

DESERVED THEIR EMPLOYER

Farm Helpers Convicted Under Masters' and Servants' Act and One Enters Appeal.

UNSEATED COUNCILLORS APPEAL

Not Their Fault That Brampton Election Was Held at the Wrong Hour.

William Lewis is appealing at Osage Hall against a conviction for a breach of the Masters' and Servants' Act. A farmer near Brampton allowed transportation for the four to his place, and after a few hours' labor they deserted his employ. The claim is made that no conviction for obtaining transportation under false pretences is possible under the law.

Appeal was made before Chief Justice Meredith yesterday on behalf of the Brampton councillors unseated because nominations were held at the wrong hour. They assert that it was not their fault, but that of the Council in appointing the illegal time for the event.

The Lake Erie & Detroit River Railway was successful in having the damages of \$1500 awarded to Ernest Brewer for injuries cut down to \$1200. Brewer may have a new trial if he desires.

BUY LAND FOR BOERS.

Hartman Lines Purchase 200,000 Acres in North Texas.

Chicago, Feb. 9.—G. M. McKinley, industrial agent for the Hartman lines, is authority for the statement that 200,000 acres of land has been purchased for the Boers in Southwest Texas between the San Antonio and Nueces rivers. The purchase is being made by E. Smith and General Pearson, who has been investigating lands in various portions of the west and southwest with a view of Boer colonization.

GERMAN WAS TIRED OF LIFE.

Pat Rubber Tired in His Mouth and Turned Gas on.

Tired of life, Herrmann Detrich, a boarder at the Kormann House, East Queen-street, deliberately committed suicide on Sunday night by inhaling gas fumes. He went from his room on an upper floor to the basement laundry, where he cut a rubber feed pipe connected with a gas heater, placed one end in his mouth, and to found death. Coroner Greig was summoned when the body was found at 7 o'clock yesterday morning, but deemed an inquest unnecessary. Detrich was a German, 43 years old, and had lived in Toronto for 15 years. A sister in Buffalo has been notified.

New Field for Graphologists.

Paris, Feb. 8.—A paper here has been publishing articles in which a graphologist seeks aid in the detection of well-known women by examining their autographs and those of prominent men. This it translates that the French life of the Comedie Francaise would match well with the present and now Minister at Copenhagen, Graphology says Mlle. Brande would also pair well with Combes, the Civil Secretary General at the presidency.

The Pope Has Written a Poem.

Rome, Feb. 9.—The Pope has just completed a poem, which is highly complimentary to literary people. It is dedicated to a friend whom the Pontiff desires to advise on the best means of promoting life.

THE MAN IN ARMOR

Was no match for the microbe. Giants he might slay but this microscopic organism defied him, and in many a campaign more men were destroyed by camp diseases than by his enemy's sword.

SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough. That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like. SCOTT & BOWNE, Chemists, Toronto.

TO ENLARGE OFFICES.

Government Has Plans for Langview Block Extension.

Ottawa, Feb. 9.—The chief architect of the Public Works Department has prepared a drawing showing the Langview block extended along the south of Wellington-street from the corner of O'Connor-street. According to the drawing, the extension would be built across Metcalfe-street, and take in the Rideau Club and various bank buildings, as far as O'Connor-street. Just west of the Rideau Club, however, and directly opposite the main walk leading up to the House of Commons, an archway would be constructed, giving communication between Wellington and Sparks-streets.

LEAVE PROF. GIRON.

This Princess Must Do to Get Reconciliation.

Munich, Bavaria, Feb. 9.—The father of the former Crown Princess Louise of Saxony, the Grand Duke Ferdinand IV. of the non-reigning house of Tuscany, is willing to be reconciled to his daughter, but she will only do so on the following conditions: Utter separation from Prof. Giron, the Grand Duke of Tuscany to fix her place of residence and select her entourage. It is regarded as certain that the former Princess will accept this ultimatum.

MILNER WILL STAY.

Bloemfontein, Feb. 9.—Mr. Chamberlain, speaking at a banquet here, expressed the belief that the British Commissioner, Lord Milner, would stay in South Africa long enough to see the fruition of his policy. This remark is held to dispose of the rumors that Lord Milner was about to resign his post.

