**CAMPBELL WORKERS
 FEEL ENCOURAGED
 BY OPENING DATE**

**Federation for Community
 Service Begins Well With
 \$75,431.**

QUEEN'S PARK FROSTY

Despite the fact that "Federation for Community Service" is still a phrase of vague meaning to many in Toronto, the workers in the campaign had encouraging reports to give in at the gathering at headquarters last night. For the first time it had been a strenuous day, education of the citizens being no small part of the labors of the captains and their teams, yet the total collection of one day's work, amounting to \$75,431, gave grounds for optimism as to final results.

Factories had been visited in the interest of the 50,000 Community Club, made up of members who will pay \$3 a year. As was expected, in countless cases the "come-back" invitation was largely in evidence, the workers not being prepared to give immediate assent. It is felt, however, by Fred Ross, who has charge of the employers' section of the drive, that success will be pronounced if the department of industry special subscriptions were very encouraging, as will be noted by the appended list.

The public in the outlying districts are especially invited and urged to send in their subscription to headquarters, as the number of workers, large as it is, totaling 600 in all, will scarcely cover the entire area, and the house-to-house canvass will not be altogether general.

A Generous Gift.

Col. W. G. MacKendrick presided at the dinner, which with the succeeding dinners of the campaign, will be generously paid by Ralph Connable as a personal contribution to the undertaking, and Rev. Peter Bryce was introduced as the speaker. Mr. Bryce expressed his conviction that once the principle which formed the embodiment of the federation became known to the people of Toronto, the result would be an opening of the kind of men who had undertaken to do the work, and said he could not conceive of the campaign being anything but a success where they were so earnestly stamping their feet, and the best that was in them, to do it.

(Continued on Page 4, Column 4).

**WRECK DEATH LIST
 NOW TOTALS NINE**

Find Body of Another Child in C.P.R. Crash Debris.

Canadian Press Despatch.
 Montreal, Jan. 27.—The following official statement was issued tonight by the Canadian Pacific Railway in connection with the train wreck near North Bay last Sunday:

The derailed locomotive has been lifted and no additional bodies have been found. The bodies of the two children removed from the wreckage were presumed to be the children of Mrs. Peden. The bodies of the two children were removed from the wreckage and are now being cared for in a hospital. It is believed that the child of Mrs. Peden, who was brought home by a neighbor, is the same child whose body is still missing and the neighborhood is again being carefully searched.

"Delay in identification is due to the fact that the parents traveling with the children were in both cases fatally injured. The patients in hospital are reported as all doing well."

Was Other Peden Child.
 A despatch received tonight at Canadian Pacific headquarters here states that the other child's body has been found in the debris near the wrecked engine. It is believed that this body is that of the other Peden child.

This brings the total number of dead in the train wreck to nine.

J. Tilley, Wife and Child Die.
 Winnipeg, Jan. 27.—J. Tilley and his wife of Winnipeg were killed in the C.P.R. wreck at Corbelle, Ont., on Sunday and probably their child. Word was received by a brother, Alfred Tilley, Winnipeg, definitely establishing the death of J. Tilley and his wife. It is feared that the Tilley child is one of the victims who remain unidentified. Monday, the destination of J. Tilley was given as Vancouver, B.C.

Many survivors from the wreck arrived in Winnipeg at noon today, many of them with bandaged heads or severe cuts and scratches.

Maude Conley, 11 years of age, who has come all the way from England alone, was among the passengers who arrived today. She is going to Victoria, B.C., to join relatives. She was brought thru a window and received cuts on her face.

FLU INVADERS KITCHENER.

Kitchener, Ont., Jan. 27.—(Special.)—The flu has invaded Kitchener in a mild form, according to statements by local physicians here today. It is reported that there are about 200 cases of the contagion. The bodies of the victims are being buried in a cemetery. The board of health reports that no actual cases of flu have been reported officially.

MANY HAPPY RETURNS

Henry Edwards Smallpiece, J.P., born Guilford, Surrey, England, Jan. 28, 1848.

40TH YEAR—ISSUE NO. 14,322

TWO CENTS

**MIGHT BE WAVES
 FROM OTHER WORLDS**

Senate Reading Room
 Jan. 27—27.—Discussing
 signals described
 received in the
 Marconi wireless instruments,
 Sir Frank W. Dyson, astronomer
 royal, today admitted that
 in his opinion it was quite possible
 to get waves from other
 planets. He was not prepared
 to go further at the present
 time, and left it to greater wireless
 experts than himself to determine
 the effects of such
 waves.

**FOREIGN EXCHANGE
 RATES COLLAPSE TO
 LOW RECORD LEVELS**

Inability of U. S. Exporters to
 Finance Shipments Abroad
 Increases Tension.

CURB LOANS RIGIDLY

New York, Jan. 27.—Another collapse
 of more sweeping dimensions attended
 local dealers in foreign exchange today.
 Rates on all the important European
 countries sagged to new levels of dis-
 count carrying along remittances to the
 Scandinavian centres, heretofore im-
 mune.

Reasons other than those already ad-
 versed were lacking to explain the ad-
 verse movement. It was pointed out,
 however, that the reaction had gained
 further impetus from the inability of ex-
 porters to finance their shipments from
 this country because of the rigid curbs
 maintained by the Federal Reserve
 Board. In connection with the policy
 of "essential loans" a bank to eliminate
 banks in this country had been advised
 to submit credits involved in foreign
 purchases.

This, it was stated, did not apply to
 such credits as were made for purposes
 of relief or succor to the peoples of de-
 vastated Europe, but rather as a meas-
 ure to minimize speculation in exports.
 Today's low rate of \$25 in sterling
 exchange against the par of \$4.85 1/2
 represented a discount of 27 per cent.
 The low Paris rate of 13.02 francs to the
 American dollar implied a discount of
 61 per cent. Belgian francs at 13.53
 and a discount of 63 per cent. and
 Italian lire at 15.14 were almost 70 per
 cent. under par.

**SHOULD RUN TRAINS
 ON BLOCK SYSTEM**

North Bay, Jan. 27.—The
 inquiry into the death of James
 Tilley, one of the victims of the
 C.P.R. train wreck near Cor-
 belle on Sunday morning, was
 concluded shortly before 7
 o'clock this evening. The jury
 found that all the trainmen cor-
 nered obeyed orders, and car-
 ried out instructions according
 to railroad regulations.

The verdict was that the
 death of Mr. Tilley was caused
 by the second section of No. 1
 train colliding with the first
 section, which was stalled.

The jury also found that the
 C.P.R. Company heretofore run
 their trains on the block sys-
 tem.

**HOPED TO MAKE ERZBERGER
 "HARMLESS" TO GERMANY**

Would-Be Assassin Says He Had No Intention of Killing
 Him—Minister's Wound is Painful and He is
 Very Weak.

Berlin, Jan. 27.—An X-ray examina-
 tion of the wound suffered by Matthias
 Erzberger, vice-premier and min-
 ister of finance, who was shot yesterday
 by Oltwig von Hirschfeld as he was
 leaving the criminal courts building,
 shows that the bullet splintered part
 of Herr Erzberger's shoulder-blade,
 where it is firmly lodged. The wound
 is extremely painful, with much bleed-
 ing. Herr Erzberger has no fever, but
 is very weak.

Professor Flesch, who is attending
 Erzberger, has informed Germania
 that he does not think that the re-
 moval of the bullet from the patient's
 shoulder advisable at present. The
 wounded man's condition demanded
 the greatest care for the next few
 days, he said, even if there was no
 immediate danger.

Hirschfeld, in the course of his ex-
 amination today, expressed the opin-
 ion that Germany must be freed of
 Erzberger. He attended the Erzber-
 ger-Helfferich trial, he declared, to get
 a clear view of Erzberger's activities,
 and convinced himself that Erzberger
 was pursuing selfish aims in placing
 the interests of the empire in second
 place. Therefore, he decided to carry
 out a long-considered plan of making
 the minister "harmless." The prisoner
 denied that he intended to kill Erzber-
 ger, and declared that he intentionally
 had aimed at the minister's breast,
 instead of his head.

Continuing, Hirschfeld said his par-
 ents had no knowledge of his inten-
 tion to shoot Erzberger, but that he
 wrote them after his arrest saying:
 "I succeeded in shooting Minister
 Erzberger, with the hope that he would
 retire from the government. My life
 is at an end, but I depart with the
 consciousness of having been useful
 to my people. Hearty greetings."

Erzberger has appointed Under-Secretary
 Moeck as his deputy, according
 to The Lokal Anzeiger.

The Erzberger-Helfferich trial has
 been adjourned until next Friday. The
 president of the court announces that
 in the future a trial by jury will be
 made of all persons attending the trial,
 and that all visitors to the court
 room will be searched for arms.

**ONE DAY OF HOPE
 THAT U. S. SENATORS
 BREAK DEADLOCK**

After Two Hours' Wrangling
 Leaders Agree to Meet
 Again on Thursday.

STUMBLING BLOCKS

Washington, Jan. 27.—Peace treaty
 compromise negotiations, hovering on
 the verge of dissolution, were given
 today a new 48-hour lease on life. But
 there was nothing in the development
 which changed the pessimistic view of
 the senate leaders as to the final out-
 come.

The Democrats, replying to the Re-
 publican refusal to compromise on
 article ten and the Monroe Doctrine,
 charged at a stormy session of the bi-
 partisan compromise conference, that
 Republican leaders had suddenly
 changed from far from promising
 to consent to an article ten
 compromise in definite form. To this
 the Republicans opposed a categorical
 denial, declaring no article ten had
 agreed to the proposed compromise
 draft.

After two hours of wrangling, dur-
 ing which the Democrats threatened to
 transfer the whole subject to the open
 senate, the conference agreed to meet
 again Thursday, in another effort to
 bring the negotiations to a successful
 conclusion. A few senators professed
 to see some rays of hope in the situa-
 tion, but to most of the leaders the
 outlook appeared far from promising.
 Numerous private conferences on
 both sides followed, with the leaders
 feeling out sentiment carefully as they
 approached the final conference. It
 may come at Thursday's meeting. In
 some quarters it was believed that in
 the interval President Wilson would
 make a hardy attempt to stiffen the
 spine of the Democrats, but White House
 officials were silent and Senator
 Hitchcock of Nebraska, the acting
 Democratic leader, was present. He
 declared he was proceeding without
 knowledge of the president's views on
 the specific compromise reservations
 discussed in the caucus.

Urged to Ratify.

During the day a plea for imma-
 diate ratification either with or with-
 out reservations was presented to
 Senators Wadsworth and Calder of
 New York by a delegation from New
 York City, headed by William Church
 Osborne and representing the League
 to Enforce Peace, the League of Nations
 association, the New York Federation
 of Churches, farm organizations, the
 State Chamber of Commerce, the New
 York and Daughters of the American
 Revolution. Spokesmen for the dele-
 gation expressed the belief that the
 time was ripe for composition of dif-
 ferences over the treaty.

The whole treaty negotiations, it
 was said by senate leaders, were hung
 up on article ten and the Monroe Doc-
 trine, tentative agreement had been
 reached on all other points of differ-
 ence. Some of the Republican reser-
 vations it was declared had been ac-
 cepted without change by the Dem-
 crats, while numerous changes of
 wording had been made in others and
 two of them had been written enti-
 rely. It was emphasized, however,
 that the conferees on both sides were
 acting only in an advisory way and
 that their decision would not be the
 action of congress in each specific case.

**PREMIER DRURY
 DEPRECATES IDEA
 OF HALTING FIGHT**

Hon. R. H. Grant's Concentration
 on Raney May Interfere
 With Haying.

ALL PARTIES BUSY

Premier Drury does not anticipate
 having to fight for his seat in Hal-
 ton. He says he is busy in his office
 and that an active election means
 an additional strain. But he will meet
 the electors whose suffrage he is
 seeking on Thursday evening at Oak-
 ville. He will speak upon the prob-
 lems facing the government, and how
 they are to be met. Some of his cabi-
 net may attend with him. The opinion
 reaching members of the government
 from all sections of the Halton riding
 is encouraging, and generally speak-
 ing a contested election is deprecated.

There is no doubt that an election
 at the present time is undesirable
 from the government standpoint. For
 one thing it helps to further the de-
 feating the legislature together. Some
 supporters of the government are im-
 patient over Hon. R. H. Grant's policy
 of making matters already bad en-
 ough—a good deal worse by sparing
 Hon. Mr. Raney for an individual
 election campaign. Mr. Grant's phrase
 concentrating on Mr. Raney "dis-
 plays the frank simplicity of the min-
 ister of education when he is playing
 politics. The farmer members of the
 legislature are annoyed, because they
 know the session will carry them over
 the better part of their spring work.
 The necessity of concentrating on Mr.
 Raney may result in the session run-
 ning late into June.

It is observed around the buildings
 declare it was not only unnecessary,
 but injurious to its reputation for
 business ability that the government
 should have tried to build up by
 splitting the cabinet by-elections into
 two batches.

One of the farmers who has been
 in the city for a few days "seeing the
 animal was coming into the home-
 stretch at the tail-end of the process-
 ion and the Irishman's money was
 gone, he turned to the friend who had
 tipped him off and made the animal
 his. "Well, perhaps you could tell
 me what's detaining our horse."

