CONSERVING OF BIG RESOURCES NATIONAL DUTY

W. F. Maclean, M.P., Emphasized Need of Refining Nickel in Canada.

LINCOLN DRUM SILENT

United States Forgets Great Traditions During Present Big Struggle.

By a Staff Reporter.

OTTAWA, Ont., Feb. 1.—Mr. W. F. Maclean (South York), speaking in the debate upon the address in the commons this afternoon, outlined a comprehensive program of national conservation. He said the great nickel deposits in the Sudbury district were in themselves a national treasure sufficient to pay off the national debt. He wanted to see all the Canadian nickel refined in Canada. He also suggested conservation of the gold, silver and petroleum deposits of the country, and advocated the nationalization of railways, telegraphs and express services. The first great reform to be undertaken, in Mr. Maclean's opinion, was the revision of our banking and currency system. We should nationalize our currency and establish a state bank of issue and re-discount. He also urged rural credits and land banks for the relief of the farmer.

Canada, Mr. Maclean declared, had assumed the leadership of the western world in the fight for freedom. The troops of Blake, of Cromwell and of William of Orange were beating today in the cause of freedom, but the drum of Lincoln was silent.

Surely the American people were still unwilling that government of the people for the people by the people should perish from the earth.

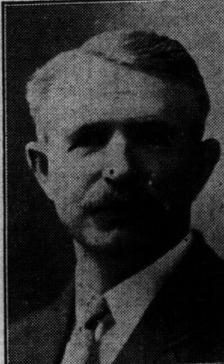

Mr. Maclean was followed by Hon. Chas. Macdowell who delivered a speech remarkable at once for its eloquence of expression and its beauty of diction. He asked that all wrangling should cease over the language question, and that the majority in Ontario suspend Regulation 17 at least until the war was over. His speech was in somewhat striking contrast with that

FALLIS RESIGNS HIS SEAT IN ONTARIO LEGISLATURE

Member for Peel County Steps Out Following Disclosures on Horse Deals by the Davidson Commission.

Special to The Toronto World. BRAMPTON, Ont., Feb. 1.—Jas. R. Fallis, member of the Ontario Legislature for Peel County since June 29, 1914, who was implicated in questionable horse deals by Sir Charles Davidson during the recent investigation in Brampton, has resigned his seat in the legislature. His resignation has been sent to Toronto, and will be considered by the cabinet on Wednesday. The resignation of Mr. Fallis was not unexpected. He was strongly criticized by Sir Charles Davidson during the investigation into the sale of army horses to the sale of horses that practically had been accepted by the government agents before being sold by Fallis. Fallis succeeded Sam Charters as member for Peel County elected over H. Milner, the Liberal candidate, by a majority of 627. It is expected that by-election will

J. R. Fallis, M.L.A. for Peel County, who has resigned, following Sir Charles Davidson's disclosures on horse deals in Brampton.

ROUMANIA FAVORS OFFER OF GREECE TO JOIN THE ALLIES

Negotiations Proceed to Form Anti-Bulgarian Alliance and Roumanian Troops Concentrate on Bulgar and Hungarian Frontiers.

PETROGRAD, via London, Feb. 1.—In connection with the negotiations which are alleged to be proceeding between Greece and Roumania and the report that Roumania is ready to form an anti-Bulgarian alliance, it is stated here that four-fifths of the Roumanian troops are under arms and that the main Roumanian force are concentrated on the Bulgarian and Hungarian frontiers, while the troops on the Russian frontier have not been increased.

WAR SUMMARY: Today's Events Reviewed

It is reported from Petrograd that Roumania is seriously considering offers from Greece to form a league to attack Bulgaria. This news is credible, for Balkan animosities are so great that it is impossible to line up all the Balkan nations in one confederacy. Greek hatred of Bulgaria is notorious. Roumanians chafe at her assumption of the superiority assumed in the title of "Prussians of the Balkans" that Ferdinand has imposed on the Bulgarians. They cannot live that title down, nor live beside a bloated neighbor. Emphasis is laid on the increased concentration of Roumanian troops on the Hungarian and Bulgarian frontiers and on the putting of four-fifths of the Roumanian army under arms. If Roumania decided to throw her sword into the scale on the side of the allies, she would enable the Russians to send a big army down the valley of the Danube to overrun Bulgaria and to strike at Constantinople, while French, British and Italians would converge on Ferdinand's capital from the west. Thus Serbia would be avenged and Ferdinand would be punished for his mendacity, effrontery and treachery.

Gordon Gordon-Smith says in a despatch from Zurich that the war preparations in Roumania are arousing the gravest alarm in Germany and that the German newspapers have published reports evidently intended to prepare the public for the entry of Roumania into the war on the side of the allies. Large quantities of heavy artillery, most of it brought from England by way of Russia and Sweden, have been placed in position along the Bulgarian and Hungarian frontiers, and trenches of immense strength are being constructed. The "Frankfurter Zeitung," which reports these preparations for war, says that great efforts are being made to keep them secret. These developments are interpreted in connection with the purchase by Great Britain and France of \$50,000,000 worth of Roumanian grain, and by this move the agrarian interests, the most powerful in the kingdom, are believed to have been won over to the allies.

Sir Douglas Haig says that the "some British" captured by the Germans south of the Somme River as magniloquently mentioned in their communique, consisted of a patrol of five men, two of whom got away. It was probably an easy capture of a few Frenchmen like this that the Germans magnified into the capture of 1200 men, while the French war office treats the claim with so much contempt that it does not even bother to deny it. French artillery was active at several points yesterday.

The exciting experiences of Capt. Arthur Stanley Wilson, M.P., while held captive on board a hostile submarine, indicate that allied patrol boats in the Mediterranean are closely pursuing the submarines. The one that he was on had a fight with a patrol boat, but escaped, and three

RAIDER ELYING BRITAIN'S FLAG TACKLED LINER

Lieut. Berge Describes Appam's Capture and Series of Successes.

SANK CLAN MACTAVISH

Armed Australian Trader Made Stout Fight—Raider Still at Large.

NORFOLK, Va., Feb. 1.—Given up for lost days ago, the British passenger liner Appam, plying in the West African trade, sailed like an apparition into Hampton Roads today, with the German naval ensign, and with her ship's company under guard of a German prize crew. She brought word of a most extraordinary capture, the Mowee, which now roams the seas, and had on board the crews of seven British merchantmen and admiralty transports captured by the Mowee before she seized the Appam and started her across the Atlantic for an American port with Lieut. Hans Berge of the German naval reserve and 22 men in charge.

The Appam now lies off Old Point Comfort, under the guns of Fortress Monroe, waiting for the state department at Washington to determine her status—whether she is a man-of-war subject to treatment or a German prize. By tomorrow the customs authorities here hope to have orders to send the ship either to Norfolk or Newport News, where the anxious waiting British civilians will be put ashore.

According to the story, told by Lieut. Berge, the Appam was captured by the Mowee, a 16,400-ton steamer, when he formally reported his presence in American territorial waters later today. The Mowee captured the Appam, bound from Dakar, French West Africa, for Liverpool, after a brief show of resistance on the part of the Appam. The Mowee, on both sides, the Mowee then were the crews of five vessels previously captured, all of whom were taken to the Mowee.

From all reports the raider is a converted German merchantman with a large canvas forecastle, concealing a battery of guns of fairly large calibre. On Jan. 17 she engaged in battle an armed Australian trader, the Clan Mactavish, which sank after an exciting combat, with a loss of 12 men killed on the Clan Mactavish. The Appam

To the Farmers of Ontario

You farmers who are meeting in Toronto this week just bear in mind the fact that The Toronto World is the most reliable farmers' paper in Ontario. This is accounted for by the fact that The World's live stock reports are the most accurate and detailed that are published in any paper in Canada. A farmer can ship his stock to Toronto, have it sold, and, by reading The World's live stock reports next morning, know exactly what is coming to him for his cattle, sheep or swine. No other paper gives such accurate reports, and every farmer, for this reason alone, should subscribe to The Toronto World.

GERMAN ATTACK CHECKED BY FRENCH NORTH OF ARRAS

Attempt on Positions on St. Nicholas--St. Lawrence Road Speedily Broken Down--Much Artillery Fighting Reported.

