

CRIPPLED AND HELPLESS, THE COLLIER CAPE BRETON, DRIVEN ON ROCKS, BECOMES TOTAL LOSS

After Battling for Hours With Gale and Ice Floes, Finally Losing Propeller and Steering Gear, All Efforts to Keep Vessel off Rocks Prove in Vain—Crew, However, Succeed in Getting off Safely and Have Been Sent to Their Homes.

Sydney, N. S., Mar. 8.—With the steering gear torn by the force of the gale and ice floes, and the propeller blades smashed, the Dominion Coal Company's carrier Cape Breton battled with the heavy seas in Saturday's terrific storm off the south coast of Scattered Island for five hours before being finally driven ashore, split in two amidships.

The thrilling story of their experience was told by members of the Cape Breton crew on their arrival at Lunenburg today. Every member of the crew, with the exception of Captain J. A. Willett, of Sydney, and the first officer, Fynn, are now in Lunenburg, the two ship's officers having remained on Scattered Island to superintend the work of removing personal effects and fixtures from the ill-fated vessel. According to the story of the ship, as related by members of the Cape Breton crew, the vessel left Halifax on Friday and until 11 o'clock Saturday night, when off St. Eppit, where they encountered the gale, had a fair run. The force of the gale was first felt near St. Eppit, and an hour or so later, the Cape Breton encountered heavy ice floes. The vessel struck a course down the coast but, in the heavy seas the rudder was smashed and the steering gear carried away when off Port Nobi. This occurred about 11 o'clock Saturday night, the propeller blades being broken in the ice floes and the vessel becoming unmanageable. The Cape Breton was tossed about for five hours by the strong winds, the gale at this time having its greatest velocity.

NEW ENGLAND EMERGING FROM SNOW BLOCKADE

Volunteer Workers Joined Railroad Workers in Effort to Clear Tracks for Traffic.

Boston, March 8.—Considerable improvement in conditions on the snow and ice bound railroads in Northern New England resulted from the combined efforts of railroads and thousands of volunteer workers today. New York and Boston trains worked their way through to Portland and traffic was restored between Portland and Bangor.

The Grand Trunk Railroad lines in Maine and New Hampshire remained without service, together with many parts of Boston and Maine, and Maine Central Roads. The White Mountains Division of the Boston and Maine was cleared as far north as Plymouth, N. H., and the southern division to the north of Montreal trains were unable to pass these two points in either direction.

On several trains, which had been stalled at different points since Saturday night, and were released today, passengers had slept in day coaches for two nights, and had taxed the capacities of the small town hotels and restaurants to keep themselves supplied with food.

There was little inter-urban street traffic on the Northern and Western New England and in many cities icy tracks were still buried in ice.

VETERAN TRAPPER FOUND IN CAMP

Henry Braithwaite, From Whom Nothing Had Been Heard for Several Weeks and for Whose Safety Relatives Feared, Found Well and Happy.

Fredericton, N. B., March 8.—Word has been received that Robert Hunter of Parker's Ridge, and a companion, located Henry Braithwaite, trapper and guide, of Fredericton, after a search on which they started last Tuesday. "Uncle" Henry was found at the first camp, called hunter's camp. The snow was too deep for him to attend to his traps and he was sticking close to camp in the best of health and enjoying himself.

Mr. Braithwaite was eighty years old in last January and probably is the oldest professional guide and trapper in active service on the continent of America. His relatives became anxious concerning his safety some time ago, but their fears were groundless. He will come out of the woods in about a fortnight. The camp in which he was is some twenty-six miles from Heville. Two years ago while in the woods trapping Mr. Braithwaite had a severe attack of pneumonia and had to treat himself as no one was near him. His prolonged absence this season made his relatives think that a similar misfortune had overtaken him.

Jap Embassy Denies Report Called Absurd

London, March 8.—The Japanese Embassy here today issued the following statement: "Referring to the news, circulated in the last few days, to the effect that Japan bought the victory over Russia in 1914-5, the Japanese Embassy declares this is entirely groundless. Moreover, we suspect there is some foul play involved in the rumor. The story, of course, is so preposterous and chimerical that it hardly deserves a formal denial; but, in view of the fact that several papers printed it, it is well that it should be noticed."

WILSON OBJECTS TO PEACE TREATY RESERVATIONS

Will Not Consent to Any Act Which Would Weaken Force of Article Ten of Treaty.

DOESN'T GRASP THE DIFFERENT GROUPS Cannot Understand the Difference Between a Reservationist and a Mild Reservationist.

Washington, March 8.—President Wilson re-stated for Democratic Senators today his opposition to any Peace Treaty reservations which would weaken the full force of Article Ten or otherwise materially impair the provisions of the League covenant. Without saying specifically what qualifications he would or would not accept, he wrote in a letter to Senator Hitchcock, the administration leader, that almost all of the reservations he had heard suggested were "in effect virtual nullifications" of the Treaty articles to which they applied.

On motion of Senator Lodge, the Republican leader, the Senate agreed today to limit debate on all remaining reservations to the Peace Treaty, except those relating to Article Ten of the covenant, the League of Nations. As a result, Senator Borah, Republican, Idaho, withdrew his previous announcement that he would move today to proceed at once to a vote on Article Ten. Under the agreement as accepted no Senator can speak more than twenty minutes on any single reservation, except the two named. A modified reservation affirming national control over armaments was adopted, 49 to 26. The reservation as amended on motions of Senators New, Republican, Indiana, and McCormick, Illinois, follows: "No plan for the limitation of armaments proposed by the Council of the League of Nations under the provisions of Article X, shall be held as binding the United States until the same shall have been accepted by Congress, and the United States reserves the right to increase its armament without consent of the Council whenever the United States is threatened with invasion, or engaged in war."

Senators on the Republican side, the Senate agreed today to limit debate on all remaining reservations to the Peace Treaty, except those relating to Article Ten of the covenant, the League of Nations. As a result, Senator Borah, Republican, Idaho, withdrew his previous announcement that he would move today to proceed at once to a vote on Article Ten. ENGLAND WILL NOT RENEW ANGLo-FRENCH LOAN IN U. S.

London, March 8.—J. Austen Chamberlain, Chancellor of the Exchequer, discussing in the House of Commons, today, the decision not to renew the Anglo-French loan to the United States, stated that Great Britain, in providing her half, had no intention of re-borrowing outside the United Kingdom any part of the sum required, so that when the loan is repaid Great Britain will have reduced her external debt by more than fifty million pounds. The Chancellor added: "We shall employ, for the purpose, resources already available in the United States, and, to the extent which they are not sufficient, we shall ship gold."

COMMERCE B'D INVESTIGATING GROCERY COMB.

Probing Into Charges That Combine Existed Among Wholesale Grocers and Certain Manufacturers.

MUST BELONG TO GUILD TO GET GOODS

Three Wholesalers Are Accused of Withholding Goods from Purchasers Not Members of Grocers' Guild.

Hamilton, Ont., March 8.—Frank Fearman, who has been in the wholesale grocery business in Hamilton since 1913, was the chief witness today, at the investigation begun here by the Board of Commerce, with W. F. O'Connor presiding, into charges that a combine exists among the wholesale grocers and certain manufacturers.

It was stated that sixty witnesses would be called, that the inquiry would probably last a week, and that before it was concluded sittings would be held either in Toronto or Ottawa.

Mr. Fearman told Chairman O'Connor he had made complaints to the Attorney-General's Department last January that he could not buy goods from the W. G. Macdonald Company, Montreal, or from the St. Lawrence Star Company, or from the Kellogg Corn Flakes Company. After he had joined the Ontario Grocers' Guild, however, he was enabled to make the desired purchases, he admitted. He had "dumped" correspondence with these firms, and it was not obtainable, and he was unable to produce evidence that he could not get supplies before he joined the guild.

W. S. Ware, sales manager of the Kellogg Corn Flakes Company, admitted having received verbal instructions to cut Fearman off the jobbing list.

A. W. Roebuck, Toronto, representing the Attorney-General's Department, characterized the activities of the Ontario Wholesale Grocers' Guild as a combine to prevent manufacturers selling except to the wholesalers in the guild dictated. The climax was capped, Mr. Roebuck asserted, by all within the ring signing arrangement that none of them should sell unless he had a card signed by the secretary of the guild.

RHODE ISLAND BEGINS ATTACK ON U. S. GOV'T

Takes up Cudgel in Supreme Court Against Prohibition Amendment to Constitution.

DECLARES THE ACT REVOLUTIONARY

Twenty-Four States Join Contra to Arguments of Rhode Island, Represented by Hughes.

Washington, March 8.—Rhode Island's legal attack on the prohibition amendment to the Federal constitution was argued in Supreme Court today, assailed by the complainant as revolutionary and an invasion of state rights, and defended by the government as a legitimate addition to the nation's basic law over which the court held no jurisdiction. Throns attended the session of the court to hear the arguments of one of the burning questions of the day. Many persons waited outside the doors throughout the morning unable to obtain admittance.

Herbert A. Rice, Attorney General of Rhode Island, opened for the opposition and William L. Frierson, Assistant Attorney-General of the United States, replied for the government. Other arguments will be heard tomorrow, as well as appeals from Kentucky and Massachusetts involving the same question. Mr. Rice charged that there is in progress a "constitutional revolution through amendments," "a more dangerous to the doctrines urged by the government than any doctrine urged by the secessionists during the war."

Mr. Rice argued that the prohibition amendment proposed by a misnomer of the law by Congress, and that the Federal government had no authority to make such a change in the constitution as the amendment provides. Declaring that the "amendment" means a correction, he said the terms of prohibition amendment are clearly outside the purview of the constitution.

Assistant Attorney-General Frierson argued there was nothing revolutionary in the adoption of the amendment that lays down a "fundamental rule of law that applies to all states. The court granted permission for the filing of briefs by Charles E. Hughes on behalf of twenty-four states, and by W. B. Wheeler, General Counsel for the Anti-Saloon League of America, supporting the amendment, and by Elihu Root, in opposition to the amendment, on behalf of the United States Brewers' Association.

Abolish the Cigarettes, New Cry of Reformers

Chicago, March 8.—"Abolish the cigarette" is one of the war cries of the International Oligarch League, or gangster here. The deadly "pill" must go by 1925 they say. Another slogan is "Save the Girl."

Resignation of the Turkish Cabinet Confirmed

Pasha, March 8.—A Havas despatch from Constantinople confirms the resignation of the Turkish cabinet. Sath Pasha, Minister of the Navy the correspondent adds, has been charged with the formation of a new ministry.

Snow Blockade Causes Cancellation of Town Meeting

Concord, N. H., March 8.—Town meetings in nearly one hundred New Hampshire towns set for tomorrow had to be postponed today because recent snowstorms have made the roads impassable.

Confesses to Murder of Several Women

Eddyville, Ky., March 8.—Will Lockett, slayer of Geneva Herdman, ten years old, and the central figure in the riots at Lexington, February 9th, today confessed to the murder of two other persons, the probable murder of a third and another frustration attempt. His victims were women.

PROPAGANDA IN WEST AGAINST THE GOVERNMENT

Members from That Section Considering Advisability of Issuing a Letter Protesting Against Such a Move.

Ottawa, March 8.—(Canadian Press) Having learned that there is a propaganda atoot throughout their section of the country, some Western members of the House of Commons are contemplating the advisability of issuing a letter to their constituents urging that no attention be paid to the idea of unobtainably agreeing to support any candidate put up at the next election by those opposed to the Government. It is currently reported that there is a house to house canvass being carried on in the West at the present time, not only for the purpose of soliciting election campaign funds, but also securing pledges from all parties canvassed, that they will here and now commit themselves to the support of a policy that sets itself in direct opposition to the Government.

C. N. R. TRAINS OFF SCHEDULE

Special to The Standard

Moncton, N. B., March 8.—C. N. R. through express trains from Montreal are stopping hours behind time an account of the recent storms which was so severely felt between Campbellton and Montreal. Today's Ocean Limited for Halifax reached Moncton, tonight, about eleven o'clock being nearly seven hours late.

