FALLS AS HE GIVES ORDERS

Alvin Simms Was One of the Most Popular Masters in Service. Age About 65 Years

Yarmouth, Sept. 30—The death occurred suddenly this morning of Captain Alvin W. Simms, master of the Boston and Yarmouth steamship Prince Arthur. The Prince Arthur was late arriving here this morning, owing to the very dense fog prevailing off the coast, and for a time some difficulty was experienced in picking up the ship's position off the coast.

It is thought that the strain of a hard night's duty overtaxed the captain's strength, as it was noticed after his arrival here that he was much fatigued, and was consequently advised to retire and rest.

CAPT. ALVIN SIMMS

Shortly after this as Captain Simms was on the bridge and about to give some order, he was seen to fall, and when help reached him he was dead. Captain Simms, who was about 65 years of age, was a son of the late Ebenezer Simms, of Plymouth, in this county, and a grandson of the late Robert Simms, Esq., well-known shipbuilder of that place.

When a young man he joined the service of the Boston and Yarmouth S. S. Co. and passed through all the grades of seamanship on the route between Yarmouth and Boston. When the service passed to the hands of the D.A.R. he still continued with a master, and later was continued as a master by the present company. The deceased was recognized as a navigator of exceptional ability and sound judgment, and in the course of his long service preserved a clean record. Year in and year out he brought his ship through wind, snow and fog, with a remarkable regularity. Captain Simms leaves a widow, and two sons, Sherman H., second officer of the S. S. Canadian Victor, and Athleen, of Maine, and one daughter, Miss Geneva, at home. Another son was killed in the great war. He also leaves two brothers, Arthur Simms, of Yarmouth, and Oscar, in Colorado, and two sisters, Mrs. Temple and Mrs. Armstrong, in Lynn, Mass.

The Prince Arthur sails this evening in charge of Captain Letzep Mallett, her present first officer.

OFFICERS TAKEN IN AIR

To Examine The Topography Of The Field Of Operations.

The officers attending the district staff tour are Friday morning engaged in conference over the problems noted in the work of Thursday which was marked by unique features and new experiences to many of them. These were provided by the flying officers, Messrs. Ruggles and Tapping, who carried out a contact patrol as practised during hostilities in Belgium. They had their wireless in operation and in contact with ground lines and also dropped messages successfully. Nine hours continuous flying was accomplished during which time more than thirty officers were taken up and given an opportunity to examine the topography of the field of operations, something that they had but a vague idea of from the military maps, excellent though they are. They learned something of the system of reconnaissance carried out by the air force, and learned to distinguish the positions of cavalry, artillery and infantry posts. General F. W. Hill was one of the first to make the ascent, and he was followed by the others. Flying Officers, Tapping and Ruggles showed marvelous staying power and nerve

FATAL ACCIDENT AT CLARENCE

Mr. T. E. Smith Fell From a Load of Apple Barrels Saturday Afternoon Causing His Death

The funeral was held Thursday of the late Thomas E. Smith, whose death occurred last Wednesday, the result of an accident, which took place last Saturday afternoon. It appears that he was driving down a steep hill and fell from the top of a load of apple barrels. He was picked up in a semi-conscious condition and carried to his home in Upper Clarence. A physician was immediately summoned but it was soon learned that his chances of recovery were slight. He passed away at four o'clock Wednesday morning, aged 74 years.

He was a member of the Baptist Church, and one of the most highly respected residents of that community. He leaves a widow, two sons, Floyd, at home, and Mont in Sioux Lookout, North Ontario, and one daughter, Mrs. B. R. Hall, of Parrsboro. He is also survived by two brothers, Dr. Murdoch Smith and Edward Smith, of Lynn, Mass., and two sisters, Mrs. John Elliott, of South Portland, Me., and Mrs. Eliza Abbott, of Port Williams, N.S. Interment took place in the Lawrence town cemetery, the services being conducted by Rev. J. H. Whitman, pastor of the Lawrence town Baptist Church. The pall bearers were Vernon Leonard, Harry Finnimore, Eldon and Edward Marshall. The floral tributes were beautiful, showing the high esteem in which the deceased was held by his large circle of friends.

MANY AUTO ACCIDENTS

Several People Injured And Three Cars Damaged.

Sunday was beautiful weather for motoring and hundreds of cars toured the Valley roads. Several accidents also occurred. Three in this vicinity. Just east of Round Hill a car containing five men ran off the bank, one of the occupants, Hansel Hyson, son of Mrs. Mary Hyson, of Bridge town, was seriously injured. Another occupant, a Chinaman, received a bad bruise over his left eye, but was able to be on duty in his Chinese laundry on Queen street Monday morning. Hyson is a returned man, who was recently operated on and who has also been an inmate of the Kentville Sanatorium. Mr. T. B. Chipman, who happened along with his car, kindly rushed the injured man to Bridge town for medical attendance. He is doing as well as can be expected. The car was badly damaged.

The same afternoon at Lawrence town a car going east in the act of passing a team coming west was struck by a new limousine, which was following the team. The limousine contained two ladies, one of which was the driver. The car contained men folk. The latter had the running board and mud guards smashed from the right side, while the forward axle of the limousine was badly twisted. No one was injured.

