Government Demands That C. N. R. Disclose All Assets—Foster Urges Wider Public Ownership of Grain Elevators

C. N. R. MUST GIVE CLEARER LIGHT ON AFFAIRS

Negotiations for Bond Guarantee Will Not Be Concluded Until Railroad Takes Government More Fully Into Its Confidence, It is Stated.

OTTAWA, March 13.—It was authoritatively stated to The World today that the agreement which the government will enter into with the Canadian Northern Railway will not be consummated until Sir William Mackenzie produces assets sufficient to warrant the government entering into any agreement with the company.

It is freely stated that the C.N.R. authorities have not treated the government with all the fairness which was expected of them in the matter of securities. The question is simply one of date, the requirement being that the C.N.R. should show to the last dollar where the money that went into the system is, and what the actual assets are. It is understood that Sir William Mackenzie has not done so yet.

It is learned that the proposed agreement to guarantee the bonds of the Canadian Northern will not be submitted to the caucus of the Conservative party, which has been called for Wednesday next to deal with the question, unless in the meantime the C.N.R. has shown that there is a surplus of assets over liabilities, with the guarantee of forty millions included.

Borden's Denial.

It was stated to The World tonight that if the full terms of the basis of agreement were known there would not be any strong objection to it on the part of any one.

The whole question is, of course, one for the Conservative party to decide upon in caucus, and they may or may not resist the agreement which Sir William Mackenzie has offered to the government and which was outlined in The World today. It would seem that the next move is up to the Canadian Northern.

Meanwhile, Premier Borden has issued the following statement: "Reports have appeared in the press to the effect that the Canadian Northern Railway have reached a definite understanding with the government, under which a guarantee of bonds will be submitted to parliament. This report is entirely inaccurate and unfounded. No agreement or understanding of any kind has been arrived at."

EX-CHIEF OF POLICE WILL RUN FOR SHERIFF

Kohler of Cleveland, Dismissed for Misconduct, Seeks Public Office.

CLEVELAND, Ohio, March 13.—Fred Kohler, ex-chief of police, nationally known as the "golden rule" chief, in an open letter announcing his candidacy for sheriff, declared today he had "paid in full" for his dismissal from office a year ago.

Kohler was dismissed by the civil service committee for misconduct. He was previously named in a divorce suit. In his letter he said he wished to be rehabilitated with his fellow-citizens, that he had "paid in full," and that no further penalty ought to be exacted.

HOLD ROUSING RALLY FOR HYDRO-RADIALS

Hon. Adam Beck Addresses Many Delegates at Stratford Meeting.

STRATFORD, March 13.—One hundred and sixty delegates, representing all the surrounding municipalities, attended a hydro-radial meeting here tonight. Hon. Adam Beck was the principal speaker. The benefits of hydro-radial lines were expounded by Mr. Beck and H. B. Morphy, K.C., M.P.; James Torrance, M.L.A.; T. J. Hannigan, J. W. Lyon and Mayor Samuel Carter of Guelph. The city was formally declared a member of the hydro-radial union of western Ontario.

WIRELESS TELEPHONY TESTS ARE SUCCESSFUL

Marconi Uses Italian Warships in His Latest Remarkable Experiments.

AUGUSTA, Sicily, March 13.—It is announced that the tests in wireless telephony made during the past week between warships of the Italian fleet by William Marconi on board the battleship Regina Elena, flagship of the Duke of Abruzzi, were entirely successful. The Duke of Abruzzi presided over the experiments and expressed his admiration of the results attained.

KICKED BY HORSE HIS INJURIES MAY BE FATAL

Wm. Ruddman, Civic Stableman, Badly Injured in Eastern Avenue Stables.

While bedding the horses in the city stables on Eastern avenue yesterday afternoon, William Ruddman, 10 Kew Beach avenue, was kicked in the face by a horse and knocked unconscious. He was conveyed to St. Michael's Hospital in the police ambulance, where it is reported his skull is fractured and his condition is critical.

FOSTER UPHOLDS STATE CONTROL OF ELEVATORS

Government Ownership and Co-Operative Methods Offer Solution of Western Grain Problem, He Contends—Will Help to Reduce Cost of Living.

OTTAWA, March 13.—Hon. George E. Foster, minister of trade and commerce, in a brief, witty and business-like speech in the house this afternoon declared that, in his opinion, the salvation of the west lay in government and co-operative ownership of terminal grain elevators and in co-operation generally, and that if the co-operative system was extended to Eastern Canada it would do much to reduce the present high cost of living.

That the government thought likewise regarding public ownership of elevators was shown in his statement of its policy regarding the handling of western grain.

The subject came up while Mr. Foster was endeavoring to put his estimates thru the house. Mr. Buchanan, the Liberal member for Medicine Hat, inquired if the government intended to enlarge its terminal elevator system.

Policy Unchanged.

In reply Mr. Foster stated that the government did not intend to deviate from the policy it laid down at the last session, namely, that of establishing terminal grain elevators, owned and controlled by the government, at the head of the Great Lakes, at Moose Jaw, Saskatoon, Calgary, on the Pacific coast and also one at the northern terminus of the new Hudson Bay railway, which is now rapidly nearing completion.

"We intend," said Mr. Foster, "to introduce legislation at this session which will empower the grain commission to inaugurate a system of grain inspection and supervision which will enable them to guarantee that the grade given to the wheat at the terminal elevator will not be changed upon its arrival in Liverpool. This will prove to be a great boon to the western farmer, as it will enable him to realize the full market price for his grain."

WILL BUILD TWO NEW PUBLIC SCHOOLS AND ONE TECHNICAL TO COST A MILLION DOLLARS

Eastern Section of City Will Be Served by Building on Pape Avenue - Glenwood Avenue Site Approved—New Technical High School to Meet Cross-Don Requirements.

Two large public schools are to be erected by the board of education just north of Danforth avenue, and the eastern technical education institute is also to be erected north of Danforth avenue, within easy walking distance of the civic car line. The public schools will cost approximately \$200,000 each, and the technical school for the east end about \$400,000. The sites, three buildings and equipment will aggregate about \$1,000,000. It is the opinion of the trustees that if the purchase was delayed until the Bloor street viaduct is completed the sites would cost another \$100,000.

TWO SITE OFFERS APPROVED.