Meanwhile the politicians of all
 parties are busy in East Kent and in
 Halton. The bodies of the two chil-
 dren were removed from the wreckage
 and are now being cared for in a
 hospital. It is believed that the child
 of Mrs. Peden, who was brought home
 by a neighbor, is the same child whose
 body is still missing and the neighbor-
 hood is again being carefully searched.

**WILHELM ATTAINS
 HIS 61ST BIRTHDAY**

No Efforts by German Gov-
 ernment or Allies to Deal
 Directly With Him.

The Hague, Jan. 27.—Former Em-
 peror Wilhelm observed his sixty-first
 birthday—his second since he has
 been at Amerongen—today.

Dutch officials reiterated to the As-
 sociated Press their assurance that no
 efforts, to their knowledge, have been
 made by either the German govern-
 ment or the allies to deal directly with
 the former emperor with a view to
 bringing about his surrender. The
 officials expressed the belief that the
 letter from Count Hohenzollern sent
 from Amerongen on Jan. 2, to Prince
 Furstenberg and published in the
 Neue Zeitung of Berlin can be taken
 at its face value as an expression of
 Wilhelm's attitude.

This letter is being widely repro-
 duced by the Dutch press. In it the
 former emperor stated he had no de-
 sire to return to Germany as he felt
 he had been deceived by the German
 Ludendorff, Field-Marshal von Hin-
 denburg and Admiral von Tirpitz. He
 said he could not see the ruin he
 had brought upon his country, and
 looked forward with pleasure to living at
 Doorn.

These statements, say the Dutch of-
 ficials, reflect exactly the former em-
 peror's attitude so far as they know.
 The letter further stated that the for-
 mer emperor favored the return of
 the former emperor to the Netherlands,
 where the living is cheaper, and his
 son had repeatedly complained of his
 small income.

**STEAMER POWHATAN
 SAFE AT HALIFAX
 WITH HER ESCORTS**

U. S. Army Transport, Formerly
 Kaiser's Yacht, is Little
 Worse for Wear.

CREW IN GOOD SHAPE

Halifax, Jan. 27.—(By Canadian
 Press)—A few minutes after nine
 o'clock tonight the United States ar-
 my transport Powhattan docked here after
 nearly a fortnight's vicissitudes, dur-
 ing which the eyes of the United
 States and Canada have been contin-
 ually upon her. The erstwhile
 pleasure yacht of the ex-emperor of
 Germany did not present much evi-
 dence of hardship and looked little the
 worse for her long struggle with the
 waves.

The crew were also little affected by
 their adventures. There were very few
 cases of sickness and only one man
 was in a condition that could be called
 serious.

The crew were taken to Camp Hill
 Hospital by the local branch of the
 Red Cross.

Members of the crew had no har-
 rowing stories to tell. They stated
 that they had in some degree suffered
 from cold. They thought that the
 worst chapter of the Powhattan's ad-
 ventures was last Sunday after she
 had broken adrift from the Lady Laurier
 and was being blown about by the
 waves. She had been drenched with
 the whole of that day, while her
 decks were drenched with biting
 drif of spray, which froze as they
 fell.

The first announcement of the Pow-
 hattan's coming was a faint and
 ghostly blowing of horns in the dis-
 tance. The ship rolled helplessly into
 sight. Between the Lusitania and the
 Osagepe there was a long gap of black-
 ness upon which the searchlights sud-
 denly fell, revealing the Powhattan.
 Colonel Griswold of the U. S. Army
 transport service sent out a tug with
 men to relieve the crew, fearing they
 would be exhausted. The ship was re-
 fused to be relieved.

Had a Close Call.

The American cutter Osagepe had a
 narrow escape from disaster, she was
 bottom during the attempt made last
 Saturday to take the disabled Powhat-
 tan in tow after the hawsers had
 parted, and the big transport was
 refused to be relieved.

There was a mountainous sea run-
 ning and the Osagepe steamed up to
 secure the line again, and passing it to
 the Powhattan. Just as the cutter
 came near the Laurier a big sea struck
 her, sending her up in the air. The
 Osagepe three boats were smashed into
 splinters, the port engine was broken
 and the plot house smashed, and the
 shrouds carried away. Other deck
 damage was also sustained. No
 serious injuries were done to the Laurier.
 The engineering force of the Powhat-
 tan worked to the last until the
 water reached their sheets. They fired
 until they could no longer hold on
 away at the risk of their lives. The
 boiler rooms were filled to the water
 mark. Some of the floor plates had
 been carried away. The boiler rooms
 collected, said the captain, and placed
 in the cold. The men were not im-
 molated confidence in him when he
 told them there was no danger.

**ROLLO AND MACBRIDE
 BURY THE HATCHET**

Harmonious Relations Prevail
 Following Conference of
 Labor Members.

So far as could be ascertained, the
 meeting of Labor members of the leg-
 islature, held yesterday afternoon in
 the Walker House, was harmonious at
 all times, and the members reached
 the understanding that the Labor
 group should work as a unit in the in-
 terests of the Independent Labor
 party.

Following the meeting, a statement
 was handed to the press, which read
 as follows: "We have had a frank,
 honest discussion of all points at
 issue, and find that the difficulties
 have been more in the nature of mis-
 understanding than differences of
 policy. We have shaken hands and
 agree to work jointly for the best
 interests of the Independent Labor
 party."

(Signed) "Hon. Walter Rollo,
 Minister of Labor."
 "Mayor MacBride."

The meeting was called to discuss
 the present relations between the
 Labor party and the provincial gov-
 ernment, but nothing in relation to
 the discussion on this matter was
 given to the press.

Satisfactory Understanding.

Speaking to The World at the close
 of the meeting, Hon. Walter Rollo,
 minister of labor, stated that the meet-
 ing was harmonious, and that the
 members had reached an understand-
 ing satisfactory to all. He stated that
 an invitation would be extended to
 Sergt-Major MacNamara to co-operate
 with the Labor movement.

The Labor members who attended
 the meeting were: Hon. Walter Rollo,
 minister of labor; Hon. H. Mills, min-
 ister of mines; K. K. Homuth, South
 Waterloo; G. G. Halpern, East Ham-
 burgh; G. G. Stevenson, London; W. H.
 Tooms, West Peterborough; P. H.
 Greenlaw, St. Catharines; J. B. Cun-
 ningham, Sault Ste. Marie; Provincial
 L.P. Secretary Joe Marks. Sergt-
 Major MacNamara was present for a
 short period at the beginning of the
 meeting.

The Labor members will again con-
 fer a week from next Monday at the
 parliament buildings.

**LABOR MAN QUITS
 BRITISH CABINET**

J. Nichol Barnes Makes the Final
 Withdrawal From Coalition
 Government.

London, Jan. 27.—George Nicoll
 Barnes, minister without portfolio,
 has resigned from the cabinet. The
 significance of his resignation lies in
 the fact that it is the final withdraw-
 al of labor from the coalition govern-
 ment.

When the Labor party, after the ar-
 mistice, called upon the labor min-
 isters to quit the government, Mr.
 Barnes preferred to remain on the
 ground that it was his duty to remain
 until peace was ratified.

The food ministry will come to an
 end within a few months, and it is
 expected that George H. Roberts, the
 only important Laborite now in the
 government, will follow Mr. Barnes.
 There are rumors tonight that there
 will be a reconstruction of the cabi-
 net. But this is unlikely, at least until
 after the Paisley election, in which
 ex-Premier Asquith is a candidate,
 the result of which will be unknown
 until towards the end of February.

In connection with the reports that
 Premier Lloyd George is preparing a
 new constructive program for the
 coming parliament, a statement is cal-
 culated to attract voters who are drift-
 ing from the coalition to Labor, it is
 interesting to note that in the election
 address issued today by Mr. McKee,
 Unionist candidate for Paisley, he de-
 clares against nationalization of in-
 dustries and against intervention in
 Russia, but is in favor of equal work
 for men and women for equal work.

**EARL HAIG PLEADS
 FOR RETURNED MEN**

Regrets That So Few Em-
 ployers Have Agreed to
 Take Them.

London, Jan. 27.—During the last
 few days Earl Haig has been receiv-
 ing the freedom of several large cities
 in the north of England, notably
 Leeds, Sheffield and Hull. He was
 everywhere received with enthusiasm,
 and his speeches were devoted invari-
 ably to pleading for a fair return to
 civil life of the ex-soldiers, which, says
 Haig, is really a religious duty falling
 upon the whole community.

He expressed his disappointment at
 the fact that only 25 per cent. of the
 employers in several large cities have
 adopted a scheme of engaging a defi-
 nite number of returned soldiers.

CARRY HYDRO BYLAW.

London, Ont., Jan. 27.—The poll in
 connection with the Hydro power bylaw
 resulted in an almost unanimous vote in
 favor of the bringing of Hydro to the
 village. Only two votes were cast
 against the bylaw.

**BRITAIN TO LOWER
 PRICE OF GASOLINE**

London, Jan. 27.—Unofficial reports
 have been current lately that the gov-
 ernment intended to drop the tax of 6
 per cent. a gallon on petrol and
 largely increase the tax on motor
 vehicles. These reports were accom-
 panied by threats to increase the price
 of petrol by 8d per gallon.

A committee under the proffering
 act has examined into the question,
 and, according to a forecast published
 in the Herald, will report in favor of
 fixing the price of petrol at 31d, in-
 stead of the present price of 38d per
 gallon. At the same time, the govern-
 ment will be urged to take similar
 means in all countries to prevent the
 exploitation of petrol by producing
 companies.

**SELECTING A JURY
 FOR STRIKE TRIAL**

Four of the Twelve Already
 Named—Try All Lead-
 ers Together.

Winnipeg, Jan. 27.—(By Canadian
 Press.)—Four of the twelve jurors
 to sit on the trial of the seven strike
 leaders were selected at the session of
 the grand jury this afternoon, and it
 was announced by Mr. Justice Metcalfe
 that the remaining eight would be
 finally selected by tonight.

His lordship announced, when the
 court recommenced this afternoon,
 that the crown should not be limited
 to 48 stand asides, but should be able
 to stand aside as many jurors as are
 on the jury panel. This only applies
 to the first time the jurors are called.
 If the entire panel is gone thru, and
 the necessary twelve men have not
 all been selected, the crown counsel
 would not have this right. Under these
 conditions the trial proceeded today
 without any severing of the charges
 by the crown. The remaining strike
 leaders will be tried together.

**DEEP WATERWAYS
 CONVENTION OPENS**

C. E. Fleming Shows Advan-
 tages of Deepening Upper
 St. Lawrence.

Winnipeg, Jan. 27.—The convention
 of the Canadian Deep Waterways and
 Power Associations opened today with
 100 delegates in attendance. At a
 luncheon tendered by the board of
 trade, C. E. Fleming of Windsor, Ont.,
 president of the association, gave an
 address. Immediate benefits would ac-
 crue to the whole of Canada were the
 upper waters of the St. Lawrence
 river deeper to admit ships of ocean
 draught. Mr. Fleming predicted wheat
 could be shipped at a saving of one
 bushel, and the \$5,000,000 to \$7,000,
 000 gained each year thereby would
 be sufficient to pay interest on the
 project, he said.

The cost of deepening the St. Law-
 rence system would be between \$100,
 000,000 and \$150,000,000, he intimated.
 Besides the benefit of opening up the
 great lakes to ocean traffic, electrical
 power developed thru the project
 would pay for the entire cost of con-
 struction, Mr. Fleming predicted.

The United States was pledged to
 go into the scheme on the basis of 50
 per cent. of the cost of building and
 maintenance, and the cost to Canada
 would not be a debt incurred, but an
 investment that would pay more and
 more each year, he argued.

**RESULTS OF ELECTIONS FOR WARDEN
 IN THE COUNTIES OF ONTARIO**

Reports of the election of the following
 men as wardens in the counties of On-
 tario were received last night:

Brant—Fred Rosebrugh.
 Bruce—D. D. McDonald, Tiverton.
 Carleton—Robert Preston.
 Elgin—Wilson Mills, Yarmouth town-
 ship.
 Essex—Edward Teller, Rochester.
 Frontenac—L. Parks, Kennebec
 township.
 Grey—Morrison, Capreol.
 Hastings—C. S. Shelton, Thurlow Town-
 ship.
 Huron—Geo. C. Petty, Hensall.
 Halton—W. T. Wilton, Hagersville.
 Kent—A. H. Wilson, Tilbury.
 Lanark—John D. C. Brown, Lanark.
 Lennox and Addington—W. W. Adams,
 Newburgh.
 Lincoln—James Garlett, Beamsville.

CUT KINGSTON RATES

Kingston, Jan. 27.—(Special.)—R. F.
 Elliott, chairman of the utilities com-
 mission, wired from Toronto today his
 mission, which the Hydro-Electric
 Commission had agreed to a Kingston
 reduction of 10 per cent. in electrical
 rates.

WINTER BIRDS.

Crowding the mountain ash trees in
 various sections of the city yesterday
 and Sunday, flocks of Bohemian wax-
 wings were busy with the berries. They
 were visitors, rather rare visitors, from
 the far north, and were a large edition of
 the cedar or cherry bird with which so
 many people are familiar during cherry
 time. Did you see them?

**ALL ENEMY ALIENS
 BARRED FROM INDIA**

Delhi, Jan. 27.—The Indian govern-
 ment has prohibited all enemy aliens
 from entering India. The prohibition
 will extend over a period of five years
 at least.

