

GOOD THINGS COMING TO THEATRES OF ST. JOHN

IMPERIAL'S THRILLER

PACKING THEM IN The following conversation takes place between Von Giehm and Ackland, art students in Paris, shortly before the war broke out, in connection with the great war picture "For France," at the Imperial tonight and Saturday:

Von Giehm:—Some day it may be necessary for Germany to teach the art of America the manners of Kultur! Ackland:—Indeed Herr Von Giehm, some day Germany may feel the weight of American fists.

HERE'S A VERY CATCHY NEW OPERA HOUSE BILL

The new Opera House vaudeville programme opening tonight offers some high grade features, including the famous Kimura Japs in a striking Japanese novelty act with surprising feats of juggling, foot balancing and spinning. Nov-5 Days, a splendid musical feature offered by a quartette of girls, all trained musically. The De Omos in a whirlwind dramatic novelty; Chas. B. Egan and Sunshine in a comedy singing and dancing skit, introducing old fashioned melodies and dances; and the usual chapter of the serial, "The Lion's Claw," with Marie Walscamp. The new serial is developing a very interesting story touching on the work of German agents in their effort to start a Holy War against British troops in Africa.

WILSON AND TUMULTU GIVE THEIR SECRETARIES TO ARMY

Washington, July 19.—President Wilson has agreed to the enlistment of his personal stenographer, Charles Swen, and the young man will join the army aviation service on August 1. Swen, who has reported the president's speeches and written his letters for more than five years, has been eager to get into the service ever since the war started, but until now the president would not approve. Secretary Tumulty's stenographer, Warren Johnson, also is about to join the army with his chief's consent.

Ronald Campbell, youngest son of P. W. D. Campbell, formerly of this city, who makes his home with his grandparents, Mrs. and Mrs. James Buchanan Garden street, has returned from Lowell, Mass., where he was fitted with a driving accident when a very little fellow and this necessitated amputation to the thigh. But he has pluckily gone through school life and indulged in numerous little boy's activities such as all ambitious lads like to do.

Now that Master Campbell has grown large enough to have the artificial limb fitted he is given a fresh start. Those who know him best are certain that his physical handicap will not deter him from succeeding, for he is bright and energetic.

AMERICANS BATTER DOWN THE GERMAN DEFENCE; ADVANCE GOES ON

With the American Forces on the Aisne-Marne Front, July 19.—American troops continue to hold the plateau southwest of Soissons where on Thursday the Germans made their last organized counter-attack. This soon fell down, however, so soon as the American heavy artillery got into action. This was one of the fiercest struggles. It resulted in the Germans falling back finally under the rain of heavy gunfire of the Americans.

With the American Forces on the Aisne-Marne Front, July 19.—American and French forces are continuing to advance their spearhead midway between Soissons and Chateau Thierry. The Americans took several towns in the course of the night. Early this morning the Americans resumed further progress. During the night German reinforcements were coming from the north but the expected counter-attack had not appeared up to early this afternoon.

Interest attached to the further rise of Paris 67s, which added 1.15 points to yesterday's three point advance. Liberty bonds were steady.

POLES OF AUSTRIAN SILESIA JOIN CZECHS AGAINST HUN POWERS

Washington, July 19.—The decision of the Poles of Austrian Silesia to join the Czechs in common opposition to the government of the Central Powers, has provoked great enthusiasm in Bohemia and Moravia, says an official dispatch from Zurich. Reports received there from Vienna said that the Austrian government is having increasing difficulty in suppressing the activities of the Czechs and Slovaks in their manifestations of hostility.

Chicago, July 19.—Cheering news and favorable weather gave a decided advantage today to the bears in corn. Liberal receipts tended also to pull down the market. The market fell about 1 cent, but the effect failed to last. THE BEST QUALITY AT A REASONABLE PRICE Duplicate Glasses If you are going on your vacation trip make an extra pair of glasses a part of your equipment. Such foresight may save you much distress and discomfort. When in St. John you can have a broken lens replaced in a few hours at Sharpe's, but when away from home such prompt and accurate service is not likely to be available. CECIL NO LONGER BLOCKADE MINISTER

MAJOR MITCHELL'S WILL

Widow of Former New York Mayor to Receive About \$50,000, Besides \$400 a Month for 20 Years