SPECIAL CABLE TO THE TORONTO WORLD. LONDON, Feb. 1.—The Germans, having been reduced to quietude by the stout allied resistance to their infantry attacks, British and French batteries put another good day's work in pounding away at the hostile positions and at shelling German convoys and trains at long range. The only infantry action recorded was the defeat of a German detachment which attempted to attack the French positions northwest of Arras on St. Nicholas--St. Lawrence road.

Sir Douglas Haig disposes of a German claim of capturing "some British" south of the Somme, by stating that the troops taken prisoner consisted of a patrol of five men, two of whom got away.

British artillery was active on the front between Ancre and Somme rivers, bombarding German lines at various points between the Aisne and the Oise, where the anxious waiting British civilians will be put ashore.

The French conducted a spirited engagement with artillery against the Germans south of Hill 119 in Arras, and their guns carried out a bombardment of the German positions on the road to Lille at a point south of Thelus, which caused a fire, followed by explosions.

WASHINGTON IS IN QUANDARY OVER DISPOSITION OF APPAM

WASHINGTON, Feb. 1.—Until it is decided whether the German commander aboard the British steamer Appam brought the ship to an American port as a prize of war, or as a converted auxiliary cruiser, the state department will be in a quandary. There will be no determination of the American Government's course respecting the ship.

When certain formalities have been complied with the ship's passengers, including several British colonial officials, will be released and the vessel will be released by immigration authorities. Any prisoners of war will be released, because international law permits no holding of war prisoners in a neutral country.

The United States then, finally will deal with the German crew under Lieut. Berge, and if they are accounted in the naval service of Germany, as were the crews of the Prinz Eitel Friedrich and the Kronprinz Wilhelm, already interned at the Norfolk Navy Yard, they, too, will be interned, unless their ships go to sea to run the cordon of British cruisers outside.

ZEPPELIN FLEET DID NOT ATTAIN DESIRED OBJECT

No Military Damage Was Done, Says British War Office.

BERLIN MAKES CLAIMS

Staffordshire's Material Losses Were Greatest—Casualty List Not Increased.

SPECIAL CABLE TO THE TORONTO WORLD. LONDON, Feb. 1.—Failure of the raid by the Zeppelin fleet to achieve its apparent object, the destruction or damaging of British munition plants, is announced in an official war office statement issued tonight. The aerial raiders last night spread their attacks over six counties, comprising a larger area than was attacked in any previous visit, and more than two hundred bombs were dropped, but no "military damage" resulted. The list of casualties earlier reported, 54 persons killed and 67 injured, has not been enlarged as a result of fuller investigation.

Tonight's war office statement says: Big Area Attacked. "Further reports of last night's raid show that the evening's air attacks covered a larger area than on any previous occasion. Bombs were dropped in Norfolk, Suffolk, Lincolnshire, Leicestershire, Staffordshire and Derbyshire, the number being estimated at 220.

Except in one part of Staffordshire the material damage was not considerable, and in no case was any military damage caused. "No further casualties have been reported."

The earlier statement said that Zeppelins were hampered by a thick mist. After crossing the coast they steered various courses and dropped bombs on several towns and in rural districts in Derbyshire, Leicestershire, Lincolnshire and Staffordshire.

GERMAN SUBMARINES IN AMERICAN WATERS?

British Consul-General at New York Withdrew Warning.

NEW YORK, Feb. 1.—The British consul-general here today notified British shipping to be on the lookout for German submarines in American waters, but the warning was later said to have been withdrawn as needless. Information received at the consulate led to the belief that a submarine had accompanied the captured steamer Appam on her voyage across the Atlantic but according to Captain Gaunt, British naval attaché, the information was not considered authoritative.

"We were informed today," said Captain Gaunt, "of the possible presence of German submarines near the American coast and considered the information sufficiently authentic to warrant sending out a notice to shipping. Later the sources which had given us our information explained that it was erroneous and we decided to withdraw the warning."

...which was ten miles away at the time, in charge of a prize crew, steamed hurriedly back to the scene and rescued four members of the crew of the sinking Clan Macraich struggling in the water.

Headed for U. S. Port

Later, under orders from the commander of the raider, Lieut. Berge headed his prize for an American port and parted company with the Mow. Nothing has been heard of the raider since, and the Appam steamed across the ocean on an uneventful voyage, reaching the Virginia Capes at 4:45 this morning.

Mow's Exploits

On Jan. 10 the Mow captured and sank the British steamer Farthing, carrying 500 tons of copper ore. Later on the same day she captured the British steamer Corbridge, with a cargo of 800 tons of copper ore.

Three Days at Sea

Three days the Mow was inactive and then the British admiralty transport Drummond being in sight on Jan. 13 she commenced her operations and was captured and sunk before that day was over the raider had met and destroyed the British steamer Appam, carrying 8000 tons of general cargo, and the admiralty transport Tracer, with 6000 tons of sugar.

Next Day, Jan. 16

Next day, Jan. 16, there appeared the biggest prize of all the Mow's exploits, carrying 8000 tons of general merchandise, including a large quantity of coal. One of the ships was fired by the Appam but there was no real fight.

The Mow approached

The Mow approached the liner flying the British ensign and exchanged salutes with her. When she was close enough to cross the Appam's bow she ran up the German flag and lowered the British ensign.

Supplies Ran Short

Lieut. Berge said the Appam arrived short of both fuel and provisions and that there was no coal or provisions aboard to last thru tomorrow. Mr.

delivered by Paul E. Lamarque, the Nationalist member for Nipawit, who stoutly defended Bourassa and Lavergne. Mr. Levesque, a Liberal member for Qu'Appelle, spoke briefly on the western wheat situation, and Hon. George J. Brabant, who is a member of the Nationalist party, also spoke on the wheat situation.

Mr. Thomson, in resuming the debate

on the wheat, discussed the commanding of the wheat. He said if it were necessary in the imperial interests he had no criticism to offer, but the government ought to make some concession of a variety of subjects to disturb business. Naturally prices would fall when people knew that the government was taking away from them. Before the commanding of the wheat, the spread between the government and the market was less than five cents. Immediately after it increased to nine cents. That the government was not doing its duty to stabilize prices, he favored the government policy of valorization, which would guarantee the farmer a uniformly fair price for his grain.

W. F. Maclean's Stand

W. F. Maclean (South York) said that the commanding of the wheat was clearly within the competency of the Dominion Government. It was done to stabilize prices. He favored the government policy of valorization, which would guarantee the farmer a uniformly fair price for his grain.

What Part in Strategy

"What part are we playing in the strategy of this war?" Mr. Maclean demanded. "We hear that Canada is to have a representative in the 'international council' that is directing the war for the allied nations.

General Conditions Improved

Mr. Maclean said that conditions were much better in Ontario and Manitoba now than they were a year ago. A year ago many men were out of work and the industrial situation was very gloomy.

Imperial Drum Beats

Mr. Maclean said there had been a great uplift thruout the empire. Everywhere were witnessed wonderful examples of courage and devotion. The drums of freedom were beating around the world, the drums of Blake, of Cromwell, of Wellington and Nelson.

Must Nationalize Currency

Mr. Maclean said there was work for parliament to do which should be done as well as Canada. The duty which ought to receive consideration immediately. For one thing we would have to reform our banking system so that it would be able to nationalize our currency and establish state banks of issue and redemption.

U. S. Sets Example

Just now a joint committee of the two houses of congress at Washington had reported a bill for the United States which differed somewhat from the law which has operated so successfully in Australia and continental Europe, but based on much the same principle. This bill established a national currency and a national government. These banks were depositories of public moneys and their capital stock could be subscribed for by the government.

Should Nationalize Railways

Mr. Maclean said he had long advocated the nationalization of railways. One way to conserve our resources was to practice economy, and there was no greater waste going on anywhere than in the duplication of services by the great transportation companies. We must cut down big overhead expenses of those companies either by government ownership or more stringent control.

Resolution of 1910

Hon. Charles Macleod gave the house an interesting history of the Nationalist movement in Quebec. He read the famous resolution passed at St. Eugene in 1910 at the big meeting addressed by the late Hon. J. H. Monk. That resolution constituted the platform of the Nationalist party, he said, and it was the duty of Canadians as British subjects to defend the soil of Canada and the British crown in Canada. He declared against taking part in European wars or fighting in the workshops in British or foreign waters.

SOHN CHOR SECOND CONCERT

Giving Expression to Spiritual Aspiration of Mankind.