Railway men report snow conditions along the Northern district of the C. N. R. the most in many years for the time of year.

SIR THOS. WHITE, IN BRILLIANT SPEECH, VIGOROUSLY DEFENDS UNION GOVERNMENT'S POLICY

Declares That the Mandate of 1917 Was Not Only to Carry on the War, But Also to Deal With the After-War Problems, Which Are as Yet Unfulfilled—Ridicules Effectiveness of Groups or Third Parties in Political Life—Predicts Great Future for a National Liberal-Conservative Party.

Special to The Standard.

Ottawa, Ont., Mar. 8.—Intervening in the debate on the address today Sir Thomas White delivered a speech which, for its broad treatment of national conditions and problems, its defence of the record of Union Government and of his own financial administration, and its indictment of sectional or "class conscious" movements, as opposed to the historic two-party system, constituted the most potent utterance from an authoritative source that the session has yet heard.

Freeed from the restriction upon unhampered, frank expression which ministerial office imposes, the ex-Finance Minister spoke with a candour, fearlessness and aggressiveness quite foreign to his Treasury Bench style, dealing with vital issues in a lucid, comprehensive manner, vigorously championing the nation's traditional fiscal policy and throwing down the gauge of battle to the principles and policies of the Agrarian movement.

It was a speech which, delivered on the eve of a Government caucus which may determine the future policy and leadership of the Unionist party, unquestionably places the nation's ex-Finance Minister high upon the list of those eligible for the post of Prime Minister. Such a contingency may have been far from Sir Thomas' mind, but as his speech developed, as he dealt with what the future policy of the party ought to be, suggesting its name, its creed and its objectives, objects which should be the sources of its inspiration, there was no question as to the thought uppermost in the minds of its auditors. It was that there was a potential leader who, if fate should decree that Sir Robert must surrender his post, could be demanded upon to assume the burden with dignity and credit and high chance of success.

Gov't Should Carry On

While Sir Thomas spent much time in averting the past, it was that part of the speech in which he dealt with the future that most arrested the attention of the House. His advice, spoken with the utmost emphasis, was that the Government of the day should "carry on." The mandate of 1917, he argued, was not only a mandate to prosecute the war, but to deal with the problems given birth to by the war and that mandate was unfulfilled. The charge of incompetence, levelled by Mr. King's amendment, invited the Government to face greater problems or achieved such a high record of success; and the best evidence of that success was the state of the country itself. Where the country today, with its dislocation, its economic upheavals and discontents, its economic and political disturbances, was there a country which had faced greater problems or achieved such a high record of success; and the best evidence of that success was the state of the country itself. Where the country today, with its dislocation, its economic upheavals and discontents, its economic and political disturbances, was there a country which had faced greater problems or achieved such a high record of success; and the best evidence of that success was the state of the country itself.

Mr. Andrews did not finish his address this afternoon as was expected. One of the jurymen was seized with illness at the morning session and the court was adjourned for about three hours.

The jurymen in question recovered sufficiently to attend when the court resumed at 2:30 p.m., but half an hour later he was overcome and Justice Metcalfe adjourned the court until ten o'clock tomorrow morning.

N. B. SHAREHOLDERS HAPPY AT RESULTS

New Oil Wells Struck in Oklahoma Spurts Beautifully—Much of the Stock Owned in This Province.

Special to The Standard

Moncton, N. B., March 8.—Matthew Lodge, who recently returned from Oklahoma and Kansas where he and other Maritime Province men are interested in oil areas, today received a telegram from Tulsa, Oklahoma, stating that a well just shot filled a two hundred and fifty barrel tank the first hour, and the estimated flow for the first six hours was four hundred barrels. This well is one of several being drilled by the Maple Leaf Oil Company in Oklahoma and Kansas. The company includes among its shareholders business men in Moncton, Amherst, New Glasgow and Montreal.

Challenges Third Party

Turning from defensive to offensive tactics, Sir Thomas vigorously challenged the need of groups or third parties, in our political life. He invoked history to show that the group system had never been successful in British or Canadian Parliamentary records, and declared that the Agrarian movement, as represented by Mr. Crear and Dr. Clark, had its basis in "Class consciousness," which was one of the outgrowths of the war. The triumph of such a system of Government could only invite disaster for the country. It would result in a (Continued on page 2)

Another American Held Captive By Villa Band

Fierce Fight Between Bandits of Villa and Train Guard on the Mexico City-Juarez Train Held Up Yesterday.

El Paso, Texas, March 8.—Joseph Williams, an employee of the American Smelting and Refining Company's plant at Piedra, Mexico, is a captive in the hands of Francisco Villa, held for \$5,000 ransom, according to passengers from Southern Chihuahua who arrived at Juarez, Mexico, opposite here. Williams served in the war and was returning to the United States for treatment, still suffering from the effects of German gas.

He, with M. Nasar, an Arabian merchant, was made prisoner by Villa when the bandit leader directed an attack on the north bound Mexico City-Juarez train last Thursday morning near Corralitos, four hundred miles South of El Paso.

In a fight between Villa's men and the train guards, ten bandits and 19 train guards were killed, and the remaining fifty defenders either wounded or killed with death. Later, according to eye-witnesses, he broke into tears and told them he would spare their lives out of respect to the memory of General Felipe Angeles, who recently was executed by Carranza authorities at Chihuahua City.

Fortunes Made and Lost On Wall St. Yesterday

News Agencies Misstating Results of Supreme Court Decision in Stock Tax Case, Caused a Panic.

New York, March 8.—Wall Street was thrown into a state of demoralization today and many hundreds of thousands of dollars were lost and won within a few minutes, when news agencies, which serve the financial district, misstated the decision of the United States Supreme Court in the stock tax case, and declared that stock dividends were taxable.

The service of the Associated Press was accurate in every particular. After its report reached the Street, stocks, which had broken two to ten points under an avalanche of selling orders, steadied and began to climb. For the balance of the session prices continued to strengthen until quotations for leading shares made substantial gains.

During the violent declines which followed the misleading reports, frightened traders sold almost regardless of value. The hundreds of thousands of dollars forfeited by them were captured on the rebound by others who had refused to sell on the strength of the first and false report or who were in ignorance of what was happening.

SCHOOL BOARD CONCERNED WITH SALARIES OF TEACHERS

Male Teachers Not Satisfied With Treatment Accorded Their Request for Increased Stipend—Sick Leave Allowance Causes Considerable Argument—Felt Favorites Had Been Played in Some Cases—Target Range for Cadets.

A meeting of the St. John School Board was held in the Board of Trustees building, Hazen avenue, last evening. In the absence of the chairman, Dr. A. F. Emery, Trustee Michael O'Connell presided. Those present were Dr. H. S. Bridges, E. R. W. Ingraham, G. E. Day, M. Coll, H. G. Green, Mrs. Richard O'Brien, J. P. D. Lewis and H. C. Smith.

The payment to be granted teachers on sick leave, what recognition should be given the Teachers' Association by the board, and the hearing of the Centennial school, came in for considerable discussion during the meeting. The minutes of the last meeting were read by Secretary A. Gordon Leavitt. Before their adoption Mr. Day asked if any teacher in the employ of the board was receiving less than the minimum amount, \$700, determined at the last meeting. He was answered in the negative.

Mr. Lewin thought the increase voted the carpenters and janitors was a very generous one. The minutes were then adopted as read. A communication was read from Miss Bertha A. Britain asking for five months' leave of absence advised by her physician. It was moved that Miss Britain be granted the five months' leave with full pay.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get the famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyleth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Tried Pyramid for Piles?

If you have a Pile, don't waste your money. Buy Pyramid. It's the only medicine that cures Piles. It's the only medicine that cures Piles. It's the only medicine that cures Piles.

Pyramid is just what you need. It's the only medicine that cures Piles. It's the only medicine that cures Piles. It's the only medicine that cures Piles.

from the association of the schedule of salaries they had adopted. Mr. Lewin wanted to know if the association represented a collective bargaining organization, and what recognition the board was prepared to give the association. The secretary was authorized to inform the association on the action taken by the board. An offer was submitted by James Mortimer Robinson of land on the West Side suitable for a school building. A request was read from the Vocational School Board asking for the use of a large room in the rear of the trustees building to be used by the electrical class. The matter was referred to the building committee with power to act.

The secretary, A. Gordon Leavitt, submitted his report for February: The number of teaching days was 20; pupils enrolled, 8,163, boys 3,992, girls 4,066, average daily attendance 6,667; during the month one pupil died; 137 were sick; 15 went to work; 17 left the city; 147 were kept at home. A number of teachers were absent through illness during the week for varying lengths of time.

In regard to a property desired by the board for school purposes, it was moved that the committee having the matter already in hand be authorized to appoint an arbitrator to act with two others in determining a price to be set on the property, and the price be then submitted to the board.

Mr. Smith said that the teacher's long service of twenty-one years with no loss of time, and the fact that she started at a salary of one hundred and fifty dollars per annum, were deserving of consideration, as others had received full pay he thought she should receive the same.

SECOND READING OF IRISH BILL TO COME VERY SOON

Essential That Gov't Position Should be Made Plain Before Easter, Says Andrew Bonar Law.

London, March 8.—The Government has decided that it is absolutely necessary to have a second reading discussion of the Irish Home Rule Bill, before the Easter recess, Andrew Bonar Law, announced in the House of Commons today. It was essential, he added, in view of the situation in Ireland that it should be made plain that, so far as the Government was concerned, they meant to continue with the bill, which was the most important measure of the session.

The Premier was asked in the Commons whether in drifting the final Peace terms the Supreme Council would take steps to prevent "the further misuse" as a mosque of the Church of St. Sophia, at Constantinople and restore it to the use for which it was built as one of the great shrines of Christendom. Mr. Lloyd George replied that the Allies, as at present advised, do not contemplate any change in this matter.

A DANGER SIGNAL—TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

WINNIPEG MAJOR MURDERED BY THE BOLSHEVIK

Major Mills With Three British Officers Shot Last December, According to War Office Report.

Winnipeg, March 8.—News of the murder of Major Edgar Ronald Mills of Winnipeg, by Bolsheviki in Siberia, was received in the city today by his family. Major Mills and three other British officers were shot by the Bolsheviki near Tselgia, Siberia, about December 22, 1919, according to a message from the War Office. Major Mills left Winnipeg in 1917, to take part in the expedition to the North Pole.

CATHOLIC EDITOR ON SERIOUS CHARGE

Alleged to Have Been the Cause of Inciting Attack on Lord French.

London, March 8.—The trial of Charles Diamond, editor of the Catholic Herald, charged with inciting the murder of Viscount French, Lord Lieutenant of Ireland, and others by an article in his paper, began at the Old Bailey court today. The trial is an outgrowth of the attempt to assassinate Viscount French on December 19 last.

PRESBYTERIANS NEARING MARK

Toronto, Ont., March 8.—A new objective of \$5,000,000 set by the Presbyterian Forward Movement, is in a fair way of being reached. Up to noon today reports received, showed that \$4,500,000 have already been subscribed, with a number of scattered congregations to make returns. These are chiefly in the Western Provinces.

Sir Thomas White, in Brilliant Speech, Vigorously Defends Union Government's Policy

(Continued from page 1) series of coalition Governments, with the clash and conflict and the intrigues of antagonistic groups. It would strike a deadly blow at Governmental stability, and it would bring about chaos in the administration of the country's affairs.

What the country needed was a maintenance of the responsibility of the two great traditional parties. "Let the public mind steady down," he declared, "and then, if Sir Robert Borden forms a national Liberal-Conservative party from among his present followers who think alike with him on political, fiscal and economic questions, it is my judgment that he will sweep the country." This declaration, received with enthusiastic approval, cheered, told more plainly than anything else possibly could tell that Sir Thomas had touched a responsive chord among the rank and file of Unionists.

Sir Thomas defended the National Policy upon the ground that it was not for a section or a class, but in the interests of the nation as a whole. "The National Policy," he said, "is not a question of tariff schedules. It is a vital principle for Canada. It was the policy which had prevailed in 1871, which had been confirmed in 1891, which had been adopted by the Liberal party in 1896, and which, more than anything else in the country's history, had gone to the building of national prosperity.