**FINN FORCE CROSSES
 RUSSIAN FRONTIER**

Archangel, Jan. 27.—A north Rus-
 sian wireless communication is-
 sued today, says:

"A force of 2000 Finns, with ma-
 chine guns, and a long train of horse
 and reindeer transport, has concen-
 trated on the Russian frontier near
 Petchenga, the main body of which,
 ordered to advance in the direction
 of Petchenga, already has crossed the
 frontier. The inhabitants of the de-
 serts are fleeing panic-stricken for
 refuge in Norway. It is feared that
 it is the intention of the Finns to
 capture the treasures of the Petchenga
 monastery."

The Petchenga region is in northern
 Finland, where the river of the same
 name empties into the Arctic ocean,
 a short distance east of the Tromsø
 district of Norway.

ANOTHER OUTRAGE

Cork, Jan. 27.—While Alexander M.
 Sullivan, sergeant-at-law and presi-
 dent of the Irish Association for the
 Prevention of Intemperance, was pro-
 ceeding by train today to Tralee to
 testify against the element of who
 are accused of having attacked him
 Jan. 10, three shots were fired into
 the car in which he was riding. Mr. Sul-
 livan escaped injury, but a detective
 riding in the next coach was cut by
 broken glass.

**Wireless Telephonic Tests
 Between England and Spain**

Madrid, Jan. 27.—Successful wire-
 less telephonic tests have been made
 between the station at Ahrneux, near
 Madrid, and Chelmsford, England, a
 distance of 700 miles. Conversations
 were carried on without difficulty.

**Decline of the Decollete
 "When Rural Ladies Set Style"**

St. Catharines, Ont., Jan. 27.—(Spe-
 cial.)—Addressing the U.F.O. meeting
 here tonight, R. H. Halbert, M.P. for
 North Ontario, made a stirring ad-
 dress, exhorting the farmers to take
 their proper place as the representa-
 tives of the basic industry of the em-
 pire, and to insist on entering the
 political front door. He predicted the
 decline of the decollete gown when
 the rural ladies began to set the
 styles. County Organizer Smith also
 addressed the meeting.

MANITOBA'S PREMIER PRESENTS SOLUTION OF LABOR TROUBLES

Sympathetic Co-operation Between Capital and Labor Only Cure.

SPEAKS IN LEGISLATURE

Winnipeg, Jan. 27.—(By Canadian Press)—Declaring that sympathetic co-operation between capital and labor was the only solution of labor troubles such as had occurred in Winnipeg last year and expressing confidence that this would be achieved by the conference now taking place between representatives of the employers and the employees in conjunction with members of the legislature...

Criticizes New Building. The premier was preceded by Albert Prefontaine, leader of the opposition, who criticized the expenditures of the government on the new parliament buildings...

HOLD HYDRO BYLAW UP IN THE COUNCIL

Third Reading of Radicals' Vote is Shelved by Aldermen.

Hamilton, Ont., Jan. 27.—With Controller Aitchison inserting the necessary objection, the third reading of the by-law to guarantee bonds of \$607,400 for Hamilton's share of the cost of the Hamilton-Emira line of Hydro radials, was automatically shelved at the meeting of the city council last night.

Mr. Tilley, whose argument was of a rather technical nature, dealt at some length with the agreement which was entered into between the Montreal Telegraph Company and the Great Canadian Electric Company...

Ald. McDougal thought he saw in the tactics of the Hydro board a hint of the obstruction that always confronted Hydro advocates...

Further Extension is Asked by Hungary. Paris, Jan. 27.—The Hungarian delegation has asked for an extension of time—until Feb. 12—for delivery of its ultimatum on the allied peace conditions...

OVERCOATS Of All Wool Tweed AT \$21.50

Present One of the Best Buys of the Season

They're Coats That Have Been Carefully Tailored, Smartly and Sensibly Designed for Men and Young Men

and are in a quiet appealing broken checked pattern in grey and brown with red overplaid. In the collection are single and double-breasted full-fitting slip-ons, double breasted medium and full length ulsters with half belt.

The majority have convertible storm collars, though a few have the small convertible collar. Also in the lot are all-round belters. Some have slash, others regular pockets. Sizes 34 to 44. Special, \$21.50.

At the Unusual Price of \$21.25 Are Men's Suits of Tweed in Soft and Worsted Finishes

Some are wool and cotton, others cotton and wool; in greys and browns, in checked and striped designs. The assortment of models to choose from consists of the full-fitting, the semi and form-fitting, 3-button sacque styles, some specially designed for the "short" or medium sized man. They are

single-breasted, have close-fitting collars and medium wide lapels. Vests have five buttons and are cut fairly high. Trousers have well sewn seams, 2 side, 2 hip, a watch pocket and belt loops. The most of these suits are of EATON make, though a few broken lines of other makes are in the lot. Sizes 35 to 44, \$21.25.

ORGAN RECITAL DELIGHTS CRITICS

F. A. Moure Gives Sixth of Series at Convocation Hall.

Before a large and appreciative audience assembled last night in Convocation Hall, F. A. Moure, university organist, rendered an attractive organ recital, this being the sixth of the university series. The music-loving members of Toronto's public who are unable to attend these recitals are missing a real treat, as Mr. Moure's selections are well balanced, and coupled with his mastery of the instrument each of these recitals is a musical festival.

Safe Home Treatment For Objectionable Hairs

(Boudoir Secrets)
The electric needle is not required for the removal of hair or fuzz, for with the use of plain delatone the most stubborn growth can be quickly banished. A paste is made with water and a little of the powder, then spread over the hairy surface, in about two minutes it is rubbed off and the skin washed. This simple treatment not only removes the hair, but leaves the skin free from blemish. Be sure you get genuine delatone.

with great skill, a pompous theme, suggestive of a hymn, alternating with great effect.

A Hint of Greatness.
Following this rather heavy composition one of Samuel Coleridge-Taylor's compositions, to wit, the Evening Melody, was rendered. It was very refreshing and showed his quality that its composer was undoubtedly gifted for melody, and would probably have achieved greatness had he been spared.

The concluding selections were the Aubade, of Strelezki, and the Finale in E Flat, of Felix Guilmant. The former was a direct contrast to the serenade, or evening song, being less sentimental and brighter. The latter was a very fresh and spontaneous work. The vigorous energy of the first part was relieved by a trio of quiet character, while a fugata upon the first theme followed, led to a brilliant close for the full organ. Mr. Moure's playing proved him to be an artist in no mean sense of the word, and those who have not been fortunate enough to hear him should make it a point to be present at the next recital to be held on February 10 in Convocation Hall.

All Suits But One Struck Off at Assizes Yesterday

Every suit but one listed to be tried at the assizes yesterday was struck off for various reasons. The labor slander action between A. E. O'Leary and Jimmy Simpson was struck off owing to the absence in England of General Gunn, an important witness. The slander action brought by W. E. Turley, G.W.V.A., against J. Harry Flynn, provisional president of the United Veterans' League, is adjourned until the next sitting in May.

FIRST "FLU" FATALITY.

Mrs. Clarke, 480 West Dundas street, was the first person to die in St. Michael's Hospital from the "flu". One other patient suffering from the "flu" is in the hospital. There are 24 cases in the General and eight in the Western Hospital.

"TURCOMAN" HAS LANDED.

The White Star-Dominion Line steamer "Turcoman" arrived at Portland, Me., from Avonmouth docks, Bristol, at noon yesterday. She is expected to sail from Portland, Me., to Avonmouth, January 31.

BILLIONS ARE WASTED

By-Products of Coal To Be Utilized So as To Make More Efficient Fuel.

Travelers are familiar with the huge coal-dust hills which are always conspicuous in the various coal mining districts. They represent billions of dollars. Hitherto, in America, these hills of by-products of coal have been wasted. In Europe this dust has been converted into briquettes. America, following the industrious example of Europe, proceeds to utilize the waste products of coal by the manufacture of briquettes.

In Canada A. B. C. Briquettes are now being manufactured on a large scale by the Anthracite Briquette Company. Their modern plant is in operation in the harbor terminal district. It is owned and controlled by well-known successful Canadian business men. The capital has been fully subscribed.

A.B.C. Briquettes are made from over 90 per cent. high-grade, fine anthracite coal, mixed with a patent binder and subjected to an enormous pressure. They are nugget-shaped pieces of fuel, just a little larger than nut coal. They are cheaper, cleaner, and have a greater heating power than coal. They emit little smoke. There are no clinkers or cinders. The ash deposit is very small. Superior to coal in every way, they will be the fuel of the future.

The Anthracite Briquette Company have chosen an ideal spot for their industry, which is sure to grow as the A.B.C. Briquettes become more widely known.

ALLEGES BIG BOND THEFT.

Cobalt, Ont., Jan. 27.—A warrant has been issued here for the arrest of George Tenant, who is accused by Thomas Sibbald of the theft of two Victory Loan bonds valued at \$100. The complainant alleges that Tenant found the bonds on the T. and N. O. tracks here and did not return them to their owner.

TESTATOR NEGLECTED TO SIGN HIS WILL

Ella LaRoche LaPerriere is sole heir to the estate of her husband, Alphege Denis LaPerriere, a merchant of Pierreville, Que., who died on February 2. The estate, which was filed for

ancillary probate yesterday, is valued at \$44,417, and includes one hundred shares of Brazilian valued at \$1,800.

By a will executed September 19, Ernest Albert Thomas McManus, mechanic, who died on September 22 last, leaving an estate valued at \$5,701, bequeathed \$3,000 to his father, James Rutherford McManus, and left

the residue to his widow to be kept in trust for two children and herself.

Ruth Loudon Howard, widow of Lieut. John T. Howard, Royal Engineers, who died of wounds in hospital at Le Treport, France, inherits her husband's estate valued at \$4,829. She was made sole heir by deceased in a will made on the day of his death. Administration of the estate of her

husband, John Burgess, who died February 23, 1916, leaving an estate of \$2,200, has been applied for by Rose Burgess. By a will drawn on a "will form" on May 3, 1912, deceased left his property to his wife. The will was signed by two witnesses, but testator neglected to sign it himself. The beneficiaries are the wife and two sons.

Some Trouble---But Very Little!

"Kenwood" Exchange is now in operation and upwards of 85,000 new directories have been delivered.

Naturally in effecting the 27,000 odd changes, as recorded in the new directory, there has been a hitch here and there. But for the most part everything has gone with surprising smoothness.

Nobody outside the telephone business can have any idea of the colossal work involved in fitting a new telephone exchange into a complex big-city system. The care required in adjusting endless details is infinite. Some errors and annoyances are inevitable, just because mistakes will happen despite every precaution.

You can help the service mightily by always consulting the new directory before calling to make sure of the number, speaking distinctly, directly into the mouthpiece.

The Bell Telephone Company
of Canada.

WAS NOT TOO LATE TO GRANT RECOUNT

Citizens' Liberty League Solicitor Takes Issues With Attorney-General.

A. E. Knox has written to the attorney-general in answer to the attorney-general's letter to the solicitor for the Citizens' Liberty League...

It is further pointed out by Mr. Knox that the last return was made to the clerk of the crown in chancery on the 4th day of December, 1919...

Mr. Knox also mentioned that the provisions of the Ontario election act so far as the same are applicable to a referendum are made so by the Ontario election act, 1919, section 12...

It is pointed out by Mr. Knox that owing to the different manner provided for returning and adding up the vote under the referendum act it would be both inconvenient and impracticable to comply with the provisions of the election act regarding a recount...

Reference is also made to subsection 3 of the referendum act under which every voter is required to vote on all four questions submitted, otherwise his entire ballot shall be void...

SPEED FIENDS MAKE HIGHWAYS UNSAFE

Safety League Manager Says Accidents Disproportionate to Traffic.

In a statement issued yesterday, R. B. Morley, general manager of the Ontario Safety League, attributes the increase in traffic accidents to the increased rates of speed on the highways of the province...

"LET A LITTLE SUNSHINE IN"

We have often wondered where the folks who desired to be placed in hospitals at the city's expense went to make such arrangements. Naturally, after reading of the sums of money which are expended every year in that manner we knew that such a place or office must exist.

Yesterday we found it. It is on the lower floor of the city hall, and is designated by the number 21 on the door.

The lighting of the room is extremely poor. A chandelier of the old-time type graces the centre of the room, and at the desk by the window there is an extension light. Other than that the window, which is not exactly like crystal, provides the means of "seeing" close inquiry...

Because a man or a woman is forced to ask for charity of the hospital varies from the city of Toronto, surely it is not a criminal enough act to necessitate a public inquiry?

Besides that, such public conversations and explanations are not fair to the men who are paid to investigate the cases, and who are asked to pass judgment upon them. People have been known to find grievous fault with these inspectors, because some persons in advance of them have been allowed to go to the hospital at the total expense of the city while they are asked to pay a small fee.

What conditions in the city relief were they should be, each inspector would have a small private office. People who go there for aid would then be able to tell their stories, knowing that only the man in charge would know the sad details. Also, there should be a means of getting daylight and fresh air into the place, not to mention fresh air.

Three Toronto magistrates expressed themselves yesterday as welcoming an investigation of the sensational charges made against the administration of justice in Toronto courts by Alderman Joe Singer in the city council on Monday.

