## CORONER'S JURY FEARS FOUL PLAY

### Body of P. E. Island Man Found in Channel—Store had Been Robbed.

Charlottetown, P. E. I., July 8.—The death of Wm. Skerry, whose body, considerably decomposed and face almost unrecognizable, was found at the bottom of the channel near Alberton on Wednesday night, may have been due to other than natural causes. At least that seems to be in the minds of the coroner's jury, who last night, after an inquest, returned a verdict that the body was found in the water under suspicious circumstances. They also called the attention of the Attorney General to the evidence. Yesterday the chief witness was Cunningham, the young man who was last seen with Skerry.

Cunningham was on the stand for several hours, and was questioned very closely. He said that on the night of June 23 he had been with Skerry at Lewis's store. Skerry produced a bottle of whiskey, and they turned homeward after stopping at the corner to have several drinks in company with John Heron and Frank Skerry, brother of the deceased. Later, Skerry and deceased went to Cunningham's pasture to catch a horse, intending to go to a party in Killdare. There they finished the bottle, and abandoned the idea of catching the horse and going to the party. That was the last Cunningham saw of Skerry.

## TWO KILLED IN AUTO CRASH

### New York City Officials Meet Death When Their Car Strikes Ten Buildings With Terrific Force

Tarrytown, N. Y., June 8.—An automobile of the New York finance department, containing John T. Scamion, a city paymaster, his friend Thos. Kennedy and Police man McCormick of the New York force struck a boulder weighing more than a ton with such force here this afternoon that it dislodged the boulder from its bed and crumpled up the car like a tin can hit by a sledge hammer. The chauffeur clung to the steering wheel and saved his life. The other three were pitched headlong and Scamion got off with cuts and bruises. Kennedy and McCormick both got broken heads. Kennedy died shortly afterwards in a hospital and it was said late tonight that McCormick can live only a few hours.

## ELECTRICAL STORM.

St. Paul, Minn., July 6.—Western Minnesota and eastern South Dakota were visited last night by severe electrical and wind storms, which may have caused loss of life and great damage to cities and farming communities. The storm seems to have followed a well defined path west from Benson and Madison, Minn.

## A NEW JUDGE

Montreal, July 6.—R. A. E. Greenfield, who has been appointed to the bench of the superior court, will be sworn in July 12th, the twenty-fifth anniversary of his being called to the bar. His first big case was the following year, when he assisted his brother in the defence of Louis Riel at R.

# TOWN OF CAMPBELLTON WIPED OUT BY FIRE

## Four Thousand People Homeless and Hungry.—Not a Mill, Factory, Store, Church, Hospital, School, Hotel or Bank Left Standing.

## SEVEN DWELLING HOUSES MARK THE SITE OF TOWN

Fire broke out at Campbellton about 4 o'clock yesterday in Richard's mill, which is situated about half a mile west of the I. C. R. station. There was a strong north-west wind blowing at the time. The fire made steady headway sweeping everything before it, wiping out the town on both sides of the railway track which runs approximately through the centre of the town. There is not a mill, store, bank, church, hotel, hospital or school standing in Campbellton today, all that is left is seven dwelling-houses. About four thousand people are homeless.

After wiping out the town proper the flames continued in a southerly direction and destroyed the village of Richardsville, including the mill at that place.

The fire did a great deal of damage to the right of way of the I. C. R. to a distance of about three miles south of the station.

The fire area therefore comprises a

territory of about four miles in length and over half a mile in width.

The I. C. R. headquarters which includes the station building containing the offices as well as the freight shed, round house were destroyed with practically all their contents together with a large amount of rolling stock that was standing in the yard.

Five mills were burned, two belonging to the Shives Company and three to the Messrs. Richards. Harquail's large new factory was also burned. This is the second time within a year that the Messrs. Harquail have been cleaned out by fire.

Some of the homeless people are at Dalhousie, Dalhousie Junction and a considerable number fled across the river to the Quebec side.

It was reported that a child of a man named Doyle, who worked in Harquail's factory was suffocated. There were also rumor that a number of men were killed by an explosion

of dynamite in Alexander's store, but this report cannot be confirmed.

All telegraph and telephone communication was destroyed and for hours the town was cut off from outside communication. During the night the conditions were remedied to a certain extent and a full extent of the disaster became known.

Appeals for help for the stricken people have been sent out to neighboring towns and cities and are being promptly and generously responded to. It is understood that large quantities of food, clothing and provisions are being hurried to the fire swept town.

