DR. NESBITT MAKES DENIAL  
OF 'COLONIZATION' TACTICS

Third Ward Conservatives Hold Enthusiastic Meeting and Hear Party Leaders.

St. Catharines, Oct. 3.—(Special.)—This village does not occupy a very large place on the map, but to-night it turned out 1000 people to give R. R. Gamey, M.L.A. for Manitoulin, an enthusiastic reception. He spoke over three hours, and at 11:45 the crowd was still calling "go on."

He was met at the station by J. J. Mahaffy, the leading barrister of the place, and a large number of the populace, who walked a mile to meet the member for Manitoulin, and, headed by a brass band, escorted him in a carriage drawn, not by horses, but by willing hands, to the hotel. Charters and outstretched hands greeted him all the way, and at the hotel he was quickly surrounded by admiring electors.

Blain's Rousing Speech.  
Gamey, Blain, Charters—this trio of winners were the only speakers to the large assemblage in the old drill shed, which was crowded to the doors. Jeff Mahaffy proved a popular chairman, and the ever-popular Dick Blain, as he is known all over Peel, was given an ovation when he opened with a rousing speech. He said he was delighted to welcome Mr. Gamey to Peel County. He then referred to his own country, challenging any of the members to vote cast by him in the house of commons which had not been in the riding. He also spoke of the two issues of the campaign, the G.T.P. and adequate protection. He was fully in favor of a government-owned road and not a railway-owned government. Adequate protection he considered consisted in not allowing the United States to export United States goods that could be made in Canada.

Mr. Kemp said he was much encouraged by the heartiness of the meetings he had attended. He believed the Conservative party, Dr. Nesbitt, who dwelt on the manner in which the local ridings had been administered, said it would make no difference as the majorities would be as generous as ever.

WAR SITUATION.

Small outpost fights constitute the sum of the activities reported from the vicinity of Mukden. The Japanese blockade of Port Arthur is so effective that Gen. Stoesel has been unable to inform the office at St. Petersburg of the situation. The report of the arrival of the Russian armored cruiser Bayan of the Port Arthur squadron at Hanchai Bay, near Shanghai, has no official confirmation.

NOBODY THINKS HOME RULE DEAD

—JOHN DILLON, M.P.

And He Points to Hon. Charles Fitzpatrick's Presence at Redmond's Montreal Meeting as a Proof.

(Canadian Associated Press Cable.)  
London, Oct. 3.—John Dillon, M.P., in addressing a gathering of Nationalists at St. Louis, said: "Nobody in England thinks home rule is dead; if they did I should advise them to turn their backs on the Atlantic and watch the tri-umphant progress of the leader of the Irish party, courted and welcomed by all the leaders of the great political parties in the United States. When he passed on into loyal Canada, which he used always to be quoted by Chamberlain when he sent a contingent to fight the Boers, yet we saw in Montreal last week the attorney-general of Canada, a good Irishman, coming to the meeting and taking his seat on the platform at the side of Mr. Redmond and telling Mr. Redmond he had been charged by the cabinet of Sir Wilfrid Laurier to convey to the Irish party the full sympathy of the Canadian cabinet in our demand for Irish liberty (applause)—that did not look very much like a dying cause."

4,000 JAPS SLAIN.

Russian Sorties Result in Annihilation of Their Enemies.

London, Oct. 3.—The Daily Telegraph's Nagasaki correspondent, calling under date of Sept. 25, says: "Terrible artillery conflicts are adding to the agony of the situation at Port Arthur. On Sept. 22 and 23 the Russians made sorties against positions held by the Kanagawa regiment, and desperate fighting ensued.

"The Japanese force was practically annihilated, only one non-commissioned officer and eleven men remaining alive out of the 4000 who went into the entrenchment. The Japanese tunnel into Port Arthur was completed on Sept. 24, and was immediately used. The result is unknown."

The Standard's Tokyo correspondent reports that the conference of bank directors was decided to issue immediately a third domestic war loan at \$40,000,000, completing the loans for the current fiscal year.

LAD DID THIEVING.

