Happy Hour---CELEBRATION DAY WEDNESDAY

WILLIAM FARNUM
DIRECTION WILLIAM FOX

The management of the Happy Hour theatre will offer a different type of play on Wednesday when the Select picture, "Her Great Chance," is shown. Alice Brady is the star of this production, and it was written and directed by Charles Maigne, who based his scenario on a story by Fannie Hurst entitled "Golden Pledge." That this production varies from the usual type of photoplay is significant immediately from its story which tells of the romance of a rich man's son and a shop girl. The latter refuses to marry him while he continues to waste his fortune on Broadway, but as soon as she discovers that he is penniless accepts his proposal. And as man and wife they begin life anew. This little romance is simplicity itself, but from first to last the picture is most interesting. Miss Brady gives a well-sustained performance as the girl, and receives sterling support from David Powell in the opposite role. However, the treatment accorded the picture by the adaptor and director, Mr. Maigne, goes a long way toward establishing its entertaining value. Mr. Maigne who has had a long experience as a scenario writer makes his bow as a director with "Her Great Chance." It is a particularly auspicious beginning that Mr. Maigne has made, for he has treated the story originally in every respect above all has he made sure that the characters are always human. You will not find either Lola Gray or Charlie Cox doing anything that the ordinary human being would consider extraordinary. These are true people. Again Mr. Maigne has discarded the majority of the stereotyped conventions of the picture director, and has turned out a straightforward, progressive narrative that constantly centers itself on the activities of the two principals, leaving minor incidents of the plot that others would have devoted considerable space to, to the mere mention which is all they deserve.

The production throughout is realistic and lavish when the occasion demands, while the supporting cast includes such well-known and capable players as Jefferson de Angelis, Harry Kirkland, Nellie Parker-Saunders, Ormi Hawley and Gloria Goodwin.

Also BRITISH-CANADIAN WEEKLY

NOTICE—All Returned Men will be admitted FREE of Charge Wednesday Night.

THURSDAY

William Fox's 1919 version of William Farnum's great success, "The Plunderer," will be shown at the Happy Hour Theatre Thursday.

This photoplay has always been recognized as one of Mr. Farnum's most powerful dramas. To-day it is even a greater picture because it has been made over and brought up to 1918 standards. It is indeed a thrilling story of a battle for a

gold mine and the love of a pretty and daring girl.

All friends and followers of Mr. Farnum know how he can fight for what is right. In the 1918 version of "The Plunderer" he makes your blood tingle with enthusiasm as you watch him use his powerful arms in defense of the weak and the needy and against the bad men of the west.

ALSO LUKE COMEDY

FRIDAY and SATURDAY

Metro Picture Corporation, maintaining the high standard visible in all their recent releases, will present another feature on the screen at the Happy Hour Theatre on Friday and Saturday of this week, in "The Way of the Strong." This picture adapted from the novel by Ridgewell Cullam, has the beautiful Anna Q. Nilsson as its star and tells an unusual story of the eternal triangle. To say the least, the lines of this triangle are drawn in bold and fearless strokes, there are situations of a refreshing character, while the acting of the star and her associates is of the very best.

The story tells of Alexander Hendrie and James Leyburn, partners in an Alaskan gold mine. Hendrie's wife deserts him when Leyburn promises to take her back to civilization. But in a terrible blizzard Leyburn proves the coward and,

obeying the law of self-preservation, leaves the woman to perish. Her boy, however, escapes death in the storm, and is taken by a friendly miner to his mother's half-sister in the south. The story then skips several years, during which time Hendrie has become a power in the financial world, while Leyburn has also worked himself to a position of importance under an assumed name. The action now centers about the two men and the second woman, Mrs. Hendrie's half-sister, a beautiful young woman who earns her living as special writer for one of the great daily newspapers. The drama is worked to a climax of tremendous effect, justice is meted out to Leyburn and Hendrie finds real happiness at last with a woman who places her faith in him. Joe King and Harry Northrup are the most prominent in the star's support.

"The Iron Test" and Mutt & Jeff Comedy—Matinee Sat. at 4

Longshoremen And Millmen Strike Settled

Practically all the industries on the river were closed down last Wednesday, all the men going on strike following the longshoremen's demand for a nine hour day and an increase in wages.

The mills in Nelson, Newcastle, Douglastown and Chatham were visited by a longshoremen's delegation and all walked out. At a meeting of the lumber merchants held at the Fraser Company's office the employees met a delegation of the men and reached an agreement.

The longshoremen got their demands and the mills go on a nine hour day, the men getting the same wages as they did for the ten hours previously.

At noon on Wednesday the mills and factories at Morrison's Cove and Chatham shut down also demanding a nine hour day. In the afternoon the millmen held a meeting in the Newcastle square and were addressed from the bandstand by Thomas J. Barnett, of Douglastown, Ex-Aid. H. H. Stuart, honorary president of the Northumberland County People's Union and Jos. P. Manderson, of Robinson's mill, who also acted as chairman. The meeting unanimously voted in favor of organizing all the workmen of the Miramichi into one union and elected a committee of ten or fifteen, with Mr. Manderson, as chairman, to interview the operators.

Scarcely had the workmen's meeting adjourned and the committee got down to work when the latter were sent for by the lumber operators and a joint conference of the committee and the owners or managers of the Miramichi Lumber Company, the Shipping Company and all the mills of French Fort Cove, Newcastle and Nelson was held in Fraser's office, Chatham Head. After some discussion an agreement was reached. The longshoremen got the nine hour day and wages asked, sixty-five cents an hour for inside work and fifty-five for outside. The millmen got the nine hour day asked for and are promised readjustment of wages where necessary.

When the employees of Robinson's mill struck Wednesday morning for a nine hour day they proceeded across the bridge where they were joined by the men of Fraser's and Maloney's mills, Chatham Head, and Burchill's O'Brien's and Sullivan's, in Nelson. The procession was some five hundred strong when it reached Sullivan's and Sinclair's mills. Newcastle was already down. Some hundreds of strikers then marched down river and were joined by Buckley's mill at French Fort Cove, the shipyard men at Nordin and the Miramichi Lumber Company at Douglastown.

MacKenzie King Gets The Hook From Farmers

Cornwall, Aug 21—At a convention held at Alexandra yesterday by the United Farmers of Ontario, of the Dominion Riding of Glengarry (Stormont) to nominate a candidate for that constituency in the House of Commons, the delegates carried with great applause a motion that "this convention is not in favor of the nomination of MacKenzie King to represent this riding." J. W. Kennedy, a farmer, was chosen after several other names had been put in nomination.

Mr. King had written a letter to the ex-president of the Liberal Association, in which he stated that if he received unanimous nomination of the party he would accept it for Glengarry Stormont.

Notice to Soldiers

All Returned Soldiers are requested to meet at the Town Hall this evening at 8 o'clock, for the purpose of making arrangements for tomorrow's reception.

Welcome Home!

Gallant sons of Godlike Mars,
From this greatest of all wars,
From long watching with the stars
On the battle plain.
From stern duty nobly done,
For this glorious victory won,
To our country's every son
Welcome Home again!

From the task to you assigned
From the cause of human kind,—
Tho' maltreated and maligned,
You are victors now.
From that far-flung battle field,
Where they died but did not yield.
Now their valor is revealed,
Glory crowns each brow.

Thru the flood of fallen tears,
Thru the agony of years,
Thru a ransomed people's cheers
From the bitter pain.
From the anguish of the strife,
The appalling loss of life,
To each parent, sweetheart, wife,
Welcome home again!
M. WHELAN.

Whitneyville Boy Dies In North Andover

John Jardine, who saw a year's service as machinist's mate on the U. S. S. Paducah, which did patrol duty in foreign waters, died Sunday Aug 17th at the home of his wife's parents, Mr and Mrs. William M. Fernald, 45 Pleasant street, North Andover; after a several month's illness.

John Jardine was born in Whitneyville, N. B. January 24 1888, and came to this city 12 years ago. He learned his trade of machinist at the Stanley Machine company of this city. He removed to Wollaston and was employed by the Tubular Rivet company there at the time of his enlistment in January 1918 in the navy. Five days after his enlistment he went to France and the Paducah did patrol duty until the spring of this year when it returned to this country. He was honorably discharged from service March 17 in August 1917 he was married to Pauline Fernald of North Andover.

