ESCORTED TO DEPOT BY TORCH BEARERS

THE DUKE AND DUCHESS EN ROUTE TO REGINA

They Took Part in Formal Opening of New Building of University at Winnipeg.

Winnipeg, Sept. 26.—At the conclusion of the ceremonies at the city hall this afternoon the Duke and Duchess were driven to Government House where they lunched with Lieut.-Governor and Mrs. McMillan.

At 3 o'clock in the afternoon the Duke and Duchess assisted in the formal opening of the new building of Manitoba university. There was another large crowd gathered about the university, and the Duke and Duchess were loudly cheered when they drove up and entered the grounds. They were presented with an address, and after the Duke had replied were taken into the building to sign the register. Three thousand school children marched on a great stand, sang patriotic songs, and a cadet company of young Indian boys gave an exhibition drill. Participants and spectators joined in the strains of "God Save the King" when the Duke and Duchess took their leave.

The Duke and Duchess and the members of their suite with a number of prominent Canadians were guests at dinner to-night at Government House. The city was brilliantly illuminated, and during the night there was a torch-light procession and an elaborate display of fireworks. The night scenes on the streets with the lights, decorations and moving crowds were very attractive. Hundreds of men bearing torches escorted the Duke and Duchess to their train at 10 o'clock, and gave a parting cheer as it pulled out for the west.

The next stop on the tour will be made to-morrow at Regina, where the Duke and Duchess leave the train for a few hours. They will receive an address and during the night there will be a torch-light procession, where they will be entertained at luncheon.

Gift for Duchess. Toronto, Sept. 26.—The ladies of Toronto will present the Duchess of Cornwall and York with a writing set of Canadian gold, set with Lake Superior emeralds and ornamented with the monogram of the Duchess and the Canadian emblem, the beaver and maple leaf, the whole enclosed in a carved box of bird's-eye maple.

Regina, Sept. 27.—The Duke and Duchess of Cornwall reached here at midnight and were accorded a cordial reception.

There was a large crowd gathered at the C. P. R. depot when the Royal special arrived, and the Prince and Princess were cordially cheered. Lieut.-Governor Harkin and a large delegation of officials and citizens were waiting at the station to extend the formal greetings. The local troops and police paraded and formed the escort of the Royal party to Government House.

The Duke and Duchess got their first touch of winter to-day. They awoke to find the prairies covered with snow and the thermometer holding close to the freezing point.

The westward journey was continued late in the afternoon.

EXPRESSES SYMPATHY. King Edward To-day Received Mr. Choate, United States Ambassador.

London, Sept. 27.—King Edward received United States Ambassador Choate in audience at Marlborough House this morning, and personally renewed to him expressions of deep sympathy and cordiality with Mrs. McKinley and the American people, already expressed in his telegrams at the time of President McKinley's assassination. Mr. Choate left with King Edward a letter as follows: "I desire to express in person by sincere appreciation of Your Majesty's constant sympathy with Mrs. McKinley and the American people, and the profound thanks of my countrymen for this noble interest."

The audience was strictly private. No one else was present in the room where it was held.

A representative of the Associated Press says that the King was most cordial in his remarks, expressing warm regard for America and the Americans.

THE GUN WAS LOADED. Brookville, Ont., Sept. 28.—Two young children of W. Bolton, Portland, were playing war when the gun, which they did not know was loaded, was discharged, the bullet passing through both lips of the youngest child.

THEY LOST MONEY.

Passengers From Nome Return With Less Than They Had When Going In.

Port Townsend, Wn., Sept. 27.—The steamer Senator has arrived from Nome with nearly five hundred passengers and over half a million in treasure. Out of a large number of passengers on the Senator, not one of them brought out, it is said, as much money as they took in. All speak in the highest terms of the country as a mining section, but say that the laws are such that it would be years before the country will open up. They say that not one new claim has been opened in the vicinity of Nome this season, for the reason that when prospectors find pay diggings, some one comes along and claims it by right of prior location, and it is then tied up in court.

The largest nugget ever found in the north was taken out of Avnil creek on September 14th. It weighed 37 ounces, and is valued at \$1,552.

A rich strike is reported at the head of Grouse gulch. The claim was bonded for \$50,000, and the bond had lapsed but a few days when the strike was made.

Sick and indigent people at Nome have reached such large numbers that the question what shall be done with them is the main topic. Just before the Senator sailed a mass meeting was to be called for the purpose of raising money to send that class out on the last boat.

EFFECT OF WAVES

Are Gradually Wearing Away South Shore of Hanlan's Island.

Toronto, Sept. 28.—The city engineer's department has taken the annual measurements of Hanlan's island from the historic period, and the result of the wearing away effect of the waves is almost alarming. During the last six years the waters have encroached 150 feet on the south shore of the island, they have receded on the west side of the island, and at one place the shore has extended over 200 feet.

A DOMESTIC SERVANT TAKES CARBOLIC ACID

Committed Suicide as Result of Lovers' Quarrel—Great Lakes Lumber Shippers May Combine Interests.

Toronto, Sept. 27.—Lilah Silverborn, a young domestic, fifteen years old, residing with Mrs. Leonard at 150 Beach avenue, committed suicide by taking carbolic acid yesterday as the result of a lovers' quarrel.

May Combine. All vessel property owned by the large lumber shippers on the Great Lakes, it is said, will be merged into one large combination during the coming winter.

Smallpox. Smallpox is reported from the township of Lewland, Manitoulin islands.

Fatal Runaway. Collingwood, Sept. 27.—Chas. Lawrence, president of the Great North Exhibition, was instantly killed last night by being thrown from his buggy against a tree, breaking his neck and fracturing his skull. His horse took fright at a hand organ and ran away.

Moncton, N.B., Sept. 27.—Ed. Wallace, who was in jail on Wednesday night on the charge of being implicated in connection with the death of Paddy Poireas, at Glouce Bay, C.B., on Saturday night, has been released, the evidence of his guilt being too meagre.

Dwelling Destroyed. Sydney, N. S., Sept. 27.—Henry M. Whitney's law residence here was destroyed by fire at an early hour this morning. The loss, \$20,000, is covered by insurance. The fire is thought to be due to incendiarism. The family are away.

Sudden Death. Ulverton, Que., Sept. 27.—Rev. Jas. Curran, rector of Trinity church, Kirkdale, while attending a social in the Congregational church, last night, dropped dead.

CANADIANS HONORED. Col. Cartwright a C. M. G. and Trooper Mulloy a D. S. O.

London, Sept. 27.—A long list of honors and promotions conferred for service in South Africa occupies 27 closely printed pages of the Gazette to-night. Companionships of the Bath, companionships of the Distinguished Service Order, companionships of St. Michael and St. George and brevets have been scattered with a lavish hand throughout all ranks and branches of the Imperial forces. Major Burnham, the scout who was on the staff of Lord Roberts, gets a companionship of the Distinguished Service Order. Lady Sarah Wilson is decorated with the Royal Red Cross 2nd class, and the Canadian corps, becomes a Companion of the Order of St. Michael and St. George, and a half a dozen other Canadians receive the companionship of the Distinguished Service Order, including Mulloy, the blind trooper.

SPANISH NAVY. If Funds for Defences Are Refused, Admiral Valkerer Proposes to Abolish It.

Madrid, Sept. 28.—Admiral Valkerer has prepared a report for presentation to the Queen Regent asking for the necessary funds for the defence of the coast, in the event of their being refused, that the Spanish navy be abolished.

SIR THOMAS SAYS HE IS HOPEFUL

WELL PLEASSED WITH CHALLENGER'S WORK

Owner Wants a Good Strong Breeze—Complaint Regarding Barr Manoeuvring at Start of Race.

London, Sept. 27.—Sir Thos. Lipton this morning cables to his friends here: "Am very hopeful," but the feeling is not reflected by public opinion, which foresees defeat for Shamrock II, in her races with Columbia for the America Cup.

The afternoon papers similarly derive scant comfort from the stories of yesterday's contest.