James J. Hill Declares They Will Bring About a Grave Financial Reverse in U.S.

COUNTRY NOW APPROACHING A CRISIS

Organized Bodies of Workmen Kill Industrial England, Says Railway Magnate.

New York, Feb. 9.—"As labor unions killed industrial England, so they are destined to bring about a grave financial reverse in the United States. And the country is swiftly approaching that crisis. It may come in a year, it may be deferred till the Presidential year, but it is bound to come."

DEFENCE OF GRAVE ROBBERS.

Regulation of Dr. Alexander Declared to Be Sane.

Indianapolis, Feb. 9.—In the trial of Dr. J. C. Alexander, charged with being implicated in the grave robbing cases, the defence outlined its evidence when court opened today. Counsel Spain said he proposed showing that Dr. Alexander was a good character, while the negroes who testified against him are disreputable and unworthy. On the second day of the trial, Martin went to Dr. Alexander's office they asked employment to clean up the college. Dr. Alexander consulted several members of the faculty, and was told that he might employ Cantrell and pay him \$50 per week. On the second day, counsel said, Cantrell told Dr. Alexander he was furnishing dissection material to furnish some for Dr. Alexander. The latter replied that if he could get the bodies legitimately he would pay for them. While Cantrell was before the Grand Jury court asserted that he was doing Mr. Spain said the defence will show that a man afflicted as Cantrell was—as shown by his discharge from the army for desertion and his no conception of right and wrong.

METHODISM DECLINING.

Rev. Dr. Buckley Creates a Scene at Ministers' Meeting.

New York, Feb. 9.—Rev. Dr. J. H. Buckley, editor of The Christian Advocate of this city, caused a sensation at a meeting of the Methodist preachers here today. The previous speaker, D. D. Thompson, editor of The Chicagoan, had spoken in a most enthusiastic way, declaring that there had been a million converts in Toronto in the past four years. Dr. Buckley disputed the accuracy of the statistics, and declared that the Methodist church in the city was declining, in some of the eastern conferences at an average rate of 10 per cent. He declared it was a grave mistake to take an over-optimistic view.

Wills Filed for Probate.

In the Surrogate Court yesterday the will of the late Mrs. William White was filed. She left \$381 in cash, and after bequeathing \$50 to her mother, she will bequeath the residue to her son, William White, and the rest of the estate is disposed of in legacies.

Modern Pickpockets.

Shoppers in the crowded downtown districts are warned as to a gang of pocket pickers who, from the number of cases reported to the police, are evidently working in Toronto. They prey upon the chateaux and shopping bags, which fashion has introduced in place of the pocket. Ladies be careful, in crowds, of course, especially.

Attogether Untrue.

Montreal, Feb. 9.—G. M. Roseworth, fourth vice-president of the Quebec Jewish Association, Wash., despatch stating that the Montreal-Jewish community had been invited to bring 200,000 settlers to Canada, is altogether untrue.

Stimulates Imperialism.

Ottawa, Feb. 9.—Sir Wilfrid Laurier, and a committee of his colleagues, the Canadian Commissioner of Emigration, in the interview, said: "We want to keep up the momentum from England, and stimulate the imperialistic spirit now existing in the country."

HER FATHER WAS A DRUNKARD

A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows: "My father had often promised me to stop drinking, and would do so for a time, but then returned to it stronger than ever. One day, after a terrible spree, he said to me, 'I am going to stop drinking. Our hearts seemed to turn to stone, and we decided to try the Tasteless Sanmaria Preparation, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for drinking, and he says it is now distasteful to him. His health and appetite are now as good as his own, and he is now fit to work for the same man. It is now fifteen months since we gave it to him, and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend.'"

FREE SAMPLE.

Particulars, testimonials and directions in dealing with this correspondence are sent free of charge. Write to the Sanmaria Remedy Co., 23 Jordan Street, Toronto, Canada.

DEVELOPMENT OF WEST.