Sunday evening, near the railroad crossing on South street, a team containing two colored fellows while crossing the street, was struck by an auto coming north, with the result that one wheel was smashed off the huggy. The car appeared to be uninjured and no one was hurt.

During the afternoon a man coming out of Kentville en route to Auburn fell off a motor cycle and broke his arm.

WOMAN FOUND MURDERED

New York Police Say Mrs. Fay May Have Been Native of Nova Scotia

New York, Sept. 29—Papers found to-day in an old grip in a room where the body of a murdered woman known only as Mrs. Fay, was discovered last night, indicated, police said, that her name also might have been Townsend and that she was a native of Cambridge, Mass., Halifax, or possibly New Brunswick. A small box in the room bore a label showing that it had been sent to Mrs. Fay from "Edith"

An autopsy performed at the morgue this morning disclosed that the woman had been strangled with an apron string found wound around her neck. The examination revealed that the victim, who was about 23, was soon to become a mother.

Just a month ago the woman known as "Mrs. Fay" took a room at a West Twenty-second Street house. She was accompanied by a food-looking youth of about twenty-five, who, it was understood, was her husband. Roomers saw little of the couple and the young woman displayed a reticence that repelled any friendly advances by the other women.

A week ago to-morrow the supposed husband told Mrs. Catherine Gannon, the housekeeper, that his wife had gone to the hospital for treatment preparatory to the birth of her baby. He received a fifty cent deposit he had made on the door key and left. Nothing further was thought of the couple until yesterday, when Mrs. Gannon discovered the woman's body buried under a pile of newspaper and debris in a closet on the top floor.

A couple known as Mr. and Mrs. Boulanger, who are believed to have come from Montreal, occupied a room diagonally across from that occupied by the "Fays." Mrs. Boulanger, it is stated, was the only person in the house with whom Mrs. Fay was friendly. The couple left last Monday for Montreal. To-day detectives sought to trace them but it was admitted that there was little likelihood that the Boulangers would be able to shed any light on the case.

LOCAL DEATH ROLL

MRS. W. C. DENTON

Major M. C. Denton, of the firm of Denton & Condon, Builders and Contractors, the death of whose wife and child occurred Wednesday night, September 21st, is again bereaved, this time by the loss of his mother, Mrs. Mary Alice Denton, whose death occurred at her home in Barton Tuesday night, September 27th. The deceased was a prominent member of the Baptist Church and had a large circle of friends. She had reached the age of 73 years and although had been in ill health for the past two years, had only been seriously ill a few weeks. Besides her husband, W. C. Denton, Esq., she leaves three daughters, Mrs. Arthur Powell, of Fryerston, Mrs. Joseph Potter, of Fryerston, and Mrs. Fred Raymond, of Waterford, Digby Co., and an only son, Major M. C. Denton, of Digby. She is also survived by one sister, Mrs. Chas. Blackadar, of Lynn; three brothers, Robert Bell, Hill Grove; Harry, at Bear River; Thomas, of Gloucester, Mass., and one half-brother, Joseph Bell, who recently moved to Hill Grove. The funeral took place Thursday afternoon, with interment in the Baptist cemetery at Digby, beside the graves of her daughter-in-law and little grand-child whose deaths are above referred to. The services were conducted by the pastor of the Digby Baptist Church. The relatives and friends are receiving the deepest sympathy of the community in this triple bereavement.

LEONARD OUTHOUSE

Many will mourn the passing of Deacon Leonard Outhouse, whose death occurred at Tiverton on Sunday afternoon, September 25th, at 5 o'clock, aged 66 years. Through many days of pain and with a courage and patience of fine quality, he did his work for his Master without a word of complaint. He spent twenty-six years as a faithful servant in the Baptist Church, and has gone to his reward. In the church he was a kind father, and in the community he was an upright citizen. In the church, as well as in his home, he will be greatly missed. Although far from well, and counseled rest, yet when the church was open for service he was there to help carry on the good work that must be done. He leaves to mourn a widow, one daughter, Mrs. Livingstone Sollows; four sons: Lowell, Frank, Sylvanus and Elden; two brothers, Nehemiah, and Watson Outhouse. He also leaves a number of grand children, and great grand-children. Great sympathy is felt for the two youngest sons, Sylvanus and Elden, who are West, and could not arrive in time

Veteran of Civil War Still Hale and Hearty

GEORGE D. SHAW, Springfield, Mass.

"To say that I feel twenty-five years younger, twenty-five years healthier and twenty-five years stronger express what Tanlac has done for me better than any other way I can put it," said George D. Shaw, veteran of the Civil War, who now lives at 321 Walnut street, Springfield, Mass.

"I am now seventy-eight years old and I don't hesitate to say I have never known a medicine to equal Tanlac. For fifteen years I was subject to attacks of indigestion that were so bad at times I would have to lay up for a week or two. For a long time I lived on crackers and milk alone as nothing else agreed with me.

"When I started on Tanlac I weighed only one hundred and seventeen pounds and my days were

thought to be numbered. I've been so wonderfully built up, I now weigh one hundred and forty-three pounds and my stomach is as sound as a dollar. In fact, I believe I could eat the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and I would like to urge the boys of the 'Sixties' who are not feeling right to give it a trial, for I am sure it would put them in line again just as it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago is certainly something to be thankful for and there is nothing too good I can say for Tanlac."

