## PROVINCIAL EXAMINERS.

## The Yournal of Education.

#### HALIFAX, APRIL, 1881.

We subjoin the text of an "Act to further amend Chapter 32 of the Revised Statutes of Public Instruction, and the acts in amendment thereof," passed at the recent session of the legisla-

Be it enacted by the Governor, Council and Assembly as follows:

1. Section 59 of Chapter 32 of the Revised Statutes of Public

Instruction is hereby repealed.

2. The declaration to be required of voters at the annual or other school meetings shall be as follows: I do declare and aftirm that I am a rate-payer of this School Section, that I have paid all sectional school rates for which I have been assessed up to the close of the school year which ended on the 31st of October last,

and that I am legally qualitied to vote at this meeting.

3. Section 80 is amended by omitting the words, "from statute labor, and" in the third line and by striking out all that part of said section which follows the word "juries" in the fourth line as

printed.

4. All Acts and parts of Acts inconsistent with this Act are hereby repealed.

The repealed Section (59) of Chapter 32 reads as follows :-

"In every school section containing twelve or more children over five years of age and in which there is, according to the assessment roll of the country, taxable property to the value of four thousand dollars or upwards, there shall be kept for at least one school term in each year a public free school; and, in all sections where sectional assessment is not required, the Trustees shall establish a public free school."

It is not too much to say that the above provision entirely failed to accomplish the purpose for which it was introduced into the law. While compulsory in form, it did not even suggest any machinery for securing its professed object. It subtracted from, rather than added to, the general duty of the Trustees as defined by another part of the law, "to provide school privileges free of charge, for all persons resident in the Section, five years of age and upwards, who may wish to attend school."

But the true reason for its repeal is not to be found in the fact that it has proved utterly inoperative for good, but in the positive injury resulting from it. It seemed to put all Sections with property above a given minimum limit on a common footing, and to say that the Trustees and rate-payers of the wealthiest localities redeemed their legal obligations by the maintenance of schools for six months of the year. It is beyond question that this has been the interpretation of not a few Boards of Trustees. While not a single school has owed its existence, directly or indirectly, to the section repealed, it has given undesirable encouragement to the reduction of Educational expenditure and privilege in localities abundantly able to sustain continuous schools. The case of aggrieved parents has been made all the harder by the difficulties which the section under consideration has thrown in the way of Trustrees availing themselves of the provisions of the succeeding Section (60) by an appeal to the Board of Commissioners. With the amendment of the law these difficulties disappear.

## THE COUNTY FUND.

THE County Fund for the current and succeeding terms will be apportioned according to the following provisions now coming into effect for the first time :--

"One half of the amount to be raised annually, as aforesaid, shall, at the close of each half year, be apportioned to the Trustees of schools, conducted in accordance with this Chapter to be applied to the payment of Teachers' salaries, and each school shall be entitled to participate therein, at the rate of twelve and a half dollars per term for each licensed Teacher employed, and the balance of the County Fund shall be distributed among the schools. balance of the County Fund shall be distributed among the schools according to the average number of pupils in attendance, and the Regulations will be assued during the ensuing summer.

length of time in operation, but no school shall receive an allow ance for being in session more than the prescribed number of days in any one half-year."

In the case of Border Sections, the Inspector, or Inspectors, will assign to the Treasurers of the respective Counties or Municipalities their proportion of the amount due Trustees on account of Teachers (\$12.50 for each Teacher employed the full term, and proportionally for part of term) as determined by the following statement :

Grand Total Days made by all pupils: G. T. Days made by pupils from either County: whole sum due Trustees on account of Teachers employed; amount chargeable to Treasurer of County or Municipality concerned.

## CORPORAL PUNISHMENT IN SCHOOLS.

We regret to notice that in some parts of the Province a disposition prevails to drag Teachers into Magistrates' courts for alleged excesses in the exercise of their authority. We are informed that decisions have been given in such cases which virtually deny to the Teacher the right of corporal correction in any form or under any circumstances. Our personal opinions on the general subject are, we believe, well known. The true teacher gives the rod but an insignificant place both in his theory and practice. The teacher being a man of like passions with his fellows is none the worse for the restraining influence of law. But what is complained of is that by the prevaling habit of Magisterial interference he is stripped of the rights allowed him by both the Statute and Common Law. Under the former it is made his duty to "enforce proper discipline." For the information of Teachers Parents, and also of Justices of the Peace who may be called on, to give decisions in relation to the subject, the following brief abstract of the Common Law relating to the infliction of corporal punishment by Teachers is published by authority :-

