GREAT FIRE LOSS IN NOVA SCOTIA

Incendiary's Torch Sets Lumber Lands Ablaze

LARGE TRACT SWEEP

Amherst Reports Several Properties Burned Over and Track Eighteen Miles Long by Six or Eight wide is Left—Bad as Ever Today

(Special to Times)

Amherst, N. S., July 17.—A terrible forest fire has been raging in the western portion of this country for the last week. The fire originated on the lumber property owned by Messrs. Ochrane & Soley at Fox River. These owners say that the fire was plainly the work of an incendiary and that fires were set in three distinct places on the property, and on portions of it not visited by hunters or fishermen.

From Fox River settlement the fire has sprung to adjoining lumber owned by C. F. White & Sons, of Apple River, Robinson & Wright, of Shibley, Kelly Bros., of River Hebert, and the property of H. Elderkin in the same section of the country.

So far the fire has run through valuable lumber lands for a distance of eighteen miles, and has burned a swath from six to eight miles wide. From 100 to 200 men employed by the lumbermen in this section of the country, have been vigorously fighting the fire for the last six or eight days with little success.

Today the conflagration is raging as fiercely as ever, and clouds of smoke overhang all the villages along the Bay of Fundy coast, and up through the river Hebert valley. Robinson & Wright have a cargo of two million feet of lumber which is seriously threatened, the flames now being within two miles of their mills and the fire is now traveling towards this property.

It is impossible as yet to give any estimate of the loss, but that millions of dollars have been destroyed, so far as can be learned, no houses or buildings have yet become a prey to the flames. Several settlements have had close calls. In some did not come to relieve the situation, it looks as if the fire would be one of the most disastrous fires ever in this part of the province, and the loss to the operators will be very heavy.

YOUNGSTERS WERE LOST

North End Police Had Three Cases on Their Hands—Little Oram Boy Fell Asleep on Doorstep

Resembling a scene from Victor Hugo's "Les Misérables," the north end police station contained two forsaken little tots strayed from their homes this morning. "I want to go home," was the repeated cry between the sobs of a little girl of three years. Wandering from her home in the early morning she was unable to trace her steps. She walked up and down Portland street and continued her plaintive wail until one of the ladies within range took her to the police station and handed her over to the care of the officers of the law. She has light hair and is dressed in pink, with black shoes.

Little Miss Cora Polya of Acadia street wandered far from home on Saturday and was found in Mill street and returned to her parents by some of the neighbors who recognized her.

James F. Oram, aged 7, whose home is with his mother in St. Andrew's street, but has recently been living with his uncle George Oram in British street, attended his former church, the Portland Methodist, last evening and was afraid to go home in the dark. Lying down in the street near a doorstep he fell asleep. He was found late last night by Mrs. Scott Farjot of Acadia street who took him in and this morning sent him to the police station. One of the policemen went down and carried the prodigal to the station.

Master Oram gave out the information that his uncle was an employe of the Imperial Oil Co. Mr. Oram was called by phone and asked to provide a means to help the nephew returned to his home and about 11 o'clock his mother called for him and took him to his home to keep company with his two brothers and sisters.

VETO BILL SITUATION

Lord Newton's Amendment Has Failed—No Doubt That Lords Must Take Medicine Prepared For Them, Either Willingly or Otherwise

(Canadian Press)

London, July 17.—Lord Newton's amendment to the parliament bill, which was introduced recently, and which it was hoped would furnish a bridge to compromise between the contending parties, has utterly failed. During the week Arthur Balfour has been conferring with Lord Lansdowne, Lord Selborne and other leading peers, but no word of their deliberations would they give out. Lord Selborne, Lord Curzon and other peers still preach resistance to the last. A part of the Unionist press still urge the peers to "die in the last ditch."

The Unionists are preparing a great anti-home rule campaign for the autumn, while the Liberals are getting ready arrangements to support home rule and Welsh disestablishment.

Biggest Man in Porcupine Lost Life in Fires Which Raged Last Week

Manager Weiss of West Dome Mine, in New Ontario who with wife and child lost his life in the Porcupine fire. Weiss was a mining engineer, who hailed from Montana, and was operating in the mining district of Porcupine. Without a doubt he was the biggest mining engineer in the Dominion. His weight was 457 pounds.

Three Pairs of Brothers Among The Dead, Also Father and Son—Locked in Each Other's Arms in Last Embrace as Death Came

(Canadian Press)

Dumois, Pa., July 17.—Twenty-one miners were killed in an explosion in the shaft of the Cascade Coal & Coke Company's mine at Sykesville, nine miles from here, yesterday. The explosion occurred at 9:30 but it was after midnight before the extent of the disaster was known.

All of the dead but three were foreigners. The explosion was slight as evidenced by the small damage done in the mine but the deadly after damp is numbered among most of the deaths. Three sets of brothers and a father and son are numbered among the dead. George Igo and John Igo, and Nick Pavlick and his fifteen-year-old son were found by the rescuers locked in each other's arms as though they embraced each other in their dying moments. None of the bodies were mutilated, but several showed burns. Eleven of the men in one heading had apparently made ready to escape for they carried their dinner pails and were headed for the opening.

Chiaso, Switzerland, July 17.—The London reports of the number of cholera victims at Palermo, Italy, since May 2 are exaggerated, according to information received here.

Although it cannot be known with official exactness, the dead at Palermo may reach 280, but not 2,500 as has been stated. The cholera situation both in Palermo and Naples is now said to be improving.

Women of England Take Part in Peace Movement

(Canadian Press)

Berlin, July 17.—Statements which are to be regarded as officially communicated, appear in prominent newspapers to the effect that Franco-German conversations on Morocco have produced a basis for solution. It is suggested, however, that the basis is distinctly disappointing to the Kaiser, who thought they saw the muffled fist closing on a rich section of the Kaiser's empire.

