

FALL OF CABINET DUE TO DISCONTENT

Italians Dissatisfied With Foreign Policy Exemplified in Paris Negotiations.

Rome, June 20.—"Remain faithful to our duties toward the allies," was a passage in the address of Premier Orlando yesterday which turned the tide against the premier and resulted in the adverse vote which had his sequel in the resignation of the Orlando cabinet. There was a great tumult and cries of "The allies have never been faithful to us. Why should we be faithful to them?"

In the corridor of the chamber after the vote, former Minister Gallenga expressed his view of the result thus: "The deputies are the people and are tired of this situation. The delay and the uncertainty is affecting Italian prestige. Therefore, there has arisen the necessity for having new men in power better adapted to organization for facing the grave problems with which Italy is confronted."

Other views expressed by the senators and deputies who animatedly discussed the situation were that the fall of the cabinet was the result of several months of discontent with the government's foreign policy, exemplified in the peace negotiations in Paris, culminating in President Wilson's refusal to accede to any form, to the Italian demands, and likewise threatening the internal situation.

The Home Situation.

The home situation was attributed to many factors, including what was called "the lack of government," as both of the leading figures in the government, Premier Orlando and Minister Orlando, have been in Paris for nearly the entire period since December.

On several occasions, it was pointed out by members, the parliament had granted votes of confidence to the one following the triumphant entry into Rome of the premier and foreign minister last April, when they abandoned the popular confidence, and sought the endorsement of the legislative body. The former votes of confidence, it was declared, were meant to strengthen the hands of Italy's representatives in Paris in a deadlock of the most critical sort, but did not mean the approval of his home or foreign policies.

The chamber approved the proposal made by Deputy Roselli, for a discussion of the vote of confidence on Saturday, after which the sitting will be declared raised, Premier Orlando and his ministers remaining at their posts for ordinary administrative purposes.

BRITAIN FACING BIG COTTON STRIKE

Five Hundred Thousand Operatives in Lancashire Will Walk Out Today.

London, June 20.—Lancashire tomorrow is likely to see the start of a strike of cotton spinners, involving 500,000 operatives. A number of conferences have been held at Manchester and in London during the past fortnight, and Sir Robert Stevenson Horns, minister of labor, has made strong efforts to avert the strike, which will be for a 4 1/2-hour week and a 20 per cent. advance in wages. The employers offer a 48-hour week and a 15 per cent. increase.

A final conference at Manchester today failed to agree and the operative strike notices expire at noon tomorrow. Unless an eleven-hour settlement is reached or the cooperative consent to postpone their notices it is believed that there will be 500,000 workers on strike.

WEIMAR IS ISOLATED BY SUDDEN STRIKE

Weimar, June 20.—Weimar tonight is completely cut off from all railway communication with all sections of Germany because of a suddenly called railway strike. The strike, which is the only means of communication, Government circles see in the strike a new Spartan attempt against the German government.

The reason given for the strike is a demand for an increase in wages. In the meantime the German government and the various political leaders are held here until further notice. A majority of those here do not have sufficient clothes and fresh linen to last more than a day or two.

POLISH DIET FROWNS ON EXCESSIVE AGAINST JEWS

Warsaw, via Paris, June 20.—The Polish diet, following a debate on excesses committed against Jews, adopted unanimously a motion presented by M. Daszynski expressing the conviction that such excesses, instead of ending the disastrous economic situation in Poland after five years of war, would increase the general distress.

The government, it was said, is willing to take the necessary measures against those who encourage the exterminated population to commit offenses against the Jews.

FRENCH COAL INDUSTRY GETS EIGHT-HOUR DAY

Paris, June 20.—The bill of Deputy Durand applying the eight-hour day to the coal mining industry was adopted unanimously today in the chamber of deputies. The rejection two weeks ago by the chamber of the same bill, which was due to a misunderstanding, resulted in a general strike of the miners.

ST. MILDRED'S PRIZE GIVING.

St. Mildred's College annual prize giving took place in the hall of the institution yesterday afternoon. His Lordship, the Bishop of Toronto, assisted by Canon McGrath and Father Potts, distributed the prizes. Sister Barbara gave the report of the school for the year. At the closing of the exercises the bishop gave a brief address. A large number of the parents and friends were in attendance.

YORK COUNTY AND SUBURBS

EARLSCOURT STRIP SIR SAM OF DECORATIONS

Such is Demand Made by Earlscourt Veterans to King George.

The Earlscourt veterans met at their headquarters, Belmont Hall, last night, and discussed many matters pertaining to the welfare of the association. Captain John Watson was elected as delegate to the Vancouver convention, receiving the largest number of votes over Comdr. James and Godfrey. In thanking the comrades for the honor conferred upon him in electing him as delegate, Watson said that he was with the branch in favor of the \$2000 grant, he would do his best at the convention to secure the grant. He said that the high cost of living and profiteering brought out some scathing remarks by the veterans.

A resolution was passed that King George be respectfully asked to remove the decorations conferred on Sir Sam Hughes for his attitude re the returned veterans as a fitting gas bar and that the soldier had no use for him.

York township also came in for some criticism by some of the men, but a member of the Mount Dennis branch of the veterans stated that Mount Dennis had always been well treated by the township.

Then several Earlscourt men asked why any difference should be made to Earlscourt, and it was resolved to ask the secretary to write to the township on the subject.

The best method of handling surplus army stores was referred to, and it was decided to take the matter up with Ottawa, as the discrimination shown was doing an injustice to the returned veterans.

There is now a membership of 700 in this branch, and 25 new members were received into membership last night. Pres. F. J. Richardson presided, with the assistance of Leonard G. Gardner on the platform.

A CLOSE GAME.

Dufferin and Oakwoods baseball teams played a close game on Friday evening at the Appleton avenue baseball grounds. At the end of the eighth inning the score stood 12 to 11 in favor of Dufferin, when the game was broken off for want of light. Oakwoods had two men on base and one out. The umpire called the game a draw. Over 100 fans were present.

BROTHERHOOD MEETINGS OVER.

The Men's Brotherhood of the Earlscourt Central Methodist Church, which meets on Sunday afternoon, have discontinued their meetings for the month of July and August, and will reassemble on the first Sunday in September. Rev. E. Crossley Hunter is president.

FALL FAIR COMMITTEE.

The following Earlscourt business men have been elected on the general committee of the 1919 fall fair: M. A. Brilling, A. G. Clark, C. F. Foster, C. E. Johnson, Walter E. Scott, W. G. Campbell, D. M. No. 12, and J. H. Sykes. A representative meeting will be held at the committee's office, 1659 Dufferin street, Earlscourt, on Monday evening, June 23.

ALDERMAN OPENS OFFICE.

Alderman Brook Sykes for Ward Six, has opened a real estate office on West St. Charles avenue. He will handle fire insurance also.

LEVELING DUNDURN HEIGHTS.