Tanlac is sold in Bridgetown by S. N. Weare, and by leading druggists everywhere.

(From the Boston Transcript) A bald-headed society man tells this one on himself. He was at a lawn party and a matron who thought he was too busy talking to a pretty girl to notice what she was saying, remarked in a low voice to another matron, "What a nice face Mr. Blank has."

Just then he happened to remove his hat for a moment and he heard the other reply, "Yes, and how much there is of it."

REACHES AWAY BACK

(From the Boston Transcript) A bald-headed society man tells this one on himself. He was at a lawn party and a matron who thought he was too busy talking to a pretty girl to notice what she was saying, remarked in a low voice to another matron, "What a nice face Mr. Blank has."

Just then he happened to remove his hat for a moment and he heard the other reply, "Yes, and how much there is of it."

MUCH ILL-HEALTH DUE TO BAD BLOOD

If The Blood Is Kept Rich and Red You Will Enjoy Health.

More disturbances to health is caused by weak, watery blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or striae. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. J. J. McDonald, North River Bridge, N.S., who says: "For some years I suffered severely with headaches, pains in the back and a run-down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly, a neighbor came to see me, and urged me to try Dr. Williams' Pink Pills. After taking two boxes I felt relief. I got five boxes more and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a baker in a pulp mill, ten hours a day and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

"My hand caught in a revolving belt, and three fingers were badly mangled. After one week's use of Zam-Buk the wounds were well healed. It was worth three weeks' wages to me."

Mr. C. Oakley, of Saskatoon, Sask., says:—"Down at the stoneyard, I cut my leg badly. A doctor sewed up the wound and attended me for five weeks. It had cost me \$40 when I determined to try Zam-Buk. In two weeks I dollar's worth healed the limb splendidly."

CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-TIVES"
And Has Been Well Ever Since

MADAM SLOAT

PERKIN JUNCTION, N.B., Jan. 22nd, 1920
"For many years, I was a great
sufferer from Indigestion, Constipation
and Rheumatism. My Stomach was
weak and gave me constant distress,

while Rheumatism in my joints made
me almost a cripple, was treated by
two different doctors but their medicine
did me no good.

Then I tried "Fruit-a-tives" and at
once that fruit medicine helped me.
Soon the Constipation and Indiges-
tion were relieved and the Rheuma-
tism began to go away, and in a few
months entirely disappeared. For
twelve years now, my health has been
first class, and I attribute it to the use
of "Fruit-a-tives" which I take regu-

MYSTERY SHIP OFF YARMOUTH
Unknown Schooner's Night Trip Gives
Rise To Suspicious Of Run-
ning.

During the past three weeks many
of the Provincial dailies and other
publications have given considerable
space and publicity to the rum run-
ners along the shores of the eastern
part of the Province, and also of
the work of the patrols in that sec-
tion. The Telegram would offer the
suggestion that the patrols be ex-
tended to the western section of the
Province as well, for it is only a
few nights ago that a schooner, of
the fishermen type, was observed
acting rather suspiciously, making
her way into a harbor not very many
miles from Yarmouth, and before
morning she had disappeared. There
is one thing quite certain, that dur-
ing the hours that elapsed between
her arrival and departure it would
have been impossible for the vessel
to secure bait or other supplies. It
was also noticed by some of the resi-
dents in the vicinity of the harbor
referred to, that during the night
several autos were heard either com-
ing from, or going in, the direction
of Yarmouth.—Yarmouth Herald

JOKER'S CORNER

Not Even Married

A lawyer was engaged as counsel
for the defense in a murder case. No
evidence was submitted for the pris-
oner, and, believing that the case was
won, the prosecuting counsel made
only a few remarks in conclusion.

Then the lawyer for the other side
began in a quiet conversational tone.
No reference was made to the murder
but he drew a vivid picture of a pretty
country cottage, a loving wife pre-
paring supper, and three ruddy-faced
youngsters walking up the road to
meet father coming home.

Suddenly the speaker stopped.
Drawing himself up to his full height,
he exclaimed, "Gentlemen, you must
send him to them!"

A roar of applause followed, and
one juror blurted out: "We'll do it,
sir; we'll do it!"

The jury brought in a verdict of
"Not guilty," and the prisoner, with
tears streaming down his cheeks,
wringing his counsel's hands. But
when his sons he managed to say,
"No other man could have done that.
Why, sir, I'm not even married!"

They Needed Pressing
Mr. Featherly weighs over 200
pounds and is sensitive about it. He
was calling on a friend the other
evening when she said naively: "Oh,
Mr. Featherly, would you just sit
soon sit in this easy chair as in that
rocking?"

"Certainly," replied Featherly, as
he changed from one chair to the
other.

"Oh, thanks," she murmured;
"You are very kind. I have a book
full of fern leaves under the cushion
of that chair and you—"

"Good night," said Featherly stiffly
as he walked away, never to return.

After Lodging (?)
Mother was entertaining a few
friends and her young hopeful was
planted in the centre.

"Whom do you like best?" asked
the friend.

"Mother," was the reply.

"Who next?" asked another.

"My little sister."

"Who next?"

