Stands for Enduring Interests of British Connection—English Press Denounces Churchill and Borden Scheme

(Times' Special Cable) London, March 18.—Two features marked the discussion on the Churchill memorandum, which takes the leading place in the British press today. The chief Liberal papers unanimously condemn Churchill's action and the whole press, irrespective of party, recognizes that the Canadian Liberals in their action are actuated by genuine patriotism and a desire to guard the best interests of the empire.

The quarterly meeting of the St. John Presbytery was held this morning in St. Andrew's church. Those present were: Rev. J. Ross, moderator; Rev. Dr. W. H. Smith, Frederick; Rev. F. W. Murray, St. Andrew; Rev. W. G. MacVicar, St. John; Rev. T. A. Mitchell, Sussex; Rev. M. S. McKay, Waverly; Rev. M. W. Hamilton, St. John; Rev. J. McPherson, Harvey; Rev. W. W. Malcolm, Lorneville; Rev. E. B. Wiley, St. Stephen; Rev. J. Baird, Woodstock, and from the city, Rev. Dr. MacVicar, J. H. A. Anderson, J. H. MacKeigan, Dr. J. A. Morrison and Gordon Dickie; elders, Judge Forbes, Peter Chisholm, Robert Scott and J. Dawson.

BRYAN IS RAPPED FOR ST. PATRICK'S DAY SPEECH

Morning Post of London Says It Was "a Bazing Indiscretion"

London, March 18.—"A blazing indiscretion," is how the Morning Post describes the speech of William Jennings Bryan, secretary of state at a St. Patrick's Day banquet given by Irish-Americans in Washington on Saturday evening.

WESTERN REAL ESTATE MAN UNDER ARREST

Attempted Murder of Partner is Sensational Charge in Regina

Regina, Sask., March 18.—A sensational arrest was made here last night, when James D. Scott, one of the most prominent of the younger real estate men of this city was locked up in the city police station, charged with the attempted murder of his partner, Herbert S. Lewis.

ROYAL GOVERNOR AND THE DUCHESS AND PRINCESS IN ST. JOHN SATURDAY

St. John is again to be honored with a visit from their Royal Highnesses the Duke and Duchess of Cornwall and their daughter Princess Patricia, but this time their stay will be of short duration.

CHARGE EXPRESSMAN USE POST

Milwaukee, March 18.—The postal authorities here have a specific case against an express company, involving the taking of profits from shipments which the express companies have delivered to the postal authorities, thus saving the expense of transmission.

ANOTHER SUB-DIVISION; WESTMORLAND HEIGHTS

A new subdivision has been added to those which already have been laid out around the city. This is to be known as Westmorland Heights and is situated on the old Jardine property owned by the Old Mill House. It is owned by Armstrong & Brown, and is bounded on one side by Tisdale Place and on the other by Westmorland Terrace, both owned by the same firm, and has a frontage on both the Westmorland and Marsh roads.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service. Synopsis—Light snowfalls have occurred in the Lake Superior region and the western provinces, while in other parts of Canada the weather has been fair. Milder conditions have again set in over Ontario.

IMPRISONED IN MINE YET HAVE SHANROCKS FOR ST. PATRICK'S DAY

London, March 18.—Although imprisoned 227 feet below the surface, at the Cumberland Mine, two Irish miners received a reminder of St. Patrick's Day to cheer them. A sprig of Shanrock was lowered through a narrow hole, through which the two men have been fed daily since a rush of water five days ago cut off their escape from the mine. The men will probably be rescued as soon as the water is pumped out.

HUERTA MAKES PRECEDENT NEW PLAN OF OWNERS OF REED'S CASTLE

Call on the United States Ambassador—Take up Claims Without Delay

Mexico City, March 18.—Provisional President Huerta, disregarding all precedents yesterday called upon Henry Lane Wilson, American ambassador to Mexico. This is the first time it is said that a Mexican president has called upon the diplomatic representative of a foreign power and technically his act was that of having and laying the property out in about sixty-five building lots.

THE WORK ON THE TARIFF

Washington, March 18.—The Democrats of the ways and means committee adjourned last night until today after beginning a revision of the intricacies of customs enforcement in the administrative sections of the tariff and informally discussing the income tax plan in a general way.

IRISHMEN OBJECT TO POSTCARDS; RAID SHOPS

Red Bank, N. J., March 18.—A five and ten cent store was nearly wrecked yesterday by an angry mob that objected to St. Patrick's Day postcards and souvenirs displayed in the windows. Irish residents who led the crowd, declared that the display had been set up to ridicule things which they considered sacred.

SUBURBAN BILL IS STILL UNDECIDED

Sent to Sub-Committee Today—Present Company Making Stiff Fight—Some Public Accounts Matters

(Special to Times) Frederick, March 18.—The fate of the Suburban Street Railway bill is still undecided. The corporations committee sat all the morning and arrived at no conclusion. A subcommittee was appointed to further consider the measure, but the St. John railway is very ably represented on the committee, and the friends of the suburban bill seem discouraged at the most determined opposition they are meeting with in high quarters.

Mr. Black brought up the matter. It seems that he had in some way heard that Birmingham had paid in more than \$400 to the receiver-general but only two amounts appeared in the public accounts, one for \$115, which the auditor-general said was a refund by Mr. Birmingham for money retained by him in connection with his road work, and the other \$285 which, in the auditor's account, is termed "refund, expenses, Birmingham's road money." These two amounts total \$400 and the amount paid by Mr. Birmingham.

Mr. Blair explained that he had received \$120 for his services and the auditor-general had the pleasure of translating and revising the work of a French author into English.

Plans are being called for the remodeling of the building on the corner of Prince William and Church streets, which was purchased last year by the Merchants Bank of Canada for their St. John office. F. Neil Brodie is the architect.

Drop Navy Bill Rather than go to People?

It is considered very doubtful whether a closure measure will be introduced or not. Meanwhile the split between the Borden and Rogers factions is beginning to widen. There is a frank and free expression of opinion among certain members of the government that Mr. Borden showed weakness in bringing about peace between the speaker and reallocation opposition members, when they desired to have the prime minister save a very dangerous situation by his timely interference when it seemed imminent and physical violence on the floor of the house looked to be unavoidable.

Mr. Emerson is determined that the bill will be approved by the general assembly and it is probable that the discussion will take up a considerable part of the afternoon.

SCHOOL BOARD IS TO PAY PARENTS

Replace Wages of Children Forced to go to School. (Detroit Journal.) "A remedy for the conditions that arise in the homes of poor people who are forced to send their children to school, in compliance with the compulsory school law, is possible under the provisions of the indigent parents act, whereby the boards of education of cities pay such parents from \$3 to \$6 a week to offset the loss of wages their children could earn were they not required to attend school," said Hempleton P. Twigg, supervisor of working permits for the board of education.

One of World's Engineering Wonders

New York, March 18.—A London cable says: "The king and queen attended the formal opening of one of the engineering wonders of the world, the Metropolitan Water Board's new two and a half million dollar reservoir at Chingford. From his place on a specially erected royal stand at the pumping station, the king pressed an electric button, which setting in motion a series of powerful explosive pumps, released the water from a reservoir whose capacity is three thousand million gallons.

Next Sunday is Easter

By J. R. HAMILTON Former Advertising Manager of Wanamaker's, Philadelphia.

NEXT Sunday everybody you know is going to have a new spring suit or a new Easter hat or a new something that is going to make you feel as uncomfortable as a gingham apron in a theatre box

It is going to take most of your time explaining why you haven't bought anything new this year and your real friends are going to pity you and then some pert little thing is going to say—"Oh, my dear, that old dress does look too sweet for anything. It isn't exactly like the new models, but I'm sure hardly anyone would notice it."