BEST ACHIEVEMENT

off's "Cherubim Song" with Profound Devotional Feeling.

tion of more than usual occurred at the second concert of the Sohn Choir last night. The choir, the greatest of its kind in the world, is composed of the Russian Orthodox and the Russian race and time, and of his great choir, the most important that has been known in any day from the consummate human voices, united to give the highest spiritual utterance. Whitman's "The Drummer" is regarded as one of the greatest of his poems. None but those who have heard the choir inspired with the hope of spiritual destinies can do justice to its setting. The choir, the Mendelssohn Choir, is a masterpiece of the spiritual character of the choir. It is a masterpiece of the choir. It is a masterpiece of the choir.

After an all-day sitting the representatives couldn't come to a decision on the commission as to how the choir's expense was to be met, and they agreed to go back to their various municipalities and discuss it with their consuls and then come back next Monday and take action on the best method of raising the extra \$300,000. "We would conduct the business exactly the same if we had to do it over again," Mr. Gooderham said in response to a critic. "Wouldn't you tell the people it was going to cost more?" he persisted. "I would do it exactly the same."

Mr. Gooderham was asked how much was lost in the effort to provide labor for unemployed, and he replied that he could not tell, but he knew the labor was very unsatisfactory. Individually the representatives spoke and expressed their views on only one issue, Silverthorn of Etobicoke, expressing any willingness to pay more for the construction. Commissioner Harris of Toronto said that Toronto was already paying 25 per cent of the cost, and he objected to any increase.

A Well-Known Actress Tells How She Darkened Her Hair and Promoted Its Growth With a Simple Home-Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add one ounce of rum, a small box of Orizex Cream, and 1-4 oz. of glycerine. The ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes black. The required time is 20 years. It is also fine to promote the growth of hair, relieve itching and scalp humors and is excellent for dandruff and falling hair."

GOOD ROADS SCHEME RECEIVED SETBACK

Municipalities Interested in Hamilton Highway Object to Increased Cost.

WOULD DO IT OVER AGAIN

Geo. Gooderham, M.L.A., Had Difficult Time Explaining Added Expense to Delegates.

George H. Gooderham, M.L.A., chairman of the Toronto-Hamilton Highway Commission, had a difficult time yesterday explaining to the representatives of the various municipalities interested in the project, how the higher cost came to exceed by \$200,000 its estimated cost. Practically unanimous were the delegates in their objections to the proposed increase, and one after another expressed his opinion that this was the biggest slip in the face of the good roads movement had ever recorded.

"We would conduct the business exactly the same if we had to do it over again," Mr. Gooderham said in response to a critic. "Wouldn't you tell the people it was going to cost more?" he persisted. "I would do it exactly the same."

CANADA'S TEMPORARY LOANS ARE EXTENSIVE

Nearly One Hundred and Eighty Millions Outstanding at Year's End.

ADVANCES BY BRITAIN

Nearly One Hundred and Thirty Millions Due Imperial Government.

By a Staff Reporter. OTTAWA, Ont., Feb. 1.—Temporary loans outstanding by the Dominion on Dec. 31 last amounted to \$179,607,917, according to a return placed on the table of the commons today by Sir Thomas White, minister of finance. Of this, \$45,000,000 consisted of the one and two-year five per cent notes sold in New York, \$5,000,000 was a loan from the Bank of Montreal and \$129,607,917 was advances made by the imperial government. During the year \$1,408,000 was paid out by the governor-general's warrant. Of this, \$1,507,816 was for relief to settlers in the drought areas of Alberta and Saskatchewan, and the balance was for the purpose of extinguishing the rights of the estate of the late J. E. Cummings and of the school fund, and other water powers and adjacent lands on the Winnipeg River.

The main items in "unforeseen expenditure" were \$1476 expenses for Sir Robert Borden's trip to Europe last summer, \$728 to R. A. Pringle, K.C., in connection with the investigation into the building of drill halls in Ontario, \$410 expenses for the delegates to the world's equity conference which was held in San Francisco last July, and expenditures amounting to \$1113 for the purchase of the economic development commission. Unclaimed balances in Canadian banks amounted to \$361,518. This is a decrease of over \$70,000 compared with the year before. In addition to these unclaimed balances \$24,994 is held by the banks for exchange, cheques, drafts and bills of exchange.

Berlin Military Critic Comments Assertion of Lloyd George to Cheer Up Countrymen.

BERLIN, Feb. 1.—In a review of recent military operations, Major Morant, the military critic, states that the tactical successes attained by the Germans on the western front near Neuville and south of the Somme have shown that their supposed numerical inferiority on this front, as asserted by the French, has not interfered with the success of the war by Premier Clemenceau.

SMITH-DORRIEN BUILDS STRATEGIC RAILWAY

Conducts Advance Into German East Africa, Like Contractor.

LONDON, Feb. 1.—Satisfactory progress by the British forces campaigning in East Africa was announced today in an official statement made by a report from Gen. Sir Horace B. Smith-Dorrien, commanding the British forces in that territory. The statement says: "Gen. Smith-Dorrien reports that good progress is being made with the advance from Voi station on the Uganda Railway. The line which had been carried as far as Mbuyuni (15 miles east of Taveta, British East Africa) beyond Maktau has now reached Serengeti camp, which was taken by a British force on Jan. 24. "With the occupation of Londolozi and Serengeti the enemy's activities have sensibly diminished."

HEARD OF THEM FROM HER BROTHER

Why Mrs. Marchbank Used Dodd's Kidney Pills.

She Found Quick Relief and Now Recommends All Women Who Suffered as She Did to Use Dodd's Kidney Pills. St. Martin's, St. John Co., N. B., Feb. 1. — (Special) — Mrs. Violet Marchbank, wife of a well-known farmer living near Westport, Ontario, has had the most wonderful results she has got through using Dodd's Kidney Pills. "My trouble started from a cold," Mrs. Marchbank states: "I had backache, my joints were stiff and my muscles cramped. I was irritable and always thirsty. My appetite was flimsy and I felt heavy and sleepy after meals. Rheumatism was added to my troubles and well headaches and heart flutterings made me very anxious at times. "I suffered for about two years and was far from well. I don't know when my brother told me what great things Dodd's Kidney Pills had done for him and I made up my mind to try. "I sent and got three boxes and I helped me right from the start. I can recommend Dodd's Kidney Pills to all women who suffer as I did. "Every one of Mrs. Marchbank's symptoms was a symptom of kidney trouble. That is why she found such quick relief in Dodd's Kidney Pills."

PURSUERS FAILED TO CATCH PURSE-SNATCHER

Mrs. Thomas Moore, Red Cross Collector, Robbed on Langley Avenue.

Mrs. Thomas Moore, 61 Langley avenue was robbed of a satchel and purse containing \$24 and thirty Red Cross buttons when returning to her home Tuesday evening. She had been out collecting for the society, and was within a few houses of her own when a man who had been following her along Langley avenue, rushed up from behind, snatched the satchel from her hand, saying, "I'll take care of this, and ran. Mrs. Moore followed and called for assistance, which readily came. The thief was chased along Langley avenue down Howland road and west along Victor avenue until he turned in an alley, jumped a fence and got away. The police were immediately notified, but so far no trace of the man has been found.

Great Yarmouth, and that violent fires occurred. All the airships returned safely, it is claimed. The official statement follows: "A German squadron during the night of Jan. 31-Feb. 1 dropped a large number of incendiary bombs on and near the Liverpool and Birkenhead docks, harbor and factories along the coast. The incendiary bombs and the Nottingham and Sheffield factories and blast furnaces and, finally, on a large number of industrial establishments on the Humber and near Great Yarmouth (Norfolk). At all these places powerful explosions were observed and most serious fires followed. On the Humber one battery was silenced. "The airships were heavily fired upon from all points, but were not hit. All the airships, in spite of the enemy's efforts, returned in safety."

ZEPPELIN RAID MORE SERIOUS

With one exception, last night's raid caused the greatest number of casualties of any since the beginning of the war. On the occasion of the last attack on London, made on the night of Oct. 12, 55 persons were killed and 114 were wounded, according to an official statement. Unofficial reports said the total was much greater, it being estimated by returning travelers that between 150 and 300 persons were killed.

PLANS FOR GREATER AND BETTER TORONTO

Master Conditions That Make People Poor and Object Will Be Attained.

SOCIAL SERVICE WORK

'Charity Shows Incompetency,' Raymond Robins Told Settlement Workers.