The Kaiser's machinations are conspicuous in the comment that the statement apparently is designed to prepare the public to look for compensation elsewhere than in Morocco. It says among other things that it is easy to imagine a sort of tripartite division of Morocco among France, Germany and Spain, but though it recommends itself by its apparent simplicity, such an arrangement is not considered the only possible one. German compensation and satisfaction of the Hittlerland Agadir may be a part of Germany's aim, or it may not.

The word compensation obviously may be applied to indemnification granted on one place for advantages lost in another.

Mogador, Morocco, July 17.—The country surrounding the point of German intervention is reported quiet. The commander of the German cruiser Berlin daily sends reports that they are exploring the country in the immediate vicinity of the port. It is feared here that the Moorish tribes in the neighborhood will resist the presence of the armed Germans prowling about the coast and that violent collisions may result.

Melbourne, Australia, July 17.—The acting premier, William Morris Hughes, in an interview today said that Australia might congratulate themselves upon the renewal of the Anglo-Japanese treaty. This would give Australia the best of both worlds, five to prepare for the defense of the country against imminent danger.

London, July 17.—The women of England are arranging to make their voices heard on the side of the arbitration proposals. They hold that ties of kinship and questions of peace and war affect them as closely as they do men and propose to hold a great Anglo-American meeting in October as a compliment to the historic Guild Hall demonstration.

This women's movement is receiving support from all parts of the country and the lord mayor has granted them the use of the Mansion House for the meeting.

TRIBUTE TO CANADA IS PAID BY PAPER IN WESTERN STATES

The Change That Has Been Wrought in Recent Years Calls for Admiration of Neighbors to the South

Spokane, Wash., July 17.—Under the heading "Canada Has Thrown Aside Her Swaddling Clothes," the Spokane Herald publishes a lengthy editorial, saying:

"The transformation of Canada from a colony to a nation is one of the most important facts of modern political history. A decade or two ago Canada's position was anything but pleasing to the eyes of her neighbors. European away. 'Our Lady of the Snows,' as Kipling called her, was regarded as a land of snows and ice, a land of barbarians and savages, a land of the future. Today this impression no longer misleads the average man, and the hundreds of thousands of emigrants from England and Europe that have settled in Canada during the last ten years have enabled the Canadians to develop the country to an extent that her products and resources have become famous the world over.

"Although a colony under the British crown, she enjoys a complete autonomy and is free to enter into treaties with other nations in regard to her material welfare. Consequently upon this greater freedom and enlarged horizon the Canadian has become imbued with a spirit of absolute confidence and determined optimism with regard to the country's future."

Noted Jesuit Has Just Completed Tour in Suffolk Bringing Church to Doors of the People

London, July 17.—(Canadian Press) Father Bernard Vaughan, the noted Jesuit, is completing arrangements for a tour of the United States. He will sail at the end of September. He will probably begin speaking in San Francisco and will work east.

He has just completed a mission tour of Suffolk with a motor chapel. It was very successful, the novel idea of bringing the church to the doors of the people made a great appeal to them.

DOUGLAS R. PUGSLEY OF CUMBERLAND DEAD

(Special to Times)

Amherst, N. S., July 17.—Douglas R. Pugsley, one of the oldest and most prominent citizens of Cumberland, died at the home of his son, Hubert Pugsley, in Amherst, last evening in the 84th year of his age. He was appointed a justice of the peace in 1884 and held the office for many years. He was a prominent member of the old court of sessions. In politics he was a Conservative of the old Tupper school.

He is survived by one son and two daughters, Hiram, Amherst, and Edith, who is Pugsley of River Hebert.

STEAMER HALIFAX ASHORE

Plant Liner Goes on Eastern Side of George's Island in Entering Boston Harbor—Passengers Taken Ashore in Tugs

(Canadian Press)

Boston, Mass., July 17.—In threading her way up the main ship channel and shrouded in a big bank of fog, the Plant line steamer Halifax, in-bound from the Nova Scotia capital, ran aground on the easterly side of George's Island to-day and became so firmly attached to the sandy beach that tugs had to bring her passengers to the city, leaving the steamer to be floated at high water this afternoon.

Several fishermen who passed close to the steamer reported that she was well out of water. She did not seem in any immediate danger, and tugs would undoubtedly float her when the tide served again. The tide was about three hours ebb when the Halifax struck at 6:30 a. m.

Nova Scotia Marksman Makes 104 in Competition on Bedford Range

Halifax, N. S., July 17.—(Special)—At the finals in the Canadian Rifle League competition on Saturday at the Bedford Range, Staff Sergeant Longwell made 104. The possible is 108. Lieut. R. A. Johnson made 103 and Private E. W. Nicholson 101. The first named score, as far as is known, constitutes a record for the league. All the marksmen named are in the 68th Regiment, the highest score made by the 68th Regiment team was 98 by Staff Sergeant Armstrong.

SOME NOT JUST RIGHT

Result of Board of Health Inspection of Citizens' Premises May Be Police Court Cases

There is a probability that the board of health will have to deal with some of the transgressors of its laws in the police court in the near future, unless compliance is at once made with the regulations of the board. Of the nine inspectors appointed some time ago to examine the premises of citizens in all sections of the city, five have completed their rounds and while their reports are very encouraging for the most part, it is felt that the law will have to be brought into force against some of those whose premises are not yet in a state of cleanliness satisfactory to the board.

Col. J. R. Armstrong, counsel for the board, is to send letters to those who have not complied with the board's ordinances, threatening legal action unless an immediate change for the better is made. In the great majority of cases, however, this year, a second inspection was hardly necessary, as the inspectors found conditions entirely satisfactory.

JAMES MINEHAN'S WILL

In the probate court today, the will of James Minehan, retired dealer was proved. He gave to St. Patrick's Industrial School at Silver Falls the sum of \$40; certain personal effects to his nephew, Edward P. McDonald, next dealer, and the rest of his estate he divides as follows: To his wife, Mary Minehan, one-third; to his niece, Margaret McDonald, one-third; and to another niece, Catherine McDonald, one-third, and he nominates Henry O. McInerney, barrister, and George Cunningham, clerk, executors. The last named is himself under age the former was sworn in as executor reserving the right to the honor to take out double probate on his coming of age. There is no real estate; personal estate \$2,600. J. MacMillan Treman, is proctor.