New York, July 19.—The will of Major John Purroy Mitchell, former mayor of New York, killed in an airplane accident, makes his wife, Mrs. Olive Child Mitchell of 258 Riverside Drive, chief legatee, but provides a cash bequest of \$10,000 to his mother, Mrs. James Mitchell of 447 West 162d street, which is to be paid as soon as possible. Major Mitchell's estate, consisting chiefly of stocks and bonds, is not believed to be worth more than \$25,000 although no effort has been made as yet to appraise his holdings. It was stated authoritatively that his insurance consisted of a policy which paid an annuity for twenty years, of which \$400 a month goes to the widow and \$200 to the mother of Major Mitchell. If the widow dies before the twenty-year period has elapsed the remaining annuity will be paid to her estate. In the case of the annuity for the mother of the decedent it goes to Major Mitchell's aunt, Mrs. Josephine Purroy, until her death and then to the widow. In addition to the annuity policy, the cash value of which is estimated at about \$100,000 by the insurance company, Major Mitchell had a policy of \$5,000 payable to his estate and the government insurance of \$10,000, payable to his wife. The will directed that the testator's mother and aunt, Mrs. Josephine Purroy, have the right to determine his burial place. He then provided for the best of his mother, and finally for the residuary bequest to his wife. Information obtainable here indicated that the widow will receive money and other property, including the insurance, aggregating about \$60,000, in addition to her income of \$400 a month, payable for twenty years.

AT LAST ACKNOWLEDGE THAT AMERICANS ARE OVER THERE IN FORCE

The Hague, July 19.—In outspoken comment on the growth of American strength in France, the Socialist Arbeiter Zeitung of Vienna, says there is no doubt that more than a million American troops already have arrived in Europe. It declares that this is a feat of organization as amazing as the creation of the British army.

TOKIO STIRRED OVER MATTER OF INTERVENTION IN RUSSIA

London, July 19.—Great efforts apparently are being made to break down political opposition to Japanese participation in intervention in Siberia, and there is a continuous coming and going of political and military personages, says a despatch to the Daily Express from Tokyo dated July 17. The leaders of the Seiyu-Kai, the chief opponents of intervention, had long interviews with Marquis Saionji and Prince Yamagata. Some quarters, it is added, expect that a coalition ministry will be created.

SINKS FRENCH STEAMER AND RAMS LIFE-BOATS

London, July 19.—A French steamer has been attacked and sunk by a U-boat, according to Reuters. The crew succeeded in getting away from the ship in two boats, but both of them were rammed by the underwater craft. There was only one survivor of the disaster. He was in the water for fourteen hours.

WINNIPEG POSTMEN THREATEN TO STRIKE

Winnipeg, July 19.—The letter carriers and porters connected with the government post office have forwarded an ultimatum threatening to strike on Sunday night unless their demands for a loan to consider their grievances is decided upon by that time. Toronto, July 19.—In spite of the threat that the organization of the Federated Carriers of the Railroads of Canada, on Wednesday night unanimously decided to strike if no favorable award was made upon the wages dispute now engaging the attention of the government and railroads. This announcement was made last night by delegates of the shopmen to the district trades council.

Coal at Eastport

The Eastport correspondent of the Bangor Commercial writes:—"An unusual sight these days, five coal vessels in the harbor at one time with cargoes, was witnessed recently. Three of the vessels were bound for Calais and the other two had cargoes for the firms of S. B. Hume & Son, and F. S. Milliken & Co. of this city, which relieved the coal situation in this city very much."

ST. JOHN, N. B., JULY 19, 1918.

The best war news of the year came yesterday. Perhaps the feeling in Paris that yesterday marked the ebb of Germany's offensive power is not fully justified, but it may be that this is true.

The counter stroke recently provided for similar protection for their manufacturers. Considerable stress is laid on the assistance which the German manufacturer, intent on forcing competition, received by means of special railway rebate on all goods intended for export, and by active encouragement of German trade abroad; and, probably one of the most successful efforts, by a liberal system of credits, although in this respect it is admitted that Germany in her anxiety to do business abroad has been more inclined in the past to give credit than to make sure of doing sound business.

The marriage of Joseph McHugh and Miss Margaret McLaughlin, daughter of Miss Margaret McLaughlin, was celebrated in St. George's church on Tuesday afternoon at 2 o'clock.

McCrack-Doolittle. The death of Mrs. MacWilliams, formerly manager of Woolworth's store, Moncton, and wife of late Rev. J. W. Doolittle, was announced yesterday.

The Difference. "Papa," asked little Percy, "what is the difference between a city and a village?"

The Censor was Censored. Paris—This is a true story of the censor's censor.

Envy. "They serve imitation butter at our house."

Something in That. Father looked up from his perusal of the morning paper, and remarked to mother:

Some Thing—Only Different. Everybody agreed that he was an awful bore, and he would keep you for hours talking about his achievements.

What was at the bottom of that fight between Bill and Joe?