The Dundurn Heights, east of Oakwood, is being levelled in preparation for a big land sale. The property comes under York township boundary, and will be ready for installation of water mains and sewerage. The frontages to the new lots will be offered for sale within the next few days, and the residential lots later.

DANFORTH PAVING ARUNDEL AVENUE.

Arun del avenue is now being paved after years of agitation and protest regarding its neglected condition. The roadways in an asphalt surface and will be laid from Danforth avenue to the city limits.

DIED OF APOPLEXY.

William Reid, 29 Cambridge avenue, died as a result of an apoplexy stroke yesterday in his 82nd year, and is survived by his widow, two sons, Samuel and John, and one daughter, Sarah, at home.

The late Mr. Reid was a member of Danforth Methodist Church and L.O.L. members for many years—connected with H.M. Customs, and his employment he was superannuated some years ago.

INDIFFERENT TO SINGLE TAX.

The single tax tent meeting campaign now being held at the corner of Pennington and Danforth avenues is attracting but slight interest, it is thought, to the hot weather. The high cost of tariff and similar topics are being discussed.

MOUNT DENNIS GIVING CONFIRMATION.

The Bishop of Toronto will confirm at Calgary Church, Silverthorn, Sunday morning, and in the Church of the Good Shepherd, Mount Dennis, Sunday evening.

The bishop has issued a circular to the clergy, asking that on the evening of the day of the signing of the peace terms special peace services should be held in all the churches, and on the following morning a solemn peace thanksgiving service of holy communion should be held at 8 o'clock through the diocesan character. The clergy are asked once more on Sunday to make announcement to their people in this effect.

ERZBERGER TO ASK TWO MODIFICATIONS.

Paris, June 20.—The Temps understands that Matthias Erzberger, if he takes power in Germany, will ask two modifications of the peace treaty. The first will be the toning down of the clause concerning responsibility for the war, so as to spare German susceptibilities, and the second, abandonment of prosecution of the former emperor.

RIVERDALE LATE HENRY G. WELLS BURIED AT AURORA

The funeral of the late Henry G. Wells, retired farmer, aged 80 years, 44 Hogarth avenue, who was knocked down and instantly killed by a street car on Wednesday last, took place at Aurora Cemetery yesterday. Rev. W. M. Kannavin, minister of the North Broadway Presbyterian Church, conducted the service, and the arrangements were carried out by L. W. Trull, undertaker, Broadview avenue. The late Mr. Wells was well known in the district. He was unmarried, and is survived by his sister.

LIBERTY LEAGUE MAKES PROGRESS

An active membership campaign is at present on foot in connection with the Citizens' Liberty League, and considerable headway is reported from various sections of the city. According to the statement of Charles E. Townsend, organizing secretary, new branches have been organized recently in wards four and six with great success.

F. Armstrong has been appointed organizing secretary, and S. Cowdell, secretary in ward four, and W. Wolse, organizing secretary, and J. Morrison, secretary in ward six. A branch will shortly be formed in the Beaches district under the supervision of J. Jones and J. Morrison.

"Many public bodies are discussing co-operation with the league, among whom may be mentioned the Independent Labor party," said J. Morrison, who added that the Citizens' Liberty League is very pleased that it has won the first round for the personal liberty of the citizen in the senate's action on prohibition and the prohibitory legislation of the Lord's Day Alliance will next receive attention.

STILL HOPEFUL.

Many prominent members of the Riverdale Ratepayers' Association are keenly on the lookout for a start on the work of construction of the grand street hollow, or "Devil's Dip," which was to have commenced in the early summer, according to the assurance of several city representatives.

"The officials are probably on their well earned holidays," surmised a Gerrard street resident.

HORTICULTURAL EXECUTIVE MEET.

A meeting of the Riverdale Horticultural Society executive committee was held last night at the residence of the president, A. J. Smith, Wroxeter avenue, when final arrangements were made in connection with the program for the annual show.

The members expressed dissatisfaction regarding the action of the parks commissioner in refusing to place a small rosy in Withrow Park and the secretary was instructed to communicate with the parks' committee in the matter.

There was a good attendance, A. J. Smith, president, presided.

COMMISSIONERS SAY, REBUILD BRIDGE

The county commissioners' report presented to council yesterday morning, recommended that the bridge on the line between Peel and York counties be rebuilt, also the Norris bridge, between East and North Gwillimbury. Four others to be repaired.

"Might Have Murdered Man," Says Judge in Sentencing

Hamilton, June 20—"You might have murdered the man," said Magistrate Jells, today, in sentencing William Campbell, Mountain Top, to six months for assault. Charles Martin was the victim and according to the evidence,

LOWER WHEAT PRICE TO CUT FOOD COSTS

Western Grain Man Gives Advice to Cost of Living Committee.

Ottawa, June 20.—Charles Birkett, secretary of the Fort William and Port Arthur Grain Exchange, told the cost of living committee of the commonsense, this afternoon, that no reduction in the cost of food stuffs need be expected until wheat was reduced in price. He said that wheat at \$2.24 a bushel, did not make bread very dear to the individual, because it was estimated that one person used about one barrel per year; but there were also corn and shorts to be considered, and the price of wheat was reflected on oats and barley, so that meat, milk, eggs, etc., all reflected also.

He believed that the open market for wheat would be better than the present closed grain market. Grain men had conferred with the cost of living committee and no effort was made to reach an agreement.

His belief is that if the fixed price was removed the price of wheat would drop to normal. He considered the present price fictitious and believed it would drop.

Europe's Requirements.

Hoover had declared, said Mr. Birkett, that it would take 750,000,000 bushels to feed Europe, but other authorities claimed that this was too high an estimate. There would be a surplus of wheat in September, thus bringing down the price. The witness said that if the price of wheat continued to be fixed in Canada, 17 1/2 per cent of the people would benefit. It would also put the grain dealers back again.

HAMILTON NEWS

Hamilton, June 20.—The collapse of the coal famine last winter led Hamilton with more than 4000 tons of coal, which is now being stored in a large number of places within a few months, and he is urging citizens to stock up now with advance.

E. S. Estlin, provincial gas commissioner, who is presiding at a meeting in Brantford, will visit the city on Monday for a conference with the cost of living committee. It is understood that no official hearing will be held here.

With Dean Kelley presiding the closing exercises of the scholarship year of the Loretto Academy took place today. There were a large number present, and after the presentations the students left for their summer holidays.

YOUNG VIOLINIST GIVES RECITAL

Margaret Eaton Hall was filled last night when a recital of more than usual interest was given by Samuel Green, a promising pupil of Broadus School, a young artist, who is only fifteen years of age, plays with a refinement and facility of technique that is only lacking in much more advanced and pretentious players.

The Concerto No. 2 Romance and Allegro Moderato (Winiawski), were interpreted with nice understanding of requirement, and in "Tambourin Chinois" (Kreutzer), the player got the real Oriental atmosphere. In the number "Perpetuo," which requires a continuity of rapid fingering, the time and rhythm were maintained through, the clever performance bringing enthusiastic applause from the audience.