Magistrates Cohen and Ellis are of the opinion that the appointment of an official court interpreter would be better than the present system, though neither have experienced any attempt on the part of interpreters to misstate evidence. Magistrate Denison said that the present system is good enough. He speaks three languages and is able to check interpreters of those tongues. He also had never experienced any effort to mislead on the interpreter's part. Magistrate Ellis thought that Alderman Singer should make specific charges.

Lee Pack, A. Jennings, Walter Pritchard, John Abbit, Chong Wing, C. Robinson, Robert A. McTavish, Isaac W. Flewce, R. D. Smith and the Harbour Conservancy of Music were fined \$1 without costs yesterday, settling out of court for not removing the snow or ice from their sidewalks.

AFTER EATING, PLAY SAFE

It is a Wise Precaution to Take a Stuart's Dyspepsia Tablet After Eating to Avoid Gas, Sour Risings, Heaviness, and the Lazy, Loggy Feeling So Apt to Follow.

Stomachs are strong enough to staminate with all conditions of restaurants, hotels, clubs, depots and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that are either selected or not selected with gas, sour risings or such forms of indigestion. These tablets digest food, they assist the stomach secretions, and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

CAMPAIGN WORKERS FEEL ENCOURAGED

(Continued From Page 1).

The money collected would be sufficient to serve the city in the most efficient manner, said the speaker. The workers need only to apologize to none, and it was his hope that every man would give according to his capacity.

A Cold Reception The cold reception given the canvasser at the parliament buildings was an outstanding note in the report. Many departments would not permit the canvasser to enter. All with one exception—that of the high roads—were cautious to the appeal, giving an absolute refusal to contribute, and saying they could not afford it and others contenting themselves with a simple indifference, the sum total of the day proving very discouraging.

The public are reminded that by assisting in this drive for community service they are helping not one institution but nearly fifty organizations which care for something like two hundred institutions. In the eight months that the plan was tried out in the past year, it worked so well that those in charge and those who voluntarily give their services to the cause of charity, labored more efficiently than ever.

The public too, should understand that the federation all denominations are represented and are represented on the board of management of the budget.

BURFORD TOWNSHIP COMMENCE APPEAL

Acting for William Barker, Gordon Waldron appealed before Chief Justice Mulock in the appellate division yesterday at Osgoode Hall from the decision of Judge Hardy, requiring the members of Burford Township Council, of which the appellant had been a member, to restore to the township the money they had used to pay the expenses of an anti-conscription deputation which went to Ottawa. W. S. Brewster, K.C., represented the other members of the council. A. W. Eddy, A. W. Smith, H. A. Lester and W. H. Shillington, W. T. Henderson, K.C., appeared for William Milmine, who opposed the payment and brought action to compel the members of the council to replace the money. After the passing of the conscription order, 2000 farmers met in the village of Burford, Ontario, on May 1, 1918, and demanded that the order be rescinded. Following the meeting, the township council of Burford passed a resolution that the members of the council, with Clerk F. W. Taylor, ex-Reeve Burtis, ex-Reeve Doran and Wm. F. Gowdy, should be a deputation to go to Ottawa to protest. They went and later drew \$219.15 from the township treasury for expenses. Wm. Milmine brought action to have the money returned, and Judge Hardy gave his judgment, as he asked, with costs.

Within Statute. It was contended in the appeal that the payment came within the statute, which gave the township permission to spend \$500 a year towards the reception or entertainment of distinguished persons, or the celebration of events of national importance, or for traveling expenses incurred in connection with matters pertaining to or affecting the interests of the corporation.

Mr. Waldron argued that there was no local disinterest with the action of the council. At the following township elections no question had been raised concerning the payment. Mr. Henderson argued that the council would only be justified in voting money for traveling expenses for the purpose of promoting or opposing matters which affected the corporation as a corporation.

STILL NO LAWYERS. Mr. Justice Logie has again ordered cases to be struck from the list because of the non-appearance in court of either lawyers or clients. In the non-jury court yesterday morning there was only one lawyer, with several cases on the list. The lawyer asked for adjournments for sick clients and lawyers who were ill. Storey v. Buchan and Weston v. Hollins, his lordship ordered struck from the list, not to be restored without application to himself.

ARRESTED FOR THEFT. Sidney R. Growcock of Port Credit was arrested yesterday afternoon by Detectives Wickert and Cronin charged with theft. Growcock is alleged to have stolen \$253 from the Toronto and Niagara Power Company in 1919. At that time he was employed by the company as a clerk.

ADDED TWO FIGURES. In the sessions yesterday before Judge Coatsworth Sam Rappaport was found guilty of raising and uttering cheques fraudulently. It was charged that Rappaport had raised two cheques for \$35 and \$45 to \$3,500 and \$4,000, respectively. He was released until a date in February for sentence.

BROKE HIS KNEE CAP Walter Barber, aged 50, of 87 Greenwood avenue, was admitted to Grace Hospital last night, suffering from a broken knee cap. Barber fell on the sidewalk at the corner of Richmond and Victoria streets.

HYDRO Power Shortage

The capacity of the generating plants at Niagara Falls, available to the Commission for supplying the power and lighting demands in the Niagara district, has reached its limit, which has necessitated the Commission limiting the amounts of power that can be supplied to the Municipalities in the Niagara district.

The power shortage during the winter months is greatly increased by the overlapping of lighting and power loads, by the extensive use of electric heaters, and also at times on account of the blocking by ice of the water supply to the generating plants.

The Commission are asking the co-operation of every Hydro user, whether domestic or industrial, to assist them in conserving power and light in every possible way in order that an uninterrupted service may be maintained, until a further supply of power is obtained for this system.

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

REAL ESTATE NEWS

The old plant of the Cyclone Woven Wire Fence Company at the corner of Dundas and Chelsea streets, has been sold to the Canadian General Fire Extinguisher Company for about \$70,000. The purchasers have also acquired five other lots on both sides of Chelsea street, east of Dundas, and have included the city to close and sell to them this piece of Chelsea street which, together with their original site to the north on Dundas, will give them two or three acres in one block lying between Dundas and the G.T.R. tracks. The Canadian General Fire Extinguisher Co. have plans out for a large manufacturing plant on this block.

It is understood that a law suit that grew out of the fire which occurred on the property some months ago has been settled. The Cyclone Wire Fence Company leased their premises to the Canada Wire and Cable Company and a fire destroyed some of the buildings and the Canada Wire and Cable Company then abandoned their lease and moved to Leaside. Suit was then launched to compel the Canada Wire and Cable Company to pay rent for the unexpired term of the lease. The Cyclone Woven Wire Fence Co. has been closed up and it is understood the money realized from the sale of the property and the settlement of the law suit was only sufficient to satisfy the claims of the bondholders and that the shareholders have sustained a loss.

Patriotic Association Claims Veteran Got Money by Fraud

Solomon Yonovitch was charged in the police court yesterday before Magistrate Denison with having obtained \$50 from the Canadian Patriotic Association by fraud. An official of the association administering the federal emergency fund for veterans in need, stated that Yonovitch had signed documents declaring himself to be out of work, with eight children to keep. He was given one \$50 and came back for another. The witness charged that he was not out of work. One week when he was supposed to be out of work he had made \$40. The case was postponed for one week for further evidence of the accused's earnings.

ALLEGED GAMING IN ARMORIES. Charged with keeping a gaming house, Alfred King, 122 Seaton street, was arrested last night by the military police and handed over to Inspector McKinney of the morality department. King is alleged to have been running a crown and anchor board in the armories. When searched he had two cheques, each for \$70, on him.

OWNER ARRESTED FOLLOWING FIRE

Formal Charge of Arson Entered Against Domenico Amodeo.

Fire Marshal Heaton: In view of the evidence given by this (Domenico Amodeo), I think I should like a superior court to decide if he is guilty of setting fire to his store, and I ask you, Mr. Crown Attorney (Mr. McFadden) to have him placed under arrest. I ask you, Mr. McFadden, to take steps to detain the man at once.

Crown Attorney McFadden: Certainly, I will. Mr. McFadden having secured a detective, Domenico Amodeo was duly taken into custody by Detective-Inspector and marched off to police headquarters to have the formal charge of arson entered against him.

The above conversation took place yesterday afternoon on the termination of the fire inquest into the cause of a fire which occurred between 12 and 1 o'clock on Christmas night at the boot store of Domenico Amodeo, 204 East Queen street. Amodeo gave evidence on his own behalf, and so unsatisfactory did it appear to the fire marshal that he determined to have the matter completely thrashed out by a higher court than his, and consequently the bootmaker now has to face a case of arson.

The inquest opened last Friday, when fire captains, fire fighters and policemen testified that on entering Amodeo's premises, when the fire was raging, they smelt strongly the odor of gasoline, and one fireman declared he smelled it on the shelves when removing some of the boot boxes. An electrician who discovered the fire, and said he heard noises as if someone was fighting, or throwing boxes about in the store, and who broke into the premises and found a small fire burning in the centre of the store, and who on his return with a policeman, a few minutes later found a good-sized blaze going, described it as an "uncommonly fast fire." Evidence was also given respecting insurance policies. Amodeo had endeavored to get a \$15,000 policy from the Merchants' and the Royal, but succeeded in obtaining in September last a policy from the Royal for \$11,000.

Policy Too Large.

The first witness yesterday was Angelo Lobraico, an agent for the Royal Insurance Company, and the man who negotiated the policy. He said when the proposition for a \$15,000 policy was brought to him he considered the sum too large, and sent his clerk to Amodeo to tell him so. The clerk returned and said the Merchants' were prepared to issue a policy for more than \$11,000, so he put one thru with the Royal for that amount. The increased sum meant Amodeo was getting an additional \$4000 on stock.

Assistant Fire-Ranger Saville said, on examination, he found Amodeo owed to manufacturers at the time of the fire \$2836.17. He could find no trace of anyone pressing him for money.

Samuel Lamasteno, a brother-in-law of Amodeo's, lived with his wife and family in the second flat (Amodeo and his family occupying the first), over the burned-out store. He said he went to Peterboro for Christmas on a hunting trip, and his wife and child stayed at his mother's house on East Queen street. He told Amodeo a week previous to Christmas of his proposed trip. On his return to Toronto, Amodeo told him of the fire, and when he asked him how it occurred he replied, "How can I know wise-I was up at mother-in-law's, and the police came and told me of the fire?" That, declared witness, was all the conversation he ever had with his brother-in-law concerning the fire. The witness said he did not think gasoline was stored on the premises and did not believe it was possible to get from the back yard to the lane in the rear.

Domenico Amodeo, the proprietor of the shoe store at 204 East Queen, described himself as a shoemaker, and said he had been in business for seven years in Toronto. He declared he closed his store on Christmas Eve at 11 o'clock, and prepared to open it again the day after Christmas. On Christmas Day he left the store with his wife and family about 2:30 p.m. to proceed to his father-in-law's for dinner. Before leaving he made up the furnace and put in sufficient coal to last all the afternoon and night, but on being questioned he would not say in what condition it should have been about ten o'clock that night. In answer to Mr. McFadden, he said he would be surprised to know the furnace was nearly cold at that time in the morning. "But I did not know sir," he added as if in explanation. The witness in reply to further questions said he thought there might have been about a dozen boxes about the store after the Christmas Eve trade. He said he was pressed questions by the crown-attorney. Amodeo declared that he did not leave his family at his house on Christmas Day from the time he entered it until the police came and told him about the fire. The Christmas party was a family one with the exception of one near friend of his. The key to his store he always carried with him, he declared, and on Christmas Day he locked the store and no one could get into it without burning the doors open or by the use of the key which he had with him all day. Amodeo said it was possible to get to the back-lane via the stable at the rear of 204 yard, the said stable belonging to his brother. He declared he only had quarter of a gallon of gasoline on the premises at a time, but the tin in which he kept it would hold a gallon. He had a man working for him in the store named "Mike," and he was in the employ of Amodeo for four or five months the witness could not remember "Mike's" other name or address. He had it in a book but lost it. On December 25 last, he said, his banking account amounted to \$357. He owed at the same time a little over \$2,000, but, of course, he had his stock. He kept no books and only knew what money he had in the bank and what Amodeo declared he only asked for the sum of \$11,000. He would swear he said he did was a liar.

Employed Few Men.

Amodeo used to employ three men, mending boots, and when it was suggested to him that now he only employed one, business must have fallen off, he countered the idea by explaining much work as three at \$15 each. Mr. McFadden in taking Amodeo thru his banking account, showed that during the preceding weeks he deposited \$500 each week, but in the ten days between December 17 and 27, he only deposited \$100. Amodeo explained this by saying the bank and the remaining \$400 in his bank account was down to \$2, owing to the fact, according to Amodeo, that he drew out \$2,000 to repay a loan he had received from his father-in-law.

PURCHASE PATRONAGE BARRED

The Ontario government has decided in view of recent criticism and discussion of contracts for supplies, that henceforth all purchases must be preceded by public notice. The government call for tenders is part and parcel of its policy of patronage abolition and must be adopted pending the appointment of a purchasing agent.

Waiting to go—Where?

Lonely and destitute old age! How pitiful, how tragic that such a thing should be in a rich and prosperous city like Toronto!

Yet such cases happen all around us and we never know it. The increased cost of living within the past few years has made it harder and harder for hundreds of old people to eke out the scanty savings of years so as to keep a roof over their heads and a crust on the table.

