Montreal, Nov. 5.—(Special)—There is a well-grounded report in circulation here that Hon. Mr. Tarte has another subject in view besides visiting the harbor works of Liverpool, Hamburg, Antwerp and other leading shipping points on the other side of the Atlantic. It is stated that as soon as the Ottawa Government learned that Hon. Alphonse Desjardins had been summoned by cable to Rome, and that his visit had something to do with the settlement of the Manitoba school question, a hurried conference was held, resulting in the decision of Sir Wilfrid to send the Minister of Public Works in his stead after Mr. Desjardins. Instead, therefore, of inspecting the European docks, report has it that Mr. Tarte will proceed at once to Rome, leaving the harbor master of the Chief Justice of England, Mr. Desjardins. THE GREAT FOOD SHOW.

Exhibitors are Rapidly Taking Up the Space—Many Special Attractions of Unusual Interest.

Preparations for the great Pure Food Show to be held Nov. 15 to Dec. 4, at the Caledonian Hotel, are being rapidly pushed forward, and as the time approaches for the opening of the exposition its ultimate success is more and more assured.

During the past week the city office of the association, at 93 Yonge-street, has been fairly besieged by intending exhibitors, and last evening the secretary of the show, Mr. E. J. Phillips, reported that over half of the exhibiting space had been applied for.

The Pure Food Show will be pre-eminently a ladies' attraction, every book and cranny of the big building being filled with everything in the way of cereals, teas, coffees and table delicacies, that go to make life worth living.

Special mention was made of a general donation of winter clothing, consisting of coats, hats and gloves, to be distributed among the sick poor, as the weather is now so inclement.

TROUBLE AHEAD FOR WEYLER

Will Be Tried by Court Martial on Landing.

UNLESS REPORTS BE FALSE

His Speech on Leaving Cuba Has Offended the Spanish Government.

The Steamer on Which He Sailed Has Been Disabled and May Have to Return to Havana, and the Treaty May Be Signed There—Marshal Blanco Will Take Steps to Promote Trade and Agriculture in the Island as a Means of Pacification.

Madrid, Nov. 5.—The Spanish Government, as a result of the deliberations of the Ministers over the utterances of General Weyler, the former Captain-General of Cuba, has come to the decision to try him by court martial, no matter where he lands, if he confirms the accuracy of the press reports of his utterances.

The commanding officers at all the ports of the Spanish Kingdom have been instructed to demand of General Weyler, the moment he can be communicated with, the exact terms of the speech which he delivered in reply to the manifestation at Havana upon the occasion of his embarkation for Spain, on board the Spanish steamer Montserrat.

General Weyler turned over his command in Cuba on Saturday last to his successor, Marshal Blanco, and then sailed for Spain on board the Montserrat, but the steamer has apparently become disabled, for word has reached Havana that the Montserrat has arrived at Gibara, on the northern coast of the Province of Santiago de Cuba. It was added that her engines had been disabled but at the time the first message was sent, it was expected she would be able to continue on her way to Spain via Porto Rico, on Wednesday last.

From other sources, however, it is said the Montserrat may be compelled to return to Havana, in which case it is not unlikely that there will be interesting developments.

The objectionable remarks.

That portion of Weyler's proclamation issued last Friday which is represented as being objectionable to the Spanish Cabinet reads as follows:

My release from my post and responsibilities did not surprise me. I have expected it from the death of Senor Canovés, not believing that any soldier leader would be strong enough to call the rebels were together, and to sustain me, when the United States and the rebels were united against me, and demanding that I should come to a settlement. I count it an honor to have been identified with the policy which Spain has followed, and to be in obedience to any political party, but I want it represented on behalf of my country.

To Promote Business.

A despatch from Havana says that Marshal Blanco has extended the measures to be taken for the protection of estates, and for rendering assistance to suffering and necessitous inhabitants. The citizens will authorize the retention of coffee, cocoa and sugar, and will provide for the safe transport of produce with a view to pacifying the country.

To Abolish the Duties on Cattle.

