A NIGHT OF VIOLENCE ENDS THE EIGHTH WEEK OF RAIL STRIKE

BODY OF COLLINS LIES IN STATE

Many Sorrowing Irishmen Look on Face of Dead Leader

Government Will Continue Policy of Griffith and Collins—Meeting of Dail Postponed—Ulster Calls Off Races on Funeral Day.

(Canadian Press Cable) Dublin, Aug. 25—The body of Michael Collins lay on its bier in Dublin city hall today, while sorrowing Irishmen of all classes and creeds filed past for a last look at the features, set in the lines of determined defiance with which the Free State commander-in-chief faced his foes to the end.

THE SADDEST HEART IN IRELAND. Kitty Kieran, an Irish beauty who was to have become the bride of Michael Collins when peace was restored. The grief she made known owing to the fact that the murder of Collins shatters a heart romance that charmed the Irish Free State.

The flag covered coffin was first placed in St. Vincent's Hospital, where Arthur Griffith died recently, and last night to the city hall, where the body will lie in state until Sunday. The funeral has been set for Monday morning, when a solemn high requiem mass in the cathedral and interment in Glasnevin cemetery.

Government's Plans. It has been announced that the government will be continued along the exact lines laid down by Collins and Griffith, and those left in charge, William Cosgrave and Richard Mulcahy, have expressed their determination to see the Free State for which the two lost leaders worked so indefatigably, set on a firm foundation.

Mulcahy succeeds Collins as commander-in-chief of the National army, and Cosgrave is acting as head of the government. What actual changes will be made in the ministry is unknown, and the Dail session, set for Saturday, has been postponed until Sept. 8.

STRIKING TRIBUTE FROM ULSTER PEOPLE. Belfast, Aug. 25.—A remarkable concession to the nationalist sentiment is seen in the decision of the Down Royal corporation, promoters of the Maze horse races, the most important meeting in Ulster, to cancel the second day's card Monday in consequence of the funeral on that date of Michael Collins.

Added significance is given by the fact that the promoters had previously declined to postpone Saturday's events, although an Orange demonstration, for which twelve special trains are to be run from Belfast, will be held only four miles from the race track on the same day.

RACES POSTPONED. Poughkeepsie, N. Y., Aug. 25.—Due to a heavy track, caused by rain, the Grand Circuit races here today were postponed.

W. D. ROBB.

Appointed ranking vice-president and general manager of the Grand Trunk Railway. He is the first native born Canadian to be called upon to occupy the chief executive office of the G. T. R. He has risen step by step with untiring service in the company.

BOMBING, RAIL GREASING, DYNAMITING AND SHOOTING IN MANY SECTIONS

Foreman's House is Blown Up—Negro Held on Murder Charge—Refusal to Allow Strikers to Replace Federal Guards—Guard Shot—Meeting Again Today.

New York, Aug. 25.—Attempts to end the rail shopmen's strike by separate settlements with individual roads failed today and conferences were broken off.

Chicago, Aug. 25.—The railroad strike reached the end of its eighth week today to the accompaniment of bomb explosions and extensive violence. Bombings followed a night of rail greasing and the cutting of air hose at Roodhouse, Ill., division point on the Chicago and Alton. Two explosions occurred near the C. & A. roundhouse and another bomb burst near a hotel where railroad workers were quartered. The town was thrown into darkness shortly before the bombs were set off and citizens were described as afraid to leave their homes.

Passengers on one of the Alton's fast trains which pulled out of Roodhouse during the disturbance said many shots were fired. Officials of the Chicago, Burlington and Quincy road and county authorities were investigating an attempt to dynamite a railroad bridge near Spanish Lake, Mo., 17 miles from St. Louis. Although the explosion was said to have been terrific, little damage was done.

House Blown Up. Earlier disorders at Jacksonville, Fla., were followed by the blowing up of the home of J. A. Williams, foreman in the Seaboard Air Line road shop, and a member of the city council. The front of the house was damaged, but Williams and his wife escaped injury.

Officials of the Chicago, Burlington and Quincy road and county authorities were investigating an attempt to dynamite a railroad bridge near Spanish Lake, Mo., 17 miles from St. Louis. Although the explosion was said to have been terrific, little damage was done.

Charged With Murder. Chicago, Aug. 25.—Charges of murder were made against a negro commissary worker of the Alton, Tappan, and a member of the city council, who a striking electrician was shot and killed. The striker, it was charged, was killed in a running pistol fight with the negro.

The Santa Fe offered rewards for identification of persons who have been guilty of recent bombings. An Illinois Central suburban train running between New Orleans and the company's shops at Harahan, was stoned by a crowd.

Proposals were made to United States Marshal McDonald by striking shopmen at Shawnee, Okla., to replace federal and company guards at railroad shops with strikers. Union leaders said if they were permitted to take over the situation they would afford protection to all workers which the railroads might import.

Marshal McDonald replied that the proposal was impracticable. The Santa Fe announced at Topeka, Kas., that conditions had so improved it would be impossible to take back all strikers. The announcement said the road would take back only such strikers as there might be places for, and that they must return as new employees.

Quiet in the Chicago, Rock Island and Pacific yards at Herington, following the shooting of a railroad guard by a firm, and a general suspension of work. State troops remained on duty, but the railroad guards were taking no part in patrolling the yards. Although operations were badly crippled passenger traffic was kept going.

Workmen agreed not to object to the presence of soldiers if company guards were withdrawn.

The Senility Tangle. New York, Aug. 25.—Five to five, mediating brotherhood chiefs and railway executives again face one another today across the conference table in their attempt to test the possibility of settling the shopmen's strike by effecting agreements with individual roads.

There are indications that more roads are coming to the conference. In some quarters belief prevails that the railroad men are employing the plan of the United Mine Workers, in signing up a sizeable number of bituminous workers at the Cleveland conference and expecting more to follow.

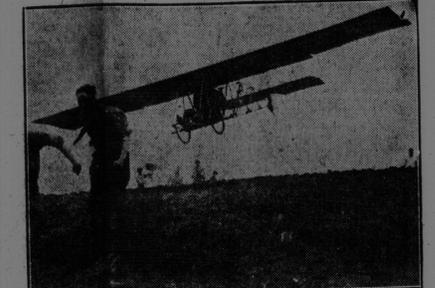

The question of whether the strikers should receive back their seniority, the stumbling block from the very first, is still confronting the opposing factions.

CALL FOR MORE HARVESTERS. W. J. Ryan, superintendent of the local office of the federal employment service, has received a letter from K. G. Christie, clearance officer at Halifax, advising him that 2,000 additional harvesters are required in Manitoba. He has been advised that it will be necessary for intending harvesters to obtain from the employment office copies of the special transportation rate certificate before the railways will issue tickets at special low fares.

COSTLY CIGARETTE. Muskogee, Okla., Aug. 25.—Three persons are reported dead, a score injured and more than half the business district of Haskell, Okla., was in flames today. The fire is believed to have been caused by the ignition of gas fumes by a cigarette.

MR. AND MRS. WALLACE REID TO ADOPT BABY GIRL. Los Angeles, Aug. 25.—Mr. and Mrs. Wallace Reid expect to be presented with a bouncing baby girl soon, according to a petition on file in the superior court today which asks the legal adoption of Betty Munmer, aged 3. The child's parents have consented. Mrs. Reid is known to the screen as Dorothy Davenport.

NEW RECORD FOR MOTORLESS PLANE

The picture shows one of the gliders or motorless flying machines about to land. Experiments have been carried on in the south of France in the hope that the danger of flying may be reduced.

(Canadian Press Cable.) Berlin, Aug. 25.—A new record for sustained flight in a motorless airplane was set yesterday by Herr Hentzen, student flyer of the Hanover Technical School, when he remained in the air more than three hours.

The flight was made on the concluding day of the gliding competitions held in the Rhoen Mountains, near Gersfeld. He is the flyer who startled the world of aviation last Saturday by remaining in the air two hours and ten seconds, breaking all records by a considerable margin.

EILEEN SWINGS TO CHIN; SADIE TAKES THE COUNT

Rochester Amazons Battle With Bare Fists to a Finish for the love of Swain Who Offered Self to Winner—Fined \$10 Each.

Rochester, N. Y., Aug. 25.—Approximately five hundred persons formed a ring last night in which two women, Eileen Glossen, 35, and Sadie B. Palmer, 32, fought with bare fists for the love of a man, each one is alleged to have admired. The man, a witness of the fray, is said to have told the contestants he would throw his affections to the winner.

News of the contemplated fighters brought the neighborhood as spectators and witnesses told in court yesterday of bets being placed. Miss Palmer landed the first blow, a right to the jaw. Her opponent countered with an uppercut but injured her hand when she neglected to clinch it. Both went into a clinch. Miss Glossen broke away and when the other swung, witnesses say, she dodged and retaliated with a blow to the chin, for a knockout. Both women were arrested and fined \$10 each.

KENTUCKY HAS DAMAGING STORM

Louisville, Ky., Aug. 25.—One person dead, three seriously injured and a property loss variously estimated from \$100,000 to \$200,000 was the toll of a terrific wind storm which swept a part of Louisville and Jeffersonville, Ind., early today, following a rain and electrical disturbance.

The whole immigration act, it is expected, will be gone over and revised next session. The announcement said the road would take back only such strikers as there might be places for, and that they must return as new employees.

TOM MOORE IS AGAIN PRESIDENT

Heads Dominion Labor Body for Fifth Term—Secretary Draper's 23rd Election.