Miss Ethel M. Drake, elocutionist, pupil of Edward Genoa, gave the "Soul of the Violin," a humorous character sketch revealing a good deal of historical talent. Miss Isabel Jenkinson, a pupil of Signor Genoa, gave a sweet soprano voice which was heard in "Down in the Forest" (Ronald), and "Mattinata" (Tosti). Pupils and teachers were all from the Hamburg Conservatory.

RUSSIAN PEASANTS THINK LENINE IS ANTI-CHRIST

Paris, June 20.—The soviet government in Russia is combating a religious movement, mystical in character, which has spread thru the provinces of Moscow, Novgorod and Vladimir. One of the features of the movement, which is said to be strong among the peasants, according to advices received here, is that Premier Lenine is called anti-Christ foretold in the Scriptures. The Bolshevik, it is said, are opposing the movement by means of an active propaganda.

DIES IN ST. THOMAS.

St. Thomas, June 20.—Steele Lewis, a well-known young business man of St. Thomas, died today of heart trouble after a illness of three months, following an attack of influenza.

WINNIPEG STRIKERS WOULD END CONFLICT

(Continued From Page 1).

have any cause to complain, the government was disposed to grant E. B. Russell, W. Evans, John Queen, A. A. Heaps, Geo. Armstrong and R. E. Bray, a fair trial by jury if they so desire. I have decided to postpone any proceedings for their deportation until the charges against them have been heard. Having so decided, and as each of these persons has undertaken to refrain from taking any part, directly or indirectly, in the strike now in progress, and in view of the fact that there is a strong possibility in view of the statement as to collective bargaining, issued by the metal trades employers, of the sympathetic strike being immediately called off, I see no reason why the accused until they are released should be detained in custody and accordingly I am consenting to their being admitted to bail, on securities of \$2000 each.

It is understood by these persons quite definitely that if they fall in their undertakings they will be immediately rearrested and placed in custody. (Signed) A. J. Andrews."

The six men who are being let out on bail will appear at the civil courts at Winnipeg, the date of which depends upon whether the case for the crown and the accused are quite prepared to proceed with the case at that time.

In the case of the five men of Stony Mountain, they will likely come before an immigration board of enquiry, which Thomas Galley, acting commissioner of immigration in Winnipeg for the federal government, has been appointed chairman. This board will not institute proceedings just yet, it was officially stated last night, as it is the desire of the authorities to get such evidence submitted showing why the accused should be deported that the minister of immigration, Hon. J. A. Calder, will have no occasion for upsetting the decision of the board.

Eight Hours for Railwaymen.

An eight-hour working day has been granted all employees of the Winnipeg Electric Railway as a result of a strike today. In order that there shall be no decrease in salary for men receiving the minimum wage, an increase of six cents an hour has been granted, thus bringing earnings of the men up to the same figure as those of the men on the nine-and-a-half-hour day previous to the strike.

A board of arbitration held a session to consider demands of the men for seventy cents an hour and an eight-hour day, but suspended without reporting when the sympathetic strike was begun.

Unanimous approval of the provincial government's policy, opposing the sympathetic strike on principle, was expressed by resolution at the caucus of Liberal members held Thursday night, it was announced today.

The question of legislation against collective bargaining was also discussed, it was said, and it is confidently expected that legislation making this principle statutory will be introduced in the session of the house at the next session of the house.

LOYAL TILL THE LAST.

"So Casey was fumm'n' me down an' ye stood up for me?"

"O' did. O' so to him, 'Casey,' ye're honest an' ye're truthful an' ye're no coward, an' ye work hard an' ye pay yer debts, an' ye don't get drunk an' ye're no wolf, but in other respects ye're no better than Dolan!"

CALGARY ARRESTS LABOR ORGANIZER

Promoter of One Big Union Awaits Transportation to Winnipeg.

Calgary, June 20.—W. A. Pritchard, prominent organizer of the One Big Union, and one of its officials, is a prisoner in the Calgary city jail awaiting transportation to Winnipeg on a charge of having knowledge of a seditious conspiracy.

Pritchard was taken from the west-bound C.P.R. train in Calgary last night by Staff-Sergeant Hall of the R.C.M.P., who had been watching all trains on the lookout for the fugitive. The prisoner was brought before Police Magistrate Sanders, D.S.O., this morning and was briefly informed that he would be held pending the arrival of an officer from Winnipeg.

"Do you know what the charge is against you?" inquired the police magistrate of Pritchard.

"Yes, I know," replied Pritchard, "and I know the extent of it, but I removed again to the cell and was remanded until Monday pending the arrival of a Winnipeg officer."

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World News Company of Toronto, Limited.

SATURDAY MORNING, JUNE 21, 1919.

Political Action More Effective Than Strikes.

There is one aspect of the Winnipeg strike situation that ought to be brought home to labor, whatever may be thought of the merits of the case either way, or of the results attained.

Firstly, and chiefly, because labor men in politics do not in Canada trust each other. They do not turn out and vote for labor candidates when they do stand. They cast their votes with the old line parties, and are satisfied with the crumbs that fall from the party tables.

Labor, organized politically as it has been organized economically, could elect from 25 to 50 per cent of the members in any legislature or parliament in the country, and could then get any legislation required. In Great Britain the Labor party, with not more than twenty per cent of the candidates, practically controls the situation.

Misguided people who howl for what they call "direct action," have quite lost the true path to effective action, which is decisively and definitely through the ballot-box.

To admit or confess that this method is impossible or inadmissible is to acknowledge the truth of the whole charge brought by its opponents against the labor movement—that labor has not the sympathy of the public or of its own following in extreme demands; that labor cannot make a satisfactory appeal to the public on the grounds adopted by the extreme radicals; that there are no conditions grave enough to be objected to in the economic situation, such as would consolidate the labor forces of the nation into a solid body demanding reform.

The board of trade has submitted some considerations to the street railway men, which appear elsewhere, and to which attention may well be directed. The board of conciliation is to meet at once and may be able to suggest some way out of the difficulty which would be generally acceptable. The board of trade suggests that until the board of conciliation has arrived at some finding the men should not dissipate their own energies and alienate public sympathy by a strike.

The World has another suggestion to make. It is possible that a strike of the street railway men will be declared tonight. The greatest asset the men possess in the case of a strike is the sympathy of the public. If the strike is postponed till Monday morning so as to give the public their opportunity to go to church, to get their weekly visit or outing or to spend Sunday in their normal fashion it will do the men who strike no harm and perhaps get the strike, if there is to be one, off to a better start.

The real incidence of a strike is in its effect on business. There is no business on Sunday to be affected, but the general public do think a great deal of their Sunday privileges in visiting the churches, the hospitals and in other ways which the strike would materially affect.

It will probably not be known until late tonight whether a strike has been definitely settled, and 24 hours' notice to the public would also be regarded as a favor.