In the matter of the estate of Mrs. Marjorie Stinson, a citation which was returned today has been lodged and is now made returnable on Monday, August 21 next. J. King Kelly is proctor.

THE TIMES' NEW REPORTER

DR. PUGSLEY'S CONVERSION

Mr. James Jones informing the Times' new reporter this morning that he had it on good authority that Dr. Pugsley, in order to placate the Globe and Standard, had promised to adopt a new policy.

"I am informed," said Jamesy, "that he will have work on the new armory stopped at once. Work in the harbor will also be stopped, and the dredges sunk off Partridge Island, in deep water. No tenders will be called for the construction of a sea wall at Sand Point, and the work of wharf building will be thrown back upon the city, as it was before Dr. Pugsley became minister. No work will be done in Courtney bay, and the dry dock and ship repair project will be abandoned. The Grand Trunk Pacific will be told to go Halifax. The proposed aid to the St. John Valley Railway will be withdrawn. The plans for a new post office at St. John will be burnt and the money granted for a site will be spent at Fort Churchill, on Hudson Bay. Of course nothing more will be heard about driveways and trees on Fort Howe. Dr. Pugsley realizes that the approval of the Standard and Globe is more to be desired than many public works for St. John, and he has been plainly told that his pernicious habit of getting things for this constituency cannot be approved by those high minded and public spirited journalists.

"I am very glad," said Jamesy in conclusion, "that he has seen the error of his ways. What St. John really needs is dry rot, and plenty of it; and these restless spirits who are always disturbing the serenity of our meditations with their progressive notions must be brought into harmony with the Globe and Standard. Let well enough alone. Don't wake us up. Blessed are the sleep-makers."

LOOKED FOR TIME LIKE A DOUBLE DROWNING

Excitement at Shediac Last Evening—Moncton Crowds to Summer Resorts

(Special to Times)

Moncton, July 17.—As a result of the warm weather yesterday hundreds of people from Shediac and Moncton, N. B., reports of Point du Chene and other places. About 10 o'clock last night there was a double drowning in the Bay of Fundy. A tugboat carrying two men having a narrow escape from drowning. While a tugboat carrying pleasure seekers was returning to her wharf, one of the crew threw a line which fell aboard. He lost his balance and fell overboard. Another member of the crew plunged in to his rescue. As it was dark and neither was a good swimmer it looked for a time as if both would go down. Luckily a man in the crowd had a pocket searchlight and a small boat was located and the men rescued.

AN ISLAND HERO

P. E. Island Man Gave up Life in Fight for Others on Ontario Fires

Montreal, July 17.—(Canadian Press)—That William J. McLean, of Montreal, a native of Charlottetown, P. E. I., met a hero's death in the fire at Porcupine, is evidenced from the latest reports. His body was found lying by a length of charred hose, to which, as master mechanic, he was duty to attend. He was 39 years of age, and was born in Charlottetown, the son of the late T. J. McLean.

MEMORY BLANK AFTER CAVE OF WINDS TRIP

Niagara Falls, Ont., July 17.—(Canadian Press)—Local physicians have been unable to diagnose the case of W. H. Shaver, a tourist from Carrollton, Ga., who entered the cave of the winds in full possession of his faculties, and emerged with his memory gone and his mind a blank.

He is a patient at the Memorial Hospital. The man is a planter, 45 years of age and was on his way to Montreal with his daughter. When he emerged from behind the sheet of water he was helpless as a child and stared about him, seeming to comprehend nothing his daughter or the guide said to him.

WILL SPEND SOME TIME IN PROVINCE

A slight change has been made in the itinerary of the British newspapermen due to arrive in St. John on a tour of Canada in a short time. W. E. Anderson, secretary of the board of trade, some days ago wrote to the men having charge of the itinerary relative to having them stay in New Brunswick for a longer period, and received a reply this morning to the effect that the party will divide here—some will remain in New Brunswick for a little time and the remainder will continue westward. Those staying here will be representatives of papers in Scotland, Ireland and Bristol and it will be optional with them whether or not they will proceed to the west after visiting places of interest in the province.

SERVICE AT ROCKY POINT

ENDS THE R.K.Y.C. CRUISE

A church service yesterday afternoon, attended by about 1,500 people, with a setting of beautiful trees and waving flags on the grounds of F. S. Heans, Rocky Point, was a fitting close to the fifteenth annual cruise of the R. K. Y. C. which was a very enjoyable one.

Rev. G. M. Campbell, D. D., honorary chaplain of the club, preached an eloquent and inspiring sermon, which made a deep impression on all present.

That was indeed a lucky day for me, for I was so impressed by the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels, I am cured of constipation, and I claim they have no equal as a medicine.

For over half a century Dr. Morrison's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c a box.

The Evening Chit-Chat

By RUTH CAMERON

A HEART-TO-HEART TALK WITH HIMSELF BY A GRIEVANCE LOVER.

Certain characters seem to need grievances as they do some indispensable article of food in order to maintain the attitude of discontent with which they torture their family and friends.—Dora Melegari in *Makers of Joys and Sorrows*.

"I AM very happy this afternoon. I have a grievance. It is a splendid grievance and it is against the whole family. I am deeply hurt. I shall sulk for hours and everybody will come to me and try to please me. I shall have a beautiful time as soon as the family get home."

"Yes, they are all away. That is my grievance. I said I might possibly get home today and yet they went off auto riding with the Bemses. Of course I haven't been home but three days, and of course they don't get auto rides often, but still I think they might have been at home to greet me."

"I just shows how little they care about me. It shows of how little account I am in my own home—don't they care if I didn't come at all."

