Mrs. Ella Dayton Blair of Los Angeles, who as a young girl took part in the praying-singing campaign, declared she would inaugurate the same tactics today if necessary to maintain the Volstead law, which she believes was given a sharp blow by the Hill test case in Baltimore. "We will not permit victory to be snatched from our hands after so many years of fighting," she declared.

BRITAIN'S RISK OF BEING INVOLVED IN EUROPE GREAT

This is Warning Issued by Lord Grey Touching on Dominions' Power.

UNITY IS URGED

Speaker Says Dominions Should Have Say as to Foreign Disputes.

BY HERBERT BAILEY, (British United Press.)

London, Nov. 15.—Premier Baldwin has arranged to meet all the high commissioners in London next Tuesday, the establishing of a new precedent which is believed to be due to the agitation for more direct communications between the dominions and the British Government, and eventual removal of dominion affairs from the Colonial Office. Lord Grey's intervention in the question of how far the dominions should have a say in the foreign policy of the Empire is welcomed as a valuable contribution to the discussion. Although it is pointed out that too much reliance cannot be placed on the League of which he is so ardent an advocate. One Policy Urged. "There must be one foreign policy for the whole empire. They must present a common front to the world," said Lord Grey speaking from a message broadcasted throughout the country from the London radio station. "The risk of Britain being involved in continental complications is greater than has ever been known." He argued that Britain should now say to the dominions, "We promise that any dispute with a foreign nation in which we are involved will be submitted to the international court of the League of Nations or to some other court of arbitration, and we will be the guaranties to the dominions that they will not be suddenly called upon to take a hand in a dispute of which they have had no time to consider the merits. The dominions would then say in their turn, "We know where we are, and we rely on that promise, and if peaceful means of settlement proposed by the British government are turned down, we shall regard the power so refusing as an aggressor against Britain and we shall give the mother country our support to uphold the principle of arbitration." Received With Favor. This is favorably received as obviating the difficulty which Canada might feel in cases similar to the call made in the time of the Chanak crisis two years ago. "Sea communications," continued Earl Grey, "are the nerves of the Empire and the dominions ought to feel as now the case, the path being administered by the means by which the dominions might communicate with the government in Britain and that the Dominion premiers should be sworn members of the Imperial Privy Council upon taking office without special appointment as is now the case, the path being administered by the Governors-General, Marquis Curzon is the present Lord President of the council.

BRITISH LIBERALISM.

A very interesting development—and there are many in Great Britain today—is that in connection with the great reverse encountered by the Liberal party and the now widespread discussion concerning the party's future.

At the moment this morning's London despatches tell of a growing revolt against Lloyd George, and increasing objection to his holding joint leadership of the Liberal party with Mr. Asquith.

Many classes described the Lloyd George of that day as a dangerous Socialist, if not an out and out Communist. But the radical of today is often the conservative of tomorrow.

theory that the Liberal party has outlived its usefulness as a political organization must be tested by events. It is unsafe to jump to conclusions about it.

ENROLL ON MONDAY.

A great number of persons in this city have reason to be thankful for the local branch of the Red Cross.

At present the local branch is dealing with about four hundred cases. Particular attention is paid to soldiers' families, and especially among those of men who gave up their lives in the Great War or have since passed away.

When people give aid they desire that it shall be so given as to avoid waste and be of the greatest possible service. When they give to the Red Cross they have that assurance.

THE CITY CORNET BAND.

The City Cornet Band, today celebrating its golden jubilee, looks back upon a record of which its members may well be proud.

Something would be lacking were this to pass without reference to Mr. James Connolly, the present president of the organization. He is the only one of the original members of the band of Nov. 15, 1874, and he has had a large part in the shaping of its career.

What do you regard as the most important question in this campaign? The questions narrow down, replied Senator Sorghum, "to one compact and precise—yet elusive—problem: How many people are going to vote the way we tell 'em to?"

Odds and Ends

"You never know what you'll find among the odds and ends"—From "Notes by A. Waylaver."