Havana, Nov. 5.—Captain-General Blanco will shortly issue a decree abolishing for two months the import duties on cattle.

Reception Idea Squelched.

Santander, Spain, Nov. 5.—A public meeting, which was organized here to arrange a reception of General Weyler, the former Captain-General of Cuba, and to give him a rousing ovation, was broken up by such riotous opposition that the Mayor was obliged to dissolve it.

THAT REPLY RECEIVED.

Washington Officially Examining Spain's Reply to Our Note.

Washington, Nov. 5.—The full text of the Spanish reply to the note of the United States Minister, Woodford, which reached the State Department in the last mail and is now under examination by the officials. So far as can be learned it is the intention of the Administration to give it present publicity.

It is expected that the President will make his reply to the basis for one of the most important chapters of his forthcoming message to Congress upon the re-embodiment of that body in December.

ALMOST A WAR PANIC.

New York Stock Market Had a Cold Chill Yesterday Over Current Rumors.

New York, Nov. 5.—The Evening Post says: It will be found, by referring to the record, that Cuba has dominated the stock market during recent years, when nobody knew what the President would say of Spain in his annual message, and in February, when everybody wondered what Spain would do in reply to the fulfilment of our Senate's ultimatum.

But to-day's stock market fell into a cold chill because of two incidents assumed to bear more or less directly on the Cuban situation. One was the High Commission resolution, adopted by the Chamber of Commerce yesterday, advising the President, on general principles, to add to the new batteries and 4000 artillerymen to our coast defences.

Along with it, moreover, there was published in this morning's papers an interview with ex-Minister Hannis Taylor. Mr. Taylor, having written in the American review an article of brilliant style, but rather of a faintly discounting the Cuban situation, has supplemented this article by some very extraordinary remarks to newspaper reporters, and the inference appeared to be drawn to-day in Wall-street that Spain would be so bitterly offended as to complicate existing negotiations.

The stock market broke heavily, so much so, in fact, as to fairly discount the preliminary agreement with Spain, from which fact it may be inferred that, lacking such a war, it is a substantial short interest will be left to cover.

The Evening World says: The total

sales of stocks on the exchange to-day were 500,000 shares, and of bonds, \$2,700,000 par value. In a single month the day sales were \$50,000,000 in the market value of the listed securities on the Spanish war scare.

INDEPENDENCE OR DEATH!

General Maximo Gomez Proclaims That Sentiment as the One Accepting the Cuban Autonomy Will Not Do.

New York, Nov. 5.—The Herald prints the following letter from Maximo Gomez, General-in-Chief of the Cuban Army of Liberation, dated at his camp in Sancti Spiritus:

"The enemies of Cuba have circulated in the United States the rumor that I am disposed to accept autonomy as a basis of settlement or, solution of the present war. The constitution of Cuba absolutely establishes in its article that peace is to be negotiated upon the basis of the absolute independence of Cuba. It is to obtain independence that we have been fighting for two years, and will continue to fight until victory be ours.

"We will fight for absolute independence, as we stated in the manifesto issued at Monte Cristi, as also it was later set down in our constitution, and as we are daily confirming it by the shedding of our blood in the battlefields. Salvador Cisneros, former President of the Republic of Cuba, writes to The Herald: Independence or death has been, and is, our motto. We would rather see our beloved country disappear amid a heap of ashes than accept any concessions, no matter how ample, unless they carry with them the absolute independence of Cuba. To obtain this many of our best sons have given up their lives; to obtain this many more of her sons are daily shedding their blood, which, absorbed by the plants of our soil, we breathe in the air we inhale."

IDARO SHAKEN.

The Earth Trembled so Much as to Rattle Windows and Break Dishes.

Salt Lake City, Utah, Nov. 5.—A special to The Tribune from Pocatello, Idaho, says: A severe shock of earthquake at 2:30 this morning was felt the entire distance from Silver Bow to Idaho Falls, and at 7 o'clock the second shock was perceptible, but not so severe. At Divide, Red Rock, Lima and Montida, windows rattled, dishes fell to the floor, flower pots were thrown from their stands, clocks stopped, and buildings were made to sway and crack. At Dillon especially was the first shock severe. The court house walls were cracked and the plaster fell from the ceilings.