He was a member of the United Presbyterian church of this city and the Westminster Bible class of the church and was affiliated with the Odd Fellows in Wollaston.

Besides his wife he leaves his father, John Jardine, and a sister Jessie of New Brunswick, and a brother, Albert R. of Quincy, Mass.

The funeral was held at two o'clock Tuesday afternoon at the Fernald home. Rev. T. C. Atchison, D. D. conducted the services. Burial in Ridgewood cemetery.

The following floral tributes were received at the funeral of John F. Jardine, which was held Tuesday August 19th at the home of his wife's parents, Mr and Mrs. William Fernald, 45 Pleasant street, North Andover at 2 o'clock: Pillow inscribed "Husband" Mrs. John Jardine; pillow inscribed "John Hancock Lodge, I. O. O. F.," "Uncle Phineas," Aunt Jennie Aunt Margaret, and Little Phineas; mounds inscribed "Our Boy," Mr and Mrs. William Fernald; "Brother," Marion B. Fernald; "Our Brother," Mr and Mrs. A. R. Jardine and family, "Chum," John Donovan; neighbors and friends; and Andrew Neel, James Neel, Ross Hamilton and Norman Campbell; basket, Mr and Mrs. John Jardine; bouquet, Mrs. Penly; wreaths employees of Tubular Rivet and Stud Company, Wollaston; employees of American-La-France Fire Engine company; Mr and Mrs. F. S. Higgins and Aunt Annie, Red Bank, N. B.; sprays, Margaret Stewart; Mr and Mrs. John A. Pike and Miss Perkins Westminster Bible class, United Presbyterian church; Etta Wainwright; Mr and Mrs. R. S. Wetherbee and Lloyd; Mr and Mrs. Joseph Van-Buskirk; Mr and Mrs. Wilbur Rowell; Mr and Mrs. A. W. Badger; Mr and Mrs. Harold Lettich; Mr and Mrs. Fred Van-Buskirk; George Jenness; Miss Mattie Irving; Mrs. William Haliday; Aunt Mary, Newcastle, N. B.; Mr and Mrs. Alexander Reed and Mrs. and Mrs. Frank Ray; Mr. and Mrs. Edwin Frost; Mr. and Mrs. Edwin Watts; Mr. and Mrs. Andrew Johnson; Mr. and Mrs. Nathaniel Freeman; Mr. and Mrs. Warren Chadwick and Wilbert and Mary Chase and Ethel Moore. The bearers were Sidney Hoyt, Lindsey Smith, Andrew Johnson Frank Ray, Edwin Watts and Jackson Smith.

Preparations Completed For Gala Day Tomorrow

Public Holiday Proclaimed by Mayor Doyle and all Places of Business to be closed---Newcastle Celebrates as Never Before---A Red Letter Day in the History of the Miramichi.

Tomorrow is "The Day" it no doubt will be the biggest day ever held on the North Shore. All preparations are now complete to make it a "Red Letter Day" in the history of the North Shore. Newcastle has the reputation of doing things right when it starts out to do anything. Everyone who can possibly come to town should be here, as a good time is in store for everyone. Besides we owe it to the boys, and we should all endeavor to give them the time of their lives, and at the same time enjoy the day ourselves as well. The Parade promises to be the largest, and best ever held here; and will be worth any ones while to witness. Two Big Bands will be here during the whole day, so that plenty of music will be supplied. The Field Sports in the Farrell Field in the afternoon will excel anything ever carried out before and a good fast game of Base Ball will also be played. The Public Square will be one big "Pike," where fun and refreshments will be found for young and old alike. Speeches will be delivered from the Band Stand in the evening by prominent speakers, and the Fireworks Display will be in a class by itself. The committee have arranged to put on the most elaborate display of fireworks ever seen in this vicinity. The decorations of the town will be made on such a large scale that the townspeople and visitors will not recognize the good old town of Newcastle. Summing up it will be the grandest event the North Shore has ever seen and the efforts of the committee in charge no doubt will be appreciated by the largest attendance ever seen in Newcastle.

Mackay's Annual Summer Sale

Many Prominent Men Come Out For Tanlac

Mayors, Judges, Bankers,
Lawyers, Doctors, Edi-
tors and Ministers
Indorse It

FEEL IT: THEIR DUTY TO TALK

They Come Forward and Un-
hesitatingly Tell Suffering
Humanity what Celebrated
Medicine Has Done for Them

It is seldom, indeed, that men of prominent, especially men holding high public office, willingly express their incandescence publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid indorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctor Prescribes It.

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best-known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the country.

"In my thirty years of actual practice as a licensed physician in the state of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

Noted Texan Talks

Hon. Archie P. Anderson, ex-sheriff of Harris County, Texas, is unquestionably not only one of the best-known, but one of the most popular men that ever held office in this important office for 13 consecutive years. "I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third, 'in a different man already'."

H. W. Hill, president of one of the leading banking institutions of South Kentucky, and one of the most successful bankers and business men in Tennessee, said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Winder, Ga., is not only one of the best known physicians and druggists in the State of Georgia, but is also a man of extensive property and wide influence, ranking as one of the lead-

Former Mayor Recommends It

Hon. Frank V. Evans, of
Birmingham, Ala., Makes
Strong Statement

One of the latest additions to the large and rapidly growing list of prominent men who have publicly indorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gas, indigestion and in the worst form I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath."

"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

ing citizens of that entire section. He has been in the drug business in Winder for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this Other prominent men who have indorsed Tanlac are:

Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council; Hon. George Samuel Riley, former Chief of Police in Macon, Ga.; Hon. G. G. Lavender, register of Williamson County, Tennessee; Dr. W. H. Brown, 4822 Charlotte Ave., Nashville, Tenn., founder and president of the Tennessee Protestant Home for Girls; John F. Carroll, cotton mill superintendent, of Chattahoochee and Atlanta; Hon. B. F. Whittington, Judge of the Roston Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager for the Gustin Bacon Manufacturing Co., Kansas; City; Mr. James Taylor, Illinois State Mine and Mineral Inspector, residing at Peoria; Rev. W. C. Norton, pastor of the Wesley Memorial Church of Jacksonville, Fla.; Rev. E. G. Butler, pastor Central Baptist Church of Muskogee, Okla.; Hon. R. W. Doman, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms sheriff of Fulton County, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. Kyser, 1204 W. 9th St., Austin, Texas and hundreds of others in every part of the country.

Tanlac is sold in Newcastle by E. J. Morris.

Notice

The Public Schools of the Town of Newcastle will re-open on Tuesday September 2nd. Entrance Permits may be obtained from the undersigned, but application for same must be accompanied by certificate of successful vaccination.

Coal Fields Of New Brunswick

The Canadian Bureau of Statistics gives out the following: The coal fields of New Brunswick have been known for many years, but they have not been developed to any great extent until within the last few years. The seams of coal are thin, not exceeding 32 inches in thickness, and in many places barely reaching 22 inches but they lie in very close proximity to the surface.

From the economic point of view the Minto fields is the most important, and is the field which is at present being most extensively worked. The annual output of coal in New Brunswick for the past few years has been as follows: 1915, 126,923; 1916, 143,658; of course, small in comparison with that of neighboring province of Nova Scotia, but it will be seen that it has shown a marked increase due to the increased demand for coal. The coal itself from this field is of good quality and is consequently in demand for both industrial and domestic purposes. The method of working these thin seams when the surface or overburden extends over fifteen feet is to sink small shafts from which the coal is hoisted to the surface in mine cars holding about 800 pounds. A system of working has been devised to meet the logical conditions of these seams whereby a large percentage of the available coal is extracted. Where the overburden is light, the method of producing is known as "stripping." This method may be described briefly as removing the soil overlying the coal by means of a steam shovel as in the ordinary way of excavating in railroad construction. The coal, which is itself laid bare, is then loaded directly into railroad cars. This latter method of producing coal has been used more or less extensively in the recent past on account of the labor situation, as men accustomed to working in thin seams have been extremely hard to get, while with stripping operations, an experienced labor can be used and a much greater number of tons per man employed can be obtained. Even the difficulty of working during the winter months is to some extent being overcome.