Turning to the Agrarian group, Sir Thomas sharply assailed the attitude of Mr. Crerar. The Farmers' leader had two policies for the platform and Parliament. In his speeches throughout the country he had preached extreme tariff hostility, but in the Commons, where he was likely to be held to more strict accountability for his words, he had preached moderation.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly the corn stops hurting, then you lift it right off. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

OUT OF 03

Season ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-pick—and where the wound, being thought not serious enough for careful treatment, had been neglected.

NEW YORK RECEIVES CANADIAN GOLD

New York, March 8.—There was received today \$3,000,000 in gold from Canada. This shipment completed the remittance of \$6,000,000 by the Canadian Government, \$3,000,000 having been received last week. It was announced today that \$1,250,000 South African gold had been shipped from London to a firm in New York.

Have You Made Your Mother's Dreams Come True? Are You the Strong, Successful Iron Man She Expected You To Be?

or are You Worry, Work and Ill-Health Sapping the Iron From Your Blood and Robbing You of the Prizes that Come With Health and Success? Physician Explains Why So Many Men of Today Need the Help of NUXATED IRON TO BUILD RED BLOOD That Gives Courage and Power To Go In and Win.

Every mother has dreams for her son. And whether it be the mother of the prize-fighter or the statesman, she is equally proud when HE wins. She thinks of HER struggle from the very start to nourish the tiny babe into rugged boyhood—then to build up his health, brain and brawn to fight the battles of young manhood. She did HER best to teach him what health and strength meant in the race for success, and to-day he is today in a position of power.

But there are thousands whose love for their mother is just as deep—thousands who wear the white carnation on Mother's Day—thousands who never fail to write home—YET they would hesitate to answer the question, "Have You Made Your Mother's Dreams Come True?"—simply because they knew would make HER proud, they have neglected her old repeated words: "Look to Your Health First, My Boy." In pushing their mental energies to the limit without the physical strength to back them up, they have allowed worry, work and ill-health to sap the iron from their blood and leave them weak, nervous and run-down. These men are as anxious to get ahead as anyone else but do not realize that iron is absolutely essential to the greatest development of physical and mental power.

But in the wear and tear of modern life drawn upon, they are without the sustaining strength produced by the red blood that sends fires of energy and helps to instill renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe.

PREPARING FOR SOCIAL FUNCTIONS AT LEG. SESSIONS

Private Secretary Barker Has the Social Programme in Hand—No State Dinner Thursday.

Fredericton, March 8.—Dr. S. Barker, private secretary to Lieut.-Governor Pugsley, has returned from St. John where he was conferring with His Honor regarding arrangements for the session of the legislature, and today preparations were commenced for the seasonal programme of social functions. For the first time in history, there will be no state dinner on the evening of the opening of the session. At the Provincial Government offices this morning it was stated that cabinet meetings in preparation for the opening of the session would commence until Wednesday morning.

DEMONSTRATION AT COPENHAGEN

Reunion of Flensburg With Denmark Gloriously Celebrated—King Addresses Throng.

Copenhagen, March 8.—A great demonstration in favor of the reunion of Flensburg, Schleswig, with Denmark occurred here yesterday. Fifty thousand persons, headed by war veterans, marched in procession to the Royal Palace where they were addressed from a balcony by King Christian. The King assured the people that he shared fully the feelings which brought them there.

GERMANS TO ASK LARGE LOAN FROM ALLIED NATIONS

Paris, March 8.—A despatch to the Journal from Berlin says that the Government will hand to the Allies in May next a memorandum insisting on the necessity of granting to Germany a loan of 40,000,000,000 marks. The memorandum will also demand modification of the rules governing the Allied occupation, the despatch adds.

Every Man Who Feels the Thrill of Mother-Love Owe it to Himself to Read the Accompanying Article.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not inflame the teeth, make them black nor upset the stomach. The manufacturers guarantee results to every purchaser as they will refund your money, if in the work or how far you can walk without becoming tired. Next take two five-cent tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City, says: "To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe in the use of Nuxated Iron, and formerly of the British Naval Medical Service." Without iron there can be no strong, red-blooded men, and unless this strengthening iron is obtained from the foods we eat, it can be so easily absorbed and assimilated.

For this purpose I have always recommended organic iron—Nuxated Iron—by enriching the blood and creating new blood cells, strengthens the system, stimulates the weakened tissues and helps to instill renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe.

AVERAGE VALUE OF FARM LAND IN DOMINION, IMPROVED AND UN-IMPROVED, PLACED AT \$52 PER ACRE

Average Wages Paid Farm Help in 1919 Shows Considerable Increase Over 1918—Value of Horse Shows Downward Trend Compared With High Year of 1917—Milch Cows Continue to Advance in Value.

Ottawa, March 8.—The Dominion Bureau of Statistics publishes today its annual report on the average values for the year 1919 of estimates of (1) the values of farm land; (2) the wages for farm help; and (3) the value of farm livestock. These estimates have been compiled from the returns of a large corps of correspondents throughout every Province of the Dominion.

The average value of farm land for the Dominion, including improved and unimproved land, together with the value of dwellings and other farm buildings, is placed at \$52 per acre, as compared with \$46 last year. This shows an advancement in value of farm lands of 14 or 35.3 per cent. in five years. By Provinces, the value is highest in British Columbia, being \$174 as compared with an estimated value of \$145 per acre in 1917 and 1918. Ontario with an estimated average value of \$66 per acre, and Quebec with \$78 per acre are above the average for the Dominion. Last year both Ontario and Quebec gave each the average value of farm lands at \$67 per acre. In Prince Edward Island the average value of farm lands has risen from \$44 per acre, the highest previous value, to \$51. Nova Scotia also shows an increase from \$36 per acre in 1918 to \$41 in 1919. New Brunswick valued its farm lands at \$19 per acre in 1919, \$25 in 1918, and \$22 in 1919.

The average wages paid for farm help in 1919 show considerable increase as compared with the previous year. For Canada, as a whole, the wages per month during summer for males, inclusive of board, is \$78, and for females \$43 per month; the value for board, \$24 per month for males and \$19 for females, is included in the above estimate.

The downward trend of the value of horses from the high mark of 1917 is again in evidence in the figures of 1919; the value of milch cows continue to advance, while the value of other horned cattle, sheep and swine is either stationary or slightly lower.

The continued upward trend of the value of milk products is reflected in the average price of milk cows, which is placed at \$92 per head in 1919, as compared with \$87 in 1918.

The resulting totals for the Dominion are as follows, the figures for 1918 being given in brackets:

Horses	\$435,070,000 (\$465,165,000)
Milch cows	\$337,814,000 (\$307,244,000)
Other cattle	\$381,007,000 (\$398,714,000)
All cattle	\$708,821,000 (\$705,958,000)
Sheep	\$50,402,000 (\$48,802,000)
Swine	\$102,309,000 (\$112,701,000)

The total value of farm livestock in Canada is, therefore, estimated at \$1,235,602,000, as against \$1,234,706,000 in 1918, and \$1,102,261,000 in 1917. The total number of animals reported on farms in June last was: Horses, 3,667,399; milch cows, 3,548,437; other cattle, 6,536,874; sheep, 3,431,953, and swine, 4,040,000.

RHEUMATISM FOR OVER 16 YEARS

No Return of the Trouble Since Taking "Fruit-a-tives."

103 Church St., Montreal.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use 'Fruit-a-tives,' and in 15 days the pain was easier and the Rheumatism much better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

C. S. FEDERATION STRONGLY OPPOSES PATRONAGE SYSTEM

At Their Convention in Ottawa, Emphatically Reject Proposal to Return to Old Plan in Civil Service Appointments.

Ottawa, March 8.—That the Civil Service Federation to strongly oppose to a revision to the party patronage system in regard to civil service appointments was plainly evidenced at this afternoon's session of the convention being held in the Great War Veterans' Association Club. The members practically unanimously endorsed the action of the President, Mr. Frank Orseron, who, on receipt of a letter from W. P. R. Preston, of Port Hope, stating he intended instituting an active campaign for the support of party patronage, replied in no

uncertain terms that Mr. Preston need not look to the Federation for any assistance in his efforts, and intimating that he (Mr. Orseron) could not conceive of any man, much less a good citizen, espousing the cause. The only other business of importance was an application from the amalgamated postal workers for affiliation with the Federation. The president and secretary of the postal workers were both in attendance and stated their case before the matter was referred to committee for report.

SAMMARCO GETS LIFE SENTENCE

Found Guilty of Murdering Former Member of Princess Pats.

Boston, Mass., March 8.—Joseph Sammarco, who was found guilty of murder in the second degree for killing Police Officer Wm. G. Charney, a Princess Pats veteran, at a Charles town dance hall, was sentenced today to imprisonment for life.

TRAVELLERS HELD UP AT CONCORD

Concord, N. H., March 8.—Nearly 300 travellers bound north were waiting here today for an opportunity to continue the journey, with Montreal as destination. Little hope was held out of through trains before Wednesday. The Boston and Maine line was opened to Franklin, but it took six hours for the first train to cover the 18 miles from this city. Drifts along the line north of Franklin were described as topping the telegraph poles. A single line of track was open for traffic between here and Boston.

Know The Joy Of A Beautiful Complexion Hair And Hands

They may be yours if you make Cultura Soap and Ointment your everyday toilet preparations. The Soap cleanses and purifies, the Ointment softens and heals redness, roughness, pimples, and dandruff.

YOUNG-ADAMS CO. PROVE FAVORITES

Greeted by Large Audience Last Night Which Thoroughly Enjoyed the Opener, "Little Peggy O'Moore."

A cordial welcome back to St. John was given the Young-Adams Company last evening, and the heartiness of the applause which greeted H. Wilnot Young and Marjie Adams must have assured them that they had not been forgotten by the many friends they made during their last long engagement in this city.

The first play presented in the two weeks' engagement of this popular company was "Little Peggy O'Moore" an Irish-American idyl and it is safe to say that the large audience, which filled the Queen Square Theatre did not miss one point of a speech, or lose the significance of an action during the four acts. There is excitement, heart appeal, the interest of politics and business, and through all, the fascination of the loveable Irish natures who are concerned in the story.

Naturally Marjie Adams, as the sweet Irish ward of Dan Murphy, made the strongest impression, and she still has the same winning ways and attractive personality, giving her lines with that same little hesitation which has made her such a favorite. She wore many beautiful gowns, looking especially charming in the last act in a white satin costume with much filmy tulle about it. Miss Marguerite Young also wore some lovely costumes.

As Dan Murphy, Mayor of the City, H. Wilnot Young had a good part to play and played it well, being particularly fine in the scene when he takes the dangerous way to reach the city where he is needed to quell the riots. This incident might easily have been overacted but was excellently done. The rest of the cast played their roles acceptably, especially in the climaxes where they work up to great excitement.

The audience was thoroughly in sympathy with the actors and laugh- ed, wept and grew excited all through the play. The settings were good, Act II showing a very prettily furnished interior.

Vanderbilt was given between the acts by Marguerite Adams, Vivian Mayo and D. Mack.

A pleasing incident occurred during the play when a beautiful bouquet of flowers was presented to Miss Adams from the Jewel Rebekah Lodge of which nearly seventy members were present by invitation from Marjie Adams, who is a member of that order.

Stop Colds and Catarrh

IN A SIMPLE WAY

Colds and catarrh are treacherous—not only what they are but what they lead to. Night and day they do their harm, sapping your strength, weakening your power and paving the way for influenza, pneumonia and tuberculosis.

Nurse Jan-O-Sun has seen the humiliation of catarrh—the suffering caused by coughs and colds. Her way is to destroy the germs, soothe and heal, and fortify you against other attacks. Her treatment is new and different—easy and pleasant. No sticky smelling spray, greasy ointment or atomizer—nothing to smoke, rub in or inject.

Colds and catarrh are Nurse Jan-O-Sun's lifetime work. The story can't be told in this small space. Write her to-day. She will tell you how to clear away catarrh, get rid of coughs and colds—how to keep rid of them too. Just write and say, "I want to know about Nurse Jan-O-Sun's treatment." She will answer you by return.