THE SITUATION IN EUROPE

The Associated Press issues the following: Latest advices from Berlin are to the effect that the German cabinet has resigned, but that temporarily President Ebert is to retain office.

MR. HANNA IS RIGHT

Mr. Albert Hanna, the secretary of the Danforth Teachers' Association, the other night drew the attention of his members to the paying of a superannuation pension to a teacher employed by the board of education.

OSGOODE HALL NEWS

Master's Chambers. Before J. A. C. Cameron, Master. Press v. Curry, reeve of township of Dysart—H. C. Fowler, for defendant, obtained flat for leave to serve notice of motion to unseat reeve on giving security, as provided by the municipal act.

MR. HANNA IS RIGHT

Every man who works is doing so either because he wishes to do so, or because he is not satisfied with his position in the world, and he is not satisfied with his position in the world, and he is not satisfied with his position in the world.

THE PROMOTER'S WIFE

Neil's Life Job. Neil really was very brave. He had a staggering load of debt facing him after all was settled. Scott, and one or two of the others, whom he owed large amounts, were to take payments in instalments with interest.

COMMUNIST PLOT AGAINST AUSTRIA

Copenhagen, June 20.—Unrest continues in Vienna, according to dispatches from the Austrian capital today, and preparations are being made for a new communist attempt against the government. Communist headquarters in the city are said to be in communication with the government.

BRITISH DIRIGIBLE BACK AT AIRDROME

East Fortune, Scotland, June 20.—The British dirigible R134, which left here on Tuesday for a cruise over the North Sea, and the return of which to her airdrome was delayed by strong wind yesterday, arrived safely at 4 o'clock this morning.

"BIG BILL" DEVERY DEAD

New York, June 20.—William S. Devery, 63 years old, former chief of police of New York, fell dead as he sat in his home in Far Rockaway during a thunderstorm late this afternoon.

DEATH OF RES

A verdict of turned to Court Jury at the in night touching Watson, return run down and car on the La for the blame soldiers' relative investigation on the attorney's the provincial coroner. Born county authority have held the county court inquest. They would show he had been struck by a trolley car. Watson, a soldier.

RARE PROCEEDINGS AT FEDERAL PROBE

J. R. Robinson Before Living Cost Inquiry—Call Police and Sergeant-at-Arms.

Ottawa, June 20.—Proceedings before a committee of parliament today were such as are rarely paralleled before a committee of parliament.

THE DAY AT OTTAWA

Ottawa, June 20.—Party politics and tariff talking gave place today to the always more or less interesting subject of divorce. With the sanction of the government, W. P. Nickle of Kingston was permitted this afternoon to move the second reading of his bill.

MR. HANNA IS RIGHT

NEW ADAMS SITE ALMOST READY

William Davies Company and Colonial Theatre Delay Building.

The site on which the Adams Furniture Company are to build their new premises on Yonge street is being rapidly cleared. Immediately basement digging is completed, building operations will commence in real earnest, and Messrs. Adams hope to be in possession of their new premises in the latter part of the present year.

The William Davies Company, who bought the Franklin premises on West Queen street, will not commence alterations or any building operations for some months to come. When the premises have been adapted to their requirements they will move the business now being conducted in the Adams block on Queen street to the new site.

SPIRITUALIST CHURCH BECOMES INCORPORATED

The Spiritualist Church of Divine Inspiration is the name of a Toronto body to which letters patent have been given under the Ontario companies act. The company, as the organization is commercially described in the Government Gazette, consists of Annie Wood, A. H. E. Sherman, teacher; A. C. Maitland, auto repairer; A. Carmichael, painter; Fred Harlow, machinist, and W. Thomas, all of whom are well known in the city.

At the meeting of the new company, which was held at the home of Mrs. Harlow, the members of the church were asked to perform in some way to teach the law of the universe in accordance with the Master's teaching; to prove the truth of spiritual doctrine; to carry out charitable work and to organize and conduct schools for religious and spiritual instruction.

ROSY CHEEKS AND GOOD HEALTH

Come Through Keeping the Blood in a Rich, Red and Pure Condition.

When a girl—or a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily and her heart palpitates after the slightest exertion, or if she is suffering from anaemia, it means that she is suffering from a lack of that, watery blood. Headache and backache frequently accompany this condition, and nervousness is often present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and renew the blood, bring brightness to the eyes, color to the cheeks, and a general feeling of renewed health and energy. The only other treatment needed is a plenty of sunlight, moderate exercise and good, plain food. The girl or woman who gives this treatment a fair trial will find herself enjoying perfect health.

Charles Chaplin is to appear at the Regent Theatre next week in his latest production of the million-dollar comedy, "Sunnyside," and there is a well known moving picture follower as "the perfect lover" Marguerite Clark as Claudia became a cook to bustle chickens during the summer months in a real good play full of comedy situations. Miss Grace Stewart will play selections from "The Rainbow Girl."

PLAYS, PICTURES AND MUSIC

"Billeted." At the Royal Alexandra Theatre, where the air is cooled to an average of 65 degrees, commencing next Monday evening, Edward H. Robbins and his players will present for the first time in Canada on any stage, the great English comedy of the humorous side of war, "Billeted."

"Mickey" Continues at the Grand. The picture drama, "Mickey," is established as a record for attendance in Toronto, for commencing Monday next, the picture will enter upon its fourth week at the Grand Opera House. It is a well-constructed photodrama, with an interesting story, clever professionals interpreting the parts and portraying the characters in an artistic manner, sensational and yet giving to local theatre-goers a new and thrilling situation ending with a realistic racing scene in which the horses are shown in the paddock on the track at the post and running the race. The picture opens in the west, where the principals are seen following their mining operations.

"The Coming of the Law," the newest William Fox western production, featuring the best of all western character actors, Tom Mix, will be the bill at Shea's Hippodrome next week. It is another of those stirring stories of the olden times, and provides the incomparable Mix with an opportunity for that display of his manly, gunplay and feats that have made him famous. Ed. Gingsberg, described as "the Cannon Ball Juggler," will be a feature of the merry musical bill. Jeannette Childs, the merry musical maid who was recently a feature of "Oh Boy," will be a feature of up-to-date songs. Marshall Montgomery, the clever ventriloquist, will know his way to his newest feature, "The Surprise Party."

At the Regent Theatre, the Douglas Family, Scotland's foremost family of entertainers, in their latest edition of "A Wee Bit of Scotch and Irish," headline the bill. They offer the latest in songs, dances and comedy, finishing with the Irish all, Dainty Estelle Sully, "The Revue," and "The Revue," which will be a feature of the bill. The character actor, Charles Chaplin, is to appear at the Regent Theatre next week in his latest production of the million-dollar comedy, "Sunnyside," and there is a well known moving picture follower as "the perfect lover" Marguerite Clark as Claudia became a cook to bustle chickens during the summer months in a real good play full of comedy situations. Miss Grace Stewart will play selections from "The Rainbow Girl."