SAVE YOUR ONIONS

The onion maggot differs from the cabbage maggot in its habits in that it deposits its eggs mainly on the leaves and stem of the onions and the young maggots find their way down into the bulb, where they soon reduce the latter to a mushy condition. If you notice that the young onions are drooping and the leaves are wilted and discolored it will generally be found that the maggot is responsible for this condition. Bats thus affected should be destroyed by burning. If they are in the compost heap the fly will be propagated.

One peculiarity of the onion maggot is that there are two or three broods of the fly in a year and the second crop of flies usually appears about the middle of July. Where trouble is anticipated it is a good thing to try the following potassium salt: Sodium arsenate, 1/4 oz.; molasses, 1 quart, water, 1 gallon. Apply the mixture in strips across the plot with a watering can.

SUES FOR \$200,000 FOR HUSBAND'S LOVE

Mrs. John De Zaldo Says His Father Destroyed Son's Affection For Her

Were Married in Secret—Plaintiff Was Working for a Living When She Met Son of Wealthy Cuban Planter

New York, July 17.—Frederick De Zaldo, a wealthy Cuban tobacco and sugar planter of 410 Park Avenue, was sued in the Supreme Court by his daughter-in-law, Mrs. Helen De Zaldo, for \$200,000 damages for alleged alienation of the affections of his son, John De Zaldo, the plaintiff's husband. Mrs. De Zaldo alleges in her complaint that she came to this country from Ireland in 1908 and supported herself by working in downtown offices until Dec. 9, 1908, when she married John De Zaldo. She says he provided her with a home at 18 West Forty-fifth street, near the residence of his father, then at 7 West Forty-fifth street. She says that after her marriage her husband divided his time between his home and his father's residence in order to "keep up the appearance of being a bachelor. She says her husband feared that if his father knew of his marriage to a young woman in poor circumstances it would have a serious effect on his father's financial arrangements in his behalf.

Mrs. De Zaldo says her marriage was kept a secret from her father-in-law until February, 1917, when her husband was stricken with appendicitis, while at the theatre with her and was taken to her home. Her father-in-law then saw her for the first time and learned of her marriage, her humble birth and of her efforts to support herself. Mrs. De Zaldo says her father-in-law at once told his son that he did not approve of his marriage, but at the same time feared that if steps were taken to dissolve the marriage the publicity "might disgrace him."

Mrs. De Zaldo further says that her father-in-law then set about destroying her husband's affection for her without separating them, and that she was "furnished with a miserable pittance to keep her from asserting her rights as a wife, and subjected to the threat of losing everything." She alleged that after her husband recovered from his illness his father sent him to Europe with other members of the De Zaldo family, while she was forced to live in a boarding house out of the city, paying \$7 a week for that purpose out of a remittance of \$80 sent her every two weeks. She says that after her husband's return from Europe she lived with her until June, 1914, when he left her as the result of his father's influence upon him.

ST. JOHN'S GREATEST MERCANTILE EVENT

Oak Hall's Annual Mid-Summer Sale Started Yesterday Morning—Stores Open Tonight Until 10 O'Clock.

Although the weather yesterday was far from pleasant, it did not prevent hundreds of people from attending the opening day of our annual sale. It just goes to show that the people of St. John certainly appreciate real attractive values when offered by the old reliable Oak Hall store.

For months our buyers have been fighting against an uphill market to accumulate a stock of merchandise that could be offered at attractive prices, and our many friends who visited us yesterday were certainly most agreeably surprised by the high values which were offered at such really economical prices.

Judging by the first day crowds and comments, we have no hesitation in predicting that this sale will make us many new friends, especially from among those who had many grave doubts as to whether we could offer the real far-sighted economies which we had done at previous sales; even those who came through curiosity were greatly pleased with the values shown, bought, and are now our friends and regular customers.

This sale will continue until a week from Saturday, and we have made such preparations that every day our stock will offer real economical opportunities.

It Was Correct.
This teacher was having some trouble with a certain pupil in grammar. "Now, little girl, would it be proper to say, 'You can't learn me nothing?'" "Yes'm, it would," replied the girl. "Oh! Perhaps you'll tell me why?" "Cause you can't!"

BRITAIN APPOINTING TRADE COMMISSIONERS

Four in Canada and All Parts of Empire to be Represented

Toronto, July 19—G. T. Milne, for five years British government trade commissioner in Australia, arrived in Toronto this week on the way to Montreal, where he will assume similar duties. He said that it has been decided to increase the number of trade commissioners from four to fifteen or sixteen. Under the new scheme, so far as the allocation of posts has been decided at present, it is probable that four of the commissioners shall be stationed at important centres in Canada, the senior in Montreal, dealing also with trade in Newfoundland; two trade commissioners will be stationed in Australia, one in New Zealand, two in South Africa, two in India, one in the West Indies, one in the Straits Settlements, and one will be unattached to any definite station overseas, but will be available in the department for any special service.