As the St. James's Gazette points out, in spite of all suggestions that the conditions prevent accurate judgment of the comparative merits of the two yachts, "the plain fact stands out that under a condition of weather which was the same for both, the American boat got a good bit nearer the winning line than ours."

The Pall Mall Gazette is practically alone in thinking that the American experts are easily satisfied if they are already convinced that Columbia is the better boat. The paper's comment is probably based on the conclusion of its own correspondent's long account of the race, which commences: "Columbia did much to shatter Lipton's hope yesterday," and concludes: "The day's sailing did nothing to suggest that Shamrock will not win in a good breeze. I think she will."

Alleged "Crowding." New York, Sept. 27.—From an authentic source it was learned to-day that there was a very strong feeling on the part of Capt. Sycamore and those in charge of Shamrock at what they term "crowding" of Shamrock at the start yesterday by Capt. Barr. "If he is going to continue these tactics there will be serious trouble," said the writer's informant.

"What he did yesterday would not be tolerated for an instant in a race in British waters. He must not expect us to stand it and we won't. Our relations with the New York Yacht Club and with the principals in this event have been so extremely pleasant that it is to be hoped one man's action shall not be permitted to mar the rest."

Sir Thomas said to an Associated Press representative to-day: "While yesterday's race was not at all a fair test of Shamrock's speed, I was very well satisfied with what she did. What we want is a good strong breeze from the northwest, or any other quarter for that matter, but plenty of it, and then I'm sure Shamrock will give a good account of herself. We are all very pleased at the excellent manner in which the course was kept clear. It could not have been better done, and I hope it will be so throughout all the races."

Capt. Sycamore and his crew overhauled Shamrock's sails this morning.

Weather Forecast. Washington, Sept. 27.—The weather bureau this afternoon issued the following bulletin: "2 p.m.—The wind off Sandy Hook on Saturday morning will be light to fresh easterly, probably increasing to brisk in the afternoon."

GUARDING CZOLGOSZ. Precautions Taken to Prevent McKinley's Assassin Committing Suicide.

Auburn, N. Y., Sept. 27.—Czolgosz is in a normal condition to-day and seems to have fully recovered from his fit of collapse last night. There are five cells reserved for him in the prison, and Czolgosz was placed in the only vacant cell, so all are now occupied. Two keepers are constantly on guard in the room, which is separate from the main prison, but to guard against an attempt on Czolgosz's part to commit suicide two more guards have been added, and one will constantly sit in front of Czolgosz's cell and will have a key, so that any attempt at self-destruction can be easily frustrated.

VICTORIA EXHIBITION Victoria's exhibition will be formally and officially opened on Tuesday afternoon at 4 o'clock. The fair will be declared open by His Royal Highness the Duke of Cornwall and York. Two bands will be present at the opening ceremonies, and acrobatic sports will be provided, and by evening everything will be in full swing.

Just prior to the opening there will be a parade of live stock, and from that time on until the exhibition closes there will not be dull moment. Every day will, of course, have its distinctive features, not the least interesting will be the sale of pure bred stock, which will begin on Thursday.

STORM AT OMAHA. Omaha, Neb., Sept. 27.—The heaviest storm of rain and hail for years struck Omaha vicinity yesterday. Many telephone and electric light poles were blown down and street cars were blocked. Down town streets were like small rivers and wooden sidewalks were washed into the street in a dozen places.

There was an almost continuous suspension of lightning flashes, which prostrated the electric systems during the storm. In Council Bluffs the Northwestern yards were under two feet of water at one time, and down town cellars were flooded.

REPORT DENIED. Antwerp, Sept. 28.—There is no truth in the report published in the United States by a news agency yesterday that two Anarchists, Peter Paterson, N. J., have been arrested here.

OATS FOR AFRICA. Toronto, Sept. 28.—It is understood that during the present week five hundred thousand bushels of Canadian oats have been purchased for shipment to South Africa.

ABDUCTED MISSIONARY.

A Letter From Miss Stone—Brigands Demand 25,000 Turkish Pounds Ransom.

Constantinople, Sept. 26.—Rev. Mr. Haskell, a missionary at Samakov, Bulgaria, has received a letter from Miss Helen H. Stone, the American missionary, who was carried off by brigands. It does not reveal the whereabouts of Miss Stone, but says she is in good health, and has been well treated by the brigands, especially in the earlier stages of the abduction. Latterly, in consequence of the vigorous pursuit of Turkish troops, she has been subjected to privations. Miss Stone adds that the brigands demand a ransom of 25,000 (Turkish) pounds. The opinion is expressed in Constantinople that the Bulgo-Macedonian committee was actively concerned in the abduction of the missionary.

ENTERTAINED AT BANQUET.

Vancouver, Sept. 28.—J. B. Charleson, superintendent of the construction of the government through telegraph line to Dawson, was banquetted by citizens of Vancouver last night. G. B. Maxwell, M. P., presided, and among the guests present were J. Fletcher, circuit manager C. P. R. telegraphs, western division, who has been associated with telegraph in British Columbia ever since the C. P. R. connected the Pacific Coast with the outer world by rail and telegraph lines; H. Cowan, editor of the Atlin Claim, the first paper in the northern gold fields; Major Wood, of the N. W. M. P.; Dawson; W. McCaffrey, manager of the government assay office, Vancouver, and many other prominent gentlemen.

GEO. PULLMAN DIVORCED.

Chicago, Ill., Sept. 27.—The bishop to-day granted a decree of divorce of Mrs. Lyn Pullman from Geo. M. Pullman, son of the palace car magnate. Alimony was fixed at \$1,000 a year, and the plaintiff was granted permission to apply for an increase of her maintenance and her attorney's fees later. Mr. Pullman, who is now in California, let the suit go by default.

HON. WM. MULOCK WILL NOT RETIRE

REMAINS IN CHARGE OF HIS DEPARTMENT

Report That Hon. James Sutherland Is to Succeed Him as Postmaster-General Contradicted.

Ottawa, Sept. 28.—The report published in a morning paper that Hon. W. Mulock is retiring from the post office department and that Hon. J. Sutherland is going to take his place is contradicted in official quarters. Mr. Mulock is improving in health, and was busy in his department to-day.

Hon. Wm. Mulock told your correspondent to give a flat contradiction to the story about his retirement from the cabinet. He said no one could be in better health than he was at present, the only trouble was the remains of rheumatism which he contracted while on his way to Australia. He also said that it was his intention to appoint Wm. Smith, of the department, in place of W. L. Lesuire, who is to be superannuated at the end of six months.

Major Saunders, N. W. M. P., Halifax; Capt. Macdonald, Lieut. Morrison, Ottawa; and Lieut. Mackenzie, Toronto, have received Distinguished Service Order.

Vancouver is made a port of entry for raw leaf tobacco.

C. H. Mackintosh, who is now here, intends purchasing a residence, and will bring his family next winter to reside permanently in Ottawa.

KITCHENER DISSATISFIED. Report That He Desires to Inflict Severe Penalties for Rebellion.

London, Sept. 27.—The Pall Mall Gazette this afternoon confirms the rumor published by the Daily News of difference between Lord Kitchener and War Secretary Brodrick, and adds that as a result Mr. Brodrick has had a long interview with the King.

The Pall Mall Gazette declares it is in a position to say that Lord Kitchener is dissatisfied with the partial enforcement of martial law in the Transvaal, and that he is desirous of seeing elsewhere. He also desires more serious penalties for rebellion and better reinforcements. Lord Kitchener took over the command with the explicit understanding that his hands were not to be tied, but as this condition was not carried out "he is seriously reconsidering his position."

OATS FOR AFRICA. Toronto, Sept. 28.—It is understood that during the present week five hundred thousand bushels of Canadian oats have been purchased for shipment to South Africa.

COLUMBIA WINNER OF TO-DAY'S RACE

LED AT FINISH BY THIRTY-SEVEN SECONDS

First Race of Series for America Cup an Exciting One From Time the Yachts Started.