"Uncle Jack."

Father asked: "And when do I come
in?"

"At 2 in the morning," was the
reply.

She Knew Where To Find Them
Two golfers sliced their drive into
the rough and went in search of their
respective balls. They searched for
a long time without success, a dear
old lady watching them with kindly
and sympathetic eyes.

At last, after the search had pro-
ceeded for half an hour, she spoke
to them.

"I hope I'm not interrupting, gentle-
men," she said, sweetly, "but would
it be cheating if I told you where
they are?"

Would Come Down For It
A man was walking along the
street, when he drew near to some
laborers, who were engaged in build-
ing a house. As he passed the scaf-
fold a brick accidentally fell, striking
him on the shoulder. Looking up to
the men, who were two stories high,
he shouted indignantly: "Hi, up
there! You've just dropped a brick
on me! 'All right!' responded one
of the bricklayers. "You needn't
trouble to bring it up!"

Easily Satisfied
Mrs. B. (to new servant girl): "I'm
sure we'll get along well, Mary. I'm
easily satisfied."

Mary: "Yes, ma'am, that's what I
thought when first I laid my eyes
on your husband."

YOUNG GIRLS NEED CARE
Mothers! Watch Your Daughters' Health

Health Is Happiness

From the time a girl
reaches the age of twelve
until womanhood is estab-
lished she needs all the care
the thoughtful mother can
give.

The condition that the
girl is then passing through
is so critical and may have
such far-reaching effects
upon her future happiness
and health that it is almost
criminal for a mother or
guardian to withhold coun-
sel or advice.

Many a woman has suf-
fered years of prolonged
pain standing around with
colder wet feet, from lifting
heavy articles, and from
overworking. Do not let
her overstudy. If she com-
plains of headache, pains in the back and lower limbs, or if you notice a slowness
of thought, nervousness or irritability on the part of your daughter, make life
easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Pinkham's Vegetable Compound
is especially adapted for such conditions. It contains nothing that can
injure and can be taken in perfect safety.

Read how Mrs. Eicher helped her daughter. She says:
"At the age of sixteen my daughter was having trouble every month.
She had pains across her back and in her sides. Every month her back
would pain her so she could not do her work and would have to lie down. My
married daughter recommended Lydia E. Pinkham's Vegetable Compound
and I read the books which were left at my door. She took it faithfully and
I now regular and has no pain. We recommend the Vegetable Compound
to all our friends. It is a wonderful medicine. It contains nothing that can
injure and can be taken in perfect safety.

Mrs. Williams will profit by her own experience. She says:
" When I was thirteen years old I had sick spells each month and as I was
very backward I would bear the pain and my mother knew nothing about it
I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and
took my own spending money and bought a bottle. It helped me so much
that I took it regularly after that until I had taken two bottles and I did not
have any more pain or backache and have been a healthy, strong woman. I am
now 39 years old and have a little girl of my own, and when she gets old
enough I shall give her none other than Lydia E. Pinkham's Vegetable Com-
pound."—Mrs. C. E. WILLIAMS, 267 W. Toronto St., Philadelphia, Pa.

For almost fifty years Lydia E. Pinkham's Vegetable Compound has been
relieving women, young and old, of ailments peculiar to their sex. Ask your
neighbor about it, for in every neighborhood there are women who know of
its merits.

Thousands of letters similar to the above are in the files of the Lydia E.
Pinkham Medicine Co., and for years such letters have been published. Surely
it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable
Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments
peculiar to Women" will be sent to you free upon request. Write
to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts.

A number of local moose hunting parties are out this week. Mr. Harry Walker, who was out in Mr. G. O. Thies' party, was among the successful ones.

The church services of Bridgetown are now being held at the winter time, the Sunday evening services at 7 p.m., and the week night meetings at 7:30 p.m.

No one would think that in the days of the present century there would be anyone who would write a letter and mail it without a signature. Such people, however, still exist, for we received such a letter on Monday containing a personal referring to a marriage which took place in Halifax, September 21st.

Next Friday evening, commencing at 7.30, the annual meeting of the St. James' Church "Organized Bible class, will be held in the school room. WEDDING BELLS

BEELER-DARRES

A very pretty wedding took place in the Anglican Church at Victory, on Wednesday evening, September 21st, when Ada C., daughter of Mr. and Mrs. Ozias Darres, was united in marriage to Kenneth Beeler, son of Mr. and Mrs. Geo. Beeler, of Clementsvalle. The church was beautifully decorated by friends of the bride, under the direction of Miss Jane Mallman, of Milford, and Joseph Williams, of Kentville. The bride, who looked very attractive in her wedding gown of white satin and georgette with the conventional veil, carried a bouquet of chrysanthemums, was attended by her sister, Miss Edrie Darres, in a dainty white dress with touches of dull blue—who carried a bouquet of asters and carnations. The groom was supported by his brother, Murray Beeler, and little Marion Potter, niece of the bride, acted as flower girl.

The Rev. A. W. L. Smith, rector of the parish, performed the ceremony, which was a full choral service, the choir rendering "The Voice That Breathed O'er Eden." Mrs. Joshua Simpson presided over the organ.