Owing to the damage to railway track and the wire traffic on the I. C. R. from Dalhousie Junction to a considerable distance west of Campbellton all traffic was completely tied up until about 7 o'clock this morning. The west bound Ocean Limited was delayed about 12 hours and the west

bound Maritime Express about 4 hours.

At 9 o'clock this morning it is not known when the east bound Maritime Express will reach Campbellton. The local east bound Accommodation train was made up at Dalhousie Junction and will be on time. The special excursion train which was to have brought the Orangemen from the North to participate in the celebration at Newcastle today has been cancelled.

General Superintendent Brady went to Campbellton in his private car attached to the Maritime Express last night.

Division Supt. Price of Campbellton was on the Fredericton Division when the fire broke out and went to the scene of the trouble on the first relief train. It is understood that Mr. Price's house is among those that were saved from the flames. It is reported that the appalling extent of this disaster is largely due to the fact that the water service failed during the early stages of the fire.

## MILITARY MAY GO TO SPRINGHILL

### Disturbances Which Seem to Show That the Police are Powerless.

Springhill, July 7.—If better order is not maintained here, the military will be called in. That is apparently a certainty.

In spite of the injunction of the court against picketing, there is apparently no pretence of observing the order. As one citizen remarked the court's order is "treated not only with contempt but with ridicule."

Last night a crowd gathered near the company's houses numbering several hundred. They shouted and made a disturbance generally. The local police were quite unable to keep the peace and the company's police were not much more successful.

The crowd threw stones and broke a lot of glass in the company's houses. The company's police fired in the air.

The mayor is reported to have said that there is nothing more he can do.

The disturbance was caused by a new warning to non-working tenants to leave the company's houses. The people left and the company's carpenters were nailing up the windows. In doing this they were treated with much roughness, so that their work was by no means easy.

The company has about 600 men at work in the mines, who are raising some 500 tons daily from one of the slopes. The coal is shipped to Parrsboro. The force at work is about one-third of a full staff and the output is about the same proportion of the quantity usually mined. The strike has now been going on for almost a year.

## A \$500.00 CHALLENGE

An interesting controversy is being indulged in on the Upper Lakes in connection with the relative speed of the S.S. "Hamonic" of the Northern Navigation Co. and the S.S. "Keewatin" of the C. P. Ry.

It is claimed by the latter that it has been demonstrated she could speed faster than the S.S. "Hamonic" and the Sarnia "Canadian" has challenged two of their contemporaries that the steamer Hamonic, the first time she comes across either the "Keewatin" or the "Assiniboia" of the C. P. R. will pass these vessels and in good faith have deposited a certified cheque for \$500.00.

## LORD DOUGLAS IN HARD STRAITS

Spokane, Wash., July 8.—Vowing he had spent his fortune on his wife, Lord Sholto Douglas left Spokane yesterday to work with a Canadian Pacific Railway survey crew for three months at \$2 a day. Lord Sholto is a brother of the present Marquis of Queensbury, and a cousin of the Marquis who gained fame through the code of pugilistic rules. Lord Sholto married Miss Margaret Mooney, and known on the variety stage as Loretta Addis.

## CASUALTIES ON 4th FLEET

Chicago, July 5.—This year's July 4th list of dead throughout the country so far as reported totals 28. Last year the total was 44. The injured last year numbered 2,681, this year they were only 1,788.

## I.O.G.T. DECIDES TO PLACE CANDIDATES IN THE FIELD TO SUPPORT PROHIBITION

### Extension Of Franchise To Women Also Approved At Annual Meeting Of Grand Lodge Of New Brunswick—Will Ask Dominion Government To Appoint Canadian Tem- perance Association Inspectors.

The feature of the meeting of the grand lodge, I. O. G. T., in St. John on the 7th, was the following resolution submitted by the committee on political action, and adopted unanimously after an addition by the members:

"Recognizing the fact that prohibition can only be obtained through legislative enactment, and being fully persuaded from the result of various votes taken on the question that the sentiment of the province is overwhelmingly in favor of the adoption of such legislation, we therefore pledge ourselves to accept prohibition as the only satisfactory solution of the question. We further pledge ourselves in all provincial elections to support candidates of party affiliation, candidates pledged by prohibition, and where neither of the party candidates openly declare for prohibition, then to place in the field candidates of our own wherever possible. For the accomplishment of this object we recommend that steps be taken to raise funds with which to defray the legitimate electoral expenses of any candidates nominated by us, or representing our interests."

"We also desire to reaffirm our belief in the justice of the claims of women to the right of franchise and we regard the extension of the ballot to them not only as a means calculated to greatly facilitate the obtaining and retaining of prohibition, but as a necessary step for the introduction

of many salutary and much needed reforms and for the enactment of wholesome laws calculated to contribute materially to the intellectual, social and moral improvement of the people."