New York, Sept. 28.—A thick fog and sunrise gave a most discouraging outlook at dawn for good racing conditions. At sunrise there were no indications whatever of a sailing breeze, and the horn at Sandy Hook moaned dolefully. But the sun had not been above the horizon many minutes before the fog began to melt. By 7 o'clock it had lifted entirely, while out of the northeast came a puff of wind that by 8 o'clock had increased to 12 knots. As the morning wore on the sky became slightly overcast, but below the atmosphere was clear, giving a splendid view of the course.

The fog had hardly burned away at sunrise before the crews of the rival yachts were at work. Capt. Barr was early aboard Columbia, and he was among those who cheerfully predicted a good sailing breeze. "Those things up there," he said, pointing to the fleecy clouds in the northeast, "hold the wind and you notice there are lots of it to-day."

Just before 9 o'clock a fleet of half a hundred schooners and sailboats had been fog-bound, made sail and put to sea at a spanking gait, and the way they rode showed the sea was smoother than on Thursday.

The crew of Shamrock contented themselves before breakfast with wiping off the deck and rails, but on Columbia they were active indeed, and by 7 o'clock had put up and sky sail in stops. Then they took the cover off the main sail and opened that up to get the dampness out of it. It was evident that Mr. Morgan and Capt. Barr were going to be good for a goodly start.

Shamrock's sailors in the main while finished breakfasting aboard the Porto Rico. Afterward they went aboard Shamrock and busied themselves with the work of preparation. Shamrock had a pretty silk flag at her masthead to-day, the gift of the aged mother of De Witt Clinton, and Sir Thomas Lipton ordered it put in a place of honor.

By 8:20 o'clock both crews seemed satisfied with their work, and lolled about the decks of their respective vessels awaiting the order to move.

Just before 9 o'clock the tug Flint arrived, and five minutes later the Lawrence went alongside Shamrock. Mr. Sycamore, Mr. Watson and P. Butler Duncan then went aboard Shamrock.

Columbia was first taken in tow, Shamrock following close behind her. On board Columbia were E. P. Morgan, H. McMillan, and Herbert Leeds.

Sir Thos. Lipton did not go aboard Shamrock to-day, but stayed on board the Erin until his guests arrived, and did not leave for the starting point until 9:30 o'clock. It was still later than that when the excursion fleet passed the Hook. It was equally as varied and picturesque as on Thursday, and in number of boats somewhat larger.

THE RACE BY BULLETIN. New York, Sept. 28.—9:10 a.m.—Sandy Hook marks the wind blowing between eight and nine knots. At Long Branch and Ashbury Park it is blowing lighter, but gradually increasing in strength.

10:02.—Both yachts are near the starting line. The wind is about eleven knots. 10:49.—Shamrock is reaching for the line on the starboard tack. Columbia holds next to the judges' boat.

11:17.—The yachts are having a fight for position, and it looks as if Columbia had the best of it a little to the windward.

The Start. 11:03.—The yachts went over the line on starboard tack with the Columbia a trifle ahead, seemingly in the same position they occupied on the other trial.

11:07.—In the first five minutes of sailing it looks as if Columbia was outfooting Shamrock.

11:15.—Shamrock leads by 150 yards. The official time of the start was: Shamrock, 11:00:14; Columbia, 11:00:16.

11:23.—Columbia has just put Shamrock on the port tack and is leading. Shamrock is coming down on the starboard tack.

Shamrock Leads. 11:27.—Shamrock is now ahead, and on the starboard tack, Columbia, being on the port tack, was forced about by Shamrock.

BURGHERS APPEAL FOR ARBITRATION

WISH TO SUBMIT CASE TO THE HAGUE COURT

Make Allegations Against Britain and Ask For an Opportunity to Substantiate Them.

New York, Sept. 27.—Chas. D. Pierson, representative in the United States of the former Orange Free State, has received a copy of the appeal made by the Boers to the permanent court of arbitration at The Hague. The appeal, which is dated The Hague, September 10th, says in part:

"Now that this war has gone on for nearly two years without any prospect of an end thereto, except in the way of a general acknowledgment as being the most efficacious and at the same time the most THE ROYAL VISITORS REACH VANCOUVER

WERE RECEIVED WITH GREAT ENTHUSIASM

Large Crowds Gathered on Streets of Terminal City to Greet Their Royal Highnesses.

Vancouver, Sept. 30.—The Royal train left Banff at 8:35 o'clock on Sunday morning. The day was an absolutely perfect one to view the glories of Canada's great range. Not a cloud was visible in the sky, which showed deep blue above peak and valley.

At Laguan the station was tastefully decorated with evergreens and flags, while the small population was out in full force on the platform to get a glimpse of the Duke and Duchess. Children carried Union Jacks in their hands and gave a loyal welcome to their future sovereign and his Royal consort when they appeared on the platform.

General Superintendent Marpole met the train at Laguan and took personal charge for the run to Vancouver.

As the Royal party returned to the train a very touching incident occurred. A little girl had braced her feet as she ran along to get a glimpse of their Royal Highnesses. Her mother was binding up the wound as the Duke, Duchess and party came up. The tender sympathy shown the little sufferer by their Royal Highnesses was most touching, and ears stood in the eyes of bystanders, while they coursed freely down the cheeks of the fond mother.

Mrs. Keppel, Lord Crichton, the Duke of Roxburgh and Sir Charles Cust rode on the pilot of the engine, and the Duke and Duchess often signalled to Lord Crichton when going around curves.

The engine was in charge of Allan McNab, who brought the first train into Vancouver.

The reception at Revelstoke was a splendid affair. The platform was crowded and the station buildings were a bower of evergreen, flags and bunting. In a large evergreen arch erected at the end of the platform the reception committee welcomed Lady Minto and Sir Wilfrid Laurier, who arrived on the first section.

The Duke was to perform the ceremony of laying the corner stone of the hospital at Revelstoke, built by the Lady Minto hospital fund. It was found, however, that the second section of the Royal train would arrive too late for the Duke to officiate, and at the request of the people of Revelstoke Lady Minto kindly performed the ceremony.

ARRIVAL AT VANCOUVER.

Vancouver, Sept. 30.—The Royal party arrived at Vancouver at 11:45 to-day, completing their railway journey across the continent exactly on time. The train with Her Excellency Countess of Minto, Sir Wilfrid Laurier, the pressmen and Eastern Canadian politicians aboard, arrived half an hour earlier, and had only just pulled out of the platform when the whistle of the Royal train was heard. Each train consisted of ten cars.

The weather was perfect, and crowds thronged the station, grounds and the route of the procession everywhere. The order was perfect, however, and regulations were carried out to a nicety. As the Royal train pulled in, a Royal salute of 21 guns was fired by the Warship and other ships in the harbor. The vessels were superbly decorated and the harbor scene joined with the one on shore to make the finest display ever seen in Vancouver.

About thirty citizens were on the platform, and were in turn presented to the Royal visitors. There were Sir Hibbert and Lady Tupper, Colonel and Mrs. Warren, Geo. McL. Brown, J. F. Garden and others. After the salute in future the Duke walked along in the front of the guard of honor of bluejackets and then opposite the Mounted Police, numbering 85, in charge of Major Perry and eight officers.

The Duke then walked back to the Royal carriage, and the procession immediately started up town at a brisk trot, Sir Wilfrid and Her Excellency being in the leading carriage. As they came up the station hill the crowd became cheering, and the shouting lasted all the way down to the court house, where the civic address was presented by Mayor Townley. The crowd was thickest at this point, and the crush was intense.

The Duke's reply was brief and formal, and most of the time was taken up in shaking hands of the Royal guests. Then the procession went down Hastings street, towards the east end, and returning through Cordova street, and then to the drill hall, where the Duke opened the hall and presented medals to South African heroes.

Coming down this morning from Kamloops, guards were in sight of one another all along the line, and stood at attention with lanterns and flags as the train passed.

JAPANESE VISITOR.

New York, Sept. 30.—Kaza Hatoyama, speaker of the lower house of Japanese parliament, is in the city. He has come to America to secure the degree of doctor of laws from Yale university.