Then when she turns her back you are going to "kill her with a look."

And that's how you'll spend your Easter—if you don't watch out.

Who in the world could be happy on Easter day with a winter outfit made for explorations around the North Pole?

There are just two things for you to do—and they are to think and act quickly right now.

It may not require much money, but it certainly will take some planning to be ready by Easter day.

All of the good stores have done a lot of work preparing for you. They have every new style that has been created this year. Every model hat or dress from Paris has been copied and made ready for you at a range of prices to suit every purse.

The exclusive, imported models are also ready. All you have to do now is to go over the advertising in this paper carefully today and you are sure to find just what you want at the price you are willing to pay. There is really no need for you to be unhappy next Sunday if you get busy now.

Don't trust to chance this year. Don't buy anything, anywhere. Here in this paper is the advertising news of everything you need from your shoes to your hat, and if you treat it as news and study it now, you are sure to come out right.

The woman who wouldn't rather be envied than pitied is not reading this article. She is blind.

MRS. KEPPEL AS HOSTESS

Lord Kitchener's Guest Catches Measles on Way to Egypt and is Quarantined—Paris Women Are Painting Faces Blue and Mauve

(Times Special Correspondence)

London, March 8.—Quite a cheery spot in our Lenten days was a "telephone" dance given this evening by Mrs. Keppel at her house in Grosvenor street. Mrs. Keppel spent the early part of the winter at Florence and then went on to Klingendal, the house of her sister, the Baroness de Brien at The Hague, a very favorite pastime here. Lately they returned to London, and Violet Keppel, finding life a "bore," most of the more lively members of society being abroad just now, persuaded her mother to get up the dance all in a hurry. While they were in Florence, there was a perfect rage for "head-less dinners," and other "dressing-up" festivities, and Violet Keppel came back to town with her head full of all sorts of new ideas in this way.

Although the guests had so little time to get anything ready—they had only twenty-four hours' notice—their costumes were evoked. Most of them were of the comic order, and as each arrival made his or her entrance into the ballroom, shouts of laughter went up from the rest of the folk.

George Keppel was a comic Dutch peasant and Lord Albenmarke, his elder brother, a country squire in a second-hand frock. He had also "donned" the bucolic complexion and locks of tow hair generally associated with that attire. A perfect storm greeted the entrance of Lady Elizabeth Keppel, Lord Albenmarke's only daughter, who was dressed as a caricature of Dolly Varden, and one of her young brothers accompanied her in a "down-and-out" dress suit and a very old rose-while Lady Albenmarke was so effectively disguised as a judge in wig and gown that for a long time nobody recognized her. Mrs. Cecil Higgins came as a girl of twelve, and Lady Cunard, Lady Sarah Wilson and Mrs. Montagu Wilson appeared as three of Bluebeard's wives.

No orchestra was engaged, the guests taking it in turn to play for the dancers, and several of them sang and recited, as well. Towards the end of the evening, Violet Keppel and several of her friends gave an extremely clever imitation of some of the scenes from Der Rosenkavalier, in dumb show. Miss Keppel appearing as the rose-bearer and wearing the mightily becoming riding dress worn by that character in the first act. As a grand finale, the farandole was danced by all in the highest of spirits, and everybody decided that they had not spent such a thoroughly enjoyable evening for an age.

Among the folk who seemed to be enjoying themselves most was young Prince Paul of Serbia, a son of Prince Arseno Karagorevitch, who has been fighting for his country against the Turks. Prince Paul has come over here to put in a spell of work at Oxford. He is a Christian, and he and the Prince of Wales hastened to make friends with one another, and are now to be found together in the rooms of one or the other, no doubt "comparing notes." Prince Paul is a nephew of the present king, and he was only ten years old at the time of the terrible murder of King Alexander and Queen Draga. For the matter of that, too, he has never been in Serbia in his life.

Talking of dances reminds me that a very successful dance was given last week at Cannes by the Grand Duke Michael and the Count Torby to celebrate the coming of age of the Countess Zsa, their eldest daughter. There was a dinner-party first, at which many of the countess's young friends were present, and which was quite a gay affair. After dinner, nearly everybody in Cannes turned up and danced with great energy till early hours. Among the guests were: Mr. and Mrs. Winston Churchill, the latter looking particularly lovely in her favorite white.

It was hard lines for poor Monica Grenfell to get measles on board ship on her way out with her mother and father to stay with Lord Kitchener at Cairo. It has rather upset their plans, too, for although she had almost recovered when they arrived at Alexandria, she could not go on to Cairo, because of the infection, and she and her mother had to stay behind at the hospital at Alexandria, until her "quarantine" was over.

This trip was looked upon as a signal honor for her, as Lord Kitchener has never given such an invitation to a girl before, although people say his reputation as a woman-hunter is on the wane. However, that may be, he certainly does not regard the good things of this life with such scorn as he was supposed to. In proof of that, people in Egypt are pointing to the magnificent ballroom which he has just had added to the agency there, and where the man of iron has already been seen footing it with "mere women," like a man in his early twenties.

A very jolly dance was given there a few days ago, which was meant to be in honor of the new building.

It Builds Up The System

It is not only disagreeable but positively alarming to be getting thinner and weaker from day to day. This indicates that the digestive system is failing to supply the nourishment required to maintain health and strength.

You must resort to other means of restoring strength, and in this connection there is nothing like Dr. Chase's Nerve Food to form new, rich blood, revitalize the wasted nerves and restore to the digestive system its natural functions. Mr. Fred Gustafson, farmer, Laird, Sask., writes: "I was very thin and nervous, and as I was continually growing worse, decided to give Dr. Chase's Nerve Food a trial. I would suffer from headaches, my digestion was usually worried and excited and felt generally run down. The benefit obtained from this food cure has been very marked, and I recommend it with the greatest confidence to persons who are thin, weak and nervous."

Formal Opening of Spring Millinery Wednesday and Thursday

A Peerless Exhibit of Charming Styles Offered in Extensive Array For Easter Wear

We cordially invite your inspection of this exposition of spring styles—distinctly clever creations representing the choicest ideas gleaned from the fashion centres of Europe and America.

Paris has decreed that small hats will be the height of fashion for the demi season but the opinion of the best milliners being that when the full season is reached the larger hats will also be brought into prominence.

Just now however hats of limited size are the vogue and a great many we show have soft satin or mulline crowns which cling and shape to the head. There are also an abundance of others in fine, flexible Milan, Tagal, Pedal, Picor and Belgian straws, worked into all manner of bewitching forms—each hat a perfect gem of loveliness.

Bright colors are a feature including Cerise, Labrador Blue, Copper, Violet, l'Habit Vert, Yastucan, Lime, Citron, Mimosa, Coque de Roche, Saxe, etc., trimmed in original effects utilizing flowers, feathers, ribbons, braids, bandeaux, jet ornaments and other accessories, in handsome and harmonious treatment.

A wondrous collection of irresistibly beautiful headwear in great enough variety to suit every type of femininity. You may come with the certainty of gaining a wealth of style information and in all probability you will find the very hat required to complete the Easter outfit.

Bridgetown Notes
Bridgetown, N. S., March 17.—With the approach of spring, business prospects are brightening. Merchants are displaying their spring goods, and look for a large Easter trade.

Young violinist is surely making her way into the affections of music lovers here. She gave a recital at Steunway Hall this week under the patronage of Lord and Lady Strathcona and Mr. and Mrs. J. Norton Griffiths who, it will be remembered, sponsored her first efforts in London.