Before an audience composed principally of Settlement Workers and others interested in social service, Raymond Robins gave an address in the Y.M.C.A. Hall, College street, yesterday afternoon...

Next, there should be a social survey, said the speaker. The permanent foundations of a city are found in the terms of its humanity.

Other charts should be those of the birthrate and deathrate of the city, because from these we get the relation of many problems of morality.

Having mapped out the city according to the proposed plan, Mr. Robins did not commend the reconstruction that has its foundation on charity.

Mr. Robins admitted that trades unions were not always faultless, but contrasting his own experience in a non-union mine, where he worked only twelve hours a day...

The conditions which permit the saloon to be the cheapest and most undemocratic place for a man to live were strongly condemned.

After investigation must come publicity, said Robins. The future of France is in the hands of the fourth estate.

Having investigated intelligently and made the results public, the third and last necessity is co-operation.

DON'T FORGET

Toronto World Sox Day, Feb. 15.

This last is the most important of the three. As general propositions, the speaker laid emphasis on religion as a vital force in any community.

NURSES FROM PRIVATE INSTITUTIONS BARRED

PROTEST TO COMMISSION

Qualification Should Not Be Left to Decision of Those in Closed Corporation.

The refusal of the Graduate Nurses' Association of Ontario to include in their membership experienced nurses from private hospitals was the issue which the Royal Medical Commission took up at yesterday morning's session.

"The standard of qualification should not be left to any arbitrary decision of interested parties in a closed corporation. The nurses should come before an independent tribunal such as the Ontario Government's examining board," said Sir William Mulock.

Dr. Armstrong testified that the act drawn up after consultation with the Nurses' Association, would have to be changed to include such private hospitals as the Wellesley. And there would be no need of a Nurses' Association, he said, if the act were changed to include private hospitals.

"Our object is not to discriminate against any properly trained nurse," Miss Gunn of the Toronto General declared. "We drew up a set of bylaws which provided a fit standard for membership. We wish to represent all the nurses of Ontario and our aim is to give all hospitals an opportunity to meet a government standard."

A very successful diamond medal contest was held under the auspices of the Royal Templars of Temperance in College Street Methodist Church, when Edith Bush was the successful contestant.

Men, Women and Children Are Rallying to Help Boys in Trenches.

SOX THE GREAT NEED

Send in Your Pairs or Donate the Wool From Which They Can Be Knit.

Ask any man in khaki what his greatest need in equipment is and his answer, whether he be stationed at Exhibition Camp or whether he is home on furlough from the front, will be the same—sox. Sox is the great need of every soldier—it is not food, not smokes, nor anything else, it's just warm, new comfy footwear—footwear that is not torn, wet and raggy, but dry and whole.

There are just two weeks, and there are two ways of helping—by donating a pair of sox (hand or machine knit) or by purchasing some wool and forwarding it to the knitting department of The World Building, fourth floor.

The wool required is four-ply finest quality, may be gray, white or black. The needles to use are No. 12 or 13, and the amount of wool is six ounces, and the time to knit is now. If you are still unconvinced and cannot see your help is needed, call at the knitting room and a satisfactory explanation will be given.

For any further information, write to the Ball, "Sox Day" convener, World of Office, 40 West Richmond street, phone Main 6308 or Parkdale 4971.

NEWS FROM THE CITY HALL

DIFFER ON THE BLAME FOR CROWDING OF CARS

No Remedy Forthcoming Since Corporation Counsel Went to Front.

REPORT AVAILS NOTHING

Mayor Objects to Supervising Legal Business and the Board of Control Too.

The Dominion commission would not allow cattle to be jammed into a car like the citizens of Toronto are. Mayor Church yesterday in regard to the overcrowding of street cars. "We haven't a corporation counsel to look after our business," Controller Thompson thought the responsibility rested with City Solicitor Johnson if the corporation counsel, and Controller Cameron said it was up to that official to see that the city had counsel and that the same was paid out of the salary intended for that work. He believed it was the understanding when Corporation Counsel Geary went away that a substitute was to be provided and paid for by him.

Crown Solicitor pointed to the fact that \$40,000 had been spent on a traffic report, but nothing further accomplished. "Our crown attorneys should take some action. The railway board is a farce; it is no better than so many school boys." The absence of a corporation counsel was also emphasized when the mayor stated that there were seven bills to be proposed at the government session at Ottawa, which should be closely watched by the city, as they were for franchises which might be granted if not fought. "The question is who is our corporation counsel, who is to do this work? I can't attend to the city's legal business and the board of control, too, and what's more, I'm not going to. I've been working 15 and 16 hours a day too long as it is, and I don't propose to do all. It's time we did something in this matter," he said.

NEED REORGANIZATION OF CIVIC TREASURY

Board of Control Defers Action Because Official is Ill.

That reorganization in the treasurer's department is vitally necessary appears to be the opinion of certain members of the board of control at the meeting yesterday. Mayor Church suggested that the entire department be reorganized and somebody put in charge of Toronto's bonded debt. Controller Foster: "Do you propose to have Mr. Patterson or have a new treasurer?" Mayor: "We want reorganization. I'm not prepared now to do it. Mr. Patterson has been a good faithful official and will be dealt with generously." Controller Thompson: "Mr. Patterson is very ill and for that reason I think we should let the matter stand for a few days." The suggestion was acted upon.

ASK AID FOR RECRUITS WHO ARE OPERATED ON

Board of Control Awaits Formal Request From Gen. Logie.

Lieut. Robert J. Christie headed a deputation which waited on the board of control yesterday to ask for a grant of \$5000 for the purpose of supporting the dependents of the men who wished to enlist, but who now have to undergo an operation before being accepted. As they do not receive any pay until attested, recruits are anxious to serve their country are unable to do so, and those who have gone on in the hope that funds for their families would be forthcoming are in dire need. A formal request from Gen. Logie was asked for, and until it arrives no action will be taken.

CITY LEASE PLAYGROUNDS.

Parks Commissioner Chambers' recommendation that the city lease the Oiler and McCormick playgrounds from the Toronto Playgrounds Association met with the endorsement of the parks committee yesterday. The proposed lease is for five years, the city to pay \$1 per acre in the land in both cases is the property of the playgrounds association, but the buildings on the McCormick property belong to the city, but who now lease the city takes full control and will be responsible for everything.

Risk, "Robbins, Gibbons, "Cowan, McBrean, "Ball, Hiltz, "Graham, Nesbitt, "Whetter, McGregor, "Archibald, Plewman, "Beamish, "Wagstaff.

CITIZENS INTERCEDE FOR FORMER CHIEF GUNN

Deputation Heard by Board of Control Asks Fair Trial for Him.

WILL CONSULT SOLICITOR

Smith's Power to Reduce District Chief is Doubted by the Mayor.

All the indignation and resentment that has been stirred up in Toronto, and particularly in the eastern section, over the action of Chief Gunn, in reducing District Chief Smith to the position of captain, and the consequent reduction in salary thereby entailed, found expression at yesterday's meeting of the board of control, when a large and representative deputation asked a fair trial for the alleged offender.

Several speakers, introduced by Ald. Risk, placed the "square deal" side of the case before the mayor and controllers, with the result that it was promised that the advice of the city solicitor would be sought as to the powers of the chief, that the matter would be carefully considered and that some action would be taken.

Rev. J. McP. Scott, the first to speak, corrected the statement which he said had appeared in the press, that the defeated aldermen were behind the move. "Such is not the case," he said, "and they have nothing to do with this deputation." It had been stated, he said, that the deputation was the result of Capt. Gunn's solicitations on his own behalf. This, too, was positively denied. "This meeting is the result of a wholly spontaneous suggestion from the citizens of Toronto," he concluded.

Rev. Father Minehan said it was not the purpose of the deputation to interfere with civic affairs. When the chief was appointed they were glad the principle of promotion had prevailed. "But," he said, "when Mr. Smith was appointed, I hoped he would get with Mr. Gunn in a generous spirit. I sympathize with the chief. We want to give him all the help we can. He should get our generous assistance, and we should be able to expect a little generosity in return."

Dr. Thomas Butler, Louis Heyd, appearing for Mayor Church, spoke of the Baton Co., and Rev. John Nell, spoke. Mayor Church said the board would deal with the matter. He was doubtful if the chief had the power technically to reduce Capt. Gunn. "We don't propose," he said, "to interfere with the heads of departments, however, we will get the opinion of the city solicitor."