After such favorable discussion it was decided upon motion of H. H. Stuart of Newcastle, seconded by Judson Parker of Fredericton, to add the following to the resolution:

"We urge upon the Dominion government the desirability and duty of the latter to take all steps necessary, such as the appointment, payment, enabling and supervising of inspectors and all other officials required, as is already temporarily done by the said government in the construction of the Grand Trunk Pacific Railway, for the efficient enforcement of the Canadian Temperance Act in all sections that have adopted or may in future adopt that act."

The following committee was appointed either to select candidates for prohibition or to have a declaration for prohibition made by candidates already in the field: J. V. Jackson, L. B. Hetherington, Michael Kelly, Rev. B. H. Thomas, and Rev. Thomas Marshall.

The finance committee's report was read and adopted. It recommended that the sum of \$10 be voted to the N. B. Temperance Federation; that the sum of \$50 be given for juvenile work; and that the amount received by the campaign committee be put

## ELOPING HEIRESS GIVEN ONLY INCOME OF ESTATE OF HER WEALTHY FATHER

### Sailor Husband of Late Senator Gorman's Daughter Barred From Any of the Large Fortune Left to His Family.

Washington, July 9.—Because she eloped with a marine, Ada Gorman Magness, eldest and favorite daughter of the late Senator Arthur Pue Gorman of Maryland, is cut off with only her income interest in the million dollar estate of the family, through the will of the senator's widow, Mrs. Hannah D. Gorman, just filed in the probate court.

The realty, situated in Washington, is left in trust. Each of the six children, including Mrs. Magness, is to receive a sixth of the income. Ten years hence the estate is to be sold and the proceeds divided into six parts, five of which go to the other children absolutely, but the other six is left in trust to the National Savings and Trust Company of this city, and tied up so lightly that Charles J. Magness, with whom Miss Gorman eloped, cannot share in it.

Twice every year until her death Mrs. Magness is to receive the net income from the trust company, or it may be used at the company's discretion for the maintenance and support of Mrs. Magness. The will provided that she may not assign any of it to her husband.

As to the estate in Maryland, and the \$612,000 block of stocks and bonds belonging to the senator's estate, they are to be divided into seven parts and left in trust for the senator's six children, the seventh share going to Kate Marriott, Mrs. Gorman's daughter by her first husband.

Ada Gorman met Magness, who was a marine on the President's yacht Mayflower, while he was a cornetist at the fashionable Garfield Methodist church on Vermont avenue. First he was a sort of protegee; then her fondness became platonic and finally he deserted from the navy to elope with her.

They were discovered in Kentucky. Magness was arrested and shipped off to Boston for trial. His young wife pleaded with President Roosevelt and Secretary Newberry to pardon Magness, but they refused, and the sailor sweetheart served out his time at Portsmouth, being released about a year ago for good behavior. Since then they have been living in Washington. The Gorman family never forgave her.

**WORDS OF CAUTION TO YOUNG MOTHERS**

Mothers must keep guard over the health of the little ones during the summer months. Summer is an anxious time for all mothers, but more especially for young mothers. It is the most fatal time of the year for babies and young children. It is then that stomach and bowel troubles come almost without warning, and often before the mother realizes there is any danger, the little one may be beyond aid. The mother must take strict caution to keep her little one's stomach sweet and pure and his bowels moving regularly. No other medicine can do this so quickly and thoroughly as Baby's Own Tablets. The Tablets should always be kept in the house. An occasional dose will keep baby well or if illness comes on suddenly the Tablets will quickly remove the cause and make baby well and happy. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Master Builders Receive offer of Bricklayers From Ontario Points.

Montreal, July 6.—P. Lyall & Sons received an offer of 200 bricklayers today from outside points, while other builders claim that they have men. This does not alter the fact however, that all the big jobs are tied-up. The builders all refused to sign individual contracts with the Union, the headquarters of Indianapolis authorizing men to go to work for contractor who would sign separately. On the other hand the strikers claim that several of the master builders had offered to sign.

**WINE, 1,900 YEARS OLD.**

(Paris correspondence London Telegraph.)  
Bottles of wine, 1,900 years old have been found in a sarcophagus dating from the first century of the Christian era in a graveyard at Bordeaux. That is to say, the bottles had once contained wine, for, according to the workmen who discovered them, they were completely dried up inside when uncorked. A chemist, without suspecting the workmen of having dried the contents up themselves, analyzed a deposit at the bottom of the bottles and pronounced it to be the residue of what had originally been very good wine. It appears to have been so good that the owner 1,900 years ago decided to be buried with it.

