THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, APRIL 26, 1921

**GOOD THINGS COMING TO THEATRES OF ST. JOHN**

## "OUTSIDE THE LAW" NOTED STAR PROVES TRIUMPH COMING HERE

Unique Theatre Had Capacity Audiences Monday Afternoon and Evening—Hundreds Could Not Secure Admission.

Probably not one of the many attending the Unique yesterday but agreed that "Outside the Law" was more than worth the slight increase in cost of admission. Lon Chaney, who will play the part of the underworld boss, has the most popular actresses on the American stage and is a great favorite with all, especially with young girls.

Mabel Taliaferro, Noted American Actress, Will Be at Opera House on Friday.

It will be of interest to residents of St. John to learn that Mabel Taliaferro, a noted actress and motion picture star, will be here in person at the Opera House as the feature attraction of the week-end programme. She is one of the most popular actresses on the American stage and is a great favorite with all, especially with young girls.

At the age of two years she made her first appearance on the stage in "Blue Jean." Later she was one of the cleverest child actresses with the late James Van Hearn in "Succreases" and with Chauncey Alcott she played various parts and scored success after success. At the age of nineteen she was featured in "The Bishop's Carriage" and also took the leading role in "The Little Princess" and "Loverly Mary." Of recent years she had been in pictures and was head of the Mabel Taliaferro Film Company. In vaudeville she is making a great hit and is one of the sought after attractions. She will appear here on Friday afternoon and remain until Monday night, inclusive.

## IMPERIAL GOSSIP!

Metro drama, especially the lavender-laden drawing room class, always delight Imperial Theatre's clientele. Such a play is to be Wednesday's attraction, but for Wednesday only—a one-day billing. Chaplin in "The Kid" is the big noise for the latter three days of the week. In connection with the Wednesday feature the Canadian Pictorial will show the arrival of Bernardo boys here from England and also a trip through the T. S. Simms, Ltd., brush factory at Fairville.

In spite of the high figure paid for the St. John rights of the latest and best Chaplin-Charlie's first long picture—six-reeler—the Imperial will sell the best seats for the thirty-five cent figure as upon all extra-special engagements. This is a protection against bad weather and high cost of film. The engagements start Thursday.

## UNIQUE HAS A WINNER

"Outside the Law," with Lon Chaney and Priscilla Dean in the leading roles, is doubtless the outstanding picture feature locally this week, and few will want to miss it. The most popular of melodramas will be shown all week at regular hours, and only slightly advanced prices.

## LOCAL NEWS

Ladies' mahogany blouse Oxford, sizes 2-12 to 7. Superior grades, only \$6.65 a pair. Percy J. Steel, 611 Main street.

## GOLD RECEIPTS IN NEW YORK

New York, April 26—Swelling the tide of gold from abroad, six licenses arrived here yesterday with approximately \$2,500,000 in coin and bars consigned to local banks and exporting houses.

Announcement also was made of receipt of gold bars valued at approximately \$7,000,000 and bearing the stamp of the Royal Swedish mint.

In financial circles it was supposed that some of the gold originated from Russian sources, but most of it in Germany, whence Sweden received payments for supplies furnished during the war.

The metal was consigned to the Irving National Bank, Guaranty Trust, National City Bank and the National Bank of Commerce.

**ATTEMPT TO WRECK TRAIN**  
Providence, R. I., April 26—An attempt to wreck a Providence bound passenger train between South Worcester, Mass., and Quinsigamond Jct., by placing a heavy chain across the rails in its path, was prevented early last night when Engineer Gitchell managed to stop his train in time to prevent a derailment. The train was going at about 85 miles an hour when the chain was seen, more than one hundred feet ahead.

## 4-TON MACHINE DROPS TEN STORIES

Crashes Through Eighteen-Inch Sidewalk and Lands in a Basement—Wrecks a Water Main.

A four-ton embossing machine was being hoisted to the plant of the American Lithograph Company on the eleventh floor of the building at 224 Fourth Avenue, New York when the cable broke. The machine dropped ten floors, crashed completely through the eighteen-inch sidewalk, plunged into a basement, where a moment before many men had been at work, and came to a stop only a few feet from the wall of the Lexington Avenue subway.

A large crowd watched the weighty object slowly make its way up the side of the building as far as the tenth floor. Suddenly the cable snapped, and the machine shot downward to the sidewalk with a crash that was heard for blocks. Three workmen, engaged on the job for the Mason Trucking Company of 69 Gold street, had narrow escapes, but no pedestrians were injured as a space had been roped off.

The embossing machine tore a hole in the sidewalk big enough for a coal wagon, and before it brought up in the basement locker room wrecked the city water pipe electric wires and the gas pipes. A ten foot geyser spouted up from broken water main and an emergency call was sent to the police, fire and city repair departments and the police reserves cleared the neighborhood. A representative of the trucking company said that the cable, which was supposed to have been good for ten tons, had been examined and appeared in good condition before the machine was hoisted.

## SUMMER FLOW OF IMMIGRATION FROM MOTHERLAND

Ottawa, April 26—(Canadian Press)—The summer flow of immigration from the British Isles to Canada will begin this week. The first big trans-Atlantic liner, with some 5,000 people aboard, is expected to arrive on Thursday or Friday and she will be followed by four others in rapid succession. Practically all of the homeseekers who are soon to arrive are farmers or good workers and people coming to Canada to engage in farming.

## MIDSHIPMEN ARE TO BE TAUGHT NEW METHOD OF SELF-DEFENSE

Annapolis, April 26—A system of self-defense, made up from various sources, including Jiu Jitsu and the French savate, but based mostly upon methods used by the police forces in the large American cities, will be taught to all midshipmen at the Naval Academy, beginning with the new class to be formed this summer. The instructor is to be Frank Lynch, formerly a noted professional wrestler and later a member of the police force of Baltimore. Lynch introduced many of his holds and breaks while a policeman in Baltimore, and they have stood the test of practice application. A great many of them are punishing and the midshipmen will be made to understand that they are for use only as a last resort.

## BRITISH BREAK ALL PRECEDENTS TO DISPOSE OF DIVORCE CASES

London, April 26—Precedents in English court procedure are being broken in an effort to dispose of a list of seventy divorce cases before the Whit Sunday. A few days ago Lord Birkenhead heard more than twenty cases, this being the first time the Lord Chancellor ever sat as a divorce court judge. Another unprecedented move to clear the courts of cases that have been long awaiting a hearing was made today, when five judges, including the Lord Chancellor, disposed of 102 undefended petitions, ignoring the usual Saturday court holiday. The judges worked in relays, the first trying 22 cases and the others 20 each.

When this list was finished there remained for hearing 1,315 in all cases. To expedite their handling it is intended to continue the Saturday sittings for several weeks.

## TRACK OFFICIAL HAS STARTED 2,000,000 RUNNERS FROM MARK

John J. McHugh, the official starter of the Public Schools Athletic League, has established a record that, while not officially listed in the athletic almanacs, is probably unique in the annals of sport. McHugh has been starting track events for the last twenty-two years. Every prominent runner in this country and many other leading foreign stars who have flashed across the athletic horizon for nearly a quarter of a century have been sent off their marks by him. It is impossible to figure accurately just how many runners he has started, but a conservative estimate places the number at 2,000,000. To accomplish this feat it has been necessary to use about 10,000 rounds of ammunition. And he is still going strong.

## Manitoba Estimates

Winnipeg, April 26—Capital expenditure estimates aggregating \$3,270,000 were put through by the legislature last night. They were in connection with the telephone service, the power transmission scheme, the lignite utilization board and public institutions.

Pa harps about moderation, but there's nothin' doing when I'm eating  
**POST TOASTIES**  
SUPERIOR CORN FLAKES  
—says  
Bobby

**BELGIAN ELECTIONS.**  
Brussels, April 26—The women vote cast for the first time in Belgium is credited with the major share in the Conservative victories in Sunday's elections. Fairly full returns indicate that the Catholic party, which counted upon the women, has definitely lost its position as the strongest party. The communist candidates were heavily defeated.

## DOOMED MAN GOES CRAZY

Brooklyn Man to Be Taken From Death House to Danmore

Ossining, April 26—Frederick Wilhelm Lehman, a Brooklyn murderer who is kept in a padded cell outside the Sing Sing death-house because of his ravings, has been adjudged insane by the Lunacy Board. Keepers are expecting an order from Albany to transfer him forthwith to Danmore's State Hospital for the insane.

Under the law, Lehman cannot be executed while insane. Lehman has been in the death-house over five months. He was sentenced by Justice James Crosey in Supreme Court in Kings County last October for the killing of Whitte Hurst, a grocer, of 173 Woodbine street, Brooklyn. Lehman shot and killed Hurst in an altercation over a milk can in the death-house the prisoner developed a mania for writing love letters.

## TRURO PLEBISCITE

Truro, N. S., April 26—Ratepayers tonight voted to borrow on capital account sums totalling \$14,400 for extensions of sewers and drains, water extensions and a concrete bridge in Brunswick street. They turned down by large majorities the following proposals to pay for electrical machinery already purchased, \$11,000; to purchase additional electrical machinery, \$20,000; to purchase gasoline engine for stone crusher, \$2,000.

## PROVINCE MUST PAY INTEREST

Dominion Notification to Saskatchewan re G. T. P. Branch Line Securities.

Regina, Sask., April 26—The dominion government will not provide the funds necessary to meet the interest payments on Grand Trunk-Pacific Railway branch line bonds guaranteed by the Saskatchewan government which fall due on May 1, according to word received from Sir Henry Drayton, minister of finance.

The reason given is the present uncertain status of the government's negotiations for the acquisition of the Grand Trunk Railway.

Arrangements have been made by the provincial treasurer to meet the interest on the bonds.

## FOR RELIGIOUS TEACHING IN THE PUBLIC SCHOOLS

Recommendation for Ontario At Meeting of Synod of Diocese of Huron.

London, Ont., April 26.—A definite course of religious instruction for teaching in the public schools of Ontario will be recommended at the sixty-fourth session of the synod of the Diocese of Huron, to convene here on May 3. The report of a committee, prepared by Rev. Canon Sage, proposes that the following four subjects be made compulsory: The four gospels, the Lord's Prayer, the apostles' creed, and the ten commandments.

## OLD MAN CLAIMS NEW YORK LAND WORTH MILLIONS

New York, April 26—Suspension of excavations for office buildings on Washington Heights land occupied by Wilfred Moloney, claimant to \$500,000,000 worth of lots at 194th street and Broadway, left him last night with a roof over his head. With his son and daughter, the eighty-four-year-old man has occupied a tarpaper covered shack on the land which he claims should be his as heir to a grandfather who once owned all the land in sight at that point. For several years he has fought action on the part of other claimants to erect homes and buildings, but the highest state court recently ruled against him.

Yesterday, law books in hand, he declared he would not forcibly resist operations, but if his little shack was molested by bulldozers, he promised to renew legal action in another attempt to save his home.

## MANY IRISH TO UNITED STATES

New York, April 26—Irish immigrants are again coming to the United States in numbers suggestive of the days before the great war, according to figures for the third class list on the White Star liner Celtic, which arrived here yesterday from Liverpool.

Out of a total of 1,315 in the Celtic's steerage, 881 were Irish, 152 English, 98 Scotch and four Welsh, a total of 1,180 from the British Isles.

## WORK OF MASTER SOLD FOR SUM OF ONE DOLLAR

Philadelphia, April 26—At a rummage sale here, a cook purchased an old picture of a green tree on which birds of many species were perched. The picture, who sold it to her, informed her that the frame probably was worth the dollar she paid. On the way home the cook stopped in at an art shop thinking she might sell the frame.

"That picture is a genuine John James

## Store Your FURS

If you store your furs during the summer with MAGEE'S your mind is free from the worry that moths may get in them and do damage that will take dollars to repair.