Address Nurse Jan-O-Sun, 69 St. Peter St. J 42 Montreal, Q.

70 YEARS

Seventy years ago when our grand- parents were young, they treated their colds and coughs, etc. with what was considered the reliable cough medicine.

SHARP'S BALSAM

of Throat and Anise Seed

Since then it has been the family remedy for colds, coughs, croup, sore throats, etc. It was good for your grandparents and their children—it will be so for you and your children too.

IN MARCH 1922

Mr. M. Smith of Stouffville, N.B., writes: "For sixteen years I suffered from Asthma, which was almost un- bearable in the winter months. I had tried all the usual remedies, but Sharp's Balsam (which was recommended to me) and after using two bottles, I found the relief long sought for."

When you need a cough medicine ask for this famous old remedy. Sold at drug and general stores everywhere—25c.

ST. JOHN, N. B. TUESDAY, MARCH 9, 1920.

SIR THOMAS WHITE'S SPEECH.

In the course of his masterly address in Parliament, yesterday afternoon, Sir Thomas White effectively shattered the remnants of any pretensions the Opposition may feel they have to represent the sentiment of the country. In view of the fact that the Government has still three years of its present lease of power to run, and with every certainty of its having a substantial majority in today's anticipated division, his suggestion that Mr. King had made a mistake in being in too much of a hurry will no doubt not fail to be appreciated by that gentleman before he is much older.

Sir Thomas scored pretty heavily when, in dealing with the Opposition taunts that the Government was disorganized as the result of the resignations of some of the ministers, he declared that it was a great tribute to the Government's strength and popularity that it could afford to lose these ministers and still stand as one of the strongest and most efficient Governments Canada ever had. He could point to Britain, to France, to Italy, among other countries, where the exigencies of conditions have caused the resignations of several of the leading ministers, with in some cases the fall of the Government also. In this country, the Government still stands just as firm as ever.

The ex-Finance Minister opens up a vista of very interesting possibilities when he forecasts the prospect of a permanent Unionist party. Such a party is by no means the unlikelyhood that certain Opposition orators are seeking to make it appear to be. There are many sound and staunch Liberals who would never subscribe to such a programme as the Opposition Leader is planning his faith to. They realize that the policy of a tariff for revenue only will never keep Canada prosperous. Canada's continued prosperity must depend very largely upon the development and success of her industries, which as yet are not sufficiently mature to exist without some measure of protection from the throats of their competitors across the line. Sound Liberals, no less than Conservatives, are finding the old National Policy to be the policy best suited to the needs of Canadian industrial life, and they are just as interested in its maintenance unimpaired as the most rabid protectionist in the country.

The cry for unrestricted free trade is a delusion and a snare, and is founded upon an erroneous understanding of economic conditions. It is idle to point to the case of Great Britain and say that she became rich under free trade. She has become rich in spite of free trade, owing to other conditions of which Canada has not the advantage as yet. Free trade may succeed in Canada when this country reaches a population of 374 persons to the square mile as is the case in Britain, instead of only two persons to that area as at present. As Sir Thomas White said, the present financial situation, for which the war is solely responsible, would be aggravated if we had had free trade, by reason of the quantities of goods which would have been dumped into the country from across the line.

From the fact that Mr. A. B. Copp, of Westmorland, was put up to reply to Sir Thomas White, it is clear that the Leader of the Opposition regarded the latter's arguments as too sound for it to be of any use to make any attempt to answer them.

THE "BUY IN CANADA" SLOGAN.

Readers of the daily newspapers have no doubt noticed that the "Buy-in-Canada" movement is making creditable headway in various parts of the country. To such an extent has this movement made its effect felt in some districts bordering on the neighboring Republic that many American firms are accepting the Canadian dollar at its face value. Our American competitors want our trade, and they are willing to pay to get it. But, all the same, we should keep as much of our trade as we can at home for our own merchants and manufacturers.

On the face of things, why do Canadians purchase from across the line articles that can be got at home just as well? According to recent returns, we are buying about \$750,000,000 worth of goods from the United States each year. Of this amount, \$154,000,000 is for iron and steel; \$46,000,000 for wool; \$51,000,000 for coal; \$20,000,000 for cement; \$15,000,000 for hides, and \$20,000,000 for breadstuffs. Is there any substantial reason why Canada cannot be self-supporting in most, if not all, of these classes of goods? They certainly cannot be obtained from the United States more cheaply than they can here, and pay the duty as well.

We do not wish to be considered as advocating the "No truck or trade with the Yankees" cry. There is a narrowness of vision and policy about it that we do not care to endorse. At the same time there is not the slightest necessity for Canadians to do the immense volume of business with their neighbors that is done. Doubtless much that is bought from the United States cannot so conveniently be

bought anywhere else; but probably the greater part of what is imported could just as readily be produced at home. If the people of Canada must go outside their own country in search of the particular goods they seek, why not try some other parts of the Empire? The Canadian dollar is worth its face value in other British possessions at any rate.

"FOR THE DURATION OF THE WAR."

Supporters of the Opposition in Parliament are very fond of reminding us that the present Government was elected "for the duration of the war," and that war being concluded, the Government should resign. It is true that actual hostilities have long since ceased, but there is still the war's aftermath to be dealt with. This includes many problems of reconstruction, which have as yet been met only in part, and the plans of which remain in a large degree still to be worked out. Who should be better able to satisfactorily work these out than the Government which conceived them? To what other persons or party should they be committed? Surely not to the Quebec group headed by that valiant non-soldier, Mr. Mackenzie King. Nor yet to the Western free traders, whose thoughts run chiefly to the buying and selling in the open market. The Government is endeavoring to improve the country's transportation systems, and to this end has begun the work of railway nationalization. Mr. King has condemned this policy. Would it be fair to entrust him with the task of carrying into effect so important a matter, to which he has admitted he is so strongly opposed? Some tariff changes must also be made. Who would care to trust Mr. King and his followers to deal with these in a manner fair to all?

The ex-Finance Minister opens up a vista of very interesting possibilities when he forecasts the prospect of a permanent Unionist party. Such a party is by no means the unlikelyhood that certain Opposition orators are seeking to make it appear to be. There are many sound and staunch Liberals who would never subscribe to such a programme as the Opposition Leader is planning his faith to. They realize that the policy of a tariff for revenue only will never keep Canada prosperous. Canada's continued prosperity must depend very largely upon the development and success of her industries, which as yet are not sufficiently mature to exist without some measure of protection from the throats of their competitors across the line. Sound Liberals, no less than Conservatives, are finding the old National Policy to be the policy best suited to the needs of Canadian industrial life, and they are just as interested in its maintenance unimpaired as the most rabid protectionist in the country.

WHERE WOULD CHEAP FOOD COME FROM?

Ottawa Journal: Parliamentary spokesmen for the Agrarian movement would be more convincing if less illogical. Dr. Clark and Mr. Crerar, for example, speak of reducing the cost of living by taking the duty off food. The logical deduction from such a contention is that somewhere outside Canada there is cheap food which Canadians could buy to lessen the cost of living but which a nefarious tariff makes it costly or impossible for them to import. But where could this cheap food be bought? Not in the United States; for our neighbors are just as burdened by dear food as we are. Not in England; for the cost of living in "Free Trade England" is even higher than here. Where, then, would this cheap food come from? From France? From Belgium? From Germany or starving Austria?

The truth is—no one knows it better than Dr. Clark and Mr. Crerar—that if all duties were abolished root and branch tomorrow it would not make one particle of difference in the cost of living; the simple reason being that there is no cheap food anywhere to buy.

Montreal Gazette: Senator Kenyon's proposal that the United States should buy the Bermudas has excited even more indignation in the breasts of the islanders than the suggestion by Lord Rothermere that the United Kingdom sell the West Indies to help pay the war debt. Neither proposal is within the realm of reason.

The United States Treasury Department has decided that gambling winnings are to be included in income returns, but that gambling losses are not to be deducted. This is carrying the "Heads I win, tails you lose" principle a little too far.

In presenting his army estimates, Hon. Winston Churchill, Secretary for War, took occasion to sneer at "pious America." In the Canadian Commons on Tuesday, Mr. McKenzie, of lamp in the window fame, referred to "that most holy place, New York." Uncle Sam's hound certainly is getting kicked around for some reason or other.

Mr. A. B. Copp probably had no intention of paying Sir Thomas White any compliment when he said that every time the Government faced a crisis, Sir Thomas was hurried down from Toronto to speak in its defence. One can hardly imagine any Government calling for Mr. Copp's help in similar circumstances.

Italy is asking why President Wilson is seeking to impose his wishes upon Europe when he is not able to impose it upon his own household. This enquiry should be referred to the question column of any Woman's Page.

Mr. F. W. Michael, M. P., of Madawaska, says that his electors are entitled to voice their opinions as to who shall represent them in Parliament. Well, they chose him. Is he not satisfied, or does he think they made a mistake?

WHAT THEY SAY

Canada a Sovereign Power.

(Manitoba Free Press.) We are told that "America is debating her course, before long she will decide." If the League of Nations would have little interest for Canada if the reservation were accepted. We have our national status, we have proved our nation and our manhood; we intend to be a nation and a sovereign power, subscribing to the League of Nations as we do at present, but outside the League of Nations if such modifications as the League reservation propose ever become, by evil chance, a part of its constitution.

A Clear Distinction.

(Toronto Globe.) It is well that Mr. Justice Galt draws this clear distinction between the advocacy of change by violence and of reform by agitation within the constitution. Any citizen has the right to dissent from every law upon the statute books, from that under which the King of Hanover and his descendants were declared the rightful sovereigns of the United Kingdom down to the latest legislation concerning the liquor license law, and to speak and write in favor of the repeal of such laws so long as he does not advise those to whom he speaks or writes to overturn the government by force of arms.

Australia's N. P.

(Galt Reporter.) As a result largely of tariff protection supplemented by the additional protection provided by war conditions, the Australian confectionery industry has shown remarkable development and there is keen domestic competition, which is an assurance of reasonable prices. At a recent hearing of the Royal Commission in Melbourne, inquiring into the sugar industry, Mr. M. Robertson, manufacturing confectioner, testified that he had spent \$2,000,000 in buildings and plant in the last three years. Similar action on a smaller scale, he said, had been taken by manufacturers in other States. The Association of Australian confectioners estimates that within twelve months the local industry will be supplying the local demand. As a result of the growth of local manufacturing, imports of confectionery to Australia have fallen off sharply.

A BIT OF VERSE

SOME DAY.

(London Daily Mail.) Courage, brave heart, for though the cost of raiment, Even a ditto suit of homely tweed, Be far beyond your humble powers of

The wind is tempered to the shorn lamb's need. Though tailors' bills grow noticeably steeper, Fate logs the profiteer's unholier way, And hope proclaims that clothing may be cheaper

Some day! What though at eve, your daily labor ended, Weary with bodily or mental strain, Your last poor energies must be expended In fighting for a place within the train?

Even amid the racing motors' danger Remember as you wildly lurch and sway, That what may be a strap for every hanger

Some day! And taxes, it may be, shall yet be lighter, Though nought be left by them to tax at all, And hopes of peace on earth be some- what brighter, And Bolshevism totter to its fall, Our leaders' pledges may be honored duly, Ah! when that time arrives it will be

"Some day!"

SUFFERED WITH BOILS LAST 5 YEARS

Boils are simply a breaking out of bad blood, and anyone who has suffered from them knows how sick and miserable they make you feel. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you can do will not get rid of them.

When the skin appears to be the cause of the irritation the real disease is rooted in the blood, and to get rid of these painful pests it is necessary to get right at the seat of the trouble. When the blood is purified, cleansed and vitalized, by Burdock Blood Bitters, the boils will quickly disappear, your misery is at an end, and health and strength come back again.

Mr. Robt. Johnson, Barkway, Ont., writes:—"I have suffered very much, during the last five years from boils, having as many as five at once. I tried different remedies without any relief. I was advised to try Burdock Blood Bitters, which I did, and after taking just one bottle I have had no more boils."