Two offers for sites were approved by the property committee yesterday. The committee will offer Robt. Davies sixty thousand dollars for five and a half acres of land 1200 feet north of Danforth avenue with a frontage of 400 feet on the west side of Pape avenue.

The site for the second public school building is about five acres of land owned by the Toronto diocese of the Church of England, five hundred feet north of Danforth avenue and fronting on the west side of Greenwood avenue. The sum to be offered for this property is \$45,000.

The purchase of several lots adjoining Clinton street school grounds for an enlargement of the school property there, was authorized.

ON CITY OUTSIGHTS.

Trustees McTaggart, Dr. McKay and Jackson were appointed a sub-committee to report on the school requirements of the northeastern part of the city adjoining school section No. 26, York Township.

REPEAL OF TOLLS EXEMPTION WITHIN A WEEK IS PROBABLE

Short and Breezy Debate in Congress and Senate Practically Certain to Result in President Wilson Being Sustained—Conferences Held Yesterday.

WASHINGTON, March 13.—Administration leaders in the senate and house today set themselves for a quick and decisive battle next week over the repeal of the toll exemption clause of the Panama Canal Act, contingent that President Wilson's plea for reversal of policy in the interests of foreign relations would be heeded.

In the senate, after informal conference with Democratic senators and a talk with President Wilson, Senator Owen of Oklahoma introduced a repeal bill similar to the Sims bill pending in the house in order to have the issue placed immediately squarely before the committee on inter-oceanic canals. It also was determined to hasten consideration of the measure by this committee that it may be ready for action in the senate as soon as it is disposed of in the house.

Representative Adamson, chairman of the house committee on interstate commerce, who is leading the fight for the president's plea in the lower body, conferred with senators during the day, giving assurances that the repeal bill would be passed by a comfortable margin by the end of next week.

Fight in Committee.

Senate leaders were expected to begin vigorous action before the house completes its work on the matter because of a realization that while ultimate passage of the repeal is assured, there will be a hard fight in the committee on inter-oceanic canals, which has jurisdiction over the bill.

Senator Chilton is counted on by the administration leaders to vote for a repeal measure since the president has flatly declared that there must be no compromise in settling the issue.

Should the majority report the bill unfavorably, Senator Owen and others of the minority will submit a minority report, upon which the senate would be asked to act.

Much discussion prevailed in the senate today as to the outcome of the issue, it being generally conceded that the repeal bill would pass.

SCRAMBLE FOR CANADA'S SCRIP

Underwriters Left With Bulk of Recent Issue Will Secure Handsome Profit.

LONDON, Saturday, March 14.—Despite depression generally felt on the stock exchange yesterday, Canadian Government scrip fully maintained its strength. In the afternoon the price sprang to 13-16 premium for special settlement, while for cash holders were able to obtain 11-15 premium. Underwriters who were left with 87 per cent. are now being congratulated instead of consoled with. Some of them are now declining to sell on the ground that the price will certainly be raised to 100; that is to say, 1 premium, the issue price having been 99.

This affords another instance of the public's refusal for weeks past to apply for new stock on prospectus, and except when the markets are good they have preferred to wait for the underwriters to get landed with fair-sized blocks and then to come in to buy at a discount.

DISCUSSION OF HOME RULE WILL BE RESUMED IN HOUSE MONDAY

LONDON, March 13.—Since Premier Asquith made his Ulster proposals on Monday, and Sir Edward Carson countered with a demand that no time be set for the exclusion of the counties, the question has remained entirely in suspense. Next Monday, it is officially announced, Premier Asquith will state the changes which his proposals require in the home rule bill. He will not withdraw his offer, nor will he add to it.

Renewed negotiations with the Nationalists may be undertaken by the Liberals in the near future, but no definite change is likely till the renewed debate on the second reading of the bill.

SCHOOL VILLAGE FOR MENTALLY DEFICIENT

Controller McCarthy Outlines Plan by Which Toronto Will Accept Responsibility to Teach All Children Who Can Be Taught—Legislation Being Arranged.

"The City of Toronto has the responsibility of caring for the education of all its children who can be taught, therefore those children who have not the mentality to acquire education from books and blackboard illustrations, but who can be taught such handicraft, which, under supervisors, would make them self-supporting, are to be the care of the city," Controller McCarthy stated yesterday.

"Toronto will establish a village populated only by such children as can only be taught handicraft that will make them self-supporting. Necessarily supervisors will also live in the village. There will be stores, factories, post-offices, places of recreation and amusement, etc. It will be a community of contented, happy children."

Cost Not Great.

"The expense of establishing and maintaining this village will not be greater than that required by one of the largest public schools in the city."

"This will be the system for segregation: Pupils of the public schools who are normal but somewhat slow in learning are now being taught in ungraded classes in the schools, with a view to assisting them in promotion to higher grades. Children who enter the public schools and are found to be so mentally defective that they cannot be educated in ungraded classes will be assigned to special classes, where training in handicraft will be specialized. These children for the special classes will be collected each morning and taken to their school homes each day. Children who are not susceptible of any education except in handicraft will be educated in the village established for them."

Inspection Thorough.

"The only children who will be committed to the village will be delinquents passed thru the juvenile court, and there a committee, assisted by a psychologist, will pass upon such commitments. The other children who go to the village will simply be admitted. This will limit compulsion to delinquents."

"By this system there will be a clearing-house for mental defectives, who should be in a custodial institution. That class will be the charge of the provincial government."

"The necessary legislation for this care of the mentally defectives is now being arranged," Controller McCarthy said. "Before I came to be a controller I expect to see the village established, and Toronto's plan for care of mentally defectives become an example to other places having the same problem."

POLICE ARE HURT IN DUBLIN FIGHT

Capt. White, Son of Lady Smith's Defender, Wields Club With Great Effect.

DUBLIN, March 13.—Leading a march on the lord mayor's home at the head of an army of the unemployed, Captain White, son of the late field marshal, Sir George Stuart White, defender of Ladysmith during the Boer war, met a baton charge of the police so fiercely that five charges of assault were laid against him. Captain White, wielding a large club, inflicted severe wounds on Inspector Purcell, who led the police. Many heads were broken, including that of Captain White.

Captain James Robert White, formerly of the 1st Gordon Highlanders, resigned his commission to organize a Nationalist force to uphold the authority of the crown and government of Ireland on the same lines as the Ulster force which Sir Edward Carson, the Ulster leader, was organizing. Captain White went thru the South African war with distinction, receiving the Queen's and the King's and the distinguished order service medals.