CITY HALL NOTES

The pension of \$550 per annum to Fireman James Cook was yesterday confirmed by the board of control.

It is intended that a traffic commission will be appointed today to take up the question of transportation in Toronto.

A meeting of the Toronto Hydro Board has been called for a week from today at 11 o'clock, when the application for \$1,375,000 for hydro purposes will be taken up.

Believing that the city should take some move in regard to the securing of trade which formerly went to Germany, a public meeting has been called, to be held in Oddfellow's Hall, College street. The date will be announced today.

Controller Cameron has stated that in connection with the insurance of soldiers the city faces a liability of some \$40,000,000. He is not against soldiers' insurance, but believes company and care in other matters must be practised.

Sir Adam Beck and the Hydro Commission will be tendered a banquet by the city on Feb. 15, the date set for the annual convention. Mayor Church made the suggestion at yesterday's meeting of the board of control. Controller Foster being the only one to object.

The city treasurer's office received special attention at the hands of Mayor Church at yesterday's meeting of the board of control. He moved that the acting city treasurer prepare a report of the amount of temporary loans required in advance of the estimates and the amount of capital charges required during the year.

Vital statistics for the month of January, as given out at the city hall yesterday, show increases in births, marriages and deaths as compared with January, 1915. The figures for the two months are as follows: Jan. Jan., 1915, 1916. Births 1,911 1,619. Marriages 493 298. Deaths 1,224 1,004. Contagious diseases accounted for 84 of the deaths, measles for 52 and tuberculosis 23.

MAYOR RESENTS ABUSE OF RECRUITING SPEAKERS

Term "White Livered Cowards" is Objected to From Public Platforms.

INSULT TO YOUNG MEN

Officers Will Be Allowed to Address City Hall Employees, However.

Mayor Church is up in arms against bulldozing methods in trying to scare men into enlisting, and voiced his opinion of such tactics in no uncertain sound at the board of control meeting yesterday. "Such a thing as calling people 'white-livered cowards' is not right. Canadians don't need that kind of talk. Toronto has set an example to all the empire in the way of recruiting, and her young men are joining the colors as quickly as they can. I object to the use of such language at our recruiting meetings, and the Citizens' Recruiting League does not propose to allow it any more, either. It's a disgrace and an insult to a city which has sent over 30,000 men to the front, and from which there were over 1000 offered themselves last week."

The matter came up when Capt. Dingman asked the board for permission to hold a recruiting meeting in the city hall, and which the civic employees would attend during business hours. The mayor explained that he was criticizing the methods and not the meetings.

Speakers, Not Meetings. Controller Thompson supported the mayor's sentiments, but still believed it necessary to recruit. Controller O'Neill thought Toronto was doing all it could to favor enlisting and to help the employees who wanted to go, but did not see the necessity or advisability of taking the clerks from their work.

Mayor Church offered more opposition, not against the meetings, but against some of the speakers. "I'm not satisfied to let some of your men in here anyway," he said. "I wouldn't subject our employees to that kind of talk. They don't need it." Capt. Dingman stated that of the 50 factories in which speaking privileges had been asked, not one had refused, and also Controller Thompson thought the situation at the city hall was different, and that the public would be kept waiting, it would be a bad precedent to refuse permission.

Accordingly, the privilege was granted, and at 4.30 this afternoon the recruiting officers will present their appeal in one of the committee rooms at the hall.

GRANTS TO BATTALIONS

Sundry collections are proving a satisfactory source of revenue for the Toronto Citizens' Recruiting League, the amount taken in monthly reaching nearly \$1600. Further grants were made yesterday by the executive of the league as follows: Irish Fusiliers, \$500; 36th Peel Regiment, \$500, and \$500 to the 12th York Rangers. Grants totaling \$1500 have been made to date, \$35,000 of this amount having been collected on tag day.

BUILDING FIGURES FAIL TO REACH HIGH MARK

January of This Year is Thirty-Six Thousand Dollars Behind.

Three building permits issued by the city architect yesterday had a total value of \$6500. They are as follows: Canada Pipe and Steel Company, Atlantic avenue, addition to machine shop, costing \$3000. H. B. Jackson, two-story brick and frame dwelling at 315 Beach avenue, \$3000. Hamilton Carbuiretter Company, addition to factory at 535 East Queen street, \$500. building record was \$36,000 less than for the same month a year ago, the total amount being \$119,590, against \$235,757 in January, 1915, and \$296,863 for December.

RAILWAY BOARD IS FARCE SAYS MAYOR CHURCH

Mayor Church is again after the railway board, which he says is a farce. The matter came up in connection with the appointment of a city representative to the traffic commission, which will at once take up matters relating to transportation within the city, particularly the laying of tracks on West Bloor street, additional cars to be provided by the Toronto Railway Company. The mayor, after criticizing the board generally, stated that he would make a nomination today.

PUT MILL ON TAX RATE.

Discussion at Meeting of Parks Committee Yesterday.

At yesterday's meeting of the parks committee the question of putting one mill on this year's tax rate, thus giving \$555,000 for park purposes, was discussed. Ald. Risk thought it was an opportune time to introduce such a bylaw, while Ald. Graham was opposed as he believed the price of vacant land was going down and that it would be lower next year. As the majority of the committee were opposed to the buying of more parks at this time the matter was left over for further discussion.

CANCELED TAXES ON THE EXCELSIOR CLUB

Dr. Valdon waited on the court of revision yesterday to ask that the business tax of \$102.55 against the Excelsior Club of 127 West Wellington st., now of West Toronto, be canceled. According to the doctor the club is a social organization composed of colored railway porters and does not serve more than \$20 worth of meals a week. In answer to a question by Chairman Drayton he stated that the club was not carried on for profit, being only a social affair with about 70 members. The court decided there should be no tax.

APPAM, GERMAN PRIZE IS AT NEWPORT NEWS

British South African Liner Was Captured Off Canary Islands.

PRIZE CREW ABOARD

Seven Other Vessels Prey of Mysterious Raider Off African Coast.

NEWPORT NEWS, Feb. 1.—With the German navy enigmatically fluttering from her stern and in charge of a German prize crew, the British South African liner Appam, given up for lost, took refuge in Hampton Roads this morning with the prize crew of seven vessels destroyed by German sea raiders off the African coast.

The Appam was captured off the Canary Islands on Jan. 15 by a German raider four days after she had sailed from Dakar, British West Africa, for Plymouth, England. Lieut. Berge of the German navy, placed on the Appam when she was captured, brought in the prize.

From what was learned by some of the officials who boarded the Appam, it is believed that some steamer, armed as a German auxiliary, raiding shipping off the African coast, took the British liner and put the prize crew aboard.

There are 451 persons aboard the ship, including 138 survivors of seven ships sunk by the submarine which captured the Appam. 20 German civilians being transported from Africa to England to be placed in detention camps; 156 original passengers on the Appam and the prize crew of 22.

Many Women and Children. Many of the passengers on the Appam are women and children. There are also several high British colonial officials, who were returning to England from Africa. There are also four wounded sailors, taken from one of the sunken ships, which resisted capture and was shelled.

According to the information gleaned from those who talked with Lieut. Berge, the Appam was captured without any show of resistance, on Jan. 15, the day that British news reports said wireless communication with the vessel suddenly closed. A prize crew was placed on board and the same day the Appam gave chase to another British steamer bound for Australia with a cargo of meat. The meat ship gave battle, was captured and was sunk after a large portion of her cargo had been taken off.

Six more vessels then were destroyed in rapid succession, it was stated. The names of the steamers sunk by the raider which captured the Appam are given as the Trader, Arthur, Corbridge, Ariadne, Dromonby, Farrington and Clan MacTavish.

Described as Cruiser. When the Appam passed in the Virginia Capes early today and took on a pilot she was asked by the Fort Monroe wireless station who she was. The reply was, it is stated, that she was the German cruiser Appam. Efforts to communicate with any of the passengers from small boats encircling the steamer were forbidden.