Name "India", the Why and Wherefore of It. "India" is the abstract form of a word derived through the transfer from the Persized form of the Sanskrit "sindhu", a "river", pre-eminently the Indus, best authorities agree.

The word has become familiar since the British acquired India, and is now officially recognized in the imperial title of the sovereign. "The natives of India can scarcely be said to have a word of their own by which to express their common country," says the Encyclopaedia Britannica.

Puritans Hated Name of Christmas. Of the first Pilgrim Christmas there is but little record, save that it was spent, as was many a later one, in work. The Puritans hated Christmas.

China's Paradox. China is a very big country, and since it lost its unity the conflicts between its armies and bandits and its provinces—some of which have the population of considerable European countries—seem to have lost all purpose and aim.

And Blame the Clubs. (Good Hardware.) Hardware Dealer—"I've decided to take up golf. Don't you think it would be a good advertisement if I used the brand of clubs we sell here?"

Of No Use. One of the fruit stall men in the city market was striving hard to add a few cents to the total of his sales.

South Sea Bubble Ruined Thousands. The South Sea bubble was a scheme devised by Harley, Earl of Oxford, in 1711, for the purpose of restoring the national credit of England and of guising the floating national debt, which, at that time, amounted to £10,000,000.

A Difference. (Boston Post.) Senator LaFollette says that the tremendous victory of President Coolidge on Tuesday was due to "slush," meaning vast sums of money improperly expended.

Believe Animals Can Speak on Christmas Eve. In the German Alps it is believed that horses and cattle have the gift of language on Christmas Eve.

Speech Makers. (Perth Mail, W. Australia.) Why will people make speeches? The average orator demonstrates nothing but the immaturity of the platitude and the curious liking which an amazing number of persons have for repetition of the obvious.

All in the Game. (Manchester Guardian.) England has so long listened patiently to Hitler threats to break our laws, kill or corrupt our troops, "kick the king's crown into the bovine," and do many other violent things that another snap of Hitler's fingers in England's face scarcely thins England at all.

A Poor Risk. (Good Hardware.) Clerk—"What about a charge account for the man who just came in?" Boss—"You've got to get cash. He's the fellow who went into the State Bank and asked them how big an average overdraft they'd let him run there."

And Blame the Clubs. (Good Hardware.) Hardware Dealer—"I've decided to take up golf. Don't you think it would be a good advertisement if I used the brand of clubs we sell here?" Clerk—"No. While I was learning I'd use the brand our rival dealer sells."

Helmsingford, Nov. 14.—Twenty-five persons are missing and are considered as having probably been drowned in the aftermath of a boiler explosion on board a steamer on which they were returning to their homes. Sixty persons were making the passage and in addition to those missing 22 were severely injured.

Let The Price Waterhouse Report Speak For Itself

The Civic Power Commission says it is "silly" to speak of Hydro losses, and refers to the Price Waterhouse report to justify that statement.

Let the Price Waterhouse report speak for itself. Price Waterhouse carefully guard their reputation by prefacing their estimates with such remarks as—

"It must be clearly understood that the statements submitted in this connection are based upon the information and opinion of your engineers, especially in regard to the future possibilities of revenue."

"Since many considerations of the complex nature enter into any projection which may be made as to future revenue, we feel that the figures submitted should be accepted with some reserve."

The Price Waterhouse report is of no value as an answer to the question, WHO WILL PAY THE HYDRO LOSSES?

Hydro says—"Every good citizen is supporting St. John against Portland. Why fight your own city in competition with New York?"

In all things be fair. Where is the connection? Portland takes everything from St. John and gives nothing. New York, by which is meant the Federal Light & Traction Company, has invested heavily in St. John, is prepared to invest more, is interested, vitally, in the welfare and the progress of the City, seeks to cooperate with the City.

Of the nine directors of the N. B. Power Company, six are St. John men, every one of whom has a heavy stake in the community.