Harvesting The Tomato Crop

The method by which the crop is harvested depends largely upon its disposal. For the early spring crop, which is generally sold in the local markets the tomatoes should be nearly matured before being removed from the vines, and carefully packed in lug boxes or baskets.

When packed for the canneries, the fruit should be placed in lug boxes holding approximately thirty-five pounds, and then hauled to the cars or canneries. Tomatoes which are used for this purpose should be matured at the time of harvesting. While this market can use fruit which would be too coarse for the fresh market, the grower should examine the tomatoes very carefully and all wormy, over-ripe, or green tomatoes should be discarded.

When packing for long-distance shipments, the grower should be extremely careful that only fruit of the highest quality is used. After having been picked from the vines, the crop is generally hauled in lug boxes on spring wagons or in wagons in which straw has been placed, to the packing house where the tomatoes are very carefully wrapped in tissue paper and re-packed in baskets holding five pounds each; four of which constitute a crate. These are loaded immediately upon cars and shipped to their destination. Fruit which is thus disposed of is generally picked a few days before it has matured.

It is very important that the vines be disturbed as little as possible during harvesting. It is a good plan to pull off all wormy or undesirable tomatoes, as the field is gone over; and to burn these in piles or haul them off the field. Great care should be used in handling the tomatoes, for every bruise may start a rot in a few days, and under no circumstances should the stems be allowed to remain on the fruit.—California Experiment Station

Shocking Tragedy At Molus River

Moncton, N. B. Aug. 21—A shocking tragedy occurred at the home of Robert Hutchison; Molus River; Kent County; this afternoon; when Mrs. William Pearson; of Fairbairn; Quebec, and eldest daughter of Mr. Hutchison, was instantly killed by being run over by a team attached to a reaper. Mrs. Pearson was standing at the head of the horses, holding them, and they became unmanageable, running away, knocking Mrs. Pearson down and the heavy reaper passing over her body. Mrs. Pearson, whose home is at Fairbairn, Quebec, was paying a visit to her parents. Her husband had accompanied her to Molus River, but recently returned home. The unfortunate woman was about thirty-five years of age, and leaves, besides her husband, a baby about six months old. She is also survived by her aged father and mother, of Molus River; three brothers, Alex of Brownville Junction; Robert, of Rainy River, Ont., and Blair, of the Royal Bank, Glace Bay; and three sisters, Margaret of Seattle; Etta, of Vancouver, and Bertha, at home. The sad and tragic circumstances surrounding Mrs. Pearson's untimely death cast a gloom over the community, where she was well known.

Gen. Currie Given Reception By Montreal

Montreal, Aug. 21—Following the civic reception tendered General Sir Arthur Currie this afternoon; one of the most notable military and civilian demonstrations ever held in Montreal took place at the Ritz Carlton Hotel tonight when General Armstrong and the officers of No. 4 military district gave a banquet in honor of General Currie; the Canadian Corps commander. All that was notable in the civilian and military population of Montreal attended one of the most brilliant functions in the annals of this city.

In his address General Currie gave a series of reminiscence of the war and concluded with an explanation of the last few days of the conflict; pointing out why the Canadian Corps had been preserved in the fight to the last moment; taking and occupying Mons at a time when the armistice had been signed and the enemy beaten. This General Currie said; had been done under direct orders of Marshal Foch. General Currie paid high tributes to the work of Montreal battalions at the front and had especial praise for General Sir Frederick Loomis and the Highland Brigade from Montreal.

Bile is Useful in its Place

And by Using Dr. Chase's
Kidney-Liver Pills You Can
Prevent Biliousness and
Stomach Troubles

Bile is usually thought of as a poison in the blood which causes biliousness, bilious headache and derangements of the digestive system. But like most things in nature, bile is of the greatest usefulness when found in its right place. It is the duty of the liver to filter the bile from the blood, where it acts as a poison, and to pass it into the bowels, where, by its antiseptic influence, it prevents the fermentation of the food, and hastens its passage through the alimentary canal.

Consequently when the liver is active in supplying bile to the intestines or bowels there is no constipation, no congestion of the kidneys, no clogging of the digestive system. By keeping the liver active Dr. Chase's Kidney-Liver Pills prevent and cure biliousness, constipation, chronic indigestion, as well as serious and complicated diseases of the liver and kidneys.

Mrs. Miskner, Thornhill, Ont., writes: "Last January I was seized with a very bad bilious attack, which caused me to have trouble with my liver, kidneys and bladder. I suffered so much with pain that I became completely worn out. Fortunately I resorted to Dr. Chase's Kidney-Liver Pills, and the use of these pills has left me strong and able to do my work."

England Free or England Sober

A strange alternative indeed, yet often on men's lips today, and forcing itself now as a proposal on which they must come to a decision!

For we are to be asked in England to follow the example of America, and to seek national sobriety by making excess absolutely impossible; that is by withdrawing from the individual citizen his right of self-government in the matter of choosing what he will drink. Sobriety is to be gained at the price of Freedom. Temperance is to be for nearly identified with compulsory total abstinence.

The policy of Prohibition, that is of making it illegal to manufacture, import, and sell any form of alcoholic liquor or beverage, implies a violent invasion of individual liberty as liberty has hitherto been understood in all civilized nations.

It proceeds on the assumption that such liquors are so plainly malefic in their effects that the evident interest of the community requires their total suppression.

If this assumption were securely grounded in the experience of civilized mankind, and in the deliberate verdicts of scientific men, it might seem superfluous to examine the policy of Prohibition which it sustains; but since the contrary is notoriously the case—since the use of alcoholic beverages is as old as civilized communities to-day; since the voice of medical science is so far from giving a clear verdict against the temperate use of such beverages that mainly doctors both recommend it to their own patients, and confirm their advice by their own example—it needs no argument to disallow the assumption on which the policy of Prohibition is based.

What is the implied principle? It is nothing else than the ancient fallacy that abuse cancels use. Because the evils of excessive drinking are grave and extended, it is argued, that moderate drinking should be suppressed.

But moderate drinking and excessive drinking are not kindred phenomena differing only in degree. That is the cardinal error of Prohibitionists. They describe the moderate drinker as the undeveloped form of the drunkard, whereas he belongs to another category altogether.

Tyranny on The March
The drunkard may be kept from drinking by force; and to that extent he may be called sober; but he is as destitute of self-control as ever, and will fall into some fresh excess on the first opportunity.

The moderate drinker is a self-respecting man, whose habit is a temperate use of alcohol, and he will carry that habit of moderation with him wherever he goes.

America, if Prohibition is enforced, will be no more than before, but far fuller of unrecognised drunkards—that is, of men without self-control, whose sobriety is imposed from without and has no secure roots within the man himself.

The notorious growth of the drug habit wherever the policy of Prohibition is adopted proves the moral worthlessness of enforced sobriety. It is interesting to read that the Americans are already crying out for stern action against those who use drugs.

The only security against excess which is worth having is a habit of self-control, and the formation of that habit is endangered, if not rendered impossible, by the "cotton wool" policy of Prohibition.

Prohibition implies the unrestricted right of the majority to coerce the minority. It takes for granted that there is no department of individual conduct which lies outside the majority's rightful control, no personal rights which the majority need respect, no sphere of private liberty into which the majority may not intrude.

If the principle of Prohibition be sound, it must be capable of general application. Alcohol is not the only abused article of human consumption nor the only one with respect to which its abuse stands connected with grave consequences.

The more thoroughgoing Prohibitionists have the courage of their convictions. Already extensions of their favourite method are projected.

A crusade against the use of tobacco is on the way. The vegetarians are stirring. Clothing and amusements can hardly be omitted from the care of these coercionist reformers. The censorship of plays, sumptuary laws and the venerable ecclesiastical device of an Index Expurgatorius may yet form part of the machinery of a modern democracy.

If majorities are to enjoy a more than papal infallibility, so that every

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again
"FRUIT-A-LIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.
"Fruit-a-lives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-lives' and strongly recommend them to every sufferer from Rheumatism."
LORENZO LEDUC.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa, Ont.

thing they determine needs no other title to universal acceptance, it cannot be supported that interference with personal rights will stop short a compulsory total abstinence.