The Appam has one three-inch gun mounted on her bow, but whether it was on board before her capture or was mounted by the Germans is not known. She was brought in under the German man-of-war flag instead of the German merchant flag, and her name was given to the quarantine officer as "S.M.S. Appam," meaning the German warship Appam.

paid his respects and explained why he had at given up the wireless station the name of German cruiser Buffalo. Mowse the Captor? It is believed that the Appam's captor was the armed merchantman Mowse. According to Lloyd's register there is a German merchant ship named Mowse, commanded by Capt. C. Berge, which is the same name as that of the commander who brought the Appam into port.

This Mowse is given as a ship of 553 tons net, built in 1912 at Garmund, Germany. She is 241 feet long and draws 18 feet 8 inches. She is described as equipped with submarine signals, wireless and 250 horsepower engines.

Lieut. Oscar Berge, speaking of the capture of the Appam, said: "We know we accomplished a great feat in bringing this vessel safely thru the lines of the enemy. The ship is not hurt and she is a good prize. We waited for her several days and had given up hope of getting her. We thought she had heard of us and had gone to another port."

"We treated the passengers as best we could. We gave them every comfort and had the doctors care for the injured men taken from another ship. "We had intended going to New York, but were advised that the enemy's ships were cruising near that point and we changed our course to Norfolk. We expected to arrive here Sunday, but we had to be cautious and went in a roundabout way to reach the Virginia Capes. We sighted no British cruisers, but met several merchant ships."

"We taken have taken them, but that would have endangered our arrival here, so we let them pass." Communicated With Embassy. Lieut. Berge and Consul Von Schilling sent messages to the German embassy at Washington, and later had conversations over the telephone with the embassy and with Customs Collector Hamilton.

Pending the receipt of instructions from the Collector of Fort Monroe, no one is allowed on or near the Appam. Guards are at the rails on every side and no passengers are allowed to communicate with any of the passengers from small boats encircling the steamer were forbidden.

The Appam has one three-inch gun mounted on her bow, but whether it was on board before her capture or was mounted by the Germans is not known. She was brought in under the German man-of-war flag instead of the German merchant flag, and her name was given to the quarantine officer as "S.M.S. Appam," meaning the German warship Appam.

KENTUCKY Turns Down PROHIBITION

A BILL submitting an amendment to the Constitution of Kentucky providing for state-wide Prohibition was defeated, 20 to 14, on January 25th, in the Upper House of the General Assembly of the State, where it originated. Which goes to show that old Kentucky has not failed to learn the lessons taught her by her sister states of the South, which lessons are certainly sufficiently plain, backed up, as they are, by a mass of incontrovertible facts and figures.

Takes Warning From Sister States

For example, owing to the Yost Prohibitory Law, by which the State lost \$600,000 of revenue, West Virginia was literally "broken" financially. In Tennessee there was, owing to the introduction of Prohibition, an increase in the cost of criminal prosecution, that is, of crime, of 100%; while as to the financial situation, The State Manufacturers' Association said: "There is a tendency throughout the State to increase taxes on an already overburdened people, both by constant increase of the assessment as well as the rate." In North Carolina 57.5% of all the boys and 34.1% of all the girls were employed in gainful occupations and thus deprived of all educational opportunities.

The following tables are also illuminating:

WET		DRY	
Number of Persons in Almshouses to Every 100,000 Inhabitants.			
Tennessee	71.8	Florida	27.5
North Carolina	63.	Louisiana	11.3
Homicides per 100,000.			
Memphis, Tenn.	68	New Orleans, La.	24.8
Savannah, Ga.	48.3	Louisville, Ky.	15.2
Nashville, Tenn.	39.4	Buffalo, N. Y.	4.9
Atlanta, Ga.	33.3	Brooklyn, N. Y.	4.8
Charleston, S. C.	30	Milwaukee, Wis.	3.4

The following illicit stills, by the way, were seized and destroyed by United States Revenue Officers in 1914:

Alabama	308
Georgia	802
North Carolina	535
Tennessee	249
South Carolina	253

And so on we might go through the whole gamut. Prohibition is a failure, not only economically, but morally and in every other way. And Kentucky knows it.

WEDNESDAY MORNING, FEB. 2.

"How is the War Going?"

One question is first on every lip when friends meet: "How do you think the war is going?" It does not matter in the least how you think the war is going, if you are not doing something to make it go.

Every man turned to and did what was in him, by enlisting, by subscribing, by taking some share of the burden, however slight, the whole force of the country would soon be able to settle the question.

It is inconceivable that the British Empire should surrender while the spirit of Nelson and Wellington survived even in embers and gleams among the ashes of her people.

Elgar's cantata is full of the starry ideal of the race: "Nor shall her might diminish While firm she holds the faith Of equal law to all men— And holds it to the death; For all the world shall learn— That long the task shall be— The text of Britain's teaching, The message of the free.

More Iron Crosses.

British sailors will not be the last to applaud the nerve and pluck of the little German cruiser which ventured to "gobble up" a large merchant and passenger steamer on a regular trade route.

Curious questions of international law come up in connection with the appearance of the Appam in a United States port. It is not clear whether the vessel is to be regarded as a German cruiser and interned or a German prize, not yet adjudicated upon, and therefore not classifiable under any precedent that the United States has at command.

If the vessel is interned would the United States be acting as a receiver of stolen goods? If the vessel is turned out to sea to be gobbled up by one of the British cruisers which is no doubt waiting for such a contingency, will Germany have a right of complaint against the Washington Government?

We do not think that the incident is of very great importance, but it furnishes what is nearer a comedy incident than most of the German methods of war can be said to have done.

Differing Points of View

If there was any mistake made about the deputation which waited on the board of control yesterday it was in sending it to the wrong place. Fire

Chief Smith is the man on whom the deputation should have waited. It is he who has the sovereign power in the brigade with the power of life and death and of setting up and pulling down. The board of control can do nothing but beg before him.

The chief advocate of Chief Smith all last year and chief apologist for him at present states that the sacrifice demanded by Chief Smith's ideas of reorganization was unnecessary, and that he could have afforded to let bygones be bygones, but that as he is not built that way it must be regarded as unfortunate. There is nothing sise to be done.

The deputation might have appealed to Chief Smith, but it would probably have been of no use. Chief Smith was reported to have said in an interview published on Monday evening that he regarded the opposition to his action as the result of wire-pulling on the part of District Chief Gunn.

Chief Smith is unable to see that his action, as our contemporary puts it, is unfortunate, and that he might have let bygones be bygones. He might have been magnanimous and exercised clemency. But he regards such a policy as weakness. He does not, in other words, understand the art of government.

Russian Music.

When the Mendelssohn Choir opened its nineteenth season with a miscellaneous program, assisted by the Russian Symphony Orchestra, an organization which for quality and individual virtuosity will not need to ask for favor from any similar aggregation of musicians, it performed an international service.

The Russian ideas lead away from the old standards. There are no rounded periods, but one encounters massive climaxes which come because they must, and a wild abandonment to the inspiration of lofty emotions, drifting like clouds, and overwhelming ideas that spring like Aphrodite from an ocean of harmony.

Russia has a wonderful future before her, and Canada, living in the same latitude, must have much that is of the same order of experience, and her art must partake of a similar inspiration. The two countries may help to interpret life to each other. Already they are more in touch through commerce than is generally understood.

AEROPLANES AND INVENTORS.

Editor World: I was very much amazed on reading your issue of The Toronto Sunday World yesterday to see an article under the heading, "Removes Human Element From Aerial Warfare," that a Mr. McKendrick claims to be the sole inventor of the automatic manless aeroplane.

The idea is entirely my own, and with the assistance of my son I constructed a model, and so far from Mr. McKendrick being the inventor, I beg to emphatically refute thru the columns of your paper the statements made by this man and also to disclaim him as the inventor of this machine. successful issue, and now it appears that he has used the information which was given to him in the strictest confidence to further his own ends and obtain possession of an invention which I believe will be of the greatest use to the government.

The whole scheme looks like an attack on the Conservative government, although as I have mentioned above, of several essential details.

THE PROHIBITION ISSUE.

Editor World: Who are the committee of one hundred and what justification is there for starting another temperance campaign in the great metropolis of the world?

The fact that ex-Controller Spence and his brother Ben are prominent in this agitation lends color to this suspicion. Mr. Spence by his recent defeat may judge of Toronto's opinion on this question.

The not personally an opponent of ultimate prohibition, I consider it most presumptuous and unpatriotic for any body of men to thrust this comparatively unimportant question on the public when the whole force of the empire is being strained to meet the German peril.