McKINLEY'S WILL.

Canton Ohio, Sept. 27.—This afternoon Judge Day and Secretary Cortelyou went to the office of the probate judge and offered the will of President McKinley for probate. The following is the text of the will:

"To my beloved wife, Ida S. McKinley, I bequeath all of my real estate, wherever situated, and the income of any personal property which I may be possessed at death during her natural life. I make the following charge upon all of my property, both real and personal: To pay my mother during her life one thousand dollars a year, and at her death said sum to be paid to my sister, Helen McKinley. If the income from property be insufficient to keep my wife in great comfort and pay the annuity above provided, then I direct that such of my property be sold so as to make a sum adequate for both purposes. Whatever property remains at the death of my dear wife I give to my brother-in-law, James M. McKim, and his heirs. My chief concern is that my wife from my estate shall have all that she requires for her comfort and pleasure, and that my mother shall be provided with whatever money she requires to make her old age comfortable and happy."

DISTURBANCE AT BARCELONA.

Mob Threw Stones at Police, Who Opened Fire on Crowd.

Madrid, Sept. 30.—The anniversary of the revolution of 1808 was celebrated at Madrid and other towns yesterday. At a meeting of 20,000 Republicans and Socialists at Barcelona, the crowd proceeded to lay a wreath upon the monument of Gen. Prim, the once famous insurgent leader in Spain. The mob collided with the police, who fired in response to a volley of stones. Three of the persons participating in the demonstration and two police officers were wounded.

CRAZED FARMER'S CRIME.

Fractured His Wife's Skull and Afterwards Committed Suicide.

Hobart, Ind., Sept. 30.—Fred W. Hartman, an aged farmer, living near here, fatally wounded his wife, aged 59, by striking her several times on the head yesterday with a piece of iron. Leaving her for dead he went into his bedroom and committed suicide by shooting himself. Mrs. Hartman's skull is fractured. The man had been married 45 years, and had raised a family of five children. Of late they had quarrelled over money matters.

EMPEROR UPSETS ALL THEIR PLANS

FEELING AGAINST THE BERLIN MUNICIPALITY

The Kaiser Rejects Plans For Proposed Monuments and New Bridge—Return of Prince Chun.

Berlin, Sept. 28.—The papers have been engaged in a warm controversy this week over Emperor William's refusal to receive the mayor of Berlin as the subject of running the city's electrical road across Unter der Linden.

While the paper representing the municipality's views admits His Majesty has a legal right to forbid the road from crossing the thoroughfare, they point to the hardship for the city involved in such a decision since the council has bought two lines at a high price upon assurance that Emperor William would give his consent to uniting these roads by crossing into Unter der Linden. His Majesty has also rejected three monuments intended for one of the Berlin parks, on artistic grounds, and, further, he has rejected the plans for a new bridge and the rejection of the plans for the other proposed bridge is expected.

The papers argue that a strong feeling exists at the court against the municipality. Some of them connect the above incidents with the rejection of Herr Kauffman as vice-mayor after the Emperor had once refused to confirm him. Emperor William has ordered that all invitations forwarded to attend functions of the Emperor in future be sent to provincial presidents or to the minister of worship for examination.

Although the semi-official press denied the correctness of the story that the German government had hastened Prince Chun's departure, the Lokal Anzeiger again makes the assertion as follows: "The hastening of Prince Chun's return and the selection of his route correspond with the wish of the German government, which considers it important that the character of the mission be not obscured, and it would regard it as being an unfriendly attitude of the present Chinese government if it had permitted Prince Chun to visit other capitals. According to the peace treaty Germany alone could be regarded as the mission's destination."

The statement in a Copenhagen paper that the chief subject of the meeting in Danzig of the Car and Emperor William was the Car's getting Germany's consent to the annexation of Manchuria is discredited here, and considered absurd.

Bridgeport, Conn., Sept. 30.—Two freight cars on the Berkshire division of the New York, New Haven & Hartford railway, collided here at Long Hill this morning. Three men were killed and two seriously injured.

CUTS AND BRUISES QUICKLY HEALED

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly soothe the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, neuralgia, toothache, and is sold by Henderson Bros., Wholesale Agents.

ATTEMPT TO WRECK McKINLEY'S VAULT

ONE OF THE GUARDS ATTACKED LAST NIGHT

Assaulted By Two Unknown Men, One of Whom Carried a Mysterious White Package.

Canton, Ohio, Sept. 30.—Private Deppend, doing guard duty beside the vault in which the body of President McKinley rests, was mysteriously attacked last night by two men. Capt. Biddle, in command of the company of regulars, thinks an attempt was made to blow the vault to pieces, as one of the men carried a white package. While one of the strangers engaged the attention of the sentinel the other struck him over the head and also attempted to stab him.

It was nearly 8 o'clock when Guard Deppend saw a prowler in the rear of the vault behind a tree and in a shadow. Upon being challenged by the soldier, the man remained motionless behind the tree. He was then about forty feet from the soldier. Deppend advanced, made a second challenge and put up his gun ready to fire. The man in the meantime dodged to a second tree about ten feet distant from the first. The soldier renewed his challenge and fired, but as he did so a hard blow was given the man and his aim missed. A second man dealt the blow, at the same time striking the soldier with a heavy instrument in the back and attempting to stab him. A gasp about two inches long was cut through the clothing, including the overcoat, and a small scratch was made on Deppend's body. The blow was so hard that Deppend was knocked down to a small hill and was unable to gain his feet before the men disappeared in the darkness.

Lieut. Ashbridge, who was officer of the day, as soon as he heard the challenge and shot, rushed to the assistance of the guard, followed by other soldiers.

The sentinel, however, was in the rear of the vault on a hill, and before the relief force could climb the hill the men had escaped. A hunt was made for the prowlers but no trace could be found of them.

The vault is but a short distance from the west edge of the cemetery, and the men evidently escaped from there into the fields and woods nearby.

Will Be Investigated.

Canton, Ohio, Sept. 30.—Friends of the family of President McKinley emphatically discredit the belief in the idea that the shot reported fired by Guard Deppend at West Lawn cemetery last night was on account of any attempt to desecrate the tomb. They do not attempt to explain the strange story of the guards, but they do not believe that two men would undertake to make an attack on the vault with soldiers on guard or near at hand.

It is believed that the military authorities will make a thorough investigation. There are unconfirmed rumors that the shot was fired on account of an accidental fall, and also that the shot was the result of personal differences. The officers in charge have issued instructions that the soldiers are not to talk of the matter, and the statement of the guard on Sunday night was made in the presence of the officers and with their knowledge.

A QUIET DAY.

Big Yachts Remain at Moorings—Poor Outlook for To-morrow.

New York, Sept. 30.—A splendid breeze from the southwest was blowing this morning, and the captains and crews of the cup defender Columbia and the challenger Shamrock II, were roused from their bunks shortly after daylight. The wind was fresh and strong, and the two yachts were on a beam sea, and all were wishing for the same blow to-morrow. The two yachts remained at their moorings to-day.

Light Winds.

Washington, Sept. 30, 10:30 a.m.—Off Sandy Hook on Tuesday the weather will be fair, with light to fresh northerly winds in the morning, which will be diminished in force and become variable in the afternoon.

Feeling in England.

London, Sept. 30.—"Both antagonists are to be congratulated on proving themselves so worthy of each other," is the message Lord Dufferin, the former governor-general of Canada, sends to America through the Associated Press. This epitomizes the general comment of the afternoon newspapers here on the first cup race. They agree that both yachts were handled with consummate skill and that nothing remains but to congratulate Columbia and wish for a stiff breeze, in which some people think Shamrock will have a good chance of winning.

RAISINS LOWER.

Fresno, Caln., Sept. 30.—The directors of the California Raisin Growers' Association have cut prices, and have entered into a contract with a new packer to handle the crop. The prices announced are on a basis somewhat lower than three cents in the sweat box, but are made without any guarantee that these prices will be maintained.

NEW DANISH LOAN.