At the Regent Theatre, the Douglas Family, Scotland's foremost family of entertainers, in their latest edition of "A Wee Bit of Scotch and Irish," headline the bill. They offer the latest in songs, dances and comedy, finishing with the Irish all, Dainty Estelle Sully, "The Revue," and "The Revue," which will be a feature of the bill. Lifebuoy: Official Report

The following Report on LIFEBOUY SOAP has been given by Professor George A. Ferguson, Director of the Ferguson Laboratories, New York.

ITS PURITY.—Chemical tests show Lifebuoy Soap to be pure without adulterated ingredients of any kind; also that an exceptionally high standard both in the selection of materials and in the method of manufacture is maintained.

ITS ANTISEPTIC VALUE.—In testing its antiseptic value, it was found that solutions as weak as 5% would DESTROY germs in less than five minutes. This property renders Lifebuoy Soap extremely valuable in keeping the skin in perfect health. It can produce healing conditions and promote a good clear, clean skin.

For shampooing and for use in producing a wholesome condition of the scalp, it is to be highly recommended.

ITS MEDICINAL PROPERTIES.—The tests further proved that the medicinal properties of Lifebuoy Soap add to its unique value for all toilet purposes where the HEALTH of the skin, in addition to its cleanliness, is a consideration.

Every test pointed to the fact that Lifebuoy Soap is to be especially endorsed as a soap to protect the skin and to keep it in a fine, healthy condition.

(Signed) GEORGE A. FERGUSON, Ferguson Laboratories, New York.

Lifebuoy—it's a splendid soap and a superb disinfectant in one. Sold by all good grocers. LEVER BROTHERS LIMITED TORONTO ONT.

SOCIETY

H.H.H. the Prince of Wales will officiate at the formal unveiling of the Carleton monument in Montreal in August. Miss Hortense Carrier, the sole surviving daughter of the Canadian statesman, in whose memory the monument is erected, will be invited to be present at the unveiling ceremony.

Sir Arthur Newholme, K.C.B., spoke last night in convocation hall to a vitally interested audience on "What the Red Cross Should Do in Peace Time." CAPT. "GIPSY" SMITH COMES TO TORONTO

Will Lecture in Knox Presbyterian Church on Monday Night. Born in a Gipsy tent 23 years ago and living in a tent until he was 18 was the lot of Captain "Gipsy" Pat Smith, who is in Toronto on a short evangelistic campaign. He also told The World in his report at the King Edward last night that he went to a public school from the Gipsy tent and has come to be proud of his education which has come to him since.

Gipsy Smith speaks with a pleasant Scotch accent, also originally his family came from Yorkshire. Asked if he was any relation to the Gipsy Smiths so well known in the religious world, Captain Pat said his family name was quite distinct. He explained that there were seven families of Romanes named Smith without any relationship existing. The original Gipsy Smith settled from the Spinning Forest.

Captain Smith then took a commission as 2nd Lieutenant in the Northumberland Fusiliers and went to France in 1915, going "over the top" in the battle of the Somme, July 1, 1916. He was severely wounded in the thigh and arm, and spent 17 months in hospital undergoing nine operations. He went back to France again and was in the last seven months of the fighting.

MILITARY HONORS FOR LATE JAMES LAWRENCE. Former members of the 38th Battalion followed the remains of the late James Lawrence, who was killed in a shooting affray in Ottawa on June 17, to their last resting place at Prospect Cemetery yesterday afternoon.

INTERNED GERMAN RETURN. Berne, June 20.—Under a new arrangement with the Allies, 700 interned German prisoners interned in Switzerland were started for home yesterday by special train.

KEEP CHILDREN HEALTHY. To keep children healthy the bowels must be kept regular and the stomach sweet. Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ill that follow a disordered condition of the bowels or stomach. They are mild but thorough laxatives and never fail to give results. Consult your doctor, or write to the manufacturer, Baby's Own Tablets, 100 West 42nd Street, New York, N.Y.

ANNOUNCEMENTS. Notices of future events, not intended to raise money, 25 per word, minimum 50c; if held to raise money solely for religious or charitable purposes, 10c per word, minimum \$1.00; if held to raise money for any other than these purposes, 10c per word, minimum \$2.50.

STATION AT FISHERMAN'S ISLAND AND SANDHURST. The station at Sandhurst will be opened on June 20. After considerable discussion with the Toronto Ferry Company the company has promised the city that a service will be given to Fisherman's Island as usual.

WINNIPEG STRIKE, AS VETERAN SAW IT

Throws Sidelights Upon Labor Situation in Prairie City Lately.

DENIES BOLSHEVISM

Believes Strike Will Continue Until All Employees Fully Reinstated.

James Gill, a member of the G.W.V.A. in Winnipeg, who is well acquainted with Comrade Bay of that association, and also with the other men arrested in Winnipeg two days ago, stated yesterday that, easily 2000 veterans in the "Prairie City" were among the strikers, and that sympathizers could be found in thousands among the remaining seven thousand members of the association.

Comrade Gill made categorical denials of certain charges reported against the Winnipeg strike as its leaders, as follows: (1) The strike was in no way influenced by either Leninists or the so-called Red element of any city or America. (2) The strikers at no time countenanced anything in the nature of unconstitutional action. (3) The foreigners arrested were in connection with the strike had absolutely no connection with the strike.

"You ask me whether or not Mr. Ivens could be considered a revolutionary," said Comrade Gill. "In reply I will give you a history of his movements during the past two years, with my own emphatic and well-based opinion that he never entertained any sympathies for Leninist or Red propaganda. Rev. Dr. Ivens was Methodist pastor of one of the Winnipeg churches when both the laborites and the members of this church discovered that he entertained sympathies for labor movement, and strong sympathies at that, but by no means radical, the I realize that the question of radicalism may be subject for debate. At this time, April, 1917, the civic employees of Winnipeg were considering grave grievances, and this pastor recognized the situation. This brought him into conflict with various influential members of his congregation. He left that church and finally represented the men in the demands for redress of those grievances. He was at this time appointed editor of The Western Labor News. I make this observation because we desire to acquire Mr. Ivens if any sudden labor motives immediately preceding or during the strike. His movements have been gradual and absolutely devoid of unconstitutional method."

"That he may have been a pacifist is possible, if debatable. The fact is that his connection with us and the strike must be considered entirely apart from any such considerations. He is a very quiet man of moderate but strong views, and an enemy to anything revolutionary. His congregations at the Labor Church have been very large, but his stipend in connection with that church and in conjunction with his position has been less than that which he enjoyed as pastor of his former church."

"Now as to the other men. R. B. Russell is an Englishman of progressive rather than of radical tendencies, and has always acted with wisdom and with a full sense of constitutional action. He does not belong to even the Social-Democratic party."

