DRAGONS WITH BAYONETS CHARGED POLICE SWING BATONS ON TWO HUNDRED HEADS ONE MAY DIE; SCORES ARE INJURED

Hamilton Traction Company
Runs Night Cars Amid Scenes
of Disorder Never Paralleled
in Canadian City—Riot Act
Read by Sheriff From City
Hall Steps.

**COL. DENISON ASSAULTED
THIRTY-TWO ARRESTS MADE**

Stuart Street Car Barns Bom-
barded by Strike Sympathiz-
ers on Sunday Night—Warn-
ing Issued to Citizens That
Dragons Will Spare No One
If Further Trouble Results.

Hamilton, Nov. 25.—(Special.)—As a result of the riots Saturday night there are probably two hundred men and women in Hamilton nursing broken heads and lame shoulders. There were no fatalities, but many were seriously hurt.

Colonel Septimus Denison, who is in command of the soldiers, was assaulted with a whip and is so stiff and sore from bricks hurled at him that he can scarcely walk.

Arthur Bertrand, a strikebreaker, was hit on the spine and so seriously hurt that it is said that he will die. Sheriff Middleton read the riot act from the city hall at 7.15. He was jeered and hooted until his voice was drowned. He had hardly finished when sixty policemen with batons in hand rushed down the steps and started to strike out right and left. Two score of men and women, some of them on their way to the stores and to the market, were knocked down.

The dragons with drawn swords then charged the crowd, and they were followed by 150 infantry, with bayonets fixed. The dragons galloped over the sidewalks, some rushed for the stores and lodged behind the counters shrieking and fainting.

The soldiers, also they were showered with bricks and subjected to all kinds of insults, kept their tempers. They struck a few of the obstreperous with the flat of their swords. People died with the butt of their rifles, but anyone who tried to escape was allowed to do so.

They had been pelted with stones and had been working for days with only snatches of sleep. When they were turned loose on the streets, some of them appeared to go wild with the lust for revenge. They ran after people who were doing their best to get out of the way, and they knocked everybody they could reach down with no reference to age or sex. Women and children were beaten down as men. At one time there were a score of people lying on the pavement in front of the city hall, who had been battered over the heads.

The police and soldiers were rushing the people about the streets in the vicinity of the hall, the gang kept up a regular volley on the three that operated on the East King street run. The windows of the cars were covered with wire netting, and

FALLS IN FRONT OF TRAIN STRATFORD MAN KILLED

Charles Reynolds Has Both Legs Cut Off by Freight.

Woodstock, Nov. 25.—(Special.)—Struck and fatally injured by an east-bound G.T.R. freight at Wilson-street crossing at 4.20 yesterday afternoon, Charles Reynolds of Stratford died at Woodstock hospital to-day.

Reynolds, who had been visiting his brother in Blenheim, was waiting here for the evening Stratford train. He was in a weak condition from a recent attack of typhoid fever and stumbled several times, falling to the sidewalk once and it is believed he lost all control of himself and attempted to cross in front of the freight train. He must have had warning of the train's approach, for the electric bell was ringing at the crossing, the whistle had been blown and no cars intercepted the view of the train. Both legs were cut off, one at the ankle, the other near the knee and a severe blow was sustained on the forehead.

SIFTON TO SUCCEED CARTWRIGHT

Shake-up of Dominion Cabinet Forecast, With Hugh Guthrie
of Guelph as the Only New Ontario Man.

Ottawa, Nov. 25.—(Special.)—It now seems reasonably certain that Sifton is to go in the cabinet, but as the successor of Sir Richard Cartwright, as minister of trade and commerce.

Legislation will be introduced transferring to this department immigration and other matters now belonging to the department of the interior. The labor bureau, too, may be annexed and the title of the minister changed to minister of trade and labor.

At present, Postmaster-General Lemieux is minister of labor. It is felt that the interior department is overloaded, and that the postmaster-general has enough to do in his own department. The new minister will have powers and duties corresponding to the important department of commerce and labor in the United States government.

Another cabinet rumor promotes Mr. Brodeur to public works, Mr. Tempieman to marine and fisheries, Mr. Power of Quebec West to inland revenue, and solves the solicitor-general feud between Montreal and Quebec by the selection of Hugh Guthrie of Guelph.

HYMAN WILL NOT RETURN.

London, Nov. 25.—(Special.)—The news of the proposed cabinet changes at Ottawa is giving the politicians here much to talk about. London is greatly interested in what is transpiring at Ottawa these days. It is not expected that Hon. C. S. Hyman will come back to London to seek re-election. In fact, it is persistently stated that he is out of it for good, notwithstanding the premier's request that he stay. However, if Mr. Hyman should seek a vindication it is almost certain William Gray will again be his opponent, and Mr. Gray's friends are determined that the result of a year ago will not be repeated.

"Will the Liberals ask Mr. Sifton to accept a nomination?" a leader of the party was asked, and the answer was emphatically "No." They want a local man.

CANADA'S PROTEST TO U.S. AIMED AT THE MAGAZINES

Dominion Finds Fault With Con-
struction Placed on Second-
Class Matter Carried for One
Cent a Pound.

Washington, Nov. 25.—The United States postoffice department will be guided by congressional legislation in dealing with the issue raised by the Canadian government in abrogating the provision of the postal convention between the two countries, relating to second-class matter, which, according to Canada's notice, will expire May 7, 1907.

This provision permits the transmission through the mails of periodical publications, which include newspapers at the rate of 1 cent per pound. A joint commission of the senate and house, of which Senator Penrose is chairman, has been engaged since October in taking testimony covering the whole subject of second-class mail matter, and as an outcome of the enquiry the general expectation is that some legislation will be enacted.

If no legislation be enacted, then the two governments will fall back on the international union provision of the postal convention, which provides that second-class matter shall be carried at a rate of one cent per pound.

Some time past the Canadian government has found fault with the construction placed on classes of second-class mail matter by the American government. The international postal union provides that second-class matter shall be carried at a rate of one cent per pound.

For some time past the Canadian government has found fault with the construction placed on classes of second-class mail matter by the American government. The international postal union provides that second-class matter shall be carried at a rate of one cent per pound.

OFFICERS CAN'T FORFEIT CONTRACT, SAYS VAN HORNE

Sir William Makes Public His
Reasons for Resigning From
Coal Directorate.

Montreal, Nov. 25.—(Special.)—Sir William Van Horne has given out the letter which he wrote to Mr. James Ross on the 10th of November, explaining his reasons for resigning from the Dominion Coal Company. He says, amongst other things, that "while the individual action of the managers, or even of the executive officers of the two companies, cannot destroy the effect of a contract which has been ratified by the boards of directors of both companies, such action may expose their respective companies to claims for damages, which in the present case are likely to be enormous, and the question of damages is not the only one to be considered, for very important public interests are involved, and the effect of the present difficulty is likely to be far-reaching."

"It is not to be expected that two of the greatest industries of the country can be paralyzed and the thousands of people thrown out of employment at the beginning of winter because of a disagreement between a few individuals, without danger of the most powerful intervention possible on the part of both the provincial and Dominion governments. As a director in both companies I do not want to be one of the acts which precipitated the present crisis were known to or authorized by the board of directors of either company. What some of the directors may have known in their individual capacity makes no difference whatever, and, apparently, this whole contract is ended, repudiated, and Sir William, asked if he disputed the claim of the coal company that the contract is ended, replied: "Most certainly I do. That claim is absurd. The contract between the two companies was made under the authority of their respective boards of directors and the petition of both companies was confirmed by the legislature of Nova Scotia."

"The officers of either company may, by their acts, expose their respective companies to claims for damages, but they cannot without the sanction of their respective boards of directors, either forfeit or declare to be forfeited such a contract. Even the board of directors of the coal company could not for any cause cancel such a contract without a previous demand upon the executive or directors of the steel company, and no cause for the cancellation of the contract existed. Nothing had been done by the steel company in contravention of the contract."

BROTHER JAFFRAY: THEY SEEM TO BE A'INTIL IT.

NEARLY NAILED UP CHURCH TO PREVENT THE INDUCTION

Those Objecting to Curate, How-
ever, Compromised in the
Reading of a Formal Protest
Forcing Ceremony to Be Aban-
doned—Bishop Expresses Con-
fidence.

"As rector of the parish of St. John's and the Balm Beach Mission, I am responsible for its management and subject to the approval of the bishop. I have asked for and secured the appointment of Rev. Mr. McIntyre as my curate. As long as I am rector, and the lord bishop is Lord Bishop of Toronto, he is the head of the church, and as such I will be loyal to him."

So said Rev. W. L. Baynes-Reed in the Balm Beach Anglican Mission Church last night, the occasion being the induction to the curacy of Rev. E. A. McIntyre, formerly curate of St. Paul's.

Continuing, Rev. Mr. Reed said that a great misconception existed with respect to the new appointments and the conditions. It was not proposed to form a new parish, but to continue as before under the rectorship of St. John's.

"I trust," said the rector in conclusion, "that this church will witness no more of the unseemly scenes hitherto enacted here."

This remark came in consequence of a formal protest entered by Joseph Lee, people's warden, against the induction of any rector at this particular time, and a rather sensational episode during the afternoon, the whole being a climax to a series of more or less sensational occurrences within the past few weeks.

A Lively Campaign.