As a result of his work at that time freight rates were reduced from 10 to 20 per cent, the Premier said. Hon. Dr. Veniot said he did not think he made any mistake in calling Mr. Rand to the Cabinet. DO NOT BLAME THE WEATHER

When You Catch Cold You Must Blame Yourself

Weather changes may have something to do with it when you catch cold, but the real fact is that unless you are weakened and run down, you won't catch cold no matter what the weather is.

You can get this fighting power by taking Father John's Medicine which is pure and wholesome nourishment and provides just those strength-giving elements which your system lacks.

Most people find that they gain in strength and health, as well as flesh, steadily and regularly while they are taking Father John's Medicine.

Since the invention of printing it is estimated 80,000,000 books have been turned from the world's presses.

In the summer of 1895, Hon. T. W. Anglin, then premier, was on a visit to St. John, and as he had always been a great friend of the band during his sojourn in the city, he was especially well received by the band.

While Margaret Anglin, famous actress and daughter of Hon. T. W. Anglin, was in St. John in the summer of 1913, she was serenaded in front of the Royal Hotel, where she was staying, by the band.

At the momentous visit of Cardinal Gibbons to St. John some years ago, she was serenaded at the Palace by the band, and in a brief speech His Eminence expressed himself as delighted with the honor done him.

Neuritis and Neuralgia

Neuritis is inflammation of a nerve. The pain is burning and tearing, not darting as in neuralgia, and is increased by movement.

There may be swelling and sensitiveness to touch, and sometimes redness of the skin.

Your experience will tell you that neuritis, like neuralgia and sciatica, only bothers you when your nervous system gets run down.

Restore energy and vigor to the nerves and you remove the cause of these torturing ailments.

Your experience with external applications has not been satisfactory. Drugs taken to deaden the pain are used at tremendous expense to the nervous system.

The nerves must be nourished back to health and vigor by the use of such restorative treatment as Dr. Chase's Nerve Food.

Rest and a course of treatment with this great nerve restorative is the most certain way to entirely remove the cause of neuritis and similar ailments arising from a depleted condition of the nerves.

It takes a little time to rebuild the wasted nerves. You will need a little patience. But you can use Dr. Chase's Nerve Food knowing that with each dose you are supplying to the system certain ingredients which go to still new vigor and energy into the tired, starved nerves.

A few letters are quoted here to tell of the benefits others are obtaining from the use of this restorative treatment.

Ask your friends and neighbors about Dr. Chase's Nerve Food for there is scarcely a community but can produce lots of evidence of its remarkable control over diseases of the nerves.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

COX OUTFIGHTS WORLD'S CHAMPION

Puts Up Aggressive Battle Against Doyle, Junior Welterweight.

NOTABLE CAREER

Made a Marked Impression During War—Has Long String of Knockouts.

In view of a fact that an effort is being made to sign Jimmy Cox to appear as a principal in a boxing bout in this city, the following article should prove interesting to local fans.

Worcester boxing fans who were disappointed not to take too seriously Jimmy Cox's knockout of Bob Lowery, Boston's adopted welterweight over across the water, had reason to take a most complete turnabout last night after watching the whirlwind Irishman fight Paul Doyle, recognized world's junior welterweight champion, a rip-roaring 10-round duel at Mechanics' Hall.

Referees and judges are too prone to award decisions to champions without making them earn the verdict and such was the case last night. Cox outfought his more famed rival in almost every round. He assumed the aggressive and actually made the crowd champion come out of his shell and fight hard to save himself a bad beating.

Cox has improved marvellously since his first trip to America and now in his first bout here he is a leading figure whenever welterweight discussions are held. He always had a long reach, but last night he made better use of this asset than he ever did before.

Cox's Career.

Cox started his career as a fighter in the British war during the war (he is now only 26 years old), and in short order his ability attracted national attention. He walloped one after another of his opponents by his whirlwind attack.

Having cleaned up all of his class in England, Cox decided that he must go to America if he desired further action, so two years ago he set sail and landed in New York, accompanied by an old buddy and pal of his, Willie Riley, one of the best middleweight wrestlers in England.