(By Canadian Press) Montreal, Aug. 25.—Tom Moore, was unanimously elected to his fifth term as president of the Dominion Trades and Labor Congress.

P. M. Draper was also given an acclamation and embarked on his twenty-third term as secretary, having been first elected in 1900. Draper had been a delegate to congress for over 30 years, representing an Ottawa local of the International Typographical Union.

Thirteen delegates were nominated for the three vice-presidencies, five withdrawing leaving a field of eight. Among the withdrawals was Arthur Mantel, of Montreal, one of last year's vice-presidents.

Montreal, Aug. 25.—The three vice-presidents are B. Merson, Toronto; John T. Foster, Montreal, and Alex. McAndrews, Moose Jaw.

Other contestants were J. Garlepy, Montreal; A. Mathieu, Montreal; W. Watson, Glace Bay, and C. A. Atchison, Hamilton.

J. W. Wilkinson, Vancouver, was chosen as fraternal delegate to the British Trades Union Congress.

MEET TODAY ON AUSTRIAN CRISIS. Rome, Aug. 25.—The meeting today at Verona, between Foreign Minister Schanzer of Italy, and Chancellor Seipel of Austria, which was arranged at the latter's urgent request to consider measures for Austria's relief will be of an informal nature, according to the semi-official Stefani News Agency. No engagements can be entered into in a case of this kind by the foreign minister without the consent of the remainder of the Italian cabinet.

ITALIAN FOREST FIRE. Rome, Aug. 25.—The beautiful pine forest of Castel Fusano, twenty miles from Rome, near Ostia, is burning. A sixteenth century castle has been saved, but a large section of the forest has been destroyed.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "there will be a beauty show every evening at the exhibition."

"The clothes will be the chief item," said the reporter. "You will be captivated by the styles. Mrs. Hornbeam will be intensely interested, I am sure."

"Well," said Hiram, "Hanner does like to look at the styles, but I'll say this for her—she don't banker after crazy notions an' tryin' to make everybody stop an' look at 'er. She'll see that there beauty show, an' I'll bet a big apple she kin pick out what's sensible an' he good wearin' quality as quick as any of 'em—yes, sir."

"And where will you be?" queried the reporter.

"Me?" said Hiram. "Oh, I'll be cruisin' round. It's rather soon to go into parties—but I'll be there, sure."

BANKS' ASSETS DOWN \$45,000,000

Similar Drop in Liabilities—General Decrease in July Business.

Ottawa, Aug. 25.—(Canadian Press)—A decrease of more than \$45,000,000 in the total assets of Canadian banks during July is shown by the monthly bank statement issued today by the department of finance. At the same time, liabilities were decreased by more than \$47,000,000. With the exception of call loans outside of Canada, there is a general decrease in business during the month as compared with June.

UNDERWRITERS ELECT OFFICERS

Closing Session of International Meeting—Gather Next Year at Chicago.

Toronto, Aug. 25.—The International Life Underwriters convention concluded yesterday. The next convention will be held in Chicago. A presentation was made to the retiring Canadian president, J. G. Stephenson, of a valuable pearl, diamond and sapphire pin.

The newly elected president of the National Association of Life Underwriters is A. O. Ellison, state manager of the Minnesota Mutual Life Insurance, of St. Paul. A. E. Lawson of Winnipeg is the new Canadian president.

THE C. N. R. BOARD

West Wants Representation—W. D. Kenney Denies Offer of Presidency.

Winnipeg, Aug. 25.—A deputation of the Winnipeg board of trade interviewed Hon. Charles Stewart, minister of the interior, here yesterday and emphasized the need for adequate western representation on the new directorate of the Canadian National Railways.

It was stated that the west had nearly as much railway mileage as the east, and that the earning power was very high on the western division.

Toronto, Aug. 25.—The Telegram yesterday said: "It is rumored in financial circles here that the presidency of the Canadian National Railway had been offered to W. D. Kenney, vice-president of the Great Northern Railway, St. Paul, Minn."

W. D. Kenney, vice-president of the Great Northern, has denied any knowledge that the presidency of the Canadian National Railway had been offered to him. He is at Glacier National Park, in Montana.

AIRMEN KILLED

Riverside, Calif., Aug. 25.—Lieut. Reeves of San Diego, was instantly killed and Clarence William Green, his mechanic, was fatally injured when the army airplane was caught in an air pocket.

MARRIED AT 12, GIRL NOW SUES FOR ANNULMENT

Detroit, Aug. 25.—Declaring that her mother coerced her into marrying at the age of twelve to a man many years her senior, Mary Bono, now 14, filed a suit yesterday for annulment of her marriage to Fred Bono.

CRUCIAL GAME SET FOR TODAY

Contest Between Browns and Yanks May Decide League.

Giants Increase Lead—Fredricton to Play Here Next Week—Effort to Book St. Stephen—Late Sport.

New York, Aug. 25.—Twenty hits off three Red Sox pitchers enabled the St. Louis Americans to defeat Boston, 13 to 2, and to keep pace with the New York Americans, who found their batting eyes after two days and took the final of the Cleveland series, 7 to 3.

Today the Browns, with only half a game lead, and the Yankees, who made a series at the Polo Grounds that may decide the league race.

Washington's veteran, added another shut-out to his long record, holding the White Sox to five scattered hits and winning 1 to 0. His mounded opponent, Blackie Simpson, though allowing but four hits, was hit for two in the second inning which coupled with a stolen base and a wild throw, accounted for the only run.

Detroit and Philadelphia engaged in an extra base hitting contest, Detroit winning 11 to 8. Helman, Walker, Blue and Hauser hit homers. Walker's was his 31st of the season.

Giants Climbing. In the National League, New York gained another notch on St. Louis by defeating the Reds, 2 to 1, with the aid of Jess Barnes pitching while the St. Louis team were losing a wild scoring game to Boston, 12 to 1.

The Pirates continued on their winning way, trouncing the Phillies 10 to 4. Alexander held Brooklyn to four hits and Chicago won their first game in the week, 4 to 1.

The Grand Circuit. Poughkeepsie, N. Y., Aug. 25.—Heavy rain this morning made it doubtful that the Grand Circuit races, postponed from yesterday will be held. Today's card was to include the 207 foot, 2.06 pace, "The Poughkeepsie" for 212 class trotters, and the 2.04 trot.

Fredricton Coming. Fredricton, N. B., Aug. 25.—Announcement was made here this morning that arrangements had been completed for the Fredricton Baseball Club's team to play the St. Peter's at St. John next Monday and Tuesday. It will be Fredricton's first appearance in St. John.

Manager McMahon, of St. Peter's Park, St. John, is also trying to arrange a game between Fredricton and the St. Stephen team, champions of the St. Croix League, at St. John for next Wednesday. Fredricton and St. Stephen met once this season on July 24th at St. Stephen and St. Stephen won by a score of 3 to 0. Since then Fredricton has re-organized its team. It raised the day St. Stephen were booked for a return game here.

Joe Lynch Wins. Fort Worth, Texas, Aug. 25.—Joe Lynch of New York, bantamweight champion, knocked out Benny Levy, of Chicago, in the fourth round of a scheduled 10-round bout here last night. Fido-Miska Tonight.

St. Paul, Minn., Aug. 25.—After being postponed twice, the ten round no-decision bout between Fred Fulton and Billy Miske is set for tonight, the winner is expected to obtain a bout with Jack Dempsey. It was set for August 11, but postponed because of rain and then Fulton developed a boil on the nose.

Making Good. Salt Lake City, Utah, Aug. 25.—Jimmy O'Connell, outfielder of the San Francisco Pacific League, who has been sold to the Giants for \$75,000, to report next spring, made six hits in six times up in yesterday's game. O'Connell got a triple, a double and two singles. His run scored totalled four.

NO DECISION ON REPARATIONS

French and British Delegates Hear Proposals of Germany and are on Way to Paris.

Paris, Aug. 25.—The negotiations in Berlin between the reparations commission and German government officials came to an end at noon today without having produced any compromise on the German reparations question acceptable to both the British and French representatives, according to latest advice.

Sir John Bradburn and Eugene Maulever, British and French representatives, respectively, of the reparations commission, were expected to leave Berlin this afternoon.

The French foreign office learned unofficially today that new proposals were submitted by the Germans, but were not considered important enough to warrant the mission remaining in Berlin longer. The reparations commission's representatives therefore will bring the proposals to Paris, considering them on route.

\$64 FOR 2 1/2 TONS OF HARD COAL

Niagara Falls, Ont., Aug. 25.—An interesting side-light on the local situation was seen yesterday at an auction sale, when two and a quarter tons of hard coal were sold for \$64, the buyer to take it away. The bidding was started at \$22.

MORE HOPE FOR SETTLEMENT OF N. S. COAL STRIKE

Dr. McKinnon, Mediator for U. M. W., Arrives in Sydney and Confers With Executive.

Sydney, N. S., Aug. 25.—Hope of an early settlement of the Nova Scotia coal strike was boosted several notches this morning with the arrival from Prince Edward Island of Dr. Clarence McKinnon, who has been called in by the U. M. W. as an extra mediator.

Dr. McKinnon shortly after his arrival went into secret session with the U. M. W. presumably to prepare himself for the fourth session of the British Empire Steel-U. M. W. conference which will open here at two-thirty this afternoon.

With Dr. McKinnon on hand, it is considered probable that the vital issues of wage rates and length of contract will be tackled in dead earnest, and the end of the week may see some basis of agreement reached by the parties to the dispute.