Obsta principia ("Resist the beginnings") is a sound principle for the guidance of free men when tyranny is on the march. The logic of persecution is as attractive as it is venerable but its conclusion is always the same—a vicious circle of violence and reaction, violence provoking reaction, reaction justifying violence.

If the object aimed at is to make England sober in the American sense, that is, unable to get any alcoholic liquor to drink, it may well be the case that Prohibition, if Englishmen can be brought to accept it, may be the right method. But if we would aim rather at building up a strong self-respecting type of Englishman, then we shall not have recourse to that method.

Like most sharp-cut antitheses, that which opposes "England free" to "England sober" is a mixture of truth and error. The last lies in the suggestion that the two qualities can ever really be severed. Freedom apart from sobriety would be a hollow pretence. Sobriety without freedom is a contradiction in terms. Freedom is only then fully possessed when sobriety has become the habit of life, and sobriety is only a genuinely moral condition when it has been freely chosen.

The great Churchman who joined the antithesis, and whose name is now inseparably linked with it, was him self careful to guard his words. As he used them they are wholly true, and cannot be improved upon:

"If I must take my choice whether England should be free or sober, I declare, strange as such a declaration may sound, coming from one of 'my profession, that I should say it 'would be better that England should be free than that England should be 'compulsorily sober. I would distinctly prefer freedom to sobriety, be 'cause with freedom we might in the end attain sobriety; but in the other 'alternative we should eventually lose 'both freedom and sobriety."

Archbishop Magee did not state the whole which is why the policy of coercion would entail Prohibition can not be reconciled with the tradition of Christianity, or with the teaching and example of Christ. Accordingly the Churchmen must not be restive under a law which seems to challenge their most sacred convictions.

How can that be properly prohibited as antioceal which was not only

HEALTHFUL ADVICE

which enriches the blood and strengthens the whole body, via nourishment. If you would recover your strength, try Scott's.

allowed by the Lord but was deliberately entrenched by His command in the religious use of His Church?

Illiterate believers think they can avoid this intolerable paradox by supposing that the wine mentioned in the Gospels was unfermented, but such a way of escape is not open to educated men. Nor is it possible to argue that the original institution of the Eucharist may fairly be revised in reference to the knowledge and experience of the modern world; for the doctrines of the Prohibitionists do not command the general acceptance of modern sages and scientists; and the reverence of believers must needs be offended at the suggestion of short sightedness or error in Him; Whom they worship as Divine.

But few things could be more cruelly harmful to the State than that the law should become unpalatable in the eyes of those religious people who are its natural supporters.

The Test of Experience

That "you cannot make men sober by Act of Parliament" is quite as true to-day as it was before the war. You can associate sobriety with oppression, and thus give a spurious legitimacy to excess.

Even if the unsoundness of its principle did not disqualify it for our acceptance, Prohibition is of all policies that which most needs to be tested by experience. As an emergency measure, indeed, it has many recommendations, for all its results are obtained at once; but as a settled policy it is open to the gravest objection.

Tabulate results for the first five years, and the effect of Prohibition seems amazing indeed. Wait a generation, if the impatience of the community will permit, so protracted a trial, and you will find many of the old mischiefs have come back in worse forms, and some new ones have been created.

Let the American experiment be well tested before it is proposed for the adoption of Englishmen. For the present we shall be wise to give more attention to the known consequences of the smaller experiments already made than to the bold assurances of those who have carried through the larger project.

We may do this with the more confidence since we have every reason for knowing that drunkenness is decreasing; and that along the line of social reform, on which we have en-

LOOK FOR EDDY'S NAME ON THE BOX

Whenever you buy matches, see that the name "EDDY" is on the box. It is your best guarantee of safety and satisfaction. More than sixty years of manufacturing experience is back of it.

EDDY'S MATCHES
Keep the first burning in mind of Canadian homes, since Eddy's matches for every purpose are made in 40 different "Eddy" grades, and the test matches are actually double the cost. It is more than a name on a box. See that the name is on the box.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. No German interest whatever, all rights being purchased from the United States Government.

During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocystic Acid Ester of Salicylic Acid.

MAKE TOMORROW A "RED LETTER" DAY IN THE HISTORY OF NEWCASTLE

NOW COMES THE FLYABOUT

Airplanes Seem to Bid Fair to Take the Place Now Held by the Chummy Roadster.

There was a time, and not so terribly many years ago, when the young man who invested his hard-earned cash in what was known as a best-girl buggy got some mention in the home paper. His purchase was chronicled with the added advice of "Look out, girls!" With red running gears, rubber tires, a tassel on the horse's bridle, and a whip that cost at least \$1.25, this young man was so well equipped that he was a force to reckon with when love-making was going on.

He has passed, and in his stead has come the long, low, rakish motorcar. It burns gasoline and leaves an unpleasant odor in its wake, but it represents speed and exclusiveness. It is the chummy roadster. Too soon, it seems, it also will pass away. In a New York newspaper is the advertisement of an aircraft concern. "What about the boy who overseas has been roaming the sky, day after day, flying free in the glorious ether?" It wants to know. When he comes home, the advertisement says, he will not be satisfied with a motorboat or an automobile. "So why not meet the inevitable," it asks, "and buy him an airplane now?" Now that the stress of war-time production is over, this particular concern is offering flying boats, seaplanes and chummy flyabouts for commercial or pleasure purposes. "An appropriate gift for your son or daughter," is the concluding sentence.

PIGS AS MACHINE GUNNERS

Shrewd Trick Played by Germans When They Fled Before the Conquering American Troops.

The crafty Germans resorted to all sorts of tricks to check the advance of the Yankees in the fighting just before the armistice was signed, according to a letter from Sergt. Sidney S. Foy, formerly of Detroit, Mich., now attached to a headquarters company in a classification camp in France, to a friend in the Michigan city.

Foy writes that pigs were numerous during the advance and that the Germans used them to help in putting Yankees out of action. When the Huns were forced to retreat they would tie a pig by the leg to the trigger of a machine gun. When the Yanks would charge, the pig, becoming frightened, would squeal and tug to free itself. Every tug the pig made a shot was fired at the waves of oncoming American troops, and, of course, some of them were hit.

This was only one of the ruses adopted by the Germans, says Foy, and the Yankees had to use the utmost caution in going over the ground evacuated by the Germans.

Packers' By-Products.

The by-products obtained in the packing house industry may be divided into two classes—the edible and the inedible. The inedible constitute the external covering (hair, horns, hoofs and hides), some of the offal and the bones. From these are prepared a great variety of substances, some of which have developed into enormous industries in themselves, such as leather, soap, glue and fertilizer. The last mentioned represents the ultimate utilization of packing house waste. For example, in the manufacture of buttons, combs, knife handles and spindles from the horns and hoofs of cattle and sheep and the hoofs of hogs the waste resulting from the preparation of these articles was at one time thrown away, but it has been found that by treating such material with sulphuric acid, the nitrogen which it contains becomes available as a fertilizer.

Tanks May Tow Barges.

When the sands are beaten into plowshares, what is to happen to the tanks? Many people must have asked themselves this question, and C. J. Ambert's recent article in the London News suggests an answer, for, with slight modifications, the "whippersnappers" at any rate, might well be used as tractors on the towpaths of our reconstructed state canals. The French government, I am told, observes a writer in the Edinburgh Scotsman, has made experiments already in this very direction and has found that a light tank is capable of hauling four fifty-ton barges at a speed of two miles an hour, which is about twice that of a horse. Mechanical traction has been employed on some of the German canals for some considerable time.

FORCED TO OBSERVE SABBATH

Church Attendance, Until Comparatively Recent Times, Was Compulsory in Great Britain.

Numerous laws in this country, Canada and Great Britain forbid various acts of work and play on Sunday, but not since the lapse of the "blue laws" of colonial days have Americans been forced by legislation to go to church on the Sabbath, an exchange says. In England, however, it was not until the middle of the last century, during the reign of Queen Victoria, that all penalties for nonattendance at religious services were abolished. Some unusual incidents attended the enforcement of the regulations, particularly upon the Hebrews.