We have moth-proof rooms and take full responsibility. Our charge is only 3 per cent of whatever value is put on the furs. Let us get yours.

Townsend Piano Co., Limited, 64 King street, St. John, N. B. Open this evening.

**START AFOOT ON LONG JOURNEY**  
Mother, Ten-Year-old Girl and Babe From Baltimore to Indiana.

New York, April 26—Mrs. Mary Allen and a baby carriage she is trying to chauffeur into Wabash Ind. headed into Elizabeth, N. J., in a cloud of dust. In it was a youngster, a suitcase and pack of sandwiches. Beside it plodded the girl. For Mrs. Allen is out to demonstrate that the way to beat adversity is to swap cloths with ill fortune and grin at though you liked it. She is 84 years old, sturdy and cheerful. Several weeks ago her husband, ill of tuberculosis, was sent to a sanitarium. That left his wife and their two children, Lillian, aged 10, and Robert, three, without support. They decided to leave their home in Baltimore.

Mrs. Allen sold the household furniture and invested in a baby carriage, and wrote her brother, Charles Gray of Wabash, Ind., that she was going to make her home with him, but didn't let him know her mode of travel.

On April 18, Mrs. Allen and her children set out, first for New York to visit her sister, the baby, a suitcase and sandwiches in the carriages, Lillian walking with her mother. They got to New York, only to learn that Mrs. Allen's sister had moved to Chicago, so they took the road again for Baltimore last Monday.

On Tuesday they got to Rutherford, where they spent the night on a houseboat. They went broke in Rutherford, buying sandwiches. Wednesday they walked into Newark, penniless and hungry. For the youngsters' sake, Mrs. Allen appealed to the 6th precinct police station. They were put up for the night and supplied with sandwiches.

The party started again for Elizabeth, accompanied part of the way by reporters. Just outside Newark an automobile scraped the baby carriage, tearing off a wheel. It was adjusted by a reporter and Mrs. Allen and her youngsters reached Elizabeth police headquarters to put up for the night.

It is her plan to sell the carriage and invest in a small express wagon, which could more easily be carried in automobiles. John Struble, an Elizabeth mechanic, was having a hard time trying to induce Mrs. Allen to accept a loan with which to pay her fare to Wabash. Elizabeth policemen urged her to accept the offer, but Mrs. Allen said she would think it over during the night.

On learning of Mrs. Allen's plight Mayor Victor Mraving of Elizabeth directed the police to find a lodging house for the woman and children, and added that he would try to arrange today for Elizabeth policemen to take her to Wabash, the family's passage to Wabash by train.

**Engagement Announced.**  
Mr. and Mrs. Andrew McPherson of Dorchester announce the engagement of their daughter, Margaret Eleanor Russell, to Lieutenant George Reid Clifford of Brockton, Mass. The marriage to take place early in May.

**Have Arrived in England.**  
Letters received from Mr. and Mrs. R. W. McLellan of Fredericton announced their safe arrival in Liverpool on April 11, after a splendid trip across. Mr. and Mrs. McLellan were planning to go direct to France with friends.

**WATERMELONS**  
2 WEEKS EARLY  
Selling in New York at \$1.25 to \$2.50 Each Wholesale—Wide Margin in Prices of Fruit and Vegetables.

The first shipment of Florida watermelons for this season arrived in New York City last week and met with ready sale at from \$1.25 to \$2.50 apiece wholesale. The consignment was about two weeks earlier than last year. Strawberries are now arriving in liberal quantities from the nearby points, and the hilly section of North Carolina, and also from other points along the coast in that state and Virginia. The strawberries are generally selling for from fifteen to twenty-five cents a box wholesale.

The wholesale markets are reported flooded with fruits and vegetables, many of the latter from nearby points, and while the wholesale prices are very low, the consumer continues to pay high prices, according to Mrs. Louis Reed, Wein Miller, deputy commissioner of public markets. She said she did not know where the blame lies for this condition, but did know that large quantities of food are not finding any market at all. The comparison of wholesale prices issued by the state division of foods and markets for this year and last year shows that virtually all items are considerably lower in price than twelve months ago.

**WILL ADD STOREY TO REFORMATORY**  
It was practically decided at a meeting of the commissioners of the Boys' Industrial Home held yesterday afternoon in the office of the mayor to award the contract for the additional storey to the home. This storey, which will be added to the present building, will provide more accommodation for dormitories purposes as well as a school room and workshop. It is expected that the contract will be awarded in a few days.

Mayor Schofield presided and others present were James Miles, W. S. Fisher and A. J. Parker, secretary. Hon. W. E. Foster and H. H. Mott, other members of the board, had given their consent to the contract before leaving the city.

**PRODUCE MARKETS.**  
Moncton Transcript, Saturday.—Butter sold today at 85 and 60 cents. Eggs were sold at 17, 18 and 19 cents, today's prices. Beef, 12 and 10 cents. Pork 22 and 23 cents by the carcass. Potatoes, 75 cents per bushel.

Fredricton Gleason, Saturday.—Market prices today were—Eggs, 25 to 30 cents; butter, 30 to 35 cents; veal, 10 to 20 cents; pork, 18 to 20 cents; beef, 12 to 16 cents; fowl, per pound, 45 cents; ham, 28 to 30 cents; gaspareaux, per dozen, 60 cents; potatoes, per barrel, \$1 to \$1.25; carrots, \$8.00; beets, \$2.00; live pigs, each, 7¢; loose hay, per ton, \$30.

**TESTING FOR THIRD TIME.**  
Augusta, Me., April 26—William J. Crane, 97 years old, is "teething" for the third time in his life. Teeth are gradually working up through the gums, with four teeth already in sight.

**PUBLIC HEALTH MEETING HELD IN RAILWAY CITY**  
Moncton, April 25—Hon. W. F. Robertson, minister of public health; Dr. Gordon Bates, of Toronto, and Dr. Alexander Fleisher, of New York, addressed a meeting held here this evening in connection with the health week campaign now being carried on in this province.

Mayor A. C. Chapman presided. Much interest was shown in the campaign not only at tonight's meeting but on Sunday afternoon as well when addresses were delivered by Col. Amyot, of Ottawa, and N. L. Burnett, of Toronto.

A committee was chosen at tonight's meeting to nominate officers for the proposed New Brunswick branch of the Canadian National Council for combating venereal diseases.

**PICKED BY VOICES.**  
Kansas City, April 26—Men are judged by their votes in the selection of a jury in the Wyandotte County District Court in a case in which Samuel Duncan, 68, blind musician instructor, was plaintiff. He instructed his attorneys to reject some who he said had hard, unmusical voices and would not be just, and to accept those whose voices he described as kindly.

**MADE IN CANADA AND HEALTH WEEK AT THE M. R. A. LTD. STORES.**  
The M. R. A., Ltd., stores are making special exhibits this week of Made-in-Canada goods. Their entire window spaces are taken up with these displays and will prove most interesting to passers-by.  
Especially worthy of attention is the exhibit of oldcloths and linoleums and specimens of the different materials used in their making. This display is in the lower Germain street window.  
**HEALTH WEEK ALSO SUITABLY OBSERVED.**  
A very profitable illustrated lecture on "The Proper Care of Infants" was given on Monday and Tuesday mornings, by a member of the Victorian Order of Nurses, under the auspices of the provincial board of health. This talk will be repeated on Wednesday and Friday afternoon from three to four, and on Thursday morning from eleven to twelve. Much valuable information can be gained from this lecture—knowledge that in the future may mean the saving of a child's life. Ladies are all invited to attend. Given in the costume department, second floor.

**REVIVES CUREFUL.**  
Chicago, April 26—Chicago has revived the curfew law of Anglo-Norman times. The City Council has passed an ordinance making it illegal for children under sixteen to be on the streets after ten unless accompanied by parents or guardians.

**EGG WITHIN AN EGG.**  
London, April 26—An extraordinary egg has been laid by an ordinary hen belonging to Farmer Brown at Ashley Green. The egg weighed seven and a half ounces, and contained a second perfect egg inside.

**WOULD JOIN IN SEAMEN'S STRIKE**  
(Canadian Press Despatch)  
New York, April 26—Andrew Furuseth, president of the International Seamen's Union, announces late today that 45,000 seamen embraced in his organization would join the strike of 28,000 marine engineers called earlier in the day for May 1 after negotiations had been broken off with the American Steamship Owners' Association.

A few minutes later Mr. Furuseth announced that the seamen also would join the engineers and firemen in a strike if wages were cut May 1. The three unions of engineers, firemen and seamen claim a membership of approximately 175,000 men.

**TIME CHANGES ON CANADIAN NATIONAL LINES**  
Effective May 1 New Time Table Will Be Issued—Sunday Train to Moncton—Double Service to Prince Edward Island.

Changes of time schedules effective May 1 on the Canadian National Lines affect only a few of the trains in and out of St. John station.

The double daily service to Prince Edward Island will start on Monday, May 2, and connections for the first trip of the steamer will be by No. 18 train leaving at 7:10 a. m. and connecting at Seckville with train for Tormentine leaving at 1:15 p. m. No. 14 train, which will leave at 1:30 p. m. instead of 1:40 p. m. will connect at Moncton with No. 2 Ocean Limited, and connections made at Seckville with train for Tormentine leaving at 6:25 p. m.

No. 18 train from Halifax and Moncton will arrive at 5:30 p. m. instead of 5:38 p. m. No. 19 train, the Maritime express, connection from Moncton, will arrive at 1:45 p. m. instead of at 1:15 noon.

The Sunday trains between St. John and Moncton will be reduced. No. 59 will leave St. John (Sunday only) at 9:30 a. m., arriving at Moncton at 5 p. m., making all local stops. No. 49 will leave Moncton at 6:45 a. m. and arrive in St. John at 8 p. m. These trains afford connection at Moncton on Sundays with the Ocean Limited both for Moncton and for Halifax.

Other trains are unchanged. The suburban trains will run one hour earlier on and after May 21 on account of the daylight saving time.

**DUEL BETWEEN EAGLES.**  
London, April 26—Two eagles fought a duel to the death at Inverary. Within a few yards of a road a boy saw the fight. One of the birds fell dead. The other with beak fast in the victor's throat, stood triumphantly on the victim's breast. The victor was so badly injured that it could hardly arise from the ground, but managed to escape.

The Board of School Trustees of the City of Moncton will receive tenders up to 12 o'clock noon of May 2nd, 1921, for a \$50,000 issue of School Bonds payable in fifteen years with interest at six per cent per annum, payable half yearly. The highest, nor any tender not necessarily accepted.

The Evening Times and Star

ST. JOHN, N. B., APRIL 26, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act...

THE SHAUGHNESSY PROPOSAL

Lord Shaughnessy desired that his proposal regarding the government railways of Canada should be given to the public. Premier Meighen saw no objection, and the public now has the matter before it.

The constant demand for additional mileage, the recurring necessity for providing second tracks, larger stations, shops, yards and more cars and locomotives, to cope with the enormous traffic, involve expenditures that are almost startling, but we cannot afford to stop.

THE BRITISH BUDGET

It will be observed that the United Kingdom is not yet going to the "demolition how-wows." The budget presented in parliament by Mr. Austen Chamberlain, chancellor of the exchequer, yesterday, showed financial results for the year that were, to use his own expression, "satisfactory."

SQUARE DEAL WANTED

Mr. Molloy, M. P. for Provencher, Manitoba, said the other day that he was not impressed by the assertion that the west owed anything to the east.

The public health campaign is progressing well throughout the province, which is to be linked up with the federal health department in matters relating to child-welfare, tuberculosis and social hygiene.

The miners and mine owners are in conference in London, with Lloyd George presiding, and trying to arrive at a working agreement. The chances of success are improved by the developments of last week.

The women voted for the first time in Belgium on Sunday, and they are credited with the major share in a victory for the Conservative element.