Sometimes the strain gets too great—the slender hoard melts—hunger presses—the last cent goes—nothing remains but the street. Too proud to ask for alms; too sensitive even to tell their need to their neighbors, they wait in bitter silence for the help they hope may come. And it does come—make no mistake about that!

The money you give to the Federation for

Give once—but give enough!

To-day and To-morrow

Half-a-Million In Three Days!

Community Service Campaign

Campaign Headquarters: 36 King Street West. Telephone Adelaide 6440

Campaign Committee: SIR JAMES W. WOODS, K.B.E., Honorary Chairman. SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., Honorary Treasurer.

Since there will be no house-to-house canvass, will you kindly bring of send your subscription to Headquarters? All cheques should be made payable to Sir Edmund Walker.

Col. W. G. MacKendrick, D.S.O., Chairman; Mark Bredin, Vice-Chairman; Allan Ross, Chairman Publicity Committee; Fred H. Ross, Chairman Employees' Organization Committee; H. G. Stanton, Chairman Special Subscriptions Committee.

(This space is contributed by a generous supporter of the Federation.)

Community Service is humanized money that does helpful things. It provides service to those who, by reason of old age, illness or helplessness, or some tragic handicap, are in desperate need.

You may never know how close it may come to you personally—it's quite possible that your contribution may help some friend of other days, whose need you do not know. But always and all the time, in a thousand ways and in many guises, the Federation Fund is a practical help to those whose need is great.

That old couple whom you once knew—DESTITUTE!—Why that may happen any day!

You are in on this—Every citizen of Toronto who has an income or a job is in on it. If you postpone giving you merely make the work of building the Fund harder; if you do not give as liberally as you think you can, you merely do not understand that this is a privilege, and are looking upon it as something to which you can afford to be indifferent.

Give now—and give liberally—remembering that when the Fund is closed, you won't be asked to contribute again for a year.

MORATORIUM MAKES PERPLEXING PROBLEM

Legal Brains Cudged to Know How to End It.

A question affecting real estate conditions throughout the province will present itself at the coming session of the legislature upon the expiry of the moratorium act. Just now it is exciting a good deal of discussion in the legal profession, as well as among the loan companies.

If it is not thought desirable to allow the act to expire without some provision being made which will have the effect of preventing the congestion of the loan market, as well as

occasioning great hardship to mortgagors and purchasers. Numerous suggestions have been made as to how the matter should be dealt with. One is that all mortgages and purchase contracts should be extended for the term unexpired at the outbreak of the war.

Would Continue Period.

Another proposal is that the present act should be continued for another two or three years, or that it should remain applicable to instalments of principal or purchase money now in arrears. The government realizes that it will be necessary to proceed with caution in order to prevent, on one side, undue disturbance to financial institutions, and on the other, hardship to the class of persons for whose protection the act was originally designed. The government is prepared to receive and consider further suggestions for the solution of the problem. This announcement was issued by the attorney-general's department.

BATTALIONS LIKELY TO KEEP IDENTITY

Gen. Sir Arthur Currie Apparently Favors Fighters' Demands.

Military headquarters in Toronto are of the opinion that in a day or so some definite decision will be made to and made public in regard to the reorganization of the local infantry battalions. General Sir Arthur Currie, whilst in the city on Monday, held two conferences with the local military heads, and some important results, it is said, were arrived at. "At the conference," stated Col. Brooks this morning, "General Currie seemed to be thoroughly in sympathy with the perpetuation of the Canadian corps battalions, the 3rd and the 75th, of this city. It is expected that

these battalions will not lose their identity, but will be retained, in name at least, as militia units.

Waiting Instructions.

"It is possible that they will be worked in by some scheme with the other militia units. We cannot begin any plans for active drill and so forth until the reorganization of these units has been completed."

Col. Bart Rogers of the 3rd Battalion said: "I was with General Currie yesterday, and I am confident that he intends to make every effort to have our battalion recognized as a militia unit. I believe that it rests with his decision as to what steps will be taken as to retaining it, and he undoubtedly wants its perpetuation. I am also under the impression that the 55th, as well as the 3rd and 75th, will be retained."

LITTLE BOY BADLY BURNED

Harry Ornstein, Aged Eight Years, of 3 Trefan Place, was badly burned about the legs and body last night, when his clothing caught fire while Ornstein was lighting the gas in an upstairs room. The child was removed in the police ambulance to the hospital for Sick Children.

Seven new cases of influenza were admitted to the General Hospital last night. There are now 32 patients suffering from the complaint in the General Hospital.

VISITORS TO ALGONQUIN PARK

Latest arrivals at the Highland Inn, Algonquin Park, include Mr. and Mrs. W. G. A. Lambe, Toronto; Miss M. T. Herbert, Gravenhurst; Canon Daw, Hamilton; and Mr. G. C. Ray, Ottawa.

Weather is bright and the clear sunshine of Algonquin makes all winter sports very enjoyable.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

WEDNESDAY MORNING, JAN. 28.

Mr. Dunstan's Address.

Mr. Kenneth Dunstan's address on retiring from the presidency of the board of trade was a piece of prudent advice to the community in general.

The remedy is simple. We must go on producing, produce more and increase our store. We must spend less in the United States.

Canada is able to export, and does export, so much that her European balance is to her credit as much as the United States balance is against her.

Mr. Dunstan has no fears for the future. Toronto has better prospects than any city of similar size on the globe.

Hitting Back at Churchill.

The impotence of old-time politicians to read and adjust to the signs of the times becomes more patent every day.

The Coalition, like the Union, fares badly in by-elections. The Liberal party seems incapable of recovering strength.

The Times and the other Northcliffe papers are lavish of space and sweet of temper to Labor in these days.

And no wonder, when Labor can make the sort of retort it has been making to Winston and the Galloper.

On the score of incompetence, who was it, asked Thomas, that made a mess of Antwerp and a holocaust of Gallipoli?

The truth is that the Churchills

and the Gallopers are getting out of their depth over there, and Labor is coming into its own.

The Police Court Investigation.

Ald. Singer was elected very largely on his platform of reform in the police courts, and he received such an endorsement at the polls that he was justified in introducing his motion for an investigation of our police court methods at an early date.

He should remember also that it is no longer the Hearst government with which he has to deal, and that the political influences which have maintained the condition of affairs complained of have not the same weight at present that they had some time ago.

If the government institutes an inquiry it will be the strength and virtue of such an inquiry that it will entirely neutralize the political complexion, and that the political complexion of any official will have no bearing on the investigation.

The mayor will do well to support Ald. Singer's motion, and see that such a movement for reform is given official endorsement when it comes before the government.

Of a Varnished Tajl.

"Rat Tails Varnished Here" is a new sign over the door of Dr. Howarth, medical officer of health for the city of London, England.

Dr. Howarth warns lithographic varnish, spreads it, from a sixteenth to an eighth of an inch thick on pieces of cardboard, say fifteen inches by twelve, leaving an inch margin dry.

Mr. Rat goes for the bait, his feet stick, his tail goes down, and the jig is up. Listen to Dr. Howarth:

Once their tails stick the doom of the rats is sealed. They never get near the bait. They get their feet in the varnish and the more they struggle the faster they stick.

This story is neither fiction nor humor. It is officially announced that the health department at the Guildhall will supply information to inquirers, including the names of manufacturers who will furnish the varnish.

CIVIL SERVICE MEN WAIT UPON FOSTER

Officers of the Civil Service Association waited upon Sir George Foster, acting prime minister, this morning, for the purpose of placing before the government objections to the classification of the service, as embodied in resolutions recently passed by the advisory board and executive of the association.

The deputation consisted of Messrs. J. C. O'Connor, president; T. R. L. McInnes, S. Chandler and J. H. Ryan, executive members of the association, and besides the acting premier there was also present Hon. A. K. Maclean.

Firemen's Right to Unionize Is Contested in St. Kitts

St. Catharines, Jan. 27.—The city council last night, after spirited discussion, refused to recognize the newly-organized union among the firemen on a vote of 7 to 2.

CHATHAM SHOOTING CHARGE.

Chatham, Ont., Jan. 27.—(Special)—An information has been laid in the county police court by the parents of a 13-year-old Chatham boy, alleging that another boy of the same age did shoot at his son with intent to kill.

NO PRIMROSE PATH IS HIS

A primrose by the river's brim A faded primrose was to him, And it was nothing more.

OPENING OF SYNOD DIOCESE OF OTTAWA

Bishop Announces Appointments—Scoffs at Idea of Excluding Press.

Ottawa, Ont., Jan. 27.—Right Rev. J. C. Roper, Bishop of Ottawa, at the opening of the synod of the diocese of Ottawa, in Laurier Hall, Christ Church Cathedral this morning, announced the appointment of Rev. Canon Johnstone McClelland Snowden, rector of St. George's Church, as archdeacon of the diocese in the city of Ottawa, in succession to the late Ven. Archdeacon Alfred William Mackay of All Saints' Church.

His lordship also announced the appointment of the additional archdeacons in the diocese. Rev. Canon Bliss of Smith's Falls, becomes archdeacon for the western part of the diocese, and Rev. Canon C. O. Carson of Hawkesbury is archdeacon for the eastern portion of the diocese.

It was intimated that a successor will be appointed to Mr. John Foxberry, O.C., chancellor of the diocese, who has been appointed a justice of the supreme court of Ontario, and will reside in Toronto.

One member of the synod was somewhat skeptical as to the advisability of allowing the press to take down all the proceedings of the synod.

"We want to put all our cards on the table," he said. One hundred and ten delegates from all parts of the synod were present, 60 of whom are laymen.

Estimated Population For the City of Ottawa

Ottawa, Jan. 27.—According to figures given out by City Assessor P. H. Veale, the population of Ottawa increased substantially last year. He reports an increase of 3725. The figures for this and last year follow: 1919, 104,007; 1920, 107,732; increase, 3725. It may be explained that these figures are only up to Oct. 1, 1919. It is believed by the officials that the population at present is much nearer 110,000 than it is to the official figure.

QUEBEC WINTER CARNIVAL

The mayor of Quebec and the citizens' committee on winter sports have arranged a most attractive program for the winter sports season in the Ancient Capital.

Every week-end is literally crammed with sporting events of much interest, and at least one church parade is scheduled for each Sunday until Feb. 17, when the carnival officially closes.

Hamiltonians Visit Ottawa To Ask for Machine-Gun Unit

Ottawa, Ont., Jan. 27.—The desirability of having a permanent machine-gun unit stationed in Hamilton was urged on Hon. Mr. Guthrie, minister of militia, by a strong delegation from that city this afternoon.

Underwriters Spring Surprise On Chatham Fire-Fighters

Chatham, Ont., Jan. 27.—(Special)—A representative of the Underwriters' Association paid a surprise visit to the city today and tested the capabilities of the fire department which has recently been placed on a two platoon system. Both platoons were at the alarm boxes, which were pulled within a few minutes of each other, in record time.

Kingston.—(Special)—E. E. Cain was elected chairman of the board of health for 1920.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 9 Minutes to Answer This. No. 95

The old phrase, "as difficult as to give the first cost of a lobster," originated in the house of representatives during the bitter war over protective tariff between John Quincy Adams and Andrew Jackson in 1829, when the latter was elected in opposition to what was known as the "American system."

The member, when pressed to tell what he knew about the price of lobsters could only say that "prices vary, but the original lobster catchers receive as many shillings for six dozen lobsters as they get lobsters for—32 cents."

ANSWER TO NO. 94.

The diagram shows how the milkman can cover his route in four straight moves, although requiring him to go somewhat out of the bounds of his neighborhood, which fact, however, violates no condition of the problem.

(Copyright, 1919, By Sam Loyd.)

Find Rich White Mica Mine In the Province of Quebec

Quebec, Que., Jan. 27.—A rich white mica mine has been discovered and will be operated shortly in the Tache Township, Saguenay district. A prospector named Maguen, of Sherbrooke, discovered the mine, and experts who analyzed it state that it is of the richest and clearest kind available.

Some Kingston District Roads Rendered Impassable by Snow

Kingston, Ont., Jan. 27.—(Special)—The country roads are in a terrible state as a result of heavy snowstorms. Some have not been passable for days.

Hamiltonians Visit Ottawa

Ottawa, Ont., Jan. 27.—His excellency the Duke of Devonshire, formally opened the Ottawa winter dog show here this afternoon. The show was arranged by the Central Canada Kennel Club and is being held under the auspices of and for the benefit of the relief fund of the Great War Veterans' Association and promises to be a decided success.

Newfoundland Snowstorms Demoralize Railway Traffic

North Sydney, N.S., Jan. 27.—Travelers arrive here from Newfoundland report that traffic on the Newfoundland Railway is still at a standstill owing to the continued snow storms which have prevailed for several weeks. Trains which left Port Aux Basques with snow plows were derailed after proceeding a short distance, while trains proceeding by powerful rotary snow plows coming from the opposite direction met with similar fate.

JUGO-SLAVS ACCEPT ALLIED ULTIMATUM

Agree to the Proposed Settlement of the Adriatic Question.

Berne, Switzerland, Jan. 27.—A Belgrade despatch says that the Jugoslav government has decided to accept the allied ultimatum with regard to settlement of the Adriatic controversy.

The decision to accept the ultimatum was reached by a small majority, and after a long discussion, the despatch adds, the Jugoslav reply will be sent to Paris within 48 hours.