**Agitation Started in the United States to Prevent Showing Fight Pictures**

Boston, July 6.—The officials of the Christian Endeavor Society were much pleased today over the result of their movement started yesterday against the exhibition of the pictures of the Jeffries-Johnson fight. Urgent telegrams have been sent to all branch societies throughout the world to continue the agitation against the pictures.

Mayor Fitzgerald of this city who has the granting of all licenses for exhibitions of this nature, said today that Boston ought to take the lead in banishing the pictures which would be exhibited in this city.

**WILLIAM J. SKERRY, MISSING P. E. I. MAN, FOUND DROWNED**

Charlottetown, P. E. I., July 6.—William J. Skerry, who has been missing from his home in Alberton since Tuesday of last week, has been found. His body was grappled from the bottom of the channel this afternoon at Wells shore, about one mile from the town.

It would appear that the unfortunate man had been out fishing lobsters, as traps were set in the place where the body was found. Skerry was thirty-five years old, married, and has one child.

**ADVICE TO LADIES**

Cornhill, N. B., March 9th, 1910. Messrs. C. Gates, Son & Co. Middleton, N. B.

Gentlemen—This is to say that in 1904 I was very sick with Heart trouble and Headache, due to change of life, my life seemed to me really not worth living, had a doctor in attendance, but kept falling away until I reached 125 lbs. I was advised to use your LIFE OF MAN BITTERS and SYRUP, which I did and can truly say they are wonderful. After I had taken the first two or three bottles I felt much worse than usual, but as the directions said this was sometimes the result I continued their use, and soon began to see marked improvement in strength, so that I was able to work and gained 30 lbs. in flesh. I thank you for placing these remedies within my reach, and heartily recommend their use to ladies at this time of life, and advise the continuance of them as I know it sometimes takes a few dozen bottles, but the cost is small compared with physicians charges.

I am sending you this, that you may make it known and thus benefit some one who may be suffering as I was.

With heart felt thanks, I am Yours very truly, MRS. JOHN FOLEY.

**ATTORNEY-GENERAL MITCHELL**

Medicine Hat News.—The shortest and hardest fought campaign in the history of the riding was terminated yesterday, by a sweeping majority for Attorney-General Mitchell, the Liberal candidate, over Walter Huckvale, Conservative. The correct figures are not all obtainable yet, as eight of the more remote polls remain to be heard from but, up-to-date, Mr. Mitchell's majority has reached the very handsome figure of 432 and will probably be close to the 500 mark when the complete returns are in. Mr. Huckvale will hardly lose his deposit, although the call may be a close one. It was a hard fought fight from start to finish but the blows which were struck were all above the belt and the campaign was pre-eminently a clean one, which must be a source of much gratification to both candidates now that the curtain has been rung down. The personal canvass in the city yesterday was keen and every available auto and team was pressed into service. The Liberals are to be congratulated on the manner in which their organization handled the vote, especially in the last couple of hours before the close of the poll. "As the readers of the ADVOCATE are aware Mr. Mitchell is a Newcastle boy and are pleased of his success."—Editor.

**MR. BRAITHWAITE HOME**

Fredericton Mail.—Mr. Henry Braithwaite, the veteran guide, who has been at his camps on the Little Southwest Miramichi since early in January, arrived home by the L. C. R. yesterday. During the greater part of the time Mr. Braithwaite was all alone in the woods, and his relatives were a trifle anxious as to his safety. He put in the time trapping and had a fair measure of success. He says that the past winter was a favorable one for moose and the animals seem to be very plentiful this year. Mr. Braithwaite is much interested in the aviation meet now going on at Montreal. He says that as soon as the airship gets beyond the experimental stage, he intends investing in one for use on the Miramichi portage.

THE MEDICINE HAT ELECTION

The results from the bye-election in Medicine Hat can be taken as a popular endorsement of Premier Sifton and his colleague Hon. C. R. Mitchell.

The people evidently have faith in the ability and uprightness of Premier Sifton and the members of his cabinet, and look hopefully to them to bring Alberta's affairs again up to a high plane.

Hon. C. R. Mitchell and his friends can congratulate themselves on the signal victory at the polls. From their point of view the result is much better than an acclamation.

The campaign was clean and free from objectionable features, and was creditable in this respect to both sides.

Mr. Mitchell's large majority will make him deeply earnest in his endeavors to do full justice to his high position, and also make him appreciative of the fact that his friends expect that he will put forward the best that is in him in the service of this province and of his constituents.