Galt, Oct. 3.—Within the last six weeks there has been much petty thieving done in and around Galt. As a result the police have been working overtime in an effort to locate the thief. Chief "Tommy" Galt, who is spry at his work, and that he worked off, is demonstrated by the fact that on Saturday night he arrested a young fellow named Lawrence Smith, who lives on Binecourt, and Smith's charges include the breaking into the houses of John McKeown, Francis Shurtle, and T. Clark, farmers in Havelock, and also into Wm. Thompson's and E. Henley's houses on Galloway street. The two remaining charges are of thefts from two farmers at Galt, amounting to \$100. The total thefts amount to \$250. Young Smith, who is a good-looking youth, pleaded guilty in the police court this morning to the charges, and was sentenced to the reformatory for a week for sentence. The Clark charge is the only one which was resisted.

FIRE AT FORT BRIDG.

Buffalo, Oct. 3.—Fire broke out tonight in the village of Fort Erie, Ont., in a barn adjoining the American Hotel, and before it was extinguished considerable damage was done. The American Hotel was consumed by the fire, and the hotel was destroyed and two dwelling houses also were consumed by the flames. The total loss is estimated at about \$7000. The loss on the hotel is placed at \$4000. The origin of the fire is a mystery. A spectator named David Babcock was seriously hurt by the falling of a ladder.

THESE SAW THE PREMIER.

Ottawa, Oct. 3.—To-day the premier's entrance room was crowded continuously by petitioners and delegates. R. D. Ryan, A.C., the candidate for East Simcoe; Arch. McNeil, editor of the Windsor, Ont., Free Press; O. P. Talbot, ex-M.P. for Bellefleur, and the Liberal candidate for that constituency; James McKelvey, Toronto, spoken of as a probable candidate in one of the Toronto seats; Thomas Murray, Pontiac; Peter Ryan, Toronto; and many other petitioners from all parts of the country are among the visitors.

DIED OF X-RAYS.

Orange, N.J., Oct. 3.—Clarence M. Daly is dead at his home at East Orange, from the effects of a cancerous growth, resulting from long continued persistence in exposing himself to X-rays in his laboratory. The history of his case shows him to have been a martyr to scientific devotion to the solution of the mysteries of the X-rays and fluoroscope.

Had Narrow Escape.

Ingersoll, Oct. 3.—The high wind Saturday morning blew the last line of glass out of the east side of the postoffice tower. A lady who had a narrow escape from serious injury. The pane of glass only missed her by a few inches and she was struck with particles of glass when it struck the sidewalk.

St. John's, N.F., Oct. 3.—The French steamer Stord, from Hudson Bay, has arrived here. She reports that the winter is rapidly setting in, and that an ice pack backed Hudson Strait on Aug. 12. There had been frequent snowfalls before Sept. 10. The temperature at that time was between 35 and 36 degrees. The Canadian cruiser Neptune was sighted on Sept. 10, proceeding west thru the straits.

LADY CURZON GETTING WELL.

Walmer Castle, Oct. 4.—Lady Curzon continues to make good progress. Her mother, Mrs. L. Z. Leiter of Chicago, who arrived yesterday, has been permitted to see her. Sir Thomas Barlow and Dr. Watson Cheyne, who were summoned from London to attend her ladyship, have returned home.

No Premiums given with Union Label Cigar.

"No nation quite understands the politics of another," said the Right Hon. James Bryce at the Canadian Club last night, by way of apology for continuing himself to imperial issues, and explaining the attitude of England upon the preferential tariff question. Since his first visit, thirty-four years ago, the progress of Canada suggested the contrast of a tranquil world with the rapids of Niagara. He hoped Newfoundland would soon be added to the federation. The South African war, whether wise or just, had enabled England to realize the solidarity of the empire thru the Canadian contribution, and he thought that a Canadian contribution to the navy would be accepted with gratitude and pleasure. English opinion had not shown itself favorable to a preferential tariff. The freedom of parliament in arranging the budget would be interfered with by any permanent bargain with the colonies. The working classes especially would tolerate no risk of increasing the cost of food, such as might occur in famine or war. England was tied down to a permanent tariff by treaty with them.