On Saturday morning, the committee of dissenters published an open letter of protest to the bishop, and on Saturday night sent out a circular to those known to be opposed to the bishop's choice, setting forth that no services would be held on Sunday. This was done with the belief that the committee controlled the situation and held the keys of the citadel. On Saturday afternoon some members of the committee visited the church and found that C. E. Watts and one or two others had forestalled them and had surreptitiously gained admission. To make the matter sure, after Mr. Watts' withdrawal the doors were double locked, and after midnight on Sunday morning the matter was placed in the hands of Constable Cobley. Even the presence of the officer at intermittent intervals was ineffective, and when the officer visited the church early in the forenoon the doors were found open and Messrs. Watts and his friends in possession.

The whole matter was on Sunday afternoon referred to ex-Crown Attorney Curry, who advised the dissenters to at once barricade the doors and windows, thereby preventing service and

FLAX STRAW IS ONLY FUEL SASK. FARMERS IN PLIGHT

Coal Famine in West Owing to
Coal Miners' Strike Which
May Soon Be Settled.

Winnipeg, Man., Nov. 25.—(Special.)—The coal situation is growing desperate through Saskatchewan and Alberta, and a great deal of suffering has already taken place. W. MacKenzie King, deputy minister of labor, is in Lethbridge endeavoring to settle the strike, but even if trouble was settled to-morrow, it would be several weeks before any coal could be shipped, and it would be a mere bagatelle compared with what is needed.

A despatch from Yellowgrass, Sask., shows how great is the famine. Saturday morning word was passed around in Yellowgrass that a car of coal was on the road. By noon the road leading to the railway was blocked with men and teams. When the car arrived there was a rush for the scales. Some had come 16 to 20 miles and had left their wives and children at home with nothing but flax straw to burn.

One man reported that he had to burn a wooden bedstead to cook breakfast. All teams received little coal when the car arrived.

BIRTHS.
CHALU—On Nov. 24, 1906, at 352 Mar-
ham, to Mr. and Mrs. B. Chalua, a
son.

MARRIAGES.
BURLAND—Bazuki—A splendid even-
ing, Nov. 15th, 1906, at the residence

CRAPSEY BOWS TO CHURCH RENOUNCES MINISTRY REAFFIRMS BELIEF

Declares He Will Carry His Case
to Free Intelligence of People
and Says Tribunal of Free
Thought Will Decide Contem-
tion.

Rochester, N. Y., Nov. 25.—Bowling to the will of the church, but refusing to make a cowardly retraction of the belief which induced the church to terminate his ministry, the Rev. Algernon S. Crapsey, rector of St. Andrew's Church of Rochester, to-day renounced his ministry in the Protestant Episcopal Church in a letter to Bishop William Wilton of the Western Diocese of New York.

In this letter Rev. Mr. Crapsey reaffirmed his belief that "the notion of the origin of Jesus, that a son of man was born without a human father, is without foundation in history."

He also asserted that "When I say of Jesus that He ascended into heaven, I do not mean and cannot mean that with his physical body of flesh, blood and bones, he floated into space and has for 2000 years been existing somewhere in the sky, in that very physical body of flesh, blood and bones."

Declaring that he is about to carry the case to the free intelligence and enlightened conscience of the world, he counsels the "hundreds of clergymen and thousands of laymen in the Protestant Episcopal Church who have reached the same conclusion," as he has, not to be dismayed and to stay where they are.

"I appeal," he says, "from those in places of authority in the church itself to the great body of people." He asserted that he does not blame his judges and that he bows to their will and feels that it is final for him. He says, "I am equally certain that it is not final for the church. When the great tribunal of free thought has decided this contention," he adds, "the men who administer the church on earth will conform to this decision."

"Having let go of the 'temporary and unstable interpretation of the creed,' he declares that he holds more firmly to the gospel.

MILD WITH RAIN.

Meteorological Office, Toronto, Nov. 25.—
(8 p.m.)—A disturbance is developing over the Missouri Valley, promising stormy conditions on the Great Lakes. A few light snowfalls have occurred in the western part of the province today. PRINCIPAL SLATER DEAD.

Well Known School Teacher Succumbs After an Operation.

One of the best known teachers in the city schools died yesterday in the person of Joseph T. Slater, late principal of Bolton-avenue school. Death followed an operation performed last Wednesday at the Western Hospital. His vitality was not sufficient to recover from the shock.

It was only at the last meeting of the board of education less than two weeks ago that Mr. Slater was superannuated with a retiring allowance to take effect at the end of the year. He had been for 25 years in the service of the public schools of Toronto, having for many years been writing master. He was then appointed principal of Bolton-avenue school, where he had the love and respect of staff and pupils alike.

Mr. Slater was born in Burtonville, Markham Township, Dec. 3, 1844. Entering the teaching profession he had schools at Prince Albert, Campbellford and Owen Sound before coming to this city. He was a prominent member of St. Andrew's Masonic Lodge, being a past master and for 10 years secretary. He was also a past master of L.O.M. No. 175, and a member of Torbay L.O.L.

He is survived by a widow, formerly Miss West of Thornhill; two brothers, Jonathan of Burtonville and Benjamin of Attica, N.Y.; and two sisters, Miss Slater, a public school teacher, and Mrs. McIntosh, widow of the late Rev. M. McIntosh.

The funeral will take place tomorrow afternoon from the residence, 2 Hogarth-avenue, Riverside, to Mount Pleasant, and will be under the auspices of St. Andrew's Lodge.

HAMILTON DEATHS.

Hamilton, Nov. 25.—(Special.)—David Hastings, proprietor of The Dundas Gazette, received word to-day that his sister, Mrs. Charles Palmer, died suddenly Saturday at Dundalk.

Alex. Craig, formerly superintendent of the census, died in Chicago to-day. The remains will be brought here and the funeral will take place Tuesday afternoon.

PALE FACED GIRLS

Thousands Using Successful Cure For Palefaces and Anemia.

The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she does not sleep soundly. Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton had invaluable experience in these cases and found nothing so prompt in building up the young women as his vegetable pills of Manzanilla and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render good ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen of Halliburton speaks for itself:

"In using Dr. Hamilton's Pills I find my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly and awaken in the morning feeling quite refreshed. Formerly I felt tired and depressed. It looked as if a severe illness was hanging over my head."

"Nothing could give quicker results than Dr. Hamilton's Pills and I strongly advise every young woman to use them."

STURGEON FALLS SCOURGED PRINCIPAL BLOCK BURNED

Loss \$40,000 With Insurance of \$13,000—Family Rescued in Night Clothes.

Sturgeon Falls, Nov. 25.—(Special.)—The progressive town of Sturgeon Falls was scourged by fire early this morning and the principal business block of the town is now a mass of smouldering ruins.

About 3 o'clock Electrician Wm. Young noticed a blaze in rear of the McArthur block on King-street, and at once turned in an alarm. Although the fire department responded quickly the block was in flames and beyond saving when the water was turned on.

Nel McArthur, owner of the block, occupied part of the upper portion of the building, and his family rescued with difficulty in their night-robes without time to save anything. The attention of the firemen was given to saving the surrounding buildings and by hard work the Lillie and Parliament blocks were saved, although damaged considerably by fire and water.

The entire business portion of the town was in danger of being wiped out, but fortunately the wind was favorable and the fire area was confined to the McArthur block on King-street, and a building on William street, besides sheds and stables.

The fire is supposed to have started in William street, but the exact origin is a matter of conjecture. The loss will reach \$40,000 with insurance of \$13,000, divided as follows:

- Neil McArthur, plumber, loss on building, household effects and stock, \$17,000; insurance \$5,000.
F. S. Thomas, jeweler and jeweler, loss \$10,000; insurance \$5,800.
G. H. Weightman, baker and confectioner, loss \$1,500; no insurance.
W. J. Roche, hardware, loss \$400; no insurance.
J. L. Baker, tailor, loss \$5,000; insurance \$2,000.
Miss Pleson, music teacher, loss \$500; insurance \$200.
Robt. Lillie, hardware, loss \$200; covered.
W. Parliament, grocer, loss \$1,000; covered.

The insurance companies affected are: Anglo American \$1740, Merchants \$1,000, Standard \$1,000, York Mutual \$1,500, Montreal-Canada \$1,000, Wellington \$1,000, London Mutual \$1,000, Standard \$1,000, Traders \$500, Atlas \$2,000, Manitoba \$750.

TROUBLE ON MONTREAL DOCKS

Longshoremen's Ass'n Promptly Yields to Strikers.

Montreal, Nov. 25.—(Special.)—Trouble broke out on the docks on Saturday, but owing to the conciliatory attitude adopted by the officials of the Longshoremen's Association, the difficulty was promptly settled, and the men will receive 50 cents an hour until the close of navigation.

The discharge of a walking boss was the commencement of the trouble, his place being filled by a workman connected with the shipping federation. Objection was taken to the man, and the members of the association refused to work unless he was discharged and the old walking boss reinstated.

The difficulty was referred to the officials of the Canada Pacific Steamship Company, and after explanations the demands of the men were granted.

The C.P.R. liner Lake Manitoba, which will leave to-morrow, will be the last seaward this season.

HIS MONEY DISAPPEARED.

Young Man From Gravenhurst's Adventure on York St.