Few young men in Canadian politics have ever got such a hearty endorsement under such peculiar circumstances.

Medicine Hat has a happy way of knowing when an election is over. We accept the verdict of the polls as it is given, and though we fight beforehand, when it is over, it is over.

Last night Mr. Mitchell's friends sensibly refrained from any attempt at demonstration or jubilation.

The Medicine Hat result should have a clarifying effect upon the politics of the province.—Medicine Hat News.

LATE KING EDWARD

A letter is published from the Archbishop of Canterbury to the Dean of Quebec under date of July 4th, referring to a paragraph in a New York paper reporting that King Edward died a Roman Catholic.

Sealed Tenders addressed to the undersigned and addressed "Tender for Supplying Coal for the Dominion Buildings," will be received until 4.00 P.M., on Tuesday, August 16, 1910, for the supply of Coal for the Public Buildings throughout the Dominion.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10%) of the amount of the tender, which will be forfeited if the tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If a tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, B. C. DESROCHER, Asst. Secy.

Department of Public Works, Ottawa, July 8, 1910. Newspapers will not be paid for this advertisement if they insert it without authority from the Department, July 12, 21.

CANADIAN TRIED TO SHOOT MR. JOHNSON

Richard McGuirk Lost \$25 in Big Fight and Seeks Revenge With Shot Gun.

Chicago, July 8.—Richard McGuirk, a St. Louis machinist, was arrested today after he had attempted to force an entrance to the home of Jack Johnson, negro pugilist. McGuirk was armed with a rifle. The police were called by excited neighbors of Johnson. They feared that McGuirk intended to kill the heavy weight champion.

SENT A BLOODY EAR

President of Steamship Company Threatened With Mutilation.

Cleveland, July 4.—Wrapped around a bottle of alcohol in which lay a bloody human ear, Harry Coulby, president of the Pittsburg Steamship Co., received a letter here, in which he was threatened with mutilation and death if he refused to grant the demands of the sailors who have been on strike for two years.

The man to whom the ear belonged to has already been identified as Edward Fraser, a non-union sailor, who was assaulted in Buffalo last Monday, and had his ear severed from his head by his assailants. He was picked up later by the police, dying from the loss of blood. Across his breast was pinned a sheet of paper inscribed "Don't be a scab."

SEVERE STORM AT ABERDEEN, SASK.

Aberdeen, Sask., July 8.—The dry spell was broken by one of the worst storms ever experienced here. The crops were not damaged, but a number of barns were wrecked. The damage can hardly be estimated. Fronts were blown bodily out of town in the town. The storm was followed by a heavy steady rain.

FATHER KIDNAPS CHILD IN P.E.I.

Charlottetown, P. E. I., July 9.—A sensational kidnapping case occurred at Fortune Bridge yesterday.

In the morning Herbert Archibald, of Plymouth, and a stranger, drove up to the residence of Mrs. John Cavahan and tore from her arms her four year old girl, Agnes. They drove rapidly away and the police have not yet captured them.

Henry Machon, of Murray Harbor, while shingling a barn, fell from the roof and died several hours later.

DR. HYDE SENTENCED

Kansas City, July 5.—Dr. B. C. Hyde, convicted of having poisoned Col. Thomas H. Swope, the millionaire philanthropist, was sentenced to life imprisonment at hard labor by Judge Latsch in the criminal court here this morning.

MISSING WOMAN IN WOODS FOR 30 HOURS

Mrs. Jones, of River Glade, Found Sitting on a Tree Stump Crying—Does not Suffer from Experience.

Salisbury, N. B., July 7.—Searching parties who have been out all day looking for Mrs. Albert Jones, of River Glade, who disappeared from her home at an early hour this morning, have failed to locate her.

In a fit of rage growing out of some personal differences Harvey Dunlap shot Hiram Schriver, neighbor, while the two were on the highway road. There had been some trouble between the men and Dunlap claims that Schriver had said something about him. The upshot of the whole thing was that Dunlap shot Schriver twice with a loaded buckshot.

Frederick, N. B., July 7.—Campbell Settlement, in the parish of Southampton had a sensation which almost became a tragedy last night, and which has stirred up the whole countryside.

Frederick Bates was an eye-witness of the affair but when he saw the quarrel starting he left the place immediately. Schriver was able to get to the residence of B. M. Dunham and there Dr. Coffin was summoned and found four wounds in one leg and two in the other.

CANADIANS CAPTURE GOV-ETED MacKINNON CUP

Led at Every Range and Had a Lead of 41 Points Over Scotland Their Nearest Competitor.

