefit of it.

MUSICAL SERVICE

The Prodigal Son is Presented By Choir of West Side Kirk

"The Prodigal Son, in Song," was excellently rendered last evening in West Side Kirk, by the choir. Rev. W. McN. Matthews announced each musical selection by a descriptive scripture reading. Miss Dorothy Nice, organist, was the accompanist and Murray Long was the choir director. There was a very large congregation.

The musical program was as follows: Duet, "Drifting," Mrs. Foster, Fowler and Mrs. Murray Long; male quartet, "Where is My Wandering Boy Tonight," Messrs. M. Long, P. Flewelling, P. Fowler, U. H. Osborne; duet, "Softly and Tenderly," Mrs. L. Jenkins and Mrs. F. Foster; quartette, "Only a Step to Jesus," Misses Trearntin, Tippet and Long; male quartet, "Lead Kindly Light," mixed quartette, "Though Your Sins be as Scarlet," Mrs. H. Lambert, Mrs. M. Long, Mrs. M. Long and Thomas Rippey; solo, "Home Sweet Home," Mrs. H. Lambert, with choir accompaniment; anthem, "He Lifted Me," choir; alto and tenor duet, "Sweeter as the Years go By," with choir accompaniment; anthem, "Ring the Bells of Heaven," choir.

Plans For Macaulay Building Told Of

The alterations being made in the Macaulay building in King street should be completed in about five weeks time, said W. C. Watson, of London, Ont., when asked today regarding the changes being made. Mr. Watson is superintendent of construction for the Metropolitan Stores, Ltd. He said the company was putting in a modern front with two entrances. There would be no alteration of the interior of the building at present, but an entrance would be left to give access to offices which the company might install in the upper stories.

The counters and fixtures for the store would be made in Saint John. This and the alterations in the front of the building would cost approximately \$15,000.

The work of altering the front is being done by Edward Bates. The contract for the fixtures has not yet been let. Mr. Watson is at the Admiral Beatty hotel.

IS VERY ILL

Mrs. William T. Girvan, King street east, is critically ill. Her family is assembling at the parental residence. Alexander Girvan arrived from New Bedford, Mass., today, and Fred W. is expected tomorrow. E. Clarence Girvan lives in this city.

WAS STROLLING

Another youngster took the wanderlust Saturday. Little Phyllis Chuter, aged four, was found wandering on Union street about 10.20 a. m., and Policeman Ross took her to her home at 28 Prince Edward street.