After the ceremony the guests drove to the home of Mr. and Mrs. Darres, where a delicious supper was served, the young friends of the bride acting as waitresses. A large collection of gifts testified to the high esteem in which bride and groom are held, and included cheques to the amount of \$32.00, besides linen, china, etc.

The groom's gift to the bride was a set of furs; to the groomsmen, gold cuff links, to the flower girl a locket and chain, to the bridesmaid a pearl pin, and to the organist a pin.

The bride's travelling suit was navy wool poplin with small velvet hat. After a week's visit to relatives in Maine and Windsor, N.S., the happy couple will reside in Annapolis Royal, where Mr. Beeler is employed as manager with H. A. West. The best wishes of all are extended to Mr. and Mrs. Beeler in their new home.

SPECIAL FALL TRIPS TO BOSTON

Reduced Rates On Steamers Via Yarmouth Line.

Summer is the regulation time for vacation trips, but there are many advantages in a fall outing. For one thing, rates are often lower.

The Boston & Yarmouth Steamship Co., Ltd., announce that beginning early in October the one-way rate Yarmouth to Boston, regularly \$9.50, will be reduced to \$7.00, with a proportionate reduction in the price of stateroom accommodations. War tax is extra.

October is an ideal month in which to visit the Massachusetts metropolis, social and recreational activities are beginning to get under way again. The shops and stores are displaying their winter goods. The theatres are in full swing. Lectures, concerts and other attractions are ready to entertain you.

There is no city in America more interesting than Boston. Noted for her culture and refinement, she has reverently preserved many heritages of venerable history and in a modern, pulsating present has surrounded herself with an atmosphere of grace and gentility rarely equaled outside London itself. Among many surrounding towns and resorts, are a score of delightful points to visit.

Sight-seeing in summer is sometimes fatiguing, but in golden October, there is just enough zest and "bite" in the air to add a romantic lure to the most prosaic objects. You feel in good spirits and enjoy a trip of this kind particularly well. Why let winter set in without having taken advantage of this splendid opportunity?

ROUGH DOINGS AT DEEP BROOK (Digby Courier)

Some thief visited a Deep Brook wood yard and stole half a cord of good hard wood which the owner had for his winter's use.

The railing and fence on the approach on the east side of Deep Brook were torn down by a stranger in an auto some four weeks ago, in the night time, and one not knowing, is in danger of going down into the brook, some 16 ft. below. The road authorities have been notified but no repairs have yet been done.

This is the open season for woodcock, snipe, plover and yellow legs.

Windsor Tribune: Mrs. Florence Black left on Monday to join her friend, Mrs. Harry Crowe, at Bridgetown, for their trip to Boston and by motor to Toronto as described in a recent issue of the Tribune. During Mrs. Black's absence Mrs. A. P. Shand will be the guest of her daughter, Mrs. A. F. Armstrong. Windsor Tribune: Rev. George Bryant preached at Pembroke, last Sunday. He did not need to remind a portion of his congregation of the fact that he was their pastor nearly twenty years ago, for earnest labor for his Master among the people and churches will never be forgotten. He was accompanied by the present pastor, Mr. Bishop. Berwick Register: Mr. R. N. Clarke left on Friday for New York and expects to sail from there this week for Havana, where he will look after the interests of the United Fruit Companies during the fall and winter months. The public health nurses numbering thirteen in charge of Miss McKenzie, superintendent of Nursing Service for the province held a separate session. In the afternoon they were guests of the ladies of the town at an afternoon tea at the home of Dr. D. S. and Mrs. McCurdy, Prince street. The M. H. O. this morning inspected the chlorination plant which the town of Truro recently installed near the Walker street bridge over the Salmon river for purifying the water pumped from the river for use for drinking purposes. In the evening a public meeting was held at Academy Hall. Dr. D. A. Craig, Red Cross Commissioner for Nova Scotia, Halifax, gave an address on "Popular Public Health Education."

The address was illustrated with motion pictures. Dr. Arthur Gill, V. S., Truro, gave an address on "Milk Inspection."

"Water as a Factor in Causing Disease," was the subject of an address by Dr. B. Franklin Royer, Halifax, executive officer of the Massachusetts Halifax Health Commission.

The lecture was illustrated with lantern slides. Those who attended the meetings to-day were: Dr. M. E. Armstrong, Bridgetown; Dr. G. C. W. Bliss, Amherst; Dr. W. H. Hattie, Halifax; Dr. F. E. Rice, Sandy Cove; Dr. P. S. Campbell, Port Hood; Drs. Jost and Chisholm, of the provincial department of health. Dr. George E. DeWitt, Wolfville; Dr. W. B. Moore, Kentville; Dr. C. W. A committee was also appointed to draft a resolu-

A SIMPLE REMEDY FOR INDIGESTION

There's nothing complicated about the way REDMAC overcomes stomach trouble. It neutralises the harmful acid that's doing the mischief, and does it instantly. With the stomach free from this acid, there's no chance of fermentation, and the digestive organs can do their work unhampered. The following extract from a letter is typical of many written by grateful users:

Redmac has saved me so much pain, and it is so nice to feel I can eat quite what I fancy instead of just plain food.

tion to the provincial government to place vital statistics under the provincial department of health.