They were not released from the provisions of the law until 1871 and multitudes of them were prosecuted for insisting upon observing their own Sabbath. In the thirteenth century, it is recorded, a Jew of Tewkesbury fell into a sewer on a Saturday. Although almost submerged, he would not permit himself to be drawn out, believing that to do so would be to violate the sanctity of the holy day. On the following morning he was quite ready to be removed from his perilous plight, but the authorities, out of reverence for the Christian Sabbath, would not permit the unfortunate man to be rescued until after sunrise on Monday, when he was found to be dead.

As late as 1880 there were persons in English prisons whose only crime was refusal to attend divine service. One of them was a young man who had been convicted at the instigation of his own mother, who appeared against him. In 1817 Sir Montague Burgoyne was haled into court to explain why he had neglected his religious duties. Rigid Sunday observance in England began during the reign of Edgar, in the tenth century, when the Sabbath day was ordained to be kept holy from three o'clock on Saturday afternoon until sunrise on Monday. The most innocent actions were condemned, and death was the extreme penalty for continued violation of the law. About three centuries ago parliament passed a law imposing a fine of one shilling for remaining away from church on Sunday, unless some good excuse was forthcoming. This act remained in effect until comparatively recent times, and inability or unwillingness to pay the fine resulted in a prison sentence.

Films to Replace Books.

Motion pictures will take the place of textbooks in schools and colleges, according to Thomas A. Edison, in an interview recently. "The only textbooks needed will be for the teacher's own use," declares the inventor of the motion picture camera. "A great film library of educational and industrial subjects should be built up in Washington. Then these films could be issued on the rental system to all institutions in the United States, even to the most remote rural schoolhouses, and the system could be so operated that it would pay its own way." Asserting that "anything which can be taught to the ear can be taught better to the eye," Mr. Edison continued: "The moving object on the screen, the closest possible approximation to reality, is almost the same as bringing that object itself before the child or taking the child to that object. Film teaching will be done without any books whatsoever. The only textbooks needed will be for the teacher's own use. The films will serve as guide posts to these teacher instruction books, not the books as guides to the films." By making "every class room and every assembly hall a movie show, 100 per cent attendance" will be assured, Mr. Edison says. "Why, you won't be able to keep boys and girls away from school then."

Muskat Lore.

The feed of the muskrat consists of grasses, apples, bark of trees, water plants, carrots, turnips, cabbage and corn, and crayfish. Although millions of these brown-colored rats are trapped each year for their fur, the number does not seem to decrease. When the fur is made into clothing it is called Russian mink or Baltic seal.

One of the ways of trapping the muskrat is to set a trap three or four inches below the surface of water in a place where he has been in the habit of leaving the water. In this way he will step into the trap as he undertakes to leave the water. Still another way is to place the trap just below the entrance into his home. Some trappers use apples or turnips as bait.

The home quarters is usually quite a large cavity and contains much grass and sticks. During the first two or three weeks of the life of the young the mother muskrat does not leave the home but depends upon the male to furnish the feed supply.

Restoring Devastated France.

The French government has already made arrangements for bringing back into cultivation the desolated and war-torn areas from which the enemy has been driven. The dense population of France makes prompt agricultural restoration necessary to relieve the food situation. Preference will be given to farmers who originally lived in the invaded regions.

A Cinch.

"You think so?" said a man to a woman. "I guess so," she replied. "You think so?" he asked. "I guess so," she replied. "You think so?" he asked. "I guess so," she replied.

Another Murder

In Kent County

Moncton, N B Aug 22—The second murder tragedy that has occurred in Kent County within the last three months was enacted this morning about 6 o'clock at Roy, a small country place some six or seven miles from Buctouche, on the south side of the river, in the parish of St. Marys, when Dominion Police Officer Joseph A. Richards, a veteran of the great war, who won the Croix De Guerre for his efficient services as a member of the French Flying Corps, was shot and killed in the pursuit of his duty.

Albert Nowlan, son of William Nowlan, of the above named place, an alleged military defaulter, aged about twenty-six or twenty-eight years, is alleged to have done the shooting. Particulars received from Buctouche are to the effect that Sergt. Chandler, with Constables Joseph Richard and Velckaln, the latter a returned Russian soldier, left Richibucto about 2 o'clock Friday morning in an automobile for the home of William Nowlan in order to apprehend Albert Nowlan, his son, arriving there about 5 o'clock. Sergt. Chandler and Constable Velckaln secreted themselves in the barn, close to the house, while Constable Richards went into the hayfield nearby and hid behind a haycock. After the two constables in the barn had been there some twenty minutes, William Nowlan came out to the barn and asked what the officers were doing there. The three went into the house and remained there a few minutes. Just as they came out they were startled to hear a shot, followed by a cry. The officers made a search which was fruitless, and returned to the house, thinking Richards would eventually turn up. After waiting a considerable time, the officers went out on a determined search and finally located Richards in a sitting position with his back to a fence that divided the field from a swamp some 300 yards from the Nowlan house. He was quite dead and had been killed by a bullet in the lower part of the body. The body was also filled with small shot, which was presumed to have come from the billy, which he carried, the end of which was loaded with shot and had been shot away, presumably by a rifle bullet.

Richards was a native of Molus River, Kent County, and was in the vicinity of twenty-five years of age. He was married last fall to a Miss Comeau, of this city. Besides his parents, Mr. and Mrs. Archie Richards, he is survived by a number of brothers and sisters. A brother, Jack, recently returned from overseas and joined the Royal Northwest Mounted Police at Regina. Moncton, N B Aug 24—The Moncton police have received a report from Inspector Dawes, of the Dominion Police Force at Buctouche, that Albert Nowlan, wanted for the murder of Joseph Richard, Dominion police officer, surrendered himself at his father's house at 1.05 o'clock this morning to Sheriff Boudreau. Nowlan refused to make any statement.

An inquest will be held into Richards' death on Tuesday.

Claims Urged To

Seat In Cabinet

A politician from the North Shore stated yesterday that the claims of Mr. Loggie, M. P., to a seat in the cabinet were being urged by Liberal Unionists of his constituency and elsewhere. Mr. Loggie is one of the oldest members of parliament from New Brunswick, and in addition to being a successful business man it is claimed he has all the qualities that go to make a successful administrator. It is being suggested that he should be made Minister of Marine and Fisheries, not only because of his practical knowledge of the fisheries. He would be about the first man from the fish business who has been suggested for this position.

Mr. Loggie has not been an outstanding figure in politics in the same way Mr. Carvell was, but he has many friends in the province. Whether he will be able to land the job remains to be seen.—Standard

Town Council Regular Monthly Meeting

The regular monthly meeting of the Town Council was held in the Police Court Room on Thursday August 21st 1919, at 8 o'clock p.m.

Present, The Mayor, Ald. Crocker, Durick, Fish, MacKay, and Russell. Minutes of meeting of July 17th were read and confirmed.

A letter from the clerk of the Executive Council, enclosing a copy of proposed rules and regulations dealing with the storage of explosives was read and on motion of Ald. Russell seconded by Ald. Crocker, was referred to the petition and Bye-Law Committee for report next meeting.

Ald. Fish presented the petition of Miss May Ryan and Thos Jeffrey Sr. for reduction of taxes, and on motion of Ald. Russell seconded by Ald. MacKay, the same were referred to the Petition Committee for report.

The Finance Committee recommended payment of the following bills, which were passed. S. B. Beare Ltd. \$1.90 N.S. Leader \$34.25 and B.F. Maltby \$32.11.

The Public Works Committee recommended payment of the following bills which were passed M. A. Hambrook \$148.75, Ed. Dalton \$72.75 and H. A. Russell \$9.55.

The chairman of the Police Committee reported that officer MacDonald had resigned and that John J. Calliah had been engaged temporarily to fill the position. The Committee recommended that J. J. Calliah be regularly appointed night policeman at the regular salary. It was moved by Ald. Durick, seconded by Ald. Crocker and carried that this recommendation be adopted.

The Park and Fire Committee recommended payment of the bill of T. McAvity & Sons Ltd., for \$34.55 which was passed.

The following bills were recommended by the Light and Water Committee and passed.