VICE-PRESIDENT AND TREASURER OF G. T. R. RESIGN

Resignation Accepted and J. A. Yates Will Carry on His Duties as Treasurer.

Montreal, Aug. 25.—The resignation is announced of Frank Scott, vice-president and treasurer of the Grand Trunk Railway system.

In a letter to the board of directors meeting today, Mr. Scott asked to be relieved.

Accepting the resignation the board expressed appreciation of the services rendered to the company by Mr. Scott during his long association with the road.

Following upon the receipt of Mr. Scott's resignation, W. D. Robb announced the appointment of James A. Yates as treasurer of the railway.

NATIONALISTS CLEAN UP CORK

Last Two Positions of Rebels Taken—DeValera Emerges from Seclusion.

Belfast, Aug. 25.—National army troops today captured the towns of Kinsale and Dunmanway, the last two positions held by Irish irregulars in County Cork, according to advices received here. National troops have been landed at Kinsale in open boats before the irregulars fled from their presence. The irregulars fled after destroying their military quarters.

DeValera Located. London, Aug. 25.—Eamon DeValera, Irish Republican leader, has emerged from seclusion since the death of Michael Collins and is reported to be active with a large force of rebels, the Belfast correspondent for the Evening News today said he had learned.

FRANC DECLINES GERMAN MARK SHOWS IMPROVEMENT. New York, Aug. 25.—French francs today declined seven points to a new low record, being quoted at 7.62 cents, as compared with 7.85 a week ago. The normal rate of the franc is 19.8 cents.

London, Aug. 25.—There was rapid recovery of the German mark this afternoon. At three p. m. the mark was quoted at \$200 to the pound. The recovery was understood to have been influenced by Berlin reports that the reparations commission negotiations were still continuing.

Premier to London. London, Aug. 25.—Premier Lloyd George, who was expected to remain in Wales for a few weeks, will return to London today. The change in his plans is apparently due to the serious reparations situation and possibly in a measure to the Irish situation.

The batteries for the Reds were the Gray Brothers and Akery, and for the S. S. A. S., Dwyer, O'Connell and London. The score by innings follows:—

S. S. A. S. 1 0 0 0 0 0 0 0 4
Reds 0 0 1 0 0 0 0 2 0
Runs 2 0
S. S. A. S. 0 2

N. B. CHAMPIONSHIP.

Moncton, N. B., Aug. 25.—Concerning the proposed series of games between the Moncton, St. Peter's, Fredericton and St. Stephen baseball teams to decide the independent championship of New Brunswick, the Transcript says that it is time that dates have been fixed. Provided St. Stephen and St. Peter's express willingness to enter such a series perhaps the quickest and most satisfactory way of deciding the issue would be to divide the four team into two sections of two teams each. The winner of each section could be decided by a home and home series, but it would perhaps be the best plan to have the play off between each section a cut throat contest on neutral territory, following the same plan as is adopted in the Nova Scotia baseball championships.

EQUALIZATION OF VALUATIONS AGAIN CONSIDERED

Edmundston, Aug. 25.—(Special)—At the resumption of the discussion today on the question of equalization of valuation, Mayor Crowhurst, of Sunny Brae, suggested a small committee to formulate a resolution for submission to the union next year. G. O. Dickson, Otley, Kings county, who introduced the subject, yesterday, said his idea was to get some remedy for the inequalities and injustices that obtained under the existing system. A provincial board of valuers might be appointed by the county councils. C. B. Keith, seconded Mayor Crowhurst's suggestion which was put in the form of a motion. J. King Kelley objected and thought that subject could be probably be discussed for the remaining part of the session.

THE BEST WAY TO SHIP EGGS

Result of Investigation of the American Railways Association. The secretary of the board of trade committee on freight claim prevention of the American Railways Association. Recently the committee conducted a series of tests of methods of packing eggs to determine whether the excelsior pads then used were thick enough to prevent shifting; whether four or six pads to the crate was best, and whether the use of loose excelsior was good enough. The committee found that the best results are obtained from the use of six pads instead of four, one on the top, one under the top layer and one on the bottom; that, subject to the same treatment, the breakage was much greater with four pads than with six; that with the use of loose excelsior only, the breakage was much greater than with either four or six pads, and that the pads needed to be slightly thicker to prevent shifting. After this finding the manufacturers increased the size of their pads to four ounces. In connection with the findings it was recommended that only new fillers and new cases be used. The Railways Association have sent the result broadcast, in the hope that egg shippers in the part of the country and elsewhere would take notice, and thus help materially in reducing the number of eggs that are broken yearly while in transit.

Deputy Minister of Railways and Canals who will fill the vacancy on the Grand Trunk board of directors caused by the resignation of Howard G. Kelly, pending the re-organization of the Canadian National Railway board by the government.

TO SPEAK AT ARMISTICE LUNCHEON

Admiral Sims will be the principal speaker at the special armistice luncheon to be given by the Canadian Club in Montreal on November 10. Admiral Sims and Mrs. Sims will be the guests of Sir Arthur and Lady Currie during their two or three days' stay in Montreal.

MANITOBA'S TREASURER

(Canadian Finance) Much has been said in recent years about the need of getting capable business men into public life. Premier Bracken has put this idea into practice in the selection of Manitoba's new provincial treasurer, Hon. F. M. Black. Mr. Black is a son of Scotland, who like many other able Scots, commenced his business career in Old London. In the early 90's he entered the service of the Canadian Bank of Commerce, serving in Vancouver, San Francisco and California.

In 1901 he became associated with P. Burns & Co. and for several years acted president of the Calgary Board of Trade in the province of Alberta. He was chairman of the fruit and vegetable committee of the Food Control Board during the war and in December, 1917, was appointed treasurer of the United Grain Growers, Ltd., which position he now relinquishes to take the office of Provincial Treasurer of Manitoba.

In assuming the position of provincial treasurer, Mr. Black accepts a responsibility which will be onerous and exacting. At the best of times the position is a thankless one, but we trust that the new Provincial Treasurer will prove a better experience than his predecessors in this respect. The problems of the next few years will be financial ones and the majority of them will fall upon the shoulders of the Provincial Treasurer. He has ability, he has the respect of the business community; all he needs is the support of the general public. This he is entitled to so long as he handles the affairs of the Province in a businesslike manner; and we sincerely believe he will do that without fear or favor.

FAREWELL PRESENTATION. A very pleasant evening was spent at the home of Mr. and Mrs. John McLaughlin at Pandemonium on Wednesday, when friends gathered to say farewell to Frederick H. Giggey, who is leaving to make his home in Woburn, Mass. On behalf of the gathering Mr. McLaughlin presented to Mr. Giggey a club bag. His many friends will wish him success in his new sphere.

There is the greatest probability that Augustin Edwards, Chilean minister to Great Britain, if he will accept, will be chosen president of the next assembly of the League of Nations. It is expected that David Lloyd George may attend some of the sessions.

Simmons Twin Beds In Rich Wood Tones

Featured in our centre window are new effects in the restrained grace of the Adams Design—steel throughout, yet finished in the colorful dignity of walnut and mahogany.

Especially interesting variations are the cane-like panels in the central upright bars, surmounted by antique ornamentation touched in old gold to create a contrast in keeping with the superb wood tones of either walnut or mahogany.

See our windows for the reason why more come here for a wider selection of Simmons quality beds.

ST. JOHN PASTOR WAS PREACHER

Rev. C. A. Stewart Commanded by A. M. E. Bishop at Conference. (Halifax Chronicle) The annual conference of the African Methodist Episcopal church began in Halifax, yesterday at ten a. m. The appropriate opening hymns were sung and Rev. C. M. Morgan, of Amherst, offered prayer. Rev. C. A. Stewart preached an eloquent and inspiring sermon, after which the Sacrament of Holy Communion was administered by the Rev. Bishop J. M. Connors, D. D.

The conference was then organized, with Rev. Canon Stewart of St. John as secretary and Rev. C. S. England of Halifax statistical secretary.

The bishop addressed the conference on some of the more important matters which will come before the sessions for discussion. His remarks were centered on the necessity of education and preparation of the people for a high contribution to the civilization of their country.

The afternoon session was taken up with reports of the churches and those of Halifax and St. John were highly commended by the bishop. Very helpful discussions following the presentation of reports revealed much of the real condition of the colored people in these provinces.

The annual conference sermon was preached by Rev. Claude Stewart, the successful pastor of the church in St. John. His text was taken from 1st Corinthians 12th chapter, 9th verse. Mr. Stewart is a scholarly speaker, and his sermon was a most appropriate one for the occasion. The bishop congratulated him at the conclusion of the service.

SETTLING ENGLISH RAILWAY ISSUE
London, Aug. 24—Over 100,000 railway shophmen are affected by the decision of the industrial court today that the railway companies are not entitled to make any reduction in wages before October 1 next but may negotiate with the trade unions in regard to any variation of the twenty-six shillings and sixpence war bonus.

J. H. Thomas, M. P., general secretary of the National Union of Railwaymen, said he was delighted with the decision because it showed that these matters, however contentious, could be settled in a commonsense way.

LAW'S ARM REACHES FAR.
David Lightner, Alleged Drug Smuggler, Caught in Radio Dragnet.

Los Angeles, Aug. 25—The long arm of the American Secret Service, stretched across the sea to grasp an alleged leader in international drug smuggling, was withdrawn with David Lightner, alias D. B. Hibeman, in its grasp.

Lightner was wanted at Portland, Ore., on charges of violating the narcotic act and of posing as a Federal officer.