MARITIME HOCKEY PLAYERS SIGNED

Carroll and Doncaster Join New Montreal Team in N. H. L.

Montreal, Nov. 15.—Manager Cecil Hart of the new Montreal Pro-Hockey Club announced last night that he had closed with Carroll and Doncaster two of the Maritime Hockey stars, and that he had offers out for Simone Higgins of Westville, N. S. and Alex MacDonald of Sydney, N. S. Montreal will start training in the Forum on Wednesday.

Montreal, N. B., Nov. 15.—George Carroll and Vern Doncaster of the Victorias of this city have come to terms with Cecil Hart, manager of the Montreal Wanderers and leave here Sunday for the city.

Carroll and Doncaster are rated as the best bets in independent hockey circles in the Maritimes.

Boston made a strong bid for the services of Carroll and Doncaster and tendered them a very flattering offer for a trial but Hart offered them a contract with the salary well over \$2,000. Both men are forward.

Carroll and Doncaster have been playing independent hockey for the past three years and both played against St. Pats on their tour to the Maritimes two years ago on the all-star independent team. Several other Maritime men are being sought by the Montreal and Boston clubs.

NEW DIVISION AMONG BOXERS

Will Hold Elimination Tournament for Junior Bantam Title.

New York, Nov. 15.—The State Athletic Commission yesterday opened a new division among boxers, when plans for the staging of a junior bantam weight elimination tournament, to determine a title holder, among 15 pound boxers, were announced.

Morris Schaffer, of Omaha, Neb., was indefinitely suspended for engaging in a match with Jack Malone, of St. Paul, at St. Paul, on November 10. Malone is in the bad graces of the commission, for meeting Mickey Walker, world's welterweight champion in Newark, recently.

GOES TO BOSTON.

Hallifax, Nov. 14.—J. E. "Gee" Ahern, sporting editor of the Halifax Herald, and well known amateur athlete, left this morning for Boston where he will coach a scholastic hockey team and work out with the Boston profession.

Nation, Which Once Idolized Firpo, Now Reviles The Fallen Angel

BY BRYANT POWERS (United Press Staff Correspondent)

Buenos Aires, Nov. 15.—A nation has found its idol's feet are clay. While half the Argentine mourns Luis Angel Firpo's downfall the other half is going around kicking itself.

"The city which blazed with Firpo's name in electric lights and erected monuments in his honor when he knocked Jack Dempsey out of the ring in the second round of the most sensational heavyweight battle of history, now reviles the fallen Angel."

"The city of the Pampas hawls no more," says another headline. "Firpo's funeral" reads another.

In many instances charges and self reproach are evident. Says the Critic, in which it calls the boxer's obituary: "We once pointed him out to Argentine children as a stalwart representative of his country. In years to come we will tell people: See that fat man. Once he was the opponent of Jack Dempsey; now he is rich and rheumatic. Once the idol of Buenos Aires, Firpo's former followers now call him Jumbo and grin derisively at mention of his name."

A feeling exists that Firpo lazily neglected to train properly.

BILLY KEYS WAS LEADING DRIVER

St. Stephen Reinsman Had Successful Season—Nev-ers Leading Winner.

"Winning a piece of the money with eleven different horses in thirty-eight races, Billy Keys, of St. Stephen, again tops the list of race winning drivers in Eastern Maine and New Brunswick, with 17 firsts, nine seconds, six thirds and six fourths to his credit," writes Mack in the Houlton Times.

"The winning percentage of Harry Nev-ers, of Houlton, is higher, however, as he won fourteen races, three seconds, two thirds, and two fourths with five horses, and most of the season he raced two horses in the same class. Tommy Raymond being credited with Alfred King's winning race at Woodstock Fair and Fred Cameron with the early season's winnings of Peter Stillwell.

"Conflicting engagements also cut into the credits of drivers Keys and Willard, as various members of the Keys stable were driven by Johnson and Jardine and Ralph Burdell place hitting for John Willard at Houlton Fair. Our list includes all drivers winning five or more firsts:

Table with 4 columns: Name, 1st, 2nd, 3rd, 4th, Winnings. Includes names like Keys, Nev-ers, Willard, etc.