Summer Co.	\$22.18
Canadian Fairbanks-Morse Co. Ltd.	\$30.00
A. McIvor	\$5.75
Fraser Ltd.	\$130.00
W. H. Thorne & Co.	\$110.00
I. C. Coal Mining Co. Ltd.	\$75.19
H. A. Russell	\$7.35
Can. Gen. Electric Co. Ltd.	\$186.87
T. McAvity & Sons Ltd.	\$156.42
Miramichi Foundry	\$585.98
Imperial Oil Ltd.	\$66.92

Ald. Durick reported that a Committee of the whole had considered the request of the Town Clerk and Treasurer for an increase of salary and would recommend that the salary be increased to \$1800 per year.

It was moved by Ald. Russell seconded by Ald. Crocker and carried that this recommendation be adopted.

The Mayor asked the co-operation of all in making the Returned Soldier's Reception on the 27th, a success, and invited the Aldermen to attend a meeting of the Committee having charge of the arrangements on Friday evening.

Ald. Fish spoke of a demand from the citizens for an investigation of our valuations and mode of assessment, and intimated that later on the Council might be asked to appoint a committee to look into the matter.

On motion the council adjourned.

Board of Health Notice

To Secretary's and Boards of School Trustees for the County of Northumberland.

The Board of Health Act in addition to the School Law makes it imperative that all children attending the public schools shall be successfully vaccinated.

The Board of Health has appointed medical school inspectors for every parish for that express purpose. You are earnestly requested to co-operate with the Medical School Inspectors in order to successfully carry out the law, and prevent closing of schools on account of smallpox. By order of the Department of Health.

Summer Complaints Kill Little Ones

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours he may be beyond aid. These Tablets will prevent summer complaints. If given occasionally to the well child they will promptly relieve these troubles if they come on suddenly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine so safe and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail for 25 cents a box from The Dr. Williams' Medicine Co, Brockville, Ont.

State of Ohio, City of Toledo, Lucas County, ss. I, Frank J. Cheney, make oath that I am a resident of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.

FRANK J. CHENEY
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1918. A. W. GLEASON (Seal) Notary Public

LIFT OFF CORNS!

Apply few drops then lit sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magical!

A tiny bottle of Frezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or callus between the toes, and the calluses, without any pain or irritation. Frezone is the sensational discovery of a Cincinnati genius. It is wonderful!

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France.

To Mrs. R. D. BAMBRICK:
 The Rectory, Yarmouth, N.S.

Dear Mother:—

I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

Your affectionate son,
 Rob.

Manufactured by the
 Minard's Liniment Co. Ltd.
 Yarmouth, N.S.

Make To-morrow a "Red Letter Day"

Peter Farren Wins At Charlottetown

Charlottetown P. E. I.—August 21—The feature of the horse races at New Annan today was the great battle between Peter Farren, 2.07½ owned by Pat O'Keefe; St. John; and Our Colonel; 2.03¾; owned by Major D. A. MacKinnon; Charlottetown; in the free-for-all; the St. John horse winning the first; fourth and fifth heats and the race. Our Colonel took the other two heats; the third heat being the fastest of the race. The time was 2.16¼; beating the track record. Peter Farren narrowly escaped defeat winning his heats by a nose only.

The 2.20 class was won by Hilda S. with Colorado L.; second; Queen Catherine third; Brenton H. fourth and Dunholm fifth.

The 2.15 class mixed went to John R.

St. John Welcomes Prince Of Wales

St. John, Aug. 15—The Prince of Wales arrived here at ten o'clock this morning on the warship Dragon and was warmly acclaimed. A drizzling rain failed to dampen the enthusiasm of the great concourse of people from all sections of the province.

The landing was made from a tender at historic Reid's Point and the prince set foot on Canadian soil for the first time. He was cordially greeted by His Excellency the Duke of Devonshire, Lieut. Governor Pugsley, Sir Robert Borden, Premier Foster, Mayor Hayes and others. It was the greatest gala day of the city. St. John has seen a prince in many years.

The landing of the Prince was marked by a salute of 21 guns fired by a detachment at West St. John and another at Queen Square. A guard of honor from the 26th Battalion was drawn up on the wharf and after the Prince had inspected it he listened to the doxology and patriotic Canadian songs rendered by one thousand children on a stand near the head of the wharf.

The Royal visitor then entered an auto and in company with the Governor General and Lieut. Governor Pugsley he was driven through the cheering crowds and gaily decorated streets to the army where addresses were presented.

The prince replied briefly to the addresses. He spoke very distinctly and with a strong English accent, and could be heard in all parts of the great hall. In the course of his remarks he expressed regret that time did not permit him to visit Fredericton, the seat of government, and asked that his regrets be conveyed to the people of that city.

His Royal Highness and party next repaired to Barracks Square, where colors were presented to the 26th Battalion and a number of war medals distributed.

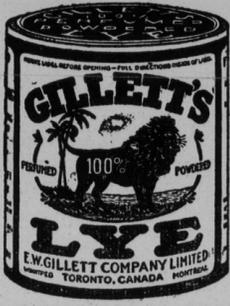

On leaving the Barrack Square the Prince unveiled a tablet to fallen soldiers in the post office and afterwards visited the military hospital at Lancaster.

At noon he was entertained at luncheon at the Union Club and this afternoon he will be a guest at a garden party on the grounds of Lieut. Governor Pugsley at Rothesay.

A Mother's Trials

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, back-aches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and the cure at hand. When well it is the woman's good blood that keeps her well; when ill she must make blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get the blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundantly, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

Announcement

"He who makes two blades of grass to grow where one grew before, is a benefactor to his race!"

Greater Production and Better Quality of Agricultural Products has been the watchword and aim of the Miramichi Agricultural Exhibition Association since it was first formed.

We again invite the agricultural public to prepare for this, our Eighth Agricultural Exhibition and Stock Fair, on Exhibition Grounds, Chatham N. B., opening Monday Evening, September 22nd, and closing Friday Evening, September 26th.

Preparations are being made by the management to make this the Banner Show in every respect yet opened to the public. Previous exhibitions at Chatham have been great successes; this cannot fail to outshine them all.

Visitors will find themselves well repaid in spending several days viewing the farm and garden products, while the Live Stock Exhibit always contains the best herds in Quebec, Nova Scotia, P. E. Island and New Brunswick to view, which must be a delight to any farmer.

Three Days Horse Racing on the Fastest Track in the Maritime Provinces should be inducement enough to make each sane and healthy inhabitant of the three northern counties throng to Chatham during the days on which the races are held.

Chatham holds the Maritime Track Record—2:09½; come and see it lowered. Chatham Hotels are well equipped to care for large crowds.

Those who have visited one of our previous shows are sure to come again; those who have not, should not miss visiting us during September 22nd to 26th.

Our Prize List is Larger Than Ever!

Maritime Press Ass. Annual Meeting

Maritime Members of Canadian Press Truro, Aug. 20—(Special)—The maritime province division of the Canadian Press Association met here today with a fair attendance from Nova Scotia and New Brunswick. The session was of uncommon interest and profit because of the presence of W. J. Taylor, president of the National Association, and J. M. Imrie, its general manager.

Mr. Taylor made a strong address advocating newspaper support for the forthcoming and final Victory loan and quite carried the meeting with his compact and forceful presentation of the matter.

General Manager Imrie, in the course of the proceedings, spoke on the newspaper situation in Canada and on the subject of advertising and his grasp of these subjects together with his impressive analysis and instructive views commanded very marked appreciation.

As the discussion proceeded more rapidly than had been expected it was found possible to complete the programme at the afternoon session. Next year's meeting will be held in New Brunswick, probably in St. John or Moncton. J. C. Keating, of the Moncton Times, presided.

These officers were elected for the ensuing year:

E. W. McCready, St. John, Telegraph and Times, president.

Edwin C. Young, Halifax, Chronicle and Echo, vice-president for Nova Scotia.

J. D. McKenna, Sussex Record, vice-president for New Brunswick.

J. R. Burnett, Charlottetown Guardian, vice-president for P. E. Island.

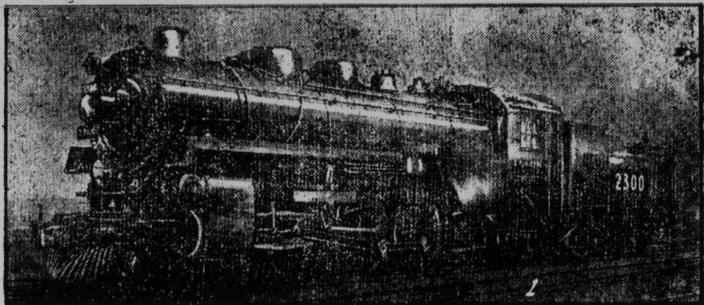

A. D. McNeil, Glace Bay Gazette, secretary.

J. P. Malaney, Woodstock Press, treasurer.

PILES

Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a box; all dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10 cents to pay postage.