"There, I've worked myself up splendidly, and here they come. I'll have to open the front door, but I won't say a word until they speak to me."

"Well, I think I did pretty well. I didn't say a word of reproach, but, by the way, I asked them how they enjoyed themselves, and the short way I answered them when they asked me what kind of a time I'd had, showed them how I felt."

"They all know I'm hurt, and they're trying to be as nice as pie to me. They just wanted to know what I'd like best for supper and I said I didn't make any difference, in a tone that showed I felt how unimportant I was."

"I don't know whether I can show my displeasure best by going up to my room and shutting the door or by staying here and just answering in monosyllables. Think on the whole I'll get the most out of it if I stay here."

"What an absurd idea. Someone tried to make me believe that I didn't say I'd get home before tomorrow. Do they think I'll give up my grievance that easily? I guess not."

"Wow! I come in the library and sing with them? No, of course I won't. I couldn't do more than that if I were feeling well. I think it will be fun if I took someone's place. I love autographing, but I told them I wouldn't think of that. I'll go, all right, but I'll keep them begging me before I say yes."

"Oh, thunder, here's some company. You can't parade grievances in front of company, you know. They don't understand. They simply think you are disagreeable. I guess I'll carry out my other plan and go up in my room and close the door."

"Well, now, I call that a good parting shot. They called to me not to go upstairs, the Bandalls were coming, and I said very coldly, 'I don't seem to be included in the invitations' and extended to this family. I don't imagine their guests will miss me very much."

"Mother looked as if she were going to cry. 'I think I got the full value out of that grievance, all right. I don't know when I've had so good a one.'"

amongst all those hundreds of bitterly rival

Formerly, these criminal investigation department men here, were chiefly employed in keeping track of the extreme wings of certain Irish societies which were absolutely opposed to any understanding with England, and committed to a policy of terrorism. How thoroughly the C. I. D. men did their work, is shown by the fact that the London dynamite outrage was planned or executed without information more or less full being cabled beforehand to Scotland Yard.

The Anarchist movement in all its branches is a specialty of this department which is looked upon, both at home, in Great Britain, and abroad, as expert on the subject. One branch of this criminal investigation department is that which may be described as its literary and correspondence bureau. It is there that means are taken for the watching of the correspondence of people under suspicion of political and common law crime, and on its staff are some of the most expert cryptologists in the world, capable of unravelling the most blind of ciphers employed by foreign governments, by political plotters, and by criminal organizations.

The criminal investigation department has a superior beside the chief commissioner of the metropolitan police, namely, the secretary of state for the home department, and the confidence reposed in those who have charge of this branch of police work is so great, that the members of their staff are seldom asked for vouchers of their expenses, or for the payments which they have made, no matter how great. As I have stated above, (only picked men are employed, and those thus chosen are entrusted in the most blind and complete fashion.

Seaman's Gallant Feat
The bestowal of the knighthood of the Order of the Bath upon Vice-Admiral

Henry Kane, who now becomes Sir Henry Kane, serves to recall to American naval men, and in fact to people in the United States generally, his splendid feat of seamanship, and his gallantry, when the British cruiser Calypso, of which he was commander, by steaming out of the port of Apia, and to sea, in the teeth of a storm, so terrible that it destroyed three American and three German warships then in port for the purpose of maintaining order on the Samoan Islands.

No anchor or mooring would hold, and Captain Kane, who had steamed up, took the only means possible of saving his ship from being driven ashore and wrecked. In spite of the fierceness of the tempest, the commander of the Calypso, as he fought his ship out to sea, caused the ship's hand-loom to play "The Star Spangled Banner," as it passed the wrecks of two of the American cruisers, the men on board of which heard, amidst all the turmoil, snatches of that inspiring air, and also of the cheers of the English officers and men, which were returned with interest by the Yankee tars and officers fighting for their lives, the vessel was cut through but her cargo kept her afloat and she was taken on East Boston flats.

When the steamer Irma was rammed by the *Damante* on Friday in the San Juan River as reported in Saturday's Times, more than forty lives were lost.

MARINE NEWS
During a dense fog near Boston at noon yesterday the Metropolitan line steamer Herman Winter crashed into the schooner *Nevis* bound from Ferrisboro, N. S. lumber laden. Mate McKenzie of the schooner was knocked overboard but was rescued. The vessel was cut through but her cargo kept her afloat and she was taken on East Boston flats.

His India Experience
His Indian experience has proved invaluable for the Indian secret service is the most magnificently equipped in the world, and it is perhaps the principal, or at any rate the most powerful agency by which Great Britain keeps under proper control and subjection, the entire Indian empire, with its 200,000,000 of population, adept, as orientals are in every form of intrigue, and devoid of that sense of right and wrong which exists amongst civilized nations. There are all the semi-independent rulers and chieftains to be watched, and at times to be restrained, and that always in the most quiet, tactful and occult manner.

One frequently hears that India is held in check by the 60,000 or 70,000 British troops that are scattered over its immense area. But that is altogether a misleading statement. It is accomplished by secret political police department at Calcutta, which has its ramifications extending in every quarter of Hindustan, and its agents, native and European, at every Indian court, and in every sphere of Indian life and society.

The criminal investigation department in the Transvaal and the Orange River colony, of the European scum that had remained there after the overthrow of the Boer Republic, comprises some 200 picked officers, who each has the rank of Inspector.

The cream of this force is employed in connection with what is known as political crime work, and they are assisted in this by a number of secret agents belonging to every class of society, and of whom Major Le Caron was a notable type. This criminal investigation department has a large secret service fund at its disposal, and in the years 1881 to 1885, when dynamite activity was at its worst, bills for "information," reaching \$25,000, were on several occasions paid, while similar sums, ranging from \$500 to \$3,000 were being paid all the time.