The Health Act requiring towns and Municipalities to appoint health officers was passed in 1909. When the first officers were appointed in 1910 Dr. M. E. Armstrong, of Bridgetown, received his appointment and has held it continuously from that date, being the only one in the Province with the above record.

GIRLS WILL BE GIRLS

Mrs. Preble, of Marblehead, Mass., 70 years old, declares that the young women of to-day are "brazen jades" with their short skirts and short hair and peek-a-boo waists, and goodness knows where the flighty things are headed for. Mrs. Packard, of Brockton, Mass., 84 years old, declares that the short skirts are much more sensible than the trailing skirts she was bothered with as a girl, that the peek-a-boo waist is really pretty, and bobbed hair is both comely and comfortable. "People are just beginning to learn how to live," remarks this octogenarian. "When I was a girl there were always a lot of old fags standing around saying that girls shouldn't wear such clothes and carry on so, and they didn't know what was going to become of the brazen hussies."

So there, as the philosopher says, you are. It's a difference in temperament.

GUARD THE CHILDREN FROM AUTUMN COLDS

The fall is the most severe season of the year for colds—one day is warm, the next cold and wet and unless the mother is on her guard, little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if it does come on suddenly their prompt use will relieve the baby. The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

ANOTHER CHURCH FOR DANCES

Five former Halifax Churches Now Places Of Amusement.

Another Halifax church is to be converted into a dance hall—the former North Baptist Church on Gettinsy St. is being renovated and redecorated. This is the second church in Halifax being used for dances, the Auditorium on Tobin St. having formerly been St. Andrew's Presbyterian Church.

This makes five former churches in Halifax which have been converted into places of amusement: the Orpheus Theatre was formerly the Granville St. Baptist Church, the King Edward was formerly Chalmers Presbyterian Church, and the Empire Theatre was formerly the Trinity Episcopal Church.

PROHIBITION A "JOKE" IN CHICAGO

More Drunkenness, More Deaths, More of Every Evil Attributable to the Use of Liquor.

A Chicago despatch says: Federal officials to-day started an exhaustive investigation of the Chicago police department as a result of an appeal by Charles Fitzmorris, chief of police, who declared that, in his belief, "half of the city's 5,000 policemen were bootleggers, plying their illicit liquor operation much more industriously than they watched over the city."

Federal indictment of at least seven members of the force, four of them commanders may be expected within a day or two. Chas. C. Glynne, United States district attorney said to-night in a letter to Charles Fitzmorris, promising that every effort would be made to break up the alleged relationship between liquor rings and the police force.

In a statement Chief Fitzmorris declared that prohibition was a failure, not only in Chicago, but in every city of which he had knowledge.

"In Chicago there is more drunkenness than there ever was—more deaths from liquor than before prohibition—more of every evil attributable to the use of liquor than in the days before the so-called prohibition laws became effective. Prohibition enforcement in Chicago is a joke," he declared.

DIVISION IN TORONTO BAPTIST CHURCH

A Toronto despatch says: The division of the congregation of Jarvis street Baptist Church and the secession of the three hundred and ten members opposed to the Rev. (Dr.) T. T. Shields, is an accomplished fact. Yesterday, while the Jarvis street pastor, in his own tabernacle, praised the Lord for the complete defeat of the powers of evil and the departure of those members who "preferred to be on good terms with the devil" the people so designated, to the number of about three hundred, conducted divine service in their own way in the auditorium of the Y. M. C. A.

N. Y. MOTORISTS LIKE PROVINCES

Some of the Most Beautiful Valleys in the World Located in New Brunswick and N. S.

(From The Bureau of Tours, The Automobile Club of America.)

Roads are being rapidly improved throughout New Brunswick, Nova Scotia and Cape Breton Island and motorists can now reach St. Andrews, St. John, Moncton, Amherst, Truro, Halifax, Yarmouth and Sydney from the middle of May until November, using roads that have at least 60 per cent of the surface improved.

The road car of The Automobile Club of America in charge of O. M. Wells, chief roadman, recently checked these highways and his findings are embodied in this article.

The English custom of driving to the left is followed in the maritime provinces and knowledge of this has kept many motorists from the States away in the past. However, the difficulty should not be exaggerated; the writer with a driver having only American experience, made a survey of roads throughout the maritime provinces and experienced no trouble whatever; everyone drives to the left, which makes it easy for a stranger to conform to the custom.

Some of the most beautiful valleys in the world are located in New Brunswick and Nova Scotia, and there is a diversity of scenery somewhat like the more picturesque sections of New England. Not so many years ago these roads were so poor that it was difficult to reach even the more prominent cities. Now all the main points through the provinces are conveniently accessible by automobile.

ON THE ST. CROIX

On reaching Calais, Me., which is on the United States side of the St. Croix River, a bridge is crossed to St. Stephen, New Brunswick, the first Canadian city. Motorists must stop at the American customs office before crossing, and go into the customs office and present the car registration certificate to the customs officer. He in turn will fill out a permit to correspond with the certificate, which the motorists must carry throughout the Dominion and return to the customs officer at any port when returning to the United States. The above formalities apply to all points of entry.

Motorists will find the American and Canadian customs officers most courteous and willing to assist in every way in preventing delay or inconvenience to the tourist; tourists are made to feel welcome on crossing the border and the same hospitality is shown in all the provinces of the Dominion.