Jackson Grattan got away to poor starts and was not prominent in his first two races, but from Fredrickton he was the contending horse winning four, and beats in three more of his last eight races. He heads the list of money winning horses with \$4,175.

"Dan Hedgewood raced consistently well, but did not appear to have the speed he possessed, when he defeated Mary O'Connor and other eastern cracks in 1921. His winning races were paced at Edmundston, where he was owned by Julia M. Direct, and at Charlottetown, P. E. I.

"John E. Braden was up to his best form early in the season but a slight lameness threw him out of training and his owners withdrew him from the track rather than take any chance of impairing his future usefulness.

"The Year Book says he will be sixteen years old in the spring of 1925, one year older than Stigis G. An age when most race horses have long been retired, and it hardly seems possible that he can continue to race and win, but horse men generally are looking for him to come back free as good as ever in 1925.

"Of the brood mares that raced in Aroostook in 1924, Dan Hedgewood comes next to John E. Braden in point of years, having been bred in 1911. The Caribou pacer, Roy Grattan, which has been sick and lame and out of luck generally the last two years, was foaled

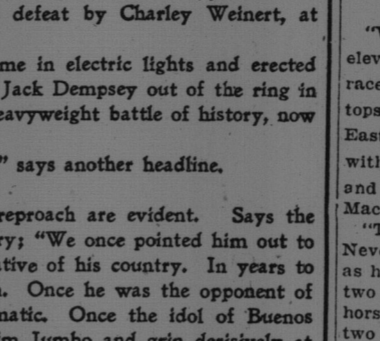

in 1912. Jackson Grattan was foaled in 1914, Margaret Dillon in 1915, Julia M. Direct in 1916, Sir Roch in 1917 and Frederickton's hard luck pacer, Chesley H. Searcy, in 1920."

Fredrickton, Nov. 14.—Mount Allison University has refused to recognize the University of New Brunswick as champion of the western section of the Maritime Intercollegiate Rugby League.

HAIR STAYS COMBED, GLOSSY

Millions Use It—Few Cents Buys Jar at Drugstore

Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions.

"Hair-Groom" is greaseless; also helps grow thick, wavy, lustrous hair. Beware of greasy, harmful imitations.

When Donovan and Morris clashed they started to race freely, and the first round ended with honors even. In the second, Morris had a shade over his less experienced opponent. In the third he continued to make Donovan miss repeatedly, and in the fourth had him in a bad way when the bell sounded.

Donovan came back strong in the fifth and had a shade. In the sixth round were even. Morris scored in the seventh and made his opponent miss a number of hard right-hand swings. In the eighth, honors were even, although Donovan deserved credit for forcing the fighting. When the bout ended, one judge declared in favor of Morris, and the other called it a draw. The referee decided in favor of a draw. Morris had undoubtedly shaded his opponent, but the decision was a popular one.

The main bout got away to a good start, both men mixing freely and setting a fast pace. Honors were even. In the second, McIntyre shaded his opponent, beating him to the punch and landing his left to the face. He continued this style during the third and fourth rounds. In the fifth, honors were even, but from that on Fruzzetti continued to gain and at the conclusion of the bout had a substantial margin.

The bout was one of the most interesting staged here for some time. This was due to a succession of clinches, with a little wrestling interspersed. McIntyre was the aggressor, Fruzzetti was on top of his opponent at all stages after the fourth round, and despite his efforts to make it interesting was unsuccessful. Every time he started to force the fighting he found his arms locked, and when he held off, McIntyre refused to swallow the bait and stayed away. As a result the fans were in an uproar, calling on the contestants to fight. During the progress of the bout, Edward A. Farren, chairman of the Boxing Commission, instructed the referee, James Powers, to warn the men to change their tactics. He told he would order the go stopped unless the stalling was discontinued. It was said that the other members of the commission would not agree to this and as a result the bout was allowed to go the limit.