"Ald. Heaps is a thoroughgoing trades unionist, who was generally unknown except as such until the strike in 1917, when during his term as a councillor of the city he strongly supported the civic employees in their demand for redress, and during their strike. He has always been nothing more, nothing less than a strenuous labor man. The same may be said of Ald. Queen. As to the foreigners arrested with the other men, I say without contradiction that they have no connection with the strike, and that their arrest must have been in connection with propaganda work of another kind if it had any justification at all."

Comrade Gill also stated that the labor men of Winnipeg did favor the "one big union" so far as he was aware. Of this he speaks at the Queen's Park meeting Saturday evening. Many facts in connection with the investigation before the impartial observer expressed an opinion one way or the other.

In conclusion, Mr. Gill stated that it would be impossible for such men as Ivens, Heaps, Queen or Russell to give an undertaking that they would take no further part in the strike in view of the well-known fact that it was their most intense interest. He also stated his emphatic opinion that the offer of the employers as related in The Star of Friday afternoon could never be accepted, it being the determined intention of the men to not return to work until all strikers had been reinstated.

BIG WAR MEMORIAL PLANNED IN BRANTFORD

Special to the Toronto World. Brantford, Ont., June 20.—The plan of J. M. Shuttleworth for a memorial square on the corner of the market, has been adopted by the civic memorial committee and will be presented to the city council next Monday.

SEARCH FOR SOLDIER. Special to the Toronto World. Brantford, June 20.—A search is being conducted for Pte. Geo. Nelson, 21 years of age, fair complexion, victim of aphasia, brought on by war wounds, who left his home a week ago and has not since been seen.

SOLDIER MISSING; PARENTS ANXIOUS

Montreal, June 20.—The police and military authorities of eastern Canada are making a careful search to determine what has become of a returned and invalided soldier named Claude Bailey.

After suffering from nervous prostration and pleurisy in France, Pte. Bailey arrived in Canada and left his home at Dalhousie, N.B., to visit relatives at Racine, Wis. While in the United States this soldier wrote his parents advising them that he was returning home, leaving an approach of another breakdown in health. He left Racine on May 15, buying a ticket to Quebec, via Chicago, Port Huron and Montreal. The railway authorities report that the ticket was used from Chicago as far as Port Huron, but after that point no trace had been found of the traveler. His aged parents have been visiting the various cities along the route for some weeks past making inquiries regarding their son, but no news has been obtained of the boy. As the ticket was quiet and steady disposition it is believed that he has either met with foul play or having been seized with illness has lost his identity and is under treatment in some hospital.

Pte. Bailey was 22 years old, about five feet eleven inches in height and of dark complexion. At the time he left Racine he carried his military papers and was wearing his service badge.

You may be as healthy as a bird in the air and still have a poor complexion, a youthful complexion this acquired, there's no reason why any woman should not adopt this simple treatment. Just get an ounce of mercolized wax at any drug store, applying nightly like cold cream, washing it off morning. This will not fall in any case. It is the best thing known for freckles, moth patches, liver spots and pimples.

Youthful, Beautiful Skin Easy to Have

Special Week-End EXCURSION

and Special Boat to 1,000 Islands \$15.00 AND RETURN

This special rate good on Steamer "Kingston," leaving Toronto Saturday, June 21st, at 2.45 p.m. The return fare, including berth and evening dinner in both directions (returning arrive in Toronto early Monday morning), \$15.00.

Passengers can, if they desire, go on to Prescott and return on same boat, instead of stopping at 1,000 Islands, by paying for additional meals.

The regular Saturday boat for Rochester, 1,000 Islands, Montreal, and other points East, leaves at the usual sailing hour, 3.30 p.m. The special return rate of \$15.00, however, is good only on the 2.45 boat, but through passengers will be carried to Rochester, Kingston, Alexandra Bay, connecting for Montreal at Prescott.

For a cool, comfortable trip at a price that will appeal to everybody, you cannot do better than visit the 1,000 Islands. A restful river trip and the superb scenery of those islands viewed from a deck-chair, is just what you need these hot Summer days.

GRAIN PRICES SAG AFTER FRESH RISE

Speculators on the Bull Side in Corn Over-reach Themselves.

Chicago, June 20.—Reports that a new German cabinet would sign the peace treaty did a good deal today to lift the corn market to the highest level yet this season. However, shippers and industrialists then withdrew, and prices closed weak, at the same as yesterday's finish to half a cent lower, with July \$1.81 to \$1.83, and September \$1.74 to \$1.74 1/2. Oats lost a shade to 1/2 cent, in provisions, there were gains varying from 30c to 45c. Much of the buying in the corn market was based on the assumption that the signing of the peace treaty would greatly widen out demand for feedstuffs. Bulls contended also that no large stocks of corn would hereafter be accumulated, and that the growing crop would fall short of current estimates. In the last hour, the speculators on the bull side found that they had overreached themselves, and that other interests were flatly refusing to pay their prices. Increased country offerings also tended to weaken values after midday; so, too, did late uncertainty in regard to German government changes.

Oats merely duplicated the action of corn, apparently unfurnished by export sale of 350,000 bushels.

Peace talk and higher quotations on hogs started provisions up-grade.

ON CHICAGO MARKET

Hughes, Harcourt & Company, 307 Royal Bank building, received the following wires at the close of the Chicago market yesterday: "Corn again made new high levels on the crop and cash corn also sold higher than before. Commission houses were persistent buyers and their confidence is that houses with country connections are operating on the long side. The cash demand was good, with an improvement shown from the east. The demand from there has been negligible of late. Receipts are light and the country does not appear anxious to handle its offerings materially, despite the high prices of elevators that country. The report that Germany had signed the peace treaty cleaned out. We are now allowed to sell direct to France."

ASK FIVED WHEAT PRICES.

Chicago, June 20.—It is desirable that a fixed price for wheat be set now, said Cecil Rice Jones, general manager of the United Grain Growers. "Now that the United States and Britain are doing their best to stabilize the market, it is advisable that similar action be taken here."

CHICAGO MARKETS.

J. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:

Corn—Open.	High.	Low.	Close.	Prev.
July	151 1/2	151 1/4	151 1/4	151 1/4

LITTLE SOCIAL UNREST SEEN IN NORTHLAND MELTING POT

Bolshevism Seems to Be About As Rare As Booze, Which Means There is Practically None Discoverable—Great Industrial Future is Assured.

By P. F. Cronin.

It may not be amiss to say a word or two concerning the easy habit of associating the foreign-born residents of the north country with what are called present-day signs of democratic decadence. The prosperity of the north demands labor, and in the mine the bulk of this labor is foreign. But one safety factor of the general crowd of men and women who board the train at Selwyn, for instance, representative of the labor employed in the Moose Mountain mine.