Canada's trade in March was \$79,861,870 less than in the corresponding month last year, due chiefly to a falling off in the value of imports.

IN LIGHTER VEIN.

A newly married couple were entertaining their friends, and among the guests was a son who almost made him extremely objectionable to the rest of the company.

"Why are you so sensitive?" he asked. "I'm not sensitive," she replied. "But you haven't said a word for 20 minutes."

"Well, I didn't have anything to say," "Don't you ever say anything when you have nothing to say?"

"No," she said. "Will you be my wife?" he asked. "Have you any clean shirts in your shop?"

"Sure, I have," answered the clothing man, anxious for a sale. "Lots of them as clean as anything."

"Well," said the man, moving away, "go in and put one on them."

Reformed Rules. As we understand the efforts to purify modern dances, the hall-Nelson and scissor holds are to be barred—Canton (Ohio) Repository.

Good At It. "We women bear pain better than men." "Who told you that? Your doctor?"

"No, my shoemaker," Karivaturon (Christians).

Doing Him a Favor. A man who had been running a dubious business failed, and at a meeting of his creditors all but one agreed to accept his four-months' note for ten cents on the dollar.

The man said: "Well, now, I should like what's coming to me."

"Oh," replied the creditor, "you won't get anything any more than the others."

"But I thought I was a preferred creditor."

"So you are. These notes won't be paid when they fall due, but it will take the others four months to find it out—you know it now, so you see you are preferred."—Boston Transcript.

TAX EXEMPTIONS

(Montreal Herald). The Citizens' Research Bureau has issued a bulletin in regard to exemptions from taxation in Canadian municipalities by every which is worth careful scrutiny by the student of civic government—and that should mean all citizens.

The supply of the wants of municipalities and the solution of the many problems of modern municipalities call for ever-increasing services, and by municipal bodies.

How to meet these demands and keep the tax rate within reasonable limits even as follows:—

The heavier the tax burden, the more reason for the tax is distributed in conformity with the principles of equity and justice.

BLOWS AT JOHN BARLEYCORN

The Fight By Rounds—Story of the Anti-Liquor Campaign from Earliest Temperance Moves in Canada.

It is interesting to recount the various steps in the progress of prohibition throughout Canada, since the inception nearly one hundred years ago, in the scattered settlement of the young colony, of the movements against intemperance in the use of intoxicating liquor.

Organized Temperance. Organized temperance reform in Canada began early in the 19th century. Starting with a few individuals, it was not long before these had banded together as a "Band of Hope," "Blue Ribbon Club," or a temperance lodge was to be found in almost every village.

Women and Churches. The churches, through the young people's societies, were swung into line and finally superseded the temperance societies. In 1874 the Women's Christian Temperance Union was organized in Canada, and with the fraternal societies stood for legislative action as well as moral suasion.

Milestones of Progress. One of the earliest anti-liquor laws in Canada was enacted in New Brunswick in 1855. This prohibited the importation, manufacture and sale of intoxicating beverages.

1864—Dunkin Act. The next stage was the passing of the Dunkin Act in 1864. This act gave to counties, cities, towns and villages of Ontario and Quebec authority to legislate the retail sale of liquor within their respective limits.

1875—Dominion Royal Commission. 1876—Formation of Dominion Alliance. 1878—Canadian Temperance Act (Scott Act).

Canada Temperance Act. When Nova Scotia and New Brunswick were federated with Upper and Lower Canada in 1867 there arose a question as to the relative extent of Dominion and Provincial power in enactment of prohibitory legislation.

Called the "Scott Act." The Canada Temperance Act, popularly known as the "Scott Act," enabled the electors in a county or city to prohibit, by vote of the electors, the sale of intoxicating liquors within their boundaries, except for medicinal, sacramental or industrial purposes.

1892—Royal Commission appointed, Manitoba plebiscite. Majority for prohibition, 18,222.

1893—Prince Edward Island plebiscite, Majority for prohibition, 7,228.

1894—Ontario plebiscite. Majority for prohibition, 41,169. Nova Scotia plebiscite. Majority for prohibition, 81,401.

1895—Report of Royal Commission, 1898—Dominion plebiscite. Majority for prohibition, 18,225. Dominion Plebiscite.

In 1898 the Federal Government decided to test public opinion on the question of prohibition by a plebiscite. This resulted in a majority in favor of prohibition in eight of the nine provinces.

1900—Prince Edward Island adopts prohibition. 1902—Manitoba referendum majority against prohibition 6,857.

1902—Ontario Government introduced an Act similar to the Manitoba Act. A referendum vote rejected the Act, the favoring majority being short of the 218,738 required majority.

Interest revived. Interest in the prohibition movement revived in Ontario and Quebec and by the year 1916 there were 672 municipalities in Ontario under local option.

1915—Saskatchewan passes partial prohibition; establishing dispensaries. Alberta votes prohibition. Majority 21,708.

"DURO" 99% Pure Aluminum Combination Cooker. This Cooking Set has more uses and advantages than any similar set on the market. The cut shows the complete Cooker and the eleven practical combinations which can be formed from it. The Set Sells Regularly at \$6.00. Special Introductory Price for One Week Only \$4.00. McAVITY'S

The Kitchen is the Key-Note of Comfort in the Home. If you want the best in your home, start in the kitchen by installing an Enterprise Range. The time has now come when you can afford to buy that new Range you have needed so long, as a reduction in prices has just been announced by the makers, which we are passing on at once to our customers. We invite every one interested to come in and look over our extensive stock which it is a pleasure to show. Emerson & Fisher Ltd. 25 GERMAIN STREET

SOME TIMES. You need a good hot stove with a coal fire, but very often a gas range is handier and more convenient. When you get both combined in one stove and the gas range equipped with a self-starter you have a pretty nice outfit. Don't you think so? So before deciding on that new range call and examine THE "SIMPLEX" COMBINATION. Let us demonstrate it for you. The McClary Manufacturing Co. No. 221-223 Prince William Street.

Saskatchewan votes out dispensaries. Majority 71,688. Nova Scotia Legislature passes prohibition. Halifax Dry.

In 1916 Halifax became "dry" and thereby put the whole province under prohibition. In 1917 the new provincial law went into operation in New Brunswick and the electors in 1920 voted in favor of the retention of the law, and voted against the sale of light wines and beer.

In 1916 the Ontario Temperance Act was carried by unanimous vote of the members of the Legislature and went into effect the same year. The electors of Ontario in 1919 voted on the continuation of the act and sustained it by a majority of 407,789.

The Manitoba Legislature in 1915 passed a prohibition act, subject to ratification by the people. This was done on, passed and went into operation in 1916. Alberta came under the "dry" banner in 1916, while the sister province of Saskatchewan followed in 1917.

1917—Union Government announces prohibition policy. British Columbia Legislature passes prohibition. 1918—Dominion Government passes prohibition order-in-council, Quebec passes partial prohibition. Yukon Territory Council passes partial prohibition, established dispensaries.

1918—Quebec vote to allow beer and wine. "Yes" 178,112; "No" 48,413. Ontario Referendum—Prohibition sustained. Majority 406,676. British Columbia Legislature in 1916 passed a prohibition bill. This was approved by popular vote and went into operation in 1917.

War Period. Quebec, the only remaining "wet" territory in Canada in 1914, passed a prohibition measure in that year. This law remained in force for only one year, a referendum vote in 1919 favoring the sale of light beer, cider and wine.

During the war, when every province but one had enacted a prohibitory law the Federation Parliament supplemented

the provincial laws by war-time order-in-council. Appeals were made to Parliament by the prohibitionists, endeavoring to have the war-time measures made permanent. This resulted in an amendment to the Canadian Temperance Act being passed.

On October 23rd the electors in Nova Scotia, Saskatchewan, Manitoba and Alberta voted in the affirmative on the ballot: "Shall the importation or bringing of intoxicating liquor into the province be forbidden?"

PROVISIONAL GOVERNMENT OF TIUME HAS RESIGNED. Rome, April 26—Probably the biggest omelette on record was mixed on the Alto del Leon road, a short distance from Madrid, when a motor-lorry with a load of 150,000 eggs shuddered and fell into a ravine.

BIGGEST OMELETTE YET. Madrid, April 26—Probably the biggest omelette on record was mixed on the Alto del Leon road, a short distance from Madrid, when a motor-lorry with a load of 150,000 eggs shuddered and fell into a ravine, was injured, together with the chauffeur.

WATERBURY & RISING, Ltd. THREE STORES

RECENT WEDDINGS

A quiet wedding took place on Wednesday afternoon, April 20, at the manse, Wright street, when the Rev. R. Moorehead Legate united in marriage Ruby, only daughter of Mr. and Mrs. J. Dolphin of Britain street, to Cecil Rhodes Bellie, of Passaic, Kings county.

Miss Ottilia Amelia Triebel and David Alexander Kennedy were married on Tuesday afternoon at the bride's home, 24 Victoria road. The bride is the daughter of Mrs. Theodore Triebel, of Greenfield (Mass.) and the bridegroom is the son of the late James Kennedy, of St. John. The Rev. Dr. John E. Johnstone, pastor of the First Presbyterian church, performed the ceremony.

RECENT DEATHS

Word was received in Moncton yesterday that Mrs. George B. Gross, formerly Mary Wallace, daughter of the late John Wallace, M. P. for Albert, died at her home in Vancouver. Her body will be brought to Hillsboro for interment.

Mrs. Nellie Archibald died at the home of her son, G. Grassie Archibald, editor of the United Farmer, Moncton, yesterday. She was a daughter of the late Col. Samuel Clark of Hopewell, Albert county. Interment will take place tomorrow in Truro.

SMALL GIRL BABY.

Omaha, April 26—Perfectly formed, but weighing only 22 ounces, a baby girl so tiny that it could be cuddled, blankets and all, in the nurse's two hands, was born here to Mr. and Mrs. Michael A. Regan. The physician in charge says that it has a chance to live.

MAINE'S FIRST WOMAN IN JURY BOX EXCUSSED. Text: 'Legal Doubt Over Validity of Act Before July 8. Auburn, Me., April 26—Mrs. Georgia Fenderson, the first woman called to serve on a jury in Maine, reported with the other jurors for the Supreme Judicial Court, but was excused before the court opened. The last Legislature amended the statute relative to the jury box by adding "no person shall be disqualified by reason of sex." This amendment does not become law, however, until July 8 next, 90 days after its approval, and there is some question, whether until that time a woman can legally serve. Mrs. Fenderson was willing to serve if she had to, but did not wish to if she could avoid it, consequently Judge Hanson excused her so that no question might arise concerning the legality of her service.'

FRENCH HAVE "CARRIED COAL TO NEWCASTLE". Text: 'Paris, April 26—"Carrying coals to Newcastle" hitherto held as about the most futile thing on earth, has actually been accomplished by a firm of French exporters, who sent a direct shipment last week. The coal was shipped not only to Newcastle but also to Cardiff, the centre of the South Wales coal fields, in response to an urgent demand by English industries that were suffering on account of the coal miners' strike in England.'

All the newest colors are included in our stocks. (Costume Section—Second Floor.)'

BIG SURPLUS IN THE FINANCES OF GREAT BRITAIN. Text: '(Canadian Press Despatch) London, April 25—Austen Chamberlain, former Chancellor of the Exchequer, taking the place of the present Chancellor, Sir Robert S. Horne, presented the budget in the House of Commons today. His leading feature, removal of the excess profits duty, was announced some time ago. The Chancellor's estimates of revenue and expenditure of a year ago have been borne out with remarkable accuracy, a surplus of £280,000,000, only about £4,000,000 under the estimated surplus, being recorded. Debt Wiped Out. The debt to Canada had been reduced by £20,000,000 in the year, while all debts to Japan, Spain, Argentina, Uruguay and Holland had been wiped out. He emphasized the importance of reducing the external debt, because it interfered with exchange and trade, and announced as a remarkable achievement that in two years the external debt had been reduced by £200,000,000.'