Copenhagen, Sept. 30.—It is officially announced that the minister of finance, Alfred Hage, will this week recommend the Riksdag to authorize a government loan of thirty million kroner. Americans are interested in the loan, as they were in the recent loan of \$10,000,000 floated by the city of Copenhagen, which was furnished by New York capitalists.

BRIEF TELEGRAMS.

Principal Grant showed slight improvement on Saturday. The chills were not so strong.

Kirkland B. Armour, the pork packer, died at his residence at Chicago on Friday evening. Mr. Armour suffered from Bright's disease and weak heart, and had been sinking gradually for three days.

The British Tobacco Company was registered in London on Friday, the subscribers including Messrs. Duke, Fuller and Harris, of the American Tobacco Co. The purpose of the new organization is to carry out the interests of Ogdens, Limited, the big British Tobacco Company concern.

Reports which have just arrived at Williamsstad, Island, near Curacao, from Venezuela, confirm the rumors that the partisans of General Jose Manuel Hernandez, known as "El Mocho" (the maimed), because of a crippled arm, are very active. A new outbreak is expected at several points shortly.

Medical experts occupied the whole of Saturday morning at the Sifton murder trial at London. Five well known physicians were called by the crown and three of them gave strong evidence in favor of the crown's theory as opposed to that of fatal injuries which Joseph Sifton sustained having been caused by the fall.

The small town of Little York, 15 miles south of Cleveland, Ohio, was the scene of a terrible tragedy early on Friday. Mrs. Perry Curtis, the wife of a farmer, 38 years old, drowned her four small children in a well, and then committed suicide by jumping in herself. Mrs. Curtis was rescued from the Massachusetts Insane Asylum as cured, and it is thought that she was suffering from a release when she committed the terrible deed. The body of Harold, the oldest boy, was terribly bruised. He had evidently made a desperate struggle to save himself.

Sir Thomas Lipton's steam yacht Erin narrowly escaped a serious accident on Saturday when, just after Shamrock and Columbia had rounded the turn, the revenue cutter Gresham collided with her. Both boats were doing patrol duty. The revenue cutter struck the yacht, striking blow on the port quarter some 30 or 40 feet from the stern. A plate was bent, some paint rubbed off and the rail bruised. Inside afterwarship's deck beam was buckled. The Erin's boats were promptly manned and within 15 seconds after the crash men stood ready to lower away, if necessary, but fortunately it was not necessary, as Sir Thomas himself had been left in the bridge to his startled guests. "It's all right, but provided no one was hurt I'd lose a dozen Erin's if necessary to lift the cur."

GENERAL BOTHA IN COMMAND OF BOERS

DETERMINED ATTACK ON BRITISH FORCE

On Wednesday evening the congregation of Trinity church spent a very pleasant time at the residence of H. Percy Collis, on Marjory avenue. The promoters of the gathering had a threefold aim. One was to say good-bye to the Ven. Archdeacon Scriven, who has been in charge of this station during the summer months; another to welcome Rev. Mr. Osland and Mrs. Osland, who have just arrived here; and last, but not least, the promotion of good fellowship and unanimity amongst the church-goers.

In the course of the evening the Archdeacon was presented with a beautiful writing case, given as a mark of appreciation of the kindness and geniality of the venerable clergyman. Suitable speeches were made on both sides by T. E. Bate, the church warden, representing the congregation.

Music and games whirled away the time, and it was a late, or perhaps early, hour when the company dispersed.

THE CAPTURE OF LOTTER'S COMMANDO

GRAPHIC DESCRIPTION OF THE CAPE VICTORY

Boers Hoisted White Flags But Continued Their Fire on British—Well Supplied With Ammunition.

Details from Graaff Reinet, Cape Colony, of the practical annihilation of Commandant Lotter's force by Colonel Scobell, show that it was by far the severest blow the invaders have yet received. The success was effected by clever dispositions.

Colonel Scobell's force consisted of 9th Lancers and Cape Mounted Rifles, numbering altogether 280. Commandant Lotter's force was 114 strong.

The commando was taken down in a waterkloof near the western boundary of the Cradock district. The approach of Colonel Scobell's column made the enemy move off in a southerly direction. The column continued the pursuit, and our advance scouts located the commando on the Vogel River. The column was then some five miles away, but a dispatch rider soon brought up Captain Purcell with a force of Cape Mounted Rifles, who attacked without delay.

The enemy held a position behind the schantzes they had built, but were dislodged, whereupon they doubled back and made north for the mountains on the Pearson road. Colonel Scobell then made certain dispositions for the purpose of circumventing the Enemy, which were happily successful. On the following morning our scouts located the enemy on a farm at Groenloof.

The tickets were rushed at dawn, the enemy occupied one centre of a basin surrounded on all sides by ridges. They withdrew to two kraals and a shed, their horses being tethered outside. Colonel Scobell at once took in the situation, and Captain Purcell was sent to occupy a position to the south, Colonel Scobell himself taking a position on the east.

The burghers were repulsed, but at a heavy cost to the garrison, whose losses were one officer and eleven men killed, and five officers and thirty-eight men wounded.

In addition sixty-three men are missing, of which number many are believed to have been killed or wounded. The Boer commandant, Opperman, and nineteen burghers are known to have been killed.

CUSTOMS RETURNS.

Returns for Three Months Show Increase of \$488,924 Over Same Time Last Year.

Ottawa, Sept. 30.—The Dominion revenue derived from customs for three months ending September 30th, to-day amounted to \$8,037,000, or an increase of \$488,924, or nearly half a million dollars over the same time last year. The increase for the month over September, 1900, was \$82,810.

SOLDIERS' HOME BURNED.

Atlanta, Ga., Sept. 30.—The Confederate soldiers' home was destroyed by fire to-day. There were no lives lost but several narrow escapes. About seventy veterans were inmates of the building. The loss, \$25,000, is covered by insurance.

Shot Through the Head

Within twenty yards of the enemy, Firing then ceased, and Commandant Lotter came out of his shelter, followed by his men. Our forces then closed in, and the capture was completed. Investigation into the damage done showed that eleven of the enemy had been killed, forty-six wounded, a number of them dangerously, while fifty-six had come out unscathed from what must have been a ceaseless storm of bullets.

This sight which presented itself in the shed is described by an eye-witness as horrible in the extreme. Dead and wounded were lying about all over the floor of the shed, and many of them were bleeding profusely from their wounds.

While the fight was in progress five of the enemy escaped from the kraal and dropped into a dongra hard by, but the fire was so hot that they could not make headway along the dongra, and when our troops closed in the five bodies were found. Two of the dead were brothers, names Foster, influential farmers in the Cradock district, who have been instrumental in stirring up many of the young bloods of that district to rebellion. They were both regarded as exceptionally fine marksmen. One was shot through the

FILIPINOS KILLED OVER FORTY SOLDIERS

United States Troops Attacked While at Breakfast—Natives Lost One Hundred and Forty.

Manila, Sept. 30.—Gen. Hughes, from the Island of Samar, reports the arrival of Sergeant Markley and one private at Tannan, from the fight at Halangang, where over forty men of Co. C, Ninth Infantry, were killed by insurgents who attacked the troops while at breakfast on Saturday last.

The men who have reached Tannan say that the officers of the company, who were at first reported to have escaped, were killed with the majority of the company. The troops were attacked while unprepared by four hundred bold men, of whom the Americans killed about 140. Many of the soldiers were killed in their quarters before they had time to grasp their rifles.

Gen. Hughes is going to the scene of the disaster, and personally will command the troops.

A new branch of the Katch Puanan, (Filipino Secret Society) has been discovered at Tarlac, capital of the province of that name. The object of the society is the slaughter of the whites. M. Mari-villa, president of Banoanang, is the corner of the new branch. Mari-villa's numbers of the native constabulary who were recently armed. One policeman admits that he was taxed a dollar and was ordered to make bolos. A regular collection has been made by the organization from the natives, either by persuasion or threats.