Lightner was indicted more than a year ago. He disappeared while out on bond. The Secret Service learned he had gone to sea and threw a radio dragnet across the Pacific. He was located aboard a vessel and taken ashore at Shanghai.

A few days before he was to have been started back, he escaped. Again Government agents were warned to be on the watch. A stowaway found a few days ago on the steamer West Ferralton proved to be Lightner.

A special cell was built of steel bars and there Lightner, burdened with a ball and chain, was confined. Because of assaults on officers of the ship, his rations were reduced to bread and water for six days.

The complete returns from the tag day in aid of the new health centre have been announced as \$2,036. Work in connection with the worthy project is well under way.

PROFITS THAT ARE EASY

The friends of the New Brunswick Power Company are laying emphasis upon its large earnings and the surplus now in sight. They are not as eager, however, to tell how the fine showing may have been brought about. The consumers of light and power know. They remember the shock they received last April or thereabouts when they surveyed their gas and electric light and power bills. The protest was universal, but it had no marked effect. It is always easy to make profits by putting prices high enough, when the customer has no recourse. It is not at all difficult to foresee what would happen if the company got the Musquash current and clinched its monopoly for another long period. The people now have a remedy, however, and are determined to apply it. They want the city council to close the contract for the Musquash current, call for tenders for a distribution system, and get down to real business.

THE NURSING PROFESSION

There is a scarcity of nurses in New Brunswick, but it is not confined to this province. Appeals sent from the provincial department to cities in other provinces revealed the fact that the scarcity is general. Large numbers of Canadian girls go to hospitals in the United States to train, and remain in that country. If they are to be kept at home there must be an educational campaign here with regard to training and salaries must be nearly approximate those over the border. The Toronto Globe has an interesting article on the subject as follows:—
"An article entitled Canadian Girls Nursing Uncle Sam, contributed to The Canadian Magazine by Miss Jean Morrison, R. N., M. A., will be read with mixed feelings. They have long been an important element in United States hospital life, scientific service and private duty. Those mentioned holding important positions in the great institutions of New York, Boston, Newark, San Francisco, Washington, Panama, and other places, indicate the large number of Canadian girls whose services have been lost to this country. Thoughtful readers, says Miss Morrison, inquire 'why the exodus to the United States of the flower of Canadian womanhood?' The answer is, ambitious women concluded that the best was none too good and made unpublicized sacrifices to realize their hopes, receiving a cordial welcome from Uncle Sam before Canadian philanthropists had amassed surpluses sufficient to foster the consummation of their dreams. Compared with U. S. A. resources, hospital accommodation in Canada had been limited, operating and laboratory facilities were limited, and the division of hours of relaxation not adequately appreciated. Hundreds of Canadian girls turned their eyes to the nursing opportunities offered in the United States at that time, and now many follow their example, although they are needed here. The courses now featured in half a dozen universities, from Nova Scotia to British Columbia, qualifying nurses for public service and official appointments did not exist a few years ago. Miss Morrison, however, does not express an opinion whether the opportunities now offered in Canada are sufficient to affect the exodus of nurses to the United States."
The nursing profession has grown greatly in importance as a result of the universal growth of interest in public health service. There is need in New Brunswick at the present time of public health nurses, and the demand will steadily increase. The new Health Centre in St. John will provide facilities for training, but it remains to impress upon the minds of earnest young women the opportunity afforded them to find a useful avocation, and to keep them in the province.

When the New Brunswick Power Company comes bearing gifts, watch out. When it comes with lofty phrases about fair play, remember the stock-watering transaction and how St. John fared when it entered its protest against that iniquity.

The joyous eagerness with which the New Brunswick Power Company hastens to solve the coal problem, by offering to take to itself the Musquash current, suggests that at last the company believes there is some power at Musquash.

Whole pages of a newspaper would not hide the real character of the New Brunswick Power Company, the omission of its plant, the kind of service it gives, or the cost. These things are known and read of all men.

If the New Brunswick Power Company wishes to sell its property to our name a price and the city can say yes or no. There is nothing to arbitrate.

When does the city sound intend to complete the contract for the hydro? Who is responsible for the continued delay?

THE TAINTED DOLLAR

An anonymous correspondent sends the Times a clipping from a Montreal paper which estimates that tourists will leave \$6,000,000 in that city and \$15,000,000 in the province of Quebec this summer. The correspondent marks the following paragraph:—
"According to hotel proprietors, railway officials and tourist agencies the reason for the popularity of Quebec is that its charm is becoming better known, the roads leading here are in much improved condition and the resorts better advertised. Then there is the rather inviting attraction and inducement offered under the provincial liquor laws, which have a flavor all their own doubly dear to parched mouths and thirsty throats."
"Put this in your pipe and smoke it," comments the Times correspondent. "Looks as though N. B. will have to come to it."
The Times is quite convinced N. B. will not "come to it." Pondering to a depraved appetite may appeal to this correspondent, as a worthy means of getting money, but the people at large have twice declared their views and will not change them. Montreal has been described by one of its own citizens as "a great, wicked city," but Montreal and Quebec province will in the end find the price too great, and will not let American dollars blind them to a great moral principle and a great degradation. A strong group of Irish leaders will endeavor to carry out the policies approved by Griffith and Collins. They will have less difficulty in overcoming the bandits who are still at large because the universal horror caused by the murder of Collins will inspire a more widespread determination to put an end to the carnival of crime. Cardinal Logue's description of the criminals as "those misguided men who show their love of country by drenching its soil with blood and leaving behind them a trail of pitiful ruin and destruction" strips them of any pretense of real patriotism, and the Irish World of New York bluntly sets them down as butchers and assassins.

TOMORROW'S REGATTA.

The people of St. John have honored Hilton Belyea because he is a great oarsman and because he has spread the fame of St. John. If we are to have other champion oarsmen in years to come we must train them. In order to enlist their interest we must promote and support such events as tomorrow's regatta at Renforth. The contests there will not be between local oarsmen alone, but Halifax and Fredericton at least will be represented. The regatta comes on a Saturday afternoon, when there is a half holiday. There will be an excellent train service, and Renforth is beautiful, apart altogether from the special attractions of the day. The citizens generally should show their appreciation of the sporting spirit of the Renforth people. Above the fireplace in their pretty little clubhouse is a photograph of James Renforth, the famous English oarsman whose death threw a shadow over a great aquatic event of former days on the Kennebec. The spirit of those former days befalls. The spirit of those former days survives and should be encouraged. There is excellent material in St. John and its suburbs for rowing champions, but the people must give encouragement if the sport is to flourish. A pleasant afternoon may be spent at Renforth tomorrow and another boost given to a sport in which St. John should always excel.

The situation in regard to the coal supply is brighter in Nova Scotia, while mining operations on a very large scale are being resumed in the United States. And now we are told the coal the power company uses would not help the household, because it is run-of-mine coal.
Casting ridicule upon recall petitions and those by whom they are circulated will not create a name or save a mayor.

FIFTEEN MINUTES OF RADIO EACH DAY

Lesson No. 87.

AMPLIFICATION AND THE COIL AERIAL.

In congested districts where there are physical limitations upon the installation of proper types of outdoor aerials, the coil or "loop" aerial provides a very satisfactory means of intercepting the electric waves and impressing them upon a receiving circuit. This type of aerial has comparatively small dimensions and may be easily installed in an ordinary room. It should be suspended or pivoted upon a support so that it may be revolved until the plane of the aerial is in the direction of a particular transmitting station, thus insuring the reception of strongest signals from this station.

Amplifier - 2 Stages Radio - Detector - 2 Stages Audio.

Due to the fact that a small loop aerial is not efficient as the usual form of outdoor antenna, the signals brought in on the loop are very weak. For this reason it is necessary to employ amplification to render the signals audible. An example of amplification used in connection with a small loop aerial is shown in the accompanying diagram. The terminals of the loop are connected across the variable condenser (C). By means of two stages of radio-frequency amplification, the weak incoming signal is increased in strength so that it will set upon a third vacuum tube which is used as a detector. It is absolutely necessary to have a certain strength of signal impressed upon the detector tube in order to secure rectification.

The detector tube converts the signals of inaudible frequency into signals of audible frequency, which are further amplified or increased in strength, by two stages of audio-frequency amplification, therefore, compensates for the lack of sensitivity of the detector tube while audio frequency compensates for the lack of sensitivity of the human ear.

In the above diagram a wooden framework four and one-half feet square is used as a support for the turns of wire and the terminals of the coil connected across a variable condenser (C) having a capacity of 0.001 microfarad, the resultant relations between the range of wave lengths to which the set will tune and the number of turns of the coil will be as follows:

Number of Turns	Range of Wave Lengths in Meters.
2	100 to 250
4	150 to 350
6	200 to 500
8	250 to 750
10	300 to 1000
12	350 to 1250
14	400 to 1500
16	450 to 1750
18	500 to 2000
20	550 to 2250
22	600 to 2500
24	650 to 2750

The range in wave lengths is given between maximum and minimum adjustments of the condenser (C). The turns should have one half inch spacing and the wire may be any size from No. 18 to No. 22, either bare or insulated.

The radio-frequency transformers are of the air core type while the audio-frequency transformers have an iron core. A potentiometer having a resistance of 200 ohms is connected across the filament of the vacuum tubes in the first two stages of radio-frequency amplification and one side of the respective grid circuits is connected to the adjustable contact for the reason that the potential on the grids of these tubes has a very critical value.