Two Plays Conclude Engagement.

The local engagement of the distinguished actor, Laurence Irving, and his London company concludes at the Princess Theatre with "Typhoon" this afternoon and "The Unwritten Law" tonight. Two very superior plays.

EXTENSION PLAN CALLED VISIONARY

Ald. McBride So Refers to Victoria Street Project in Committee.

LENGTHEN CHURCH ST.

Teraulay Also to Be Prolonged as Part of Yonge St. Widening.

Is the extension of Victoria street from Gerrard street to Bloor street visionary? Ald. McBride declared it so yesterday in the committee on works.

"There are streets which we will not allow to be closed," Ald. McBride insisted, "and the plans of those who are operating in reality there are to close some streets. Anyway it will be ten years before Victoria street could be extended."

Ald. F. Spence had enquired why Victoria street should not be extended instead of Church street in the plan to relieve lower Yonge street. Teraulay and Church streets are to be ex-

FURTHER DELAYS TO EAST ENTRANCE

Additional Approach to Exhibition Park Not Possibility This Year.

DISPUTE OVER BRIDGES

Two Large Factories Want Damages for Being Placed on Lane.

An eastern entrance to Exhibition Park seemed a few days a probability for this year's Canadian National Exhibition. It is not now a possibility. At the meeting of the committee on works yesterday the matter of the reconstruction of the Strachan avenue bridges over the railroad tracks was referred back for a further report showing the probable amount of damage the city would have to pay for putting large factories upon a twenty foot lane instead of a road of standard width.

The John Inglis Company asked that the new bridge be deviated eastward twenty feet so as to give a forty foot road for the factory instead of the twenty foot lane the proposed bridge allows. Commissioner Harris contended that the bridges have already been deviated twenty feet and he would not stand for another twenty feet. The committee then decided to have a report showing the cost for damages and why the bridges should not be deviated to allow a wider roadway on the level.

A deputation from Kingston asked that the cost of Kingston road widening be apportioned at twenty-five per cent to the property affected and seventy-five per cent to the city at large. Ald. McBride put thru a motion that the request be approved, and the commissioner so instructed. The plans submitted for the extension of Church and Teraulay streets for the deviation into Yonge street were approved and instructions given to prepare the assessment of cost. This is in sequence to the widening of North Yonge street. Teraulay street will bend into Yonge street at Belmont street and Church street bends to run into Davenport road at Yonge street. Commissioner Forman reported that the extension of Crawford street could not go on without special legislation, as to complete the fill-in would destroy the street.

Roundings of the corners of Bay street at Queen street is now to be carried out on the local improvement plan by widening the portion of Bay street five feet on either side and that portion of Queen street five feet. The cost will be \$78,000.

A sub-committee was appointed to arrange that the free water supply be stopped thirty days on streets ready for the laying of mains unless the property owners sign bonds for the laying of mains.

A SISTER'S DEVOTION

Saves Brother from Drink

Science has shown that drink is a disease, not a crime. A disease too that ruins not alone the life of the sufferer but that of his wife and children who are robbed by it of their rightful inheritance of health both in body and mind.

Some drinkers wish to save themselves, others have to be saved whether they wish it or not. Whiskey has inflamed the delicate membranes and nerves of the stomach into a terrible torturing craving for drink, and their wills have lost the power to resist. Read how Miss K., of Belle-dune River, N. B., saved her brother from this curse.

"I began using Samaria Prescription in March and it is helping the patient wonderfully. I am treating my brother secretly, dissolving it in his tea and never detects it. I take great pleasure in testifying to the merits of your wonderful Remedy and hope you will do for thousands of others what you have done for me."

Samaria Prescription stops that awful craving for drink, restores the shaking nerves, builds up the health and appetite, rendering all alcoholic liquors distasteful, even nauseous. It is tasteless and odorless and can be given either with or without the patient's knowledge in tea, coffee or food. If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend who is threatened with this awful curse, help him save himself. Used regularly by hospitals and physicians. Has restored happiness to hundreds of homes.

FREE TRIAL PACKAGE with booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence strictly confidential. Write today. The Samaria Remedy Company, Dept. 162, 142 Mutual street, Toronto, Canada. Also for sale by G. Tamblyn, Limited, at all ten stores, Toronto.

ACTION OF POLICE TO BE ATTACKED

Contempt of Court Charged for Ignoring Habeas Corpus in Deportation.

Mr. Justice Kelly yesterday set the hearing of the habeas corpus proceedings instituted by R. H. Holmes, on behalf of Gladys M. Appleby of 53 Cowan avenue, at Osgoode Hall for next Tuesday.

Mr. Holmes stated that despite his application for a writ of habeas corpus and notification of the police they had turned the woman over to the immigration officer and she had been taken back to Detroit. This action could only be construed as contempt of court. Mr. Holmes was advised by Justice Kelly to obtain documentary evidence of contempt of court and file it.

Mr. Holmes stated further that proceedings would be instituted against the immigration department, Inspector J. Gott and Detective Cronin for their part in bringing about the young woman's arrest, and subsequent treatment. Fifty thousand dollars is said to be the amount of damages that will be claimed.

WINDSOR, Ont., March 13.—Gladys Appleby of Toronto was arraigned in Windsor police court today and fined \$25.00 for an infraction of the immigration law, in giving wrongful answers to the questions of the officers.

CHEQUE FOR FIREMEN.

A GUARANTEE OF SATISFACTION

The best assurance of pleasure in your purchases lies in a limitless freedom of choice. So wide is our buying, and so complete our ranges, that you will nowhere find more liberty in the exercise of your personal taste in selecting your Spring Clothing and Furnishings. More than this, we absolutely guarantee every statement made in selling our goods, and assure you of every value for which you pay. Simpson's is a safe shopping place.

The Newest Silks

Most favored by fashion and colorists, most in demand. Brocades and Printed Silks—The demand for both has exceeded all expectations. The former gives the wider choice, as every plain weave has its counterpart in brocade, and for strictness the neat spray designs of this season's printed silks ensure continued popularity.

Millinery

BASEBALL GOSSIP.

Joe Oeschger, pitcher for St. Mary's College team of Oakland has signed a three-year contract to play with the Philadelphia Nationals and will report to that club next week.