B. B. has been on the market for over 40 years and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

EGGS.

Every bird used to be an egg, especially chickens. When you eat a chicken you don't generally stop to think it used to be an egg once and would be still if it hadn't of hatched, and when you eat an egg you don't generally stop to think how it would look if its mother had sat on it all she wanted to.

If you hold a hole raw egg in your hand it will just stay there perfectly still, but if you suddenly let it all of a sudden crack it in half it will do just the opposite.

Hens lay eggs just for the pleasure of doing it and not for the pleasure of thinking how much enjoyment somebody will get out of it at breakfast. When a hen lays an egg it goes around cackling as if it has just did something that hardly anybody else could do, which it has. Roosters can't lay eggs and properly don't want to.

By just looking at an egg before it is hatched you can't tell whether the chicken will grow up to be a hen or a rooster, and after it is hatched you can't even tell by just looking at the chicken. This proves that nature is mysterious.

The most popular time for eggs is breakfast, people eating either one or two depending on how expensive they are. Eggs look prettiest fried and most natural soft boiled and most unnatural scrambled.

An egg can hardly ever be dropped without losing its shape.

The bigger a bird is, the bigger the size of an egg it will lay. If chickens wasn't discovered yet and children was supposed to eat an ostrich egg with a tea spoon for breakfast, they would probably all be late for school every morning.

A BIT OF FUN

A Trying Job.

"One of my New Year's resolutions was to be home every night at ten." "Are you keeping it?" "Yes. It's kinda late to be starting out for the evening, though."

With an "If."

"Mr. Higgins has a high opinion of himself." "Yes," said Miss Cayenne, "if he could compel everybody to take him at his own valuation he'd be terrible profane."

Too Bad.

"A woman came into the hospital the other day and was so cross-eyed that the tears ran down her back." "You couldn't do anything for her, could you?" "Yes, indeed, we treated her for bacteria."

THE BEST QUALITY AT A REASONABLE PRICE.

A PLEASURE TO WEAR GLASSES

Many people put off wearing glasses thinking that they will be an annoyance. Sharpe's glasses are so skillfully fitted that one forgets they are being worn. Frames are adapted to the features so there is no sense of weight or pressure. Lenses are so accurately ground that the eyes are rested and refreshed, and sight improved and preserved.

It is a pleasure to wear Sharpe's glasses. They are so comfortable and restful and an asset to one's appearance.

RETURNED ON EMPRESS.

The following officers and other ranks have arrived at St. John this Monday morning, March 8th, per S.S. Empress of France, for New Brunswick:

Thomas, E. A., Capt., 65 Queen street, St. John.
March, R. A., Major, Hampton, N. B.
Burch, A. S., Sergeant, 62 Dorchester street, St. John.

OBITUARY.

There passed away on February 14, at her home in Jacksonville, Phoebe, widow of the late Rev. Henry Hart, in the seventy-seventh year of her age. Mrs. Hart was a daughter of the late Mr. and Mrs. Daniel Smith, and was born at Hillsville, Sunbury county. She was married in 1871. Previous to this she had achieved success in the teaching profession. Mrs. Hart had a strong personality, and her influence in her home, church and community was of the best, being especially interested in all religious activities. She was an indefatigable worker in the Sunday school, also being particularly active in missions, having been provincial secretary of the Women's Missionary Society for a number of years previous to the union of the Baptist denominations. Her funeral, which was delayed for the arrival of a daughter from the west, took place on February 17. An appropriate sermon by Rev. Mr. Fenwick was from the text 2 Timothy, chapter 4, verse 7.

Mrs. Hart leaves to mourn two daughters, Mrs. Wm. Hazen, missionary in Bombay, and Mrs. R. M. Syson, of Alberta, and one son, B. J. Hart, of Jacksonville, Carleton county.

Mrs. Eliza Ferguson, widow of the late Mr. Eliza Ferguson, died on Sunday last at her home of Eliza, widow of Archibald Ferguson, aged 80 years. The deceased

SHORT OF BREATH
Could Hardly Walk
Without Resting.

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nervous system.

Mr. Stephen Crouse, East Clifford, N. S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting, as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work on the farm, and can truthfully say I feel like a different man."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WEEKLY MEETING.

The weekly meeting of the Methodist Ministers' Association was held yesterday morning in Centenary church. Rev. Geo. Morris, pastor of the Queen square church, was president, and was in the chair. After a business session, Rev. F. J. Armitage of Windsor, N. S., gave an interesting address, telling of some of the activities of the Nova Scotia conference. He reviewed the work in connection with the forward movement in the Methodist church in that province. It had been very successful and the prospects were bright for great work to be accomplished.

was a well known and highly respected resident and is survived by four sons, William, of Vancouver; David, of Kingston, N. S.; Andrew and Tom at home; also three daughters, Mrs. Stirling, of Ipswich, Maine; Mrs. E. Hoffmann, of Somerville, Mass.; and Mrs. A. McIntosh, of this place.

The funeral took place from her late residence on Wednesday, at 2 p.m., March 3, services were conducted at the house and grave by Rev. Mr. Stebbins, assisted by Rev. Mr. Stebbins.

B. of M. Co-operating With The American Relief Administration

Food Drafts May be Purchased from Any of the Bank's Branches for Specified Quantities of Foodstuffs Cashed at European Points

The Bank of Montreal at all its Branches in St. John has arranged to co-operate with the American Relief Administration of New York for the sale of "Food Drafts" on Hamburg, Vienna, Warsaw, Budapest and Prague.

Under the arrangement the purchaser of Food Drafts pays either \$10 or \$50 in exchange for which he receives an order on the Warehouse of the American Relief Administration, at any of the above designated points, for certain specified quantities of flour, beans, bacon, lard, corned beef, canned milk and cotton seed oil. This order is mailed to the party in Europe to whom he wishes the goods delivered. The Bank of Montreal is making no charge for issuing these "Food Drafts" but the purchaser will have to pay the current premium on New York Funds.

Magistrate Heard Theft Cases Monday

Several Lads Were in Juvenile Court Because They Were Too Free With Snow Balls.

In the police court yesterday afternoon, the case against three lads charged with the theft of cloth from Hoffman Bros., was resumed, and evidence was given by Michael Knudsen, a moulder of the St. John Iron Works. He said that one of the defendants offered him three and a half yards of cloth for \$15.00, and finally sold it to him for \$12.00. Some three weeks later he returned with three yards of cloth and another of the accused and the cloth was turned over to the officer.

The magistrate cautioned the witnesses about buying goods under suspicious circumstances and advised him not to do it again.

The case will be taken up again at 11 this morning.

Leonard Phillips, a chauffeur of Haley Bros. was charged with exceeding the speed limit, and with driving his car on the wrong side of the street. Evidence was given by officer Colwell who made the charge. The chauffeur contended that, owing to the snow, the only side of the street on which a car could be driven was the one he had taken. He was allowed to go with a warning.

In the juvenile court, five young lads were charged with snow-balling. Judge Ritchie cautioned the boys and after a severe reprimand allowed them to go, as they all promised to do better.

In the morning, Albert Ritchie, who is charged with stealing over \$1,000 of cloth from Abraham Dreskin, a tailor on Main Street, was given a preliminary hearing. Evidence was given by Sergeant Rankins, who found Dreskin's store broken into last Friday morning. John Selten said he was hired to haul Ritchie's trunk from 14 Acadia Street to Parker's barber shop on Main Street. Mrs. Dreskin asked to see what was in the trunk and officer Colwell was called to open it, the cloth was found in it and the trunk taken to the police station.

Joseph L. Paul of Sussex, arrested Saturday night for vagrancy, was sent back to his home yesterday. Two drunks were remanded.

Citizens Talk On Daylight Saving

Representatives of Various Bodies Favor Plan With Shorter Season — Labor Speaker Wants Plebiscite Taken on Matter.

Daylight saving was the topic for discussion at a meeting held in City Hall yesterday morning, with Acting Mayor Bullock presiding.

Most of those present who spoke on the matter were in favor of the plan, with a shorter season; the majority seemed to agree upon May 15 to September 15, while a suggestion was made that the matter go to the people in a plebiscite.

F. W. Daniel, of the Retail Merchants' Association, said that if daylight saving was adopted, it would be a good thing. J. G. Harrison said that he thought the daylight time saving scheme had last year been a farce too long. He thought the Government Railways could be brought to follow the example of the C. P. R., which had announced that they would run their local trains on daylight time if the idea were adopted. He was in favor of the saving of an extra hour each day.

R. A. McAvity said his firm was in favor of the plan and if it could be made general it would be a good thing.

J. Hunter White spoke of the benefits derived from daylight saving, and thought the earliest date when it should be ended would be September 15.

R. E. Armstrong, of the Board of Trade, said that that body had not expressed any views on the matter as yet, but he thought if a shorter season and the adoption of the idea by the railways were enjoyed, they would again favor it.

H. D. Sullivan, president of the Hardware Clerks' Association, said they strongly supported it. He thought it would appeal to the young people of the city because it would help greatly to promote sport, giving more time in the evening.

J. Mortimer Robinson, secretary of the Automobile Association, said that car owners throughout the Province were in favor of daylight saving.

Thomas Armstrong, of the M. C. A., was in favor of a uniform schedule.

F. A. Campbell, president of the Trades and Labor Council, suggested that the question should be asked on the ballot at the city election, and the ballot should be extended to others besides those entitled to vote at the civic contests. If the issue were sustained by popular vote, the labor people would support it; unless the question was decided upon in this way, labor would be again opposed to it.

Joseph Keenan, of the Clerks' Association, was in favor of the scheme. The matter will come up again for action.

WEDDINGS.

Brown - Scovill.

A wedding of much social interest took place yesterday afternoon at three o'clock in St. Paul's (Valley) church. Rev. Archdeacon A. H. Croft officiating, when Miss Dorothy Brown, daughter of Mrs. Gilmor Brown, became the bride of Richard Malcolm Scovill, of Cleveland, Ohio. The church was filled with friends to witness the ceremony. There were no attendants on the bride or groom. Laurence Scovill and George McLeod acted as ushers. The bride was very prettily attired in a white charmeuse wedding gown embroidered with pearls and wore a lace veil. She carried a handsome bridal bouquet.

The groom's father had planned to come from Cleveland for the ceremony, but was taken ill with a grippe and was prevented from coming. Mr. Hartmann, an uncle, came on Saturday and was present at the ceremony. Mr. and Mrs. Scovill left on a honeymoon trip via Montreal and Detroit, to southern California and will go

Sussex Trims Up Fredericton

Fast Hockey Game Won by the Eastern League Team With Score of 5 to 3.

Special to The Standard.
Fredericton, N. B., March 8.—The Sussex team of the Eastern League won from the Fredericton team of the N. B. H. L. here tonight by a score of 5 to 3 in a cleanly played contest that appealed to the fans as the best game they have seen this year.

Their defence which proved effective in breaking up Fredericton's rushes and were backed by phenomenal goal tending by Finnegan, kept down the locals score while the Sussex attacking team had their shots right on the net and gave "Tart" Titus a busy night in the Fredericton goal. Burgess, the most effective player on the Fredericton team, the diminutive U. N. B. star putting up one of his best games of the season, going through the whole game without a rest.

The most thrilling incident of the game, if not the local season, came when "Tart" Titus, captain and goal tender of the Fredericton team, took advantage of an opening, following a spectacular stop just before the end of the game, and surprised everybody by starting down the ice carrying the puck.

The teams lined up as follows:
Fredericton Goal Finnegan
Titus Centre Hay
Jarvis Cover Point Radcliffe
Jewett Centre Leclair
Colwell Right Wing H. Radcliffe
Burgess Left Wing Frizars
Loonsbury Substitutes
I. Wade Left Wing Roach
Reference—A. McM. Staples.

Scoring summary—1st period, 1. Sussex (Frizars), 7 minutes.
2nd Period—2. Sussex (H. Radcliffe), 7 minutes; 3. Sussex (Frizars), 4 minutes; 4th Fredericton (I. Wade), 15 minutes; 5. Fredericton (E. Wade), 2 minutes.
3rd Period—6. Sussex (H. Radcliffe), 5 minutes; 7. Fredericton (Loonsbury), 4 minutes; 8. Fredericton (H. Radcliffe), 9 minutes.