"The law relating to this subject is well settled and clearly defined. The teacher has a legal right by the law of England and of this Province, to inflict upon any pupil under age, a moderate amount of corporal punishment—such as he may reasonably deem necessary for the correction and education of such pupil. Some of the most eminent writer on juris prudence treat the question thus: 'The power of a parent by our English laws, though much more moderate 'than by the Roman Laws,' is still sufficient to keep the child in order and obedience; and it is laid down that a farther may lawfully correct him, being under age, in a reasonable manner; for this is for the benefit of his education. He may also delegate part of his parental authority to the tutor or Schoolmaster of his child, who is there in loco parentis, and has such portion of the power of the parent committed to his charge, viz. ; that of restraint and correction, as may be necessary to answer the purpose for which he is employed.' For this doctrine the authorities are such as Hawkins (Pleas of Crown) Blackstone, Stephens and Kent. The latter, after quoting this passage, adds the following notes of decisions in American Courts, which decisions are simply amplifications of the doctrine thus prevaling both in England and America and indeed wheerver the English Common Law has obtained a

"A Schoolmaster, who also stands in that character loco parentis, may in proper cases inflict moderate and reaso table chastisement." Even adding for acts done out of School, p. ejudicial to its order and discipline."

A HISTORY of British America for the use of Schools is in course of preparation. As the maximum retail price will not exceed forty cents, it is designed both to supersede the School History of Nova Scotia, now authorized, and to provide the Schools with a suitable compendium of Canadian history. On its introduction it will be the sole authorized text on the subjects of which it treats.

(6.) To transact any other necessary business.

THE following has been ordered to be published in the Journal of Education as a Comment of Council on Section 30 of School Law defining duties of Trustees :-

ALEX. MCKAY, Secretary P. E. A.

Teachers on giving required notice to Trustees will, without detriment to Provincial grant or County Fund apportionment to Section, be allowed from three to five days' (as may be required) absence from their Schools, for the purpose of attending Association. But no claim will be allowed unless Teachers send in connection with their returns Secretary's Certificate of actual enrolment and attendance.

Each Board of Commissioners shall have power,

- (1) To create new sections, either directly where none previously existed, or indirectly by the sub division or re-division of existing sections; provided that in neither case shall such action take effect until formally ratified by the Council of Public Instruction; and to make such alterations in the existing boundaries of contiguous sections as may from time to time be found necessary. In all cases coming under the provisions of this section the Commissioners shall have due regard to the number of children and the ability of each section to support an efficient school; and all alterations thus made shall take effect at the beginning of the next ensuing school year.
- (2) To declare upon the Inspector's Report, or other reliable information, the School House, or the houses or buildings used as such, or the appurtenances thereo, unfit for school purposes. Any person may convey or devise real estate to the Commissioners for any district, and duly vest in the Commissioners and their successors in office the legal title thereto, in trust, for the purpose of erecting and keeping in repair a school house or houses thereon; and the Commissioners may sue and be sued in respect thereof, but shall have no control over any school-house or houses or such lands as against the Trustees of the school section, or inhabitants, other than may be expressed by the conveyance or devise.

Each Board of Commissioners shall, at its annual meeting, determine what sections under its supervision are entitled to special aid as poor sections during the following school-year; and the Superintendent of Education shall allow to the trustees of of schools kept in any such section one-third more from the county fund than the allowance to other sections, and teachers employed in such poor sections shall also receive one-third more from the provincial grant.

The several Boards of Commissioners shall have power at the annual meeting, by vote of at least two-thirds preseent thereat, to unite two or more school sections into one school section, on a petition addressed to the Board of Commissioners by a majority of rate-payers of each Section, setting forth that they have agreed among themselves as to the terms on which the existing liabilities shall be borne by the rate payers of the several sections.

Each Board of Commissioners shall have power to exempt from the sectional school rate, either altogether or in part, persons dwelling more than three miles from the school-house in the section where they reside, or in places too sparsely peopled to maintain public schools, or on islands too distant from the mainland to permit children to attend school; and each such Board shall also have power to make such arrangements as they deem necessary to establish schools on such islands, and in such sparsely peopled places, for at least four months in the year.

## TRUSTEES.

Section 23 as amended by Acts of 1879 and 1880 is as follows:—At the first annual meeting of any section, under this law, the majority of the qualified voters present shall elect three Trustees; and at the second and third annual meetings one of the Trustees elected at the first meeting shall go out of office by ballot, and at each annual meeting thereafter he who has served the longest shall retire from office, and each of the vacancies shall be filled by the election of a new Trustee; provided always, that he whose term of office has expired may be re-elected, with his own consent, his time of service to date from such re-election. No irregularity in the mode of electing Trustees shall invalidate the election unless formal objection be taken thereto by a qualified voter before the adjournment of the meeting, provided that the person so elected possesses the qualifications required by law for the office of Trustee.