The Selling of House Furnishings of all kinds at Special Prices for this Week Only. Text: 'Everything for brightening up your home and replenishing your linen closet. You will surely be interested in the pretty materials, draperies, etc., as well as in sheets, slips, damask, towels, at their unusual low prices. Also all sorts of women's wearing apparel for Spring house work. Remarkably attractive garments at new saving prices. F. W. Daniel & Co. London House Head of King St.'

MORNING NEWS OVER THE WIRES. Text: 'Owing to disturbances created in the Newfoundland legislature yesterday the speaker was forced to adjourn the sitting. Leaders of both sides of the house were later in conference for the purpose of drawing up a rule for admission to the legislative hall by ticket only. Four arrests were made in Toronto yesterday as the result of a clash between the police and an army of unemployed which had gathered on the lawn in front of city hall. Deputy Chief Geddes ordered the crowd to disperse, and when they did not herd him he ordered the grounds cleared. A memorial service was held last Sunday at All Saints' church in St. Andrew's in honor of the men in the congregation who fell in the great war. Presbyterian, Methodist and Anglican ministers took part in the service. The veterans paraded to church under Lieut. Frank Grimmer, M. M. Senator George W. Fowler has gone to Hopewell Cape to defend O. Galus Steeves, charged with the murder of his wife and children, whose trial is expected to begin this week.'

LEFT SIDE NAP KILLS MOLL. Text: 'Heart Cramp Causes Death of Pet Elephant in Boston Zoo. Boston, Mass., April 26—Molly, the pet elephant of the children of Boston, is dead at the Franklin Park Zoo. She, with her two companions, Waddy and Tony, had been exhibited all over the world. The trio made such a hit when shown in Boston that the children raised enough money to buy them and present them to the zoo. Molly killed herself. Usually she slept on her feet, but once in a while she would lie down for a nap. Invariably she would lie on her right side when so doing. For some reason when Molly decided to lie down for a nap Thursday night she elected to lie on her left side. She never got up. The trumpeting of Molly's companions Friday morning gave the Zoo authorities their first intimation that all was not right in the Elephant House. They found Molly struggling on the floor in frantic efforts to raise her 4 1/2 ton weight to her feet. She could not do it, the heart cramped by the all night nap was too weak and finally Molly fell dead. The skeleton will be presented to the Agassiz Museum at Harvard University as the skin is in such shape that stuffing was deemed inadvisable.'

MOIR'S Chocolates. Text: 'THE rich, luscious contents of a box of Moir's do not need even the charms of a pretty girl, to herald their attractions. The eye and palate are alike delighted with what they find therein. MOIR'S LIMITED HALIFAX. W. J. WETMORE, Agent 91 Prince William Street, St. John, N. B.'

SEAL BRAND TEA. Text: 'may truly be termed the drink of economy. All tea is cheap, but the best tea is cheapest. Three hundred cups of piping hot delicious beverage can be made from a single pound of Chase & Sanborn's Seal Brand Tea. For refreshment, for mild stimulus and sheer enjoyment of the delightful fragrance and flavor, drink Chase & Sanborn's Seal Brand Tea. In pound and half-pound cartons. CHASE & SANBORN, Montreal, Que. 16'

# Purchasing a 30 X 3 1/2 Tire

**S**UPPOSE everybody in Toronto and Montreal wanted an automobile ride at one time. The Canadian cars running on 30x3 1/2 clincher tires would carry them all. In Alberta and Saskatchewan the entire population could find a seat in the same cars.

This is a tremendous number of cars. And over half of them left the factory on Goodyear Made in Canada tires.

Such enormous production means experience and specialization. It creates unequalled skill in the manufacture of this type of tire. It insures greater value in the tires you buy.

## Goodyear All-Weather Tread 30 x 3 1/2

All-Weather Tires are All-Wheel tires—rough and tough to resist skidding through thousands of miles.

Made in Canada in increasing numbers for ten years. The largest selling 30 x 3 1/2 tire in the world.

## Goodyear Non-Skid Tread 30 x 3 1/2

This new Goodyear Tire has been tested on hundreds of thousands of cars in the United States. It is now made in the big Goodyear factory at New Toronto, Ontario.

Non-skid tread of perpendicular bars with sturdy rib in the centre. Full Goodyear quality—husky construction—the most durable tire in its price class.

# 32 X 3 1/2, 32 X 4 to 40 X 8

Six, seven and eight inch Goodyear pneumatic tires are now made in Canada. Being made for trucks, they must be unusually strong and sturdy. They must give long mileage. They must save gasoline. They must save wear-and-tear on the truck. So they are all Cord Tires.

Most owners of medium and large automobiles use cord tires also in 4, 4 1/2 and 5 inch sizes.

They, too, want the gasoline saving, mechanical protection, long mileage, and safety of Goodyear All-weather Tread Cord Tires.

Most cars over \$2,000 are sold with Goodyear Cord Tires. Most of these cars continue on Goodyear Cords throughout their life. They are the logical tires for you to buy for a season of real motoring economy.

## Over 4000 Goodyear Canadian Dealers

### INDIAN PRODUCTS EXHIBIT COMING

Will Be Held at Trade Commissioner's Offices in Montreal in July.

(Montreal Gazette.) Arrangements are being made by Capt. J. Edwards, H. M. senior trade commissioner for Canada and Newfoundland, for an exhibition of raw products in India, which will be shown at the commissioner's offices in St. James street during July. A cable was yesterday received by Capt. Edwards from the director-general commercial intelligence of the Indian Government at Calcutta, stating that he had arranged for the collection and forwarding to the trade commissioner's office here of a representative collection of samples of Indian products. These will consist primarily of raw materials, used in Canadian manufacturing work, such

as, hides, skins, jute, hemp, kapok, oil seeds, certain chemical products indigenous to India, tanned stuffs, lace, chicle work and a number of other purely Indian products. These exhibits are being sent here by the Indian government, at the suggestion of Capt. Edwards, with the object of increasing trade between Canada and India. The materials for these exhibits are being supplied by a number of Indian firms, both British and native, with the idea of booming Indian trade generally, and not of advertising any particular firm.

To Increase Trade. Capt. Edwards said yesterday that now there was a direct service between Canadian ports and India, through the Canadian Government Mercantile Marine and other lines, there should be an

**Smoke T&B**  
The name which stands for quality

excellent opportunity for increasing trade between the two countries, with mutual benefit, and for the advancement of inter-imperial trade.

He expected that the exhibit would arrive in Montreal early in July, when it would be arranged in the exhibition rooms attached to the offices of the British trade commissioner in St. James street. He also stated that he had received a large amount of literature regarding the Indian trade, which would be available for merchants interested in this work. The exhibit will be continued in Montreal for a month, for the benefit of merchants in this province. Following this it will probably be forwarded to Toronto and Winnipeg, both of which cities have been anxious to see the exhibit.

Captain Edwards said he hoped that advantage would be taken of this exhibit by merchants interested in this trade, and to that end he was securing as full information as possible regarding the raw products and sources of supply in India as applied to Canadian industries, so as to be able to give manufacturers here full information regarding the materials they might need. "The whole idea of this exhibit," said Capt. Edwards, "is to increase the interchange of trade between Canada and India, working along the lines of encouraging trade within the empire."

notification that a number of British manufacturers were planning to visit Canada during the coming summer, with a view to looking up mutual trade. In addition to this several large British firms were planning to send representatives to Canada this summer with a view to establishing branch factories in

### FRANCE REPORTS EXPORT SURPLUS

First Quarter of Current Year Showed Extraordinary Reversal of Position.

A cable report of the foreign trade of France in the first three months of 1921 showed a surplus of exports amounting to 4,500,000,000 francs, as against 4,500,000,000 francs excess of imports in 1920. How extraordinary a reversal of the trade balance this may be judged from the fact that in no calendar year since 1873 has France reported exports greater than her imports. The export surplus of that day was the sequel to the Prussian war; France was paying the indemnity. In 1871 her excess of imports and 328,000,000 francs, but during the next five years, in each of which the surplus of exports was large, the aggregate balance in favor of France on merchandise account was 978,000,000 francs. Since then and until this year, the "import excess" has been uninterrupted. It does not follow that the present sur-

plus of exports will be maintained throughout the year; but in its bearing on exchange rates at New York this remarkable shift in the total foreign trade of France must be taken along with the fact that last year our own surplus of exports to France was \$250,000,000 less than the year before, and \$105,000,000 less than in the first two months of 1921.

### BOUQUET FOR LLOYD GEORGE

(Hamilton Spectator) Great Britain is fortunate, indeed in her present time of stress and trouble, to have a superman at the helm. That this opinion is shared outside of its boundaries is shown from the following tribute to his qualities by the New York Herald: "Wherefore today Lloyd George seems to all England, to all the United Kingdom, the one man for the national leadership against a self-willed minority which would pull down the whole structure to serve its own single, selfish purpose. This is not mere political agility and daring opportunism. It is statesmanship; it is genius, and it is masterful leadership."

LOCAL NEWS

MILITARY. Major James M. Magee, district dental officer, has been struck off the strength of Military District No. 7.

ON TOUR. Miss Vera Campbell left last evening for Moncton and will be accompanied by Miss K. Gallivan, who is singing at the presentation of a large motion picture there. The North Shore also will likely be visited.

HAS RECOVERED. Friends of Miss Clara R. Fullerton of the Albert School staff, West St. John, will be pleased to learn that she has quite recovered from injuries which she received in an accident last December when she fell near her home. Miss Fullerton left last evening for Boston.

THEIR CHILD DEAD. Friends of Mr. and Mrs. Herbert J. L. Nixon, of Albion street, will sympathize with them in the death of their eldest child, Don Thomas, which occurred yesterday. He was a bright little chap of three and one-half years, and his death came as a great blow to his parents and their friends. The funeral will be private.

PULPWOOD CASE. In the circuit court this morning a case of C. R. Carmichael vs. J. W. Bowes and R. V. McCabe was postponed until this afternoon. This is a case arising in connection with a transaction in pulpwood in which commissions to the extent of a balance of \$12,500 are claimed. The plaintiff is McCabe and the defendants from Northumberland county. M. G. Teed, K. C., represents the plaintiff and G. M. McDade of Newcastle and J. B. Baxter, K. C., the defendants. No evidence was taken this morning.

FOR SOLDIERS. According to a recent announcement in militia orders all officers, non-commissioned officers and men who served with the range of the enemy's guns from Aug. 5, 1914, to Nov. 22, 1914, will be awarded a clasp bearing the inscription "5th August-22nd November 1914" to be worn with their 1914 star. The emblem worn on the ribbon will be a silver rose. Applications for this may be made to the secretary of the militia council.

A HEARTY WELCOME. Mr. and Mrs. E. G. Sims, of Fair Vale, both of whom have recently come from England to make their home in New Brunswick, were given a genuine Canadian welcome in the form of a kitchen shower, on Saturday night, by several of their friends. Many valuable gifts were received and the evening was spent in a most enjoyable manner. The party was entirely new to Mr. and Mrs. Sims, but the appreciation of the kindness bestowed on them was expressed by Mr. Sims in a few appropriate remarks.

AT THE BOYS' CLUB. The Melita concert party and jazz band gave a delightful entertainment at the South End Boys' Club last evening. After the programme, the party was served with cake and coffee and A. M. Belding, on behalf of the South End Improvement League, thanked them for the excellent entertainment. He also told them something about the work of the Boys' Club. The leader of the party in reply said that they were glad to be able to do something for the boys and that the best way to do it was to get together next year they would be pleased to make a return visit.