The filament of all the tubes are heated from storage or "A" battery of 6 volts. The plate voltage of the tube in each stage of radio-frequency has a potential of 100 volts, the plate voltage of the detector tube in each stage of audio-frequency is 60 volts.

It may thus be seen that where conditions are not suitable for the erection of an outdoor aerial that the coil aerial used in conjunction with radio and audio-frequency amplification may be satisfactorily employed in the reception of radio signals. THE CITY IN THE POG.

Dear Editor,—Having read Mr. Hope Thomson's last verse, I beg to feel slighted on behalf of St. John. Fredericton may be a "City of trees," Moncton is full of fogs—but hand it to St. John for rain and fog.

"Hark, the fog-horn, hark!" the captain shouted, "Within the murky curtain lies a boat that once the sun shone, but I doubt it!" And beyond the moisture off him with a frown.

So in a day long past from Biscaya's coast De Champlain came and vainly sought to pierce The mist that ever hides the Loyalists' boast.

"La miste, baptême, la miste, il dit, c'est fier!" And now a city cradled 'midst the soft And clinging fog down from the bay Stands proudly, and the moon shines off. Full busy—the sun is on a long-drawn holiday.

Fair city, where the fog-horn's ceaseless blast First greets the voyager's ear and bids farewell, First sound that greets the new-born day That floats across old Pandey's dilly swell.

P. S.—The "metre" is like the article furnished by the N. B. Power Co.—doesn't read right.

Yours, "CRITIQUE."

"Slidetite" GARAGE DOOR HARDWARE

"Slidetite" Fixtures combine the advantages of swing and sliding doors without the disadvantages of either. They fit tight like a swing door—but unlike swing doors they do not bind, stick or warp. Instead of pushing against the wind, snow and ice, they fold inside and lie back against the wall, completely out of the way. They cannot possibly blow shut, thereby harming either automobile or person.

"Slidetite" Fixtures are easily erected—they do not get out of order—they keep the doors straight—they move lightly—a mere push is all that is required to open or close them. Yet they fit the opening snugly and always remain weathertight.

"Slidetite" Hardware is furnished in sets, including track, brackets, hangers, hinges, locking bolts and screws, complete except knob lock or latch. If you are considering building or remodeling your garage you owe it to yourself to at least come in and see the working model of this popular Garage Door Hardware. You'll appreciate its various exclusive features.

LeBARON WILSON GRAND MASTER OF N. B. MASONS

The Masonic Grand Lodge of New Brunswick met in the Masonic Temple in Gormain street last night. The meeting began yesterday afternoon and continued through the evening.

Being taken completely by surprise, the grand secretary was greatly moved, and in his reply expressed his gratitude to the members of grand lodge for their kindness to him in recognition of his service of twenty-five years in the office.

The local jurisdiction is fifty-five years old and Mr. Hart is the first man in this jurisdiction who has held an office for twenty-five years.

P. D. B. F. McKenzie, of Chatham, the retiring most worshipful grand master, has the distinction of having officially visited all of the sixteen lodges of his jurisdiction in the sixteen months he has held office.

Following is the result of the election of officers—Most worshipful grand master, LeBaron Wilson, St. John; deputy grand master, S. L. Morrison, Fredericton; senior grand warden, R. A. Snowball, Chatham; junior grand warden, S. F. McCavour, St. John; grand chaplain, Rev. Hugh Miller, M.A., B.D., Campbellton; grand treasurer, George D. Ellis, St. John; grand tiler, Robert Clarke, St. John.

The annual convention of the Grand Council of the Order of High Priesthood was held in the Masonic Temple, St. John, yesterday, with Dr. P. S. Sawaya presiding. The degree of the order was conferred on a number of applicants.

The officers for the ensuing year are: P. S. Sawaya, M. E. president; E. J. Parkhill, M. E. senior vice-president; A. E. Pearson, M. E. junior vice-president; Peter Campbell, M. E. treasurer; W. B. Wallace, M. E. recorder; John C. Earle, M. E. master of ceremonies; William R. Bennett, conductor; C. G. P. Newman, warden; S. C. Limerick, Woodstock, steward; George E. Fairweather, Sussex, chaplain; Robert Clarke, tiler.

The report of the grand secretary showed total receipts from the lodges of \$7,628.50. The membership report showed that there were 640 new members and that 177 had left or died, making an increase of 463. The total membership was now 6,974.

The grand treasurer's report showed receipts of \$21,389.26 and a balance on hand of \$7,298.90. The benevolence fund receipts were \$8,068.20 and there was a balance of \$1,108.22 on hand after several investments had been made.

RECENT WEDDINGS

Cutten-Hartley. (Montreal Gazette, Wednesday) The marriage of Miss Mary Elizabeth Hartley, daughter of Mr. and Mrs. S. O. Hartley, Oxford avenue, to Cecil Barton Cutten, of Montreal, son of Mrs. H. S. Cutten, of Stellarton, Nova Scotia, will take place at the home of the bride's parents at six o'clock this evening.

The ceremony will be performed by Rev. W. J. Johnston. The house decorations will be carried out in multi-color gladioli. The bride, who will be given away by her father, will wear a gown of white charmeuse sash with tulle veil and orange blossoms. She will carry a bouquet of sweetheart roses and gypsophila.

Miss Katy Hartley, sister of the bride, who will be bridesmaid, will wear a gown of pale blue georgette with a bouquet of pastel shade sweet peas. Inquis Willis will act as best man. The flower girl, Nancy Thompson, will wear a pink frock and will carry a basket of pink roses. The wedding music will be played by Miss Mildred Haines, cousin of the bride.

After the reception Mr. and Mrs. Cutten will leave for St. Andrews-by-the-Sea and other points in the Maritime provinces. Going away the bride will wear a navy blue canton crepe dress with hat to match. On their return they will reside in Montreal West.

RECENT DEATHS

Peter McDevitt. Peter McDevitt, a highly respected farmer of Burnsville, died early yesterday morning, at an advanced age, after being in failing health for several months. He is survived by two sisters, Bridget and Susan, at home, and a brother, James, of Waltham (Mass.). He was unmarried.

Rev. P. Mulhall, C.S.S.R. The death is announced of Very Rev. Patrick Mulhall, C.S.S.R., at Saratoga Springs, on Monday evening. He was ordained priest June 6, 1864, and was a native of Ireland. Father Mulhall served for a number of years as vice-provincial of the Redemptorist Order, of the Baltimore province, with headquarters at Toronto. Owing to poor health he resigned the position several years ago. On several occasions, in his official capacity, he visited St. John and made many friends who will read the obituary notice. Very Rev. William Hogan, C.S.S.R., rector of St. Peter's, accompanied by Rev. E. A. Scully, C.S.S.R., left on Wednesday evening to attend the funeral ceremonies.

RECTOR'S DAUGHTER WINS SCHOLARSHIP

(Montreal Gazette)

Miss Ruth Marion Shatford, B.A., daughter of the Rev. Canon A. P. Shatford, rector of the Church of St. James the Apostle, has been awarded the French government scholarship for study of the French language in France, according to a statement issued at McGill University yesterday. This scholarship, of the value of six thousand francs, with traveling allowances, was offered to McGill University by the government of France, through Paul Emile Naggard, consultant, in recognition of the university's efforts to advance the study of the French tongue in Canada. Miss Shatford was recommended for the scholarship by the principal, and yesterday the appointment was confirmed by the consultant.

Miss Shatford graduated from McGill University last June with first-class honors in English and French. During her university career she was deeply interested in the study of French, taking part in all student activities in that direction, notably the French plays staged at Royal Victoria College last spring. Miss Shatford intends to take up instructional work in French on her return from France.

W. Harding Dunham is confined to his home as the result of injuries received Wednesday when an express wagon he was driving was struck by a street car on Main street. Medical aid was summoned and it was found that he had sustained fractures of eight ribs.

Ruth Campbell, Dorothy Brittain and Ruth Gow, three little girls of the west side, held a bazaar this week and, solely by their own efforts, realized three dollars, which they gave to Miss Dawes, matron of the Protestant Orphan's Home to purchase fruit for the children there.

A committee of the Retail Merchants' Association has made arrangements for parking cars in the business sections of the city as well as near the exhibition grounds for exhibition week. The places will be announced later. It is felt that the public will greatly appreciate this action on the part of the merchants.

J. S. Gessner of Montreal has been in Albert County supervising the loading of a steamer with lumber for the United Kingdom. The lumber was bought during the war by the imperial government but was not taken overseas. The difference between the original contract price and the present contract buying price is \$3 a thousand feet.

The East End and Centennial playgrounds have closed for the season. Instead of a formal programme of closing, a field day of sports was held yesterday at the city as well as near the exhibition grounds. The teachers, the Misses Mooney, MacDonald, Davis and Simonds, had charge of the sports. The grounds have been open for eight weeks and the attendance was large. A large number of visitors were present at the sports.

A meeting of the board of trade council was held yesterday with W. F. Burditt, the president, in the chair. Practically the whole of the meeting was taken up with matters concerning the meeting of the Maritime Board of Trade in St. John on September 6 and 7. Invitations have been extended to the maritime province members of the federal parliament asking them to attend the board meeting and also to participate in the programme.

Mrs. A. H. Clark, of Manawagonish road, has received word from Marlboro (Mass.) informing her of an automobile accident in which her brother, George G. Schofield, formerly of Fairville, was severely injured when his car skidded, striking a telegraph pole. Mr. Schofield was thrown out, receiving a bad head wound, broken collar bone and an injured spine. He was rushed to St. Elizabeth Hospital at Brighton, Boston, and is now doing as well as can be expected.