Under the settlement plan, as set forth in the allied ultimatum to Jugoslavia now reported accepted, the city of Fiume was to be independent, under a league of nations guarantee. The port and the railroad terminals of the northern part of Albania, it was set forth, should be controlled by the league of nations.

Charges of Profiteering in Humming Birds and Skunks. Chicago, Jan. 27.—The Illinois Women's Fair Price Commission, which distributed 26,000 blank "complaint" cards, received only ten replies from women who believed they were victims of profiteering.

Killed With Bank's Revolver; Judge Dismisses Damage Case

Montreal, Jan. 27.—Mr. Justice Dugas today dismissed an action brought by J. H. Sheehan for \$1,500 damages against the Bank of Ottawa in connection with the death of his son, shot and killed by Douglas E. Stott, a clerk who had borrowed the bank's revolver. The judge contended that the fact that the bank entrusted a revolver to an employee was not the direct cause of the boy's death.

Duke of Devonshire Opens Ottawa Winter Dog Show

Ottawa, Ont., Jan. 27.—His excellency the Duke of Devonshire, formally opened the Ottawa winter dog show here this afternoon. The show was arranged by the Central Canada Kennel Club and is being held under the auspices of and for the benefit of the relief fund of the Great War Veterans' Association and promises to be a decided success.

Newfoundland Snowstorms Demoralize Railway Traffic

North Sydney, N.S., Jan. 27.—Travelers arrive here from Newfoundland report that traffic on the Newfoundland Railway is still at a standstill owing to the continued snow storms which have prevailed for several weeks. Trains which left Port Aux Basques with snow plows were derailed after proceeding a short distance, while trains proceeding by powerful rotary snow plows coming from the opposite direction met with similar fate.

NEW MUSKOKA GOLF AND COUNTRY CLUB

Links on Late Mrs. Massey Treble Farm on Lake Rosseau.

The summer residents of the Muskoka Lakes are at last to have a golf and country club. The three golf courses in Muskoka are owned either all in part by hotel companies, and at the height of the season have been very much overcrowded.

For several years members of the Muskoka Lakes Association have been inspecting properties suitable for a golf and country club, and at the same time easily accessible from all points of the Muskoka Lakes. The property has at last been found, and the Muskoka Lakes Golf and Country Club, Limited, is the result. A charter has been granted by the provincial government for a company with a capital stock of \$250,000.

The directors have purchased from the National Trust Co. sections of the estate of the late Mrs. Massey Treble, "Lilywood Farm," and also the adjoining farm, situated on the south-western shore of Lake Rosseau, between Port Carling and Port Sandfield. Lilywood Farm has long been one of the show places of Muskoka.

An excellent motor road was built several years ago from Port Carling to Lilywood Farm, making it possible to drive to the new country club from any point on Lake Muskoka, or from Toronto.

The properties have a beautiful bathing beach of over three-quarters of a mile, which is an attraction in Muskoka and to be appreciated by all members, an eighteen-hole golf course is to be built, work to be started early in April, 1920.

Four championship clay tennis courts are to be built on six bowling greens. A large and luxurious club house is to be built on the water's edge this spring containing a ballroom 100 feet long which will be ready for use by August 1, 1920. There will be provided whirlpools, accommodation for motor launch and boat houses for canoes and rowboats. The Muskoka Golf and Country Club is sure to become the social centre of the Muskoka Lakes, and the directors intend to make it possible this summer for Muskoka residents to boast of a country club as fine as can be found at any watering place or summer resort in Canada.

NAT RAY DRIVES SECOND IN PACE

Second Also in Trot on Opening Day at Mt. Clemens Ice Meeting.

Mt. Clemens, Mich., Jan. 27.—The fourth annual winter race meeting of the Mt. Clemens Driving Club opened at 11:30 a. m. this afternoon with the usual racing weather and the largest attendance in the history of the club for its winter meeting.

The track was in excellent condition as is shown by the time made in the slow pace. In the 2:30 pace seven horses scored for the word with the absolute pacer, Komala, selling at \$100 against \$90 for the lead and the Canadian contingent backing the Canadian pacer, while the Detroit and Michigan horsemen took the lead with Star Richmond their preference, but the winner turned up in the speedy Dan M., owned by Jimmie Romero of Detroit, and admirably driven by Tommy Sheridan, the fast chestnut pacer in a quarter in 32 1/2. Komala acted badly at the starting, and got away back. Valeris overhauled the field, but could not quite reach the flying Detroit pacer which beat Komala in a rousing finish. In the second heat Komala jumped and swung into the fence on the first trial and then distanced.

In the 2:20 trot Frank Cares uncovered a trotter in Red Top, owned by Nick Amels, of Halfway and proceeded to tramp on the field in straight heats, being in no danger at any time. The summaries:

2:30 Pace—Purse \$100
 Dan M., ch.f., by October (Sheridan) 1 1 1
 Star Richmond, b.g. (Ray) 7 2 2
 Bob McKinney, b.g. (David) 4 3 4
 Union Hall, ch.g. (Fawcett) 5 6 4
 Komala, b.m. (Stewart) 2 3 2
 Peter Peterson, c.s. (Wagner) 3 4 3
 2:20 Trot—Purse \$400
 Red Top, ch.g., by Baronsale 1 1 1
 Valeris, b.m. (Ray) 2 2 2
 Lolita, b.m. (Stewart) 4 3 3
 Star Ostrich, ch.g. (David) 3 4 4
 Ella Custer, ch.m. (Overly) dis
 Time, 2:19 1/2, 2:19, 2:22.

FRIDAY NIGHT'S BOUTS.

Frankie Schoell will be Frankie Bull's opponent at the army and navy boxing show at Massey Hall on Friday night in the main bout, ten rounds at 138 ringside. The other three non-consumers should also provide some rare milling. That between Ebor and Joyce is for the Canadian bantam weight title and both have deposited \$200 to make 118 pounds to go as a side bet. Lisner and Goodrich are the royal couple to put up a great bout as the two always please the fans. Benny Gold and Eddie Gallagher are another evenly matched pair who should furnish a great mill. The bill looks like the best one seen here in years.

A new Pacific International Baseball League has been organized, Vancouver, B.C., Seattle, Tacoma and Spokane were formally granted franchises, and Astoria, Ore., was given two weeks to accept or reject a franchise.

CHESS

A record and representative number of entries have been received for the Dominion Victory chess tourney, to be played at the rooms of the Toronto Chess Club, 58 Church street, commencing Monday, Feb. 2, and a long list of champions and ex-champions, well-known exponents of the royal game, will enter into competition for the Dominion chess championship. The following have entered: Joseph Sawyer, former Dominion champion; Dr. Wm. Winfrey and H. Rombach, representing the Westmont and Young Men's Hebrew Association Chess Club, all of Montreal; Capt. J. E. Harvey and W. B. Hume of Toronto University; Sidney E. Gale, former champion of British Columbia; a former city champion; J. S. Morrison of Edmonton, present Dominion champion; Malcolm Sim of Sand Hill, chess editor and former city champion; Joseph Price of Clarkson, former city champion; H. J. Lane, present city of Toronto champion; and Wm. Cawwell, champion of the Beaches Chess Club, Toronto; J. Rosen, champion of the Junction Chess Club, Toronto; W. W. Cushing and H. N. Kiltson, representing the Hamilton Chess Club; T. Harry Jones of Brantford; W. W. Robson of Toronto, champion of the local Military Chess Club; G. F. Griffin, who is expected to represent the Winnipeg Chess Club.

BRITISH MINERS TO MAKE DEMANDS

Unless Granted, They Threaten to Ask All-Round Increase in Wages.

London, Jan. 27.—The miners' delegates when they meet Premier Lloyd George tomorrow, intend, according to report, to ask that the government reduce, immediately the price of industrial and export coal and proceed with the limitation of coal owners' profits. The limitation to be retroactive.

They also will demand that the government take steps to reduce the price of food and clothing to a reasonable basis.

The miners threaten as an alternative to demand an immediate all-round increase in wages amounting to five shillings daily.

PROMISED WEAVERS CHEAPER FOOD IN CANADA

London, Jan. 27.—Discussing the emigration to Canada last week of carpet weavers from Kildermister and Halifax. The Westminster Gazette says:

"With an undertaking to give the men six pounds, ten shillings and the women five pounds a week, the recruiting agent also gave them the assurance that food was cheaper in Canada than in England."

The Westminster Gazette adds: "It is so, it is manifestly a post-war development, for the Canadian tariff has more protectionist duties on foodstuffs than any other English-speaking country. No pretence has been made that the tariff or labor code of the Dominion directly protects factory workers from the competition of newcomers from abroad. Canadian carpet makers are protected from British."

If it rains on the bride as she goes to be married, she will see pleasure come from all her trials.

TOO MANY "PROS" IN BOXING BOUTS

Police Commissioners Keeping Watchful Eye on Toronto Tournaments.

Protesting that boxing promoters are "getting too much out of the bouts" staged in Toronto, a citizen has written the board of police commissioners asking them to investigate the matter. It was charged that tournaments were put on under the auspices of Soldiers Associations and that the percentage of the receipts that was turned over to these organizations was very small. The board decided that if there were any further charges of the promoters overcharging they would be asked to show their receipts and disbursements and the commissioners would act accordingly.

In short, it means from the attitude of Chief Grasset in giving out the statement to the press that, unless the bouts are put on to the satisfaction of the citizens, "pro" bouts might not be held as often as they are being staged at present.

An order submitted by the chief and approved by the board regarding inspection of windows and doors in the business section, will be issued shortly. Constables will be expected to try all doors and windows accessible. They are not expected to climb over fences or other obstructions, unless they are suspicious that some person is there with illegal intent.

FINANCIAL REPORT

The chief presented his annual financial report as follows: The police benefit fund for 1919, showing a surplus of \$57,000. W. T. Riggs wrote the commissioners suggesting that police helmets be done away with and "tin Hikeys" issued to the men. The informant is of the opinion that the tin helmets would be more handy to the men in riotous cases, but it was ascertained by the department.

P. C. Miller was awarded a merit mark on recommendation of County Crown Attorney Green for capturing thieves breaking into railway cars at Constables Beach, Wilkinson and Davies tendered their resignations.

MOVIE CENSORSHIP IS MISUNDERSTOOD

Only Home-Made Advertising Needs Scrutiny by Authorities.

Enquiries and protests made by moving picture theatre-owners indicate that a misunderstanding exists with regard to an order covering advertising in theatrical advertising matter, according to Mr. G. Elliott, chief inspector of theatres for Ontario. The department's position on this matter is available to all theatre-owners, and is already being explained by the department. The scope as to cover 99 per cent. of the advertisements compiled by theatre owners or managers, quite apart from prepared matter—that must be called home-made advertising—that must be sent to Toronto for censorship.

"Apparently there has been a misunderstanding on the part of the newspaper and theatre owners of Ontario," said Mr. Elliott, "with regard to the recent order-in-council requiring all advertising matter in connection with films to be censored. If the theatre owners use the advertising matter known as 'press sheets,' furnished by the film companies, this will reach them already censored. There is no advertising in any of these press sheets. The only advertising in these press sheets is that which is compiled by advertising experts. The theatre owner can select his advertising from the press sheets and send it to his newspaper without sending it to be censored. As I have already pointed out, the theatre owner can select his advertising from the press sheets if it is forwarded to theatres. Advertisements arranged by theatre owners—that is, those from these press sheets—must be sent to Toronto for censorship."

COURAGEOUS WOMAN TACKLES BURGLAR

Robert Sinclair, no home, was arrested last night by Policeman Harper, charged with burglary from Annie Morris, 9 Centre avenue. Sinclair and another man, it is said by the police, entered the Centre avenue house and were ransacking the premises when Mrs. Morris came home. Sinclair was in a bedroom and the other man was standing in the doorway with an overcoat on his arm. The woman tackled him and after striking her in the face and knocking her down, he fled from the house. Mrs. Morris got up and caught hold of Sinclair and managed to hold onto him until Harper arrived.

INQUEST NECESSARY

Former Sergeant-Major of Princess Pats Found Dead With Symptoms of Alcohol Poisoning.

Charles Sidney Shaw, aged 40, was found dead last night at 4 Edward street. Dr. Livingston, 53 College street, was called in before the police to conduct the inquest. It was in the opinion of the doctor that death was due to poisoning. Detective Tuff is investigating the case and as far as could be learned last night it was thought Shaw died from an overdose of alcohol. Shaw was married and lived at 41 McGill street. He was formerly a company sergeant-major of the Princess Patricia's and served with the 3rd Battalion, corner's inquest will be held at the morgue today.

Smoking Fire Expels Travelers From C.P.R. Station in London

London, Ont., Jan. 27.—Fire, which started near the furnace in the basement of the Canadian Pacific station, about 5:30 p.m., caused between \$4,000 and \$5,000 damage before it was extinguished. So dense was the smoke that all station employees and waiting passengers were driven from the building and city firemen had great difficulty in locating the seat of the trouble.

NEW STAR DISCOVERED

Cambridge, Mass., Jan. 27.—The discovery of another new star was announced tonight by the Harvard College observatory: the Nova being discovered in the course of examination of plates taken nearly two years ago. The position was 14h 25m 44s, 44 hours, 45 minutes, 24 seconds; declination minus 29 degrees, 27.8 minutes (1900).