As the fans filed out of the building their opinion of the main bout was freely expressed. Some said it would be a long time before they would pay \$2 to see another "hugging" match. They blamed the referee and the boxing commission for not taking drastic action, and wanted to know what good it was to issue a warning and then fail to exercise their authority.

Eddie Shevlin Wins Over Lovrie. (Canadian Press Despatch.) Boston, Mass., Nov. 14.—Eddie Shevlin, of Roxbury, won the decision over Bob Lowrie, of Scotland, in a 10-round bout here tonight. He took seven rounds. Shevlin weighed 147 pounds; Lowrie 149.

"Scoops" White, of Worcester, defeated Jack Thomas, of Montreal, in an eight round semi-final. The decision was unpopular.

Tony Mandell, of Worcester, gained an easy decision over Charles Baxter, of Providence, in eight rounds.

JIMMY FRUZZETTI AWARDED DECISION

Outpoints McIntyre in Ten Round Bout in the Arena.

FANS DISSATISFIED Censure Boxing Commission for Not Stopping Bout—Too Much Stalling.

Jimmy Fruzzetti, lightweight champion of the New England States, was awarded a decision over Johnny McIntyre in a ten-round bout staged in the Arena last evening.

The bout attracted more than ordinary interest and as a result a large number of fans were on hand to witness them. The preliminary bout was all that could be desired, but the main bout was a disappointment from many standpoints.

McIntyre's "Clock Announcer" Case went into the ring and informed the fans about the weights of the boxers and the other details in connection with them. He then read a statement from the boxing commission warning the contestants that no stalling would be tolerated and that they must show aggression in every round. In event of a referee deciding that one or the other participants was not trying he was authorized to send him to his room, and the commission said they would either fine him, suspend him or both.

MRS HARRY ROBERTS AGAIN PRESIDENT

Officers Elected by St. John's Church Girls' Branch W. A.

St. John's (Stone) church girls' branch of the W. A. held its annual meeting last night and in spite of the short year was able to meet all of its pledges. The branch in the coming season will send a Christmas box to a country parish, make half of an outfit for an Indian girl and will read the study book, "The Church and the Newcomer." Mrs. Harry Roberts, president, was in the chair last night and Miss Edith Skinner gave the girls a very interesting address, telling of the essentials to a good branch. The essentials, she said, were primarily willingness, cheerfulness, loyalty, love and prayer. She stressed the fact that the girls would get out of W. A. work only what they put in. The officers were re-elected, as follows: President, Mrs. Harry Roberts; vice-presidents, first, Miss Mary Armstrong; second, Miss Greta Fowler; third, Miss Edith Paterson; corresponding secretary, Miss Alice Filley; recording secretary, Miss Agnes Haining; Dorcas secretary, Miss Dorothy Evans; assistant Dorcas secretary, Miss Florence Warwick; and treasurer, Miss Elizabeth Foster.

JOHN PARIS SOUGHT BY N. S. OFFICIALS

A New Glasgow, N.S., despatch of Thursday says: A warrant was issued this morning for the arrest of John Paris, a notorious colored man, who achieved publicity in the Sadie McAnley murder case in St. John. The warrant was issued at the request of Mrs. McDonald, of Halifax, who claims that her daughter, Bertha McDonald, also known as Elinor Bothwick, was abducted by Paris from New Glasgow. According to the police, Paris came to New Glasgow more than a week ago and spent some time here. The girl, who her mother says is about 17 years of age, came up from Sydney some time ago and was befriended by a Spongale family. The mother recently came from Halifax and is at present here. It is rumored that Paris is either in Truro or Mulgrave, and the police are making an effort to locate him.

FORMER ST. JOHN BOY IS SELECTED

Son of the Late Rev. W. R. Robinson is Rhodes Scholar.

Word was received yesterday by Charles Robinson that his nephew, Thomas Hoben Robinson, has been awarded the Rhodes Scholarship for Nova Scotia for 1925. Mr. Robinson is a graduate of Acadia and is at present taking a post-graduate course at Chicago University.