A petition is to be presented to the common council asking to have the proposed route of the "white way" changed so as to pass by the premises of about twenty-eight merchants in the south end. The original plan was to have the route cross Queen Square but vehicular traffic could not follow this and furthermore the path across the square ends in steep stairs. If the petition be granted the path will lie along Charlotte to Brittain and then to Sydney.

TO ACCOUNT FOR \$3,000,000. Pittsburgh, Pa., Aug. 24.—Officers of the United Mine Workers, District No. 4, were asked in a petition filed in common pleas court here to give an accounting of some \$3,000,000 which, it is alleged, had been collected from the miners of the district since 1918. The petition was signed by George S. Fisher, Michael Halpaly and Charles Chambers, who declared they were members of the union.

CHINESE DEAD IN LAUNDRY FIRE

Returned to Building to Get Something and Was Lost. English, Ont., Aug. 25.—Geo. Tame, a Chinese, is dead, and a loss running into five figures was sustained here yesterday when a fire of unknown origin wiped out four buildings. Tame escaped from his burning laundry, but rushed back to get something and was caught by the flames.

SARDINE HERRING NOW PLENTIFUL (St. Croix Courier.) Herring have been so plentiful for a week that several Eastport factories have been running evenings to take care of the perishable fish. The average sardine worker does not object to this extra night work so it will bring in a larger weekly pay envelope after many weeks of short time and limited factory work while fish were scarce in all parts of Passamaquoddy Bay. The sardine factories are now having their busy canning season. Signs are promising for the fall catches and there are indications of steady employment in the canneries. Lubec and other sardine centers also report fish plentiful and the factories busy.

LEGAL TARIFFS TOO HIGH Cases Falling Off, So Charges May Be Changed. Quebec, Aug. 25.—Tariffs of attorneys and barristers in this province which were set by an order-in-council passed in 1920, are soon to see radical changes. It is stated that the tariff is too high and, instead of bringing benefit to barristers, it has resulted in a decrease in the business for many of them. The new tariff will affect appeals especially, which are said to be in many cases practically impossible, due to the heavy cost allowed. The protests have largely

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, AUGUST 25, 1922

PROGRESS OF THE CITY INVOLVED

Must Control Musquash Current—Momentous and Far-reaching Issue.

A business man of standing in the city has sent the following communication to the Times-Star:

"As one interested in a bigger and better St. John I would seek the indulgence of your columns to present to our citizens a matter of vital interest to every one who desires our city to go forward instead of backward. To my mind

the present question of hydro distribution in our city is one of the most momentous and far-reaching questions which has been presented to the voters and taxpayers for many years. It is a question upon which its satisfactory settlement has much to do with the progress of our city.

"The question at issue, which has been so courageously and persistently advocated by the Times and Telegraph, and which apparently is overlooked by the rank and file of our citizens, is 'The control of the electric current generated at Musquash.' This is the main point at issue and of the most vital importance.

It is the plain duty of our present commissioners to sign a contract with the New Brunswick Electric Power Commission at once, without further delay or quibble. Our commissioners seem actuated by a do-nothing policy, and seemingly relegate the important responsibilities given them by the taxpayers over to the mayor. Whether they are actuated by a sense of their own unimportance, fear of others in authority

or expediency, a discerning public which just now has a watchful eye on city hall will not doubt judge.

"The main object of the enemies to the city getting control of Musquash power is to cloud the issue. The more dust that can be thrown in the people's eyes, the more public attention is attracted to side issues which have no bearing on the real issue, the happier they are, and the greater need of vigilance on the part of the taxpayers. The tactics of the opponent in this matter are worthy of a better cause. The blandishments of the enemy of our race to old Mother Eve seem crude in comparison to the insidious manner in which these city gentlemen are endeavoring to hoodwink the unsuspecting taxpayer of our fair city. They leave no stone unturned, no sinister device untried, no method too despicable, to accomplish their infamous desire.

"The action of our present mayor admits of no excuse. He has not guarded the trust reposed in him before his election, and a public which may be fooled

Prohibition Navy Forms Blockade

Activities of Rum-Runners Halted on Detroit River.

Detroit, Aug. 25—Ecorse is blockaded by the "prohibition navy" and rum-smuggling between the Canadian shore and down-river villages has ceased, according to Royal B. Decker, assistant prohibition director for Michigan.

Two federal speed boats with armed crews and one state launch have patrolled the river front at Ecorse without respite since midnight Thursday, and since that time no beer or whiskey has been landed in the down-river suburbs, Decker said.

Confirmation of the prohibition director's assertion came from men familiar with Detroit's liquor supply. They said that the hot-wave thirst had exhausted the supply of Canadian beer in Detroit, and no new importations had been received during the last forty-eight hours. Many places where beer has been sold recently were closed today.

Two launches which attempted to run the blockade were captured Friday night.

GIRL BEATS OUT FLAMING CLOTHES Saves Life of Young Electrician and Then Applies First Aid.

New York, Aug. 25—In beating out the flames which made a human torch of Irving Jaffe, and in applying prompt first aid remedies, Edith Wilson made a heroine of herself and saved her fellow worker's life. Miss Wilson is twenty years old. Jaffe is twenty-one.

Miss Wilson, who is a bookkeeper, was at work in the front part of the ground floor of the building. Jaffe, an electrician, was busy in a rear compartment. Just before noon Miss Wilson was startled by a cry from the electrician, who staggered through the door a moment later a mass of flames. Miss Wilson snatched up two towels and a coat lying on a chair near her desk, and, first using the towels, quickly beat out the flames and then threw the coat around the electrician, who fainted from pain. The bookkeeper then ran into a grocery store next door, jumped on a counter, seized a can of olive oil, picked up an opener as she ran out, and by the time she got back to the side of the injured electrician had opened the can.

After she had applied olive oil to the blistered face, neck and chest of the young electrician, she found Policeman Murphy of the Oak street station, who called an ambulance from St. Vincent's Hospital. Dr. Hearn told Miss Wilson that if she had not worked with speed in extinguishing the flames before they reached Jaffe's lungs and if she had not used great judgment as well as speed in giving first aid, the electrician would have been beyond medical aid when the ambulance arrived. Jaffe explained that the torch he was using exploded.

A house dealing exclusively in distinctive furs. H. Mont. Jones—and—Furs—They go together.

An August Showing Of Superior Furs At Summer Prices

For the remainder of August we will place furs—furs of real distinction and quality—within the reach of all.

We have assembled an unusual assortment of coats, wraps and fur pieces in general for this August event, which we believe is worthy of your attention, and which we KNOW will excite our admiration. Our factory is working full force to prepare for the coming season, and we quote here a few examples that will prove to you that August fur-buying is a real investment.

A small deposit will insure you having your purchase just when you want it—but purchased at an exceptional saving. Take advantage of the work we have done during dull season. Superior workmanship shows in these furs, but it DOESN'T show in price.

Raccoon Coats Full furred and wonderfully soft, it is of becoming length and reflects the advance styles in its broad collar and deep cuffs. Made from especially selected New Brunswick skins and finished in that superior way that you have come to expect with coats bearing our label **\$425.00**

Hudson Seal Made from skins of wonderful softness, their very "feel" is a delight. Broad collars and deep cuffs in all the contrasting furs such as sable, skunk, beaver, fox and others. Quite a satisfaction to the woman who buys one of these coats to know that every seam, every button and pocket, and the linings are fashioned by superior workmen in a superior way. **\$375.00 to \$550.00**

Muskrat Made from rich, dark, perfectly matched skins and beautifully lined. Some are self-trimmed and some are trimmed with contrasting furs. All are fashionable and smart to a marked degree **\$195.00 to \$300.00**

Persian Lamb Coat Fashioned by expert workmen from superior skins of the most attractive curl and either skunk or self-trimmed. This coat is most desirable owing to its beauty and service-giving qualities. Like our other coats, it is lined and finished to correspond with its other high qualities. **\$285.00 to \$550.00**

MILLIONS FOR LUXURIES.

Canada spends approximately \$28,000,000 annually on soft drinks. The cost of cigars, cigarettes, tobacco, etc., consumed in 1920 amounted to \$75,605,762, according to manufacturers' data, and the total price at retail would add much to the pleasure of life. The above figures serve to show that the Dominion's market is far more extensive than that of many other countries with a much larger population. A British financial writer stated recently that Canada should be concerned with a purchasing power equivalent to 20,000,000 or 25,000,000 population, as compared with European nations. The expenditures on "luxuries" were supplied by the Furniture Manufacturers' Association for comparative purposes. It was estimated that the production of furniture in Canada last year had a cost value of \$25,166,305.

CANADIAN LABOR DISOWNED SOVIET

Unanimous Approval Given by Trades Congress to Commemorative Resolution—No Communism Wanted.

(Montreal Gazette.)

Without a word of discussion or a voice of dissent, the Dominion Trades and Labor Congress went on record as wholly and totally opposed to the Communist policies of the Red Trade Union International of Moscow, and any Soviet ideas being tolerated within their ranks in Canada. The vote was taken at the morning session of the Congress yesterday in the big hall of l'Assistance Publique. The unanimous approval of the resolution, as presented by the Executive Council of the Congress, came as a distinct surprise, for it was fully expected that a lengthy debate would be started and kept up. It was the voice of union labor expressing openly its challenge to red, radical, Bolshevik and extremist tactics, and there was a hush for a moment immediately after the "aye," proclaiming the resolution carried.