Toronto, July 7.—A Bisle cable today says:—Canada, today, won the MacKinnon cup, open to teams of twelve men, Scotland finishing in second place, 41 points behind the Canadians. The Canadian victory was an easy one, the team leading at every range.

Do it now! If you are convinced it is right and wise; otherwise wait. It is not lack of opportunity but lack of initiative that holds men back.

CAMP SUSSEX ENDS WITHOUT SHAM BATTLE

Sussex, July 8.—All danger to St. John from the formidable attacking forces is now at an end, and the winter port was saved today without a blow being struck by the defenders.

When the troops fell in at about 6.30 o'clock this morning the weather was not very promising and before the first shot of the sham fight had been fired the rain was coming down in torrents and those in charge of the manoeuvres decided it would be the wisest plan to call off the fight and so peace was declared between the Blues and Whites and all hostilities ended in a most peaceful and Christian manner without even signing a treaty of peace.

Woodstock, N. B., July 8.—A large crowd gathered at Woodstock Park this afternoon to witness the race. The conditions were excellent for the time, and the horses surprised the most optimistic followers of the track. The previous records of the track and for the Maritime circuit were broken by Frank Patch. The record had been held by Will Be Sure, 2:15.3-4, and was made at Chatham a few years ago. Today Frank Patch paced the last mile in 2:14.1-4, and many thought that he could have stepped it in 2:12 had he been forced.

A big soiree will take place tonight at the rink.

**SODA FOUNTAIN**  
 St. John Globe: Apropos of the soda water tragedy at Sussex a few days ago, a gentleman in conversation with the Globe today remarked that there ought to be a government inspection of all soda water fountains. Many of these fountains are very cheaply constructed and absolutely dangerous. In the case of the 'Sussex' fountain the pressure gauge was broken. If there had been government inspection the fountain would not have been allowed to remain in that condition. Not long ago a fountain blew up in Nova Scotia killing a woman and the other day one exploded in an establishment near this city and went clear through the roof.

**DRIVING ACCIDENTS**  
 While Mr. and Mrs. Perley Tozer were driving at Redbank yesterday their horse was frightened by an auto. Both were thrown out, Mrs. Tozer receiving painful injuries. A doctor was summoned from Strathadam. Another accident is reported from the same place last evening. Mr. Robert Tozer, while driving home from Sullivan's store, his team ran away, Mr. Tozer was thrown out and received a bad shaking up.

**ENGAGEMENT ANNOUNCED**  
 We clip the following from a Brockton paper:—Mr. and Mrs. Thomas Johnstone MacEwen of Intervale park announced the engagement of their daughter, Agnes Marshall, to Merle Clifford Leonard, M. G., of the war department at Washington, D. C. Mr. Leonard is the son of Mr. and Mrs. B. C. Leonard of Dorchester, formerly of this city. **THE BUCKLEY MILL**  
 Mr. James Desmond, the experienced handler of heavy weights, has contracted to raise the smoke stack of Mr. D. Buckley's new mill at French Cove. He has sent up his gear, and will go up on Monday to do the work. The mill is a fine structure, built for use and permanence, and some new residences will probably be required in the vicinity. Mr. Buckley got a big property for a small price when he made the French Cove purchase. With a large boom for holding logs, and a deep water wharf alongside the mill, the owner has the facilities for saving and shipping economically—no scowling or second handling whatever to cut down profit.

### FATHER ARRESTED SON, A DANGEROUS CRIMINAL

#### Officers Feared to Approach—Desperate Young Man Fired at his Father but was Overcome.

Paris, July 7.—A dramatic scene occurred at Carmaux, France, when a workman, named Antraygues, arrested his son, Aladin, a dangerous criminal, and handed him to the police, who were held in check by the young bandit's revolver. Aladin who was "wanted" for several robberies with violence, was seen by a policeman drinking in a cafe. The criminal sought refuge in the kitchen, and, drawing a revolver, threatened to shoot if he were touched. A woman who had been at the same table with him tried to seize the revolver, but he fired at her and then struck her a severe blow on the face with his fist, sending her senseless to the ground.

Another policeman came to the assistance of the first, but neither of them dared grapple with Aladin. Among the crowd that gathered was the elder Antraygues, an honest, hardworking laborer. Stung to fury by his son's villainies, he pushed forward and marched straight up to the criminal. "Stand back, father, or I shoot!" exclaimed Aladin. His father's only reply was to hurl himself at the boy, and, knocking up the revolver with one arm so that the bullet went harmlessly into the ceiling, he felled him to the ground. Then, falling on him, he held him down while the police handcuffed him.

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weakness of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommendations "Discovers" and you may have a strong stomach and a strong body.