Mr. Robinson was born at Devon, but for the greater part of his life lived in St. John. He is the son of the late Rev. W. R. Robinson, for some years was pastor of the Ludlow street Baptist church.

The young man had a brilliant course at the local High School and won the Governor-General's silver medal for grade 10. At Acadia he made a special study of economics and won the gold medal and a scholarship at Chicago University. In addition to his scholastic attainments he did well in athletics and was one of the main stays of the Acadia football team.

His mother is visiting in Maine at the present time. The new Rhodes scholar was very active in the Sunday school of Ludlow street Baptist church, being a teacher there previous to going to Acadia. As a younger boy he was in the "Trail" Rangers and always was considered an outstanding youth. He was markedly good as a debater.

George Estabrooks, another Rhodes scholar from Acadia, now attending Harvard, was also very active in Ludlow street Sunday school. He was a teacher of the school until the war broke out.

Ludlow street Sunday school is proud that two of her former boys have won such great honors. It was a cherished ambition of the late Rev. Mr. Robinson that his son would some day win this great honor. The young man's uncle, Dr. Allen Hoben, is president of Kalamazoo College, Michigan, and one of the foremost educators in the United States.

MRS. JAS. E. BURKE DIED FROM BURNS

Details of Amesbury Tragedy Come to Mother in Saint John.

News of how Mrs. James E. Burke, formerly Miss Evelyn Gormley of this city, died in Amesbury, Mass., recently, has been received. She succumbed to burns about the face and body, received when her clothing caught fire as she attempted to light a fire with kerosene. The news came to her mother, Mrs. K. Gormley, 26 Brookfield street, and two brothers, William of St. John, and Leo Gormley, now in Amesbury, surprise.

Mrs. Burke and her three-year-old child were in the house at the time. Just how the accident occurred is not known, but as the door of the hall part of the store was open, it is believed a slight explosion occurred, sending the flames out of this door and igniting her clothing. The first intimation that Mrs. Burke had met with an accident was when her screaming was heard as she rushed from the rear door of her home on to a balcony on the second story. Mrs. Joseph Blodden, residing in the house, was attracted to her balcony by the screams, but was too terrified to make any more than a call to the unfortunate woman. Mrs. Burke, with her clothing in flames, rushed downstairs and fell at the feet of her father-in-law, James Burke, who hastily removed his coat and, winding this about the woman's body, extinguished the flames.

An automobile, standing at the curb was commandeered, and Mrs. Burke was rushed to the hospital, but she died a few days later. The funeral was held at St. Joseph's church, Amesbury, where service was conducted by Rev. Joseph Fischer. There was a large attendance. The pall-bearers were William Burke, Leonard Burke, James Burke, W. R. Burke, W. F. Burke and Thomas Burke.

Mr. Burns was 57 years old, and left home when a young man.

CAPT. H. D. FERRIS DEAD.

Poultry was scarce in the country market today as a result of a large number of birds being killed for the Thanksgiving market. Chickens sold for 40 cents a pound and fowl for 50 cents. Rabbits made their appearance today and sold at 25 cents a pair. Henny eggs were hardly obtainable and were quoted at 65 to 70 cents a dozen. The fall vegetables and meats of all kinds were on sale in large quantities. Brussels sprouts sold at 90 cents a box.

WELCOMED.

A buttermilk was brought into the office yesterday afternoon by Miss Muriel Brennan, of Prince street, West St. John. She found the little golden blossom—just one—in her backyard, and it came fresh and lovely from its early home. November buttermilk are quite as pretty as at any time of the year and much more acceptable. This one tiny flower seemed to bring with it a reflection of the sunshine that had given it courage to bloom at so unreasonable a period of the year.

PRESENTATIONS TO REV. MR. LAWRENCE

Masons and Hampton Church Members Honor Clergyman.