Captain Geener of the steamer Uluda will make a trip to St. John this week. A new up-to-date station house is much needed, and it is hoped the C. P. R. will build this summer. George Lake contemplates adding a shoe factory to his large established latrine factory.

COMMON COUNCIL

The Paving—The School Board

—To Discuss Eight Hour Day

Protests against the paving programme for Charlotte street, between King and Queen Squares and Union street between Charlotte and Waterloo streets were presented to the city council yesterday afternoon.

Mr. Agar said he would proceed with the programme as long as there was one street left unpaved. He also indicated that the city would seek authority from the legislature next year to assess half the cost of improvements on property owners without asking their consent.

Mayor Frink drew attention to the fact that the school board is asking the legislature to provide an additional income of \$25,000 a year by civic assessment and said it would have been more courteous to have referred the matter to the commissioners before taking this step. He said this would be equal to the revenue of \$500,000, enough to pay for paving all the city streets.

The commissioner of public works was authorized to purchase a four ton motor truck and also surveying equipment to the value of \$360.

The commissioner of harbor was authorized to enter into an agreement with the federal government for the dredging of Nelson and Wellington slips.

The commissioner of water and sewerage was authorized to dispose of the buildings on the shores of Spruce Lake and to pay Tobias & George the twenty per cent of the cost of the contract which was held back as a guarantee.

A protest against the erection of a garbage conveyor across Protection street was received and the interests of the other property owners in the street will be protected before the building permit is issued.

At the request of the builders exchange the mayor called a public meeting to be held in the municipal council chamber of the court house on March 23 to discuss the eight hour day plan.

A communication from the Board of Trade protesting against the laborers' tax was referred to the mayor.

The Board of Trade wrote, also, asking that no plans for subdividing the city's lands on the Gypsy Settlement road be drawn up through Moncton today and tomorrow over the I. C. R. from Halifax.

MONCTON HAPPENINGS

Moncton, N. B., March 18—The defense in the case of Frank McKinnon, charged with resisting arrest while Magistrate Stevens this morning and several witnesses were examined. The case is being continued this afternoon. Austin A. Allen appeared for the prosecution and J. C. Sherrin for the defendant.

A sad case was reported to the local police this morning. A woman residing in lower Tule street came to the station and reported that some time ago her husband deserted her and two children, who have since died. The police have been looking after her and an effort will be made to locate the husband.

A. N. Charter, leader of the Moncton Circle, No. 141 O. H. C., who represented the Circle at a convention of the order in Toronto last week has returned home.

About 5,000 immigrants are expected to pass through Moncton today and tomorrow over the I. C. R. from Halifax.

Coal Miners Strike

Pittsburg, Pa., March 18—Molders employed by the Black Diamond Plant of the Crucible Steel Company of America, struck yesterday for an increase.

Boulder, Colo., March 18—In the Northern Colorado coal field yesterday 1,000 miners employed by the American Fuel Company failed to return to work.

"LAURIER'S THE IMPERIAL POLICY"—LONDON NEWS

(Continued from page 1)

"There is the national pride of her people, and there is also the question of laying the foundations for a self-reliant and self-sufficient future. There is nothing imperial or anti-imperial in such a case. If we recognize that within the empire the dominions can and should be free nations, we must also recognize that their ambition to stand on their own feet without crutches is in the imperial interest, a laudable ambition.

"The same sentiment is it which underlies the demand to separate the dominion from the empire, not on the ground of their own sake, but on the ground of their own sake, not on the ground of their own sake, but on the ground of their own sake.

"For this reason we think that the admiralty will be very short-sighted if, to gain a passage for two or three military units of armaments, it turns the rising instinct of dominion nationalism against it.

"The Daily News declares that, in its opinion, Churchill travelled somewhat beyond the terms of the questions submitted to him. It says:—"The advantage of the Laurier policy seems indisputable from the Canadian point of view. It avoids grave constitutional problems which the Borden heavy cost of maintenance, of the possibilities of friction over policy and control. It does not threaten us with such delicate problems as the question of renewal, in due course, of relations with continental powers so far as Canada is concerned. It is not a permanent source of irritation between the dominions and the dominion and the permanent subject of conflict in the Canadian parliament, and would have no finality and ultimately Canada would insist on controlling the navy which it had built.

"The social democrats in the Reichstag, who would not have opposed the government if the tax had been confined to the wealthy classes, will, Herr Bernstein, the socialist leader, says, oppose the war tax, any attempt to raise it, and the workmen's organizations. By themselves the socialists could not defeat the policy, but only eighteen votes of 287 would need to be added to theirs to kill the bill."

GERMANS MAY TAX LABOR UNIONS TO MAKE UP REVENUE

London, March 18—The Berlin correspondent of the Daily Mail telegraphs:—"The German government is said to have decided to tax the labor unions and workmen's leagues as well as the large fortunes to provide the \$200,000,000 increase.

"The social democrats in the Reichstag, who would not have opposed the government if the tax had been confined to the wealthy classes, will, Herr Bernstein, the socialist leader, says, oppose the war tax, any attempt to raise it, and the workmen's organizations. By themselves the socialists could not defeat the policy, but only eighteen votes of 287 would need to be added to theirs to kill the bill."

THE MARITIME MERCHANT

The spring number of the Maritime Merchant which has just come to hand is a book of 260 pages and is the most attractive spring number that has ever been issued by any of our trade journals.

The cover is very appropriate, showing on a map-like background the coast-lines of the three maritime provinces, and showing also, the rising sun with a strip of shore and a lighthouse in the foreground, the whole being illustrative of the new era of progress that is dawning in these provinces.

The special articles in this splendid issue deal with Lunenburg, N. S., and the great fisheries of the province, and the operations of the Dawson Lumber Company, under the general heading of Maritime Merchants, and also the operations of the Agricultural College at Truro, the National Transcontinental across New Brunswick, and the railway and bright prospects, Moncton and the Albert county gas wells, and the papers at the season and also when any special church festivals occur, and I therefore wish to point out that the Church of England is also a Catholic church, and on Palm Sunday many churches blessed the palms and used them for decorating, etc., while all this week (Holy Week) our churches have two or three services every day. I hope the newspapers will learn that the term Catholic is not confined to the Roman, and that the calendar of the Roman Catholic Church contains nearly all the festivals kept by the Church of England. Another error made by general newspapers is to speak of our church as the Episcopal Church. This is also wrong, as it is the Church of England in Canada, or, if preferred, the Anglican church.

THE CHURCH OF ENGLAND

The Editor The Times. Sir—I noticed a paragraph in yesterday's Times that special services for Palm Sunday and Holy Week were and are being held in the Catholic churches; as you mention the Roman Catholic Church, I do not doubt mean that the Roman Catholic church only keep such anniversary. Similar items are to be seen in all the papers at the season and also when any special church festivals occur, and I therefore wish to point out that the Church of England is also a Catholic church, and on Palm Sunday many churches blessed the palms and used them for decorating, etc., while all this week (Holy Week) our churches have two or three services every day. I hope the newspapers will learn that the term Catholic is not confined to the Roman, and that the calendar of the Roman Catholic Church contains nearly all the festivals kept by the Church of England. Spanish Minister Decorated

Madrid, March 18—The king has decorated the Spanish minister at Washington, Don Juan Riano Y. Gayangos with the grand cross of Isabella, in recognition of his eminent services in bringing about close relations between Spain and the United States.

RIVER MAY BE OPEN EARLY

Gloucester—Part of the Nashwak river has run out this morning and jammed in the St. John river below the I. C. R. bridge. Indications point to an unusually early spring break up if the mild weather continues much longer and already the lumbermen are sending crews to the streams to commence stream driving as soon as the break-up comes. The water came up so much in the St. John river here on Saturday as to cause crossing on the ice to stop for the time being.