Given Away.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

### TAFTS SON FREED FROM ALL BLAME

#### Italian Whom he Struck by Automobile is Recovering and Taft's License will be Renewed.

Boston, Mass., July 6.—Robert H. Taft, a son of President Taft, was late today absolved from all blame, for the accident of June 27 last, at Prides crossing, when the young man's automobile while he was driving, struck and knocked down Michael Tithwall, a laborer, causing serious injuries. The man was taken to the Beverly hospital where the best surgeons and attention obtainable were provided by order of the president, and he is now well on the way to complete recovery.

The operator's license of Robt. H. Taft which was held up pending an investigation of the case will now be granted upon application.

### DE LESSEPS NOW AN INDIAN BRAVE

Montreal, July 6.—Amid the welcoming whoops of Cawghawaga braves, Count Jacques De Lesseps, the famous aeronaut, was yesterday made a full pledged member of the Mohawk tribe of Indians, with traditional feather and pipe, emblematic of peace and good fellowship, and with all the ancient rites of the Red men. The great chief Sakchentinetha received the scion of the French nobility into the tribe and bestowed on him his new name, Tehanerahentsowaner, which being interpreted means "man with the great wings."

### SHOT BECAUSE SHE BROKE ENGAGEMENT

Kansas City, July 6.—Miss Ruby Hirsch, aged 22 years, was shot and fatally injured by Edward Baker, 44 years old, at her home last night, because she failed to keep an engagement with him. Baker fled but was arrested today six miles out of the city.

### Rural Phones Solve These Every-Day Problems

**Problem I. Bad Roads**—The old way was to tramp across muddy trails and mud. The new way is to telephone for what you want, and have it delivered to your door in a few minutes.

**Problem II. Weather Forecasts**—The old way was to work on hazy information, and to guess the issues with "That's what the farmer has to put up with."  
The new way is to telephone every morning to the weather man and get the most of the weather forecasts and benefits of the old way.

**Problem III. Prices Current**—The old way was to ask a neighbor or visit the newspaper. The new way is to get information in the nick of time over the phone, then knowing when to sell and when to buy.

**Problem IV. Emergencies**—The old way of procedure when some one took sick, was to hasten up the "doctor" and make all haste for the doctor. Effort in this direction often resulted in the only result the information: "doctor is out."  
The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.

**Problem V. Help**—The old way was to allow one to go on long errands—visit him a number of times to find out what the doctor's orders were. The new way is to make the phone your errand boy—boy, borrow, kept by means of the "talker" feature.

We have prepared a Booklet describing fully a rural phone system. Handy to carry, and better instructed on the use of this interesting bit of information, seeing it costs you nothing.

Ask for Booklet 3118.

Newcastle Steam Ferry Service

The Steamer "Rustler" recently purchased by The Newcastle Steamboat Co., Ltd., has been thoroughly overhauled and fitted up for a Steam Ferry Boat running between Newcastle and Chatham Head.

She has proved on her trial trips to be an exceptionally fast boat, which will enable the management to furnish an up-to-date service. She had all the elements of an ideal ferry boat, and it will be the aim of the management to meet the requirements of the public.

With a view to encouraging the travelling public to patronize the boat the fares have been reduced as follows:

Single fare foot passenger 5c. 1 way
Single team with driver 15c. 1 way
Double Team with driver 15c. 1 way

A special trip will be made from Newcastle to Nelson and return over Saturday evening.

Leaving Newcastle for Nelson at 5.35 P.M.
Leaving Nelson for Newcastle at 6.10 P.M. Single fares 10c. return 15c.

Passengers from Nelson holding return tickets can return from Nelson on the "Dorothy N." at 10 P.M.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside upon the homestead or pre-empt six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emptive entry for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.00.

CRUSADE AGAINST FIGHT PICTURES

Ontario the First in Canada will Stop Exhibition of Jeff-Johnston Contest.

Toronto, July 6.—The provincial government will, it is said, issue an order tomorrow forbidding the Johnson-Jeffries fight pictures being shown in Ontario.

Albany, N. Y., July 6.—The Albany headquarters of the International Reform Bureau tonight issued an appeal to local authorities "to pass suitable ordinances to prohibit the exhibition in any moving picture theatres of the views of the Johnson-Jeffries prize fight."

"It is demoralizing enough," says the appeal, "to have millions of boys reading the detailed description of this prize fight."

Michael Regan, superintendent of police, stated today that the city ordinance prohibiting exhibitions of moving pictures of prize fights would be strictly enforced. "I am strongly opposed to such exhibitions," said Supt. Regan, "as harmful to the morals and tastes of all young and some older persons."