Self-Government Plans For India

Now Preparing For Limited Form of Home Rule Result of War

Period of Training for Prospective Citizens Must Intervene Before Power is Transferred

London, July 18.—(British Wireless Service)—Eventually to set up in India a responsible self-government is the avowed purpose of the plan of limited home rule for that country which has been prepared for submission to the British parliament by Edwin S. Montagu, secretary for India, and Ramsay MacDonald, secretary and governor-general of India.

The chief aim of self-government can be attained, however, the authors of the new plan say the Indian people should have a period of training in self-government and an ultimate attainment of the desired goal depends upon the Indian people themselves.

The report has been made public by the government for purposes of discussion and criticism. It has not been definitely adopted in all its details by the war cabinet.

Leading up to a description of their new plan, the official announcement says that "decisions of both our own and American statesmen concerning the rebuilding of the aims of the Allies have given new force and vitality to the growing demand among the progressive sections of the Indian people for self-government."

The Indian secretary of state, members of which are appointed by the king, will be a council of persons.

Contributions to the government of India will be the maintenance of provincial revenues. The remaining provincial revenues are to be administered by the provincial governments.

Judgment In Kierstead Case

St. John, N. B., July 17.—Mr. Justice Barry's address to Kierstead, the condemned wife murderer, made a profound impression—especially the appeal for the children. The general feeling seems to be that justice has been done to the unfortunate woman so cruelly battered to death. The case of "The King versus Kierstead" as one lawyer remarked, will occupy a prominent place in our books of law, and will be turned to again and again in the future.

The judge's charge follows: Robert Kierstead, you have been tried by a jury of your country and found guilty of having, on the 22nd of December last, murdered Elsie Kierstead, your wife, in the mind of those who hear the evidence given at your trial there can be no doubt that on that day, nearly a year ago, you were in the act of murdering your own wife.

A Baby's Skin

What is so beautiful as a baby's soft, smooth, velvety skin? And how is it to be kept free from chafing, irritation and distressing eruptions? This is every mother's question.

Many have found the answer in the use of Dr. Chase's Ointment. Applied after the bath, this soothing, healing ointment overcomes irritation of the skin and prevents the development of eczema and other annoying skin diseases.

PLAN TO OCCUPY VLADIVOSTOK

FREE HAND FOR CZECHO-SLOVAKS

Allied Intervention in Russia Coming—Developments on Murman Coast Discussed by German Writer

Shanghai, July 19.—A despatch to the Daily News from Peking says the allies have decided in joint intervention in Siberia in the landing of British, French, Japanese and American contingents, who, however, will only occupy Vladivostok so as to permit the Czechs-Slovaks to operate inland. The correspondent adds that he understands the aggressive force will not exceed one division.

On the Murman Coast.

Amsterdam, July 19.—The developments of the Murman coast in Northern Russia are beginning to interest the German newspapers vastly. They are the subject of a long article written by Max Behrman, correspondent of the Berlin Vossische Zeitung in Stockholm. He writes that, according to his information, the recent rumor of a British advance from Petschanga toward Finland has not been confirmed. The Entente aim, he says, is to link up the Murman coast with the Caspian and Czech-Slovak operating between the Ural Mountains and the Volga River, for which purpose the Archangel and Vologda railway offers excellent facilities.

"Vologda," the correspondent continues, "where four Entente representatives are now residing, has become the most important railway junction for the Steppes services, and it is also connected by a branch line with Perm, where the Czech-Slovak empire begins."

Although this Steppes line has not yet been used for military purposes, according to Behrman, it is most useful for propaganda purposes, and accordingly he gravely blames the Soviet government for what he terms its impudence in allowing the Entente diplomats to go to Vologda.

DEMAND THAT GERMAN PEOPLE BE TOLD TRUTH ABOUT AMERICAN ARMY

Paris, July 19.—Several south German papers, commenting on the American successes, demand that the German high officers publish the facts concerning "the American peril" as it is evident that they now hold the people in ignorance of the "new danger to German military success." A majority of the principal German papers continue to ignore the existence of the American army in France, dismissing the American successes with a few lines.

ROOSEVELT WANTED FOR N. Y. GOVERNOR

Saratoga Springs, N. Y., July 19.—The movement to bring about the nomination of Colonel Roosevelt by the Republican party for governor of New York took definite form last night after a session of the state Republican convention, when Attorney General Merton E. Lewis, chief rival of Governor Whitman, issued a statement announcing he would withdraw if the colonel would become a candidate.

Miss Pyne is a daughter of Edward Pyne of 61 Brin street, and Miss Humphrey is a daughter of Sylvester Humphrey, of 184 Prince street, West St. John.