The conditions in Tayantannan (Tyabas) and Batangas are not reassuring. The worst form of guerrilla warfare prevails there. The insurgent forces are distributed under cover along every road and trail and wait for travellers in ambush. The insurgent's leader, Caballos (who formerly belonged to Gen. Calles's command, but who refused to surrender with Calles), is retreating to the mountains. The main forces of the insurgents are scattered in bands over the province, where they dig up mines when there is an opportunity to use them.

McKinley Islands.

New York Sept. 30.—A suggestion, which is meeting with favor, is to change the name of the Philippine Islands to the McKinley Islands, says the Washington correspondent of the Tribune. It is intended to bring the proposition before the next congress. A part of the scheme embraces the idea of bestowing upon the different islands and provinces the names of officers of the company who distinguished themselves in the acquisition and management of the islands.

A Correction.

Washington, Sept. 30.—A corrected dispatch shows that it was company which suffered the disaster. No company was mentioned in the dispatch made public yesterday. A serious discrepancy between the original and corrected dispatch, however, is that the latter indicates that the commanding officers of the company are missing, perhaps killed, while the former indicated they had escaped.

HENDERSON'S DIRECTORY. A Bigger and Better Edition Than Ever Just Issued.

The eighth edition of Henderson's British Columbia Gazetteer and Directory has just been issued, the present one being for the year 1901. This valuable, almost invaluable work, is this year fuller and more comprehensive than ever and forms an accurate book of reference which few business men can afford to be without.

This year the compiler has divided the book into two sections, the first comprising the rural and unincorporated municipalities of the province, and the other the incorporated portions of British Columbia. There is also a full list of the incorporated commercial companies in the province and a chapter showing the towns and settlements in each district, a very valuable section in striking agency districts.

Population has been omitted this year, for the reason that it would be necessarily misleading as the census returns will shortly be issued, and the only available figures at the time of compilation were those employed in the last directory.

There will be another car. But the man can't wait. He chases the car and swings on, panting and hot, but satisfied. He keeps this gait all day. He works that way, he lurches that way. He continues until his stomach "breaks down" and nature compels him to "go slow."

Business men who have impaired their digestion by hasty eating will find in Dr. Pierce's Golden Medical Discovery a cure for dyspepsia and other diseases of the stomach and organs of digestion and nutrition. It does not give mere temporary relief, but it effects a radical cure. It strengthens the stomach, nourishes the nerves and purifies the blood.

McKinley Island.

 the name of the Philippine Islands to the
 Philippine Islands, says the Washington
 correspondent of the Tribune. It is in-

 some of the most prominent identified with
 the acquisition and management of the

CARLOTTA G. COX
HOME FROM JAPAN
THE SCHOONER'S CATCH
EIGHT HUNDRED ODD
Tees Will Make Annual Trip to Masset
—Oregon's Passengers Will Libel
Vessel for Damages.

Lying in the bay this morning, with
 her colors flying gaily to the breeze,
 was the schooner Carlotta G. Cox, which
 came in from sea about 4 o'clock, after
 a long but uneventful cruise. Leaving
 here in early spring the schooner went
 south in pursuit of seal off the lower
 California coast. Four hundred pelts
 were secured, and then the schooner
 headed for the Asiatic coast. Few seals
 were seen off the Japan coast. The ves-
 sel remained until they had all migrated
 northward, and then followed in their
 path, spending the balance of the sea-
 son off the coast of Oregon Island, where
 the little fur-bearing animals were more
 plentiful. The weather, however, was
 rough. The catch was increased to 813
 skins. Other schooners were sighted,
 but not spoken, and they were not iden-
 tified. Capt. Chas. LeBlanc was in com-
 mand of the sealer during the cruise. He
 states that nothing of interest trans-
 pired throughout the voyage.

On the Japan coast this year all the
 vessels of the sealing fleet found new
 and unsuspected conditions which ac-
 counted for their small catches. The
 warm current of the coast deviated great-
 ly from its regular course, and for this
 reason the seals held aloof from their
 usual haunts. The fleet of schooners
 is becoming larger, and it will not
 be long until preparations are again
 under way for next year. So far all the
 fleet which have been out have been
 singularly fortunate in not meeting with
 any serious mishap.

GOLD FROM CAPE SCOTT.
 Seventy ounces of gold was received
 here this morning from a new placer
 gold field which has been located by a
 number of Victorians in the vicinity of
 Cape Scott. The discovery came on the
 Queen City which arrived early this
 morning, and is of special interest inas-
 much as it is the first brought from the
 mine, and in elegant testimony of the
 richness of the material in addition to the
 mining properties of the Island. The
 discoverer is said to be a Mr. Bryce, of
 this city. The gold is found in black sand
 similar to that seen at Wreck Bay.
 Several acres of the sand have been found
 and the property promises well. A
 small number of men are employed at the
 mine, and the first washings of which
 the seventy ounces are the result are
 most encouraging.

The Queen City had about fifty pas-
 sengers on her return, a large number of
 whom were prospectors. Others are H.
 E. Newton, William Baird, Mr. Bishop
 and party, who have been prospecting
 the wharf at Frank Watterhouse's mines;
 Capt. Irving, who has been down to Sid-
 ney Inlet to inspect his properties there,
 and who has also been in to Kennedy
 Inlet, Mr. Peterson and party, and Mr. Le
 Wolf from the Monitor mine who, it will
 be remembered, broke his leg a short
 time ago. The steamer brought back sev-
 eral shipments from the coast oil works.
 No vessels were seen in port, but the
 Indians were expecting the seaming
 schooners along very shortly.

A CRIPPLED SCHOONER.
 Three or four hundred miles off the en-
 trance to the Strait of Juan de Fuca,
 is found in with main-topmast and
 topgallant mast missing. She was
 spoken on Friday last by the C. P. R.
 steamer, the Athenian, which arrived from
 the Orient this morning. Capt. Mowat,
 of the Athenian, was asked to report all
 well. The schooner proved to be the
 Courtney Ford. She was outward bound
 from the Sound for San Francisco, and
 was overtaken by a terrific gale,
 which on the 21st wrought the damage
 outlined. The captain of the stranger
 refused assistance, stating that the
 schooner was tight and sound, and he
 thought, make Port Townsend without
 further misadventure. The Athenian
 spoke her in lat. 50, 23 north and long.
 12. It was ready for her part, and was
 made by Capt. Mowat at the time,
 showing the damage sustained.

The Athenian brought six cabin and
 21 steerage passengers, four Chinese be-
 longing to the hull of the old J. R.
 McDonald, has probably been launched
 from Wallace's yards on False creek
 by this time. It is expected that the
 schooner will be ready for her next
 Vancouver and Port Neville in a short time.
 The new steamer has accommodation for
 a large number of first-class, and also
 a large number of second-class passen-
 gers. The cabin is light and airy, and
 the dimensions of the steamer are: Length,
 127 feet; beam, 28.8 feet; draught, 8 feet 10 in-
 ches; speed, 12 miles an hour. It is ex-
 pected that her trial trip will take place
 about the end of this week.

COMMITTED SUICIDE.
 Edward McArdle, a stowaway on the
 In canal steamer Dolphin, jumped
 overboard from the vessel on Wednesday
 and was drowned. He took the fateful
 plunge about midway between Apple
 Tree Cove and Jefferson Head. A score
 of his fellow passengers saw him
 jump. Before the ship could slow
 down and lower boats McArdle drowned.
 His body was recovered. Very little is
 known of McArdle's past. He was pre-

PREPARING A HOME
FOR ROYAL GUESTS
DECORATORS BUSY AT
MOUNT BAKER HOTEL

No Expense Being Spared to Prepare a
 Fitting Residence for the Future
 King and Queen.