Mr. Levi Beck, merchant of Yorkton, N.W.T., has been visiting his native place near Elora for the first time since he left 18 years ago. When in Toronto last week he was asked as to the progress of the Northwest. He expressed himself as being very optimistic, and was of the opinion that with the great improvement in the cultivation of the soil, with improved machinery, together with the large number of desirable immigrants coming from the Western States, the Northwest would be a rich and fertile land.

The deputation consisted of Dr. Hovey, and Prof. Maclellan, Mackenzie, McPherson, Pringle and Scott. They have twenty borrowed \$125,000 and desire to make the new building a great one of time and money.

Farwell to Richmond.

On Saturday afternoon last a representative body of employees of the States met at the National Club to take an official farewell of W. Richmond, editor of the paper, who has been associated with the editorial and business offices of the paper for many years. The occasion was marked by the cordial relations which had existed, and to circumstances which had caused him to sever his connection with the paper.

Queen's Alumni Meet.

Kingston, Feb. 9.—Queen's Alumni conference opened this afternoon. The proceedings at 4 o'clock took the form of a welcome to the President of the day, a report on the work of the year, and a review of the year's work. The conference will be in session all week, and is well attended.

Contrast Favors Canada.

London, Feb. 9.—Sir Stewart Menzies, interviewed on his arrival here, contrasted the attitude of the British and Canadian governments in regard to wireless telegraphy operations. The Canadian government, he said, had given all the assistance needed to develop the system on the land. He said that great dissatisfaction existed in Canada at the obstacles placed in the way of establishing a commercial service by the British government.

ORGANIZED TORTURE SYSTEM

Senator From Tennessee Speaks of Cruelty Practised by U.S. Army in Philippines.

ORGY OF LOOTING AND PLUNDER

Murders Have Become Too Common, He Asserts—Comment on Gen. Smith's Order.

Washington, Feb. 9.—Speaking in the Senate today on the Rawlins resolution calling for the records of court-martial officers serving in the Philippines, Senator Carmack (Tenn.) asserted that there was an organized system of torture in the Philippines.

"It is a further fact," said Mr. Carmack, "that this was notorious throughout the whole army, it was continued for months and years. No effort was made to suppress it, and no single torturer was ever punished for it. It is a fact that men of high character and standing, the representatives of leading Republican administration newspapers, went in person to the commanding general and told him that they had not only seen a perfect orgy of looting and plunder, but that they had seen wounded prisoners butchered before their very eyes, and that he had not only seen it, but that he had seen it done."

Senators by American soldiers in the Philippines had become too common, he said, to bear investigation. He charged the Secretary of War with being negligent in not bearing down upon the noble and generous and humane Secretary of War.

Courtmartials in the Philippines had been a travesty on justice, he said, and he cited the case of Lieutenant Brown, whom he charged with murdering an unarmed and unprotected native Filipino, and whose sentence by the President to a nominal fine and a slight reduction in rank to every soldier in the army, he said, was a disgrace. He also cited the case of General Jacob Smith to whom he said that there had been no restraint and no punishment, and yet the President calmly surveys the rule he had wrought.

CLYDE CURTIS ITS BANKS.

Industrial Districts of Rutherglen Inundated—Much Damage Done.

Glasgow, Feb. 9.—The River Clyde burst its banks above Glasgow this morning and inundated the industrial district of Rutherglen, where a dozen extensive works were flooded to the depth of several feet. The main cause was ten feet of rain, and many houses were rendered uninhabitable. Several residential districts south of Glasgow also were flooded. The dam swollen rivers have submerged miles of land, and many bridges have been swept away and houses have collapsed, with far no fatalities have been reported.

CITY COUNCIL AND CARNEGIE JOB FOR THE BOARD OF CONTROL

Original Correspondence Leading Up to the Offer Will Have to Be Produced—Many Matters of Interest Dealt With in Various Ways by the City Fathers.