YELLOW JACK'S RAVAGES.

Seven Deaths Yesterday—Is It the Dyking Kick of the Pest?

New Orleans, Nov. 5.—The community was somewhat shocked this morning over the announcement of seven deaths from yellow fever by 10 o'clock. It is generally conceded, however, that the fever's "dying flicker." Only two new cases were reported up to the same hour.

Indications of Another Strike.

New York, Nov. 5.—There are several indications of another big strike in the Clock Makers' Union, which may involve from 12,000 to 15,000 people. The cause of the strike is the alleged cut in wages, and the reported violation by the contractors of the new agreement made six weeks ago.

Suing the Street Railway.

D. W. McBride of Aton-avenue has issued a writ against the Street Railway Company for unpaid damages for injuries received at Bathurst and Queen-streets. The car was crowded and McBride was compelled to stand on the front platform of the train, and the car, he claims, was started as he was getting on again. The result was that he fell between the cars and was hurt.

What Ex-Warden Stokes Claims.

Ex-Warden Stokes of York County has entered action against the city to set aside the sale of some property on Brooklyn-avenue, sold at the last tax sale for unpaid taxes. The ex-warden claims to have paid two years' taxes, for which he got no credit. Judge Falconbridge gave him leave to enter an objection to the granting of a title to the property.

Boys' Widows Want Redresses.

The Toronto shipyarders promise to be lively places this winter. The increase in business this season seems to have given considerable encouragement to the different owners, who will make considerable improvements on their steamers and sailing vessels. Besides the building of the big steamers for the R. & O. Company at the Bertram yards, the iron grain carrier Rosedale, belonging to Orange & Haggarty, is to have a new hurricane deck. The iron steamer Seguin, which is 200 feet long, will be lengthened about 40 feet, and the steamer Sir Leonard Tilley is to have 60 feet more deck room.

During the recent blow the steamer

Rosedale broke her rudder and became

disabled almost of Rondon. She signalled the steamer Vega and was towed to Port Colborne, where she will be repaired.

STARVATION AND DEATH

Confront the Unfortunate Miners on the Yukon—Trading Company Could Not Get Supplies In.

Portland, Ore., Nov. 5.—President Mason of the Portland Chamber of Commerce has sent the following telegram to Secretary of War Alger at Washington: "Starvation and death confront the unfortunate miners on the Yukon through failure of the trading companies to get supplies into the interior before the close of navigation on the Yukon. The Chamber of Commerce of Portland has undertaken to relieve the distress which must appear before the ice fetters of the Yukon release the supply steamers, and for this purpose it will donate provisions and supplies. The operation of the War Department in transporting this relief from the city of Portland to the most accessible point on the Alaskan coast, whence the relief expedition may start to the imprisoned gold miners, our duty to suffering humanity demands that the sacrifices may be necessary to accomplish this end. Will you co-operate with us in this undertaking?"

THE RESULT OF A COLD.

Miss Lizzie Sewell, Newbury, Ont., says: "I contracted a severe cold through getting my feet wet. My health fell so rapidly that I was subject to frequent fainting spells, my appetite failed, and my friends all thought I was in a decline. Doctors were consulted, but their treatment did not help me, and I nearly gave up. Finally my mother decided that I had better give Dr. Williams' Pink Pills a trial, and myself from a sick and despairing girl to one of full health and energy, and I am now able to do my household work without any trouble. I can heartily recommend Dr. Williams' Pink Pills to those troubled as I was."

HEART TROUBLE CURED.