For weeks past a big staff of decora-
 tors, painters, upholsterers and other ar-
 tists have been busily engaged remodel-
 ling and overhauling Mount Baker Hotel,
 which is to be the home of their Royal
 Highnesses the Duke and Duchess of
 Cornwall and York during their visit to
 the British Columbia capital. In spite
 of every effort the work is still far from
 completed, but enough has been done to
 give an impression of the elaborate char-
 acter of the arrangements. Within, there
 is nothing flashy or gaudy, but every-
 thing about the place has the impres-
 sion of richness and goodness.
 The summer boarders left last week,
 and since then every nook and cranny of
 the big building has received attention.
 Stairways, hallways and rooms have
 been fitted with new carpets, and so ex-
 tensive have been the changes in this
 respect that the hotel may be said to have
 been recaptured from basement to attic.
 Axministers and Wiltons cover nearly
 all the floors.
 The main entrance is appropriately
 draped, while Persian rugs are largely
 employed for the floors. The dining-
 room of the hotel will be employed by
 the Royal suite, a smaller compartment
 being used as a dining-room for the Duke
 and Duchess and their immediate staff.
 The painting of this room, together with
 all of those used by the Royal visitors,
 has been in the hands of Paul Bayzrau.
 Here the emblems of the United King-
 dom and of Canada are worked in most
 pleasing effects. The design is in panels
 and the painting is done in oil. A clus-
 ter of maple leaves, of roses, of sham-
 rocks and of thistles adorns each of the
 four corners, while around the walls,
 just beneath the ceiling, is a scroll of
 roses. The centre of the ceiling is done
 in stucco work in relief. The maple
 leaves are prominent on the ceiling. The
 furniture is all quarter oak, while the
 crimson carpet gives a richness and
 warmth to the general effect.

At the entrance of the ground floor
 is situated the Duchess's suite of rooms.
 These consist of a bedroom, dressing-
 room and bath. The toning here is per-
 haps more delicate than anywhere else
 in the building. The painting is in water
 colors, the satin effect being employed,
 with a border of tea roses. The prevail-
 ing tint is olive green. The tints of the
 ceiling are blended from pink to olive
 green and carried down to the base. The
 Axminster carpet is also of an olive
 green tint. The bedstead is of massive
 oak, and sheets, hand made from Belfast,
 with Irish checked covers. The dress-
 ing-room is across the hall, and is simi-
 larly painted and luxuriously fitted. The
 bathroom is finished in green with white
 enamel bath and silver fittings. A large
 Turkish couch, real lace curtains, and
 stationary complete the equipment of Her
 Royal Highness's bedroom.

The beautiful parlor of the hotel and
 the adjoining reception room have under-
 gone a little change, excepting for the ad-
 dition of some furniture.
 The Duke's bedroom is on the second
 floor at the northern end. It opens on
 the large veranda of the hotel, and has
 a bathroom in conjunction fitted simi-
 larly to that of the Duchess. There is also
 an adjoining room for his valet. The
 tints of the walls here are of French
 grey, and the decorations formal, crys-
 theme being employed, and all being
 done in water color. There are light
 touches of gold throughout, with scrolls
 behind the floral decorations of the cel-
 ling. The material employed in the
 kalsomine, which contains an animal
 glue, but marate, a species of cement
 which is recommended on hygienic
 grounds and which is absolutely odor-
 less.

Opening on the same veranda from the
 other wing is the suite of rooms to be
 occupied by Sir Wilfrid Laurier. These
 are beautifully furnished, the upholster-
 ing being in crimson. Adjoining his bed-
 room is one for the under secretary of
 state, Joseph Pope, C. N. C.
 Across the hall from the prime min-
 ister's rooms are those of His Excellency
 the Governor-General and the Countess
 of Minto. The furniture here is massive
 in character, and all the appointments
 are of the highest quality.

MATCH AT PHILADELPHIA.
 Philadelphia, Pa., Sept. 30.—Play in
 the first test match between Capt. B. J.
 T. Bosanquet's English cricket team and
 the gentlemen of Philadelphia was re-
 sumed today on the grounds of the Mer-
 ion cricket club. The Philadelphians had
 the loser's end of the match. They had
 scored 103 runs in their first inning, and
 in the second they lost six wickets for
 80 runs, a total of 183. The Englishmen
 in the two innings had scored 341 runs.
 Emigration from Germany has fallen

PROVINCIAL NEWS

KAMLOOPS.
 The annual exhibition of the Kamloops
 Agricultural Association opened on the
 new grounds on Wednesday. At 1 p. m.
 a luncheon provided by the association
 was tendered the guests at the luncheon
 rooms.

ASHROFT.
 The thirteenth annual exhibition of the
 Inland Agricultural Association closed
 on Wednesday and in some respects was
 superior to any held in late years. It
 is owing to the interest taken in the
 exhibition by the B. C. Fruit Growers'
 Association and the deputy minister of
 agriculture, coupled with the energy of
 Secretary Shields that the directors were
 enabled to procure the very best judges
 in the country for live stock, fruits and
 vegetables, the principal and most im-
 portant exhibits.

CHILLIWACK.
 The attendance at the exhibition on
 Thursday was double that of last year,
 and in all, it was the best show ever
 held in Chilliwack. W. H. Ladner's
 herd of shorthorns won Geo. McL.
 Brown's \$150 prize being the best herd
 of thoroughbred cattle on the field. Eight

ing, which will be brilliantly illuminated.
 A. Sheret has installed a completed sys-
 tem of heating throughout the building,
 which will enable the owner to maintain
 the hotel throughout the year instead of
 merely during the summer season, as
 heretofore. The radiators have all been
 finished in crimson and gold, and en-
 hance rather than detract from the
 beauty of the different rooms.
 The stables are being erected by Con-
 tractor McCremon, and the work is
 being inspected by Dr. Hamilton.
 The C. P. R. Telegraph Company are
 installing a wire and an operator in the
 hotel.
 Weller Brothers, D. Spencer, J. W.
 Mellor and others have contributed ma-
 terially to the beautifying of the prem-
 ises, and in making it every way a
 fitting home for their Royal Highnesses.

VANCOUVER.
 Two of the workmen on the arch being
 built by the Japanese colony, on Hast-
 ings street, fell to the ground from the
 top of the structure on Friday night, but
 fortunately were only slightly injured.
 One of them, whose name is Washitomi,
 was taken to the city hospital, where his
 injuries were dressed, and, although he
 complained of a pain in the back, it is
 not expected that anything serious will
 result. The other one escaped with a
 slight cut on the head.
 The normal school term was brought
 to a close on Thursday. Eighty-seven
 out of ninety-seven students passed satis-
 factorily, among them being those at-
 tending the Normal school from Victoria.
 On Wednesday evening at the manse
 on Cordova street, Rev. R. G. MacBeth,
 in the presence of a few intimate
 friends, united in wedlock Robert Mc-
 Donald and Miss Annie Kilby.
 The death took place on Thursday
 evening of Robert Iven Kirby, infant son
 of Robert and Dorinda Kirby.

ROSSLAND.
 A quiet wedding took place on Wednes-
 day, when Miss M. A. Hooper, of this
 city, and Albert Fraser, of Plover,
 were united in marriage by Rev. J. Mil-
 len Robinson, B. A., at St. Andrew's
 church. The happy couple will reside at
 Phoenix.
 The temperance and religious organi-
 zations of Rossland are united on the
 point of reforms in the method of ad-
 ministering the saloon regulations in the
 city, and appear to be determined to
 force the matter to an issue at the next
 municipal election. At a meeting of the
 Independent Order of Good Templars,
 the Baptist Young People's Union, the
 Christian Endeavor of the Presbyterian
 church and the Epworth League Society
 of the Methodist church, plans for pro-
 posing the campaign were taken up. A
 resolution was placed before the meet-
 ing and unanimously carried, in which it

term for attempting to shoot Fay Al-
 lright who lived in Phoenix. The woman
 has resided here for some time past and
 Schneider followed her. He vainly
 sought her, terrifying the women of the
 town by brandishing two revolvers.
 On Wednesday he was given another six
 months' term, and Thursday at midnight
 attempted suicide by taking poison in
 his cell. A physician saved his life. How
 he got the poison is a mystery. His
 second attempt was successful. Provincial
 Constable Dinmore has left here for the
 camp to hold an investigation.