Billy Hay says:

"You have read in the Bible where they turned off the sun in Egypt for a few weeks and let the world feel its way round in the darkness? Well, men in Toronto tell me that was the way they felt last Spring when they went out looking for their Easter Suits and Light Overcoats. The Semi-ready Store was not here to illumine their way.

A. B. C. TOURNEY FOR PEORIA NEXT YEAR

BUFFALO, N.Y., March 13.—At the meeting of the American Bowling Congress held today was voted to hold the tournament for Peoria, Ill., next year.

The ticket nominated by the executive committee was elected without dissent. The new officers are: President, Edward J. Ryan of Detroit; first vice-president, Robert V. Brown, Louisville; second vice-president, Wm. Agnew, Cleveland; third vice-president, John T. Smith, Buffalo; treasurer, Frank L. Peadar, Chicago; secretary, A. L. Langtry, Milwaukee.

ARGONAUTS HAD SUCCESSFUL YEAR

Reports Read at Annual General Meeting—Capt. Wright Defends Taylor.

The forty-second general annual meeting of the Argonaut Rowing Club was held at the club house last night, and about one hundred enthusiastic members of the double blue were present.

The rugby club had a balance on hand of \$180, and Coach Blaylock expects, with the material on hand, to produce a championship team next fall.

The election of officers was held. President Major O. Heron was re-elected, as was also Hon. President T. F. Gall and Capt. Joseph Wright. F. B. Boyd was elected first vice-president, and W. D. Greer second vice-president.

An article written by a Henleyite was taken up by Captain Jos. Wright, and in refutation of the statements made therein against coxswain Taylor, late stroke of the Argonaut senior eight, and at present attending Oxford, he said: "I feel that it is not his want of strength or his want of prowess that keeps him out of his seat. I consider Taylor one of the best strokes that Canada ever turned out. It is not his want of Taylor's record of 1907, the first year he ever rowed. He was then only seventeen years of age, yet in his first race, at the Dominion Day Regatta, he stroked the junior four to victory, at St. Catharines, and stroked the following crews to victory: The junior four, intermediate four, senior four, and the junior and senior eights. He rowed five one-and-a-half-mile races that afternoon, yet he was not tired enough for our crew. Then, in Philadelphia, a week later, he stroked the senior eight and senior four, and was the best in America, and they became American champions."

Mr. Wright went on to give the details of Taylor's phenomenal work up to the present time, and in conclusion he cited the famous eight race at Henley, in 1912. Returning after a trip of sixteen days, in which they had not been in their boat, they reached St. Catharines at three o'clock the afternoon, and, in a strange boat, and with strange oars, they defeated the best in the country. Taylor was unconscious for two hours after the race. "Henleyite," declared Mr. Wright, "is beneath contempt for such an attack, and the very fact that he was afraid to sign his name to the article shows just what kind of man the writer is."

Joe Oeschger, pitcher for St. Mary's College team of Oakland has signed a three-year contract to play with the Philadelphia Nationals and will report to that club next week.

Billy Hay says:

"You have read in the Bible where they turned off the sun in Egypt for a few weeks and let the world feel its way round in the darkness? Well, men in Toronto tell me that was the way they felt last Spring when they went out looking for their Easter Suits and Light Overcoats. The Semi-ready Store was not here to illumine their way.

NOT ONE JUNIOR TITLE FOR VARSITY

Kingston C. I. Capture Intercollegiate Honors by One Goal—Game a Tie.

KINGSTON, March 13.—Kingston Collegiate Institute won the Junior Intercollegiate series here tonight, when they played to the game with Varsity III. The full-time score was 3 to 2. The game in Toronto a week ago resulted in a victory for the Kingston boys, the score being 4 to 2. A big crowd turned out to see the match. The four games in which Varsity have played during eight days had a telling effect on their condition. K. C. I. were in the pink of condition. The teams lined up as follows:

K. C. I. (4)—Goal, Charlie Stewart; right defence, Ferguson; left defence, Singleton; rover, Cooke; centre, Jimmie Stewart (captain); right wing, Hugh Toland; left wing, Cam Toland.

Varsity III. (6)—Goal, Malone; right defence, Mathers; left defence, Pearson; rover, Milne; centre, Smythe; right wing, Saunders; left wing, Dafos.

Referee—Harry McCartney.

BOOSTING LACROSSE IN EASTERN ONTARIO

Missionaries Do Good Work the Past Week — New Trent Valley League.

The campaign to revive lacrosse has been going on in eastern Ontario during the past week. When Frank Doyle, secretary of the O.A.L.A., went out several weeks ago, he devoted his attention to studying the school boys in towns where their seniors were already in the game. Since last Tuesday he has been giving the school boys in the same towns, and has been receiving little encouragement, and as a result, it is now assured that there will be no lacrosse in the O.A.L.A. section in the Trent Valley, comprising the towns of Madoc, Tweed, Marmora and Stirling in the course of next week will show the establishment of teams in Havelock, Hastings, Campbellford and Norwood, which towns have also been visited by Mr. Doyle.

The first town to organize was Madoc, to which Mr. Doyle went by request last Tuesday. The meeting was attended by 150 people, and Mr. Doyle outlined the plans for the encouragement of the game among the boys and girls of the national sport roused a good deal of interest, especially when it was taken up in conjunction with the senior team. A committee was appointed to develop the boys and girls, and it is thought that a good league can be placed among them in the towns comprising the intermediate section. The boys and girls are hot foot after the gold medals. The intermediate section was organized with the following officers: Hon. president, J. C. Dale; president, Wm. Cross; vice-president, H. Moffatt; second vice-president, Alexander McPain; secretary, E. E. Lancaster.

There was a meeting held next morning at Marmora, at which Reeve Hubbell, the warden of the county, who ran against E. Gas Porter at the last Dominion election, presided. It was decided that Marmora should have a lacrosse team this summer, with two school boy leagues and one senior aggregation. They decided to meet at the organization meeting to elect officers later.

There was great enthusiasm in Tweed, for lacrosse has not been played in this town for ten years, there are many enthusiastic admirers of the game still to be found there. Among the men who attended the meeting in the town hall were: Rene Rowland, president; Ed. La Fountain, William Huycke and John Quinn, all of whom started in the game a decade ago. One of the most distinguished men in Tweed at the thought of booming the national game once more was Mr. Turcotte, whose sons were counted among the best players ever produced in the history of the province. The town hall was nearly full, and it was decided to have a team of seniors, for which the hockey players of the town should provide plenty of material, and two or three leagues of school boys. One man that came up at this meeting was the advisability of adopting the ten man team and the hundred yard field. It was generally regarded as an improvement, and the Trent Valley district will probably send an amendment dealing with this matter to the annual convention of the O.A.L.A., which is to be held on April 10.