TEMPLE MASONIC CLUB HOLDS ITS ANNUAL

Reports of Various Committees Gratifying — To Increase Membership Fees.

The annual meeting of the Temple Masonic Club was held last evening in the Masonic Hall, Germain street, with F. P. Peterson presiding. The report of the treasurer, T. H. Carter, was read, and the financial condition was found satisfactory. The expenditures for the year were \$169.65. It was decided to raise the fee of each member to five dollars.

The following officers were elected: T. H. Carter—President.
Aleck Rowan—Vice-President.
Norman E. Shore—Second Vice-President.
E. Milton Smith—Treasurer.
George H. Kay—Secretary.

Executive Committee—Frederick Green, E. Clinton Brown and Charles Masters.
Auditors—Roy E. Crawford, Roy Sprell.

After the above officers had been elected the new president took the chair and appointed the following chairmen of committees:
J. D. Dunlap—Entertainment Committee.
F. Green—Membership Committee.
H. Bissett—Reception Committee.

A very prosperous year was reported and it was hoped that the ensuing year will be as successful as the past one.

WILL FACE THREE CHARGES

Reginald Whelan was arrested last evening charged with drunkenness and carrying a loaded revolver. Another charge, that of resisting the police, will also be brought against him. Warren Coleman was also taken in, charged with acting disorderly and using profane language on Mill street, and one drunk will appear before the magistrate this morning.

Soon To Decide Hexathlon Events

The Y. M. C. A. boys will compete next Saturday afternoon and evening in their gym for the coveted Hexathlon trophy. The boys are all hoping to make a good showing in their respective classes. The conditions which govern the contest, and the events in which the boys will participate follow:

CONDITIONS.
Eligibility.
Only amateurs who have not reached their 18th birthday are eligible to participate in the boys' events.

Trophies.
Trophies will be presented to first, second and third places in the three events, A, B, and C. The trophy for first place will consist of bronze plaques mounted on an oak background. The photograph of the winning team will be etched upon the bronze plate; the names of members of the team will be engraved thereon.

Every contestant who scores 400 or more points competing in the six events will receive an international award.

Weight Classification of Competitors.
Competitors are classified by actual weight as follows:
80 Pound Class—Those weighing 60 pounds or over, and up to and including 80 pounds. Boys less than 69 pounds in weight are not eligible for participation.

95 Pound Class—Those over 80 pounds and including 95 pounds.
110 Pound Class—Those over 95 pounds and including 110 pounds.
125 Pound Class—Those over 110 pounds and including 125 pounds.
Unlimited Class—Those over 125 pounds.

The actual weight of each competitor will be verified between March 13th and the date of competition. No boy is allowed to compete in other than his own weight class.

Boys' Hexathlon Contest Events.
80, 95 and 110 Pound Class.
1. Short distance potato race.
2. Running high jump.
3. Target throw.
4. Long distance potato race.
5. Standing broad jump.
6. Snap for distance.

125 and Unlimited Class.
1. Short distance potato race.
2. Running high jump.
3. Shot put, 8 pound.
4. Long distance potato race.
5. Standing broad jump.
6. Fence vault.

Athletic Notes Of The Y. M. C. A.

In connection with the Y. M. C. A. Provincial Wrestling Championships that are being held in April, the Y. M. C. A. authorities are pleased to announce that the following firms have generously contributed to this sport by donating sets of silver mugs and medals for competition in the various weights:—The Atlantic Sugar Refining, James Robertson Company, O. H. Warwick Company, Consumers' Coal Company, Power Milling Company, T. McAvity & Sons, Haley Brothers, Ltd.

With such suitable prizes to be competed for in the various weights, a record entry is assured.

The authorities wish to make it clear that these bouts are open to any amateurs throughout the province, who hold the Regulation Amateur Cards.

The weights will be as follows:—108 and 115 lbs., 125 lbs., 135 lbs., 145 lbs., 155 lbs., and unlimited class. The date is April 14th.

The Y. M. C. A. High School Boys' Class and Junior standing to date this season including November, December, January and February, in athletic and aquatic work follows:

Belgian Team Leads In Bicycle Grind

New York, March 8.—Maurice Brocco and Charles Daruyter, the Italian-Belgian team, were one lap ahead of the other thirteen teams at 11 o'clock tonight, the 33rd hour of the six-day bike race at Madison Square Garden. They had covered 471 miles and five laps. The record is 516 miles and five laps made by Lawson and Drobach in 1914. The teams one lap behind were: Gondet, Magin, Egg-Madden, Cobura-Kopky, Buysee, Spelissen, Lang-Chapman, Spencer-Drobach, Kaiser-Hill, Godtfrid, Van Neuk, and Depuy-Stanley.

Four teams, Belop-Madonna, Weber-Staehel, Bowker-Bowker, and Byron-Markey, were two laps behind.

Basketball
The Y. M. C. A. Senior Basketball team had their final work-out last night, and are confident of giving the University of New Brunswick Senior team a hard tussle in the match tomorrow evening. This will likely be the final big fixture of the season, and from indications, the running track will be packed to its capacity.

The girls' game, which is scheduled for the preliminary between the Y. W. C. A. girls and the Paterville girls' team, is creating interest, and ought to be an interesting match. The Y. W. C. A. girls are anxious to get in the best possible condition as they expect to meet Moncton in the near future.

There is but little doubt that both the games will draw a large crowd, as after their defeat in Fredericton the local boys will be seen at their best on their home floor where they will work hard to redeem themselves. In the girls' match both teams have won quite a reputation as basketball players, and will no doubt give a very interesting exhibition.

FREE FOR ALL STOPS CONTEST

Pittsburg, Pa., March 8.—The boxing match between Johnny Ray and Johnny Kik here tonight called off at the end of the second round after a free-for-all fight had started between backers of the contestants.

DUNDEE OUTFOUGHT BY JACKSON

Jersey City, N. J., March 8.—White Jackson, of New York, outfoight Dundee, of New York, in an eight-round bout here, tonight, having the better of six rounds, with two even. Jackson weighed 133 pounds, and Dundee 130 1/2.

Football Results In England

London, March 8.—(Canadian Press)—The results of league games played today were:
First League.
Bolton 2; Sunderland 1.
Southern League.
Southampton 1; Swindon 0.

The draw for the English Cup semi-final, in Huddersfield versus Bristol City at Chelsea, Chelsea vs. Aston Villa, at Bramatona, Sheffield, first game to be played March 27.

GOLDSTEIN WANTS CRACK AT WILDE

New York, March 8.—Abe Goldstein, who weighs 114 pounds, is the latest champion to ask for a bout with Jimmy Wilde. Goldstein stopped Al Selmer, sparring partner of Johnny Kilbane, and has twice met Patsy Wallace, who scored a knockdown over Wilde.

Out of fifty bouts he has won thirty nine by the knockout route, being awarded the judge's decision in the remaining eleven. Canadian opponents are included in the list.

VALGAR DEFEATS JIMMY MURPHY

Philadelphia, March 8.—Benny Valgar, of New York, defeated Jimmy Murphy, of Philadelphia in a six round bout here tonight. Valgar had to extend himself because of the local boxer's greater weight.

"ISSY" WINTERS RETAINS TITLE

New Haven, Conn., March 8.—"Issy" Winters, lightweight wrestling champion of the world and wrestling coach at Yale University, successfully defended his title here tonight, defeating "Strangler" Brennan, of Brooklyn in two straight falls.

Senators Win Over Quebec

Ottawa, March 8.—Quebec hockey team almost surprised Ottawas tonight and led by five to four for a minute in the third period. Ottawa won by eleven to six. The feature of the game was the goal keeping by big Harry Mumery in the Quebec nets. Mumery was not much on style, but played a great game. Most of the goals that beat him were close-in shots. Ottawa played comradely throughout and opened in earnest when Quebec assumed the lead, and scored four goals in rotation.

MARSANS RETURNS TO BASEBALL GAME

Boston, Mass., March 8.—The return to organized baseball of Armando

SIR THOMAS WHITE ABLY DEFENDS ADMINISTRATION OF UNION GOV'T

Warns Mr. King That He is Only a Youth in Political World, and is Making a Grave Mistake in Starting His Career as He Has—Defends Loan Policy and Predicts Sweeping Victory for Sir Robert at Head of Gov't.

Ottawa, March 8.—Sir Thomas White today continued the debate on the address. When he retired from the Government he said, it was his intention also to resign his seat in Parliament, but, at the request of the Prime Minister, and also of many prominent citizens of both political parties in this constituency, he retained his membership in the House. This, he added, afforded him an opportunity of answering any questions which might arise touching the policy of the Government and the administration of public finances during his period of office. He was, he said, an old friend of the Leader of the Opposition, therefore, he did not like to see a young man—for Mr. King was young in the world of politics, starting off by making a mistake. The amendment which Mr. King had moved indicated that he was making a mistake in being in too great a hurry.

Mr. King Would Lose.

Sir Thomas went on to say that, as far as he could see, there was absolutely nothing in an election for Mr. King and his followers. An election had been held a little over two years ago, the Government being returned by an overwhelming majority. The Government still had three years to run. "No criticism can be made of the Prime Minister if he continues to carry on as long as he can command a majority in the House," said Sir Thomas, and I think that tomorrow night he will show that he can command the majority. Indeed, if there were any danger of his falling to obtain this majority, I would expect some members of His Majesty's loyal opposition to absent themselves in order that this might not occur.

Charlie Ray Is Fine In A New Photoplay

"Crooked Straight" Presents Him in a New Role But Highly Amusing—Trip Down to Rio Too.

The charm of Charlie Ray's acting is of course his homely naturalness. In some star's fortune is their pretty face or their villainy, Charlie's is certainly his innocent gaze, rather gawky manner and ability to fight like a tiger when the test of true manliness comes. Well, he worked in all of these attributes in his latest story entitled "Crooked Straight" on the imperial curtain yesterday and will do the same today. It was a very amusing and at the same time exciting turn about a waf boy who had saved up a cool thousand in eight years and on arriving in New York had it stolen from him by "con" men. For a brief spell he worked with a safe cracker because of his dire straits but soon gave it up and made the professional pal give it up too. Then he went to a farm to look after his pal's kid brother and sister who had been left parentless, the pal himself having died through injury. Then Mr. Ray was in his right element and he did make wonderful entertainment for everybody.

Then there were more of the Burton Holmes travelogues, those charming trips to strange lands that the noted lecturer tells about in absorbing stories and his cameraman catches with an artistic eye and in detail. This week it is a trip to Brazil and its great city, Rio Janeiro. Mutt and Jeff and the Topics of the Day conclude the bill. The orchestra was as usual generous with its popular numbers and right on the dot with its music descriptive of the story-picture.

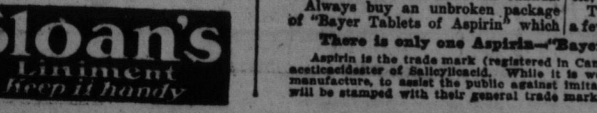

Today the Ray picture will be concluded and tomorrow Jack Pickford appears in a story entitled "Burglar By Proxy"—an edifying yarn that ought to knock a lot of foolish ideas out of the heads of some people. Margaret Clark comes on Friday in "Luuk in Pawn." It is going to be a great week at the Keith house and last night's immense attendance would make it appear that it is going to be a record-breaker for crowds.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Tonsillitis.

Read this plain statement. First, this whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases that are the standard blood-purifier and vitalizer. Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician, who will renew the red blood corpuscles wonderfully restores health, builds up appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

Says They Helped Her Aching Back

MRS. ROBERT BAIRD TELLS OF DODD'S KIDNEY PILLS

Baltimore Lady states that she was weak and run down till she found relief in Dodd's Kidney Pills. Baltimore, Ont., March 8.—(Special)—"I can assure you that Dodd's Kidney Pills helped my aching back on more occasions over did or over-wait do."