DREDGING AT KENNEBECAS

Gloucester—A number of the staff from the federal public works department who have been engaged in the survey of the river here in connection with the dredging work have gone to Kennebecas, where a survey is to be made for dredging between Perry's Point and Hampton.

TO BE MARRIED

Gloucester—The wedding of Miss Mattie Cameron of Fredericton and Frank Sheppard of Campbellton is to take place in the near future. Mr. Sheppard is the proprietor of a successful dry goods business in Campbellton.

Allen Kellan of Killam's Mills, and formerly one of the proprietors of Killam's mill, died on Sunday. He was upwards of eighty years of age. He leaves besides his wife a family of three sons and three daughters. The sons are George B. of the head of the Ridge, Miles of Steves Settlement and Newton the present councillor for Salisbury, and who was a candidate last local election on the opposition ticket. The daughters are Mrs. Wm. Brantford of Steves Settlement, Mrs. Joseph Brantford of St. John and Mrs. Miles Taylor of Massachusetts. Mr. Kellan also leaves two brothers, George and Miles. Mr. Kellan was a member of the Kings County, deceased residing with his son, Newton, who is now rector of Killam's Mills.

GREATEST HEADACHE CURE IN THE WORLD

Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives"

Shantley, Ont., Sept. 23rd, 1910. "You certainly have the greatest Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

One of your salesmen called on me when I had one of my raging Headaches and had my head almost raw from external applications. He insisted on my trying "Fruit-a-tives."

I did so with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health."

W. M. PITT. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50—trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

RECENT DEATHS

Dr. John Brittain died yesterday afternoon at St. Anne de Bellevue after an illness of some months. He was one of the oldest school teachers in the province. He was an instructor in the Provincial Normal School for years and also a professor at the U. N. B. He leaves several children, among them being Professor Horace L. Brittain, at one time principal of Horton Academy at Wolfville, N. S.

Dr. Brittain was an educationist of high standing, and he was an author of several articles and books on nature lessons. He was the eldest son of Thomas B. and Elizabeth Carson Brittain, and was born near Quebec on Nov. 22, 1849. His early education was privately conducted and he later attended the Provincial Normal School at Fredericton and took short courses at Cornell, Chicago and Columbia Universities. He was given the degree of doctor of science by the University of New Brunswick in 1905.

For ten years Dr. Brittain was principal of the Superior school at Petticoat and for fourteen years he was instructor in natural science at the Provincial Normal School. From 1906 to 1908 he was professor of chemistry at the University of New Brunswick, and was then appointed professor of natural science at Macdonald College. Some time ago he retired on a pension from the Government.

Dr. Brittain's books included, Manual of the Geology of New Brunswick, and the Geology of the Province of New Brunswick.

Could Not Sleep Well For Four Years.

HEART AND NERVES WERE BAD.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves unbinged, heart action wrong, and to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber.

They restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Wm. Douglas, Thessalon, Ont., writes—"I am going to send you my testimonial for what your Milburn's Heart and Nerve Pills did for me. For four years I could not sleep at night, as my heart and nerves were so bad. I tried all the doctors here, but none of them helped me. I read of your Heart and Nerve Pills, and tried only a few boxes, and I can certainly say they did me a great amount of good. I can now sleep as well as ever, and can advise anyone who suffers from heart trouble to try them."

Milburn's Heart and Nerve Pills are 50c a box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of the price to The T. Milburn Co., Limited, Toronto, Ont.

Some Bond Information

In referring again to the subject of bonds we address our remarks today particularly to the man of conservative temperament, who says he would rather have his surplus bring in a low rate of interest, and be safe, than take any chances.

Now, when we advise such a man to buy bonds, we do not ask him to speculate. The bond buyer takes no chances. He is simply a lender of money to a corporation, which gives him as security a first mortgage on all its assets, promise to pay him a specified rate of interest, and retire the loan at its maturity.

When the bonds are of a sound and prosperous corporation his capital is secured and his interest certain. Therefore, again we say that the bond buyer takes no chances. If any risks are to be incurred the shareholder takes them.

If you are conservative, ten per cent, we would like to tell you more about bonds as an ideal investment—especially some that we have which yield from 0.25 p. c. up to 6.00 p. c. Suppose you write for a copy of March "Investment Outlook."

Another error made by general newspapers is to speak of our church as the Episcopal Church. This is also wrong, as it is the Church of England in Canada, or, if preferred, the Anglican church.

RIVER MAY BE OPEN EARLY

Gloucester—Part of the Nashwak river has run out this morning and jammed in the St. John river below the I. C. R. bridge. Indications point to an unusually early spring break up if the mild weather continues much longer and already the lumbermen are sending crews to the streams to commence stream driving as soon as the break-up comes. The water came up so much in the St. John river here on Saturday as to cause crossing on the ice to stop for the time being.

DREDGING AT KENNEBECAS

Gloucester—A number of the staff from the federal public works department who have been engaged in the survey of the river here in connection with the dredging work have gone to Kennebecas, where a survey is to be made for dredging between Perry's Point and Hampton.

TO BE MARRIED

Gloucester—The wedding of Miss Mattie Cameron of Fredericton and Frank Sheppard of Campbellton is to take place in the near future. Mr. Sheppard is the proprietor of a successful dry goods business in Campbellton.

Allen Kellan of Killam's Mills, and formerly one of the proprietors of Killam's mill, died on Sunday. He was upwards of eighty years of age. He leaves besides his wife a family of three sons and three daughters. The sons are George B. of the head of the Ridge, Miles of Steves Settlement and Newton the present councillor for Salisbury, and who was a candidate last local election on the opposition ticket. The daughters are Mrs. Wm. Brantford of Steves Settlement, Mrs. Joseph Brantford of St. John and Mrs. Miles Taylor of Massachusetts. Mr. Kellan also leaves two brothers, George and Miles. Mr. Kellan was a member of the Kings County, deceased residing with his son, Newton, who is now rector of Killam's Mills.

Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives"

Shantley, Ont., Sept. 23rd, 1910. "You certainly have the greatest Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

One of your salesmen called on me when I had one of my raging Headaches and had my head almost raw from external applications. He insisted on my trying "Fruit-a-tives."

I did so with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health."

RECENT DEATHS

Dr. John Brittain died yesterday afternoon at St. Anne de Bellevue after an illness of some months. He was one of the oldest school teachers in the province. He was an instructor in the Provincial Normal School for years and also a professor at the U. N. B. He leaves several children, among them being Professor Horace L. Brittain, at one time principal of Horton Academy at Wolfville, N. S.

Dr. Brittain was an educationist of high standing, and he was an author of several articles and books on nature lessons. He was the eldest son of Thomas B. and Elizabeth Carson Brittain, and was born near Quebec on Nov. 22, 1849. His early education was privately conducted and he later attended the Provincial Normal School at Fredericton and took short courses at Cornell, Chicago and Columbia Universities. He was given the degree of doctor of science by the University of New Brunswick in 1905.

For ten years Dr. Brittain was principal of the Superior school at Petticoat and for fourteen years he was instructor in natural science at the Provincial Normal School. From 1906 to 1908 he was professor of chemistry at the University of New Brunswick, and was then appointed professor of natural science at Macdonald College. Some time ago he retired on a pension from the Government.

Dr. Brittain's books included, Manual of the Geology of New Brunswick, and the Geology of the Province of New Brunswick.

Could Not Sleep Well For Four Years.

HEART AND NERVES WERE BAD.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves unbinged, heart action wrong, and to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber.

They restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Wm. Douglas, Thessalon, Ont., writes—"I am going to send you my testimonial for what your Milburn's Heart and Nerve Pills did for me. For four years I could not sleep at night, as my heart and nerves were so bad. I tried all the doctors here, but none of them helped me. I read of your Heart and Nerve Pills, and tried only a few boxes, and I can certainly say they did me a great amount of good. I can now sleep as well as ever, and can advise anyone who suffers from heart trouble to try them."

Milburn's Heart and Nerve Pills are 50c a box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of the price to The T. Milburn Co., Limited, Toronto, Ont.

Investment News

St. John, March 18, 1913

Some Bond Information

In referring again to the subject of bonds we address our remarks today particularly to the man of conservative temperament, who says he would rather have his surplus bring in a low rate of interest, and be safe, than take any chances.

Now, when we advise such a man to buy bonds, we do not ask him to speculate. The bond buyer takes no chances. He is simply a lender of money to a corporation, which gives him as security a first mortgage on all its assets, promise to pay him a specified rate of interest, and retire the loan at its maturity.

When the bonds are of a sound and prosperous corporation his capital is secured and his interest certain. Therefore, again we say that the bond buyer takes no chances. If any risks are to be incurred the shareholder takes them.

If you are conservative, ten per cent, we would like to tell you more about bonds as an ideal investment—especially some that we have which yield from 0.25 p. c. up to 6.00 p. c. Suppose you write for a copy of March "Investment Outlook."

Big Canada Iron Corporation Anxious to Come

ANNOUNCED IN LEGISLATURE

Hon. Mr. Grimmer Adds This To Premier Fleming's Statement in Support of Aid to Assist Shipbuilding Plant—The Sanitarium

Fredericton, March 17—The resolution respecting the encouragement of shipbuilding in St. John was moved in the house this afternoon.

A new form of taxation appeared today. The premier introduced a short but important bill that gives the government power to tax all railways for provincial purposes.

Hon. Mr. Grimmer introduced a bill to amend New Brunswick elections act. He explained that the bill related to the form of oath taken by a party challenged at the polls and specified the qualifications required by the act to enable him to vote.

Hon. Mr. Fleming said that it had been proposed to interest shipbuilding concerns in the project of establishing a shipbuilding plant at St. John. It went without saying that it would be of the greatest possible advantage not only to St. John but to the province at large to have such a great industry established at that port.

It seemed likely that a shipbuilding plant would be established at some convenient point in eastern Canada within the next few years, and once work had begun at one point other places would be precluded for a good many years; therefore, it was important that steps should be taken towards the establishment of a plant at St. John.

Norton Griffiths Co., who were carrying on the construction of the drydock, breakwater and other work at St. John, had made proposals to the city and county of St. John, municipality of the city and county of St. John, and the government of New Brunswick, in regard to a project for the establishment of a shipbuilding plant.

Norton Griffiths Co. had made a proposition that the city and county of St. John and the province should enter into a guaranteeing of bonds to a certain extent for a considerable period of years. The government was not disposed to enter into any arrangement and would not interfere in any way with the contract of Norton Griffiths Co. with the dominion government to perform certain work at St. John. But the government was alive to the advisability of securing for this province and for St. John a shipbuilding plant and the object of this resolution was to secure an expression of opinion from the legislature which would strengthen the hands of the government in going ahead and dealing with the matter in what they felt to be in the best interests of the province, any definite plan decided upon to be submitted to the legislature.

It was well within the range of possibilities, however, that in addition to the dry dock and shipbuilding plant there would also be large blast furnaces established alongside of the great industries, and that New Brunswick would take the advantage of having one taken from the earth and made into ships, all within the confines of the province. It was not too much to ask and not too much to expect that the government should have the assistance of every member of the house and of the people throughout the entire province in bringing about such a desirable end.

Hon. Mr. Grimmer, in seconding the resolution, said that he was here to endorse all that had been said by the hon. premier in introducing the resolution. He had feared that the premier might forget to mention regarding the strong possibility for the erection of blast furnaces as one of the group of industries at St. John. He felt free to tell the house and country that the Canada Iron Corporation was seriously considering the removal of their foundries and blast furnaces, an immense plant, from Londonderry, Nova Scotia, to a place where they would be more closely associated with a big shipbuilding industry, and if the land which the premier referred to is reclaimed it would offer excellent opportunities for the work they had in mind.

The Canada Iron Corporation plant was of such immense proportions that the whole province would benefit from its establishment at St. John and it would mean the complete realization of hopes which had been expressed for an iron industry in this province.

Premier Fleming's report was adopted. Mr. Fleming presented a statement of the amounts received and expended on the Jordan Memorial Sanitarium. In addition to the gift of the grounds and existing buildings valued at from \$60,000 to \$80,000 Mrs. Jordan had given extra sums to the extent of \$30,000. The latter amounts included the cost of water tower, fire protection, power house with electric light and heating plant, lighting grounds and buildings, free ward, cost of moving barn and foundations for free ward, screening pavilions, land, heating cottage and beautiful grounds. She also had erected three cottages which on her death will become the property of the sanitarium.

The government is erecting two pavilions and Mrs. Jordan's daughters have contributed the cost of a third pavilion for children. The expenditure to be made by the province will amount to about \$20,000 and when the plant is complete it will represent a total cost of from \$125,000 to \$150,000. Patients will be charged \$1 a day, about half the cost of maintenance, and arrangements may be made for an emergency fund for the benefit of those who cannot afford to pay the full amount.

The house went into committee with Mr. Dickson (Albert) in the chair, and took up consideration of a bill to amend the Game act.

The committee reported progress. The house went into committee with Mr. Perley in the chair, and agreed to bills amending acts respecting the police commission in the city of Fredericton and Hants and Miramichi railway county.

LOCAL TOWN PLANNING James Crossland of London, passed through St. John yesterday on his way to Calgary. He is associated with Professor Thomas Mawson, one of the principal town planning experts of the world, who has undertaken a town planning scheme for Calgary. Mr. Crossland will secure the necessary data in advance of the arrival of Professor Mawson who will be here in five weeks. An effort is being made to arrange to have Professor Mawson stop in St. John for a conference with the local town planning committee and to give a lecture on the subject.

Mr. Crossland pointed out the desirability of undertaking scientific town planning before the city had arrived at a condition where it would cost huge sums to rectify the mistakes which occur when a town is allowed to grow in a haphazard manner.

How a cut led to 4 Years of Suffering

Mr. J. E. Arsenault, a Justice of the Peace and station master at Wellington, on the P. E. N. Ry., says: "Four years ago I fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead it developed into a bad sore, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged."

"I consulted two doctors, and tried all the salves, liniments and lotions I heard of, but instead of getting better I got worse."

How Zam-Buk cured.

"This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that as fast as I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the sores."

Purely herbal in composition, Zam-Buk is a sure cure for all skin diseases, cold sores, chapped hands, sores, blood-poisoning, various sores, piles, ringworm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for 75c.

FORMER ST. JOHN MAN 47 YEARS A MINISTER

Rev. W. T. Wilkins Retires—Was 30 Years in Presbyterian Church of Trenton, Ont.

The Kingston, Ont., Waig of March 11 contains the following appreciative story of the life of Rev. W. T. Wilkins, retired Presbyterian minister, who is a native of St. John and a brother of Robert J. Wilkins of the customs staff.

In the active ministry for forty-seven years. Such is the record of Rev. W. T. Wilkins, B. A., clerk of the presbytery of Kingston, who, at the last session of the presbytery, asked for permission to retire from the ministry. For nearly thirty years he has been the pastor of St. Andrew's church at Trenton.