MASSEY-HARRIS ARE THE CHAMPIONS

Massey-Harris won the Mercantile League final at the Arena last night, when they defeated Alkenheads, 7 to 1. It was a crude exhibition through the winners having all the best of the men in the first half. Alkenheads pressed in the second half, but didn't have the flitch to get goals. Stroud, Keenan and Whittaker starred for the winners.

Massey-Harris (7)—Goal, Dingle; defence, Stevenson, McLean; rover, Stroud; centre, Whittaker; right, Keenan; left, Sanderson.

Alkenheads (1)—Goal, Simpson; defence, McKenzie; rover, Jones; centre, Jeffrey; right, Rossiter; left, Purvis.

Referee—Lou Marsh.

The summary—First Half—

1. Massey-Harris—Sanderson	3.00
2. Massey-Harris—Whittaker	3.00
3. Massey-Harris—Stroud	3.00
4. Massey-Harris—Keenan	3.00
5. Massey-Harris—McKenzie	3.00

Second Half—

6. Massey-Harris—Sanderson	15.00
7. Massey-Harris—Keenan	2.30
8. Alkenheads—McKenzie	5.00

The all-Toronto hockey series will open on Monday night at the Arena and three games will be staged. Only those teams that have paid their entrance fees will be eligible to play. Those who made entries over the telephone are requested to see their clubs as early as possible at the World office some time today.

In the final game of the Jennings Cup series at the Arena yesterday afternoon, Denis beat Forestry by the score of 2 to 1. Denis' jump referee, Gilbert gave a marvellous performance in the Forestry net.

The following is from Brockville: Recovered from Cobalt and one from Perth, the Smith's Falls hockey team, who were enroute to Syracuse, met last at the hands of a purely local team at the Arena by 8 to 5. It was a six man game, and furnished fast and exciting hockey.

MISS GLADYS RAVENSCROFT BEATEN IN MIXED FOURSOMES.

PINEHURST, N.C., March 13.—The United States today won the international mixed golf foursomes here, arranged in honor of Miss Gladys Ravenscroft of England, holder of the women's national championship in this country. The score was four to two, with one match of the seven halves. Miss Ravenscroft played with E. A. Johnston of England, but was unable to win from Parker W. White, more of Brookline and Mrs. Wm. West of Camden, N.J., the match being halved. The only pairs to win for Great Britain were Mrs. R. H. Barlow who played with R. F. Robinson of St. Catharines, Ont., against Henry C. Fowkes of Oakmont, and Mrs. Raymond J. Price of Oakmont, and Mrs. J. V. Hurd and E. H. Portage of St. Catharines, who defeated G. G. Tuttle of Oak Hill and Miss Louise Elkins of Oakmont.

DRINKING FOR 24 YEARS

A Physical Wreck Cured by the GATLIN TREATMENT

A man who had been drinking steadily for 24 years came to the Gatlin Institute for treatment. He was a physical wreck, and so extremely nervous that he always was shaking. The habit was broken, his nervousness disappeared, his health improved, and he was even able to shave himself. He left the Institute a new man, with confidence in himself, and no more desire for alcoholic drinks, and this was all accomplished in three days.

THE GATLIN INSTITUTE

has effected the cure of many men when their friends thought them incurable. No case is too difficult for this treatment, even the most confirmed drinker. It is easy to take, but no disagreeable features, leave no bad after-effects, it never fails to cure, and the cure is permanent. Even privacy is maintained, with private rooms. Physicians and nurses in constant attendance.

This is the Original 3-Day Cure AND ABSOLUTELY RELIABLE

Cure is guaranteed to be satisfactory in every particular, or we refund the fee paid and the treatment costs nothing. Write today for book of particulars and copy of contract. All information cheerfully given. The Home Treatment is for those who find it inconvenient to come to the Institute.

Controller McCarthy's Reply to Request for Fixed Assessment.

BATHURST RATEPAYERS

Crowded Meeting in Hillcrest School Discussed Annexation.

Controller McCarthy addressed a crowd of meeting of the Bathurst Hill ratepayers in Hillcrest Public School last night, deputations being present from Fairbank, N. E. Faircourt, Oakwood and North Bathurst districts in the township.

Bathurst Hill does not know any boundary line," said Controller McCarthy, "and is not a definite district. I will rather give you some information and there my duty ends."

He hoped to see the city grow up to be the greatest city on the American continent, and hoped that the citizens would have sufficient foresight to build for ten years ahead and if those at present outside the boundaries were not prepared to look ahead for five years they had better stay outside, but there was at present no district adjacent to any city on the continent ruled by a rural municipality where conditions were satisfactory.

Housing Problem. The greatest problem in Toronto today said the controller was to develop conditions by which workmen could secure homes at a reasonable cost with all sanitary conveniences. The city was engaged making a constructive effort to provide homes of this class, he said, and was offering two prizes of \$800 and \$1000 for the best plan of a semi-detached and detached house which would comply with building by-laws and afford the most accommodation at the least cost. He regretted, however, that the city building regulations were too strict to allow a man to erect a suitable home within his means.

The controller emphasized the necessity for extending the city's borders to enable the population to go out into the open country and live under conditions which would develop the highest type of manhood, pointing out that if it were not for the influx of people from the country the general average of physique would not be as good as it was. He was willing to pay dollars often as he was asked of him for the city to spread out in order that the cost of life for the average man might be improved.

Civic Car Lines. With regard to civic car lines half a million was paid for it, and it increased the value of adjoining land in the township and residents outside paid nothing for it. It would be the same with the Bloor street windows.

If the boundaries remain as they are for twenty years," said the controller, "it will be a sad day for Toronto. New territory is as vital a necessity to the city as our milk tomorrow, whether we want it or the territories will be ever coming in and we hope for their betterment."

There was little use, he thought, of rigorous sanitary inspection in Toronto if a section on the other side was not as well looked after.

With regard to transportation the controller thought that the Dovercourt, Bathurst and Lansdowne avenue lines ought to be extended to connect with the civic lines, and that the city should put down the roadbed and rails.

Reference to a bill by Chas. E. Lacey whether he would favor bringing the district in on a fixed assessment the controller said that he was not giving away any prize packets.