NELSON.
 W. J. Magner, the defaulting agent
 of the N. & F. S. railway, who was sta-
 tioned at Waneta, was brought before
 Judge Forin on Monday for examination
 upon charges of theft. He elected a
 speedy trial and entered a plea of
 guilty. The charges against Magner
 were the stealing of \$889 from Jesse
 Constable, manager of the Second Relief
 mine at Erie, and of stealing the sum of
 \$28.25 from J. R. Hunnex, postmaster
 at Erie. Judge Forin sentenced the
 prisoner to six months' imprisonment
 upon each charge, the sentences to run
 concurrently. The judge explained the
 light nature of the sentences by saying
 that it had been represented to him that
 the prisoner just previous to the thefts
 complained of was suffering from the
 effects of rheumatism and that to relieve
 his sufferings he had taken some drugs
 and that the thefts had taken place
 while the prisoner was under the effects
 of the drugs, and therefore not strictly
 accountable for his actions. Judge
 Forin observed that the prisoner's ac-
 tions following the thefts bore out this
 interpretation of the circumstances, and
 it was known that following the thefts
 the prisoner came to Nelson and left for
 Vancouver, where there was every
 chance of his being arrested, which in-
 fact did take place. His Honor remark-
 ed, in conclusion, that the light sen-
 tence imposed in this case could not be
 taken as a precedent for what would
 happen in the event of a similar of-
 fence under different circumstances.

NEW WESTMINSTER.
 The mother provincial, the official head
 of the Sisters of Providence, is in town
 from Portland, Ore., in connection with
 the formal opening of the new orphanage
 on Twelfth street.
 The wedding took place at Langley on
 Wednesday, of Mr. Olmstead, of Van-
 couver, to Miss Ella Shearer, of that
 place. The ceremony was performed in
 the Presbyterian church, by the Rev. Mr.
 Burton, in the presence of several guests
 and spectators.

The special meeting of the city council
 was held on Friday night, in the new
 city hall, and numerous were the con-
 gratuatory speeches made on the occasion.
 As regards other business done, Mayor
 Scott promised that his mill would be
 rebuilt, the plant to cost \$50,000 at least.
 The wedding was celebrated at 8 p.
 m. at 8 o'clock on Friday evening, in
 the presence of the Rev. W. M. Bagshaw,
 of Winifred Violet, second daughter of
 Captain C. H. DeBeck, master of the
 Dominion government snag-bait Sam-
 son, to Charles W. Tait, the well known
 partner of the river steamer Ramona. The
 ceremony was performed by Rev. R. A.
 King, B. D., pastor of Knox Presby-
 terian church, Sapperton.

The funeral of the late Henry Waters,
 father of Mrs. Benjamin Burr, took place
 on Saturday afternoon, and was attend-
 ed by a large number of relatives and
 friends of the bereaved family. The ser-
 vices were conducted by the Rev. W. M.
 Bagshaw. The late Mr. Waters, who
 was aged 83 years, was a native of Eng-
 land, and had been a resident of this city
 for the past seven years.

PLEASANT GATHERING.
 North Ward school was the scene of a
 felicitous gathering last evening, the oc-
 casion being a banquet tendered Miss L.
 Page, a popular member of the teaching
 staff of the Ward schools, by her col-
 leagues. Miss L. Page is about to adorn
 another sphere which many of her pre-
 decessors have entered, and a number of
 her friends of the profession assembled
 together to testify their regret at her
 impending departure from their midst.
 A. B. McNeill, principal of North Ward
 school, presided, and toasts and respons-
 es were given in the most pleasant man-
 ner. Miss L. Page was presented with
 a handsome silver carving set with elk
 horn handles and an address, to which
 she appropriately responded. She has
 been teaching in the North Ward school
 since midsummer, previous to that time
 being one of Mr. McNeill's staff at North
 Ward school. The address was as follows:

North Ward School,
 Victoria, B.C., Sept. 27th, 1901.
 Dear Miss L. Page—We, the teachers
 of the North Ward school, have learned
 with deep regret that you are about to
 sever your connection with us. During
 the little while of your sojourn with us,
 we have learned to respect you for your
 faithful, earnest work, to appreciate your
 co-operation, and to value your ready
 sympathy. You have endeared your-
 self to us all, and we have already great-
 ly missed your presence in our school.
 Realizing, however, that the change you
 are making is for your happiness, we are
 glad for your sake, and wish you all joy
 and prosperity in your future life.
 We hope to meet you again, but we
 but last when you sit down to lunch in
 your Northern home you will think of us
 in the old familiar room, and the many
 pleasant hours we have spent together
 there. Also we hope that the principles
 of domestic economy, which have tried
 you in your future experiences in the
 cultured department of the world.
 We beg that you will accept this gift as
 a slight token of our esteem and friend-
 ship. May pleasant memories of this part-
 ing hour and a glad consciousness, ever
 the reward of well done work, with you.
 May kindly thoughts and warmest wishes
 for your true happiness in the work begun
 attend you. Good-bye.

READY TO-MORROW.
 To-morrow the Empress of India is ex-
 pected to reach the outer wharf at 9:30
 from Vancouver, when their Royal High-
 nesses will proceed by Erie, St. Lawrence,
 Kingston, Montreal, Quebec, St. John and
 Belleville streets to the parliament build-
 ings, where the address will be presented
 by the media bestowed and the children
 reviewed.
 Leaving the buildings, the procession will
 follow Government, Johnson and Store
 streets to Esplanade, when their Royal High-
 nesses will proceed - via Cormorant,
 Douglas, Yates and Cadboro Bay road.
 At the opening of the exhibition the as-
 sociation will present His Royal Highness
 with their gold medal.
 The tramway company will turn on the
 magical current to-night so that all the
 lights will be ablaze. The idea is to test
 the arrangements.
 To-morrow morning all the children will
 meet their teachers at the schools, and
 marching out will foregather at the parlia-
 ment buildings at 9:30 o'clock. It is
 particularly desirable that all the children
 should be on hand for the occasion. The
 teachers will see that all are safely cared
 for and protected from the crowd. Special
 enclosures have been provided, and the
 children—only those, of course, who as-
 semble at the schools previously—will be
 detained until the crowd disperses. To-
 day, three little girls, one from the Girls'
 Central, another from Spring Ridge and a
 third from Victoria West, were selected
 to present Her Royal Highness with a
 bouquet. One of these will make the pre-
 sentation, while the others will act as her
 attendants. They were chosen from their
 class lists by vote this morning.
 The pupils of St. Louis College were asked
 to turn out at 9 to-morrow morning at the
 College and march thence to the parliament
 buildings. Souvenir cards will be distrib-
 uted to all the school children. Pro-
 grammes are now being printed and will
 be ready at all the news stands for free
 distribution to-night.
 For the guard for Wednesday night for
 Oak Bay the men will parade at 7 o'clock
 sharp at the drill hall. The men must
 bring their overcoats. Capt. McConnan
 will be in command, and his subalterns
 will be Lieut. Langley and Patton.

 was not founded on facts, the parties in-
 terested in securing the plebiscite were
 quite willing to bow to the will of the
 majority.

SOMENOS.
 The remains of the late Mrs. Kier were
 laid to rest on Thursday. Deceased was
 born in Liverpool, England, 38 years
 ago, married at 18, and settled at Smith's
 Falls, Ontario, where she reared a fam-
 ily of six sons and four daughters, some
 of whom have already joined the grave.
 She, with her husband, had a large
 family, settled here in '62. Mr. Kier
 died in '81, having held the office of
 postmaster for some years, and was
 succeeded in that position by his widow,
 who continued to superintend the busi-
 ness of the office almost to the last.

GREENWOOD.
 The Misses Jakes, stepdaughters of Dr.
 R. W. Jakes, mayor of Greenwood, were
 married at Midway on Wednesday morn-
 ing by Rev. H. Irwin (Father Pat), an
 old friend of the family. Miss Jakes was
 married to A. P. English, of the staff of
 the Greenwood branch of the Canadian
 Bank of Commerce, and Miss Ira Jakes
 to Fred W. McLaine, of Midway.