Fred Hubbard, residing at 238 East King-street, came in from Gravenhurst last week to get a job in Toronto, and while looking at some cheap watches in a York-street second-hand store was approached by a stranger. The newcomer asked the lad if he was a citizen, and receiving a negative reply, told him to get out for his valise, as the city was full of bad men. Hubbard had his pile, \$6, tucked in his vest pocket. When he went to pay for his dinner the money was gone. The police got busy, and last night arrested Gilbert Skeats, 188 Adelaide-street, on a charge of theft. Skeats was by Hubbard, who claims that Skeats was the man he met.

Skeats, aged 56, is a peddler, and denies the whole business.

MR. DRYDEN'S APPOINTMENT

Freeman's Journal Says Canada Has No Such System.

(Canadian Associated Press Cable.) London, Nov. 25.—The Dublin Freeman's Journal criticizes Mr. Dryden's appointment to the technical education and agricultural commission. Quoting a recent article in The Montreal Star it remarks he represented a country with no such system of its own.

A writer in The Journal points out the danger attending the removal of restrictions on the importation of Canadian sheep cattle, which would involve substituting buttermaking for the calf-rearing industry. Canada went for cheese making, and this would injure the Irish summer dairying as seriously as Australian dairying has already injured the winter dairying.

The Fire Record.

The fire department was called out to Peter Lemante's frame building, 99 West Queen-street, Saturday night, and succeeded in saving one of those picturesque buildings that have been talked of so much since the erection of the magnificent city hall. The damage to contents was \$10, and to the building \$8.

The children of Edward Munroe were playing with matches yesterday afternoon and set fire to the house, 250 St. George-street, at 1 o'clock Sunday morning, was turned in, responded to, and struck out in 4 minutes time.

TROOPS WITH BAYONETS

Continued From Page 1.

the strikebreakers and detectives stood inside and insulted the crowd. At the brick knocked the trolley off and the car was stopped. From the new Victoria Hotel opposite a shower of bricks came pouring down.

After the Fray. Half a wagon load of brick bats and stones was picked up on the street after the riot. The soldiers and police raided several stores. The Arcade was cleaned out and another raid was made on McDonald's pool room.

Col. Denison said that he was struck by a stone thrown from an alleyway near the building, and the police rushed in and used their batons on every one in the place, throwing them out onto the streets to get battered about by other officers on the outside.

Several aldermen, amongst whom was Ald. Allen, viewed the fray from the city hall steps. They were worked up to such a pitch that Ald. Allen made a speech calling upon the common council to hold a special meeting to force the strikers to get out of the city. It was about 10 o'clock when the cars were taken in. They were not operated after the fuss on the corner of King and Walnut streets.

As a sample of the way the police acted, J. Merrick, a Toronto traveler, stepped out of the Royal Hotel to get into a cab he had called to take him to his room. He was stopped when he reached the pavement when he was struck down by a policeman.

Judson Ryerson, 297 North Wellington-street, was arrested for assaulting Col. Denison. He with Clarence Ryerson, was driving up James-street. Col. Denison told them to turn back. Judson Ryerson struck the colonel over the head with the whip, and then started off with his horse on the gallop. The colonel stopped him and both men were taken to the police station.

The police and soldiers made thirty-two arrests, but only twenty of the prisoners are charged with riotous conduct. They are:

- Clarence Ryerson, 211 North John-street.
Judson Ryerson, 297 North Wellington-street, charged with assault on Col. Denison.
Ceel Smith, 19 years of age, 236 North Victoria-avenue.
Joseph Carson, 30 years of age, 94 North York-street.
John Oliver, Fairmount-avenue.
Archibald Fair, 17 East Murray-street.
Norman Todd, 299 North John-street.
C. Hoover, 15 Huron-street.
Thomas Crowe, 204 Mary-street.
Thomas Champ, 29 Steven-street.
Fred Fisher, 100 East York-street.
Marriott Roy, 127 South John-street.
John Swallow, 143 Grant-avenue.
Henry Hyde, 27 Vine-street.
Joseph Clark, 299 North York-street.
J. Blair, 423 Mary-street, charged with assault by Col. Sgt. Gilmore.
James Moran, Bethel Mission, Arthur Street.
George Phillips, 75 North Wentworth-street.
Newton Mathews, 30 Cheever-street.
King is accompanied by the Tammany Tigers.
Ball was refused for all the prisoners, and they spent the night in the jail.

Col. Denison's Regret. Col. Denison complained to the police on the way they acted, and said his only regret was that he had not used their batons more freely. He issued the following order to the police: "I assumed the position that after the riot Act is read no respectable, law-abiding person will be found on the streets at night. The men who will have to take their chances. If we are called out to-morrow we will clear the streets at any cost, and people for their own safety had better be in their own homes. The antagonism shown by seemingly good citizens to the requests of myself and other officers is a matter of which I am very sorry, and I fall to see where there is any justification for such a course. I realize the consequences of not observing the law after the riot Act is read."

Mayor Reports Magistrate.

Mayor Biggar called upon Magistrate Jelliffe to inform the soldiers, to give instructions when they were to fire, as they cannot fire except in self-defence unless they get instructions from a justice of the peace. The magistrate refused to act in that capacity, and told the mayor to do it himself. The mayor reported him to the attorney-general's department.

After the riots of Saturday night the city is comparatively quiet to-night. The cars were taken in about 10 o'clock, and while they were being moved with stones there were no organized attacks upon them. The streets in spite of all the warnings were filled with the usual Sunday night crowds, but everybody kept on the move, and there were no disorders to speak of in the central part of the city. There were several hurried calls for the police from the car barns. The soldiers did not have to be called out to-day.

The list of Saturday night's casualties is very long. Constables Halliday and Barrett were both laid out with stones. All who have had an opportunity of inspecting the improvements are sanguine that Mr. McCaffrey's efforts to provide a high-class place at popular prices will be appreciated.

A HIGH-CLASS GRILL.

Elaborate Restaurant Opens To-Day at the Bay Tree Hotel.

One of the coolest, best fitted up and furnished grill rooms, lunch counters and restaurants in the city will be opened to-day. It is situated at Bay and Adelaide-streets, and is a part of the many improvements that have been made by J. J. McCaffrey, the well-known proprietor of the popular Bay Tree Hotel.

No expense has been spared by Mr. McCaffrey to make this an up-to-date resort. The kitchen contains everything that a chef requires in the way of a modern range, broiler and steam-table.

The grill room is fitted up in a most elaborate style, at the same time there is nothing garish or cheap about it. The walls, half-way to the ceiling, are of weathered oak, the handsome staircases are of the same material, the tables, chairs, counter, chandeliers, and other decorations are in keeping.

The grill will be open until 11 p. m. every day. Special attention will be paid to the after-theatre parties. Another feature that will meet with the approval of the public will be that the grill will be open on Sunday. Mr. McCaffrey believes his patrons should be given an opportunity to eat on that day as well as on the other six.

The goods served will be the best the markets afford, and will be cooked and served by people who know their business. All who have had an opportunity of inspecting the improvements are sanguine that Mr. McCaffrey's efforts to provide a high-class place at popular prices will be appreciated.

DUG UP BABE'S BODY.

Dr. R. J. Wilson will hold an inquest at the morgue this afternoon on the body of an infant disinterred by a workman digging a drain at the corner of Gerrard and Marjory-streets Saturday afternoon.

Easy Game.

Peterboro, Nov. 25.—Two sons of Hiram Kilusky of Montague had a big streak of luck while out hunting deer one day last week. They came across two bucks with their horns locked, and of course, despatched both of them. They weighed over 200 pounds apiece.

At the Humane Society's conversation in the Normal School to-night, the lieutenant-governor will preside, and there will be songs by Mr. H. J. Leahy, the new tenor; Miss Brenda Smellie, and cello solos by Dr. Nicolai. An orchestra will play for the pousse-and music will be furnished by the museum and art galleries will be thrown open. All citizens will be made welcome to this gathering.

most of others. Constables Smith, May, Reynolds and Hill were all wounded.

To-day the authorities ordered all the contractors who are doing work on new buildings on James and King-streets to halt away all loose stones and bricks. There was a big pile taken away from the Bank of Hamilton building. A crowd got under the shed that is erected around the bank building on Saturday night and stoned the soldiers until, Col. Denison says, he was on the point of firing into the crowd.

While some of the soldiers were unmanageable and backed thru a plate glass window of the bank building, the rest of the soldiers were in the kind, except when hard-pressed. While some of the soldiers were unmanageable and backed thru a plate glass window of the bank building, the rest of the soldiers were in the kind, except when hard-pressed.

AMUSEMENTS.

BANNERMAN TO BE A PEER.

Breakup of Present British Cabinet Expected About Easter.

London, Nov. 25.—The Observer says it is regarded in political circles as practically certain that Prime Minister Sir Henry Campbell-Bannerman will go to the House of Lords about Easter. It is also probable that the Marquis of Ripon, lord privy seal, Sir Henry Hartley Fowler, chancellor of the Duchy of Lancaster, and other members of the cabinet, will retire from that body about the same time.

PRESENTATION TO MR. HAGARTY.

At Friday night's commencement exercises at Harbord-street Collegiate Institute, a pleasing feature was the presentation to Principal Hagarty by J. L. Cox, on behalf of the several members of the staff, of a cut glass inkstand, with sterling silver setting. In making the presentation, Mr. Cox said it was as a token of confidence and congratulation in his appointment to his high position.