BALMY BEACH

Robert Kirkpatrick, who was a well known resident of the Beach district, died at the home of his son, W. J. Kirkpatrick, 20 Balsam avenue, from heart disease, at the age of 60 years.

Coming to Balsam with his parents from County Mayo, Ireland, over 60 years ago, he lived in Toronto. New territory is as vital a necessity to the city as our milk tomorrow, whether we want it or the territories will be ever coming in and we hope for their betterment.

There was little use, he thought, of rigorous sanitary inspection in Toronto if a section on the other side was not as well looked after.

With regard to transportation the controller thought that the Dovercourt, Bathurst and Lansdowne avenue lines ought to be extended to connect with the civic lines, and that the city should put down the roadbed and rails.

For Public Ownership.

Mr. Foster supported government ownership and co-operative systems, which have been so long and so earnestly advocated in the house by W. F. Maclean (South York), by declaring that he believed that in them lay not only the salvation of the west, but also the salvation of Canada generally.

"Their effect," declared Mr. Foster in conclusion, "is to reduce the high cost of living, and I believe the extension of the co-operative system to Eastern Canada would tend to lower the present high cost of living." (Applause.)

INTENDS TO TRAVEL NORTH IN SEARCH OF INFORMATION

Trip Thru Snow and Ice to James Bay Ahead of W. R. Mar.

In order to obtain further information as to the feasibility of establishing a snow-shoe route from the James Bay terminus of the Timiskaming & Northern Ontario Railway, Wm. R. Mar, local engineer of the railway, is about to don snowshoes and make his way to the mouth of Moose River. He will carry skates with him, which he will use as much as possible on the journey. On arrival he will make note of the break-up of the ice in the spring, for which purpose he is making the trip.

The annual meeting of the Trenton Old Boys' Association of Toronto will be held in the office of D. C. Nixon, 85 East King street, Monday evening, at eight o'clock, for the purpose of the annual dance next month and the excursion to Trenton in June. All ex-Trentonians are invited to attend.

Caledonia Park

We are offering you the last building lots which are close-in to the city. A third of the survey is now within the limits, and the city has let contracts for sewers to the limits of the property. Water will be supplied to the city limits this summer. Lots which have already been sold in Caledonia Park are now held at \$40 a foot. We continue our price of \$26 to \$28 for the unsold portion. You get the profits.

Look at the map above and note the district between St. Clair Avenue and Innes Avenue. This is solidly built up with houses. The land is valued at \$45 a foot.

West Side Centrally Located Building Lots

There is far more demand for building lots in the west than in any other part of the city. Twenty-five thousand men work in factories within walking distance of Caledonia Park. These lots will rise in price just as the surrounding lots do. Consider that Caledonia Park is only TWO BLOCKS FROM ST. CLAIR AVENUE, where the greatest increases in price in recent years have taken place. Consider, too, that Caledonia Park has a street car line by which you can get to any part of the city in a few minutes.

Lots in Caledonia Park are selling because people want to build on them. For the same reason they will advance largely in price in the near future.

A Hundred Foot Thoroughfare

The best street on the west side running from St. Clair to Eglinton is Caledonia Avenue. It is the logical route for a north and south street car line. Some choice sites for stores are still available on this big thoroughfare. They won't last. If you want one, get it today.

EASY PAYMENTS

You can still get a lot in the busiest corner of Toronto for a small cash payment. Out of your monthly savings you can pay for a property that will provide a cheap home or a quick sale at a handsome profit.

\$10 Down—\$10 a Month
AT \$26 TO \$28 A FOOT

A great advantage of lots that are close-in is that you can always re-sell them. They are in demand.

LET US MOTOR YOU OUT

We shall be glad to call for you at any address with our automobiles, and show you the property. This does not put any obligation on you to buy. Phone, write or call and give us your home or business address.

Or this afternoon take St. Clair Avenue Civic cars to Caledonia Avenue and walk two blocks north. Our representatives will be glad to give you all possible information and advice.

PEORIA, Ill., March 13.—Two men were killed and two deputy sheriffs and a woman were wounded in an attempted hold-up of a Chicago and Northwestern freight train at Manlius, Ill., today. The killed are Arthur Fisher of Pekin, Ill., engineer of the freight train, and an unidentified robber. The wounded are Leslie Byers, Bert Skoglund of Princeton, Ill., and two deputy sheriffs.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, back-ache, muscular pain, stiff, painful swollen joints, pain in the limbs and feet, dizziness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my well-known, reliable Chrono-cure, with references and full particulars by mail. (This is no C.O.D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chrono-cure succeeds where all else fails. Chrono-cure cleanses the blood and removes the cause. Also for a weakened, run-down condition of the system, you will find Chrono-cure a most satisfactory general tonic, that makes you feel that life is worth living. Please tell your friends of this liberal offer, and send today for large free packets, to MRS. W. SUMMERS, Box 66, Windsor, Ont.

BUFFALO STIRRED OVER QUESTION OF CHARTER

BUFFALO, March 13.—There were disorderly scenes at the city hall today, when over half the crowd that went there to hear arguments for and against the commission charter referendum bill, recently passed by the legislature, could not get into the office of Mayor Louis F. Schumann, where the hearing was held. The mayor repeatedly refused to adjourn the meeting to the more commodious council chamber.

FORTY-SECOND EXHIBIT Warrants More Than Faint Praise—Eight Pieces of Sculpture Shown.

Above the average is the faint praise which many local art exhibitions have been damned in the past, but there can be no such milk and water commendation of the forty-second annual exhibition of the Ontario Society of Artists, which opened last night in the public library on College Street. The attendance was ecstatic, brilliant, and many leading economic, literary, artistic and professional people were present. The usual introductory ceremony was omitted, apparently with regret, and the guests were welcomed by the president and Mrs. W. Jeter, and the vice-president and treasurer, F. H. Bragdon. The season was crowded by a quick and there was but one opinion of the general excellence and high standard of the exhibit.

W. A. Lawson's List. FARMS FOR SALE BY W. A. LAWSON. JUST LOOK over the following list, and if you do not see what you want in a farm described here, ask the man who knows, and who has an extensive list of first-class farms.