It is Mrs. Robert Baird a well-known and highly respected resident here who makes this statement. She is an enthusiastic believer in Dodd's Kidney Pills as a remedy for weak and run-down women.

"I was both weak and run down all last summer," she states further. "And before my baby was born I used Dodd's Kidney Pills. They helped me in every way. I also had my little boy take them and they benefited him greatly."

Women who are weak and run down should look first to their kidneys. No woman can be strong and healthy if her kidneys are not doing their full work of straining the impurities out of the blood. Weak kidneys are the cause of a host of ailments of women's life. Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys.

St. Stephen

St. Stephen, March 4.—Once again "The Gypsy Rover" has scored a success as it was presented in the Bijou Theatre on Tuesday evening of this week in an almost capacity house. All the members of the cast and chorus were in splendid voice and the whole performance went with snap and vim. After the performance the Ladies' Auxiliary of the G. W. V. A. entertained the members of the cast and chorus at the home of the President, Mrs. A. E. Vesey on Prince William street. A delicious supper was served to them, after which a short business meeting was held and then work was resumed for the evening by those who could stay. Those present were Mrs. Laura Bogue, Mrs. D. K. Harmon, Mrs. C. E. Casey, Mrs. C. G. Main, Miss Annie McBride and Miss Theo. Stevens.

Mrs. L. M. Robinson entertained the ladies of the Advisory Board of Chipping Memorial Hospital, at her home on King street on Tuesday afternoon and evening of this week. The ladies met early in the afternoon to do some sewing for the hospital and at six o'clock a most delicious supper was served. After supper a short business meeting was held and then work was resumed for the evening by those who could stay. Those present were Mrs. Laura Bogue, Mrs. D. K. Harmon, Mrs. C. E. Casey, Mrs. C. G. Main, Miss Annie McBride and Miss Theo. Stevens.

Build up your Strength with **OLIVEINE EMULSION**

One reason why OLIVEINE EMULSION is so helpful for Coughs, Colds, Weakness and General Run-down Conditions is because it contains the substance that rebuilds flesh, enriches the blood, improves digestion and appetite, and gives vigor and vitality to the entire system.

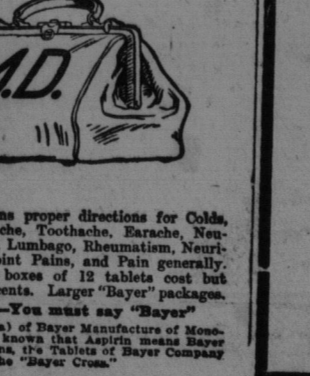

If you are not feeling well, see what OLIVEINE EMULSION can do for you—take no substitutes.

All Druggists and General Stores have it.

Prepared by **Fraser, Thomson & Co. Limited, COCKSCREE, Scot.**

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

BAYER

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over ninety years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. The boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"!

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocacetylsalicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Use Baby's Own Soap. It's "Best for Baby—Best for you".

Cleansing—Healing—Fragrant

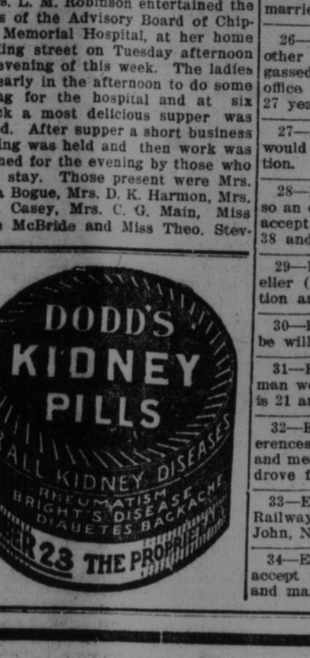

Alford Soap Limited, St. J., Montreal

was the guest of Mr. and Mrs. W. H. Stevens during the week at their home on Prince William street.

Mrs. Anderson of St. John, was a recent guest of Mrs. J. M. Scovill at her home on Union street.

St. Stephen friends will hear with regret of the death of Mrs. Wesley Newton, which occurred at her home on Grand Manan on Thursday of last week.

Mrs. L. M. Robinson entertained the ladies of the Advisory Board of Chipping Memorial Hospital, at her home on King street on Tuesday afternoon and evening of this week. The ladies met early in the afternoon to do some sewing for the hospital and at six o'clock a most delicious supper was served. After supper a short business meeting was held and then work was resumed for the evening by those who could stay. Those present were Mrs. Laura Bogue, Mrs. D. K. Harmon, Mrs. C. E. Casey, Mrs. C. G. Main, Miss Annie McBride and Miss Theo. Stevens.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c. 70c. \$1.40. Made in Canada.

ATTENTION! JOBS FOR SOLDIERS

A great many returned men are still in need of employment. Below are listed a few with their qualifications. It is our duty to create a vacancy for these men. Call Main 602. The St. John Standard has given this space free until April 1st.

- 25—Construction Foreman, now unable to carry on through war disability. Would like any light work that he could do. He is 53 years old and married.
- 26—Monotype operator would prefer other clerical work as he has been gassed and the fumes in a printing office would injure his health. He is 27 years old and married.
- 27—Experienced Grocery Salesman would leave St. John for suitable position.
- 28—Experienced Office Manager, also an experienced stenographer, would accept position out of town. He is 38 and married.
- 29—Experienced Commercial Traveller (Dry Goods) would accept position anywhere in Canada.
- 30—Experienced Iron Moulder would be willing to leave St. John to work.
- 31—Experienced Chairman or Rodman would go anywhere to work. He is 31 and single.
- 32—Experienced Chauffeur, has references from H. R. H. Prince Albert and members of his staff whose car he drove for several months overseas.
- 33—Experienced Fireman, 3 1/2 years Railway Engineer, would leave St. John, N. B. for suitable position.
- 34—Experienced Accountant would accept any clerical work. He is 27 and married.
- 35—Young man who wishes position as Hardware Clerk, to learn business. Would accept position anywhere.
- 36—Experienced Shoe Salesman (Traveler) desires position at his former work. He is 27 and married. Would accept position anywhere in Canada.
- 37—Experienced Office Manager has also had experience in travelling. Would accept suitable position anywhere. He is 40 years old and married.
- 38—Experienced in Gold, Silver, etc. Plating, also has had experience in selling Electrical Supplies. Would accept position travelling for the above lines. He is 40 and married.
- 39—Experienced Chief. He is 33 and married. Would accept position anywhere in the above line.
- 40—Experienced Landscape Gardener would like work in his own line. He is 36 and married.
- 41—Experienced Saw Filer. Would go anywhere. He is 32 and married.
- 42—Experienced Horse Shoeing Smith would leave city to accept suitable position. He is 32 and married.
- 43—Experienced Cooper. Desires work in his own trade. Would accept suitable position anywhere. He is 35 and married.
- 44—Experienced Steam Shovel Operator. Would leave city to work. He is 30 years old and married.
- 45—Three years' experience as Ship Rigger. Would accept position anywhere in the above line. He is 23 and single.
- 46—Experienced Stationary Engineer (N. B. License). Would go anywhere. He is 35 and married.
- 47—Young man experienced as Grocery Salesman. Would like position in St. John. He is 23 and married.
- 48—Experienced Shipping Clerk. Would like position in St. John. He is 23 and married.

to learn that she is recovering from her recent illness.

Mrs. H. L. Wall's many friends regret to learn that she is confined to her home on Prince Wm. street with a severe attack of grippe.

Mrs. K. A. Ramsey and Miss Mildred Purcell of the Oak Hill Military Department, have returned from visiting the military openings in St. John.

Mrs. George T. Backin has returned from New York, where she was the guest of her daughter, Mrs. Howard Stannard.

Evidently Not.

"When I was coming home last night," said Miss Skerry, "I saw a man skulking along in the shadow. Oh, how I ran!" "An' couldn't you catch him?" inquired her little brother innocently.

ON

enators Win Over Quebec

Ottawa, March 8.—Quebec hockey in almost surprised Ottawa tonight led by five to four for a minute the third period. Ottawa won by ten to six. The feature of the game is the goal keeping by big Harry Murray in the Quebec nets. Murray was not much on style, but he had a great game. Most of the goals that beat him were close-shots. Ottawa played confidently throughout and opened in earnest on Quebec assumed the lead, and scored four goals in rotation.

MARSHANS RETURNS TO BASEBALL GAME

Boston, Mass., March 8.—The return to organized baseball of Armando Marsans, the Cuban outfielder formerly with the Cincinnati Nationals and New York Americans, is announced from the spring training camp at Hot Springs, Ark. Marsans signed a contract with a Red Sox agent at Havana yesterday, it was stated.

"MISSY" WINTERS RETAINS TITLE

New Haven, Conn., March 8.—"Tess" Winters, lightweight wrestling champion of the world and wrestling coach at Yale University, successfully defended his title here tonight, defeating "Strangler" Brennan, of Brooklyn in two straight falls.

Quebec	4	22
St. John	0	22
Halifax	4	26

Below zero.

Forecasts.

Maritime—Moderate to fresh southwest winds; fair with a little higher temperature.

Northern New England—Partly cloudy and warmer.

Tuesday: probably light local snow in north; Wednesday fair, fresh southwest winds.

AROUND THE CITY

VISITING IN CITY.

Mrs. John T. McBride, of Montreal, is visiting in St. John, the guest of Mrs. Fred Peters.

FLU SITUATION.

No new cases of influenza were reported to the board of health yesterday morning but five recoveries were reported. There are only thirty-three cases now reported in the city and it is expected that within a few days more placards will be removed.

LOST ITS FOOTING.

A horse, owned by one of the local coal companies, fell on King Street, opposite Humphry's wholesale shoe store about 2.30 o'clock yesterday afternoon, causing a clog-up of the traffic for several minutes. The horse regained its feet shortly after without receiving any injuries as a result of the fall.

TENDERS OPENED.

Tenders for the supply of 1,500 feet of double jacket hose were opened yesterday at noon at city hall. On motion they were passed to Commissioner Thornton to report back to the council. The tenders were: Estey & Co., \$1.52; Gutta Percha Rubber Co., Ltd., \$1.45-\$1.65; Goodyear Tire and Rubber Co., \$1.30-\$1.65, and Dominion Rubber System, \$1.55-\$1.65.

DINED AT BONDS.

The St. John County Sunday School Executive held a dinner in Bond's last evening and a large number were present. C. H. Wasson was in the chair. After the supper plans were made to hold a Sunday school mass meeting in this city in the near future. Reports on the inter-church schools were also read. Rev. W. A. Ross, the Maritime Secretary of the Sunday School Executive, was also present at the dinner.

"SCOTLAND AND CANADA."

The secretary of the Board of Trade received a letter yesterday from J. V. MacKenzie, the Canadian Trade Commissioner for Glasgow, Scotland, saying he would sail from St. John on April 10, and intended to be in St. John a few days before that date, when he would be glad to consult with local manufacturers and merchants in regard to trade opportunities between Canada and Scotland.

ENTERTAINS YOUNG PEOPLE.

Duncan McIntosh gave an appreciated talk on "Patience" at the regular meeting of the Young People's Society of the Ludlow Street Baptist Church. Mr. McIntosh illustrated his address by amusing Scottish anecdotes which he told very well. After the regular business of the meeting, at which the president, Miss Erminie Cochrane, presided, a song service was held.

ENJOYABLE EVENING.

Last night the members of the Young People's Society of Centenary Church enjoyed a literary evening at their regular meeting. This was in charge of Miss Doris Barbour, who gave a splendid paper on "Charles Dickens," showing thought and a fine appreciation of his author. The remainder of the programme consisted of a solo by Mrs. A. Pierce Crockett, a reading by Miss B. Flett, a violin solo by Miss Muriel Turner, a reading by Mrs. Howard Porter, and a piano solo by Miss Gladys Dykeman.

NO BOSTON TRAIN.

That Sunday's storm hit the C. P. R. more severely than the C. N. R. was evidenced by the train service yesterday. The Montreal, due at 12.30, was fifty minutes late; the McAdam an hour. The Boston was running under a misnomer. She came in on time, but no connection was made west of Bangor. The Valley train was cancelled, as the ploughs have not yet cleared the road of snow. On the C. N. R. the Maritime alone was behind her schedule, arriving some twenty-five minutes late.