There was an interesting session of the City Council yesterday afternoon, and business was despatched before a larger audience than has been in the Council chamber for many meetings. The interest centered in the matter of the Carnegie offer, which is reported in another column. Mr. Carnegie's offer was sent to the Board of Control. The repeated proposal to establish a park packing industry at the Don Bridge, on Queen-street, was referred back to the Property Committee. The new street railway timetable prepared by the City Engineer, was endorsed. The power offer was sent to the Electrical Energy Committee. Ald. Starr was informed that a ballot cannot be put into the box for the election of the Board of Control until the afternoon of the 11th inst. The manufacturers' building at the Exhibition Grounds is to be completed by May 30. The report of Engineer Jennings on radial railways, and a policy for Ashbridge's Marsh was received. The suit against the Constable's Gas Co. will be proceeded with. Simcoe-street asphalt pavement was referred back, but the recommendation for College-street asphalt pavement was passed. The new garbage bylaw, relating to the removal of ashes, will be repealed.

Fighting With Generosity. The Carnegie offer was read, and was referred to the Board of Control for a report, after Ald. Louison had asked the board would want to see the correspondence which led up to the offer being made at all. The numerous protests from labor bodies and other organizations against the acceptance of the offer were also sent to the Board of Control. The symptoms are that Ald. Louison, the champion resolutionist, will be asked to resolve upon it.

That Park Packing Industry. W. W. Vickers appeared before Council on behalf of George Puddy, in regard to the proposed small slaughter-park-packing industry on the site of the old Don Brewery, at the corner of Queen-street and the Don River. He wanted Council to grant a permit for slaughtering hogs. Residents of the East End are very vigilant, and the matter was up some time ago, and Ald. Stewart pointed this out to Council. The matter was referred to the Property Committee. Ald. Ald. Stewart urged that Council should dispose of it at the earliest possible moment.

Electrical Energy Offer. The offer of W. Plezson Judson, representing the Hamilton & Lake Erie Power Company, to supply the city of Toronto with electrical energy, was published yesterday, and was referred to the Electrical Energy Committee. The offer is for a term of 10 years, and the power within 18 months from the time an agreement was made, and would put up a \$75,000 cash guarantee.

An Important Question. A rather important question was asked by the position of voters, under the following set of circumstances: The polling place was announced as Palmer-street School, inside the school two rooms are set apart for two different pollings, and the voters are allowed to vote in the halls of the school. When the hour of 7 o'clock on the last election day arrived, some 15 voters stood outside the actual voting place, but inside the school, asking to be allowed into one of the voting booths to vote. The Deputy Returning Officers refused to allow anybody to vote after 7 o'clock, and the voters were turned away. The voter was actually within the voting booth, so-called, before the hour of 7 o'clock.

There are two questions that should be answered in order to settle the difficulty, which have arisen at the election: 1. Whether the voter, arriving in the hall at 7 o'clock, and finding the polls closed, could be allowed to vote after 7 o'clock, but not being able to hand it back until 7 o'clock, would have his vote recorded. 2. Whether all the voters having arrived at 7 o'clock, and the polls being closed, the voter was designated as the voting place, long before the hour of 7 o'clock, should be allowed to vote.

Next Vote Before Seven. In reply, City Solicitor Caswell said: "I have discussed the matter with Mr. Fullerton, and an answer to both inquiries is 'No.' The statute says the poll shall be kept open till 7 o'clock, and the voter must be present at the time of voting, and is more than the polling place. The recording of votes, and the counting, must, therefore, cease at 7 o'clock."

The New Time-Table. Just before Council adjourned, Ald. S. W. Burns collected that the Engineer's new street railway timetable was before the Council, and he wanted it endorsed. Ald. Spence and Hubbard thought the aldermen should have more time to think it over. There was considerable argument before the table was adopted.

Better Street Cars. Ald. S. W. Burns gave notice that he would move that the City Engineer be authorized to purchase new street cars built by the Street Railway Company for Toronto should have the engine, motor and gear mounted on the front, instead of from the rear, and having separate compartments for the convenience of smokers and non-smokers. He also wanted the signal apparatus on all the cars improved for the convenience of electric buttons, placed on the back of the seats.