ON FEBRUARY 21ST we told you about Arnold Martin's success on twenty acres of land, and on February 28th of Olyer R. Shaver's success with three acres. These parties live in the United States, too inconvenient to be interviewed, I now refer you to Mr. Mortimer, just north of Danforth avenue. This is what he grows on five acres: 5,000 cabbage, 7,000 cauliflower, 3,000 lettuce, 2,400 bunches carrot, 2,400 bunches radish, 2,400 bunches turnip, 2,400 bunches rutabaga, 2,400 bunches spinach, 2,400 bunches beet, 200 bushels alfalfa, 200 bushels clover, 200 bushels timothy, 200 bushels timothy, 200 bushels timothy, 200 bushels timothy.

THIS was produced in one season's crop from five acres. How is that for soil around Toronto? Our American cousins have to go some to pass Mr. Mortimer's record.

5 ACRES—in Rosemont Gardens, only a short distance from where Mr. Mortimer lives, can be bought now for five hundred per acre, and will produce just as much, even more, if handled as systematically as Mr. Mortimer handles his.

2 ACRES and a beautiful home in a good town, within forty miles of Toronto; three railroads, electric line in station and soon to be in operation right through to city. Here is a dandy little place for thirty-eight hundred. Will take home in Toronto in exchange.

12 ACRES—On the Kingston road; convenient to Ottawa, a thriving manufacturing center; this property has good soil, good water, all cultivated, good water and fences, with 650 fruit trees, partly in bearing; also two acres of raspberries, currants, strawberries, three hundred and fifty asparagus roots, and a quantity of black raspberries and blueberries, also red and black currants; it has solid brick cottage, four bedrooms, two bathrooms, on stone frame attachment; good barn, on stone wall. Here is something to make money out of; thirty-eight hundred.

12 ACRES—Lincoln, near St. Catharines; a rich black loam, with some clay; handy to schools, churches, rural mail and railway; partly planted with fruit trees; nine-roomed house, in good state of repair; excellent cellar; also stable and small greenhouse; six thousand; early possession.

20 ACRES—Peel County, close to Cookville; a rich black loam, all cultivated, small fruit, 100 trees; well watered; barn, cement floors, 60 stables. Here is the best buy in that district, today; bar none. For immediate sale, fifty-two fifty takes it.

77 ACRES—Twelve miles from Hamilton; a rich black loam, with some clay; 100 trees; well watered; barn, cement floors, 60 stables. Here is the best buy in that district, today; bar none. For immediate sale, fifty-two fifty takes it.

THREE GUNMEN STILL AT LARGE

Descriptions of Trio Sent Out by Police of Montreal.

BOURDON'S FUNERAL

Nearly Every Member of Force Will Attend the Obsèques.

MONTREAL, March 13.—The police here have issued the following descriptions of the three gunmen wanted for shooting two members of the force on Wednesday, and who are still at large.

It is believed they may slip thru and leave the city.

Wanted for murder: 1. Joseph Beauchamp, 32, five feet five inches, 182 pounds, small build, chestnut hair, eyes light brown, dark complexion, black-market hair parted in centre, beginning to show signs of grey.

Barber by profession. Was arrested Jan. 14, 1909, on a charge of burglary, was convicted and served two years. Has tattooed mark, woman and serpent in glass, on arm. Supposed leader of gang.

2. Jean-Baptiste Bouché, 35, arrested first May 7, 1907, served part of sentence and was released on ticket of leave. He was re-arrested on a charge of burglary on Aug. 2, 1911, and sentenced to twenty-three months on another burglary charge.

3. Alphonse Foucault, arrested first for theft, March 2, 1905, released on suspended sentence, re-arrested on July 12, 1908, and sentenced to six months.

Honored in Death. The funeral tomorrow morning of Constable Henry Bourdon, shot in the fight with gunmen on Wednesday, will be attended by every member of the force.

On duty, besides officers from district stations and members of public bodies present, will be the following: The legend on the coffin plate, and a mass of flowers surrounding the bier at the morgue today.

August Guyon, also shot in the revolver fight, is recovering in a hospital with youth in his favor. It was said today he had a fair chance to pull thru, tho' the bullet went clean thru his left lung.

LEAMINGTON'S ARMORY PLANS HAVE BEEN RECEIVED.

LEAMINGTON, March 13.—The plans for the proposed armory for Leamington have been received by the architect and call for a building 85 x 185 feet, to cost in the neighborhood of \$26,000, to be erected in 1915, adjacent to the town hall.

The structure will be built on the fair grounds, on the site of the present main building, and apart from the main building, will be used as the Agricultural Society during fair time, and will be of special advantage to the fruit growers and farmers of the district.

FIND MARRIAGE ACT NOT COMPLIED WITH.

The following official notes have been issued by the attorney-general's department, owing to the Reid-Bull marriage case in which the department has been called upon to give its opinion on the validity of the marriage.

"The attention of the inspector of legal offices has been directed to the fact that the priest officiating at the marriage of the late Mr. Reid and Miss Bull, on August 1, 1913, failed to comply with the provisions of the Marriage Act, and that the marriage is therefore null and void."

BROCKVILLE NOMINATIONS.

BROCKVILLE, March 13.—The Brockville Presbytery nominated Rev. Principal Scribner of the Montreal Presbyterian College as moderator of the next general assembly, and Rev. Hugh Cameron of Morrisburg, moderator of the Montreal and Ottawa synod.

WISHES TO ATTEND MEETINGS.

Donato A. G. Gilmore is the plaintiff in an action entered at Osgoode Hall against the Ontario and Quebec Benevolent Society. He claims to be in good standing as a member of the society and asks an injunction to prevent the society from interfering with his attendance at the meetings.

CHICAGO INTER-OCEAN IS IN LEGAL TANGLE.

CHICAGO, March 13.—Herman H. Kohlhaas, president of The Inter-Ocean Newspaper Company, today was appointed receiver for The Inter-Ocean by Federal Judge Carpenter.

WOULD RELEASE REFUGEES.

WASHINGTON, March 13.—Brigadier-General Bliss telegraphed the war department today that the United States district attorney at El Paso, Texas, had been served with notice of habeas corpus proceedings for the release of Mexican refugees interned at Fort Bliss.

TO PROBE ALLEGED NEGLIGENCE.

J. J. Kello of the provincial department for the care of neglected children will investigate the case of Joseph Cottrell, the institute boy who had his feet frozen while employed by a farm near St. Catharines, and who was sent in the Sick Children's Hospital, and it may be necessary to amputate the toes of one foot. Neglect is charged.