The pay of the inspectors, and of the secret agents, varies according to the work on which they are employed. The ten or more inspectors permanently maintained on this side of the water, receive on an average \$5,000 a year and expenses. They are mainly employed in looking after the American ends of the revolutionary movement in India, which draws a considerable amount of its funds, and much of its moral backing, from misguided philanthropists, who conceive that they are contributing to India's welfare by endeavoring to emancipate that great empire from the British domination, which alone maintains, law, order, and respect for life and property,

La MARQUISE de FONTENOY
Knighthood For Head of London's Police Force—His Interesting History—Wonderful System of Criminal Investigation Work

(Copyright, 1911, by the Brentwood Company.)
Sir Edward Henry, who has just been created a Knight Grand Cross of the Victoria Order for his services as chief commissioner of the Metropolitan Police, and as such responsible under Lord Kitchener for all the police arrangements during the coronation, is, like several of his predecessors at Scotland Yard, a former Anglo-Indian, who received his education in India for his police services in King George's great Indian dependency, where he contributed in no small measure to the suppression of Thugsmen.

He was for nine years inspector general of police in Bengal, and to see, in the present system of identification of criminals by finger prints, after he had convinced himself of the responsibility of securing accuracy, at any rate in India, through the Bertillon method of anthropometry. During the South African war, Lord Milner, who was then governor-general, then, demanded and secured his services.

Afterwards, on leaving South Africa, he went to England, to succeed Sir Robert Anderson as chief commissioner of the Metropolitan Police, and two years afterwards became chief commissioner of Metropolitan Police. During the interval, he was, in an unassuming, and, withal, generous man, whom children instinctively like, and to whom, as a crack polo player, and has been successful in stalking stags in Scotland, as formerly in shooting tigers in Indian jungles.

MUST WIFE ANSWER?

Los Angeles, Cal., July 17.—Judge Bordwell will decide today whether or not Mrs. Orlis McManis's refusal to answer questions before the grand jury two weeks ago was justified or whether her action rendered her liable to imprisonment for contempt of court.

At a recent meeting of the committee to wind up the affairs of the Orange picnic at the Falls, it was announced that no one had claimed the \$5 prize. The number of the winning ticket is 2081 and the holder is asked to apply to Christopher White at the Customs House for the gold.

A STILL ALARM A still alarm was sounded today from box #1144 at the Gem Theatre when the production of the Selig sensation of this name made a striking hit with the patrons of this house.

At a recent meeting of the committee to wind up the affairs of the Orange picnic at the Falls, it was announced that no one had claimed the \$5 prize.

ST. JOHN, N. B., JULY 17, 1911. The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH New Brunswick's Independent newspapers. These papers advocate British connection honestly in public life. Measures for the material progress and moral advancement of our great Dominion.

BENEFITS OF RECIPROcity The argument that the Canadian farmer needs to be protected from the competition of the American farmer, who has high priced land and greater cost of production, is very properly presented. It is a reflection upon the intelligence and capacity of the Canadian farmer.

BRITISH CAPITAL A table prepared by the Economist some months ago showed that Britain has invested more money in Canada than in any other state of the Empire. Here are the figures, as then given:

THE DOUBLE CROSS Smith—Here's Robinson coming let's cross over. I don't want to meet him. Brown—That's all right. He'll cross the street as soon as he sees me; he owes me some money.

NOT ALL VEGETARIANS First Tramp—No good going to that house, the people are vegetarians. Second Tramp—Are they? First Tramp—Yes, and they've got a dog that ain't!

ONE ADVANTAGE (Detroit Free Press) "These two-apartment buildings are great things," said the first tramp. "I always call on the folks in the upper one."

THE PICNIC MAN A lone and weary man, he stands Beneath the forest trees; His hat and coat and vest are off, To catch the blessed breeze.

IN LIGHTER VEIN A woman in a long dress and hat sat on a bench, looking at a man who was sitting on the ground nearby.

HARD TO PLEASE "I have sent you flowers every day and bought you chocolates twice a week for the past year and provided you with all the latest fiction. I have taken you to the theatre and supper after the performance, and we have always had a taxi cab. I have done everything to anticipate your every wish. Money has been no object. Yet you refuse to marry me. Why?"

THE DEVELOPMENTS in the Albert county areas indicate that natural gas is destined to play an important part in the industrial future of that part of the province.

Sir Donald Mann, on his return from England, informed the Financial Post that his views on reciprocity had not changed. He still believes reciprocity will not interfere with the growth of east and west traffic on Canada's great railways.

The Standard says that Sir Wilfrid Laurier "to the offence of a preferential trade agreement with Washington has added a betrayal of Canada at the east and centre of Empire".

The Financial Post of Canada reports that building permits for June in St. John were to the value of \$83,000, compared with \$43,000 in June, 1910.

ADVICE IN STATES

Domination of the Country of the Future
and the Points Way Here to
Youth Across Border

(New York American)

John Wanamaker returned home yesterday aboard the steamship Oceanic after a three months' tour in Europe. He attended the coronation ceremonies at the guest of T. Vesey Strong, Lord Mayor of London, who presented him to King George V. The king then presented Mr. Wanamaker to Queen Mary.

"Both their majesties are delightful personalities," Mr. Wanamaker said yesterday. "Queen Mary is a superior woman, who impresses you with her womanhood and her splendid poise and capacity to act as helpmeet to the king."

Mr. Wanamaker said he was much gratified at President Taft's attitude in the peace movement and the sincerity of his intention to continue the advocacy of universal peace until it is considered by other nations.

"The Lord Mayor engineered the great Guildhall meeting, at which Premier Asquith, Lord Balfour, the Archbishop of Canterbury and others took such a decided stand in favor of arbitration."

Regarding reciprocity, Mr. Wanamaker said the English people seemed to favor the idea in the abstract, but that they had many differences of opinion as to the wisdom of agreement. Mr. Wanamaker said a pamphlet on Canada in his hand, and pointing to it, said:

"Canada is a great country. It is a fine field for Americans. There is no longer any need for our young men to go west. They should go north and settle in the country of the future."