As clerk of the presbytery he has rendered able service, and his work has been greatly appreciated by all the members. Mr. Wilkins, apart from church work, has always taken a keen interest in the progress of Trenton, and has served as a member of the Board of Education, and is a chairman of that body. Broadminded, with a clear conception of citizenship, he is esteemed by everyone with whom he is acquainted. His friends are legion, for he is well known all over Canada.

Mr. Wilkins has taken a great interest in the work of the Masonic order, and a few years ago he had conferred upon him the honor of grand chaplain for Canada, which position he ably filled.

A few years ago he was also honored by being elected, by acclamation, moderator of the synod of Kingston and Toronto. He was appointed to the position of clerk of the Kingston presbytery in 1881.

Mr. Wilkins was born at St. John, N. B., on July 15th, 1843, and graduated from the University of New Brunswick in 1863. He studied theology at Queen's University, Kingston, and at Princeton, N. J., and was ordained in 1868. He was minister of St. Paul's church, Truro, N. S., for several years, and afterwards of St. Andrew's church, Stratford, Ont., prior to his appointment at Trenton.

A LITTLE ANXIOUS FOR THE YOUNG TREES SET OUT IN THE ST. JOHN STREETS

H. E. Gool'd's Report to the Arboriculture Society

ANNUAL MEETING TODAY

Few of The Trees Destroyed by Boys. More by Horses—Financial Report Shows Trifling Sum to Start New Year

The annual meeting of the St. John Arboriculture Society is being held in the Board of Trade rooms this afternoon. The report of H. E. Gool'd, forester for the society is as follows:

The undersigned would like to report that agreeable to your instructions, trees were planted in May 1912 as follows:—Thirty-nine Norway maples in Elliott Row, eighty-three Norway maples in Broad street, ten Norway maples in Alexandria street, twelve elms in King street, two maples Wall street, three elms Wall street, thirty-two Queen Square, West St. John.

You also replaced dead and damaged trees as follows: thirteen elms Waterloo street, seven elms Duke street, six maples Erin street, seven elms King street West St. John, one Maple Mecklenburg street, two maples Wall street, three elms Wall street.

Of the twenty-three elms ten were destroyed by horses, thirteen natural causes. Of the ten maples eight were destroyed by horses, two natural causes.

The Market Square was sodded, seeded and seven trees planted. In November, as instructed by you, damaged and dead trees were replaced as follows: three elms Peter street, three elms Erin street, sixteen elms Waterloo street, one elm Duke street. Of these twelve were destroyed by horses, one by boys, ten by natural causes. Five maples were planted in Elliott row, four in Erin street, two in Paddock street, one in Garden street triangle. Of these four in Erin street were destroyed maliciously, two in Paddock street by horses, one in Elliot Row and one in Garden street by natural causes.

Several broken guards were repaired, and all trees left for winter.

On the Market Square forty-five Golden Elder shrubs were planted, in beds prepared for the purpose, and the grass top dressed with compost.

The winter of 1912-1913 has been a most extraordinary one from the point of view of high temperature, and lack of snow; and its effect on young trees cannot but be a cause of anxiety, as this is a critical year to many of them. However the loss so far from natural causes in the past has been so slight, as to be negligible, and we can only trust that a normal spring will follow the abnormal winter.

Your forester wishes to thank the commissioner of public works, the road engineer, and the superintendent of streets for the many courtesies extended; also the many public spirited citizens who have protected the trees from horses, etc., and have watered and cared for them when necessary. That this the all important feature in your success, the result on certain streets demonstrates.

The finance report shows receipts of \$20 in members' fees, \$24.20 from the I. C. R. and \$300 from the city. Add \$283.32 balance from last year and there is a total of \$607.52.

The expenditures were: for trees, shrubs and labor \$684.92; printing \$12.25; Page demand for free goods and British fair play and sundries, \$33.91, a total of \$801.38, leaving a balance of \$144.

Contract your hands, your legs the muscles of your back, raise up your chest, stiffen your neck; then turn it vigorously, slowly, from side to side, or bend it backward and forward. This will keep you from taking cold. One need never take cold when sitting still. You can make your muscles work just as hard when sitting down as when walking about, and it may be more convenient.

DR. FRIEDMANN'S ANSWER TO HIS CRITICS IN HIS OWN HANDWRITING

Ich bin auf dem Schlarf-felde und bin sicher dass ich unsere Seite siegen wird. Ich bleibe ich und kämpfe etc.

Dr. Friedrich Franz Friedmann, the Berlin tuberculosis expert, now in America to demonstrate the value of what he says is a cure for consumption, has been subjected to bitter criticism in New York. The medical profession of that city, it is charged by Friedmann's friends, put many obstacles in his way, interfering with his plans to make a thorough public test of his serum.

Dr. Friedmann was asked for a statement, and this is his answer, written in German in his own hand. Translated, it reads as follows: "I am on the field of battle, and I am sure that our cause will win. Here I stay and fight!"

FEEL SHAKY, BILIOUS, HEADACHY, OR CONSTIPATED? TAKE CASCARETS

Sick headaches! Always trace them to lazy liver, delayed fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache.

Cascarets remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headaches, need not suffer, for they can be quickly cured by Cascarets. One taken tonight will straighten you out by morning—a pleasant box will keep your head clear, stomach-weak, liver and bowels regular and make you feel bright and cheerful for months. Children need Cascarets, too—they love them because they taste good and never grip or sicken.

Sir Wilfrid Given Rousing Reception—The Charges Against Mr. Coderre

Ottawa, March 17—When Sir Wilfrid Laurier made his appearance in the house tonight after his partial recovery from an attack of bronchitis, he was given a great demonstration, and the cheering by the Liberals lasted several minutes.

Alphonse Verrette received eight communications from representatives of different branches of trades and labor unions extending congratulations on his recovery from the illness, and the cheering by the Liberals lasted several minutes.

Secretary of State Coderre was today charged by Mr. Gauthier, of St. Hyacinthe, with having organized persuasion and after the election with having paid \$100 each to two and appointed to a public office a third person who threatened exposure. Affidavits were put in from the persons named by Mr. Gauthier. Contradicting affidavits were put in from the same men by the Minister of Justice, Doherty, who said the men were evidently perjurers and the case should be left to the courts.

Mr. Gauthier read the affidavit that two men had received \$100 each for persuasion, and another had been given a government job. He also read affidavits from Thurel Martel and G. S. Jarry, of Montreal, the former a Nationalist-Conservative, showing that the statements in the former affidavits were true, and telling of a conference with Messrs. Coderre and Nantel at Ottawa regarding the matter. Mr. Martel said that he had been given \$100 by Coderre to get the names of the men named in the affidavits.

From a Man Who Knows

From the Magdalen Islands, away down among the fogs of the Gulf of St. Lawrence, comes a letter from a man who knows that Dr. Chase's Ointment is not only a relief but also a positive cure for protruding piles.

"Too many make the mistake of stopping this treatment when relief is obtained, when by persistence they could be entirely cured."

Mr. Joseph Meuse, Grand Entry, Magdalen Islands, writes: "After using Dr. Chase's Ointment as a treatment for piles I must say that it did not only relieve me but has effected a cure. I had protruding piles for a number of years. Dr. Chase's Ointment cured me and I have no return of the ailment. You may publish this statement, so that it may be the means of helping other sufferers."

Surgical operations with all the pain and risk are unnecessary, for Dr. Chase's Ointment is a proven cure for every form of piles.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound may be relied upon.

Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if anyone ever spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman."

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Steen Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doss are Taken

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly relieves the most severe and obstinate cases.