To Draw the Prince of Wales

Big and still bigger locomotives are being turned out by the Canadian Pacific Railway. Sixteen new ones are being built at the Angus Shops, Montreal, at the rate of one for every five and a half working days. They are masterpieces of engineering workmanship, the largest and heaviest passenger locomotives in the Dominion, and construction has been speeded up so that those required might be ready in time to draw the Royal Train carrying the Prince of Wales across Canada. They were specially designed, and constructed under the direct supervision of Mr. W. H. Winterrowd, chief mechanical engineer of the C. P. R. The total weight of each engine and tender in working order is 480,000 lbs., the cylinders are 35 inches by 30 inches, the diameter of the driving wheels 76 inches, and the boiler carries 900 lbs. steam pressure—giving the locomotive a tractive effort of 42,000 lbs.

The boilers are very large, each one containing approximately 5,000 square feet of heating surface. A superheater delivers the steam to the cylinders at a high temperature. The tender holds 8,000 imperial gallons of water and 12 tons of coal.

The engines are equipped with a vestibule cab which completely protects the engine men from the bad weather. These cabs are very comfortable and are conveniently arranged, being provided with large clothes lockers.

The new locomotives are to be used in the passenger service of the C. P. R. between Port William and Winnipeg, and between Smiths Falls, Kingston and Harwick. They are sufficiently powerful to eliminate the necessity for running a number of heavy passenger trains in two sections, one of the new engines being able to handle the number of cars that it formerly took two locomotives to draw.

(1) Sixteen of these wonderful engines will soon be running on the C. P. R. lines.
 (2) A Front View: The 2300 is capable of drawing a train twice the size of an ordinary train.

Fastest Transcontinental Train in the World for the Business Man in a Hurry

Trans-Canada Express leaving Windsor St. Station, Montreal

The Gap—Entering Canadian Pacific Rockies

Taken from Observation Car in Canadian Pacific Rockies

Now that the era of reconstruction is here, the business man, who has been taxed to the limit, bought bonds to his capacity and given until it hurts to be permitted to get from place to place quickly, his freight is to be handled promptly and he is to be given every convenience to expedite his business of America. The railroads are the veins and arteries upon which a healthy business body must depend, therefore normally quick and safe help must come from them.

The Canadian Pacific, a property you own in the form of the railroad, is the best and most modern of the transcontinental lines.

Canada—the new transcontinental express of the C. P. R.—pulled out of the Windsor St. Station in Montreal filled to capacity on its three thousand mile run to Vancouver.

This is the fastest transcontinental train in the world, making the trip from Montreal to Vancouver in less than four days, to be exact, 98 hours and 30 minutes, and from Vancouver to Montreal in 94 hours 15 minutes, the run being made without change of cars.

A whole business day is thus saved for the business man in a hurry. An interesting point in connection with this trip is the fact that more than half of the passengers are

regularly registered from New York, Philadelphia, Boston and other American cities, a considerable number being booked for Banff, Lake Louise and points west.

One thinks of a transcontinental train as a single unit, but in reality it is made up of a number of complete units. A daily service, the trip being four days, requires four trains running each way simultaneously. The equipment of the new de luxe train has an estimated value of \$4,000,000, making for the daily run eastbound and westbound 53 sleeping cars, 5 compartment cars, 27 baggage and 24 baggage cars.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles.

I improved in health so I could do my household work; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. B. JOHNSON, R. No. 3, Ellensburg, Wash.
There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which is most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.
Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

War Savings Plan And Penny Bank

The War Savings Campaign conducted throughout the schools has not, as some people imagine, had a detrimental effect upon the operations of the School Penny Bank. The deposits made by the children in the schools to the Penny Bank are on the increase especially among the school children of Ottawa as shown by the reports of March and April.
In the National movement to inculcate habits of thrift among the young people of Canada there is room for the War Savings Stamps Campaign as well as for the Thrift Organizations of the Penny Bank. The one ably supplements the other and both work for the betterment of the individual and the Community.

Reports are being received daily at the Headquarters of the National War Savings Committee indicating how splendidly the War Savings Campaign is being taken up in the schools all over the country. The record of the savings of the pupils in our schools is most remarkable. One school in Cumberland County, N. S. where the average attendance is only seventeen (17), the total invested in War Savings and Thrift Stamps by the pupils up to the end of May was \$150.
Evidently the young people, with their keen appreciation of what is good, have realized the value of investing the value of investing their money in this new security of the Canadian Government and are showing the way to their elders.

Wall Street Journal Approves of Metric System

SAN FRANCISCO, August—The voice of the Wall Street Journal has editorially urged the adoption of metric weights and measures by the United States. The Journal points out that this simple and logical system was favored by Washington, Jefferson, Madison and other statesmen, and that throughout the history of this nation public men and economists have urged the advantages of this simple decimal system of weights and measures. The Journal draws attention to the fact that one of the earliest orders of the war called for the adoption of metric units by Britannia and when the United States entered the conflict America followed suit.
"Perhaps the Anglo-Saxon aversion of change would be quickly overcome, declares the Journal, "were it generally known that our measurement by weights, ounces and quarts had its origin in Germany."

IN MEMORIAM

In Loving Memoriam of Walter E. Mullin, who was killed in France Aug. 19th 1916.
Three years have passed we miss thee still, never will your memory fade
Servant of God, well done!
Thy Glorious warfare is past,
The battle's fought, the victory won
And thou art crowned at last.
Soldiers of Christ, well done!
Praise be thy new employ,
And, while eternal ages run,
Rest in thy Saviour's joy.
MOTHER

Weekly Agricultural Report

CROP CONDITIONS

The hay crop is reported good on the Tantramar Marshes. Cutting is quite general in that section which produces a lot of hay and is later than other parts of the Province.

Generally speaking, the grain crop is inclined to be somewhat thin on the ground but is heading and filling well. In Carleton and Kings some oats are being cut. The quality will be good and the yield quite satisfactory, although not a heavy crop.

Potatoes on the whole are growing well and give promise of a good yield in some sections they are reported as being at a stand still and tops wilting down. While from other districts reports come of an excellent crop. Taking the Province as a whole, if nothing unforeseen happens between now and the harvesting time, there will be a good average crop in the Province.
Pastures are good for the time of year but are gradually becoming poorer with a consequent falling off milk production. Dairymen who have provided green crops for feeding are beginning to use them with good results. This practice is not general enough in the Province. It is the only way to keep up milk production when pastures begin to go down. Factories and creameries report a gradual falling off in milk production. So far the season has been good and the output for the year will be higher than last year. Creamery butter is selling wholesale at 50c. per pound.
Quite a number of lambs are going on the market. Drovers are offering \$6.00 to \$7.00 each for these on the hoof. In some sections they are being bought up at a lower figure.

NEW BRIDGE AT RENOUS
Work on the new steel bridge over the Renous River is progressing very rapidly. The concrete abutments have been completed and it is expected that the steel work will be commenced in a few days. When the bridge is finished it will be a fine structure and replaces a wooden one which has outlived its usefulness.

CHIEF FINLEY'S SALARY INCREASED
FREDERICTON, Aug. 26.—The police commission at a meeting yesterday afternoon decided to increase the salary of chief of Police Finley from \$1,200 to 1500; the same amount which he received while also acting as sub-inspector under the prohibition act.

REV MR BATE TO WED
Fredericton Gleaner: At Christ-church Parish church last evening Major (Rev) E B Hooper, who conducted the service, published for the first time the banns of marriage of Rev A F Bate, assistant rector of Christchurch Parish Church, and Miss Nora Warburton, daughter of Judge Warburton, of Charlottetown. The wedding will take place on September 2nd.