From St. Stephen there is an excellent gravel road to St. Andrews-by-the-Sea, a charming resort with excellent hotel accommodations and fine facilities for golf. From St. Andrews to St. George the road is improved and, for much of the distance, with the exception of one or two sections that are rough but passable, is better than it has been in previous years. From St. George to St. John considerable road construction is in progress and this route should be in excellent condition for the touring season of 1922.

ST. JOHN TO MONCTON

One of the most scenic trips by motor in New Brunswick is from St. John to Moncton via the Kennebecasis Valley. There is a hard surfaced road from St. John through Rothesay to Hampton and the balance of the mileage is gravel. From Sussex there are two parallel roads which provide fair gravel surface to Petitcodiac. Local motorists seem to have a preference for the southerly route which goes from Sussex through Penobscot and Linden Bridge.

The remainder of the route through to Moncton is somewhat rough and rutted. From Moncton through Dorchester to Amherst there are alternating stretches of good and poor road, all of which can be traversed with very little difficulty. From Amherst to Truro there is a choice of two roads. One going directly south through Maccan, Athol, and Southampton to Parrsboro, then due east through Five Islands and Great Village to Truro. The other route runs from Amherst through Oxford, Collingwood and Wentworth Valley to Great Village then on to Truro. Although the road is narrow, with some quite rough stretches, motorists who like wonderful scenery should, by all means, go through the Wentworth Valley via Oxford and Londonderry to Truro.

Motorists going to Sydney and Cape Breton Island will find a large proportion of improved road.

DELIGHTFUL MOTORING AREA

Throughout the summer months, all the way from Truro to Sydney via New Glasgow to Port Mulgrave, where the ferry is taken to Port Hawkesbury. The balance of the trip to Sydney and the trunk lines through

Cape Breton Island, have been so much improved that motoring is feasible throughout the island and very few sections of unimproved road will be found. From Truro south to Halifax there are a few stretches that are quite rough, also a number of sections that are under construction. From Halifax to Dartmouth the best way is to follow the new boulevard to Bedford, which is all hard surfaced and makes a very pretty drive. There are a number of stretches under construction around Mount Uniacke; all of these are passable to Windsor.

The route from Windsor to Yarmouth forms one of the most interesting automobile drives in all the Maritime Provinces. Most of the road, though somewhat narrow, is in good condition and it passes through picturesque villages and fertile farm lands all in a fine state of cultivation. Then on through the Annapolis Valley and the heart of the Evangeline country, made famous by Longfellow's immortal poem, to Digby, a charming village situated on a bluff overlooking Annapolis Basin. Boat connections are made at Digby for St. John by steamer which runs the year around, leaving St. John at 7 a.m. and arriving at Digby at 10 a.m.; returning leaves Digby at 2.15 p.m. and arrives at St. John between 5 and 6 p.m. Touring cars are carried at the rate of \$15 for a small car, \$18 for a medium car, and \$21 for a large car. Cars with stationary tops exceeding 6 1/2 feet in height are not carried.

From Digby to Yarmouth the route runs along a ridge overlooking St. Mary's Bay and passes through a number of quaint fishing villages, including Weymouth, which is situated on the Sissiboo River. Here are living some descendants of the original French Acadians with the characteristics of their ancestors plainly in evidence.

The ocean route from Yarmouth to Halifax via Shelburne, Liverpool, and Bridgewater is very scenic with wonderful marine views. This, however, is not as good as the bay-side route as there are long stretches of poor road. There are three very good cross connections from the Bay of Fundy side to the ocean side of Nova Scotia; from Digby or Annapolis Royal through Maitland and Harmony Mills to Liverpool; from Middleton through Hastings Junction and Riverdale to Bridgewater, and from Kempville and New Ross to Chester.

Nova Scotia offers splendid sport to fishermen, the streams and lakes abounding in square tail brook trout weighing as high as four and five pounds. These can be caught in almost any of the streams throughout Nova Scotia and Cape Breton Island. The Acadian country is also known as the Hunter's Paradise. Moose and deer, also bear, can be killed in season within a few hours run of any of the towns and villages. There is also good ruffed grouse shooting and almost every species of water fowl.

As an alternative, a crossing can be made from Boston to Yarmouth, Nova Scotia, by the steamship of the Eastern Steamship Company, providing a delightful over-night sail thru the Bay of Fundy. From Yarmouth, motorists follow the west shore road through the Annapolis Valley, passing the towns of Digby, Kentville, and Wolfville, and so on to Windsor and Halifax.

The journey from Yarmouth to Halifax takes the motorist through a succession of orchards and in the spring when they are in blossom, the scene is one of great beauty. Another feature of this trip from Yarmouth to Halifax is the tidal stream of ocean, with a rise of 65 feet. Halifax is a fine city, with beautiful parks and gardens and a wonderful land-locked harbor, it is also one of the strongest natural fortresses in the world. Good hotel accommodations are available.