SOLD ALCOHOL SPLITS

Fredricton, N. B., July 18.—Two violators of the intoxicating liquor act, 1916, appeared in the police court today. One charged with purchasing liquor from a person unauthorized to sell it, was convicted and given a fine of \$30 or three months in jail. Another was charged with having liquor in his place of residence and he was convicted and given a similar penalty.

The two young men concerned were arrested this morning at a fairly early hour. The police by making the arrest interrupted a quiet business which appears to have been started by a young boy employed in a drug store of the city without the knowledge of the proprietor. The boy would make up alcohol "spits" half alcohol and half water, and this he sold to private customers. This morning his customer resold the "spit" at a profit to another person and both were arrested. The boy employed at the drug store was before Police Magistrate Limerick privately this afternoon.

The police, after making the arrests, visited the drug store in question and found that the money which had been paid for the "spits" was not rung on the cash register indicating that the youthful employee was making all the original profit.

QUENTIN ROOSEVELT MAY STILL LIVE

New York, July 18.—Colonel Theodore Roosevelt just before leaving the city for Saratoga (N. Y.), to attend the Republican state convention today, received a telegram from General Pershing, in which the American commander expressed the hope that Lieutenant Quentin Roosevelt, the colonel's son, reported killed in an aerial battle in France, may have landed safely.

MANY PATRONIZE SWIMMING SCOW

Need of More Dressing Rooms as Often a Long Wait is Necessary

That the present state of the city swimming scow at the foot of Kennedy street, is a popular one is evidenced in the fact that patrons often have to wait for more than an hour to procure a dressing room. On Wednesday it is estimated that fully 100 were unable to enjoy a swim owing to the large crowds in attendance. Hampered by lack of dressing rooms friends crowd as many as four into the small rooms and despite this many patrons are unable to remain long enough to have a dip in the clear water. There is talk of a petition being circulated throughout the North End asking the commissioner of harbor and ferries to do a small amount of repair work to the wharf leading to the scows, and also if possible to provide more dressing rooms.

Mark Burns, the swimming instructor, is a general favorite and his lessons are proving beneficial to many and a large number of boys and girls, in addition to young men and women, have learned to swim, due largely to his patience and instruction. From morning until dark young and old flock to the scow and may be seen diving, jumping and sliding into the water. Even on wet days the patronage remains the same and as the weather gets warmer swimming will undoubtedly become more popular.

WITH MILITARY HONORS

When the body of the late Joseph Emerson Eaton, son of Mr. and Mrs. Chas. F. Eaton, of Princeton, who died at Camp Devens, Mass., on the night of July 14 from meningitis, was brought to Milltown, N. B., full military honors were accorded, the body being escorted to the train by officers and members of his company. The procession, headed by the Depot Brigade Band marched through the Cantonment to Divisional headquarters where the body draped in an American flag, was saluted by the commanding general and his staff. At the station his officers and company drawn up in line presented arms and so remained for five minutes, thus paying the highest tribute of respect that can be given an officer or enlisted man under military regulations. Capt. R. S. Fuller was detailed by special order from the War Department to accompany the hearse to Milltown, where brief services were

City Celebrates Franco's Day

News of Victory Adds Zest to Obedience in Honor of Gallant Allies—Funds for French Red Cross

Yesterday was in truth Franco's day. It had been set aside in this city to secure financial assistance for the French Red Cross and five performances were held for that purpose in the Imperial Theatre. While they were going on the great success achieved by the French army was received over the wires.

The programme included special pictures. In the first series of pictures, which was donated by Eadie Fross, the beauties of Franco's ancient architecture, of her shining waters were shown in natural colors. Following this a film depicting the work in one of the Canadian Flying Corps camps was thrown upon the screen. The next picture was a wartime drama which excited much applause, and the last group of pictures was composed of three of Miss Warner and her hospital unit.

After the pictures, Miss Pauline Baird gave an impressive reading of "The greatest number of them ally and the curtain then rose to disclose a very picturesque tableau, in which Mrs. J. V. Anglin represented that "mother" the Red Cross, personified, and holding in her arms a wounded soldier, Master House artist, Miss Phyllis Gilmore and Mr. Haley kindly gave their services as singer and reciter. Miss Kathleen Gallivan's fine rendering of the Marseillaise closed the programme.

The Imperial was crowded for all five performances, and it is expected that a large sum will have been raised for the French Red Cross fund. Donations of \$50 from the Royal Standard chapter, L. O. D. E.; \$25 from the Young Women's Patriotic Association; \$24 from a collection taken at the Opera House; \$12 from a collection taken in King Square; \$220 from the Woodstock Boy Scouts, and \$117 from Sussex Red Cross have already been received, and there are a great many contributions from all parts of the province which have not as yet been tallied.