(Eligibility for the office of Trustee is defined in Sec. 55.)

Section 27 as amended by Act of 1878, reads:—The Trustees of any section on the recomendation of the Inspector of Schools for the County (or District) may, in their discretion, admit to school privileges, pupils from other sections; and if the Trustees shall deem it necessary they may exact from such pupils a reasonable tuition fee.

Section 34, Sub-section 10, was amended by Act of 1879, by substituting for the words foll-wing the clause, "The Trustees shall present a complete return to" as follows: "The Board of Commissioners of that District in which the School House is situated, marking the Return as that of a Border Section, and to the Commissioners of the other District a supplementary Return containing the number of enrolled pupils belonging to each District." and the Grand Total Days' Attendance made by the pupils of each District." The following was added as sub-section 11 to same Section: "It shall be the further duty of the Trustees to forward to the Inspector of Schools within one week after the Annual School meeting of the Section a copy of the minutes of the meeting duly signed by the Chairman and Secretary thereof."

## SECRETARY OF TRUSTEES.

The Act of 1880 adds the following to Section 39:—"The sum or sums on which the Secretary shall be entitled to receive commissions under provision of this Section shall be taken to mean only the moneys directly levied on Section and collected in accordance with vote of annual meeting and shall not include County Fund apportionment or Provincial Grant of any kind.

The Act of 1876 provides that the Secretary of Trustees in each school section in every County of the Province shall make up the school accounts relating to such section at least three days before the annual meeting, and shall forward such accounts together with all vouchers and papers relating to the financial affairs of the section, to the auditors hereinafter provided for, who, after due examination of the same, shall report thereon at such annual meeting.

## MODE OF SUPPORT.

Instead of Sections 41, 42, 43, 44, 46, 48 and 49, which were repealed by the Act of 1874, the following provisions were substituted:

Hereafter, legally qualified teachers employed in the common schools in accordance with the chapter hereby amended, shall receive from the Provincial Treasury according to the following rates for the school year:

All teachers holding licenses of Grade B, the sum of one hundred and twenty dollars each.

<sup>\*</sup>Cap. 1, 38 Vic., defines these twenty days as any twenty consecutive days after the election of the Trustee or Trustees, who shall refuse to act, or neglect the performance of their duty.

All teachers holding licenses of Grade C, the sum of ninety dollars each.

All teachers holding licenses of Grade D, the sum of sixty dollars each.

Every teacher shall receive semi-annually one-half of the amount mentioned in connection with his or her grade in the foregoing scale, or rateably according to the time he or she shall have satisfactorily taught a public school.

Section 53 is amended by Act of 1880 by adding after "therein" in the sixth line the words " at the rate of twelve and a half dollars per term for each licensed teacher employed, and the balance of the County Fund shall be distributed among the schools."

Section 54 was amended by Act of 1876 by substituting in line 16 for twenty-one years of age or upwards" the words "between the ages of twenty-one and sixty." It is also amended by Act of 1880 by adding after the words "County rate-roll" in the twenty-third line the words "which shall be the County rate-roll as made up next after the time of the annual school meeting"; also by adding at the end of the section hereby amended the following words: "provided that when on such appeal it shall be ordered that any part of such rate shall be refunded to the appellant, such order shall be on the Trustees of the school section appealed against, who are hereby required to repay the same to the party aggrieved who are hereby required to repay the same to the party aggrieved out of any funds in their hands; and if there are no funds in hand, they shall assess for the same at the next annual meeting, or at any special meeting called for the purpose."

Section 55 was amended by Act of 1879 by inserting after the clause, "as provided in Section 54 the words "and having paid all poll-taxes previously imposed, including that of the year just closing."

Section 65, as amended by Act of 1876, reads as follows: "Any regularly ordained minister occupied in ministerial work, and an unmarried woman, or widow, shall be exempt from sectional assessment on all property to the value of five hundred dollars, but shall be liable for any excess of that sum.\*

As to Section 71, see Act of 1880 and editorial remarks in this JOURNAL.

## NOTE TO SECRETARIES OF TRUSTEES.

The Education Office is in almost continuous receipt of correspondence which should have been sent to the Inspector of the District from which it emanated. That functionary possesses a much more accurate knowledge of local matters than this Office can possibly have. At least three-fourths of the questions raised in the correspondence from Trustees come under the range of the Inspector's duties, and can be most easily disposed of by him, provided he is properly conversant with the affairs of his District.

<sup>\*</sup>By comparing 64 and 65 both are amended, it will be seen that persons over 60 years of age are granted no exemption in respect of sectional assessment, but ggs free from payment of poll tax.