Don't forget the Social Service Council annual meeting in St. Andrew's Presbyterian Church today and Wednesday. Prominent speakers of the Dominion. Sessions, 2.30 and 8 p. m. The public is invited.

Mrs. Isaac M. Cowans, of New York City, announce the engagement of her daughter, Eugenia, to Norman Herbert Behrens, of New York, the marriage to take place at an early date.

MUSICAL.

Musical Matinee, Imperial Theatre, Thursday, 4.45. Empress of France Band. Auspice Y. W. P. A. Admission 25 cents.

Veterans Held Smoking Concert

Interesting Programme of Music, Songs and Speeches Helped While Away a Pleasant Evening.

The smoker of the Great War Veterans last evening attracted a large attendance, and proved an enjoyable affair. The programme consisted of speeches, songs, music, and four reels of moving pictures. W. J. Brown, the delegate to the national convention, made a brief speech, discussing questions of re-establishment, the need of higher pensions for widows and orphans, and referred to the matter of political action which is now being discussed in many branches of the Association. He assured the gathering that he would do his best to represent the interests of the local Veterans at the convention in Montreal. Commissioner Thornton made a few remarks appropriate to the occasion and there was also an address by E. A. Schofield, one of the trustees of the building. The local members of Parliament had been invited to attend, but Mr. Wigmore had to leave for Ottawa, and Mr. Elkin wrote regretting that it was impossible for him to be present.

An interesting musical entertainment was given by D. Arnold Fox, and also by Major Morgan of the Imperial Army. Gill Davidson gave some banjo selections; there was an harmonica solo by Mr. Spinney and a whistling solo by Mr. O'Brien. At the conclusion of the programme refreshments were served.

Found Interest In Winter Port

Mayor Hayes Pleased With Attitude of Mr. Hanna of C. N. R. Towards St. John—Parliamentary Delegation Will be Made Welcome.

That Ottawa was showing an interest in questions of transportation and harbor improvement and that D. B. Hanna, General Manager of the C. N. R. was most sympathetic towards St. John's needs and plans of development was the message Mayor Hayes brought back yesterday after a trip to Ottawa, Toronto and Quebec. On the whole he said his visit had been satisfactory, though he had nothing to add to the reports which have already been published regarding the Government's attitude to the Negro Point breakwater extension.

His Worship said that the Commissioners would take up the matter of the entertainment of the parliamentary delegation coming here for the weekend and would doubtless co-operate with the commercial organizations of the city in any plans to impress upon the delegation the importance of the port of St. John in the national scheme of transportation. While definite plans have not been worked out it is likely that the Board of Trade will take the delegation in hand on Saturday after their arrival here and perhaps give them a dinner in the Union Club during the evening. On Monday it is expected that the delegation will be guests of the Rotary Club at a luncheon, when Prof. James Robertson of Ottawa will be present.

Mr. Wigmore, M. P. left for Ottawa yesterday, but he had many assurances that everything possible would be done to make the visit of the delegation profitable for the port.

Empress of France Docked Yesterday

Had a Large Passenger List, Brought Mails and a Large General Cargo.

The C. P. O. S. liner Empress of France, arrived in port at 1.30 o'clock yesterday morning and docked at No. 3 berth, Sand Point, after an uneventful voyage from Liverpool. The steamer experienced fine weather on her way over, until she reached the Bay, when she encountered very heavy gales which delayed her for a short period. There was no room for doubt that she encountered rough weather in the Bay as her two upper decks were beautifully decorated with snow and ice.

Of the first and second class passengers there were only three for the maritime province. They are as follows:—Miss M. A. Watt, Hamilton, N. B.; Mrs. S. E. McDonald and son, Sydney, N. S. She also brought over many notables, besides a large general cargo and mail.

The total number of passengers on board was 1,494; of this number 159 were first class, 651 second and 684 third class passengers.

The Empress of France and other C. P. O. S. passenger steamers owing to the end of this winter port drawing to a close, will probably not make more than two more trips to St. John.

Many Notables On Empress List

The Passengers Disembarked Yesterday Contained Many Men Noted in Industrial Life of England.

Amongst the notables arriving on the Empress of France, which docked here late Sunday night, were the European General Manager of the C. P. R., Sir George McLean Brown, K. C. B., and H. O. Dring, the European Passenger Manager.

G. R. Hall Caine, son of the famous writer, Sir Hal Caine, was also on board. He is in Canada in the interest of seven of the largest newspapers in England, and intends buying large areas of timberland, suitable for pulp wood, which will be shipped to England for manufacture.

The Right Hon. Marquis of Anglesey was another of the passengers. He left for the West, where he owns a large ranch.

The Empress also brought a party of twenty officers and twenty men, who will secure their discharge here.

Amongst the officers were Major Ralph A. March, of Hampton; Major L. D. Goodeve, of Ottawa; Capt. E. A. Thomas, of 55 Queen street, and Staff-Sergeant A. Burch, 52 Dorchester street.

Major March was the Quartermaster of the 6th Mounted Rifles, and saw much service overseas.

Captain Thomas went over as a sub-altern in the same unit. He was transferred to the 4th C. M. R., and severely wounded while serving with them. March 16, will address the meeting, he was transferred to the Clearing staff. He was on hospital duty, more recently looking after the transport to Canada. The last of a Canadian casualty wounded while on active service, he said, was brought over on the Empress.

Captain Thomas is being hailed with delight by his many friends throughout the city, after his long absence.

SOCIAL SERVICE COUNCIL MEETINGS

Sessions Open This Morning at St. Andrew's Church—Distinguished Speakers to be Heard—St. John Delegates Appointed.

At ten o'clock this morning the opening sessions of the New Brunswick Social Service Council will be held in St. Andrew's Church. A number of speakers, experts in their special lines, will address the meetings, among them being: Canon C. W. Vernon, General Secretary Council for Social Service of the Church of England in Canada; Dr. Clarence M. Hinks, General Secretary Canadian National Committee on Mental Hygiene; Miss Josephine Strothand, Superintendent for Girls, Truro, N. S.; J. N. Barnes, Supervisor Industrial Schools, Shawbridge, Que.; Dr. G. C. Pidgeon, Toronto; M. A. MacLeod,

Fisheries of Bay of Fundy

Gasoline Boats Taking Place of Sailing Craft—Dynamometers of Grand Manan—Catching Cod and Pollock in Nets.

The 52nd Annual report of the Dominion Fisheries Department, just published contains a report on the Bay of Fundy Fisheries by J. F. Calder, Fisheries Inspector, for St. John and Charlotte Counties:

"Fishing vessels are fast disappearing from the coast," says Mr. Calder. "More money can be made by fishing in large gasoline boats. Fishermen operate on all Bay of Fundy grounds in these boats, in many instances going as far as the Grand Manan Banks. A splendid type of gasoline fishing boat is built in the district; these boats meet the fishermen's needs better than any other kind of craft, and while their number and efficiency are steadily increasing, as already stated, the sailing vessel is fast disappearing. "Gill nets being introduced in the cod and pollock fishery, it is too early yet to form an opinion as to the effect of such operations.

During the season of 1918-19 the principal fishing that had to be contended with was the destruction of fish by means of dynamite off White Head, Grand Manan. As the pollock grounds there cover a very large area, a great portion of which is outside the three-mile limit it is possible for more of this work to be carried on in spite of the best efforts of the most efficient officer. We have a splendid officer in Mr. Medley B. Green who patrols this area. He succeeded in catching three men engaged in dynamiting fish. They were prosecuted, convicted, and heavily fined. Such action had a splendid effect.

The condition of the streams, in so far as a seaweed and mill refuse are concerned, is better than it has ever been in the past.

The fishways were kept open as long as was necessary. The one in the dam at Pottery Mill stream does not appear to be effective for gasperaux. The fishway in the Cotton Mill dam at Milltown was taken out in order that needed repairs be made to the dam. A sluiceway around the dam was kept open and well supplied with water; no doubt, the sluiceway was as effective as the other fish ways.

The following is a statement showing the number of licenses of various kinds issued in my district, during the 1918-19 season:—

Herring	799
Crab	3
Crabber licenses	3
Permit to dig soft-shell or long-neck clams	54
	864

The annual meeting of the Young Women's Guild of Trinity Church was held last evening in the school room, Rev. Canon R. A. Armstrong presiding. Reports of the various officers were read, showing that progress had been made and that a good balance remained in the finances.

The election of officers resulted as follows:

Miss Georgie Patton—Honorary President.

Miss Dorothy Robson—President.

Miss Lou Howard—First vice-president.

Miss Winifred Evans—Second vice-president.

Miss Josephine Betz—Third vice-president.

Miss Roberta Holder—Secretary.

Miss Valis Sandil—Treasurer.

Miss Anne Orr—Organ secretary.

Miss George Seeds—Literature secretary.

Miss E. Bruce—E. C. D. secretary.

Miss M. Simpson, Remembrance committee.

Miss I. Millidge—Convener of refreshment committee.

Visiting committee—Convener, Miss Nellie Upham; Miss I. Northrup, Miss McBride, Miss Maude Blakelee, Miss Margaret Wilson.

To Train Boys For The Merchant Marine

Apprentice Indenture Received by Capt. A. J. Mulcahy—What a Boy Will Receive and What He Must Promise

A copy of the apprentice indenture under which lads are to be taught seamanship on the lines of the Canada Steamship Lines, Limited, was received yesterday by Captain A. J. Mulcahy.

The agreement provides that youths who are accepted for this service must bind themselves for a term of four years to serve the master and render him honest and faithful service, the master in return agreeing to teach him the business of an officer in the merchant marine, and to pay him an annual salary of \$300 and to provide him with sufficient food, meat, drink, lodging and medical attendance. Amongst the obligations of the apprentice are to obey the lawful commands of the ship's officers, to keep the secrets of the master, to render true accounts of any goods or money entrusted to his keeping, and not to visit taverns or ale houses or play unlawful games. The purpose of the Canada Steamship Lines, Limited, is to provide a good opportunity for desirable young men to learn seamanship and fit themselves for officers positions in the merchant marine. The nature of the sea is a fine opportunity for boys who love the sea to get their training in a noble profession under the best of auspices.

Annual Meeting of Women's Guild

Trinity Church Society Hear Good Reports and Elect Officers Last Evening—Miss D. Robson President.

Second Opening Today And Following Days

Presenting The Hats of a New Season

In every City there are Ladies who achieve a distinctive air by reason of their smart hats—in our show-rooms we have such millinery.

That "just right" feeling is very satisfying to the soul. And every lady likes to know that her hat is not merely a covering for her head, but an adornment that seems a part of her. It's wonderful to know that a hat is bringing out the personality—it's horrible to feel one's head gear is a bit of superfluous bric-a-brac.

Let Us Show You The Right Hats For Spring.

Marr Millinery Co. Limited

Stores Open 8.30 a. m. Close at 6 p. m. Close at 1 p. m. Saturdays during March.

Announcing the Spring Millinery Opening

Revealing Refreshing Expressions of Springtime modes in correct and original Hat fashions.

Dame Fashion has been busier than ever this season, blending colors and fabrics and combining them to make new and interesting Hat versions that can outclass all previous attempts.

As a result of this we are ready with an EXQUISITE COLLECTION OF SMART AND UNUSUAL HATS. Each one a model of exceptional merit. Included are French and English Pattern Hats of unique beauty. Models from foremost American milliners and noteworthy creations from our own workroom.

We invite your inspection on Wednesday and following days. (Millinery Salon, Second Floor.)

Manchester Robertson Allison Limited

KING STREET GERMAIN STREET MARKET SQUARE

Of Course We Sell Fine Gloves, Too.

One of our staunch friends said the other day, "What excellent Hats you sell, I've worn one Knox; I want another."

Many money men have worn either Knox or Stetson Hats for years.

We sell and guarantee both.

Price of \$10.50 to \$22.50 Because They're Worth it.

D. McKee's Sons, Limited, Saint John, N. B.