The Lancaster Red Cross Society held a special meeting last evening to collect together all donations received by the members for the French Red Cross appeal, to pack a case of hospital supplies

for shipment and to present to the faithful convener of the cutting committee, Mrs. John J. Dunlop, a life membership in the society. The meeting was a very successful one. It was found that through the generosity of all who had been asked by the members to contribute to the French Red Cross appeal that the Lancaster branch had already realized \$280.00 for this fund and has had more money promised to it. The articles packed for shipment were as follows: 60 pillow cases, 180 towels, 72 suits of pajamas, 54 hospital shirts, 1

quilt, 126 handkerchiefs, and 750 pairs of socks. Of these articles 83 suits of pajamas were made by the ladies of the Brunswick Chapter, I. O. D. E., who are working for the society each month. The presentation of her membership pin to Mrs. Dunlop was a very pleasing feature of the evening.

CHAUFFEURS' UNION

A meeting of the Teamsters' and Chauffeurs' Society, held last night in the Odd Fellows' hall, a committee was appointed to attend the next meeting of the city council in order to get the council to take action with regard to boys under eighteen years of age being allowed to drive teams and cars in the city. The committee consists of president, John Watson, vice-president, Edward Chisholm, and George Paris. Twenty new members were enrolled, making the full strength of the society 192 members. The meeting was addressed by J. Kemp, president of the Trades and Labor Council, and by G-

Success of Offensive May Have Big Influence On Future of World War

To the Americans alone in the region west of Soissons came four thousand prisoners, thirty guns and much more material. Additional large numbers of captives and further great stores of guns, ammunition and other war necessities, were taken by the French. Before all the positions of the American and the French the guns and machine guns out to pieces fleeing hordes of the enemy or bands which tried to withstand the onrush. The blow, probably long in its inception is being aimed at territory vital to Germans—territory that capture of which not alone would mean the forced retirement of Germans from the entire salient extending south east-ward across the occupied region from Soissons to Rheims with Chateau-Thierry its southern apex, but possibly would result in the capture of thousands of Germans operating there, many of them comprising the best soldiers of the German Emperor's armies.

PENETRATE AT LEAST SIX MILES.

Six miles apparently was the furthest point of penetration made by the Allies in the first day of fighting. This was at Buzancy, south of Chateau-Thierry which they captured.

From the region west of Soissons to the north west of Chateau-Thierry American and French armies have begun a strong offensive against the Germans which possibly may have a marked influence on the future of the world war. In its initial stage the movement has been rewarded with great success. All along the 25 miles the French and American troops have dashed in brilliant fashion across positions held by the Germans, killing, wounding or capturing thousands of the enemy and taking twenty villages, towns and large quantities of guns and other war supplies. Nowhere, according to last reports from the front has the enemy been able to stay the progress of the assailants although counter-attacks were resorted to on some important sectors after the first stages of surprise occasioned by the unexpected attacks had worn away and passed through eastward, at several other points distances of from four to five miles were reached from the original starting line.

At Soissons the Americans and French came to within a mile of the city. Altogether more than twenty villages fell into the hands of the Americans and French all along the battle-line. All along the front on both sides of Rheims the Entente troops continue to hold the Germans wherever they have seen fit to launch attacks. East of Rheims the French have recaptured Prunay but south of the Marne in local fighting they have lost some further ground. The German official communication asserts that in this region success attends the Germans.

Southwest of Villers-Bretonneux, in the Amiens sector, the Australians again have smashed into the German line—this time on a front exceeding a mile in length, capturing guns and prisoners. East of Hebuterne the British also improved their positions. The Germans are continuing the bombardments of various sectors held by the British in France and Flanders.

SUPREME COURT HEARS ARGUMENT ON EXEMPTIONS

Ottawa, July 18.—Judgment may be given by the supreme court of Canada tomorrow afternoon in the important matter of the application for habeas corpus which will decide the question of validity of orders-in-council promulgated on April 20, and involving the possibility of parliament being summoned in the event of the application being granted. Subsequent to over six hours of argument pro and con by counsel the supreme court, at 4:30 this evening adjourned until 2 p.m. Friday, when it is expected judgment will be given.