Canadian Institute Lecture.

Professor Ramsay Wright was the principal speaker at a meeting of the Canadian Institute Saturday night, and referred to the many interesting additions to the biological museum. These included a set of mammoth teeth found in the Klondike and presented to the Canadian Institute by Byron E. Walker. John Cowdrie, a university student, also presented some coral specimens gathered by him in the Bermuda Islands.

A BROKER IN TROUBLE.

Frank Marsden was arrested Saturday night by Detective Sockett on a warrant charging him with receiving money under false pretences. Marsden, it is said, has endorsed bad drafts, and one made by him on J. D. Thompson was worthless. W. P. Coyne laid the charge.

Warden Consecrates Skins.

Peterboro, Nov. 25.—Illegal trapping of muskrat in Ontario has been done on a large scale this autumn, and necessitated the intervention of Deputy Game Warden Percy Fitzgerald. Mr. Fitzgerald rounded up two law-breakers, who have paid their fines. They had been trapping the muskrat in Pigeon Creek for some time, and over 100 hides were found on the premises of the two men.

THE HORSE SHOW CLOSED THE GRAND WINNERS

Miss Wilks and Graham Brothers Scored Three Firsts Each.

New York, Nov. 24.—The annual exhibition of the National Horse Show Association at Madison-square Garden came to an end tonight after the most successful week in its history.

The attendance was large, both in the afternoon and at night. A number of army officers and their wives and more than a hundred came from West Point were at the show to-day.

After a keen enthusiasm to-night, when every display of clever riding of jumping was cheered. The demonstration of the Forest King, when he came out to win the National Horse Show Association Cup, was a feature.

After a keen competition, which had been going on the whole week, Alfred G. Vanderbilt came off winner of the show. His total was 12, due to William H. Moore's horse, who was the best in the show.

LEAD CLEARED UP CARD

Steeplechase Went to Tell Fare—Pretension Was Disqualified—New Orleans Opening.

Washington, Nov. 24.—The brilliant riding of Joseph Miller was only the feature of the holiday racing here to-day. The champion jockey of the year had five mounts during the afternoon, piloting each to victory. The only race that Miller did not win was the steeplechase, in which he rode to-day against one of the best riders in the country.

The feature of the afternoon's card was the Pretension Special, at 1 1/2 miles, for 3-year-olds and upward, J. Morgan's Bank, ridden by Miller, was the favorite, and he was very likely to win on Monday, but he was disqualified for not having been in the race for the last few jumps, and Banker Miller getting up in the last jump.

An incident was a disqualification of Pretension in the fifth race, after he had finished second, schooling Pretension's jockey, fouled Oxford, just after he had started, Ormond's Right, which finished third, was given the pace, and Volody was placed second.

First race, selling, for three-year-olds and upward, seven furlongs—Wondra (Miller), 2 to 1; 1; Belle Stinson, 105 (Lee), 4 to 1; 2; Astoria, 90 (Baker), 8 to 1; 3. Time 1:20.1 3/4.

Second race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Third race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Fourth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Fifth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Sixth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Seventh race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Eighth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Ninth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Tenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Eleventh race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twelfth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Thirteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Fourteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Fifteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Sixteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Seventeenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Eighteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Nineteenth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twentieth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-first race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-second race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-third race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-seventh race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-eighth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

Twenty-ninth race, selling, for three-year-olds and upward, 1 1/2 miles—The Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1; Duke of Keck, 110 (Henderson), 2 to 1; 1.

TORONTO VARSITY OUT OF IT MCGILL WINS BY 17 PTS. 1016

Tammany Tigers Captured Jr. Championship—Hamilton Intermediates Beat Second Argonauts 25 to 7—Yale Beat Harvard.

(From the Sunday World) In the last game of the Intercollegiate Union McGill defeated Varsity 17-18 on Varsity athletic field Saturday. Varsity lost the game thru mistakes of the back division, the latter playing a very erratic game.

There was an enormous crowd present. This game had been widely advertised and as the champions were not allowed, the people were anxious to see the final. However, one has doubts whether McGill will be champion or not. Queens are said to be practicing hard and it looks as if they had received some inside information.

Varsity lost the game in the first half, the winning kick being back by their efforts to win kicked except on their third down. If more kicking had been done, the final score would have been different. McGill scored two tries, the results of kicks thru the scrimmage.

Both teams tackled well, McGill being the better. They also looked to be in better condition, but at that, with Varsity back division playing a usual game, Varsity would have won.

Chaucer Elliott and President Seymour of the Hamilton Tigers, along with a large number of supporters, were spectators at the game. When spoken to at half-time, Elliott stated that the intercollegiate game was dead now, since the new rules had come into force.

Varsity Back, Southern; halves, McPherson, Lee, Kennedy; quarters, McPherson, Lee, Kennedy; Nasmith, Johnston, Shaw; wings, Bickford, Latimer, Hall, Hull, Munro, Tomes; McGill, Back, Ballantyne; halves, Bickford, Johnston, McLaughlin, Quinn, Johnson; scrummers, Stitt, Quin, Stedman; wings, Benedict, Stephens (capt.), Parr, Ross, Hale, Winslow, Queen.

Referee—Russell Britton. Umpire—Ralph Britton. Goal umpires—J. Ramsay, J. Wadsworth, J. F. Frost, A. Wallace, Linseman—E. Ogden, A. Spofford, Timpecker—Dr. Little, J. Leahy. Hamilton was a strong quarter in the Sunlay World.

Tammany Wins at Hamilton. Hamilton, Nov. 24.—Special.—The Tammany Tigers captured Toronto's only championship here to-day, defeating the Y. M. C. A. 25 to 7. The game was played at 2 p. m. at the Y. M. C. A. gymnasium. The Y. M. C. A. scored one try and two points, while the Tigers scored 25 points.

Advertisements and subscriptions are also received through responsible advertising agencies in the United States, etc.

RESTORE ALL THE GOODS. In giving up the London seat Hon. Charles S. Hyman has restored only part of the loot.

A CALL TO DANIEL. Dare to be a Daniel. Dare to stand alone. Dare to have a purpose firm. Dare to make it known.

A despatch from Ottawa says that Sir Wilfrid Laurier has received the resignation of Hon. C. S. Hyman as minister of public works.

Not without reason, it is believed that Mr. Hyman has been asked to leave parliament, the cabinet and public life.

The Liberal party in Canada needs a man who dares to be a Daniel, and in so far as Mr. Hyman's resignation signifies that he regrets his part in the London election frauds and desires to live a new representative life.

Church, London, to prevail upon Mr. Hyman to stand firm in his purpose. And they may go further with justice and urge their followers in London, to give the seat to William Gray by acclamation.

PARTY INDEPENDENCE. Speaking last week at the meeting held in Carnegie Hall, New York, in memory of the late Carl Schurz, Grover Cleveland, ex-president of the United States, paid an eloquent and striking tribute to independence in politics.

Mr. Cleveland described Schurz as a true independent who, recognizing the expediency of political organization, never conceded to party allegiance the inflexible guidance of political thought nor the unquestioned dictatorship of political conduct.

Political organizations will always be a factor in the equipment and conduct of our government, and as long as parties exist there will be party leaders.

Under the dominance of the administration now in power, the political condition of the Dominion is exactly presented in the paragraphs just quoted. The people have seen one of the historic parties of the country, that professed to stand for provincial rights, for purity of election, for civil and religious freedom.

So absolute was partisan dictatorship become that the mildest assertion of independence is treated by party leaders and party organs as the one political sin for which there can be no repentance.

A SUDDEN DEATH. Port Arthur, Nov. 24.—(Special).—Caleb Shera, one of the oldest citizens, died here this morning of heart disease.

HUGHES AND PARTY RESPONSIBILITIES. If Charles E. Hughes, governor-elect of the State of New York, has the courage and the strength to carry out the program he announced in his address to the Republican Club of New York, his term of office will be a notable one.

17 CASES OF FEVER. Baltimore, Md., Nov. 24.—The British steamship Wildcroft, Captain Raymond, is held at quarantine with 17 cases of fever aboard.

Parliament is Now Open

THE TORONTO WORLD will publish accurate reports—free from party bias. It is to your interest to keep fully informed of the stand taken on the various questions by your representative in parliament.

The session will likely extend over six months, and during part of that period the local legislature will also be in session. The standard of excellence achieved by THE WORLD, as a purveyor of Canadian and local news, will be maintained.

Delivered or mailed to any address in Canada, United States or Great Britain, until the close of the house of commons, for \$1.50, or 25 cents per month.

Orders taken by all Newsdealers and Postmasters, or may be sent direct to THE WORLD, TORONTO.

Name Street Postoffice

the duty entrusted to him without fear or favor. That gave him the opportunity which, it is said, comes to every man once. When the call came he was not found wanting, and the impression immediately made led to his selection as the only man who could check the Hebert current and divert it into another channel offering equal or greater assurance that the will of the people will be carried out.

Mr. Hughes struck the true note when he declared that the people expect and are entitled to have the government administered for their benefit. He rightly inferred that they would not tolerate leadership which serves self interest or connives at the sacrifice of the public welfare to private advantage.

RELIGION AND THE HOME. First of a Series of Sunday Addresses at Labor Temple. Yesterday afternoon in the Labor Temple Arthur, Farmer, B. A., addressed the first of a series of Sunday afternoon meetings for religious and social purposes.