Mr. John Sagar, wife of a prominent farmer living near Egan Creek, Ont., says: "I am glad to have an opportunity to make known to other sufferers the wonderful powers of Dr. Williams' Pink Pills. I was very sick for over six months, and was unable to do work of any kind for that time. I was extremely weak, subject to dizziness, pain in the side, and faint and smothering spells. The doctor pronounced my trouble heart disease, and nothing seemed to relieve me until a friend advised me to try Dr. Williams' Pink Pills. I soon found benefit from them, and after the use of eleven boxes was as well and strong as ever I had been, and am now able to do my household work without any trouble. I can heartily recommend Dr. Williams' Pink Pills to those troubled as I was."

RHEUMATISM OF THE JOINTS

Mr. Jules Gravel, farmer of St. Tite's Cape, Que., says: "For upwards of five years I suffered from rheumatism of the joints. The attacks would occur periodically, sometimes keeping me in bed for several weeks. I tried many of the medicines without getting any benefit. Then I saw in a paper the statement of a sufferer who had been cured by the use of Dr. Williams' Pink Pills. I procured some and began taking them, and by the time I had used my sixth box I was able to go to work in the fields, and I have not since that time experienced any further trouble from rheumatism."

TOLD BY A TEACHER.

Mr. P. McGulgan, teacher of the advanced department of the Fort Augustus P.E.I. school, says: "A few years ago I contracted a severe cold which resulted in hemorrhoids, but did not recover my strength and my friends feared that I was doomed to an early death. I used a number of medicines, but did not make any material progress. I then began using Dr. Williams' Pink Pills, and by the time I had used them for a few weeks I was able to resume my duties as a teacher. There are many here who know how serious my illness was, and to these my restoration seems wonderful. I shall always warmly praise Dr. Williams' Pink Pills."

"MURDER" WOULDN'T GO.

Old Man Hinton Will Have to Answer to a Charge of Manslaughter, Says the Grand Jury.

Chancellor Boyd went to the Court House yesterday and received the grand jury's report. They threw out the bill for murder against James Hinton, but found a true bill of manslaughter against him. They also found true bills against Alexander Shaw and James Dobell, charged with shooting with intent at Bullitt Anderson on Church-street.

Buried in One Coffin.

Indianapolis, Ind., Nov. 5.—Mrs. Amelia Mendon was buried this morning at her home, 316 West Twelfth-street, aged 81 years. Forty-five hours before her husband, Dr. Elijah Mendon, had passed away at the age of 82 years. The husband and the wife were buried in the same coffin, made double width, at Crown Hill Cemetery. They had been together through 60 years of wedded life.

Assignment of an Old-Timer.

New York, Nov. 5.—The suspension of H. A. Patterson was announced on the Exchange to-day. Mr. Patterson joined the exchange almost 22 years ago, previous to which he had been a member of the stock exchange. The failure was precipitated by the sudden drop in the market. Assets and liabilities are not yet known.

Fatal of Mrs. Hugh Scott.

The funeral of the late Mrs. Hugh Scott, wife of Mr. Hugh Scott of the firm of Scott & Wainwright, took place yesterday from the family residence, 16 Sultan-street, at St. James' cemetery. Deceased had been suffering for some time, but was able to attend her daughter's marriage a couple of weeks ago. She was 66 years of age, and a daughter of the late George Oliver of Kingston. Rev. Alex. Williams and Rev. S. J. Jones conducted the service.

DO YOU NEED A TONIC?

Are you easily tired, lack energy, feel weak in the back; do not care for food; cannot relish your work and take no interest in life; are you nervous and subject to headaches? If so, it is a tonic you need.

Dr. Williams' Pink Pills for Pale People—the best tonic in the world—cannot harm the most delicate. They make people STRONG.

PAIN IN THE BACK.

Mr. G. H. J. Jordison, of Montclair, Hastings Co., writes: "I am a farmer by occupation, but also follow the busi-

ness of dehorning cattle to a large extent. While engaged in this pursuit in Renfrew County during the winter of 1896, I was attacked with a severe pain in my back and thought I would have to give up and return home. A friend at whose house I was stopping advised me to try Dr. Williams' Pink Pills, as he had received great benefit from their use. I procured a few boxes, and soon found myself completely restored to health. I had been periodically subject to these pains before I began the use of the Pills, but since then have not had a single attack, and I feel sure they have driven the trouble from my system."