COMMISSIONER AT MONTREAL

London, Jan. 27.—Captain Evan J. Edwards has been appointed senior territorial commissioner at Montreal. He replaces G. T. Milne, appointed commercial secretary of the British legation at Havana.

ATTACK AMERICANS WITHOUT WARNING

Commander of Armored Train in Siberia Got Drunk and Opened Fire

Viadovostok, Jan. 27.—American soldiers are still in possession of the armored train captured near Verkhne-Udinsk on January 10 from Russian troops belonging to General Semenov's command.

On the evening of the ninth the commander of the train arrested the station commandant at Verkhne-Udinsk, but was forced to release him. Angered, the commander got drunk and proceeded to open fire at one o'clock near his armored train alongside the box cars in which the American detachment were sleeping, and without provocation, opened fire with machine guns on the men.

The American sergeant commanding the detachment and the men under him defended themselves. They rushed from the train, scrambled over the armored sides, routed the Russians and captured the train and those who still occupied it.

A signed statement of the captured men states that the Russians fired on the Americans without warning, and that this armored train since January 1 had aided in the robbery and brutal murder of more than 40 men and three women.

Col. Morrow in a despatch says that General Semenov personally is not to be blamed for the action of his subordinates. It is believed here that a peaceful settlement of the incident is possible.

The trouble caused some delay in the American evacuation of Transbaikalia, but two trains started, one on January 16, and the other on January 17, eastward, indicating that a settlement of the difficulty had been reached.

Eighteen hundred Americans are already on their way to Manila aboard the transport Great Northern. Preparations for the complete evacuation of Siberia continue, but they depend upon the time that it will require for the 27th Regiment to travel from Verkhne-Udinsk, which is on the eastern side of Lake Baikal, to Vladivostok.

To stand with the back to a mirror when being married means much gossiping about you.

Missing Plane Washed Ashore With Crew on Florida Coast

Miami, Florida, Jan. 27.—The navy seaplane which was many hours overdue on a flight between the Bahamas Islands and Palm Beach Florida and for which a general search had been ordered by the navy department, has drifted ashore with all members aboard safe, near the small town of Vero, north of Miami, said a telephone message received here tonight.

National Christians Ahead in Hungarian Elections

Budapest, Jan. 27.—The results of the elections for the national assembly, held in Hungary on Sunday and yesterday, show a majority for the National Christian party over the Peasant party. Among the candidates without opposition are Count Apponyi, Count Andrássy former foreign minister; Karl Huszar, the premier, and Count Teleky, of the Hungarian peace delegation.

Argentina's Export of Cereals A Record for First of Year

Buenos Aires, Jan. 27.—Argentina's exports of cereals during the first 24 days of 1920 were the largest ever recorded for a similar period, according to figures made public by the customs house today. The exports totaled 640,000 tons, consisting of 320,000 tons of wheat, 250,000 tons of maize, 50,000 tons of linseed, and 20,000 tons of oats.

FRONT DOOR FOR FARMER

St. Catharines, Ont., Jan. 27.—That a convention will be held here on February 28th to nominate a United Farmers' candidate for the Dominion commons for the riding of Lincoln was announced tonight at a meeting in the interests of the U. F. O. held in the Family Theatre at which the principal speaker was R. H. Halbert, M.P. for North Ontario. He predicted that the time had arrived when the farmers representing the Saskatchewan commons for the riding of Lincoln should be satisfied with the political issues and leave a demand to enter by the front door.

O. E. Talisman, Organizer Wolloughby and John G. Smith, county organizer, also addressed the meeting.

Did you know that the expression, "tying the knot" grew out of the superstition? Among the Babylonians one part of the marriage ceremony was to take a thread from the garment of the bride and one from the bride-

THE Demand Will Exceed the Output—Place Your Order Now!

The Ford Company advise that, on account of the shortage of raw material, they entertain no hope of supplying the demand for Ford Cars during the coming season.

Our allotment of cars will be small compared with the demand that will exist in this territory. In order to obtain this allotment it will be necessary to show the Ford Company the actual orders.

As Ford Dealers in this district we are anxious to serve the community to the best of our ability. By placing your order now you will assure yourself of getting your car at a later date.

At close of program each union's "Mite-offer" for the year will be announced. UNIVERSITY LECTURE—The first of a course of six lectures on "Some Features of the Prehistoric Period in the British Isles," will be delivered by Sir Bertram Windle, LL.D., F.R.S., of St. Michael's College, formerly Dean of the Medical Faculty and Professor of Anatomy and Anthropology of the University of Birmingham, and President of the British Association of Scientists and Teachers, on Wednesday, Jan. 28, in the large lecture room of the University Physics Building at 4.20 p.m. Free to the public.

UNUSUAL COAT DRESS OF BROWN DUVETYN.

This coat dress of brown duvetyne is very unusual. The shawl collar and bands about the exceedingly short skirt are of sable squirrel.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

Mrs. Harold Macdonald and Mrs. Frank Harrison gave a small dance last night in Mrs. Bruce Macdonald's spacious house in Jarvis street (when she was not present). The house was fragrant with flowers, and an orchestra played the latest music. A buffet supper was served at midnight. Mr. and Mrs. Macdonald and Mr. and Mrs. Harrison received, Mrs. Macdonald wearing white satin with her overcoat and a cape of pearls; Mrs. Harrison was in navy blue and silver tulle with a beauty blouse and a corsetage of silver tulle...

Mrs. Wilbur Best gave a very enjoyable dance of one hundred at the Diet Kitchen last night when all the ground floor rooms were used for dancing, and an orchestra played during the evening. A buffet supper was served and the decorations were of freesias, daffodils and pussy willow. Mr. and Mrs. Best received at the entrance to the dancing room, the latter looking her best in white satin with silver embroidered rose tulle overdress, corsage of silver gullure edged with ostrich and a corsage bouquet of violets and sweetheart roses and carrying a bouquet of violets and Russell roses. A few of those present were: Miss East, in black and silver tulle, trimmed with silver; Mrs. Austin Meredith, black, trimmed with blue ostrich; Mr. and Mrs. Morine, the latter in black with scarlet fan; Dr. Seeley Woollett; Mrs. Woollett, white brocade satin and diamonds; Miss Clarke, blue with tulle...

Something of the proposed change in salaries may be estimated by the estimates, which show that the total difference between giving the recommended staff the regular scheduled increase and the 25 per cent. increase on 1919 salaries is \$547,351. The total of the city's assessment roll for 1920 for taxation purposes is \$840,099,490.

TOMORROW'S GRAND CONCERT

Women's Musical Club to Present Two Great Artists in Massey Hall. Miss Lenora Sparkes, the Metropolitan soprano, who makes her first Canadian appearance tomorrow night at the Women's Musical Club concert, is considered to be one of the best recital artists before the American public. Moscowitch, the great Russian pianist, who will also be presented by the club, has achieved most wonderful success, and is acclaimed by the press in Boston, New York and Chicago. A very large audience will be present.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or even just a little hard of hearing or have head noises, go to your druggist and get 1 ounce of Furmint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and mucous stop dropping into the throat. It is easy to prepare, costs nothing, and is guaranteed to give relief. Catarrhal Deafness or head noises should give this prescription a trial.

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her to Perfect Health.

153 Papineau Ave., Montreal. "For three years I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused. "I heard about 'Fruit-a-lives,' so decided to try it. "The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain—and I give 'Fruit-a-lives' my warmest thanks."

TORIES HAVE NO WISH TO FIGHT

Favor Independent Action by Electors in Drury Contest.

Milton, Jan. 27.—The convention of Conservative delegates, held here today, to consider the question of putting up a candidate in opposition to Hon. E. C. Drury, premier of Ontario, in the approaching by-election, was well attended. The delegates represented all parts of the riding, and numbered forty altogether. The discussion was free and general. The opinion that Premier Drury could be beaten by a Conservative was expressed by several delegates, but in most cases was accompanied by the advice that the Conservatives as a party should not precipitate a contest in view of conditions prevailing both in the assembly and in the government at Queen's Park. It was also said that in case of the party deciding in favor of no action, there should be a clear understanding as to the freedom of the individual electors. Some speakers declared Conservative electors must be considered unshackled by any party obligation if they favor giving support to a Liberal or independent Liberal in the event of a second candidate being nominated. John Willoughby, Georgetown, presided at the convention.

Visitors to Algonquin Park. Latest arrivals at the Highland Inn, Algonquin Park, include Mr. and Mrs. W. C. A. Lambie, Toronto; Miss M. T. Herbert, Gravenhurst; Canon Daw, Hamilton, and Mr. C. C. Ray, Ottawa. Weather is bright and the clear sunshine of Algonquin makes all winter sports very enjoyable.

Properly nourished children sleep well

Growing children need three things—lots of fresh air, good food and sound sleep. In other words they should play hard, eat heartily, get to bed early.

Every mother realizes this. But not every mother realizes how big a part milk plays.

Milk is nature's first food. It contains in balanced proportion just the elements needed for building firm flesh and sturdy frames and for making up the energy spent in play.

No other food in the world is like it. It is easily and quickly digested. An ideal stimulant for a tired, hungry youngster.

It should be used at every meal and in-between-meals too. It should be used plentifully—it is the cheapest food you can buy.

As a beverage. In soups, sauces, puddings. In creamed vegetables. In everything you cook. A glass at bedtime brings sound sleep and good health, for young old and alike.

THE FARMERS' DAIRY. Walmer Road and Bridgman Street.

Prevent bottle breakage these frosty mornings. Please put your tickets in the NECK of the bottle as shown—not on the bottom. It cost us over \$20,000 last year to replace broken and lost bottles. FARMERS' DAIRY Milk is richer than ordinary milk. It contains a higher percentage of butter fat than the authorities demand. It comes from the finest farms in Ontario, where all cows are regularly inspected, well kept and well fed. It is made safe by scientific pasteurization in the best equipped dairy on the continent. NO PERTURBATION IN WALL STREET

Collapse in International Credits Has No Appreciable Effect on Stock Values.

New York, Jan. 27.—The noteworthy feature of today's listless stock market was the absolute indifference manifested by its firm to strong tone to the further demoralization of the international credit situation.

MONEY AND EXCHANGE.

London, Jan. 27.—Money, 2 per cent. Discount rates: Short bill, 5 per cent.; three-month bill, 5 1/2 per cent. Gold premiums at Libson, 140.

Glazebrook & Cronyn, exchange and bond brokers report exchange rates at 2:30 p.m. yesterday as follows: Buyers. Sellers. Counter. N.Y. fds., 10 1/4 pm. 10 1/4 pm.

BANK OF HAMILTON DIVIDEND. Directors of the Bank of Hamilton have declared a dividend of 3 per cent., payable March 1, to shareholders of record February 18.

FEELING IS BETTER ON NEW YORK CURB

New York, Jan. 27.—While not exactly bullish in tone sentiment on the curb today was generally improved. The course of the market in the industrials was sharply upward at times as shorts were forced to cover their commitments by bidding higher in order to bring out stocks. The close was steady with some profit-taking evident.

Industrial stocks were the feature in the rich asphalt market, reaching 11 1/4, reacted a half point. Perfection Tire was strong, selling up to 5 1/2 with a reaction to 5 1/4 at the close.

PRESSED METALS. Pressed Metals was unchanged on the local curb yesterday at \$335 bid, \$335 asked.

FOREIGN EXCHANGE RATES. New York, Jan. 27.—Francs demand 1292; cables, 1290; marks, demand, 1.03; cables, 1.05.

BOARD OF TRADE

Manitoba Wheat (In Store Ft. William). No. 1 northern, \$2.77. No. 2 northern, \$2.77. No. 3 northern, \$2.77. Manitoba Oats (In Store Ft. William). No. 2 C.W., 95c. No. 3 C.W., 92c. Extra No. 1 feed, 82c. No. 1 feed, 82c. No. 2 feed, 81c.

HIT BY FALLING TREE. Woodstock, Ont., Jan. 27.—(Special).—Miles Service of Swesburg was seriously injured today while engaged in felling trees with a neighbor. A branch from a tree fell, striking him on the back. As a result he is paralyzed from the waist down.

TRADE TOPICS

The feature of the week in business is the continued light failure list, and the upward tendency of cotton, due to the advance in sugar.

In wholesale groceries, unusual activity for January is noted, and distribution is brisk. Rice and raisins are scarce, and canned fruits, preserves, jams and molasses soar upwards.

In wholesale boots and shoes there is some activity, and manufacturers are in the leather market, again, but there is no indication of easier prices, as the hide market remains firm.

The weather has retarded retail activity. Remittances are well maintained, and city collections fair.

UPTURN FOLLOWS DECLINE IN CORN

Demand for Foodstuffs Declared to Outrun Possibility of Providing Supply.

Chicago, Jan. 27.—Firmness developed in the corn market today after an early decline. One of the reasons for the rally was a bullish construction put upon the trade review of the federal reserve bank here.

ON CHICAGO MARKET

Hughes, Harcourt and Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn—The decline in foreign exchange and weakness in rye caused much selling at opening and slightly lower prices.

WINNIPEG GRAIN MARKET.

Winnipeg, Jan. 27.—Business in cash grain continues quiet, with a fair demand for oats, which were not offered in large quantities. There is a keen demand for the best grades of barley.

Some United States Dealers See Folly of Exchange Rate

Kingston, Jan. 27.—(Special).—The American dealers are evidently realizing that the exchange which is being demanded on Canadian money is hurting business. A local merchant who had canceled all orders in the United States, for the reason that he refused to pay the exchange, has been notified by the American firm that they will accept all his cheques at par.