LUXTON TO GO FREE.

A motor car driven by Robert Luxton struck Edward Daddington, inflicting severe injuries, on Oct. 2, Luxton appeared in the sessions before Judge Cotsworth yesterday charged with criminal negligence. When all the evidence was in, Judge Cotsworth felt there was a doubt and dismissed the case.

WANT DETAILS OF CONTRACT TERMS.

Opposition Will Inquire Into Sale of Townships to Syndicate.

PRISON FARM INQUIRY

Whitby Asylum and Expenditures by Government Agent Under Fire.

The opposition promises to create an interesting time in the public accounts committee this year. Already J. C. Elliott of West Middlesex, the chief inquisitor, is preparing to direct investigation into the terms of the contract with the Jackson syndicate, by which the Townships of Kendry and Haggart were sold at a very nominal rate for colonization purposes.

There will be a minute examination of the accounts in connection with the Guelph Prison Farm, the Whitby asylum and the expenditures of N. B. Colcock, the former government agent in London.

Ferguson Again Chairman. The motion of the house, which allows the investigation to be continued from the point where left off last year, will concern only the subjects which had been actually touched upon, and the various motions to this effect were passed unanimously.

G. Howard Ferguson of Grenville was again elected chairman for the year.

MAGISTRATE NEEDS THE POKER FACE

Being a Good Bluffer Helps in the Juvenile Court.

Originality and deliberation helps a great deal in impressing the "guilties" in juvenile court. "I shall sentence you to the jail farm for six months," said the acting commissioner, proceeding to fill out the order, while the usual saloon helper sighed and muttered something about one more chance.

However, when Mr. Graham broke the news by adding: "But I will suspend that sentence provided you pay into this court your entire earnings towards the support of your neglected family." A relieved smile and a volley of promises from the delinquent parent caused considerable good-natured amusement.

"Moses, the dusky whitewasher and calsonimer, whose vocation-calls for considerable contrast in color combination, again appeared in the juvenile court on a charge of non-support, and according to Moses he was "very much improved" since his last appearance, proving his efficiency in the English language to be stronger than his desire to obey the British laws of the play.

"Three children under sixteen years of age must be cared for, so you must pay \$5 a week into court towards their maintenance." "And remember," said the commissioner, "if you come back here again in spite of your popularity you will go to the jail."

In her will filed for probate yesterday, the late Martha Crigley stipulated that \$125 be spent on her funeral. Two sisters, Catherine Tomlinson and Nancy Ellis are opposing the distribution of the estate, which amounts to \$1800, alleging that there was undue influence and that Mrs. Crigley did not sign the will. She left it all to Albert Crigley, a brother-in-law.

ESTATE GOES TO FAMILY.

The estate of Jane McBride, whose will was entered for probate yesterday, amounts to \$2024, which goes to her husband and four children.

PLAINTIFF WON OUT.

In the case of Cook vs. McAllister, in the no-jury session, before Judge Lennox, yesterday, judgment with costs was given in favor of the plaintiff.

NEW ITALIAN CINEMA.

Rome, March 13.—King Victor Emmanuel has entrusted to Signor Salandra, former minister of the treasury, the task of forming a cabinet to succeed that of Signor Giolitti, which resigned early in the week.

Mackay Common Shows Strength and Regains the Loss of Thursday.

A turn in the trend of the Toronto stock market was made again yesterday. London made lower prices for C.P.R. and on the New York Exchange the price reached 1-2 lower than Thursday. A buying movement developed after the opening dip and a moderate rally ensued.

There was nothing in the day's developments to explain the sudden change in the market, for the speculative situation was not altered by the injection of any new factor of importance.

TRADE CONDITIONS

Trade in wholesale lines in Toronto was a little better the past week. Merchants are talking hopefully, and confidence is returning.

FAILURES IN CANADA.

According to Dun's Review the number of failures in the Dominion during the past week in 1914 is 41, as compared with those of previous weeks, and corresponding week of last year, are as follows:

WAR SCARE SENT WHEAT PRICES UP

Rumors, Later Discredited, Had Temporary Effect—Corn and Oats Strong.

CHICAGO, March 13.—Discredited rumors of an impending break in relations between Russia and Austria were utilized by the wheat bulls today in giving the market a lift. The outcome was an advance of 1-3 to 1-4 cent. Other speculative commodities, too, showed a rise—corn 1-2 to 1-17 and oats 1-4 and provisions 7-1 to 17 to 1-17.

War talk quickly brought denials that any serious trouble was in prospect. Furthermore, the denials were emphasized by the fact that consolids closed strong, with a substantial gain. It was evident, however, that the trade had been caught in an overcast condition, and there was consequently but little reaction from top prices.

Proceeding the bulge July delivery especially was under pressure from the bears. Corn gathered strength through the session. Cash demand was better and smaller receipts were predicted. Rumors of export sales appeared to be unfounded, except 8000 bushels to go to Cuba. Shorts were particularly active over advice of liberal sales at Missouri River centers.

Oats moved up on the news that wheat elevator interests did considerable buying of May. Highest prices for hogs this season were reported for the Chicago market. One of the larger packers undoubtedly bought today thru brokers.

ST. LAWRENCE MARKET. Receipts of farm produce were 20 loads of hay and 300 bushels of grain. Wheat—One hundred bushels sold at 84c. Oats—One hundred bushels sold at 67c. Hay—Twenty loads sold at \$18 to \$19 per ton.

Unionists Contend That Estimates Show Dangerous Use of Pruning Knife.

LONDON, March 13.—While the Unionists urge that the naval estimates show a dangerous use of the pruning knife, the Daily News, undaunted by the admission of the leaders of the "little navy" party that the estimates are apparently not open to attack, point out that the estimates have grown 66 per cent. under the Liberal administration; deprecates the acceleration of shipbuilding and declares that nobody knows what the building standard is. Mr. Churchill's successive pronouncements have only resulted in increasing the commons and burdening the nation.

SEEDS DIRECT TO YOU

SEEDS, LIKE EGGS, the more direct they go from producer to user, the less they cost, and the better they are. The more middlemen hands the greater the delay, and the weaker the life germ or bud. Many tested seeds won't even sprout outdoors. You don't want chaff to just "chase" and die, or seeds to just sprout and rot. You want them strong, vigorous, making lush, lusty crops, be it chicks or vegetables. Then you must have fresh eggs, and fresh seeds direct from producer to user.