ONTARIO HAY CROP IS BADLY DAMAGED

Unprecedented Heat After Long Drought Has Done Much Harm—Fruits Suffer, Too

(Financial Post of Canada)

The past few days have witnessed the serious damage of Ontario hay crop and an almost complete destruction of her small fruits. The unprecedented heat of the early part of the week, following the prolonged drought of the past six weeks, has done incalculable damage. That part, except in isolated portions, suffered severely. The hay is short and thin and the straw is short. The berries are not likely to survive the terrible scorching they have received. It will be most fortunate if the larger fruits are not severely damaged. In this way ends a most promising spring.

The Hay Crop

For the country at large the loss of the hay crop is a most serious matter. Last year Ontario produced 900,000 tons of hay, an amount equal to about three-quarters of the wealth produced by wheat in the three grain provinces. The loss of a partial failure of the hay crop is a heavy direct financial loss. More than this, however, it makes it most expensive matter to fatten animals for food, and its effect on raising the cost of living is not by any means confined to the affected districts. The price of meat, milk, butter, cheese, etc., are likely to advance. To this must be added the loss of the hay crop here to Philadelphia alone, where it was sold to net \$22 to \$23 a ton. The shortage of the grain straw will tend to increase the demand for hay, with the result that many farmers and others will be hard hit this winter.

On the other hand, the parts of Ontario east of Toronto and most of Quebec and the many parts of the west where the hay crop is good, will profit greatly by the damage, which will to some extent at least offset the loss in affected districts. Quebec has for some years been unable to utilize or dispose of its whole hay crop, and as last year, when it produced 5,500,000 tons, worth, at last year's figures, some \$81,100,000 it should be a considerable asset.

In addition to this obvious loss to the country, the heat has caused a heavy injury to business through the difficulty of getting anyone to do anything not absolutely necessary during the past few days.

The West

The heavy rains of the last fortnight have practically insured a bountiful harvest in the west. Moisture has been abundant and ground conditions are good. It has been much—although a few days ago a severe storm swept over the district surrounding the city, but it did much damage to the fall wheat. The spring wheat is as yet insufficiently matured to be harvested. Frost, too, has been present in isolated parts of the north.

TOO MANY CANADIAN MERGERS

(New York letter in Financial Post)

The latest critics of finance do not like the Canadian situation in one respect. There are too many mergers in the air. We all remember the years from 1890 to 1900, when the maddest madness of the age was a poor merger would not bring forth some kind of a merger in bread, hair, tubs, railroads, sugar, gas, coal, tin cans, paint, breakfast foods or something else. It was merry while it lasted, but gave us its full share of indignation that was really not fairly cured by the slump of 1904, when 46 of these mergers either failed or were abandoned, passed dividends or called for help in some other way, and which in not a few cases even went into liquidation. The heavy rains of the last fortnight have practically insured a bountiful harvest in the west. Moisture has been abundant and ground conditions are good. It has been much—although a few days ago a severe storm swept over the district surrounding the city, but it did much damage to the fall wheat. The spring wheat is as yet insufficiently matured to be harvested. Frost, too, has been present in isolated parts of the north.

Daily Hints For the Cook

PRALINE COCOANUT.
Take a fresh coconut break it open and grate it. Take a cup and a half of white sugar, put it in a clean saucpan to melt and cook until it candies; then add the coconut, let it cook a minute, turning all the time. Put it in parts on a large china platter or piece of marble to cool, and maple syrup.

CREAM WAFFLES.
One cup flour, three heaping tablespoons cornstarch, two cups sour cream, one scant teaspoon soda, one teaspoon salt, one egg. Beat egg, then add cream into which soda has been previously beaten, then the flour, previously sifted, with salt and cornstarch. Bake in hot waffle iron and eat with butter and maple syrup.

HAD LIGHT REFRESHMENT.
An old north State darkey was sent to the hospital in Charlotte for treatment. Upon his arrival he was placed in a ward, and one of the nurses put a thermometer in his mouth to take his temperature, and when the doctor made the rounds he said to him:

"Well, my man, how do you feel?"

"I feel right to be, sah."

"Have you had anything to eat?"

"Yes, sah, I have."

"What did you have?"

"A lady done gimme a piece of glass to eat, sah."

NOT SUPERSTITIOUS.
(Philadelphia Record)

"Are you superstitious?" asked the bachelor.

"Well," replied the father of a large family, wearily, "I certainly think it's unlucky to have thirteen children."

GIBSON PROPERTY IS SOLD FOR MILLION DOLLARS TO FARNWORTH & JARDINE

Frederick, July 15—The most extensively advertised equity sale ever known in New Brunswick took place before Auctioneer C. I. Atherton today and resulted in the Alexander Gibson Railway & Manufacturing Company's lumber property being sold to Farnworth & Jardine, the Liverpool lumber dealers, on a bid of \$1,000,000. Four provinces were filed against the sale on behalf of many members of the Gibson family.

The only bidder at the sale was Laurence McLaren, of the firm of Farnworth & Jardine, Liverpool, England, and Alexander Gibson, Jr., and read a description of the property to which they claimed ownership by adverse possession.

Percy A. Guthrie, on behalf of Mrs. Chisholm and Mrs. A. P. Crockett, protested against the sale and read a description of the property which he claimed to have sold.

Another protest, on behalf of Gilbert Henry, of Gibson, who claimed title through John F. Miles to certain property, was made, and a description of the property was read.

THE WORK OF IMPROVEMENT TO BE DONE AT FORT HOWE

Some of Some Local Papers Are Commented on Effectively by Hon. M. Pugsley

Hon. William Pugsley, minister of public works, arrived in the city yesterday for the day with his family. When asked by The Telegraph regarding the beautifying of Fort Howe as referred to in Saturday's issue of The Telegraph, he said that the question of enlarging the site of the Quebec Battlefields Commission so as to give it charge of the forts in various parts of Canada and their restoration and care, was under consideration, and he, having recently visited Fort Howe in company with T. H. Estabrook, president of the board of trade, was greatly impressed with the view of the city, the harbor and surrounding country from the planning of trees and the making of suitable approaches. In order that he might have a proper report to submit to the council at Ottawa, he had asked Sir Frederick Borden, the minister of militia, to send an engineer from his department to view the property and make a report as to the best method of improving the fort, and the probable cost.