LAY COMMISSIONER TO ASSEMBLY IN WINNIPEG

President Falconer One of Those Appointed at Meeting of Toronto Presbytery.

CHURCH UNION POLICY

Will Be First Subject for Discussion at the Next Meeting in March.

President Falconer of Toronto University was one of six lay commissioners appointed by the Toronto Presbytery at St. James' Square Church yesterday, to the general assembly at Winnipeg. President Falconer is a minister of the Presbyterian Church, but not being in charge of a church and holding a secular position, he was eligible for appointment among the laymen. The other commissioners to the general assembly elected were: Rev. Dr. J. A. Turnbull, Rev. Prof. Ballantyne, Rev. Dr. John Bell, Rev. Dr. Harper Gray, Rev. C. A. Mustard, Rev. Frank Rae, W. H. Andrews, Rev. William MacKay, Rev. D. MacTaggart, Rev. J. F. Scott, Rev. R. Bryden, Rev. J. A. Stewart, Rev. Dr. Wardlaw-Taylor, Rev. J. W. Bell, Rev. J. D. Morrow and Rev. Dr. James Carmichael.

Church union was made the first order of the day at the March meeting. The ballot by the membership will be fully discussed and a recommendation respecting the policy desired, sent to the general assembly. A proposal yesterday that the issue be referred to a committee, was negatived. Dale Church was given permission to inaugurate the new service series of 12 opening services this spring were expected to wipe out the mortgage indebtedness. Rev. J. O'Brien, assistant minister at Dale Church, and Rev. J. Fraser Cook of the publishing department, made application for a transfer from the American to the Canadian Presbytery.

Rev. Robert Hamilton applied for transfer to the minister at St. Enoch's Church, Winchester street. His application will be acted upon at the next meeting of the presbytery. Rev. Dr. Mitchell, minister emeritus of Old St. Andrew's Church, attended the presbytery yesterday for the first time in two years and was warmly welcomed by the members.

WINDSOR PARK LAND
GILT-EDGED SECURITY

Witness in McCutcheon Case
Declared Glowing Accounts
Urged Him to Invest.

NEIGHBORLY FRIENDLINESS

When Dr. Allen Shaver Looked
Over Property, He Had
Doubts for Its Future.

That Gordon McCutcheon came to him
in the guise of neighborly friendliness
and urged him to make an investment in
the Windsor Park property, saying that
the property was gilt-edged and would
be the centre of great building
activity was stated last yesterday
afternoon by Dr. G. C. McCutcheon of
Honeywood at the trial of the McCutcheon
brothers in the criminal assizes be
fore Judge Justice.

The witness testified that he invested
\$500 in the property, which is situated
at East Malton, Saskatchewan, after
being approached by Gordon McCutcheon,
who was born in the Honeywood district.
The doctor proved a voluble witness,
and several times during the hearing of
his evidence Mr. E. Davidson, K.C., for
the crown had to stop him, as he drifted
into things irrelevant to the case.

The witness said that McCutcheon
told him that he had given him a
dollar into anything into which they
did not invest themselves. Dr. Mc
Cutcheon said that he had been told that
the accused promoted from 60 to 70 syn
dicates, all paying good profits, and
that he was the best proposition of all,
and the property was to be disposed of with
in two years.

The witness caused much amusement
by saying that before one week had
passed after his land had been sold, he
regretted the investment, as the
land was selling for less than he had
paid, and requested him to buy some prop
erty in the very subdivision in which
he had already invested his money as a
member of the syndicate.

In another interview he had with
Gordon McCutcheon, the witness said
place, insolent remarks being made by
the latter.

The witness said that the property was
reputed to be under water, the railway
grated six feet too high, and the land
was altogether unfit for building pur
poses. At this point counsel for the de
fence said something about A. K. Good
man, and the witness asked him to
specify of the court, your lordship, if
I had better say that I never saw, or
heard of, or heard of Mr. Goodman.

Gave Them Advice.
Continuing his evidence, Dr. Mc

CHARGED WITH BIGAMY
REMANDED FOR WEEK

Charged with bigamy, W. H. Stook, al
leged to have left his wife in Tunbridge
Wells, England, about ten years ago, ap
peared in the police court yesterday
morning before Col. Denison, and was
remanded, without plea or election, for a
month.

According to the police, Stook has been
living with a woman with whom he went
thru a form of marriage last October. He
lived under the name of Cook in Toronto,
and did not admit to morality officer
Bloodworth that he was the W. H. Stook.

ASSAULTING POLICE.

"WAS JUSTIFIED IN
WHAT HE HAD DONE"

Statement Said to Have Been
Made by McGraw After Find
ing of McKibbin's Body.

INQUEST LAST NIGHT

Investigation Adjourned for Week
After Taking Evidence of
Doctors and Police.

Only four witnesses were examined at
the inquest which was opened at the
progre by Coroner Dr. W. Young last
night on the body of Joseph McKibbin,
who was killed in a fight at 27 Bulwer
street on Monday night, and for whose
death George McGraw is held on a
charge of murder. Ethel Davis, who Mc
Graw declares is his wife, is held as a
material witness, but was not present at
the inquest.

Evidence was given by Dr. A. Turf
sky, Dr. H. Boddington, Detective Tay
lor and Police Constable Kelly, who visited the
house after the crime had been commit
ted. They testified regarding McKib
bin's condition.

According to Detective Taylor, a con
siderable amount of blood was found in
the kitchen at the rear of the room
where the dead man was examined. He
said that McGraw made a voluntary
statement to the effect that it was a
fight, and he expected to be double
crossed. At another time he said to
Ethel Davis: "I suppose you're satisfied
now." Pointing to McGraw Mrs. Susan
Fitzgerald had said: "He did it," and
Mrs. Scott, the mother of the woman
Davis, said there had been a fight.

Dr. A. Turfsky said that the purport
of McGraw's statements was that Mc
Kibbin's relations with his wife were
improper and he was justified in what
he had done. On examining McGraw the
doctor said he found a long gash
under the chin and the right eye was
seriously swollen.

On being questioned by H. B. Hor
kins, who appeared for McGraw, the doctor
said that the pool of blood in the kitchen
might have come from the wound in the
neck. He said that every assistance had
been given him by McGraw in making
his examination of the man.

An adjournment was made until next
Tuesday.

THUNDER BAY MAY NOT HUNT THE CUP

Players on Tour and Brand of Hockey is Poor—News of the Players.

PORT ARTHUR, Ont., Feb. 1.—Whether the new Ontario Hockey League will challenge for the Allan Cup this season depends largely on reports of the quality of hockey being played by the champions in Winnipeg. Several of the best local players have migrated to the States, and the standard of play of hockey is hardly up to that of last season. Unless the same is true in the west, a challenge may not be sent, but it will be decided shortly.

CHESELEY BEAT PAISLEY.

CHESELEY, Feb. 1.—A Northern Hockey League game was played here tonight between Paisley and Chesley. The score was 7 to 3 in favor of Chesley. Line-up: Chesley (7)—Goal, Durst; defence, Kruger and Lamont; rover, McCreary; centre, McCreary; right, Lustig; left, McDonald.

SOLDIERS BEAT ORILLIA.

BARRIE, Feb. 1.—The 76th tonight defeated Orillia here, the score being 11-4. By periods the scoring was 4-2, 3-3, 4-0. Line-up: 76th Battalion (11)—Goal, Livingston; defence, Rogers, Bogardis, centre, Meeking; right wing, Kitchener; left wing, Cooper. Orillia (4)—Goal, Lamb; left defence, McBrean; right defence, Bennett; rover, Nixon; centre, Tucker; right wing, Jamieson; left wing, Thompson.

The St. Andrew's College Junior O.H.A. team will play De La Salle at the Arena at four o'clock this afternoon. The game is more important, as it will likely settle the championship of the district. St. Andrew's beat De La Salle in their first game, but the latter have strengthened since then.

An invitation has been received by the Queens and Frontenac senior teams to play exhibition games with the St. Nicholas club at New York on Feb. 25. The invitation will likely be accepted.

Orillia O.H.A. Intermediates played the 40th Battery Senior O.H.A. seven of the Toronto section at Orillia Monday night, and won, 3 to 1.

Aura Leo juniors are champions of their O.H.A. group, but will find some formidable opposition in the next round. Jimmy Bell of the Wanderers blackened both of Ulrich's eyes when the blue shirts played in Montreal. Ulrich has now forgotten it.