RAPID GROWTH AT BLACKVILLE
Considerable business activity is noted in the village of Blackville this year and its rapid growth is putting it on the map as a real live town. A drug store has recently been opened under the management of Willett Loeb of St John.

The Royal Bank of Canada and The Bank of Nova Scotia have both opened branches there, and Blackville's outlook is optimistic.

CHATHAM EXHIBITION
A novel scheme is being carried out in connection with the Chatham Exhibition advertising Manager Fisher has had very attractive exhibition mementoes put up along the road from Fredericton to Chatham; Bathurst to Chatham; Moncton to Chatham, etc. and the other important highways of the province will soon be placarded. Mr Fisher has travelled some of the ground personally, and reports great interest being taken by a large number who are planning to attend our big exhibition, Sept 22 to 26. Hundreds of people will come by automobile from all over the provinces and the State of Maine.

RETURNED SOLDIER TURNED DOWN
A complaint comes from Renous to the effect that Emmet Donovan, a soldier who returned with honors, was promised the work of superintending the repairing of the Renous bridge, and was turned down at the instance of Dr McGrath, M P P for another man. It is also asserted that although lumber for the bridge was offered from a nearby mill at \$27 a thousand, the structural superintendent purchased it from a mill eleven miles distant at a considerably higher price. His excuse, we are told was that the local lumber contained too much balsam, but the lumber that was bought had twice as large a percentage of that wood.—World

PROPERTY DESTROYED BY LIGHTNING
Last Friday afternoon just before 4 o'clock in a rainstorm lightning struck one of the two barns belonging to John McColm, of Boom Road. The building struck was between another barn and the dwelling house. All three were burned to the ground. One cow, two calves and a pig and thirty tons of hay were also burned. The horses were saved. Most of the furniture, except that of the kitchen, was saved from the house.
At the time Mr McColm and two others were across the river over a mile away. Only Mrs. McColm and daughter were at home. They were not hurt.
The farm machinery was saved not being in the buildings. The loss is several thousands and is hardly covered by insurance.

ARRIVED HERE THIS MORNING
Lieut Col Eric McDonald arrived in the city this morning and is visiting Conductor and Mrs Charles McGibbon—Fredericton Mall

EEL GROUND PICNIC
The Picnic held at Eel Ground last Wednesday was a decided success in every way. A large number from town attended and enjoyed themselves.

Among the applicants for admission as students-at-law the examinations of which are being held this week at Fredericton, is John R Nicholson, of Newcastle. There are twelve applicants in all, one of whom is a young lady.

BIG FIRE AT CAMPBELLTON
Campbellton, Aug 23.—The business section of the town was ravaged by a \$50,000 fire early this morning, when the Empress theatre and the hardware store of W Cook were burned to the ground and the Commercial Block was badly gutted. The fire is supposed to be of an incendiary origin. There is about fifty per cent insurance on the three buildings.

EMPIRE ENLISTMENTS
London, Aug 21.—(Reuters)—The report of the war cabinet for 1918, summarizes as follows the empire's war efforts: Strength of the regular army reserve and territorial force on Aug 31, 1914, was 733,514. England has since recruited 4,996,158 men.

With other enlistments in the United Kingdom and Canada the total white enlistments in the whole empire were 7,130,250. The figures of enlistment for races other than white, including more than 1,250,000 from India, were 152,187, giving a grand total of 8,654,467 for all races of the empire. In addition to these, Chinese and other labor units were raised for service in Saloniki, Egypt and Mesopotamia.

The following were the total casualties of the British Empire to the end of 1918:
Killed: Officers, 38,264; other ranks, 628,569. Wounded: Officers, 92,142; other ranks, 1,948,378. Missing: Officers 11,953; other ranks, 342,610.

After a wedding trip to the White mountains, Mr and Mrs Keefe will live at 14 Orchard street.

J. W. Brankley Severely Hurt Saturday

What might have proved a fatal accident occurred to J. W. Brankley, general manager of Miramichi and allied Lumber Companies at his home, Saturday afternoon about 3.30 o'clock.

An auto tire tube was being changed from one casing to another and one of the tires proved difficult to detach from the rim. It was held in place by a large ring the size of the tire and Mr Brankley gave a hand to the man who was working with a hammer and lever in an effort to pry it off. Suddenly the tire blew out with its 80 lb pressure of compressed air sending the iron ring so violently against Mr Brankley's body and head that on the latter a cut three inches long was inflicted and he was rendered unconscious by the blow and remained so for about an hour. The hammer which the man, Matt Cooke, was wielding was blown violently against his own head and he received considerable of a jolt.
After a day's rest Sunday Mr Brankley was able to be about town as usual Monday morning.

The St Andrew's Sunday School Picnic was held last Wednesday afternoon at Morrell's Beach. A large number of children and friends attended the outing and thoroughly enjoyed the day. All speak highly of this beach as a most delightful spot for the holding of picnics.

MAKE TOMORROW A "RED LETTER" DAY IN THE HISTORY OF NEWCASTLE

Mill Workers of Miramichi Form Union

Chatham, N. B. Aug 21.—As the outcome of the longshoremen's strike, the millmen and waterfront workers of the Miramichi are now organized into a local of the International Longshoremen's Association and an agreement holding good for the remainder of this year.

A public meeting, held in the Opera House this evening, was representative of the workers on both sides of the river from Loggieville to Newcastle with nearly 1,000 in attendance.

Mayor T. N. Gaynor was called to the chair and he spoke briefly but earnestly to the gathering, counselling moderation and pointing out that the employers should be given fair treatment if they were willing to play fair, which, judging by reports, they were willing to do.

E. J. Tighe, of St John, organizer for the I. L. A., was then called upon and he also outlined the steps which had been taken to secure an agreement with the operators.

A delegation of labor representatives had met with representatives of the lumber and forestry interests in Fraser's office during the afternoon, and thoroughly discussed the terms of the agreement made yesterday by virtue of which all the striking workmen of the Miramichi went to work Thursday morning and a strike in Loggie's mill and at Morrison's Cove was averted.

The operators present were Mr Gowan, British timber buyer; W. E. Golding, representing George McKean & Company St John; J. E. O'Brien of O'Brien's Limited; John P. Burchill; William Sinclair, of E. Sinclair Lumber Company; James Robinson; J. W. Brankley and W. P. Eaton, of Miramichi Lumber Company; Mr Stevens, of Dominion Pulp Company; R. A. Snowball, J. B. Snowball Limited; F. M. Tweedie, of Miramichi Foundry; Stafford Morrison, of Maritime Foundry; David Ritchie, of D. & J. Ritchie & Company; Robert Loggie and A. & R. Loggie; D. J. Buckley, Donald Fraser, John and William Maloney.

The labor representatives present were Mr Tighe, international vice-president Longshoremen's Association; J. S. Martin, of Chatham, and H. H. Stuart, of Newcastle.

Hon. Mr Burchill presided with J. L. O'Brien, secretary. After discussion the following was unanimously adopted:

Moved by R. A. Snowball, seconded by J. W. Brankley, that a meeting of the lumber merchants held this day at which Mr. Tighe, of St John; Mr Martin, of Chatham, and Mr Stuart, of Newcastle, were present.

We beg to confirm agreement reached with the ship laborers and millmen whereby we agree to pay all inside ship laborers sixty-five cents per hour with a nine-hour day and all outside ship laborers to have an advance of ten cents per hour and all millmen to receive a nine-hour day with a ten-hour pay as previously paid with the understanding that the above agreement is to stand good for the balance of the season of 1919 all overtime to be governed by the St John schedule.

(Sgd) J. L. O'BRIEN, Secretary Nelson, (N B) Aug 21 1919
After reading this agreement as adopted Mr Tighe advised its acceptance by the gathering. Some turbulent spirits raised objection to the new schedule but wiser counsels prevailed and the vote went strongly in favor.
Mr Tighe then proceeded to speak of the benefits of organization and reviewed the history of the International association. It was decided to organize under the name of Miramichi Waterfront Workers with head office at Chatham and branch offices at Loggieville, Douglastown, Nelson and Newcastle.

Kitchen Utensils in Tin, Enamel, and Aluminum

But the most Durable, Economical, and Beautiful is the Aluminum. When you need anything in Kitchen Ware, don't fail to look over our stock