ST. VITUS DANCE CURED.

Mr. Jacob Snyder, Jr., of Bloomingdale, Ont., says: "About three years ago Adeline Webber, aged eleven years, an orphan adopted by us, showed symptoms of the St. Vitus' dance. At first we did not realize what the trouble was, but as she was growing worse we consulted the doctor, but did not seem to help her. In an continued until I was so weak I could scarcely stand, and at times my limbs twitched and jerked terribly. We consulted another doctor, under whose care she remained for about a year, and although she was very attentive, she was steadily growing worse. Her limbs became so unsteady that she could not walk, and she was unable to get up from a chair, and we had no hope of her recovery. One day, while in conversation with Mr. Martin Simpson of Berlin, he told me that a daughter of his who had suffered in the same way had been cured by Dr. Williams' Pink Pills, and advised that they be tried. I procured some medicine from the use of four boxes more, all the symptoms of the disease had left her, and from that time she steadily regained her former strength. Her case seemed to me a desperate one, and we believe that she had not been for Dr. Williams' Pink Pills she would not have recovered."

THE ROUGE RIVER BRIDGE.

Ontario Government Will Have to Settle This vexed Question.

The York County Commissioners and the Ontario County Commissioners met yesterday afternoon in the Court House and tried to arrange some basis upon which the Township of Pickering would take over the Rouge River bridge and the mile of road situated in that township, but which until lately formed part of the York County roads. The Pickering representatives were willing to maintain half if York would take over the toll gate, but this offer was not accepted and the meeting adjourned. Now the Ontario Government will have to settle the matter. In the meantime York will maintain the toll gate and charge the maximum toll. Those present on behalf of York were: Warden Davidson, Commissioner High, Evans, Bagley and County Solicitor C. G. Robinson. The Ontario County representatives were: Warden J. D. King, Councillors Christie, Gargale, Wilepie, Webster, Mowbray and County Solicitor Farewell.

Dover, N.H., Nov. 5.—Arrangements

are being rapidly completed for the

trial of Joseph E. Kelley, the young

Somersworth alleged murderer and bank

robber, who was captured some time ago

in Montreal. The trial will be begun

next Monday. From present indica-

tions, it will prove one of the most

interesting in the history of

Stafford County. Nearly 150 witnesses

have been summoned, and it is thought

that the case will occupy the attention

of the court for about two weeks. The

defence will be insanity. During the

past three months, both the prosecution

and the defence have subjected the

prisoner to examination. There will be

10 or 12 expert witnesses, several divid-

ed between the state and the defence.

Kelley himself states that he is not

insane, that he never has been and that

he was in a perfectly sound mental

condition when he killed Cashier Joseph

FIRE IN HER HOLD.

Red Star Liner Southark Had Trouble After Leaving New York for Antwerp, but Got Back Safely.

New York, Nov. 5.—The Red Star Line steamer Southark, Capt. Boney, which sailed from here on Wednesday for Antwerp, has returned, disabled. The Southark reached her pier at the foot of Fulton-street at 3:30 p.m. Vice-President Wright of the American Line said that at 7 o'clock yesterday morning, when the vessel was about 220 miles from Sandy Hook, a fire broke out in the fore hold, which is known as Number 1, where about 26 bales of cotton, with some grain, oats and dried brewers' grain were stowed. The fire was very dense and the heat increasing, when a steam was turned on into the otherwise empty compartment. In addition, the two lines of hose were brought to bear upon the hold and its contents, and through the smoke a steam was pumped out again early this morning in order to lighten the ship sufficiently to enable her to cross the bar. The passengers were informed as to what had occurred, and there was no excitement among them at any time. Mr. Wright said that of course he could not say what damage had been done or when grain would be ready to sail again. Until the hold had been cleared up, there was no danger at any time of the fire spreading, as the modern improvements, such as the steam-driven light compartments, reduced the danger by fire at sea to a minimum.