The case for Private Edwin Gray, the applicant, was presented at length by Mr. F. H. Chrysler, K.C., Ottawa, Mr. Kingsford Smith, K.C., Montreal, and Mr. R. B. Bennett, K.C., Calgary, adding a few words only. For the department of justice, Mr. L. S. Newcombe, K.C., deputy minister, appeared to defend the validity of the order-in-council, assisted by Mr. W. N. Tilley, K.C., of Toronto. Broadly speaking, counsel for the applicant maintained that the war measures act of 1914 does not delegate to the governor-general in council, the power to amend the provisions of the military service act, by order-in-council, the argument being that parliament should have passed a statute amending the military service act, and that, as a consequence of its failure to do so, the cancellation of exemptions by the April order-in-council was illegal. The argument that parliament should have passed an act instead of a resolution confirming the order in council, was pressed and appeared to meet with some sympathy from the bench. Mr. Justice Illingworth, Mr. Justice Anglin and Mr. Justice Brodeur put questions which appeared to indicate a leaning towards this view, while the argument was challenged by the chief justice, Sir Charles Fitzpatrick, Mr. Louis Davies, and Mr. Justice Duff.

In support of the validity of the order-in-council Mr. Newcombe maintained that the governor-general in council had full authority under the measures act to alter the military service act. Parliament, he said, delegated fully authority to the executive to take any steps necessary to deal with any emergency arising in connection with the conduct of the war. Mr. Tilley argued that there was no doubt as to the intention of parliament in this respect, and that the government in council had powers to the governor-general in council. He thought that, if the emergency should arise the government in council could increase the number of men the government is authorized to raise under the M. S. A. beyond the 100,000 provided for in that measure. In a word, he maintained that parliament had authorized the government to take any action necessary. Parliament had not definitely surrendered any of its powers which could be taken back at any time. It had simply turned over to the executive a domain of legislation. The argument was closed by Mr. Chrysler who held that there was no emergency in April last because parliament by a suspension of the rules and the application of closure could have passed the necessary legislation without delay.

Our Made-To-Measure Garments Are An Outstanding Exception In The Maze of High Living Costs

IT is difficult if not impossible to enumerate a single item in the routine of everyday existence, but what has doubled, trebled, or even quadrupled in cost. Practically nothing has escaped, whether the classification be necessities, luxuries, amusement, travel, etc. One of the exceptions in the labyrinth of soaring prices is English & Scotch Woollen Co. Made-to-Measure Garments. These cost substantially the same as in former seasons, and are just as worthy of your complete confidence—probably this explains why our business is greater in volume now than at any time in our history. It is a significant fact that we are tailoring today for many men who formerly paid from \$35 to \$65 for their garments—men who do not have to count their dollars in buying clothes, and who would not accept inferior kinds at any price.

HAD we not prepared over two years ago by anticipating conditions that now exist in the woollen market we could not keep in force our standard prices for tailoring without very materially cheapening the quality. This is why we are absolutely sure of our position of extreme value-giving—we compute the expense of the garment we make for you on a cost schedule of 18 to 24 months ago, since which time woollens have trebled in value.

INTERESTING GAME IN ST. JOHN PATRIOTIC BASEBALL LEAGUE Military Headquarters and Acadia in Contest—Umpire's Decision Has Been Protested An interesting game of baseball was played in the St. John Patriotic Baseball League series last evening on the Barrack Square, between a team representing Military Headquarters and the Acadia. The game went seven innings and ended six to five in favor of the latter team. The captain of the military team has entered a protest to the secretary of the league on the grounds that a decision rendered by the umpire in the first of the seventh inning lost them a chance to win. Arsenault became a base runner for the military team in this inning and reached second in safety. A ball was hit to the pitcher of the Acadia, who fumbled it, and then attempted to throw the runner out at first. In so doing he drew the baseman off the bag and the runner arrived safely. On the play Arsenault dashed for third base and overran the bag, but he scrambled back and the ball coming from the first baseman, went wild and he scored. The Acadia contended that Arsenault was out for overrunning the base a considerable distance to the rear, and this contention was upheld by the umpire, Robert Schuch, Schupp, Demaree, Smith and McCarty; Packard, Donk and Gonsales. Tom Sharkey was in the navy back in the 80s, where he won the title of the "Blighting Tar," and came out to make Corbett, Fitz and Jeffries go the limit in the race for the world's heavyweight championship. "Bill" Roper was one of Princeton's greatest of football players. The Conciliation Board investigating the dispute between the St. John Street Railway and their employes over the question of an increase of wages, met yesterday to check the evidence. FAIR VALE HOUSE BURNS

A dwelling house at Fair Vale, owned by G. H. Burnett and occupied by his son, James C. Burnett, was destroyed by fire last evening. The house was a total loss and very little of the furniture was saved. The fire was caused by the flames from a broken oil lamp. Mr. Burnett was going upstairs with a lamp in his hand, when he slipped and the lamp dropped. The bowl broke and the flood of oil ignited. Before the blaze could be extinguished it had secured a firm grip on the woodwork and had got beyond control.