CANADA FORGINGS STILL CLIMBING

But Stock's Performance in Montreal Market Yesterday Was Comparatively Tame.

Montreal, Jan. 27.—Two issues only furnished shares in excess of a thousand each on the local exchange today, these being Forgings and Brassiers, with Forgings again the market leader.

The stock was strong, as on the preceding two days, but the net gain at the close was of much smaller proportions, amounting to only 2 1/4 points as compared with 7 1/2 points on Monday and 22 on Saturday.

The best price for the day was a new high record since 1916. The close was at 221 with 22 1/4 bid. Little over 1500 shares changed hands.

MONTREAL PRODUCE MARKET.

Montreal, Jan. 27.—The domestic trade in cash oats today was quiet, but the tone of the market was very firm at the recent advance in prices noted. The market for flour continues fairly active.

DISCUSS EXTENSION OF ONE BIG UNION

Western Delegates, in Convention, at Odds With Easterners.

Winnipeg, Jan. 27.—(By The Canadian Press).—That the west was fighting the international and it was consequently necessary that western organization solidly against attacks before organizing in eastern Canada, was the contention of many delegates to the One Big Union convention here today.

Evidence in Winnipeg Court Favors Street Railway Co.

Winnipeg, Jan. 27.—(By Canadian Press).—That the Winnipeg Electric Railway Company has spent hundreds of thousands of dollars in executing orders of the public utilities commission was established before Mr. Justice Curran today in the case of the city versus the railway company.

Kitchener Y.M.C.A. Site Given By Breithaupt Leather Co.

Kitchener, Ont., Jan. 27.—(Special).—It was announced here today by Secretary McKellar that the Y.M.C.A. committee has accepted the site for the proposed building. A campaign to raise a building fund will be started shortly.

Passing of Robt. B. Kennedy, Prominent Guelph C. T. Zen

Guelph, Ont., Jan. 26.—(Special).—Death called one of Guelph's most prominent citizens, Robert B. Kennedy, when Robert B. Kennedy passed away at his home, 68 Kirkland street. He had been in the best of health until a week ago, when he was forced to his bed with what was considered an attack of grippe. He had conducted a photographer's gallery at 23 Wyndham street for many years. His work is being shown at the big exhibition through the United States and Canada.

Wouldn't You Like to Be a Partner in a Fuel Factory Like This?

This is only one of a chain of OAKOAL factories that will extend from Sarnia and Windsor to Quebec in cities having populations of 20,000 and over. In these cities there will be an output of some 4,500 tons daily, thereby effecting a balance of trade in favor of Canada and Canadians of some eight million dollars a year.

Out of this and the difference between the price of coal and OAKOAL the users of OAKOAL will save some four million dollars annually.

Shareholders in OAKOAL will participate in profits of nearly a million and a quarter a year, when this output has been attained.

This Toronto Plant is now being completed and will turn out some 300 tons of fuel daily (two shifts). The machinery has been bought and fully paid for, thus benefiting shareholders to the extent of a substantial cash discount. OAKOAL Engineers and workmen are now loading this specially designed briquetting machinery—British made (from the famous Yeadon Company). This will reach Toronto early in March, at which time the contractors will have the main building ready to receive it.

In this building, which is of brick and steel construction, the assembling of the specially treated ground, dried garbage, coal dust and chemicals will take place. The garbage will be received in the garbage building, where it is sorted and scientifically treated, after which it is conveyed to the main building by automatic carriers and pulverized with the coal dust.

The large building shown with the spouts is the storage shed. All these buildings are equipped with the most modern type of machinery, so as to eliminate every possible cost, that the public may purchase at the minimum price consistent with a fair profit.

The capital that is building and equipping this Toronto plant has been subscribed by some 500 citizens, including bank managers, wholesale, professional and scientific men, manufacturers, as well as farmers, mechanics and all classes of people generally.

This capital has been subscribed since last June, and as this was done without any tangible assets other than the Company's process and patents, it is reasonably certain that with this big, valuable plant, and the confidence and co-operation of Toronto's best citizens, the stock now offering for the erection of plants in Montreal, Hamilton and Ottawa this year will be quickly subscribed.

You have seen or heard of investments that have multiplied their original amounts by over a thousand fold, hundreds have multiplied by a hundred fold—and since OAKOAL is an essential product and the best coal substitute ever manufactured, there is no doubt but that it will beat the best of present industrials.

The conservative, careful management, with active Board consultation and expert legal counsel, insures shareholders' interests being amply protected—hence you are advised, if you have money for investment, to secure a block of this stock.

Millionaires in Toronto are engaged in the briquetting of coal dust. Their stock was not offered to and cannot be purchased by the public. Millionaires cannot control the OAKOAL industry. In the selling of its stock, the Company limited the allotments to \$1,000—making this a shareholders' company—a shareholders' organization, and under its new charter and reorganization, necessitated by the purchase of Quebec territory recently, the shares are offering at \$5.00—and you may purchase any quantity from ten to two hundred shares. We suggest that you lose no time getting further information concerning this great industrial.

In the manufacture of OAKOAL the Company not only produces the best fuel, which will always be sold below others, but in that production CONSERVES wastes, and in that conservation SOLVES the disposal problem of these wastes, thus they have an industry of a distinctly ESSENTIAL NATURE and ONE THAT WILL GROW WITH THE GROWTH OF CITIES!

This is undoubtedly the outstanding investment opportunity of the day, and we cannot impress upon you too strongly the wisdom of securing the Company's literature.

Our faith in OAKOAL is seen from the fact that after having fully investigated the Company, its methods, its process, progress and product, and seeing the list of shareholders and the character and calibre of the men associated with it, we purchased a large block of the stock and now offer it, subject to the terms of the Company's prospectus, which with other literature will be sent upon request.

On a basis of 4,400 tons per day for 300 working days per year at only \$1.00 per ton net profit, after allowing 8% dividend on a total issue of \$750,000 Preferred Stock, every dollar of Common Stock would yield \$2.52 per annum, and on the basis of an 8% investment every dollar of Common Stock would be worth \$31.50—thus every \$5.00 share of Common Stock would be worth \$157.50.

REVIVAL OF BUYING IN MINING STOCKS

Kirkland Lake and Beaver Among Strongest Issues in Firm Market.

As had been confidently expected, the mining market developed a fair measure of activity yesterday in comparison with the state of semi-stagnation with which the week opened, yesterday's transactions of 100,000 shares being more than double those of Monday.

Peter Singer in his weekly market letter says: No official word has been given out on the Teck-Hughes since the company started operations in October following the wind-up of the strike of the Kirkland Lake miners.

OTISSE DISPOSES OF MATACHEWAN CLAIM

SIMPSON'S FURNITURE & HOME FURNISHING SALE

Silk Shades Are High Tones

In a Room---Here's An Opportunity

Those who study the artistic possibilities of their rooms, are alive to the effects a well chosen lamp shade can produce. It stands out as a high color tone in the ensemble of the interior, and usually is chosen to emphasize one of the lesser colors in the rug or tapestry furnishings.

Today special facilities are offered housekeepers in the way of choosing excellent materials, skilfully fashioned into desirable shades. There are twenty-five in the lot, all made by experts in our own workroom.

Effective Styles

Included are several highly effective styles with scalloped edges and pointed shapes. Some have chintz bands and either plain or chintz linings. All are in 22-inch size. Choice of mulberry blue, rose or gold. Special today, each 13.50

Simpson's—Fourth Floor

A New Spring Hat!

Just arrived—new lisere shapes, in the rich lustrous finish that proclaims the fashion for "Spring" hats in the new season. Turbans, close-fitting styles, roll sides, sailors, mushrooms and chin chin are all here, but each has some different tilt or curve to denote their newness. Black, navy, nigger and taupe predominate and they are very specially priced from \$3.50 to \$6.50

Lisere Ready-to-Wears

The latest ideas are expressed in these very smart hats of fine lisere straw. All banded with silk cord ribbon and finished with silk linings. Black, brown, navy, nigger and taupe. Extra value today, \$5.00 to \$6.50.

Simpson's—Second Floor

Dressy Tailored Suits

Importations from New York that reveal the style tendencies of the new season and provide choice for those who desire exclusive advanced models.

Most of these stunning suits are of the ultra-tailored mode that lead the way for Spring. While materials include tricotines, Poiret twills, serges, gabardines and very snappy, very new colored checks. Priced, \$45.00 to \$100.00.

Simpson's—Third Floor

When You Come Home Tonight

What pleasanter prospect in all the world than the gleam of warm light in one's own window of a cold night? Creaking homeward through the snow, ears tingling, the day's worries all laid behind, senses keyed up to dinner and the pleasant aftermath of relaxation. Can it be surpassed?

But do you get the maximum of relaxation? Are your "lazy" chairs big and inviting? Does the firelight glow on soft, warm-colored rugs? Do the portieres in their colorings and texture satisfy the mistress of the home? Aren't there several little housefurnishing details you have long felt your home requires?

That is where the Home-Lovers' Club will help you. Firstly, it brings you all these things without requiring you to undertake the total outlay at once. A genuine consideration! Secondly, it advises you expertly on all matters of furnishings. And, thirdly, if you join the Club now, you will be able to participate in the great advantages of the Furniture Sale now under way. The Club is organized for your convenience. It invites your membership. See the Secretary, and join today.

The Home-Lovers' Club

Simpson's—Fourth Floor

Simpson's Salons for Imported Gowns

New Spring Frocks Arrive Daily

Exclusive individual models, mostly created from taffetas, in soft chiffon weaves. Georgettes in rich heavy qualities and unusual combinations of these two lovely fabrics.

Exploiting the vogue for simple, graceful lines and novelty of adornment, and certain of success with women who long for individuality in dress. To describe a few of the most recent arrivals:

Navy taffeta is seen in a unique frock with two bunched ruffles about the hips and short sleeves. A wee vestee, collar and cuffs are of dainty white batiste, with block design in baby blue, while airily floating from hip to hem is a narrow navy faille ribbon embroidered in blue and gray. Price .. 90.00

A Tete de Negre Taffeta

The new graduated skirt gathered into a cuffed hem with an upturned ruffle, a broad sash and slit sleeves, are interesting features of a tete de negre taffeta. The whole is glorified by gold tinsel embroidery in Persian design. Price 125.00

"Time doth not wither nor custom stale the infinite variety" of ways in which georgette may achieve wonderful frock effects. Here we see it in brown, with bodice, irregular tunic and sleeves embroidered in handsome geometrical design in brown and old gold. Imagine, too, the beauty of a girle of woven gold and silken threads. Price 110.00

Taffeta and georgette fetchingly combine in a model of navy chiffon taffeta, whose short slit tunic and panelled bodice reveal an underdress of navy georgette splashed with great tinted mums. Otherwise, the only adornment is stitched flutings and a hugely bowed sash. Price 125.00

Simpson's—Third Floor

The Wise Buy Furs Now

When Prices Are Most Reasonable

For they know that the upward advance of the fur market is likely to result in higher prices another season. Here are beautiful furs of "Simpson" quality from which to choose.

Dark Gray Australian Opossum Stole. Long shawl, with pockets in ends. Priced, \$67.50 to \$90.00.

Pointed Fox Animal Scarfs of exceptional quality, \$110.00. Muffs to match, \$110.00.

Suits Sport Cannot Injure

Red cheeks and bright eyes follow sliding down the icy hill or playing "shinny" on the pond. But, sometimes, too, a weary hour with the mending needle follows these playtime adventures. Isn't it advisable to secure boys' suits that are made to endure? Suits into which Simpson's clothing experts put high quality workmanship?

Boys' Belter Suits, \$16.50

Style and endurance combined in wool and cotton mixed tweeds. Quiet gray and green combinations in Belter model, bloomers, belt loops and governor fasteners. Sizes 6 to 12 years, 24 to 30 16.50

Suits for Small Boys

Nicely cut Junior suits in Norfolk model, 3/4-belt, buttoned up close to neck, with deep collar. Wool and cotton tweeds, knicker pants with waistband. Sizes 3 to 8 years, at .. 10.50

A Warm Pair of Knickers

Warm lined knickers for cold weather. Gray mixed stripes and checks and blue worsted finish materials. Sizes 3 to 10 years, at \$2.25 and \$2.50.

A Young Man's Shoe

That Meets All His Particular Wishes

Because it has the shape that appeals to the man taking pride in his personal appearance, and because it has the "stuff" in it that extends its life and its finish into several seasons, the Victor boot holds an established place in masculine preferences. The lines correspond with those most popular, yet the boot is designed to be comfortable. The word Victor spells its quality.

Distinctive Lasts

Here are three types which have won a reputation for satisfaction:

No. 6301-3—Men's Gunmetal calf, laced, recede toe, smart and graceful. A big favorite with dressy men. Widths B, C, D. Sizes 5 to 11 13.00

No. 6107-3—Men's Vici Kid bal, straight lace, genuine Kangaroo tip. This is a distinctive last worn by men who seek both comfort and style. Widths B, C, D, E. Sizes 5 to 11 13.00

No. 6301-3 F—Men's Havana Brown calf, laced, recede toe. This is the boot for the young man who desires to be tastefully dressed and comfortably fitted. Widths B, C, D. Sizes 5 to 11 13.00