One of the best known guides in Nova Scotia gives this testimonial of MINARD'S LINIMENT: "I have used Minard's Liniment in my home, hunting and lumber camps for years, and consider it the best white liniment on the market. I find that it gives quick relief to minor ailments, such as sprains, bruises and all kinds of wounds. Also is a great remedy for coughs, colds, etc., which one is liable to catch when log driving and cruising during the winter and spring months. I would not be without MINARD'S LINIMENT and cannot recommend it too highly." (Sgd.) ELLISON GRAY

SLIGHTLY MUDDLED

The Caledonia Gold Hunter says: "The government is fully confident of winning the federal election; the Liberals say they're going to win, the Farmer says he is going to win, and the Labor party are planning big things. No wonder if people get muddled."

Boyd Millberry, Digby, was the week end guest of friends in Weymouth.

CLARENCE B. Y. P. U.

The Clarence B.Y.P.U. held a very successful social in the vestry of the church on Monday evening, September 26th. Two classes from the Paradise Sunday School, viz., the Young Ladies' Class, taught by Mrs. H. W. Longley, and the Young Men's Class, taught by Mr. K. M. Brooks, had been invited, and a goodly number arrived at the appointed hour.

The vestry had been tastefully decorated with autumn leaves and festoons of crepe paper, while bouquets of cut flowers and baskets of fruit on tables about the room, gave an informal air to the gathering.

The following short programme was given:

Address of Welcome, Pastor Smith, Solo, Mrs. R. E. Williams
Address to Young People.
Rev. A. H. Whitman
Reading, Mrs. A. H. Whitman
Mr. K. M. Brooks and Mrs. H. W. Longley each said a few words on behalf of the visiting classes, after which our distinguished resident, Capt. Joseph Conrad, was called upon, and the hearty applause with which he was greeted, and which followed his remarks, well showed the good wishes we have for him in the coming races.

After the singing of a hymn, some games and contests were started, which were much enjoyed by all. Refreshments were served about eleven and then, after singing "Auld Lang Syne", and "God Save the King", and repeating the Mizpah Benediction, the young folk departed, declaring that they had spent a very pleasant evening, and hoping for another of the same kind in the near future.

The Pomona, California Progress says: Miss Rita Abbott and Miss Grace Van Kirk have just arrived here from Boston. Miss Abbott has entered the Pomona Business College. Miss Van Kirk, who is a graduate of a college in Ohio, is intending to make her home here and will teach in the schools of California. They are making their home with Mr. and Mrs. George E. THOSE WHO MAY VOTE DEC. 6TH

The New Franchise and Its Operation to the Citizen's Rights as an Elector.

The inauguration of a general election campaign directs attention to the franchise and its operation to the citizen's rights as an elector and the manner in which he will be called upon to exercise those rights, says the Montreal Gazette. The election to be held this fall will see the first general application of the new, or remodelled, Dominion Elections Act, and it is possible that some uncertainty may prevail as to the manner and extent in which the position of the elector is affected by the provisions of that act. There is no need to be, no room for confusion in this respect; the act as amended embodies the same fundamental principles as was contained in preceding legislation, that of what is virtually universal suffrage. This has been known in Canada as a manhood suffrage, the right to vote being enjoyed, theoretically, by all adult males, but the extension of the franchise to include women, upon practically equal terms with men, renders the term "universal suffrage" more appropriate. The fact that women will have the right to vote in all provinces necessitates the preparation of what will be substantially new lists, and will add, incidentally, to the expense of the election.

The voters' list for federal purposes are based upon the provincial lists, provided the latter are not more than two years old. In this province the provincial lists are those of the municipalities and are revised, either annually, by the municipal authorities under statutory direction. These lists will be employed in the coming election as far as they go, but as they are based upon the manhood suffrage principle, and does not accord to women the right to vote, very considerable additions will have to be made. This will be done by registration.

The qualification of electors under the provisions of the Dominion Elections Act requires that every voter, whether male or female, shall be:

- (a) A British subject.
 - (b) Twenty-one years of age;
 - (c) Shall have ordinarily resided in Canada for one year immediately preceding the date of the issue of the writ of election;
 - (d) Shall have ordinarily resided in the electoral district for the two months immediately preceding that date; and
 - (e) Is not expressly denied the right to vote.
- A British subject, under the act means one who
- (a) Was born in any of His Majesty's Dominions or on a British ship, whether of alien parentage or not; or
 - (b) Was borne elsewhere of a father who, at the time of the child's birth, was a British subject, either by birth or naturalization; or
 - (c) Has been personally granted a certificate of naturalization in Canada Great Britain or any of His Majesty's Dominions; or
 - (d) Has had his name included in any such certificate granted to a parent; or
 - (e) Is the wife or unmarried widow of a British subject by birth or naturalization; or
 - (f) Is the child of a person naturalized in Canada, otherwise than under the Imperial Naturalization Act, and was, at or after the time his parent was naturalized and before he or she became twenty-one years of age, resident in Canada with the naturalized parent.

It has been pointed out that the expression "ordinarily resident" has no technical meaning, but the qualification, as regards either residence in the Dominion or in a particular constituency, rests upon the fact of the individual having had a permanent or family home in which he has lived exclusively or partly, or from which he has been merely temporarily absent, or upon his having actual lodgings for two months in the constituency.

Those who may not vote include election employees who are paid of other than public funds; judges appointed by the Dominion Government; women who have merely become the wives of British subjects were not born of the North American continent, were not entitled to vote.