Croxone cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped-up, inactive kidneys like water does a sponge, dissolves, and drives out every particle of uric acid and other

poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the uric acid so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidneys and bladder to health and strength.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it, and relieves you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

Most ladies would resent any imputation of personal carelessness and neglect. And yet very many women permit their natural hair to become ab dull, brittle and listless that it looks no better than the artificial.

All this is as unfortunate as it is unnecessary. Hair that is unshiny or thin may usually be attributed to the malactivity of the dauffuff germ. Low vicious germ burrows down into the hair follicle, shortly destroying its life. The hair becomes dead, loose and finally drops out.

There is a remedy sold by all druggists, the intelligent use of which will kill the dauffuff germ. It also cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herculicide, the Original Dandruff Germ Destroyer.

Applications may be obtained at the best barber shops and hair dressing parlors.

The Herculicide Co., Dept. R., Detroit, Mich., will send a nice sample and booklet to any address upon receipt of 10c. in postage or silver.

Newbro's Herculicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Service Means Success

You can't question that Marshall Field & Co. are the largest retailers of dry goods in the world.

You might question their enormous business was obtained. Was it obtained by selling merchandise cheap?

No! Thousands of Field's competitors sell merchandise cheap. Was it obtained by selling merchantable merchandise cheap?

No! You won't have to walk far to a shop where merchandise can be depended upon.

Was it because they were always reliable? No, much.

There's an army of reliable merchants. Was it because every transaction must be satisfactory to the customer? Again, no.

Field has many competitors doing the identical thing. Was it because their store was better located, more elegantly furnished? Not on your life.

Field never had a monopoly on this. Was it an account of service? What's that?

Service. Say it again. Service, that's it—service.

Field built his business by service, and service for Field spelled S-U-C-C-E-S-S.

If service meant the combination of dependability, reliability, and right prices, it also included promptness, courtesy, a beautiful store, and that the customers were always right—"not he."

THE OXFORD-CAMBRIDGE RACE

The blue ribbon event of the rowing world, the Oxford-Cambridge boat race, was held on March 19, on the historic bit of water, the River Thames, between Putney and Mortlake.

Annually since 1829, the dark and light blue have tested their own and each other's mettle over the four and one-quarter miles of water and in 38 of the contests Oxford has finished home in front, saw Oxford leading by six lengths at the light blue won 30 times, and once, in 1877, they rowed a dead heat.

Badger State Produces High Class Middle Weights

By TOM ANDREWS The Badger state seems to have jumped to the front all of a sudden in the middleweight line. Three husky Wisconsin boys have broken into the limelight. I might say four—about the same time. They are Eddie McGorty, the Oakshof wonder, Gus Christie, the Milwaukee boy whom Teddy Murphy developed, Jimmy Clabby, another Milwaukee product, and Bob Moha, who was a heavyweight a short time ago but reduced to the commission weight and won what he claimed is the title at that weight.

Moha started all the hurrah by giving Cyclone Johnny Thompson a defeat at 175 pounds, but it developed afterwards that Bob weighed only 165 pounds, and he announced that he could easily make 180, and if necessary, the middle weight of 185 pounds. This has resulted in the matching of Bob with both McGorty and Jack Dillon, the two contests to be decided in the near future. If Moha makes the weight easily and his hands hold good he will make all the middle take notice. George Chip, a sensational fighter whom Jimmy Dine found in Newcastle, Pa., stirred things up by knocking out Tommy Gavagan, a Cleveland boy, who was going along so nicely and winning by a knockout.

The greatest surprise of all, however, was brought off at Fond du Lac, Wis., a few miles from Eddie McGorty's home town, when the latter and Gus Christie met for a ten-round battle. Christie had been trained to the minute by Eddy Murphy, while McGorty, thinking he had easy picking, was fat and out of condition. The result was the same as in many similar matches before this case where a top notcher fought his hardest battle for a meagre purse and before a fair sized crowd. Gee, but what a fight that would have been for Madison Square Garden, New York! It was a good draw also, another good case. He will not be so careless in the future. It also brought out another middleweight, and from now on Gus Christie is liable to make all of the 185 pounders take off their hats to him. Like Jimmy Clabby, he is a real middleweight, scaling 158 ring-side easily.

THE ST. PATRICK'S DAY ENTERTAINMENTS IN CITY

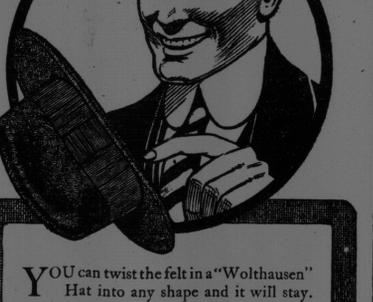

An audience which filled every available portion of St. Peter's Hall in Elm street last evening greeted the members of the Y. M. C. A. Dramatic Club in their first presentation of the four-act comedy-drama, "An Irish Outlaw," a story of early days in the Emerald Isle. The performance was all that could be desired, and the large audience seemed to thoroughly appreciate every effort of the amateur players for applause, laughter and keen attention were given throughout, an evidence of the reliable presentation. Each member of the cast acquitted himself in capable manner, the specialties and orchestra music were well received, and the scenic arrangements were the best seen in any March 17 performance in the hall.

The part of Maurice Delaney, a young man who defied the government in oppression of the people was ably played by Frank T. Walsh, who gave a clever and finished performance, displaying marked ability in several trying scenes. James Martin made himself heartily disliked by his enactment of the role of Major Barlin, a scheming military official, and since this was what the requirement of the part demanded, it speaks well for his portrayal. Much honest amusement and laughter were created by J. V. Ryan as Larry Flynn, servant in the Delaney household, and J. B. Dever, as Terry McGuire, an Irish peasant, both of whom made the most of their opportunities to provide fun and they succeeded very well, indeed. T. C. Olive gave a thoughtful presentation of Squire Delaney, the stern father of Maurice, but one who was softened through seeing that his son was doing all for the best. Mr. Olive won much praise for his playing, as did J. J. McGovern as Moriarty, secretary to the old man, and John J. McDonnell, as Mr. Skinner, an English detective, each of them making an excellent impression. Arthur Howard as Luke Flynn, and Joseph Dever as Mickey Dolan added greatly to the success of the piece and made up a nicely balanced cast.

In the second act there were several features which caught the fancy of the large audience, and the presenting of a real Irish night gave much pleasure. There were specialties by Wm. J. Conway, as an Irish fiddler, Harry McQuade and Joseph Marry, in Irish songs, and Harry McMahon in lively step-dancing while the whole body associated gave an entertaining resemblance of an old time dance on the green. Specialties were also introduced between the acts and those taking part were warmly applauded. Amongst the numbers given were selections by the Y. M. C. A. orchestra under the leadership of John McBride, and they gave a fine programme of Irish melodies, vocal selections by Miss Catherine McQuade and T. C. Olive, and mixed singing by several

A FINNISH WRESTLER

When washing new curtains you will generally find that they are full of lime. A great deal of trouble may be saved by soaking the curtains overnight in water in which a little salt has been dissolved. The salt draws out the lime, and makes the curtains quite easy to wash without too much rubbing and soap. White boots, or boots with white uppers are being extensively worn in Paris.

Was a Victim of Bronchitis.

Had to be propped up in bed. Bronchitis is an acute inflammation of the membranes lining the air tubes of the lungs, and begins with a tightness across the chest, and a difficulty of breathing, accompanied by a hard dry cough which later develops into the raising of a greenish or yellowish phlegm. On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby preventing it becoming chronic and perhaps turning into some serious lung trouble. Mrs. John Forester, Salisbury, N.B., writes: "A year ago I was a victim of Bronchitis. I was so bad I could not lie down, and had to be propped up in bed. As the doctor failed to do me much good a friend, who came to visit me, advised me to try Dr. Wood's Norway Pine Syrup. The first bottle helped me so wonderfully I took five bottles in all, and was cured. I have not had an attack of it since."