It was Delegate J. W. Wilkinson, Vancouver, a member of the executive council, who introduced the subject, drawing attention to a report of the council, headed "Communist Activities in Canada." He said that there are at present three independent parties in Canada, which could be classified as "left": the Workers' Party of Canada, the Workers' Educational League, and the Trade Union Educational League. It had been thought, he said, that the last two organizations were identical, but investigations had disclosed that they are separate bodies.

"The adherents of the Communist movements," said Delegate Wilkinson, "are deliberately, whether openly or surreptitiously, using the machinery of international trade unions for the furthering of their own propaganda. We are not here to dictate to the radicals; if they want their ideas spread it is their own business; but if they think they can make use of the labor unions of Canada for this purpose they are greatly mistaken, and it is about time this Congress declared its stand on the question, once and for all."

"The speaker thought that the Communist sympathizers on this continent might have achieved far more than they have, had they not attempted to break down and disrupt the legitimate trade unions in order to advance the idea of One Big Union. Instead of working in-

dependently, he continued, they have retained within the international union ranks, and by subtle movements from within have tried to split up the organization.

Tolerance Abused.

"These people's place," he said, "is right outside the trade unions. My personal experience has been such that I do not propose to be drawn into a movement of this kind. We treated them with tolerance and forbearance, hoping to have a minimum of disruption; but this was regarded merely as a sign of weakness."

"The Communists," he went on, "are talking a lot about democracy and freedom and liberty. We treated them with tolerance and forbearance, but they mean that they mean to have freedom for themselves, and themselves only. In this Congress there is the spirit of liberty and democracy; every man has a vote, every union, however small, is represented by a delegate."

In part the resolution read as follows: "There is room for doubt that the intention of the Workers' Party of Canada is not to improve the usefulness of the trade unions; but, by first destroying confidence in the methods established by years of experience, to utilize them to bring the workers of Canada under the control of the Red Trade Union International of Moscow."

The vacation needed by any weary man or woman is a complete change from the manner of life being lived. Our Saviour went into the wilderness to rest awhile. We, too, need to get away from the soreness of life and renew ourselves in body and mind. We may not have far to go to reach the ideal vacation place; sometimes it may be only a few miles from home, but it is the complete change and contrast in our mode of life that we need in order to restore ourselves. Getting nearer to nature is the best vacation for the weary man and woman, and our lovely district furnishes points innumerable beside river, lake and stream for retirement.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Ties," will be received at this office until twelve o'clock noon, Saturday, 18th day of September, 1922, for 1,500,000 Railway Ties to be manufactured from timber cut between October, 1922, and May, 1923, and delivered between December 1st, 1922, and September 30th, 1923, on Canadian National Lines South of the St. Lawrence River, between Montreal and Sydney, including the Halifax and South Western, in accordance with the specification No. 8866, dated March 18th, 1919.

250,000 to be delivered on Canadian National Lines in Nova Scotia. 800,000 to be delivered on Canadian National Lines in New Brunswick. 450,000 to be delivered on Canadian National Railway Lines in Quebec south of the St. Lawrence.

Tender forms and Specifications can be obtained at the office of the General Tie Agent, Montreal, 231, New Union Station, Toronto; J. C. Stewart, Tie Agent, Moncton, N. B.; or J. Bain, Superintendent, Bridgewater, N. S.

Tenders will not be considered unless made on form supplied by the Railway Company.

No tender for quantities less than 5,000 ties will be considered. The lowest or any tender not necessarily accepted.

Arrangements will be made through the local Tie Agent, J. C. Stewart, Montreal, or J. Bain, Superintendent, Bridgewater, to purchase ties produced in small quantities by actual settlers from their own lands.

W. H. GRANT, General Tie Agent, Canadian National Railways, Toronto, August 9th, 1922.

IRON, STEEL, METAL AND MACHINERY
(Canadian Machinery and Manufacturing News)
Production of pig iron and steel is declining as stocks of coal at steel mills are practically out. It would take weeks to restore the industry to a smooth running basis, no matter what the settlement of the present troubles might be. Shortage of coal naturally cuts down consumption of steel, and some consumers have curtailed their shipments, while others are urging heavier shipments as they see production falling off. When prompt lots are required, premiums from \$2 to \$5 a ton are being paid, but the tonnages involved are not large. This describes the condition in the basic American markets.

The Canadian situation is largely a reflection, or rather a result of the other. Canadian furnaces are practically out of the running so far as new business is concerned. Bookings, it is said, will run them into October, and they have sufficient material on hand to take care of these. Meantime, shortages are developing, not only in pig iron, but in such urgent lines as steel and iron. Shapers and plates in now \$1.50 or \$2 a ton advanced in a week, and \$4 advance in thirty days. In sheets, some mills are practically out of the market, and the real trading market is confined to premium prices such as \$2.60 for blue annealed; \$3.40 for black; \$4.40 for galvanized, and \$4.85 for auto sheets. As to pig iron, there is reported to be scarcely any merchant production and consumption is restricted. Machine tool business in Canada shows some evidence of improvement, and the demand is said to emanate not so much from large industries as from those whose plants are easily adaptable. This business calls for aggressive selling, but reports indicate a gratifying response. Machine shop supplies continue in good demand.

DID YOU PAY YOUR SHARE?

(Canadian Finance)
Last year the Canadian people contributed approximately \$100,000,000 as a burnt offering to the Demon Fire. This contribution was made up as follows:—

Table with columns: Category, Amount. Includes: Value of property destroyed by fire \$45,015,930; Insurance premiums in excess of losses paid 24,544,200; Cost of maintaining water-works for fire protection 8,756,940; Maintaining fire departments (public) 12,137,400; Maintaining fire departments (private) 7,938,000; Government expenditure on fire protection 18,900.

Total \$98,435,470
There are the plain figures. Your share and that of every other man, woman and child in the country was \$11.25. Approximately \$100,000,000 wasted; almost enough to pay the interest on our National Debt for a year. And at least seventy per cent of the fires and fire losses in Canada are due to somebody's negligence.

The Last Resort.

An instruction to Chinese soldiers reads: "If the rifle is broken, use the butt; if the butt breaks, use the fist; if the fist fails, use the teeth." We should like to add, if the enemy pulls out your teeth, tell him he is no gentleman.—London Opinion.

COMMUNISTS IN U.S. PREPARING FOR MILITANT ACTION

Programme For Organization Said to Have Been Disclosed When Suspects Were Arrested - Connection With Soviet Russia Established.

St. Joseph, Mich., Aug. 24—Charged with criminal syndicalism under the state law passed by the 1919 state legislature, seventeen alleged communists, arrested in a raid, demanded an examination when brought before Justice Ray W. Davis here today.

Definite Connection With Soviet? Washington, Aug. 24—The arrest of seventeen alleged communists after the secret convention of the communist party at Bridgeman (Mich.) on Tuesday by Michigan state authorities, disclosed a programme for the organization of communist groups in the U. S. army and navy, and for the initiation of militant action on the part of radicals in the United States, according to information from official sources in Washington today.

It was said that a definite connection between the communists internationale of Soviet Russia and the "friends of Soviet Russia" in the United States had been established with the communist party, otherwise known in the United States under its reorganization name as the workers' party.

Nine Hundred Signatures on Recall Papers

Canvassers Given Favorable Reception and Full Number of Names Required Will be Secured in Few Days, Committee Reports.

Up to last night more than nine hundred names had been signed on the petitions which are being taken about the city for the recall of Mayor McLellan, and it is expected that the full number required will be secured early next week.

Some of the members of the committee already have filled their sheets with names and last night they were busy checking up the names to insure that there would be no duplication of signatures and that all of those whose names had been signed to the papers had paid their taxes.

So far, only a very small portion of the city has been canvassed but, with several more days' work, more than sufficient names will have been secured to effect the recall. It is expected that the recall petition will be placed in the hands of the common clerk some time next week.

THEY ARE GROWING MORE GIRLS IN ALASKA

Washington, D. C., Aug. 25—Whether modern girls are becoming more adventurous in Alaska more fame, statistics recently published by the Eugenics Research Association indicate that our northern territory is becoming less a nomadic land of single cussedness and settling down more to starting the home fires burning.

There has been a continually approaching balance in the matter of males to females. In the total population this ratio has moved as follows: In 1900, 298.9; in 1910, 247.9; in 1920, 168.5.

Industrially, essentially, and socially, the great need of the territory is settlers who move into the region with their families, says the report. "Perhaps the distribution of age groups with sex-ratios indicates approaching stabilization of population. In 1920 the sex-ratios by age groups were: Forty and more years of age, 304.6 males to 100 females; twenty to thirty-nine years of age, 171.1 males to 100 females; under twenty years of age, 103.7 males to 100 females."

PRISONER BURNED IN CELL Sets Fire to Wildwood Jail Smoking Cigarette While Intoxicated.

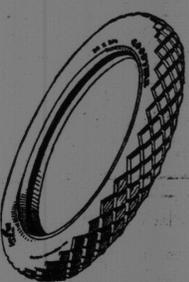

Wildwood, N. J., Aug. 25—An intoxicated prisoner, who smoked a cigarette in his cell in near death, following a fire in the North Wildwood jail and city hall in which a fireman was injured and the building practically destroyed. The prisoner, known only as "Doc" was nearly suffocated and badly burned when his mattress caught fire. A man living near the jail broke the lock with an axe and liberated "Doc". The fireman was injured when a hose nozzle broke away from another fireman.