The minister said he was surprised to see in the Globe and Standard articles seeking to ridicule the proposal.

One of the things which militated most against St. John. Some newspapers for party purposes were always seeking to ridicule any proposal for improving the facilities for business or beautifying the city. Mr. Pugsley said, "But nevertheless we have the best climate in the world, a city splendidly situated and presenting opportunities for making it beautiful. Fort Howe will be beautified and made a magnificent park in spite of the Globe and Standard."

QUEENS COUNTY MAN FOR THE MACDONALD COLLEGE

(Farmers' Advocate)

E. M. Straight, B. S. A., has been appointed assistant in horticulture at Macdonald College, to fill the position vacated through the resignation of J. F. Monroe, who has gone to South Carolina, being engaged by the agricultural agent of the Southern Railway Co., with headquarters at Columbia, S. C.

Mr. Straight was born at Cambridge, Queens Co., N. B., where his father carried on a truck-gardening business, producing the earliest string beans supplied to the St. John, N. B., market. He taught school for five years in his native town, and then spent the summer with his father, assisting him in his truck-gardening operations.

ECZEMA IS CURABLE

In Every Case Where My Remedy Fails It Is Supplied Free of All Cost

In making this statement I back it up with my promise that if my remedy does not subvertiate my claim in every particular, I will, without question or quibble, return every cent you paid me for it. I take all the risk—you take none.

I strongly recommend Rosall Eczema Ointment, which possesses remarkable cleansing, antiseptic, germicidal, soothing and healing qualities. It is a powerful emollient, with a pleasant odor, and very cleanly for use. Its first application produces a refreshing sense of relief, and it quickly dissolves and removes the inflammation, irritation and discharge which prevent cure.

It is intended to be applied with a piece of muslin or linen, or it may be applied and allowed to dry in place. It is very prompt relief for pimples, blotches, discolorations, ringworm, eczema, tetter, herpes, itch, ulcers, and all skin diseases, sores, and sores.

Rosall Eczema Ointment relieves itching and irritation of the feet. It is ideal for the treatment of children who are tormented with itching, burning and disfiguring skin diseases. Dry a box at my risk. Two sizes, 50c. and \$1.00. Remember, it is only sold at my store—The Rosall Store, Chas. R. Watson, 107-109 street.

ANNIVERSARY OF NOTED PRIEST'S BIRTH

Reverend Father Morrissey, Born in Halifax, Seventy Years Ago Yesterday

Halifax, July 16—Today is the seventieth anniversary of the birth in this city of William, afterward Reverend Father Morrissey, lovingly remembered throughout the Maritime Provinces and known across the continent for his remarkable cures.

There have probably been few priests better known throughout the Dominion than Reverend Father Morrissey. Through his medical skill he enjoyed a wonderful reputation from coast to coast and during his thirty years' pastorate, at Bertrouge, N. B., his services were in demand, without charge, of all those who needed his help. From far and wide thousands came to him, or wrote for his advice and his name and fame spread far beyond the bounds of his own parish.

His good work, however, did not stop with his lamented death on March 30th, 1908, for his best known prescriptions then passed into the possession of the Reverend Sisters of the Hotel Dieu, at Chatham, N. B. These prescriptions are now made up and placed on sale throughout the whole Dominion, so that in even fuller measure than during his lifetime, his good work for the sick and suffering goes right on.

SOLDIERS HOME.

A special military train with the 120 men of the three local battalions of the 3rd Regiment, C. A., accompanied by the subalterns of each battery who have spent a week at their annual training at Petawawa, arrived in the city last evening at 7:15 o'clock and the men rapidly dispersed to their homes.

Major Barker was in command of the regiment at Petawawa and remained over in Montreal on business. Capt. McKee was in command during the journey home.

WHERE HE GETS HIS JOKES

"I'm the original and funny?"

"Very, if you haven't seen the same above he has."

OBITUARY

James Costley
The many friends of James Costley, of South Bay, will regret to learn of his death, which occurred at his home here on Saturday, July 15. He was unmarried and had not been in good health for the last six years. He was 63 years old and had been in the employ of the C. P. R. for the last fifteen years. He is survived by his father, Michael Costley, of South Bay; one sister, Mrs. Edward Kitchen, also of South Bay; and three brothers, Thomas, in the employ of the Maine Central railway; John and George, in the employ of the C. P. R. The funeral will take place at his home this afternoon at 2:30 o'clock.

Mrs. Edward McGee
Many in the city and especially in the west side were grieved to learn of the death of Mrs. Ellen A., wife of Edward McGee, which occurred on Saturday morning at her home, 223 Germain street. She had been ill for seven weeks. Mrs. McGee was in her 71st year and in her long life had won the respect and love of her neighbors for she was a woman of kindly, charitable ways, ever ready to lend a helping hand in time of distress. Besides her husband, she is survived by four children—George W. and Edward, Mrs. F. Burns, of West End, and Mrs. Michael Walsh, of Amherst. They will have the sympathy of many in their great loss.

James Moores
James Moores, aged 70 years, died last night in Woodstock. He leaves three sons—H. V. and Fred L. of Woodstock, and Alfred Moores of Vancouver.

Douglas Nichols
Douglas Nichols, a pensioner from the Intercolonial service, died in Albert yesterday. He leaves a daughter, Miss Helena C. Nichols, of Hopewell Hill.

A handful of salt rubbed well into the kitchen table after it has been scrubbed will help to whiten the boards.