BANKING AND THE MERCHANT. How Bad Banking Affects Him and What It Costs Him. W. B. Hamilton will address a meeting to-night in the assembly hall of the Retail Merchants' association of Canada, 21 West Richmond-street.

GOMPERS AGAIN. President of A. F. of L. for 25th Time—Executive Re-Elected. Minneapolis, Minn., Nov. 24.—Samuel Gompers was elected president of the American Federation of Labor to-day for the twenty-fifth time since the federation has been in existence.

Montreal Firm to Manufacture Them and Big Success Predicted. Mr. Epstein is in the city from Montreal in a dual capacity, as president of the Canadian Newspaper Syndicate and also as president of the Canadian Paper Milk Bottle Company.

CASTORIA. The Kind You Have Always Bought. Defeated by Three Votes. St. Mary's Nov. 24.—The bylaw to-day renewed his attempt to win the Grand Opera House cigar store.

CITY COUNCIL'S PROGRAM INCLUDES LARGE MATTERS

Power and Viaduct Questions Will Be Discussed and Decided To-Day.

This afternoon's sitting of the city council should be a memorable one; at least, the issues that are to be brought before the civic rulers are of sufficient importance to stamp the occasion as one of more than usual importance.

The power bylaw stands out prominently. The vote to be taken upon it and the discussion that may spring from it are matters of interest as wide or wider than the province itself. The Niagara power question has created a community of sentiment among the municipalities, and as the city with the largest demand for transmission, Toronto is the object of particular attention.

Apparently, too, there appears to have been some little uncertainty as to the nature of the understanding reached with the hydro-electric commission. At the meeting of the board of control, when the bylaw was passed, the mayor gave the opinion that \$17.95 was the maximum figure for 24-hour horse-power for Toronto, whereas it was later decided that this estimate was based upon 5000 horse-power for Toronto Junction, being included in the 15,000 horse-power asked for, and that \$18.10 was the actual rate fixed.

RELIGION AND THE HOME. First of a Series of Sunday Addresses at Labor Temple. Yesterday afternoon in the Labor Temple Arthur, Farmer, B. A., addressed the first of a series of Sunday afternoon meetings for religious and social purposes.

BANKING AND THE MERCHANT. How Bad Banking Affects Him and What It Costs Him. W. B. Hamilton will address a meeting to-night in the assembly hall of the Retail Merchants' association of Canada, 21 West Richmond-street.

OSGOODE HALL ANNOUNCEMENTS FOR MONDAY

Single Court. Cases set down for hearing before Mullock, C.J., E.D., at 11 a.m.: 1. Burton v. Charlton. 2. Re Niagara Engine Works. 3. Cunningham v. Hewson. 4. Diehl v. Johnston. 5. Dielch v. Charles-street. 6. Slater v. Royce. Divisional court at 11 a.m. Court of appeal at 11 a.m.

Writ Issued Saturday

S. Garfunkel has issued a writ against Jules Wener and others, claiming specific performance of an agreement over the sale of certain property on Centre-avenue. Charles W. Small has entered an action against the Exbridge Piano Organ Company, claiming \$907.20, money lent by him to the company.

Richard Williams, sr., has issued a writ against Annie Williams and Richard Williams, jr., both of the Township of Vaughan, for a declaration that he is entitled to an equal interest with the defendants in certain stock, implements and money in the bank in the control of the defendants, and also for an account of the partnership dealings between him and them.

Mr. Justice Anglin has handed out judgment in the case of Sun and Richard Smith, tried at Milton in November, 1905, in which Mr. Smith sued to recover double out of certain property in the town of Oakville. His lordship ruled in Mrs. Smith's favor, but the dowry is subject to certain charges. He directs a reference to the master at Milton to compute what the value of her dowry is. He also allows her one-half of the costs down to judgment.

The appeal on the Erie Refractory Company has been dismissed by the divisional court. The gas company sought to charge 13 cents per 1000 feet, but the defendants claimed that 6 cents was the price agreed upon. Judgment was given in the county court for the plaintiffs for payment at the rate of 6 cents, a total amount of \$90. Against this judgment the plaintiffs have appealed to the divisional court unsuccessfully.

The Lackawanna Railroad will run another of their popular fifteen (15) day excursions to New York on Dec. 14th. Round trip tickets from Toronto \$13.35, or \$9 from Buffalo. The stores are at their best just before the Christmas holidays. WINNIEG VERY EARNEST
IN-POWER DEVELOPMENT

Will Be Year Yet Tho, Before
Actual Construction Work Will Commence.

Cecil B. Smith, engineer in charge of the hydro-electric construction works at Winnipeg...

Winnipeg is very much in earnest about the development, as it forms part of the means which contribute to the city's rapid growth.

The choice, Mr. Maclean pointed out, was not between uncontrolled private and public ownership...

PROFESSIONAL BOARD OF RAILWAYS NEEDS SPECIAL TRIBUNAL

Prof. Maclean Summarizes the Situation and the Problems Which Must Be Solved.

F. J. Maclean, associate professor of political economy at the university, spoke to the Jewish Literary Society yesterday afternoon on "Corporations."

Events, he said, indicated the appreciation of governmental bodies of the danger of corporate organizations.

Supply and demand were expected to first regulate railway rates, and the early rates were based on the highway principle of everyone using the road who wanted it.

COBALT---First Holding Company of Cobalt Properties Revealed---COBALT

308 Acres Are Secured In Heart of Temiskaming Rich Results Are Expected

United Cobalt Exploration Company of New York Makes Official Announcement That Options on Some of Cobalt Camp's Finest Properties Have Been Taken Up—Experts Figure on 10 Per Cent. Dividend.

(From the Sunday World.)
Grant Hugh Browne, manager of the United Cobalt Exploration Company of New York, is in the city, and gave The World on Saturday afternoon an official statement regarding the completion of the purchase of a portion of the mining properties which his company has held under option.

Altogether the company has bought 308 acres of land in the heart of the Temiskaming silver producing area. These properties represent some of the best producing mines and prospects that the camp possesses.

For the past two weeks curiosity among miners and investors in Cobalt, Toronto and New York has been keen to find out what the plans of this company were. The announcement made by Mr. Browne is taken as being of great importance, not only to Cobalt as a camp, but also to the whole investing public.

Gets the Foster.

The United Cobalt Exploration Company has gained control of the Foster mine. This is news of a sensational character and is considered to be explanatory of the peculiar action of the stock during the past week.

The Foster mine is one of the best shippers in the camp outside of the Nipissing, and in the opinion of reputable engineers vies with the La Rose mine for second place in the camp.

The Nancy Helen Mining Company has also been bought by Mr. Browne. This consists of 41-2 acres on the town site of Cobalt and in close proximity to the Buffalo mine, a portion of which is believed to run across the Nancy Helen. Besides this, the Nancy Helen Mining Company possesses 40 acres adjoining the famous Nipissing mine.

The J. B. 3 is also included in Mr. Browne's purchase and is looked upon as one of the best mines among those that have not reached the rank of the Nipissing. It adjoins the McKinley-Darragh and the Silver Queen, both of which are first-class producers.

The Silver Hill Mining Company's property, part of the Timmons holdings, and the Buffalo, otherwise known as the Big Three, are among the other purchases of Mr. Browne.

Expect to Pay 10 Per Cent.

All these properties have been gone over carefully by experienced engineers, who estimate that the company will derive a profit out of them which will pay a dividend of 10 per cent. not only on the five millions of stock for which subscriptions were invited, but also on the five millions of stock held in the treasury for the further purposes of the company.

Mr. Browne told The World that the Equitable Trust Company of New York was also authorized to receive subscriptions for stock in this company and that it will attend to the allotment of stock and return all cheques for allotments which have not been allowed. The books of the company will be made up in the course of a few days and the office of the company will be removed to Cobalt.

Great interest is taken in the announcement of Mr. Browne in Toronto, as it indicates the consolidation of mining enterprises in Cobalt and acts as a tonic upon the market.

THE MAN BEHIND.

Sketch of Grant Hugh Browne, Who Has Put Thrust the Big Deal.

Who is THE MAN who has added stirring color to the cobalt bloom of Cobalt during the past ten days?
Who is THE MAN about whom and whose operations public curiosity has been whetted?

His name is Grant Hugh Browne, and he was born in Canada, a few miles this side of Hamilton.

If Napoleon is living in a new incarnation, he is Grant Hugh Browne, partner of Thomas F. Ryan of New York City.

Short, fairly stout, sprightly in motion, inclusive in talk, composed in manner, Mr. Browne fits the part of the successful banker. But he is more.

His lineage head, topped by black hair, his closely cut black moustache, and above all, his large, full, dark eyes, mark him out as distinct.

In the rotunda of the King Edward Saturday afternoon he was easily the most noticeable personality among the crowd of noteworthy men.

His face and head are the face and head of a masterful, masterly man; his hands are small and like a fair woman's. This is typical of the fact he does things with his head—his hands are in the head of his operations, the lesser labors he leaves to others. He is the general, and his adherents form a financial army that carries out fortunes for the lucky ones. He is the very figure of a Napoleon of finance.

He's Napoleon fitted to the times. Thirty years ago, perhaps only 20 years ago, Mr. Browne looks no older than 40, he was a compositor on the Buffalo Courier. He left behind him could make more money doing counting dunes than in setting type.