TUNNEY VICTORIOUS
Philadelphia, Aug. 24—Gene Tunney, of New York, former light heavyweight champion of the United States, defeated Tommy Loughran, of Philadelphia, in an eight-round bout at the Philadelphia National League baseball park tonight in the opinion of a majority of sports writers at the ringside. Tunney weighed 173 pounds and Loughran was ten pounds lighter. Tunney landed a hard right to Loughran's jaw in the first round and Tommy went down for a count of nine. Loughran came back gamely and made a great battle, so much so that some sport writers were inclined to judge the match a draw.

LOCAL NEWS

ENDS SEPT. 9.
Several citizens have asked officials at City Hall when daylight saving time will terminate. The clocks will be changed at midnight on September 9.

RYNE-HANLEY.
In the Germain street Baptist parsonage, on Saturday, Rev. Dr. S. S. Poole united in marriage Mrs. Abbie Frances Hanley and J. Ernest Ryne, both of this city.

NOVELTY SHOWER.
Several friends of Miss Jean McLaughlin gathered at the home of Mrs. William McKay, 130 Broad street last night, to tender her a novelty shower. Many beautiful gifts were received, and a pleasant evening was spent in games and music. A dainty lunch was served by the hostess.

A QUICK SETTLEMENT.
John McCourt, a city grocer, learning that a man who was a debtor for quite a large bill had gone to Minto, motored to that place, had papers served and a settlement effected, and but for a delay for other reasons could have been back in town the same day.

WAS FINED \$20.
As a result of a collision yesterday afternoon in the Westford road culminating in a slight difference between the parties one of them was fined \$20 on a charge of committing a technical assault by Magistrate Allingham this morning in the Fairville court. A motorist was fined \$5 and costs for speeding in the Loch Lomond road.

FOR BRIDE-TO-BE.
About 180 people gathered at the home of George Turner last night to tender a novelty shower to Miss Helen Kelly, in honor of her approaching marriage. Miss Kelly received many useful and beautiful gifts, and a pleasant evening was spent. The hostess served dainty refreshments. A four piece orchestra was present.

A PLEASANT TIME.
Sewing circles of Johnston Lodge, L. O. B. A., Number 19, and True Blue Lodge, Number 98, held a pleasant picnic at Gondola Point on Thursday, August 17. A very happy time was spent. Among the games enjoyed were a tug of war between the two circles, which resulted in victory for Number 19; an old ladies' race, won by Mrs. Shackhouse; a young women's race, won by Mrs. Thoms, and a three-legged race, won by Mrs. Thoms and Mrs. Clark.

TRAINS FOR REGATTA.
The transportation arrangements for the Benforth regatta were announced by the C. N. R. this afternoon. The C. N. R. suburban train scheduled to leave the city at 1:20 o'clock, daylight time, will be held until 1:45 o'clock. Extra cars will be attached to handle the crowd. The return trip will be made by the suburban, arriving in the city at 4:35 daylight time. The Truro local, due at Benforth at 10:12 o'clock, will also be utilized for those wishing to stay through the evening.

TRAFFIC CASES.
Hilton Belyea was before the police magistrate this morning charged with exceeding the speed limit. He said he probably was guilty, and the magistrate agreed that where speeding was concerned Hilton was probably guilty, thinking he was in Philadelphia. He was allowed to go.

C. L. Loring was reported for speeding in Douglas avenue and driving on the wrong side of the street. Loring said he had been going to the west side to take some children out to Loch Lomond for the Rotary Club. He had been held up at the Mill street crossing, and when he had got started he had been in a hurry. He also was allowed to go.

Gordon Stewart was reported by Police Chisholm for speeding at the corner of Princess and Water streets, near the ferry floats. He pleaded guilty. The magistrate told him he was liable to a fine of \$10.

GARNETT-GARNETT.
A quiet but pretty wedding took place in St. Paul's Church at 6:15 Wednesday evening, when Miss Edna E. Garnett, second daughter of Mrs. Elizabeth Garnett, was married to Willard Garnett, son of Mr. and Mrs. Robert Garnett, by Rev. R. T. McKim. The bride was given away by her uncle, John Gorman. She wore a tailored suit of navy blue tulle, and black velvet hat, with touches of gold brocade and a spray of feathers, and carried a bouquet of pink carnations. The groom's gift was a substantial check. Little Edna Garnett, niece and namesake of the bride, made a pretty little flower girl. She wore a dress of white mull, with touches of pink, and carried a basket of pink and white sweet-peas. She also wore a ring the gift of the groom. The bride was an esteemed member of the famous Lesley Film Co., and was presented on a beautiful chest of silver, monogram engraved. Many other beautiful gifts of cut-glass and silver testify the popularity of the bride and groom. The happy couple left for Moncton and Halifax. On their return they will reside in Brindley street.

DELEGATES TO MONCTON.
Members of the executive of the United Baptist Women's Missionary Union from the city will leave on tonight's express for Moncton, where they will attend the maritime conference. They will be followed tomorrow by the delegates appointed by the various branches of the union in the city. The delegates leaving include Mrs. W. F. Roberts, Mrs. J. W. Vanwart, Mrs. J. Patterson, Mrs. J. R. Webb, Mrs. W. T. Hoyt, Mrs. J. R. Kennedy, Miss Beadle Stovener, Mrs. Harry Kierstead, Mrs. John Bond, Mrs. A. E. Jenner, Miss Stockford and Mrs. Scaplin.

The delegates from some parts of Nova Scotia, especially from points along the Annapolis Valley and the western coast will arrive in the city tonight on the Express and will go right through to Moncton. Those from the eastern part of the province will go direct to Moncton by rail.

WELSH COAL FOR OTTAWA.
10,000 Tons Arranged For—Expect to Sell at \$18.

Ottawa, Aug. 25.—Nineteen thousand tons of Welsh coal is either on its way or being held for shipment for consumption in Ottawa next winter. One ship has already sailed.

The opinion was expressed yesterday that the coal would sell in the neighborhood of \$18.

SIGNED UP, TOOK FOUR MEALS AND THEN BEAT IT

The workless in this vicinity are divided into two classes, according to the experience of the local branch of the unemployment service. There are the unemployed and the unemployable, and in strength of numbers the latter have it over the others like the proverbial tent.

Last Saturday a call from a point outside the city was responded to by the employment office in the form of a crew of twenty-three men, who were to start work on Monday morning. They were to receive \$2.50 a day with seventy-five cents daily deducted for board and lodging. The gang arrived in time for supper Sunday in idleness during which three square meals were enjoyed and when Monday morning dawned and the crew was lined up for work only eight of the new gang were on hand. The other fifteen had vanished into thin air.

This kind of difficulty is only one of the many with which the local officials have to contend.

UNHEARD OF FOR 10 YEARS; FOUND IN SINGLE DAY

Two sisters last night learned the whereabouts of each other after several years' separation. A Canadian Press despatch from here yesterday, stated that Miss Maud Cunningham, of New York, had arrived in St. John, in search of her sister, May Cunningham, whom she had not seen for several years and of whom she had lost trace. The sisters were born in St. John, later going to New York.

Last night the sister, Miss May Cunningham, was located at 12 Oldfield avenue, Montreal, and was informed that her sister was in St. John searching for her. The news that her sister was alive came as a welcome surprise, and the fact that after so many years they are so near each other was agreeable tidings. She said that it was considerably over ten years since she had last heard from her sister. After training as a nurse in New York, Miss May Cunningham had returned to St. John, and since then had not seen her sister. After some years in St. John she went to Montreal where she has since resided, practicing her profession. She said that several times she had endeavored to locate her sister, and when told last night how and where she could get in communication with her was delighted that at last a re-union is possible.

RUNAWAY HORSE ON CITY TOUR

Ben Hur's chariot race, the ride of John Gilpin and the autumn flower show were all combined this morning in a trip which a horse attached to K. Pedersen's wagon took. The steed had to dodge his way through street traffic and to turn some sharp corners, and it was a corner which finally halted his mad flight when the wagon struck a fire hydrant at the corner of Waterloo and Union streets.

The driver was in front of the store, Charlotte street, fixing the bride when the horse got out of hand and started along Charlotte towards the south end. On reaching Queen street he turned towards the water until he reached Germain street, along which he headed north passing King street like Man O' War coming into the home stretch. He kept this up, slowing a little for the hill, until Union street was reached. Here he started east with a fresh burst of speed and in turning into Waterloo street struck a hydrant and was thrown. Neither the horse nor the wagon was damaged beyond a few slight scratches.

The amazing thing about the whole runaway was the way in which the horse seemed to realize that he had to slow to turn corners, the way he threaded his way among the traffic on the streets, including other teams, automobiles and street cars, without damage, and the terrific fall he sustained without apparent injury.

Policeman Duffy, at the head of King street, made an effort to stop the runaway, at it passed him, but the fact that the bride had been removed made it impossible to hold him.

DEAD IN SEVENTIETH YEAR.

Fredericton, Aug. 25. — (Special). — H. O. Heustis of Bear Island, York county, dropped dead at noon, Tuesday, in the farrow. He was nearing his seventieth year. For sixteen years he was secretary of the school board, and at one time was a member of the firm of Estey & Hagerman in this city. In politics he was a staunch Liberal. He is survived by two sons, Charles of Vancouver Island and Frederick, at home; also surviving are two sisters, Mrs. Harriet Parent and Miss Ruth, the latter seriously ill. Interment will be at Bear Island.