MASONIC GRAND LODGE IN SESSION

(Continued from page one.) pointed and invested Senior Wardens. His Royal Highness the Prince of Wales who first set foot on Canadian soil in this City of St. John, and who during his tour of Canada endeared himself to all Canadians, has been invested Senior Warden of the Household Brigade Lodge, No. 2612, and His Royal Highness the Duke of York has received the same distinction in the Navy Lodge, No. 2612. Recommendations. "I would strongly endorse the recommendation as set forth by the grand master in his annual address to the brethren at a previous session of grand lodge, that the office of the grand secretary should be located in the Masonic Temple. Suitable rooms could be easily set aside in the building not only as an office where the grand secretary and assistant could be available during business hours but also as a depot for Masonic supplies. "During my official visits, I notice some brethren, especially in the outside districts, indifferently supplied with proper Masonic regalia. The quality prepared by individual members is often of very inferior material and workmanship. If grand lodge would authorize the grand secretary to procure standard material guaranteed as to quality from a responsible supply house and furnish it to private lodges on repayment, we would have all the brethren properly clothed at less cost to themselves than at present, and I believe it would be a source of revenue to grand lodge as well. "I would recommend that both these suggestions be carefully looked into by the board of general purposes. "In his report J. Twining Hart, the grand secretary included the following items: Receipts from private lodges, \$5,150.80. Total membership on Dec. 27, 1920, 4,997 members, an increase of 597 for the year. The hall committee, G. D. Ellis, chairman, reported expending \$2,200 in various repairs to the building. In addition to their rents, several Masonic bodies paid in \$1,298. An increase of \$1,000 in rental receipts is anticipated this year, making the total from this source \$7,940. Expenditures are estimated at \$8,500. Grand Treasurer's Report. The report of Geo. D. Ellis, grand treasurer, showed the following details: Fund of Benevolence. Receipts ..... \$3,084.11 Expenditures ..... 1,298.40 Balance ..... \$1,785.71 Assets ..... \$19,785.71 Grand Lodge Fund. Receipts ..... \$21,598.19 Expenditures ..... 18,436.70 Balance in bank ..... 2,976.28 Cash on hand ..... 183.20 The auditor, John Thornton, J. B. Haycock and R. E. Crawford, reported having audited the accounts and having found them correct.

CENSORS' BOARD NOW IS COMPLETE

New Members Get Official Word of Appointment—How the Work is Done.

Mrs. A. C. D. Wilson, and Mrs. Arthur W. Adams, recently selected by the local government to represent the gentler sex on the New Brunswick Board of Censors of motion pictures received their official appointments by mail this morning and will commence upon their duties almost immediately, at least as soon as they are delegated to their task by Chairman Dr. H. S. Bridges, local superintendent of schools.

The appointment of these women has been urged upon Premier Foster and his colleagues for a considerable period, especially by women's bodies, notably the Women's Council and the Daughters of the Empire. From the outset Mrs. Wilson has been mentioned as a suitable person for the delicate task, being a woman of breadth of reading, an enthusiastic reader of the local Board of School Trustees and an enthusiast in clean stage productions, many of which she has herself presented for clubs and groups of women. She believes in safe, sane, household quality of entertainment of all kinds, the kind she would allow her own children to enjoy.

Mrs. Adams is one of St. John's best known citizens, one who has been identified with many forward movements of late years, particularly in an official capacity in the order of Daughters of the Empire. She too is a woman of education and breadth of mind, one who has travelled a great deal and capable of judging the wholesomeness of story-value in the line of pictures. Like Mrs. Wilson she is not imbued with prejudicial ideas but approaches her new task with a frankly open mind.

The N. B. Board of Censors now consists of the following people: Dr. H. S. Bridges, chairman; Michael Coll, Edwin Owens, George Amland, Mrs. A. C. D. Wilson and Mrs. Arthur W. Adams. Dr. Bridges apportions the work and from non-sensational censor change places, taking different film exchanges. Pictures are privately screened in the offices of the distributing concerns, all of which have maritime provincial headquarters in this city, eight companies in all. Considerably above 100 reels of film a week are viewed by the board. This means more than one hundred thousand feet of pictures. It takes about twelve minutes to rush a single reel through for the censor, so it can be seen the work is not by any means a sinecure.

People prominent in the moving picture business in Upper Canada and the United States have repeatedly complimented the government of New Brunswick upon the integrity of its censoring board. Whilst condemnation in other provinces causes the New Brunswick officials to be especially watchful when the same subjects are submitted in this province, it has not always followed that these prior cancellations have influenced N. B. officials. In fact only once has the judgment of the board been questioned in the courts, Judge Crockett holding that the picture, "For Husband Only" was quite permissible. At the present time a big production is being held up by the board because of scenes alleged to be objectionable from a religious viewpoint, and the distributing concern, it is understood, is contemplating appeal to the courts.

Before the people of St. John are privileged to picture a moving picture, it passes under the eyes of The National Board of Review of the United States—(or an Old Country board if an English picture); the Bureau de Censure of Quebec and the Ontario board of Censors. The N. B. board then views it, and after it leaves this province the Nova Scotia censor gives his opinion.

CHOOSES CANADIAN GIRL AS BEING THE MOST BEAUTIFUL

New York, April 26—(Canadian Press)—Miss Allison McBain of Sherbrooke, Que., was selected by Coles Phillips, an artist, as the most beautiful girl in New York university circles last night at a concert of the combined musical clubs of the city in the town hall. She is a daughter of James McBain of Sherbrooke. Miss McBain is a blonde, and was selected, Mr. Phillips said, because of her "grace, personality, magnetism and line."

POLICE COURT

Theodore Amberg was in the police court this morning charged with obtaining money under false pretences by giving checks for which it is alleged there was no funds. He was not asked to plead, but at the request of the prosecution was remanded for witnesses. He was taken in Woodstock where it is alleged he attempted to pass a check. Detective Biddiscombe went to Woodstock yesterday and brought him here last night. Amberg is said to belong to the city. Archibald Ayles, charged with lying and lurking in Jardine's alley, pleaded guilty, and was remanded for sentence. A man charged with having liquor in his possession other than in his private dwelling pleaded guilty and the minimum fine of \$50 was imposed. A case against Harry Kent, charged with the illegal sale of lemon extract, was again postponed until Monday. Three men charged with drunkenness pleaded guilty and were remanded. The magistrate remarked that April has been one of the record months so far as the imposition of fines was concerned since his police magistracy began, thirty-two years ago.

BYE-LAW CASES.

A. Nelson was in the police court this morning charged with obstructing the sidewalk in Ludlow street, West St. John, with a wagon. He was also operating a gasoline engine in connection with the wagon. A fine of \$8 was paid. Blanchard Ferris was reported for setting fire to grass in Corkery's marsh and damaging property. He pleaded not guilty and the case was postponed until Saturday morning. Sergeant Sullivan made the report. Harvey Sworn In. Washington, April 26—The oath of office was administered to Col. George Harvey as ambassador to Great Britain yesterday at the state department. He is expected to leave for his post next week.

PREPARE FOR FOREST FIRES

Plan of Campaign Being Mapped Out in Fredericton This Afternoon.

Fredericton, N. B., April 26—The plan of campaign for combating the annual forest fire scourge in this province will be one of the principal subjects discussed at a meeting of the New Brunswick Forest Advisory Board here this afternoon. The meeting will be the first since J. W. Beaulieu, Chatham, general manager of the Miramichi Lumber Co., was elected as the representative of the licensees on the board in succession to the late D. J. Bailey of Newcastle.

A. G. TURNEY AND MISS McDOWELL WED IN CAPITAL

(Special to The Times) Fredericton, N. B., April 26—Miss Betty McDowell, daughter of City Engineer and Mrs. G. C. McDowell of this city, and Gordon Turney, provincial horticulturalist were married this afternoon in St. Paul's Presbyterian Church by Rev. J. S. Sutherland, Ph. D. D. in the presence of many interested spectators and friends.

The bride was attended by her cousin, Miss Sara E. Stewart of New Glasgow and William Blanchard of this city was groomsmen. Theo. Barker and William Lawson of Fredericton were ushers. The bride wore white tulle and chain and pearl sequins and chain and bridal veil and orange blossoms. She carried a bouquet of cream bridal roses. The bridesmaid wore pink crepe de chene with black picture hat and carried pink roses. While the register was being signed "O Promise Me" was sung by Miss Edna Baird, with Miss Everett as organist.

The groom's gift to the bride was a check, to the bridesmaid a sterling silver card case, to the groomsmen a silver cigarette case, to the ushers a pearl pin, and to the organist a gold bar pin with pearls and amethysts. A reception was given at the home of the bride's parents, where Mrs. G. M. Jarvis of Moncton, aunt of the bride, poured. Gift friends of the bride served. Kevelops, hearts and streamers were used to decorate.

The bride and groom will leave this evening for St. John to sail Wednesday on the steamship Melita for Liverpool. They will visit the parents of the groom, Mr. and Mrs. Fred. Turney, in Brussels, and also visit various other cities in England and France. After some three months they will return to Fredericton and will take up their residence on Brunswick street.

W. A. MEETINGS BEGUN TODAY

(Continued from page 1) was unlimited for the field was the world. Following the communion service the delegates retired to the school room of the church where the business of the day was taken up with the president, Mrs. George F. Smith, in the chair. After members' prayer there was a roll call of delegates. Mrs. L. R. Harrison, vice-president, read a list of new life members, who were welcomed by the president. She said they were to be congratulated on the honor and she reminded them of the great privilege which was theirs. At this point, His Lordship Bishop Richardson, asked permission to address the meeting. He spoke of an opportunity which existed in the province for missionary work. There was one place in the diocese urgently in need of attention. Several methods had been tried to bring this place into line and all had been unsuccessful. He felt that the only way to reach these people was to send a woman missionary to live among them and minister to them. He suggested to the W. A. that they send someone to attempt this work. He could assure them that whoever went would have the sympathy and prayers of the diocese and any assurance that might be possible. The call was as strong as any to a foreign field. The secretary, Mrs. H. J. Roberts, read a letter from the dominion president of the W. A. congratulating the W. A. of this diocese on the good work accomplished. She also read a letter from Ven. Archbishop O. S. Newman, secretary of the diocesan synod, conveying the thanks of the synod to the ladies and assuring them of the appreciation of their efforts. Greetings were read from the Dominion executive, Nova Scotia, Prince Edward Island, Quebec, Montreal, Ottawa, Niagara, Kingston, Algona, Victoria, New Westminster and other places. Names were placed in nomination for the triennial meeting of the W. A. to be held in Montreal next October. An address of welcome to the visiting delegates was given by Mrs. G. B. Taylor. The secretary read a reply to the address by Mrs. O'Dwyer of Moncton who was unable to be present. The president announced that she had received a communication from the officers of the Church of England Institute extending the hospitality of the institute to the delegates. A letter was read from the Alexandra Society of King's College, Windsor, with reference to assistance to the divinity school of the college. Reports were received from some of the branches.

N. S. LIQUOR COMMISSION IS IMPORTING

Halifax, N. S., April 26—On and after Monday, May 2, all licensed liquor vendors of Nova Scotia must purchase their supplies from the provincial government vendors' liquor commission, recently appointed. The commissioners have established a warehouse at Halifax, and already have a quantity of stock on hand. A large shipment of liquor is expected from England soon.

STRATHOONA COAL MINE HAS RESUMED WORK

Amherst, N. S., April 26—After being idle for the last month, due to a wage disagreement, the Strathoona coal mine, River Hebert, has re-opened, and there is every prospect of a steady output for some time. Between fifty and sixty men have returned to work, and there is an apparent feeling of satisfaction with the fifteen per cent. raise granted the miners at No. 1 slope.

GENERAL MANAGER OF C. M. A. VISITS THE PROVINCE CAPITAL

Fredericton, N. B., April 26—J. E. Walsh, general manager of the Canadian Manufacturers Association of Toronto, arrived here this afternoon to commence a tour of the maritime provinces. He is meeting local members of the association this afternoon at the board of trade rooms and this evening will be guest at a dinner at the Queen Hotel under the auspices of the York Commercial Club. The guests will include W. S. Fisher of St. John, first vice president of the Canadian Manufacturers Association, and R. W. Thompson, of Amherst, secretary of the maritime branch.