TENDERS ASKED FOR THE NEW QUEBEC BRIDGE

Details of Construction in Which Old and New Bridges Differ.

Montreal, July 7.—Tenders are now being invited for the erection of the Quebec bridge. The plans, which are now on view in the offices of the Board of Engineers, McGill street, show that the general outline of the bridge will be similar to the one which collapsed.

There, however, the comparison stops, for the details of construction are absolutely different in every particular. In the bridge which collapsed, some concession was made to artistic appearance by the few slightly curved lines. In the new structure there will not be a single curve. There will be six piers—an intermediate pier on the slope of the river bank on either side an anchor pier close to the water's edge, and

a main pier, 586 feet from the anchor pier. The channel span between the two main piers is 1758 feet, as against 1,800 feet in the old bridge will be 2,232 feet as against 3,300 in the old one.

The floor of the bridge will provide for a sidewalk on either side, a high way and electric railway on either side, and two steam railway tracks. The total width of the floor will be 88 feet, as against 63 feet in the previous one.

The specifications require the contractors to state the time in which they will complete the bridge, and this of course, will be one of the factors making for the awarding of the contract. No limit has been fixed by the Government.

AVIATORS UNDERTAKE PERILOUS FLIGHTS

High Winds Interfere With Meet at Betheny Plains—Swedish Aviator has Narrow Escape From Death.

Betheny Plains, Rheims, July 7.—The visit of President Fallieres to Betheny Plains yesterday to witness the contests in the international aviation meeting was marred by bad weather. The president was accompanied by Premier Briand, minister of Justice Barthe, the minister of commerce, and deputy, and general Brun, minister of war. The high winds interfered with the regular flight, but shortly before dusk, Lathan in a monoplane and Weiman and Beder in biplanes, the latter with a passenger, made ascensions undisturbed by the gale. They gave a splendid exhibition of their skill. Baron Cederstroms, the Swedish aviator, and Zwenzon, the Dane, attempted a flight last night across the Sound from Copenhagen to Ma'mo, in Sweden. The distance across is about fourteen miles and neither succeeded in reaching his destination. A strong wind prevailed and baron Cederstrom's engine broke down while he was attempting to make headway against the gale over the island of Saltholm, lying midway in the sound. He had a narrow escape from death, but finally made a landing on the island. Swenson's flight was almost equally as perilous after proceeding a few miles he was forced back and landed on the coast.

THE FORMULA OF "FRUIT-A-TIVES"

Is On The Outside Of Every Box For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics. Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true. Fruit juice consists of about 91% water, 8% of sweet principle, and 1% of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus increasing the medicinal or curative qualities. The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known far and wide as "Fruit-a-tives."

We Want Your WOOL YARN

You want Our YARN

The demand for our Yarns has grown to such proportions that we have decided to cut out all other lines we were manufacturing and make nothing but Yarns. So we take the opportunity to let you know that we will not manufacture or carry a stock of anything but Pure Wool Yarn.

We also decided that we would not be satisfied to make Yarn that we could say was just as good as any other. But we are making a pure Wool Yarn that we know to be the BEST ON THE MARKET.

All our Yarns are manufactured from Pure New Brunswick Wool, and it is admitted by all who profess to know that for making a good strong all-purpose Knitting Yarn, New Brunswick Wool is really the Best in the world.

All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy and are something that we know will not injure the wool in any way. We are also very careful to see that all the machinery is kept in perfect working order to make sure that the Wool Fibre will not be broken or cut in going through the different processes of manufacturing. In fact we are doing the very best we can to put up an article that will satisfy our customers in every way.

We have a large stock of our Yarns on hand in all the different sizes and colors we manufacture, which we will be pleased to let you have in exchange for your Wool.

Washed wool taken in exchange for Yarn at 25c. per lb. Unwashed wool taken in exchange for Yarn at 18c. per lb. Or if you wish to have your own Wool made into Yarn, we will make it up in any of the different sizes and colors we manufacture for the following charges:

Carding and Spinning, 15c. per lb. Coloring Medium Grey, 2c. per lb. Carding, Spinning and Twisting, 17c. lb. Coloring Dark Grey, 3c. per lb. Coloring, Light Grey, 1c. per lb. Coloring Black, 4c. per lb.

We prepay freight on returns for Wool when Wool is shipped in lots of 100 lbs. or over. Samples and further information will be gladly furnished on application to LITTLE'S WOOLEN MILLS, York Mills, York County, N. B. Freight Address: PRINCE WILLIAM STATION, May 30, 04.