Then he went to college and graduated with honors from Rochester University. This year he gave his alma mater a palatial dormitory to mark his graduation.

That his father lived on a farm near Hamilton, and that he got his first impression of life there, may account for the fact that to-day he is in Canada assisting in the development of Cobalt. He is the manager of the United Cobalt Exploration Company, with a capital stock of \$10,000,000, \$5,000,000 of which is in the hands of the public.

TRETHEWEY IN IT?

The announcement on Saturday that the United Cobalt Exploration Company of New York had taken over the Foster and other noted Cobalt properties is explanatory of the suspicion that has been abroad for several days, that all the leading silver properties of Northern Ontario will ultimately be controlled by a few large holding companies, if not actually by one dominated by the great Guggenheims. In the statement given out it is not said that Trethewey is included in the purchases by the United Cobalt Company, but it is understood that C. J. McCuaig had had overtures made to him for the possession of this property, and that his mission to New York during the week was in regard to the proposition. A leading local broker told The World Saturday evening that he was satisfied that the Trethewey control had passed, and that if it was not gone to the United Cobalt Company, then another big holding company would take it in. The excitement among Toronto brokers on Saturday ran high and will not be assuaged until the market opens on Monday, when some indication of the vastness of the financial formation now going on may be obtained.

Need of Cobalt.

What is the crying need of Cobalt? he was asked.

"Better sanitary conditions," replied Mr. Browne. "To make the camp permanent, and it is bound to be a permanent camp, it is imperative that more care be taken to preserve the health of the miners."

"Fifty thousand dollars would put in a good system of water supply and enable the city to have some of the comforts of home. The government would do well to consider this."

"One of the first things I propose to do in Cobalt is to build a club house, where the conveniences of home and some of the luxuries may be had at a reasonable rate."

Mr. Browne was also enthusiastic on the need of having a smelter somewhere near Cobalt, but "where can you find the coke and other necessities of the smelting business? I thought the government should subsidize any definite project for starting a smelter, but was fearful lest few of those who thought they could build a smelter, would be able to do so."

Mr. Browne, accompanied by J. P. Flynn, left for New York on Saturday evening, but will return on Tuesday, when further details of his enterprises will be given out to the public.

ERIE COBALT IN CONTROL OF BEAVER PROPERTIES

Amalgamation Has Been Completed—Directors Order Modern Machinery for Early Operations.

Since the very recent announcement that the Erie Cobalt Silver Mining Company, Limited, had secured the controlling interest in the valuable Beaver Cobalt property, and that \$300,000 of stock were for sale at par value of \$1.00 per share, subscriptions have been fast coming in to the Erie Company's transfer agents, the Trusts and Guarantee Company, 14 King-street West, Toronto. This was naturally expected for several reasons.

By the new deal the Erie Company had a capital of \$1,000,000, with new title clear to sixty acres of the township of Beaver, and forty acres in Lorraine Township. And these properties, as it appears, have been shown to contain decidedly remarkable deposits of silver and cobalt. The new directors, who are acknowledged business men, have begun operations already to equip the equipment of mining machinery, as it happens, are well developed. And the directors have on the way a complete outfit of equipment of mining machinery. This will be installed within the next few days.

Thus the mines will be actively shipping before January—in fact, a quantity of ore is already bagged and ready for shipment. Subscriptions for stock absolutely close at 12 o'clock on Saturday, Dec. 1. All applications must be accompanied by post-office money order, or marked cheque in full, payable to J. H. Jewell and Company and mailed or delivered to Trusts and Guarantee Company, 14 King-street West, Toronto, Ont.

Companies Should Be Inspected.

"It is urged that the public should provide rigid inspection of the Cobalt mining companies which are offering their stock to the public. In the opinion of C. Pratt, M.L.A., who says: "There are some 200 companies incorporated now, of which I should say about 10 per cent. have mines. The rest are mining the public, not the earth. The inspecting officers should not only see that there has been a discovery of minerals in each case, but also that the prospectus and advertisements of the company contain nothing that misrepresents the actual facts, or may mislead the public. The camp is, no doubt, a rich one. You can readily appreciate what it is without going there, but there is in every camp a certain amount of wild-catting. There is no saying as yet how far down the rich ore may go. If it reaches to a great depth, it is up at silver island, in Lake Superior, there will be a fabulous amount of silver. But you must remember that the vein in which silver is found is very narrow and restricted, and companies with properties outside of that area are apt to make nothing at all."

MINING STOCKS

There are no investments which require mere careful selection than Mining Shares. The services of an expert's advice more often than not means the difference between a loss and a profit. The Canadian Mining News Depot has correspondents in every mining camp in Canada and a special representative at Cobalt. We are prepared to furnish reliable and confidential information on any stock or company for the fee of \$2.00. Engineers' special reports on any district or property also contracted for. Prospectuses prepared. Information furnished upon mining laws and details of company promotion explained.

MARKET MADE TENDING FOR PUBLIC SUBSCRIPTION

New York Financiers Catering for Ultimate Distribution—The Local Situation.

World Office.
Saturday Evening, Nov. 24.
The market in New York shows practically no change during the week. The efforts of the holders are still towards inciting a bullish outside sentiment to assist them in keeping the market at its high level. Their efforts are about as successful as they have been for several months. A few high-grade speculators are following the market and taking profits where these are available by following the undoubted trend of prices, which is upward for the time being. The keenest kind of manipulation is required to ward off the undoubted trend of prices, which is upward for the time being. The keenest kind of manipulation is required to ward off the undoubted trend of prices, which is upward for the time being.

U.S. Steel raises wages ten cents a day for unskilled labor.
Chicago expects some relief of car famine in the near future.
Car shortage still chief factor in southern industrial position.

Joseph says: There will be big money presently in A.C.P.
A steady accumulation for large interests goes persistently on.
Buy and hold A.C.P. Keep long of M. & T. Buy Texas Pacific, Southern Railway common. Hold Rock Island. The low-priced railroads are good.

Speculation will be the order of the day.
The output of the colliers of the Crown's West Peak Coal Company for the week ending Nov. 25 was 791 tons, or a daily average of 128 tons.

Canadian Northern Railway gross earnings for week ending Nov. 21, 1906, \$100,000; corresponding period last year, \$121,800. Increase \$21,800.

New York Bank Statement.
New York, Nov. 24.—The statement of clearing house banks for the week ending Nov. 23 shows a total of \$4,408,425 more than the legal reserve requirements. This is an increase of \$2,561,741 as compared with last week. The statement follows:

On Wall Street.
The end of the week finds a waiting condition and lack of support. The better feeling in the money market has not yet been sufficiently justified as to induce or permit outside speculation and while it is believed that stocks are in strong hands and likely to be firmly held, the situation is not yet one which commands enthusiastic interest. There is still a lingering fear of government action, which might be prejudicial to speculative estimates, and high money rates have forced a new reconsideration of values in so many directions as to make speculation unattractive in both speculative and investment operations. The situation is such as to command confidence, but may not at the moment promote active support to the security list.

Ennis & Stoppard wired to J. L. Mitchell at the close of the market:
The market during the past week has developed considerable irregularity. The net results include substantial advances in a number of prominent stocks. Some issues which have advanced sharply were depressed by profit-taking. The heavy buying on lines of the St. Paul, Northwest, and C.P.R. found reflection in quotations with prospective "rights" for St. Paul holders an important factor. D. & H. interests have plans for important developments in the road and this, with some discussion of a 10 per cent. dividend rate, stimulated an interest in the stock.

The October statement of the chartered banks shows a very large increase in deposits, and it is thought that the greater part of this increase is directly attributable to the increasing of this Cobalt money.

During the week the events outside of the market which might have had an influence on prices were the first delivery of the Niagara power into the city. For two years this has been talked of as a matter which would have considerable influence on Toronto Railway stock and Toronto Electric stock. Toronto Electric was evidently run up to meet the occasion to 170 and over, and those who bolstered the shares up are hopeful that the sentiment, by reason of the incoming of the Niagara power, will enable them to sell their stock, which they hold for speculative purposes. The decision of the city to take a vote on the power question with the yearly municipal election is not in sympathy with higher prices for the Electric shares just now and this may have prevented the bulls on Toronto Electric from attempting to put their specialty up to a higher price.

The Sao Paulo shareholders confirmed the action of the directors in increasing the capital of this stock, but this as an increase has lost its effect. The other American shares have been given the support of late, and both Mexican and Sao Paulo have advanced. There is no prospect of a settlement of the Dominion Coal and Steel contest. A temporary agreement was patched up a few days ago, but this has been evidently unsatisfactory, and the Steel Company is

again reported to be looking for coal from some other source. There is practically no stock speculation in either of these stocks, and the public are too scared of either of them to risk money in their purchase.

Generally speaking, the investment branch of the market has been steady, but without any actual movement. The main market is taking all the speculative business that there is extant, and until there is some evidence that this will cease, it is not likely that the general stocks will show very big new speculative business.

Ennis & Stoppard report the close on the following: Lake Superior, bid 14, asked 15; Lake Superior bonds, bid 62, asked 64.

There's a revival in British Columbia Mine. If you have any it will be an advantage to send your name and address to The Household Mining Association, B.C.

U.S. Steel raises wages ten cents a day for unskilled labor.
Chicago expects some relief of car famine in the near future.
Car shortage still chief factor in southern industrial position.