A pleasing event took place last evening at a meeting of Corinthian Lodge, F. and A. M., at Hampton, when Rev. C. Gordon Lawrence, who is transferring his membership to a lodge in this city, received an illuminated address on parchment and a gold-headed cane from the officers and members of the lodge. Rev. WAS OPENED JUST TWENTY YEARS AGO

Tomorrow Will be Anniversary of St. John Free Public Library.

"Twenty years ago tomorrow—Nov. 16, 1904—the Free Public Library in Hazen street was opened for use. There was not any formal ceremony, as the commissioners were anxious to place the building at the disposal of the citizens as speedily as possible. The construction was due mainly to the generosity of the late Andrew Carnegie, Pittsburgh millionaire, who agreed to donate \$50,000 toward the building, provided the city would pay \$5,000 annual maintenance costs.

G. Ernest Fairweather was architect for the building; James Myles was the contractor; G. & E. Blake handled the plumbing, while James Hunter installed the electric light fixtures. The first board of commissioners was composed of: Richard O'Brien, chairman; Mrs. W. H. Tuck, Mrs. E. Atherton Smith, Mrs. James F. Robertson, Mrs. R. J. Ritchie, W. H. Hill, Dr. James Christie, Thomas Millidge and Dr. J. B. M. Baxter.

Miss Estelle M. A. Vaughan is librarian at present, while the present board of commissioners is composed of Mrs. G. F. Smith, Richard O'Brien, Duncan G. Lingley, P. E. Hanington, John Willet, K. C., Mrs. James F. Robertson, John Thornton and Mrs. E. Atherton Smith. The library has attained great popularity and its appeal has become a widespread one.

PORTLAND ROLLING MILL IS BEING DISMANTLED

The old Portland Rolling Mills, in Chesley street, once bustling industry, is being dismantled. Years ago this mill employed 283 men and operated both day and night. When a business depression set in some few years ago this once "great hive of industry" was forced to first cut staff and eventually suspend operations. Since then time has not been kind to the old structure and it is now being removed.

The structure was built in 1888, replacing one which had been destroyed by fire. It was owned by James Harris & Company, who operated it for many years. At that time the mill produced bar iron, steel, brass, horse shoes, nails, plates, bolts, spikes and railway spikes. About 1899 the plant changed hands and was taken over by the Portland Rolling Mills, Ltd.

THEFT OF DRESS IS CHARGED; GIRL PLEADS GUILTY

Rose Gould was taken into custody yesterday on a charge of stealing a dress from the clothing store of Nathan Jacobson. She appeared before Magistrate Henderson this morning and pleaded guilty. Sergeant Detective Power asked that she be remanded for investigation. He said Mr. Jacobson had lost two other dresses. Amongst the specialties were solos by Thatcher Townshend, Mrs. Richardson and Miss Ricker; readings by Miss Alice McKim and Miss Myrtle Crawford; and a piano duet by Miss Genevieve Carmichael and Harry Carmichael. During the intermission fudge and home-made candy was served by the young people of the two congregations. The accompanists of the evening were Mrs. G. B. MacDonald, leader of the Golden Chain class, and Miss Irma Schottfeld.

Her two daughters, Charlotte and Dorothy, were dressed in Chinese costume and sang in Chinese, "Gone with the Wind." Mr. Small will occupy Zion Methodist pulpit on Sunday.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I was sitting in the train yesterday and I heard some travelers and other fellows telling where anybody could get booze if they wanted it—an' afore they got through I come to the conclusion that all you has to do is throw a quarter an' down 'I come a drink.'"

"Dear me!" said the reporter. "You surprise me."

"One feller," said Hiram, "was pitchin' into St. John. He said he pe paid fifty cents for a drink here when he could get it for a quarter up to Predickton. Another feller said he had to pay four an' five dollars for a bottle here, when he could get it for three dollars anywhere along the shore from Port Elgin to Shippegan. He said St. John was always grabbin' too much. I guess you better throw down more'n them there harbor fees or folks 'll be passin' you by an' goin' to Predickton or Pokemouche—Yes, sir."