Mr. Burnett summoned his neighbors, but in the absence of fire-fighting facilities, it was impossible to save the house. Some of the furniture on the lower flat was saved. House and furniture were only partially insured and Messrs. Burnett suffer a heavy loss.

CASE DISMISSED

Magistrate's Judgment in Charlotte Street Matter

Finds in Favor of Young Men Who Had Been Arrested—Text of Court's Delivery

In a case against two young men, who were recently arrested on a charge of refusing to obey an order of the police, relating to the police and against one for exceeding the speed limit, Magistrate Ritchie this morning decided that the charges had not been sustained and the case was dismissed. His judgment was as follows:

The defendants are charged, as entered in the police book, first with refusing to obey an order of the police, secondly for resisting the police, and a third charge against one of the defendants for exceeding the speed limit while turning the corner of Union street into Sydney street.

But besides these charges there is an additional charge mentioned in the police book. I have to consider not only the refusal to obey an order of the police, also the question of law, involving the rights of every taxpayer, every citizen. The police have authority, the people shall have their rights.

The evidence in the case consists of the testimony of Messrs. Clinch and Armstrong, who were with the commissioner on the corner of Coburg and Union streets; the two policemen and two other witnesses.

Mr. Clinch for the prosecution testifies that one of the defendants stopped the car when Commissioner McLellan called out. Then the commissioner and one of the policemen got into the car and continued to talk and the commissioner got on the car and then there was a struggle. After the struggle, Policeman Duffy came along.

Mr. Armstrong, also for the prosecution, testified that the car came along Charlotte street and went around the corner where the commissioner called "Stop." The car did stop and backed up towards the commissioner, who at the time was walking towards the car. Then there was loud talk, wrangling, noise. They were struggling, pushing and pulling when the commissioner said "Stop." He said the defendant did stop the car and backed up after the commissioner called out. There was general wrangling and a good deal of excitement.

Now what do the police say? Officer Duffy testifies that when he got there at 12:45 in the morning Commissioner McLellan was on the car and he asked him to put the three men in the car under arrest. He says he jumped on the car, but he did not put his hand on the men. The five of them on the car away after the car arrived at the garage. When at the corner of Charlotte and Princess streets Commissioner McLellan and one of the defendants had some words, they were talking about to fight. Mr. Clinch for the prosecution and Commissioner McLellan took the other defendant to the police station. Policeman Duffy swears he did not know what took place before he went to the car at Dwyer's in Union street.

What was all the arguing and struggling about as sworn to by Mr. Clinch and according to Mr. Armstrong? What was the cause of the loud talk, wrangling, noise, struggling, pushing, pulling, general wrangling and excitement as described by Mr. Armstrong? There does not appear to be any charge against any one for all this on the public street.

Policeman Duffy, who was in the guard room when Commissioner McLellan and the policeman and defendants arrived at the station, testified that Commissioner McLellan wrote the charge on a piece of paper, but the words "under the influence of liquor" were not there. He could not say when Hopkins wrote what he put in the report, but it is now when he next came to the office. As to the making of the charge, I have said, the commissioner, corner, Hopkins and the chief of police signatures to what purports to be a correct transcript of the police book. Does all this disclose anything to justify the arrest of two citizens under the circumstances as detailed by witnesses for the prosecution?

When the defendant was asked to stop, did he not stop? Indeed, according to Mr. Armstrong did he not back up his car? Now who was it, according to Mr. Armstrong, that was struggling, wrangling, pushing and pulling? Had all this anything to do with the subsequent arrest and the placing of two citizens in the cells all night until court hour the next day? One of the defendants is charged with not stopping. Where is there a little of evidence to support this or the other charge? One resisted the police in the discharge of his duty? The evidence shows that Commissioner McLellan ordered Policeman Duffy to put the three men under arrest. For what offence? For not stopping—why, the car not only stopped but backed up. For resisting? Duffy does not say there was any resistance and he was the policeman who was told to make the arrest. Then the men were not under arrest at Dwyer's in Union street. The third charge is for speeding around the corner into Sydney street, but that event happened after the order was given to arrest the men, and if speeding he was doing so with the commissioner and police on the car. Does not all this show conclusively the necessity of the officer who makes the arrest forthwith entering in the book the offence committed that caused the police to make the arrest?

Let us go back to the old practice that prevailed under Chiefs Marshall and Clark and do away with the loose method of writing on a piece of paper, copying on a sheet and then entering the charge in the police book.

Neither in the evidence nor under the law do I find the charges sustained. The onus of all cases is on the prosecution to make out the case and the defendants are entitled to any reasonable doubt. Therefore I grant the motion on behalf of the accused and the case is dismissed.
