John O'Connor, Esq., Nealon House, Toronto, Ont. DEAR SIR,-I have great pleasure in recommending the Benedictine Salve as a cure for lumbago. When I was taken down with it I called in my doctor, and he told me it would be a long time before I would be around again. My husband bought a box of the Benedictine Salve, and applied it according to directions. In three hours I got relief, and in four days was able to do my work. I would be pleased to recommend it to any one suffering from lumbago. I am, yours truly, (MRS.) JAS. COSGROVE.

2561 King Street East, Toronto, December 16th, 1901.

John O'Connor, Esq., Toronto 3 DEAR SIR,-After trying several doctors and spending forty-five days in the General Hospital, without any benefit, I was induced to try your Benedictine Salve, and sincerely believe that this is the greatest remedy in the world for rheumatism. When I left the hospital I was just able to stand for a few seconds, but after using your Benedictine Salve for three days, I went out on the street again and now, after using it just over a week, I am able to go to work again. If anyone should doubt

these facts send him to me and I will prove it to him. Yours for ever thankful, PETER AUSTEN.

Peter Austin, writing from Des Moines, Iowa, under date of July 2nd, 1905, says: "Enclosed please find M.O. for \$1.00, for which send me 1 box of your Benedictine Salve. Rheumatism has never troubled me since your salve fixed me up in December, 1901."

John O'Connor, Esq., Toronto: DEAR SIR,-I am deeply grateful to the friend that suggested to me, when I was a cripple from Rheumatism, Benedictine Salve. I have at intervals during the last ten years been afflicted with muscular rheumatism. I have experimented with every available remedy and have consulted. I might say, every physician of repute, without perceivable benefit. When I was advised to use your Benedictine Salve I was a helpless cripple. In less than 48 hours I was in a position to resume my work, that of a tinsmith. A work that requires a certain amount of bodily activity. I am thankful to my friend who advised me and I am more rhan gratified to be able to furnish you with this testimonial as to the efficacy of Benedictine Salve. Yours truly, GEO. FOGG.

John O'Connor, Fsq., Toronto: DEAR SIR,-I write unsolicited to say that your Benedictine Salve has cured me of the worst form of Bleeding, Itching Piles. I have been a sufferer for thirty years, during which time I tried every advertised remedy I could get, but got no more than temporary relief. I suffered at times in-

tense agony and lost all hope of a cure. Seeing your advertisement by chance, I thought I would try your Salve, and am proud to say it has made a complete cure. I can heartily recommend it to every sufferer.

Toronto, Dec. 30th, 1901. John O'Connor, Esq., Toronto: DEAR SIR,-It is with pleasure I write this unsolicited testimonial, and in doing so I can say to the world that your Benedictine Salve thoroughly cured me of Bleeding Piles. I suffered for nine months. I consulted a physician, one of the best, and he gave me a box of salve and said that if that did not cure me I would have to go under an operation. It failed, but a friend of mine learned by chance that I was suffering from Bleeding Piles. He told me he could get me a cure and he was true to his word. He got me a box of Benedictine Salve and it gave me relief at once and cured me in a few days. I am now completely cured. It is worth its weight in gold. I cannot but feel proud after suffering so long. It has given me a thorough cure and I am sure it will never return. I can strongly recommend it to anyone afflicted as I was. It will cure without fail. I can be called on for living proof. I am,

John O'Connor, Esq., Toronto: DEAR SIR,-I wish to say to you that I can testify to the merits "of your Benedictine Salve for Blood-Poisoning. I suffered with blood poisoning for about six months, the trouble starting from a callous or hardening of the skin on the upper part of my foot and afterwards turning to blood-poisoning. Although I was treated for same in the General Hospital for two weeks without cure, the doctors were thinking of having my foot amputated. I left the hospital uncured and then I tried your salve, and with two boxes my foot healed up. I am now able to put on my boot and walk freely with same, the foot being entirely healed. I was also treated in the States prior to going to the hospital in Toronto, without relief. Your salve is a cure for blood-poisoning. MISS M. L. KEMP.

Orangeism is that in spite of its oath-bound secrecy the organization cannot always keep hidden in its dark cellars the seed of freedom. The parade in Toronto simply represents all the graft and pull of the city hall and the Board of Education. No number of top hats and Prince Albert coats swaggering behind bands playing insulting party tunes and threatening to kick the Pope or anybody else, can ever pretend in such an association to a vestige of respectability, for the men who join in the parade must swallow their shame as the price of their position in the ring of Toronto civic misgovernment. And as the Orange Order stands for jobbery and slavery in Toronto, so has it stood for a century in Ireland for reaction and narrow ascendancy. Its leaders have been the henchmen of the landlords and the enemies of popular to the nation. It is publicly reportliberty. Within the last year, however, a ray of light has begun to appear in the north of Ireland. The landlord ring has been broken in part by the voluntary action of some of sessional salary of senators and the progressive landlords themselves members of the House of Commons who have renounced the slavery of from \$1,500 to \$2,500 a year. This solution is worthy of the best Catholic effort constantly and energetically applied. This, however, does not prevent the adoption and development of other works of various kinds and of different organization, all equally destined to promote some particular advantage of society, of the people, and the prosperity of Christian civilization under various definite aspects. Soon after the discovery of the steam engine Watt married his cousin, Miss Miller-a marriage which was, in the opinion of his friends, of very great importance to his work. "It may be doubted whether there be on record so charming a business connection as that of Boulton and Watt; in their own increasingly close union for twenty-five years, and, at its expiration, in the renewal of that union in their sons under the same progress of the world resulting from their works; in their lying down side