MARINE NOTES.

The Canadian Government Merchant Marine liner Sower is expected to sail on Thursday for Queenstown for orders with a cargo of refined sugar. The Canadian Gunner is also expected to sail on Thursday or Friday for London with general cargo. The Canadian Hunter has been charted.

MADE PRIVY COUNCILLOR.

Wm. Smith, M. P. of South Ontario has been made a privy councillor. Hereafter he will be known as the Honorable Wm. Smith. He has been active in public life for forty years. Beginning work in Wales at the age of six, William James has retired at Smoke Run, Penn., after seventy-eight years spent in the mines. The Manchester Merchant is expected to sail tomorrow for Philadelphia, where she will complete loading for Manchester.

This is chapter 2 of the wonderful, new ice cream story. Men haven't even hoped that ice cream could be made so PURE as this remarkable, new process makes it! Ordinary air won't do! This discovery is known as the "CARBONATING" PROCESS. It does away with ordinary AIR—in freezing the ice cream. It makes ice cream manufacturers PAY considerable sums of money for a sterile atmosphere—a PURE atmosphere—to take the place of the ordinary AIR (which was FREE). But it produces ice cream far PURER than we had even dared HOPE for. On each "freezer"—in using this "CARBONATING" process—an ingenious little mechanical device is attached, which drives OUT all ordinary air from the ice cream, and replaces it with this ATMOSPHERE WHICH IS A HUNDRED TIMES PURER THAN AIR. And, while we have to PAY for this atmosphere, we are MORE THAN GLAD TO DO IT—since the finished ice cream is so perfectly, so delightfully PURE! This additional cost of manufacturing is NOT passed on to you—we very gladly assume it, just to give you BETTER ice cream. And it IS better. Not only ever so much purer—but actually BETTER TASTING, because carbonating really IMPROVES the flavors. It is more wholesome, too, because the carbonating "atmosphere" has long been proved beneficial in digestion. And what is more, the new CARBONATED ice cream KEEPS better—stays hard longer, and melts MORE SLOWLY when it does start melting. PURITY CARBONATED ice cream is the ONLY ice cream made in this province by this new "CARBONATED" process. The discoverers of this process have LIMITED its use to ONE manufacturer in any city. We were fortunate enough to secure exclusive rights for New Brunswick. OUR dealers, ALONE, can furnish you with this SUPER-PURE ice cream. Ours is the only ice cream made in this province by this wonderful method. The Purity Ice Cream Co., Ltd. 92 - 94 Stanley Street—St. John, N. B. 'PHONE M. 4234

Complices who will now come up for trial. When the police searched his apartment they found it well stocked with medical books, studies on mushrooms and cultured typhoid bacilli.

POSSIBLE TO SAVE TWO HUNDRED LIVES HERE EACH YEAR

By banishing flies, by securing a civic supply of pasteurized milk and by freeing the sources of our water supply from the contamination that comes from the cottages, houses and camps on the watershed, Dr. B. F. Royer, of the Massachusetts-Halifax health commission, estimates that the death rate in St. John could be reduced from 18 to 14 per 1,000 per year, thus saving 200 lives annually.

EXPERIMENTS IN SHIPBUILDING LEAD TO TROUBLE

Mistake of Interfering With Private Enterprise

A Poor Outlook—Minister of Marine Appears to Have Little Ground for Real Hope of Profit Next Year.

(Cor. Financial Post) Ottawa.—The efforts of the Minister of Marine to secure the passing of his shipbuilding estimates through the house is meeting with the most determined opposition.

Apert from this, however, there is the general policy adopted by the minister—and apparently adopted in the face of general advice to the contrary—that the Government should retain and operate the ships instead of disposing of them.

The minister made the statement in the house last night that labor could have been disposed of at a profit. Possibly a few of them could have been; but it was the experience of one at least of the largest Canadian builders that to dispose of ships even last year was not easy.

HOW TORONTO RECEIVED IT

Racy Account of Street Comment As the Votes Came In.

So far as importation is concerned John Baylecom's body may now lie mouldering in the grave in Ontario, but he certainly secured a lot of many friends on the streets of Toronto last night.

Large Gobs of Gloom. As a matter of fact, the old king was "out there" fighting his life all day, and more than one friend of prohibition wore an air of gloom when he glanced at the bulletins during the early hours of the night.

The early returns favored the "wets," and it seemed for a time that the unexpected was going to happen. Returns from large cities, and many of the smaller cities and towns, showed "wet" majorities, and the cheers which arose from the crowds would almost make one think that the Hindenburg line had been "busted" again.

"Need Rubber Boots." Every "wet" majority shown caused the assemblages to roar their delight. The fact that they were counting "w" or "d" votes did not seem to bother them. But then, it is not better to "holler" early rather than not to "holler" at all?

But as time went on a change came over the spirit of their dream, as the poet said. It became more and more apparent that most of the smaller towns, which the out-of-town voters were voting about four "dry" votes to one "wet," and the big majorities in some of the larger places were being slowly but surely cut down.

"Who wouldn't live in a little town!" said one ruddy-faced person, sneeringly, as figures were up showing that a five to one "dry" majority had been cast in some municipality out on the concession lines.

At 7:15 it was stated that the "wets" claimed a majority in the province of over 11,000. The celebrated welkin rang with "wet" cheers. At 8:30 it was announced that one of the telegraph companies summarized the situation as showing the "drys" with a majority of nearly 10,000.

Many ladies, both young and old, clasped their hands and laughed aloud at the "dry" majority. One small child, mostly composed of elderly ladies, gave their joy full scope. One gloomy-faced man turned on them bitterly.

"Darned Shame." "It tells you it's a darned shame," said one ruddy-faced citizen, who seemed to be quite "wet" himself. "The dries have most of the people and nearly all the business, and when it comes to a vote we are always roped and tied by the heels in the country."

"Come on, Bill, let's go home," said a man with an eloquent breath. Shortly afterwards figures went up showing that the "dry" majority in the province was over 57,000. A few minutes later the "dry" majority had risen to 61,000, and was rising fast. The referendum Committee was claiming that two "dry" votes were being cast to two "wet" ones. Claims were being made that Ontario was going "dry" by over a hundred thousand majority. It was then 7:00.

C. N. R. CONDUCTOR WAS PAID \$598.90 IN SINGLE MONTH

Brakesmen Drew \$403.15 and Engineers as High as \$616.65—Carvell Gives Figures.

In Saskatoon, some days ago, referring to criticism of the last award of the railway commissioner, leveled by Senator Robertson, minister of labor, in the senate recently, Hon. F. F. Carvell, chairman of that body, addressing the Canadian Club at dinner, blamed manipulation of working conditions by the big railway unions for the present railway problem.

An additional report continues: Supporting his claim, Mr. Carvell quoted a series of figures showing wages and overtime paid to various railway servants, including station agents, engineers, conductors and brakemen. In one instance, taken from the Canadian National Railways, "Goose Lake" line (Quebec), the speaker meant the Lucky Lake extension, he said a conductor drew for the first twelve days of the month of February, this year, \$292.50, for the second period, \$298.50, making a total of \$591.00 for the month's work.

"It is not exactly the money paid as wages," said the speaker, "but the working conditions under the present conditions must be paid for the entire twenty-four hours, with overtime charged double, as soon as the first day's work is completed. In March the same man worked 36 hours for the month of March and earned \$448.00, or \$156.66 for a month's work."

"Senator Robertson's figures are all right," he said. "He quoted pay by the hour and the day. They are not excessive, but, combined with the working conditions, they place an undue burden on the railroad for operating expenses. The Canadian National Railways are helpless under the present conditions. I don't say that all the people are getting these wages, that is just indicative of a class."

"If the burden was on my shoulders to remedy this condition, I would make an awful stab at it," he said. "But I hold this opinion: I think that a reasonable scale of wages arranged with no deduction from the United States. I suggest that the business men should get together and talk it over, talk business. I don't want to go back to 1914 wages. The men could not live on them. I don't want to be nagardly, but I would like to see some sort of a reasonable scale of wages arranged."

Canadian National Railways TIME CHANGES. Effective May 1st.

PRINCE EDWARD ISLAND SERVICE S.S. P. E. Island will after May 1st make two round trips (except Sundays). Connections via Sackville made by No. 15 train leaving at 7:10 a.m. and by No. 14 leaving at 1:30 p.m.

SUNDAY TRAINS BETWEEN ST. JOHN AND MONCTON Effective May 1st, No. 80 train will leave St. John (Sunday only) at 8:30 a.m. and arrive at Moncton at 1:00 p.m. making all local intermediate stops.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain You'll know you thousands use Musterole once you experience the glad relief it gives.

HEADACHES Make Life Miserable. Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

HE IS A ROTARIAN

The high destiny of promoting international brotherhood and of peace throughout the world which he conceived as belonging to the Rotary organization was described by Rotarian Sir John Martin Harvey of the Glasgow Rotary Club at the luncheon of the Montreal Club today.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia).

**COLIN RANKIN DEAD;  
FORMER H. B. FACTOR**

**Fifty Years in Service of Company, Rising to Chief Factorship—Was at Many Posts.**

(Montreal Gazette.)  
The death occurred yesterday morning at 81 Dorchester street of Colin Rankin, formerly Chief Factor of the Hudson's Bay Company, and, as such, for more than twenty-five years a prominent figure in the industrial and social life of the Upper Ottawa. Mr. Rankin, who was a native of Bathurst, New Brunswick, had reached the age of ninety-four years. He had resided in Montreal for the past four years, and enjoyed until a few weeks ago, excellent health, retaining the keen interest in national and international affairs which had characterized him throughout his long lifetime. Since East-er, however, Mr. Rankin had been rapidly failing and his death yesterday was not unexpected by his family and friends. The connection of Colin Rankin with the Hudson's Bay Company extended over half a century, beginning with his engagement, by Sir George Simpson, to enter the service of the company as clerk in March 1848, at the age of twenty-two years, and ending with his retirement in 1898. The distinction of being the first man of Canadian birth to be taken into the clerical service of the

company was held by Mr. Rankin, who obtained his position on the recommendation of Hector Mackenzie, at that time chief factor of the Upper Ottawa district, with headquarters at Fort William. For the first twenty-five years of his service with the company, Mr. Rankin was transferred frequently to various posts and in this way gained at first hand a wide knowledge of the company's business as well as of the country and its resources which made him not only a valuable officer of the Hudson's Bay Company, but also a recognized consultant of the men prominent in Canada's development in the latter half of the 19th century, such as Lord Strathcona and Sir Wilfrid Laurier, both of whom were close friends of the deceased throughout many years.

At Many Posts.  
In 1848 the young clerk of twenty-two was first despatched to the Mattawa post, where he was destined fifty years later to retire from the company after a constant, faithful and distinguished service. In 1853 his first transfer was made to Lachine, and from there Mr. Rankin was sent to St. Maurice, where he served under Chief Factor Hardisty. After spending the winter at Kickendatch post, Mr. Rankin was called to Montreal in 1854, and there was formally appointed to succeed Chief Factor Anderson of Berzimis post. In June, 1856, he was appointed to take charge of St. Maurice District, where the company was erecting a post, and constructing new buildings. The Lake Superior district was his headquarters from 1860 to 1866, when he was sent to Saguenay district, where he remained until 1868, being ordered at that time to take charge of Simcoe and Ottawa River districts, with headquarters at Lindsay, Ontario.