MAYOR VALLILEE ARRESTED EVE OF STRIKE RIOT TRIAL

Coroner Rodrigue to Be Apprehended in Connection With Buckingham Fight.

Ottawa, Nov. 25.—(Special.)—That the Buckingham strike riot trial which begins to-morrow will prove of the utmost importance to both labor and capital interests in Canada was the official statement made here to-night.

About six weeks ago the Buckingham strikers made an attempt to prevent logs belonging to the James MacLaren Company being brought down the Lievre River; armed private detectives, who had been sworn in as special constables, along with the local police, resisted, with the result that two strikers were killed on the spot, one detective died afterwards, and many were wounded.

The attitude of the crown during the requests was eminently judicial, and the opinion knew that both parties would be dealt with severely for having transgressed the law.

Last night the sensation began. Mayor J. E. Vallilee, who is also manager for the MacLaren Company, was arrested by Chief Provincial Detective Macaskill, the charge being neglect of duty in that he did not take steps to have the riot act read.

Coroner Rodrigue is in Montreal, but will be arrested on his return to-morrow. Six strikers were also arrested last night: H. Hamelin, Hilarie Charlette, L. Landry, J. B. Clement, C. Resantien and George Robinson. The accused were taken before Judge Choquette of Montreal and were released on \$400 bail each.

Thirty-five witnesses will be called, and further arrests may be made. It is not now probable that the court will be removed to Hull. Local excitement is running high.

North Toronto Conservatives.
Hon. W. J. Hanna, provincial secretary, will speak at the meeting of the North Toronto Liberal-Conservative Association, in Simpson's Hall, 738 Yonge-street, to-night, at 8 o'clock.

Dies of Acute Indigestion.
Brookville, Nov. 25.—Edward Clint, a retired furniture dealer, died very suddenly Saturday morning of acute indigestion.

YORK COUNTY AND SUBURBS

BUILDING ROOM AT JUNCTION PERMITS ISSUED LAST WEEK

Special Council Meetings This Week—North Toronto Happenings.

Toronto Junction, Nov. 25.—Building is still booming in town. Building Inspector Leigh issued the following permits last week: J. Calvin, a two-story and a half brick house on Keele-street south, to cost \$2800; John Drummer, two-story and a half brick houses, on Keele-street south, \$2600 each; Joseph Edwards, a two-story brick house, on Uxbridge-avenue, \$1800; John Fenton, two-story brick residence, on Keele-street south, \$2500; W. P. Hartney, one-story brick store, on Davenport-road, \$600; A. McGill, a two and a half story brick and stone residence, on Keele-street south, \$2500; William Preston, a two-story and a half brick and stone residence, Keele-street south, \$2500. It is quite evident that Keele-street south will become one of the finest residential streets in town. Already all the lots but one fronting on Keele-street of the old Keele estate have been sold.

On account of accepting an invitation from the Union Stock Yards to visit the big packing houses and stock yards in Chicago, the mayor has decided to hold the usual council and committee meetings this week. The board of works and property committees will meet on Monday evening. The executive committee meet on Tuesday evening and the council on Wednesday evening. The members of the council who have accepted the invitation expect to leave on a special train the evening of Dec. 2.

There are 45 carloads of stock in the Union Stock Yards for Monday's market.

A Toronto railway car got off the track at the switch on the corner of Dundas and Union-streets about 11:30 last night and tied up the traffic for several hours. The citizens were obliged to walk to Humber-street-avenue.

J. S. Robertson delivered an address at Victoria Church this morning. Francis J. Holloway died to-night after a lingering illness at his residence, 18 Hook-avenue. He leaves a widow, four sons and two daughters. He was a roadmaster with the C. P. R. and was a member of Harris Lodge A. F. & M. O. U. W. and the C. O. F.

Stouffville.
Stouffville, Nov. 24.—A new industry is being established in this place that will interest the manufacturers of the province, particularly at this time of negotiating with the producers of Niagara electric power. The Producers' Gas Company, which has bought the plant of the Western Machine Company, Limited, at Stouffville, says it will furnish power at a price not to exceed 40 per horse-power, or less than one-third the cost of Niagara power. The company are putting in a 600-horse-power plant in Montreal, and their operations are creating no end of excitement in this town. Their process of extracting power from gas is very simple and inexpensive, and Stouffville is eagerly assisting the new company to get their plant in operation.

New Beach.
At a largely attended meeting of residents of New and Balmly Beaches in the old fire hall, a court of Foresters was organized under the name of the Beaches. The success of the meeting was attributed to J. H. Heron, whose ability was proven by the large number of applicants who were initiated. The following officers were elected: Senior beadle, H. J. Rea; junior beadle, W. A. Rice; senior woodward, J. C. Wreyford; junior, C. J. Coleridge; orator, H. Austin; financial secretary, H. Smith; chief ranger, C. T. Lyon; vice, William N. McEachern; past chief ranger, W. J. Brandt; treasurer, Dr. H. J. Jacquot; court deputy, George J. Stanley; recording secretary, George A. Swatworth. The court was then ably addressed and instructed by George A. Mitchell, superintendent of field work for the order.

North Toronto.
For the past three or four weeks the sporting element of the younger generation planned to charivari Mr. and Mrs. B. Lawrence, the young couple, in their new house on Brian Hill-avenue, which they did on Saturday evening. Mr. Lawrence, a genial young man, treated the serenaders to an oyster supper.

The Ladies' Aid of the Davistown Methodist Church will hold the second of the popular entertainments at the church to-morrow night. A musical and literary program is provided for the evening, in which the choir of the First-avenue Baptist Church, Toronto, will take part, as well as a quartet and a double mixed quartet.

Some citizens declare themselves favorable to going back to the old order of things and having toll gates established. They say that since the toll gates were abolished roads have gone from bad to worse.

A literary meeting will be held to-night at the Eglinton Methodist Sunday school room under the auspices of the Epworth League. Rev. Newton Hill of the Davistown Methodist Church will deliver a lecture.

Mrs. John Davis of Frederick-street, Davistown, who had a paralytic stroke, is slowly recovering.

Richard Hall has purchased the building lot adjoining his barber shop, with 26 frontage on Yonge-street, for \$15 a foot.

The building committee of York Lodge A. F. & M. have purchased a 50-foot lot on the west side of Yonge-street, just south of Eglinton-avenue, for \$300. On this site it is the intention of the lodge to erect a hall at a cost of about \$500. Building operations are expected to commence in the spring.

C. J. S. Cruickshank, president of the Young Men's Club of North Toronto, writes to The World:

The Davistown Young Men's Club, together with the Eglinton Hockey Club, have awakened the slumbering residents of the town by showing them in a practical and demonstrative way the necessity of enlarging and remodeling the present hall, to meet the requirements of the growing and progressive population, as the present hall is entirely inadequate to meet the present demands. The club's entertain-

ULSTERS

Our Ulsters are made in London, England. That's guarantee enough that they are the best in the world. They are made of genuine Irish Frieze, the kind that doesn't wear out. We give you good value, good looks and a heap of comfort in these ulsters, at

\$20 to \$30
We carry the usual lines of Underwear, Gloves, Hats and Shirts that are to be found in the very best stores.

Fairweathers
84-86 Yonge Street

ments of the past have been growing in favor owing to the clean and entertaining amusements provided for the citizens. Let us keep the ball rolling that has already started, and provide for the steady and unprecedented growth of our town, amusement, entertainment and protection, and encourage our town fathers to equip an up-to-date firehall, and while doing this enlarge the seating capacity of the present amusement hall, the both of which are an absolute necessity, the former for the protection of the vast number of palatial residences of our fair town, the latter to fill long-felt and ever-increasing want. We are fast developing into a town, who no longer need look to Toronto for all our amusements and entertainments. We have the talent and ability to furnish it, in part at least, for ourselves. We have awakened from our state of lethargy to a wide-awake people, with a feeling of concern for our young men and maidens, crying with a loud voice—'Progression!'

Wychwood Park.
The first practice of the Wychwood Park brass band will be held in the public hall Tuesday evening at 8 o'clock. All bandsmen must turn out with instruments.

THE BALMY BEACH DIFFICULTY
St. Arden's Church Committee Issues a Statement to the Press.

On behalf of the committee representing St. Arden's Anglican Church at Balmy Beach, George M. Ritchie, M.A., chairman, and F. M. Baker, secretary, have signed a communication to the Bishop of Toronto regarding the Balmy Beach Pavilion Church, saying:

"In accordance with the letter which your lordship sent, allowing us the privilege of naming a clergyman to take charge of those in such position in the church without avail.

DEATH THREATENED JEWS.
Massacres Planned by Reactionists If Rights Are Extended.

St. Petersburg, Nov. 25.—The threats of the reactionary parties that Jewish massacres will be organized if the rights of the Jews are enlarged are steadily becoming more definite. The central council of the League of the Russian People, claiming to represent 200 branches, with 20 million members, has issued a declaration disclaiming responsibility for the 'outrages which are produced by the enraging of Jewish rights,' and has published the text of 200 despatches of protest sent to the various local organizations, of which the following is a sample phrase:

PERILS OF RAILWAYMEN.
Port Stanley, Nov. 24.—This evening while shunting cars in the yard here Frank Brown, brakeman on the Pere Marquette Railroad, got caught and fell under the cars and was removed to the hospital at St. Thomas by special train, but died shortly after reaching the hospital. He leaves a young wife.