NEARLY HALF SNOW OF SEASON JUST CLOSING FELL IN FEBRUARY

Through the courtesy of D. L. Hutchinson, director of the Meteorological Observatory, the Times gives today a summary of the unusual snow condition of the winter just closing, and a comparison with the last twelve years. It will be seen that in only four of those years was the snowfall less than in the season closing. In 1907, the greatest amount fell, and that season was remarkable for quite a downfall in the month of May. Here are Mr. Hutchinson's figures:—

Year	Winter	Oct.	Nov.	Dec.	Jan.	Feb.	Mar.	Apr.	May	Total Inches
1907-8	2.00	5.33	10.75	27.70	9.30	3.00	68.10

MAIL HELD UP.

During the last few days there have been arriving at the post office great quantities of English mail matter which has been stopped in its passage through the post by the authorities here, as it became known that the contents pertained to a lottery in England. About 5,000 of these letters have been received and have been forwarded to the department at Ottawa. Most were for local distribution.

HIS LORDSHIP HAS NO WORD YET.

His Lordship Bishop LeBlanc has received no intimation as yet regarding the observance of a universal jubilee in commemoration of the religious toleration edict issued by Emperor Constantine in the fourth century. A despatch from Rome elsewhere says that it will be on Low Sunday and will extend through the year until the feast of the Immaculate Conception on December 8.

MISS ELIZABETH ROURKE.

The death of an elderly resident of Carleton, Miss Elizabeth Rourke, occurred late yesterday at the home of H. G. Smith, City Line. She was about seventy years of age and had been ill for about six months, following an operation for tumor. She is survived by two sisters, Mrs. Charles Emmerson and Mrs. Henry Steves of this city, and one brother, Edward Rourke of Savannah. The funeral will be held tomorrow morning at 8:30 o'clock.

EASTER MARKET.

The principal items on the bill of fare for breakfast on Easter Sunday next, namely bacon or ham and eggs, are expected this year to be particularly high. At present eggs are reported rather scarce, and unless some mild day are enjoyed between now and then, the adjustment is that the price will be more advanced than in other years, although some dealers say that the farmers are holding back and that there will be a large supply on hand for Easter. Pork is very high, and consequently the cost of bacon will be high. It is expected that ham will slice at twenty-five cents, and bacon about the same. Butter is fairly good supply.

LECTURE GREATLY ENJOYED.

Hearty Appreciation of Address by Rev. Dr. Morrison Expressed in St. Matthew's.

Rev. Dr. Morrison delivered his lecture on David Livingstone in St. Matthew's Presbyterian Church last evening. A large number were present and they were very enthusiastic in expressing their appreciation. In the introduction to his lecture Dr. Morrison spoke of the extraordinary number of men, who later became famous in their special lines, that were born around the same decade as Livingstone. It was a time of great intellectual activity and the weaver of Blantyre was a product of the fertilizing force of the spiritual and intellectual ideals that were then moving the people.

He gave but little attention to the particular incidents in the life of this wonderful man, and much to the great principles of brotherhood and the hopes that were then seeking expression through outstanding personalities.

Rev. Frank Baird of Woodstock, in moving a vote of thanks, expressed his high appreciation of the fine points of the lecture and of its splendid quality throughout. Rev. Mr. Malcolm of Lorneville was equally enthusiastic in seconding Mr. Baird's motion. Charles McDonald also spoke effectively and appreciatively in praise of the eloquent lecture. Rev. Mr. McCaskill presided.

THE SHIPOWNERS' SCALES OF PAY

The Imperial Merchant Service Guild have now been officially notified by the Shipping Federation of the following scale of officers' wages adopted by a committee of shipowners specially appointed for the purpose of dealing with this important matter:—

Deadweight Tonnage 1st Mate 2nd Mate
3,000 to 5,000 \$12.00 \$8.00
5,000 to 8,000 \$12.10 \$8.10
Over 8,000 \$12.20 \$8.20

No recommendation is made regarding the pay of masters. Where a third mate is carried, the wages recommended are \$7, \$7.20 and \$8 according to the tonnage of the vessel as above.

The present object of the guild is to request that no officer will sign articles at anything under the rates embodied in this scale as agreed to by the shipowners themselves. By so doing, thousands of officers will at once derive additional pecuniary benefit, many of them considerably so. Officers requested to accept lower rates than embodied in this scale are asked, besides declining to accept them, to notify the guild. Meanwhile the guild are taking further steps in the matter.

TOOK WRONG MEDICINE

Calais, March 18.—The death of John Hornbrook, which occurred on Thursday evening, was due, according to the report of the attending physician, to acute poisoning. Mr. Hornbrook had been in poor health, and on this occasion took what he thought was a dose of his own medicine, but made a mistake in the bottle and got an overdose of another kind of medicine which contained poison. In his weakened condition the dose proved fatal.

THE CORKERY PROPERTY SOLD

Armstrong & Bruce Buy Large North End Tract—Other Real Estate News

Armstrong & Bruce have purchased from David Corkery the large field in the rear of Fort Howe with adjoining building lots for sub-division purposes. The property contains about seventy acres and the price paid is said to be more than \$80,000. Owing to its location, which is adjoining a district already solidly built up, the property is considered a valuable one. The front section is on Elm street within a short block of the double track street car lines in Main street. It is within a short distance of the railway station and the city is already built up well beyond it in the North End, along Main street in one direction, Adelaide road in another and Douglas avenue in another. The transfer has been recorded and the property is now in the name of Beverly R. Armstrong.

Other transfers of freehold properties recorded within the last few days are as follows:—

City of St. John to Annie M. Walsh, \$12,000, property in Germain street, W. E. J. E. Evans to W. Long, property in Lancaster.

ST. JOHN CLERGYMEN AMONG SIGNATORIES

Appeal Signed by More Than 300 Church of England Ministers

A Canadian Press despatch says: An appeal on behalf of Christian unity which was signed by more than 300 clergy of the Church of England in Canada, is now being sent to the laity of the Anglican church with a note of explanation that the appeal contains nothing revolutionary or of a radical character.

A strong appeal for unity also comes from the young native churches (infant churches foreign lands) and the circular proposes the following steps as a basis for unity:—

"By permission being given to members of other communions—being members in good standing in their communion—on occasion and without consent of the ordinary, to communicate in our churches. When all the signatures both of the clergy and laity have been obtained, it is the intention of the signatories to place the whole matter before the House of Bishops."

The document is signed by the following well known clergymen, among others: Rev. H. Symonds, Montreal; H. P. Plummer, Toronto; A. P. Shannon, Montreal; F. A. P. Chadwick, Vancouver; J. A. Elliott, Montreal; W. A. Ferguson, Saskatoon; O. H. Howard, Montreal; C. L. James, Toronto; H. J. Cady, Toronto; O. G. Dobbs, Brockville; L. J. Donaldson, Halifax; R. P. McKim, St. John; J. O. Miller, St. Catharines; R. J. Moore, Toronto; R. W. Norwood, London; C. C. Owens, Vancouver; W. I. Parry, St. Catharines; F. G. Plummer, Toronto; R. J. Denison, Hamilton; G. A. Kilbring, St. John; C. H. Marsh, Toronto; E. B. McElihan, Winnipeg; T. W. Savary, Kingston; Lawrence S. Key, Toronto; W. J. Southern, Toronto; G. O. Troop, Montreal; N. J. Tucker, London; C. C. Waller, principal of Haron Theological College; G. Warren, Toronto; and G. M. Wrong, Toronto University.