In 1878, Mr. Rankin was made Chief Trader and given charge of the Temiskaming District, with headquarters at Fort Temiskaming, and in 1875 his promotion to Chief Factor, one of the highest offices in the gift of the company, was affected. At the request of Lord Strathcona, then Donald A. Smith, and president of the Hudson's Bay Company, the chief factor moved the Temiskaming headquarters to the town of Mattawa in 1892, so that the chief factor and the offices might be more available for the visits of the president who could ill spare the time for penetrating to the fastnesses of Fort Temiskaming. Mattawa continued to be the Temiskaming headquarters until Mr. Rankin's retirement in 1898.

Mr. Rankin was a staunch conservative in politics, but during the final quarter of the 19th century when he was an outstanding personality of the northern country he enjoyed the friendship and confidence of many leaders in public life, irrespective of political opinion. A strong friendship existed between the Chief Factor and Sir Wilfrid Laurier, who appreciated Mr. Rankin's intimate knowledge of Hudson's Bay Co's business and its close connection with the development of the country during half a century did his utmost to persuade Mr. Rankin since his retirement to write a record of his years in the company's service in which Sir Wilfrid promised to collaborate.

**Surviving Family.**  
Mr. Rankin was married in August, 1856, to Miss Scott, of Quebec, who died in 1871. He was married for the second time in 1873 to Miss Deacon, of Lindsay, who survives him. He is also survived by three sons and four daughters. The sons are H. E. Rankin and D. A. Rankin, of Vancouver, and J. I. Rankin of Montreal, and the daughters Miss Ella Rankin, Mrs. Errol MacDougall and Mrs. Walter Blue, all of Montreal, and Mrs. Fred. Walters of Forest, Ontario.

The interment will be made at Pembroke, Ontario, where the funeral will take place on Friday at 10 a. m., from the residence of Dr. John Deacon to the Presbyterian cemetery.

**Crown Brand Syrup**  
The Great Sweetener

**MONTRÉAL FIGHTS.**  
Montreal, April 25—Finishing the last four rounds with an injured hand, Solly Green, local featherweight, earned the decision over Dick Leadman, of Rochester, in a ten round bout. Charley White, Quebec City bantamweight, defeated Jimmy Taylor, local, on points in a six round bout.

**Will Meet in Moncton.**  
A conference will be held in Moncton next Friday night to discuss phases of transportation as it affects the maritime provinces. It is expected delegates from maritime boards of trade, Canadian manufacturers, and provincial governments, will attend. Agricultural interests will, it is expected, be represented.

**MASTER MASON**

**Smoke Master Mason**  
It's good tobacco  
MASTER MASON—ready rubbed—for those who like it that way is the same good plug tobacco cut and rubbed ready for the pipe.—It is put up in tin foils and paper packages.

**Not Beauty Only**  
These whiter teeth mean safer teeth as well

No doubt the great reason why millions use Pepsodent is to get prettier teeth. It removes the dingy film. But science has more important objects. Pepsodent brings five effects, and all of them mean better tooth protection.

**The ruinous film**  
Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Old methods of brushing do not effectively combat it. So it often lingers long.  
Film absorbs stains, making the teeth look cloudy. Countless teeth are thus made dingy.  
Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.  
Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles. Most of the tooth and gum attacks are now traced to that film.

**Must combat it daily**  
After diligent research science has found two ways to combat that film. Many careful tests have

**Free**  
Enough for 20 uses—for a 10-day test. That will show the delightful results. Send the coupon.

proved them. Now leading dentists everywhere advise their daily use.  
Both are embodied in a modern tooth paste—Pepsodent. Every use attacks the film in two effective ways. It also brings three other results which have proved essential.

**Fights starch and acid**  
Pepsodent does what fruit acids do. It multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause tooth decay. Those are Nature's great tooth-protecting agents. Every use of Pepsodent multiplies their powers.

**Effects are apparent**  
Millions now know the delightful effects. Anyone who will can quickly see and feel them.  
Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then read the reasons in the book we send.  
A week may bring a life-long change in your teeth cleaning methods. Cut out the coupon now.

**GROCERY REPORTS**

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week: Business in wholesale circles during the week under review has shown a better tone and an improved movement is noted. Retail business has also been better, apparently retail merchants are gradually gaining more confidence, buying more freely as the markets are gradually showing a greater tendency towards stabilization.

The strength of the nut market is perhaps the real feature this week. Under heavy buying on the part of importers, supplies in primary markets, particularly in French shelled walnuts, show signs of becoming exhausted long before the new crop is harvested. Almonds are also in short supply, and advances in several cases per pound. Beans are holding strong under an active demand for the small supplies available.

Wholesalers in Toronto report an increased demand for canned fruits, for which, during the past season, there has been little sale. One wholesaler stated that, during the week their sales ran over two hundred cases of fruits. Canned vegetables are ruling fairly steady at unchanged prices.

There is a rumor of a holding company being formed for the marketing of jams, which is likely to have the effect of stabilizing prices and putting all brands of jams on the same price basis. Some wholesalers in Toronto have advanced their quotations on jams on certain brands more in line with manufacturers' price lists.

Dried fruits are ruling fairly firm on all lines. Rices are weak and lower. Teas and coffees are unchanged, the markets holding firm.

There are no new developments in the sugar market, refined sugar is steady at the refiners' price basis although many wholesalers are selling at irregular quotations. The raw sugar market has been fairly steady during the week.

The egg market has firmed up with prices higher. It is attributed to a somewhat extent to storage operations becoming more general. Butter is weak and lower prices are likely. Hogs and hog products are also weak with lower prices in sight.

**HARDWARE PRICES** ("Hardware and Metal," April 23). Price changes continue on many hardware lines this week. Galvanized wares, including pipes, tubs, and garbage cans are reduced in price. Other reductions include plated tubs, barrel bolts, shelf brackets, wheelbarrows, drag scrapers, seine twine and coil oil. Lower quotations are made on some makes of washboards, ratchet bars and steel squares.

A new design has been introduced in a well known safety razor and the older patterns are being reduced in price. Hockey sticks for fall booking are slightly reduced. A farmer tendency is

**A BAN ON IMMIGRATION.** (Bangor Commercial). Secretary Hughes, in official papers submitted to congress, recommends rigid restriction of immigration, and his announcement is taken to favor the immediate passage of the immigration bill which limits for a period of fourteen months immigrants of any nationality to three per cent of the number of that nationality now resident in this country.

The sentiment in Washington has been steadily growing in favor of a better immigration restriction and it seems pretty evident that the measure that has been reported by the House committee on immigration will be adopted as a source of temporary relief until a permanent measure is being framed and adopted.

For lack of transportation and because of difficulty in obtaining passports there has been considerable restriction of immigration since the war, but these conditions are now changing and unless a drastic legal restriction is interposed we shall witness such an influx of foreigners as we have never known in the past. This will be especially true from the northern and central European countries. Secretary Hughes points out that these classes now wishing to come from these countries to America are not of a desirable type, and it seems to be the case that the authorities of some of these countries are encouraging the exit from their homes of the least desirable of their peoples.

The United States does not desire to be a dumping ground and if such is to be avoided prompt and drastic action is necessary.

The bronze propellers of the fast Atlantic liners have to be renewed at comparatively short intervals because of the erosive power of the water. There is, it is said, no chemical action, but the impact of great speed shows that water is harder than bronze.

### CANADIAN GRAVES WELL CARED FOR

#### Colonel Meighen Says British Commission is Carrying Out Work Thoroughly.

(Montreal Gazette)  
"All the graves of the 800 officers and men of the Grenadier Guards of Canada lost overseas during the Great war are being properly looked after," said Col. F. S. Meighen, officer commanding the Guards, yesterday, after a trip to England and France. "I was over largely to pay a visit to France, and to find out the graveyards where the Canadian Grenadiers were buried. I visited the great battle scenes where the Guards lost so heavily, and I found that under the British commission for that purpose the graves of our dead at the front are all being well cared for. They are being kept properly, and identification crosses are at each grave. Later on it is the intention to place individual headstones on each grave, with the name and war service of the fallen, this work to be done under the British government commission."

Col. Meighen said that during his visit to France he had been greatly impressed by the change that had come over the scene since he had last seen it during the war. "I visited the battle fronts at Amiens and Arras," said Col. Meighen. "I was never before in Amiens. I was very close, with the Grenadiers, just prior to the big attack of August 8th, 1918, when we were preparing for the forward movement which General Landendorff describes as 'a black day for the German army.' That was the last time I was near Amiens as an officer with the Canadian troops, and at that time the sky was under heavy fire from the enemy, with the majority of the population gone. "But when I saw Amiens again a few weeks ago," said Col. Meighen, "I found that it had not been much damaged, and the population was back, while the city was practically returned to its pre-war condition, with shops open and business going on at a great rate. "Thence," said Col. Meighen, "he had allowed the line over which the Canadian Grenadiers had advanced from

Amiens to Le Quesnel. This district, where the Canadians fought so hard, was still badly knocked to pieces, the country side ruined, and the villages in ruins, although the people had returned and were living in temporary brick houses made from the ruins, or the remnants of British huts.

**French Work Hard.**  
But in the trenches and the shell holes had been filled in, and the fields were under cultivation, with prospects of good crops in places he remembered where the battle fields produced no crops but shells and casualties. "It is really amazing the industry with which the French are working to get their devastated lands back to cultivation," said Col. Meighen. "There are no labor troubles there, no restriction as to hours, but everybody is work-

ing, and working hard to get back to production and common sense. I found the conditions in France not too bad. The people are working hard and earnestly to restore their country. Their great lack is capital. They cannot get the money necessary to carry on the work, and the result is that it is really a matter of life and death with them to make Germany pay her war indemnity, and that is why the French are so determined to make Germany pay."

"Can Germany pay?" was asked. "So far as I could see they certainly can," said Col. Meighen. "They are getting back into shape quicker than any European country, because they are working hard and working long hours." Col. Meighen also visited Arras, Albert, Bapaume and the Bourlon Wood, where so many Grenadiers and other Canadians gave their lives, which is to be the site of one of the Canadian government permanent memorials. While this district still showed the ravages of war the people were back, living in huts and the remains of houses. But they were again at work, and it was possible to buy good bread and wine there.

**Ruins of Arras**  
"Arras is still in ruins," said Col. Meighen, "but the country around is under cultivation, and while I was there two football and Rugby matches were held, between French troops, who have taken up the British games with such zest that frequently they beat the British troops. With the determination I saw on every side to work hard and restore production there is little doubt that France will soon get over the devastation caused by the war."

As to the Grenadier Guards of Canada, Col. Meighen said they were going ahead well, with good recruiting, and an excellent class of men. The winter season of drills was now finished, and there would be no summer camp. Plans were under way now for the summer, when the regiment would have a season

throughout its 30 years of public service. Always good alike.

of sports at their new grounds at Rossborough, where they would have ample space for football, baseball, swimming, boating, fishing, etc. For the coming season, said Col. Meighen, the Regiment would have six teams, two in the P. Q. E. A., and four company teams. He looked forward to a good summer, and an excellent promise for the regular winter drill season after that.

**SCHOOL DAMAGED.**  
Antigonish, N. S., April 25—Fire today caused considerable damage to St. Ninian street Protestant school. The fire was discovered at 8.30, when the alarm was immediately responded to and four streams of water were soon playing on the building. It is believed that the blaze started in the basement and spread through the walls and ceilings. By 10.30 the flames were extinguished. The loss will probably be \$8,000. Temporary arrangements will be made immediately for continuing the classes.

Quebec, April 26—Wine prices are to tumble on the first of May in the province of Quebec, according to an announcement made by N. Drouin, one of the Quebec liquor commissioners, who returned from Montreal, where he attended, with Hon. H. G. Carroll, a meeting of the commission.