Quebec Bulldogs play in Ottawa tonight and it will be a real one. A win for Quebec will keep them out in front in the N.H.A. race. Toronto has a bye tonight. Wanderers are woefully weak, and should be easy for Canadians tonight.

Sidley is fast rounding into shape, and will help T.R. & A.A. considerably. Toad Farr will not be able to don skates again until about the middle of next week. He is now able to walk without the assistance of a cane.

Frank Knight spent two days in bed with a gripe before the Montreal game, but is now fully recovered. Cyril Dennessy is now leading goal-getter of the N.H.A., and he is getting better every day.

The Toronto team are now at top form. They will give anybody a battle. A Brockville despatch says: George Warwick, former star goal tender for the McGill hockey team during his college days, lies at one of the local hospitals in a critical condition as the result of internal injuries sustained in an automobile accident.

Montreal sends the following: The owner of the Wanderers left town today to try and sign on another defence player for his team, as both Cleghorns may now be out of the game for some time.

Ottawa Free Press: If there ever was any dissension in the ranks of the Ottawa N.H.A. team, it has been supplanted by harmony. They represent the cleanest, cut collection of young men ever gathered together, do not have to be trailed by detectives, and are the best of the best.

The Indian was none other than John Porter of Caughnawaga, famous Indian lacrosse player, at one time member of the Nationals, and always a member of the Indian lacrosse team representing the pick of the tribe. He is 6 feet 2 inches in height, and weighs 185 pounds, a young giant in his youth and vigor.

Hockey Games Scheduled Today

N. H. A. Quebec at Ottawa. Canadians at Wanderers.

Following are the O.H.A. games for tonight: Intermediate—Waston at Brampton, Peterboro Electric at Cobourg St. Michaels, Bowmanville at Oshawa, Port Colborne at Dunnville, Hamilton Rowing Club at Niagara Falls, Midland at Alliston, Orillia v. Bracebridge at Barrie, Owen Sound at Wilton.

Berlin Union Jacks Just Beat Waterloo

WATERLOO, Feb. 1.—Berlin seniors, by 7 to 6, added another victory to their growing list tonight, but only after the hardest fought game of the season. The Waterloo Acadians were in fighting trim and led for fifty minutes of the game.

The locals had the edge on the Berlin team during the first part of the game, but there was little between them. Waterloo opened fast, Uffelmann scoring in three minutes. Solomon finished in three minutes. Berlin's lead. Then Cody and Stahl scored and the Berlin team began to get into play.

In the second session Bettiger got the first two goals and Kooker each added one for the Acadians and things looked bright. Solomon scored for the visitors. The rest was even ending with the home team still leading. Uffelmann added another right from the face-off.

The game was free from roughness of any sort and was the fastest seen in Waterloo this year. A record crowd attended. The line-up: Berlin (9)—Goal, Zinkann; defence, Rucker and Quinn; rover, Cody; centre, Tuer; right, Stahl; left, Uffelmann.

The Pictou-Queen's University Intermediate game scheduled for last night was postponed and a sudden death game will be played at Pictou on Thursday night. A victory for Pictou will tie them with Belleville for the group honors.

The Hamilton Depot Regiment Intermediates have defaulted their two remaining games to Brantford and Paris. Waterloo (9)—Goal, Zinkann; defence, Rucker and Quinn; rover, Cody; centre, Tuer; right, Stahl; left, Uffelmann.

The Port Colborne juniors will play their postponed game at Simcoe on Friday night. The many times postponed Port Hope-Oshawa Junior game will be played at Oshawa on Saturday night.

A rearrangement has been made in the second round Intermediate games between Alvinston and Sarnia. The teams will play at Alvinston on Friday night and at Sarnia on Monday night.

At Port Colborne Junior O.H.A. game scheduled for last night between the Simcoe Norfolk and Port Colborne was postponed. No ice.

Can Sarnia hold their 4-goal lead with Seaford? The senior game between Sarnia and Seaford on Thursday in Seaford is causing much interest, as it is the last senior game ever played in Seaford, and also for the reason that both teams in the past years have been very evenly matched. Seaford is out to win, but can they overcome the lead?

INDIAN ATHLETE IS TO SERVE HIS KING MONTREAL, Feb. 1.—A tall well-built Indian walked into the recruiting station at the corner of St. Peter and Craig streets Saturday afternoon on the trail of a new job. He was dressed in the cleanest of a new suit, and he carried a leather bag and a bow in his hand. He was smiling and he caught sight of the recruiting officer at his desk, and still smiling offered his services to the 148th Battalion.

Grand Opera Won Straight Heats In Seven-Heat Race on Hull Track

Paddy R. Took the Hotel Stake and Queen Hal the Classified Race—Fourth Day's Contests on Soft Ice—Class Pace Unfinished With Three Heat Winners

OTTAWA, Feb. 1.—Grand Opera in straight heats, in a 7-heat event, won premier honors on the eighth of the Hull track today during the fourth day's racing of the Hull Driving Club meet. Twelve heats were run off. Paddy R. cap used the 11000 stake race. The track in spots was very soft, and the going heavy, and in the opening heat of the unfinished 2:05 trot carried over from Saturday, Opera finished last, with Texas Jim leading at the wire. In the first heat, Opera had a comfortable lead but the books had by noting out Texas Jim under the wire, and leaving Yedno Grand in the lead. Opera was in fairly easy fashion, Yedno laying back and finishing in fourth position for the second time the afternoon. In the deciding heat Fimerty replaced Fleming behind Yedno, and the greatest race of the meet resulted.

Joe Holland, East Ender, Dies in Philadelphia

Joe Holland, formerly of Toronto, well-known in east end athletic circles a dozen years ago, died in Philadelphia Monday. He was a son of James St. Holland, 157 Curson street, and a brother of Paddy Holland, street sweeper and boxer. Joe Holland followed his trade of butchering. He was buried in Philadelphia yesterday.

BASKETBALL

The Public School Basketball League, which plays its games every Saturday at McCormick Recreation Centre, had a four-day interlocking season, when four games were played. Every game was a real contest all the way. The Clinton Street juniors won their game from West End by a length of 27 points, by the score of 24 to 15.

Left Yesterday—Donovan Orders Out the Rookies—Baseball News and Gossip. Manager John J. McGraw of the Giants left yesterday for Cuba. He will go direct from the island winter resort to Martin, Texas, arriving at that place in time to take charge of the Rockies on Monday. McGraw declared that he had no knowledge of the purchase of outfielder Roush from Harry F. Sinclair.

THE WORLD

Bill Donovan and his Yankees have the honor of starting the 1916 spring training season, and Bill intends to make the most of it. Yesterday he ordered out a first squad of 30 to get to Macon, Ga., in time to begin the process of conditioning not later than February 12. Included in the advance guard are 17 pitchers, four catchers, four infielders, an outfielder, the manager himself and three trainers. The regulars will report March 1.

THE WORLD

The report that James E. Gaffney is forming a syndicate to purchase the Dodgers may be on the up and up, but if the veracity of the interested parties has not suffered a sad change, neither has he ever dreamed of such a circumstance. "I would buy any one of the greater New York clubs," said Gaffney in an interview, "providing the price was what I considered proper. I know I could not buy the Dodgers just now for any money. There isn't enough money in the world to get Charlie Ebbets to quit the game. If he ever wants to quit he may be sure that he can interest me with the story."

TURKS STOP RUSSIANS BIG BLUFF OF BERLIN

British Checked in Mesopotamia, Everything First Rate, Stuff Handed Out.

BERLIN, via Saville wireless, Feb. 1.—The Turks have halted the Russian advance upon the fortress of Erzerum and have checked all attempts of the British relief force to reach the garrison surrounded at Kut-el-Arara, Constantinople reported today.

No Russian force has approached within several miles of Erzerum forts since the Constantinople reported. Both armies are suffering intensely from the severe cold.

In Mesopotamia the situation of the British force surrounded in Kut-el-Arara for more than two weeks is becoming desperate. Since British troops attempt to relieve Kut were driven back a week ago, they have not renewed their attempt to reach the city.

ACCOMPANIED BY SUB? NEW YORK, Feb. 1.—The British consul-general here today notified British shipping to watch out for German submarines in American waters.

Information received at the consulate from private sources led them to believe a submarine had accompanied the captured steamer Arpin on her voyage across the Atlantic.