WOMAN WAS SITTING DEAD IN CHAIR FOR MORE THAN A DAY

Mrs. Philip Tierce of Lorneville Found in Death Yesterday Morning—Coroner Macfarland Decides no Inquest Necessary

Mrs. Philip Tierce, of Lorneville was found dead in sitting position on a chair in her home on Sunday, and it is the belief of Coroner Macfarland of Fairville, who investigated the matter, that she had been dead some Friday night or early Saturday morning. The coroner was called yesterday morning about 11 o'clock to view the body and gathered all information available.

Mrs. Tierce was about forty-five years old, and lived alone. Mrs. Ewart, a sister, told him that she saw her sister wedding potatoes on Friday night. That was the last time she had seen her. Her sister was never in such good health as she was this summer.

Mrs. Ewart, her nearest neighbor, told him that her boy was down on an errand on Saturday evening. He did not get in at the house until late. He looked through one of the kitchen windows and saw Mrs. Tierce sitting in a chair, with her head on the back of it. He called attention to this, as the woman went to bed early. At 9 o'clock yesterday she called at the house and found the door locked. Looking through the kitchen window she saw the woman sitting in the chair and knew she was dead from her appearance. She sent her boy down to tell her sister, Mrs. Ewart, who gave permission to Andrew Wilson to enter the house.

Mr. Wilson said he forced open a window in the kitchen, and entered. All the other windows were fastened. He found all the doors locked with the keys inside, and found Mrs. Tierce sitting on the chair—dead.

The coroner said he saw no necessity to hold an inquest. She had been dead from late Friday night or early on Saturday morning. Many things led him to this conclusion besides what Mrs. Ewart told him. The dress she wore, the clothes on the line all day Saturday and Sunday night, the position of her body on Saturday evening when seen by young Byers, and the appearance of the body.

Mrs. Tierce was a widow and leaves no children. She is survived by four brothers and two sisters. The brothers are: William and Oliver Stinson of Fairville; Charles and Thomas. The sisters are: Mrs. Wm. Ewart, of Lorneville and Mrs. Cochran, of Fairville.

MONDAY'S USUAL VARIETY OF CASES IN POLICE COURT

Mr. Diggs Wants To Go To His Country Residence—The Case Against Thos. Nash Is Continued

The usual bench full of week-end prisoners on drunkenness charges faced Judge Ritchie in the police court this morning. Harry Lyons, David Gibson, Joseph Woods, John Arthur, William Dupliss and Frank Murphy were each fined \$8 for being too freely. John Collins, a young man, charged with being drunk in Brasels street and interfering with pedestrians was remanded to jail, and Philip Bushlan, charged with being drunk and resisting the police was fined \$8 on the first charge and \$2 on the second. Bushlan denied both charges but Police-man McLeod swore that he was drunk and resisted violently.

Frank Dickie and Frank O'Neil were before the court, charged with wandering about Leinster street between 1 and 2 o'clock this morning and not being able to give a satisfactory account of themselves. Police Rankins and McLeod gave evidence and His Honor told the prisoners that they were liable to a sentence of nine months in jail without a fine. They were remanded.

Charles Diggs, arrested on suspicion of stealing \$3.50 from a store at Silver Falls, was brought into court. After hearing the evidence of one witness, His Honor remanded him to jail. Diggs pleaded that he did not steal the money, and that if he was allowed his liberty he would go and live at his suburban residence and not come to the city any more. Asked where his country seat was he replied, "I hab fifty acres on land on de Quaco Road, and I want to get a chance to repair de house fo' me winter."

The case of Thomas Nash, charged by Mrs. Thos. Braman with attempted assault, was continued. The plaintiff and her husband gave evidence after which Nash was remanded to jail. The two witnesses entered into a bond to appear at the next sitting of the county court. Mrs. Braman in her evidence told of her telling the defendant's wife that she would settle the case but that she would have to get money get out of town. She denied \$200.

Judgment was to have been given in the Carson and case on account of Mr. Carson's absence from the city, it was put over until Wednesday afternoon at 2 o'clock.

Mary Ellen Hayes, the young girl arrested on charge of stealing several articles from a house in Carleton, was to have been in court this morning, but on account of her being ill she was not brought in. The case was set down for Wednesday morning.

Several dog cases, laid over till this morning, were settled, the people all producing licenses.

William Stirling, son of Peter Stirling, who turned up with St. Simons & Co. wishes to state that he is not the William Stirling arrested for drunkenness published the other day.

PHONE PROVES OF USE IN GETTING CREW TO BATTLE FIRE

Blaze Near St. Martins on Saturday Subdued By Men of Pejepe-scot Lumber Co.

What for a time threatened to be a serious forest fire occurred at Hammond near St. Martins on Saturday. The country is very dry, and the breeze, which was in the brush, burned fiercely. As the timber threatened to burn the Pejepe-scot Lumber Co., a crew of twenty men was sent from Little Salmon River by Robert Connely, the manager. After a stubborn fight which a force of men with axes turned up the ground for a large area, the fire was subdued.

The telephone system installed by the Pejepe-scot Company was in a large measure responsible for the quick subjection of the blaze. The company have a number of telephones on their property, and employ a force of more than thirty men right on the spot. In this manner they are able to have a crew on hand in quick order. On Saturday word was sent by telephone to Little Salmon river where the fire started, otherwise the loss must have been heavy.

A HORSE PURCHASED

City Buys One For Mounted Policeman—Patrol Wagon Animal Yet to Come

It is probable that this week will see a mounted policeman again on duty around the highways surrounding Rockwood Park and vicinity. It has been a month or more since patrolman Crawford was appointed to the post of mounted policeman, but he did not use the horse allotted him more than a few days, and has patrolled the territory on foot since that time.

A new horse has been procured, however, from Edward Hogen, stablekeeper of Waterloo street, and this animal will now be used. It is a fine looking animal and the cost to the city was \$75.

The common council have not yet purchased a horse for use in the mounted patrol wagon. The vehicle is being stored in an engine house, but so far has not been used. The police are still making arrests in the same old way.