"Hard stuff" will also be affected, he said, but in less proportion, as it is the intention of the commission to sell it with a reasonable profit to pay the cost of administration, while in regard to wines the percentage of profit will be reduced to a minimum. Commission Drouin explained that all the liquor stocks in the hands of vendors in the province would have to be delivered to the commission on the first of May. The stocks will be carefully examined and graded. A price in accordance with the price paid by the owners of the stocks will be allowed. "I do not understand," he said, "what prompted the importers and vendors to import such large quantities of liquors within the last two months. Whether this was a speculation is possible, but I do not believe it will become a paying proposition for the buyers. The result is, however, that no liquor will be bought by the commission this year, except a few brands of good wine, which are now coming on the market." The price of bread in the city was reduced one cent a loaf yesterday. The retailers offered the regulation one and a half pound loaf for thirteen cents or fourteen cents, according to the variety.

**WILL LOWER THE LIQUOR PRICES**  
Wines Much Cheaper, Says Quebec Commissioner—Hard Liquor to Be Reduced in Smaller Proportion.

## We're Not Making A Cent Profit On These Suits & O'coats

HERE is offered a wonderful selection of Uncalled-for Spring Suits and Overcoats to choose from—all the new plain color materials, plenty of mixtures, in all the wanted patterns and colorings in both single and double-breasted models—plain conservative styles for the older man as well as snappy models for the younger fellows.

Mothers! Divide the cost by "how long they wear"

—and you will find that Hurlbut Welt Cushion Sole Shoes for Children cost you least in the long run.

It is the quality of materials, plus their distinctive construction with patent welt, cushion insole, and broad extension with correct fit, that makes them so.

Hurlbut Shoes are known by mothers all over Canada as the highest quality shoes, and even if the first cost is a little higher, mothers whose purses are limited find that without doubt it pays to buy Hurlbuts. The long life of Hurlbut Shoes enables mothers to buy less often—while at the same time they get more satisfaction.

# Milestones

TWENTY years ago, as she lay in her cradle, a rose-petal atom of humanity, your thoughts sped in fancy to this day, and then you laughed as you touched the soft cheek.

To-day, as she sits in Convocation Hall with other white-frooked graduates, half hidden behind their barrier of roses, again your fancy plays tricks. You see an eager, curly-headed little daughter, three, four, six, eight years old, every year full of discoveries for her and enduring memories for you.

An odd sense of loneliness possesses you, for there seems a new dignity and remoteness about her in the scholastic cap and gown. Then, across the mist of faces, she catches your eye. Her cheeks dimple into smiles. And you, fond old father, actually flush with pleasure, as, raising her wrist to her lips, she wafts you a happy kiss from the face of the beautiful little Elgin Watch you placed there an hour ago, as your best gift for her great day.

William Fox Production.  
Theatre crowded to see this wonderful picture yesterday.  
DON'T MISS IT!  
Final Episode  
"Elmo the Fearless"  
Admission in Afternoon 10c; Night 15c.

WHEN A MAN HAS ATTAINED AN EARNING CAPACITY OF \$1,000,000 a year and has the prominence which goes with being the most famous comedian in the world, it would seem that there is nothing that could excite envy in his breast. Yet for the past eight years Charlie Chaplin has been envious and the situation has been caused by the length of the productions in which he has been starred.

## FOOTBALL

### British Results

London, April 25—Association football games played today resulted as follows:

First Division  
Arsenal, 2; Preston, 1.  
Huddersfield, 1; Tottenham, 0.

Second Division  
Clapton, 0; Port Vale, 0.

Third Division  
Brentford, 0; Merthyr, 0.

New Team Formed.

The Carleton Football Club was formed at a meeting held in the Carleton curling rink last evening, which was well attended. The Carleton Athletic Club is represented at the meeting. Any players wishing to try for a place on the team can communicate with West 128-11 or West 785. The club intends to enter with a strong team in the coming City Senior Football League. The following committee was chosen for the purpose of completing organization and picking a team: Thomas Keeble, Ross, Keir, Percy Barnes, R. A. Ross, C. Murphy and J. Murphy. Another meeting will be held in about a week.

### Kid Williams Wins

Philadelphia, April 26—Kid Williams of Baltimore defeated Joe Burman of Chicago, in an eight round boxing bout here last night.

## LOCAL NEWS

### Miss C. R. Fullerton

Miss C. R. Fullerton left last evening for Boston to attend the Jubilee Convention of the Women's Baptist Missionary Society of the United States, which holds sessions from April 29 to 30. Miss Fullerton went as a representative of the Maritime Baptist Women's Missionary Union.

### The wedding of James MacMurray

son of Mrs. and the late Alexander MacMurray, to Miss Ann Ogilvie Peables, daughter of Mr. and Mrs. Alexander Peables, of East Orange (N. J.), will take place on Saturday, April 30, at the First Presbyterian church, Murray avenue, East Orange. Mr. MacMurray left last evening for East Orange.

### A muster parade of No. 1 Company

7th Machine Gun Brigade, was held last evening at the armory for the purpose of receiving pay for last year's training. Major Bertram Smith, officer commanding the company, announced that it was intended to start training earlier in the year and probably the drills would be commenced in September. It is not expected that the brigade will go to camp this summer.

### Miss Perry, of the National Y. W. C. A.

who has been acting as Port Secretary for the Women's Branch of Immigration during the past season, left last evening for Quebec, there to carry on the work of caring for the women travelling alone to Canada. Miss Perry is accompanied by Miss Bertha Gregory, the Red Cross nurse at the port, who will take charge of the Red Cross nursery now being equipped by the society at Quebec.

His productions have been on the average two reels in length; and as he puts it himself: "I am like the fellow that would drive a 'Tin Lizzie' in an endurance race. It is more than probable that the Tin Lizzie would come in ahead yet all the admiration would go to the heavier and more impressive cars."

Almost since the beginning of his screen career the comedian has had a plot in mind which carried a role he wanted to play. Despite the strong comedy element in it, none of the producers for whom he was working would listen for a moment when he talked of a film six reels in length.

"Chaplin, your tobacco that gives a theatre program pop," said one of them whom he had asked to produce his original story. "A little of you makes the whole show better but three times as much might spoil it."

Chaplin hung on to the story, however, and to the determination that some day it would be produced. The opportunity never came until he arranged his present contract with Associated First National Pictures, Inc. First National is not a producing company; it merely guarantees to stars and directors who do their own producing that it will buy the finished production if it is up to standard, at a generous figure.

Chaplin erected his own studio, hired his own staff of actors and studio help and began work as a

## THE GOVERNMENT

### AND SALARIES

There may be some misunderstanding with regard to the recent fixing of salaries of the members of the provincial government. The salary of the prime minister was not changed and remains the same as it was fixed by the late government in 1913, namely \$2,400.00, rather low for such a position at the present time.

The salary of the attorney-general was an adjustment and a decrease rather than an increase compared with that of the attorney-general in the previous administration. Attorney General Baxter was paid in the year 1919, the sum of \$5,500.00 without taking any account of his travelling expenses. The recent adjustment makes the salary of the present attorney-general \$3,000.00 and sessions indemnity \$1,000.00 or a total of \$4,000.00 which is over a thousand dollars less than the above rate of the previous attorney-general's pay. The inclusion of the seasonal indemnity as salary is also misleading. No expenses are allowed or paid during the session of the legislature and the present day expenses of all members including ministers, are up to a very large portion of the seasonal indemnity.

The explanation of the reduction in the salary of the present attorney-general is the abolition of the fees formerly paid for collection of Succession duties.

Previous to 1917 there was a nominal salary of \$2,400.00. The amount of \$2,639.89 was presented to him in disguise. Now there is a better system. No attempt at deception—So it will be seen that the effort to mislead the public on the matter of salary of our provincial ministers lacks frankness and truthfulness. The present administration coming out into the open in the matter of salaries and the fact that the present attorney-general is being paid less than the previous attorney-general should be understood. In the opinion of those who ought to know, both Hon. Mr. Byrne and Hon. Mr. Baxter have proven themselves to be efficient public servants who gave good value for their money.

It must be admitted, however, that the present incumbent of the office is the best man in the province to crown with his predecessor and the province is obtaining his valuable services at a rate of pay which could not be duplicated by the doing so class of work.

The salaries of all members of the executive in the province are very low in comparison with similar salaries in other provinces and with positions of like responsibility. No increase has been made since 1918. All conditions of wages and salaries have undergone a tremendous change since that time. The responsibilities and sacrifices of a minister of the crown are very great. They are called upon to make expenditures to a greater degree than any other class in the community and there is no sane reason why the increases which have been necessary in the last seven years in all other classes, without exception, should not apply, in some degree, to our provincial executive. Their self respect and the respect of our province demands it. To have taken any other course would have been ridiculous.

ABILITY TO PUT BALL WHERE THEY WANT IT IS STANDBY OF VETERAN TWIRLERS.

## GREAT PITCHERS

### EXCEL IN CONTROL

Control is one of the chief assets of a pitcher. There have been many instances in big league baseball when a pitcher has lost much of the stuff that he formerly was able to put on the ball, but has continued to be employed simply because he could put the ball where he wanted to, says the New York Times. Long after Matty had lost his old-time speed and the fast ball had dwindled to a curve he continued to get by with a majority of his ball games because he had excellent control. This was also true of Cy Young, the man who pitched more big league games than any other hurler in the annals of the sport. Cy pitched in no less than 361 contests, worked in 624 popovers and was followed by 112 bases on balls, an average of 1.40 per game. In number of games pitched Matty ranked next to Cy in 1914. Walter Johnson has a better control of the ball than big Ed Walsh. In 877 games he gave 534 passes, an average of 1.54. Walter Johnson has a terrific speed, and when he was as wild as March hare, and he soon mastered control.

## METROPOLITAN OPERA ENDS A RECORD SEASON

Metropolitan records are said to have been largely exceeded, as far back as the better control of the opera season that closed with two packed performances on last Saturday afternoon and night. While official figures are customarily withheld in the opera world, it was generally credited that the company's receipts in six months had been about one-third more than last year's \$2,500,000 season, or a new ton record of between \$2,500,000 and \$2,750,000.

Three hundred members of the opera personnel left for Atlanta at one o'clock this morning from the Pennsylvania Station, where they boarded two special trains that will be routed over the Southern and the Seaboard.

Specifically, both due in the Georgia city tomorrow morning at eight o'clock. The train will be accompanied by W. J. Guard, secretary of the Opera House, left in advance at 2:40 yesterday afternoon, and Charles Hackett followed at five o'clock. The opera orchestra, chorus, stagehands and business staff, with others of the leading artists, went on the special train.

Geraldine Farrar, who goes on a concert tour till May 15, took her leave at the season's final matinee of "Louise," and Mrs. Harold and Rother, Mmes. Berat, Delaunoy, Ellis and others.

The prima donna's admirers, among whom many young women were in evidence, pelted her with some forty bouquets after the opera's first act, and there was a minor barrage of more flowers before the last act, which was followed by the usual curtain calls. The singer shared both the honors and bouquets with her companions, including Mr. Bamboschek, who conducted at short notice, following the sailing of Albert Wolff yesterday for France.

Miss Farrar, in a curtain speech just before the lights were turned out to send the matinee crowd away in time for early comers for the evening performance.

Constitutional Changes Will Not Be Considered At Imperial Conference

AUSTRALIAN PREMIER SAYS A FEW STRONG WORDS REGARDING CHAMPIONS OF NEW CONSTITUTION—FOREIGN POLICY TO BE TAKEN UP. EMPIRE DEFENCE AN ISSUE

New York, April 25.—(By Associated Press.)—Australia's stand in regard to the naval defence of the empire was definitely stated by Premier Hughes...

"For Australia," he said, "there is no alternative but participation in a scheme of imperial defence in which we will play our allotted part and contribute our due quota."

The text of Mr. Hughes' speech has been received by the Australian commission here. Premier Hughes said...

"The actual position is a somewhat cruel anti-climax to the self-appointed desire to substitute for the present system a brand new constitution framed by themselves. This conference has not been called to even consider constitutional changes...