Fell in Front of Engine.
Bridgeburg, Nov. 24.—James Everett, a young man of about 25 years of age, employed by the Michigan Central Railway as yard brakeman, was instantly killed about 3 o'clock to-day by falling in front of his engine. Everett was a resident of this place.

SUPT. SPENCER SHIFTED, TOO EXCHANGES WITH NORTH BAY

C.P.R. Policy of Education—Arrangements Made for Building of Big Bridge.

The shake-up of C. P. R. superintendents is not over yet. On Saturday the news arrived at the Union Station that George Spencer, superintendent of No. 1 district, Toronto east to Smith's Falls, was to be transferred to North Bay. J. R. Nelson, present superintendent at North Bay, will come to Toronto. Mr. Spencer will leave for the North on Wednesday. Several other changes are spoken of, but no official information is to hand. The headquarters officials at Montreal, on Saturday, confirming The World's announcement, declared that the shift is only in accordance with the company's policy of moving officials around so as to familiarize them with as much of the system as possible.

To Build a Big Bridge.
The C. P. R. will shortly essay up on the task of building a bridge over the town of Parry Sound and the river Seguin. The bridge will be over 1900 feet long and 125 feet high.

The final papers in connection with the building of this bridge were signed in Toronto on Saturday, being the sanction of the Parry Sound Lumber Company for the C. P. R. to go over the top of their plant. Work has started right away, and F. S. Darling, the C. P. R. construction engineer, informed The World that the bridge will be completed in January. The cost of this undertaking will be in the neighborhood of \$300,000.

The C. P. R. will open their line to Parry Sound in January or February, and by this time next year the line to Sudbury will be open for traffic. Their mileage to Parry Sound is 155 miles, the grading and construction there in four hours. About 25 stations will be opened on the line to do business. The total distance between Bolton and Sudbury is 150 miles. The line is laid 22 miles south of Sudbury and the grading work completed to Parry Sound. The eastern portion of the construction of this line between Byng Inlet and Parry Sound, a distance of 60 miles, and will be left to the last.

Grand Trunk Extension.
The Grand Trunk will continue to work all winter on their new extension from Port Arthur to connect with the Grand Trunk Pacific west of Lake Superior. The grading and construction work will be finished by January next, and steel will be laid commencing about March. The length of this new line is 120 miles. The work has been hampered considerably owing to lack of labor.

The North Bay train, due here at 3 o'clock, yesterday, was delayed three hours and a half for C. P. R. connections.

Responsibility for Wreck.
Valparaiso, Ind., Nov. 24.—Coroner Carson to-day rendered his verdict on the recent wreck of the immigrant ship 'The Baltimore' at Ohio Railroad at Woodville, holding responsible for the wreck Frank Galsner, engineer of the first section of the immigrant train, and Samuel J. Moste, conductor, and Daniel Woodward, head brakeman of the freight train, which collided with the second section of the immigrant train. The railroad company was not censured. All three men have been arrested.

Port Arthur, Nov. 24.—(Special.)—A contract has been let to the Great Lakes Dredging Company for keeping the harbor of Port Arthur and Port Williams open until a late date. The work of clearing up the site for the Grand Trunk Company at Port Williams has been completed.

St. Petersburg, Nov. 25.—The threats of the reactionary parties that Jewish massacres will be organized if the rights of the Jews are enlarged are steadily becoming more definite. The central council of the League of the Russian People, claiming to represent 200 branches, with 20 million members, has issued a declaration disclaiming responsibility for the 'outrages which are produced by the enraging of Jewish rights,' and has published the text of 200 despatches of protest sent to the various local organizations, of which the following is a sample phrase:

The **SIMPSON** Company Limited
Robert Simpson Limited
H. H. FUDGE, PRESIDENT; J. WOOD, MANAGER.
MONDAY, NOV. 26

An Up-To-Date Suit for \$6.95

The men's store will offer a quantity of tweed suits to-morrow at 6.95 which by all precedent should be priced at a dollar and a half or two dollars more.

You know the new style which young men are wearing—"fit conforming" at the back, flare over the hips, creased seams at the side, deep vent at the back! Those suits are not made in cheap grades, for only leaders are supposed to wear them at first. But the new style has caught on so well that everybody wants one. A popular price like 6.95 will not lessen their attraction.

Men's Tweed Suits, all wool, English and Canadian latest single-breasted sack style, perfectly tailored, sizes 36 to 44, regular 8.50, 9.00 and 10.00 values, on sale Tuesday **6.95**

Men's \$1.00 Underwear 49c

We are clearing out 240 suits of wool underwear, broken lines from regular stock, consisting of imported Scotch wool, natural merino and elastic ribbed fleece, all guaranteed unshrinkable, sizes 34 to 44, regular value up to 1.00 garment, Tuesday **49c**

240 Oxford Mufflers, will go at the same price, regular value 75c, 1.00, 1.25, Tuesday **49c**

The Great \$3.50 Shoe for Canadian Men

For "dress" occasions when only patent leather is permissible, or for less formidable occasions when patent leather is in good taste—the Victor style J is correct and proper. Material and shoemaking are both absolutely top grade. 5.00 shoes might cost you more and satisfy you less.

Style J is made from fine patent enamel calf leather, dull calf tops, double solid oak bark tanned soles, popular round shape, popular styles and widths, a 5.00 or 6.00 boot **3.50** elsewhere, our price.

TRAVELERS' NOMINATIONS LEWIS HOWARD PRESIDENT

Elected by Acclamation, as Vice-Presidents West and Gemmill.

A general meeting of the Commercial Travelers' Association of Canada was held in St. George's Hall on Saturday evening last. Thomas McQuillan, president, presided. The meeting having been called for the purpose of nominating officers and directors for the board of management of 1907, the president once called for nominations, which are as follows:

President—Lewis A. Howard (elected by acclamation).
First Vice-President—George West (elected by acclamation).
Second Vice-President—R. Gemmill (elected by acclamation).
Directors for Toronto Board—J. P. Ballou, William Boone, James G. Cane, W. Cockburn, W. M. Fielding, J. M. Fairfield, P. M. Goff, J. H. Lambers, W. J. Micks, George W. Moore, Donald Morrison, James McLaughlin, A. C. Rogers, S. M. Steering, J. Thuhill, J. H. Wildfong (nine to be elected).
Hamilton Board—First vice-president, John H. Herring (elected by acclamation); second vice-president, E. J. Penwick and R. M. Stuart (one to be elected).
Directors for Hamilton Board—George G. Austin, W. H. Dean, Arthur F. Hatch, E. W. Moore, George A. Matheson, George M. McGregor, P. H. Somerville, J. Stoneham, J. R. Stewart, H. G. Wright (six to be elected).
Guelph Board—Vice-president, C. Auld (elected by acclamation).
Directors for Guelph Board—F. C. Burn, A. Hill, Adam Taylor (one to be elected).
Montreal Board—Vice-president, S. O. Shorey (elected by acclamation).
Directors of Montreal Board—D. Adair, Wm. Caulfield, Wm. Creighton (one to be elected).
Berlin Board—Directors, Henry Brown, Fred Deering, A. Foster, J. Knauff, W. J. Moody (one to be elected).
Brantford Board—Directors, J. S. Hamilton, D. J. Waterous (elected by acclamation).
Kingston Board—Directors, W. H. Graham, W. S. R. Murch (elected by acclamation).
Winnipeg Board—Vice-president, Hyman Miller, Director, W. M. Jackman (elected by acclamation).
Vancouver Board—Directors, R. Martin, J. A. McMaster (elected by acclamation).
Brookville Board—Director, M. Moore (elected by acclamation).
The following were elected scrutineers:

After Dinner

A half dozen After Dinner Coffee Cups in handsome case would form the "gift agreeable" for any housewife. Prices run from \$7.00 to \$31.00. Special set at \$11.50.

Ryrie Bros LIMITED

for the ballot: H. Clearblue, G. A. F. Henderson, Walter Madill. The following members were named as a committee to act in conjunction with the board of directors to arrange an entertainment for Thursday evening, Dec. 27: H. Bollington, W. J. Hopwood, W. Madill, J. McLaughlin, J. H. Butler, J. H. Wildong, John Gibson, W. J. Solomon, John Everett. The annual meeting of the association will be held on Dec. 27, in St. George's Hall, when the ballot will be declared.

ENQUIRY INTO THE WRECK.

Coroner Johnson will conduct an inquiry when body is recovered.

When the lake gives up the first body of the Resolute victims, Chief Coroner Johnson will order an inquest into the cause of the drowning of six members of the crew.

This enquiry will aim to establish the causes for the deaths. It will probably start with testimony as to the efficiency of the life-saving apparatus of the wrecked barge and her tow, the P. B. Locke. One of the members of the crew of this barge stated that she had no lifeboats on her, and only one yawl. Dr. Johnson thinks it is about time this city provided itself with the modern life-saving appliances such as every other American centre of size on the coast maintains. He expects the jury, after receiving full information from witnesses on the subject, will make recommendations that will result in Toronto harbor being adequately manned with boats and appliances, and that will set dredges to work clearing out the accumulations on the bed of the channels, and dynamite scooping a few more feet from the bottom of the eastern and western gaps.