Independent Lines. Aldermen S. W. Burns also gave notice that he will move for a report from the Engineer as to a cross-town car line, and that the company be instructed to go on with same, and if they do not, the Board of Control advise for tenders. In order to have the line.

Local Topics. The butchers' section of the Retail Merchants' Association will meet tonight. The Toronto Chamber of Commerce, under the retiring treasurer, David Brown, will be held on Friday evening, Feb. 13, at 8 o'clock. The regular monthly meeting of the Old Hallow Boys' Association will be held in the Temple Building on Friday evening, Feb. 13, at 8 o'clock. The annual at-home will take place on Feb. 17, at 8 o'clock. The Toronto Evening Telegram, news editor of Dr. H. H. Thomson, has resigned his position, and will devote himself to work in connection with the Masonic order.

City Tax Sale To-Day. Mr. Charles M. Henderson will conduct the City Tax Sale at the City Hall this morning.

SPECIAL ENGINEER JENNINGS MAKES AN EXHAUSTIVE REPORT

As to the Proposed Entrance of Suburban Railways to the City and Other Transportation Matters in and About Toronto, Regardless of Cost.

Engineer Jennings' special report as to the proposed entrance of suburban railways to the city and other transportation matters in and about Toronto, also the disposal of the marsh area was presented by Mayor Urquhart to the City Council yesterday afternoon. The Mayor has been nursing it for a month. It is a very lengthy document, but probably took his Worship that long to read it. Mr. Jennings divides his report into three volumes. The first relates to electric suburban railways, and the city railway, and the second relates to steam railways, and the third relates to the marsh area. He points out that the present publication of the reports does not appear to him altogether judicious, as interested parties might use it for their own ends. His suggestions are like the bride's gifts numerous and costly. They are accompanied by drawings. It will be necessary for the city to carry them out. He gives no idea of what they cost, but it would be many millions of dollars.

Suburban Cars. Dealing first with the electric suburban railways Mr. Jennings remarks that for their construction the city would at present have to reach an agreement with the city and with the street railway. He suggests that parties are agreeable, and points out the benefits of the entrance of the suburban lines to the city. He suggests that the city should be secured as a figure in the Assessment Commission, and that the city should be secured as a figure in the Assessment Commission.

Public Attraction. D. J. Sinclair, secretary of the North-west Railway Association, forwarded a copy of a resolution passed by that body, approving the proposal to establish a public attraction, and that the city should be secured as a figure in the Assessment Commission.

Want to Be Annexed. A petition received from property owners in the district south of Davenport-road, lying between a point 150 feet west of Bathurst-street and easterly to the present city limits, asking that the district be taken into the city. This district is crossed by electrical lines, and is bounded by Howard-avenue, Brunswick-street, Kendall-avenue, Walmer-road, and Huron-street.

Free Use of St. Andrew's Hall. The free use of St. Andrew's Hall, every Monday night for four months, will be granted to the officers of the 12th Regiment.

City Solicitor Will Report. The City Solicitor will report at the next meeting of Council on the delay in completing the extension of the street car line and Parliament-street.

City has Reduced its Fuel Prices. The city has reduced its fuel prices, to meet those of the dealers. The Mayor has announced that the city has reduced its fuel prices, to meet those of the dealers.

Proposed Routes. Mr. Jennings proposes the following routes for the entry of suburban railways to the city: 1. From the Don River to the city, and 2. From the Don River to the city, and 3. From the Don River to the city.

THE ROBERT SIMPSON COMPANY, LIMITED

Directors—J. W. Flavell, A. E. Ames, H. H. Fudge, Feb. 10. Store Closes Every Evening at 5.30. Modern Ready-Made Clothing.

The progress of the last ten or twelve years in Men's Ready-to-Wear Clothing has been nothing short of wonderful. Those who remember the awkward, ill-fitting suits the old-time stores used to sell and those of moderate means were forced to wear, pass on the street every day examples of ready-to-wear clothing which might be taken for first-class custom tailoring. All our Canadian manufacturers have progressed, some more than others, others in some lines only.

Our clothing stock represents the cream of all this improved Canadian product. We buy only the very best in its line as offered by all the makers in competition.