If the aim of democracy is, as most of us understand it, to raise up, politically speaking, the lowest class of our people necessary in regard to the political labor of the north is to acknowledge the political equality, because the immigrant referred to give us certainly one of good intellectual and physical endowment. Those who hope to initiate a post-war system by endeavoring to give the political equality of men whom nature has made equal, generously, and to whom the opportunities of the north hold forth the assurance of ultimate prosperity are under the necessity of finding some sort of excuse for their conception of democracy.

Boogy of Bolshevism.

The excuse now is Bolshevism or Bolshevist literature. Occasionally we hear of a clever government employe getting on the track of Bolshevist literature for the north. It may be a newspaper printed in a foreign language, which is Arabic to the employe of the province. I am under the impression that Bolshevism is about as rare as booze in New Ontario. And of booze there is practically none. The work during the recent epidemic is now heard a demand for some sort of liquor dispensary in Sudbury. The establishment of such a depot, even the ornithological word seemingly observed in the Ontario temperance act. It is a peculiar fact that "whiskey jacks" are this year a source of prospectors. I do not see one in the course of our circuitous trip, and have not met anyone who had better luck, because the "whiskey jack" is a lively and likeable fellow, for all his faults. But this is a diversion. At the present time there is setting among the foreign workers of the north an impression that a dead-end road is being followed in the province. The people of Ontario should resolutely set their faces against all excuses offered for the adoption of narrow views and methods.

HYDRO POWER CANAL EMPLOYEES SATISFIED

Average Pay of One Hundred and Fifty a Month—Good Progress on Work.

Special to The Toronto World. Niagara Falls, Ont., June 19.—The 1,600-odd men employed on the Chippawa-Queenston Hydro Power Canal are settled back to work again after the controversy regarding hours, so amicably settled by Sir Adam Beck and things are once more running smoothly and the workers seem well satisfied with their pay. Excellent progress is being made on the canal construction, and there is no doubt the 300,000 horsepower which the new canal will develop will be available for use by 1922 at the latest, the engineers in charge say.

A visitor to the canal zone is struck by the difference a few months has made. A dozen great electric towers are at it hard, night and day, week day and Sunday, digging out the earth and rock.

Work is now in progress all along the canal's course, Chippawa and Queenston, Lundy's Lane and many points in between, all working towards a gigantic link-up objective.

Make Good Money.

The men employed on the canal have the eight-hour day, but they all work ten hours and a half of them longer, getting time and a half for all over eight hours, and double time for Sundays and holidays. Every man is making good money. The object being to get the best men possible so as to hurry along the work of completion.

It is said that the average wage paid to the canal workers is about \$150 a month, and no man is paid under about \$5 a day.

It is understood that the construction railway being built to carry material away will not be taken up when the canal is completed, but will locate along its course. The power house will be built level with the river at Queenston, on the same level as the Ontario Power Company's plant is located.

CAPT. ASA MINARD SAYS HE IS GUILTY OF FORGING

London, Ont., June 20.—Before Judge MacBeth today Capt. Asa Minard, formerly head of the Dominion police in this district, pleaded guilty to forging cheques on the government, using names of veterans to serve his purpose. He was remanded until Wednesday next for sentence.

Government Proposes to Pay Increased Amount to Ottawa

Ottawa, June 20.—Sir Thomas White has given notice of a motion authorizing the payment by the government of \$150,000 annually to the Ottawa Improvement commission for the work of the commission. This amount will be paid annually for the next ten years. The present vote to the commission is \$100,000 per annum.

MONEY IS MADE BY MEN NOT AFRAID

TEXAS GLOBE OIL COMPANY

Stock selling at \$1.00 per share. Advance to \$1.25 JULY 4th, 1919.

Oil Necessary To Our Everyday Experience. World Passing From Coal Age To Oil Age.

Time was when in reality the Standard Oil Company was "the oil business." But that was yesterday. Today the oil industry is greater than any single element in it.

Yesterday the independents followed. Today they are leaders.

Texas Globe Oil Company holds leases in Burk Burnett, Brownwood and Caddo Parish, all proven oil land. On the former lease they have three shallow wells, demonstrating that the oil is there in paying quantities at 275 feet and 650 feet. The Company is preparing to drill to the 2,000-foot strata where a well should come in 500 barrels or over. The oil is selling to the Magnolia Petroleum Company at the wells at \$2.25 per barrel. With one or two deep wells the Company should commence dividends about Christmas. If you want to share with us in the enormous profits of Texas Oil, send on your order and come to our office and see sample of oil, etc. We have underwritten the entire unsold stock of the Company after a thorough investigation of their properties and directorate.

Burk Burnett is the most wonderful oil field the world ever saw. People who never invested in oil stocks are today buying, as the profits are so enormous.

Stock will positively advance to \$1.25 July 4th, if not before, so be early with your subscription, as the amount of stock at one dollar is limited. This stock should soon be selling at much higher figures. Don't gamble, but go into an oil company that is producing oil with proven oil land, and with big speculative chances. Now is the time to decide; should you want more particulars write and we shall be pleased to give them. We recommend this stock.

NEW YORK MARKET DISPLAYS STRENGTH

Many Sharp Gains Made in Forward Movement of Final Hour.

New York, June 20.—So far as today's stock market could be said to have any direct propelling force or definite factor, greater interest was evinced in the trend of events across the water than in domestic developments.

Reports of the resignation of the German cabinet were in circulation before the opening, and were believed to have accounted for the early irregularity, but this condition was of brief duration, the list hardening in every important quarter before the end of the first hour.

Trading during the forenoon and mid-afternoon was characterized by a degree of caution, although the continued ease of money, that is to say, call loans, which opened at 2 to 2 1/2 per cent, later falling to 1 1/2, offered renewed encouragement to the long account.

Although the turnover fell far short of the larger totals of recent weeks, dealings were unusually broad, embracing a greater variety of rails, also stocks, equipments and specialties, notably the food group.

Oils and motors and kindred accessories were less responsive to early moderate accumulations, but buying of these issues became more extensive in the very active final hour, when shipping also surged forward.

Investment rails were only moderately strong, interest and activity in transportation centering around minor shares, particularly Texas and Pacific, which made a gross advance of 3 points to the highest level since reorganization.

Other outstanding features included Texas Company, at an advance of 12 points, American International, which closed at gains of 2 to 2 1/2 points, final quotations mostly approximating the day's maximums. Sales amounted to 1,500,000 shares.

Foreign bonds failed to reflect reported political changes abroad and domestic issues, including the Liberty bond, were barely steady. Total sales, by value, aggregated \$5,400,000.

HEAT'S EFFECT MIXED ON TORONTO BUSINESS

Summer Goods Sell With Celerity, But Building Operations Are Checked.

Toronto reports to Bradstreet's that the extreme heat of the past week has had a good and also a bad effect on business. Summer lines of merchandise have been selling faster than at any previous period in history, according to the retail merchants.

Pumps, white shoes, silk hose, Palm Beach suits and other similar lines have been selling extremely well. On the other hand building operations have been checked to a certain extent, the men having laid off rather than work in the sun.

Leather stocks are very low and export orders continue to arrive. The outlook for leather supplies is therefore rather poor, but as a trifle firmer at 65c, Canadian Locomotive, selling ex-dividend 1 1/2 per cent, came out at 77c, or 2c under the cumulative dividend quotation after making due allowance.

In the wool loans the chief demand was for the Victory issue of 1917, which at 107 1/2 repeated the high level of the previous day.

The May's transactions: Shares, 37,028, including 1200 mining shares; War loans, \$217,550.

At Old Kenabek Elk Lake, June 20.—Arrangements have been made to resume work in the township of Auld, in the Montreal river district, on the property formerly known as the Kenabek Consolidated Mines.

The work of pumping out the shaft is already under way, a small force of men having recently been sent in.

The new company is known as the Triangle Silver Mines, Limited, with an authorized capitalization of \$2,000,000.

Gowganda's Good Outlook. Elk Lake, June 20.—The Leroy Lake section of the Gowganda silver area is becoming quite active, and with the completion of a macadam road thru Gowganda this year the entire field is expected to spring into life.

W. L. MATTHEWS IS ON DOMINION BANK BOARD

At a meeting of the board of directors of the Dominion Bank, held yesterday, Wilnot L. Matthews was elected a director to fill the vacancy caused by the recent death of his father, the late W. D. Matthews.

HOME BANK BRANCH. The Home Bank of Canada, new branch office building at Roncevalles and Neepawa avenues will not be ready for occupancy until about Sept. 1.

HAVANA ELECTRIC EARNINGS. Gross earnings of the Havana Electric Railway Company for the month of April were \$749,741, an increase of \$86,398 over the same period last year.

Legal Investments for Trust Funds

A Digest of the laws at present in force in the several Provinces of the Dominion of Canada.

Executors and Trustees are responsible for the proper administration of estates placed in their care. They are limited by law to certain classes of investments. Our new booklet, containing a synopsis of these laws, will prove invaluable as a ready reference for those responsible for the investment of trust moneys.

A copy will be furnished free on request.

DOMINION SECURITIES CORPORATION LIMITED

HEAD OFFICE: TORONTO 28 KING ST. E. MONTREAL ESTABLISHED 1901 LONDON, ENG.

Special Banking Facilities

At every branch of this Bank a general banking business is conducted. Deposits are accepted, Loans made and Letters of Credit issued. Drafts on foreign banks sold or the money transferred direct by us. Bills of Exchange, Sale Notes, Collections, etc., looked after and collected.

STOCKS ARE FIRM IN LOCAL MARKET

Brazilian, Spanish River, Steamships and Canners Are Among Leaders.

Sentiment was cheerful on the Toronto Exchange yesterday, and while there was no headlong advance such as characterized many stocks on the New York market, the trend was distinctly toward the "streets".

Spanish River, which has been very active as on Thursday, showed more consistent strength, and recovered practically all the ground lost in the reaction of the preceding afternoon.

Toronto Railway, showing a gain of 1/2 point, was the most active stock of the afternoon, yesterday's final figure, 59 1/2, showing a gain of 1/2 point.

The movement in Brazilian in the past few days is understood to have been inspired by buying on the part of Montreal interests, who were acting for clients in England.

Spanish River developed some activity, and held the highest price in years, 2 1/2 to 3 1/2, a gain of about a point.

It is the expectation of the "streets" that the Spanish River Company's financing plans will soon be carried out, and that definite action will be taken to divide the stock.

Canada Steamships common was in better demand than had been noted for some days, and advanced 1/2 to 50.

Bullish gossip is being spread by the press, and the company's passenger traffic has been stimulated by the torrid weather and the prospect of a summer season.

The movement of U. S. tourists toward Canada is unusually heavy. Dominion Cannery also woke up from its lethargy, and advanced 1/2 to 47 1/2, and closing only 1/2 lower.

Abroad the company's revenue for the first three months of the year shows improvement over that of last year. The steels were represented chiefly by Steel of Canada, which was dealt in to the extent of nearly 300 shares.

The price advanced from 63 1/2 to 70. Dominion Iron was neglected, but was a trifle firmer at 65c, Canadian Locomotive, selling ex-dividend 1 1/2 per cent, came out at 77c, or 2c under the cumulative dividend quotation after making due allowance.

In the wool loans the chief demand was for the Victory issue of 1917, which at 107 1/2 repeated the high level of the previous day.

The May's transactions: Shares, 37,028, including 1200 mining shares; War loans, \$217,550.

LAKE SHORE WEAK IN QUIET MARKET

Cessation of Pumping at Property Causes Price Break—Other Stocks Firm.

Strength of Dome Extension, McIntyre and Hollinger and a sharp break in Lake Shore were contrasting features of trading in the local mining market, yesterday. Announcement in a department in the Kildare Lake that pumping at the 400-foot level of the Lake Shore had been abandoned, leaving that level to be flooded, was hardly a startling development, although it is quite possible that the adoption of such a policy is designed more to impress the striking miners with the futility of a prolonged strike than anything else, and that the management is by no means so certain that the mine will be idle for a long time as its course of action seems to imply.

The Kildare Lake mine is stated to have pulled its pumps altogether, but there was no sensation of break in the price of the stock, merely a recession of a point to 41. Lake Shore, however, broke thru par for the first time in weeks, declining to 36 1/2, and closing at 36 1/2, a point above the lowest transactions exceeding 8000 shares.

Stocks in general were fairly firm, although the revival of fluctuations presented little but the ebb and flow of a seasonably dull midsummer market. Stocks are pretty well sold out, and a broad scale would inevitably cause appreciation in prices, nearly all along the line. Dome Extension presented a strong front throughout, closing with a half-point gain at 81 1/2, with that figure bid for practically all stock offered. Investors appear to be loading up with Dome Extension again, although hope of any early action by the Dome to exercise the option has been denied. Nearly 1000 shares of Hollinger changed hands, and at 76 1/2, a net gain of a point was shown, while McIntyre at 15 1/2 was also a point higher. An odd lot of Dome came out at the firm quotation of \$14,000.

Wapikona had no difficulty in holding its advance ground at 77, with 77 bid, and 80 asked at the close. Schuchmacher firm up a point to 25, and Dominion Bank was steady at 25. Gold Reef made a bid for attention by rising half a point to 43 1/2 on dealings of 15,000 shares. The directors have authorized the forming of a contract for the diamond drilling of the property, which is situated in the northern portion of Whitney township. Some seven acres some very rich ore was opened up on the property, to a depth of 80 feet, and further efforts seem well justified.

Timmins, which had been evincing a disposition to firm up for several days, behaved disappointingly yesterday, when it fell back 2 to 16 1/2, closing at the low. It is stated that a misapprehension on the part of the holders of the property, which is situated in the northern portion of Whitney township, some seven acres some very rich ore was opened up on the property, to a depth of 80 feet, and further efforts seem well justified.
